This *Bulletin* includes a description of undergraduate, graduate, and professional programs at the University of Missouri St. Louis. All statements in this publication concerning regulations, fees, curricula, or other matters are subject to change without notice. They are not to be regarded as offers to contract.

The University of Missouri St. Louis is accredited by the Higher Learning Commission of the North Central Association. This accreditation applies to all baccalaureate, master's, and doctoral levels.

The policies of the University of Missouri St. Louis comply with the provisions under those laws which forbid discrimination on the basis of race, color, sex, national origin, religion, sexual orientation, age, handicap, or veteran status in any program or activity of the university.

Demographic data are obtained by the University in order to determine the effect of efforts related to the provision of equal educational opportunity. Completion of this information is optional.

Information regarding the provision of auxiliary aids and services to qualified students with disabilities can be found in Admissions and Academic Policies of this *Bulletin*. Students considering such assistance should contact the Director of Disability Access Services at (314) 516 6554 voice or (314) 516 5212 TT for further details.

Address inquiries regarding admission to all divisions of the university to the Director of Admissions, University of Missouri St. Louis, One University Boulevard, St. Louis, Missouri 63121 4400. For information concerning the University of Missouri Columbia, the University of Missouri Kansas City or the Missouri University of Science and Technology, write directly to the Director of Admissions at the appropriate campus or visit the UMSL website.

Joel Glassman, Ph.D., Associate Provost; Director, Center for International Studies
Dixie A. Kohn, Ph.D., Special Assistant to the Provost
Bob Roeseler, B.A., Director, Institutional Safety
Elizabeth Van Uum, M.A., Assistant to the Provost for Public Affairs and Economic Development
Judith Walker de Felix, Ph.D., Associate Provost; Dean, Graduate School

Research Administration
Nasser Arshadi, Ph.D., Vice Provost
Jingyue (Jimmy) Liu, Ph.D., Director Center for Nanoscience
Harold Zinn, Senior Vice President, Missouri Enterprise
Marcia B. Mellitz, President, Center for Emerging Technologies
Sonya Bahar, Ph.D., Director, Center for Neurodynamics

Student Affairs
Curtis C. Coonrod, M.A., Vice Provost
J. Greg McCalley, Ed. S. Interim Associate Vice Provost for Student Affairs, Student Success, and Enrollment Management
Nancy Magnuson, D.S.N., Assistant Vice Provost for Student Affairs, Health, Wellness and Counseling
Orinthia Montague, A.B.D., Associate Vice Provost for Student Affairs and Dean of Students
Gloria L. Schultz, M.Ed., Director, Auxiliary and Management Services; Manager, Bookstore
Melissa Hattman, M.Ed., Director, Transfer Services and Articulation

College of Arts and Sciences
Theresa Thiel, Ph.D., Interim Dean
Deborah Baldini, Ph.D., Associate Dean for Continuing Education
Sharon D. Clark, M.A., Associate Dean for Undergraduate Student Affairs

College of Business Administration
Keith Womer, Ph.D., Dean
Michael Elliott, Ph.D., Director of Undergraduate Programs in Business
Thomas Eyssell, Ph.D., Associate Dean and Director of Graduate Programs in Business
Director of Business Continuing Education

College of Education
Charles Schmitz, Ph.D., Dean
Kathleen Haywood, Ph.D., Associate Dean, Graduate Education
Clark Hickman, Ed.D., Associate Dean for Continuing Education
Helene Sherman, Ed.D., Associate Dean, Undergraduate Education

College of Fine Arts and Communication
John Hylton, O.Ed., Dean
Deborah Baldini, Ph.D., Associate Dean for Continuing Education
Sharon D. Clark, M.A., Associate Dean

Division of Continuing Education
Tom Walker, D.A., Dean
Gina Ganahl, Ph.D., Associate Dean
Graduate School
Judith Walker de Felix, Ph.D., Dean and Associate Vice Provost for Academic Affairs
Brady Baybeck, Ph.D., Director, Public Policy Administration Program

College of Nursing
Juliann Sebastian, Ph.D., R.N., Dean
Sandra Lindquist, Ph.D., R.N., Director of the Undergraduate Program
Roberta K. Lee, Dr. P.H., R.N., Director of Graduate Studies and Research
Dawn L. Garzon, Ph.D., R.N., P.N.P., Coordinator of the MSN Program
Cynthia Billman, M.S.N., R.N., Coordinator of the BSN-Completion Option

College of Optometry
Larry J. Davis, O.D., Dean
Gerald A. Franzel, O.D., Associate Dean for Continuing Education and E-Learning
Ralph P. Garzia, O.D., Assistant Dean for Clinical Programs
Carl J. Bassi, Ph.D., Director of Research and Graduate Programs
Edward S. Bennett, M.S.Ed., O.D., Director of Student Services
Alexander D. Harris, M.A., O.D., Director of Externship Programs and Minority Affairs Advisor
Vinita Henry, O.D. Director of Residency Programs

Pierre Laclede Honors College
Robert Bliss, Ph.D., Dean
Nancy Gleason, M.A., Associate Dean and Director of Writing

UMSL/Washington University Joint Undergraduate Engineering Program
Kevin Truman, Ph.D., Dean
Bernard Feldman, Ph.D., Associate Dean

Managerial and Technological Services
James M. Krueger, D.B.A., C.P.A., CGFM, Vice Chancellor
Reinhard Schuster, M.S., Associate Vice Chancellor
Jim S.C. Tom, Ph.D., Associate Vice Chancellor for Technology
Ernest A. Cornford, B.A., Director, Finance
Sam Darandari, M.A., Director, Facilities Planning
Peter Heithaus, M.Ed., Director, Human Resources
Brenda Hogenkamp, B.S., Assistant to the Vice Chancellor
Frank Kochin, B.S., Director, Facilities Management
Gloria J. Leonard, M.Ed., Director, Business Services
Lawrence W. Westermeyer, M.S., Director, Institutional Research
Joann Wilkinson, B.S.B.A., Planning and Budgeting Specialist

University Advancement
Martin Leifeld, MBA, Vice-Chancellor
Robert Samples, M.S., Director, Media, Creative Services and Printing Services
Kristi Meyers Gallup, Director, Allied Health Services and Annual Fund
Colleen Watermon, M.A., Director, Constituent Relations
Lucinda R. Vantine, B.A., Director, University Events
Vacant, Director, Alumni Relations
Brenda McPhail, Ph.D., Director, Development/Corporate and Foundation Relations and Planned Giving
Angeline Antonopoulos, M.A., MBA, Director, University Marketing
The University of Missouri-St. Louis is one of four campuses that constitute the University of Missouri. Established in Columbia in 1839 on the ideals of Thomas Jefferson, the University of Missouri became a land-grant institution upon passage of the Morrill Act by Congress in 1862.

The university remained a single-campus institution until 1870, when the Rolla campus was opened. In the 1960s a movement began across the country to create public universities in metropolitan centers. That movement marked the most significant change in higher education in the twentieth century, and the University of Missouri-St. Louis is a product of that effort. Two metropolitan campuses were added to the University of Missouri System in 1963. The private University of Kansas City became the university's Kansas City campus, and an entirely new campus was started in St. Louis.

The notion of a major public institution serving the St. Louis area evolved from a dream to a reality, which today exceeds the expectations of those who created it. Since the doors of the Old Administration Building opened over 40 years ago, UMSL has become the largest university serving St. Louisans and the third largest university in the state. To provide excellent learning experiences and learning opportunities for a diverse student body, our outstanding faculty and staff, innovative research, and creative partnerships foster synergies of knowledge and skills that advance the welfare of our stakeholders and benefit the global society.

One of the keys to this university's development as an outstanding institution has been the careful selection of faculty over the years. These professionals develop new theories and new procedures, and in so doing attract millions of dollars each year in research funding.

Student enrollment has grown from 600 in 1963 to more than 15,500. The numbers have changed, but not the spirit. Faculty and students are still most concerned with the education of new talent, which is the basis for the future social, intellectual, and economic health of Missouri's largest metropolitan area. From its beginning on what was once the site of a country club with a single building, UMSL has grown to a large modern campus of more than 320 acres with more than 60 buildings used to support academic and other University activities.

The curriculum has grown to include undergraduate, master's programs, professional, educational specialist, and doctoral programs. Numerous opportunities exist for students to combine their academic course work with internships with our community partners and area organizations that often lead to career opportunities.

**Mission and Values**

**VISION**

The University of Missouri-St. Louis will be known as a premier metropolitan public research university and as a university of choice for undergraduate, graduate and professional students.

**MISSION**

The University of Missouri-St. Louis provides excellent learning experiences and leadership opportunities for a diverse student body. Outstanding faculty and staff, innovative research, and creative partnerships foster synergies that advance the welfare of our stakeholders and benefit the global society.

**VALUES**

**Excellence**

We believe excellence in research and creative achievement results from original thinking that advances fields of study and is recognized externally. Excellence also refers to paying serious attention to individual student learning needs and maintaining the highest academic standards, using multiple approaches to facilitate learning, engaging in ongoing assessment of student learning and improvement of the quality of learning experience.

**Integrity**

We expect the highest ethical standards in all aspects of the educational experience and foster throughout the campus community the strongest commitment to respect, dignity, honesty and freedom in individuals' academic, professional and civic lives.

**Partnerships**
We value collaboration among students, organizations and engage in research and teaching to improve the quality of life. Collaboration develops graduates who contribute in meaningful ways to a diverse global society. Interdisciplinary research generates novel ways of resolving problems and building new knowledge.

**Opportunity**
We value access to excellent education, engagement in cutting edge research, and dedication to University, community, and professional service as a means to develop the future of our region, state, nation and world. A focus on opportunity helps develop responsible citizens who contribute to quality of life and who represent the diversity of the community and the world we serve.

**Diversity**
We value diversity among faculty, staff, and students and recognize its essential contribution to campus culture. Different cultural, intellectual, socioeconomic and regional perspectives add substantially to understanding, richness of debate, intellectual inquiry and knowledge development.

**Stewardship**
We value the financial, physical and human resources entrusted to us and exercise care in employing them. We cultivate the trust, loyalty and good will of stakeholders, whose assets allow us to pursue our educational mission.

**Strategic Direction**
This strategic plan is guided by the following strategic themes.

As a public research university located in the St. Louis metropolitan area, we offer a unique synergy created through our innovative research, quality learning environment, diverse students and faculty, and creative collaborations which develops our students' ability to thrive in a diverse and rapidly changing world. We will continue to enhance our position as the premier educator of the workforce of St. Louis and we will extend our reputation for quality education within and beyond the region.

We will leverage our core strength of attracting the non-traditional and transfer student population, finding ways to enhance our attractiveness to them and working with the feeder schools to improve their preparation. At the same time, we will seek to grow the first time/ full time student enrollment to further enhance our reputation in the community as a ‘university of choice’ and contribute to the vitality of the campus culture. We will meet the growing demand for graduate education by positioning ourselves to serve this demographic.

The diversity of our student population and the richness of the diverse campus culture create an experience for our students that prepares them for a diverse and rapidly changing world, serves as a pipeline for businesses and organizations who seek employee diversity, and prepares students as leaders in a diverse workforce.

We will build on our growing reputation for research excellence and our university, units within the university and our faculty will be nationally and internationally known for excellence in research and creative activity. We will recognize, reward and celebrate the campus-wide impact of individual and unit success.

We will leverage our location in the St. Louis metropolitan region by being unsurpassed as the regional leader in creative collaboration with area businesses and community organizations. We will continue to have significant influence on economic development in the region and beyond through collaborations, consulting and continuing education.

We will find ways to enhance campus life and increase on campus residents. A major focus will be to further improve the ‘convenience’ and the ‘quality of experience’ as perceived by our students. Convenience includes such things as ease of the admission process, class availability, convenient scheduling, adequate parking with handicap access, quality facilities and accessible technology. Quality experience includes such things as; collaborative learning opportunities, a high level of student faculty interaction, a supportive campus environment that entices students to spend more time on campus,

the right academic challenge that conveys to students that they are getting an education not just a degree and enriched educational experiences such as international educational opportunities, research, internships and practicum.

We will be wise stewards of our scarce resources by leveraging collaborative research and creativity, both internally and externally, and holding ourselves accountable.

We will communicate the compelling message of our strengths and our position in the region through our leadership councils, alumni, faculty, staff, students and other friends of the university in a way that dramatically increases fundraising, grants and other forms of contributed support. And we will continue to engage our loyal alumni who are committed to strengthening our region as leaders in their fields.

The Strategic Priorities and Key Initiatives outlined in the following pages define our approach for moving
in this direction.

**Strategic Priorities**

- Enhance the quality and delivery of undergraduate and graduate / professional education.
- Recruit and retain an outstanding and diverse student body.
- Enhance research, scholarship and artistic/creative activity.
- Enhance civic engagement for economic and social benefit of the region.
- Increase financial base and continue to enhance the stewardship of resources.

**Academic Structure**

UMSL's academic units include the College of Arts and Sciences, College of Business Administration, College of Education, College of Fine Arts and Communication, Graduate School, Pierre Laclede Honors College, College of Nursing, College of Optometry, School of Social Work, UMSL/Washington University Joint Engineering Program, and the Division of Continuing Education.

**College of Arts and Sciences**

Classes in the College of Arts and Sciences, the campus’ oldest and largest college, offer students the opportunity to learn from internationally renowned faculty members, engage in creative and critical thinking, learn to appreciate pattern in complexity, reflect on important issues of the past and present, and hone their ability to communicate effectively both verbally and in writing. Across the curriculum, the College emphasizes “Learning through Research,” an approach in which students actively identify and analyze a variety of intellectual approaches and forms of information. Alumni of the College of Arts and Sciences include physicians, lawyers, teachers, political leaders, scientists, corporate executives, college and university faculty, psychologists, social workers, and a host of other professionals.

**College of Business Administration**

Through its undergraduate and graduate degree programs, the College of Business Administration expands student capability in communication, analysis, and judgment, enabling its graduates to deal effectively with today's complex economic environment. The college maintains a balance between the specialization of professional courses and the diversity of liberal arts.

**College of Education**

Consistently one of the top two institutions in the state in preparation of educators, the College of Education provides undergraduate and graduate programs to support and sustain educational leaders. Its programs emphasize state-of-the-art technological applications to enhance teaching and learning as well as collaboration among university, school, agency, and corporate partners.

**College of Fine Arts and Communication**

The College includes the departments of Art and Art History, Communication, Music, and Theatre, Dance and Media Studies. The faculty and alumni of the College have distinguished themselves as scholars, visual artists, teachers and performers. The University's $55 million Performing Arts Center that opened in the fall of 2003 provides two world-class venues for performances. In addition, three galleries offer space for display of student and faculty artwork as well as visiting exhibitions.

**Graduate School**

Programs offered in the Graduate School fall into two categories: professional programs designed to develop a special competence in a particular field and academic programs designed to develop the student's command of a range of related subjects within a field. These graduate programs are structured to meet the needs of the metropolitan area and to give students the skills and professional competence to succeed.

**College of Optometry**

The College of Optometry is one of 17 such programs in the United States providing professional optometric education and clinical experience. Facilities are furnished with equipment and technology for the enhancement of both teaching and research. The college operates the University Eye Center on campus, the Optometric Center of St. Louis in the city's Central West End, the Harvester Eye Care Center in St. Charles County, and the East St. Louis Eye Center, jointly owned and operated by the UMSL College of Optometry and Southern Illinois University at Edwardsville.

**Pierre Laclede Honors College**

Students in the Pierre Laclede Honors College major in any of the campus's undergraduate program, and share a commitment to a challenging, innovative general education curriculum. In the Honors College, students and faculty work together to foster an intellectual climate in which democracy, diversity, civility and excellence are fundamental values. The Honors program offers small seminars that emphasize critical reading and open discussion upon which students base essays and research papers. Honors College students are also encouraged to consider exchange study, whether abroad through the Center for International Studies or in the USA or Canada through the National Student Exchange.

**College of Nursing**

The College of Nursing offers programs at the bachelor's, master's, and doctoral levels. The Bachelor of
Science in Nursing is available for a student wishing to pursue a program of study leading to eligibility to complete state licensure examinations to become a registered nurse (R.N.). Registered nurses with an associate degree or a hospital based diploma may obtain a Bachelor of Science degree in Nursing (B.S.N.) without repeating basic nursing course work. The Master of Science in Science offers studies in adult, children's, and women's health along with nurse educator and nurse leader tracks. Nurse practitioner options are also available (adult, family, pediatric, and women) as part of the MSN program. Doctoral students may choose between the Doctor of Nursing Practice or the Ph.D. in Nursing.

**UMSL/Washington University Joint Undergraduate Engineering Program**
The University of Missouri - St. Louis and Washington University have joined forces to offer ABET-accredited Bachelor of Science degrees in mechanical, electrical, and civil engineering. Students who enter the program take about half of their course work--mathematics, physics, chemistry, humanities and social sciences, and some elementary engineering subjects--on the UMSL campus. The remaining half consists of upper-level engineering courses and laboratories taken on the Washington University. Students register for all courses at UMSL, pay tuition at UMSL rates (plus a small surcharge on engineering courses), and receive their degrees from the University of Missouri.

**Division of Continuing Education**
Through the Division of Continuing Education the research-based knowledge of our excellent faculty is brought to the citizens of the greater St. Louis metropolitan area at times and places and in formats that meet the lifelong learning needs of our adult students. Partnerships with a number of community, cultural, and educational institutions provide greater access to public higher education and to the resources of our fine campus. Continuing Education provides a wide variety of credit courses and noncredit professional development programs that can help adults keep abreast of new developments in their field, prepare them for a career in a new field of endeavor, or enrich their personal and family life. Courses leading to degree-completion programs are also offered at the St. Louis Community College South County Education and University Center, St. Louis Community College at Wildwood, and on the campuses of St. Charles Community College, Jefferson College and Mineral Area College.

**Student Life**
Although UMSL provides opportunities for all students through a demanding curriculum, the life of the university is not all work. There are a great many leisure activities, either free or at reduced cost to students. Numerous student organizations, from the Accounting Club to Zeta Tau Alpha sorority, seek members and leaders. Interesting speakers, concerts, film series, plays, exhibits, recitals, and a host of informal gatherings crowd each week's schedule. The St. Louis area offers still more recreational sports and cultural events.

The university offers a wide range of varsity and intramural sports for students, whether as players or spectators. On the varsity level, the Tritons compete in most major sports. UMSL men's soccer teams have participated in numerous NCAA Division II tournaments; the team won the national title in 1973. The men's basketball, baseball, and golf teams frequently play in national tournaments. The expanding women's program includes varsity competition in basketball, soccer, softball, volleyball, and tennis. The women's soccer team ranks annually in the top 20 teams nationwide.

The Mark Twain athletic facility offers a fitness center, weight room, swimming pool, and basketball, volleyball, handball, and racquetball courts. Outdoor facilities include tennis and handball courts, a fitness trail, and baseball, soccer, and softball fields. Students will find fitness activities, both organized and individual, to suit their interests and needs. Intramural sports are available to all students, with schedules designed for maximum participation.

**Office of International Student and Scholar Services**
The Office of International Student and Scholar Services assists international students and scholars with undergraduate and graduate admission, credential and transfer credit evaluations, visa and immigration advising, taxation matters, pre-arrival and cultural adaptation assistance, new international student and scholar orientation, prospective student information requests, and personal advising. The office also coordinates activities for integration of students and scholars into the community by facilitating cultural events and activities, coordinating the annual International Week, and working closely with other campus and community organizations.

**Student Insurance: International Students (required)**
International students in F-1 and J-1 status are required to purchase the health insurance policy offered through the university. Information regarding waivers, premiums, and coverage is available through the Office of International Student and Scholar Services.

**Multicultural Relations**
The **Office of Multicultural Relations** supports the University's goal of academic success and student retention and provides resources to meet the individual needs of the student. Cognizant of the unique challenges facing the minority population, MCR provides or supports such services as new student orientation, mentoring, tutoring, academic counseling, career exploration, and leadership development. Workshops and seminars foster a greater awareness of the University and its resources and promote cultural awareness.
The Office of Transfer Services and Articulation
The mission of the Office of Transfer Services and Articulation is twofold: retention and recruitment of transfer students. The office is committed to promoting and facilitating the positive engagement and successful integration of its diverse transfer student population into the UMSL student body and to craft a seamless program to program articulation between UMSL and Missouri's two-year institutions, that working in tandem, create clear pathways to academic success for transfer students.

Graduates
The graduates of UMSL reflect the diversity found in a metropolitan community. The university has more than 70,000 graduates living in all 50 states and several foreign countries. Of these alumni, more than 80 percent live and work in the St. Louis metropolitan area. The university is a major force in providing the region with a highly educated and diverse work force. UMSL alumni can be found in companies and organizations throughout the region and nation.
Undergraduate Study

This section includes admission and academic policies for students seeking undergraduate degrees from the University of Missouri-St. Louis.

Admission and Application Procedures

Admission for First-Time Freshmen
The University of Missouri has a uniform policy for admission of freshman students to its four campuses. The procedure for regular admission from high school is based on high school class rank, performance on a standardized college aptitude test, and required high school units. Veterans who have been out of high school for five or more years should refer to the Veterans and Mature Adults section.

Admission Procedure.
Students applying as first time freshmen (i.e., students without previous college work) need to submit to the Director of Admissions the following four items:

Undergraduate Application for Admission
Applications may be requested by calling the Office of Admissions at (314) 516-5451. Applications are also available via the Internet. Applicants may apply on-line.

Application Fee
The $35.00 application fee ($40.00 for international students) may be paid by:

- A check or money order made payable to UMSL
- A credit card by using the on-line application
- A credit card by calling (314) 516-5451
- Cash by appearing in person at the office of the Registrar in 351 Millennium Student Center.

High School Transcript and Class Rank.
A transcript must be sent directly from the high school to the UMSL Office of Admissions. The transcript should indicate class rank, all coursework, and, when available, date of graduation. Required college aptitude test scores may also be submitted via this transcript or directly from the testing agency.

Students from Non-Ranking High Schools
Students applying for Undergraduate Admission who attend High Schools which do not rank graduating seniors must present an ACT Composite score of at least 24 or an SAT composite score of at least 1090.

College Aptitude Test.
Freshman admission requires that a test score be submitted for each applicant, from one of the following:

- American College Testing Program (ACT) These tests are administered at UMSL and at many other locations across the country. To request a test packet, call the Office of Admissions at (314) 516-5451 or your high school counselor.
- Scholastic Aptitude Test (SAT) These tests are administered at many locations across the country. Contact SAT at (609) 771-7600 for testing information.

When to Apply.
Qualified applicants are admitted and notified by letter of their admission in the order that completed applications are received. Applications are accepted after October 1 for the next fall semester on the basis of six or more high school semesters.

Admission Requirements.
Any 1997 or later high school graduate is admissible with evidence indicating he or she meets both the following requirements:

At least 17 units of credit (1 unit=1 year in class) as follows:

- English: 4 units. Two units emphasizing composition or writing skills. One of the remaining 2 units may be in speech or debate.
- Mathematics: 4 units (Algebra 1 and higher).
- Science: 3 units not including general science, one of the 3 units must be a laboratory course.
- Social Studies: 3 units.
• **Fine Arts**: 1 unit.
• **Foreign Language**: 2 units. Must be 2 units of a single foreign language.
• Math and foreign language units may be accepted from middle/junior high school.

In addition to the 17-unit requirement, each student will be evaluated on high school rank and test score (ACT or SAT). Students with a composite ACT score of 24 or SAT of 1100 will be admitted without regard to class rank. Class rank will be used to determine eligibility for admission when the student's ACT score is from 17 to 23 (SAT is 800 to 1090).

If the ACT Composite score is 17 to 23 or the total of SAT Verbal and Math scores is 800 to 1090, the applicant must meet the following high school class rank requirement to be admitted automatically.

<table>

If you

A. Rank in the top 10% of your graduating class of a Missouri high school; and
B. Complete the college preparatory curriculum which includes at least 17 units of credit (four units each of English and math, three units of social studies, two units of a single foreign language, and one unit of fine art); and
C. Submit an ACT/SAT score, you will be eligible for automatic admission to any campus of the University of Missouri.

If you

A. Graduate from a Missouri high school that does not rank its graduates; but
B. Have taken a college preparatory curriculum which includes at least 17 units of credit (four units each of English and math, three units of social studies, three units of science, two units of a single foreign language, and one unit of fine art); and
C. Achieve a 3.5 GPA on a 4.0 scale in these core courses; and
D. Submit an ACT/SAT score, you will be eligible for automatic admission to any campus of the University of Missouri.

Applicants who do not meet these criteria may still be admitted, depending on other evidence of likely success and campus enrollment objectives.

These applicants can apply to the Director of Admissions. Additional factors considered for admission may include:

• Extracurricular activity.
• Outstanding talent and/or abilities.
• College preparatory courses taken.
• Evidence of marked improvement over time in high school academic record.
• Significant work experience and/or family responsibilities.
• A personal statement to one or more of the above in student's own hand (in essay form).
• Recommendations by teachers, counselors, or principals.

For additional information regarding admission requirements, contact the Office of Admissions at (314) 516-5451 or by E-mail at admissions@umsl.edu.
Acceptance.
Upon graduation, students must submit a final high school transcript indicating their class rank and graduation date. First-time freshmen may be required to take a placement examination in mathematics.

Advanced Standing for Entering Freshmen.
UMSL grants credit hours to entering freshmen who, through their performance on College Entrance Examination Board Advanced Placement Tests and faculty-administered tests, demonstrate proficiency in certain college-level courses such as biology, chemistry, English, foreign languages, history, mathematics, political science, and physics. For further information and applications, write to College Board Placement Examinations, Box 592, Princeton, New Jersey 08540. The score reporting institution code number for the University of Missouri St. Louis is 6889. Test scores should be sent to the Director of Admissions. A brochure with detailed information is available in the Office of Admissions.

Dual Credit.
Accredited programs such as the Advanced Credit Program at the University of Missouri-St. Louis enable qualified high school juniors and seniors the opportunity to earn college credits while completing high school. General education courses are offered through the University in the College of Arts and Sciences and through the College of Fine Arts and Communication. Information about the transferability of credits from dual credit courses is available from the Office of Admissions, and further information about the Advanced Credit Program may be obtained by calling (314) 516-7005.

Dual High School/University Enrollment.
Superior high school students may be admitted in a special student category to take one or more University courses on campus during their junior or senior years of high school or during the summers. Students must submit a dual enrollment application and a high school counselor's or principal's recommendation. Students are admitted on the evidence of academic excellence. Admission is limited and governed by available space, and students must meet the prerequisites for the course or courses selected. Students should contact the College of Arts and Sciences at (314) 516-5501 for more information.

College Level Examination Program.
Applicants may earn advanced credit through the College Level Examination Program (CLEP). CLEP offers subject examinations for credit in specific areas. These examinations can be taken any time, provided the student has not taken a college credit course in the test area. Consultation with an advisor is highly recommended before taking an exam. CLEP tests are given in the Campus Testing Center by appointment only. Contact the Campus Testing Center at (314) 516-6396 or their website. To get more information on CLEP, visit their website.

Credit for Military Service.
Credit may be allowed for service training programs conducted by the various Armed Forces branches. The American Council of Education’s recommendations in A Guide to the Evaluation of Educational Experiences in the Armed Services generally serve as a basis for granting such credit. To count toward a degree, the credit granted must be appropriate to the student's curriculum.

Trial Admission.
It may be possible for applicants who do not meet the regular admission standards to be admitted on a trial basis. Each student’s academic record will be reviewed by the Director of Admissions and decisions will be made on a case-by-case basis.

High School Equivalency Applicants.
Individuals may seek admission on the basis of passing the General Education Development (GED) test with a minimum score of 2500 (for tests taken after January 1, 2002; minimum score of 250 required for tests taken prior to January 1, 2002).

In addition, the following must be presented:

- A completed Undergraduate Application (available online)
- A $35 non-refundable Application Fee ($40 for international students)
- ACT composite score of at least 24 or SAT Composite of at least 1090
- A high school transcript if ACT/SAT scores are present.

Home-Schooled Students.
UMSL welcomes home-schooled students. To be admitted for undergraduate admission, the home-schooled student must present the following:

- A completed Undergraduate Application (available online).
- A $35 non-refundable Application Fee ($40 for international students)
- ACT Composite score of at least 24 or SAT Composite of at least 1090
- A copy of course of study or transcript reflecting all coursework and grades earned (if available), as well as a statement (and date) of graduation (completion)
- If the home-schooled applicant has not completed all units required for graduation (completion), a test score report of the General Education Development (GED) test with a minimum composite score of 2500.
Veterans and Mature Adults.
Applicants may be admitted as degree or non-degree-seeking students if they are veterans of military service or over age 21 and have not previously earned college credit, have not been in school for several years, have not earned a high school diploma or passed the GED; or if they have a diploma but do not meet regular admission requirements from high school. Non-degree-seeking students can become degree candidates on the basis of their performance in University course work.

Admission for Transfer Students
UMSL welcomes transfer students; students should be aware that actual requirements for degrees vary from institution to institution.

Students transferring from other colleges and universities must submit the following information to the Director of Admissions:

- A completed Undergraduate Application available online
- A $35 non-refundable Application Fee ($40 for international students)
- A final high school transcript (or GED) if the applicant has less than 24 hours of college-level course work.
- Official transcripts from all colleges/universities attended. Hand-carried credentials are not accepted.

All credentials submitted for admission become the property of the University.

A transferring student who has completed fewer than 24 earned semester hours of college level work must apply under the procedures for admission to the freshman class and must have at least a 2.0 overall grade point average (4.0 system) in all college level courses attempted at previous institutions.

Suspended and Dismissed Transfer Students.
Students under suspension or dismissal from another institution or whose previous record is of unsatisfactory quality may need to appeal to the Faculty Senate Committee on Admissions and Financial Aid.

Missouri State Transfer Agreement CBHE Statement.
Students transferring into UMSL and out of UMSL may use the Coordinating Board of Higher Education (CBHE) Articulation Agreement. The agreement outlines statewide undergraduate general education requirements which satisfy the general requirements for students transferring into UMSL and students transferring out of UMSL to other public higher education universities in the state.

UMSL requires mathematics proficiency beyond the general requirements in the CBHE Statement. Please refer to the General Education section of this bulletin, goal number six for details.

Transfer Credit.
According to the articulation agreement among public institutions within the state of Missouri, the following guidelines will govern transfer of credit to UMSL from colleges and universities within the state of Missouri. These guidelines also apply to students transferring to UMSL from schools located outside Missouri. Advanced standing in the form of credit hours may be allowed for work satisfactorily completed in another college or university of recognized standing, public or private, located in the state of Missouri, as long as the work satisfies the requirements of the University division in which the student registers.

The academic record at a given institution will include all courses attempted. Grades of D or better earned in college-level work at an accredited or approved institution of higher education should receive full credit when transferred to UMSL. The University, however, will treat all grades on courses attempted on the same basis as that of a UMSL student. For example, if a UMSL student, is required to repeat a specified course having earned a D grade, a transfer student will also be required to repeat the same course if it carried a D grade.

Advanced Standing.
Advanced standing includes credit by examination, such as Advanced Placement (AP), the College-Level Examination Program (CLEP), and Defense Activity for Non-Traditional Education Support (DANTES). It also includes credit by portfolio review (Bachelor of Fine Arts only). These lower-division credits may not apply at the senior level. For examination credit, students should submit appropriate transcripts to the Office of Admissions before their first semester at UMSL. Likewise, the Fine Arts department should be consulted for portfolio reviews. Early attention to these matters is essential to avoid unnecessary course work or repeats that can lead to loss of credit. If examinations are completed at a later date, transcripts should be submitted as soon as they are available.

Shortly after all official transcripts are on file, a student's previous academic record will be evaluated to determine which courses are applicable. Should there be any question concerning applicability of any courses, students should contact the Dean's office of their academic unit. Degree checks, determining whether courses meet a specific degree requirement and whether courses are accepted as a part of the student's academic major, are made in the office of the Dean concerned.
**Associate Degree Transfers from Community Colleges.**
A student admitted to the University and holding an associate degree applicable toward the baccalaureate degree will be accepted in junior standing. Students fulfilling the general education requirements outlined by the Missouri Coordinating Board of Higher Education and certified by the sending institution will have met the lower division general education requirements at UMSL. Students with MO AA degrees that include a CBHE approved general education core may transfer more than 64 credit hours for lower division courses. Any additional lower division course credits above 64 credit hours must be applicable to the baccalaureate degree or must be a prerequisite for an upper division course in the major. However, this does not exempt the student from meeting specialized lower-division degree requirements of specific departments. Courses completed in the associate degree program are evaluated for application to specific degree requirements by the same criteria used for transfer students from other colleges and universities.

**Transfers without an Associate Degree**
Transfer applicants who do not have an associate degree will have their transcripts evaluated on a course-by-course basis. Students who have fulfilled the general education requirements outlined by CBHE and certified by the sending institution will meet the University’s general education requirements.

**Transfers Within the University of Missouri System.**
A student not in good standing at another campus of the University of Missouri (suspended or dismissed) must submit an appeal to the Senate Committee on Admissions and Student Financial Aid in order to be admitted to UMSL.

Any course that leads to an undergraduate degree on any campus of the University of Missouri shall be accepted in transfer toward the same degree on any campus of the University offering that degree. Grades, including D and F grades, and honor points earned in such courses will also transfer and will be included in the cumulative grade point averages. Unresolved problems related to transferability of credit may be appealed to the Dean of the College or their representative.

Students within the last 30 hours of graduation may take a limited number of courses at another campus in the UM system, provided the last 15 hours are taken at UM St. Louis and the work is approved by their respective Deans and departments.

**Midwest Student Exchange**
The Midwest Student Exchange Program is an initiative designed by the Midwestern Higher Education Commission to increase interstate educational opportunities for students in its member states. The program enables residents of Kansas, Michigan, Minnesota, Missouri, Nebraska, North Dakota, and Wisconsin to enroll in the institutions and specified programs located outside their home state at reduced tuition levels.

**Students from Other Countries.**
Prospective students living outside the United States and its possessions should write to the Office of International Student and Scholar Services at the address below at least one year before the date of desired admission for information about application to the University. Students will be expected to supply official original secondary and college/university transcripts from all schools attended as well as other official original documents. International students must also pay a $40 application fee. All students should make arrangements to take the Test of English as a Foreign Language (TOEFL) well in advance of their admission date.

Since 1998, all students in F-1 and J-1 status have been required to purchase an inexpensive insurance policy with coverage for illness and accidents, billed directly to the student’s accounts. For details contact:

Office of International Student and Scholar Services
261 Student Millennium Center
One University Boulevard
St. Louis, MO 63121-4400

**Returning Students**
Returning undergraduate students who are admitted and/or enrolled who did/did not attend will be automatically eligible to register without having to reapply for the period of one academic year. Students who do not attend for two semesters will be required to complete a returning student application and provide official transcripts from other colleges and universities attended since last enrolled as an UMSL student.

The returning student application is available on line or by calling the Office of Admissions at (314)-516-5451.

**Visiting Students**
Students who are attending another college or university who do not wish to earn a degree from the University of Missouri St. Louis may register as visiting college students. Visiting student forms can be obtained from the Office of Admissions, the Office of the Registrar, or on-line or by calling (314) 516-5545. At the end of the session, students must request that their grades be reported by transcript to their respective schools. Financial aid is not available for such students.
Non-Degree-Seeking Students
An individual wishing to enroll in a course but is not seeking a degree may apply to the University as a non-degree-seeking student. No transcripts are required; however, the admission applies only for that particular semester. To attend for another semester, the student must reapply. The non-degree application is available on-line or by calling (314) 516-5451, in the office of the Registrar, or in the office of Admissions. Financial aid is not available for such students.

UMSL Express
UMSL Express provides Missouri’s Senior Citizens (65 and older) easy access to undergraduate courses without limit on an audit (not for credit) space-available basis. Graduate courses are not available through this program. Students are subject to: non-refundable $25 registration fee, parking fee, and course-related fees. Former UMSL Express students who reapply for the Program must again pay the registration fee. Students interested in attending as an UMSL Express student may obtain a registration form from the Office of Admissions. Students should complete and return the form with proof of age to the Office of Admissions on the day before classes are scheduled to begin or after.
Course Numbering
Each course bears a distinguishing number which identifies it within the department or academic unit and indicates, broadly, its rank. Effective Summer 2003, the University has adopted a new 4-digit numbering system.

To assist in understanding the course level, refer to the following guidelines:

<table>
<thead>
<tr>
<th>Course Numbers</th>
<th>Explanation</th>
</tr>
</thead>
<tbody>
<tr>
<td>1-999</td>
<td>Courses which do not count toward the minimum requirements for any degree.</td>
</tr>
<tr>
<td><strong>Lower Division:</strong></td>
<td></td>
</tr>
<tr>
<td>1000-1999</td>
<td>Courses open to undergraduate students, primarily focused toward freshmen; courses count toward the minimum for given degrees.</td>
</tr>
<tr>
<td>2000-2999</td>
<td>Courses open to undergraduate students, primarily focused toward sophomores; courses count toward the minimum for given degrees.</td>
</tr>
<tr>
<td><strong>Upper Division:</strong></td>
<td></td>
</tr>
<tr>
<td>3000-3999</td>
<td>Courses open to undergraduate students, primarily focused toward junior; courses count toward the minimum for given degrees.</td>
</tr>
<tr>
<td>4000-4999</td>
<td>Courses open to undergraduate and graduate students, primarily focused toward seniors; courses count toward the minimum for given undergraduate degrees; depending on the specific program, courses may count for a given graduate degree.</td>
</tr>
<tr>
<td><strong>Graduate:</strong></td>
<td></td>
</tr>
<tr>
<td>5000-5999</td>
<td>Graduate courses; also open to certification candidates and undergraduate seniors with permission from the Dean of the Graduate School. Courses count toward the minimum for given undergraduate and graduate degrees.</td>
</tr>
<tr>
<td>6000-6999</td>
<td>Graduate courses open to master's degree and doctoral students. Courses count toward the minimum for given graduate degrees.</td>
</tr>
<tr>
<td>7000-7999</td>
<td>Graduate courses open to doctoral students and master's degree students with special permission. Courses count toward the minimum for specific graduate degree.</td>
</tr>
<tr>
<td><strong>Optometry:</strong></td>
<td></td>
</tr>
<tr>
<td>8000-8999</td>
<td>Courses open to optometry degree seeking students.</td>
</tr>
</tbody>
</table>

Credit Hours
The university credit unit is the semester hour, which represents a subject pursued one period weekly for one semester of approximately 16 weeks or for a total of approximately 16 periods for one term. Generally, a course valued at 3 semester hours meets for three periods weekly for one semester, a 2 credit course two periods a week for a semester, and so on. Normally, the lecture or recitation period is 50 minutes long and the laboratory period one hour and 50 minutes.

The number of credit hours is in parentheses after each course title. If the credit is variable, to be fixed in consultation with the instructor, it is shown by (credit arranged) or by minimum and maximum credit, such as research (2-8).

Grading System
The grading system available to all faculty in all schools, colleges, and other parallel units at UMSL consists of:

- A = 4.0
- A- = 3.7
Faculty have full discretion in using full-letter grades, plus/minus grades, or any combination of full-letter and plus/minus grades. The student’s grade point average is computed by dividing the total quality points (number of credit hours for a course, multiplied by the grade value received) by the number of hours taken (excluding grade modified hours). Students of the University may have three separate Grade Point Averages. The first is the Campus GPA, which is computed by dividing the quality points earned from the grades of each course taken on the UMSL campus by the total course hours attempted on the UMSL Campus. Students who have attended any of the other three universities within the University of Missouri System, will also have a “System” GPA, which is computed by dividing the quality points earned from every course taken from a University within the UM System. In addition, transfer students (from outside the UM System) will also have a transfer GPA, which is computed from all courses the student has taken outside the UMSL campus or the UM System. It is calculated by dividing the quality points of all courses by the hours attempted.

Unless a specific request is made through the Registrar’s Office, the University of Missouri system does not distribute grade reports to students via postal mail. Final course grades can be obtained electronically by any of the following methods:

To access your grades through the My Gateway system, you must know your Gateway ID and password. You can look up your Gateway ID online. Call the Technology Support Center at (314) 516-6034 if you have any questions about your Gateway ID or password.

Students may also view their grades on MyView, by following this path: Self Service > Student Center > Grade Tab under Academic History; select semester.

A printed copy of your grade report can be sent to you upon request at no charge. Once requested by you, your grade report will be mailed to your official address of record. Requests may be made by phone, mail, e-mail, fax, or in person.

**Education majors.**

Professional education courses must be completed with a grade point average of 2.50 and no grade lower than a C (2.0). A C- grade is not acceptable.

**Delayed Grade.**

A student whose work is incomplete at the end of any semester and who has, in the instructor’s judgment, sufficient reasons for failing to complete the work, may, with the approval of the instructor and department chairperson, be assigned a delayed grade. Such work must be made up no later than one semester after the incomplete grade is given, or the grade automatically becomes F. The dean may, in unusual circumstances, extend this time limitation (summer session is not counted as a semester). Notice of change in a delayed grade shall be given to the registrar on a special form.

**Y Grade.**

When, in the instructor’s judgment, there is no basis for evaluating the work of a student who does not officially drop a course or officially withdraw from the university, a mark of Y (no basis for evaluation) is given.

**Examinations.**

Examinations may be given only at regular class meeting times or as designated by the Senate Committee on Curriculum and Instruction.

**Final Examinations.**

The period designated for final examinations is an important component of the academic term. It provides faculty with a final opportunity to evaluate student learning and attainment of course objectives. Faculty members are encouraged to meet with students during the final examination period.

1. A faculty member who gives an in-class final examination may give this examination only on the day and at the time designated in the official final examination schedule. A majority vote of the students to the contrary does not change this policy.

2. A student may submit a written request for a change in the scheduled time of the final examination for
a limited number of documented hardship reasons. These reasons include, but are not limited to, being
scheduled to take more than two examinations on the same day, illness, military obligations, and
religious practices. Except for emergencies, this request should be presented directly to the instructor at
least two weeks before classes conclude. The student may forward denied requests to the
chairperson/area coordinator/program director and, if denied to the dean of the school or college
sponsoring the course for additional consideration.

**Satisfactory/Unsatisfactory Option.**
Undergraduate students may take up to 18 credit hours on a satisfactory/unsatisfactory (S/U) grading basis.
This includes courses taken as electives or those which satisfy the general education requirements. Most
courses required for a specific degree may not be taken on a satisfactory/unsatisfactory basis. Academic
departments may designate other courses within their jurisdiction which may not be taken under the option.

A satisfactory grade "S" is recorded when an instructor assigns the grade of A, A-, B+, B-, C+, or C-, and has
no numerical value in computing one's cumulative grade point average; however, it does satisfy credit-hour for
graduation requirements. An unsatisfactory grade "U" is recorded when an instructor assigns the grades of D+,
D, D-, or F. A course assigned a "U" grade will not satisfy credit hours for graduation. Grades will be recorded
on transcripts as S or U.

Students register for courses in the normal manner and may exercise the satisfactory/unsatisfactory option
before the end of the first four weeks of a regular semester (or the first two weeks of a summer session). Requests for this option are made through the proper dean's office. Instructors are not informed of students
taking courses on a satisfactory/unsatisfactory basis.

**Audit**
Audit has no numerical value in computing one's cumulative grade point average, nor does it satisfy any
credit-hour graduation requirements.

**Repeating Courses.**
Students may not repeat for grade point average or credit hour purposes courses in which grades of A, A-, B+, B, B-, C+, C, or C have been earned. All grades earned will affect the calculation of one's cumulative grade point average; the course hours, however, will be counted only once in calculating hours towards one's degree. (See Grade Modification.)

**Grade Modification.**
When the grade received in an initial attempt in a course at UMSL is a D+, D, D-, or F, the grade may be
replaced in the calculation of the GPA by the grade received in a second or subsequent attempt of the same
course at UMSL. All grades received in second and subsequent attempts will be included in GPA calculations. A maximum of 15 hours may be dropped from the calculation of the student's GPA. All attempts of a given
course will appear on the official transcript with the grade(s) earned. The transcript will have an explanation
which states that the GPA is calculated using all grades earned in a course except the initial attempt when a
course has been repeated and grade modified.

Note: Grade modification is not automatic. After completing the second or subsequent attempt of the course to
be modified, students must process the necessary paperwork with an academic adviser in the academic unit in
which the student is currently enrolled.

**Transcripts**
The registrar will furnish transcripts to a student upon written request. Transcripts are furnished to students' parents or guardians or other parties or institutions only if students have filed written consent with the Registrar's office. There is a charge for each transcript. Requests for transcripts by organizations either financially supporting a student or with fee compensation programs are not honored unless the student has filed a consent form with the Registrar's Office authorizing the release of such information.

Transcripts are not issued to or for students who have financial obligations to any university within the UM-
System until those obligations are paid in full.

**Enrollment Policies**

**Prerequisites for a Course**
A minimum grade of C- is required to meet the prerequisite requirements of any course, except with the
permission of the department in which the second course is taught. An "academic standing" prerequisite stated
by class--for example, "senior standing"--means senior-class standing. Requirements for class standing vary.
Students should determine the requirements for their school or college. Individual course restrictions are
specified in the individual course descriptions.

**Course Load**
A normal full-time semester work load is 15 hours. Six hours is normal for the summer session. Minimum
full-time enrollment is 12 hours. Students who have demonstrated the ability to carry more than 17 hours
successfully may enroll for additional hours with the approval of their dean.
Attendance
Students are expected to attend class regularly, and, in accordance with the UMSL Bylaws, faculty may establish penalties for excessive absences. Students absent for more than three successive classes may be reported to the dean. Students should tell their divisional dean's office of an extended absence. An absence known in advance should be reported to the instructors of courses that will be missed. Makeup of examinations or work missed is allowed at the instructor's discretion. Students excused from class for valid reasons by their deans shall be permitted, if possible, to make up work missed; the dean must have notified the instructor in writing.

Dropping/Adding Courses
To add courses to their original enrollment, students must get approval from their advisers. Students may not enter courses after the first week of a regular semester or the first three days of the summer session. Courses may be dropped, without approval, through the fourth week of a regular semester and the second week of a summer session. Students may withdraw from courses without a grade up to the end of the fourth week of a regular semester and the second week of the summer session.

From the fifth through the twelfth weeks of the fall or winter semesters (for summer session, the third through the sixth weeks), students may withdraw from a course with an "Excused" grade, providing they are passing the course and receive the approval of their instructor, adviser, and dean's office representative. Otherwise, a failing grade is given. Students not attending classes who fail to drop officially receive F or Y grades. After the allowable period, "Excused" grades are given only in exceptional instances where the instructor's approval and dean's approval are given. These grades are recorded on the students' official records at the end of the term. If an F grade is recorded, it is counted in computing the grade point average. No partial credit is granted to students who withdraw from a course during any semester or otherwise fail to complete the work required for full course credit.

Section Changing
Section changing is normally done during the first week of a regular semester and the first three days of a summer session. No approvals need be received during this time. However, after the first week of a regular semester and the first three days of a summer session, a section change form must be obtained from the departmental or dean's office. The signatures of the instructor teaching the new section is required. The form is to be submitted to the Registration Office, 351 Millennium Student Center.

Change of Major
To change academic majors, students should consult their adviser and the dean's office. Students admitted to one college or school may pursue work in others under the conditions set forth by the other division's faculty. The chairperson of a student's major department shall determine which courses in other colleges or schools, or even other institutions, shall apply as credit toward the degree.

Students who wish to change a major must submit a change of major form. These forms may be obtained in their College Advising office, or the Registrar's Office, or the Center for Student Success, 225 Millennium Student Center.

Withdrawal after Classes Begin
After classes begin, students may withdraw from the university by completing the withdrawal form, available in the dean's office. During the first four weeks of a regular semester and the first two weeks of a summer session, students may withdraw from the university without receiving grades. After this period, grades of F or "Excused" are issued, based on whether the student is passing or failing. After the regular semester's twelfth week (or the sixth week in the summer session), "Excused" grades are given only in exceptional instances with the instructor's and the dean's approvals. These grades are recorded on the student's official record at the end of the term. An F grade is counted in computing the grade point average. No partial credit is granted to students who withdraw from school during any semester or otherwise fail to complete the work required for full course credit. Students who stop attending classes without withdrawing officially from the university are issued an F or a Y grade. Any F grades are counted in computing grade point averages.

Academic Probation, Suspension, and Dismissal
A student may be placed on academic probation any time that his or her cumulative GPA falls below a 2.00. Students should consult college or school advisers in their respective dean's office for additional information.

Students may be suspended if they do not pass more than two thirds of their work, their semester grade point average is below 1.5, or their cumulative grade point average falls below 1.75. Students may be suspended if they have been on scholastic probation for two or more semesters, not necessarily consecutive, and again become subject to probation. The dean may retain students on probation rather than suspend them if circumstances justify such action.

Students who have once been suspended may be dismissed if they again become subject to suspension. Students placed on probation because of poor scholastic records at other institutions are regarded as having been once suspended under these rules. Normally, students who have been dismissed are not considered for readmission. In certain unusual cases, students may be readmitted on probationary status after one year.
Students admitted on probation to the summer session must enroll for at least six academic hours. If they receive any grades below C, their work will be reviewed by the college or school dean or appropriate committee to determine eligibility to reenroll. Students enrolled in the summer session whose grade point averages are below 1.5 may have their work reviewed. Students suspended or dismissed from one school or college shall not be admitted to any other school or college until they are eligible for readmission to the original college or school, unless they obtain the consent of the school's or college's dean or appropriate committee. In this event, the dean or committee shall file a written statement for the student's official records, stating the reasons for the decision.

**Academic Dishonesty**

Academic dishonesty is a serious offense which may lead to probation, suspension, or expulsion. One form of academic dishonesty is plagiarism—the use of an author's ideas, statements, or approaches without crediting the source. Academic dishonesty also includes such acts as cheating by copying information from another student's examination, take-home test, or laboratory manual. The code of student conduct is in the back of this Bulletin and is also available in the UMSL Student Handbook, available from the Office of the Vice Chancellor for Student Affairs.

**Honor Statement**

The University of Missouri-St. Louis encourages students to pursue excellence within a respectful and collegial environment and to assume responsibility for the consequences of personal actions. For that reason the University requires students to reject any type of dishonest behavior.

Honesty precludes seeking, providing, or receiving any form of unauthorized assistance on tests or any type of assignment. It requires giving credit through appropriate citation to the author of materials used in written or oral assignments.

The full Student Standard of Conduct is available. By registering for a class at UMSL, students agree to follow this standard of integrity.

**Confidentiality Policy**

These statements are set forth as guidelines and procedures to implement the University of Missouri policy on student records developed from The Family Educational Rights and Privacy Act of 1974.

The University of Missouri-St. Louis as charged in the act will annually inform its eligible students by including student records developed from The Family Educational Rights and Privacy Act of 1974.

The University of Missouri-St. Louis as charged in the act will annually inform its eligible students by including in the Student Handbook, the Schedule of Courses, the UMSL Bulletin, and the Current (student newspaper) the following information:

1. "Education Records" are those records, files, documents, and other materials which contain information directly related to a student and are maintained by the university. Those records, made available under The Family Educational Rights and Privacy Act of 1974, are student financial aid, the student's cumulative advisement file, student health records, disciplinary records, admissions file, and academic record. Confidential letters and statements of recommendation which were placed in student credential folders at the Office of Career Placement Services after January 1, 1975, are also made available, if the student has not waived the right to view these recommendations.

The University of Missouri-St. Louis "Education Records" do not include:

- Records of instructional, supervisor, and administrative personnel and educational personnel ancillary thereto which are in the sole possession of the maker thereof and which are not accessible or revealed to any other person except a substitute.
- Records of the University of Missouri Police Department which were created for a law enforcement purpose and are maintained by the police department.
- In the case of persons who are employed by the university but who are not in attendance at the university, records made and maintained in the normal course of business which related exclusively to such persons and that person's capacity as an employee where the records are not available for any other purpose.
- All records on any university student which are created and maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in his professional or paraprofessional capacity, or assisting in that capacity, and which are created, maintained, or used only in connection with the provision of treatment to the student, and are not available to anyone other than persons providing such treatment, provided, however, that such records can be personally reviewed by a physician or other appropriate professional of the student's choice.

2. The University of Missouri-St. Louis recognizes "Directory Information/Public Information" to mean a student's name, address, telephone listing, date and place of birth, e-mail, enrollment status, current level, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, and the most recent previous educational agency or institution attended by the student. All students must inform the Office of the Registrar before the end of the two-week period following the first day of classes that any or all of the information designated as directory information should not be released without the student's prior consent. The information listed above will become directory information or public information as of the first day of classes following the end of the
two week period in a regular semester and the first day of classes following the end of the one week period during the summer session.

3. University of Missouri-St. Louis students have access to the educational records identified in Paragraph 1 above. In accordance with Public Law 93 380 as amended, the University of Missouri St. Louis will not make available to students the following materials:

- Financial records of the parents of students or any information contained therein.
- Confidential letters and statements of recommendation which were placed in the education records prior to January 1, 1975, if such letters or statements are not used for the purpose other than those for which they were specifically intended.
- Confidential recommendations respecting admission to the university, application for employment and receipt of honor, or honorary recognition, where the student has signed a waiver of the student's rights of access as provided in 6.0404, the University Policy on Student Records.

4. The director of Financial Aid, the appropriate academic dean, the coordinator of the Student Health Service, the Vice Provost for Student Affairs, the Director of Career Placement Services, the Director of Admissions, and the Registrar are the officials responsible for the maintenance of each type of record listed in Paragraph 1.

5. Any student may, upon request, review his or her records and, if inaccurate information is included, may request the expunging of such information from the file. Such inaccurate information will then be expunged upon authorization of the official responsible for the file.

6. Students desiring to challenge the content of their record may request an opportunity for a hearing to challenge the content of the educational record in order to ensure that the record is not inaccurate, misleading, or otherwise in violation of the privacy or other rights of the student, to provide an opportunity for the correction or deletion of any such inaccurate, misleading, or otherwise inappropriate data contained therein, and to insert into such records a written explanation respecting the content of such records.

7. The university official charged with custody of the records will attempt to settle informally any disputes with any student regarding the content of the university’s educational records through informal meetings and discussions with the student.

8. Upon request of the student or the university official charged with custody of the records of the student, a formal hearing shall be conducted as follows:

- The request for a hearing shall be submitted in writing to the campus chancellor who will appoint a hearing officer or a hearing committee to conduct the hearing.
- The hearing shall be conducted and decided within a reasonable period of time following the request for a hearing. The parties will be entitled to written notice 10 days prior to the time and place of the hearing.
- The hearing shall be conducted and the decision rendered by an appointed hearing official or officials who shall not have a direct interest in the outcome of the hearing.
- The student shall be afforded a full and fair opportunity to present evidence relevant to the hearing.
- The decision shall be rendered in writing within a reasonable period of time after the conclusion of the hearing.
- Either party may appeal the decision of the hearing official or officials to the campus chancellor. Appeal from the Chancellor's decision is to the President. Appeal from the President is to the Board of Curators.

9. The University of Missouri-St. Louis will not mail grade reports to parents unless the student in question has completed the necessary authorization in the registrar's office.

10. The University of Missouri St. Louis may permit access to or release of the educational records without the written consent of the student to the parents of a dependent student as defined in Section 152 of the Internal Revenue Code of 1954.

11. If any material or document in the educational record of a student includes information on more than one student, the student may inspect and review only such part of such material or document as relates to him or her or to be informed of the specific information contained in such part of such material.

**The following is a list of honor societies at the University of Missouri-St. Louis:**

- Alpha Epsilon Rho (Communication)
- Alpha Mu Alpha (College of Business Administration-Marketing)
- Alpha Mu Gamma (Foreign Languages and Literatures)
- Alpha Phi Sigma (Criminology and Criminal Justice)
- Alpha Sigma Lambda
- Beta Alpha Psi (College of Business Administration, Accounting Majors)
- Beta Beta Beta (Biology)
- Beta Gamma Sigma (College of Business Administration)
Dean's List
At the end of each semester the College of Arts and Sciences, College of Business Administration, College of Education, College of Fine Arts and Communication, and College of Nursing send letters of commendation to undergraduates completing at least nine hours of graded courses with grade point averages of 3.2 or above for the semester. In addition, each college and school, on an annual basis, sends letters of commendation to part-time undergraduate students who have earned a 3.2 grade point average or above in at least nine but not more than 17 graded hours during the fall and winter semesters combined.

Who's Who Among Students in American Universities and Colleges
Eligible students may be nominated to Who's Who Among Students in American Universities and Colleges by students (themselves or others), faculty members, or administrators. Nominees are selected on the basis of scholastic ability, participation and leadership in academic and extracurricular activities, service to the university, and a promise for future usefulness. Nomination forms and further information may be obtained in room 366 Millennium Student Center or by visiting the Who's Who Web site.

Latin Honors
To graduate with Latin honors, students must have attended UMSL for at least 56 graded hours and must meet the following qualifications: cum laude 3.2 to 3.49 grade point average; magna cum laude 3.5 to 3.79 grade point average; summa cum laude 3.8 to 4.0 grade point average. If a student has the necessary GPA at UMSL to qualify for Latin honors but has fewer than 56 graded hours at UMSL, all credit hours and the associated grades earned within the UM System will be included when the total credit hours earned in the UM System are at least 80 graded hours. In determining one's eligibility for Latin honors, all graded hours will be considered, including the original grade in each grade-modified course. No Latin honor higher than that which is consistent with the UMSL grade point average will be awarded. All honors must be recommended by the student's major department. (Effective April 2000.)

Office of National Scholarship Information
The mission of the Office of National Scholarship Information (ONSI) at the University of Missouri-St Louis is to provide campus wide access to merit-based scholarship information and opportunities. The most well-known of these merit-based scholarships include the Rhodes, British Marshall, Goldwater, Udall, Truman, and Fulbright, although numerous other prestigious, and often unique, opportunities exist for outstanding students. For further information, contact the Honors College at (314) 516-5243.
Registraion

New Students
Upon admission to the University, students are notified that instructions will be sent by the Registrar's office before registration.

After the close of the preregistration-by-appointment period, all newly admitted or readmitted students are eligible to register. Students wishing to register for more than a normal course load must obtain approval from their Dean.

Former Students
Former students not currently enrolled must submit a reenrollment application see “Returning Students” above.

Currently Enrolled Students
Currently enrolled students are given the opportunity to preregister, by appointment, before all other students. Students wishing to preregister for the next semester in a different division or school must complete a Change of Division form available on line at the Admissions website, by calling (314) 516-5451, in the office of the Registrar or in the office of Admissions.

Auditor
Students may enroll as auditors in any course with the prior consent of the instructor and Dean of the school or college in which the auditors desire to be registered. They may be dropped from the course when, in the judgment of the instructor and Dean, their record justifies such action. Auditors are charged full fees and receive no academic credit.

Registration Cancellation
Students who have enrolled and paid their fees but do not wish to attend the University may cancel their registration any time before the first day of the semester. Cancellation forms may be obtained at the Office of the Registrar. For the refund schedule for cancellation of registration after class work begins, see the Schedule of Courses.

Enrollment and Academic Advising
Undergraduate students are admitted to the college, school, or professional school which offers the degree program which was declared on the student's application. Undeclared students, visiting students, and non-degree-seeking students are admitted to the College of Arts and Sciences.

Undeclared students are encouraged to declare a major as soon as possible since it is important to determine what specific requirements must be satisfied to complete the baccalaureate program.

College of Arts and Sciences
All incoming undergraduate students are required to be advised. Advising services are available in the College Advising Office located in 303 Lucas or in their major department. Students who have declared majors are encouraged to contact their major departments as soon as possible. Please visit the College website for a complete list of Departmental Faculty Advisors.

The departments in the College of Arts and Sciences as well as the School of Social Work offer majors, minors, and certificates in the humanities, social sciences, mathematics and computer science, and the biological and physical sciences. Interdisciplinary programs are available in Liberal Studies, Women's and Gender Studies, gerontology, labor studies, conservation biology, trauma studies, and more. The college also serves students with interests in the health sciences, pre-law, and pre-journalism. Information on these areas may be obtained in the Office of Undergraduate Student Affairs of the College of Arts and Sciences, 303 Lucas Hall.

Since there are specific requirements that each major must satisfy to complete a baccalaureate program, students are urged to declare their majors as soon as possible. This may be done at the time of application, or later in the Office of Undergraduate Student Affairs. Once a student declares a major, the department offering the degree will assign a faculty adviser and contact the student. The adviser, usually a faculty member in the student's area of interest, will assist in selecting suitable courses and advise the student in matters relating to degree requirements.

Students with specific concerns related to the specialized degree requirements of the college should consult with the academic departments responsible for their majors. Questions regarding transfer credit as they relate
to a specific degree may be directed to the appropriate department. Students may contact the Office of Undergraduate Student Affairs of the College of Arts and Sciences by phone at (314) 516-5501 for clarification on any academic issues related to the division or by e-mail at arts science@umsl.edu

**College of Business Administration**

The College of Business Administration's office of undergraduate academic advising has a staff of professional academic advisors who provide assistance to students in planning their academic careers, and in dealing with: appropriate course selection; College of Business Administration requirements; general education requirements; evaluation of transfer credit; course prerequisites; school policies and regulations; and graduation requirements. Other matters related to a student's academic matriculation should also be directed to this office.

Transfer students who have been admitted to the College of Business Administration should contact the advising office and plan to meet with an advisor early in the semester for an evaluation of transfer credit and the planning of their degree programs.

All students are urged to make advising appointments early during each semester, prior to registration dates, to obtain approval of schedules for upcoming semesters. Advising is a continuous and ongoing process. For additional information, call (314) 516 5888.

**College of Education**

Students wishing to prepare for teaching careers should consider the following:

Students who intend to teach in elementary, early childhood, middle school, special education, secondary education, or physical education settings must apply for admission to the College of Education.

Students who intend to teach in secondary school classrooms may choose to pursue the bachelor's degree in the College of Arts and Sciences plus certification, or the B.S. in education degree, which includes Missouri certification.

With either option, pre- and post-degree students must meet university and departmental requirements, as well as those for teacher education in Missouri. Regardless of which option a student chooses, he or she must complete the formal application to the teacher education program. Careful planning of individual schedules is necessary to ensure selection of appropriate courses and to avoid extending programs. Students should therefore seek advisory help from the TC&A (Teacher Certification and Advising ) Office at the earliest opportunity. Regular consultation with advisers is essential. The office provides assistance to all students interested in professional education programs and certification requirements. Questions about admission to the teacher education program, sequencing of courses, prerequisites, graduation requirements, and related matters should be directed to (314) 516-5937.

**College of Fine Arts and Communication**

The College of Fine Arts and Communication includes the Department of Art and Art History, Communication, Music, and Theatre, Dance and Media Studies. These four departments offer eight degrees, both graduate and undergraduate. The College also serves students with interests in pre-architecture. The faculty and alumni of the College have distinguished themselves as scholars, visual artists, teachers and performers. The University's Touhill Performing Arts Center, which opened in the fall of 2003, provides two world-class venues for performances. In addition, three galleries offer space for display of student and faculty artwork as well as visiting exhibitions, and two labs support Communication Research.

The College of Fine Arts and Communication is further distinguished by its collaboration with the community. Endowed professorships link the University to the Saint Louis Symphony, The St. Louis Art Museum, Opera Theatre of St. Louis, the Laumeier Sculpture Park and a variety of other St. Louis cultural institutions.

Students interested in these degrees or in need of preliminary advising may contact the Office of Undergraduate Student Affairs at (314) 516-5501 for an appointment or referral to the department in which you are interested.

Students and prospective students are encouraged to contact the department advising coordinators for the program of individual study. Students who maintain a relationship with their department have greater opportunities to meet other students with similar interests as well as optimize their student experience.

**College of Nursing**

The College of Nursing offers the bachelor of science in nursing degree (B.S.N.) for non-RNs through a four-year or accelerated program of study. RNs who are graduates of diploma or associate degree nursing programs complete a junior senior B.S.N. complete option(RN to B.S.N.), which avoids repeating previous nursing education. With both options (pre- or post-licensure), students must meet university and College of Nursing requirements. The Master of Science in Nursing Degree Program is designed for the nurse who wishes to pursue advanced nursing practice. The College of Nursing's MSN program offers two functional roles: Nurse educator and nurse practitioner. A Post MSN Graduate Certificate also is available for master's prepared nurses who wish to pursue a new area of clinical specialization. The MSN with the Nurse Practitioner option and the post MSN graduate certificate prepare students for eligibility to apply for certifying exams for adult, family,
pediatric, neonatal, or women's health. The Ph.D. program offers post-baccalaureate and post MSN tracks for students who wish to conduct research to improve the health status of high-risk populations, provide leadership to develop policies that promote health, and serve as collaborators and principal investigators on interdisciplinary research teams. Careful planning is necessary to assure appropriate course sequencing. Students are strongly encouraged to develop a plan of study in conjunction with a nursing academic adviser to avoid extending the program of study. The D.N.P. program prepares students at the highest level of clinical nursing practice to improve quality of care for individuals and populations through leadership in advanced practice and improving systems of care.

Faculty maintain the right to make appropriate curriculum changes to comply with standards for accreditation and approval as stipulated by the Commission on Collegiate Nursing Education and the Missouri State Board of Nursing’s minimum standards.

**Pierre Laclede Honors College**
Honors Scholars receive both academic advising and personal counseling from the college's administrative and teaching staff throughout their undergraduate careers. During the first two years, particular attention is given to the ways in which students fulfill their Honors College and university general education requirements and prepare themselves for their majors by taking the necessary prerequisites. After a major is declared, Honors College advisement with regard to work done for honors credit continues and is supplemented by major related advising provided by the appropriate academic unit. The college identifies candidates for major graduate fellowships and assists them in preparing their dossiers. Similar assistance is given to scholars planning to go on to graduate and professional schools or seeking career opportunities immediately upon graduation.

**Other Considerations**

**Assessment**
The University of Missouri has been directed by the Board of Curators to assess the outcomes of your university education. To this end two types of assessment are required: A test of general educational development given to a sample of incoming freshmen and graduating seniors who represent the university; and a test or project, specified by the major department, given to graduating seniors. As alumni, graduates are encouraged to participate in assessment by completing questionnaires sent to them by the university.

**Academic Residence**
Students must be in residence for at least 24 of the last 30 hours of graded credit (exclusive of courses graded on a satisfactory/unsatisfactory basis), except under unusual circumstances, to be decided by the dean.

**Graduation**
Students should file a degree application form with their respective dean's office at least one year before the expected graduation date. (Students in the College Fine Arts and Communication should file their degree applications in 303 Lucas Hall). The dean's office makes a final check to determine that all graduation requirements have been met. Students should check with the dean's office or an adviser to be sure their program fulfills the requirements of the department and college or school, as well as the university general requirements. To assure graduating at the end of a specific semester, all work for that semester and any delayed grades from previous semesters must be completed with the grades sent to the Office of the Registrar no later than the official date for submission of final semester grades.

**Course Schedules**
Three times during the year, a Schedule of Courses is produced, listing the specific courses offered that semester and their meeting times and locations. This Schedule is posted on the UMSL web site, and available as follows:

- **Fall semester schedule**: preceding March.
- **Winter semester schedule**: preceding October.
- **Summer session schedule**: preceding March.

The university reserves the right to cancel without notice any course listed in the Bulletin or the Schedule of Courses for any semester or to withdraw any course which does not have adequate enrollment.
General Education Requirements:

Students must successfully complete the general requirements of the university, the school or college in which they are enrolled, and the specific requirements of their area of specialization. Described below are the general education requirements for all degrees.

The University of Missouri-St. Louis General Education Program was approved by the Faculty Senate April 23, 2002. This program affords both native and transfer students attending our university the opportunity to develop and use intellectual tools and to acquire a breath of knowledge necessary in our challenging, technological, and diverse world. This program challenges students to investigate various disciplines as potential majors and to develop environments, and it prepares them for success in major fields of study. The program complies fully with the Missouri Coordinating Board of Higher Education Guidelines on Transfer and Articulation (June 2000).

General Education Requirements (Effective Fall, 2002)

Application of Policy to Freshmen

Freshmen who enrolled at UMSL or at any other accredited post-secondary institution in fall 2002, and all future freshmen, must complete the requirements of the General Education Plan in order to earn a baccalaureate degree from the University of Missouri-St. Louis. For purposes of this policy, a freshman is defined as any student who has completed less than 24 semester hours of credit* prior to the start of the fall 2002 semester.

*Only credit that is transferable to UMSL is applicable. For purposes of implementing the general education plan at UMSL, the phrase "credit that is transferable" shall be interpreted to mean all credit associated with coursework completed with a grade of D- or better at a regionally accredited post-secondary institution (or an approved foreign college or university). Credit associated with military science and developmental/remedial coursework shall be excluded from this understanding of "credit that is transferable".

Application of Policy to Others

Students who have earned 24 or more semester hours of credit* at any accredited post-secondary institutions(s) before the start of the fall 2002 semester must meet the general education requirements stipulated in the UM-St Louis 2001-2002 Bulletin. However, such students may elect to complete the new General Education Plan described below that became effective in the fall semester of 2002.

*Only credit that is transferable to UMSL is applicable

SKILL GOALS:

Communicating Skills (minimum 2 three-hour courses or 6 hrs) [C]
Managing Information Skills (min. 1 course or 3 hrs) [MI]
Valuing Skills (min. 1 course or 3 hrs) [V]

KNOWLEDGE GOALS:

Social and Behavioral Sciences Knowledge Goal (min. 3 three-hour courses or 9 hours minimum) [SS]
 Humanities and Fine Arts Knowledge Goal (min. 3 three-hour courses or 9 hours minimum) [H]
 Mathematics and Life/Natural Sciences (min. 4 three-hour courses or 12 hours minimum) [MS]

Students may take only those courses listed below for the 42-hour General Education block. Many courses satisfy more than one goal, are designated as such, and may be counted for all of the goals listed for each specific course. Select courses that concentrate fully on a skill goal(s) but no knowledge goals have been marked with an asterisk, and it should be noted that those courses concentrate on the designated skill comprehensively.

Once students have met the required number of courses or hours under each goal, they may take any of the certified General Education courses listed under any of the goals to achieve the 42-hour program. This offers them the opportunity to use the General Education program to meet their individual needs and interests. Students may not take any upper-level courses or any lower-level courses that do not appear on the list of certified General Education courses to complete the 42-hour block.
Transfer students entering UMSL may transfer a CBHE approved 42-hour block of General Education courses, in accordance with the CBHE Transfer and Articulation agreement. However, those students transferring with fewer than 42 hours or from a non-participating institution will have their transcripts evaluated on a course-by-course basis.

The new General Education Program of the University of Missouri-St. Louis offers students an exciting and challenging program that develops the skills and knowledge necessary to succeed in today's changing world. The following information outlines each of the six goals and the courses that meet the competencies students must achieve to accomplish the designated skills and knowledge goals. The program also allows for individual choices in disciplines and skills to assist the students in their undergraduate endeavors at UMSL.

**GENERAL EDUCATION GOALS AND COURSES**

**PLEASE NOTE:**

* Course addresses skill goal(s) and no knowledge goals. The course covers the skill goal comprehensively and is suggested for those students who seek an in-depth coverage of that skill.
**Course will count for Cultural Diversity Graduation Requirement.
***Course will count for State Government/History Requirement (Honors students should check with Honors College each semester for list of Gen. Ed. Courses that meets this requirement). ALL COURSES ARE THREE-HOUR COURSES UNLESS OTHERWISE NOTED. ALL COURSES ARE THREE-HOUR COURSES UNLESS OTHERWISE NOTED.

**GOALS:**

**SKILL GOALS:**

COMMUNICATING (min. 2 courses or 6 hrs)
MANAGING INFORMATION (min. 1 course or 3 hrs)
VALUING (min. 1 course or 3 hrs)

**KNOWLEDGE GOALS:**

SOCIAL AND BEHAVIORAL SCIENCES (min. 3 three-hour courses or 9 hr)
HUMANITIES AND FINE ARTS (min. 3 three-hour courses or 9 hrs)
MATHEMATICS AND LIFE/NATURAL SCIENCES (min. 4 three-hour courses or 12 hrs)

**GOAL # 1 COMMUNICATING SKILLS**

The Communicating Skills Goal develops students' effective use of the English language and quantitative and other symbolic systems essential to their success in school and in the world. Students should be able to read and listen critically and to write and speak with thoughtfulness, clarity, coherence, and persuasiveness (CBHE General Education, June 2000).

Students must complete a minimum of two courses or six hours in the Communicating Skills area including a freshman composition course (ENGL 1100, 1110 or HONORS 1200) and one other course taken from the following list:

* comprehensive coverage of skill goal
** satisfies cultural diversity requirement
***satisfies state government requirement

**GOAL # 2 MANAGING INFORMATION SKILLS**

The Managing Information Skills Goal develops students’ abilities to locate, organize, store, retrieve, evaluate, synthesize and annotate information from print, electronic, and other sources in preparation for solving problems and making informed decisions (CBHE General Education, June 2000).
Students must complete a minimum of one course or three hours in the Managing Information Skills area taken from the following list:
*comprehensive coverage of the skill goal
**satisfies cultural diversity requirement
***satisfies state government requirement

GOAL # 3 VALUING SKILL

The Valuing Skills Goal develops students’ abilities to understand the moral and ethical values of a diverse society and to understand that many courses of action are guided by value judgments about the way things ought to be. Students should be able to make informed decisions through identifying personal values and the values of others and through understanding how such values develop (CBHE General Education, June 2000).

Students must complete a minimum of one course or three hours in the Valuing Skills area taken from the following list:

<table>

** GOAL # 4 SOCIAL AND BEHAVIORAL SCIENCES KNOWLEDGE **
The Social and Behavioral Sciences Knowledge Goal develops students’ understanding of themselves and the world around them through the study of content and the processes used by historians and social and behavioral scientists to discover, describe, explain, and predict human behavior and social systems. Students must understand the diversities and complexities of the cultural and social world, past and present, and come to an informed sense of self and others (CBHE General Education, June 2000).

Students must complete a minimum of three courses or nine hours in the Social and Behavioral Sciences Knowledge area taken from the following list:

- **satisfies cultural diversity requirement
- ***satisfies government requirement

GOAL # 5 HUMANITIES AND FINE ARTS KNOWLEDGE

The Humanities and Fine Arts Knowledge Goal develops the students’ understanding of the ways in which humans have addressed their condition through imaginative work in the humanities and fine arts; to deepen their understanding of how that imaginative process is informed and limited by social, cultural, linguistic, and historical circumstances; and to appreciate the world of the creative imagination as a form of knowledge (CBHE General Education, June 2000).

Students must complete a minimum of three courses or nine hours from the Humanities and Fine Arts Knowledge area taken from the following list:

**satisfies cultural diversity requirement

**GOAL # 6 MATHEMATICS AND LIFE/NATURAL SCIENCES KNOWLEDGE**

The Mathematics and Life/Natural Sciences Knowledge Goal develops students’ abilities in the areas of mathematics and sciences. In mathematics, the goal develops the students’ understanding of fundamental mathematical concepts and their applications. Students should develop a level of quantitative literacy that would enable them to make decisions and solve problems and which could serve as a basis for continued learning. To meet this goal, students must have one mathematics course that has the same prerequisite(s) and level of rigor as college algebra. In the life and natural sciences, this goal develops the students’ understanding of the principles and laboratory procedures of life and physical sciences and to cultivate their abilities to apply the empirical methods of scientific inquiry. Students should understand how scientific discovery changes theoretical views of the world, informs our imaginations, and shapes human history. Students should also understand that science is shaped by historical and social contexts (CBHE General Education, June 2000). Students must complete a minimum of four courses or twelve hours in the Mathematics and Life/Natural Sciences Knowledge area.

**Note:** All students are required to earn a C- or better in a college-credit mathematics course (Math 1020 or higher meets this requirement at UMSL), or achieve a score of 26 or higher on the Missouri Math Placement Test. Students should check the current schedule of courses for more details regarding math proficiency and placement.

Geology 1002 (4 hrs) Historical Geology (with lab)
Honors 2040 (2 hrs) Inquiries in Math and Computer Science
Honors 2050 (2 hrs) Inquiries in the Natural Sciences
Mathematics 1020 (3 hrs) Contemporary Mathematics
Mathematics 1030 (4 hrs) College Algebra
Mathematics 1035 (2 hrs) Trigonometry
Mathematics 1100 (3 hrs) Basic Calculus
Mathematics 1102 (3 hrs) Finite Mathematics
Mathematics 1105 (3 hrs) Basic Probability and Statistics
Mathematics 1150 (3 hrs) Structure of Mathematical Systems
Mathematics 1800 (5 hrs) Analytic Geometry and Calculus I
Mathematics 2510 (3 hrs) Structure of Mathematical Systems II
Physics 1001 (3 hrs) How Things Work
Physics 1011 (4 hrs) Basic Physics I
Physics 1012 (4 hrs) Basic Physics II
Physics 2111 (5 hrs) Physics: Mechanics and Heat
Physics 2112 (5 hrs) Physics: Electricity, Magnetism and Optics

Credit Hours
All candidates for baccalaureate degrees must complete a minimum of 120 semester hours. At least 45 of these hours must be courses numbered 2000 or above (or comparable courses transferred). Students must maintain a minimum 2.0 grade point average overall, as well as in their area of specialization. Students seeking two degrees must meet all degree and residency requirements of each degree.

Other Requirements

Mathematical Skills
Proficiency in the basic mathematical skills area should be satisfied before the student completes 24 hours of course work. Proficiency can be obtained in either of the following ways.

Completing, with a grade of C- or better, a college credit mathematics course. Scoring 26 or higher on the Missouri Math Placement Test (MMPT). The MMPT covers mathematics through the college algebra level.

*The first two college credit mathematics courses that the university offers which satisfy mathematics proficiency are Math 1020: Contemporary Mathematics and Math 1030: College Algebra. Math 1020 is designed as a terminal mathematics course for students who do not plan to take calculus. Math 1030 is required for all students who want to go on to calculus. The prerequisite for enrolling in Math 1020 or Math
1030 is a satisfactory score on the math placement test. (effective January, 2005) **This test must be taken not earlier than 6 months before enrolling in the course.**

Study guides for the UMSL Math Placement Test and the MMPT (as well as the UMSL Trigonometry Test, which is not needed for minimum math proficiency) are available on the University’s home page, under math placement information/math practice test, as well as at the circulation desk of the Thomas Jefferson Library (file number 991). Students will need to make their own copies. Math placement test dates are published in the **Schedule of Courses** and on the math placement website.

**Advanced Expository Writing**
Effective fall semester 1985, students must also complete ENGL 3100, Advanced Expository Writing, or its equivalent, with a grade of C- or above.

**American History and Government**
Students must satisfactorily complete a course or courses in American history or government taken at UMSL or at other colleges or universities in Missouri. Transfer students should check with the dean’s office of their division to find out if they have fulfilled this requirement.

The requirement may be satisfied by one of the following courses:

- **CRIMIN 1100**, Introduction to Criminology and Criminal Justice (Criminology majors may not use this course to satisfy the state requirement.)
- **HIST 1001**, American Civilization I
- **HIST 1002**, American Civilization II
- **HIST 1003**, African-American History
- **HIST 1004**, The History of Women in the United States
- **HIST 2007**, The History of Missouri
- **HIST 3002**, United States History: Revolution and the New Nation, 1763 to 1815
- **HIST 3041**, Topics in American Constitutional History
- **POL SCI 1100**, Introduction to American Politics
- **POL SCI 2260**, Law and the Individual
- **POL SCI 2280**, Judicial Politics, Process and Policy
- **POL SCI 2290**, Women and the Law
- **POL SCI 2300**, State Politics
- **POL SCI 2320**, African Americans and the Political System
- **POL SCI 2350**, Introduction to Urban Politics
- **POL SCI 2380**, Women in U. S. Politics
- **POL SCI 2400**, Public Administration
- **POL SCI 2420**, Introduction to Public Policy
- **POL SCI 3200**, Constitutional Law
- **POL SCI 3210**, Civil Liberties
- **POL SCI 3260**, The Supreme Court
- **POL SCI 3300**, The American Presidency
- **POL SCI 3330**, Introduction to Political Behavior
- **POL SCI 3331**, Congressional Politics
- **POL SCI 3350**, Political Parties and Elections
- **POL SCI 3370**, Mock Constitutional Convention
- **POL SCI 3400**, Bureaucratic Politics
- **POL SCI 3450**, Urban Administration
- **POL SCI 4470**, Urban Planning and Politics

**Cultural Diversity Requirement.**
To expand cultural awareness, students in some academic units may be required to complete a course that emphasizes Asian, African, Middle Eastern, Latin American, Pacific aboriginal, Native American, or a comparable culture. Courses that satisfy this requirement involve substantial material independent of the cultures' interactions with European cultures. If a course focuses on one facet of a culture, it must treat the topic within the context of the culture as a whole. These courses are also coded with the initials [CD] for Cultural Diversity This requirement may be met by one of the following courses:

- **ANTHRO 1011**, Introduction to Cultural Anthropology
- **ANTHRO 1019**, Introduction to Archaeology
- **ANTHRO 1021**, The Body in Culture
- **ANTHRO 1025**, World Cultures
- **ANTHRO 1033**, World Archaeology
- **ANTHRO 1041**, Sex and Gender Across Cultures
- **ANTHRO 1051**, Anthropology of Sport
- **ANTHRO 1091**, Introductory Topics in Anthropology
- **ANTHRO 2111**, Cultures of East Asia
- **ANTHRO 2114**, Cultures of the Near and Middle East
- **ANTHRO 2120**, Native Peoples of North America
ANTHRO 2123, Cultures of Oceania
ANTHRO 2124, Cultures of Africa
ANTHRO 2131, Archaeology of Missouri
ANTHRO 2132, Archaeology of North America
ANTHRO 2134, Archaeology of the Inca, Aztec, and Maya
ANTHRO 2135, Old World Archeology
ANTHRO 2138, African-American Archaeology
ANTHRO 2173, Archaeology and Cultures of the Biblical World
ANTHRO 2191, Special Topics in Non-Western Cultures
ANTHRO 3235, Women in Subsaharan Africa: A Contemporary Perspective
ANTHRO 3238, Culture and Business in East Asia
ART HS 1102, Art of Egypt and the Ancient Near and Middle East
ART HS 1104, Indigenous Arts of North America
ART HS 1105, Introduction to the Arts of Africa
ART HS 1108, Introduction to Asian Art
ART HS 1110, The Arts of Japan
ART HS 4405, Topics in African Art
ART HS 4408, Topics in Asian Art
ENGL 2280, The Contemporary World in Literature
CHINESE 2150, Chinese Literature in Translation
JAPANESE 2150, Classic Japanese Literature in Translation
HIST 1041, East Asian Civilization
HIST 1042, East Asian Civilization
HIST 1051, Latin American Civilization
HIST 1061, African Civilization To 1800
HIST 1062, African Civilization Since 1800
HIST 1064, The African Diaspora since 1800
HIST 3032, History of Women in Comparative Cultures
HIST 3101, Modern Japan: 1850 to the present
HIST 3102, Modern China: 1800 to the Present
HIST 3103, Modern History of the Pacific Rim
HIST 3201, History of Latin America: To 1808
HIST 3202, History of Latin America since 1808
HIST 3301, West Africa to 1800
HIST 3302, West Africa Since 1800
HIST 3303, African Diaspora to 1800
HIST 3304, African Diaspora Since 1800
HONORS 1330, Honors Non-Western Traditions
HONORS 2310, Cultural Diversity in the Humanities
HONORS 2330, Cultural Diversity in the Social Sciences
M H L T 1090, Non-Western Music I
M H L T 1100, Non-Western Music II
PHIL 1120, Asian Philosophy
PHIL 1125, Islamic Philosophy
POL SCI 1500, Introduction to Comparative Politics
POL SCI 1550, Women and Politics in the Developing World
POL SCI 2520, Middle Eastern Politics
POL SCI 2530, Political Systems of South America
POL SCI 2540, Political Systems of Mexico, Central America, and the Caribbean
POL SCI 2550, East Asian Politics
POL SCI 2580, African Politics

SOC 3245, Sociology of South Africa
TH DAN 1850, Introduction to Non-Western Theatre

**Reserve Officers Training Courses**

Only MIL SCI 4101 and 4102 may receive degree credit in Arts and Sciences and the College of Fine Arts and Communication. All other Military Science courses receive no credit and they are not counted in the student's grade point average.
Fees for Undergraduate Study

Fee Assessment

Fees for coursework vary due to the student’s residency standing, undergraduate, graduate or post-graduate school status, hours and term of enrollment and the applicability of any special fees. The total per credit hour fee rate commonly consists of the Educational fee, Information Technology Fee, Student Facility, Activity, & Health Fee and any special course fees or parking permit fees. Detailed Information on fees and residency status can be found on the Cashier’s website.

Financial Responsibility

It is the responsibility of the student that fees and other financial obligations are paid as they become due regardless of who is making the payments. Students who need assistance in meeting financial obligations to the University should contact the Financial Aid Office in a timely manner. Students are expected to check their University e-mail and review and understand their monthly billing statements regularly. Students are expected to adhere to important dates and policies that impact fees. Billing due dates, and fee reassessment dates are posted on the Cashier’s website and through links on the eBill website. The non-payment of any financial obligation may result in additional collection fees, the inability to register and the withholding of student records.

Billing Notification

Every month, an email is sent to the (umsl.edu) email address notifying students that a bill has been generated and is ready for viewing. Any authorized payers that the student has set up on eBill will also receive a notification email. To change your notification preference log on to eBill and select the User Preferences option.

MyView

Through the MyView student system, students can access real-time detailed account and billing information, manage direct deposit and eBill user profiles, view their statement history and make a payment through one convenient location in the Self Service Student Center. The Student Center provides these features and even more drill-down capability, filters and self-help as well as greater access to information to enable and enhance the educational experience.

Payment of Fees

The Cashier’s office offers several payment options, including a minimum monthly payment. The minimum payment can be found at the top of the monthly billing statement or by checking the percentage due as shown in the cancellation/financial hold timeline on the Cashier’s website. If a student chooses to make the minimum payment or a partial payment, a finance charge of 1% of the Adjusted Amount Due will be assessed. The monthly 1% finance charge can be avoided by paying the balance in full.

The payment due date is the first day of each month. Student accounts will be subject to a $10 late fee if payment is not received by the due date shown on the monthly billing statement. All fees, fines, bookstore charges, etc. must be paid by the last day of the term. After the semester ends, unpaid accounts will be turned over to an outside collection agency. Collection agency fees of up to 50% of the unpaid account balance will be added to the students account. Student accounts must be paid in full before a student will be permitted to register for upcoming semesters, receive transcripts or receive a diploma.

Payment Options

- Online – Visit ebill to make payment using a personal checking or savings account or a MasterCard or Discover credit card. (2.75% service charge applied to credit card payments)
- Automated Payments – you may choose to have the minimum payment, or billed balance due deducted from your checking, savings or credit card each month. (2.75% fee applies to all credit card payments)
- Mail – send your check to the address on your billing statement. Include your name & student #.
- In person – visit the Cashier’s office at 285 Millennium Student Center. Payment in cash, check, money order or pin based MasterCard or VISA debit are accepted at the cashier stations. (No credit cards)
- Payment Kiosks – Payment from a personal checking or savings account or by MasterCard or Discover credit card can be made at any of the four payment kiosks located in the MSC. (2.75% service charge
applied to credit card payments)

- Payment Drop Box – A secure payment drop box is situated just outside the Cashier’s office, room 285 of the Millennium Student Center. Only Check or money order payments please.

Any check presented to the University for payment which is returned unpaid will be assessed a $20.00 return check fee.

**Fee Reassessment**

Students who are leaving school or dropping classes are responsible for canceling their registration and verifying that all of their classes have been dropped. Any refunding of fees will be made according to the Reassessment Schedule available on the Cashier’s web page. The refund process requires two (2) to four (4) weeks processing time after withdrawal or dropped classes. Charges that students accrue prior to a refund being issued will be deducted from the refund amount. Charges that are accrued after a refund is issued will be billed to the student on the monthly billing statement.

**Fees May Change Without Notice**

The University reserves the right to modify by increase or decrease the fees charged for attendance and other services at the University, including but not limited to educational fees, at any time when in the discretion of the governing board the same is in the best interest of the University, provided that no increases can or will be effective unless approved by the governing board not less than thirty (30) days prior to the beginning of the academic term (semester, etc.) to which the fees are applicable, with all modification of fees to be effective irrespective as to whether fees have or have not been paid by or on behalf of a student prior to the effective date of the modification.
The Graduate Faculty sets Graduate School policies in the Bulletin. Students should be aware that their programs might have rules and policies that are above these minimum university-wide requirements.

Admissions
The University of Missouri-St. Louis admits qualified individuals to study for graduate degrees and certificates. Students with a bachelor’s degree or the equivalent from an accredited college or university may apply for admission to the Graduate School. Applicants may be denied admission if (a) they do not meet admission standards, (b) there are no available openings, or (c) applications are incomplete at the time of the decision.

To receive graduate credit at the University of Missouri-St. Louis students must have been admitted to the Graduate School as Degree-seeking, Graduate Certificate or Non-Degree seeking student.

Degree-Seeking or Graduate Certificate Students
Applicants for a degree or graduate certificate program at the University of Missouri-St. Louis submit an application, official transcript documenting the baccalaureate degree, scores from examinations required by the program, and other evidence of academic and professional preparation required by the program. Such evidence may include standardized test results, letters of recommendation, transcripts of all academic work attempted, and writing samples.

When there are openings for new students, applicants are normally admitted given official evidence of (a) a baccalaureate or advanced degree from an accredited institution of higher education, (b) an undergraduate grade point average (G.P.A.) and major field G.P.A. of at least 2.75, (c) an acceptable score on each requisite examination, and (d) satisfactory additional materials required by the particular program. The dean of the Graduate School makes the final decision on applications, based on recommendations from the unit.

Non-Degree-Seeking Student
Applicants may seek status as Non-Degree-seeking graduate students if they are visiting students, they do not intend to pursue a degree, or they want to participate in graduate workshops or institutes. Applicants must provide an official transcript showing completion of a baccalaureate or higher degree, with a G.P.A. of at least 2.5.

The dean of the Graduate School admits Non-Degree-seeking students only upon recommendation of the unit.

A Non-Degree student must maintain a G.P.A. of at least 3.00.

Course work completed by Non-Degree students is not regarded as work toward a degree program. Therefore, Non-Degree students are not eligible for federal financial aid. The maximum hours of Non-Degree status work that can be applied to a degree program is nine semester hours. A Non-Degree student wishing to take more than nine hours may be allowed to do so contingent upon departmental recommendation. No credits taken as Non-Degree status may count as part of the residence requirement for a degree.

Since Education Certification students take courses for State Department of Education certification, they do not need departmental approval to take more than nine hours. However, all other conditions regarding admission and registration that apply to Non-Degree students apply to Education Certification students.

Students wishing to change from Non-Degree to Degree seeking must submit a new graduate application for review and approval by the unit and the dean of the Graduate School.

Traveling Scholars and Inter-University Graduate Exchange Students
There are two avenues for students to take graduate courses at UMSL without applying for admission.

1. Traveling Scholars are graduate students at one of the other University of Missouri (UM) campuses.
2. Inter-University Graduate Exchange students are Washington University and St. Louis University students who enroll on the home campus for UMSL courses not offered on their own campus.

Degree-seeking graduate students at UMSL may also participate in these programs, if their advisors and the Graduate School approve their requests. Certain restrictions apply.

Unclassified Students
Students who are not qualified for admission to the Graduate School may be considered for undergraduate
admission to UMSL as Unclassified Students. Unclassified Students are considered Post-baccalaureate, are not admitted to the Graduate School, may not take graduate-level courses, and do not receive graduate credit. Credits earned by an Unclassified Student may not later be considered as graduate credits should the student subsequently be admitted to the Graduate School.

Enrollment in Off-Campus and Continuing Education Courses
Students who have been admitted to the Graduate School may enroll in off-campus graduate courses without further application.

Students with a baccalaureate degree who have not been admitted to the Graduate School must be approved for admission as a Non-Degree graduate student to take Continuing Education courses for graduate credit.

Admission of International Students
International students must meet all requirements for admission to the Graduate School. In addition, international students whose native language is not English and who have spent less than two of the last three years in an English-speaking country are required to submit scores from an internationally accepted standardized examination before a decision is made on admission.

Teaching assistantships will be awarded only to students with demonstrated oral English proficiency. Normally international teaching assistants may not teach during their first semester on campus.

When it is not possible for a student to take the required examination for reasons beyond personal convenience, the unit to which the student has applied may develop alternate ways for that particular student to demonstrate English language competence prior to admission. The Graduate Dean must approve such alternative metrics.

Applicants from other countries shall provide a summary of their educational experience as a basis of comparison of their backgrounds with those of U.S. applicants. They must also provide a statement of their financial situation and the anticipated form of support for the period of graduate study.

Enrollment
Students who have been admitted to the Graduate School may enroll in classes in any term within one calendar year after admission. New students are strongly urged to seek advising before registering. If an advisor is not assigned, then the graduate director in the program should be the student’s first contact in the department.

To remain in good standing, students shall enroll for at least one term each calendar year. Students not meeting this enrollment requirement will become inactive and be required to reapply. If students reapply and are readmitted, they will be subject to all regulations in effect at the time of readmission.

After they achieve candidacy, Doctoral students must enroll each fall and spring semester until the degree is completed.

International students on student visas must enroll fulltime for each fall and spring semester.

Fulltime Study
The minimal fulltime course load is nine credit hours for a regular semester and/or five credit hours during the eight-week summer session.

Graduate Equivalent Hours
In calculating credit hours for full-time enrollment, students may seek approval for the following semester hour equivalents:
1.) Three equivalency hours for holding a 0.5 FTE Graduate Teaching Assistantship, Graduate Research Assistantship, Graduate Assistantship, or Graduate Instructor position; up to two equivalency hours for appointments between 0.25 and 0.49 FTE.
2.) Three equivalency hours in the semester the student is preparing for comprehensive examinations. This semester hour equivalency is allowed for a maximum of two semesters.
3.) Eight equivalency hours after achieving candidacy. This semester- hour equivalency is allowed for a maximum of eight semesters.
4.) Participation in approved required out-of-class experiences in specific programs. Please see your advisor for the approved list.

Overloads
During the regular semester, students may not enroll in more than 12 hours. Normally no more than three credit hours may be taken in any four-week period.

Heavier than normal loads may be permitted by the Graduate Dean, upon recommendation by the unit, for a) students whose cumulative UMSL G.P.A. is substantially above the program average; and b) students in good academic standing for whom an overload of one course will permit them to graduate during the term in which the overload is taken. Students are normally not allowed to take an overload in their first semester in Graduate School.
Degree Program Plans
It is expected that graduate students will consult regularly with their advisors to plan a course of study that ensures timely completion of the requirements.

At least half of the credits for master’s, educational specialist and doctoral degree plans must be from 5000-level courses and above.

Within the major department, students normally may not take a 3000-level course for graduate credit. However, outside the department, a 3000-level course may be taken for graduate credit with the approval of the students’ advisors. Advisors must seek approval from the instructor, who may assign additional work commensurate with the student’s graduate status.

Courses numbered from 0 to 2999 may not be taken for graduate credit. No course applied to an undergraduate degree may be allowed in that student’s graduate degree.

Credit for Courses Taken Prior to Enrolling in a Graduate Program at UMSL
Transfer credit shall be granted only for approved graduate courses for which a grade of at least B-, or equivalent, was achieved from an accredited institution.

Degree credit may be allowed for up to three credit hours for institutes, workshops, clinics, and Continuing Education courses only if offered by an appropriately accredited institution of higher education. Only such courses that award a letter grade may be applied to a graduate degree.

Students may transfer up to 18 hours of work on a Graduate Certificate Program Plan to a Master’s or Doctoral Program Plan, if the unit granting the degree approves the transfer.

Credit for Courses Taken at Other Universities After Enrolling in a Graduate Program at UMSL
Graduate students admitted to UMSL must petition in advance to take courses at another institution and apply the credit toward a graduate degree at UMSL.

With prior approval, regularly admitted graduate students are permitted to take a course not offered by UMSL at Washington University, St. Louis University, or Southern Illinois University-Edwardsville.

Time Limitation
The maximum time allowed for completion of a master’s degree is six years after the first course enrollment. The maximum time allowed for completion of an educational specialist degree is six years after the first course enrollment. Graduate work completed outside these time periods may not be included in the degree program except under extraordinary circumstances and then only after petition to and approval by the dean of the Graduate School. An exception to the time limitation may be approved in advance with an authorized leave of absence.

Leave of Absence
Graduate students who are forced to interrupt their studies for a period of one or more years should request a leave of absence from the university. In consultation with their advisors, students shall define the program modifications that the leave of absence requires. Requests must indicate the reason for leaving and the expected date of return to the university. Approval of the dean of the Graduate School is required.

The leave of absence is designed to suspend the requirement for continuous enrollment. It does not affect the maximum time limitation set for a degree program unless a specific exception is approved.

Undergraduate Enrollment in 5000-Level Courses
Under special circumstances undergraduate students in good standing at UMSL may enroll in 5000-level courses for undergraduate credit. Approvals from the advisor, department chairperson, academic dean, and dean of the Graduate School are required. In rare cases, students subsequently admitted to the Graduate School may petition for graduate credit for 5000-level courses that they took as undergraduates, as long as those courses were not applied to their undergraduate degrees.

Class Attendance
Only students who have previously paid fees may attend a class. Instructors are not authorized to allow students to attend classes if fees have not been paid. Students may not register and pay fees after the prescribed dates.

Preregistration
Enrolled students may preregister for the next term during regular preregistration periods. Registration is not complete until all university fees are paid.

Petitioning Into or Out of a Course
Students must receive the approval of their adviser and the course instructor to enroll in or withdraw from a course after registration.

Entering a Course in Progress
Students wishing to enter a course in progress must have the approval of the instructor and their adviser. Only under exceptional circumstances may students enter courses after the first week of the semester.

**Dropping a Course**
Students may drop courses before the end of the fourth week of a regular semester or the second week of the summer session without receiving grades. At the end of this period and until the end of 12 weeks (or from the third through the sixth week of the summer session), students may withdraw from courses with "Excused" grades providing they are passing the course and have the approval of the instructor and their adviser. Otherwise, a grade of F is given. Students who stop attending classes without officially dropping courses also receive grades of F.

**Transcripts**
The registrar will furnish transcripts of credits to a student upon written request. Transcripts are furnished to students’ parents or guardians or other parties or institutions only if students have filed written consent with the registrar. There is a charge per transcript. Students transferring to another University of Missouri campus may ask the UM St. Louis Director of Admissions to furnish a transcript to the Office of Graduate Admissions at the other UM campus.

Requests for transcripts by organizations either financially supporting a student or with fee compensation programs are not honored unless the student has filed a consent form with the registrar, authorizing the release of such records.

Transcripts are not issued to or for students who have financial obligations to the university until those obligations are paid in full.

**Academic Policy**

**Academic Policy Grades**
Faculty teaching graduate courses have complete discretion in assigning grades. Point assignments for grades are as follows;

- A = 4.0
- A- = 3.7
- B+ = 3.3
- B = 3.0
- B- = 2.7
- C+ = 2.3
- C = 2.0
- C- = 1.7
- F = 0
- EX = Excused
- DL = Delayed

The satisfactory/unsatisfactory (S/U) option, which is an option for undergraduate students, is not normally available in courses for graduate credit. S/U grades may be given only for specific internships, practica, or project courses as requested by a school or college, with prior approval from the Graduate Council. Courses on the S/U grading system will carry no points toward calculation of the grade point average.

Students who stop attending classes without officially dropping courses receive grades of F.

Students may enter courses as auditors but may not change from audit to credit or credit to audit after the first week of class. Auditors are charged full fees and receive no academic credit.

**Delayed Grades**
Delayed grades may be given when a student’s work is of passing quality but is incomplete because of circumstances beyond the student’s control. Although delayed grades do not affect a graduate student’s grade point average, they are an important factor in evaluating academic progress. Delayed grades must be removed within two regular semesters after the time recorded or they automatically become F grades. In such cases, course instructors may subsequently change F grades to other grades on their progress in a sequential course and indicate that a grade will be assigned at the end of the sequence. Some programs assign the Delayed Grade for dissertations or theses in progress.

**Graduate Grade Appeals**
In case of disputes regarding grades, graduate students shall follow the university Grade Appeal Process by contacting the Department Chair.

**Grade Point Average (GPA)**
UML calculates three types of G.P.A. At the end of each semester, the term G.P.A. is calculated on the courses attempted that semester. The cumulative GPA on the transcript includes all courses taken at UMSL for graduate credit figure, including courses that may not be a part of the degree program. The degree program GPA includes only the grades of those courses that are part of the degree program. The degree program GPA
must be at least 3.0 for a student to receive a graduate degree.

**Grade modification is not an option for graduate students.**

Any course work transferred from other universities, including other UM campuses, will not be included in any GPA calculation.

**Probation**
Failure to make adequate progress jeopardizes a student’s potential to complete the degree as well as their financial aid. To provide students notice of inadequate progress at the end of each semester, graduate students with a cumulative GPA below 3.0 in a minimum of nine credit hours are placed on probation. A program may also place a student on probation if faculty regards the student’s progress as unsatisfactory. The Graduate School will inform students of their probation by letter, with copies sent to the graduate director of the program, the Graduate Admissions Office and Financial Aid.

If at the end of the probationary semester the cumulative GPA is at least 3.0, the probationary status is removed. A probationary student who fails to raise the cumulative GPA to 3.0 may, on the recommendation of the program, be allowed a second probationary semester.

**Dismissal**
A student who is on probation for more than two semesters during his/her program of study will be dismissed, unless the dean of the Graduate School approves an exception request for continuation from the advisor and/or graduate director. Upon recommendation of the unit, the Graduate School may dismiss any graduate student who does not make adequate progress. The Graduate School is responsible for sending dismissal letters to students, with copies sent to the graduate advisor, the graduate director of the program, the Graduate Admissions office, and the Financial Aid Office.

**Master's Degree Requirements**

**Admission**
Each master's degree program determines any eligibility standards beyond the minimum for admission to the Graduate School.

**Enrollment**
All master's degree students shall be enrolled for credit for access to university resources, including advisement, data gathering, or examinations.

Full-time status for all graduate students is defined as at least nine credit hours of course work. Individual units may require higher enrollments.

**Credit Requirements**
A minimum of 30 semester hours of graduate credit is required for all master's degree programs. Units may require a greater number of hours for their programs.

**Residence Requirement**
The final two-thirds of the courses in a master's degree program must be completed in residence at UMSL.

**Time Limitation**
All courses included in a master's degree program, whether taken at UMSL or at another institution, shall have been completed within six years after enrollment in the first course.

**Credit From a Certificate Program**
Students who have completed course credits in certificate programs may transfer those credits into a master's degree program with the unit's consent, as long as the credits fall within the time limitation set for master's degrees. If the master's degree is in a different unit from that awarding the certificate, then no more than one-third of the credits from the certificate program may apply to the master's degree. Multi-disciplinary programs may seek programmatic exceptions to this limit when the program undergoes the approval process.

**Dual Master's Degrees**
With approval of the unit and the Graduate School, students who have completed one master’s degree may transfer appropriate credits to a second master’s degree program. The number of transferable credits may not exceed one-third of the credit hours required by the second program. Subsequent transfers of the same courses to a third degree are not permitted.

With approval of the units involved and the Graduate School, students may simultaneously pursue two master's degrees under the following conditions: (a) No more than one-third of the credit hours required by either program may be applied to both programs; (b) Students must obtain approval of both units before completing 12 hours in either program.

Multi-disciplinary programs may seek programmatic exceptions to the one-third limit when the program undergoes the approval process by addressing specific allowable transfers between those two degree
Master's Degree for Doctoral Students

Doctoral students may receive a master's degree in their unit for work they have completed toward a doctoral degree. The unit establishes the requirements for such a master's degree. However, the requirements should, in principle, be similar to those for master's degrees offered by the unit.

Doctoral students may also receive a master's degree for work they have completed toward a doctoral degree in another unit provided (a) they apply no more than two-thirds of the master's degree courses to their doctoral degree program; (b) they have been admitted to the master's degree program; and (c) they have obtained the approval of the advisors from both programs and from the Graduate School. Credit from the master's degree must constitute less than half the total credits required for the doctorate.

Multi-disciplinary programs may seek programmatic exceptions to these limits when the program undergoes the approval process.

Filing the Degree Program

A master's degree student shall file an approved program plan with the Graduate School before completing the first two-thirds of the credit hours required in the program. Students may petition the dean of the Graduate School to change the degree program after it has been filed.

Comprehensive Examination, Scholarly Paper, or Exit Project

Each unit requiring a comprehensive examination for the master's degree informs the Graduate School of (a) the number of times the unit will allow its students to take a comprehensive examination, and (b) the period of time that the unit will allow between the first and final attempt to pass the examination.

Units recommend Graduate Faculty members to serve on committees for capstone projects. The Graduate Dean shall review and may appoint the committee.

Master's Thesis

Units recommend Graduate Faculty members to serve on committees for capstone projects. The Graduate Dean shall review and may appoint the committee.

Master's degree students who write a thesis must submit to the dean of the Graduate School one copy of the thesis by the posted university deadline, normally six weeks before the end of the term in which graduation is sought. The chairperson of the thesis committee is responsible for verifying that the final draft of the thesis is acceptable to the Graduate Dean and the thesis committee.

Students disseminate the thesis according to current Graduate School procedures.

Application for Master's Degree

To receive the master's degree, students who have met all degree requirements must apply for graduation by the end of the fourth week of classes during the fall or spring term or by the first day of the eight-week session during the summer term.

Educational Specialist Degree Requirements

Admission

Each educational specialist degree program shall determine any eligibility standards beyond the minimum for admission to Graduate School.

Enrollment

All educational specialist degree students shall be enrolled for credit for access to university resources, including advisement, data gathering, or examinations.

Full-time status for all graduate students is defined as at least nine credit hours of course work. Individual units may require higher enrollments.

Credit Requirements

A minimum of 60 semester hours of graduate credit is required for all educational specialist degree programs. Individual programs may require a greater number of hours.

Residence Requirement

Normally, at least one half of the courses in an educational specialist degree program must be completed in residence at UMSL.

Time Limitation

All courses included in an educational specialist degree program, whether taken at UMSL or at another institution, shall have been completed within six years after enrollment in the first course.

When educational specialist students have earned a master's degree at any institution, appropriate credits may
be applied toward meeting the requirement for the specialist degree, subject to unit approval. Such credits shall constitute less than half of the total credits required for the educational specialist degree. Credit for courses taken for a master’s degree is exempt from the six-year time limitation.

**Filing the Degree Program**

An educational specialist degree student enrolled shall file an approved program plan with the Graduate School before completing two-thirds of the credit hours required in the program. Students may petition the dean of the Graduate School to change the degree program after it has been filed.

**Comprehensive Examination, Scholarly Paper, or Exit Project**

Each program requiring a comprehensive examination for the specialist degree informs the Graduate School of (a) the number of times the unit will allow its students to take a comprehensive examination, and (b) the period of time that the unit will allow between the first and final attempt to pass the examination.

Programs recommend Graduate Faculty members to serve on committees for capstone projects. The Graduate Dean shall review and may appoint the committee.

**Thesis**

Units recommend Graduate Faculty members to serve on committees for capstone projects. The Graduate Dean shall review and may appoint the committee.

Educational Specialist degree students who write a thesis must submit to the dean of the Graduate School one copy of the thesis by the posted university deadline, normally six weeks before the end of the term in which graduation is sought. The chairperson of the thesis committee is responsible for verifying that the final draft of the thesis is acceptable to the Graduate Dean and the thesis committee. Students shall disseminate the thesis according to current Graduate School procedure.

**Doctoral Degree Requirements**

**Admission**

Each doctoral degree program may determine eligibility standards beyond the minimum for admission to the Graduate School.

**Credit Requirements**

A minimum of 60 semester hours of graduate credit is required in every doctoral degree program. Units may require a greater number of hours for their programs, and individual students may be required to take additional hours.

**Enrollment**

Full-time status is defined as nine credit hours per semester. Units may require higher enrollments than this. After students achieve candidacy and complete the residence requirement, they must remain enrolled during fall and spring semesters until they complete the degree. Failure to register in any regular semester will result in termination from the Graduate School. If students so terminated decide to reapply and if they are readmitted, they will be subject to all regulations in effect at the time of readmission, and will be required to enroll for at least one credit hour for each semester since their last enrollment.

When doctoral students are enrolled for research credit, the credit amount may vary, but the student must register for all work required, and the credit total may exceed the minimum requirements.

**Classification of Doctoral Students**

There are two stages in a student's doctoral degree work:

1. A pre-candidate is a student who has requirements to fulfill in addition to the dissertation, including course work, language requirements, and/or comprehensive examinations.
2. A candidate is a student who has met all degree requirements except the completion of the dissertation.

**Time Limitation**

The maximum amount of time allowed for completion of a Doctoral degree is eight years after the first course enrollment.

The maximum of 12 hours of graduate credit completed as a post-master’s degree student prior to admission to a doctoral program may apply toward a doctoral degree. Inclusion of such course work is subject to unit approval and must have been completed within eight years of the time the doctoral degree is awarded. Exceptions to this regulation must be justified on academically defensible grounds and approved by the Graduate Dean prior to filing the program plan.

When doctoral students have earned a master’s degree at any institution, appropriate credits may be applied toward meeting the requirement for the doctoral degree, subject to unit approval. Such credits shall constitute less than half of the total credits required for the doctorate. For example, for a doctoral degree requiring 90 hours of work beyond the bachelor’s degree, no more than 44 credits from a master’s degree may apply to the doctoral degree. Credit for courses taken for a master’s degree is exempt from the doctoral program’s eight-
year time limitation.

Residence Requirement
The majority of credits used to satisfy requirements for a doctoral degree must be completed at UMSL. The residence requirement may be satisfied with dissertation credit hours, graduate institutes, and credit courses taken through Continuing Education, as well as regular courses.

Students who enter the Ed.D. or Ph.D. in Education degree programs with an Education Specialist (Ed.S.) degree from an accredited university, or with an Advanced Certificate approved by the Missouri Department of Elementary and Secondary Education, may satisfy the residence requirement by completing one-third of the required credits at UMSL.

Residency normally requires that doctoral students successfully complete a minimum of 15 hours over two consecutive terms, which may include summer. The dean of the Graduate School may grant exceptions upon recommendation by the program.

Comprehensive Examinations
Each unit will determine the number of times a comprehensive examination may be taken by a student. The department or college must file with the Graduate School a statement specifying (a) the number of times the unit will allow its students to take a comprehensive examination, and (b) the maximum and/or minimum period of time the unit will allow between the first and final attempt to pass the comprehensive examination.

The Comprehensive Examination Committee consists of no fewer than three members of the UMSL graduate faculty appointed by the Graduate Dean upon recommendation of the unit.

An oral examination may not substitute for the standard written portion.

Advisors
Upon entering the program, each doctoral student will have an assigned program advisor who is a member of the Graduate Faculty. As early as possible in a doctoral student's program, but no later than when the student achieves candidacy, the unit will recommend, in consultation with the student, a doctoral dissertation advisor.

Application for Candidacy
Doctoral students may apply for candidacy after passing all required comprehensive and language examinations, written or oral, and successfully completing all course work.

Doctoral Dissertation Committee
The Doctoral Dissertation Committee consists of at least four members of the Graduate Faculty who can contribute their expertise to the dissertation study: the committee chair, and at least one other member from the unit. A recognized scholar from outside the university may serve as a member upon the recommendation of the unit and approval of the Graduate Dean. The Graduate Dean reviews and may approve the committee membership and changes in the committee membership.

Dissertation Proposal
Before a student may conduct substantial research for the dissertation the committee must approve a proposal after a formal defense. The student submits the approved proposal for review and approval by the dean of the Graduate School. An approved dissertation proposal in no way implies a contract between the university and the student. Depending on the outcome of the research, the dissertation may require substantially more work than anticipated when the proposal was approved. The termination of a line of research and the adoption of a substantially new dissertation project requires the preparation, formal defense, and acceptance by the Graduate School of a new dissertation proposal.

Preliminary Approval
One copy of the dissertation, certified as complete and provisionally acceptable to the committee, shall be submitted to the Graduate Dean at least six weeks prior to commencement. The Dean of the Graduate School may seek advice and make suggestions to the committee about content and style before approving the dissertation.

Defense of Dissertation
Normally the approved Doctoral Dissertation Committee serves as the Oral Defense of Dissertation Committee. The Graduate Dean may appoint one additional qualified voting member to the Defense of Dissertation Committee from the Graduate Faculty within the University of Missouri System.

After deliberating on the oral defense of the dissertation, the Defense of Dissertation Committee votes on whether the defense was successful. The defense shall be deemed unsuccessful if there are two negative votes, even if outnumbered by positive votes. An abstention will be considered a negative vote. A student failing an oral defense shall have the opportunity for one additional defense before the same committee. The Defense of Dissertation Committee shall determine the timing and format of the subsequent defense.

Final examinations are open to the public.
The decision of the Defense of Dissertation Committee is final. The report of the final examination is due to the Graduate School no later than two days after the examination.

**Dissertation Abstracts**
Two different abstracts are required. The publishing company requires an abstract of a maximum of 350 words that is published with the announcement of the dissertation defense. The abstract forming the second page of the dissertation should be no more than 600 words.

**Dissertation Format**
Only high quality copies are acceptable with the following margins throughout: left margin 1 ½ inches; top, bottom, and right margins, 1 inch. Final copies may be submitted electronically following current procedures on the [Graduate School homepage](http://example.com/graduate-school) or on paper. Original hard copies of the dissertation must be typed on good quality paper, and they must be legible and neat in order to be accepted by the Graduate School.

In matter of style and documentation, the custom of the discipline shall be followed.

The chairperson of the dissertation committee is responsible for verifying that all the changes suggested by the Graduate Dean and the dissertation committee have been incorporated in the final draft of the dissertation or have been discussed further with the Graduate Dean or the committee.

Students disseminate the dissertation according to current Graduate School procedures.

**Graduate Certificate Program**

**Admission**
Each graduate certificate program may determine eligibility standards beyond the minimum for admission to the Graduate School.

**Credit Requirements**
A minimum of 18 hours of graduate course work is required for a graduate certificate. At least 12 of these hours must consist of courses drawn from the list of core courses for the particular certificate program. At least 12 hours must be completed as a graduate student at UMSL. At least nine hours must be at the 5000 level or above. No more than six hours may be independent study.

**Filing the Program Plan**
A graduate student enrolled in a certificate program is required to file a certificate program plan with the Graduate School before completing the first two-thirds of the number of hours required in the program. Changes made in a certificate program plan after it has been filed must be submitted to the Graduate School.

**Fees for Graduate Study**
Detail information regarding current fees and residency regulations is furnished in the [Schedule of Courses](http://example.com/schedule-of-courses), distributed before each semester registration, available at the Registrar’s office or on the [Cashier's Office website](http://example.com/cashier-office).

The University reserves the right to change fees and other charges at any time without advance notice. By Board policy, students are charged fees according to their status, not by the level of the course. For that reason, students are charged graduate fees for all course work taken while they are classified as a graduate student.

**Nonresident Students**
A student who is admitted to the University as a nonresident must pay the Nonresident Educational Fee as well as all other required fees. The [Residence and Education Fee Rules](http://example.com/residence-and-education-fee-rules) are available online.

The [petition for a change of Missouri Resident Status](http://example.com/resident-status-petition) is available online.

All questions should be directed to the Office of Admissions at (314) 516-5451.

**Final Semester Fee**
Students must enroll on campus in the semester in which they graduate.

**Thesis and Dissertation Fee**
Graduate students must also pay a fee for the binding and microfilming of the thesis or dissertation.

**Fees for Auditing Courses**
Auditors are charged full fees and receive no academic credit.

**Laboratory Breakage Fee**
Breakage or loss of laboratory equipment due to personal negligence on the part of the student shall be assessed against the student when the actual value of the supplies exceeds $1. The amount of the charge is determined by the department chairperson.

**Room and Board**
The university offers many different rooms and board plans. For more information please contact the Office of Residential Life at (314)516-6877.

**Student Insurance: International Students (required)**
International Students in F-1 and J-1 status are required to purchase the health insurance policy offered through the university. Information regarding waivers, premiums, and coverage is available through the Office of International Students and Scholar Services.

**Student Insurance (optional):**
An Accident and Sickness Insurance plan is available to students and their dependents. Information concerning premiums and coverage is available upon request from University Health Services. Graduate Assistants with half-time appointments are eligible for a subsidy of the insurance premium. To receive the subsidy, GTAs/GRAs (U.S. Citizens only) must enroll in the insurance program through the Graduate School.

**Payment of Fees**
Students received a fee payment schedule at the time of their registration. All fees are due and payable according to that schedule. A minimum payment plan is available for students unable to complete their financial arrangements at the time of registration. A finance charge will be assessed on the unpaid balance at the rate of 1 percent per month. All accounts will be billed using this method; therefore, it is not necessary that a student choose the minimum payment plan at the time the charges are incurred. Students with delinquent accounts will NOT be allowed to register in subsequent semesters and may not receive a transcript.

**Policy on Administrative Cancellation of Student Registration for Nonpayment of Educational Fees:**
A registered student is required to remit payment of assessed fees by deadlines that are announced each semester. The University will cancel the registrations in all courses of students from whom the University has not received and processed either the full payment or the required minimum payment (a stipulated portion of the balance due after deducting approved financial aid) for assessed fees by announced deadlines.

**Policies and Procedures Related to Cancellation of Student Registration**
- The University will make efforts to notify any student whose registration is about to be administratively cancelled prior to taking this action.
- On or before the last day on which a student may enroll in a course, a cancelled student’s space in a course will be given to other students on that course’s wait lists. The cancelled student will be placed at the end of the course wait list.
- Any student who has been administratively cancelled for nonpayment of assessed fees may not enroll in a class unless the required fees have been paid.
- Cancelled students who re-register on or after the first day of the semester will be assessed a nonrefundable late registration charge.
- Once a student’s registration has been administratively cancelled for nonpayment of assessed fees, that student may not attend class unless s/he has officially re-registered.

The University Reserves the right to modify the fees charged for attendance and other services at the University, including but not limited to educational fees, at any time when in the discretion of the governing board the same is in the best interest of the University, provided that no increases can or will be effective unless approved by the governing board not less than thirty (30) days prior to the beginning of the academic term (semester, etc.) to which the fees are applicable and such increase does not exceed ten (10) percent over the fee level existing immediately prior to the increase, with all modification of fees to be effective irrespective as to whether fees have or have not been paid by or on behalf of a student prior to the effective date of the modification.

**Personal Checks.**
Personal checks in payment of fees and other obligations to the university will be accepted only when the amount of the check does not exceed the amount due from the student. Any checks payable to the university which are returned unpaid will be assessed a $20 return check charge.

**Credit Cards.** Valid MasterCard, VISA, and Discover credit and debit cards are accepted toward payment of fees.

**Quick and Easy Ways To Pay Fees:**
- Mail, using the mail-in coupon and envelope provided with the monthly statement.
- Using STAR, from a PC in your home, work or campus. Payment can be made by credit card only.
- In Person at one of the service windows at the cashier's Office.

**Fee Assessment for Dropping Classes or Withdrawal**
Fees are reassessed for students who officially withdraw from the University or who drop classes. It is the student’s responsibility to formally notify the registrar’s office and to follow proper procedures when withdrawing from the university or dropping a class or classes. Failure to receive financial aid or refusing financial aid does not constitute an official withdrawal from the university. Likewise, failing to attend class does not, in and of itself, mean a student has dropped a class. Refer to the appropriate sections in this publication.
for specific information about these procedures. Fees included in the reassessment are the Educational Fee, Student Activity Fee, Instructional Computing Fee, Special Course Fee (if applicable) and Parking Fee (if applicable). Such fees are reassessed and reduced according to the schedule published in the Schedule of Courses each semester.

**Financial Assistance**

**Teaching and Research Assistantships**

Most departments with established graduate programs offer teaching and research assistantships to qualified graduate students. Appointments are usually half-time and carry stipends. Students receiving .5 FTE assistantships also receive a tuition scholarship covering residential and nonresidential educational fees. Students with these assistantships must register for a minimum of six credit hours in semesters in which they hold the assistantship. Please consult the [Graduate School website](#) for other policies concerning graduate assistantships. Teaching or research assistantship appointments are made directly by the departments. Inquires and applications for assistantships should be addressed to the director of the graduate program of the appropriate department.
Fees for Graduate Study

Fee Assessment

Fees for coursework vary due to the student’s residency standing, undergraduate or graduate status, hours, and the applicability of any special fees charged in specific courses or programs. The total per-credit-hour fee rate commonly consists of the Educational fee, Information Technology Fee, the Student Facility, Activity, and Health Fee and any special course fees or parking permit fees. Detailed Information on fees and residency status can be found on the Cashier’s website.

Financial Responsibility

It is the student’s responsibility that fees are paid and other financial obligations are met as they become due regardless of who is making the payments. Students who need assistance in meeting their financial obligations should contact the Financial Aid Office in a timely manner. Students are expected to check their University e-mail and review and respond to their monthly billing statements regularly. Students are expected to adhere to important dates and policies that impact fees. Billing due dates, fee reassessment dates and dates for financial holds and cancellations are posted on the Cashier’s website and through links on the eBill website. The non-payment of any financial obligation may result in additional collection fees and holds on students’ registration and records.

Billing Notification

Every month, an email is sent to each student’s official email address, notifying him/her that a bill has been generated and is ready for viewing. Any payers authorized by the student on eBill will also receive a notification email. Notification preferences may be changed on the eBill site under the User Preferences option.

MyView

Through the MyView student system, students can access real-time detailed account and billing information, manage direct deposit and eBill user profiles, view their statement history, and make a payment through one convenient location in the Self-Service Student Center. The Student Center provides these features and even more drill-down capability, filters and self-help as well as greater access to information to enable and enhance the educational experience.

Payment of Fees

The Cashier’s Office offers several payment options, including a minimum monthly payment. The minimum payment can be found at the top of the monthly billing statement or by checking the percentage due as shown in the cancellation/financial hold-timeline on the Cashier’s website. If a student chooses to make the minimum payment or a partial payment, a finance charge of 1% of the Adjusted Amount Due will be assessed. The monthly 1% finance charge can be avoided by paying the balance in full.

The payment due date is the first day of each month. Student accounts will be subject to a $10 late fee if payment is not received by the due date shown on the monthly billing statement. All fees, fines, bookstore charges, etc. must be paid by the last day of the term. After the semester ends, unpaid accounts will be turned over to an outside collection agency. Collection agency fees of up to 50% of the unpaid account balance will be added to the student’s account. Student accounts must be paid in full before a student will be permitted to register for upcoming semesters or receive transcripts or a diploma.

Payment Options

- Online – Visit ebill to make payment using a personal checking or savings account or a MasterCard or Discover credit card. (2.75% service charge applied to credit card payments)
- Automated Payments – you may choose to have the minimum payment, or billed balance due deducted from your checking, savings or credit card each month. (2.75% fee applies to all credit card payments)
- Mail – send your check to the address on your billing statement. Include your name & student number.
- In person – visit the Cashier’s Office at 285 Millennium Student Center. Payment in cash, check, money order or pin based MasterCard or VISA debit are accepted at the cashier stations, but no credit cards are accepted in person.
- Payment Kiosks – Payment from a personal checking or savings account or by MasterCard or Discover
credit card can be made at any of the four payment kiosks located in the MSC. (2.75% service charge applied to credit card payments)

- Payment Drop Box – A secure payment drop box is situated just outside the Cashier’s Office, room 285 of the Millennium Student Center. Only check or money order payments, please.

Any check presented to the University for payment which is returned unpaid will be assessed a $20.00 returned check fee in addition to any fees that the bank may charge.

**Fee Reassessment**

Students who are leaving school or dropping classes are responsible for canceling their registration and verifying that all of their classes have been dropped. Any refunding of fees will be made according to the Reassessment Schedule available on the Cashier’s web page. The refund process requires two to four weeks processing time after withdrawal or dropped classes. Charges that students accrue prior to a refund being issued will be deducted from the refund amount. Charges that are accrued after a refund is issued will be billed to the student on the monthly billing statement.

**Fees May Change Without Notice**

The University reserves the right to modify by increase or decrease the fees charged for attendance and other services at the University, including but not limited to educational fees, at any time when in the discretion of the governing board the same is in the best interest of the University, provided that no increases can or will be effective unless approved by the governing board not less than 30 days prior to the beginning of the academic term (semester, etc.) to which the fees are applicable, with all modification of fees to be effective irrespective as to whether fees have or have not been paid by or on behalf of a student prior to the effective date of the modification.
Millennium Student Center

Fall 2000 students were the first to use this 170,000-square foot center. The design includes a four-story rotunda, a third-floor gallery with clerestory windows, and a climate-controlled pedestrian bridge leading to the academic quadrangle. In addition, there is a fireside social lounge, a quiet study lounge, a student art gallery, a large tiered meeting chamber, an expanse of first-class conference areas, twin television lounges, a game room and a cyber lab.

Students asked for a “one-stop shopping” building with a consolidation of all student services and functions under one roof. Accommodating this request, the following departments, previously scattered around the campus are conveniently located in the Millennium Student Center: Center for Student Success, Student Activities, Student Government, Student Organizations, Admissions, Registration, Financial Aid, Cashiers, Degree Audit, Career Services, Graduate Admissions, Multi-Cultural Relations, Health, Wellness & Counseling Services, Disability Access Services, Food Services, Bookstore, Convenience Store and a full service bank.

Food Services
The Millennium Student Center has a food venue on each level. The first floor features The NOSH food court where students enjoy a variety of foods in a relaxed, friendly dining experience. The second floor is the location for Aroma’s bakery and coffee shop and the convenience store for those students who want to grab and go. Catering is located on the third floor.

Bookstore and Computer Shop
The University-owned-and-operated Bookstore is the headquarters for textbooks, reference materials, general reading books, supplies, gifts, and logo items.

Helen Shaw, Reference Librarian
The University Libraries support the educational objectives of the university and meet the teaching, research, and informational needs of the campus community. Housed in three locations—the Thomas Jefferson Library and the St. Louis Mercantile Library at UMSL (north campus) and the Ward E. Barnes Library (south campus)—the Libraries' collections consist of more than one million volumes, 3,100 periodical subscriptions, 1.2 million U.S. government documents, over 1.3 million items in microform, and numerous special and manuscript collections. In addition, patrons have access to 28,245 unique, full-text online journals.

20.8 million items from the libraries of the four campuses of the University of Missouri, as well as the other institutions belonging to the MOBIUS consortium, can be identified in the MERLIN/MOBIUS online catalogs. Through the MERLIN/MOBIUS catalogs, users can request items from other institutions to be transferred to UMSL for check-out. A full range of services, including interlibrary loan, reference assistance, library instruction and access to a large number of databases are also available through the Libraries.

Western Historical Manuscript Collection and University Archives

William M. (Zelli) Fischetti, Associate Director Western Historical Manuscript Collection and University Archives  
M.A., University of Missouri-St. Louis

Kenneth F. Thomas, Senior Manuscript Specialist, Western Historical Manuscript Collection  
M.A., University of Missouri-St. Louis

Linda J. Belford, Senior Manuscript Specialist, University Archives  
M.A., University of Missouri-St. Louis

The Western Historical Manuscript Collection contains primary source materials for research in many fields including local history, the environment, labor history, women's history, politics, and black history. The collection is open to the university community and the general public. Material from the other three campus WHMC collections may be borrowed for research use at UMSL. A catalog of the holdings of the other branches of WHMC is available.

The archives contain official records, campus publications, student newspapers, photographs, and other material on the history of the University of Missouri St. Louis. Located on Level II in the Thomas Jefferson Library, the office is open for reference service Monday through Friday, 8 a.m. to 4:45 p.m. and until 9 p.m. on Tuesday. Archival and manuscript material does not circulate.
University Health, Wellness, and Counseling Services (UHWCS)

UHWCS provides services to students, faculty and staff from a holistic perspective with consideration given to the six dimensions of wellness. Our primary objective is to assist students in maintaining their optimum level of wellness so that they are able to achieve their maximum academic potential. Services provided are organized into three major areas within UHWCS: Health Services, the Wellness Resource Center, and Counseling Services.

**Health Services – 131 MSC – (314) 516-5671**

**Services Offered:** treatment of minor injury and illness, screening exams, immunizations, strep throat testing, pregnancy testing, well women's exams (including Pap smear), birth control, flu shots, urinalysis, and allergy injections. Care is provided by Certified Nurse Practitioners who have collaborative practice agreements with local physicians. Consultation is offered on various issues and concerns, including chronic health problems. Assistance with referral to medical facilities is provided upon request and when necessary. Call or visit to schedule an appointment.

**Student Insurance (optional)**

An Accident and Sickness Insurance plan is available to students and their dependents. Information concerning premiums and coverage is available upon request from University Health Services located at 131 Millennium Student Center or call (314) 516-5671.

**Immunizations:** The University requires that students born after 1956 provide documented proof of immunity to measles, mumps, and rubella, through current immunization records, or disease documentation by a health care provider. Meningococcal vaccine is required for students residing in campus housing. Tuberculosis (TB) screening is required for students in the following categories: lived for two months or more in Asia, Africa, Central or South America, Eastern Europe; health care workers and volunteers and employees of nursing homes, prisons or other residential institutions; or contact with a person known to have active tuberculosis. Immunization records should be sent to Health Services. Please refer to the immunization policy and form on the Health Services website.

**Student Accident and Sickness Insurance Plan**

Health services provides information and application forms for the Student Accident and Sickness Insurance Plan.

**Wellness Resource Center – 180 MSC – (314) 516-5380**

Staffed by the Coordinator of Alcohol and Drug Prevention, and a Health Educator/Certified Medical Assistant, the Wellness Resource Center provides educational activities, brochures, books, and videos to encourage responsible decision making. A variety of programs are sponsored by the Wellness Resource Center. These include: smoking cessation consultation, classes, and support groups, alcohol issues support groups, sexual assault awareness, and Safe Spring Break. The Center also coordinates the Partners in Prevention Program for the campus.

Various outreach activities take place every semester for the purpose of providing information, raising awareness, and encouraging healthy lifestyle choices. Examples are: Breast Cancer Awareness, HIV Awareness, Heart Health, Men’s Health, Women’s Health, Diabetes Awareness, Asthma and Allergies, Cancer, Sexual Responsibility, How to Stay Healthy While in College, Surviving Final Exams, Meningitis, TB Skin test, Flu, and Hepatitis Vaccine Information and Immunization Opportunities, CPR and First Aid classes. In addition, blood drives held each semester offer students an opportunity to give back to their community.

The Wellness Program provides an opportunity to take a health risk appraisal, explore the six dimensions of health, and get assistance with developing a personal wellness plan, which includes nutritional assessment and assistance with diet/nutrition management along with blood pressure, cholesterol and body fat percentage measurement. Resources and consultation specific to the personal wellness plan are provided including suggestions for exercise, and stress management.

**WAVES (Wellness Advocates Volunteering to Educate Students): University Health, Wellness, and Counseling Services Peer Education group.** This group is comprised of students who work to educate the campus community, especially students, about making health lifestyle choices with regard to a variety of issues. This group gives students involved the opportunity to make a difference in the health and wellness of fellow students while increasing their own knowledge on health and wellness issues and to serve as a liaison between the students and UHWCS. Applications may be downloaded from the Wellness Resource Center website.
Counseling Services – 131 MSC – (314) 516-5711
Counseling Services Can Help:

- Learn effective coping skills
- Build self-confidence
- Clarify values and set priorities
- Build healthy relationships

Services offered include:

**Personal Counseling**
Personal counseling can help you navigate through times of stress and/or overcome barriers to your success. It often helps to discuss issues with someone who is objective and can help you look at your situation from a new angle. Our approach is to focus on your strengths and help you to help yourself. Some of the common issues for which students seek counseling include stress/anxiety, depression, increasing self-esteem, relationship or family issues, loss and grief, a history of abuse, etc. We take the confidentiality of your contacts with us very seriously. Except for the case of very extreme situations, both the content of counseling sessions and the fact that a student has used our services are kept strictly confidential.

**Workshops and Presentations**
Counseling Services offers special programs and workshops on a variety of topics throughout the year. Students groups and faculty are invited to call us for speakers on such topics as test anxiety, assertiveness, health relationships, dealing with difficult people, personality styles, etc.

**Student Opportunities**
Graduate students in Counseling, Psychology, or a related field are invited to apply for our internship/practicum program. Interested students should contact Dr. Sharon Biegen, at (314) 516-5711.

**Scheduling Appointments**
The University Health, Wellness, and Counseling Services receptionist will be glad to arrange an appointment for you to meet with a counselor. Call (314) 516-5711 or drop by our office at 131 Millennium Student Center. In an emergency, students can usually be seen immediately.

**Institutional Safety**
The mission of the University of Missouri-St. Louis police department is to work cooperatively with the university community and within the framework of the Constitution, enforce the laws, preserve the peace, and provide a safe environment for the campus.

The police department an internationally accredited department is committed to professional management and to providing services in a manner that is responsive to community concerns. It pledges to be sensitive to the needs of those it serves.

The police department located in the TeleCommunity Center serves the students, faculty, and staff by providing year round campus security. The police are trained to give emergency aid in the event of accident or illness. All incidents should be reported immediately to the police department, telephone (314) 516-5155. A “911” phone number is available on all phones with a 516 prefix and should be used for emergencies only. These numbers are monitored 24 hours a day. Call for help or to report fire or any hazardous conditions. Emergency telephones on campus include the red A Hot Line phones, which are located in every building. In addition, there are a number of outdoor emergency phones that connect directly to the police dispatcher. Also tips on crime prevention and other useful publications are available outside the police department office.

An escort service is available 24 hours a day by calling (314) 516-5155. All members of the campus community are strongly encouraged to call the police for an escort if they feel uncomfortable walking to their car at night. For information regarding services, contact the police by calling (314) 516-5158, Monday through Friday, 8 a.m. to 5 p.m. For emergencies, call (314) 516-5155 or 911.

**Parking and Transportation**
Traffic regulation is the responsibility of the Parking and Transportation Department, including issuance of faculty, staff and guest permanent and temporary parking permits. These permits may be picked up at the Parking and Transportation office, located at 7700 Florissant Road, (314) 516-4190. Information on traffic regulations, parking, and campus maps can be obtained at the [Parking and Transportation web site](#).

The parking and transportation department provides limited emergency vehicle service, at no charge, to vehicles on campus. Any person requiring such service (due to dead battery, empty fuel tank, flat tire, etc.) should call (314)516-5155 for assistance.

**Academic Resources**

**The Writing Lab**
This lab offers tutorial assistance to students working on papers for their classes. No appointment is...
necessary, and tutors are prepared to help both undergraduate and graduate students in all the disciplines. Issues covered in the lab include organization, sentence clarity, development, grammar, and usage. The Writing Lab offers IBM computers for student use, and tutors provide computer assistance. There is no charge for any Writing Lab service.

**English-as-a-Second Language Program (ESL)**
The program provides assessment and supplementary ESL courses for international students. Courses are listed under the Foreign Languages and Literatures Department.

**Mathematics Lab**
This lab offers individual assistance on a walk-in basis to students needing help with any mathematics from basic math through calculus or needing help with the mathematical skills required for a course in another discipline. The [Math Lab](#) contains a small computer lab. Students or prospective students who are preparing to take the Mathematics Placement Test or C-Base Exam may come to the lab for help. Review materials for the C-Base Exam are available on general reserve in the Thomas Jefferson Library. Practice math placement exams are available at the University’s home page under: math placement information/math practice tests. There is no charge for any math lab service.

**Math Precollegiate Courses**
The center provides assistance for students needing to improve their skills in mathematics. A three-credit hour (not toward a degree) course in Intermediate Algebra and a zero-credit workshop in Beginning Algebra are offered as semester-long lecture classes or as independent study courses with flexible beginning and ending options. Schedules for the courses can be found in the current [Schedule of Courses](#).

**Campus Testing Center**
The center provides a controlled environment for students to take make-up exams or to test under conditions where special accommodations are needed and authorized. Students unable to take campus level exams e.g. Math Placement, Academic Profile in regularly scheduled group sessions may take them in the center for a fee. All testing is by appointment. Call (314) 516-6396.

**Tutor Referral Services**
Students desiring a private tutor for a particular course should check with the appropriate academic department for a list of tutors. Some tutor names and phone numbers can be found on the tutor referral list Web site under the tutor referral services on the campus home page. Times and costs are arranged by student and tutor.
Office of the Vice Provost for Student Affairs Home Page

Office of the Vice Provost for Student Affairs
The Office of the Vice Provost for Student Affairs, located in 301 Woods Hall, 516-5211, offers assistance and a wide variety of services to students. The office is responsible for administering the Student Conduct Code, confidentiality of student records, and the Discrimination Grievance Procedure for Students.

Disability Access Services
Located in 144 Millennium Student Center, Disability Access Services provides information, guidance, referral services, and assistance for students with disabilities. Special arrangements and assistance in providing for the accessibility needs of students with permanent or temporary disabling conditions are available through this office. A TDD is available for individuals who are deaf or have hearing loss. For more information or questions, call (314) 516 6554 (voice) or (314) 516 5212 (TDD). Additional information is available at the Disability Access Services web site.

The Division of Student Affairs is a recipient of a federally funded Student Support Services TRIO Grant to provide individual specialized educational services to 125 students with disabilities. The SSS grant project offices are also located in 144 Millennium Student Center, telephone number (314) 516 6554 (voice) or (314) 516 5212 (TDD). Applications for this program are available in 144 Millennium Student Center. Student Support Services web site.

Provisions for Auxiliary Aids, Reasonable Accommodations, and other Services to Students with Disabilities
The University of Missouri is committed to equal educational opportunities for qualified students without regard to disabling condition. The university, therefore, will take necessary action to ensure that no qualified student with a disability is denied access to any particular course or educational program. Such action includes an assessment of the student's abilities and an evaluation of the requirements of the particular course or program.

If the university determines that some type of auxiliary aid is required, it will assist the qualified student with a disability in obtaining the necessary auxiliary aid from other sources. If the necessary auxiliary aid is not available from other sources, the university, at its option, will provide the necessary appropriate auxiliary aid.

Requests for the assessments must be made to the director of Disability Access Services no later than six weeks prior to the beginning of the next semester. If an unfavorable determination is made, the student may appeal the decision. See Discrimination Grievance Procedure, Appendix.

The university will make reasonable modifications to its academic requirements, if necessary to comply with legal requirements ensuring that such academic requirements do not discriminate or have the effect of discriminating on the basis of a student's known and adequately documented disability, unless the requested modification would require alteration of essential elements of the program or essential elements of directly related licensing requirements or would result in undue financial or administrative burdens.

The divisional dean's office, in cooperation with the director of Disability Access Services and the department through which the requirement is fulfilled, will determine the appropriate modification or substitution.

*See Executive Order 21, Policy Related to Students With Disabilities, in the Appendix section for further information.

Admissions
The Office of Admissions is located in 351 Millennium Student Center, (314) 516 5451. Admissions is generally the first point of contact for prospective students who require information and assistance as they go about planning for the college decision process. The Office of Admissions arranges tours of campus, sponsors open houses throughout the year for both first time freshmen and transfers, and processes admission applications. Prospective students and families as well as applicants can arrange to meet personally with admission counselors. Counselors can provide information on applying for financial aid and scholarships, placement tests, and new student orientation.

Registrar/Registration/Records
The **Office of the Registrar** is located in 269 Millennium Student Center, (314) 516-5545. This office is responsible for registration, academic records, grades, transcripts, enrollment verification, veterans certification, change of name and/or address, ordering diplomas, and many other enrollment related services. No appointment is needed for service, and hours are convenient to both day and evening students.

**Center for Student Success**
The **Center for Student Success** is located in the Millennium Student Center, Room 225, (314) 516-5300. College students face many challenges unique to the college academic experience and are bound to have questions or concerns. The Center is committed to helping students deal with academic concerns, connect to campus resources and meet educational goals. The Center promotes the collegiate success of students by providing quality programs and services which advance students’ academic achievement, educational goals, career development and adjustment to the University. We encourage students to assume responsibility for their decisions as they move toward their goals. The Center for Student Success is a collaborative effort between Career Services, Disability access Services and Student Support Services and the former University Advising Center. Hours are 8:00 a.m. to 7:00 p.m., Monday-Thursday: 8:00 a.m. to 5:00 p.m. Fridays. Email: css@umsl.edu

**Degree Audit**
The Degree Audit office, 351 Millennium Student Center, (314) 516 6814, provides an automated record (DARS report) which reflects a student's progress toward degree completion. This report is very useful in planning a major, tracking graduation requirements, and investigating other areas of study. DARS reports are available from a student's academic adviser, who will assist in the interpretation of the audit as well as online through the STARUMSL system.

**Student Financial Aid**
The Office of Student Financial Aid is located in 327 Millennium Student Center, (314) 516 5526. The staff in this office assist students with applying for financial aid, including scholarships, grants, loans, and work study. The office is open various hours to accommodate both day and evening students. Appointments are not necessary.

**Student Financial Aid Programs**
The University of Missouri-St. Louis maintains an Office of Student Financial Aid to assist students with the cost of their education. Financial assistance is available in the form of grants, loans, scholarships, and work-study. Funds for these programs are available from federal, private, state, and institutional resources. To apply for financial aid, students must complete a Free Application for Federal Student Aid (FAFSA). Preference will be given to those students who have completed the FAFSA by April 1. Preference means that the Student Financial Aid Office will begin awarding FWS (Federal College Work-study), Federal SEOG (Federal Supplemental Educational Opportunity Grant) and Federal Perkins Loan funds. A completed financial aid application means that the Financial Aid Office has received an official Student Aid Report from the Federal Processing Center.

The **Student Financial Aid Office Home Page** is where students will find useful information along with the ability to contact the office electronically via e-mail. Also included is a scholarship directory that is updated biweekly.

To be considered for all university scholarships offered through the Financial Aid Office, a student must be accepted for admission. A scholarship application must be completed to apply for scholarships awarded through Student Financial Aid. All incoming freshmen should complete the Incoming Freshman Scholarship Application. Continuing students should complete the Continuing Student Scholarship Application.

Students are encouraged to contact the department in which they are majoring for other possibilities for scholarships.

**Office of Residential Life**
Located in 101A Provincial House, (314) 516-6877, the Office of Residential Life offers on-campus housing to students year-round. The Office of Residential Life offers air-conditioned, furnished residence halls, in which 93 percent of rooms are singles. Contracts for 9 and 12 months are available. Residence Hall rates include all utilities, local phone service with six features, cable, micro-fridges (combination refrigerator and microwave), data communications hook-ups in each room, and a tax-exempt declining-balance meal plan. The halls also offer a large swimming pool, as well as laundry facilities, kitchenettes, and common TV lounges. All residence halls are located on the free campus shuttle route.

For students who are at least 21 years of age, Mansion Hill Condominiums and University Park Apartments offer one-and two-bedroom unfurnished apartments conveniently located adjacent to the campus. The complex is on the free campus shuttle route and offers swimming pool, picnic areas, recreation areas, and laundry facilities. Rent is billed to the university account of UMSL student residents. Students interested in living in upper-class housing should contact the apartment coordinator at 314-524-9446.
A variety of social, cultural, and educational programs and activities are offered by the Office of Residential Life and the Residence Halls Association. As one of the most active and visible student organizations on campus, RHA serves as the student voice for residence hall students, providing leadership opportunities and activities both on- and off-campus. Residential students are active in intramurals, student organizations, campus leadership positions, and other university activities. Tours of the UMSL residence halls are available by calling (314) 516-6877.

Office of Student Life
The Office of Student Life, 366 Millennium Student Center, advises and serves as a facilitator for programs and services provided to 120 recognized and registered student organizations at the University of Missouri  St. Louis.

The Office of Student Life sponsors a diverse series of educational, cultural, recreational, and social programs, services, and activities which complement the academic mission of the campus and attend to developmental needs of students at UMSL.

The office serves as a resource for students desiring information about any student organization on campus and will actively assist any student wishing to participate in any student organization or program on campus.

E-Mail: studentlife@umsl.edu.

Organizations.
There are approximately 120 student organizations at UMSL ranging in size from 13 to 500 members. Their activities address the educational, cultural, social, recreational, and spiritual co-curricular needs of the campus community. Social fraternities and sororities, performing and fine arts, curriculum related support groups, and other special interest clubs enhance the collegiate experience. The Associated Black Collegians, International Students Organization, and Women's Center serve as resources for students on campus. Information regarding student organizations is available in 366 Millennium Student Center. Specific organizations may be contacted by mail through the same address.

University Program Board
The University Program Board, a volunteer group, initiates and implements a variety of lectures, and appearances by comedians and musical groups throughout the year. The board also sponsors games, tournaments, and discounted tickets for local sporting events, concerts, and theater. Most campus events are free to the campus community and are subsidized by student activity fees. Membership in this organization is open to students who are interested in coordinating these types of programs. Information is available by calling (314) 516 5291 or by stopping by the Office of Student Life in 366 Millennium Student Center.

Office of Transfer Services
The Office of Transfer Services, a unit of Student Affairs offers a broad range of support services to the diverse population of students who transfer to UMSL from other institutions and those who are returning to complete their course of study. The Office is here to provide resources to students as they enter the University and to be a “home” for students as they complete their baccalaureate studies at UMSL. The location of the Office of Transfer Services is 225 Millennium Student Center. The hours are 8:00 a.m. to 7:00 p.m., Monday-Thursday and 8:00 a.m. to 5:00 p.m. Fridays. The phone number is (314)516-5162. E-mail address is: transferservices@umsl.edu

Student Government Association
The Student Government Association (SGA) of the University of Missouri  St. Louis is the student governance body composed of both elected student representatives from each school and college, and of organizational representatives from every recognized student organization which petitions for representation on the assembly.

The purpose of the SGA is to represent University of Missouri  St. Louis student concerns at every level of governance within the University. This is done by ensuring adequate and capable student representation within the University Senate, the policy making and governance body of the University of Missouri  St. Louis. SGA has its own standing committees to address student concerns. For more information call (314) 516 5105 or drop by 366 Millennium Student Center.

Student Court
The Student Court is nominated by the SGA. The five-member court rules on student appeals concerning matters such as disputes between individuals and organizations, or organizations and organizations, as well as traffic parking appeals.

Faculty Senate and University Assembly
The governance structure at UMSL was substantially reorganized during the 1999-2000 academic year. The
governance structure was approved by the Faculty on January 26, 2000 and the Board of Curators on March 23, 2000.

The Faculty Senate has 40 faculty members, 30 representing departments and 10 elected at large. In addition, three administrators are non-voting members. The University Assembly consists of all Senate members (40), 13 students and five administrators including the Chancellor, Vice Chancellors for Academic Affairs, Research and the Graduate School, Student Affairs, and Continuing Education. In addition, three other vice chancellors, all the academic deans and the President of the Student Government Association are non-voting members. The Faculty Senate meets monthly between September and May and the Assembly meets in alternate months during the year. Information about the Faculty Senate and University Assembly Home Page.

Athletics

Recreational Sports
The University's recreational sports program is geared toward the interests of the entire University community. Students, faculty, staff, and alumni are encouraged to take active roles in the creation of new recreational sports programs.

Intramural activities currently offered include touch football, basketball, volleyball, racquetball, golf, tennis, bowling, softball, hoc soc, fun run, soccer, indoor floor hockey, and weight lifting. For more information call (314) 516 5125 or visit the Campus Recreation Home Page.

Intercollegiate Sports
A variety of intercollegiate sports are available for both men and women at UMSL. The Tritons compete at the NCAA Division II level and are members of the Great Lakes Valley Conference. The women's intercollegiate athletic program includes basketball, soccer, tennis, volleyball, golf, and softball. The men's intercollegiate athletic program includes basketball, soccer, golf, baseball, and tennis. Scholarships are available for both men and women in all sports. Both men's and women's athletic teams have brought both local and national recognition to the university for more than 20 years, with one national championship and numerous trips to the NCAA Tournament in several sports. UMSL students with validated IDs are admitted free to all home athletic contests.

For more information about intercollegiate athletics, please call (314) 516 5661.

Facilities
The athletic and exercise areas in the Mark Twain Building are available for use by the university community at specified hours. During the regular semester, the building is open seven days a week and on specified evenings. Facilities include basketball, volleyball, badminton, and handball/racquetball courts, an aerobic dance room, and an NCAA regulation swimming pool.

The facilities also include two conditioning and fitness rooms with state of the art equipment, an indoor running track suitable for walking or running, and a sauna. Outdoor facilities include baseball, softball, soccer, intramural fields, and tennis courts. For further information call (314) 516 5641.
Other Services

Alumni and Constituent Relations Office
UMSL alumni, now numbering more than 62,000, help shape the future of not only the university but the entire St. Louis region. The Alumni Association and the Office of Alumni and Constituent Relations work together to promote the St. Louis campus and build mutually beneficial relations between the university and its alumni and friends. Membership in the Alumni Association is open to all graduates and former students with payment of modest dues.

Alumni Association
The Alumni Association sponsors several scholarship funds for UMSL undergraduate and graduate students, provides special funding of certain campus projects, and works as an organization to obtain increased public support for the university. For more information, call (314) 516 5833.

Alumni Center
A historic and elegant setting, the Alumni Center, located at 7956 Natural Bridge Road across the street from the main campus entrance, offers students, faculty, staff, and alumni a gathering place for community receptions and other social events. Contact the Alumni Center at (314) 516 5722 for more information and reservations.

Career Services
Career Services works in partnership with employers and the campus community by helping students and alumni to develop, implement, and evaluate job search strategies.

Career Readiness/Coaching, Career Counseling & Exploration and other programs are available to all degree seeking students and recent graduates of UMSL. Career Services hours are Monday through Thursday, 8 a.m. to 6 p.m. and Friday, 8 a.m. to 5 p.m. For more information, call (314) 516-5111, or visit 278 Millennium Student Center.

Career Readiness/Coaching
Make an appointment with a Career Services Coordinator to get assistance in your job search. A professional is available to assist in guiding students and alumni in the job search for internships/co-ops and full-time degree-related positions.

Career Counseling & Exploration
Meet with a staff member to evaluate your career development. Career development services are designed to help you with choosing a major and/or career. We offer career assessments, on-line resources and individual assistance to guide you in your career decision-making. Visit the Career Services website to access a variety of job search related information. Click on the Occupational Outlook Handbook to get job outlook information, access "What can I do with this major?" to help connect majors with careers, review salary survey information, and link to numerous job search related links.

Job Leads
We have a web-based software system that enables students and alumni to conduct a job search on-line 24/7. You will have access to job leads (internships, co-op, part-time degree-related and full-time degree-related positions), on-campus interview opportunities and resume referrals to employers. To be activated in this system, UMMLCareerKey, come into 278 MSC to initiate the process. General, non-degree-related employment opportunities that are received in Career Services are available on the Career Services website.

On-Campus Jobs
Career Services assists students with connecting to on-campus job opportunities (jobs posted through the federal work-study program and jobs posted by individual departments that are open to all students).

Job Fairs
Career Services holds four annual job fairs; UMSL Summer Teacher Job Fair in July (for teaching candidates); UMSL Fall Internship & Job Fair in September (for all majors); UMSL Teacher Job Fair in February (for teaching candidates); UMSL Spring Internship & Job Fair in March (for all majors). Admission is free to UMSL students/alumni who pre-register.

Weekly Workshops
Register on-line for workshops related to the job search process, including Resume Writing, Interviewing Skills, and Job Search Strategies.
Special Programs
Other special programs are held throughout the year. This includes Classroom & Student Organization Presentations, Etiquette Banquet, and Job Search Strategies Teacher Panel.

Internship/Cooperative Education Positions
Internships and Co-ops give students the opportunity to combine classroom studies with work experience in a field related to their education and career goals. These degree related positions offer students an excellent opportunity to gain professional job experience and earn money to help with expenses while in school. Through these opportunities, students begin to understand what career choices they might make, gain valuable contacts in their field, and, in many cases, get paid for their work. They graduate with a college degree and an impressive resume. Throughout this program, Career Services, and academic departments work with students and employers to ensure that positions are linked to curriculum and career development. These work arrangements are available to UMSL students at all levels in all majors. Contact Career Services for more information at 516-5111, or visit 278 Millennium Center.

Following is an overview of internships and practicums available through various academic departments:

Anthropology
4325-4329, Internship in Cultural Anthropology, Archaeology, Folklore, Museum Studies, Physical Anthropology - elective, for credit; placement with outside organizations; junior standing required. Positions available on competitive basis as lab and research assistants, teachers/facilitators, and interns/assistants - optional, noncredit.

Human Origin and Cultural Diversity program offers internships in educational anthropology and diversity education.

Biology
3699, Undergraduate Internship in Biotechnology - optional as part of certificate program, for credit or noncredit, enrollment in certificate program required.
4299, Practicum in Conservation - required as part of certificate program, for credit, enrollment in certificate program required.

Chemistry and Biochemistry
Opportunities are available to pursue research with faculty members for credit during the academic year. Normally requires enrollment in Chemistry 3905. Stipend available in some cases. Expanded opportunities available in the summer through the Research Experience for Undergraduates Program, which is typically funded by the National Science Foundation and local industry. In some cases students may conduct Chemistry 3905 research at a local company through collaborative arrangement between a faculty members and an industrial chemist.

Criminology and Criminal Justice
3280, Internship in Criminology and Criminal Justice - elective, for credit.

Economics
4990, Internship in Applied Economics; not required; 3 hours maximum.

English
4890, Independent Writing Project - internships offered in areas such as journalism, public relations, advertising, publishing, and technical writing; for credit, enrollment in Writing Certificate Program required.

Foreign Languages and Literatures
Positions as tutors in language lab available on a competitive basis - paid, noncredit. Students of German can apply for summer internships abroad through the German-American Student Exchange Program - noncredit. Information available in department.

History
4001, Special Readings - internships occasionally available with historical agencies; department chair and/or undergraduate coordinator must approve to obtain credit.

Mathematics and Computer Science
Career-related work arrangements for students majoring in math and/or computer science are primarily administered through Career Services located in 278 Millennium Student Center. These positions are paid and non-credit-bearing.

Physics and Astronomy
The department funds research internships in the department in both physics and astronomy. The awards are competitive, and preference is given to students who have completed the Physics 2111/2112 sequence.

Political Science
3940, Public Affairs Internship - required, for credit, for bachelor of science in public administration program. It may also count as an elective, for credit, within the bachelor of arts in political science program and is open
to all majors. Placements include municipal, state, and federal governmental agencies, nonprofit organizations, courts, and political campaign offices.

**Psychology**

3295, Selected Projects in Field Placement - elective, for credit.  
3390, Research Assistant

**Social Work**

4800 and 4850, Supervised Field Experience in Social Work I and II - required, for credit, admission to B.S.W. program and prior consent of instructor are required

**Sociology**

4385, Internship in Sociology - elective, for credit.

**College of Business Administration**

Career Services works in partnership with the College of Business Administration to assist students in securing career-related work arrangements for students majoring in all areas of business. These positions can be paid or unpaid and credit bearing or non-credit bearing. Those students choosing to receive academic credit through one of the courses listed below must contact the College of Business Administration Internship Coordinator.

BUS AD 3090, Internship in Business Administration  
BUS AD 3289, Internship in International Business  
BUS AD 3390, Internship in Logistics & Operations Management  
BUS AD 3490, Internship in Accounting  
BUS AD 3590, Internship in Finance  
BUS AD 3690, Internship in Management  
BUS AD 3790, Internship in Marketing  
BUS AD 3890, Internship in Management Information Systems  
BUS AD 3990, Internship in Business Law

**College of Education**

Internships (4989) required for 3 hours credit for most programs and Student Teaching (4990 and 4991) required for 12 hours credit in all degree programs. Students enrolled in the Career Transition Program student teach in the St. Louis Public School District while teaching as a full time classroom instructor. Information can be obtained on the College website, under “Career Options.” As well, students employed full time in districts are also able to complete student teaching. For more information, contact the Teacher Certification and Advising Office at Deborah_Ballard@ums.edu or at 314-516-6710.

**College of Fine Arts and Communication**

**Art**

3387, Professional Internship for Art History majors only-elective, for credit  
3388, St. Louis Art Museum Internship for Studio Art or Art History majors only – competitive position elective for credit.

**Communication**

1193, 1194, Practicum in Applied Communication, Debate/Forensics  
4393, Internship in Applied Communication

**Media Studies**

1194, 1195, 1196, 1197, 1198, Practicum in Media Studies, in Applied Communication, Debate/Forensics, Radio, and Television/Film - required, for credit. On-campus positions, as available.  
3394, 3395, 3396, 3397, 3398, Internship in Media Studies, Advertising, Journalism, Radio, and Television/Film - elective for credit, Senior standing, 3.0 GPA, and faculty recommendation required; off-campus positions.

**Music**

4920, Internship – required, for credit, enrollment in bachelor of music business required. Department sponsored internships available for all majors at St. Louis area arts institutions.

**Engineering**

UMSL/Washington University Joint Undergraduate Engineering Program Career-related work arrangements for students majoring in all areas of engineering are primarily administered through Career Services. These positions are paid and non-credit-bearing.

**College of Nursing**

Clinical courses are required in both the undergraduate and graduate programs. These experiences are limited to nursing majors only.

**Pierre Laclede Honors College**
Internships chosen by Honors College students, or arranged by their major departments, are valuable opportunities to broaden educational experience while also meeting the honors independent study requirement for graduation. Visit Career Services, 278 Millennium Student Center, or call (314) 516-5111 for more information on these programs and other work arrangements available.
Research Enterprise

Office of Research Administration
The Office of Research Administration (ORA) provides support services to faculty, graduate students, and staff seeking external grant funds for research, instruction, and service from federal, state, and local government programs, as well as private foundations. Several specialized research units report to the Office of Research Administration. In addition, the ORA facilitates technology transfer through assisting inventors in filing for patent applications, negotiating licensing agreements, and setting up start-up companies.

The ORA works together with faculty committees to award and administer internal research grants, including coordination of the University of Missouri Research Board competition, Research Awards, the Small Grants Funds, the Chancellor's Awards for Research and Creativity, and the Grants Incentive Funds. The ORA also works through faculty committees to monitor University compliance with various federal and state regulations for research.

Center for Emerging Technologies
The Center for Emerging Technologies is a public-private-academic partnership, which includes the University of Missouri-St. Louis and the Missouri Department of Economic Development. The mission of the Center is to position the St. Louis region as an important center for advanced technology and knowledge-based economic development. The Center primarily functions as an incubator for startup companies. With 90,000 square feet space, it houses fifteen startup companies. Inventions that lead to the establishment of these startups often originate from university research laboratories and faculty and graduate students provide valuable expertise to these enterprises. In addition, the Center presents educational seminars to help entrepreneurs with legal matters related to patents and licenses, information on venture capital financing, and other business strategies.

Missouri Enterprise
Missouri Enterprise is a non-profit statewide operation affiliated with the university. It assists small businesses with industrial, manufacturing, and design engineering projects; it helps in developing strategic business and marketing plans; and in setting up performance evaluation. Missouri Enterprise specialists advise businesses on all aspects of their operations, from tactical product promotions to complete, company-wide five-year business plans. Their services assist businesses in improving personnel management, safety, manufacturing efficiency, research funding, communications services and record-keeping, feasibility studies, and more.

Public Policy Research Center
The Public Policy Research Center at the University of Missouri-St. Louis produces and disseminates methodologically rigorous and unbiased applied analysis and evaluation of public policies and programs, and theoretical research on public policy issues. PPRC's vision is to advance the public research mission of the University of Missouri-St. Louis by becoming the preeminent applied policy research resource for the civic and public communities of metropolitan St. Louis and the State of Missouri. PPRC responds to community-identified needs with a multi-disciplinary approach to applied and quantitative research.

The PPRC endeavors to achieve its mission by:

- Undertaking objective basic and applied research
- Fostering university-community partnerships by providing research services, programs, opportunities and expertise at the local, county and regional level
- Serving as a regional information and data center
- Sponsoring forums and seminars for debates and discussions
- Publishing and disseminating policy briefs, issue papers, research reports, newsletters and books
- Interpreting and preserving local history to help communities shape their future
- Commenting on issues of public policy and identifying regional challenges and opportunities
- Providing training and certificate programs for community and government leaders and professional organizations
- Partnering with civic, governmental, non profit, and other agencies, as well as with individuals
- Promoting policy research through faculty and community fellowships
- Serving as a policy laboratory for a number of graduate students participating in research and outreach activities
PPRC is organized around three units: Applied Research, Metropolitan Information and Data Analysis Services (MIDAS), and the Public Finance Initiative. Each unit is headed by a director. Other PPRC initiatives include the Point-of-View Photography Project, and Community History Research and Design Services (CHRDS). Research and Communications form the basis of PPRC's core competencies and approach.

**Center for Business and Industrial Studies**
The Center for Business and Industrial Studies is organized within the College of Business Administration for studying managerial problems and performing applied research. The center operates on a not for profit basis, helping organizations nationwide to understand factors affecting their business environments and to enhance their productivity. University faculty, supported by powerful computer systems, statistical databases, and sophisticated software, provide multidisciplinary consultation in a wide variety of business applications. Studies are undertaken in computer systems, operations management, human resources management, planning and business development, facilities location, distribution, marketing, and financial analysis. Organizations contract with the center for studies tailored to their specific needs. For a brochure outlining the center's services, call (314) 516-5857.

**Center for Transportation Studies**
This center is an interdisciplinary center, bridging contemporary and historical aspects of transportation. It brings together scholars from Business, History, Economics, Political Science, English, Art History and others. The Center is pioneering a new program in Supply Chain Management, developing funds for research into the role private sector transportation plays in the provision of public transportation services. For further information consult the http://www.umsl.edu/depts/cts/.

**Center for Entrepreneurship and Economic Education**
The Center for Entrepreneurship and Economic Education is sponsored by the College of Arts and Sciences and the Division of Continuing Education to support and enhance economic, financial and entrepreneurship education in elementary and secondary schools. The center provides in-service programs for area teachers. Working closely with local school districts, the center serves to improve and evaluate economics curriculum. The center develops and publishes curriculum units for K-12 classrooms. The center also promotes the goals of economic, entrepreneurship and personal finance education among business, professional, educational, labor, and other organizations and individuals in the St. Louis community.

**Whitney R. Harris World Ecology Center**
The Whitney R. Harris World Ecology Center promotes education and research concerning the study of biodiversity, conservation, and sustainable use of tropical ecosystems. The center was established to centralize the activities of faculty at UM St. Louis and researchers at the Missouri Botanical Garden and the Saint Louis Zoo who specialize in ecology, evolution, systematics, and conservation biology. A priority is to provide funding for graduate students interested in tropical biology and conservation who are enrolled in the cooperative graduate program between UM St. Louis, the Missouri Botanical Garden and the Saint Louis Zoo. The International Center for Tropical Ecology sponsors multidisciplinary lectures and symposia on biological, political, and cultural issues related to tropical ecosystems. The center also provides funding and assistance to the undergraduate Certificate in Conservation Biology, which focuses on Missouri conservation, and the graduate certificate in Tropical Biology and Conservation.

**Center for Nanoscience**
Nanoscience can be viewed as the natural extension of existing sciences (e.g. biology, chemistry, and physics) into the realms of the extremely small (one billionth of a meter); all sciences converge at the nanometer scale. The Center for Nanoscience (CNS) at the University of Missouri - St. Louis seeks to exploit novel developments in this area and serves as a focal point for collaboration among scientist across several disciplines. Housed in the William L. Clay Building, which was specially designed and constructed to facilitate studies of ultra-small scale phenomena, the CNS offers outstanding nanocharacterization facilities and provides lab and office space for individual investigators from various University of Missouri - St. Louis departments. CNS faculty members are strongly encourage to work collaboratively with scientists within CNS across University of Missouri - St. Louis and in other academic and industrial research institutions to solve challenging scientific and technological problems. Faculty members and students associated with CNS have greater opportunities to interact with industrial researchers. The CNS at University of Missouri - St. Louis is a cutting-edge technical facility and vibrating interdisciplinary resource for St. Louis and beyond.

**Center for Neurodynamics**
This center sponsors basic research on transmission and processing of information by the brain and the sensory nervous system. Research functions are performed largely by faculty, graduate students, and postdoctoral research associates, though exceptionally talented and motivated undergraduate students also make valuable research contributions. The center is interdisciplinary, composed of faculty from the departments of Biology and Physics and the College of Optometry. It maintains a program of external associates with whom collaborative research projects are pursued. Current associates are in Baylor College of Medicine, Houston, Texas; the Department of Biomedical Engineering, Boston University, Boston, Mass.; and Viattech Imaging Inc., Ivoryton, Conn. The center is host to frequent scientific visitors and maintains an active program of seminars on contemporary problems in neuroscience and in the physics underlying neural processes. For further information consult the Center for Neurodynamics Home Page.
**Missouri Research Park**
The University of Missouri System Strategic Plan establishes a mission and goal to promote economic growth for the state and provide assistance in manpower training, technology transfer, innovation and research and development through productive partnerships. The Missouri Research Park is a result of that vision and has been the catalyst for high-tech development along the Hwy. 40/61 corridor in St. Charles County. Major corporations have followed the trend and are clustering near the Missouri Research Park.

**Center for Trauma Recovery**
The Center for Trauma Recovery (CTR) is a multi-disciplinary center of the University of Missouri-St. Louis whose purpose is to foster research, graduate and undergraduate education, and service in the areas of trauma and victimization. The Center consists of faculty affiliates from six departments in the University who have research, teaching or service interests in trauma related topics. These individuals share a common set of goals. The Center sponsors a colloquium series every semester and offers an undergraduate certificate in Trauma Studies. The CTR is housed in the Kathy J. Weinman Building which also contains the Weinman Child Advocacy Center that provides services to traumatized children.

**Children's Advocacy Services of Greater St. Louis (CASGLS)**
The Children's Advocacy Services of Greater St. Louis provides services to children who have been sexually abused. The organization offers forensic fact-finding interviews; medical exams; victim advocacy, individual, family and group therapy; and training for the community at-large and area professionals. Internships for undergraduate and graduate students are available. Children's Advocacy Services has two facilities: one is located on the University of Missouri-St. Louis South Campus and one is located in the Central West End.

**Centers Providing Public and University Service**

**Blanche M. Touhill Performing Arts Center**
Now beginning its fourth season of presenting the finest in the performing arts to the St. Louis region, the Blanche M. Touhill Performing Arts Center opened its doors in September 2003. The $52 million non-profit facility designed by the architectural firm of internationally renowned I. M. Pei features the 1,625-seat Anheuser-Busch Performance Hall and the 350-seat E. Desmond and Mary Ann Lee Theater. The Touhill is the jewel of the UMSL campus and is a focal point for creating an arts district for students at the University.

The Touhill’s mission is laid out in the following statement: The Touhill Performing Arts Center at the University of Missouri-St. Louis creates opportunities for the people in our region to experience, appreciate and embrace the transformational power of the performing arts. It is a welcoming place, a leading cultural partner in our community and a symbol of this University’s commitment to integrate education, innovation and excellence. More information about the Touhill can be found at

**Child Development Center**
The Child Development Center, 130 South Campus Classroom Building, provides high-quality day programs for children of students, faculty, staff, and community families. The program operates from 7 a.m. to 5:30 p.m. Monday through Friday, year round. This program serves children from six weeks to five years of age. The center offers evening child care to UM St. Louis students and faculty during the fall and winter semesters. Evening care operates Monday thru Thursday from 5:00-9:00 p.m. Children aged 3-11 years old are eligible. The center also provides university students with observation, participation, research, and similar educational and clinical opportunities. Call the center at 516-5658 for additional information.

**Center for Human Origin and Cultural Diversity**
The Center for Human Origin and Cultural Diversity was founded in Fall, 1995 as a joint venture between the Anthropology Department, and the May buye Center (Archive of the African National Congress) at the University of the Western Cape, South Africa. Building on the foundation of anthropological knowledge, the Center will design a K-12 curriculum. Currently, no comprehensive anthropology curriculum exists in the U.S. Programs are also offered in conjunction with the Gerontology Program and the Missouri Historical Society.

**Center for the Humanities**
The Center provides visibility and focus for humanities activities at UM St. Louis and attracts and channels resources for support of interdisciplinary humanistic inquiry. The Center sponsors a variety of conferences, symposia, and lectures. For over a decade, the Center has sponsored an annual conference titled "What is a City?" that examines the structure and social environment of cities and their effects on social and cultural life. The Center supports the Monday Noon Cultural Series, which features a variety of humanities and arts presentations and performances. The Center also supports and coordinates the poetry and short story series, which showcases authors reading their original works. In addition, the Center houses and funds the journal *Theory and Society*, a refereed, interdisciplinary journal of social theory and practices, published by Kluwer Academic in The Netherlands. The Center disseminates information on the humanities on the [Center for Humanities website](http://humanities.umsl.edu) and promotes development of interdisciplinary outreach programs.

**Center for International Studies**
The Center for International Studies supports academic programs, seminars, and conferences designed to promote and improve research in international studies, improve methods of teaching international studies in schools and colleges, and encourage an interest in international affairs in the university and area communities.
The center’s Office of International Student and Scholar Services coordinates and provides services for international students and scholars including admissions, immigration, orientation, nonacademic advising, etc. In addition, the center administers the campus exchange and study abroad programs and disseminates information on study, work, and travel abroad. The center promotes the development of interdisciplinary and multidisciplinary courses, assists in staffing courses within individual departments, houses the Joint Center for East Asian Studies of UM St. Louis and Washington University, the E. Desmond Lee Global Ethnic Collaborative, the Karakas Family Foundation Alliance for the Advancement of Hellenic Studies, and the Endowed Professorships in African/African-American Studies, Chinese Studies, Greek Studies, international education, Irish Studies, Japanese Studies, the German Culture Center, and the Greek Culture Center. It conducts seminars that address specific faculty and student needs and interests, sponsors conferences for academic and community audiences, organizes international business development programs, sponsors an International Performing Arts series, issues occasional papers, administers undergraduate certificate programs in Africana studies, East Asian studies, European studies, Greek studies, international studies, and Latin American studies and the Graduate Certificate in International Studies. In addition, the Center serves precollege educators statewide through the International Studies Resource Library and operates a comprehensive global education program.

Center for Teaching and Learning (CTL)
The CTL is a division of the Office of Academic Affairs that promotes student learning by offering programs and resources that support effective teaching and learning at the University of Missouri-St. Louis. Orientations, workshops, and seminars on research and teaching are designed to support the professional development of faculty (full-time and part-time), academic leaders, graduate students, Teaching Assistants, and undergraduate students who work in tutoring capacities.

The CTL co-sponsors programs with other campus units to augment the orientation programs, introduce technology supports for teaching and learning, and create campus conversations about timely initiatives such as student and civic engagement. Major CTL programs include:

- New Faculty Orientation in August
- New Part-time Faculty Orientation offered before the start of fall, spring, and summer semesters
- Academic Leaders Forum
- TA/RA Professional Development Conference in August
- Constitution Day
- Certificate in University Teaching for graduate students
- Peer Academic Leaders Programs for undergraduate tutors
- Fall Focus on Teaching and Technology Conference
- Civic Engagement Day

The CTL coordinates two UM System initiatives on campus, the New Faculty Teaching Scholars Program and the Leadership Development Program. It organizes the Five-Year Program Reviews of academic units and centers and sponsors the implementation of the Faculty Survey of Student Engagement in odd-numbered spring semesters. Mid-semester online feedback for courses and confidential classroom consultations are available each semester as is instructional design support for faculty developing new and online courses. Additional information and current program offerings are available at the CTL website.

E. Desmond Lee Technology and Learning Center (TLC)
The TLC models a technology enriched classroom where theories and ideas are put into practice. The TLC is a resource for the community. Everyone is welcome to use the facility. Graduate students working in the center focus on research and assist in the development of effective uses of technology learning environments.

Information Technology Services
Information Technology Services provides students, faculty, and staff with an integrated array of voice, video, and data services, including consultation, programming, training and operational support.

Eleven Smart classrooms provide network-attached computers at each student station as well as an instructor station. High-resolution projectors and video/audio systems complete these facilities. There are also more than fifty media-enhanced lecture halls/classrooms with instructor stations as well as projection systems. These Technology Enhanced classrooms provide faculty with electronic blackboards for lecture notes, and software demonstrations. Complementing these facilities are student computer laboratories in the Social Sciences Building, Thomas Jefferson Library, Benton Hall, and South Campus Computer Building where consultants are available to assist students with general operation and troubleshooting needs.

KWMU
90.7 KWMU-FM, is the 100,000 watt public radio station of the University of Missouri St. Louis and National Public Radio/ Public Radio International affiliate. The professionally staffed station broadcasts news, talk, and entertainment 24 hours a day. KWMU provides programming that is responsive to the needs of the community. In training students who plan to pursue broadcast careers, KWMU augments the educational and training function of the university.

Regional Center for Education and Work
The Center initiates, promotes and supports programs that foster cooperation and information sharing among business, labor, social service and education for healthy long-term work force development and economic improvement for the St. Louis Region. The center will be a hub for regional research and planning in workforce development, employment trends and job forecasting. It serves as a resource to education, school counseling, labor force training and social service providers. For further information consult the Regional Center for Education and Work Home Page.

The Faculty Resource Center (FRC)
The Faculty Resource Center (FRC) provides enhanced technical support to faculty, TA’s, graduate students and support staff wishing to integrate technology into course content. These support resources include assistance in development of web-based material, assistance with online courses; the integration of video or graphics into course materials; training in the use of various instructional technologies; and access to networked workstations with software and media capabilities. For more information, please visit the Faculty Resource Center website or call (314) 516-6704.

My Gateway
The My Gateway Site provides on-line course materials as well as many other features such as: class email, discussion forums, virtual chat, and address book, calendar, and task list. From this web site, you can access course and organizational information; find tools to communicate with students, professors and colleagues; link to Registrar’s grades and schedules; and access links to other campus services.

The On-Line Testing Center in the South Campus
The On-Line Testing Center in the South Campus Computer Building, Room 200, provides new line computer-based testing services. The center is staffed seven days a week, offering both midday and evening hours, by a proctor that assists the students in getting started with examinations and provides scheduling support.

The Technology Support Center
211 Lucas Hall (516-6034) is available for students, faculty, and staff who have general questions regarding their accounts or use of campus resources. The Web office provides assistance for faculty and staff in developing Web pages.

University Eye Center
Located on the South Campus, the center is open to the public as well as to faculty, staff, and students of the university. Its goal is to provide patients with high quality vision care and optometry students with diverse educational opportunities. The College also operates the Optometric Center, a comprehensive optometric eye care facility in the Central West End of the city of St. Louis, the East St. Louis Eye Center, operated by the University of Missouri St. Louis College of Optometry in cooperation with the Southern Illinois University at Edwardsville and Harvester Eye Care in Saint Charles. For further information consult the Center for Eye Care Home Page.
As the region’s only public research university, UMSL serves students who are in many ways nontraditional in their demographic make-up, their approach to higher education, and their educational needs. Meeting the needs of these nontraditional students while extending the expertise of the university to the community is the mission of the Division of Continuing Education.

Through Continuing Education, the university’s colleges, schools, and centers administer a wide variety of credit courses, noncredit programs, and problem-oriented research for the benefit of the greater St. Louis metropolitan area and beyond. Programs are offered both on and off campus and online. Research, generally of an applied, urban-related nature, is designed to solve specific problems of client groups.

**Arts and Sciences**
Continuing Education in the College of Arts and Sciences includes credit courses and noncredit programs from the college’s departmental disciplines, including courses and workshops in archaeology, microcomputers, writing, languages, history, and social and physical sciences. Interdisciplinary teaching and research programs deal with such fields as social work, the humanities, women’s studies, and economics.

**The Center for Entrepreneurship and Economic Education** provides credit courses, noncredit programs and curriculum consultations to teachers and schools.

**The Microcomputer Program** develops and teaches applied computer courses and offers various Chancellor’s Certificates in Computing, along with other certificate programs.

**The Advanced Credit Program** provides an enrichment experience for university-bound secondary students by providing freshman-level courses for college credit in selected high schools.

**The Gateway Writing Project** offers credit and noncredit programs for classroom teachers to improve writing instruction, including the Graduate Certificate in the Teaching of Writing.

**Business Administration**
Continuing Education credit and noncredit programs through the College of Business Administration are offered in multiple areas, including financial planning; training, facilitation and coaching best practices; organizational development; team leadership; human resource management; broad survey courses; a variety of short, targeted offerings; and customized courses designed to meet individual client needs. Several certificate programs are offered as well as preparatory courses for professional certification programs in financial planning, human resources, and project management.

**Education**
The College of Education, which is accredited by the National Council for Accreditation of Teacher Education (NCATE) for the preparation of teachers, counselors, and administrators, offers an array of graduate and doctoral programs in education. Through the University’s Division of Continuing Education, courses and programs are offered for both practitioners and those considering the field of education as a career. Many credit courses are available at sites throughout the metropolitan area, and professional development conferences and institutes are specially designed to help practitioners stay current in their fields of study. Programs also can be tailored to meet the specific needs of groups or organizations and can be offered on site or at other convenient places and times.

**Transition to Teaching Program**
The Transition to Teaching Program provides a special certification route for individuals who currently hold bachelor degrees and who want to enter the teaching profession. The program is job-embedded and individuals work full time in classrooms while taking their certification coursework.

**Fine Arts and Communication**
The College of Fine Arts and Communication offers a variety of Continuing Education activities to the community. Four endowed professorships are focused on community outreach in the arts. The award-winning E. Desmond Lee Music Education Collaborative, and other collaborative activities undertaken by the College in conjunction with arts organizations in the greater St. Louis area, all contribute to the college mission. A range of credit and noncredit fine arts outreach programs are offered in partnership with the Saint Louis Symphony, Opera Theatre of Saint Louis, the Saint Louis Art Museum, and the Saint Louis Black Repertory Company.
Graduate School and Public Policy Administration
The Nonprofit Management and Leadership Program offers comprehensive education and training for professional staff, board members, and other leaders of nonprofit and voluntary organizations, as well as students and others wishing to explore a future in the field. Through Continuing Education, the program offers noncredit seminars, workshops, and conferences, both on and off campus, including distance learning.

Nursing
The College of Nursing at the University of Missouri-St. Louis offers an RN to BSN program for Registered Nurses both on and off campus. Currently, the college offers the RN to BSN courses at St. Charles Community College, the SSM Health System at DePaul Health Center, and St. John’s Mercy Medical Center in St. Louis. The MSN/FNP Program is offered at St. Charles Community College and at Mineral Area College.

Optometry
The University of Missouri St. Louis College of Optometry offers COPE approved advanced higher education programs that meet the requirements of state boards for individual relicensing. The dissemination of research data along with interactive panel programs of discussions of current issues are developed to advance clinical vision care.

Outreach Sites
The Division of Continuing Education offers selected graduate and undergraduate credit courses at UMSL Lindbergh, a satellite center located at Lindbergh High School in south St. Louis County. Continuing Education also offers credit courses leading to degree completion at other metropolitan sites, including St. Charles Community College, Mineral Area College, Jefferson College, the St. Louis Community College South County Education and University Center, and St. Louis Community College at Wildwood.

In-house Training
Specialized research and technical assistance and in-house training programs are available to local businesses and organizations. With the help of expert faculty and staff consultants, Continuing Education is equipped to deliver specialized training on an in-house basis.

J.C. Penney Conference Center
This large conference facility at UMSL houses a 435-seat auditorium, as well as six large conference rooms, designed to provide an excellent academic environment and maximum convenience for course participants. A complete conference staff provides administrative support for seminars and conferences, as well as coordination for special hosted programs each year.

General Information

The College offers a wide range of accredited baccalaureate, master's and doctoral degrees and multidisciplinary certificates through 14 departments, the School of Social Work and the Institute for Women's and Gender Studies.

Anthropology (B.A.)
Biochemistry & Biotechnology (B.S., M.S.)
Biology (B.A., B.S., M.S., Ph.D.)
Chemistry and Biochemistry (B.A., B.S., M.S., Ph.D.)
Criminology and Criminal Justice (B.S., M.A., Ph.D.)
Economics (B.A., B.S., M.A.)
English (B.A., M.A., M.F.A.)
Foreign Languages and Literatures (B.A. in French and B.A. in Spanish)
History (B.A., M.A.)
Liberal Studies (B.L.S.)
Mathematics and Computer Science (B.A., B.S., M.A., M.S., Ph.D.)
Philosophy (B.A., M.A.)
Physics and Astronomy (B.A., B.S., M.A., Ph.D.)
Political Science (B.A., M.A., Ph.D.)
Public Policy and Administration (M.P.P.A.)
Psychology (B.A., M.A., Ph.D.)
Social Work (B.S.W., M.S.W.)
Sociology (B.A., B.S., M.A.)
Women's and Gender Studies (Certificate)

The College of Arts and Sciences consists of some 220 full-time faculty members in the following departments and school, each offering work in specific undergraduate degree programs: anthropology, biology, chemistry, criminology and criminal justice, economics, English, foreign languages and literatures, history, mathematics and computer science, philosophy, physics and astronomy, political science, psychology, social work, and sociology.

In addition the College offers a Bachelors Degree in Biochemistry and Biotechnology and a Bachelor of Science in Liberal Studies.

Graduate study degree programs, administered through the Graduate School, are also offered in the following departments of the College of Arts and Sciences: biochemistry and biotechnology, biology, chemistry, criminology and criminal justice, economics, English, history, mathematics and computer science, physics and astronomy, philosophy, political science, psychology, social work, and sociology. An interdisciplinary master's degree in public policy administration is offered in cooperation with the College of Business Administration.

Specific degree requirements for both undergraduate and graduate degree programs are described in the departmental sections which follow this general information on the college.

Coursework in the evening or through on-line and/or video instruction is made available by all departments of the College and the School of Social Work. The following degree programs can be completed in the evening:

**Bachelor of Arts** in Biology, Chemistry, Economics, English, History, Mathematics, Physics, Political Science, Psychology, and Sociology.

**Bachelor of Science** in Biology, Chemistry, Computer Science, Criminology and Criminal Justice, Economics Mathematics, Physics, and Sociology.

**Bachelor of Social Work**

**Bachelor of Liberal Studies**

Consult the website of the department in which you plan to major for details on degree requirements and a three year schedule of planned course offerings.
Requirements for Undergraduate Study
All majors in the College of Arts and Sciences, including Bachelor of Liberal Studies, must meet the following requirements:

- Requirements of their chosen baccalaureate degree (i.e., B.A., B.S., BSW., etc.) in accordance with the policies of the College of Arts and Sciences, explained below.
- Requirements of the department for their selected major or interdisciplinary program.
- Requirements for the University’s general education & university requirements.

Academic Policies

Grade Requirements
To graduate, all majors in the college must satisfy one of the following grade point options:

- Earn 120 graded hours with a C grade or better, which constitutes a complete degree program neither a grade of C- nor a satisfactory grade may be counted.
- Have a minimum UMSL campus grade point average of 2.0 and have met all other grade point restrictions for the degree or program.

Cultural Diversity Requirement
To expand cultural awareness, all students are required to complete a course that emphasizes Asian, African, Middle Eastern, Latin American, Pacific aboriginal, Native American, or a comparable culture. A list of courses which satisfy this requirement can be found in the introductory section of this Bulletin.

Residency Requirements
Unless otherwise specified, a transfer student must complete 12 hours of graded work at UMSL at the 2000 level or above within the minimum number of hours required for each major.

Unless otherwise specified, a transfer student must complete at least six hours of graded work at UMSL at the 2000 level or above within the minimum number of hours required for each minor. Students should consult the minor department for specific residency and grade requirements.

Specific Baccalaureate Degree Requirements

Course Requirements
After fulfilling the general education and specific major degree requirements, students are to take the remaining hours required to complete the bachelor’s degree from courses (which the appropriate department has evaluated as being of university-level quality) from one or more of the following areas or their university-quality equivalents at other institutions: anthropology/archaeology, art (appreciation, history, studio), astronomy, biology, chemistry, communication, criminology and criminal justice, economics, English, foreign languages/literatures, geology, history, mathematics/computer science, media studies, music (appreciation, history, performance), philosophy, physics, political science, psychology, social work, sociology, theatre and dance, business, education, engineering, or interdisciplinary. Other areas or courses not listed require approval by the chair of the student’s department.

Bachelor of Arts (B.A.)
All B.A. degree candidates must successfully complete a curriculum which includes a departmental major or an approved interdisciplinary field. A major must include at least 30 credit hours but no more than 45 hours. The College offers the B.A. degree in anthropology, biology, chemistry, economics, English, French, history, mathematics, philosophy, physics, political science, psychology, sociology, and Spanish.

Foreign Language Requirement
Candidates for the B.A. degree are required to complete 13 credit hours or the equivalent in proficiency in one foreign language. Foreign language guidelines are as follows:

1) Students entering with no high school language units must enroll in Language 1 or may enroll in the 2115 series (see section 4).
2) Students with the degree of proficiency equivalent to 13 hours of college-level work in French, German or Spanish may obtain exemption by passing the department's placement exam. The specific dates for the exam are posted on-line or may be obtained from the Department of Foreign Languages and Literatures at 314-516-6240.
3) Native speakers of language other than English may meet the foreign language requirement by presenting a transcript from a university or secondary school of their native country. The department will certify native speakers of those languages which are taught at the university. Those who are proficient in other languages must submit certification of competence to the college.
4) Language 2115 A, B, C (Intensive) will satisfy the foreign language requirement. Aptitude testing is required prior to enrollment. For more information, call the Foreign Languages and Literatures Department at 314-516-6240.
5) Students may not repeat, for either credit or quality points, an elementary course if they have already completed a higher-level course for which the elementary course, or its equivalent, is a prerequisite.
Applied Music and Studio Art
Students in the College of Arts and Sciences may count no more than eight hours in music ensemble performance (Music 1400, 1410, 1500, 1520, etc). Students in the college may count any number of studio art hours toward a degree in the college. This includes transfer credit.

Bachelor of Science (B.S.)
The College offers the B.S. degree in mathematics, biochemistry and biotechnology, biology, chemistry, biochemistry, computer science, criminology and criminal justice, economics, physics (with emphasis in applied physics, astrophysics, engineering physics, or optical biophysics), and sociology. The requirements are generally the same as for the B.A. degree with the following exceptions:
1) More credit hours in the major discipline may be counted toward satisfying the 120 hours needed for graduation. See departmental degree requirements for information.
2) Not all departments require foreign language proficiency. See departmental degree requirements for information.

Bachelor of Liberal Studies
(See Interdisciplinary Programs for complete description)

Bachelor of Science in Public Policy and Administration (B.S.P.A.)
The B.S.P.A. degree program is administered through the Political Science Department and offers two emphasis areas. Public Administration emphasizes management in the public and nonprofit sectors. Public Policy allows focus on a particular policy area with attention to analytic training and research skills.

Bachelor of Social Work (B.S.W.)
The School of Social Work offers the B.S.W. degree, stressing the scientific and applied aspects of social work.

Minors
A number of minors are available at UMSL. Some are offered by individual departments, while others, such as Classical Studies are interdisciplinary in nature and involve a number of departments. The requirements for the various minors are listed in either the departmental or interdisciplinary sections of this Bulletin.

Special Programs

Certificate Programs
Graduate and undergraduate certificate programs are offered in archaeology biochemistry, biotechnology, forensic economics, labor studies, gerontology, studies in religions, trauma studies, tropical and conservation biology, nonprofit organization management and leadership, psychology-clinical respecialization, women's and gender studies, and writing.

International Studies Certificate
In cooperation with the Center for International Studies and other Colleges, the College offers certificate programs in African, East Asian, European, Greek, International, and Latin American studies. The College also cooperates in offering the International Business Certificate.

Departmental Honors
Majors in the following departments may pursue departmental honors: biology, chemistry, economics, English, foreign languages and literatures, history, and political science.

Cooperative Education and Internship Programs
Cooperative education and internship programs are available for students seeking career-related employment while enrolled in school. These programs afford Arts and Sciences students an opportunity to gain practical experience and earn a substantial income. Co-ops and internships are administered through Career Services, 278 Millennium Student Center.

College of Arts and Sciences Extension
Credit courses are offered at off-campus locations through the continuing education branch of the College of Arts and Sciences. These courses are open to UMSL students and qualify for regular academic credit toward degrees in the college. In addition, noncredit courses are offered in a range of disciplines within the college.
Faculty

**Susan E. Brownell**, Professor, Chairperson  
Ph.D., University of California-Santa Barbara

**Michael Cosmopoulos**, Hellenic Government-Karakas Family Foundation Endowed Professor of Greek Studies and Professor of Archaeology  
Ph.D., Washington University

**Jay Rounds**, Des Lee Professor of Museum Studies  
Ph.D., University of California-Los Angeles

**Sheilah Clarke-Ekong**, Associate Professor  
Ph.D., University of California-Los Angeles

**Margo-Lea Hurwicz**, Associate Professor  
Ph.D., University of California-Los Angeles

**Pamela Ashmore**, Associate Professor  
Ph.D., Washington University

**Jacquelyn Lewis-Harris**, Assistant Professor of Education and Director for the Center for Human Origin and Cultural Diversity  
Ph.D., Washington University

**Michael Ohnersorgen**, Assistant Professor  
Ph.D., Arizona State University

**Allon Uhlmann**, Assistant Professor  
Ph.D., Australian National University

**Patti Wright**, Assistant Professor  
Ph.D., Washington University

**Donna Hart**, Associate Teaching Professor  
Ph.D., Washington University

**Catherine Koziol**, Adjunct Assistant Professor  
M.A., Washington University

**John Wolford**, Adjunct Assistant Professor  
Ph.D., Indiana University

**Lucretia Kelly**, Adjunct Assistant Professor  
Ph.D., Washington University

**Paul Schoomer**, Senior Lecturer  
B.A., Washington University

**Jen Glaubius**, Lecturer  
M.A., University of Cincinnati

General Information

The aim of anthropology is to understand the diversity of humans. For 100 years we have studied the cultures of the world, teaching people how to see themselves more clearly through those who are different from themselves and how to work with the underlying humanity that unifies all cultural differences.

Anthropology is the study of humans through all time and space. The discipline considers our struggle to adapt to and survive in the natural and social environments and to improve our lot in the face of perpetual change. Anthropologists teach how cultures evolve and the role of individuals and groups in the invention and perpetuation of cultural beliefs, behaviors, symbols, and systems. Anthropologists have accumulated in-depth knowledge of hundreds of cultures and use this to understand better our own cultural beliefs, actions, and institutions, as well as those of people from other cultures. As the science of cultures, anthropology brings a powerful perspective to bear in understanding the emerging global order. Cross-cultural and evolutionary insights and knowledge help us envision how we can incorporate vast human diversity into a unified world order of peace, prosperity, justice, and opportunity.

Degrees and Areas of Concentration

A Bachelor of Arts in Anthropology is offered with a focus on applied and theoretical skills. The anthropology...
faculty are actively involved in cultural, archaeological, and biological anthropology research at home and abroad.

**Cultural Anthropology**

Faculty are involved in research in St. Louis, Los Angeles, Ghana, South Africa, China, Israel, Papua New Guinea, Australia, and Native American communities. They encompass studies in health care choices of elder citizens, museum studies, gender and sexuality, body culture and sports, culture diversity principles, educational anthropology and more. Opportunities abound for students to pursue diverse research experiences on a vast range of topics on human actions, beliefs and organization. Through its partnership with the College of Education, selected students are able to work with a team of anthropology and education faculty and students in the design and teaching of human origin and cultural diversity lessons for 3rd-12th grade school children and their teachers.

**Archaeology**

Faculty are involved in regional and global research of both New and Old World Cultures. Current projects include ethnobotany and experimental archaeology on seed carbonization, as well as excavations of an 800-year-old ceremonial site at Cahokia Mounds, Illinois a 10th-15th century pre-Aztec society in Northwestern Mexico, and a Bronze Age administrative center near Iklaina, Greece. The department also has an archaeology lab and library with one of the largest extant collections of prehistoric and historical artifacts from eastern Missouri.

**Biological Anthropology**

Faculty are active in the study of the behavior, ecology, and evolution of primates and of educational issues in the study of paleoanthropology (fossil record of human origins). Students have conducted original research at the St. Louis Zoo. They can study Forensic Anthropology and work with the department's own collection of 19th century skeletal remains.

**Student Experience**

Students may work closely with faculty in designing their personal course of study and carrying out their own research projects in any of the above fields of study. Research results written by students have been presented at professional meetings, published, and presented to government and community agencies for use in planning and development. Students are encouraged to participate in the department's network of internships, providing an opportunity to practice newly acquired skills. As a capstone experience, all students, under faculty supervision, complete a significant independent research project for the Senior Seminar, culminating in written and oral reports to student colleagues and the faculty. The department encourages study abroad and in other regions of the United States and has scholarship funds to assist. There is an active Association of Student Anthropologists that sponsors an intercultural film series, speakers, and social activities.

Paid undergraduate positions are available on a competitive basis to anthropology majors as 1) department teaching assistants, 2) faculty research assistants, 3) and human origin and cultural diversity lab teachers/facilitators working with school groups grades 3-12, and adults.

**Minor in Anthropology**

The department offers a minor in anthropology. The minor is designed to offer students a flexible introduction to the fundamentals of the discipline to complement their major field of study. A minor is advisable for anyone planning a career with intercultural or international dimensions, where knowledge of cultural systems, environments, values, and symbols is useful.

**Certificate in Archaeology**

The certificate in archaeology provides applied training in both laboratory and field methods to students who could be hired to assist professional archaeologists in area firms. Internships can be arranged with the UMSL archaeology lab or with a local institution (e.g. Cahokia Mounds State Historic Site, Missouri Historical Society, Mastodon State Historic Site). These internships can be conducted on Saturdays, Sundays or in the evenings.

**Undergraduate Studies**

**General Education Requirements**

Majors must satisfy the university and college general education requirements. Any foreign language may be used to meet the language requirement for the B.A. degree.

**Degree Requirements**

**Bachelor of Arts in Anthropology**

Six hours of credit will be accepted for courses taken on a satisfactory/unsatisfactory basis from any departmental elective. The statistics requirement may be taken on an S/U basis. All other required courses for the major must be completed with a grade of C- or better. The following courses are required:

ANTHRO 1005, Introduction to Biological Anthropology
ANTHRO 1011, Introduction to Cultural Anthropology
ANTHRO 1019, Introduction to Archaeology
ANTHRO 3202, History, Theory, and Practice of Anthropology  
SOC 3220, Sociological Statistics, or any other college level statistics course  
ANTHRO 4301, Ideas and Explanations in Anthropology  
ANTHRO 4308, Practicum in Cultural Research Methods or ANTHRO 4310, Laboratory Methods in Archaeology or ANTHRO 4311, Primate Research Methods  
ANTHRO 4315, Senior Seminar  
ANTHRO 4316, Senior Seminar Tutorial

Two courses from two different subfields in Anthropology (Cultural Anthropology, Archaeology, Biological Anthropology, or Linguistic Anthropology) numbered 2100-2199  
Two courses in Anthropology numbered 3200-3299, in addition to 3202.

The total number of hours required for the major is 39.  
Students may elect to take up to, but not to exceed, 12 additional hours in anthropology courses of their choice.

At the end of the program, students should have these competencies:

1. **Discipline-Specific (Content) Knowledge**  
   Graduates will understand cultural diversity, thus preparing them to function in multicultural or international settings. Graduates will understand the common evolutionary origins that unify all cultural differences, as well as human biological variation within our shared humanity. Graduates will develop in-depth knowledge of the culture of a particular region of the world.

2. **Communication Skills**  
   Students will develop social science writing skills, including writing of a research proposal for a grant agency and a substantial research report. Students will develop oral presentation skills, including presenting a formal research report.

3. **Information Management/Quantitative Skills**  
   Students will master research methods in one of the subfields of anthropology (cultural anthropology, biological anthropology, archaeology). Students will learn to design and conduct an original research project, working in close cooperation with faculty.

4. **Valuing/Ethics/Integrity**  
   Students will understand the professional ethics and codes of conduct of the discipline.

5. **Critical Thinking Skills**  
   Students will develop the ability to apply anthropological concepts in performing critical analysis of broad historical trends and complex social issues. Students will understand cultural diversity, thus preparing them to function in multicultural or international settings.

6. **Application/Internship Skills**  
   Students will gain hands-on experience in the application of anthropological concepts to real life and will be able to apply anthropological theory to real-life experience.

**Residency Requirement**  
Undergraduate majors must complete a minimum of 17 hours of upper-level (3000-5000) Anthropology courses in residence, including 3202, 4301, 4308 or 4310, 4315, 4316, and one other course numbered from 3000 to 5000.

**Anthropology Minor**  
The minor is designed to offer students a flexible introduction to the fundamentals of the discipline to complement their major field of study. There are 3 possible emphases: Cultural Anthropology, Archaeology, and Biological/Forensic Anthropology. One course should be selected from each of the following 5 groups:

1. **ANTHRO 1011**, Introduction to Cultural Anthropology OR  
   ANTHRO 1019, Introduction to Archaeology OR  
   ANTHRO 1005, Biological Anthropology OR  
   ANTHRO 1006, Introduction to Non Human Primates

2. One 2000-level Anthropology course  
3. One 3000-level Anthropology course  
4. One 4000-level Anthropology course  
5. One elective anthropology course at any level.

A minimum of 15 anthropology credit hours is required. Grades of C- or better must be attained in all courses used to satisfy these requirements. One Elective course taken on an A/U basis may be applied to the minor.

Students in the Bachelor of Liberal Studies must take Anthropology 4301 as their capstone course.

**Archaeology Certificate**  
ANTHRO 1019, Introduction to Archaeology  
One anthropology course at the 2100-2199 level with an archaeological emphasis.  
One anthropology course at the 3200-3299 level with an archaeological emphasis.
ANTHRO 4310, Laboratory Methods in Archaeology
ANTHRO 4309, Archaeological Field School
ANTHRO 4326, Internship in Archaeology (1-6 credit hours)

Career Outlook

The B.A. in Anthropology equips the student for employment in almost any area in which a bachelor’s degree is sufficient and a sensitivity to cultural values and diversity is important. Graduates have found employment as university professors and lawyers and in archaeology research programs, urban development, planning programs, health care delivery, human services, many areas of business, government service, teaching, computer systems design, university administration, and many other areas. Anthropology is excellent preparation for graduate and professional training in administration, the helping professions, development work, law, environmental studies, international and human resource areas of business, and in many other areas, depending upon individual interests. Many UMSL anthropology graduates have gone on to advanced training in master’s, doctoral, and professional programs in respected universities around the country. For more career information, contact the department at 516-6020 for an appointment to talk with an appropriate faculty member or to request an information packet.

Course Descriptions

Students who have earned 24 or more semester hours of credit at any accredited post-secondary institution before the start of the fall 2002 semester must meet the general education requirements stipulated in the UMSL 2001-2002 Bulletin. The following courses fulfill the Social Sciences breadth of study requirements as described in that Bulletin: 1005, 1006, 1011, 1015, 1019, 1021, 1025, 1033, 1035, 1041, 1051, 1091, 1095, 2105, 2109, 2111, 2114, 2117, 2120, 2121, 2123, 2124, 2125, 2126, 2131, 2132, 2134, 2135, 2138, 2173, 2190, 2191, 2232, 3202, 3209, 3210, 3212, 3215, 3225, 3226, 3227, 3229, 3230, 3235, 3236, 3244, 3250, 3255, 3286, 3290, 3291, 3292, 4301, 4308, 4309, 4310, 4311, 4312, 4315, 4316, 4312, 4325, 4326, 4327, 4328, 4329, 4350, 4391.

The following courses satisfy the Cultural Diversity requirement: 1011, 1019, 1021, 1025, 1033, 1041, 1051, 1091, 2111, 2114, 2120, 2123, 2124, 2131, 2132, 2134, 2135, 2138, 2173, 2191, 3235.

1005 Introduction to Biological Anthropology (4)
Biological anthropology studies evolutionary theory and its development, the evolution/creationist debate, Mendelian and population genetics, the evolutionary place of humans within the animal kingdom, anatomical and behavioral characteristics of primates, fossilization, primate evolution, the human evolutionary fossil record, biological variability in modern humans, race as a biological concept, and applied biological anthropology. In addition to 3 hours of lecture, 1 hour per week is spent in lab classifying ancient human fossils, observing monkeys and apes at the zoo, and doing other projects.

1006 Introduction to Non-Human Primates (3)
As a general survey of our closest living relatives, this course introduces the ecology, cognition, communication, social and sexual behavior, and fossil history, of non-human primates. The work of well-known primatologists is used to illustrate various aspects of field research. Conservation status of primates in the wild is assessed as well as current threats to survival.

1011 Introduction to Cultural Anthropology (3) [V, SS, CD]
Cultural anthropology is the study of human beings as creatures and creators of society. This course is an introduction to that study which aims to demonstrate how the basic concepts and techniques developed by cultural anthropologists help us to understand societies of various degrees of complexity, including our own. We will consider topics such as language, kinship, gender, ethnicity, economics, politics, religion, and social change in a broad comparative framework. Major goals are an increased awareness of the social and cultural dimensions of human experience the diversity and flexibility of human cultures and processes of intercultural communication and conflict.

1015 Introduction to Folklore (3)
Introduces the basic concepts of folklore. Examines the connections between folklore as a discipline and anthropology as a discipline. Examines specific folk cultures both in Western societies and in non-Western societies. Emphasizes the view of folk culture as a dynamic part of modern as well as historical societies, with a constant focus on the human element that comprises the very heart and soul of culture.

1019 Introduction to Archaeology (3) [MI, SS, CD]
Archaeology is a subfield of anthropology that studies past human societies from their material remains. Explores the development of archaeology as a scientific discipline. Archaeological methods and theories will be explained using case studies from the continents of Africa, Asia, Australia, Europe and the Americas.

1021 The Body in Culture (3) [CD]
This course will compare uses of the body as a social signifier in Western and non-Western cultures. It will explore how culture shapes the images, uses, and meanings of the human body. It concentrates on different historical and cultural beliefs in five areas: how the body works sex and gender eating manners and food pain...
1025 World Cultures (3) [V, SS, CD]
An ethnographic survey of the major culture areas of the world (Africa, Asia, North and South America, Europe, and Oceania).

1033 World Archaeology (3) [MI, SS, CD]
Discusses some of the greatest discoveries in archaeology from prehistoric cultures to ancient civilizations of Africa, Asia, Australia, Europe, and the Americas. Archaeological examples may include early human origins at Olduvia Gorge in Tanzania, the pyramids of ancient Egypt, the Maya and Aztec of Mexico, the rise of civilization in Mesopotamia, England’s Stonehenge, the Roman city of Pompeii, upper Paleolithic cave paintings in France and Spain, and American Indian pueblos of the Southwest. This introductory course is designed for non-anthropology majors, or for those who are considering the major.

1035 Ancient Greek Civilization and Culture (3)
A survey of the history, language, literature, art, science, and philosophy of the ancient Greeks from prehistory to the Roman conquest. It covers the glamorous Minoan-Mycenaean civilization, the rise of classical Greek civilization and the golden age, the history of the city states such as Athens and "Sparta, and the Hellenistic period under Alexander the Great and his descents. Examines the nature of the ancient Greek language, surveys literary classics such as the Iliad and the Odyssey, and describes the archaeology of Greek myths based on the ongoing UMSL archaeological project in Greece. Discusses the rise of humanism, the ancient Olympic Games, and the legacy of ancient Greece in Western civilization.

1041 Sex and Gender Across Cultures (3) [CD]
This course considers womanhood, manhood, third genders, and sexuality in a broad cross-cultural perspective. The focus of the course is on the diverse cultural logics that separate females, males and sometimes third genders into different groups in different societies, with the male group usually being the more prestigious one. Focusing on indigenous non-Western cultures, this course examines gender roles and sexuality within the broader cultural contexts of ritual and symbolism, family, marriage and kinship, economy, politics, and public life. This course will help students understand what it is like to be male or female in non-Western cultures.

1051 Anthropology of Sport (3) [CD]
This course is an overview of sports in different times and cultures. It offers a comparative perspective on similarities and differences between sports in Western and non-Western cultural traditions through an examination of such topics as: the ancient Greek Olympic Games vs. sports in ancient China and Japan the use of sports by colonial empires to colonize non-Western subjects the development and spread of the modern Olympic Games sports and nationalism sports in China. Particular attention will be paid to the relationships between sport and gender, social class, ethnic/racial identity, and nationalism.

1091 Introductory Topics in Anthropology(3) [CD]
This course features special and current topics at the introductory level in the areas of social, cultural and physical anthropology and archaeology. The course examines the basic concepts and provides an understanding of the development of new trends and areas of study in the field of Anthropology. Topics will focus on the comparative study of non-Western cultures such as ecological practices in tribal societies religious practices in prehistoric cultures the roles of women across cultures etc. Topics may vary and the course may be repeated provided topic is different.

1095 Brief Overview of the Four Fields of Anthropology (1)
Through the use of videos, readings, and the online course management system, this course provides a brief overview of the four traditional fields of anthropology: biological, archaeological, cultural, and linguistic anthropology. This course is designed for video instruction and offers minimal direct interaction with the instructor.

2105 Human Variation (3)
This course will look at the variation that exists within our own species, both between and within populations. It will investigate the evolutionary and genetic basis of human variation, as well as its diversity, adaptive significance, and distribution. Topics covered will include: body shape and physiology, blood groups, susceptibility to disease, and skin color. It will survey historical attempts to classify humans into different "races" assess definitions of race as a solely cultural construct and critique attempts to link race, intelligence and performance.

2109 Archaeological Field School (3-6)
Prerequisite: Consent of instructor. Introduction to field methods in archaeology and to the techniques of recording, storing, analyzing, and reporting archaeological findings. Experience is gained through participation in a field research project including excavation and survey projects. Emphasis is placed upon research design and implementation and upon the use of archaeological data in describing and explaining human behavior.

2111 Cultures of East Asia (3) [CD]
An ethnographic and historical survey of the various people of East Asia including Japan, China, North and
South Korea, Hong Kong, and Macau. Includes an examination of the varying cultural and social developments within and through the historical, geographical, and cultural environments.

2114 Cultures of the Near and Middle East (3) [CD]
A study of the cultural diversity and unity of the peoples of the Near and Middle East. Emphasis on historical and ethnocultural relationships, social and political structure, religious beliefs, and contemporary problems.

2117 Greek History and Culture (3)
Same as HIST 2117 Greek civilization has had a deep impact on contemporary society in art, social, political, and economic organization. Philosophy, law, medicine, and science. This course covers major aspects of Greek history and culture from antiquity to the present. It considers the major political and military events of Greek history, as well as important aspects of Greek culture, including sports and the history of the Olympic Games, literature, philosophy, and mythology.

2120 Native Peoples of North America (3) [CD]
A survey of the Native Peoples of North America including the prehistory, ethnographic and linguistic groupings, social organization, and cultural systems of these cultures.

2121 Symbols in American Indian Culture (3)
This class will look at the role of symbols in American Indian cultures in the United States and Canada, in both prehistoric and historic times. It will look at how they have used symbols to communicate, record their history, express themselves artistically, and define a tribal identity. Satisfies Cultural Diversity requirement.

2123 Cultures of Oceania (3) [CD]
An introduction to the original cultures and peoples of the South and Western Pacific: New Guinea, Australia, New Zealand, Samoa, Hawaii, Easter Island, etc. Focus is on art, religion, language, relationships to the environment, economics, politics, social groupings, and how these intertwine to form distinctly adaptive cultures in one of the least understood regions of the world.

2124 Cultures of Africa (3) [CD]
A basic ethnographic survey of African cultures, with attention to social groupings, ethnicity, religion, language and social change, and the ecological relationship between humans and nature.

2125 Introduction to Historical Archaeology (3)
An introductory course in the archaeology of historic period sites. The historic period refers to that portion of human history that begins with the appearance of written documents and continues to contemporary societies. This course will discuss the development, research strategies and future goals of historical archaeology. Archaeological examples will come from all populated continents, but will concentrate on the Americas including the Colonial towns of Jamestown and Williamsburg, Deep South plantations, Civil War battlefields, and shipwreck sites like the Titanic.

2126 Archaeology of Greater St. Louis (3)
Discussion of Ice Age hunters and gatherers, moundbuilders, fur traders, farmers and industrial workers from the history of the Greater St. Louis Community. The physical testimony to their lives remains buried beneath the city streets and buildings. Archaeology is our link to this cultural legacy. Through the use of archaeological data and historical sources, this class will explore human social and cultural developments in St. Louis.

2131 Archaeology of Missouri (3) [CD]
An introduction to the prehistoric American Indian cultures of Missouri and adjacent areas from 20,000 years ago to the coming of Europeans. Examines the development of prehistoric cultures in Missouri from small bands of hunters and gatherers to moundbuilding, agricultural societies and discusses the decline of indigenous cultures as they came into contact with European civilization.

2132 Archaeology of North America (3) [CD]
Examines the archaeological record of human developments throughout prehistoric North America. Topics of discussion include the origins of human culture in America, the processes of prehistoric cultural development in the different regions of the continent, and archaeological approaches to explaining the behavior of North America's prehistoric inhabitants.

2134 Archaeology of the Inca, Aztec, and Maya (3) [CD]
Provides an overview of human social and cultural developments in Mesoamerica and Andean South America, from the first settlements over 20,000 years ago to the Spanish Conquest. Focuses on events leading to and including the establishment of Classic Mayan and Aztec societies, and discusses changes that led to what was perhaps the largest nation on earth for its time, the Inca.

2135 Old World Archaeology (3) [CD]
Examines the long and rich archaeological record of the Old World (Africa, Europe, Asia, Australia, and Oceania). Various topics and cultures of the Old World will be discussed from the earliest human ancestors to the rise and fall of complex societies.

2138 African-American Archaeology (3) [CD]
This course examines people of African descent in the New World through archaeology. Class lectures will outline the development, research strategies and goals of African-American archaeology using examples from the colonial slave trade to the 20th Century. Specific topics include foodways, architecture, spirituality, health, ethnicity, acculturation/creolization, status, racism and gender.

**2173 Archaeology and Cultures of the Biblical World (3) [CD]**
A survey of the cultures of the Old Testament World with attention to their evolution, internal and external relationships, as well as their diverse religious, social, economic, and political institutions. The instructor will teach skills in evaluating popular vs. scientific and historical evidence of Biblical events.

**2190 Special Topics in Archaeology (3)**
Discusses varying cultural areas from an archaeological perspective. May be repeated with consent of department. Satisfies the Cultural Diversity requirement only when the topic is a Non-Western Culture.

**2191 Special Topics in Non-Western Cultures (3) [CD]**
This course focuses on a specific non-western culture, or geographically related groups of cultures. Ethnographic and/or archaeological cultures are chosen and their ecological, economic, social, religious, cosmological, political, ethnic, linguistic and other cultural domains are examined. Students are exposed to basic concepts and knowledge for understanding diverse cultures in their historical and/or contemporary contexts of development and relationship. Topics will vary.

**2192 Anthropological Perspectives on Western Culture (3)**
This course focuses on a specific Western culture or geographically—related group of cultures utilizing ethnographic and/or archaeological sources. Ecological, economic, social, political, ethnic, religious, linguistic and cultural domains, will be examined Students are exposed to basic anthropological concepts for understanding diverse cultures in their historical and/or contemporary contexts. Topics will vary.

**2232 Analysis of Archaeological Artifacts (3)**
Prerequisites: ANTHRO 1109 or ANTHRO 2109 or consent of instructor. This course teaches the methods and techniques for analyzing the artifacts from an archaeological dig. Students learn to process, analyze, and interpret ceramics, stone tools, plant and animal debris according to form, design, use wear, and associations. This analysis will form the basis of interpretations about human behaviors and cultural and temporal affiliations. The student will prepare a report of the examined collection.

**3202 History, Theory, and Practice of Anthropology (3)**
Prerequisite: ANTHRO 1005, 1006, 1011, or 1019. An overview of the history and theory of anthropology from the Victorian era to today with an emphasis on putting theory into practice. The purpose of the course is to help students understand where anthropology has come from and where it may be going, and to teach students how to apply theory to specific questions and problems.

**3209 Forensic Anthropology (4)**
Prerequisites: ANTHRO 1005, or BIOL 1102, or junior standing, or consent of instructor. Same as Crimin 3209. Students learn basic dental and skeletal anatomy and the methods used by biological anthropologist and archaeologists to collect an analyze human skeletal remains, including how to determine age and sex of skeletal remains, identify ethnic markers, determine stature and handedness, and identify the presence of trauma and/or pathology. Also covers the role of the forensic anthropologist in crime scene investigations and human rights issues. In the weekly lab section students will have an opportunity for hands-on application of techniques to analyze skeletal remains.

**3210 Applied Anthropology (3)**
Prerequisite: ANTHRO 1011, or introductory course in another social science, or consent of instructor. A description and analysis of methods, principles, and use of anthropology in solution of problems associated with the changing conditions of our times. The course will examine a wide variety of cross-cultural case studies.

**3212 Medical Anthropology (3)**
Prerequisite: ANTHRO 1011, or introductory course in another social science, or consent of instructor. An examination of the growing interaction between introductory course in another social science, or consent of instructor anthropology and medicine, and the increasing use of anthropologists in medical and health-care settings. In addition to teaching current theory in medical anthropology, the course focuses on anthropologically based skills essential to those working in health-related fields.

**3215 Growing Old in Other Cultures (3)**
Same as GERON 3215. This course examines the wide-ranging variability in the roles of older people across different cultures and the effects these have on older people, their families, and their societies.

**3216 Cognition Across Cultures (3)**
Prerequisite: ANTHRO 1011, or introductory course in another social science, or consent of instructor. This course explores cognition – perception, knowledge and thought – as a set of social and cultural processes. An introduction to methods for understanding the human mind in context. It will cover key debates, including: cross-cultural variation in thought processes (cognitive relativity vs. psychic unity), the relation between
physiology and consciousness, ethnosciences, the social and cultural construction of reality, the different ways that social contexts affect the way people think, the implications of the way knowledge is distributed across society, the social and cultural basis of logic.

3225 Ritual, Death, and Sports: The Archaeology of Greek Mythology (3)
Prerequisites: ANTHRO 1019 or ANTHRO 1011 or consent of instructor. Since the beginning of our existence, humans have pondered the mysteries of life and death and have strived to find meaning in a constantly changing world. In Western civilization, Greek mythology and religion represent humanity's earliest attempts to deal with the greater forces that affect our lives, which found expression in the great religious and athletic festivals, such as the Olympic Games. We will study the myths, rituals, religious beliefs of the ancient Greeks and how these were expressed in sports and art, in order to get a glimpse of the Greeks' understanding of life, death, and the supernatural. The sources of our exploration are two: the fascinating archaeological discoveries of ancient Greek sites and relevant readings from the ancient Greek literature.

3226 Origins of Farming and Herding (3.0)
Prerequisites: ANTHRO 1019 or consent of instructor. This course surveys the archaeological evidence for the domestication of plants and animals from around the world and the accompanying revolution in social organization, which continues to influence the modern world. It discusses key issues, concepts, and debates. It examines case studies of early domesticated plants and animals (e.g. wheat, maize, cattle, dogs, and many others) and regional studies of the development of farming and herding in ancient Egypt, Mesopotamia, China, the Americas, and Europe.

3227 Monsters & Victims: Women Dramatis Personae in Greek Tragedy and Contemporary Drama (3.0)
Prerequisites: ANTHRO 1011, or introductory course in another social science, or consent of instructor. This course explores female dramatic figures in ancient Greek tragedies that represent women either as victims and/or monsters. From Iphigenia, Alcestis, and Hecuba to Clytemnestra, Phaedra and Medea, it analyzes issues such as the role of sex, gender, female sexuality, ritual and domestic violence in the image-making of women as either scapegoats or monsters by the major Greek tragedians, particularly Euripides. It explores contemporary adaptations by several women playwrights in light of theoretical readings by feminist critics.

3228 Economic Archaeology and Anthropology (3)
Prerequisites: ANTHRO 1019 or ANTHRO 1011 or consent of instructor. This course examines economic organization and behavior in a cross-cultural context. It looks at the various ways anthropologists have approached the study of economy, and explores how cultural factors such as relations of power, gender, kinship, and ideology affect economic organization in ancient and modern societies. Most of the course will focus on pre-industrial societies (including hunter-gather, tribal, and complex societies), and will address issues of subsistence strategies, craft production and specialization, trade and exchange, money, and markets. It will also briefly explore how modern communities around the globe are responding to contemporary processes like capitalism and globalization.

3230 Method and Theory in Prehistoric Archaeology (3)
Prerequisites: ANTHRO 1019 or consent of instructor. An advanced course emphasizing the various theories and methods employed in prehistoric archaeological research. Archaeological theories and methods will cover diffusion, cultural ecology, seasonality, plant and animal domestication, subsistence, settlement patterns, spatial analysis, ethnoarchaeology, artifact analysis, seriation, dating techniques, remote sensing, and others. Requires substantial reading and writing.

3235 Women in Subsaharan Africa: A Contemporary Perspective (3) [CD]
Prerequisite: ANTHRO 1011, or introductory course in another social science, or consent of the instructor. Examines important traditional concerns of anthropologists such as the nature of kinship obligation and privilege gender as a basis for the division of labor social organization for formal and informal networks and ritual and ceremony. In addition we look closely at the changing role of African women, as related by African women testing the very limits of what is "socially and culturally acceptable." The roles women continue to play in politics, comprehensive development (i.e., cultural and economic) and evolving social structures are reviewed to gain an understanding of the historical and contemporary mandates for their social action.

3236 Sex Trafficking in Cross-Cultural Perspective (3)
Prerequisites: ANTHRO 1041, WGST 2150 or 2102 or consent of instructor. This course introduces the history and current issues in the international sex industry, including human trafficking, slavery, and prostitution in Europe, Asia, Africa, South America, and North America. It will evaluate the power structures (political, economic, and military institutions) and the process, organization and structure of the industry within the context of nationality, ethnicity, and class, with particular emphasis on voluntary (immigration) and forced (displacement) population migration. Finally, it will look at current legislation and methods to control this growing problem, especially in the United States.

3244 Religion, Magic, and Science (3)
Prerequisite: ANTHRO 1011, or introductory course in another social science, or consent of the instructor. A consideration of the roles of religion, magic, and science in culture and social organization.
3250 American Folklore (3)
Prerequisite: ANTHRO 1011, or introductory course in another social science, or consent of the instructor.
Focuses on United States society from humanistic and cultural viewpoints. Operates under the basic definition of folklore as “artistic communication in small groups,” and thus embraces the idea of folklore as an ongoing creative process combining the conservative elements of tradition with the dynamic aspects of cultural creation. Comparing United States folklore with that from the borderlands of Canada and Latin America, the course will use fieldwork and concepts in folkloristics to focus on folklore genres (such as narratives, arts, crafts, architecture, oral history, and others) and folk groups (such as ethnic populations, age groups, gender groups, occupations, college students, and others).

3255 Oral History and Urban Culture in St. Louis (3)
Prerequisites: ANTHRO 1011 or instructor's consent. This course involves students in background research and active fieldwork in urban anthropology within the metropolitan area. The focus will be on learning and applying oral history techniques in the city of St. Louis and its neighborhoods. Students will conduct in-depth fieldwork in one city neighborhood. They will learn fieldwork methodologies and how to conduct social, cultural, and historical research in preparation for fieldwork. This includes learning to research, conduct, and process interviews. They will also learn to work in teams to construct a group project to be presented to the class.

3290 Advanced Topics in Archaeology (3)
Prerequisites: ANTHRO 1019, or consent of instructor. Selected topics in archaeology with a strong theoretical and methodological approach. Requires substantial reading and writing. May be repeated with consent of department.

3291 Current Issues in Anthropology (3)
Prerequisite: ANTHRO 1011, or introductory course in another social science, or consent of instructor. Selected topics in social, cultural, and physical anthropology, with emphasis on current issues and trends in the field of anthropology. May be repeated provided topic is different.

3292 Current Issues in Anthropology (4)
Prerequisites: ANTHRO 1011, or introductory course in another social science, or consent of instructor. Selected topics in social, cultural, and biological anthropology, with emphasis on current issues and trends in the field of anthropology. Includes a lab component. May be repeated provided topic is different.

4301 Ideas and Explanations in Anthropology (3)
Prerequisite: ANTHRO 3202. The theory course in the capstone sequence for Anthropology majors. Students learn to identify and synthesize relevant theories write them up in the form of a comprehensive literature review and apply them constructively to the collection, analysis, and explanation of data. Majors should take this course concurrently with ANTHRO 4308, 4310 or 4311.

4308 Practicum in Cultural Research Methods (4)
Prerequisites: One course in statistics and ANTHRO 1011, or consent of instructor. (With computer laboratory.) Emphasizes hands-on training in techniques for both the collection and analysis of ethnographic data, including participant observation, selection of ethnographic informants, key informant interviewing, and more systematic methods such as survey research. The use of computer programs for the development of protocols to collect, analyze, and display data will be covered in lab.

4309 Archaeological Field School (3-6)
Prerequisite: Consent of instructor. Advanced methods in field archaeology and laboratory analysis. Emphasis is placed on sampling, the use of theory in guiding field and laboratory work, advanced field techniques, and specialty analysis. Opportunities are provided for the development of field and laboratory leadership skills. Independent research is encouraged.

4310 Laboratory Methods in Archaeology (4)
Prerequisite: ANTHRO 1019, SOC 3220 or equivalent, or consent of instructor. An advanced laboratory analysis and curation methods class. The emphases are (1) mastery of general lab methods and procedures, and (2) development of independent analysis skills in one or more specialty areas such as lithics, ceramics, computer graphics, statistical methods, paleoethnobotany, experimental analysis, and soils.

4311 Primate Research Methods (4)
Prerequisites: ANTHRO 1006, SOCI 3220 or equivalent, or consent of instructor. Course material based on primate behavior, demographics, and morphology. Research techniques for ethological and primatological studies, including the design of research protocols, development of data collection methodologies, analysis of morphological and behavioral data and the scientific description of findings. Students are required to conduct observations of primates at the St. Louis Zoo and participate in the Undergraduate Research Symposium.

4312 Cultural Resource Management and Historic Preservation (3)
Prerequisites: ANTHRO 1019 or Consent of the Instructor. This course will introduce proper practices of cultural resource management and historic preservation. It provides a technical and theoretical bridge between anthropological archaeology and its application to the management of resources. Among the issues covered will be relevant legislation, the phased approach to archaeological and historical research, state and federal
review procedures, proposal writing, interacting with clients, consulting with native peoples, and public and professional ethics and standards. This course will provide hands-on experience. Because one of the skills most sought by project managers and employers is writing competence, it will be writing intensive.

4315 Senior Seminar in Anthropology (3)
Prerequisite: ANTHRO 4301 and one of the following: ANTHRO 4308, 4310, or 4311. The capstone course for anthropology majors, ideally taken in the final semester of the senior year. Students write a research proposal, conduct an original research project, write it up as a senior thesis, and present the thesis before the department. Must be taken concurrently with ANTHRO 4316.

4316 Senior Seminar Tutorial (1)
Prerequisites: ANTHRO 4308, 4310, or 4311 and consent of Instructor. The student chooses a faculty member with expertise relevant to the topic of the senior thesis. The student and faculty member arrange a schedule of meetings to discuss the drafts of each section of the senior thesis as they are completed. The student will be expected to follow advice about research methods, find and utilize the sources suggested, and incorporate editorial corrections in the writing. The instructor will be the Second Reader of the senior thesis, and will jointly assign the final grade to the senior thesis together with the instructor of Anth 4315. Must be taken concurrently with ANTHRO 4315.

4325 Internship in Cultural Anthropology (1-3)
Prerequisite: Recommendation of major adviser. Students will be assigned an internship on recommendation of their adviser. Internships will consist of a period of study, observation, and training in an appropriate public or private institution, business, or government office. Cultural Anthropology internships are aimed at providing students with opportunities to learn to apply their knowledge of social and cultural process and diversity to practical situations in the market place of ideas, goods, and services. Specific placements will be selected to match a student's interests and career goals.

4326 Internship in Archaeology (1-6)
Prerequisite: Recommendation of major adviser. Students will be assigned an internship on recommendation of their adviser. Internships will consist of a period of study, observation, and training in an appropriate public or private institution, business, or government office. Archaeology internships are aimed at providing students with opportunities to work with professional archaeologists in public and private research environments including laboratories and curation centers. Specific placements will be selected to match a student's interests and career goals.

4327 Internship in Folklore (1-3)
Prerequisite: Recommendation of major adviser. Students will be assigned an internship on recommendation of their adviser. Internships will consist of a period of study, observation, and training in an appropriate public or private institution. Folklore internships are aimed at providing students with opportunities to work with professional folklorists and anthropologists in an applied setting. Further, it allows a student to devote an entire semester to produce a viable urban fieldwork report. Specific placements will be selected to match a student's interests and career goals.

4328 Internship in Museum Studies (1-3)
Prerequisite: Recommendation of major adviser. Students will be assigned an internship on recommendation of their adviser. Internships will consist of a period of study, observation, and training in an appropriate museum or other exhibition oriented institution. Museum internships are aimed at providing students with opportunities to work with professional museologists to learn skills relating to areas such as exhibition, curation, public programming, research, and publication. Specific placements will be selected to match student's interests and career goals.

4329 Internship in Physical Anthropology (1-3)
Prerequisite: Recommendation of major adviser. Students will be assigned an internship on recommendation of their adviser. Internships will consist of a period of study, observation, and training in an appropriate institution, lab or research setting related to forensics, primate behavior and biology, human genetics, population, environmental policy, and other domains related to physical anthropology.

4350 Special Study (1-3)
Prerequisite: Consent of instructor. Independent study through readings, reports, or field research. No student may take more than a cumulative total of 6 hours of Special Study.

4391 Current Issues in Anthropology (1-4)
Prerequisite: ANTHRO 1011 or consent of instructor. Selected topics in social, cultural, and physical anthropology, with emphasis on current issues and trends in the field of anthropology. May be repeated.

5312 Cultural Resource Management and Historic Preservation (3)
Prerequisites: Graduate standing or consent of instructor. This course will introduce proper practices of cultural resource management and historic preservation. It provides a technical and theoretical bridge between anthropological archaeology and its application to the management of resources. Among the issues covered will be relevant legislation, the phased approach to archaeological and historical research, state and federal
review procedures, proposal writing, interacting with clients, helping with native peoples, and public and professional ethics and standards. This course will provide hands-on experience. Because one of the skills most sought by project managers and employers is writing competence, it will be writing intensive.

5429 The Body in East Asian Culture (3)
Prerequisites: Graduate standing and one course on East Asia. This course looks at the meanings and practices associated with the body in Mainland China, Japan, South Korea, Taiwan, and Hong Kong. Detailed analysis of the concepts of the body in classical Chinese medicine forms the basis for philosophical discussions of Western mind-body dualism vs. Eastern mind-body synthesis. Anthropological, sociological and historical research on sports, fashion, beauty, diet, meditation, and martial arts will also be covered. This course is taught at Washington University for the Joint Program on East Asian Studies.

5440 Cultural Aspects of Aging (3)
Prerequisite: Graduate status or consent of instructor Same as GERON 5440. Focuses on the variety of solutions encountered in different sociocultural contexts for dealing with the problems, challenges and opportunities of growing old. It is organized around topics that are of concern to both anthropology and social gerontology: the status of the aged, intergenerational relations, aging in modernizing societies, ethnic dimensions of aging in complex societies, health in later life, death and dying. Both in-depth case studies and cross-cultural comparisons are examined in an effort to arrive at a culturally informed assessment of factors affecting aging and the aged in the United States.

6136 Foundations of Museology II (3)
Prerequisite: Consent of Director of Museum Studies Program. Same as ART HS 6036 and HIST 6136. Audience-centered approaches to museology visitor research and learning theory, philosophical and practical considerations in museum planning, the physical design of museums, creativity, exhibit and program development, collections and curation, the challenge of diversity, the future of museums.

6139 Practicum in Exhibit and Program Development (3)
Prerequisite: Consent of Director of Museum Studies Program. Development of exhibits and related education programs. Students work as teams with museum professionals to develop and implement an exhibit concept that integrates design, education and marketing from the onset. Methods in planning, flow charting, budgeting, team dynamics and related skills.
Faculty

Wesley R. Harris, Professor of Chemistry and Biochemistry, Director
Ph.D., Texas A&M University

George Gokel, Distinguished Professor of Chemistry & Biochemistry
Ph.D., University of Southern California

Keith J. Stine, Professor of Chemistry and Biochemistry
Ph.D., Massachusetts Institute of Technology

Xuemin Wang, E. Desmond Lee and Family Fund Endowed Professor of Plant Sciences
Ph.D., University of Kentucky

Teresa Thiel, Professor of Biology; Interim Dean, College of Arts and Sciences
Ph.D., Case Western Reserve University

Cynthia M. Dupureur, Associate Professor of Chemistry and Biochemistry
Ph.D., Ohio State University

Wendy M. Olivas, Associate Professor of Biology
Ph.D., University of Nebraska Medical Center

Jane A. Starling, Associate Professor of Biology Emerita
Ph.D., The William Marsh Rice University

Colin MacDiarmid, Assistant Professor of Biology
Ph.D., University of Auckland

Michael R. Nichols, Assistant Professor of Chemistry and Biochemistry
Ph.D., Purdue University

Lisa Schechter, Assistant Professor of Biology
Ph.D., Harvard University

Marc Spingola, Assistant Teaching Professor of Biology
Ph.D., University of New Mexico

Chung F. Wong, Assistant Professor of Chemistry and Biochemistry
Ph.D., University of Chicago

Bethany Zolman, Assistant Professor of Biology
Ph.D., The William March Rice University

General Information

Degrees
The Biochemistry and Biotechnology Program provides academic programs leading to the undergraduate B.S. degree or the graduate M.S. degree in Biochemistry and Biotechnology. These degrees are offered in cooperation with the Department of Biology and the Department of Chemistry and Biochemistry. Faculty members in this program are engaged in teaching and research in areas such as biochemistry, genetics, molecular biology, cell biology and developmental biology. Majors have the opportunity through coursework, laboratories, seminars and research experience to develop the knowledge and skills necessary to enter the workforce or to go on with further graduate education.

Career Outlook
The emerging Biotechnology sector is increasing the regional and national demand for workers with significant training in molecular biology, biochemistry, and genetics. The St. Louis metropolitan area has long been a major center for biochemistry and biotechnology, and in the past decade it has become a national hub for life sciences research and development activity. A degree in Biochemistry and Biotechnology provides students with the training they need to become part of the broad biotechnology and life sciences industries.

Undergraduate Studies

Degree Requirements
Bachelor of Science in Biochemistry and Biotechnology

General Education Requirements
Students must satisfy the university and college general education requirements. Some math or science courses required for the major may be used to meet the science and mathematics requirement of the university. There is no foreign language requirement for the degree.

Satisfactory/Unsatisfactory Option
Up to 18 credit hours may be taken on a satisfactory/unsatisfactory (s/u). Excluded from this option are required courses in biology, chemistry, physics, and mathematics.

Non-major Biology or Chemistry courses
Courses in Biology with a number less than 1800 and courses in Chemistry with a number less than 1100 do not count toward the credit hours required for a major in biochemistry and biotechnology.

1) Biology Core Courses
BIOL 1811, Introductory Biology: From Molecules to Organisms
BIOL 2012, Genetics
BIOL 2013, Genetics Laboratory
BIOL 2482, Microbiology
BIOL 2483, Microbiology Laboratory
BIOL 3622, Cell Biology

2) Chemistry Core Courses
CHEM 1111, Introductory Chemistry I
CHEM 1121, Introductory Chemistry II
CHEM 2223, Quantitative Analysis
CHEM 2612, Organic Chemistry I
CHEM 2622, Organic Chemistry II
CHEM 2633, Organic Chemistry Laboratory
CHEM 3302, Physical Chemistry for the Life Sciences

3) Math and Physics Core Courses
MATH 1030, College Algebra
MATH 1035, Trigonometry
MATH 1100, Basic Calculus or MATH 1800, Analytic Geometry and Calculus I
PHYSICS 1011, Basic Physics
PHYSICS 1012, Basic Physics

4) Biochemistry and Biotechnology Core Courses
BIOL 4602, Molecular Biology OR
BIOL 4612, Molecular Genetics of Bacteria (if both courses are taken, one can be used as an elective)
BIOL 4614, Biotechnology Laboratory I OR
BIOL 4615, Biotechnology Laboratory II (if both courses are taken, one can be used as an elective)
BIOL/CHEM 4712, Biochemistry
BIOL 4713, Techniques in Biochemistry OR
CHEM 4733, Biochemistry Laboratory

5) Biochemistry and Biotechnology Elective Courses- 9 credit hours chosen from the following courses:
BIOL 4602, Molecular Biology
BIOL 4612, Molecular Genetics of Bacteria
BIOL 4614, Biotechnology Laboratory I
BIOL 4615, Biotechnology Laboratory II
BIOL 4622, Molecular Cell Biology
BIOL 4632, Nucleic Acid Structure and Function
BIOL 4642, Plant Molecular Biology and Genetic Engineering
BIOL 4652, Virology
BIOL 4842, Immunobiology
BIOL 4905, Research (up to 3 credit hours)
BIOL 4920, Selected Topics (when relevant)
CHEM 3643, Advanced Organic Chemistry Laboratory
CHEM 3905, Chemical Research (up to 3 credit hours)
CHEM 4722, Advanced Biochemistry
CHEM 4772, Physical Biochemistry

Electives
Recommendations include basic statistics (MATH 1310 or MATH 1320), computer science, public speaking (COMM 1040), foreign language, ethics, and undergraduate research.
Research Opportunity
Students are encouraged to complete a minimum of 2 credit hours of undergraduate research, which provides an opportunity to gain research experience under the supervision of a faculty member. The project will normally include a review of the literature, laboratory experience and a final research report.

Minor in Biology
Students who complete the B.S. degree in Biochemistry and Biotechnology may also obtain a minor in biology by completing BIOL 1821, Introductory Biology: Organisms and the Environment. The minor must be approved by the chair of the Department of Biology. At least 9 hours of the biology course credits must be taken in residence at UMSL. Candidates must have a cumulative grade point average of 2.0 or better in the minor, and none of the courses may be taken on a satisfactory/unsatisfactory (s/u) basis.

Major in Chemistry
Students who complete the B.S. degree in Biochemistry and Biotechnology will also fulfill the course requirements for a minor in Chemistry. A GPA of at least 2.0 is required for the courses presented for the minor. At least three courses toward the Chemistry minor must be completed at UMSL.

Learning Outcomes
Students often think of the physical and life sciences as areas in which one masters a collection of “scientific facts.” However, an education in Biochemistry & Biotechnology involves much more than memorizing facts. Students in this program will develop a well-rounded set of competencies in several critical areas. These include:

1. **Discipline-Specific Knowledge.** Graduates from this program will have a solid foundation in the content areas of chemistry, biology, and biochemistry. A certain emphasis on specific, descriptive data is necessary. But the larger emphasis is on a clear understanding of the overriding principles and theorems of these areas that allow students to evaluate specific data within a larger context.

2. **Laboratory Skills.** Scientists not only learn the results of others, they work in the lab to generate new knowledge. Graduates will learn the basic skills associated with performing laboratory experiments in chemistry, biology, and biochemistry, and they will learn how to critically evaluate their data. This includes an appreciation of the potential sources of error associated with laboratory measurements.

3. **Problem Solving Skills.** Graduates will develop the ability to solve problems in their discipline. In part, this expands on laboratory skills, as students learn how to interpret and evaluate their data. These skills also include learning how to take general principles from various areas of chemistry, biochemistry, and biology and apply them to the solution of specific problems.

4. **Communication Skills.** Graduates must not only be able to solve problems, they must also be able to communicate those solutions to others. Graduates will learn how to write scientific reports and papers and will be able to make effective oral presentations of their results and ideas.

5. **Scientific Literacy.** Scientists must be able to build on the previous work of others and to put their new results into the larger context of the field. This requires the ability to work effectively with the scientific literature. Graduates will be able to use the specialized search engines associated with the vast literature in chemistry, biology, and biochemistry to find and retrieve information. Graduates will also have the knowledge background necessary to read papers from the literature with good comprehension.

6. **Professional Ethics.** Graduates will understand and respect the accepted standards of conduct associated with the scientific profession. This will include honestly and objectively evaluating and reporting data and demonstrating the proper respect for the published work of others.

**Graduate Studies**

**Degree Requirements**

**Master of Science in Biochemistry and Biotechnology**
The Biochemistry and Biotechnology Program offers two types of Master of Science degrees. One is a non-thesis option suitable for those with laboratory research experience or for others, such as educators, who do not require research experience. The other option includes laboratory-based research under the supervision of one the program faculty members, leading to a written thesis. All students admitted to the graduate program are considered to be in the non-thesis program. They may transfer into the thesis program after they have been accepted as a thesis student by one of the faculty.

**M.S. Admission Requirements**
Applicants to the M.S. program must submit completed application and personal data forms, two letters of recommendation from faculty at previously-attended colleges or universities, and transcripts of all previous postsecondary academic work. Applicants whose undergraduate degree is from a university outside of the United States must submit GRE scores (verbal, quantitative, and analytical). For students with a degree from a U.S. university, submission of Graduate Record Examination scores, although not required, is highly recommended. Admission as a regular graduate student requires graduation from an accredited college with a minimum grade point overall and in biology and chemistry courses of 3.0 (where A=4.0). Students will generally be expected to have a completed a major in biology, chemistry, biochemistry or biotechnology. In
addition to the Graduate School admission requirements, applicants should have completed an undergraduate course in biochemistry (equivalent to Biology/Chemistry 4712). Successful applicants will typically have completed courses in organic chemistry, cell biology, and genetics. Applicants may be asked to make up any deficiencies in these areas as a condition of enrollment.

All international applicants, except those from countries where English is the primary language, must take the TOEFL. Ordinarily, a score of 213 on the computer-based exam (550 on the paper-based exam or 80 on the internet-based exam) or better is required.

Requirements
Both the thesis and non-thesis options require a total of 30 graduate credit hours, of which at least half must be at the 5000-level or above. A maximum of 12 or 5 credit hours of Graduate Research (BIOL or CHEM 6905) may be applied toward the 30 credit hour total for the thesis or non-thesis options, respectively.

1) Required Courses
CHEM 4722, Advanced Biochemistry  
CHEM 5794, Special Topics in Biochemistry (Bioinformatics)  
BIOL 4614, Biotechnology Laboratory I or BIOL 6615, Advanced Biotechnology Laboratory II  
BIOL 6602, Advanced Molecular Biology or BIOL 6612, Advanced Molecular Genetics of Bacteria  
BIOL 6889, Graduate Seminar

2) Elective Courses
CHEM 4733, Biochemistry Laboratory  
CHEM 4764, Interdisciplinary Topics in Biochemistry  
CHEM 4772, Physical Biochemistry  
CHEM 4794, Special Topics in Biochemistry  
CHEM 6787, Problem Seminar in Biochemistry  
CHEM 6905, Graduate Research  
BIOL 4842, Immunobiology  
BIOL 5069, Topics in Cell and Molecular Biology  
BIOL 6602, Advanced Molecular Biology  
BIOL 6612, Advanced Molecular Genetics of Bacteria  
BIOL 6615, Advanced Biotechnology Laboratory II  
BIOL 6622, Advanced Molecular Cell Biology  
BIOL 6632, Advanced Nucleic Acid Structure and Function  
BIOL 6642, Advanced Plant Molecular Biology & Genetic Engineering  
BIOL 6652, Advanced Virology  
BIOL 6699, Graduate Internship in Biotechnology  
BIOL 6889, Graduate Seminar  
BIOL 6905, Graduate Research

Course Descriptions
Prerequisites may be waived by consent of the department or instructor. Some courses as indicated in the course description may be taken concurrently with the listed offering. Consult an adviser for further information.

Undergraduate Students who have earned 24 or more semester hours of credit at any accredited post-secondary institution(s) before the start of the fall 2002 semester must meet the general education requirements stipulated in the UMSL 2001-2002 Bulletin. The following courses fulfill the Natural Sciences and Mathematics breadth of study requirements as described in that Bulletin:

Biology Courses
*Note – Majors in Biochemistry and Biotechnology are not required to take BIOL 1821; hence it is not a prerequisite for BIOL 2012, BIOL 2482, or BIOL 3622 for these majors.

1811 Introductory Biology: From Molecules to Organisms (5), [MI, MS]
Prerequisite: A minimum of high school chemistry, ENGL 1100 or equivalent (may be taken concurrently), and placement into college algebra or higher. Required for students intending to major in biology or take specified biology courses at the 2000-level or above. This course presents an introduction to some of the principles of biology and scientific methodology applied to the molecular/cellular through organ system levels of organization. Topics include: cell structure, metabolism, reproduction, heredity and major physiological processes regulated by organ systems. Three hours of lecture, three and one-half hours of lab, and one hour of discussion per week.

2012 Genetics (3)
Prerequisite: BIOL 1811 [biology majors must also take BIOL 1821] and CHEM 1111 or [CHEM 1082 plus CHEM 1091]. Fundamental principles of inheritance, including classical genetic theory as well as recent advances in the molecular basis of heredity. Three hours of lecture per week.

2013 Genetics Laboratory (2)
Prerequisite: Concurrent registration in BIOL 2012, or by consent of instructor. Laboratory to accompany BIOL 2012. Three and one-half hours of organized laboratory time per week. Students may need to return to the laboratory at unscheduled times to complete some exercises.

2482 Microbiology (3)
Prerequisite: BIOL 1811 [majors must also take BIOL 1821] and CHEM 1111 [or CHEM 1082 plus CHEM 1091]. Study of microorganisms, their metabolism, genetics, and their interaction with other forms of life. Three hours of lecture per week.

2483 Microbiology Laboratory (2)
Prerequisite: BIOL 1811 [biology majors must also take BIOL 1821] and CHEM 1111 [or CHEM 1082 plus CHEM 1091]. Study of microorganisms, their metabolism, genetics, and their interaction with other forms of life. Three hours of lecture per week.

3622 Cell Biology (3)
Prerequisite: BIOL 1811 [biology majors must also take BIOL 1821], CHEM 1111, 1121 and 2612 or equivalents. Examination of the basic biological processes of cells.

4602 Molecular Biology (3)
Prerequisite: BIOL 2012 and 4712. A study of the principles of molecular biology, with emphasis on understanding the genetic regulation of DNA, RNA, and protein synthesis and function in the eukaryotic cells. Three hours of lecture per week. Students may not receive credit for both BIOL 4602 and BIOL 6602.

4612 Molecular Genetics of Bacteria (3)
Prerequisite: BIOL 2482 and BIOL 2012. A study of the molecular biology of gene replication, transfer, and expression in bacterial cells. Topics include DNA replication, transcription and translation, mutagenesis, DNA repair and recombination, gene transfer, and the regulation of genes and global expression systems. Three hours of lecture per week. Students may not receive credit for both BIOL 4612 and BIOL 6612.

4614 Biotechnology Laboratory I (4)
Prerequisite: BIOL 2012 or consent of instructor. An introduction to the fundamental concepts that underlie the field of biotechnology. Both the basic principles of molecular biology and hands-on experience with the techniques of the field will be addressed through lectures, discussion, and a series of laboratory exercises. Two hours of lecture and four hours of laboratory per week. Fulfills a laboratory requirement only; may not be used to fulfill the 4000-level or above lecture course requirement for the B.A. or B.S. degree in biology. Students may not receive credit for BIOL 4614 and a comparable biotechnology course from another institution.

4615 Biotechnology Laboratory II (4)
Prerequisite: BIOL 4614 and either BIOL 4602 or BIOL 4612, or consent of instructor. An in-depth look at theory and practice of biotechnology. Lectures and discussion will examine the underlying principles, and laboratory exercises will present hands-on experience with current techniques. One hour of lecture and six hours of laboratory per week. Fulfills a laboratory requirement only; may not be used to fulfill the 4000-5000 level lecture course requirement for the B.A. or B.S. degree in biology. Students may not receive credit for both BIOL 4615 and BIOL 6615.

4622 Molecular Cell Biology (3)
Prerequisite: BIOL 3622, BIOL 4602, and BIOL 4712 or consent of instructor. A study of the structural organization and processes of eukaryotic cells. Topics of discussion will include regulation of transcription, gene product processing and transport, organelle biogenesis and function, cytoskeletal structure and function, and cell interactions. Three hours of lecture per week. Students may not receive credit for both BIOL 4622 and BIOL 6622.

4632 Nucleic Acid Structure and Function (3)
Prerequisite: BIOL 2012 and 4712 or equivalent or consent of instructor. Comprehensive view of structural properties of DNA and RNA that promote molecular interactions and biological function. Topics include physical properties of nucleic acids, formation and biological importance of higher order structures, RNA enzymatic activities, nucleic acid-protein interactions, and RNA metabolism. Three hours of lecture per week. Students may not receive credit for both BIOL 4632 and 6632.

4712 Biochemistry (3)
(Same as CHEM 4712). Prerequisite: CHEM 2612 and either BIOL 1811 or CHEM 2622. Examines the chemistry and function of cell constituents, and the interaction and conversions of intracellular substances. Students may not receive credit for both BIOL 4712 and CHEM 4712.

4713 Techniques in Biochemistry (2)
Prerequisite: BIOL 4712 or CHEM 4712 (may be taken concurrently). Laboratory activities introducing
fundamental qualitative and quantitative biochemical techniques. Student evaluation will be based on laboratory participation, student laboratory reports, and written examinations. Three and one-half hours of organized laboratory time per week. Students may need to return to the laboratory at unscheduled times to complete some experiments.

**4842 Immunobiology (3)**
Prerequisite: BIOL 4712 and CHEM 2612. The fundamental principles and concepts of immunobiology and immunochemistry. Emphasis on the relation of immunological phenomena to biological phenomena and biological problems. Three hours of lecture per week.

**5069 Topics in Cellular and Molecular Biology (1)**
Prerequisite: Graduate standing. Presentation and discussion of student and faculty research projects and/or current research articles in molecular, cellular and developmental biology. May be repeated.

**6602 Advanced Molecular Biology (3)**
Prerequisite: BIOL 2012 and 4712, or consent of instructor. A study of the principles of molecular biology, with emphasis on understanding the genetic regulation of DNA, RNA, and protein synthesis and function in eukaryotic cell. Three hours of lecture per week. Students will be required to give an oral presentation and/or write an extra paper on a topic relevant to the course. Students may not receive credit for both BIOL 6602 and BIOL 4602.

**6612 Advanced Molecular Genetics of Bacteria (3)**
Prerequisite: BIOL 2012 and 2482. A study of the molecular biology of gene replication, transfer, and expression in bacterial cells. Topics include DNA replication, transcription and translation, mutagenesis, DNA repair and recombination, gene transfer, and the regulation of genes and global expression systems. Three hours of lecture per week. Students will be required to give an oral presentation and/or write an extra paper on a topic relevant to the course. Students may not receive credit for both BIOL 6612 and BIOL 4612.

**6615 Advanced Biotechnology Laboratory II (4)**
Prerequisite: BIOL 4614 and either BIOL 4602 or BIOL 4612, or consent of instructor. An in-depth look at the theory and practice of biotechnology. Lectures and discussion will examine the underlying principles, and laboratory exercises will present hands-on experience with current techniques. One hour of lecture and six hours of laboratory per week. Students will be required to give an oral presentation and/or write an extra paper on a topic relevant to the course. Students may not receive credit for both BIOL 6615 and BIOL 4615.

**6622 Advanced Molecular Cell Biology (3)**
Prerequisite: BIOL 4602, BIOL 3622, and BIOL 4712, or consent of instructor. A study of structural organization and processes of eukaryotic cells. Topics of discussion will include regulation of transcription, gene product processing and transport, organelle biogenesis and function, cytoskeletal structure and function, and cell interactions. Three hours of lecture per week. Students will be required to give an oral presentation and/or write an extra paper on a topic relevant to the course. Students may not receive credit for both BIOL 6622 and BIOL 4622.

**6632 Advanced Nucleic Acid Structure and Function (3)**
Prerequisite: BIOL 2012 and 4712 or equivalent or consent of instructor. Comprehensive view of structural properties of DNA and RNA that promote molecular interactions and biological function. Topics include physical properties of nucleic acids, formation and biological importance of higher order structures, RNA enzymatic activities, nucleic acid-protein interaction, and RNA metabolism. Three hours of lecture and one hour of discussion per week. Students may not receive credit for both BIOL 4632 and BIOL 6632.

**6642 Advanced Plant Molecular Biology and Genetic Engineering (3)**
Prerequisite: BIOL 4602 or 4612. Topics will include plant cell and developmental biology, DNA transfer into plants, using mutations to identify genes and their functions, regeneration of plants in tissue culture, signal transduction mechanisms, molecular biology of plant organelles, developmental engineering, metabolic engineering, plant microbe interactions, and engineered resistance to pathogen attack. Three hours of lecture and one hour of seminar per week. Students may not receive credit for both BIOL 4642 and BIOL 6642.

**6652 Advanced Virology (3)**
Prerequisite: BIOL 2482 and 2012. An advanced comparative study of the structure, reproduction, and genetics of viruses. Three hours of lecture, one hour of discussion or seminar per week. Students may not receive credit for both BIOL 4652 and 6652.

**6699 Graduate Internship in Biotechnology (1-4)**
Prerequisite: Graduate standing and enrollment in graduate Biotechnology Certificate Program. Six credit hours maximum (maximum of eight combined credit hours of BIOL 6905 and internship). Internship will consist of period of observation, experimentation and on-the-job training in a biotechnology laboratory. The laboratory may be industrial or academic. Credit will be determined by the number of hours the student works each week in internship in consultation between the intern’s supervisor and the instructor. Internship assignments will be commensurate with the education and experience of the student.

**6889 Graduate Seminar (2)**
Presentation and discussion of various research problems in biology. Graduate student exposure to the seminar process.

6905 Graduate Research in Biology (1-10)
Research in area selected by student in consultation with faculty members.

Chemistry Courses

1111 Introductory Chemistry I (5) [MS]
Prerequisite: Mathematics through college algebra and trigonometry may be taken concurrently. Presents an introduction to the fundamental laws and theories of chemistry. Laboratory experiments are designed to demonstrate some aspects of qualitative and quantitative analysis and to develop skills in laboratory procedures. Chemistry majors may not include both CHEM 1082 and 1111, and both CHEM 1011 and 1111 in the 120 hours required for graduation. Three hours of lecture and one hour of discussion per week, one hour of laboratory-lecture and three hours of laboratory per week.

1121 Introductory Chemistry II (5) [MI, MS]
Prerequisite: CHEM 1111 or advanced placement. Lecture and laboratory are a continuation of CHEM 1111. Three hours of lecture and one hour of discussion per week; one hour laboratory-lecture and three hours of laboratory weekly.

2223 Quantitative Analysis (3) [C, MI, MS]
Prerequisite: CHEM 1121. Principles and practice of elementary quantitative chemistry. The lecture treats descriptive statistics with emphasis on small samples; various types of competing equilibria pertaining to acid-base, complexometric and potentiometric titrations; and an introduction to spectrophotometric processes. The laboratory provides exercises in titrimetric, gravimetric, and spectrophotometric techniques. Both portions of the course deal with the analytical chemistry of environmentally-significant problems. Two hours of lecture and four and one-half hours of laboratory weekly.

2612 Organic Chemistry I (3) [MS]
Prerequisite: CHEM 1121. An introduction to the structure, properties, synthesis, and reactions of aliphatic and aromatic carbon compounds. Three hours of lecture per week.

2622 Organic Chemistry II (3) [MI, MS]
Prerequisite: CHEM 2612. A systematic study of organic reactions and their mechanisms; organic synthetic methods. Three hours of lecture per week.

2633 Organic Chemistry Laboratory (2) [C, MS]
Prerequisite: CHEM 2612 or consent of instructor. An introduction to laboratory techniques and procedures of synthetic organic chemistry including analysis of organic compounds. One hour of lecture and four and one-half hours of laboratory per week.

3302 Physical Chemistry for the Life Sciences (3)
Prerequisites: CHEM 2612 and MATH 1800 or MATH 1100, and PHYSICS 1012. Principles and applications of physical chemistry appropriate to students pursuing degree programs in the life sciences. Topics will include thermodynamics, equilibria, kinetics, and spectroscopy. This course is intended for undergraduates seeking the B.S. degree in Biochemistry and Biotechnology and does not fulfill the physical chemistry requirement for other Chemistry B.A. and B.S. degree programs.

3643 Advanced Organic Chemistry Laboratory (2)
Prerequisites: CHEM 2223, CHEM 2622, CHEM 2633. CHEM 3022 may be taken concurrently. Identification of organic compounds by classical and spectroscopic methods; advanced techniques in synthesis and separation of organic compounds. One hour of lecture and four and one-half hours laboratory per week. Not for graduate credit.

4712 Biochemistry (3)
(Same as BIOL 4712) Prerequisite: CHEM 2612 and either BIOL 1811 or CHEM 2622. The chemistry and function of cell constituents, and the interaction and conversions of intracellular substances. Three hours of lecture per week. Students may not receive credit for both BIOL 4712 and CHEM 4712.

4722 Advanced Biochemistry (3)
Prerequisite: CHEM 4712. Selected advanced topics in the chemistry of life processes. Three hours of lecture per week.

4733 Biochemistry Laboratory (2)
Prerequisite: CHEM 4712 (may be taken concurrently), and CHEM 2223. Laboratory study of biochemical processes in cellular and subcellular systems with emphasis on the isolation and purification of proteins (enzymes) and the characterization of catalytic properties. One hour of lecture and three and one-half hour of laboratory per week.

4764 Interdisciplinary Topics in Biochemistry (3)
Prerequisite: CHEM 4712; CHEM 4722 strongly recommended. Includes advanced studies of enzyme mechanisms, the role of metal ions in enzymatic and non-enzymatic processes, and the application of computational chemistry to biological systems. Three hours of lecture per week.

4772 Physical Biochemistry (3)
Prerequisite: CHEM 3312 or CHEM/BIOL 4712. Designed to acquaint students with concepts and methods in biophysical chemistry. Topics that will be discussed include protein and DNA structures, forces involved in protein folding and conformational stability, protein-DNA interactions, methods for characterization and separation of macromolecules, electron transfer, and biological spectroscopy. Three hours of lecture per week.

5794 Special Topics in Biochemistry (1-3)
Prerequisite: Consent of instructor. Selected topics in biochemistry. May be taken more than once for credit.

6787 Problem Seminar in Biochemistry (1)
Prerequisite: Consent of the biochemistry staff. Problems from the current literature, presentations and discussions by faculty, students and visiting scientists. Ph.D. students may take more than once for credit. Up to three credits may be applied to the M.S. degree program.

6905 Graduate Research in Chemistry (1-10)
Faculty

Peter F. Stevens, Professor, Chairperson
Ph.D., University of Edinburgh

Charles R. Granger, Curators’ Distinguished Teaching Professor
Ph.D., University of Iowa

Elizabeth A. Kellogg, E. Desmond Lee Professor of Botanical Studies
Ph.D., Harvard University

Patricia G. Parker, E. Desmond Lee Professor of Zoological Studies
Ph.D., University of North Carolina, Chapel Hill

Robert E. Ricklefs, Curators Professor
Ph.D., University of Pennsylvania

Xuemin Wang, E. Desmond Lee Professor of Plant Science
Ph.D., University of Kentucky

Robert Bader, Professor Emeritus
Ph.D., University of Chicago

John G. Blake, Professor
Ph.D., University of Illinois

Arnold B. Grobman, Professor Emeritus
Ph.D., University of Rochester

James H. Hunt, Professor Emeritus
Ph.D., University of California-Berkeley

Bette A. Loiselle, Professor
Ph.D., University of Wisconsin

Robert J. Marquis, Professor
Ph.D., University of Iowa

Martin Sage, Professor Emeritus
Ph.D., Nottingham University

Monroe Strickberger, Professor Emeritus
Ph.D., Columbia University, NY

Zuleyma Tang-Martinez, Professor
Ph.D., University of California-Berkeley

Teresa Thiel, Professor; Interim Dean of Arts and Sciences
Ph.D., Case Western Reserve University

Lon A. Wilkens, Professor
Ph.D., Florida State University

Godfrey R. Bourne, Associate Professor
Ph.D., University of Michigan

Albert Derby, Associate Professor Emeritus
Ph.D., City University of New York

Harvey P. Friedman, Associate Professor Emeritus
Ph.D., University of Kansas

Lawrence D. Friedman, Associate Professor Emeritus
Ph.D., University of Wisconsin

Donald E. Grogan, Associate Professor Emeritus
Ph.D., University of Missouri-Columbia

Wendy M. Olivas, Associate Professor
Ph.D., University of Nebraska Medical Center

Jane A. Starling, Associate Professor Emerita
Ph.D., The William Marsh Rice University

Colin MacDiarmid, Assistant Professor
Ph.D., University of Auckland

Lisa M. Schechter, Assistant Professor
Ph.D. Harvard University
Amy E. Zanne, Assistant Professor  
Ph.D. University of Florida  
Bethany K. Zolman, Assistant Professor  
Ph.D., Rice University  
Joseph Kamalay, Assistant Teaching Professor  
Ph.D., University of California, Los Angeles  
Lori L. Paul, Assistant Teaching Professor  
Ph.D., Washington University  
Marc Spingola, Assistant Teaching Professor  
Ph.D., University of New Mexico  
Shawn A. Cummings, Lecturer  
M.S., Washington State University  
Kenneth R. Mares, Lecturer  
Ph.D., University of Missouri, Kansas City

Affiliated Faculty

Terry L. Erwin, Research Professor  
Ph.D., University of Alberta  
Claude M. Fauquet, Research Professor  
Ph.D., University of Strasbourg  
Peter H. Raven, Research Professor;  
Ph.D., University of California-Los Angeles  
M. Jan Salick, Research Professor  
Ph.D., Cornell University  
Ihsan A. Al Shehbaz, Research Associate Professor  
Ph.D., Harvard University  
Bruce Allen, Research Associate Professor  
Ph.D., University of Cincinnati  
Eldridge Bermingham, Research Associate Professor  
Ph.D., University of Georgia  
Deborah A. Clark, Research Associate Professor  
Ph.D., University of Wisconsin  
David B. Clark, Research Associate Professor  
Ph.D., University of Wisconsin  
Thomas B. Croat, Research Associate Professor  
Ph.D., University of Kansas  
Peter E. Hoch, Research Associate Professor  
Ph.D., Washington University  
Peter M. Jorgensen, Research Associate Professor  
Ph.D., Aarhus Universitet  
Robert E. Magill, Research Associate Professor  
Ph.D., Texas A&M  
David A. Neill, Research Associate Professor  
Ph.D., Washington University  
Charlotte Taylor, Research Associate Professor  
Ph.D., Duke University  
Hendrik H. van der Werff, Research Associate Professor  
Ph.D., State University of Utrecht,  
George A. Yatskievych, Research Associate Professor  
Ph.D., Indiana University  
James L. Zarucchi, Research Associate Professor  
Ph.D., Harvard  
Cheryl S. Asa, Research Assistant Professor  
Ph.D., University of Wisconsin-Madison  
Stanton Braude, Research Assistant Professor  
Ph.D., University of Michigan  
Peter M. Richardson, Research Assistant Professor  
Ph.D., University of London  
George E. Schatz, Research Assistant Professor  
Ph.D., University of Wisconsin-Madison  
Christopher G. Taylor, Research Assistant Professor  
Ph.D., North Carolina State University  
Maria Del Carmen Ulloa Ulloa, Research Assistant Professor  
Ph.D., Aarhus Universitet  
Liming Xiong, Research Assistant Professor  
Ph.D., University of Arizona  
Yiji Xia, Research Assistant Professor  
Ph.D., Iowa State University
Patrick L. Osborne, Adjunct Associate Professor, Executive Director, Whitney R. Harris World Ecology Center
Ph.D., University of East Anglia

Sean Housmandi, Adjunct Assistant Teaching Professor
Ph.D., University of Missouri - St. Louis

**General Information**

**Degrees and Areas of Concentration**
The Department of Biology provides academic programs leading to the B.A. or B.S. in Biology. In cooperation with the College of Education, the department offers the B.S. in Secondary Education with a major in biology and the B.A. or B.S. in Biology with teacher certification. It also offers graduate work leading to the Master of Science and the Doctor of Philosophy degrees in Biology. Biology faculty members are engaged in teaching and research in areas ranging from cell and molecular biology to population and community studies.

**Minor in Biology**
Students majoring in another discipline may earn a minor in biology by completing a prescribed course of study. Unique programs can be developed to coordinate with special career objectives.

**Departmental Honors**
The Department of Biology offers an Honors Program to train students in conducting research in areas of biological research currently under study in the Department.

**Graduate Studies**
The Department of Biology offers graduate work leading to the M.S. and Ph.D. degrees in biology. Graduate students will normally work toward an M.S. or Ph.D. degree in two broad areas of biology: a) cellular, molecular, and developmental biology, or b) ecology, evolution, and systematics. Students in the M.S. and Ph.D. programs also have the opportunity to do their graduate work in collaboration with scientists at the Missouri Botanical Garden, the Donald Danforth Plant Science Center, or the Saint Louis Zoo through cooperative graduate programs.

**Facilities**
Department facilities include research and teaching laboratories, environmental chambers, greenhouses, and a large array of supporting modern research instrumentation. Graduate research can be pursued using facilities of the Missouri Botanical Garden, the Donald Danforth Plant Science Center, or the Saint Louis Zoo. Several sites within an hour of campus are suitable for regional field studies, including state parks, wildlife conservation areas, the Shaw Nature Reserve, and Washington University’s Tyson Research Center. UMSL is a member of the St. Louis University Research Station Consortium that operates Lay and Reis Field Stations in Missouri and is also a member of the Organization for Tropical Studies, which operates three field stations in Costa Rica. CEIBA Biological Centre in Guyana has hosted several UMSL courses and student researchers. Student researchers work independently at research stations throughout the tropics.

**Cooperative Programs**
The department participates in a cooperative consortium program in biology with Washington University, Saint Louis University, Southern Illinois University-Edwardsville, and the Missouri Botanical Garden.

**Program Objectives and Career Prospects**
The degree program at the baccalaureate level is designed to prepare the student for further professional training in areas such as medicine, dentistry, veterinary medicine, optometry, plant science, conservation, and related areas or for further graduate training in research in biology.

The Undergraduate Certificates in Biotechnology and Conservation Biology are for majors interested in careers in biotechnology and associated areas and in conservation, respectively.

The Master of Science program is an extension of the undergraduate program and provides the research-oriented training and education necessary for students to enter doctoral programs in biology and develops professional biologists qualified to function in responsible technical positions. It also trains students to become effective secondary school and junior college biology teachers.

The Graduate Certificates in Biotechnology and in Tropical Biology and Conservation provides professional training in the areas of biotechnology and conservation.

The Ph.D. program prepares students to be research biologists in academics or other professional fields in ecology, evolution and systematic and cellular and molecular biology. Employment opportunities are available in college or university research and teaching, in government and public institutions such as museums, botanical gardens and conservation organizations, and in industry.

**Undergraduate Studies**

**General Education Requirements**
Students must satisfy the university and college general education requirements. Some Biology courses may be used to meet the science and mathematics requirement of the university.
Candidates for the B.A. degree must fulfill the foreign language requirement of the College of Arts and Sciences. There is no foreign language requirement for the B.S. degree.

**Satisfactory/Unsatisfactory Option**
Up to 18 credit hours may be taken on a satisfactory/unsatisfactory (s/u) basis. Excluded from this option are required courses in biology, chemistry, physics, and mathematics.

**Non-major biology courses**
The following 1000 level biology courses do not count toward the biology credit hours required for a major in biology. Moreover, if biology majors take these courses, they are treated as biology courses when computing the 70 credit hours outside of biology needed to be included in the 120 total credit hours required for graduation.

- 1102, Human Biology
- 1131, Human Physiology and Anatomy I
- 1141, Human Physiology and Anatomy II
- 1162, General Microbiology
- 1350, Conservation of Diversity
- 1850, Global Ecology

**Degree Requirements**

**Bachelor of Arts in Biology**
The B.A. degree provides maximum flexibility for biology majors to pursue an undergraduate liberal arts course of study that can lead to professional careers in medicine, allied health, public and environmental health, law, and graduate studies in the life sciences. Candidates must have a cumulative grade point average of 2.0 or better in biology courses. Effective fall semester 2009, candidates must also earn a minimum grade of C- in all core courses.

All B.A. degree majors must take at least 39 credit hours but not more than 50 hours in appropriate biology course work. Transfer student must satisfactorily complete at least 12 credit hours of UMSL biology course work (including one laboratory) at the 2000 level or above before receiving a B.A. degree from the College of Arts and Sciences with a major in biology.

**Lecture and Seminar Course Requirements**

1) **Core Courses.** The following biology courses or their equivalents are required:

- 1811, Introductory Biology: From Molecules to Organisms
- 1821, Introductory Biology: Organisms and the Environment
- 2012, Genetics
- 3302, Introduction to Evolution
- 3622, Cell Biology
- 4889, Senior Seminar, or 4985 and 4986 for those seeking teacher certification.

One of the following diversity courses:

- 2402, Vertebrate Biology or
- 2442, Invertebrate Biology or
- 2482, Microbiology or
- 2501, Biology of Plants or
- 4402, Ornithology or
- 4422, Entomology or
- 4482, Parasitology or
- 4501, Flowering Plant Families: Phylogeny and Diversification

2) **Elective Courses.**
Three additional biology lecture courses, at the 2000 level or higher are required. They may be selected from any of the lecture or lecture-laboratory courses offered. Selection of these courses should reflect the career interest of the student. Biology courses taken to fulfill basic skill requirements (e.g., statistics requirement or biochemistry option) can be used to satisfy this requirement.

At least two biology lecture courses taken as part of the core or as electives must be at the 4000 level or higher. No more than one of these higher level courses can be used to fulfill other requirements (e.g., diversity or statistics requirements, or biochemistry option).

**Laboratory Course Requirements**
Three biology laboratory courses at the 2000 level or higher are required. They may be taken from any of the lecture-laboratory or laboratory courses offered. Two credit hours of BIOL 4905 can be used to fulfill one laboratory requirement. Students may take CHEM 4733 to satisfy one of these laboratory course requirements, but students may not use both BIOL 4713 and CHEM 4733 to fulfill this requirement.
Basic Skills Requirement
A well-rounded biologist needs certain skills outside the biology subject matter. The basic skills requirement is designed to provide the student with a background in communication skills and knowledge in associated science areas.

1) Communication Skills. Courses in foreign languages and in writing are required for development of the basic communication skills needed to transmit scientific information. The following satisfy this requirement:

Foreign Language
The foreign language requirement of the College of Arts & Sciences fulfills the departmental requirement.

Writing
ENGL 3100, Advanced Expository Writing or ENGL 3160, Writing in the Sciences (strongly preferred)

2) Associated Science Area. The following courses or their equivalents must be successfully completed in science areas related to biology:

PHYSICS 1011, Basic Physics
PHYSICS 1012, Basic Physics

CHEM 1111, Introductory Chemistry I or [CHEM 1082 and CHEM 1091]
CHEM 1121, Introductory Chemistry II
CHEM 2612, Organic Chemistry I

One of the following:
CHEM 2223, Quantitative Analysis or
CHEM 2622, Organic Chemistry II or
CHEM 2633, Organic Chemistry Laboratory or
BIOL/ CHEM 4712, Biochemistry

MATH 1310, College Algebra
MATH 1035, Trigonometry
MATH 1100, Basic Calculus or MATH 1800, Analytical Geometry and Calculus

One of the following:
BIOL 4122, Biometry or
MATH 1310, Elementary Statistical Methods or
MATH 1320, Applied Statistics I or
ED REM 5730, Educational Statistics or
PSYCH 2201, Psychological Statistics

Bachelor of Science in Biology
The B.S. degree in biology is designed to prepare students for basic technical positions and graduate studies in the life sciences. Candidates for the degree have the same core courses and general education requirements as those seeking the Bachelor of Arts degree, as well as addition requirements in depth of study, laboratory experience, communication skills, and background in associated science areas. Candidates must have a cumulative grade point average of 2.0 or better in biology courses. Effective Fall semester 2009, candidates must earn a minimum grade of 2.0 in all core courses.

There is no foreign language requirement for the B.S. degree. However, students should realize that the literature for biological studies is in many different languages and the ability to extract information from this literature is an important skill.

To fulfill the requirements for the B.S. degree a minimum of 44 hours but not more than 50 hours must be completed in appropriate biology course work. Transfer students must satisfactorily complete at least 17 credit hours of UMSL biology course work (including two laboratory courses) at the 2000 level or higher before receiving a B.S. degree in biology.

Lecture and Seminar Course Requirements

1) Core Courses. The following biology courses or their equivalents are required:

1811, Introductory Biology: From Molecules to Organisms
1821, Introductory Biology: Organisms and the Environment
2012, Genetics
3302, Introduction to Evolution
3622, Cell Biology
4889, Senior Seminar or 4985 and 4986 for those seeking teacher certification.

One of the following diversity courses:
2402, Vertebrate Biology or
2442, Invertebrate Biology or
2482, Microbiology or
2501, Biology of Plants or
4402, Ornithology or
4422, Entomology or
4482, Parasitology or
4501, Flowering Plant Families: Phylogeny and Diversification

2) Elective Courses.
Four additional biology lecture courses at the 2000 level or higher are required. They may be selected from any of the lecture or lecture-laboratory courses offered. Selection of these courses should reflect the career interest of the student. Biology courses taken to fulfill basic skill requirements (e.g., statistics requirement or biochemistry option) can be used to satisfy this requirement.

At least three biology lecture courses taken as part of the core or as electives must be at the 4000 level or higher. No more than two of these higher level courses can be used to fulfill other requirements (e.g., diversity or statistics requirements, or biochemistry option).

Laboratory Course Requirements.
Four biology laboratory courses at the 2000 level or higher are required. They may be selected from any of the lecture-laboratory or laboratory courses offered. Two credit hours of BIOL 4905 can be used to fulfill one laboratory requirement. Students may take CHEM 4733 to satisfy one of these laboratory course requirements, but students may not use both BIOL 4713 and CHEM 4733 to fulfill this requirement.

Basic Skills Requirement
A well-rounded biologist needs certain skills outside the biology subject matter. The basic skills requirement is designed to provide the student with a background in communication skills and knowledge in associated science areas.

1) Communication Skills. Courses in both formal speaking and writing are required for development of the basic communication skills needed to transmit scientific information.

Formal Speaking
COMM 1040, Introduction to Public Speaking

Writing
ENGL 3100, Advanced Expository Writing or ENGL 3160, Writing in the Sciences (strongly preferred)

2) Associated Science Area: The following courses or their equivalents must be successfully completed:

PHYSICS 1011, Basic Physics
PHYSICS 1012, Basic Physics

CHEM 1111, Introductory Chemistry I, or [CHEM 1082 and CHEM 1091]
CHEM 1121, Introductory Chemistry II
CHEM 2612, Organic Chemistry I
CHEM 2622, Organic Chemistry II or BIOL/CHEM 4712, Biochemistry
CHEM 2223, Quantitative Analysis or CHEM 2633, Organic Chemistry Laboratory

MATH 1030, College Algebra
MATH 1035, Trigonometry
MATH 1100, Basic Calculus, or MATH 1800, Analytic Geometry and Calculus I

One of the following:
BIOL 4122, Biometry or
MATH 1310, Elementary Statistical Methods or
MATH 1320, Applied Statistics I or
ED REM 5730, Educational Statistics or
PSYCH 2201, Psychological Statistics

One of the following:
PHIL 2256, Bioethics or PHIL 3380, Philosophy of Science

Research Opportunity.
All students acquiring a bachelor of science degree are strongly encouraged to complete a minimum of 2 credit hours of undergraduate research, BIOL 4905. The privilege of doing undergraduate research provides students with a first-hand opportunity to experience the research process under the supervision of a faculty member or off-campus scientist. The project normally includes a library search of pertinent literature, laboratory or field experience, and a summary paper.

Departmental Honors Thesis
The Department of Biology offers the more motivated and highly achieving students the opportunity to present
primary research in the form of a written Honors Thesis. The first step in conducting an undergraduate thesis is to identify a faculty research mentor; the mentor, along with two UMSL faculty members, will be readers of the thesis. It is highly recommended that students arrange to work full time on their honors thesis during the summer between the junior and senior years. Some funds are available from university and departmental fellowships, but in more cases support will come from the sponsoring lab.

The thesis will be completed and presented orally in an advertised public forum by the first of the month in which graduation is to occur. The readers of the thesis will decide on the appropriate level of honors, and will report their recommendation to the Dean of Arts and Sciences, so that the student is recognized at graduation as having graduated with Honors in Biology (or High Honors in Biology). In addition to fulfilling the coursework required for a B.S. or B.A. in Biology and the Honors Thesis itself, students must: 1) carry at least a 3.3 GPA, 2) complete a minimum 2 credit hours of BIOL 4905 (Research).

**Bachelor of Science in Education with Emphasis in Biology**
The B.S. Ed. is a professional degree designed for individuals who wish to pursue a teaching career in biology in the secondary schools. The biology requirements parallel those for the B.A. degree with the exception that BIOL 4985, Curriculum and Methods of Teaching Life Sciences, and BIOL 4986, Laboratory in Teaching Life Sciences, are substituted for BIOL 4889, Senior Seminar. Students must also fulfill the requirements for the B.S. Ed. degree as prescribed by the College of Education.

**Bachelor of Arts in Biology with Teacher Certification**
Biology majors interested in teaching biology in secondary schools may obtain teacher certification in cooperation with the College of Education by fulfilling the B.A. or B.S. with certain prescribed courses in biology, with the exception of BIOL 4889, Senior Seminar, and in addition, completing the following courses:

- PSYCH 1003, General Psychology
- ED FND 1111, The School in Contemporary Society
- ENGL 3160, Writing in the Sciences
- HIST 1001, 1002, or 1003, American Civilization
- POL SCI 1100, Introduction to American Politics
- PHIL 3380, Philosophy of Science
- COMM 1040, Introduction to Public Speaking
- TH DAN 1210, Fundamentals of Acting
- GEOL 1001, General Geology
- ATM SC 1001, Elementary Meteorology
- ED PSY 3312, The Psychology of Teaching and Learning
- ED TEC 2248, Utilization of Computer-Based Materials in Instruction
- SEC ED 3213, Techniques of Secondary School Teaching and Field Experiences OR
- TCH ED 3310, Introduction to Instructional Methods
- SPEC ED 3313, The Psychology and Education of Exceptional Individuals
- SEC ED 4391, Teaching Reading in Secondary School

**Content Areas**
- BIOL 4985, Curriculum and Methods of Teaching Life Sciences
- BIOL 4986, Laboratory in Teaching Life Sciences
- SEC ED 3290, Secondary School Student Teaching
- BIOL 4999, Science Teaching Intern Seminar

Because specific biology courses are required for teaching endorsement, students are advised to contact the Department of Biology AND the College of Education for special advising regarding teacher certification.

**Minor in Biology**
Students may minor in biology by completing a minimum of 19 credit hours in biology, of which at least 9 hours of the biology course credits must be taken in residence at UMSL.

**Requirements are:**
- BIOL 1811, Introductory Biology: From Molecules to Organisms, BIOL 1821, Introductory Biology: Organisms and the Environment, and BIOL 2012, Genetics. Two additional courses totaling no less than 6 credit hours. At least one course should be at the 3000 level or above.

All students must plan an appropriate course of study in consultation with an advisor, and the program must be given prior approval by the Chairperson of the Department of Biology. Under certain circumstances, a student may deviate from the prescribed course of study and substitute a group of courses that exhibit a coherent area of specialization to coordinate with a career objective.

Candidates must have a cumulative grade point average of 2.0 or better in the minor, courses may be taken on a satisfactory/ unsatisfactory (s/u) basis.

**Undergraduate Certificate in Biochemistry**
The university offers a certificate program for science majors who are interested in careers in biochemistry. The Biochemistry Certificate is an interdisciplinary specialization that may be earned within either a biology
major or a chemistry major. To earn the certificate, biology majors must enroll in the Biochemistry Certificate Program upon the completion of 60 credit hours, fulfill all the science (biology, chemistry, math, and physics) course requirements for the B.S. degree in biology, and successfully complete the following courses:

- **CHEM 2622**, Organic Chemistry II
- **Biol/Chem 4712**, Biochemistry
- **CHEM 2223**, Quantitative Analysis
- **CHEM 2633**, Organic Chemistry Laboratory
- **Biol 4713**, Techniques in Biochemistry or **CHEM 4733**, Biochemistry Laboratory
- **CHEM 4722**, Advanced Biochemistry

And three of the following biology courses:

- **2482**, Microbiology
- **2483**, Microbiology Laboratory
- **3642**, Development
- **4602**, Molecular Biology
- **4612**, Molecular Genetics of Bacteria
- **4614**, Biotechnology Laboratory I
- **4622**, Molecular Biology of the Cell
- **4632**, Nucleic Acid Structure and Function
- **4842**, Immunobiology

**Undergraduate Certificate in Biotechnology**

The university offers an undergraduate certificate program for biology majors who are interested in careers in biotechnology including biochemistry, microbiology, molecular biology, cell biology, and developmental biology. To earn the certificate, biology majors must enroll in the Biotechnology Certificate Program upon the completion of 60 credit hours, fulfill all the science (biology, chemistry, math, and physics) course requirements for the B.S. degree in biology, and successfully complete the following courses:

- **Biol 2013**, Genetics Laboratory
- **Biol 2482**, Microbiology
- **Biol 2483**, Microbiology Laboratory
- **Chem 2622**, Organic Chemistry II
- **Biol 4614**, Biotechnology Laboratory I
- **Biol/Chem 4712**, Biochemistry
- **Biol 4713**, Techniques in Biochemistry or **Chem 4733**, Biochemistry Laboratory

One of the following courses:

- **Biol 4602**, Molecular Biology
- **Biol 4612**, Molecular Genetics of Bacteria

And one of the following courses:

- **Biol 4615**, Biotechnology Laboratory II
- **Biol 4622**, Molecular Biology of the Cell
- **Biol 4632**, Nucleic Acid Structure and Function
- **Biol 4652**, Virology
- **Biol 4842**, Immunobiology
- **Chem 4722**, Advanced Biochemistry

**Undergraduate Certificate in Conservation Biology**

The Certificate in Conservation is a multidisciplinary program of study integrating theoretical and applied topics associated with conservation biology. The certificate is intended for undergraduate students with majors in biology or any other field who wish to develop a specialization in conservation. The certificate is offered by the Department of Biology in cooperation with the departments of Anthropology, Economics, History, Political Science, Social Work, and Sociology. Building on a core curriculum, students can elect courses from these departments to complete their requirements. Regularly enrolled undergraduates at UMSL or individuals with baccalaureate degrees who wish to receive a Certificate in Conservation Biology are eligible to participate in the conservation certificate program. To participate, students must apply to the certificate program. Application forms are available from the biology department. Guidelines for admission to the certificate program are also available. Individuals with baccalaureate degrees who are interested in this certificate must apply to the university as unclassified undergraduates. The certificate requires completion of 21 credit hours, outlined below. Students should consult the Bulletin with regard to prerequisites for any of the courses listed here.

**Core Courses**

**Biology**

- **2102**, General Ecology
- **3202**, Conservation Biology
- **3203**, Conservation Biology Laboratory
- **4299**, Practicum in Conservation
**Electives:** The remaining 11 credits must be selected from courses listed below. Five credits must be taken from within biology and 6 credits outside biology, from at least two departments.

**Anthropology**
- 2120, Native Peoples of North America
- 2131, Archaeology of Missouri
- 2132, Archaeology of North America

**Biology**
- 3122, Tropical Resource Ecology
- 3123, Tropical Resource Ecology Field Studies
- 4102, Behavioral Ecology
- 4112, Evolution of Animal Sociality
- 4182, Population Biology
- 4202, Wildlife Ecology and Conservation
- 4203, Wildlife Ecology and Conservation Laboratory
- 4245, Field Biology
- 4382, Introduction to Marine Science
- 4402, Ornithology
- 4403, Ornithology Laboratory
- 4422, Entomology
- 4423, Entomology Laboratory
- 4501, Flowering Plant Families Phylogeny and Diversification

**Economics**
- 3300, International Economic Analysis
- 3301, Intermediate Economic Theory: Microeconomics

**Microeconomics**
- 4550, Natural Resource Economics

**History**
- 3000, Selected Topics, when relevant

**Political Science**
- 3480, Environmental Politics
- 3590, Studies in Comparative Politics, when relevant
- 3850, International Organizations and Global Problem Solving
- 4510, Comparative Public Policy and Administration

**Social Work**
- 3900, Seminar in Social Work, when relevant

**Sociology**
- 3420, World Population and Ecology
- 4470, Demographic Techniques

**Pre-professional Graduation**
The Department of Biology sponsors a 3+4 Program for the UMSL College of Optometry.

In this program students may be admitted to the College of Optometry after completing three years (90 semester hours) of study in the Department of Biology. The undergraduate degree is granted when students satisfactorily complete the first year of optometry school. One or more of the following conditions must be met in order to qualify for the undergraduate degree. All general education requirements and all requirements for the major, except electives, must be completed. Any deficiency in required courses must be remedied with courses taken at UMSL within three years after entering the College of Optometry. Up to 6 hours from the College of Optometry may be substituted for undergraduate degree requirements, with approval of the Department of Biology.

**UMSL – Logan College (3+3 program)**
The Biology Department has developed a 3+3 articulation agreement with Logan College of Chiropractic. This program enables qualified students the opportunity to complete a Bachelor of Science degree in Biology for the University of Missouri – St. Louis as well as a Doctor of Chiropractic for Logan College of Chiropractic in six years.

**The program is only open to students who enter UMSL as first-time freshmen.**

Participants must complete their first 90 hours of college work (3 years) at UMSL following a prescribed curriculum.

Participants who have achieved at least 3.25 GPA at UMSL will automatically be granted admission by Logan College of Chiropractic.
After successfully completing an additional 30 credit hours (4th year) at Logan, a student will receive a BS in Biology degree from UMSL.

After completing two additional years at Logan, the student will receive a doctorate in chiropractic.

The acceptance of transfer credits or testing toward completion of degree requirements shall be governed by current policies of UMSL. However, no more than 20 credits of required courses, and NONE of the science credits required for admission to LCC may be earned via examination or transfer from another school.

LCC shall accept, for the entrance date of their choice, all students who successfully complete the Pre-Chiropractic Program with a cumulative GPA of 3.25 or higher and meet all other criteria for admission.

Students who earn less than a 3.25 GPA, but at least a 2.50 GPA, will be eligible for admission to LCC, and will receive appropriate consideration in the admission process for having completed the UMSL Pre-Chiropractic Program, but will not receive the assurance of a seat reserved for students earning a 3.25 or higher GPA.

Students will make application to LCC one year in advance of their desired entrance date and will complete all required application procedures thereafter in a timely manner, including submission of recommendation and a satisfactory interview.

This program offers benefits to students (six years instead of seven from high school to doctorate). The University of Missouri courses are listed below:

**General Education Requirements (33):**

- Humanities (9) Select from General Education List
- Social Sciences (One course must be a Psychology) (9) Select from General Education List of courses meeting Social Science Gen. Ed requirements.
- American History & Government (3)

Choose (3):

- MATH 1310 Elementary Statistical Methods; or
- MATH 1320 Applied Statistics I or
- BIOL 4122 Biometry
- COMM 1040 Introduction to Public Speaking (3)
- ENGL 1100 Freshman Composition (3)
- ENGL 3160 Writing in the Sciences (3)

**Major (58):**

**Foundation courses**

- BIOL 1811 Introductory Biology: From Molecules to Organisms (5)
- BIOL 1821 Introductory Biology: Organisms and the Environment (5)
- BIOL 2012 Genetics (3)
- BIOL 2482 Microbiology (3)
- BIOL 3622 Cell Biology (3)
- BIOL 3302 Introduction to Evolution (3)
- BIOL/Chem 4712 Biochemistry (3)
- BIOL 4889 Senior Seminar (2)
- PHYSICS 1011 Basic Physics (4)
- PHYSICS 1012 Basic Physics (4)
- CHEM 1111 Introductory Chemistry I (5)
- CHEM 1121 Introductory Chemistry II (5)
- CHEM 2612 Organic Chemistry I (3)
- CHEM 2622 Organic Chemistry II (3)
- CHEM 2633 Organic Chemistry Laboratory (2)
- PHIL 2256 Bioethics (3)
- MATH 1030 College Algebra (3)
- MATH 1035 Trigonometry (2)

Choose (3-5):

- MATH 1100 Basic Calculus (3); or MATH 1080 Analytical Geometry & Calculus I (5)

The remaining 30 hours to be taken at Logan include:

**Transfer Credits (34):**

- Anatomy I / Lab (6)
Spinal Anatomy / Lab (5)
Biochemistry I / Lab (4)
Histology / Cell Biology / Lab (5)
Anatomy II / Lab (6)
Neuroanatomy / Lab (5)
Biochemistry II (4)
Physiology I (4)
Microbiology / Lab (4)

Graduate Studies

The graduate program offers both Masters and Ph.D. degrees, as well as Graduate Certificates in biotechnology and Tropical Biology and Conservation.

Advisors

All graduate students will have a faculty advisor. In the event that a student’s interest changes or the faculty advisor feels the student's direction no longer falls with his/her area of expertise, the student and advisor should discuss whether a change of advisor is warranted. The graduate director must be notified in writing of any change in advisors. If a student or advisor is uncomfortable discussing the issue directly with the other, he/she is encouraged to meet with the director of the graduate program.

Graduate Assistants

Stipends for teaching and research assistantships are awarded on a competitive basis to qualified graduate students in masters or PhD. Programs. Tuition fees are waived for graduate assistants. Applications for assistantships must be sent to the Director of Graduate Studies in the Department of Biology and received by December 1.

Master of Science in Biology

The Department of Biology offers two ways of achieving the Master of Science degree. The first is a non-thesis option suitable for those who may already have extensive research experience, for educators who seek to upgrade their academic skills but do not require research experience, or for those who need to broaden their biological background. The second is a traditional apprenticeship in research leading to a written thesis. All students admitted to the graduate program are considered to be in the non-thesis program unless they have been accepted into an individual faculty lab. Starting with a common core, both the non-thesis or thesis option may be developed into a final degree program in either of two broad areas in biology: 1) Cell and Molecular Biology or 2) Ecology, Evolution, and Systematics. Non-thesis students may also elect to take courses in both areas.

M.S. Admission Requirements

Applicants to the M.S. program must submit completed application and personal data forms, three letters of recommendation from undergraduate faculty or work supervisors, and transcripts of all previous work. Submission of Graduate Record Examination scores, although not required, is highly recommended and will be helpful for positive consideration of admittance. Admission as a regular graduate student requires graduation from an accredited college with a minimum grade point average overall and in biology courses of 3.0 (where A = 4.0).

All foreign applicants, except those from countries where English is the primary language, must take the TOEFL. Ordinarily, a score of 213 on the computer-based exam (550 on the paper-based exam) or better is required.

In addition to the Graduate School admission requirements, applicants should have completed advanced undergraduate biology courses including genetics, biochemistry, and evolution. Courses in organic chemistry, college physics, and calculus are also expected, and a course in statistics is highly recommended.

Students admitted to the degree program who have not met some of the prerequisites may be asked to pass appropriate courses before graduating. These courses will be agreed upon by the student’s advisor, and the student during the first semester of enrollment. In particular, undergraduate deficiencies in genetics and either biochemistry or evolution shall be made up by taking the appropriate course(s). Three credits of BIOL 4920 Selected Topics can be given to graduate students for BIOL 2012 (Genetics) or BIOL 3302 (Evolution), if they receive a grade of B or better for all undergraduate course work and complete a graduate level paper assigned by the instructor. Instructor consent is required.

General Requirements

All students are required to take at least 4 but not more than 8 hours of BIOL 6889, Graduate Seminar. Thesis student are required and non-thesis students encouraged to take BIOL 5089, Ethical Issues in Biology. Students are expected to maintain a GPA of 3.0 or better.

Non-thesis Option

Including the general requirement, students must take at least 30 graduate credit hours, of which at least half must be at the 5000 or 6000 level. No more than 13 hours of BIOL 6905, Graduate Research, may be
counted toward the degree.

Thesis Option
The student and adviser work together to develop a research plan. The thesis proposal must be approved by the student's adviser and advisory committee before the student enrolls in more than 4 credit hours of BIOL 6905, Graduate Research, and before the student has completed 15 credit hours in the master's program. A thesis embodying results of original research shall be submitted to and approved by the Department of Biology and the Graduate School. This approval requires both a written thesis and oral presentation and defense.

Doctor of Philosophy in Biology
The doctoral program emphasizes empirical and theoretical approaches to biological research. Students are required to integrate basic skills in biology with focal studies in an emphasis area. The program is designed to provide research experience and training appropriate for advanced positions in academic research and teaching, government and public agencies, and industry.

Ph.D. Admission Requirements
Applicants to the Ph.D. program must submit a formal application to the Graduate Admissions Office. In addition, the applicant should arrange to have sent: three letters of recommendation from faculty members at previously attended colleges or universities, GRE scores (Verbal, Quantitative, and Analytical), and transcripts of all postsecondary academic work. Admission to the Ph.D. program normally requires a minimum grade point average overall and in biology courses of 3.0 (where A=4.0). Applicants from countries where English is not a primary language are required to take the TOEFL examination. Scores must be submitted before admission can be decided. Ordinarily, a score of 550 or better is required.

Applicants should have a bachelor's or M.S. degree from an accredited United States college or university or evidence of equivalent training at an accredited institution outside the United States. They should have the appropriate background for graduate work in biology, including courses in genetics, biochemistry, and evolution. Courses in organic chemistry, college physics, and calculus are expected. A course in statistics is recommended. Students admitted to the Ph.D. program who have not met all the prerequisites may be required to make up deficiencies before admission to candidacy. The deficiencies will be decided during orientation meetings prior to the start of the second semester. Three credits of BIOL 4920 Selected Topics can be given to graduate students for BIOL 2012 or BIOL 3302 if they receive a grade of B or better for all undergraduate course work and complete a graduate-level paper assigned by the instructor. Instructor consent is required.

Ph.D. Degree Requirements
In addition to the general requirements of the Graduate School, the basic requirements for the Ph.D. degree in Biology include 60 graduate credit hours. At least 30 of the 60 hours must be taken at the 5000 or 6000 level. With the explicit consent of the advisory committee, students may take for graduate credit up to 3 credit hours of 3000 level courses in allied departments. All students are required to take BIOL 5089, Ethical Issues in Biology. Courses in biology at the 3000 level and below are not available for graduate credit. At least 31 of the 60 hours must be taken while in residence at the University of Missouri-St. Louis. Graduate credit for course work transferred from another program is subject to approval by the graduate committee and by the Graduate School. Graduate courses taken elsewhere will be considered for transfer credit during orientation meetings conducted prior to the start of the second semester of enrollment.

Specific courses shall be completed as follows:

BIOL 4122 (3 hours), Biometry, or equivalent course in statistics.
BIOL 6889 (2 hours), Graduate Seminar.
Three semesters required (6 credits total).
12 hours of formal course work required by the student's emphasis area at the time a student is admitted to the Ph.D. program.

The maximum number of credit hours that may be applied toward the 60-hour requirement is limited as stated below:
BIOL 6889, Graduate Seminar: 10 hours
BIOL 6905, Graduate Research: 30 hours

A combination of 6 total credit hours of the following:
BIOL 5059, Topics in Ecology, Evolution, and Systematics
BIOL 5069, Topics in Cellular and Molecular Biology
BIOL 5079, Topics in Floristic Taxonomy

Students in Ecology, Evolution and Systematics are required to take BIOL 5192 Community Ecology, BIOL 5312 Theory of Systematics and BIOL 4182 Population Biology.

Maintenance of Status
All students are expected to maintain a GPA of 3.0 or better. Students will normally meet formally with their thesis committee, or if that has not been formed, with their advisor each year to maintain their status in the program.
**First-Year Experience**
Ph.D. students are expected to become involved in a research experience during their first-year program, usually by spring semester or summer session.

**Qualifying Examination**
All students must pass a qualifying examination consisting of a written and oral component. Students beginning studies in the fall semester will normally take the qualifying examination prior to their fourth semester of full-time study. Doctoral students who have earned an M.S. degree previously are encouraged to take the examination in their first year.

The examination for Ecology, Evolution and Systematics students evaluates knowledge of fundamental principles presented in formal courses and in papers of special importance in the field. The written exam will be given in December of each year, at the end of the fall semester, and the oral portion at the beginning of the spring semester, in January.

The Qualifying Examination for Cellular and Molecular students is composed of a written portion in which the student prepares a formal research proposal on a topic different from that of her/his doctoral dissertation research, and an oral portion during which the student defends the research proposal as well as his/her knowledge of the fundamental concepts of molecular biology, cell biology, and biochemistry.

**Admission to Candidacy**
To be admitted to candidacy, students must satisfy the requirements of the Graduate School, which includes passing all qualifying examinations and completing all required course work.

**Dissertation Proposal**
All students must defend orally a written dissertation proposal to their dissertation committee. The approved proposal must be submitted to the director of graduate studies in biology. Doctoral students may not enroll in more than 4 credits of graduate research (Biology 6905) before they have received approval for their dissertation proposal. The proposal is to be successfully defended by the end of the sixth semester.

**Dissertation**
A dissertation embodying the results of original research shall be submitted to and approved by the Department of Biology and the Graduate School. The general regulations of the Graduate School concerning the preparation of the dissertation must be met. These rules include a public oral defense of the written dissertation. Dissertations are to be presented in a style appropriate for one or more publications in scientific journals.

**Teaching**
At least one semester of supervised teaching is required of all doctoral students.

**Graduate Certificate in Biotechnology**
The Graduate Certificate in Biotechnology is offered for students with a bachelor's degree who wish to obtain advanced level training in those fields of biology that pertain to biotechnology without necessarily earning a master's degree. Students who enter this program may have a variety of interests, including biochemistry, microbiology, molecular biology, cell biology, developmental biology, or molecular evolution.

**Admission**
Students who wish to earn a Graduate Certificate in Biotechnology must apply to the Biotechnology Certificate Program for admission to the program. Students must be enrolled in the graduate program at the University of Missouri-St. Louis either as non-degree students or as master's students.

Students who wish to obtain a master's degree with a Biotechnology Certificate must be accepted into the Master's degree program in Biology as well as into the Biotechnology Certificate Program. Students who apply to the certificate program as non-degree students will earn only the certificate.

Students must have at least a 3.0 GPA for undergraduate course work to be accepted into the program. The minimum course prerequisites for admission to the program are undergraduate courses in genetics, cell biology, and biochemistry.

**Requirements**
Students must maintain a minimum GPA of 3.0 to remain in the certificate program. The certificate is awarded after completion of the courses listed below. Students enrolled in the Master's program may simultaneously earn a graduate degree and count the appropriate courses from the list below toward the Biotechnology Certificate.

The biotechnology certificate requires 18 credit hours of course work.

**Requirements**
**I. BIOL 6615**, Advanced Biotechnology Laboratory II
II. BIOL 6602, Advanced Molecular Biology or BIOL 6612, Advanced Molecular Genetics of Bacteria (If both Group II courses are taken, one may be used as elective credit)

III. The remaining 11 credit hours must be taken from the following electives:

**Biology**
- 4712, Biochemistry
- 4842, Immunobiology
- 5069, Topics in Cellular and Molecular Biology
- 6550, Advanced Bacterial Pathogenesis
- 6612, Advanced Molecular Genetics of Bacteria (if not taken as a required course)
- 6622, Advanced Molecular Biology of the Cell
- 6632, Advanced Nucleic Acid Structure and Function
- 6642, Advanced Plant Molecular Biology and Genetic Engineering
- 6652, Advanced Virology
- 6699, Graduate Internship in Biotechnology
- 6889, Graduate Seminar, when relevant
- 6915, Graduate Research Practicum
- 6920, Topics in Biology, when relevant

**Chemistry**
- 4722, Advanced Biochemistry
- 4733, Biochemistry Laboratory
- 4772, Physical Biochemistry

**Graduate Certificate in Tropical Biology and Conservation**

The Graduate Certificate is intended for students who wish to pursue a career in conservation biology or ecology from either a research or practical standpoint. Cooperating institutions include the Missouri Botanical Garden, St. Louis Zoo, Center for International Studies at UMSL, and the Departments of Chemistry, Economics, History, Political Science, Social Work, and Sociology.

**Admission**

Student enrolled in UMSL who intend to receive a Graduate Certificate in Tropical Biology and Conservation must complete an application form available from the Graduate School. Student not enrolled in a course of graduate studies at UMSL must apply simultaneously to the University’s Graduate Admissions office. Students who have a baccalaureate degree or are enrolled in graduate work elsewhere may apply for admission to the certificate program without regular admission to the graduate program. Due to limited space, admission will be on a competitive basis based on student motivation and academic qualifications. The minimum admissions requirements include: (1) at least a 3.0 GPA for undergraduate course work or a 3.2 GPA for 12 credit hours of graduate course work; and (2) current enrollment in the graduate program in biology at UMSL having satisfied the prerequisites of the certificate; or completion of a baccalaureate degree and having satisfied the prerequisites of the certificate program. The minimum prerequisites are undergraduate courses in ecology, evolution and genetics.

**Requirements**

The certificate is awarded after completion of 18 credit hours of core courses and electives with a minimum of 12 credits at the 5000 or 6000 level. Up to 3 credits may be taken at the 2000 - 3000 level upon permission of the Graduate Committee. Electives must include a minimum of 3 credits outside biology with a maximum of 7 outside biology. A maximum of 3 credits may be taken at institutions other than UMSL. Students may simultaneously earn a graduate degree and count credits earned in their degree program toward the certificate when appropriate.

**Required Core Courses:**
- BIOL 6250, Public Policy of Conservation and Sustainable Development, OR
- POL SCI 6452, Public Policy of Conservation and Sustainable Development
- BIOL 6299, Internship in Conservation Biology (may be replaced with a biology elective for individuals with applied conservation or environmental agency experience upon consent of the Graduate Committee).

**Choice of:**
- BIOL 6212, Theory and Application of Conservation Biology
- BIOL 6222, Advanced Tropical Ecology and Conservation

**Electives:**

**Biology**
- 3182, Introduction to Marine Science
- 4182, Population Biology
- 4202, Wildlife Ecology and Conservation
- 4402, Ornithology
- 4422, Entomology
- 4501, Flowering Plant Families Phylogeny and Diversification
- 5122, Advanced Tropical Resource Ecology
5123, Advanced Tropical Resource Ecology Field Studies
5192, Community Ecology
6102, Advanced Behavioral Ecology
6112, Advanced Evolution of Animal Sociality
6182, Advanced Population Biology
6192, Applications of Geographic Information Systems
6212, Theory and Application of Conservation Biology
6222, Advanced Tropical Ecology and Conservation
6889, Graduate Seminar, when relevant

Economics
3300, International Economic Analysis
3301, Intermediate Economic Theory:

Microeconomics
4550, Natural Resource Economics

History
3000, Selected Topics in History, when relevant
3201, History of Latin America: to 1808
3202, History of Latin America: Since 1808
3302, West Africa Since 1800
6114, Readings in Latin American History, when relevant
6115, Readings in African History, when relevant

Political Science
2530, Political Systems of South America
2540, Political Systems of Mexico, Central America, and the Caribbean
2580, African Politics
3480, Environmental Politics
3590, Studies in Comparative Politics, when relevant
3830, International Political Economy
3850, International Organizations and Global Problem Solving
3890, Studies in International Relations
4470, Introduction to Environmental Law and Policy
4510, Comparative Public Policy and Administration
4850, International Law
4940, Leadership and Management in Nonprofit Organizations
6414, Topics in Public Policy Analysis, when relevant
6448, Political Economy and Public Policy
6459, Seminar in Latin American Politics, when relevant
6462, Political Theory and Public Policy
6490, Seminar in International Relations

Social Work
4950, Seminar in Social Work Issues, when relevant

Sociology
4342, World Population and Ecology
4646, Demographic Techniques
5426, Community and Regional Conflict Resolution
Department of Chemistry and Biochemistry Home Page

Faculty

**Christopher D. Spilling**, Professor, Chairperson  
Ph.D., The University of Technology, Loughborough, UK

**George Gokel**, Distinguished Professor, Associate Director of the Center for Nanoscience  
Ph.D., University of Southern California

**Robert W. Murray**, Curators' Professor Emeritus  
Ph.D., Yale University

**Lawrence Barton**, Professor Emeritus  
Ph.D., University of Liverpool

**James S. Chickos**, Professor  
Ph.D., Cornell University

**Joyce Y. Corey**, Professor Emerita  
Ph.D., University of Wisconsin

**Thomas F. George**, Professor and Chancellor  
Ph.D., Yale University

**Wesley R. Harris**, Professor  
Ph.D., Texas A. and M. University

**David W. Larsen**, Professor Emeritus  
Ph.D., Northwestern University

**Jingyue Liu**, Professor, Director of the Center for Nanoscience  
Ph.D., Arizona State University

**James J. O'Brien**, Professor  
Ph.D., Australian National University

**Keith J. Stine**, Professor  
Ph.D., Massachusetts Institute of Technology

**Alicia M. Beatty**, Associate Professor  
Ph.D., Washington University

**Alexei V. Demchenko**, Associate Professor, Director of Graduate Studies  
Ph.D., Zelinsky Institute for Organic Chemistry, Moscow

**Valerian T. D'Souza**, Associate Professor  
Ph.D., University of Detroit

**Cynthia M. Dupureur**, Associate Professor,  
Ph.D., Ohio State University

**David L. Garin**, Associate Professor Emeritus  
Ph.D., Iowa State University

**Harold H. Harris**, Associate Professor  
Ph.D., Michigan State University

**Stephen M. Holmes**, Associate Professor  
Ph.D., University of Illinois-Urbana-Champaign

**Jane A. Miller**, Associate Professor Emerita  
Ph.D., Tulane University

**Rudolph E. K. Winter**, Associate Professor Emeritus;  
Ph.D., The Johns Hopkins University

**Zhi Xu**, Associate Professor  
Ph.D., University of Pittsburgh

**Bauer, Eike**, Assistant Professor  
Ph.D., University of Erlangen-Nuremberg, Germany

**Michael R. Nichols**, Assistant Professor  
Ph.D., Purdue University

**Janet B. Wilking**, Assistant Professor  
Ph.D., Washington University

**Chung F. Wong**, Assistant Professor  
Ph.D., University of Chicago
Nigam P. Rath, Research Professor  
Ph.D., Oklahoma State University  
James Bashkin, Research Associate Professor  
Oxford University, UK  
Rensheng Luo, Research Assistant Professor  
Ph.D., Wahan Institute of Physics and Mathematics Chinese Academy of Sciences  
Anthony Mannino, Adjunct Associate Professor  
Ph.D., Ohio State University  
John Gutweiler, Lecturer  
Ph.D., Saint Louis University  

Technical Staff  
Joseph Kramer, Spectrometrist  
Tohn Tubbesing, Senior Electronics Technician  
Donna Kramer, Coordinator, Laboratory Operations  
Frank L. May, Research Investigator  
Bruce Burkeen, Senior Research Engineering Technician  
Joe Flunker, Glassblower

**General Information**

**Degrees and Areas of Concentration**
The Department of Chemistry and Biochemistry offers courses leading to the following baccalaureate degrees:

- **B.A. in Chemistry**
- **B.A. in Chemistry with a Biochemistry Certificate**
- **B.S. in Chemistry (with a Chemistry or Biochemistry Option)**
- **B.S. in Education with an emphasis in Chemistry (in cooperation with the College of Education)**
- **B.A. in Chemistry with teacher certification.**

The department is accredited by the American Chemical Society. Students completing the B.S. degree (chemistry or biochemistry option) are certified to the American Chemical Society. The B.S. degree is the professional degree in chemistry, and students who earn the B.S. degree are well prepared for a career in the chemical industry or for graduate work in chemistry. The department provides opportunities for undergraduates to become involved in ongoing research projects and to participate in departmental teaching activities.

The department also offers graduate work leading to the M.S. or Ph.D. degree in chemistry with most graduate courses being scheduled in the evening. A student may earn a M.S. degree with or without a thesis. The non-thesis option provides a convenient way for students who are employed full-time to earn an advanced degree. Research leading to a M.S. thesis or Ph.D. dissertation may be conducted in one of four emphasis areas, namely, inorganic chemistry, organic chemistry, physical chemistry, or biochemistry. The nature of the graduate program allows each student to receive individualized attention from his/her research mentor, and to develop hands-on experience with major instrumentation in the department.

**Fellowships and Scholarships**
The following scholarships, fellowships and awards are available to chemistry majors:

- **William and Erma Cooke Chemistry Scholarships** are given annually to outstanding full-time chemistry majors who are at least sophomores and have financial need.

- **The Lawrence Barton Scholarship** is awarded to a junior, preferably a first generation college student.

- **The Barbara Willis Brown Scholarship for Women in Chemistry** is given annually to a female chemistry major who is at least 25 years of age. The student is encouraged to enroll in undergraduate research (CHEM 3905), however research is not requirement for this award. Student financial need is a consideration.

- **The Eric G. Brunngraber Memorial Scholarship** is given to a chemistry major based on GPA, statement of research interests, and performance in completed course work.

- **Aid to Education Scholarships** are given to junior or senior chemistry majors annually. The awardees are selected by the faculty on the basis of merit.

- **The M. Thomas Jones Fellowship** is given each semester to the graduate student who is deemed by his/her peers to have presented the best research seminar.

- **The Graduate Research Accomplishment Prize** is given annually. The recipient is chosen based on his/her publications, presentations at professional meetings, and seminars given at UMSL.

- **Alumni Graduate Research Fellowships** are available for summer study for selected chemistry graduate students. Several undergraduate awards are given each year to outstanding students. The Chemical Rubber
Company Introductory Chemistry Award is given to the outstanding student in introductory chemistry, the Outstanding Sophomore Chemistry Major award is made to the top sophomore chemistry student, the American Chemical Society Division of Analytical Chemistry Award is given to the outstanding student in analytical chemistry, the American Chemical Society-St. Louis Section, Outstanding Junior Chemistry Major Award is given to the outstanding junior chemistry major, and the outstanding senior receives the Alan F. Berndt Outstanding Senior Award.

**Departmental Honors**
The Department of Chemistry and Biochemistry will award departmental honors to those B.A. and B.S. degree candidates in chemistry with an overall grade point average of 3.2. They must also successfully complete CHEM 3905, Chemical Research, and must present an acceptable thesis.

**Career Outlook**
The St. Louis metropolitan area has long been a major center for industrial chemistry, and in the past decade it has become a focus for the establishment of life sciences research and development. A bachelor’s degree in chemistry provides a student with the professional training needed to play a part in this ever-changing industry.

A major in chemistry provides excellent preprofessional training in the health sciences, and a double major in chemistry and biology is often chosen by premedical and predental students and those interested in graduate work in biochemistry and biology. A minor in chemistry provides the minimum qualification and training for a position as a laboratory technician in industry, hospital laboratories, etc.

A Master's degree in chemistry is often required for further advancement in the chemical industry, whereas a doctoral degree opens the door to many opportunities, including careers in the academic world, industrial research and development, and in government laboratories.

**Undergraduate Studies**

**General Education Requirements**
Students must satisfy the university and college general education requirements. Courses in chemistry may be used to meet the university's science and mathematics area requirement. The college’s foreign language requirement fulfills the departmental requirements for B.A. candidates. B.S. degree candidates are not required to take a foreign language: however, the American Chemical Society (ACS) states that the study of a foreign language is highly recommended, especially for students planning to pursue graduate studies in chemistry.

**Satisfactory/Unsatisfactory Restrictions**
Chemistry majors may not take required chemistry, mathematics, or physics courses on a satisfactory/unsatisfactory basis.

**Degree Requirements**

**Bachelor of Arts in Chemistry**
This degree is intended primarily for preprofessional students in health science and related areas, as well as prelaw students interested in patent law. Candidates must complete the following chemistry courses:

- CHEM 1111, Introductory Chemistry I
- CHEM 1121, Introductory Chemistry II
- CHEM 2223, Quantitative Analysis
- CHEM 2612, Organic Chemistry I
- CHEM 2622, Organic Chemistry II
- CHEM 2633, Organic Chemistry Laboratory
- CHEM 3022, Introduction to Chemical Literature
- CHEM 3312, Physical Chemistry I
- CHEM 3322, Physical Chemistry II
- CHEM 3333, Physical Chemistry Laboratory
- CHEM 3412, Basic Inorganic Chemistry
- CHEM 4897, Seminar (1 credit)

In addition, candidates must complete one laboratory course chosen from CHEM 3643, 4233, 4343, 4433, or 4733.

No more than 45 hours in chemistry may be applied toward the degree. Each chemistry major must present a seminar and pass a comprehensive examination during the senior year. The Department of Chemistry and Biochemistry may require students to pass a tracking test in order to enroll in the next level course, provided this or an equivalent test is administered to all students seeking to enroll in that course.

**Bachelor of Arts in Chemistry with a Biochemistry Certificate**
The university offers a certificate program for science majors who are interested in careers in biochemistry.
This is an interdisciplinary program that involves additional courses in biochemistry and biology. In addition to the usual requirements for the B.A. degree in chemistry, the student must take the following courses:

**Chemistry**

CHEM 4712, Biochemistry  
CHEM 4722, Advanced Biochemistry  
CHEM 4733, Biochemistry Laboratory  
CHEM 4764, Interdisciplinary Topics in Biochemistry or CHEM 4772, Physical Biochemistry

**Biology**

BIOL 1811, Introductory Biology: From Molecules to Organisms  
BIOL 2012, Genetics  
BIOL 3622, Cell Biology  
BIOL 4602, Molecular Biology or BIOL 4614, Biotechnology Laboratory I

Students may obtain a minor in biology by adding BIOL 1821 to the curriculum described above. The Biology department also offers a certificate in biochemistry.

**Bachelor of Science in Chemistry**

This is the first professional degree in chemistry. It may be taken as a terminal degree by students intending to become professional chemists or for preparation for graduate work in chemistry or biochemistry. Students may choose to specialize in chemistry or biochemistry.

**Chemistry Option**

Candidates must complete the requirements for the B.A. degree in chemistry. In addition, the following chemistry courses are required:

CHEM 3643, Advanced Organic Chemistry Laboratory  
CHEM 4212, Instrumental Analysis  
CHEM 4233, Laboratory in Instrumental Analysis  
CHEM 4343, Physical Chemistry Laboratory II  
CHEM 4412, Advanced Inorganic Chemistry  
CHEM 4433, Inorganic Chemistry Laboratory  
CHEM 4712, Biochemistry

Students must also take two elective hours of advanced work in chemistry at the 3000 level or above. Students are encouraged to take CHEM 3905, Chemical Research, to fulfill the advanced elective requirement.

**Biochemistry Option**

Candidates must complete the requirements for the B.A. degree in chemistry. In addition, the following chemistry and biology courses are required:

**Chemistry**

CHEM 4212, Instrumental Analysis  
CHEM 4233, Laboratory in Instrumental Analysis  
CHEM 4412, Advanced Inorganic Chemistry  
CHEM 4712, Biochemistry  
CHEM 4722, Advanced Biochemistry  
CHEM 4733, Biochemistry Laboratory  
CHEM 4764, Interdisciplinary Topics in Biochemistry or  
CHEM 4772, Physical Biochemistry or  
3 credits of CHEM 3905: Chemical Research, or  
3 credits of BIOL 4905: Research.

**Biology**

BIOL 1811, Introductory Biology  
BIOL 2012, Genetics or  
BIOL 3622, Cell Biology

If either research option is chosen, the project must be in biochemistry and must include a written final report submitted to the Department of Chemistry and Biochemistry.

Fifty-one hours of chemistry courses may be applied toward the degree. Each chemistry major candidate must present a seminar and pass a comprehensive examination during the senior year.

**Related Area Requirements**

**Bachelor of Arts and Bachelor of Science in Chemistry**

Candidates for both degrees must also complete:

MATH 1800, Analytic Geometry and Calculus I  
MATH 1900, Analytic Geometry and Calculus II
MATH 2000, Analytic Geometry and Calculus III  
PHYSICS 2111, Physics: Mechanics and Heat  
PHYSICS 2112, Physics: Electricity, Magnetism, and Optics

Degrees with Certification to Teach Chemistry in Secondary Schools
One can be certified to teach chemistry at the secondary level with a degree either in Education or in Chemistry. All candidates for certification must enroll in a program that includes Levels I, II, and III course work in the College of Education. The Missouri Department of Elementary and Secondary Education requires that candidates for certification to teach secondary chemistry complete certain Science Core Courses and specialized courses in chemistry

Science Core Courses
Phil 3380, Philosophy of Science  
BIOL 1811, Introductory Biology I: From Molecules to Organisms  
CHEM 1111, Introductory Chemistry I  
CHEM 1121, Introductory Chemistry II  
CHEM 1202, Environmental Biology, or another environmental science  
PHYSICS 2111, Physics: Mechanics and Heat  
GEOL 1001, General Geology or ATM SCI 1001, Elementary Meteorology or ASTRON 1001 or equivalent

Chemistry Endorsement
CHEM 2223, Quantitative Analysis  
CHEM 2612, Organic Chemistry I  
CHEM 2622, Organic Chemistry II  
CHEM 2633, Organic Chemistry Laboratory  
CHEM 3312, Physical Chemistry I or CHEM 3302, Physical Chemistry for the Life Sciences  
CHEM 4712, Biochemistry  
CHEM 4802 or EDUC 3240, Methods of Teaching Science in Secondary Schools  
CHEM 4837, Teaching Intern Seminar

Bachelor of Arts in Chemistry with Teacher Certification
Students must complete the B.A. in chemistry requirements, as well as the requirements for teacher certification. (See the College of Education section of this Bulletin.) There are a few science courses beyond the minimum listed above.

PHYSICS 2112, Physics: Electricity, Magnetism, and Optics  
CHEM 3322, Physical Chemistry II  
CHEM 3333, Physical Chemistry Laboratory I and one additional advanced laboratory course  
CHEM 3412, Basic Inorganic Chemistry

Minor in Chemistry
Requirements for the Minor
Students may earn a minor in chemistry by completing the following program. The following five courses are required:

CHEM 1111, Introductory Chemistry I  
CHEM 1121, Introductory Chemistry II  
CHEM 2223, Quantitative Analysis  
CHEM 2612, Organic Chemistry I  
CHEM 2633, Organic Chemistry Laboratory

One course from the following list must be completed:

CHEM 2622, Organic Chemistry II  
CHEM 3312, Physical Chemistry I  
CHEM 3412, Basic Inorganic Chemistry  
CHEM 4712, Biochemistry same as Biology 4712

Courses, which are prerequisites to subsequent courses in the minor, may not be taken on a satisfactory/unsatisfactory basis. A GPA of at least 2.0 is required for the courses presented for the minor. At least three courses toward the minor must be completed at UMSL.

Bachelor of Science in Biochemistry and Biotechnology
The Department of Chemistry and Biochemistry, in cooperation with the Department of Biology, offers a Bachelor of Science degree in Biochemistry and Biotechnology. Information about this degree program may be found at the Biochemistry & Biotechnology Programs Home Page.
**Competencies/Expectations/Outcomes that all students must demonstrate to complete the program successfully:**

1. Knowledge and comprehension in areas of chemistry - Graduates should have a foundation of knowledge in chemistry as outlined by the American Chemical Society Committee on Professional Training in their guide to *Undergraduate Professional Education in Chemistry*. In order to achieve the goals of any one of our chemistry degrees, knowledge is required from the related areas of introductory physics and calculus.

2. Scientific problem-solving skills - Graduates should understand valid scientific approaches to problem-solving and be able to design experiments to test a hypothesis.

3. Data analysis/quantitative skills - Graduates should be able to draw valid conclusions from experimental data and observations. Graduates should be able to carry out statistical and linear regression analysis of data. Graduates should be able to evaluate the main possible sources of error in laboratory measurements.

4. Laboratory skills - Graduates should be able to carry out the basic techniques of preparative and analytical chemistry. An appreciation of the basic aspects of chemical spectroscopy should be achieved. B.S. degree graduates should have developed an appreciation of the application of advanced/specialized instrumentation to solving chemical problems. Graduates should be able to keep accurate records of experiments. Graduates should be able to work effectively in the laboratory individually or as a part of a small team. Graduates should have an awareness of the basic aspects of safe laboratory practices.

5. Communication skills - Graduates should be able to communicate scientific ideas clearly both orally and in written form. This includes the effective presentation of quantitative data and of scientific concepts or procedures using diagrams and/or figures.

6. Library/Information skills - Graduates should be able to search for and retrieve information from scientific journals, databases, and handbooks, especially those widely used by professional chemists.

7. Computer/software skills - Graduates should be proficient in the use of software widely used by practicing scientists, including word processors, scientific plotting and analysis software, spreadsheets, data acquisition software interfaced to commercial instruments, and simulation software.

**Graduate Studies**

**Admission Requirements**

Individuals with at least the equivalent of the B.A. degree in chemistry may be admitted to the Graduate School as candidates for the M.S. degree or as precandidates for the Ph.D. degree in chemistry. A student in the M.S. program may request to transfer to the Ph.D. program by petition to the department.

The department admissions committee considers applicants’ grade point averages and normally requires above-average performance in all areas of chemistry as well as physics and mathematics, or other evidence of high aptitude for graduate work in chemistry. Applicants’ GRE scores, letters of recommendation, and academic programs are also considered. In some cases the committee may require successful completion of undergraduate course work as a condition of enrollment as a regular student.

Students with bachelor's degrees in fields other than chemistry may be admitted to pursue graduate studies in chemistry, but they must make up background deficiencies, usually by taking undergraduate course work.

**Financial Support**

Teaching assistantships are available to qualified applicants. Research assistantships and fellowships are available for advanced students. For further information, contact the Graduate Studies Committee, Department of Chemistry and Biochemistry.

**Preliminary Advisement**

Students who have been admitted for graduate work in chemistry will be contacted by the Director of Graduate Studies in order to develop a tentative plan of study which takes into consideration the student's background and interests. Entering students are required to demonstrate proficiency at the undergraduate level in four areas of chemistry (biochemistry, organic, inorganic, physical, and analytical).

Proficiency may be demonstrated in one of the following ways:

- Outstanding performance in recent undergraduate course work.
- Satisfactory performance in standardized placement examinations. These examinations are given twice a year, approximately one week before the beginning of the fall and winter semesters.
- Successful completion of assigned course work.

The ultimate choice of whether students may enroll in the M.S. or Ph.D. degree programs resides with the chemistry faculty.

**Distribution Requirement**
All graduate students (M.S. and Ph.D.) must fulfill the distributing requirements as described under “Doctoral Degree Requirements.”

Master's Degree Requirements

Master of Science in Chemistry
Candidates for the M.S. degree in chemistry must demonstrate proficiency in organic, inorganic, physical, and analytical chemistry within two years of initial enrollment.

A minimum of 30 hours is required, normally including 3 hours in CHEM 6897 Chemistry Colloquium. No more than 3 hours in CHEM 6897 may be applied toward the required minimum of 30 credit hours.

Master of Science in Chemistry with Thesis
Students selecting this option must be enrolled full-time for at least two consecutive semesters. During this time, students are expected to enroll in CHEM 6905, Graduate Research in Chemistry, and conduct their thesis research. A maximum of 12 hours of CHEM 6905 may be applied toward the required 30 hours. At least 9 hours must be at the 5000 level, excluding CHEM 6905. A maximum of 9 hours in 3000 level or above courses outside the department may be accepted if students receive prior approval of their advisers and the Director of Graduate Studies. Students are expected to follow all other general requirements of the Graduate School regarding master's degree and thesis requirements.

Master of Science without Thesis
Unlike the thesis option, students need not be enrolled full-time. Of the required 30 hours, 15 credits must be at the 5000 level. A maximum of 6 credits of CHEM 6905, Graduate Research in Chemistry, may be included in place of 4000 level courses. A maximum of 12 hours taken in 3000 level or above courses outside the department may be accepted with prior approval of the Director of Graduate Studies.

Doctoral Degree Requirements
Incoming doctoral students must demonstrate proficiency in biochemistry, organic, inorganic, physical, and analytical chemistry within one year of initial enrollment. A minimum of 60 hours is required, including research hours.

Distribution Requirement
Students must take chemistry courses for graduate credit at the 4000 and 5000 levels. Students may choose to concentrate the majority of their coursework in one of four areas (biochemistry, inorganic chemistry, organic chemistry, or physical chemistry). Students must complete at least 6 hours of chemistry coursework in one (or more) sub-disciplines(s) outside of their major emphasis area. The following courses may not be used to fulfill the distribution requirement: Chem. 4212, 4233, 4302, 4343, 4412, and 4433.

Qualifying Examinations
In addition to the requirements set forth by the Graduate School, each student seeking the Ph.D. degree must successfully complete a qualifying examination in his/her major area of specialization prior to advancement to candidacy. The format of the qualifying examination depends upon the student’s major area of emphasis (biochemistry, inorganic, organic or physical). In general, the qualifying examination consists of either comprehensive written and/or oral examinations, usually administered near the end of the 4th semester, or a series of cumulative examinations given eight times a year. In the latter case, a student must pass a minimum of two cumulative examinations per year and eight cumulative examinations before the end of the 6th semester. At least six of these cumulative examinations must be in the student’s major area of specialization. For more detailed information, contact the Director of Graduate Studies in the Department of Chemistry & Biochemistry.

Seminar Requirement
Students must present a seminar in their third year and during each subsequent year. The third year seminar may be the defense of the doctoral dissertation proposal. One of the seminars is for the purpose of describing dissertation research. Students must enroll in Chemistry 6897, Chemistry Colloquium, each semester they are in residence.

Advancement to Candidacy
In addition to general Graduate School requirements for advancement to candidacy, students must complete the following:

1) 21 hours of nondissertation work. **This may not include:**

   CHEM 4212, Instrumental Analysis  
   CHEM 4233, Laboratory in Instrumental Analysis  
   CHEM 4302, Survey of Physical Chemistry with Application to the Life Sciences  
   CHEM 4343, Physical Chemistry Laboratory II  
   CHEM 4412, Advanced Inorganic Chemistry  
   CHEM 4433, Inorganic Chemistry Laboratory  
   CHEM 6196, Advanced Reading in Chemistry  
   CHEM 6487, Inorganic Problem Seminar
CHEM 6687, Organic Problem Seminar
CHEM 6787, Biochemistry Problem Seminar
CHEM 6812, Introduction to Graduate Study in Chemistry
CHEM 6822, Introduction to Graduate Research in Chemistry
CHEM 6897, Chemistry Colloquium
but should include at least six credit hours of coursework outside of their major area of emphasis (see Distribution Requirement)
Courses in areas other than chemistry may be included with prior departmental approval.

2) Successfully pass a qualifying examination or cumulative examinations.
3) Present at least one seminar to the department on the dissertation research.
4) Participate in the undergraduate academic program as a teaching assistant for at least one semester.
5) Be in good standing.

Dissertation
Three copies of the dissertation must be submitted upon completion of the graduate research problem.

Probation and Dismissal
Students are dismissed from the Ph.D. program if they fail to pass their qualifying examination or otherwise fail to meet the academic and professional standards set forth by the Graduate School and the Department of Chemistry and Biochemistry.

Master of Science in Biochemistry and Biotechnology
The Department of Chemistry and Biochemistry, in cooperation with the Department of Biology, offers a Master of Science degree in Biochemistry and Biotechnology. Information about this degree program may be found at the Biochemistry & Biotechnology Programs Home Page.

Course Descriptions
Prerequisites may be waived by consent of the department or instructor. Some courses as indicated in the course description may be taken concurrently with the listed offering. Consult your department adviser for further information.

Students who have earned 24 or more semester hours of credit at any accredited post-secondary institutions(s) before the start of the fall 2002 semester must meet the general education requirements stipulated in the UMSL 2001-2002 Bulletin. The following courses fulfill the Natural Sciences and Mathematics breadth of study requirements as described in that Bulletin:

1011, 1111, 1121, 1134, 2223, 2612, 2622, 2633, 3022, 3312, 3322, 3333, 3412, 3643, 3814, 3905, 4014, 4212, 4233, 4343, 4412, 4433, 4652, 4712, 4722, 4733, 4772, 4897,

1011 Chemistry in the Environment and Everyday Living (3) [MI, MS]
This course examines the role of chemistry in everyday life and in the environment, and is intended for students not pursuing scientific or engineering majors. Chemical principles are introduced to the extent necessary for understanding of issues, but this course does not provide the basis for further technical courses. Two hours of lecture per week; on alternate weeks, one hour of discussion or two hours of laboratory.

1052 Chemistry for the Health Professions (4) [MI, MS]
An introduction to general, nuclear, structural organic, organic reactions and biochemistry. This course is designed primarily for students in nursing and related health professions, and should not be taken by students majoring in the physical or biological sciences. Chemistry majors may include neither CHEM 1052 nor 1062 in the 120 hours required for graduation. Four hours of lecture per week.

1062 Organic and Biochemistry for the Health Professions (2) [MI, MS]
Prerequisites: any college chemistry course. An introduction to organic reactions and biochemistry. CHEM 1062 is offered during the second half of the semester. Four hours of lecture per week.

1111 Introductory Chemistry I (5) [MS]
Prerequisites: Mathematics through college algebra and trigonometry (may be taken concurrently). Presents an introduction to the fundamental laws and theories of chemistry. Laboratory experiments are designed to demonstrate some aspects of qualitative and quantitative analysis and to develop skills in laboratory procedures. Chemistry majors may not include both CHEM 1082 and 1111, nor both CHEM 1011 and 1111 in the 120 hours required for graduation. Three hours of lecture and one hour of discussion per week; one hour of laboratory-lecture and three hours of laboratory per week.

1121 Introductory Chemistry II (5) [MI, MS]
Prerequisite: CHEM 1111 or advanced placement. Lecture and laboratory are a continuation of CHEM 1111. Three hours of lecture and one hour of discussion per week; one hour laboratory-lecture and three hours of laboratory weekly.

1134 Special Topics in Introductory Chemistry (1-5)
Prerequisite: Consent of instructor. A lecture or laboratory course to assist transfer students in meeting the
requirements of CHEM 1111 and 1121.

**2223 Quantitative Analysis (3) [C, MI, MS]**
Prerequisite: CHEM 1121. Principles and practice of elementary quantitative chemistry. The lecture treats descriptive statistics with emphasis on small samples; various types of competing equilibria pertaining to acid-base, complexometric and potentiometric titrations; and an introduction to spectrophotometric processes. The laboratory provides exercises in titrimetric, gravimetric, and spectrophotometric techniques. Both portions of the course deal with the analytical chemistry of environmentally-significant problems. Two hours of lecture and four and one-half hours of laboratory weekly.

**2612 Organic Chemistry I (3) [MS]**
Prerequisite: CHEM 1121. An introduction to the structure, properties, synthesis, and reactions of aliphatic and aromatic carbon compounds. Three hours of lecture per week.

**2622 Organic Chemistry II (3) [MI, MS]**
Prerequisite: CHEM 2612. A systematic study of organic reactions and their mechanisms; organic synthetic methods. Three hours of lecture per week.

**2633 Organic Chemistry Laboratory (2) [C, MS]**
Prerequisite: CHEM 2612. An introduction to laboratory techniques and procedures of synthetic organic chemistry including analysis of organic compounds. One hour of lecture and four and one-half hours of laboratory per week.

**3022 Introduction to Chemical Literature (1)**
Prerequisite: CHEM 2622 (may be taken concurrently) and CHEM 3412. The course will familiarize the student with the literature of chemistry and its use. One hour of lecture per week.

**3302 Physical Chemistry for the Life Sciences (3)**
Prerequisites: CHEM 2612 and MATH 1800 or MATH 1100, and PHYSICS 1012. Principles and applications of physical chemistry appropriate to students pursuing degree programs in the life sciences. Topics will include thermodynamics, equilibria, kinetics, and spectroscopy. This course is intended for undergraduates seeking the B.S. degree in Biochemistry and Biotechnology and does not fulfill the physical chemistry requirement for other Chemistry B.A. and B.S. degree programs.

**3312 Physical Chemistry I (3)**
Prerequisites: CHEM 1121 and MATH 2000 (may be taken concurrently), and PHYSICS 2111. Principles of physical chemistry, including thermodynamics, theory of gases, phase equilibria, kinetics, crystal structure, spectroscopy, and quantum mechanics. Three hours per week.

**3322 Physical Chemistry II (3)**
Prerequisite: CHEM 3312. Continuation of CHEM 3312. Three hours of lecture per week.

**3333 Physical Chemistry Laboratory I (2)**
Prerequisite: CHEM 2223 and CHEM 3312. Experiments designed to illustrate principles introduced in CHEM 3312. One hour of lecture and four and one-half hours of laboratory per week.

**3412 Basic Inorganic Chemistry (2) [MI, MS]**
Prerequisites: CHEM 1121. Review of principles of atomic structure, covalent and ionic bonding. Properties of the elements and synthesis reactions and bonding aspects of important compounds of main group and transition metal elements. Two hours lecture per week.

**3643 Advanced Organic Chemistry Laboratory (2)**
Prerequisites: CHEM 2223, CHEM 2622, CHEM 2633. CHEM 3022 may be taken concurrently. Identification of organic compounds by classical and spectroscopic methods; advanced techniques in synthesis and separation of organic compounds. One hour of lecture and four and one-half hours laboratory per week. Not for graduate credit.

**3905 Chemical Research (1-10)**
Prerequisite: Consent of instructor. Independent laboratory and library study, in conjunction with faculty member, of fundamental problems in chemistry. A written report describing the research is required.

**4212 Instrumental Analysis (2)**
Prerequisite: CHEM 3322. Principles and applications of modern methods of instrumental analysis for analytical chemistry measurements. Topics will be selected from the areas of electrochemistry, absorption and emission spectroscopy, chromatography, mass spectrometry, surface analysis, and nuclear magnetic resonance. Two hours of lecture per week.

**4233 Laboratory in Instrumental Analysis (2)**
Prerequisites: CHEM 4212 and CHEM 3333. Experiments designed to illustrate the principles and practices of instrumental analysis, involving the use of modern instrumentation in analytical chemistry applications. One hour of discussion and four and one-half hours of laboratory per week.
4302 Survey of Physical Chemistry with Applications to the Life Sciences (3)
Prerequisites: CHEM 2612 and MATH 1800 or MATH 1100, and PHYSICS 1012. Principles of physical chemistry with applications to the life sciences. Topics will include thermodynamics, equilibria, kinetics, and spectroscopy. This course will be taught simultaneously with CHEM 3302, but students in 4302 will have additional assignments or projects. No student may receive credit for both CHEM 3302 and 4302.

4343 Physical Chemistry Laboratory II (2)
Prerequisites: CHEM 3322 (may be taken concurrently) and CHEM 3333. Experiments designed to illustrate principles introduced in CHEM 3322. One hour of lecture and four and one-half hours of laboratory per week. Not for graduate credit.

4412 Advanced Inorganic Chemistry (3)
Prerequisites: CHEM 3322 (may be taken concurrently) CHEM 3412 and CHEM 2622. An introduction to the chemistry of the elements, including atomic and molecular structure, acids and bases, the chemistry of the solid state, and main group and transition metal chemistry. Three hours of lecture per week.

4433 Inorganic Chemistry Laboratory (2)
Prerequisites: CHEM 3333, CHEM 4412 and CHEM 3643, (CHEM 3643 may be taken concurrently). The more sophisticated techniques of physical and analytical chemistry will be used to study inorganic compounds and their reactions. One hour of lecture and four and one-half hours of laboratory per week. Not for graduate credit.

4652 Spectroscopic Identification of Organic Compounds (3)
Prerequisite: CHEM 3643. An applied approach to the use of spectroscopic techniques in organic chemistry. Topics to include integrated applications of infrared and Raman spectroscopy, nuclear magnetic resonance 13C and 1H, cw and pulsed and mass spectroscopy for the purpose of elucidating the structure of organic compounds. Three hours of lecture per week.

4712 Biochemistry (3)
Same as BIOL 4712 Prerequisites: CHEM 2612 and either BIOL 1811 or CHEM 2622. Examines the chemistry and function of cell constituents, and the interaction and conversions of intracellular substances. Students may not receive credit for both BIOL 4712 and CHEM 4712.

4722 Advanced Biochemistry (3)
Prerequisite: CHEM 4712. Selected advanced topics in the chemistry of life processes. Three hours of lecture per week.

4733 Biochemistry Laboratory (2)
Prerequisite: CHEM 4712 (may be taken concurrently), and CHEM 2223. Laboratory study of biochemical processes in cellular and subcellular systems with emphasis on the isolation and purification of proteins (enzymes) and the characterization of catalytic properties. One hour of lecture and three and one-half hours of laboratory per week.

4772 Physical Biochemistry (3)
Prerequisite: CHEM 3312 or CHEM/BIOL 4712. Designed to acquaint students with concepts and methods in biophysical chemistry. Topics that will be discussed include protein and DNA structures, forces involved in protein folding and conformational stability, protein-DNA interactions, methods for characterization and separation of macromolecules, electron transfer, and biological spectroscopy. Three hours of lecture per week.

4802 Curriculum and Methods of Teaching Physical Sciences (3)
Prerequisites: TCH ED 3310 and a near major in the subject matter. A study of the scope and sequence of the physical science courses in the school curriculum, with emphasis on the selection and organization of materials and methods of instruction and evaluation. Attention is also directed toward learning the techniques and research tools of the scholar in the field of science. To be taken prior to student teaching. This course must be completed in residence.

4814 Special Topics in Chemistry (1-10)
Prerequisite: Consent of instructor. A reading and seminar course in selected advanced topics.

4837 Chemistry / Physics Teaching Intern Seminar (1)
Same as PHYSICS 4833. Prerequisite: CHEM 4802 or Physics 4800. A seminar to accompany student teaching covering integration of physical science curricula and methods into the classroom setting. To be taken concurrently with Secondary Student Teaching, Sec Ed 3290. One-hour discussion per week.

4897 Seminar (1)
Prerequisites: CHEM 3022 and senior standing. Presentation of papers by students, faculty, and invited speakers. Chemistry majors must enroll during the semester in which they intend to graduate. Completion of a comprehensive examination is a course requirement. One hour of lecture and one hour of discussion per week.

5162 Chemical Applications of Group Theory (3)
Prerequisite: CHEM 3322. A brief introduction to the fundamental relationships of group theory and molecular
symmetry. Application of group theory to molecular orbital theory, molecular vibrations, and molecular spectra. Three hours of lecture per week.

5352 Quantum Mechanical Foundations of Spectroscopy (3)
Prerequisites: CHEM 3322. A review of relevant principles and techniques of quantum mechanics. Focus is on the use of quantum theory and molecular symmetry (group theory) to understanding the structure and interpreting the spectra of atoms and molecules. Three hours of lecture per week.

5394 Special Topics in Physical Chemistry (1-3)
Prerequisite: Consent of instructor. Selected topics in physical chemistry. May be taken more than once for credit.

5412 Typical Element Chemistry (3)
Prerequisite: CHEM 4412 or an equivalent course. Chemistry of the main group elements and their compounds including such topics as electron deficient compounds, acids, bases and nonaqueous solvents, catenation and inorganic polymers, the solid state, organotypical element chemistry and energetics. Three hours of lecture per week.

5432 Spectroscopic Methods in Inorganic Chemistry (3)
Prerequisites: CHEM 4412 or an equivalent course. Study of modern spectroscopic characterization methods of particular importance to inorganic systems, with emphasis on such techniques as multinuclear NMR spectroscopy, UV/visible and EPR spectroscopy, IR/Raman spectroscopy, and Mossbauer spectroscopy. Application of such methods to questions of structure, bonding and reactivity. Three hours of lecture per week.

5442 Coordination Chemistry (3)
Prerequisite: CHEM 4412 or an equivalent course. Chemistry of the coordination compounds of the transition metals including such topics as kinetics and mechanisms of reaction, stereochemistry, ligand field theory, stability and electronic spectra. Three hours of lecture per week.

5452 Organometallic Chemistry of the Main Group Elements (3)
Prerequisites: CHEM 4412 or an equivalent course. A systematic study of main group element compounds containing carbon-metal or carbon-metalloid bonds. Emphasis will be on preparative methods, structures and reactions of various classes of compounds. Three hours of lecture per week.

5462 Organometallic Chemistry of the Transition Elements (3)
Prerequisites: CHEM 4412 or an equivalent course. A study of the transition metal compounds containing metal-carbon bonds and related metal-element bonds, including their synthesis, structure and bonding, and reactions. Applications in organic synthesis and catalysis will also be presented. Three hours of lecture per week.

5494 Special Topics in Inorganic Chemistry (1-3)
Prerequisite: Consent of instructor. Selected topics in inorganic chemistry. May be taken more than once for credit.

5602 Advanced Organic Chemistry I - Physical Organic (3)
Prerequisites: CHEM 2622 and 3322 Mechanism and theory of organic chemistry. Topics to include kinetics, transition state theory, reaction intermediates, and stereochemical analysis. Three hours of lecture per week.

5612 Advanced Organic Chemistry II - Reactions and Synthesis (3)
Prerequisite: CHEM 2622. Examination of a variety of organic transformations typically utilized in organic synthesis. Topics will include carbon-carbon bond formation, pericyclic reactions, oxidation, reduction, and functional group interconversions. Mechanism and stereochemistry will be emphasized. Three hours of lecture per week.

5694 Special Topics in Organic Chemistry (3)
Prerequisite: Consent of instructor. Advanced topics of special current interest. May be taken more than once for credit. Topics that may be offered include: methods of organic synthesis, organometallics in organic synthesis, topics in bio-organic chemistry, organic thermochemistry, natural products chemistry, stereochemistry, photochemistry, heterocyclic chemistry, medicinal chemistry.

5794 Special Topics in Biochemistry (1-3)
Prerequisite: Consent of instructor. Selected topics in biochemistry. May be taken more than once for credit.

6196 Advanced Reading in Chemistry (1)
Prerequisite: Admission to the Ph.D. degree program. Reading and examinations in the subdisciplines of chemistry. Enrollment must begin after completion of any course deficiencies.

6487 Problem Seminar in Inorganic Chemistry (1)
Prerequisite: Consent of the inorganic chemistry staff. Problems from the current literature, presentations, and discussions by faculty, students and visiting scientists. Ph.D. students may take more than once for credit. Up to three credits may be applied to the M.S. degree program.
6687 Problem Seminar in Organic Chemistry (1)
Prerequisite: Consent of the organic chemistry staff. Problems from the current literature, presentations, and discussions by faculty, students, and visiting scientists. Ph.D. students may take more than once for credit. Up to three credits may be applied to the M.S. degree program.

6787 Problem Seminar in Biochemistry (1)
Prerequisites: Consent of the biochemistry staff. Problems from the current literature, presentations and discussions by faculty, students and visiting scientists. Ph.D. students may take more than once for credit. Up to three credits may be applied to the M.S. degree program.

6812 Introduction to Graduate Study in Chemistry (1)
Prerequisite: Consent of Graduate Adviser. Topics to be covered include: techniques of teaching of Chemistry in colleges and universities, methods of instruction and evaluation; and responsibilities of the Graduate Teaching Assistant in laboratory instruction; safety in the undergraduate laboratory, safety practices, emergency procedures; selection of research project and thesis adviser.

6822 Introduction to Graduate Research in Chemistry (1)
Prerequisites: Consent of Graduate Adviser. Topics include: safety in the research laboratory, safety practices, emergency procedures, hazardous materials, waste disposal, radiation safety; research ethics; chemistry information retrieval, computer assisted information retrieval, types of databases, searching bibliographic data bases.

6897 Chemistry Colloquium (1)
Presentation of papers by students, faculty, and invited speakers. One hour per week.

6905 Graduate Research in Chemistry (1-10)
Department of Criminology and Criminal Justice

Faculty

Richard Wright, Curators' Professor, Chairperson
Ph.D., University of Cambridge

Robert Bursik, Curators' Professor
Ph.D., University of Chicago

Finn Aage Esbensen, E. Des Lee Professor of Youth Crime And Violence
Ph.D., University of Colorado

Richard Rosenfeld, Curators' Professor, Ph.D. Director,
Ph.D., University of Oregon

G. David Curry, Professor
Ph.D., University of Chicago

Janet L. Lauritsen, Professor
Ph.D., University of Illinois-Urbana

Jody Miller, Professor
Ph.D., University of Southern California

David Klinger, Associate Professor, M.A. Director
Ph.D., University of Washington

Allen E. Wagner, Associate Professor Emeritus
Ph.D., Washington University

Kristin Carbome-Lopez, Assistant Professor
Ph.D., University of Minnesota

Beth Marie Huebner, Assistant Professor
Ph.D., Michigan State University

Andres Rengifo, Assistant Professor
Ph.D., City University of New York

Lee Ann Slocum, Assistant Professor
Ph.D., University of Maryland

Terrance J. Taylor, Associate Research Professor
Ph.D. University of Nebraska

Timothy Maher, Associate Teaching Professor, Undergraduate Director
Ph. D., University of Missouri-St. Louis

Criminology and criminal justice faculty represent several academic disciplines. By integrating practice with theory, faculty members are able to present a comprehensive picture of crime and the justice system. This nexus of theory and application is found most directly in the department's emphasis on understanding policy in criminology and criminal justice. All components of crime and justice are represented in the curriculum including criminal behavior, delinquency, crime prevention, arrest, prosecution, defense, court processing, probation, prison, and parole. A special feature of the program is the cadre of local professionals who supplement the regular faculty.

General Information

Degrees and Areas of Concentration
The department offers courses leading to the Bachelor of Science, the Master of Arts, and Ph.D. in criminology and criminal justice.

Cooperative Programs
Faculty members in the criminology and criminal justice department hold appointments as fellows in the Center for International Studies and the Institute for Women's and Gender Studies. Workshops, projects, credit courses, and other social services are brought to the criminal justice community.

Internships
Majors are strongly encouraged to participate in CRIMIN 3280 Internship in Criminology and Criminal Justice, during their junior or senior year. The internship affords students the opportunity to gain experience in a
criminal justice agency under the joint supervision of agency personnel and criminology and criminal justice faculty.

Minor in Criminology and Criminal Justice
The minor gives recognition to those students from other major areas who find that criminology and criminal justice courses fit their academic or professional needs and/or interests.

Chair's List
Each year, faculty members nominate undergraduates who have done outstanding work in one or more of their courses to the department’s Chair's List. In addition to being nominated by a faculty member, the student must meet a cumulative grade-point average threshold for placement on the Chair’s List. The list is featured on the department’s website, and the Dean of Arts and Sciences is notified of their accomplishment.

Undergraduate Studies

General Education Requirements
Majors must satisfy the university and college general education requirements. Courses used to fulfill the social science or state requirement may not be taken from courses in the major. Foreign language proficiency is not required, although students are encouraged to take foreign language courses. Majors may not take the following courses on a satisfactory/unsatisfactory basis: criminology and criminal justice courses; SOC 3220, Quantitative Techniques in Sociology; or SOC 3230, Research Methods. Additionally, substitutions which have been approved by departmental advisers for these courses may not be taken on a satisfactory/unsatisfactory basis.

Degree Requirements
Courses used to fulfill the social science or state requirements may not be taken from courses in the major. Students may register for 3000-5000 level courses only after completing ENGL 3100 (Advanced Expository Writing).

Students may register for 3000-5000 level courses only after obtaining a signature from the adviser in criminology and criminal justice. All prerequisites must be satisfied prior to enrolling in a course.

Criminology majors may not take course numbers 1100, 2260, or 3345 offered through UM-Independent Studies to fulfill degree requirements in the major.

Expected Learning Outcomes
1. Acquire basic knowledge of the theories, methods and substance of issues in criminology and criminal justice.
2. Develop critical thinking skills through the application of criminological theory and social science research methods.
3. Develop fundamental understanding of interdisciplinary underpinnings (e.g., from sociology, psychology, political science, economics) of criminology and criminal justice issues and policies.
4. Acquire knowledge about the structure and functioning of the fundamental institutions (e.g., legislatures, police, punishment, supervisory) that are part of criminal justice systems.
5. Acquire understanding of the role of research and its application for informing policies about criminal justice issues.

Core Curriculum
Bachelor of Science in Criminology and Criminal Justice candidates must complete the core curriculum listed below:

Core Curriculum
The following courses in criminology and criminal justice are required:

1100, Introduction to Criminology and Criminal Justice
1110, Theories of Crime
1120, Criminal Law
1130, Criminal Justice Policy
2210, Research Methods in Criminology and Criminal Justice
2220, Statistical Analysis in Criminology and Criminal Justice
4390, Seminar in Criminology and Criminal Justice

One of the following courses in Criminology and Criminal Justice:

3305, Comparative Criminology and Criminal Justice
3325, Violence Against Women
4325, Gender, Crime, and Justice
4340, Race, Crime, and Justice

Two courses from the following five:
2230, Crime Prevention
2240, Policing
2250, The Courts
2260, Corrections
2270, Juvenile Justice and Delinquency

Two additional courses at the 3000, 4000, or 5000 level:
3043, History of Crime and Justice
3305, Comparative Criminology and Criminal Justice
3310, Computers in Criminal Justice
3320, The Death Penalty
3325, Violence Against Women
3330, White Collar Crime
3345, Rights of the Offender
3350, Computers in Criminal Justice
3360, The Death Penalty
3370, Violence Against Women
3380, White Collar Crime
3390, Rights of the Offender
3400, Communities and Crime
3420, Forms of Criminal Behavior
3425, Gender, Crime, and Justice
3435, Probation and Parole
3440, Race, Crime, and Justice
3450, Victimology
4380, Special Topics in Criminology and Criminal Justice

Elective Courses
1990, The City
2180, Alcohol, Drugs and Society
2250, Youth Gangs
2265, Capital Punishment
3280, Internship in Criminology and Criminal Justice
3290, Special Readings

Candidates must also have a cumulative grade point average of 2.0 or better in the major.

Requirements for the Minor
The minor has been designed to ground students in the basics of criminology and criminal justice.

All minor candidates must take:
1100, Introduction to Criminology and Criminal Justice

The candidate must then select from two of the following three courses:
1110, Theories of Crime
1120, Criminal Law
1130, Criminal Justice Policy

Candidates must then complete 6 hours of criminology and criminal justice course work at the 2000 level or above.

Candidates must also have a cumulative grade point average of 2.0 or better in the minor. None of the courses may be taken on a satisfactory/ unsatisfactory (s/u) basis.

Graduate Studies

Master of Arts in Criminology and Criminal Justice
The department offers a Master of Arts degree in Criminology and Criminal Justice, which provides students with advanced theoretical and methodological training for research and management careers in criminal justice.

Admission Requirements
The minimum GPA for regular admission to graduate study is 3.0 on a 4-point scale and students are expected to begin their course of study in the Fall semester. Admission is competitive.

Degree Requirements
The M.A. in Criminology and Criminal Justice requires the completion of 33 credit hours, at least 21 of which are required to be in courses housed in the Department of Criminology and Criminal Justice. 12 of these hours represent the core of the curriculum. Students may choose between a thesis and nonthesis course of study. Students whose cumulative GPAs fall below 3.0 after 9 or more hours of work will be placed on probation and given one semester to raise their cumulative GPAs to at least the 3.0 threshold.

Expected Learning Outcomes
1. Develop a comprehensive understanding of the theories, methods and substance of issues in criminology and criminal justice and demonstrate an ability to synthesize knowledge in these areas.
2. Develop a comprehensive understanding of interdisciplinary underpinnings (e.g., from sociology,
3. Develop critical thinking and communication skills through the application of criminological theory and social science research methods.
4. Develop a comprehensive understanding of the structure and functioning of the fundamental institutions (e.g., legislatures, police, punishment, supervisory) that are part of criminal justice systems.
5. Develop comprehensive understanding of the role of research and its application for informing policies about criminal justice issues.

Plan of Study
Required Coursework (21 hours)
5415, Foundations of Criminological Theory (3; core)
6400, Proseminar: Criminology and Criminal Justice (3; core)
6405, Methods (3; core)
6410, Statistics (3; core)
Three additional Criminology and Criminal Justice seminars at the 6000 level (9; non-core)

Electives (12 hours)
Twelve elective hours of coursework are required; some or all of these credits may be earned in Criminology and Criminal Justice 6000 level seminars not counted toward the 21 hour requirement. Students may take a maximum of two 4000-level courses in partial fulfillment of this requirement but they must have the prior approval of the Graduate Committee. All electives taken outside the College of Arts and Sciences also must receive prior approval of the Graduate Committee.

Transfer Courses
Transfer courses are evaluated for acceptance on a case-by-case basis subject to the rules and regulations of the Graduate School. A maximum of 11 credit hours earned at other institutions can be credited toward the UMSL M.A. degree in Criminology and Criminal Justice.

Ph.D. Program in Criminology and Criminal Justice

Eligibility
Undergraduate applicants must have a baccalaureate degree or expect one by the end of the academic year in which they apply. Applicants must have a grade point average of 3.0 or greater (on a scale of A = 4.0) for the last 60 hours of undergraduate work. Admission is competitive.

Graduate applicants who have or will have a master's degree must have a grade point average of 3.0 or greater (on a scale of A = 4.0) for their graduate course work.

Application
To consider an applicant for admission, the Department of Criminology and Criminal Justice must have transcripts, three letters of recommendations, GRE scores and a writing sample. Applicants with master's degrees should include a chapter of their thesis. International students whose native language is not English are required to submit scores from the TOEFL examination.

Amount of Course Work
Sixty post-baccalaureate hours of graduate work are required for the Ph.D. More than half of these hours must be completed in residence. Twelve credit hours of dissertation research (Crimin 7499) are required. Students may enroll for dissertation credits (Crimin 7499) only when all other degree requirements have been completed.

Required courses for the Ph.D. are:
5415, Foundations of Criminological Theory
6400, Proseminar
6405, Methods
6410, Statistics
6420, Contemporary Criminological Theory
6440, Nature of Crime
6450, Criminal Justice Organization
6465, Qualitative Research Design
6470, Quantitative Research Design
6471, Evaluating Criminal Justice Interventions
6480, Multivariate Statistics

Students are also required to complete at least 9 hours from the following courses:
5533, Philosophy of Law
5555, Ethical and Legal Issues in Criminal Justice
6430, Law and Social Control
6431, The Nature of Punishment
6432, Criminal Law
6434, Human Rights
Additional courses beyond the above requirements are taken as elective courses. These courses may be at the 5000 level. Students are also encouraged to take courses outside the Department of Criminology and Criminal Justice.

**Comprehensive Examination**
Graduate students in the Ph.D. program do not become recognized as Ph.D. candidates until they have passed the comprehensive examination. The goals of the comprehensive examination are to assess the student's familiarity with substantive literature, theory and methods of criminology and criminal justice and to evaluate the student's intellectual imagination and ability to apply knowledge to broad criminological questions.

Further information about the qualifying exam is available from the department.

**The Dissertation**
The dissertation is required of all Ph.D. candidates and demonstrates the student's scholarly expertise. The dissertation process formally begins when all other requirements of the Ph.D. program have been met. The dissertation committee assists in selecting and developing the research problem and evaluates the student's work on that problem.

**Career Outlook**
The orientation of the criminology and criminal justice faculty and of the degree program prepares the graduate to work professionally for local, state, and federal agencies concerned with maintaining public safety by the prevention of crime and apprehension and rehabilitation of offenders. The B.S. in criminology and criminal justice is also advantageous for careers with various social agencies, especially those connected with the juvenile court system, probation and parole, and local police. Many students use the B.S. in criminology and criminal justice as preparation for law school.

The interdisciplinary curricula unify a body of knowledge from criminology, social science, law, public administration, and corrections, and provide the student with an understanding of the assumptions, values, and processes of the system of justice. Many prelaw students choose criminology and criminal justice as an undergraduate major because of the excellent preparation offered for law school. An internship program is offered for college credit. The liaison, supervision, and experience with public agencies that form an integral part of this program help the student arrive at a career decision.

**Course Descriptions**
Prerequisites may be waived by consent of the department or instructor.

Students who have earned 24 or more semester hours of credit at any accredited post-secondary institutions(s) before the start of the fall 2002 semester must meet the general education requirements stipulated in the UMSL 2001-2002 Bulletin. The following courses fulfill the Social Sciences breadth of study requirements as described in that Bulletin:

1100, 1200, 1075, 1110, 1120, 1130, 2180, 2210, 2220, 2230, 2240, 2260, 2270, 3043, 3290, 3305, 3310, 4300, 4320, 4325, 3043, 4335, 4340, 3345, 4350, 4380, 4390.

The following courses fulfill the Humanities breadth of study requirements: 2252.

**1075 Crime and Punishment (3)**
Same as SOC 1075 and INTDSC 1075. An introduction to sociological and psychological explanations of crime and punishment. An examination of private and governmental responses to the threats of crime and delinquent behavior.

**1100 Introduction to Criminology and Criminal Justice (3)**
Introduction to the basic concepts and approaches in the study of criminology and criminal justice. The major components of the criminal justice system are examined. Course fulfills the state requirement for non-criminal justice majors.

**1110 Theories of Crime (3)**

</tbody>
</table>
3280 Internship in Criminology and Criminal Justice (3)
Prerequisite: Junior standing. Internship under faculty supervision in a criminal justice setting. May be repeated once.

3290 Special Readings (1-6)
Prerequisite: Consent of instructor. Individualized study, under regular faculty supervision, designed to meet particular educational needs of selected students.

3305 Comparative Criminology and Criminal Justice (3)
Prerequisites: CRIMIN 1120, 1130, 2220 and ENGL 3100, or consent of instructor. Analysis of crime and criminal justice systems in selected cultures. Emphasis on the ways in which these cultures define and respond to criminal behavior. Fulfills Crimin diversity requirement.

3310 Computers in Criminal Justice (3)
Prerequisites: CRIMIN 1120, 1130, 2220 and ENGL 3100 or consent of instructor. Use of computers, data base systems, and software applications in research and professional practice.

3320 The Death Penalty (3)
Prerequisites: CRIMIN 1100. An examination of the history, application, and attitudes toward the death penalty.

3325 Violence Against Women (3)
Prerequisites: Junior Standing, CRIMIN 1110, 1120, 1130, 2210, 2220, and ENGL 3100, or consent of instructor. Same as WGST 3325. This course examines the nature, extent, causes and consequences of various types of violence against women, including rape, sexual assault, stalking, and intimate partner violence. Criminal justice policy and practice regarding violence against women are also examined. Fulfills Crimin diversity requirement.

3330 White Collar Crime (3)
Prerequisites: Junior Standing, CRIMIN 1110, 1120, 1130, 2210, 2220, and English 3100, or consent of instructor. This course examines the physical and financial harm caused by crimes committed by corporations and business employees. Theoretical and empirical perspectives will be examined. Topics include: definitional issues and ethics; public perceptions; social, political and economic impact; and legal decision-making.

3345 Rights of the Offender (3)
Prerequisites: CRIMIN 1120, 1130, 2220 and ENGL 3100, or consent of instructor. Analysis of the objectives of criminal law regarding the rights of persons suspected or convicted of crime. Emphasis on rights regarding the police, the court, and in correctional settings.

4300 Communities and Crime (3)
Same as SOC 4300. Prerequisites: CRIMIN 1110, 1120, 1130, 2210, 2220, and ENGL 3100 or consent of instructor. Analysis of the sources, consequences, and control of crime within communities. Emphasis on social and ecological theories of crime, and on population instability, family structure, and the concentration of poverty as causes of crime.

4320 Forms of Criminal Behavior (3)
Same as SOC 4320. Prerequisites: CRIMIN 1110, 1120, 1130, 2210, 2220, and ENGL 3100 or consent of instructor. Examination of major types of criminal behavior including violent, property, public order, and organizational offenses. Emphasis on theories of and responses to these crimes.

4325 Gender, Crime, and Justice (3)
Same as SOC 4325. Prerequisites: CRIMIN 1110, 1120, 1130, 2210, 2220, and ENGL 3100 or consent of instructor. Analysis of the role of gender in crime and in the justice system. Emphasis on gender differences in crime commission, criminal processing, and the employment of women in criminal justice agencies. Fulfills Crimin diversity requirement.

4335 Probation and Parole (3)
Prerequisites: CRIMIN 1110, 1120, 1130, 2210, 2220, 2260, and ENGL 3100 or consent of instructor. Analysis of alternatives to incarceration and postincarceration supervision. Emphasis on diversion, restitution, and community reintegration.

4340 Race, Crime, and Justice (3)
Same as SOC 4340. Prerequisites: CRIMIN 1110, 1120, 1130, 2210, 2220, 2260 or consent of instructor. Analysis of the involvement of racial minorities in crime and the criminal justice system. Emphasis on group differences in offending, processing, victimization, and employment in criminal justice agencies. Fulfills Crimin diversity requirement.

4350 Victimology (3)
Prerequisites: CRIMIN 1110, 1120, 1130, 2210, 2220, and ENGL 3100 or consent of instructor. Analysis of major perspectives on victimization. Emphasis on patterns of victimization, the role of victims in the generation of crime, and the experience of the victim in the criminal justice system.
4380 Special Topics in Criminology and Criminal Justice (3)
Prerequisites: CRIMIN 1110, 1120, 1130, 2210, 2220, and ENGL 3100 or consent of instructor. In-depth study of a selected topic in criminology and criminal justice.

4390 Seminar in Criminology and Criminal Justice (3)
Prerequisites: CRIMIN 1110, 1120, 1130, 2210, 2220, and senior standing, or consent of instructor. In this capstone course, students demonstrate the ability to work independently, integrating theory and research in criminology and criminal justice in a major research paper supervised by the instructor.

4487 Philosophy of Law (3)
Prerequisite: CRIMIN 1100, and 3 hours of philosophy or consent of instructor. Same as PHIL 4920. An examination of typical problems raised by law, including the basis of legal obligations and rights, relations between law and morality, the logic of legal reasoning, and the justification for punishment. This is a variable content course and may be taken again for credit with consent of instructor and department chair.

5415 Foundations of Criminological Theory (3)
Same as SOC 5415. Prerequisite: Graduate standing and consent of instructor. Examination of the history of criminological thought incorporating the major works of such theorists as Bentham, Beccaria, Marx, Durkheim, Lombroso, Sutherland, and Merton.

5475 Evaluation Research Methods (3)
Same as PSYCH 5475, SOC 5475, and P P ADM 6750. Prerequisites: At least one course in Research Design and Statistics at the graduate level. A comparative study of research strategies with regard to data sources, data collection, and modes of analysis that are appropriate for program evaluation research. Attention is given to observational, survey, and quasi-experimental methodologies.

5531 The Nature of Punishment (3)
Same as PHIL 5531. Prerequisite: Graduate standing. Or consent of instructor. The historical development of punishment philosophies and techniques. Topics include the emergence of the modern prison, the joining of medical and legal treatment, and rationales for alternative forms of punishment.

5533 Philosophy of Law (3)
Same as PHIL 5533. Prerequisite: Graduate standing or consent of instructor. Examination of origins of law and the basis for legal obligation. Specific consideration of the justification of punishment, morality and law, and legal reasoning.

5555 Ethical and Legal Issues in Criminal Justice (3)
Same as PHIL 5555. Prerequisite: Graduate standing or consent of instructor. Examination of the moral and legal aspects of the policies and practices of criminal justice agencies and agents. Issues may include treatment of offenders, the role of technology, and research and professional ethics.

6400 Proseminar (3)
Prerequisite: Graduate standing. Must be taken in the first semester. A critical examination of theoretical, methodological and policy issues in criminology and criminal justice. Focus is on the nature of crime, policing, pretrial processes, adjudication, and corrections.

6405 Methods (3)
Prerequisites: Graduate standing. Examination of basic methods for research design and data collection. Topics include participant observation and interviewing, survey research, aggregate data analysis, and experimental design.

6410 Statistical Applications in Criminology and Criminal Justice (3)
Prerequisites: CRIMIN 6405. Examination of elementary principles of quantitative analysis and their application to crime and justice problems. Topics include univariate, bivariate and multivariate procedures for discrete and continuous data, and a comprehensive introduction to ordinary least squares regression.

6420 Contemporary Criminological Theory (3)
Prerequisite: CRIMIN 5415. Examination of contemporary explanations of crime and criminal justice. Theories covered include strain, control, cultural, labeling, conflict, as well as more recent attempts at theoretical integration and multidisciplinary integration.

6430 Law and Social Control (3)
Same as SOC 5461. Prerequisites: Graduate standing and consent of instructor. Examination of the relationship between law and other social institutions, the values and interests that are expressed in law and shaped by legal structures and processes, and law as an instrument of public policy, social control, and social change.

6434 Human Rights (3)
Prerequisite: Graduate standing or consent of instructor. Examination of human rights from historical and cross cultural perspectives. Topics include capital and corporal punishment, political prisoners, rights of the accused,
and rights of those imprisoned.

**6435 Gender, Crime and Criminal Justice (3)**
Same as WGST 6435. Prerequisite: Graduate Standing. This course provides an analysis of theories of crime, crime processing and gender. Topics examined include the role of gender in criminal offending and victimization. The impact of gender on criminal/juvenile justice system processing and treatment will be addressed.

**6436 Comparative Legal Systems (3)**
Prerequisite: Graduate standing or consent of instructor. Examination of crime and criminal justice systems in world perspective.

**6440 Nature of Crime (3)**
Prerequisite: Graduate standing or consent of instructor. Examination of patterns and correlates of crime at the individual, situational, and aggregate levels. Topics include definitions of crime, offending typologies, and criminal careers.

**6441 Juvenile Delinquency (3)**
Prerequisite: Graduate standing or consent of instructor. Examination of youth crime and juvenile offenders. Topics include definitions of juvenile crime, and theories of juvenile crime causation in the United States.

**6442 Communities and Crime (3)**
Prerequisite: Graduate standing or consent of instructor. Examination of the trends and sources of crime and social disorder across communities. The course emphasizes relationships among crime, fear of crime, neighborhood change, neighborhood responses to crime, and public policies.

**6443 Violent Crime (3)**
Prerequisite: Graduate standing or consent of instructor. Examination of the sources and patterns of violent offending across time and space. Topics include conceptions and typologies of violent crimes and offenders, victim-offender relationships, and efforts to predict and control violent offending.

**6445 Property Crime (3)**
Prerequisite: Graduate standing or consent of instructor. Examination of the sources and patterns of property offending across time and space. Topics include conceptions and typologies of property crimes and offenders, victim-offender relationships, and efforts to predict and control property offending.

**6446 Sex Crime (3)**
Same as WGST 6446. Prerequisite: Graduate standing and consent of instructor. Examination of consensual and non-consensual sexual offending. Topics include historical development of laws regulating sexual conduct, controversies surrounding the application of these laws, and the nature and distribution of sexual offenses.

**6447 Public Order Crime (3)**
Prerequisite: Graduate standing or consent of instructor. Examination of the nature of, prevalence of, and efforts to control public order crimes such as gambling, illicit drug use, prostitution, vagrancy, and disorderly conduct. The function of public order crimes as a means to control disruptive or threatening persons and groups is emphasized.

**6448 Victimization (3)**
Prerequisite: Graduate standing or consent of instructor. Examination of the risks and consequences of crime for its victims. Issues considered include victim-offender relationships, characteristics of victims, the nature of the injuries they experience and criminal justice procedures that involve them.

**6450 Criminal Justice Process and Policy (3)**
Prerequisite: Graduate standing. An analysis of criminal justice as a network of decisions and complex organizations. Topics include sources of criminal justice policy, policy agendas, implementation and evaluation.

**6451 Juvenile Justice Systems (3)**
Prerequisite: Graduate standing. An examination of the historical evolution of juvenile justice and the processes by which specific behaviors are identified as delinquent. Informal responses to delinquency also are explored.

**6452 The Police (3)**
Prerequisite: Graduate standing or consent of instructor. Historical, social and political analysis of policing in America. Examination of federal, state, county, and municipal agencies.

**6454 Corrections (3)**
Prerequisite: Graduate standing or consent of instructor. Examination of the history, forms, and functions of correctional philosophies, institutions, programs, and policies. Topics include the structure and functions of prisons and jails, community corrections, intermediate sanctions, and the growth of correctional control in modern society.
6465 Qualitative Research Design (3)
Prerequisite: Graduate standing. Examination of participant observation and informant and respondent interviewing. Topics include gaining access, sampling, data collection and analysis, and legal and ethical concerns.

6470 Quantitative Research Design (3)
Prerequisite: Graduate standing or consent of instructor. Examination of experimental, longitudinal, and cross-sectional designs. Sources of data, sampling procedures, operational definitions, and issues of reliability are also discussed.

6471 Evaluating Criminal Justice Interventions (3)
Prerequisites: CRIMIN 6405 and CRIMIN 6410. This course examines a broad range of interventions designed to prevent crime or improve some aspect of the criminal justice system. The validity, reliability, and feasibility of differing intervention designs are addressed. Several major criminal justice evaluations are discussed.

6480 Multivariate Statistics in Criminology (3)
Prerequisite: CRIMIN 6405 and CRIMIN 6470. Introduction to the general linear model with applications to multivariate problems in criminal justice and criminology. Topics include advanced ordinary least squares, modeling, time series analysis, simultaneous equations, and analysis of limited dependent variables.

6485 Directed Readings/Research in Criminology and Criminal Justice (1-6)
Prerequisite: Consent of Instructor. Directed reading and research, under faculty supervision, designed to meet particular educational needs of selected students.

6495 Internship in Criminology and Criminal Justice (3)
Prerequisite: Graduate standing or consent of instructor. Supervised placements with criminal justice agencies. Designed primarily for students with limited field experience.

6498 M.A. Thesis Research (1-6)
Prerequisites: Graduate standing and consent of instructor.

6500 Professional Proseminar: Criminology & Criminal Justice (3)
Prerequisite: Graduate Standing. (Must be taken in the first semester.) A critical examination of theoretical, methodological, and policy issues confronting criminal justice professionals. Focus is on nature of crime, policing, corrections and community supervision.

6505 Research Methods for Criminal Justice Professionals (3)
Prerequisites: Graduate Standing. Examination of basic and applied methods for research design and data collection. Topics include participant observation and interviewing, surveys, aggregate data analysis, and program evaluation.

6510 Applied Statistics in Criminology & Criminal Justice (3)
Prerequisites: CRIMIN 4505. Examination of elementary principles of quantitative analysis and their application to criminal justice settings. Topics include univariate, bivariate, and multivariate procedures for discrete and continuous data routinely used by criminal justice professionals.

7499 Ph.D. Dissertation Research (1-6)
Prerequisite: Graduate standing or consent of instructor. To be arranged.

Faculty

David C. Rose, Professor, and Chairperson
Ph.D., University of Virginia

Sel Dibooglu, Professor
Ph.D., Iowa State University

Susan K. Feigenbaum, Professor
Ph.D., University of Wisconsin

Thomas R. Ireland, Professor Emeritus
Ph.D., University of Virginia

Sharon G. Levin, Professor Emeritus
Ph.D., University of Michigan

William E. Mitchell, Professor Emeritus
Ph.D., Duke University

Donald Phares, Professor Emeritus
Ph.D., Syracuse University

Robert L. Sorensen, Professor, Director of Undergraduate Studies
Ph.D., Virginia Polytechnic Institute

Lawrence H. White, Professor; Friedrich A. Hayek Professor in Economic History
Ph.D., University of California, Los Angeles

Anne E. Winkler, Professor Economics and Public Policy Administration
Ph.D., University of Illinois at Urbana-Champaign

Clinton A. Greene, Associate Professor
Ph.D., University of California-Davis

Donald J. Kridel, Associate Professor, Director of Graduate Studies
Ph.D., University of Arizona

Shirley L. Porterfield, Associate Professor, Economics and Social Work
Ph.D., University of Wisconsin-Madison

Herbert D. Werner, Associate Professor Emeritus
Ph.D., University of California-Berkeley

Lea-Rachel Kosnik, Assistant Professor
Ph.D., University of California, Los Angeles

William H. Rogers, Assistant Professor
Ph.D., Colorado State University

Donald C. Sweeney II, Teaching Professor, Economics and College of Business; Associate Director, Center for Transportation Studies
Ph.D., Washington University

Michael T. Allison, Associate Teaching Professor
A.B.D., University of Virginia

Kathleen Phares, Senior Lecturer Emeritus
M.A., University of Missouri-St. Louis

Brian Speicher, Senior Lecturer
A.B.D., Washington University

Barbara Flowers, Lecturer, and Director for the Center for Entrepreneurship And Economic Education
M.A., University of Missouri-St. Louis

General Information

Degrees and Areas of Concentration

Several degree programs are offered by the economics department. The B.A. in economics provides a flexible liberal arts orientation for students. The B.S. in economics places more emphasis upon developing the analytical and quantitative skills used in analysis. Both degrees can be tailored to meet the career interests of the student.
The economics faculty considers research an integral part of good teaching. Research projects in recent years have dealt with energy, public choice, industrial organization, property rights, wage discrimination, urban economic development, health economics, economics of science, economics of gender, poverty and welfare, economics of culture, and government regulations.

The economics department also offers courses at the undergraduate level in geography.

A graduate program offers work leading to the M.A. degree in economics in preparation for careers in teaching, research, government, and industry. The program includes course work in microeconomic theory, macroeconomic theory, and econometrics, as well as elective courses in international trade, international finance, monetary theory, industrial organization, public finance, labor, urban, and natural resource economics. The program can accommodate prospective full-time students as well as those who wish to study part-time solely in the evening. Classes are small, and student-faculty interaction is encouraged.

**Departmental Honors**
A student may earn departmental honors with a GPA of 3.6 in economics and the recommendation of the department.

**Minor in Economics**
A minor in economics is also available. See the following section for requirements.

**Undergraduate Studies**

Students completing the B.A. and B.S. in Economics are expected to have achieved the following learning outcomes:

1. Use economic reasoning to interpret and evaluate social, political and economic arguments, and policies.
2. Use mathematical methods to interpret and analyze economic models to assess their logical validity and to model economic phenomena.
3. Use statistical methods to interpret and analyze economic data and to assess the empirical validity of economic propositions.
4. Employ their understanding of key market institutions such as property rights and contracts and economic organizations such as the Federal Reserve System and the International Monetary Fund to analyze economic behavior and evaluate public policy.
5. Identify the causes and consequences of poverty and prosperity across and within societies.
6. Predict changes in key macroeconomic variables in response to changes in social, political, and economic policy as well as non-economic events such as terrorist attacks, natural disasters, and changes in consumer confidence.
7. Write a research paper that employs sound economic reasoning and, where appropriate, uses data and statistical methods to analyze an economic policy.

**General Education Requirements**
All undergraduate economics majors must meet the university and college general education requirements. Candidates for the B.A. degree may take any foreign language to meet this requirement. Candidates for the B.S. degree take mathematics and quantitative courses instead of the foreign language requirement. Courses in economics may be used to meet the university social sciences requirement.

Education majors specializing in economics must fulfill the requirements for the bachelor of arts degree. These majors are responsible for obtaining an adviser in the Department of Economics.

All prerequisites for economics courses must be completed with a C- or better.

**Satisfactory/unsatisfactory Option**
Courses outside the major field and ECON 1001, Principles of Microeconomics, and ECON 1002, Principles of Macroeconomics, may be taken on a satisfactory/unsatisfactory basis.

**Degree Requirements**

**Bachelor of Arts in Economics**
Candidates for the B.A. degree must take at least 33, but no more than 45, hours in economics. At least 27 hours must be above the 2000 level. All required courses for the major must be completed with a grade of C- or better. The following courses are required:

- **1001**, Principles of Microeconomics
- **1002**, Principles of Macroeconomics
- **3001**, Intermediate Economic Theory: Microeconomics
- **3002**, Intermediate Economic Theory: Macroeconomics
- **3100**, Economic Statistics
- **3200**, Money, Banking, and Monetary Theory
- **3800**, History of Economic Thought

**Bachelor of Science in Economics**
Candidates for the B.S. degree must complete at least 36, but no more than 45, hours in economics. At least 30 hours must be at or above the 2000 level. All required courses for the major must be completed with a grade of C- or better. The following courses are required:

1001, Principles of Microeconomics  
1002, Principles of Macroeconomics  
3001, Intermediate Economic Theory: Microeconomics  
3002, Intermediate Economic Theory: Macroeconomics  
3100, Economic Statistics  
3200, Money, Banking, and Monetary Theory  
4100, Introduction to Econometrics  
MATH 1800, Analytic Geometry and Calculus I, or MATH 1100, Basic Calculus

Also required are two of the following:
4040, Analysis of Business Cycles  
4030, Managerial Economics  
4110, Applied Econometrics  
4120, Time Series Econometrics for Economics and Finance  
4130, Econometric and Time Series Forecasting  
4150, Mathematical Economics  
4160, Geospatial Economic Analysis or any mathematics course numbered 1900 or above (with consent of adviser)

**Complementary Areas of Study**

The department encourages all majors to develop breadth in related disciplines. Course work and minors are available in a number of areas such as business administration, computer science, statistics, and political science. Students should check with their advisers for recommendations concerning courses in these areas. The department suggests the following supplemental course work for students interested in pursuing doctoral-level graduate work in economics or careers in general business. It also encourages all students to obtain work experience by enrolling in the Internship in Applied Economics (ECON 4990).

**Graduate School Preparation:**

It is recommended that students considering doctoral-level graduate work in economics also take:

MATH 1900, Analytical Geometry and Calculus II  
MATH 2000, Analytical Geometry and Calculus III  
MATH 2020, Differential Equations  
MATH 2450, Elementary Linear Algebra  
MATH 4100, Advanced Calculus  
MATH 4200, Mathematical Statistics I

**General Business Preparation:**

It is recommended that students interested in pursuing careers in business also take:

BUS AD 2400, Fundamentals of Financial Accounting  
BUS AD 2410, Managerial Accounting  
BUS AD 2900, Legal Environment of Business  
BUS AD 3500, Financial Management  
BUS AD 3700, Basic Marketing

**Requirements for the Minor.**

Candidates for a minor in economics must take a minimum of 18 hours in economics. At least 12 hours must be at or above the 2000 level. ECON 3100, Economic Statistics, cannot be counted towards the economics minor if the student has also taken MATH 1310, MATH 1320, MATH 1105, or the equivalent. The following courses are required:

1001, Principles of Microeconomics  
1002, Principles of Macroeconomics  
3001, Intermediate Economic Theory: Microeconomics

It is also recommended that students take ECON 3002, Intermediate Economic Theory: Macroeconomics.

A GPA of 2.0 or better is required for courses presented for the minor. The satisfactory/unsatisfactory (s/u) option may be applied to ECON 1001 and 1002 only.

**Graduate Studies**

Students completing the M.A. in Economics are expected to have achieved the following learning outcomes:

1. Interpret and analyze economic models and assess their validity.
2. Use theoretical and empirical tools to design effective business and government policies.
3. Use econometric methods to interpret and analyze economic data, to assess the empirical validity of economic propositions, evaluate business and government policies, and to forecast economic variables.
4. Develop at least one topic area of expertise through familiarity with the relevant scholarly and professional literatures, policy issues, institutions, and current data trends.
5. Develop at least one methodological area of expertise through the acquisition of the theoretical and empirical tools needed to understand scholarly and professional contributions to the literature to facilitate lifelong professional development and refinement of expertise.
6. Write a professional quality research paper.
7. Develop sufficient proficiency in the use of theoretical and empirical tools and in understanding of economic institutions to excel in a Ph.D. program.

B.S./M.A. Dual Degree Program in Economics
The B.S./M.A. (also known as the “2+3”) program is an accelerated program that allows students to complete a B.S. and a M.A. in economics in five years. The program allows students to apply 12 of the M.A. credit hours towards the B.S., reducing the overall required hours for the two degrees from the standard 150 (120 for the B.S. plus 30 for the M.A.) to 138 hours.

Candidates for the M.A. in Economics must complete a 30-hour semester curriculum. The following 3 courses (9 credit hours) are required:

- ECON 5001, Microeconomics Analysis
- ECON 5002, Macroeconomics Analysis
- ECON 5100, Econometric Theory and Methods

In addition, 21 credit hours of electives must be completed. At most, six of these credit hours may be economics courses at the 4000 level (excluding Economics 4100 and ECON 4150 which cannot be utilized as part of the M.A. degree); all other electives must be at the 5000 level or higher.

Of the 30 hours taken in the M.A. program, 12 of these hours (per the approval of the Graduate Director) will also count toward the undergraduate B.S. requirements. All other requirements for the B.S. degree remain in effect.

Admission Requirements
Applicants must have completed between 60 and 108 credit hours. Applicants must have a minimum G.P.A. of 3.0 (both overall and in economics courses) and must be nominated by a full-time regular economics faculty member. Applicants must have completed all of the general education requirements as well as college algebra (or a higher level mathematics course), introductory microeconomics and introductory macroeconomics. Those accepted with fewer than 90 semester credit hours are accepted only on a provisional basis. Once the student has completed 90 semester hours of coursework (typically including ECON 3001, 3002, 3100, 3200, MATH 1800, and preferably ECON 4100) with a satisfactory G.P.A. (minimum G.P.A. of 3.0 overall and in economics courses) the provisional status is dropped.

It is recommended that applicants apply when they have completed 90 credit hours; further, it is recommended that applicants should complete intermediate microeconomics (ECON 3001) and/or introductory econometrics (ECON 4100) before applying.

Awarding of Degree
Both degrees (the B.S. and M.A.) will be awarded when all requirements for the entire program have been completed. In other words, the B.S. and M.A. degrees will be simultaneously awarded at the completion of study.

Students who officially withdraw from the B.S./M.A. Dual Degree Program in Economics and who have successfully completed all of the requirements for the B.S. degree will be awarded the B.S. degree.

Master of Arts in Economics

Admission Requirements
An undergraduate major in economics is not required for acceptance into the program. Application for admission may be submitted at any time, although class work formally begins in late August, mid-January, and mid-June. Candidates must meet the general admission requirements of the Graduate School, submit GRE scores (Advanced Economics optional), and submit two letters of recommendation from persons qualified to judge the candidate's potential for success in the program.

The admissions decision is based on the applicant's academic transcript, GRE scores, letters of recommendation, and a personal narrative on the application form.

Departmental Honors
A student may earn departmental honors with a GPA of 3.75 in all required courses for the M.A. degree and the recommendation of the department.

Degree Requirements
Candidates for the M.A. in Economics must complete a 30-hour semester curriculum.
Candidates need not have an undergraduate degree in economics. However, students are expected to have taken intermediate micro- and macro-economics, mathematical economics, and introductory econometrics prior to the beginning of the core curriculum. Students that do not have these courses will take these courses first; credits earned in these courses do not count towards the 30 hours required for the MA.

**Required Core Courses**

The following courses or their equivalents are required for the M.A. in Economics. Students with previous education in economics or business may waive some of these courses.

- **ECON 5001**, Microeconomic Analysis
- **ECON 5002**, Macroeconomic Analysis
- **ECON 5100**, Econometric Theory and Methods

**Electives**

Candidates must complete at least 21 hours of electives. A maximum of 6 hours of economics electives may be taken at the 4000 level. With the approval of the graduate coordinator, students may take up to 9 hours of graduate courses outside the Department of Economics. In particular, students interested in business economics may take up to three approved graduate business courses for their electives.

**Dual M.B.A./M.A. in Economics**

For as few as 15 hours of additional course work in economics, a Master of Arts in Economics may be obtained along with your Master of Business Administration (M.B.A.) degree. Once accepted into the M.B.A. Program, you need only complete an on-page application form to gain admittance to the Economics program as well. Fulltime students can easily complete the M.A. degree in a year’s time, while part-time students can be accommodated over a longer time period. All courses are available during the evening. The following course of study is recommended for dual degree-seekers. It is assumed that students have already completed at least one course in calculus.

**I) Core requirements – 9 hours**

- **ECON 5001**, Microeconomic Analysis
- **ECON 5002**, Macroeconomic Analysis
- **ECON 5100**, Econometric Theory and Methods

**II) Electives – 21 hours**

Twelve hours of graduate-level business electives (excluding BUS AD 5000, BUS AD 5001, and BUS AD 5002, INFSYS 6800 and LOG OM 5300) to be incorporated from your M.B.A. degree program. Six additional graduate hours in economics, three hours of which may be at the 4000 level.

Applicants need not have an undergraduate degree in economics. However, students are expected to have taken, either at the baccalaureate or M.B.A. level: Intermediate Microeconomics (ECON 3001 or BUS AD 5001), Intermediate Macroeconomics (ECON 3002 or BUS AD 5002), Mathematical Economics (ECON 4150), Money and Banking (ECON 3200), Statistical Analysis for Management Decisions (LOG OM 5300) and Introductory Econometrics (ECON 4100). Students that do not have these courses will take these courses first; credits earned in these courses do not count towards the hours required for the M.A.

Students must take at least 30 hours to complete the M.A. in Economics degree-core requirements (I) and electives (II) – and these courses must be completed within a period of six years.

**Certificate in Forensic Economics**

The Certificate in Forensic Economics is a program of study designed for individuals who wish to supplement previous graduate studies with training in the theory and application of forensic economics. The program is aimed at individuals who wish to prepare economic reports and offer expert economic testimony for selected areas of litigation. The entrance requirement is a master's degree in such areas as actuarial science, business administration, finance, economics, or public policy. An applicant must have had prior course work, or its equivalent, in: Intermediate Microeconomics, Intermediate Macroeconomics, and Statistics. Course work in labor economics and law and economics is recommended but not required. Individuals admitted to this certificate program will be nonmatriculating graduate students.

**Requirements**

The certificate requires a minimum of 18 hours of course work in forensic economics. Students must complete:

- **ECON 5670**, Assessment of Damages in Personal Injury and Wrongful Death
- **ECON 5690**, Writing Reports and Papers on Forensic Economics

**Career Outlook**

Economics is a language that provides the individual with a concise and logical way to study a wide range of problems and issues. It provides the flexibility for adapting to our ever-changing society, and it is also useful in everyday life. Thus, the economics major is excellent preparation for launching many careers. Economics graduates with a B.A. or B.S. degree pursue careers in banking, industry, and government. They use their training in economics as a foundation for a variety of jobs in management, personnel, sales, and marketing.
Others continue their study of economics in graduate schools, earning M.A. and Ph.D. degrees. An undergraduate major in economics also provides a strong background for work on an M.B.A. or law degree. Economics is also important for careers in politics, journalism, and public and private service in foreign countries. Career planning materials are available in the Department of Economics, 408 SSB. For additional information, call the Director of Graduate Studies at (314) 516-5553.

**Course Descriptions**

Courses in this section are grouped as follows: Economics, Geography, and Home Economics. Prerequisites may be waived by consent of the department.

**Economics**

**1000 Introduction to the American Economy (3) [V, SS]**
Introduction to economic analysis and problems through an examination of the development and operations of the American economy; study of its evolution, institutions, and principal problems. ECON 1000 does not substitute for ECON 1001 or 1002. Students who have already completed ECON 1001 or 1002 may not take ECON 1000 for credit.

**1001 Principles of Microeconomics (3) [V, SS]**
Prerequisite: MATH 1030. Introduction to the determinants of household demand, production and cost, and market prices. Applies the principles of individual decision-making behavior to understanding goods, services, and resource markets.

**1002 Principles of Macroeconomics (3) [SS]**
Prerequisite: ECON 1001. Introduction to the determination of levels of and changes in aggregate income, output, employment, and prices. Applies economic principles of choice to the formulation and achievement of public policies that affect national employment, income distribution, and economic growth.

**1003 Microeconomics in the News: A Virtual Classroom (1)**
Prerequisites: ECON 1000 or ECON 1001 or equivalent (may be taken concurrently). This course uses a virtual chatroom to host one hour of discussion weekly about current news events with microeconomic content. News articles will focus on business, public policy, and individual choices that can be understood within a microeconomics framework. Chatroom can be accessed from any location—on or off-campus—with Internet access.

**1004 Macroeconomics in the News: A Virtual Classroom (1)**
Prerequisites: ECON 1002 or equivalent (may be taken currently). This course uses a virtual chatroom to host one hour of discussion, weekly, about current news events with macroeconomic content. News articles will focus on macroeconomic phenomena—e.g., interest rates, the global economy, the Federal Reserve and public policy decisions—that can be understood within a macroeconomics framework. Chatroom can be accessed from any location—on or off-campus—with Internet access.

**1005 Family Economics and Household Development (3)**
Prerequisites: None. Provides social service professionals that work with low income individuals and families with an understanding of the principles of personal financial management. Case studies are used to apply course content and to develop training strategies for clients to improve household financial management. The role of financial institutions and government policies as well as their impact on low income families is also examined. Resources to use with clients will be identified. Economics 1005 does not count toward a major or minor in Economics.

**1500 Entertainment Economics: The Movie Industry (3) [SS]**
This survey course examines the interrelationships between economics and the movie industry. It explores the impact of economic factors on the production, distribution and exhibition of movies, focusing on the rise and fall of the studio system, role of technological change in the evolution of cinematography and the movie marketplace, financing and market segmentation, globalization and changing industrial structure within which films are produced. To the extent that movies reflect and contribute to popular economic perspectives, this course also evaluates the soundness of the movie industry’s depiction of a variety of economic doctrines. Classes will consist of lecture, discussion, and brief film screenings. This course does not count towards the hours required for an Economic major.

**2010 The Business Firm: History, Theory, and Policy (3) [V, SS]**
Prerequisites: ECON 1000 or 1001 or consent of instructor. This course presents a history of development of modern business firms and examines the evolution of the economic theory of the firm. Special attention paid to the role that firms play in fostering social and economic development. Objective of course is to provide students with deeper understanding of firms so that they can make better policy decisions as owners, managers, lawmakers, regulators, and voters.

**2410 Work, Families, and Public Policy (3) [MI, SS]**
Prerequisite: ECON 1000 or 1001. Same as WGST 2410. This course compares the economic behavior of women and men in both the labor market and the household. Topics include: the family as an economic
(production) unit, gender differences in labor force participation, occupations and earnings; the effectiveness of human capital theory and labor market discrimination in explaining the male-female wage gap; remedies for reducing the wage gap; family structure and economic well-being; and alternative policies to alleviate poverty.

2610 The Economics of Professional Sports (3) [V, SS]
Prerequisite: ECON 1000 or equivalent or consent of instructor. This course will survey the economic organization of professional sports team industries and the relationship of sports teams to their employees, fans, and governments. Economic issues relating to salaries and labor disputes, monopoly practices, cartels and pricing, team location decisions, and public subsidies for professional sports teams will be analyzed.

2650 Law and Economics (3)
Prerequisite: ECON 1001. Analysis of the economic role of property rights and contracts in the private for-profit and not-for-profit sectors of the economy. Considers economic incentives to form organizations as one alternative and to form contracts as another. Considers the economic efficiency of the common law and judicial systems in use in the United States.

2800 History of American Economic Development (3) [MI, SS]
Prerequisites: ECON 1000 or 1001 or consent of instructor. Same as HIST 2800. Uses economic concepts to explain historical developments in American economy, beginning with hunter-gatherers who crossed the Bering land bridge around 12,000 B.C. Main topics include Native American economies, European exploration and conquest, colonial economies, indentured servitude, American Revolution, U.S. Constitution, westward expansion, transportation, Industrial Revolution, state banking and free banking, slavery, Civil War, post-bellum agriculture, rise of big business and antitrust, banking panics, Federal Reserve Act, First and Second World Wars, New Deal, and growth of government in postwar economy.

3001 Intermediate Economic Theory: Microeconomics (3)
Prerequisites: ECON 1001 and 1002. Analysis of prices in terms of equilibrium of the business firm and consumer demand in markets of varying degrees of competition.

3002 Intermediate Economic Theory: Macroeconomics (3)
Prerequisites: ECON 1001, 1002; ECON 3200 is recommended. Study of national income, expenditure, and the forces determining the level of economic activity. Special emphasis on the theory of income determination and its application to public policy.

3003 Game Theory and Strategic Decision Making (3)
Prerequisites: ECON 1001. When the best course of action depends on the decisions made by others, strategy becomes important. Game theory provides the tools for analyzing such strategic decision making. Strategic behavior is analyzed in the context of business, logistics, biology, war, government, politics, and everyday life. A wide variety of in-class experiments are used to illustrate key concepts.

3052 Microeconomics for the School Curriculum (1-3)
Prerequisite: Junior standing. Analysis of market forces, with emphasis on business firms, households, and productive-factor markets, price determination, and resource allocation. Special reference to topics included in elementary and secondary school social science curricula. ECON 3052 may not be used by economics majors to meet degree requirements.

3055 Economics Issues for the School Curriculum (3)
Prerequisites: Junior standing and consent of instructor. An analysis of selected economic issues appropriate to instruction in secondary and elementary schools. May be taken more than once for credit, provided the topic of the course is different each time. May not normally be used by economics majors to meet degree requirements. This course does not fulfill the undergraduate economics requirement for education majors.

3100 Economic Statistics (3)
Prerequisites: MATH 1030, ECON 1001, and ECON 1002. Introduction to economic data sources, data interpretation and statistical inference as used in economic analysis. Emphasizes the testing of economic hypotheses and the development and estimation of economic models. Introduces the use of statistical software used in economics.

3200 Money, Banking, and Monetary Theory (3)
Prerequisites: ECON 1001 and 1002. Factors influencing bank reserves and the money supply. Ability of the Federal Reserve System and the Treasury to control these factors. Introduction to monetary theory; integration of monetary phenomena with national income theory. Analysis of current policy issues.

3300 International Economic Analysis (3)
Prerequisite: ECON 1001. Introduction to the theories of international trade and finance including determinants of trade, the effects of trade on overall economic performance, trade restrictions, balance of payments, exchange rates, international economic integration and international financial crises. Discussion of current institutions and economic developments in the global economy.

3320 Economic Development (3)
Prerequisites: ECON 1001 and 1002. Survey of economic growth as applied to developed and underdeveloped...
countries. Analysis of development policies with emphasis on case studies. Case studies may include the United States, Western Europe, or Latin America.

3400 Labor Economics (3)
Prerequisite: ECON 1001. Examines the labor market in the economy. Considers the theories of labor supply, labor demand, and market determination of wages. Other topics include noncompetitive markets, internal labor markets, the theory of human capital, compensating wage differentials, labor market discrimination, unions and collective bargaining, unemployment, and poverty and the distribution of income.

3500 Public Finance (3)
Prerequisite: ECON 1002 and ECON 3001. Analysis of the role of government expenditures and taxation. Topics include: (1) analysis of public goods and externalities, models of collective choice, elements of benefit-cost analysis, the theory of bureaucracy, governments as agents in markets; and (2) analysis of the economic role of governments, subsidies and taxes in the federal system, criteria for tax evaluation, the nature of tax legislation, private decision making under different tax institutions, and government borrowing.

3600 Industrial Organization (3)
Prerequisite: ECON 1001. A theoretical and empirical analysis of the actions of firms under alternative forms of market organization. The role of economics of scale, product differentiation, mergers, and advertising in affecting industry structure, and the impact of the resulting industry structure on pricing, output, promotion, and technology decisions of firms.

3700 Urban and Regional Economics (3)
Prerequisites: ECON 1001 and 1002. A survey of factors affecting the location of economic activity, industrial diversity, determinants of urban growth, the role of urban public economy, and the management of the urban environment.

3750 The Political Economy of Health Care (3)
Prerequisite: ECON 1001. The course provides an economic perspective on the working of the health care market, focusing on the effects of government regulation, tax policy, and entitlement programs. There will be a detailed review of existing U.S. health care financing programs (e.g., Medicare, Medicaid), as well as financing systems of other developed countries. Health care policy will be evaluated according to its impact on quality, cost, and access to medical care and, ultimately, the overall health status of our population.

3800 History of Economic Thought (3)
Prerequisites: ECON 1001 and 1002. The evolution of economic thought from the ancients through post-Keynesian theory.

3900 Selected Topics in Economics (3)
Prerequisites: ECON 1001 and 1002. Analysis of a selected economic topic. The topic selected will vary from semester to semester. This course may be taken for credit more than once as long as the topic discussed in each semester is different.

4030 Managerial Economics (3)
Prerequisite: ECON 3001 or equivalent; MATH 1800 or 1100 recommended. Application of microeconomic theory to decision-making process in the business firm. Topics include pricing and profit strategy, cost analysis, decision making under uncertainty, technology, innovation, and productivity growth, and the structure and organization of firms. Problem-solving and case-study approach used.

4040 Analysis of Business Cycles (3)
Prerequisites: ECON 3200; 3002; 3100. This course focuses on the empirical regularities in macroeconomics commonly referred to as the business cycle. It examines the variability and co-movements of aggregate economic variables and explores alternative theoretical explanations of these phenomena.

4100 Introduction to Econometrics (4)
Prerequisites: ECON 1001 and 1002; ECON 3100; MATH 1800 or MATH 1100; or consent of instructor. An introduction to quantitative analysis of economic behavior. The ordinary least squares technique and the assumptions underlying it are developed. Methods designed to detect and correct for the violations of these assumptions are examined. Special emphasis is given to the practical application of the procedures discussed through the use of computer exercises.

4105 Quantitative Methods and Modeling in Economics, Business and the Social Sciences (3)
Prerequisites: MATH 1030; ECON 1001 or junior standing. This course focuses on the application of mathematical techniques to model building. The course reviews various mathematical techniques and shows students how they can be used for describing various social and business phenomena. Specific examples from the business, economics, criminology and other social sciences will be employed to reinforce the mathematical tools and concepts discussed. Students who have previously completed ECON 4150 or MATH 1800 or MATH 1100 may not take this course for credit.

4110 Applied Econometrics (4)
Prerequisite: ECON 4100 or equivalent. Concepts, techniques, and advanced applications of econometrics.
Emphasis on developing a critical understanding of the appropriateness and limitations of a variety of state-of-the-art techniques used to model economic or political processes. Topics will include joint tests of hypotheses, estimation of lagged effects, models of qualitative choice, simultaneous systems, and outlier diagnostics. This course includes laboratory work in quantitative economic analysis.

4120 Time Series Econometrics for Economics and Finance (4)
Prerequisites: ECON 4100 or equivalent and a solid foundation in statistics. Introduction to application of econometric methods to time-series data. Emphasis on model specification as it applies to macroeconomic or financial data. Topics include: Stationary and non-stationary time-series, seasonality, random walks, unit roots, Dickey-Fuller tests, cointegration, ARCH/GARCH models, and general to specific modeling (ADLs). Specific applications to macro-economics, international economics and/or financial markets.

4130 Business and Economic Forecasting (4)
Prerequisite: ECON 4100 or equivalent. Alternative forecasting methodologies for economic time series will be analyzed and discussed. The focus of the course will be: (1) the development of time-series (ARIMA) models and their application to forecasting; (2) the use of standard econometric models for forecasting; and (3) evaluation and comparison of these methods and the conditions under which each is the appropriate methodology. This course includes laboratory work in quantitative economic analysis.

4150 Mathematical Economics (3)
Prerequisites: MATH 1800 or 1100, ECON 3001, or BUS AD 5000 or 5001. This course uses calculus and other mathematical tools to analyze economic phenomena. In addition to exploring techniques used to solve unconstrained and constrained optimization problems, the course also examines how matrix algebra is used in economic modeling. This course allows students to mathematically analyze economic models which receive graphical treatment in lower level courses.

4160 Geospatial Analysis in the Social Sciences (3)
Prerequisites: Junior standing. ECON 1001 or consent of instructor. Analysis of geospatial data relating to a variety of social phenomena using geographic information systems (GIS) software. Students will learn how geospatial analysis can be integrated into research projects and presentations (e.g., creating maps to present and analyze social, political and economic data). Students will also learn how criminal activity, economic activity, voting patterns and other social behavior are spatially correlated with demographic data. As a culminating project, students will learn how to apply GIS techniques, including but not limited to sophisticated spatial modeling of social behavior.

4170 Fundamentals of Cost-Benefit Analysis (3)
Prerequisites: ECON 3001 or equivalent. The purpose of this course is to provide a systemic and rigorous way of thinking about the measurement of benefits and costs when evaluating public projects, programs or regulations. Cost-benefit analysis has wide application, including: environmental resource use, highway construction projects, safety regulations, taxation of cigarettes, and investment in higher education. Given the prevalence of cost-benefit analysis in government budgetary processes, this course will develop critical appraisal skills to evaluate the appropriateness of these analyses.

4210 Financial Markets and Institutions (3)
Prerequisite: ECON 3200. Demand, supply, and flow of funds in the macrofinancial system, including money, capital, futures, and foreign exchange markets. Examines types and historical development of domestic and international financial intermediaries operating within these markets, decision-making within individual intermediaries, their regulatory environment, and how their portfolio decisions affect flows in the financial system.

4500 Public Finance: State and Local (3)
Prerequisites: ECON 1001 and 1002 and junior standing. A study of expenditure, taxation, and financial administration of state and local governments, with emphasis on problems of current interest. Special attention given to research methods, as well as financial relations between various levels of government.

4510 Public Choice (3)
Prerequisite: ECON 3001 or consent of instructor. Public choice is the analysis of government and governmental institutions through the logic of economics. It assumes the same principles that economists use to analyze actions in the marketplace, and applies them to actions made in collective decision-making. Topics covered include: the efficiency of democracy, voting methods, the incentives of legislators, bureaucrats and lobbyists, political competition, and public institutions and economic growth.

4550 Natural Resource Economics (3)
Prerequisite: ECON 1001, or consent of instructor, junior standing. The relationship between human activity and the world’s natural resources requires choices. This course uses an economics perspective to study these choices. This perspective uses the view of the environment as an asset for its starting point. Issues concerning the optimal and sustainable use of natural resources are examined in this context. Special emphasis is given to potential policy responses to environmental problems.

4720 The Economics of Real Estate and Land Use Policy (3)
Prerequisites: ECON 3001 and ECON 4100. This course will introduce economic theory and analysis of the real estate market's micro and macro characteristics. Public policy impacting both the residential and commercial property markets will be discussed using the models developed in the course. Topics include price and location theory, growth and growth patterns, urban sprawl, migration, regulation of land and capital, provision of public goods, and non-market valuation econometric modeling. Hands on applications of various non-market econometric models will be provided.

4900 Advanced Topics in Economic Analysis (3)
Prerequisites: ECON 3001 or 3002 or consent of instructor. Study of a specific topic in Economics that may vary from semester to semester. May be taken for credit more than once if the topics are different.

4980 Special Readings (1-6)
Prerequisites: Consent of instructor; grade point of 3.0 or higher in economics. Unscheduled, independent directed readings on topics mutually acceptable to student and instructor. Maximum credit limited to six hours.

4990 Internship in Applied Economics (2-6)
Prerequisites: Junior standing, ECON 3001, and consent of instructor. Independent study involving work with appropriate private firm or public agency. Maximum of 6 hours may be earned, only 3 of which may be applied to economics major.

5001 Microeconomic Analysis (3)
Prerequisites: ECON 3001 or BUS AD 5001; ECON 3002 or BUS AD 5002; ECON 4150. Survey of microeconomic comparative statistics. Detailed examination of demand and supply, product, and factor markets. Partial equilibrium in competitive, imperfectly competitive, and monopolistic markets.

5002 Macroeconomic Analysis (3)
Prerequisites: ECON 3200; ECON 3001 or BUS AD 5001; ECON 3002 or BUS AD 5002; ECON 4150. Aggregate economic theory, including analysis of the determinants of income, output, employment, and prices. Employment and price-level effects of consumer and investment demand, the money supply and interest rates, and government policies.

5010 Microeconomics for Policy Analysis (3)
Prerequisites: Graduate Student Standing. Same as P P ADM 6080. This course introduces microeconomic analysis of consumers, firms, and government, with an emphasis on policy applications. It assumes no prior training in economics and is appropriate for graduate students in public policy administration, nonprofit management, political science, gerontology, criminology and criminal justice, and other related fields. This course may not be used by economics students to meet M. A. degree requirements.

5052 Microeconomics for the School Curriculum (1-3)
Prerequisite: Bachelor’s degree from an accredited institution or consent of instructor. Analysis of market forces, with emphasis on business firms, households, productive factor markets, price determination and resource allocations. Special reference to topics included in the elementary and secondary school social science curricula.

5055 Economic Issues for the School Curriculum (1-3)
Prerequisites: Junior standing and consent of instructor. An analysis of selected economic issues appropriate to instruction in secondary and elementary schools. May be taken more than once for credit, provided the topic of the course is different each time. May not normally be used by economics majors to meet degree requirements.

5100 Econometric Theory and Methods (3)
Prerequisites: ECON 3001 or BUS AD 5001; ECON 3002 or BUS AD 5002; ECON 4150; ECON 4100 or LOG OM 5300; MATH 2450 or equivalent. A rigorous review of statistical models and methods relevant to the estimation and testing of economic relationships. Emphasis on the theoretical underpinnings of techniques commonly used for single and multiple equation estimation and hypothesis testing. Topics include ordinary and generalized least squares, robust regression, and simultaneous equations estimation.

5110 Topics in Applied Econometrics (3)
Prerequisites: ECON 4100, or ECON 5100 or LOG OM 5300; MATH 2450 or equivalent. Concepts and application of advanced econometric techniques. Students will develop a thorough understanding of the appropriateness and application of a variety of state-of-the art techniques. Topics will include specification tests, polynomial distributed lags, discrete choice, pooled time-series cross-section, simultaneous equations and outlier detection.

5120 Advanced Topics in Time Series Econometrics (3)
Prerequisites: ECON 4100 or equivalent and a solid foundation in statistics. Application of econometric methods to time-series data. Emphasis on model specification as it applies to macroeconomic or financial data. Advanced Topics include: Stationary and non-stationary time-series, seasonality, random walks, unit roots, Dickey-Fuller tests, cointegration, ARCH/GARCH models, and general to specific modeling (ADLs). Specific applications to macro-economics, international economics and/or financial markets.
5130 Advanced Topics in Business and Economic Forecasting (3)
Prerequisites: ECON 3001 or BUS AD 5001, ECON 3002 or BUS AD 5002, ECON 4150, ECON 4100 or LOG OM 5300. This course develops the alternative techniques which are used to forecast economic time series. Each forecasting technique will be evaluated in terms of its theoretical soundness and predictive track record. Students will also learn to use these techniques to differentiate among competing economic models.

5140 Seminar in Economic Research (3)
Prerequisites: ECON 3200; ECON 3001 or BUS AD 5001; ECON 3002 or BUS AD 5002. Research methods applied to economics. Develops efficiency and skill in conducting research and communicating the results with written reports and oral presentations. This course must be taken within the first year of study after completion of the prerequisites.

5200 Monetary Theory and Policy (3)
Prerequisites: ECON 3200; ECON 3001 or BUS AD 5001; ECON 3002 or BUS AD 5002; ECON 4150. An examination of how monetary policy has affected the economy in the past and how it can improve economic performance in the future. Topics include: the origins of money, money supply, money demand, the determinants of real and nominal interest rates, the term structure of interest rates, the impact of discretionary monetary policy on the domestic economy and foreign exchange markets, and the domestic economy and foreign exchange markets, and the relationship between monetary policy and federal government deficits.

5210 Financial Markets (3)
Prerequisites: ECON 3200; ECON 3001 or BUS AD 5001; ECON 3002. Demand, supply, and flow of funds in allocating credit and distributing risk in the macrofinancial system. The saving investment process, the rationale for financial markets, and the role of financial intermediaries are studied within the framework of the flow of funds accounts. Special attention is given to the operation of money, capital, futures, and foreign financial markets and the impact of public policy on the structure and performance of financial markets.

5300 International Trade (3)
Prerequisite: ECON 3001 or BUS AD 5001. Survey of the modern theories of international trade and their applications including factor endowments and other, trade restrictions, foreign investment, trade and economic development, and balance of payments and exchange rates. Discussion of current institutions and economic developments in the global economy.

5301 International Finance (3)
Prerequisite: ECON 3200, ECON 3001 or BUS AD 5002. Application of economic theory to international financial issues and discussion of current financial institutions and developments in the global economy. Topics include the international payments mechanism, the balance of payments, foreign exchange markets, international linkages, world inflation, capital flows, and macroeconomic policy in open economies.

5400 Labor Economics: Theory and Public Policy (3)
Prerequisite: ECON 3001 or BUS AD 5001. This course examines labor supply, labor demand, and market determination of wages. Topics covered include the effect of technological change on employment, trends in labor force participation, the impact of government taxes and transfers on labor supply, poverty, and its economic consequences, the human capital model and its implications for investment in education and on-the-job training, and theories of economic discrimination and empirical measurement issues. Throughout the course, current public policy debates are examined using the theoretical models developed.

5500 Public Sector Microeconomics (3)
Prerequisite: ECON 3001 or BUS AD 5001, or P P ADM 6080. Same as P P ADM 6210. Application of tools of intermediate microeconomics to address public sector issues. Special emphasis is placed on critically analyzing current public policy debates using the models developed. Topics covered include: cases in which competitive market fails to allocate resources efficiently (e.g., externalities and public goods), importance of property rights, incentive effects of the tax and transfer system, and the fundamentals of cost-benefit analysis.

5510 Public Choice (3)
Prerequisites: ECON 3001 or consent of instructor. Public choice is the analysis of government and governmental institutions through the logic of economics. It assumes the same principles that economists use to analyze actions in the marketplace, and applies them to actions made in collective decision-making. Topics covered include: the efficiency of democracy, voting methods, the incentives of legislators, bureaucrats and lobbyists, political competition, and public institutions and economic growth.

5600 Structure and Performance of United States Industry (3)
Prerequisites: ECON 3001 or BUS AD 5001; ECON 4150. An analysis of the functioning of business firms under alternative market arrangements. Topics include: the theory and measurement of monopoly power and the role of economies of scale, product differentiation, and entry conditions in affecting this power; the impact of market power on the price-setting behavior, advertising and promotional strategies, and technological innovation of firms; the role of government policy in promoting or preventing competition among firms.

5630 Economics of Telecommunications (3)
Prerequisites: ECON 3001, BUS AD 5000 or BUS AD 5001 and ECON 4150. Application of economic theory and techniques to the telecommunications industry. Topics include demand theory for telephone access and use, consumer surplus models for subscription choice, nonlinear pricing strategies including pure and mixed bundling and multi-part tariffs, the incentives of the firm under various regulatory regimes, a comparison of rate-of-return regulation and incentive (price cap) regulation, and the impact of carrier-of-last-resort responsibilities.

5640 Transportation Economics (3)
Prerequisites: ECON 3301 or BUS AD 5000. This course makes use of range of economic concepts to examine the nature of markets in which transport services are provided. This course is designed for future transportation professionals who wish to explore the fundamentals of economics in their field and for graduate students in public policy and economics wishing an economics-based understanding of transportation issues. Basic concepts covered include the theory of transportation demand, transportation costs and investment planning, and current topics in transportation economics such as regulation-deregulation and social cost pricing.

5650 Law and Forensic Economics (3)
Prerequisites: ECON 3001, 3002, 3100, or equivalent, or consent of instructor. Reviews issues of law that dictate conditions under which forensic economic analysis is admissible. Topics include introduction to common law, federal and state court systems, statutory basis for wrongful death damages, "make, differences by class of litigation, determination of whole" principle, efficient deterrence and efficient compensation relevant law, legal implications of "preferred jury instructions," standards for admissibility of economic expertise.

5660 Labor Economics for Forensic Economists (3)
Prerequisites: ECON 3001, 3002, 3100, or equivalent; or consent of instructor. Focuses on areas of labor economics of special importance in forensic economic analysis. Topics include human capital as a recoverable asset, age-earnings cycles, variations in age-earnings cycles, earning capacity versus expected earnings, theories of family and family bargaining, theory of discrimination and tests for presence of discrimination.

5670 Assessment of Damages in Personal Injury and Wrongful Death (3)
Prerequisites: ECON 3001, 3002, 3100, or equivalent; or consent of instructor. Reviews methodologies for standard damage categories in forensic economic analysis. Topics include methods for establishing base earnings, use of age-earnings profile data, discount rates, net discount rates and stability of relationship between wage growth and discount rates, analysis of fringe benefit packages, concepts and measurement of nonmarket family services, hedonic damage controversy, analysis of personal consumption/personal maintenance for wrongful death cases.

5680 Statistical Research in Forensic Economic Analysis (3)
Prerequisites: ECON 3001, 3002, 3100, or equivalent; or consent of instructor. Review of relevant statistical techniques, data sources, and reliability factors. Since factual information about individual tort victims is often limited in forensic economic assessment, this course deals extensively with issues of inference that must be made with little data. Also addresses issues of scientific admissibility and Internet as a potential source of relevant data.

5690 Writing Reports and Papers in Forensic Economics (3)
Prerequisites: ECON 3001, 3002, 3100, or equivalent; or consent of instructor. A professional writing course in which students are expected to prepare both a report suitable for litigation and a paper written in publication format for a professional journal or law review. Some student papers will be publishable in specialized journals, legal publications, and law reviews.

5695 Internship in Forensic Economics (3)
Prerequisites: ECON 3001, 3002, 3100 or equivalent; or consent of instructor. Internship with litigation division in law or accounting practice, or with forensic consulting firm. Internship activities and products will be monitored largely through Internet interaction between student and faculty.

5700 Regional and Urban Economics (3)
Prerequisites: ECON 3001. Investigate the spatial aspects of urban and regional economics: location theory, market areas, and agglomerations. The focus in on the description and explanation of the spatial allocation of economic activity with particular attention paid to the role of cities. Topics will include regional development and regional development strategies, the growth of cities, firm location decision, spatial externalities, sprawl, and firm location.

5720 Real Estate Economics (3)
Prerequisites: ECON 3001 and ECON 4100. This course will introduce economic theory and analysis of the real estate market’s micro and macro characteristics. Public policy impacting both the residential and commercial property markets will be discussed using the models developed in the course. Topics include price and location theory, growth and growth patterns, urban sprawl, migration, regulation of land and capital, provision of public goods, and non-market valuation econometric modeling. Hands-on applications of various non-market econometric models will be provided.
5750 The Political Economy of Health Care (3)
Prerequisite: ECON 3001 or BUS AD 5000 or consent of instructor. This course investigates the impact of government policy on health care provision and financing, focusing on the effect of entitlement programs, tax policy, and government regulation. Applying standard economics techniques, students will analyze incentives facing the decision makers in the health care system and ways in which they are altered by government policy. Attention will also be given to rationales for government intervention and roles of interest groups in the formulation of U.S. health care policy. The course will provide a detailed review of specific federal and state government financing programs, primarily focusing on Medicare and Medicaid, and will include discussion of the economic aspects of current health finance reform proposals.

5760 Health Economics (3)
Prerequisites: ECON 3001 or BUS AD 5001. This course applies microeconomic theory and statistical techniques to understand decision making in health care markets. The effects of government policies on the health care choices of consumers and providers are identified and quantified; attention is given to federal and state entitlement programs, regulations, tax policies and antitrust enforcement. The role of insurance as a risk-sharing device is explored, along with its implications for pricing and health care utilization.

5900 Advanced Topics in Economic Analysis (3)
Prerequisite: Consent of the instructor. Study of a specific economics topic, which may vary from semester to semester. May be taken more than once if the topic is different.

5980 Directed Readings (1-6)
Prerequisite: Consent of instructor. Independent study through readings, reports, research projects, and conferences.

Geography

1001 Introduction to Geography (3) [MI, SS]
Prerequisite: None. An introduction to geography as a social science. The identification and explanation of order in the human landscape. A survey of the social, political, economic, and psychological factors which influence geographic patterns.

1002 World Regions (3)
Prerequisite: None. Survey of the major regions of the world. Designed to give the student an awareness of the character of each of these major regions through the interrelationships of the various attributes of place. Each semester the geographic perspective will be applied in greater depth to one significant country such as Afghanistan, Iraq, or North Korea.

2001 Cultural Geography (3)
Prerequisite: None. This course examines the effect of geography on culture and cultural groups. Essential to the geographic perspective is identifying the effect on cultures of the current trend toward increasing globalization. Topics include language, religion, attitudes, and the effect of technology. The major goals are to increase awareness of the diversity of human cultures and to prepare students for a world of increasing intercultural communication and conflict. Satisfies cultural diversity requirement.

2900 Special Readings in Geography (3)
Prerequisite: Consent of instructor. This course will provide a more in-depth analysis of the various factors which influence geographic patterns. The topic selected will vary from semester to semester. This course may be taken for credit more than once as long as the topic discussed in each semester is different.

3900 Advanced Topics in Geography (3)
Prerequisites: Junior standing or consent of instructor. Analysis of selected geography topics. The topics selected will vary from semester to semester. This course may be taken for credit more than once as long as the topics discussed in each semester are different.

Home Economics

1110 Nutrition in Health (3)
A study of dietary nutrients essential for health, proper selection of foods to provide them, and current issues affecting them.

General Information

Degrees and Areas of Concentration
The English department offers or participates in offering the B.A. in English, the B.A. in English with certification for secondary teaching, and the B.S. in secondary education with an emphasis area in English. The department also offers a minor in English. Additionally, students with any major in the university may earn a Certificate in Writing so that they may demonstrate evidence of training in creative, journalistic, or technical writing.

The department has a graduate program leading to the Master of Arts degree. Students may pursue a literature track where they acquire a broad coverage in British and American writers or a writing track where half of the course work deals with composition and writing theory. The department also offers the Master of Fine Arts in creative writing, in which half of the courses are writing workshops and independent writing projects. In addition, the department of English participates in a Graduate Certificate in the Teaching of Writing.

Learning Outcomes
Recipients of the undergraduate degree will demonstrate the following outcomes:

- Demonstrate advanced skills in reading and analyzing texts and a knowledge of literary and rhetorical terms and concepts.
- Demonstrate mastery of content in at least five specific fields in language, literature, and written literacy.
- Demonstrate knowledge of historical and critical context for these fields and the relevance to them of a variety of critical approaches.
- Understand the role played by gender, race, class, and ethnicity (where appropriate) in language, literature, and literacy.
- Demonstrate the ability to write clear analytical essays incorporating both primary textual evidence and secondary scholarly and critical sources.

Departmental Honors
Candidates for departmental honors in English must achieve a 3.2 average in English at graduation and complete an undergraduate or graduate seminar in English, the final paper for which must be acceptable to the instructor as an honors thesis.

Undergraduate Studies
General Education Requirements

English courses may be used to meet the university’s humanities requirement, except the following:

1100, Freshman Composition
1110, Freshman Composition for International Students
2120, Topics in Writing
2810, Traditional Grammar
3090, Practical Criticism: Writing About Literature
3100, Advanced Expository Writing
3110, Advanced Expository Writing for International Students
3120, Business Writing
3130, Technical Writing
3140, News Writing
3150, Feature Writing
3160, Writing in the Sciences
3180, Reporting
4000, Writing in the Professions
4860, Editing
4870, Advanced Business and Technical Writing
4880, Writing for Teachers
4885, The Curriculum and Methods of Teaching English
4890, Independent Writing Project

The college’s foreign language requirement may be met in any language.

Satisfactory/Unsatisfactory Option

A maximum of 6 satisfactory/unsatisfactory hours may be taken in the department. Majors must complete at least 18 graded (i.e., not satisfactory/unsatisfactory) hours in English courses at the 3000 level or above with a grade point of 2.0 or better in these courses.

English majors may take any English course on a satisfactory/unsatisfactory basis except the following:

1100, Freshman Composition
1110, Freshman Composition for International Students
3090, Practical Criticism: Writing About Literature
3100, Advanced Expository Writing
3110, Advanced Expository Writing for International Students
3120, Business Writing
3130, Technical Writing
3140, News Writing
3150, Feature Writing
3160, Writing in the Sciences
3180, Reporting
4000, Writing in the Professions
4860, Editing
4870, Advanced Business Writing
4880, Writing for Teachers
4885, The Curriculum and Methods of Teaching English
4890, Independent Writing Project

Degree Requirements

Bachelor of Arts in English

English majors must complete at least 36, but no more than 45, hours in English exclusive of ENGL 1100, Freshman Composition; ENGL 1110, Freshman Composition for International Students; and ENGL 3090, Practical Criticism: Writing About Literature.

1) Students majoring in English must take:

2310, English Literature I
2320, English Literature II
2710, American Literature I
2720, American Literature II
2810, Traditional Grammar--or test out

2) ENGL 3090, Practical Criticism: Writing About Literature. (For English majors, this course is a prerequisite or corequisite for 4000-level courses in English.)

3) Students must also complete one course from five of the following 10 areas:

Area 1 Medieval English
4260, Chaucer
4270, Medieval English Literature

Area 2 Shakespeare
4370, Shakespeare: Tragedies and Romances
4380, Shakespeare: Comedies and Histories

Area 3 The Renaissance
4320, Elizabethan Poetry and Prose
4340, Early Seventeenth-Century Poetry and Prose
4350, Milton
4360, Tudor and Stuart Drama
4931, English Women Writers, 1300-1750

Area 4 Restoration and Eighteenth-Century English
4410, Restoration and Eighteenth-Century Drama
4420, Age of Dryden and Pope
4440, Age of Johnson
4450, The Eighteenth-Century English Novel

Area 5 Nineteenth-Century English
4510, Early Romantic Poetry and Prose
4520, Later Romantic Poetry and Prose
4540, The Nineteenth-Century English Novel
4560, Prose and Poetry of the Victorian Period
4580, Literature of the Late Nineteenth and Early Twentieth Centuries
4934, Austen and the Brontës
4935, Women Heroes and Romantic Tales

Area 6 Nineteenth-Century American
4610, Selected Major American Writers I
4620, Selected Major American Writers II
4630, African American Literature Prior to 1900
4640, American Fiction to World War I

Area 7 Twentieth-Century English/American
4650, Modern American Fiction
4660, African American Literature Since 1900
4740, Poetry Since World War II
4750, Modern British Fiction
4760, Modern Drama
4770, Modern Poetry
4937, Irish and Irish-American Women Writers
4938, American Women Poets of the 20th/21st Centuries

Area 8 Literary Criticism
4000, History of Literary Criticism
4030, Contemporary Critical Theory
4070, The Two Cultures: Literature and Science
4080, Narrative, Cognition, and Emotion

Area 9 Special Topics
4060, Adolescent Literature
4900, Seminar
4910, Studies in African/African American Literature, Criticism, and Diaspora
4920, Major Works of European Fiction
4930, Studies in Gender and Literature
4932, Female Gothic
4933, Female Novel of Development
4936, Tales of the Islamic East
4940, Special Topics in Jewish Literature
4950, Special Topics in Literature
4960, Ethnic Literatures

Area 10 Linguistics
4800, Linguistics
4810, English Grammar
4820, History of the English Language

Work in 2000-level courses provides background in literary history and forms, as well as the means for
discussing literary issues, on paper and orally. Thus, the department requires ENGL 2310 or consent of the
instructor as a prerequisite for all courses in Areas 1-4 and ENGL 2320 or consent of the instructor as a
prerequisite for all courses in Areas 5 and 7, except American literature courses. ENGL 2710 or consent of the
instructor is a prerequisite for all courses in Area 6, and both ENGL 2710 and ENGL 2720 or consent of the
instructor are prerequisites for ENGL 4650. All survey courses (ENGL 2310, 2320, 2710, and 2720) must be
taken before the major has completed 90 hours toward a degree.

Students majoring in English must complete a minimum of 12 graded hours in English courses at the 4000
level or above in residence with a grade point average of 2.0 or better in these courses or students must
receive special consent of the department.

Students should consult with faculty advisers to determine which upper-level courses best satisfy their major
needs and interests.

**Bachelor of Arts in English with Certification for Secondary Education**
All candidates for certification to teach English must enroll in a program in the College of Education involving
Level I, Level II, and Level III coursework plus student teaching. See the Division of Teaching and Learning in
this Bulletin for information.

In addition to the requirements for the B.A. in English, students must meet the following requirements for
secondary certification:

1) Two courses in American literature. This requirement may be met by courses counted for the major.
   a. American literature must include a unit or course in the literature of ethnic groups.
   b. American literature must include a unit or course in literature for adolescents.

2) Twelve hours in composition and rhetoric:
   - **ENGL 1100**, Freshman Composition, may be counted.
   - **ENGL 3090**, Practical Criticism: Writing About Literature, is required.
   - **ENGL 4880/SEC ED 4880**, Writing For Teachers, is required.
   Recommended courses include creative writing, journalism, and business writing.

3) English language requirements
   a. **ENGL 2810**, Traditional Grammar Students with sufficient background may gain exemption
      from the ENGL 2810 requirement by passing the English-Education Test of Basic Grammar. This
test may be taken only twice. Certification candidates must pass ENGL 2810 or the Test of Basic
Grammar before applying for student teaching.
   b. **ENGL 4810**, English Grammar
   c. **ENGL 4800**, Linguistics, or **ENGL 4820**, History of the English Language

**Bachelor of Science in Secondary Education with an Emphasis Area in English**
All candidates for certification to teach English must enroll in a program in the College of Education involving
Level I, Level II, and Level III coursework plus student teaching. See the Division of Teaching and Learning in
this Bulletin for information.

The required courses in English and professional education are the same as those for the B.A. with certification
for secondary education. However, students fulfill the general education requirements of the College of
Education rather than those of the College of Arts and Sciences. For example, students seeking the B.S. in
Education are not required to study a foreign language.

**Certification to Teach Secondary Speech and Drama**
All candidates for certification to teach Speech and Drama must enroll in a program in the College of Education
involving Level I, Level II, and Level III coursework plus student teaching. See the Division of Teaching and
Learning in this Bulletin for information.

In addition, undergraduates who wish to be certified to teach Speech and Drama must meet the requirements
for a major in Communication as well as requirements set by the Theatre faculty.

**Minor in English**
A student may minor in English by taking at least 18 hours of English courses exclusive of Basic Writing, ENGL
1100, Freshman Composition, and ENGL 1110, Freshman Composition for International Students. ENGL 3090
is required, and 12 of the 18 hours must be in literature courses, 9 of which must be in courses at the 3000 or
4000 level. Every student taking a minor in English must consult with an adviser in the English department to
ensure a coherent program of studies. The GPA in courses for the minor must be 2.0 or better. Nine of the 18
hours must be taken in residence at UMSL. No more than 3 hours taken on a satisfactory/unsatisfactory basis
may be counted toward the 18-hour minimum.

**Professional Writing Certificate**
Students earn the Professional Writing Certificate by completing 18 hours in selected writing courses with a grade point average of 3.0 or better. Twelve of the 18 hours must be taken at the University of Missouri-St. Louis. Courses may not be taken on a satisfactory/unsatisfactory basis.

**MEDIA ST 2212**, Broadcast Writing and Reporting  
**MEDIA ST 2217**, Script Writing for Business and Industry  
**ENGL 2810**, Traditional Grammar  
**ENGL 2030**, Poetry Writing  
**ENGL 2040**, Short Story Writing  
**ENGL 2050**, Play Writing  
**ENGL 2060**, Introduction to the Writing of Poetry and Fiction  
**ENGL 2080** or **MEDIA ST 2080**, Advertising Copywriting  
**ENGL 2120**, Topics in Writing  
**ENGL 3030**, Intermediate Poetry Writing  
**ENGL 3040**, Intermediate Fiction Writing  
**ENGL 3090**, Practical Criticism: Writing About Literature  
**ENGL 3100**, Advanced Expository Writing  
**ENGL 3110**, Advanced Expository Writing for International Students  
**ENGL 3120**, Business Writing  
**ENGL 3130**, Technical Writing  
**ENGL 3140** or **MEDIA ST 3214**, News Writing  
**ENGL 3150**, Feature Writing  
**ENGL 3160**, Writing in the Sciences  
**ENGL 3180**, Reporting  
**ENGL 3280** or **MEDIA ST 2228**, Writing for Public Relations  
**ENGL 4130**, Advanced Poetry Writing  
**ENGL 4140**, Advanced Fiction Writing  
**ENGL 4160**, Special Topics in Writing  
**ENGL 4810**, English Grammar  
**ENGL 4850**, Topics in Teaching Writing  
**ENGL 4860**, Editing  
**ENGL 4870**, Advanced Business and Technical Writing  
**ENGL 4880**, Writing for Teachers  
**ENGL 4890**, Writing Internship (This course is required. It is to be taken as the last course a student will take in the program, and it is to be used to generate an extensive final project or internship.)  
**ENGL 4892**, Independent Writing Project  
**ENGL 4985**, Editing Litmag  
**HONORS 3100**, Writing the City

**Creative Writing Certificate**

Students earn the Certificate in Writing by completing 18 hours in selected writing courses with a grade point average of 3.0 or better. The creative writing emphasis focuses the students’ efforts toward producing original fiction or poetry and can include other literary endeavors such as writing creative nonfiction, editing, feature writing, and copywriting. The specific requirements for the Creative Writing emphasis are listed below.

Courses for the certificate should be chosen with the guidance of the Writing Certificate Coordinator. If the student elects to complete English 4890 as one of the courses for the certificate, he or she should schedule a meeting with the coordinator to make arrangements for the internship.

When the student has completed requirements for the certificate, the coordinator will notify the university registrar and the college from which the student will graduate. Upon the student’s graduation, completion of the Certificate in Writing will be noted on the official transcript and a certificate will be mailed to the student’s residence. Students who have graduated before completing the Certificate in Writing will receive the certificate in the mail and will have the certificate entered on their official transcripts.

To receive this certificate, the student must take 18 hours chosen from the courses listed below. Students must take at least two of the following: 3030, 3040, 4130, 4140, 4895, 4890 and at least one must be a 4000-level course.

**2000-Level Courses (Students may take no more than two 2000-level courses)**

**ENGL 2030**, Beginning poetry writing workshop (CW)  
**ENGL 2040**, Beginning fiction writing workshop (CW)  
**ENGL 2330**, Introduction to poetry (Lit)  
**ENGL 2340**, Introduction to fiction (Lit)  
**ENGL 2350**, Introduction to drama (Lit)

**Creative Writing and Literature Courses**

**ENGL 3030**, Poetry workshop: lyric and form  
**ENGL 3040**, Fiction workshop: narrative structure
ENGL 3090, Practical criticism: writing about literature
ENGL 3100, Advanced expository writing
ENGL 4130, Advanced poetry writing
ENGL 4140, Advanced fiction writing
ENGL 4160, Special topics in writing
ENGL 4890, Writing Internship
ENGL 4892, Independent Writing Project
ENGL 4895, Editing Litmag

Professional Writing Courses (Students are encouraged to take at least one professional writing course, but no more than two.)
ENGL 2080, Advertising Copywriting (or MEDIA ST 2080)
ENGL 3150, Feature Writing (or MEDIA ST 3150)
ENGL 4860, Editing

This capstone course may be 4895, 4890, 4140, or 4130. If 4890 is used, it will be an internship in literary publishing, feature writing, or advertising copywriting. To use 4130 or 4140, the student must obtain the teacher's permission and do extra work in the course. The editing Litmag course, 4895, may also be used as the final course for this certificate.

Technical Writing Emphasis
The technical writing emphasis provides a more career-specific strategy for students enrolled in the Writing Certificate program. The technical writing emphasis is composed of three required courses:

3130, Technical Writing
4860, Editing
4870, Advanced Business and Technical Writing or
4890, Writing Internship

In addition, students take three electives for a total of 18 hours chosen from the following:

Business Administration
1800, Computers and Computer Information
3100, Contemporary Business Communication

Communication
1065, Introduction to Information Technology

Computer Science
1250, Introduction to Computer Science (Prerequisite: MATH 1030, College Algebra)

English
3120, Business Writing
3140, News Writing
3150, Feature Writing
3160, Writing in the Sciences
3280, Public Relations Writing
4870, Advanced Business and Technical Writing (if 4890) is taken as requirement)
4890, Independent Writing Project (if 4870 is taken as requirement)

Graduate Studies

Admission Requirements
To enter the graduate program in English a candidate must satisfy the requirements both of the Graduate School and the Department of English. A candidate should have a bachelor’s degree, with at least 18 hours in English above the freshmen level, 12 of which must be in literature. Normally, only students with a grade point average of 3.0 in undergraduate English courses and an overall undergraduate average of 2.75 will be considered. Though the English department welcomes scores from the Graduate Record Aptitude Exam and letters of recommendation, it does not require either of these. (Students applying for Teaching Assistantships, please see “Financial Aid and Teaching Assistantships.”)

The graduate coordinator of the English Department with the advice of the graduate committee will use the undergraduate record and, if available, the scores of the GRE general test as the basis for a decision. We welcome letters of recommendation from the applicant’s former English instructors and a sample of expository prose. Applications to the MA in English are considered at all times. However, because spaces in graduate courses are limited, it is strongly advised that prospective students submit their applications well before the semester begins in order to gain admission into their appropriate classes.

Teaching Assistantships
A number of teaching assistantships are available for qualified applicants. In addition to the undergraduate record and the scores on the GRE general test, applications should include two letters of recommendation from
Degree Requirements

Master of Arts in English
In addition to the Graduate School requirements, students must complete at least 36 hours, 24 hours of which must be in 5000-level courses. Twelve hours may be taken in 4000-level courses approved by the department and Graduate School.

At the outset of the program, students in both the literature and writing theory tracks must take ENGL 5000, Introduction to Graduate Study in English, which focuses upon bibliography, research methods, and literary criticism. Students must receive graduate credit for ENGL 5000.

Students who choose a literature track must also take at least one course in each of the following six areas:

**Area 1**, British literature before 1660  
**Area 2**, British literature between 1660 and 1900  
**Area 3**, Twentieth-century literature (British, American, post-colonial, or in translation)  
**Area 4**, American literature  
**Area 5**, Theories of writing, criticism, language, and/or culture  
**Area 6**, Literature in translation, study of a particular literary genre, or a course in another relevant discipline.

Students who choose the composition track must take 18 hours in literature courses (including Eng 5000 and 18 hours in composition courses (including Eng 5840). The literature courses should provide broad coverage, rather than a narrow focus on a particular genre or historical period. If students choose the thesis option (6 hours) they will take 15 hours in literature and 15 hours in composition.

Thesis Option
Students in literature or writing theory may elect the thesis option, which requires a total of 6 hours of thesis credit. The thesis should demonstrate original thought and substantial research and may be a critical study of literary works, a theoretical exploration of issues related to literature or writing, or a descriptive assessment of fieldwork related to writing and pedagogy. The thesis must be approved and assigned a grade by a thesis committee. The student will select a major professor who, after consulting with the chair and the graduate coordinator, will select two other members of the committee.

Further information may be found in *The Master of Arts in English*, available from the English department.

Master of Fine Arts in Creative Writing
The application process is identical to that for the master of arts degree, with these exceptions: there is one annual deadline for all applications, Feb. 15; a writing sample is required (15-20 poems or 20-40 pages of fiction); the GRE test is required only if the applicant seeks financial aid or a teaching assistantship.

In addition to the Graduate School requirements, students must complete at least 39 hours, 30 of which must be in 5000-level courses. Nine hours may be taken in 4000-level courses approved by the department and Graduate School. Students will specialize in one genre, poetry or fiction. They must complete the following course work: (a) 18-21 hours in creative writing courses: 15 hours of workshops (at least one course outside the genre), and 3-6 hours of ENGL 6010; (b) 15 hours of courses in literature, language, writing theory or literary journal editing offered by the department; (c) 3-6 hours of electives: another workshop or literature/language/writing theory/literary journal editing course or a relevant offering in another discipline. Students may not take a 4000-level writing course in their genre for graduate credit. At least two of the writing workshops and ENGL 6010 must be taken at UMSL. Complete information may be found in *The Master of Fine Arts in Creative Writing*, available from the English department.

Graduate Certificate in the Teaching of Writing, Gateway Writing Project.
Jointly housed in the Division of Teaching and Learning and the Department of English, this Graduate Certificate prepares teachers at all levels (K-12, college, adult) to improve their students’ performance in writing. The program also emphasizes using writing as a means to promote learning in all content areas. All courses provide opportunities for teachers to write, revise, share feedback, and reflect on their own writing development. Based on the National Writing Project’s core belief that teachers of writing must themselves be writers, the Graduate Certificate in the Teaching of Writing brings together sound pedagogy, composition theory, and writing practice.

The Certificate is an 18-hour program through the Gateway Writing Project (GWP); it may also be coordinated with other graduate programs. Certificate courses may be applicable to the M.A. in English with emphasis in composition or to various M.Ed. programs. The GWP Certificate is especially appropriate for post-master’s candidates who wish to pursue a specialization in teaching writing. The Graduate Certificate in the Teaching of Writing requires a 12 semester-hour core of courses developed by the Gateway Writing Project: The GWP invitational institute (6 hrs.), a designated “topics” course (3 hrs.), and an exit course (3 hrs.). The Certificate requires a minimum of 12 semester hours at the 5000 or 6000 level or above. Electives (6 hrs.) may be chosen from approved offerings in English or Education.
Admission:
Applicants must be admitted to Graduate School and be selected by the faculty admissions committee for the Gateway Writing Project’s Certificate in the Teaching of Writing. The committee will review candidates on the basis of an interview, an application essay, and supporting documentation. Criteria include experience teaching writing at any level and academic record, especially in writing and the teaching of writing.

Prerequisites:
- ENGL/SEC ED 4880, "Writing for Teachers" or an equivalent course in teaching writing
- Coursework or competency in basic computer application.

Required Core Courses (12 semester hours)
- ENGL 4850/TCH ED 5850, Topics in the Teaching of Writing (designated topics, 3 sem. hrs.)
- ENGL 5880/SEC ED 6880, Gateway Writing Project (6 sem. hrs.)
- TCH ED 6890, Seminar in Professional Writing for Teachers (exit course, 3 sem. hrs)

Electives (6 sem. hrs.)
Electives may be chosen from other Gateway Writing Project offerings or from courses offered by the appropriate academic department with advisor’s approval. These electives must include at least one more 5000-6000 level course.

Suggested electives applicable to an MA in English with writing emphasis:
- ENGL 5800, Modern Linguistics
- ENGL 5840, Theories of Writing
- ENGL 5860, Writing/Reading Theory
- ENGL 5870, Composition Research
- ENGL 5890, Teaching College Writing

Suggested electives applicable to an M.Ed. in Elementary or Secondary Education
- ELE ED 6387, Literacy Acquisition and Learning for Urban Students
- SEC ED 6430, Problems in Teaching English in Sec. School
- ELE ED 6432, Problems & Research in Language Arts
- ELE ED 6482, Problems & Research in Elementary Reading
- ED REM 6714, Action Research in Education

Courses in adult and higher education may also be appropriate. For complete information, see The Gateway Writing Project’s Graduate Certificate in Teaching Writing, available from the English Department, from the Division of Teaching and Learning, and from the GWP Director via Continuing Education & Outreach.

Career Outlook
In addition to traditional employment as teachers at the primary, secondary, and community-college levels, recent UMSL graduates in English are working in journalism, editing, advertising, public relations, and other fields that place a premium upon creation and interpretation of the written word. Numerous recent English majors have successfully entered law school.

M.A., University of Missouri-St. Louis

General Information

Degrees and Areas of Concentration
The English department offers or participate in offering the B.A. in English, the B.A. in English with certification for secondary teaching, and the B.S. in secondary education with an emphasis area in English. The department also offers a minor in English. Additionally, students with any major in the university may earn a Certificate in Writing so that they may demonstrate evidence of training in creative, journalistic, or technical writing.

The department has a graduate program leading to the Master of Arts degree. Students may pursue a literature track where they acquire a broad coverage in British and American writers or a writing track where half of the course work deals with composition and writing theory. The department also offers the Master of Fine Arts in creative writing, in which half of the courses are writing workshops and independent writing projects. In addition, the department of English participates in a Graduate Certificate in the Teaching of Writing.

Learning Outcomes
Recipients of the undergraduate degree will demonstrate the following outcomes:

- Demonstrate advanced skills in reading and analyzing texts and a knowledge of literary and rhetorical terms and concepts.
- Demonstrate mastery of content in at least five specific fields in language, literature, and written literacy.
- Demonstrate knowledge of historical and critical context for these fields and the relevance to them of a variety of critical approaches.
- Understand the role played by gender, race, class, and ethnicity (where appropriate) in language, literature, and literacy.
- Demonstrate the ability to write clear analytical essays incorporating both primary textual evidence and secondary scholarly and critical sources.

Departmental Honors
Candidates for departmental honors in English must achieve a 3.2 average in English at graduation and complete an undergraduate or graduate seminar in English, the final paper for which must be acceptable to the instructor as an honors thesis.

Undergraduate Studies
General Education Requirements

English courses may be used to meet the university's humanities requirement, except the following:

1100, Freshman Composition
1110, Freshman Composition for International Students
2120, Topics in Writing
2810, Traditional Grammar
3090, Practical Criticism: Writing About Literature
3100, Advanced Expository Writing
3110, Advanced Expository Writing for International Students
3120, Business Writing
3130, Technical Writing
3140, News Writing
3150, Feature Writing
3160, Writing in the Sciences
3180, Reporting
4000, Writing in the Professions
4860, Editing
4870, Advanced Business and Technical Writing
4880, Writing for Teachers
4885, The Curriculum and Methods of Teaching English
4890, Independent Writing Project

The college's foreign language requirement may be met in any language.

Satisfactory/Unsatisfactory Option

A maximum of 6 satisfactory/unsatisfactory hours may be taken in the department. Majors must complete at least 18 graded (i.e., not satisfactory/unsatisfactory) hours in English courses at the 3000 level or above with a grade point of 2.0 or better in these courses.

English majors may take any English course on a satisfactory/unsatisfactory basis except the following:

1100, Freshman Composition
1110, Freshman Composition for International Students
3090, Practical Criticism: Writing About Literature
3100, Advanced Expository Writing
3110, Advanced Expository Writing for International Students
3120, Business Writing
3130, Technical Writing
3140, News Writing
3150, Feature Writing
3160, Writing in the Sciences
3180, Reporting
4000, Writing in the Professions
4860, Editing
4870, Advanced Business Writing
4880, Writing for Teachers
4885, The Curriculum and Methods of Teaching English
4890, Independent Writing Project

Degree Requirements

Bachelor of Arts in English

English majors must complete at least 36, but no more than 45, hours in English exclusive of ENGL 1100, Freshman Composition; ENGL 1110, Freshman Composition for International Students; and ENGL 3090, Practical Criticism: Writing About Literature.

1) Students majoring in English must take:

2310, English Literature I
2320, English Literature II
2710, American Literature I
2720, American Literature II
2810, Traditional Grammar--or test out

2) ENGL 3090, Practical Criticism: Writing About Literature. (For English majors, this course is a prerequisite or corequisite for 4000-level courses in English.)

3) Students must also complete one course from five of the following 10 areas:

Area 1 Medieval English
Work in 2000-level courses provides background in literary history and forms, as well as the means for
discussing literary issues, on paper and orally. Thus, the department requires ENGL 2310 or consent of the instructor as a prerequisite for all courses in Areas 1-4 and ENGL 2320 or consent of the instructor as a prerequisite for all courses in Areas 5 and 7, except American literature courses. ENGL 2710 or consent of the instructor is a prerequisite for all courses in Area 6, and both ENGL 2710 and ENGL 2720 or consent of the instructor are prerequisites for ENGL 4650. All survey courses (ENGL 2310, 2320, 2710, and 2720) must be taken before the major has completed 90 hours toward a degree.

Students majoring in English must complete a minimum of 12 graded hours in English courses at the 4000 level or above in residence with a grade point average of 2.0 or better in these courses or students must receive special consent of the department.

Students should consult with faculty advisers to determine which upper-level courses best satisfy their major needs and interests.

**Bachelor of Arts in English with Certification for Secondary Education**

All candidates for certification to teach English must enroll in a program in the College of Education involving Level I, Level II, and Level III coursework plus student teaching. See the Division of Teaching and Learning in this Bulletin for information.

In addition to the requirements for the B.A. in English, students must meet the following requirements for secondary certification:

1) Two courses in American literature. This requirement may be met by courses counted for the major.
   a. American literature must include a unit or course in the literature of ethnic groups.
   b. American literature must include a unit or course in literature for adolescents.

2) Twelve hours in composition and rhetoric:
   - **ENGL 1100**, Freshman Composition, may be counted.
   - **ENGL 3090**, Practical Criticism: Writing About Literature, is required.
   - **ENGL 4880/SEC ED 4880**, Writing For Teachers, is required.
   Recommended courses include creative writing, journalism, and business writing.

3) English language requirements
   a. **ENGL 2810**, Traditional Grammar Students with sufficient background may gain exemption from the ENGL 2810 requirement by passing the English-Education Test of Basic Grammar. This test may be taken only twice. Certification candidates must pass ENGL 2810 or the Test of Basic Grammar before applying for student teaching.
   b. **ENGL 4810**, English Grammar
   c. **ENGL 4800**, Linguistics, or **ENGL 4820**, History of the English Language

**Bachelor of Science in Secondary Education with an Emphasis Area in English**

All candidates for certification to teach English must enroll in a program in the College of Education involving Level I, Level II, and Level III coursework plus student teaching. See the Division of Teaching and Learning in this Bulletin for information.

The required courses in English and professional education are the same as those for the B.A. with certification for secondary education. However, students fulfill the general education requirements of the College of Education rather than those of the College of Arts and Sciences. For example, students seeking the B.S. in Education are not required to study a foreign language.

**Certification to Teach Secondary Speech and Drama**

All candidates for certification to teach Speech and Drama must enroll in a program in the College of Education involving Level I, Level II, and Level III coursework plus student teaching. See the Division of Teaching and Learning in this Bulletin for information.

In addition, undergraduates who wish to be certified to teach Speech and Drama must meet the requirements for a major in Communication as well as requirements set by the Theatre faculty.

**Minor in English**

A student may minor in English by taking at least 18 hours of English courses exclusive of Basic Writing, ENGL 1100, Freshman Composition, and ENGL 1110, Freshman Composition for International Students. ENGL 3090 is required, and 12 of the 18 hours must be in literature courses, 9 of which must be in courses at the 3000 or 4000 level. Every student taking a minor in English must consult with an adviser in the English department to ensure a coherent program of studies. The GPA in courses for the minor must be 2.0 or better. Nine of the 18 hours must be taken in residence at UMSL. No more than 3 hours taken on a satisfactory/unsatisfactory basis may be counted toward the 18-hour minimum.

**Professional Writing Certificate**
Students earn the Professional Writing Certificate by completing 18 hours in selected writing courses with a grade point average of 3.0 or better. Twelve of the 18 hours must be taken at the University of Missouri-St. Louis. Courses may not be taken on a satisfactory/unsatisfactory basis.

**MEDIA ST 2212**, Broadcast Writing and Reporting  
**MEDIA ST 2217**, Script Writing for Business and Industry  
**ENGL 2810**, Traditional Grammar  
**ENGL 2030**, Poetry Writing  
**ENGL 2040**, Short Story Writing  
**ENGL 2050**, Play Writing  
**ENGL 2060**, Introduction to the Writing of Poetry and Fiction  
**ENGL 2080** or **MEDIA ST 2080**, Advertising Copywriting  
**ENGL 2120**, Topics in Writing  
**ENGL 3030**, Intermediate Poetry Writing  
**ENGL 3040**, Intermediate Fiction Writing  
**ENGL 3090**, Practical Criticism: Writing About Literature  
**ENGL 3100**, Advanced Expository Writing  
**ENGL 3110**, Advanced Expository Writing for International Students  
**ENGL 3120**, Business Writing  
**ENGL 3130**, Technical Writing  
**ENGL 3140** or **MEDIA ST 3214**, News Writing  
**ENGL 3150**, Feature Writing  
**ENGL 3160**, Writing in the Sciences  
**ENGL 3180**, Reporting  
**ENGL 3280** or **MEDIA ST 2228**, Writing for Public Relations  
**ENGL 4130**, Advanced Poetry Writing  
**ENGL 4140**, Advanced Fiction Writing  
**ENGL 4160**, Special Topics in Writing  
**ENGL 4810**, English Grammar  
**ENGL 4850**, Topics in Teaching Writing  
**ENGL 4860**, Editing  
**ENGL 4870**, Advanced Business and Technical Writing  
**ENGL 4880**, Writing for Teachers  
**ENGL 4890**, Writing Internship (This course is required. It is to be taken as the last course a student will take in the program, and it is to be used to generate an extensive final project or internship.)  
**ENGL 4892**, Independent Writing Project  
**ENGL 4985**, Editing Litmag  
**HONORS 3100**, Writing the City

**Creative Writing Certificate**

Students earn the Certificate in Writing by completing 18 hours in selected writing courses with a grade point average of 3.0 or better. The creative writing emphasis focuses the students’ efforts toward producing original fiction or poetry and can include other literary endeavors such as writing creative nonfiction, editing, feature writing, and copywriting. The specific requirements for the Creative Writing emphasis are listed below.

Courses for the certificate should be chosen with the guidance of the Writing Certificate Coordinator. If the student elects to complete English 4890 as one of the courses for the certificate, he or she should schedule a meeting with the coordinator to make arrangements for the internship.

When the student has completed requirements for the certificate, the coordinator will notify the university registrar and the college from which the student will graduate. Upon the student’s graduation, completion of the Certificate in Writing will be noted on the official transcript and a certificate will be mailed to the student’s residence. Students who have graduated before completing the Certificate in Writing will receive the certificate in the mail and will have the certificate entered on their official transcripts.

To receive this certificate, the student must take 18 hours chosen from the courses listed below. Students must take at least two of the following: 3030, 3040, 4130, 4140, 4895, 4890 and at least one must be a 4000-level course.

**2000-Level Courses (Students may take no more than two 2000-level courses)**

- **ENGL 2030**, Beginning poetry writing workshop (CW)
- **ENGL 2040**, Beginning fiction writing workshop (CW)
- **ENGL 2330**, Introduction to poetry (Lit)
- **ENGL 2340**, Introduction to fiction (Lit)
- **ENGL 2350**, Introduction to drama (Lit)

**Creative Writing and Literature Courses**

- **ENGL 3030**, Poetry workshop: lyric and form
- **ENGL 3040**, Fiction workshop: narrative structure
ENGL 3090, Practical criticism: writing about literature  
ENGL 3100, Advanced expository writing  
ENGL 4130, Advanced poetry writing  
ENGL 4140, Advanced fiction writing  
ENGL 4160, Special topics in writing  
ENGL 4890, Writing Internship  
ENGL 4892, Independent Writing Project  
ENGL 4895, Editing Litmag

**Professional Writing Courses** (Students are encouraged to take at least one professional writing course, but no more than two.)  
ENGL 2080, Advertising Copywriting (or MEDIA ST 2080)  
ENGL 3150, Feature Writing (or MEDIA ST 3150)  
ENGL 4860, Editing  

This capstone course may be 4895, 4890, 4140, or 4130. If 4890 is used, it will be an internship in literary publishing, feature writing, or advertising copywriting. To use 4130 or 4140, the student must obtain the teacher's permission and do extra work in the course. The editing Litmag course, 4895, may also be used as the final course for this certificate.

**Technical Writing Emphasis**  
The technical writing emphasis provides a more career-specific strategy for students enrolled in the Writing Certificate program. The technical writing emphasis is composed of **three required** courses:

- **3130**, Technical Writing  
- **4860**, Editing  
- **4870**, Advanced Business and Technical Writing *or*  
- **4890**, Writing Internship  

In addition, students take **three electives** for a total of 18 hours chosen from the following:

**Business Administration**  
1800, Computers and Computer Information  
3100, Contemporary Business Communication

**Communication**  
1065, Introduction to Information Technology

**Computer Science**  
1250, Introduction to Computer Science (Prerequisite: MATH 1030, College Algebra)

**English**  
3120, Business Writing  
3140, News Writing  
3150, Feature Writing  
3160, Writing in the Sciences  
3280, Public Relations Writing  
4870, Advanced Business and Technical Writing (if **4890** is taken as requirement)  
4890, Independent Writing Project (if **4870** is taken as requirement)

**Graduate Studies**

**Admission Requirements**  
To enter the graduate program in English a candidate must satisfy the requirements both of the Graduate School and the Department of English. A candidate should have a bachelor's degree, with at least 18 hours in English above the freshmen level, 12 of which must be in literature. Normally, only students with a grade point average of 3.0 in undergraduate English courses and an overall undergraduate average of 2.75 will be considered. Though the English department welcomes scores from the Graduate Record Aptitude Exam and letters of recommendation, it does not require either of these. (Students applying for Teaching Assistantships, please see "Financial Aid and Teaching Assistantships.")

The graduate coordinator of the English Department with the advice of the graduate committee will use the undergraduate record and, if available, the scores of the GRE general test as the basis for a decision. We welcome letters of recommendation from the applicant's former English instructors and a sample of expository prose. Applications to the MA in English are considered at all times. However, because spaces in graduate courses are limited, it is strongly advised that prospective students submit their applications well before the semester begins in order to gain admission into their appropriate classes.

**Teaching Assistantships**  
A number of teaching assistantships are available for qualified applicants. In addition to the undergraduate record and the scores on the GRE general test, applications should include two letters of recommendation from
former English instructors. Applications should be submitted to the graduate coordinator of the English department no later than March 15 preceding the academic year for which the appointment is desired.

Degree Requirements

Master of Arts in English
In addition to the Graduate School requirements, students must complete at least 36 hours, 24 hours of which must be in 5000-level courses. Twelve hours may be taken in 4000-level courses approved by the department and Graduate School.

At the outset of the program, students in both the literature and writing theory tracks must take ENGL 5000, Introduction to Graduate Study in English, which focuses upon bibliography, research methods, and literary criticism. Students must receive graduate credit for ENGL 5000.

Students who choose a literature track must also take at least one course in each of the following six areas:

- **Area 1**, British literature before 1660
- **Area 2**, British literature between 1660 and 1900
- **Area 3**, Twentieth-century literature (British, American, post-colonial, or in translation)
- **Area 4**, American literature
- **Area 5**, Theories of writing, criticism, language, and/or culture
- **Area 6**, Literature in translation, study of a particular literary genre, or a course in another relevant discipline.

Students who choose the composition track must take 18 hours in literature courses (including Eng 5000 and 18 hours in composition courses (including Eng 5840). The literature courses should provide broad coverage, rather than a narrow focus on a particular genre or historical period. If students choose the thesis option (6 hours) they will take 15 hours in literature and 15 hours in composition.

Thesis Option
Students in literature or writing theory may elect the thesis option, which requires a total of 6 hours of thesis credit. The thesis should demonstrate original thought and substantial research and may be a critical study of literary works, a theoretical exploration of issues related to literature or writing, or a descriptive assessment of fieldwork related to writing and pedagogy. The thesis must be approved and assigned a grade by a thesis committee. The student will select a major professor who, after consulting with the chair and the graduate coordinator, will select two other members of the committee.

Further information may be found in *The Master of Arts in English*, available from the English department.

Master of Fine Arts in Creative Writing
The application process is identical to that for the master of arts degree, with these exceptions: there is one annual deadline for all applications, Feb. 15; a writing sample is required (15-20 poems or 20-40 pages of fiction); the GRE test is required only if the applicant seeks financial aid or a teaching assistantship.

In addition to the Graduate School requirements, students must complete at least 39 hours, 30 of which must be in 5000-level courses. Nine hours may be taken in 4000-level courses approved by the department and Graduate School. Students will specialize in one genre, poetry or fiction. They must complete the following course work: (a) 18-21 hours in creative writing courses: 15 hours of workshops (at least one course outside the genre), and 3-6 hours of ENGL 6010; (b) 15 hours of courses in literature, language, writing theory or literary journal editing offered by the department; (c) 3-6 hours of electives: another workshop or literature/language/writing theory/literary journal editing course or a relevant offering in another discipline. Students may not take a 4000-level writing course in their genre for graduate credit. At least two of the writing workshops and ENGL 6010 must be taken at UMSL. Complete information may be found in *The Master of Fine Arts in Creative Writing*, available from the English department.

Graduate Certificate in the Teaching of Writing, Gateway Writing Project.
Jointly housed in the Division of Teaching and Learning and the Department of English, this Graduate Certificate prepares teachers at all levels (K-12, college, adult) to improve their students’ performance in writing. The program also emphasizes using writing as a means to promote learning in all content areas. All courses provide opportunities for teachers to write, revise, share feedback, and reflect on their own writing development. Based on the National Writing Project’s core belief that teachers of writing must themselves be writers, the Graduate Certificate in the Teaching of Writing brings together sound pedagogy, composition theory, and writing practice.

The Certificate is an 18-hour program through the Gateway Writing Project (GWP); it may also be coordinated with other graduate programs. Certificate courses may be applicable to the M.A. in English with emphasis in composition or to various M.Ed. programs. The GWP Certificate is especially appropriate for post-master’s candidates who wish to pursue a specialization in teaching writing. The Graduate Certificate in the Teaching of Writing requires a 12 semester-hour core of courses developed by the Gateway Writing Project: The GWP invitational institute (6 hrs.), a designated “topics” course (3 hrs.), and an exit course (3 hrs.). The Certificate requires a minimum of 12 semester hours at the 5000 or 6000 level or above. Electives (6 hrs.) may be chosen from approved offerings in English or Education.
Admission:
Applicants must be admitted to Graduate School and be selected by the faculty admissions committee for the Gateway Writing Project’s Certificate in the Teaching of Writing. The committee will review candidates on the basis of an interview, an application essay, and supporting documentation. Criteria include experience teaching writing at any level and academic record, especially in writing and the teaching of writing.

Prerequisites:
- **ENGL/SEC ED 4880**, "Writing for Teachers" or an equivalent course in teaching writing
- Coursework or competency in basic computer application.

Required Core Courses (12 semester hours)
- **ENGL 4850/TCH ED 5850**, Topics in the Teaching of Writing (designated topics, 3 sem. hrs.)
- **ENGL 5880/SEC ED 6880**, Gateway Writing Project (6 sem. hrs.)
- **TCH ED 6890**, Seminar in Professional Writing for Teachers (exit course, 3 sem. hrs)

Electives (6 sem. hrs.)
Electives may be chosen from other Gateway Writing Project offerings or from courses offered by the appropriate academic department with advisor’s approval. These electives must include at least one more 5000-6000 level course.

Suggested electives applicable to an MA in English with writing emphasis:
- **ENGL 5800**, Modern Linguistics
- **ENGL 5840**, Theories of Writing
- **ENGL 5860**, Writing/Reading Theory
- **ENGL 5870**, Composition Research
- **ENGL 5890**, Teaching College Writing

Suggested electives applicable to an M.Ed. in Elementary or Secondary Education
- **ELE ED 6387**, Literacy Acquisition and Learning for Urban Students
- **SEC ED 6430**, Problems in Teaching English in Sec. School
- **ELE ED 6432**, Problems & Research in Language Arts
- **ELE ED 6482**, Problems & Research in Elementary Reading
- **ED REM 6714**, Action Research in Education

Courses in adult and higher education may also be appropriate. For complete information, see *The Gateway Writing Project’s Graduate Certificate in Teaching Writing*, available from the English Department, from the Division of Teaching and Learning, and from the GWP Director via Continuing Education & Outreach.

Career Outlook
In addition to traditional employment as teachers at the primary, secondary, and community-college levels, recent UMSL graduates in English are working in journalism, editing, advertising, public relations, and other fields that place a premium upon creation and interpretation of the written word. Numerous recent English majors have successfully entered law school.

Rosalina Mariles, Lecturer, Spanish
M.S., Southern Illinois University, Edwardsville
**General Information**

**Degrees and Areas of Concentration**
The Department of Foreign Languages and Literatures offers course work in French and Spanish, leading to the B.A. degree, and a field of concentration in each of these languages for students seeking the B.S. degree in education. In addition, the department offers courses in English as a Second Language, Arabic, Chinese, German, Ancient Greek, Modern Greek, Japanese, and Latin.

A minor in French, German, or Spanish may also be earned in the department. For details, see specific requirements for the minor, which appear later in this section.

The department maintains a language resource center where books, journals, magazines, and other foreign language realia are available to students, along with audiovisual and computer materials.

**Cooperative Study**
Courses in other languages are available to UMSL students through Washington University, Saint Louis University, Harris-Stowe State College, and SIU-Edwardsville. For information, consult the UMSL registrar's office.

**Study Abroad**
Language students who have been at the University of Missouri-St. Louis at least one semester and have studied the language at least one year may receive credits for formal study abroad during the summer. Prior consent of the department must be obtained for summer courses abroad, and the student must present a transcript for evaluation. Exchange programs are available with several universities in foreign countries. For information, contact the study abroad office.

**Alumni Scholarship**
Qualified junior and senior language majors may apply for the Foreign Language Alumni Scholarship, which is renewable each semester on a competitive basis. For information, contact the department.

**Baldini Family Scholarship**
Qualified full-time UMSL students pursuing a foreign language and literature degree with teacher certification may apply for this scholarship which is awarded on a competitive basis and must be used within one semester of the award. For information, contact the department.

**Community College Scholarship**
Qualified community college students may apply for the Foreign Language Community College Scholarship to be applied for educational fees toward the enrollment in third semester or higher courses in French, German, or Spanish. This scholarship must be used within one semester of the award. For information, contact the department.

**German Scholarships**
Students of German may apply for UMSL Summer Abroad scholarships that will partially finance their summer studies abroad. Other scholarship money is available for students with advanced standing in the language. For information, contact the department.

**Departmental Honors**
Candidates for departmental honors in French or Spanish must meet the following requirements:

1) Achieve a GPA of 3.5 in the major for all hours attempted beyond the first two semesters. (Language Courses 1001 and 1002)
2) Maintain an overall GPA of 3.0.
3) Successfully complete an honors thesis or project.

**Undergraduate Studies**

**General Education Requirements**
Each language major must satisfy the general education requirements of the university and the general education requirements of the College of Arts and Sciences.

**Satisfactory/Unsatisfactory Option**
Students who have fulfilled the language requirement (13 hours: Language Courses 1001, 1002, and 2101) may enroll in a second language on a satisfactory/unsatisfactory basis.

**Specific Requirements or Restrictions**
Students entering with no high school language units must enroll in Language 1001 or may enroll in Language 2115. Language 2115 (a, b, and c) is the intensive study of a language and will satisfy the foreign language requirement. 2115a, 2115b, and 2115c are co-requisites and must be taken concurrently. All three sections must be completed with a grade of C- or better, to satisfy the foreign language requirement.

A grade of D in a Language 1001 course is a passing grade but not an entrance grade for a Language 1002...
course. A grade of D in a Language 1002 course is a passing grade but not an entrance grade for a Language 2101 course or its equivalent. A grade of D in a Language 2101 course fulfills the language requirement, but is not an entrance grade for a higher-level course.

Demonstration of a high level of proficiency may reduce the number of hours required for the major. Native speakers of a foreign language should consult with the department concerning appropriate placement.

Students may not take for credit an elementary course if they have already completed a higher-level course for which the elementary course, or its equivalent, is a prerequisite.

**Degree Requirements**

Students electing to major in the department must have completed the 1002 course in the language selected with a grade of C- or better. Any major who receives a grade of D in any course required for the major must repeat that course. No course required for the major may be taken on a satisfactory/ unsatisfactory (s/u) basis.

**Bachelor of Arts**

All students seeking a B.A. in a foreign language must meet the departmental requirement of a minimum of 33 hours (excluding Language 1001 and 1002). The maximum number of hours that may be taken in the major is 45 (including Language 1001 and 1002). In addition, students seeking the B.A. in a foreign language who desire a teaching certificate must also take Course 3264 (same as SEC ED 3274), Curriculum and Methods of Teaching Foreign Languages, Course 4364 (same as SEC ED 4374), Foreign Language Teaching Seminar, and fulfill the professional secondary education requirements of the College of Education.

**Bachelor of Science in Education**

Those students seeking the B.S.Ed. degree, with a concentration in a foreign language, are required to complete 30 hours of work (excluding credit for Language 1001 and 1002) of which 12 hours must be on the 4000 level. Students working toward a degree in elementary education, with related work in a foreign language, should consult the College of Education concerning their program.

**Transfer Students**

Transfer students majoring in one of the foreign languages must complete at UMSL a minimum of 12 graded hours in language courses at the 3000 level or above with a grade point average of 2.0 or better in these courses.

**Native Speakers**

Native speakers must complete at least two courses at the 3200 level and four courses at the 4300 level to obtain a major in their native language.

**Specific Requirements for the Major**

**French**

Each major in French must complete the following courses:

- **FRENCH 2101**, Intermediate French Language and Culture, or the equivalent
- **FRENCH 2102**, Intermediate French Language and Culture II
- **FRENCH 2180**, Readings in French
- **FRENCH 3200**, Advanced Grammar
- **FRENCH 3211**, Contemporary French Civilization
- **FRENCH 3280**, French Literature I: Middle Ages to Eighteenth Century
- **FRENCH 3281**, French Literature II: Nineteenth and Twentieth Centuries
- and four courses at the 4000-level.

The following courses are also strongly recommended:

- **SPANISH 2110**, Spanish Literature in Translation
- **HIST 4351**, Contemporary France: Since 1870

**Spanish**

Each major in Spanish must complete the following courses:

- **SPANISH 2101**, Intermediate Spanish Language and Culture, or **SPANISH 2105**, Commercial Spanish, or the equivalent

**One of the following two:**

- **SPANISH 2171**, Spanish Conversation and Pronunciation
- **SPANISH 2172**, Spanish Composition

- **SPANISH 2180**, Readings in Spanish
- **SPANISH 3200**, Syntax of the Spanish Language
- **SPANISH 3210**, Hispanic Culture and Civilization: Spain, or **SPANISH 3211**, Hispanic Culture and...
Civilization: Spanish America

SPANISH 3280, Introduction to Hispanic Literature: Spain
SPANISH 3281, Introduction to Hispanic Literature: Spanish America

and four courses at the 4000-level, one of which must be: SPANISH 4399, Seminar on Hispanic Literature

The following courses are also strongly recommended:

FRENCH 2110, Modern French Literature in Translation, or 2150, European Literature in Translation: Special Topics
HIST 4355, History of Spain
HIST 4371, History of Latin America : to 1808
HIST 4372, History of Latin America : Since 1808
POL SCI 3253, Political Systems of South America
POL SCI 3254, Political Systems of Mexico, Central America, and the Caribbean

Learning outcomes for Majors
The Bachelor of Arts in French and Bachelor of Arts in Spanish prepare students to become knowledgeable about the cultures and cultural patterns that identify the speakers of these languages, and to study the literatures that have been recorded by these peoples as their reflections on values and views of the human condition.

Upon completion of the lower division courses, students will:

- Speak, understand, read, and write the foreign language well enough to function competently in everyday situations
- Appreciate foreign cultures and cultural diversity
- Improve understanding of their own language and culture by comparing it to the target language and culture
- Be able to interact appropriately with native speakers of the target language

Upon completion of the upper division courses, students will:

- Communicate effectively in the target language
- Reflect critically on the literature and values of other cultures
- Have knowledge about social, political, and philosophical ideas in their cultural context
- Demonstrate a solid foundation for graduate study in the foreign language or a professional career in applied or related fields

Specific Requirements for the Minor
A minor in French, German, or Spanish requires the completion of four courses in the language beyond the basic foundation sequence (Language 1001, Language 1002, and Language 2101. Transfer students must complete at least two courses for the minor at UMSL. All courses must be passed with a grade of C- or better.

French
FRENCH 2102, Intermediate French Language and Culture II
FRENCH 2180, Readings in French
Plus two French courses on the 3000-level or above.

German
GERMAN 2170, Composition and Conversation
GERMAN 2180, Readings in German
Plus two German courses on the 3000-level or above.

Spanish
Two of the three
SPANISH 2171, Conversation and Pronunciation
SPANISH 2172, Composition
SPANISH 2180, Readings in Spanish
Plus two Spanish courses on the 3000-level or above.

Students pursuing a graduate degree in secondary education may select an emphasis area in French, German, or Spanish. These required eighteen hours may be selected from 3000 and 4000 level courses in these languages.

Certificate in Foreign Language and Study Abroad
Students seeking the certificate must complete language courses at UMSL and abroad. The Center for International Studies and the Department of Foreign Languages and Literatures cooperate in offering the Certificate.

1) Foreign language study at UMSL
Students must select one of the following languages and complete the required courses at UMSL. Total: 6 credit hours.

**A. French**  
FRENCH 2102, Intermediate French Language and Culture II  
FRENCH 2180, Readings in French  

**B. German**  
GERMAN 2170, Composition and Conversation  
GERMAN 2180, Readings in German  

**C. Spanish**  
SPANISH 2172, Spanish Composition  
SPANISH 2180, Readings in Spanish

2) **Foreign language study abroad**

Students must complete two additional three credit hour courses, in language or literature, taught in the same target language selected above, at a foreign university that is affiliated with the UMSL Study Abroad Program, towards the goal of increasing competence in the target language. Total: 6 credit hours. All courses must be approved by the Department of Foreign Languages and Literatures.

Students should consult the study abroad advisor in the Center for International Studies to select a site for their study abroad experience. Then, students should consult their advisor in the Department of Foreign Languages and Literatures to select appropriate courses.

**Minor in Applied Spanish**

An applied minor in Spanish may be earned by completing five courses in Spanish beginning with Spanish 2101 or its equivalent. These courses need to be completed with a C- or better. Transfer students must complete at least two courses for the Applied Minor at UMSL. After Spanish 2101, students must complete the following courses in Spanish:

SPANISH 2171, Conversation and Pronunciation  
SPANISH 2172, Composition

One of the following courses:  
SPANISH 3200, Syntax, of the Spanish Language  
SPANISH 3210, Hispanic Culture and Civilization: Spain  
SPANISH 3211, Hispanic Culture and Civilization: Spanish America  
SPANISH 3271, Advanced Spanish Conversation  
Plus  
SPANISH 3215, Practicum in Spanish

**Career Outlook**

Graduates with a foreign language degree may elect to enter the fields of teaching, business, journalism, communications, or government, or to pursue advanced degrees in their specialty. It is especially recommended that students consider a double major or another discipline and a language. A language then becomes an asset that makes graduates more adaptable to the demands of international communication in their second major discipline and hence more competitive and marketable upon completion of the B.A. degree.

General Information

Degrees and Areas of Concentration
The department offers work in Asian, African, and African American, European, Latin American, Mexican, and United States history from ancient to modern times. At the bachelor's level, the department offers the B.A. in history, and, in cooperation with the College of Education, the B.A. in history with teacher certification and the B.S. in education with an emphasis in social studies.

At the graduate level, the department offers an M.A. in history with work in Metropolitan, Regional, National, and Transnational history. The department also offers the option of an M.A. in history with a concentration in museum studies.

Departmental Honors
Students majoring in history may be awarded departmental honors upon graduation if they have achieved the following: a) at least a 3.2 overall GPA; b) at least a 3.5 GPA for all hours attempted in history courses; and c) an outstanding research paper in the Senior Seminar as certified by the faculty member responsible for directing it.

Undergraduate Studies

General Education Requirements
History majors must meet the university and college general education requirements. History courses that will satisfy the university's state requirement are:

HIST 1001, American Civilization
HIST 1002, American Civilization
HIST 1003, African-American History
HIST 1004, The History of Women in the United States
HIST 2007, The History of Missouri
HIST 3002, United States History: Revolution and the New Nation, 1763 to 1815
HIST 3041, Topics in American Constitutional History

Students may take any language that fulfills the college's foreign language requirement. Majors may not take required history courses on a satisfactory/unsatisfactory basis. Students enrolled in variable credit reading courses for 5 credit hours must complete a seminar paper.

Degree Requirements

Bachelor of Arts in History
Students are encouraged to take programs which combine breadth of coverage with intensity. Two of the following are required:

Courses 1001-1004
HIST 1001, American Civilization to 1865
HIST 1002, American Civilization 1865 to present
HIST 1003, African-American History
HIST 1004, The History of Women in the United States

Plus two of the following:
HIST 1030, The Ancient World
HIST 1031, Topics in European Civilization: The Emergence of Western Europe to 1715
HIST 1032, Topics in European Civilization: 1715 to the Present

Plus:
Non-Euro/American survey: One 3-hour course

Courses 2000-3999
One course in United States history
One course in European history
One course in Non-Euro-American history
HIST 4001, Special Readings (one credit hour)
HIST 4004, Senior Seminar
Three additional 2000 or 3000 level courses

Courses 4000-4004
HIST 4001, Special Readings (one credit hour)
HIST 4004, Senior Seminar

Other
Majors must complete at least 39, but not more than 45, hours in history with no grade below C in major. Courses 4011 and 4012 do not count toward major. After fulfilling the general education and specific major degree requirements, students are to take the remaining 30 hours required to complete the B.A. or B.S. degrees from courses, which the appropriate department has evaluated as being of university-level quality, from one or more of the following or their-quality equivalents at other institutions: anthropology/archaeology, art (appreciation, history, studio), biology, chemistry, communication, criminology and criminal justice, economics, English, foreign languages/literatures, history, mathematics/computer science, music (appreciation, history, performance), philosophy, physics and astronomy/geology, political science, psychology, social work, sociology, business, education, engineering, and interdisciplinary.

Undergraduate majors must complete a residency minimum of 15 hours of 3000 level History courses including HIST 4001 (1 credit hour) and History 4004 (5 credit hours) in residence.

Learning Outcomes
The following learning outcomes are anticipated in the successful completion of a Bachelor of Arts in History

Communication: Write clearly and coherently and listen to oral presentations, summarize the arguments made and discuss them in the context of other oral presentations or conversations.

Valuing/Ethics/Integrity: Understand and articulate the diversity of identities and political and social systems that have shaped human behavior over time. Understand and articulate one’s own identity in terms of race, gender and class, and to locate that identity in the wider world, both past and present.

Critical Thinking: Listen to oral presentations, summarize the arguments made and discuss them in the context of other oral presentations or conversations. Accurately summarize an argument and discuss it in the context of other arguments.

Content Knowledge: Embedded in Other Outcomes

Minor in History
Students may minor in history by taking 18 hours of history courses as follows:
1) One course numbered 1001-1004 in each of the following areas: United States history, European history, and Non-Euro-American history
2) One course numbered 2000-3999, in each of the following areas: United States history, European history, and Non-Euro-American history

No course in which a grade below a C is received shall count toward a minor.

Related Areas
Since history is a broad discipline, it can be combined with serious work in any other discipline. Courses in the humanities, social sciences, languages, and the natural sciences may complement the history program. Students should consult with faculty advisers to select courses suited to their individual interests.

Bachelor of Arts in History with Teacher Certification
Students majoring in History can receive Social Studies Teacher Certification.

Social Studies
Teacher certification students must complete the major and meet these minimum social science requirements: American history, 12 hours including HIST/SEC ED4013; European or world history, 9 hours including HIST/SEC ED4014; United States and/or state government, 6 hours including POL SCI 3090/SEC ED 3209; behavioral science, 6 hours; economics, 3 hours; geography, 3 hours; and 2 hours of elective social studies credit. For emphasis area advising, you must see a History/Social Studies advisor. You must also see an advisor in the College of Education for help with Education requirements. For more information, refer to the College of Education section in this Bulletin.

Bachelor of Science in Education: Emphasis in Social Studies The history requirements are the same as for the B.A. degree except students fulfill the College of Education general education requirements rather than those of the College of Arts and Sciences. For information, refer to the College of Education section in this Bulletin.

Graduate Studies

2+3 B.A. and M.A. in History
The 2+3 B.A./B.S. – Ed and M.A. in History enables students of demonstrated academic ability and educational maturity to complete the requirements for both degrees in five years of full-time study. Because of its accelerated nature, the program requires the completion of lower-division requirements (15 hours) before entry into the three-year portion of the program. It also has prerequisites numbered 5000-5304 for graduate readings courses numbered 6101-6115. When all the requirements of the B.A./B.S. – Ed. and M.A. program have been completed, students will be awarded both the baccalaureate and master’s degrees. A carefully designed program can permit a student to earn both degrees within as few as ten semesters.

The combined program requires a minimum of 137 hours, at least 6 of which must be at the senior level (HIST 4001 and 4004) and 37 of which must be at the graduate level (courses numbered in the 5000 range and in the 6000 range). In qualifying for the B.A. or B.S. – Ed., students must meet all University and College requirements, including the requirements of the undergraduate major. In qualifying for the M.A., students must meet all University and Graduate School requirements, including satisfactory completion of at least 37 credit hours.

Students should apply to the Graduate Director of the Department of History for admission to the 2+3 combined degree program in History the semester they will complete 60 undergraduate credit hours. A cumulative grade point average of 3.1 or higher and three letters of recommendation from faculty are required for consideration. Students will be admitted to the 2+3 program under provisional status until they have completed 30 credit hours in History with a grade point average of 3.0 or higher. After completion of the provisional period, and with the recommendation of the Graduate Director, students can be granted full admission into the program. Students who officially withdraw from the 2+3 combined degree program will be awarded the B.A. or B.S. – Ed. Degree when they have successfully completed all the requirements for the degree.

**Undergraduate History Requirements For Students in the 2+3 Program**

A. The following requirements must be completed prior to enrolling in the 2+3 Program:

- Two of the following courses numbered 1001-1004:
  - **HIST 1001**, American Civilization
  - **HIST 1002**, American Civilization
  - **HIST 1003**, African American History
  - **HIST 1004**, The History of Women in the United States

- Plus two of the following:
  - **HIST 1030**, The Ancient World
  - **HIST 1031**, Topics in European Civilization: the Emergence of Western Europe to 1715
  - **HIST 1032**, Topics in European Civilization: 1715 to the Present

- Plus
  - Non-Euro-American survey: One three hour course at the 1041-1064 level.

The following **UNDERGRADUATE courses are required for majors in the 2+3 program**

- **HIST 4001**, Special Readings (1)
- **HIST 4004**, Senior Seminar (5)

**NOTE:** B.S.-Ed. Students must also take History 4012, 4013 and 4014.

**Graduate History Requirements For Students in the 2+3 Program**

The following **GRADUATE courses are required at the 5000-5304 level**

- Three courses in three of the following four fields: Metropolitan History; Regional History; National History, Transnational History (9 hours)
- Three additional courses (9 hours)

**Courses 6000 level** (selected from the four fields available).

The prerequisite for each 6000 level course for 2+3 program students is one or more 5000-5999 level courses in the field as part of the B.A. (or B.S. Ed.) program.

1) **Two 6000 level courses** (one of 3 credit hours, one of 5 credit hours) in the first field: total 8 hours.
   Prerequisite: two 5000-5999 level courses in the field (6 hours)

2) **Two 6000 level courses** (one of 3 credit hours), in the second field: total 8 hours.
   Prerequisite: one 5000-5304 level course in the field (3 hours)

3) **One 6000 level course** of 3 credit hours in the third field: total of 3.
   Prerequisite: one 5000 level course in the field 3 hours

To fulfill the 6000 requirements, a student would enroll in 8-10 hours one semester and 9-11 hours the other
NOTE: With prior approval of the Graduate Director Studies, a student may write a M.A. thesis (6 credit hours). Students writing M.A. theses may substitute three-three-hour 5000-level courses for the two five-credit hour courses in 1 and 2.

**Regular M.A. Degree Requirements**

The Department of History offers two regular options for graduate study, the Master of Arts in History and the Master of Arts in History with Concentration in Museum Studies. These options are described below in separate sections.

**Master of Arts in History**

The Department of History offers students two ways of completing the Master of Arts degree: one path of study emphasizes depth of knowledge and research competence acquired through writing a substantial master's thesis; the second emphasizes breadth of historical knowledge acquired through graduate course work and the writing of research papers. Both paths include a core of substantive courses in history (see Core) to which the student adds either a thesis (see Thesis) or additional research papers and seminars (see Research Papers).

The M.A. program offers all students intermediate training preparatory to doctoral programs, advanced training leading to teaching and other careers, and disciplined advanced work.

**For Students enrolled in the History M.A. program prior to Academic Year 2006-07, the department offers study in European history, United States history, East Asian history, Latin American history, African history and African American History.** Beginning in Academic Year 2007-08, the History M.A. program offers study in Metropolitan History Regional History, National History and Transnational History. Students should consult with the Director of Graduate to be sure that they have properly selected their fields of study.

**Admission Requirements**

Applicants must meet several departmental admission requirements in addition to the general criteria of the Graduate School. The applicant's undergraduate studies need not have been in history, but they must demonstrate high academic potential. Normally, only students with a 3.2 grade point average in their undergraduate major are admitted; most successful applicants have higher grades.

Applicants must submit three letters of recommendation, preferably from former teachers, and a sample of their written work. The departmental Graduate Committee bases its admission decisions upon the undergraduate transcript, the letters of recommendation, and the sample of written work.

**Core**

All candidates for the M.A. degree in history must complete a core of 26 hours of course work (excluding thesis credit), with no more than nine hours of history and related fields at the 5000 level. This 26-hour core must include seven courses at 3 credit hours each (21 hours in all), and one 5-credit-hour writing seminar consisting of a 2-credit-hour research paper supplement to a 3-credit-hour, 6000 level history readings course.

To earn the 26-hour core, candidates select three fields of study, the first with a minimum of four courses (each at 3 credit hours or more), the second and third with a minimum of two courses each (at 3 credit hours or more).

In addition to this core, each candidate must select one of the two following degree options:

1) **Thesis Option**--32 hours total

In addition to the core, the candidate choosing this option must enroll for 6 hours of thesis credit and submit an acceptable thesis. The thesis is based on original research in primary sources. Normally, theses do not exceed 100 pages of text. Candidates receive a grade for the thesis upon its approval by an advisory committee. The committee consists of professors selected by the candidate after consultation with the major professor. One member of the committee must be outside the candidate's general area of study, and one may be outside the history department.

The advisory committee conducts an oral examination on the thesis during the candidate's last semester of residence.

The committee decides whether the candidate shall pass, fail, or fail with the option to repeat the oral examination at a later date. Students may not take the oral examination more than twice. The second examination must be held no less than one and no more than two semesters following the date of the first examination. Summer session may be counted as a semester under this procedure, but students should be aware of the difficulties involved in assembling faculty committees during the summer.

Thesis candidates must demonstrate competence in one foreign language or in quantitative methods as applied to historical study. Candidates shall demonstrate foreign language competence by translation, with the use of a dictionary, 500 words in one hour. A member of the history faculty will conduct this examination. That faculty member will choose the test for translation. Candidates shall demonstrate quantitative methods competence by satisfactory completion of either Psychological Statistics 2201 or Sociological Statistics 3220, or their equivalent.
2) Research Paper Option-36 hours total
To complete this option, the candidate must complete two 5-credit-hour seminars (each consisting of a 6000)
level reading seminar plus 2 credit hours of supplementary work on a substantial research paper), in addition
to the core. The candidate may choose a fourth field in addition to the three already represented in the core to
complete this option.

Master of Arts in History (Museum Studies) and Graduate Certificate in Museum Studies
These options are intended for students planning to pursue professional careers in museums. In addition to the
core requirement of substantive courses in history, the Museum Studies program includes intensive training in
the theory and practice of museology. This innovative program is a collaboration between the Department of
History, Department of Anthropology, Department of Art and Art History, the Missouri Historical Society and
the St. Louis Mercantile Library. It is taught by a combination of professors and practicing professionals from
St. Louis-area museums. Recognizing that the museums field is in a period of rapid change, the program is
designed to train students for leadership in the emergence of a new paradigm of museology that focuses on
relationships between museums and the people and communities that they serve.

For most students this will be a terminal master of arts degree, fully preparing graduates for immediate entry
into museum careers in a variety of positions. While the core requirement focuses on history studies, the
museological training is applicable to employment in any type of museum.

Admission Requirements
Applicants wishing to enter the Museum Studies concentration must apply specifically for that concentration;
successful application for the general M.A. program in history does not automatically provide access to the
museum studies program. Applications for the museum studies concentration will be accepted only for the fall
semester. Because of the prescribed sequence of course work, no midyear entry into the program will be
allowed.

In addition to the general criteria of the Graduate School, applicants for the Museum Studies concentration
must meet several additional criteria of the Department of History and the museum studies program.
Applicants' undergraduate studies need not have been in history, but they must demonstrate high academic
potential. Normally, the history department admits only students with a 3.2 grade point average in their
undergraduate major; most successful applicants have higher grades. Applicants must submit three letters of
recommendation, preferably from former teachers and/or employers, and a sample of their written work. The
sample may or may not be academic work, and length is not a consideration. Besides these departmental
requirements, applicants must submit the Museum Studies Supplemental Application. The supplemental
application includes a statement of intent for pursuit of a museum career.

The departmental Graduate Committee and the director of the museum studies program will base their
admissions decisions upon the undergraduate transcript, the letters of recommendation and the sample of
written work.

Applications for the museum studies program must be received by the university no later than March 1.

Museum Studies Curriculum--39 hours total
All candidates for the M.A. in History with a Concentration in Museum Studies must complete HIST 6134,
6135, 6136, and 6137. These courses are cross listed under the same numbers in the Anthropology
Department and the Art and Art History Department. Students may enroll through the department of their
choice. All candidates must also complete Art 5588 Museum Education and Visitor Research and Anthr 6139
Practicum in Exhibit and Program Development. Together, these courses provide a solid foundation in the
theory and practice of museology and in practical skills for museum work. As a final requirement, candidates
must complete Hist or Anthr or AH 6138. This exit project will be the capstone demonstration of competence in
museum studies. The specific nature of this demonstration will be customized to the interests and career
aspirations of each student. It may take the form of a traditional thesis, an exhibit project, or some other
appropriate form, as approved in advance by the candidate's advisory committee.

In addition to these requirements, all candidates must complete 15 hours of elective history course work, with
no more than 6 hours of history at the 3000 level except HIST 4004. Museum Studies students will take
courses distributed in any proportion between the fields of "United States to 1865" and "United States Since
1865." Exceptions to this requirement (e.g., selections of courses from another field, such as European or
African history) must be approved in advance by both the director of the Museum Studies Program and the
graduate coordinator of the History Department.

Graduate Certificate in Museum Studies (19 hours)
A very limited number of slots may be available for students who wish to pursue only the Graduate Certificate
in Museum Studies without seeking the M.A. in History. In most cases, these will be students who already hold
an advanced degree and are currently working or planning to work in a museum but who have had no formal
training in museum studies. Candidates for the Graduate Certificate must complete HIST 6135, 6136, 6137,
and 6138, ART HS 5588, and Anthr 6139. Contact the director of the Museum Studies Program for availability
of slots in this option and for special application procedures.
Career Outlook for B. A. and M. A. graduates
An important rationale for the discipline of history is its centrality to the university curriculum and to the life experience. The ability to put events or developments into the context of the past is useful as well as pleasurable. Responses to a questionnaire sent to history graduates have indicated that alumni in a wide variety of fields are as conscious of and appreciative of their training in history as those who have chosen it as a profession. Men and women in business, lawyers, bankers, librarians, and foreign service officers have all found it relevant to their careers. Study and research in history sharpens organizational and writing skills important to success in business and the legal profession. A growing interest in local history has created employment opportunities in museum, archival, and preservation work.

Career Outlook for M. A. with Concentration in Museum Studies
There are more than 8,000 museums in the United States. History museums constitute more than half of that total, and employ approximately one-third of the 150,000 paid staff working in U. S. museums. While job requirements vary widely among individual museums and specific professional roles, the M.A. degree offered by this program qualifies graduates for a wide range of career opportunities, in history museums and in other types of museums as well. The Museum Studies Program provides students with placement assistance and counseling and with access to a wide range of information on career opportunities in the field, and program faculty use their extensive networks in the field to help identify opportunities and to place students.

Haiyan Cai, Associate Professor, Chairperson
Ph.D., University of Maryland
Raymond Balbes, Professor Emeritus
Ph.D., University of California, Los Angeles
Charles Chui, Curators’ Professor
Ph.D., University of Wisconsin
William Connett, Professor Emeritus
Ph.D., University of California, Los Angeles
Qingtang Jiang, Professor
Ph.D., Peking University
Wayne L. McDaniel, Professor Emeritus
Ph.D., Saint Louis University
A Prabhakar Rao, Professor,
Ph.D., University of California, Berkeley
Stephen Selesnick, Professor Emeritus
Ph.D., University of London
Jerrold Siegel, Professor Emeritus
Ph.D., Cornell University
Grant V. Welland, Professor Emeritus
Ph.D., Purdue University
Sanjiv K. Bhatia, Associate Professor
Ph.D., University of Nebraska-Lincoln
Uday K. Chakraborty, Associate Professor
Ph.D., Jadavpur University
Ronald Dotzel, Associate Professor
Ph.D., Rutgers University
Wenjie He, Associate Professor
Ph.D., University of Georgia
Cezary Janikow, Associate Professor
Ph.D., University of North Carolina at Chapel Hill
Martin Pelikan, Associate Professor
Ph.D., University of Illinois at Urbana-Champaign
Frederick Wilke, Associate Professor Emeritus
Ph.D., University of Missouri-Columbia
Shiying Zhao, Associate Professor
Ph.D., University of South Carolina
Adrian Clingher, Assistant Professor
Ph.D., Columbia University
Hyung Woo Kang, Assistant Professor
Ph.D. KAIST
John Antognoli, Teaching Professor
M.A., University of Missouri-St. Louis
Shahla Peterman, Teaching Professor
M.S., University of Wisconsin-Madison
Galina N. Piatnikskaia, Teaching Professor
Ph.D., Moscow Physical-Technical Institute
Donald E. Gayou, Associate Teaching Professor
Ph.D., Iowa State University
Michael Schulte, Associate Teaching Professor
M.S., Florida Institute of Technology
General Information

Degrees and Areas of Concentration
The Department of Mathematics and Computer Science offers work leading to the B.A. in mathematics, the B.S. in mathematics, the B.S. in computer science, and, in cooperation with the College of Education, the B.S.Ed. in secondary education with an emphasis in mathematics. The department also offers minors in computer science, mathematics, and statistics.

At the graduate level, the department offers a Master of Arts (M.A.) degree in mathematics, a Master of Science (M.S.) degree in computer science and a Ph.D. in applied mathematics.

The program leading to the B.A. in mathematics provides a broad grounding in different areas of mathematics, giving students the depth necessary to pursue various aims such as graduate studies or other career choices.

The B.S. in mathematics provides a substantial background in mathematics, statistics and computer science to produce graduates who can work as mathematicians. Both the B.A. and the B.S. in mathematics allow optional courses that enable the student to focus on areas of interest like pure or applied mathematics. Students pursuing the B.A. or the B.S. in mathematics will graduate with analytic and writing skills in mathematics and will have knowledge of content in core areas of the subject. They will have been exposed to applications of mathematics and they will possess critical thinking and quantitative skills.

The B.S.Ed. in secondary education with an emphasis in mathematics introduces students to those branches of mathematics most relevant to the teaching of secondary school mathematics.

The B.S. in computer science prepares students for employment in modern computing technology and careers in computer science. Students pursuing this degree will learn current programming practices and paradigms. They will learn the fundamentals of the supporting areas of mathematics and statistics and they will learn how computer hardware interacts with software. Students will study software development technologies like operating systems and compilers, and will gain knowledge of the theory behind applications like databases and networks.

Students pursuing the M.A. degree in mathematics may choose an emphasis in either pure or applied mathematics. The pure mathematics emphasis is well suited for students preparing to teach at the high school, junior college, or four year liberal arts college level. Those who concentrate on applied courses in the M.A. program build a foundation for the application of mathematics in industry and the continuation of their education in the Ph.D. program in applied mathematics. Our graduates will have abilities in the basic areas of algebra and analysis, and a breadth of knowledge in core subjects at the graduate level. They will study at least one area of mathematics or statistics in depth and will understand some of the contemporary research in applied mathematics and statistics. They will develop the ability to prepare and deliver oral and written presentations and the ability to pursue mathematical knowledge independently.

The M.S. degree in computer science emphasizes practical aspects of the field. Our graduates will develop expertise in at least one modern programming language. They will possess a breadth of knowledge of core areas in computer science, and will develop depth of knowledge in one area of the subject. They will be prepared to independently learn and adapt new technology and they will develop the ability to read current research in some areas. They will have the capability to prepare and deliver oral and written presentations on topics in computer science.

The Ph.D. in applied mathematics prepares students for a leadership role involving research and development in both industrial and academic settings. Students in this program will develop abilities in the basic areas of algebra and analysis and will possess breadth of knowledge in core subjects at the graduate level. They will study at least one area of mathematics or statistics in depth and will understand contemporary research in applied mathematics and statistics. They will develop the ability to prepare and deliver oral and written presentations, and they will possess the ability to pursue and produce mathematical knowledge independently.

Students may enroll in any of these graduate programs on a part-time basis.
Career Outlook
A degree in mathematics or computer science prepares well-motivated students for interesting careers. Our graduates find positions in industry, government, and education. The demand for individuals well trained in statistics, computer science, and applied mathematics is greater than the available supply. In addition, a number of graduates in mathematics have elected careers in business, law and other related fields where they find logical and analytical skills valuable.

Graduates in computer science and mathematics from UMSL are located throughout the country, and they also have a strong local presence. They have careers in banking, health care, engineering and manufacturing, law, finance, public service, management, and actuarial management. Many are working in areas such as systems management, information systems and data management, scientific computing, and scientific positions in the armed services. Others have careers in education, especially at secondary and higher levels.

Department Scholarships
The Department of Mathematics and Computer Science offers four scholarships for students who are majoring in mathematics or computer science.

The Mathematical Sciences Alumni Scholarship is a monetary award for outstanding undergraduates at the junior or senior level.

The Edward Z. Andalafte Memorial Scholarship is a monetary award for outstanding undergraduate students at the sophomore level or higher. Applicants for each of these two scholarships must have a grade point average of 3.5 or higher in at least 24 hours of graded course work at the University of Missouri-St. Louis, and show superior achievement in courses in the mathematical sciences.

The Raymond and Thelma Balbes Scholarship in Mathematics is a monetary award for students at the sophomore level or higher who are pursuing a degree in mathematics, have an overall GPA of at least 3.0 and a GPA of at least 3.2 in mathematics and who have completed three semesters of calculus.

The Joseph M. and Mary A. Vogl Scholarship in Mathematics is a need based monetary award for mathematics majors. Application forms for these scholarships may be obtained from the Department of Mathematics and Computer Science.

The deadline for application for all of these scholarships is March 15, and the scholarships must be used for educational fees or for books at UMSL starting in the fall semester following the application.

Undergraduate Studies
General Education Requirements
All majors must satisfy the university and appropriate school or college general education requirements. All mathematics courses may be used to meet the university’s general education breadth of study requirement in natural sciences and mathematics.

Satisfactory/Unsatisfactory Restrictions
Majors in mathematics and computer science may not take mathematical sciences or related area courses on a satisfactory/unsatisfactory basis. Students considering graduate study should consult with their advisers about taking work on a satisfactory/unsatisfactory basis.

Degree Requirements
All mathematical sciences courses presented to meet the degree requirements must be completed with a grade of C- or better. At least four courses numbered 3000 or above must be taken in residence. Students must have a 2.0 grade point average in the mathematical sciences courses completed.

Students enrolling in introductory mathematics courses should check the prerequisites to determine if a satisfactory score on the Mathematics Placement Test is necessary. The dates on which this test is administered are given on the department's website. Placement into introductory courses assumes a mastery of two years of high school algebra.

A minimum grade of C- is required to meet the prerequisite requirement for any course except with permission of the department.

Note: Courses that are prerequisites for higher-level courses may not be taken for credit or quality points if the higher-level course has been satisfactorily completed.

Many students are qualified, as a result of having studied calculus in high school, to begin their major with MATH 1900, Analytic Geometry and Calculus II, or MATH 2000, Analytic Geometry and Calculus III. These students are urged to consult with the department before planning their programs. Credit for MATH 1800, Analytic Geometry and Calculus I, will be granted to those students who complete MATH 1900 with a grade of C- or better.
Similarly, students who are ready to begin their computer science studies with CMP SCI 2250, Programming and Data Structures, will be granted credit for CMP SCI 1250, Introduction to Computing, once they complete CMP SCI 2250 with a grade of C- or better.

**Degree Requirements in Mathematics**

All mathematics majors in all undergraduate programs must complete the mathematics core requirements.

**Core Requirements**

1) The following courses are required:

- 1250, Introduction to Computing
- 1320, Applied Statistics I
- 1800, Analytic Geometry and Calculus I
- 1900, Analytic Geometry and Calculus II
- 2000, Analytic Geometry and Calculus III
- 2020, Introduction to Differential Equations
- 2450, Elementary Linear Algebra
- 3000, Discrete Structures
- 4100, Real Analysis I

2) The related area requirements as described below must be satisfied.

Students seeking a double degree, either within this department or with another department, do not have to fulfill the related area requirements.

**Bachelor of Arts in Mathematics.**

In addition to the core requirements and the College of Arts and Sciences' foreign language requirement, three mathematics courses at the 4000 level or higher must be completed. Of these, one must be 4400, Introduction to Abstract Algebra

**B.S.Ed. in Secondary Education with emphasis in mathematics.**

In addition to the core requirements and the required education courses, three mathematics/statistics courses at the 4000 level or higher must be completed. Of these, one must be 4400, Introduction to Abstract Algebra, and one must be chosen from:

- 4660, Foundations of Geometry
- 4670, Introduction to Non-Euclidean Geometry

**Bachelor of Science in Mathematics**

In addition to the core requirements, the B.S. in Mathematics degree requires:

1) Completing all of the following:

- 4160, Complex Analysis I
- 4400, Introduction to Abstract Algebra
- 4450, Linear Algebra

2) Completing an additional three courses numbered above 4000 in mathematics, statistics or computer science, at least one of which must be in mathematics/statistics.

**Degree Requirements in Computer Science**

Candidates for the **Bachelor of Science in Computer Science** degree must complete the following work:

1) **Computer Science**

- 1250, Introduction to Computing
- 2250, Programming and Data Structures
- 2260, Object-Oriented Programming with C++
- 2700, Computer Systems: Architecture and Organization
- 2710, Computer Systems: Programming
- 2750, Advanced Programming with Unix
- 3000, Discrete Structures
- 3130, Design and Analysis of Algorithms
- 4250, Programming Languages
- 4280, Program Translation Techniques
- 4760, Operating Systems

2) **Mathematics and Statistics**

- 1320, Applied Statistics I
- 1800, Analytic Geometry and Calculus I
- 1900, Analytic Geometry and Calculus II
- 2000, Analytic Geometry and Calculus III
- 2450, Elementary Linear Algebra
3) Philosophy
4458, Ethics and the Computer

4) Five more elective courses, numbered above 3000 if in computer science, and above 2010 if in mathematics or statistics. At least three of these elective courses must be in computer science, and at least one must be in mathematics or statistics.

5) Satisfy the related area requirements as described below.

Related Area Requirements
Candidates for the B.A. in Mathematics must satisfy the requirements in one of the groups below with a grade of C- or better. Candidates for the B.S.Ed. in Mathematics, B.S. in Mathematics and B.S. in Computer Science must satisfy the requirements in two of the groups below with a grade of C- or better.

Candidates for the B.S. in Computer Science may not choose group 1. Candidates for the B.A. in Mathematics, B.S.Ed. in Mathematics, or B.S. in Mathematics may not choose group 2 or 3. If candidates for any of these three latter degrees choose group 4, then they cannot apply either of the two courses listed in that group towards the additional 4000 level mathematics courses (beyond the core requirements) that must be completed for each of these degrees.

Students seeking a double degree, either within this department or with another department, do not have to fulfill the related area requirements.

Related Area Courses

1) Computer Science:
Two courses from the following list:
2250, Programming and Data Structures
2700, Computer Systems: Architecture and Organization
3130, Design and Analysis of Algorithms
4140, Theory of Computation
4410, Computer Graphics
4440, Digital Image Processing

2) Mathematics (Analysis):
Two courses from the following list:
2020, Introduction to Differential Equations
4030, Applied Mathematics I
4100, Real Analysis I
4160, Complex Analysis I
4230, Numerical Analysis I

3) Mathematics (Algebra):
Two courses from the following list:
4350, Theory of Numbers
4400, Introduction to Abstract Algebra
4450, Linear Algebra
4550, Combinatorics

4) Statistics:
4200, Mathematical Statistics I
4210, Mathematical Statistics II

5) Biology:
2102, General Ecology
2103, General Ecology Laboratory

6) Biology:
2012, Genetics
4182, Population Biology

7) Chemistry:
1111, Introductory Chemistry I
1121, Introductory to Chemistry II

8) Chemistry:
3312, Physical Chemistry I
and another 3000-level, or above, chemistry course

9) Economics:
1001, Principles of Microeconomics
1002, Principles of Macroeconomics
4100, Introduction to Econometrics

10) Philosophy:
3360, Formal Logic
3380, Philosophy of Science
4460, Advanced Formal Logic

11) Physics:
2111, Physics: Mechanics and Heat
2112, Physics: Electricity, Magnetism, and Optics

12) Physics:
3221, Mechanics
and another 3000 level, or above, physics course

13) Business Administration:
3320, Introduction to Operations Management
and one of the following courses:
4312, Business Forecasting
4324, Production and Operations Management- Service Systems
4326, Quality Assurance in Business
4330, Production and Operations Management - Logistics
4350, Operations Research

14) Engineering:
2310, Statics
2320, Dynamics

Minor Requirements
The department offers minors in computer science, mathematics, and statistics. All courses presented for any of these minors must be completed with a grade of C- or better.

Minor in Computer Science
The requirements for the minor are:
1250, Introduction to Computing
2250, Programming and Data Structures
2700, Computer Systems: Architecture and Organization

and two additional computer science courses numbered above 2700 with the exception of CS 3000.

A minimum of two computer science courses numbered above 2700 must be taken in residence in the Department of Mathematics and Computer Science at UMSL.

Minor in Mathematics
The requirements for the minor are:
1800, Analytic Geometry and Calculus I
1900, Analytic Geometry and Calculus II
2000, Analytic Geometry and Calculus III

and two additional three-hour mathematics courses numbered above 2400, excluding 2510. A minimum of two mathematics courses numbered 2000 or above must be taken in residence in the Department of Mathematics and Computer Science at UMSL.

Minor in Statistics
The requirements for the minor are:
1320, Applied Statistics I
4200, Mathematical Statistics I

and two additional courses in statistics numbered above 4200. A minimum of two statistics courses numbered above 2000 must be taken in residence in the Department of Mathematics and Computer Science at UMSL.

Graduate Studies
The Department of Mathematics and Computer Science offers an M.A. degree in mathematics, a Ph.D. degree in applied mathematics, and an M.S. degree in computer science.

Admission
Applicants must meet the general admission requirements of the Graduate School, described elsewhere in this Bulletin. Additional admission requirements for specific programs are listed below.

Mathematics Programs
Applicants must have at least a bachelor's degree in mathematics or in a field with significant mathematical content. Examples of such fields include computer science, economics, engineering and physics. An applicant’s record should demonstrate superior achievement in undergraduate mathematics.

Individuals may apply for direct admission to either the M.A. or Ph.D. program. Candidates for the M.A. degree may choose to concentrate in either pure or applied mathematics. A student in the M.A. program may petition the department for transfer to the Ph.D. program upon successful completion of 15 credit hours and fulfillment of additional requirements as listed below.

Students intending to enter the Ph.D. program must have a working ability in modern programming technologies. A student with a deficiency in this area may be required to take courses at the undergraduate level in computer science.

Applicants for the Ph.D. program must, in addition, submit three letters of recommendation and scores from the Graduate Record Examination (GRE) general aptitude test.

**Computer Science Program**

Applicants to the Graduate Program in Computer Science must meet the general graduate admission requirements of the Graduate School, described in the UMSL Bulletin. Students seeking admission to the program must formally apply for admission to the Graduate School either online or by traditional means. Additional requirements are listed below.

Applicants must have at least a bachelor's degree, preferably in computer science or in a related area. Applicants with bachelor's degrees outside of computer science must demonstrate significant proficiency in computer science, either by taking the GRE subject area examinations or by explicitly showing competence in the following areas:

- C programming (CMP SCI 1250 and CMP SCI 2250).
- An object oriented programming language (C++ or Java) (CMP SCI 2260).
- A course in data structures (CMP SCI 2250).
- A course in assembly language programming, computer architecture, or computer organization (CMP SCI 2700).
- A course in design and analysis of algorithms (CMP SCI 3130).
- Programming with Unix, including shell scripts and tools (CMP SCI 2750).

Students must also have satisfactorily completed mathematics courses equivalent to the following UMSL courses:

- Two semesters of calculus (MATH 1800 and 1900).
- A course in elementary linear algebra (MATH 2450).
- A course in discrete mathematics (MATH 3000).
- An elementary course in probability or statistics (MATH 1320).

A student missing some of the above requirements may be admitted on restricted status if there is strong supportive evidence in other areas. The student will have to take the missing courses, or demonstrate proficiency to the satisfaction of the Graduate Director. Special regulations of the Graduate School that apply to students on restricted status are described elsewhere in this Bulletin.

**Preliminary Advisement**

Incoming students are assigned advisers with whom they should consult before each registration period to determine an appropriate course of study. If necessary, students may be required to complete undergraduate course work without receiving graduate credit.

**Degree Requirements**

**Master of Arts in Mathematics**

Candidates for the M.A. degree must complete 30 hours of course work. All courses numbered below 5000 must be completed with grades of at least B. The courses taken must include those listed below in group A together with additional courses discussed in B.

Students who have already completed courses equivalent to those in A) may substitute other courses numbered above 4000. All substitutions of courses for those listed in A) require the prior approval of the graduate director.

**A) Mathematics core:**

- 4100, Real Analysis I
- 4160, Complex Analysis I
- 4450, Linear Algebra

**B) M.A. candidates must also complete 15 hours of course work numbered 5000 or above, chosen with the prior approval of the graduate director. Courses may be chosen to develop expertise in either pure or applied**
mathematics.

Thesis Option  Part of B) may consist of an M.A. thesis written under the direction of a faculty member in the Department of Mathematics and Computer Science. A thesis is not, however, required for this degree. A student who wishes to write a thesis should enroll in 6 hours of Math 6900, M.A. Thesis. Students writing an M.A. thesis must defend their thesis in an oral exam administered by a committee of three department members which includes the thesis director.

Doctor of Philosophy in Applied Mathematics
The program has two options:

1) Mathematics Option
2) Computer Science Option

The requirements for the Ph.D. degree include the following:

1. Course work
2. Ph.D. candidacy
3. Doctoral dissertation

The requirements are described in detail below.

1. Course Work
A minimum of 60 hours of courses numbered 4000 or above.

In the Mathematics Option, at least 33 hours must be in courses numbered 5000 or above.
In the Computer Science Option, at least 45 hours must be in courses numbered 5000 or above.

At most 9 hours of a student's enrollment in MATH 7990 (Dissertation Research) may be counted. Students are expected to maintain a 3.0 average on a 4.0 scale. All courses numbered below 5000 must be completed with a grade of at least B. Courses outside the Department of Mathematics and Computer Science will require approval of the graduate director.

When students who have earned a Master's degree are admitted to the doctoral program, appropriate credits of course work may be applied toward meeting the requirements for the doctoral degree, subject to Graduate School regulations and the approval of the graduate director. The same applied to those with some appropriate graduate credits but without a completed Master's degree.

2. Ph.D. Candidacy
Advancement to Ph.D. candidacy is a three-step process consisting of:

A) Completing 18 hours of 5000 level courses other than MATH 7990, Ph.D. Dissertation Research.
B) Passing the comprehensive examination.
C) Selecting a Ph.D. committee and preparing a dissertation proposal and defense of the proposal.

Qualifying Examination
A student must fulfill the following requirements.

Basic Requirement
Pass one written examination covering fundamental topics. This examination would normally take place within the first 12 credit hours of study after admission to the Ph.D. program.

Mathematics Option:
Topics from real analysis, complex analysis, and linear algebra (MATH 4100, 4160, 4450).

Computer Science Option:
Topics from the theory of programming languages, operating systems, analysis of algorithms, and computer systems (CMP SCI 4250, 4760, 5130, 5700).

Additional Requirement
After fulfilling the basic requirement above, the student must meet one of the following:

a. Pass a written examination in an area of the student's interests. This area will be approved by the graduate committee and will be based on a set of two or more graduate courses taken by the student. This examination would normally take place within the first 24 credit hours of study after admission to the Ph.D. program.

b. Write a survey paper in a specialized area under the direction of a member of the graduate faculty. The student should propose to take this option when he/she has already finished at least 2 graduate level courses and has the approval of the graduate committee. The paper should be submitted within four semesters, at which time an oral examination given by a committee of at least three members of the graduate faculty must be passed.
In both parts a) and b), the graduate committee will determine if the topics are consistent with the option that the student is pursuing.

**Dissertation Committee and Dissertation Proposal**

After completing the comprehensive examinations, each student chooses a dissertation advisor and prepares a Dissertation Proposal. Usually students choose an advisor from contacts made through their course work. The dissertation committee will be formed, and the student will meet with this committee for an oral defense of his/her dissertation proposal. The dissertation proposal is a substantial document describing the problem to be worked on and the methods to be used, as well as demonstrating the student’s proficiency in written communication.

**Doctoral Dissertation**

Each Ph.D. candidate must write a dissertation which is an original contribution to the field on a topic approved by the candidate’s Ph.D. Committee and the department, and which meets the standards and requirements set by the Graduate School including the public defense of the dissertation. Students working on a dissertation may enroll in MATH 7990, Ph.D. Dissertation Research. A maximum of 9 hours in MATH 7990 can be used toward the required hours of work in courses numbered 5000 or above.

**Master of Science in Computer Science**

Candidates for the M.S. degree in Computer Science must complete 30 hours of course work, subject to the Graduate School regulations. Of these, at least 18 hours must be numbered 5000 or above, with at least one course numbered 6000 or above, chosen with the prior approval of the Graduate Director. All courses numbered below 5000 must be completed with grades of at least B-. Outside computer science, up to 6 hours of related course work is allowed upon permission of the Graduate Director.

Students must satisfy all of the following core requirements:

- Operating Systems, CMP SCI 4760
- Programming Languages, CMP SCI 4250
- Computer Systems, CS 5700
- Software Engineering, CS 5500
- Advanced Data Structures and Algorithms, CS 5130

Waiving or substituting for a specific requirement can be done on the basis of prior course work or experience at the discretion of the Graduate Director, but it will not reduce the total hours required for the degree.

Additionally, students must attend at least five different seminars or colloquium presentations in the department.

**Thesis Option**

Students may choose to write an M.S. thesis under the direction of a faculty member in the Department of Mathematics and Computer Science. A thesis is not, however, required for this degree. A student who wishes to write a thesis should enroll in 6 hours of CS 6900, Thesis. Students writing an M.S. thesis must defend their thesis in an oral exam administered by a committee of three department members which includes the thesis director.

**Financial Assistance**

Any student who intends to apply for financial assistance, in the form of a teaching assistantship or a research assistantship, is required to have three letters of recommendation submitted with the application to the graduate program in Mathematics or Computer Science. The application must include scores on the GRE general aptitude test. Applicants are also encouraged to submit scores in the GRE subject area test in Mathematics or Computer Science. Applications for financial assistance should be submitted before February 15 prior to the academic year in which the student expects to begin graduate study. Notifications of awards are generally made March 15, and students awarded financial assistance are expected to return letters of acceptance by April 15.

**Career Outlook**

Graduates from the Department of Mathematics and Computer Science have little difficulty in finding positions in industry, government, and education. The demand for individuals well-trained in statistics, computer science, and applied mathematics is greater than the available supply. In addition, a number of graduates in mathematics have elected careers in business and other related fields where they have found their logical and analytical skills to be well-rewarded.

Robert M. Gordon, Research Professor  
Ph.D., Columbia University

Philosophy continues to keep alive the tradition begun by Socrates, Plato, and Aristotle of critically examining one’s most cherished assumptions. Moreover, it deals with questions that are common to several areas of inquiry, such as art, ethics, the social sciences, the natural sciences, and the various professions. The study of philosophy also encourages logical precision, a heightened awareness of assumptions used in any discussion, and an attitude of both open-mindedness and responsible criticism toward new and unusual ideas. These skills are particularly useful for students planning careers in law, business, computer science, writing, or other fields requiring such disciplines of mind. For these reasons many students have found it useful to combine a major in another field with a major in philosophy. To accommodate such students, the department has a special program for double majors.

The philosophy faculty has an unusually wide range of research interests. Faculty members have written books and articles addressing not only the classical and traditional concerns of philosophy, but also contemporary controversies in the fields of law, psychology, sociology, political theory, biology, medical ethics, theology, logic, and philosophy of history as well. For their research in some of these areas, members have been
awarded a number of national research grants, including fellowships from the American Council of Learned Societies and the National Endowment for the Humanities.

In keeping with this emphasis on diversity, the department is represented by scholars trained in widely different approaches to philosophy, such as the analytic tradition, Continental idealism and existentialism, Marxist dialectic, and Asian modes of thought.

General Information

Degrees and Areas of Concentration
The department offers two options leading to the B.A. degree in philosophy. The first is for students intending to enter graduate school in philosophy; the second is for students seeking a general liberal arts education as their ultimate academic objective or preparing for professional degrees such as law. Each option offers a balance of training in the techniques of logical analysis, study of philosophical classics, and examination of selected problems in philosophy. The department also offers a minor in philosophy for students wishing to pursue a particular interest in philosophy in an organized way.

Undergraduate Studies

General Education Requirements
Majors must meet the university and college general education requirements. PHIL 1120: Asian Philosophy and PHIL 1125: Islamic Philosophy satisfy the college cultural diversity requirement. Majors may not count philosophy courses taken on a satisfactory/unsatisfactory basis toward the degree requirements.

Expected Learning Outcomes

1. Acquire basic knowledge of traditional philosophical issues in the western tradition.
2. Develop critical thinking skills based on knowledge of the standards governing logical reasoning.
3. Acquire familiarity with philosophical issues that arise in some other disciplines (e.g. biology, art, education, etc.).
4. Acquire a basic understanding of ethical and social-political principles and their role in resolving ethical disputes and in evaluating social practices and institutions.
5. Become acquainted with current philosophical debates in the areas of epistemology, metaphysics, and value theory and with the arguments and proposals made to resolve them.

Degree Requirements

Bachelor of Arts in Philosophy
Students must complete one of the following programs. At least 30, but not more than 45, hours are required for a major. A minimum of 18 hours including all courses for the major at or above the 3000 level must be taken in residence in the UMSL Department of Philosophy.

Option One: The Major in Philosophy

30 hours of course work are required:
1) PHIL 3360: Formal Logic

2) History of Philosophy
Twelve hours in history of philosophy, at least 6 hours of which must be at the 4000 level. Choose from PHIL 3301-3307 and PHIL 4401-4422.

3) Normative Philosophy
One course from the following:
PHIL 4430: Social and Political Philosophy
PHIL 4435: Classical Ethical Theories
PHIL 4438: Recent Ethical Theory
PHIL 4474: Topics in Aesthetics

PHIL 4474 cannot be used to satisfy both the normative requirement and requirement 5), the "other disciplines" requirement.

4) Core Requirement
One course from the following:
PHIL 4440: Theories of Knowledge
PHIL 4445: Metaphysics

5) Philosophy and Other Disciplines
Choose one course from the PHIL 4470 - 4490 sequence.

6) PHIL 4491: Senior Seminar
7) Other than the courses specified above, not more than SIX credits at the 1000 level may be used to satisfy the remaining nine hours of coursework requirements for the major. Video courses cannot be used to satisfy course requirements for this program.

When appropriate, PHIL 4451: Special Topics in Philosophy may be used to satisfy the requirement of number 3), 4), or 5).

Students in this program should take Greek, Latin, French, or German to satisfy the foreign language requirement.

**Option Two: The Double Major**
The Double Major is intended for students who plan to complete a major in another discipline as well as in philosophy. Thirty hours of course work in philosophy are required:

1) **Logic**
PHIL 3360: Formal Logic

2) **History of Philosophy**
Six hours in history of philosophy, at least three hours of which must be at the 4000 level. Choose from the sequences PHIL 3301-3307 and PHIL 4401-4422.

3) **Core Requirement**
One course from the following:

PHIL 4440: Theories of Knowledge
PHIL 4445: Metaphysics

4) **4000-level Courses**
A total of nine hours or more at the 4000 level other than courses used to satisfy 2), 3) and 5). Video courses cannot be used to satisfy course requirements for this program.

5) **PHIL 4491**: Senior Seminar

6) **Electives**
Other than the courses above, courses at any level may be used to satisfy the remaining six hours of course requirements for the double major.

**Departmental Honors**
Majors with a 3.2 or higher grade point average in all courses may, with the department’s consent, earn departmental honors by completing at least six hours, but not more than nine, of PHIL 4450: Special Readings in Philosophy, submitting an acceptable thesis before the end of the senior year, and passing an oral examination.

In such cases, the thirty hours required for the major will include the credit earned in PHIL 4450: Special Readings, for the senior thesis.

**Related Area Requirements**
Majors are urged to acquire a familiarity with some other field above the introductory level.

Transfer students planning to major in philosophy should consult the Department’s undergraduate advisor as soon as possible in order to have their transcripts evaluated and plan a program of study.

**The Minor**
15 hours of course work in philosophy are required:

1) **PHIL 3360**: Formal Logic

2) A total of twelve hours at or above the 3000 level, at least six of which must be at the 4000 level. Video courses cannot be used to satisfy course requirements for this program.

Minors are strongly encouraged, though not required, to take PHIL 4491: Senior Seminar.

All course work for the minor except PHIL 3360 must be taken in residence in the UMSL Department of Philosophy.

A GPA of 2.0 or better is required in courses presented for the minor. Prospective minors are encouraged to consult with members of the department for advice in planning an appropriate sequence of courses.

**Graduate Studies**

**Expected Learning Outcomes**
1. Acquire advanced knowledge of traditional philosophical issues in the western tradition.
2. Develop critical thinking skills based on knowledge of the standards governing logical reasoning.
3. Acquire familiarity with philosophical issues that arise in some other disciplines (e.g. biology, art, education, etc.).
4. Acquire a basic understanding of ethical principles and their role in resolving ethical disputes.
5. Acquire the knowledge and skills required to write a paper identifying a philosophical issue and presenting arguments supporting a thesis for resolving it.

**Master of Arts in Philosophy**

To earn a M.A. in philosophy, students must complete at least 30 hours of graduate-level course work. In addition, students must write a thesis, for which they must take three to six credit hours of Thesis Research. Entering students must demonstrate a competence in logic, either by having passed the relevant course prior to admission or by taking PHIL 5561: Graduate Formal Logic here at UMSL. Students should take PHIL 5400: Proseminar in Philosophy in the first year of residency. At least two thirds of the course work must be completed in residence at UMSL. In addition, the courses taken are subject to two distribution requirements:

1) At least half of the courses must be at the 5000 level.
2) Two courses (6 credit hours) must be chosen from each of the following four subject areas:
   - Value Theory
   - History of Philosophy
   - Logic/Philosophy of Science
   - Epistemology/Metaphysics

**2+3 B.A. and M.A. in Philosophy**

The Combined B.A./M.A. Program in Philosophy provides an opportunity for students of recognized academic ability and educational maturity to fulfill integrated requirements of undergraduate and master’s degree programs in three years from the beginning of their junior year. When all the requirements of the B.A./M.A. program have been completed, students will be awarded both the B.A. and M.A. degrees. With a carefully designed program, a student can earn both degrees within as few as ten semesters.

The Combined Program requires a minimum of 138 credit hours, of which at least 30 must be at the upper division level course numbers in the 4000-5999 range (excluding 5495 and 5595). In qualifying for the B.A., students must meet all university and college requirements, including all the requirements of the regular undergraduate major in philosophy described above. Students will normally take PHIL 3360: Formal Logic and two courses in the 3301-3307: History of Philosophy sequence in their junior years, along with electives. Any courses still needed to satisfy college foreign language and expository writing requirements would also be taken during this year. PHIL 4491: Senior Seminar and more specialized courses are taken in the senior year. In the fifth year, students take advanced electives and such required courses as are needed to fulfill remaining university, Graduate School, and departmental requirements for the M.A. This includes satisfactory completion of 30 graduate credit hours, at least 18 of which must be in courses numbered above 5000 and among which must be at least three in each of the four subject areas listed for the regular M.A. program, and one of which must be PHIL 5400: Proseminar in Philosophy. Up to 12 graduate credit hours may be applied simultaneously to both the B.A. and M.A. requirements. In addition to the above coursework, students must also write a thesis, in which case at least three hours must be taken in PHIL 5495 and/or 5595. Students should apply to the Graduate Committee for admission to the Combined B.A./M.A. Program in Philosophy the semester they will complete sixty undergraduate credit hours or as soon thereafter as possible. A cumulative grade point average of 3.0 or higher and three letters of recommendation from faculty are required for consideration.

Philosophy Requirements for Students in the 2+3 Program

**A. To be taken in the junior year:**

Choose four courses (12 credit hours) from the following:

1) PHIL 3360: Formal Logic
2) Two courses in the History of Philosophy, each at the 2000 level or above.

3) One additional Philosophy course, at the 2000 level or above.

**B. To be taken in the senior year:**
Choose six courses (18 credit hours) from the following:

**4491:** Senior Seminar
Either

**PHIL 4445:** Metaphysics or
**PHIL 4440:** Theories of Knowledge.
Two History courses, each at the upper division
One course from the sequence 4470-4490
Choose one of the following:

**PHIL 4430:** Social and Political Philosophy
**PHIL 4435:** Classical Ethical Theory
**PHIL 4438:** Recent Ethical Theory

**C. To be taken in the final year of the program:**
Six courses (18 credit hours)
1) At least 5 of these courses must be at or above the 5000 level.

2) Courses must be selected so that the student has taken at least one from each of the four subject areas in the course of completing the 2 + 3 program:
   - Value Theory
   - History of Philosophy
   - Logic/Philosophy of Science
   - Epistemology/Metaphysics

3) **PHIL 5400:** Proseminar in Philosophy

**Cooperative arrangement with Saint Louis University.**
The strengths of the UMSL Philosophy Department are complemented by those of the Saint Louis University Philosophy Department, which has strengths in the history of philosophy as well as in philosophy of religion. To enhance students' opportunities for instruction and expertise, the two departments have worked out a cooperative arrangement that permits graduate philosophy students on each campus to take up to four courses at the partner institution. In any given semester, UMSL graduate students must take at least half of their courses at their home institution. Students admitted to the M.A. program on a probationary basis must take all their courses at UMSL during their first semester.

**Course Descriptions**

Prerequisites may be waived by consent of the department. Students who have earned 24 or more semester hours of credit at any accredited post-secondary institutions(s) before the start of the fall 2002 semester must meet the general education requirements stipulated in the UMSL 2001-2002 Bulletin. The following courses fulfill the Humanities breadth of study requirements as described in that Bulletin: 1090, 1091, 1110, 1111, 1120, 1125, 1130, 1150, 1160, 1185, 2250, 2255, 2252, 2253, 2254, 2255, 2256, 2258, 2274, 2280, 2281, 3301, 3302, 3303, 3304, 3305, 3307, 3360, 3369, 3374, 3379, 3380, 4401, 4402, 4406, 4407, 4408, 4410, 4420, 4421, 4430, 4435, 4438, 4439, 4440, 4445, 4450, 4451, 4457, 4458, 4460, 4465, 4469, 4470, 4474, 4478, 4479, 4482, 4483, 4484, 4485, 4487, 4490, 4491.

PHIL 1120, 1125 fulfill the Cultural Diversity requirement [CD]. Courses marked [CV] or [H] fulfill the valuing and humanities requirements, respectively.

**1090 Telecourse: Philosophy and Other Disciplines (3) [V, H]**
Video course offering. General introduction to philosophy examines its connections to works of art and related areas. Course does not satisfy any requirements for philosophy major or minor.

**1091 Telecourse: Significant Figures in Philosophy [V, H]**
Video course introduces philosophy through a survey of the ideas of some of the important figures in the history of the discipline. Course cannot be used to satisfy any requirements for philosophy major or minor.

**1110 Western Philosophy I: Antiquity to the Renaissance (3) [V, H]**
Lectures and discussions tracing the development of Western philosophy from its beginnings among the pre-Socratics through the Middle Ages and Renaissance. Philosophical ideas will be examined in the cultural and historical context: the Greek city-state, the rise of Christianity, etc.

**1111 Western Philosophy II: Descartes to the Present (3) [V, H]**
Lectures and discussions on the development of Western philosophy from Descartes (1596-1650) to the present. Philosophical ideas will be examined with an eye to their historical and cultural setting: the rise of modern science, the industrial revolution, the rise of capitalism, etc.
**1120 Asian Philosophy (3) [CD, V, H]**
Critical study of selected philosophical classics of India and China.

**1125 Islamic Philosophy (3) [CD, V, H]**
Introduction to Arabic philosophy in the Islamic classical period (roughly from mid-9th through 12th centuries). Considers philosophical and theological background and examines the thought of such notable Islamic philosophers as al-Kindi, Ibn Sina, al-Ghazali, and Ibn Rushd. Topics include proofs for the existence of God, whether the world is eternal or had a beginning, the nature of the soul and whether it is immortal, and distinction between essence and existence.

**1130 Approaches to Ethics (3) [V, H]**
A study and discussion of representative topics in moral philosophy such as moral skepticism, moral objectivity, theories of obligation and value, evaluation of social institutions, and the relation between morality and science. Traditional and contemporary writers will be considered.

**1150 Major Questions in Philosophy (3) [V, H]**
A study and discussion of representative topics in philosophy such as free will and determinism, concepts of mind and body, the basis of value judgments, knowledge and belief, and the possibility of constructing a world view.

**1160 Logic and Language (3) [V, H]**
An introduction to the language and logical structure of arguments, the principles of sound reasoning, and application of these principles in a variety of contexts.

**1175 Arts and Ideas (3)**
ST ART 1175, ENGL 1175, HIST 1175, M H L T 1175, TH DAN 1175. An Interdisciplinary course tied to the semester’s offerings at the Blanche Touhill Performing Arts Center as well as other events on campus featuring the visual arts, literature, music, and film. Each semester the course will provide background on the arts in general and will critically examine particular performances and offerings. Special themes for each semester will be selected once the Touhill schedule is in place. Students will be expected to attend 6-8 performances or exhibitions. Can be repeated once for credit.

**1185 Philosophy of Religion (3) [V, H]**
A philosophical investigation of such problems as the nature of religious faith and experience, the relation of faith and reason, alternative concepts of deity, and the problem of evil.

**2250 Philosophy and Current Issues (3)**
A careful examination of such current social controversies as women’s liberation, the ethics of abortion, public accountability of holders of high offices, and the subtler forms of racism and other prejudices. Although there is no formal prerequisite, it is recommended that students have taken, or be concurrently enrolled in, at least one other philosophy course.

**2252 Philosophical Foundations of Criminal Justice (3) [V, H]**
Same as CRIMIN 2252. Addresses fundamental conceptual and ethical issues that arise in the context of the legal system. Questions may include: How does punishment differ from pre-trial detention? How, if at all, can it be justified? Is the death penalty ever justified? When is it morally permissible for juries to acquit defendants who are legally guilty? Is plea bargaining unjust? Why might people be morally obligated to obey the laws? Are Laws restricting civil liberty (e.g., laws against abortion, homosexuality, or drug use) permissible?

**2253 Philosophy and Feminism (3) [V, H]**
Same as WGST 2253. A critical examination of what various philosophers have said about issues of concern to women. Sample topics include oppression, racism, women’s nature, femininity, marriage, motherhood, sexuality, pornography, the ethics of care.

**2254 Business Ethics (3) [V, H]**
A critical survey from the perspective of moral theory of businesses and business practices. Topics vary but usually include some of the following: whether the sole moral obligation of businesses is to make money; whether certain standard business practices, e.g., the creation of wants through advertising, are moral; whether businesses ought to be compelled, e.g., to protect the environment or participate in affirmative action programs.

**2255 Environmental Ethics (3)**
Examines such issues as the value of wilderness, our duties to animals and the natural world, pollution and development, environmental justice.

**2256 Bioethics (3) [V, H]**
Same as GERON 2256. An examination of ethical issues in health care practice and clinical research and in public policies affecting health care. Topics include abortion, euthanasia, health care, experimentation, informed consent, and the right to health care.
2258 Medicine, Values, and Society (3) [V, H]
Social, conceptual, and policy issues connected with medicine form the focus of the course. Topics may include: role played by race and gender in design of research and distribution of care; whether diseases are socially constructed categories reflecting the values of society; development of social policies that offer universal access to health care; the legitimacy of using Psychotropic drugs to enhance life, rather than treat disease. The course differs from Bioethics by emphasizing policy issues and their conceptual basis. Content of this course may vary.

2259 Engineering Ethics (3)
An examination of ethical issues in engineering using professional engineering codes as a starting point. The course will have a problem solving orientation, focusing on the analysis of particular cases. Actual high-profile cases such as the Challenger disaster will be considered, as well as hypothetical cases illustrating the more commonly encountered moral problems in engineering (such as accepting gifts from vendors). Topics include the engineer/manager relationship, engineers and the environment, honest in engineering, and risk, safety, and liability.

2274 Philosophy and Literature (3)
Critical reading and discussion of selected literary works in terms of the philosophical problems they present.

2280 Minds, Brains, and Machines (3) [V, H]
Introduction to basic philosophical issues in cognitive science. General topics include minds as computers; computers as minds, or the possibility of artificial intelligence that is truly intelligent; relationship between mental function and brain function. Some areas of current research, such as reasoning, vision, and emotion.

2281 Darwinism and the Philosophy of Biology (3)
Prerequisites: Six hours of philosophy graduate standing, or consent of instructor. Examines Darwin's theory of evolution by natural selection and its philosophical consequences. Besides the theory itself, topics may include (but are not limited to): how we can test evolution and what the evidence is for it; the design argument; adaptationism; evolutionary psychology; evolution and morality; the fact–value distinction; nature versus nurture; differences between humans and other animals; evolution and human history; genetic engineering and possible futures.

3301 Ancient Philosophy (3)
Freshmen admitted by consent of department. The principal philosophical doctrines of the ancient world, with special emphasis on the philosophies of Plato and Aristotle. Although there is no formal prerequisite, it is recommended that students have taken at least one other philosophy course.

3302 Medieval Philosophy (3)
A critical study of the important philosophies of the period from Augustine to the Renaissance. Although there is no formal prerequisite, it is recommended that students have taken at least one other philosophy course.

3303 Early Modern Philosophy (3)
Principal figures in the development of rationalism, empiricism and skepticism in early modern Europe, from Descartes through Hume. Although there is no formal prerequisite, it is recommended that students have taken at least one other philosophy course.

3304 Kant and Nineteenth-Century Philosophy (3)
A study of Kant and such major nineteenth-century figures as Hegel and Nietzsche, Mill, and Peirce. Although there is no formal prerequisite, it is recommended that students have taken at least one other philosophy course.

3305 Twentieth-Century Philosophy (3)
Representative topics in contemporary philosophy, with readings selected from pragmatism, logical positivism, linguistic analysis, and existentialism. Although there is no formal prerequisite, it is recommended that students have taken at least one other philosophy course.

3307 American Philosophy (3)
Prerequisite: Six hours of philosophy or consent of instructor. A study of selected American philosophers.

3360 Formal Logic (3)
An introductory study of logical truth and deductive inference, with emphasis on the development and mastery of a formal system.

3369 The Marxist Heritage (3)
Same as POL SCI 3690 and INTDSC 3690. Study of Marx and leading Marxists. Designed to evaluate their influence on recent political, economic, and social thought and institutions.

3374 Philosophy of Art (3)
Same as ART HS 3374. A study of issues concerning the definition of art, meaning and truth in the arts, aesthetic experience, and criticism.

<th>Course Title</th>
<th>Prerequisites</th>
</tr>
</thead>
<tbody>
<tr>
<td>3378</td>
<td>Philosophy of Mind (3)</td>
<td>Three hours of philosophy or consent of instructor. An introduction to philosophical issues pertaining to the mind. Topics may include how the mind relates to the body, how the mind represents the world, how the mind works, consciousness, and free well.</td>
</tr>
<tr>
<td>3380</td>
<td>Philosophy of Science (3)</td>
<td>An examination of science: what makes science special? Topics may include (but are not limited to): empiricism and scientific method; confirmation and the problem of induction; paradigms and revolutions; explanation, causation and laws; realism versus instrumentalism; critiques of science such as those of feminism or postmodernism; and reductionism – ultimately is it all just physics?</td>
</tr>
<tr>
<td>4401</td>
<td>Plato (3)</td>
<td>Six hours of philosophy, a course in Ancient Philosophy recommended, graduate standing, or consent of instructor. A study of selected Platonic dialogues.</td>
</tr>
<tr>
<td>4402</td>
<td>Aristotle (3)</td>
<td>Six hours of philosophy, a course in Ancient Philosophy, recommended, graduate standing, or consent of instructor. A selective study of Aristotle's major works.</td>
</tr>
<tr>
<td>4406</td>
<td>The British Empiricists (3)</td>
<td>Six hours of philosophy, a course in Early Modern Philosophy recommended, graduate standing, or consent of instructor. An examination of the philosophies of such major figures as Locke, Berkeley, and Hume.</td>

<td>Kant (3)</td>
<td>Six hours of philosophy, PHIL 3304 or equivalent recommended, graduate standing, or consent of instructor. A systematic study of the Critique of Pure Reason.</td>
</tr>
<tr>
<td>4408</td>
<td>Hegel (3)</td>
<td>Six hours of philosophy, PHIL 3304 or equivalent recommended, graduate standing, or consent of instructor. A critical study of the writings and influence of Hegel.</td>
</tr>
<tr>
<td>4410</td>
<td>Significant Figures in Philosophy (3)</td>
<td>Nine hours of philosophy, graduate standing, or consent of instructor. Examination of the work of an important twentieth-century philosopher or philosophical movement. The philosopher or movement to be studied will be announced prior to registration. This is a variable content course that may be taken again for credit with approval of instructor and department chair.</td>
</tr>
<tr>
<td>4420</td>
<td>Topics in Non-Western Philosophy (3)</td>
<td>PHIL 1120, graduate standing, or consent of instructor. An extensive exploration of issues in some particular non-Western traditions (Islamic, Indian, or Chinese). This is a variable content course and may be taken again for credit with consent of instructor and department chair.</td>
</tr>
<tr>
<td>4421</td>
<td>The Analytic Tradition I: Origins to Logical Positivism (3)</td>
<td>Six hours of philosophy, graduate standing, or consent of instructor. PHIL 3305 and PHIL 3360 strongly recommended. Course studies in depth the development of analytic philosophy through about 1950. Topics include key philosophical writings in this tradition beginning with Frege, Moore, and Russell and concluding with basic texts in logical positivism, with emphasis on Carnap, Schlick, Neurath and Hempel.</td>
</tr>
<tr>
<td>4430</td>
<td>Social and Political Philosophy (3)</td>
<td>Six hours of philosophy, graduate standing, or consent of instructor. An analysis of some fundamental concepts and assumptions involved in the theory and practice of social and political organization.</td>
</tr>
<tr>
<td>4435</td>
<td>Classical Ethical Theories</td>
<td>Six hours of philosophy, graduate standing, or consent of instructor. Significant contributions to moral philosophy from Plato and Aristotle to Bentham and Mill.</td>
</tr>
<tr>
<td>4438</td>
<td>Recent Ethical Theory (3)</td>
<td>Six hours of philosophy, graduate standing or consent of instructor. A study of major contributions to twentieth-century ethics, including works by such writers as Moore, Dewey, Ross, Stevenson, Hare, and Rawls.</td>
</tr>
<tr>
<td>4439</td>
<td>Topics in Ethical Theory (3)</td>
<td>PHIL 4435, 4438, nine hours of philosophy, graduate standing, or consent of instructor. Formulation and evaluation of major theories in normative ethics, metaethics, and axiology. Topics include egoism, moral realism, act and rule utilitarianism, and varieties of naturalism and non-naturalism in ethics. This is a variable content course and can be taken again for credit with consent of instructor and department chair.</td>
</tr>
<tr>
<td>4440</td>
<td>Theories of Knowledge (3)</td>
<td>Six hours of philosophy, graduate standing, or consent of instructor. An examination of concepts</td>

</table>
and problems involved in the characterization of knowledge. Specific topics will vary, but will usually include knowledge, belief, skepticism, evidence, certainty, perception, truth, and necessity.

**4445 Metaphysics (3)**
Prerequisite: Six hours of philosophy, graduate standing, or consent of instructor. An examination of selected metaphysical topics such as substance, universals, causality, necessity, space and time, free will, being, and identity.

**4450 Special Readings in Philosophy (1-3)**
Prerequisite: Special consent required. Independent study through readings, reports, and conferences. This is a variable content course and may be taken again for credit with consent of instructor and department chair.

**4451 Special Topics in Philosophy (3)**
Prerequisite: Six hours of philosophy, graduate standing, or consent of instructor. A critical study of classical and/or contemporary contributions to a selected topic in philosophy. The topic to be considered will be announced prior to registration. This is a variable content course and can be taken again for credit with the consent of the instructor and department chair.

**4457 Media Ethics (3)**
Same as MEDIA ST 4357. Prerequisite: nine hours of philosophy or nine hours of communication or consent of instructor. This course is concerned with some of the more specific concerns of media ethics, such as truth, honesty, fairness, objectivity and bias; personal privacy and the public interest; advertising; conflicts of interest; censorship and offensive or dangerous content (pornography, violence). Particular attention will be given to problems posed by the development of personal computer communications through bulletin boards, on-line services, and the Internet.

**4458 Ethics and the Computer**
Prerequisites: 6 hours of course work above the level of MATH 1030 in Math/Computer Science or at least 6 hours of philosophy or consent of instructor. Examination of ethical issues concerning the use of computers generally and software engineering in particular. Aims at developing awareness of these issues and skills for ethical decision making regarding them through careful, analytical methods. Typical issues include privacy, intellectual property, computer fraud, and others.

**4460 Advanced Formal Logic (3)**
Prerequisite: PHIL 3360, graduate standing, or consent of instructor. Rigorous study of major developments in contemporary logic. Emphasis is given to theoretical problems and some attention is devoted to philosophical issues arising from logic.

**4465 Theory of Decisions and Games (3)**
Prerequisite: Six hours of Philosophy and junior standing, POL SCI 6401 (or the equivalent) or consent of instructor. Same as POL SCI 4060. A study of rational decision making, including games against nature, zero-sum games and social choices. Topics will include the following: expected utility maximization, the Prisoner's Dilemma, Nash equilibria, and Arrow's theorem on the impossibility of a social welfare function. Parts of the course are technical in nature; a prior course in mathematics e.g., finite mathematics, calculus, statistics or an economics course with a mathematical component, symbolic logic, or some other course with comparable mathematical content is strongly recommended.

**4469 Topics in Political Philosophy (3)**
Prerequisite: Nine hours of philosophy, graduate standing, or consent of instructor. Critical examination of philosophical theories of democracy, individual autonomy, political community, social justice, and other selected issues in political philosophy.

**4470 Topics in Philosophy of Language (3)**
Prerequisite: Six hours of philosophy, graduate standing, or consent of instructor. Intensive examination of selected problems encountered in developing philosophical accounts of truth, reference, propositional attitudes, and related concepts. This is a variable content course and may be taken again for credit with consent of instructor and department chair.

**4474 Topics in Aesthetics (3)**
Prerequisite: PHIL 3374, graduate standing, or consent of instructor. Selected topics, such as vision and representation, musical aesthetics, and recent theorists. This is a variable content course and may be taken again for credit with consent of instructor and department chair.

**4478 Topics in Philosophy of Mind (3)**
Prerequisite: PHIL 3378 or six hours of other philosophy courses graduate standing, or consent of instructor. An examination of selected topics at the interface of philosophical and psychological research. This is a variable content course and can be taken again for credit with consent of instructor and department chair.

**4479 Philosophy of Cognitive Science (3)**
Prerequisite: PHIL 3378 or PHIL 4478 or nine hours of other philosophy courses or consent of instructor. An
exploration of the philosophical foundations and implications of cognitive science, a cooperative effort of philosophers, cognitive psychologists, brain scientists, computer scientists, and others to understand the relationship between the mind and the brain.

4482 Philosophy of Social Science (3)
Prerequisite: Six hours of philosophy or consent of instructor. An intensive examination of selected topics such as the nature theory, and the postmodernism debate e.g., Habermas of explanation in social science versus natural science, interpretation, Foucault, Clifford. This course may be repeated for credit on approval by the department.

4483 Topics in History and Philosophy of Science (3)
Prerequisites: Six hours of philosophy (PHIL 3380, strongly recommended), graduate standing, or consent of instructor. Examines in depth a particular topic or topics from either the history or philosophy of science. This is a variable content course and may be taken again for credit with the consent of the instructor and department chair.

4484 Topics in History and Philosophy of Medicine (3)
Prerequisites: Six hours of philosophy, graduate standing, or consent of instructor. Focuses on the rise of philosophical issues associated with scientific medicine, including the emergence of physiology; identification of infectious and genetic diseases; development of effective drugs; rise of diagnostic and therapeutic technologies. Topics may include: disease concepts, the classification of diseases, logic of clinical diagnosis, medical explanation, and clinical decision-making. Topics may also include development of special medical areas such as immunology, cancer treatments, or organ transplantation. This is a variable content course and may be taken again for credit with consent of instructor and the department chair.

4485 Topics in Philosophy of Religion (3)
Prerequisite: PHIL 3385, nine hours of philosophy, or consent of instructor. An intensive study of problems arising out of traditional and contemporary philosophical theology. This is a variable content course and may be taken again for credit with the consent of the instructor and the department chair.

4487 Topics in Philosophy of Law (3)
Same as CRIMIN 4487. Prerequisite: CRIMIN 1100 and 3 hours of philosophy, graduate standing or consent of instructor. An intensive study of recent philosophical debate about such issues as the authority of law, legal equality and justice, legal responsibility, self-determination and privacy, and legal punishment. This is a variable content course and may be taken again for credit with consent of instructor and the department chair.

4490 Philosophical Issues in Other Disciplines (3)
Prerequisite: Nine hours in philosophy, graduate standing, or consent of instructor. An examination of selected philosophical issues in a discipline other than philosophy. One or more such disciplines as history, political science, psychology, sociology, biology, chemistry, physics, or mathematics will be chosen, and philosophical issues selected and announced prior to registration, usually in consultation with the other department concerned. This course is normally taught as a seminar and attempts to serve advanced students in other departments with or without previous background in philosophy. This is a variable content course and may be taken again for credit with the consent of the instructor and the department chair.

4491 Senior Seminar (3)
Prerequisites: Senior standing; at least 12 hours of philosophy at the 1000 level or above; or consent of instructor. Intensive study of a central philosophical problem. The course emphasizes the fundamentals of philosophical writing and scholarship. Students will write a major paper to be evaluated by two members of the Philosophy Department and the course instructor.

5400 Proseminar in Philosophy (3)
Prerequisites: Graduate standing. Required of all entering graduate students in the fall semester of the first full year of residency. Topics vary. Other graduate students may take this course with the permission of the instructor and the director of graduate studies in Philosophy. Students will be expected to write papers, give presentations, and join in class discussion.

5410 Seminar in Significant Figures in Philosophy (3)
Prerequisites: Graduate Standing. In-depth study of work of a single philosopher. The philosopher selected will be announced prior to registration. This is a variable-content course any may be taken again for credit with consent of instructor and department chair.

5478 Seminar in Philosophy of Mind (3)
Prerequisites: Graduate standing. Topics may include functionalism and physicalism; representation and nature of propositional attitudes such as belief, desire, and various emotions; folk psychology and knowledge of other minds; introspection and knowledge of one's own mind; conscious and unconscious mental states and processes. This is a variable content course and may be taken again for credit with consent of instructor and department chair.

5521 Seminar in Analytic Philosophy (3)
Prerequisites: Graduate standing or consent of instructor. Intensive study of selected topics, texts, or individuals in historical or contemporary analytic philosophy. Topics may include, but are not limited to, Frege semantics, Russell’s theory of definite descriptions, logical positivism, Wittgenstein’s philosophy of language, Quine on the analytic/synthetic distinction, Kripke possible-world semantics, theories of propositions, the analysis of knowledge, contextualism in epistemology and language, relativistic semantics, epistemic two-dimensionalism, conceivability vs. possibility, three-dimensionalism vs. four-dimensionalism, presentism vs. eternalism, and applications of core concepts in other areas of philosophy. This is a variable content course and may be taken again for credit with consent of instructor and department chair.

5530 Seminar in Social and Political Philosophy (3)
Prerequisites: Graduate standing or consent of instructor. An intensive study of contemporary philosophical debate about such issues such as civil liberty, economic justice, political decision-making, and state authority. Variable content course and may be taken again for credit with consent of instructor and department chair.

5531 The Nature of Punishment (3)
Same as CRIMIN 5531. Prerequisite: Graduate standing. The historical development of punishment philosophies and techniques. Topics include the emergence of the modern prison, the joining of medical and legal treatment, and rationales for alternative forms of punishment.

5533 Philosophy of Law (3)
Same as CRIMIN 5533. Prerequisite: Graduate standing or consent of instructor. Examination of origins of law and the basis for legal obligation. Specific consideration of the justification of punishment, morality and law, and legal reasoning.

5538 Seminar in Ethical Theory (3)
Prerequisites: Graduate standing or consent of instructor. Answers questions from normative ethics or metaethics, which may include the following: What do all morally wrong actions have in common? What does the word "wrong" mean? How, if at all, can we verify moral judgements? Are any moral judgements valid for all societies? Do we always have good reason to be moral?

5540 Seminar in Epistemology (3)
Prerequisites: Graduate standing or consent of instructor. Close study of selected topics, texts, or individuals in epistemology. Topics may include (but are not limited to) theories of justification, naturalism in epistemology, and conceptions of knowledge. This is a variable content course and may be taken again for credit with consent of instructor and department chair.

5545 Seminar in Metaphysics (3)
Prerequisites: Graduate standing. Intensive study of a selected topic or problem area in metaphysics, e.g., mind-body identity, nature of the self, or conception of time. This is a variable content course and may be taken again for credit with consent of instructor and department chair.

5546 Seminar in Modality (3)
Prerequisites: Graduate standing or consent of instructor. Intensive study of selected topics, texts, or individuals in modality. Topics may include (but are not limited to): Kripke semantics, Lewis’ genuine modal realism about possible worlds, linguistic ersatzism, epistemic two-dimensionalism, conceivability vs. possibility, theories of epistemic modals, theories of propositional attitude reports, theories of knowability, provability, and computability, modal paradoxes, and applications of core concepts in other areas of philosophy. This is a variable content course and may be taken again for credit with consent of instructor and department chair.

5551 Special Readings in Philosophy (3)
Prerequisites: Graduate standing, written consent of instructor. Independent study through readings, reports, and conferences. This is a variable content course and may be taken again for credit with consent of instructor and department chair.

5555 Ethical and Legal Issues in Criminal Justice (3)
Same as CRIMIN 5555. Prerequisite: Graduate standing or consent of instructor. Examination of the moral and legal aspects of the policies and practices of criminal justice agencies and agents. Issues may include treatment of offenders, the role of technology, and research and professional ethics.

5560 Seminar in Logic (3)
Prerequisites: Graduate standing. Focused study of topics in logic and/or its history. Representative topics include Aristotelian logic, modal logic, Gödel incompleteness theorems, relevance logic, paraconsistent logic, free logic. This is a variable content course and may be taken again for credit with consent of instructor and department chair.

5561 Graduate Formal Logic (3)
Prerequisites: Graduate standing; permission of the department. A rigorous introduction to formal logic that includes sentential calculus, predicate logic, and completeness proofs. May be taken for graduate credit only with permission of the graduate advisor and chair.
5570 Seminar in Philosophy of Language (3)
Prerequisites: Graduate standing or consent of instructor. Close study of selected topics, texts, or individuals in the philosophy of language. Topics may include (but are not limited to): theories of indexicals and demonstratives, theories of proper names and descriptions, sense and reference, compositionality, natural language semantics, syntax pragmatics, applications of core concepts in other areas of philosophy. This is a variable content course and may be taken again for credit with consent of instructor and department chair.

5579 Seminar in Philosophy of Cognitive Science (3)
Prerequisites: Graduate standing. General topics include role of computation in cognitive science, merits of symbolic computation and connectionism, aims and methods of artificial intelligence, and relationship between cognitive science and our everyday understanding of people. Specific topics may include perception, reasoning, consciousness, language, emotion, and will. This is a variable content course and may be taken again for credit with consent of instructor and department chair.

5580 Seminar in Philosophy of Science (3)
Prerequisites: Graduate standing or consent of instructor. Focus on recent issues and controversies. Topics may include theories and observation, models of explanation, confirmation, realism and antirealism, empiricism and naturalism, "social construction" and feminist views of science. This is a variable content course and may be taken again for credit with consent of instructor and department chair.

5582 Seminar in Philosophy of Social Science (3)
Prerequisites: Graduate standing or consent of instructor. Intensive examination of selected topics, such as the nature of explanation in social science, rationality, value-freedom and objectivity, or relation of social to natural sciences. This is a variable content course and may be taken again for credit with consent of instructor and department chair.

5590 Philosophical Issues in Other Disciplines (3)
Prerequisites: Graduate standing or consent of instructor. Examination of selected philosophical issues in disciplines other than philosophy. One or more such disciplines as history, political science, psychology, sociology, biology, chemistry, physics, or mathematics will be chosen. The discipline(s) and issues selected will be announced prior to registration. This is a variable content course and may be taken again for credit with consent of instructor and department chair.

5595 Thesis Research (1-6)
Prerequisites: Graduate standing or consent of instructor. May be repeated to a total of six credit hours.

6421 Philosophy of Education (3)
Prerequisites: Graduate standing or consent of instructor. Same as ED FND 6421. Critical examination of selected issues in education from the perspective of Western philosophy. Topics may include the distinctive features of education as an activity and achievement, concepts of teaching and learning, relations between education and values, and the role of public educational institutions.
Department of Physics and Astronomy

Faculty

Bruce A. Wilking, Professor, Chairperson
Ph.D., University of Arizona

Jacob J. Leventhal, Curators’ Professor
Ph.D., University of Florida

Frank Edward Moss, Curators’ Professor Emeritus
Ph.D., University of Virginia

Ta-Pei Cheng, Professor Emeritus
Ph.D., Rockefeller University

Bernard Joseph Feldman, Professor
Ph.D., Harvard University

Ricardo A. Flores, Professor
Ph.D., University of California-Santa Cruz

Thomas F. George, Professor and Chancellor
Ph.D., Yale University

Peter Herwig Handel, Professor
Ph.D., University of Bucharest

Bob Londes Henson, Professor
Ph.D., Washington University

Jingyue Liu, Professor
Ph.D., Arizona State University

Richard Dean Schwartz, Professor Emeritus
Ph.D., University of Washington

Philip Fraundorf, Associate Professor
Ph.D., Washington University

Wilfred H. Sorrell, Associate Professor
Ph.D., University of Wisconsin

Sonya Bahar, Assistant Professor
Ph.D., University of Rochester

Erika Gibb, Assistant Professor
Ph.D., Rensselaer Polytechnic Institute

Eric Majzoub, Assistant Professor
Ph.D., Washington University

Mary Jane Kernan, Associate Teaching Professor
Ph.D., Washington University

Michael Fix, Associate Teaching Professor
A.M., Washington University

Charles E. Burkhardt, Adjunct Professor
Ph.D. Washington University

Udo Erdmann, Adjunct Assistant Professor
Ph.D., Humboldt University

Lu Fei, Adjunct Associate Professor
Ph.D., University of Missouri-St. Louis

J. Daniel Kelley, Adjunct Professor
Ph.D., Georgetown University

Mary M. Leopold, Adjunct Associate Professor
Ph.D., Washington University

László Nánai, Adjunct Professor
Ph.D., Lebedeff Institute of Physics, Russia

Alexander Neiman, Adjunct Assistant Professor
Ph.D., Dr. Sc., Saratgov State University, Russia

Chung-In Um, Adjunct Professor
General Information

Degrees and Areas of Concentration
The Department of Physics & Astronomy offers course work leading to the B.A. in physics, the B.S. in physics, and in cooperation with the College of Education, the B.A. in physics with teacher certification and the B.S. in education with an emphasis in physics. The Department offers meritorious students opportunities to participate in teaching and research to help prepare them for the independent effort required in industry or graduate school. The department's faculty members have a diversity of interests and are active in various experimental and theoretical research areas. The Department’s faculty members have a diversity of interests and are active in various experimental and theoretical research areas. Students successfully completing this program will obtain an understanding of basic physics concepts, mathematical and problem-solving skills needed to solve basic physics problems, experimental skills in physics, astrophysics, or biophysics, and the ability to analyze and interpret scientific data and write scientific papers or reports.

Graduate work leading to the Master of Science in physics is also offered. The M.S. in physics program combines a sound basis in the fundamental areas of classical and modern physics from both a theoretical and an applied perspective. The program is designed to enable students with undergraduate backgrounds in physics or other technical areas to further their professional development and improve their technical development. The program is offered almost entirely in the evening to serve students who are employed locally. Students receiving a M.S. in physics will obtain an understanding of advanced physics concepts and mathematical and problem-solving skills needed to solve advanced physics problems. Students are strongly encouraged to be involved with faculty research programs that will develop experimental skills in physics, astrophysics, or biophysics as well as experience in analyzing and interpreting scientific data and the writing of scientific papers, reports, or theses.

The Department offers the Ph.D. degree in cooperation with Missouri University of Science and Technology Physics Department. Students must satisfy the Missouri S&T admission standards, and the Missouri S&T Qualifying Exam in Physics is required of University of Missouri-St. Louis Ph.D. students. However, all course work and dissertation research may be completed while the student is in residence at UMSL. In addition to obtaining an understanding of advanced physics concepts and mathematical and problem-solving skills needed to solve advanced physics problems, Ph.D. students are expected to conduct independent scientific research in physics, astrophysics, or biophysics while learning to analyze and interpret scientific data and write scientific papers, reports, and a dissertation.

Undergraduate Studies

General Education Requirements: Majors must complete the university and college general education requirements. Any of the following courses may be used to satisfy the physical science requirement:

ASTRON: 1001, 1001A, 1011, 1012, 1050, 1051, 1121
ATM SCI: 1001, 1001A, 1053
GEOL 1001, 1002, 1001A, 1002A
PHYSICS: 1001, 1011, 1012, 2111, 2112.

Degree Requirements

All physics majors, who are first-time freshman or transfer students, must complete PHYSICS 1099, Windows on Physics. All physics majors in all programs must complete the physics core curriculum. In addition to the core courses, each individual program has its own specific requirements. Required Physics, Mathematics, Chemistry, Biology, Optometry and Computer Science courses for a major or minor in physics may not be taken on a satisfactory/unsatisfactory grading basis.

Core Curriculum The following physics courses are required:

1099, Windows on Physics
2111, Physics: Mechanics and Heat
2112, Physics: Electricity, Magnetism, and Optics
3200, Mathematical Methods of Theoretical Physics
3221, Mechanics
3223, Electricity and Magnetism
3231, Introduction to Modern Physics I

Also required are:

MATH 1800, Analytic Geometry and Calculus I
MATH 1900, Analytic Geometry and Calculus II
MATH 2000, Analytic Geometry and Calculus III
MATH 2020, Introduction to Differential Equations
CHEM 1111, Introductory Chemistry I or equivalent
CMP SCI 1250, Introduction to Computer Science

Note Students are urged to begin the calculus sequence [MATH 1800, Analytic Geometry and Calculus I] as soon as possible to avoid delays in graduation.

Students with experience in digital computer programming may be excused from CMP SCI 1250.

Bachelor of Arts in Physics
The B.A. program is tailored to students wishing to preserve the option for specialization in graduate school without sacrificing the advantages of a liberal arts education. In addition to the core curriculum, including the foreign language requirement, at least three electives at the 3000 or 4000 levels must be completed. The Department of Physics and Astronomy will accept the three-course sequence in American Sign Language as a substitution for the foreign language requirement for the degree. At least 31 hours of physics courses, but no more than 45 hours, are required.

Bachelor of Science in Physics
The B.S. degree provides students with five options: general physics, astrophysics, engineering physics, medical physics or optical biophysics.

General Physics Option
This option may be elected by students desiring a greater concentration in physics and mathematics and is recommended for students wishing to enter graduate study in physics. At least 49 hours but no more than 52, are required. In addition to the core curriculum, the following physics courses are required:

Physics
4310, Modern Electronics
4311, Advanced Physics Laboratory I
4323, Modern Optics
4331, Introduction to Quantum Mechanics
4341, Thermal and Statistical Physics
and three electives at the 4000 level in physics or astronomy.

Astronomy
1050, Introduction to Astronomy I or 1051, Introduction to Astronomy II

Also required are:
Math
2450, Elementary Linear Algebra
4030, Applied Mathematics I or 4320, Numerical Analysis I

and one elective in math at or above the 3000 level, or in computer science at or above the 2000 level.

Chemistry
1121, Introductory Chemistry II, or equivalent.

Astrophysics Option
This option may be elected by students who have interests in the aerospace sciences or anticipate graduate studies in astrophysics. At least 47 hours, but not more than 51, must be taken. In addition to the core curriculum, the following physics courses are required:

Physics
4323, Modern Optics
4331, Introduction to Quantum Mechanics
4341, Thermal and Statistical Physics

Astronomy
1050, Introduction to Astronomy I
1051, Introduction to Astronomy II
4301, Astrophysics
4322, Observational Astronomy

And one physics elective at the 4000 level. With consent of the astronomy adviser, there may be substitution of Astronomy 1001, 1001A, 1011 or 1012 for 1050 or 1051.

Also required are:
Math
2450, Elementary Linear Algebra
4030, Applied Mathematics I or 4230, Numerical Analysis I

**Engineering Physics Option**
Students interested in careers in the research and development field of industry should consider this option. This program exposes the student to a basic engineering curriculum, as well as to areas of physics with industrial applications, such as electronics, modern optics, and linear analysis. At least 49 hours, but no more than 51, are required. In addition to the core curriculum, the following courses are required:

**Joint Engineering**
2310, Statics
2320, Dynamics

**Joint Electrical Engineering**
2300, Introduction to Electrical Networks

**Physics**
4310, Modern Electronics
4311, Advanced Physics Laboratory I
4323, Modern Optics
4331, Introduction to Quantum Mechanics
4341, Thermal and Statistical Physics

**Math**
1320, Applied Statistics I
2450, Elementary Linear Algebra

Also required is one elective in math at or above the 3000 level, or in a computer science at or above the 2000 level.

**Medical Physics Option**
This option is designed for students who are interested in careers in various medical fields or biophysics. This option provides a strong preparation in physics, mathematics, chemistry, and biology for students who intend to apply for admission to medical schools. At least 41 hours of physics and biology combined, but no more than 51, are required. In addition to the core curriculum, the following physics and biology courses are required:

**Physics**
4310, Modern Electronics
4347, Biophysics of Imaging

**Biology**
1811, Introductory Biology I: From Molecules to Organisms
1821, Introductory Biology II: Organisms and the Environment
and two additional physics electives at the 4000 level.

Also required are:

**Chemistry**
1121, Introductory Chemistry II
2612, Organic Chemistry I
2622, Organic Chemistry II
2633, Organic Chemistry Laboratory

**Note:** With approval of the chairperson of physics and astronomy, students with strong mathematical preparations who have already completed the PHYSICS 1011 and PHYSICS 1012 sequence in basic physics may substitute these courses for two required core courses PHYSICS 2111 and PHYSICS 2112, respectively. However, this is not the recommended route because PHYSICS 2111 and 2112 give significantly better preparation for the required junior-level physics core courses. It would be the individual student’s responsibility to make up any resulting deficiencies.

**Optical Biophysics Option**
This program is designed for students wanting to obtain a strong biophysics emphasis that will also prepare them for the optometry program at UMSL. This 3+4 program allows students to complete their B.S. in physics and Doctor of Optometry degrees in seven years. Students can complete their B.S. in physics degree in their fourth year while starting coursework in the College of Optometry. A total of 55 hours in physics, biology, and optometry courses are required. In addition to the physics core curriculum, the following courses are required:

**Physics**
4341, Thermal and Statistical Physics
Biology
1811, Introduction to Biology I: From Molecules to Organisms
1821, Introduction to Biology II: Organisms and the Environment
2482, Microbiology
2483, Microbiology Laboratory

Optometry (fourth year only)
8020, Geometric Optics
8060, Biochemistry
8120, Ocular Optics
8140, Physical Optics and Photometry

Also required are:

Chemistry
1121, Introductory Chemistry II
2612, Organic Chemistry I
2622, Organic Chemistry II
2633, Organic Chemistry Laboratory

Psychology
1003, General Psychology and one elective in psychology

Statistics,
MATH 1320, Applied Statistics I or PSYCH 2201, Psychological Statistics

Note: Upon declaring physics as a major and selecting this option, students should seek an initial interview with the Director of Student Services and the Pre-Optometry Advisor in the UMSL College of Optometry to ensure that all prerequisites for the College of Optometry will be completed. A similar review is recommended at the beginning of the Winter Semester of the second year. In August following the completion of their second year of this program, students may apply formally to the UMSL College of Optometry and arrange to take the Optometry Admissions Test (OAT) during the Fall semester of their third year. The applicant will be invited for a formal interview for acceptance into the College of Optometry professional program following receipt of a completed application in the Fall Semester of the candidate’s third year. Following the formal interview with the College of Optometry at the beginning of the third year, students with a 3.0 or better grade point average in the science prerequisites for optometry and a score of 310 or better on the OAT exam may be accepted into the College of Optometry.

B.S. degree in Secondary Education with an Emphasis in Physics.
All candidates must enroll in a program that includes Levels I, II, and III coursework in the College of Education. In addition, students must complete the following Science Core Courses and the courses listed under Physics Endorsement:

Science Core Courses:

Philosophy
3380, Philosophy of Science

Biology
1811, Introductory Biology I: From Molecules to Organisms
1821, Introductory Biology II: Organisms and the Environment

Chemistry
1111, Introductory Chemistry I
1121, Introductory Chemistry II

GEOL 1001, General Geology
ATM SCI 1001, Elementary Meteorology
BIOL 1202, Environmental Biology or another environmental science

Physics
2111, Physics: Mechanics and Heat
2112, Physics: Electricity, Magnetism, and Optics

Physics Endorsement
Physics
3200, Mathematical Methods of Theoretical Physics
3221, Mechanics
3223, Electricity and Magnetism
3231, Introduction to Modern Physics
4310, Modern Electronics
4311, Advanced Physics Laboratory I
4802, or SEC ED 3240, Methods of Teaching Science in Secondary Schools
4837, Teaching Intern Seminar

Minor in Physics
Students may complete a minor in physics with the flexibility of emphasis on classical physics, modern physics, or a combination of the two areas. The following physics courses are required:

1099, Windows on Physics
2111, Mechanics and Heat
2112, Electricity, Magnetism, and Optics
3200, Mathematical Methods of Theoretical Physics
and two additional emphasis courses chosen from the following physics courses:
3221, Mechanics
3223, Electricity and Magnetism
3231, Introduction to Modern Physics I
4310, Modern Electronics

A GPA of at least 2.0 is required in courses presented for a minor. It is required that a student completes a minimum of 6 hours of graded work in 2000 level or above courses on the UMSL campus.

Graduate Studies

Admission Requirements
The Department requires applicants to have adequate backgrounds in such areas as mechanics, thermodynamics, electromagnetism, optics, electronics, and modern physics. Students admitted to the program with deficiencies in these areas are required to take appropriate undergraduate courses. If necessary, a remedial program is determined in consultation with the department graduate studies director at the time of application for admission.

Graduate Degree Requirements

Master's
A student must complete 30 credit hours in graduate physics courses with at least 15 of these at the 5000 or 6000 level. The writing of a thesis is optional. A maximum of 6 credit hours of Research, PHYSICS 6490, may be counted toward the minimum 15 hours. A comprehensive examination must be passed, which includes a defense of the thesis if the student has chosen to write one. A grade point average of 3.0 must be maintained during each academic year. The requirements must be fulfilled within six years from the time of admission. Two-thirds of required graduate credit must be taken in residence. No language requirement.

Doctorate
A minimum of 48 hours past the master's degree with satisfactory performance. Residency requirement of three years/six semesters (for those with master’s degree, two years/four semesters) at UMSL and/or cooperating Missouri S&T campus. Ph.D. qualifying exam, dissertation, and dissertation exam are administered in cooperation with Missouri S&T. Overall requirement of B grades or better. Dissertation may be written in absentia. No language requirement.

Special Equipment, Facilities, or Programs
The William L. Clay Center for Nanoscience, which opened in 1996, is an interdisciplinary facility bringing together both physicists and chemists for research in materials science. A focus of the Center is to foster collaborations between its members and colleagues in industry. The Center houses the Microscope Image and Spectroscopy Tech Lab where research at the forefront of nanotechnology is conducted with transmission electron, scanning probe, and scanning electron microscopes in a building uniquely designed for such work. The Center is spearheading the formation of the Missouri NanoAlliance, a nano-characterization and synthesis network that will facilitate the sharing of resources across Missouri. The Center for Neurodynamics, established in 1995, conducts research at the interface between physics and biology, with a focus on the roles of noise and stochastic synchronization in neural processing. The Center has an on-site high speed (CCD) imaging system for studying the spatial dynamics of neural activity in the mammalian brain. Collaborations with St. Louis University will permit high time-resolution magnetoencephalography (MEG) image analysis, making use of a high-speed Internet 2 connection, UMSL’s new high-speed (3.8 GHz) 128-node Beowulf cluster, and Missouri’s first MEG machine. Astronomers make use of national facilities at Kitt Peak, Cerro Tololo, and Mauna Kea Observatories. The University provides email and internet services through numerous student labs equipped with computers with Windows and Macintosh operating systems, flat-bed document scanners, and color printers. The Department maintains a network of UNIX/LINUX/OSX system and workstations. The department maintains a workstation for image processing. The Department operates a machine shop and an electronics shop. In addition, the Department maintains a library containing some of the most frequently used physics journals.
Typical Program:

**First Semester**
PHYSICS: 6000 level and 4000, 5000 level course
Total: 6 hours

**Second Semester**
PHYSICS: 6000 level and 4000, 5000 level course
Total: 6 hours

**Third Semester**
PHYSICS: 6000 level and 4000, 5000 level course
PHYSICS 6490, Thesis Research or Seminar
Total: 9 hours

**Fourth Semester**
PHYSICS: 6000 level and 4000 level course
PHYSICS 6490 Thesis Research or Seminar
Total: 9 hours

Career Outlook

Many of our students have been successful in subsequent graduate studies in astronomy and atmospheric science, biomedical engineering, medical physics, and patent law, as well as in physics. Our alumni have pursued graduate studies and earned doctorate degrees at institutions such as Cornell University, University of Wisconsin, Washington University, and University of Chicago. The many students who elected a career in industry are now working in a variety of settings for such firms as International Business Machines, Emerson Electric, MEMC Electronic Materials, Motorola, Southwestern Bell, Hewlett-Packard, Boeing, and the National Center for Atmospheric Research. Several former students are currently teaching physics in high schools around the St. Louis area.

Course Descriptions

Prerequisites may be waived by consent of the department. Courses in this section are grouped as follows: Astronomy; Atmospheric Science; Geology; and Physics.

Students who have earned 24 or more semester hours of credit at any accredited post-secondary institution(s) before the start of the fall 2002 semester must meet the general education requirements stipulated in the UMSL 2001-2002 Bulletin. The following courses fulfill the Natural Sciences and Mathematics breadth of study requirements as described in that Bulletin:

ASTRON: 1001, 1001A, 1011, 1012, 1050, 1051, 1121.
ATM SCI: 1001, 1001A, 1053.
GEOL: 1001, 1002, 1001A, 1002A.
PHYSICS: 1001, 1011, 1012, 2111, 2112.

Astronomy

**1001 Cosmic Evolution/Introductory Astronomy (4) [MI, MS]**
Overview of astronomy, from the planets to the Big Bang. Topics include the celestial motions, planets and the formation of the solar system, stars and stellar evolution, galaxies, and cosmology. Students will be introduced to the latest discoveries and how they affect our understanding of the universe. The format is three classroom hours and one 2-hour laboratory session per week to enhance lecture material.

**1001A Cosmic Evolution/Introductory Astronomy (3) [MS]**
Overview of astronomy, from the planets to the Big Bang. Topics include the celestial motions, planets and the formation of the solar system, stars and stellar evolution, galaxies, and cosmology. Students will be introduced to the latest discoveries and how they affect our understanding of the universe. The format is three classroom hours per week. Same as ASTRON 1001 without the laboratory.

**1011 Planets and Life in the Universe (3) [MS]**
Man's concept of the solar system from Stonehenge to Einstein; geology and meteorology of the planets of our solar system, with particular attention to results from the space program; exobiology-study of the possibilities of life on other worlds and the best method of communicating with it. Three classroom hours per week.

**1012 The Violent Universe and the New Astronomy (3) [MS]**
A nontechnical course focusing on recent results which larger telescopes and the space program have made available. Pulsars, x-ray stars, and black holes; radio astronomy, our galaxy, and interstellar molecules; exploding galaxies and quasars; origin of the expanding universe. Three classroom hours and one observing session per week.

**1050 Introduction to Astronomy I (3) [MS]**
Prerequisites: MATH 1030 and 1035. A survey of the history of astronomy from the ancient times to present.
Theories for the formation and evolution of the solar system and the general features of the solar system and planetary motions are discussed. The physical concept of gravity is presented. The detailed properties of the planets, comets, and asteroids are reviewed, concentrating on recent results from space missions.

1051 Introduction to Astronomy II (3) [MS]
Prerequisites: MATH 1030 and 1035. A survey of astronomy beyond the solar system. Topics include stars and stellar evolution, neutron stars, and black holes. The physical concept of light and the design of telescopes is discussed in detail. The structure of the Milky Way Galaxy and the large scale structure of the universe are explored. Dark matter, quasars, and active galactic nuclei are discussed in the context of theories for the formation and evolution of the universe. Course does not need to be taken in sequence with ASTRON 1050.

1121 The Search for Extraterrestrial Life (3) [MS]
Prerequisite: ASTRON 1001 or 1011. Are we alone? The possibility of life in the universe in addition to our own will be explored. Our discussion of the chances for extraterrestrial life will be built around the current theories of chemical, biological, and cultural evolution, which have led to our own technological civilization on Earth. Strategies for communication with extraterrestrial intelligence will be discussed.

4301 Astrophysics (3)
Prerequisite: PHYSICS 3231 or consent of instructor. A moderately technical introduction to astrophysics. Topics will include: physics of stellar interiors and atmospheres; interpretation of stellar spectra; stellar evolution; radio astronomy; and cosmology.

4322 Observational Astronomy (4)
Prerequisites: ASTRON 1050, ASTRON 1051, and MATH 2000 or consent of instructor. Tools of the astronomer: telescopes, spectroscopy, photoelectric photometry. Students will work on a number of projects which will enable them to develop expertise in obtaining, reducing, and analyzing astronomical observations. Student night observing will be an important part of the course. This course is primarily for persons who are astronomy or physics majors or who have some equivalent astronomical background.

Atmospheric Science

1001 Elementary Meteorology (4) [MS, MI]
Prerequisite: MATH 1020 or equivalent. An elementary course covering atmospheric phenomena, weather, and climate. Topics included are temperature, pressure, and moisture distributions in the atmosphere and dynamical effects such as radiation, stability, storms, and general circulation. Four classroom hours per week with one hour being a learning enhancement session to include demonstrations and exercises on problem solving.

1001A Elementary Meteorology (3) [MS]
Prerequisite: MATH 1020 or equivalent. An elementary course covering atmospheric phenomena, weather, and climate. Topics included are temperature, pressure, and moisture distributions in the atmosphere and dynamical effects such as radiation, stability, storms, and general circulation. Same as Atmospheric Science 1001 without the learning enhancement session.

Geology

1001 General Geology (4) [MI, MS]
Earth materials and processes, including geological aspects of the resource/energy problem. Laboratory involves identification of common rocks and minerals.

1001A General Geology (3) [MS]
Earth materials and processes, including geological aspects of the resource/energy problem. Same as GEOL 1001 without the laboratory.

1002 Historical Geology (4) [MI, MS]
Prerequisite: GEOL 1001. Study of changes in geography, climate and life through geological time; origin of continents, ocean basins, and mountains in light of continental drift. Laboratory primarily involves description and identification of fossils.

1002A Geology (3) [MS]
Study of changes in geography, climate and life through geological time; origin of continents, ocean basins, and mountains in light of continental drift. Same as GEOL 1002 without the laboratory.

1053 Oceanography (3) [MS]
The atmospheric and ocean circulations; the chemistry and geology of the deep sea; and their effects on the distribution of marine organisms.

Physics

1001 How Things Work (3) [MS]
Provides a practical introduction to understanding common life experiences by using physical intuition and
basic ideas of physics. Powerful scientific principles are demonstrated through topics ranging from airplane wings to compact disk players, from lightning strikes to lasers.

1011 Basic Physics I (4) [MI, MS]
Prerequisite: MATH 1800 or 1100 may be taken concurrently. A course specifically designed for students in health and life sciences, covering the topics of classical mechanics, heat and sound. Will not fulfill the PHYSICS 2111 requirement for physics, chemistry, and engineering majors. Three classroom hours and two hours of laboratory per week.

1012 Basic Physics II (4) [MI, MS]
Prerequisite: PHYSICS 1011. A continuation of PHYSICS 1011. A course specifically designed for students in health and life sciences covering the topics of electricity, magnetism, light and radiation. Will not fulfill the PHYSICS 2112 requirement for physics, chemistry, and engineering majors. Three classroom hours and two hours of laboratory per week.

1050 Introduction to Physics (4)
Prerequisite: MATH 1030. A laboratory survey course which introduces students to the fields of mechanics, heat and thermodynamics, optics, electricity and magnetism, and modern physics at the pre-calculus level. A problem-solving course, recommended for science and engineering students who have no physics background or who desire additional preparation for PHYSICS 2111. Three classroom hours and two hours of laboratory per week.

1099 Windows on Physics (1)
A seminar designed to introduce physics majors to research areas in physics and physics-related fields in the Department of Physics & Astronomy. In addition to fundamental areas of physics, the areas of astrophysics, biophysics, materials science, and nanotechnology will be included. Career opportunities for students with physics degrees will be discussed and the physics curriculum will be reviewed. The course meets weekly and is required of all physics majors and minors who are first-time freshmen or transfer students.

2111 Physics: Mechanics and Heat (5) [MS, MI]
Prerequisite: MATH 1900 (MATH 1900 may be taken concurrently). PHYSICS 1001, or CHEM 1121, or equivalent is recommended. An introduction to the phenomena, concepts, and laws of mechanics and heat for physics majors and students in other departments. Three classroom hours, one hour discussion, and two hours of laboratory per week.

2112 Physics: Electricity, Magnetism, and Optics (5) [MI, MS]
Prerequisites: PHYSICS 2111 and MATH 2000 may be taken concurrently. A phenomenological introduction to the concepts and laws of electricity and magnetism, electromagnetic waves, optics and electrical circuits for physics majors and students in other departments. Three classroom hours, one hour discussion, and two hours of laboratory per week.

3200 Mathematical Methods of Theoretical Physics (3)
Prerequisites: PHYSICS 2112 and MATH 2000. Mathematical techniques specifically used in the study of mechanics, electricity, magnetism, and quantum physics are developed in the context of various physical problems. Course includes the topics of vector calculus, coordinate systems, the Laplace equation and its solutions, elementary Fourier analysis, and complex variables. Applications to electrostatics, mechanics, and fluid dynamics are emphasized. Three classroom hours per week.

3221 Mechanics (3)
Prerequisites: PHYSICS 3200 and MATH 2020. MATH 2020 may be taken concurrently. Advanced course covering single and many particle dynamics, rigid-body dynamics, and oscillations. Variational principles and the Lagrangian and Hamiltonian formulations of mechanics are covered. Three classroom hours per week.

3223 Electricity and Magnetism (3)
Prerequisites: PHYSICS 3200 and MATH 2020. MATH 2020 may be taken concurrently. Advanced course covering the rigorous development, from basic laws, of Maxwell’s equations for electromagnetic fields along with applications of these equations. Topics covered are electrostatics and electrodynamics including currents, magnetic fields, motion of charged particles in fields and an introduction to electromagnetic waves. Three classroom hours per week.

3231 Introduction to Modern Physics I (3)
Prerequisite: PHYSICS 2111, 2112, and MATH 2020 may be taken concurrently and PHYSICS 3200 strongly recommended. Photons and the wave nature of particles, wave mechanics, Schrödinger equation, with applications to atomic physics; and radiation; the physics of solids; elementary particles; special relativity; health physics. Three classroom hours per week.

3281 Directed Readings in Physics (1-5)
Prerequisite: Consent of instructor. An independent study of special topics in physics. A paper may be required on an approved topic. Topics must be substantially different. Hours arranged.

3390 Research (1-10)
Prerequisite: Consent of department. Independent research projects arranged between student and instructor. Hours arranged.

4306 Nanoscience Practicals (1-3)
Prerequisite: Consent of Instructor (1.0 credit hour per module with a maximum of 3 credit hours) Studies of nanoscience characterization, synthesis, and modeling techniques designed for clients of these tools, as well as for technical users interested in a current overview. Course consists of a set of 1/3 semester modules. Check with the instructor on more specialized modules (e.g. on materials microscopy) if interested. Each module will cover instrumentation, current applications, weaknesses, and will involve lab visits for hands-on experience, weekly web interaction and classroom hours.

4308 Transmission Electron Microscopy (3)
Prerequisite: PHYSICS 4307 or consent of instructor. A lecture/laboratory study of transmission electron microscopy (TEM) in conventional, analytical, and phase-contrast (high resolution) applications. Course includes advanced electron optics and image formation, defect structures, specimen preparation, contrast theory, diffraction/periodicity analysis, and electron energy loss/x-ray spectroscopy. Two classroom hours and two hours laboratory per week.

4309 Scanning Probe Microscopy (3)
Prerequisite: PHYSICS 4307 or consent of instructor. A lecture/laboratory study of research techniques using scanning probe microscopy. Topics include atomic force microscopy, scanning tunneling microscopy, feedback control, scanning tip fabrication, scan calibrations, air/solution/vacuum imaging, image processing and analysis, near-field optical probes, metrology, and lateral force/displacement microscopy. Applications in physics, chemistry, biology, engineering, and surface science are discussed. Two classroom hours and two hours laboratory per week.

4310 Modern Electronics (3)
An integrated recitation/laboratory study of modern analog and digital electronics with emphasis on integrated circuits. Topics include circuit elements, operational amplifiers, logic gates, counters, adc/dac converters, noise reduction, microprocessors, embedded microcontrollers, and digital processing. Six hours of laboratory per week.

4311 Advanced Physics Laboratory I (3)
Prerequisites: Advanced standing with at least nine completed hours of physics at or above the 3000 level. Physics majors are introduced to the experimental techniques used in research. A student will choose and do several special problems during the semester. Six hours of laboratory per week.

4323 Modern Optics (3)
Prerequisite: PHYSICS 3223. A study of modern optics including diffraction theory, polarization, light propagation in solids, quantum optics, and coherence. Three classroom hours per week.

4331 Introduction to Quantum Mechanics (3)
Prerequisites: PHYSICS 3200 and 3231. Photons and the wave nature of particles; wave mechanics, the Schroedinger equation, operator and matrix formulations, and Dirac notation; applications to single particle systems, atomic physics, and spectroscopy. Three classroom hours per week.

4335 Atomic and Nuclear Physics (3)
Prerequisite: PHYSICS 4331. Application of Schrödinger’s equation to hydrogen-like atoms; atomic structure and spectra; nuclear masses, energy levels; alpha, beta, and gamma radiation, nuclear reactions, and models of the nucleus. Three classroom hours per week.

4341 Thermal and Statistical Physics (3)
Prerequisites: MATH 2000 and PHYSICS 3231. Introduction to statistical mechanics, classical thermodynamics and kinetic theory. Three classroom hours per week.

4343 Selected Topics in Physics I (3)
Prerequisites: PHYSICS 3221, 3223, 3231, and 4341. Topics include special phenomena from research areas such as scattering of waves, biophysics, nonlinear physics, geophysical fluid dynamics and the atmospheric sciences treated by methods of advanced mechanics, thermodynamics and quantum mechanics. Three classroom hours per week.

4347 Biophysics of Imaging (4)
Prerequisites: PHYSICS 3231, BIOL 1811, BIOL 1821. An introduction to the application of physical principles to problems in medical physics and biology, with a particular focus on the biophysics of various technologies for imaging both human patients and biological macromolecules. Topics covered will include the principles of X-ray crystallography, metabolic and optical changes in the brain, NMR and fMRI, magnetoencephalography, PET imaging, the electrophysiology of EEG and ECG, dynamics in the body and brain, and dynamics in genetics. Laboratory projects on brain imaging and data analysis are an integral part of the course. Three classroom hours and two laboratory hours per week.

4350 Computational Physics (3)
Prerequisite: CMP SCI 1250, plus PHYSICS 3221, 3223, and 3231. Computer analysis in physics; solutions of eigenvalue problems; coupled differential equations. Three classroom hours per week.

**4351 Elementary Solid State Physics (3)**
Prerequisite: PHYSICS 4331. Theoretical and experimental aspects of solid state physics, including one-dimensional band theory of solids; electron emission from metals and semiconductors; electrical and thermal conductivity of solids. Three classroom hours per week.

**4353 Physics of Fluids (3)**
Prerequisites: PHYSICS 3221, 3223, and 4341, or consent of instructor. Dynamical theory of gases and liquids. Course covers the mathematical development of physical fluid dynamics with contemporary applications. Three classroom hours per week.

**4354 Atmospheric Physics (3)**
Prerequisite: PHYSICS 4341 and 3221. The mathematical application of physical laws to atmospheric dynamics and physical meteorology. Application of mechanics, thermodynamics, optics, and radiation to atmospheric phenomena including the ionosphere. Three classroom hours per week.

**4356 Quantum Optics (3)**
Prerequisites: PHYSICS 3200 and 3231, and Math 2020. Review of atomic theory and spectroscopy. Selected applications to modern optical phenomena such as optical pumping, lasers, masers, Mössbauer effect, and holography. Three classroom hours per week.

**4357 Subatomic Physics (3)**
Prerequisites: PHYSICS 3223, 3231 and 4331, may be taken concurrently. Introduction to nuclear and particle physics. Nuclear phenomenology and models; high energy particle accelerators and detectors; phenomenology of strong, electromagnetic and weak interactions; symmetry principles; quark compositions of strongly interacting baryons and mesons; gauge theories and the standard model of particle interactions; grand unification. Three classroom hours per week.

**4365 Introduction to Plasma Physics (3)**
Prerequisite: PHYSICS 3223 and 4341. A study of the nonlinear collective interactions of ions, electrons, and neutral molecules with each other and with electric and magnetic fields. Topics include plasma confinement and stability, electrical discharges and ionization, kinetic theory of plasma transport, plasma waves and radiation, and controlled fusion. Solutions of the Boltzmann, Fokker-Planck, and Vlasov equations are discussed and methods of advanced electromagnetism and statistical physics are utilized. Three classroom hours per week.

**4370 Relativity and Cosmology (3)**
Prerequisites: PHYSICS 3221, 3223, and 3231. An introduction to Einstein’s general theory of relativity. Topics will include special relativity in the formalism of Minkowski’s four dimensional space-time, Principle of Equivalence, Riemannian geometry and tensor analysis, Einstein Field Equation and cosmology. Three classroom hours per week.

**4381 Directed Readings in Physics (1-10)**
Prerequisite: Consent of instructor. An independent study of special topics in physics for senior undergraduates or graduate students.

**4387 Chemistry/Physics Teaching Intern Seminar (1)**
Same as CHEM 4837. Prerequisite: CHEM 4802 or PHYSICS 4802. A seminar to accompany student teaching covering integration of physical science curricula and methods into the classroom setting. To be taken concurrently with Secondary Student Teaching, SEC ED 3290 One hour discussion per week.

**4802 Curriculum and Methods of Teaching Physical Sciences (3)**
Prerequisite: TCH ED 3310 and a near-major in the subject matter. A study of the scope and sequence of the physical science courses in the school curriculum, with emphasis on the selection and organization of materials and methods of instruction and evaluation. Attention is also directed toward learning the techniques and research tools of the scholar in the field of science. To be taken prior to student teaching. This course must be completed in residence.

**5307 Advanced Scanning Electron Microscopy (3)**
Prerequisite: Consent of instructor. This course introduces students to advanced scanning electron microscopy techniques and their applications to solving challenging materials and biological problems. The course includes electron optics, electron-specimen interactions, image formation and interpretation, compositional analysis by energy dispersive X-ray spectroscopy, and sample preparation of both biological and non-biological systems. Laboratory experiments will provide students “hands-on” experience with SEM operations and problem-solving skills. Successful completion of the course enables students to independently operate scanning electron microscopes to perform research experiments. Two classroom hours and two hours of laboratory per week.

**5345 Nonlinear Dynamics and Stochastic Processes (3)**
Prerequisites: PHYSICS 3221 and 4341 and Consent of Instructor. Dynamical systems; theory of oscillations; introduction to bifurcation theory and chaos in dissipative systems with applications in physics and biology; introduction to stochastic processes with applications in physics, chemistry and biology; dynamics of nonlinear systems perturbed by noise; noise-induced phase transitions; linear and nonlinear time series analysis. Three classroom hours per week.

5402 Introduction to Mathematical Physics (3)
Prerequisites: Graduate standing in Physics or consent of instructor. A course covering mathematical techniques as applied in advanced theoretical physics including generalized vector spaces and their dual spaces, linear operators and functionals, generalized functions, spectral decomposition of operators, tensor analysis, and complex variables. Three classroom hours per week.

5403 Principles of Mathematical Physics (3)
Graduate standing in physics or consent of instructor. Boundary value problems; Strum-Liouville theory and orthogonal functions; Green’s function techniques; and introduction to group theory with emphasis on representations of Lie Algebras. Three classroom hours per week.

6400 Special Problems (1-5)
Prerequisites: Must have a faculty mentor and approval of the Department Chair. A study of special topics in physics for graduate students.

6401 Special Topics (1-4)
Prerequisite: Consent of instructor. This course is designed to give the Department an opportunity to test a new course.

6404 Experimental Research Techniques (3)
Prerequisite: Graduate standing. Experiments in various fields of physics designed to stress techniques and experimental approach.

6405 Theoretical Physics I (3)
Prerequisites: PHYSICS 3221 and 3223 or equivalent. Newton’s laws applied to simple systems, central force problem, variational principles. Lagrangian and Hamiltonian formulations, electrostatics. Maxwell field operations, wave propagation.

6406 Theoretical Physics II (3)
Prerequisites: PHYSICS 3231, 4341, or equivalent, and PHYSICS 6405. Schroedinger equation and wave mechanical treatment of simple systems: perturbation theory; identical particles and spin. Laws of thermodynamics, canonical systems; thermodynamic potentials and Maxwell equations, open systems, and chemical potential. Clausius-Clapeyron equation.

6407 Modern Physics (3)
Prerequisite: PHYSICS 4331. A study of some of the more important concepts of modern physics.

6409 Theoretical Mechanics I (3)
Prerequisite: PHYSICS 3221. Classical mechanics, methods of Newton, Lagrange, and Hamilton, applied to motion of particles and rigid bodies, elasticity, and hydrodynamics.

6410 Seminar (variable hours)
Prerequisite: Approval of department chair. Discussion of current topics.

6411 Electrodynamics I (3)
Prerequisite: PHYSICS 3223. A rigorous development of the fundamentals of electromagnetic fields and waves. Electrostatics, magnetostatics, Maxwell’s equations, Green’s functions, boundary value problems, multipoles, and conservation laws.

6413 Statistical Mechanics (3)
Prerequisites: PHYSICS 4331 and 4341. A study of statistical ensembles; Maxwell-Boltzmann, Fermi-Dirac, and Einstein-Bose distribution laws, application to some simple physical systems.

6415 Theoretical Mechanics II (3)
Prerequisite: PHYSICS 6409. Transformation theory of mechanics, Lagrange and Poisson brackets, Hamilton-Jacobi theory, introduction to the classical theory of fields.

6417 Advanced Statistical Mechanics (3)
Prerequisite: PHYSICS 6413. A continuation of PHYSICS 6413. Further applications as to such topics as the imperfect gas, condensation and the critical region, magnetism, liquid state, and transport phenomena.

6423 Electrodynamics II (3)
Prerequisite: PHYSICS 6411. A continuation of PHYSICS 6411. Applications of time-dependent Maxwell’s equations to such topics as plasmas, wave guides, cavities, radiation: fields of simple systems and multipoles. Relativity: covariant formulation of Maxwell’s equations and conservation laws, fields of uniformly moving and
accelerated charges.

6425 Plasma Physics (3)
Prerequisites: PHYSICS 4341 and 6411. Fundamentals of kinetic theory, fluid equations, MHD equations, and applications; wave propagation, shielding effect, diffusion stability, and charged particle trajectories.

6435 Cloud Physics (3)
Prerequisites: PHYSICS 3223 and 4341. A study of cloud microphysics and dynamics, atmospheric condensation and freezing nuclei, phase, precipitation mechanisms, aerosol scavenging, role of electrification, current dynamical models, and review of diagnostic techniques.

6455 Theoretical Nuclear Physics (3)
Prerequisite: PHYSICS 6461. A study of the basic properties of nuclei, nuclear scattering and forces, nuclear reactions, and models.

6461 Quantum Mechanics I (3)
Prerequisite: PHYSICS 4331. A study of the Schrödinger wave equation, operators and matrices, perturbation theory, collision, and scattering problems.

6463 Quantum Mechanics II (3)
Prerequisite: PHYSICS 6461. Continuation of PHYSICS 6461 to include such topics as Pauli spin-operator theory, classification of atomic states, introduction to field quantization. Dirac electron theory.

6465 Quantum Mechanics III (3)
Prerequisites: PHYSICS 6461 and 6463. Topics chosen from such fields as: relativistic quantum mechanics, potential scattering, formal collision theory, group theoretical methods in quantum mechanics, electrodynamics.

6467 Quantum Statistical Mechanics (3)
Prerequisites: PHYSICS 6413 and 6463. Techniques for calculation of the partition function with examples drawn from interacting Fermi gas, interacting Bose gas, superconductors, and similar sources.

6471 Atomic and Molecular Structure (3)
Prerequisite: PHYSICS 6461. Applications of quantum mechanics to the structure of atoms and molecules; perturbation and variational calculations, self-consistent fields, multiplets, angular momenta, Thomas-Fermi model, diatomic molecules, spectral intensities.

6473 Atomic Collision Theory (3)
Prerequisite: PHYSICS 6471 or 6463. Basic quantum mechanical concepts involved in atomic scattering theory. Topics include: elastic and inelastic collisions of electrons and ions with neutral atoms and molecules; collisions between heavy particles; curve crossing; photo-processes; and Coulomb wave functions.

6475 Molecular Spectroscopy (3)
Prerequisite: PHYSICS 6461. Introduction to classical and quantum treatment of the vibrational and rotational structure and spectra of diatomic, linear triatomic, and simple polyatomic molecules: vibrational-rotational interactions, point group symmetry in simple infrared spectra analysis, calculations of vibrational frequencies, and normal coordinates of polyatomic atoms.

6481 Physics of the Solid State (3)
Prerequisite: PHYSICS 6461. Crystal symmetry, point and space groups, lattice vibrations, phonons, one-electron model, Hartree-Fock approximation, elementary energy band theory transport properties, the Boltzmann equation, introduction to superconductivity, semiconductors, and magnetism.

6483 Selected Topics of the Solid State (3)
Prerequisite: PHYSICS 6481. Introduction to many-body perturbation theory, the use of Feynman diagrams. Green's functions, treatment of the electron-electron, phonon-phonon, and electron-phonon interactions, theory of magnetism, and theory of superconductivity.

6485 Advanced Quantum Mechanics (3)
Prerequisite: PHYSICS 6465. Selected topics such as many-body problems field theory, S matrix theory and symmetries.

6490 Research (variable hours)
Prerequisites: Must have a faculty mentor and approval of the Department Chair. Investigations of an advanced nature leading to the preparation of a thesis or dissertation.

6493 Oral Examination
After completion of all other program requirements, oral examinations for on campus students may be processed during the first two weeks of an academic session or at any appropriate time for off-campus students upon enrollment in PHYSICS 6493 and payment of an oral examination fee. All other students must enroll for credit commensurate with uses made of facilities and/or faculties. In no case shall this be for less
than three semester hours for resident students.

**6495 Continuous Registration**
Doctoral candidates who have completed all requirements for the degree except the dissertation, and are away from the campus, must continue to enroll for at least one hour of credit each registration period until the degree is completed. Failure to do so may invalidate the candidacy. Billing will be automatic as will registration upon payment.

G. Eduardo Silva, Professor, Chairperson
Ph.D., University of California-San Diego

David B. Robertson, Distinguished Teaching Professor
Ph.D., Indiana University

J. Martin Rochester, Distinguished Teaching Professor
Ph.D., Syracuse University

Glen Hahn Cope, Professor, Provost and Vice Chancellor
Ph.D., Ohio State University

E. Terrence Jones, Professor
Ph.D., Georgetown University

Dennis R. Judd, Professor Emeritus
Ph.D., University of Illinois

Carol W. Kohfeld, Professor Emerita
Ph.D., Washington University

Joyce M. Mushaben, Professor
Ph.D., Indiana University

Lyman Tower Sargent, Professor Emeritus
Ph.D., University of Minnesota

J. Fred Springer, Professor Emeritus
Ph.D., University of California-Davis

Lana Stein, Professor Emerita
Ph.D., Michigan University

Brady Baybeck, Associate Professor, Director Public Policy Administration
Ph.D., Washington University

Andrew Glassberg, Associate Professor
Ph.D., Yale University

Joel N. Glassman, Associate Professor, Director, Center for International Studies, Associate Vice Provost for Academic Affairs
Ph.D., University of Michigan

Barbara L. Graham, Associate Professor, Graduate Director
Ph.D., Washington University

Jean-Germain Gros, Associate Professor
Ph.D., University of California-Berkeley

Ruth Iyob, Associate Professor
Ph.D., University of California-Santa Barbara

David C. Kimball, Associate Professor
Ph.D., Ohio State University

Nancy T. Kinney, Associate Professor
Ph.D., University of Colorado at Denver

Kenneth P. Thomas, Associate Professor
Ph.D., University of Chicago

Brian Fogarty, Assistant Professor
Ph.D., University of North Carolina at Chapel Hill

Farida Jalalzai, Assistant Professor
Ph.D., University of Buffalo

Richard Middleton IV, Assistant Professor
Ph.D., University of Missouri-Columbia

Political Science faculty are nationally known scholars in their respective fields, dedicated to high-quality teaching and education. Department faculty members have received distinctions such as the Presidential Award for Research and Creativity, Chancellor’s Award for Research and Creativity, Chancellor’s Award for Excellence in Teaching, Governor’s Teaching Awards, Burlington Northern Faculty Achievement Award, and Emerson Electric Excellence in Teaching Award. They have received research grants from such prestigious
agencies as the John F. Kennedy Library, the Ford Foundation, the MacArthur Foundation, the National Science Foundation, the German Marshall Fund, the United States Department of Education, the Fulbright Program, and the United States Institute for Peace. The faculty has published its research in more than 80 books and 400 articles in scholarly journals and is devoted to using its research findings to improve teaching.

In addition to helping students become more knowledgeable about politics and public policy, political science course work provides rich opportunities for students to develop a variety of practical skills—such as information-gathering and processing, analysis, research, decision making and oral and written communication—that are transferable to many career paths and job settings after graduation.

General Information

Degrees and Areas of Concentration
The political science department offers undergraduate work leading to the B.A. degree in political science, B.S. degree in public policy and administration, and, in cooperation with the College of Education, the B.A. in political science with teacher certification and the B.S. in education with an emphasis in social studies. (See College of Education section in this Bulletin for details.) Minors in political science are available to students who are majoring in another discipline and who have a special interest in law, government, politics, and public policy.

Principal areas of concentration include urban politics, American political processes and behavior, international politics, comparative politics, public policy and administration, public law, and political theory. In many courses, emphasis is placed on the ways in which public policies are developed and administered. In addition to formal course work, internships are available in which the student can relate classroom learning to practical field experience.

The political science department also offers graduate courses leading to the M.A. and Ph.D. in political science. The M.A. program in political science offers advanced education for those seeking careers in government, business, secondary education, community, or not-for-profit agencies. The principal foci of the 33-hour program are public administration and public policy analysis/evaluation in the local, state, national, and international areas. The flexibility of the general master's degree allows for individualized programs in urban politics, prelegal education, American national government, comparative politics, international relations, and political theory.

The Ph.D. in political science emphasizes the study of theoretic, analytic, and substantive approaches to public policy. Core courses include research methods, normative and empirical theory, and policy processes and institutions. Doctoral candidates, in consultation with the faculty, develop a policy concentration, which can be interdisciplinary. Internships, when appropriate, may be a component. All successful doctoral candidates must complete a dissertation, which makes a significant contribution to knowledge in the field.

Most graduate classes are scheduled so those employed outside the university can participate in the programs on a part-time basis. Financial assistance is available to full-time students.

Special Interdisciplinary Degree
The Department of Political Science also cooperates with the Department of Economics in the College of Arts and Sciences and the College of Business Administration in offering a master's degree in public policy administration (MPPA). For information on the MPPA degree program, see that section in this Bulletin.

Cooperative Programs
Political science students may also study overseas, or obtain a certificate in international studies, European studies, African Studies, East Asian studies, Latin American studies, women's studies, or writing, in conjunction with their political science major. See Certificate Programs in this Bulletin and consult with the Center for International Studies.

Research in political science is encouraged for students at all levels. Assistance is available at UMSL's Public Policy Research Centers, the Center for International Studies, and the Office of Computing. The department's membership in the Interuniversity Consortium for Political and Social Research provides access to a wide range of survey data on local-state-national, comparative, and international politics. In addition, extensive research opportunities are available within the metropolitan St. Louis area. Scholarships are available for qualified students; details can be obtained from the department office.

Undergraduate Studies

General Education Requirements
Majors must satisfy the university and college general education requirements. Political science courses may be used to satisfy the social sciences requirement. The foreign language requirement for the B.A. degree may be satisfied in any language.

Departmental Honors
The department awards honors to students having a grade point average (GPA) of 3.2 in the major, an overall GPA of 3.2 (except in extraordinary circumstances), and successfully completed an honors thesis, project, or
**Degree Requirements**

**Bachelor of Arts in Political Science**
All majors must complete at least 36, but not more than 45, hours of political science. All students are required to take the following core curriculum:

**Poli Sci**
1100, Introduction to American Politics
1500, Introduction to Comparative Politics
2000, Political Analysis
3950, Senior Seminar in Political Science

Majors are urged to take POL SCI 1100, 1500, and 2000 as early as possible since these courses are designed to provide a substantive foundation as well as conceptual and analytical tools for subsequent course work. Because the seminar topics in POL SCI 3950 change from semester to semester, the course can be repeated as an elective. All majors must take at least one Seminar in Political Science.

Students also must complete at least one course in **four** of the following political science areas:

- **Public Law** (chosen from among courses listed in bulletin at the 1000, 2000, or 3000 or 4000 level)
- **American Politics** (chosen from among courses listed in bulletin at the 1000, 2000, or 3000 or 4000 level)
- **Public Policy and Administration** (chosen from among courses listed in bulletin at the 1000, 2000, or 3000 or 4000 level)
- **Comparative Politics** (chosen from among courses listed in bulletin at the 1000, 2000, or 3000 or 4000 level)
- **Political Theory** (chosen from among courses listed in bulletin at the 1000, 2000, or 3000 or 4000 level)
- **International Relations** (chosen from among courses listed in bulletin at the 1000, 2000, or 3000 or 4000 level)
- **Methodology** (chosen from among courses listed in bulletin at the 1000, 2000, or 3000 or 4000 level)

At least **18 hours** of political science course work must be at the 2000, 3000 or 4000 level, not including POL SCI 2000. B.A. degree students may take a maximum of 3 hours of political science on a satisfactory/unsatisfactory basis; this can include any course except the required courses in the core curriculum.

**Note:** As early as possible, students should determine their educational objectives and consult with an adviser regarding a plan of study. **Those students who are uncertain of their future plans are urged to include in their 36-45 hours of political science a broad set of courses in American politics, public policy and administration, public law, comparative politics, international politics, political theory, and methodology.** In addition to this general course of study in political science, the department offers B.A. degree students several specialized programs of study in political science geared to various student academic and career interests.

**Graduate School Preparation**
This program is designed for students planning to pursue graduate studies in political science, particularly the Ph.D. degree, with the aim of a career as either an academic or practitioner (working as a researcher, policy analyst, or in some other role calling for advanced knowledge and skills). In addition to the core curriculum and common requirements for all political science majors, students are advised to (1) take as many political science courses at the 2000 and 3000 or 4000 level as possible in a variety of areas (public law, American politics, comparative and international politics, etc.), (2) complete a departmental honors project based on independent research and writing in POL SCI 3900, Special Readings, and (3) give special consideration to courses in normative political theory (such as POL SCI 2620, Modern Political Thought) and research methods (such as POL SCI 6401, Introduction to Policy Research, which is a graduate course open to undergraduates with Graduate School approval). Students are also encouraged to take course work outside the department in microeconomics, macroeconomics, and statistics.

**Legal Studies**
This is an ideal program of study for double majors in political science and criminal justice or for any student interested in law school and a career in the law. In addition to the core curriculum and common requirements for all political science majors, students are advised to take POL SCI 1200, Foundations of Law: An Introduction to Legal Studies, and at least four of the following political science courses:

- 2260, Law, Politics and Society
- 2280, Judicial Politics and Policy
- 2290, Gender and the Law
- 2650, American Political Thought
- 2900, Studies in Political Science (when appropriate)
- 3200, Constitutional Law
- 3210, Civil Liberties
- 3260, The Supreme Court
Students are also advised to take political science course work that gives them a strong background in American political institutions and processes. Those students considering practicing law in the international arena should take course work in comparative and international politics. Political science course work may be supplemented by course work in criminal justice and criminology.

**American Politics**
Designed for those students interested in careers in communications, education, business, social work, political consulting, and other fields requiring knowledge of American urban, state, and national politics and institutions. Education majors planning to teach in the social studies field, communications majors planning on a career in journalism, or business majors thinking about working in corporate relations may especially wish to consider a double major in political science with a focus in this area. In addition to the core curriculum and common requirements for all majors, students are advised to take at least five of the following political science courses:

- **2280**, Judicial Politics and Policy
- **2300**, State Politics
- **2320**, African Americans and the Political System
- **2350**, Introduction to Urban Politics
- **2380**, The Politics of Gender in the United States
- **2420**, Introduction to Public Policy
- **2650**, American Political Thought
- **2820**, United States Foreign Policy
- **2900**, Studies in Political Science (when appropriate)
- **3300**, The American Presidency
- **3330**, Introduction to Political Behavior
- **3331**, Congressional Politics
- **3340**, Politics and the Media
- **3350**, Political Parties and Elections
- **3390**, Studies in American Politics
- **3480**, Environmental Politics
- **3900**, Special Readings (when appropriate)
- **3940**, Public Affairs Internship (when appropriate)

In addition, students may wish to choose other political science courses listed below under the public policy and administration program of study. Given the growing reality of international interdependence, students should not restrict their studies completely to American politics but should take some course work in comparative and international politics as well. Depending on their specific career interest, students may wish to round out their program with course work in other social science departments such as criminal justice, communications, economics, or social work.

**Public Policy and Administration**
Designed for students interested in working inside or outside government, in a career requiring familiarity with how public policies are formulated and implemented. (Students alternatively may wish to consider the B.S. in public policy and administration degree offered by the political science department.) In addition to the core curriculum and common requirements for all majors, students are advised to take POL SCI 2420, Introduction to Public Policy, and at least four of the following political science courses:

- **2400**, Public Administration
- **2820**, United States Foreign Policy
- **2900**, Studies in Political Science (when appropriate)
- **3400**, Bureaucratic Politics
- **3410**, The Politics of Business Regulation
- **3420**, Public Personnel Management
- **3439**, Studies in Policy Formation
- **3440**, Public Budgeting
- **3450**, Urban Administration
- **3460**, The Politics of Poverty and Welfare
- **3480**, Environmental Politics
- **3490**, Studies in Public Administration
- **3570**, Gender, Race, and Public Policy
- **3940**, Public Affairs Internship (when appropriate)
- **3990**, Special Readings (when appropriate)
- **4470**, Urban Planning and Politics
- **4510**, Comparative Public Policy and Administration
4940, Leadership and Management in Nonprofit Organizations

Depending on career interests, students should add course work in American, comparative, or international politics. Students are encouraged to develop a policy concentration in a particular policy area, such as urban, labor, health, education, and business studies, with multidisciplinary course work taken in political science and other departments.

International and Comparative Studies

Designed for students interested in international careers in government service (not only the U.S. State Department but also other federal government agencies), intergovernmental and non-governmental organizations, business, education, and other areas of employment. In addition to the core curriculum and common requirements for all political science majors, students are advised to take POL SCI 1800, World Politics, or POL SCI 2500, Comparing Different Worlds, and at least four of the following political science courses (some of which are international politics courses that focus on conflict and cooperation between countries, and some of which are comparative politics courses that focus on political, economic, and social change within countries):

1600, Contemporary Political Ideologies
1820, Global Issues
1850, Global Ecology
2510, The Politics of European Union
2520, Middle Eastern Politics
2530, Political Systems of South America
2540, Political Systems of Mexico, Central America, and the Caribbean
2550, East Asian Politics
2560, Russia and the New Republics
2580, African Politics
2820, United States Foreign Policy
2900, Studies in Political Science (when appropriate)
3570, Gender, Race, and Public Policy
3590, Studies in Comparative Politics
3690, The Marxist Heritage
3830, International Political Economy
3850, International Organizations and Global Problem Solving
3860, Studies in War and Peace
3890, Studies in International Relations
3900, Special Readings (when appropriate)
3940, Public Affairs Internship (when appropriate)
4510, Comparative Public Policy and Administration
4550, Democratization in Comparative Perspective
4850, International Law

Students interested in working for the U.S. Foreign Service, American-based multinational companies, and nonprofit organizations should also take course work that familiarizes them with the American political system and how public policy is made. Students should explore the various interdisciplinary area studies and international studies certificate programs offered through the Center for International Studies.

Bachelor of Science in Public Policy and Administration

The BSPA degree has two emphasis areas. The first is a public administration track, which emphasizes management in both the public and nonprofit sectors; it may produce a terminal degree or be a precursor to graduate training. The second is a public policy track in which a student may focus on a particular policy area and also acquire specialized analytic training and research skills, in preparation for relevant entry-level jobs in the public or the voluntary sector as well as in certain parts of the private sector.

All BSPA majors must complete at least 33, but no more than 45, hours in political science. The following core curriculum is required of all BSPA majors:

Political Science
1100, Introduction to American Politics
1500, Introduction to Comparative Politics
2000, Political Analysis
2400, Public Administration
2420, Introduction to Public Policy
3940, Public Affairs Internship
3950, Senior Seminar in Political Science
ECON 1001, Principles of Microeconomics
ECON 1002, Principles of Macroeconomics
CRIMIN 2220, Statistical Analysis in Criminology and Criminal Justice or
Sociol 3220, Sociological Statistics or
ECON 3100, Economic Statistics
In addition, students must provide a demonstration of computer proficiency through one of the following: **BUS AD 1800**, Computers and Information Systems, extension courses, or other study approved by the BSPA coordinator.

**BSPA students may take a maximum of 3 hours of political science on a satisfactory/unsatisfactory basis, except for the following (which may not be taken on a satisfactory/unsatisfactory basis):** **POL SCI 1100, 1500, 2400, 2000, 2420, 3940, and 3950.**

**Public Administration Emphasis Area**
In addition to the core curriculum requirements for all BSPA majors, students in the public administration emphasis area are required to complete the following courses:
- **POL SCI 3420**, Public Personnel Management
- **POL SCI 3440**, Public Budgeting
- **BUS AD 2400**, Fundamentals of Financial Accounting

Students in the public administration emphasis area also must take two of the political science courses listed under policy and institutions courses below, as well as take at least two additional elective courses chosen from among that list or any other political science offerings.

**Public Policy Emphasis Area**
In addition to the core curriculum requirements for all BSPA majors, students in the public policy emphasis area must take four political science courses, preferably selected from the policy and institutions courses listed below but which may include other political science course offerings as well.

**Policy and Institutions Courses:**
- **1450**, Introduction to Labor Studies
- **2280**, Judicial Politics and Policy
- **2300**, State Politics
- **2350**, Introduction to Urban Politics
- **3300**, The American Presidency
- **3331**, Congressional Politics
- **3400**, Bureaucratic Politics
- **3430**, Union Leadership and Administration
- **3439**, Studies in Policy Formation
- **3450**, Urban Administration
- **3460**, The Politics of Poverty and Welfare
- **3480**, Environmental Politics
- **4470**, Urban Planning and Politics
- **4510**, Comparative Public Policy and Administration
- **4940**, Leadership and Management in Nonprofit Organizations

Students will adopt a policy concentration of at least 15 credit hours. Possible areas of specialization include, but are not limited to, environmental policy, government and business, society and the legal system, urban policy, labor studies, health care, human services, and nonprofit service provision. In fulfilling the concentration requirement, students, in consultation with the BSPA coordinator, will select courses from related disciplines in addition to taking two more political science courses related to the policy area.

**Note:** Students considering the B.S. in public policy and administration should see a political science adviser as early as possible to plan their program.

**Requirements for the Minors**
A general minor in political science can be arranged, as well as specialized minors in eight different subfields of the discipline. Interested students should see a faculty adviser to plan a coherent program of study as a minor field.

Students must achieve a cumulative 2.0 GPA in the political science courses chosen to qualify for the minor. Students may count no more than 3 hours in political science taken on a satisfactory/unsatisfactory basis toward the minor. Students taking an internship Political Science 3940 may count no more than three hours of the internship toward the minor.

**Minor in Political Science, General**
Fifteen hours, chosen from among all political science courses.

**Minor in American Politics**
Fifteen hours, chosen from the following political science courses:
- **1100**, Introduction to American Politics
- **2300**, State Politics
- **2350**, Introduction to Urban Politics
- **2650**, American Political Thought
- **2280**, Judicial Politics and Policy
3300, The American Presidency
3331, Congressional Politics
3320, African Americans and the Political System
3360, The Supreme Court
3330, Introduction to Political Behavior
3340, Politics and the Media
3350, Political Parties and Elections
2380, Politics of Gender in the United States
3410, The Politics of Business Regulation
2420, Introduction to Public Policy
2820, United States Foreign Policy
3940, Public Affairs Internship (when appropriate)
3390, Studies in American Politics
3370, Mock Constitutional Convention
3900, Special Readings (when appropriate)

Minor in Comparative Politics
Political Science 1500, Introduction to Comparative Politics, plus 12 hours from the following political science courses:
2500, Comparing Different Worlds
2510, The Politics of European Union
2530, Political Systems of South America
2540, Political Systems of Mexico, Central America, and the Caribbean
2550, East Asian Politics
2560, Russia and the New Republics
2580, African Politics
3570, Gender, Race, and Public Policy
3590, Studies in Comparative Politics
3900, Special Readings (when appropriate)
4510, Comparative Public Policy Administration
4550, Democratization in Comparative Perspective

Minor in International Relations
Fifteen hours, chosen from the following political science courses:
1800, World Politics
1820, Global Issues
1850, Global Ecology
2520, Middle Eastern Politics
2820, United States Foreign Policy
3830, International Political Economy
3850, International Organizations and Global Problem-Solving
3860, Studies in War and Peace
3890, Studies in International Relations
3900, Special Readings (when appropriate)
3940, Public Affairs Internship (when appropriate)
4850, International Law

Minor in Political Theory
Fifteen hours, chosen from the following political science courses:
1600, Contemporary Political Ideologies
2610, Ancient and Medieval Political Thought
2620, Modern Political Thought
2650, American Political Thought
3680, Feminist Political Theory
3690, The Marxist Heritage
3690, Studies in Political Theory
3900, Special Readings (when appropriate)

Minor in Public Administration
Political Science 2400, Public Administration, plus 12 hours chosen from the following political science courses:
2420, Introduction to Public Policy
3400, Bureaucratic Politics
3410, Politics of Business Regulation
3420, Public Personnel Management
3439, Studies in Policy Formation
3440, Public Budgeting
3450, Urban Administration
3490, Studies in Public Administration
3900, Special Readings (when appropriate)
3940, Public Affairs Internship (when appropriate)
Minor in Public Law
Fifteen hours, chosen from the following political science courses:
4460, Urban Planning and Politics
4510, Comparative Public Policy and Administration

Minor in Public Policy
Political Science 2420, Introduction to Public Policy, plus 12 hours chosen from the following political science courses:
2300, State Politics
2350, Introduction to Urban Politics
2400, Public Administration
3300, The American Presidency
3400, Bureaucratic Politics
3410, The Politics of Business Regulation
3440, Public Budgeting
3450, Urban Administration
3460, The Politics of Poverty and Welfare
3480, Environmental Politics
3570, Gender, Race, and Public Policy
3900, Special Readings (when appropriate)
3940, Public Affairs Internship (when appropriate)
4460, Urban Planning and Politics
4510, Comparative Public Policy and Administration

Minor in Urban Politics
Political Science 2350, Introduction to Urban Politics, plus 12 hours chosen from the following political science courses:
2320, African-Americans and the Political System
3450, Urban Administration
3460, The Politics of Poverty and Welfare
3900, Special Readings (when appropriate)
3940, Public Affairs Internship (when appropriate)
4460, Urban Planning and Politics

Minor in Women and Politics
POL SCI 1550, Women and Politics in the Developing World and 12 hours from among the following political science courses:
POL SCI 2290, Gender and the Law
POL SCI 2380, The Politics of Gender in the United States
POL SCI 3439, Studies in Policy Formation (consent of instructor required)
POL SCI 3460, The Politics of Poverty and Welfare
POL SCI 3570, Gender, Race, and Public Policy (Comparative)
POL SCI 3590, Politics, Leadership and the Global Gender Gap
POL SCI 3680, Feminist Political Theory
POL SCI 3900, Special Readings (consent of instructor required)
POL SCI 4940, Leadership and Management in Nonprofit Organizations (consent of instructor)

Bachelor of Arts with Teacher Certification
For information, refer to the College of Education section in this Bulletin.

Bachelor of Science in Education: Emphasis in Social Studies
The Political Science requirements are the same as for the B.A. degree except students fulfill the College of Education general education requirements rather than those of the College of Arts and Sciences. For information, refer to the College of Education section in this Bulletin.

Graduate Studies
2+3 B.A. and M.A. in Political Science
The 2+3 Combined BA/MA program in Political Science provides an opportunity for students of recognized
academic ability and educational maturity to complete the requirements for both degrees in 5 years of fulltime study.

The combined program requires a minimum of 140 credit hours of which at least 33 must be at the graduate level in political science. In qualifying for the BA, students must meet all University and College requirements. Students in the combined 2+3 who successfully complete the requirements for the MA degree will be awarded a BA degree simultaneously upon completion of at least 107 hours of undergraduate credit.

Student should apply to the Department for admission to the 2+3 combined degree program in Political Science during the semester they will complete 60 undergraduate credit hours. A cumulative grade point average of 3.0 or higher and three letters of recommendation from faculty are required. Students will be admitted to the 2+3 program under provisional status until they have completed 30 hours in that program with a grade point of 3.0 or higher. After completion of the provisional period, with the recommendation of the Graduate Director, students can be granted full admission into the 2+3 program.

Students must maintain a grade point average of 3.0 or higher throughout the combined program. Students who officially withdraw from the 2+3 combined degree program, who have successfully completed all the regular requirements for the BA degree (120 hours) will be awarded their BA degree.

**Undergraduate Requirements for Student in the 2+3 Program**

A. The following must be completed prior to enrolling in the 2+3 program

1. **Students must take**
   - **POL SCI 1100**, Introduction to American Politics
   - **POL SCI 1500**, Introduction to Comparative Politics

2. **PLUS** two of the following:
   - **POL SCI 1600**, Contemporary Political Theory
   - **POL SCI 1800**, World Politics
   - **POL SCI 2300**, State Politics
   - **POL SCI 2350**, Introduction to Urban Politics
   - **POL SCI 2400**, Introduction to Public Administration
   - **POL SCI 2650**, American Political Thought

B. Undergraduate Requirements Within the 2+3 Program

1. Two of the following:
   - **POL SCI 2280**, Judicial Politics and Policy
   - **POL SCI 2620**, Modern Political Thought
   - **POL SCI 3200**, Constitutional Law
   - **POL SCI 3210**, Civil Liberties
   - **POL SCI 3300**, The American Presidency
   - **POL SCI 3331**, Congressional Politics
   - **POL SCI 3350**, Political Parties and Elections
   - **POL SCI 3470**, Gender, Race and Public Policy
   - **POL SCI 3480**, Environmental Politics

2. **PLUS** two of the following:
   - **POL SCI 2510**, The Politics of European Union
   - **POL SCI 2520**, Middle Eastern Politics
   - **POL SCI 2530**, Political Systems of South America
   - **POL SCI 2540**, Political Systems of Mexico, Central American & the Caribbean
   - **POL SCI 2580**, African Politics
   - **POL SCI 3690**, The Marxist Heritage (PHIL 3369; INTDSC 3690)
   - **POL SCI 3830**, International Political Economy
   - **POL SCI 3850**, International Organizations and Global Problem Solving
   - **POL SCI 4850**, International Law

3. **Plus** one additional course from B-1 or B-2

C. Graduate Requirements

1. **PS 6401**, Introduction to Policy Research (3 credits)

2. **PLUS** 3 of the following (9 credits):
   - **POL SCI 6420**, Proseminar in Public Law
   - **POL SCI 6430**, Proseminar in American Politics
   - **POL SCI 6440**, Proseminar in Public Policy Administration
   - **POL SCI 6450**, Proseminar in Comparative Politics
   - **POL SCI 6460**, Proseminar in Political Theory
POL SCI 6470, Proseminar in Urban Politics
POL SCI 6480, Proseminar in International Relations

3. PLUS 5 additional graduate Political Science classes (15 credits).
   Students should select an emphasis in American Politics, Public Policy, Comparative Politics, Political Theory, or International Relations.

4. PLUS Exit Project or Internship or Thesis (6 credits)

Summary of Credits in Political Science:
BA: 27 hours (12 completed in lower division courses before admission to the 2+3 program )
MA: 33 hours at the graduate level
TOTAL: 60 hours in Political Science classes

Master of Arts in Political Science
Admission Requirements: For admission, a student should have a baccalaureate degree with a minimum grade point average of 2.75 and an undergraduate background in the social sciences. The GRE is required, and scores should be submitted at the time of application. Two letters of recommendation are also requested for each student applying to the program. Students who do not meet these requirements may be admitted upon approval of the department and the dean of the Graduate School. Application materials may be obtained from and should be returned to the office of the director of admissions.

Deadlines are July 1 for the fall semester; December 1 for the winter semester; and May 1 for the summer term.

Degree Requirements

Beyond the general requirements of the Graduate School, the department requires a minimum of 27 semester hours of course work, of which 18 hours must be at the 6400 level and 12 hours must be in core courses in political science, including:

6401, Introduction to Policy Research
and three of the following political science courses:
6410, Introduction to Policy Analysis
6420, Proseminar in Public Law
6430, Proseminar in American Politics
6440, Proseminar in Public Policy Administration
6450, Proseminar in Comparative Politics
6460, Proseminar in Political Theory
6470, Proseminar in Urban Politics
6480, Proseminar in International Relations

Students can plan their degree program to reflect the following six emphasis areas:

American Politics
Comparative Politics
International Politics
Political Process and Behavior
Public Administration and Public Policy
Urban and Regional Politics

Students must also select one of the following exit projects: a six-hour thesis, a six-hour internship, or six hours of additional course work and an approved paper. Students will have a mid-program review at the end of 12-15 hours of course work, at which time they will discuss their academic performance and program with a faculty committee and determine the most appropriate exit project. Each candidate is given a final oral review conducted by a faculty committee and focused on the course work completed and the student’s chosen exit project.

Ph.D. in Political Science
The doctoral program emphasizes theoretical, analytic, and substantive approaches to public policy analysis and administration. Students are provided an opportunity to link core skills in policy analysis and political science with substantive emphasis in specific policy areas. The program is designed to prepare pre-career and mid-career students for advanced positions in policy research and administration, as well as for academic research and teaching.

Admission Requirements
Admission and financial aid decisions are made on the basis of past academic record, intellectual ability, and career commitment and performance. Applications are accepted from students who have either baccalaureate or master’s degrees. Past graduate work will be credited toward degree requirements as appropriate.
Applicants must submit a) complete academic transcripts, b) three letters of recommendation, c) aptitude tests of the GRE and d) a statement of objectives for the course of study. Application materials may be obtained from and should be returned to the office of the director of admissions. Applications for fall semester should be submitted by February 15 and for winter semester by October 15.

**Graduate Assistantships** Stipends for teaching and research assistantships (nine month/20 hours per week) are awarded on a competitive basis. Out-of-state educational fees are waived for graduate assistants.

**Degree Requirements**
The department requires 60 credit hours beyond the baccalaureate degree for completion of the Ph.D. To ensure sufficient background for doctoral-level policy courses, students must demonstrate appropriate competence in computing and intermediate economics during their course of study. Course requirements are as follows:

**Core courses (24 credit hours)**
24 credit hours will be required in the areas of research methods, normative and empirical theory, and policy process and institutions. Contact the department for specific courses.

**Additional Requirements (12 credit hours)**
In addition, students will select a minimum of 12 credit hours in public policy, theory, or process.

**Policy Concentration (15 credit hours)**
Students, in consultation with the program director, will develop expertise in a substantive policy area. Policy concentrations (many interdisciplinary) include:
- American National Policy
- Urban Politics and Planning
- Comparative/International Policy
- Policy Analysis and Research Social Welfare

**Internship (6 credit hours) optional.**
The Ph.D. intern program offers an opportunity to gain first-hand experience in select research and administrative positions.

**General Examination and Dissertation**
Upon completion of course work, students are advanced to candidacy by successfully completing two general examinations, the first covering the fields of public policy institutions, processes, and analysis, and the second covering the student's chosen subfield and area of policy concentration. The degree is awarded upon completion and defense of the Ph.D. dissertation.

**Career Outlook**

**Bachelor of Arts, Bachelor of Science, and Master of Arts in Political Science**
Political science graduates have done well in obtaining appropriate employment and in pursuing graduate education. Majors develop communications and decision-making skills, learn to analyze complex policy issues, both domestic and international in scope, and have a thorough understanding of government and politics. Political science is a particularly good undergraduate major for pre-law students. Many other majors pursue graduate education in business, education, public administration, public policy administration, journalism, public relations, non-profit organizations, and many other fields. Guides to careers in political science are available in the department office.

**Ph.D. in Political Science**
The Ph.D. in political science prepares students for three career areas: 1) government leadership and management positions at the local, state, and federal levels (both for new employees and in-service employees); 2) careers in the private sector, particularly positions in public affairs, policy research, and governmental relations departments of corporations, as well as consulting firms and nonprofit organizations; and 3) research and teaching careers in academic institutions.

Requests for further information about the M.A. or Ph.D. program should be sent to the Director of Graduate Studies, Department of Political Science, University of Missouri-St. Louis, One University Blvd, 347 SSB, St. Louis, MO 63121-4499.

**Learning Outcomes**
Majors in the BA learn about power, conflict and cooperation in society, within and outside government.

Students understand the fundamentals of scientific-based inquiry, the postulating of cause-effect relationships, and the marshalling of evidence using quantitative or qualitative methods to draw conclusions about problems in politics.

We train students to communicate information effectively.

The BSPPA program provides knowledge and skills for real world application in the context of American
Students learn the fundamentals of administration and policymaking in the United States by acquiring skills in budgeting, personnel management, accounting, and expertise in a specific policy area.

The M.A. in political science provides a firm grounding in scientific-based inquiry into problems in politics.

Students learn how institutional design and economic and cultural factors shape the distribution of power and patterns of cooperation and conflict in society within and outside of government.

Students master the postulating of cause-effect relationships, and the marshalling of evidence using quantitative or qualitative methods to test hypotheses about problems in politics.

The Ph.D. in political science trains students to become independent researchers who may apply their skills in the academic, government, non-profit, and business worlds.

Students master the skills to frame researchable questions that make original contributions to empirical and theoretical knowledge about problems in politics.

Students learn to rigorously specify cause-effect relationships, and to master techniques for marshalling evidence using quantitative and qualitative methods to test competing hypotheses about problems in politics.

Course Descriptions

Students who have earned 24 or more semester hours of credit at any accredited post-secondary institutions(s) before the start of the fall 2002 semester must meet the general education requirements stipulated in the UMSL 2001-2002 Bulletin. The following courses fulfill the Social Sciences breadth of study requirements as described in that Bulletin: 1100, *1220, 1450, 1500, 1550, 1600, 1800, 1820, 1850, 1990, 2000, 2260, 2280, 2290, 2300, 2320, 2350, 2380, 2400, 2420, 2500, 2510, 2520*, 2530*, 2540*, 2550*, 2560, 2580*, 2610, 2620, 2650, 2820, 2900, 3200, 3210, 3220, 3260, 3290, 3300, 3331, 3330, 3340, 3350, 3390, 3400, 3410, 3420, 3430, 3439, 3440, 3450, 3460, 3470, 3480, 3490, 3570, 3590, 3680, 3690, 3695, 3830, 3850, 3860, 3890, 3900, 3950, 4060, 4460, 4510, 4550, 4850, 4900, 4940, 4960.

Course fulfills the Humanities or Social Sciences breadth of study requirement: *Course fulfills Cultural Diversity requirement.

The following courses satisfy the state requirement: POL SCI 1100, 2260, 2280, 2290, 2300, 2320, 2350, 2380, 2400, 3210, 3300, 3330, 3331, 3350, 3400, 3410, 3420, 3430, 3439, 3440, 3450, 3460, 3470, 3480, 3490, 3570, 3590, 3680, 3690, 3695, 3830, 3850, 3860, 3890, 3900, 3950, 4060, 4460, 4510, 4550, 4850, 4900, 4940, 4960.

1100 Introduction to American Politics (3) [V, SS, ST]
Introduction to basic concepts of government and politics with special reference to the United States, but including comparative material from other systems.

1200 Foundations of Law: An Introduction to Legal Studies (3) [MI, V, SS]
Same as Crimin 1200 and INTDSC 1200. As a broad liberal arts approach to the study of law, this course is designed to familiarize students with legal ideas, legal reasoning, and legal processes. It also provides comparative and historical perspectives on law that will help explain legal diversity and legal change. Finally, it offers opportunities to explore some of the persistent issues in law and legal theory: for example, issues about the sources of law, the responsibilities of the legal profession, or the relative merits of the adversary system.

1450 Introduction to Labor Studies (3) [MI, SS]
Same as INTDSC 1450. This course covers many topics important to the role of unions in the American political system and American society from a labor perspective. Institutional structure, collective bargaining strategies Topics include the role of workers in current and future times, unions' and obstacles for union organizing, recent union campaigns, labor's political role, and the relationship between labor and the media.

1500 Introduction to Comparative Politics (3) [MI, V, SS, CD]
This course introduces students to western and non-western systems. It examines similarities and differences in the basic political ideologies, structures, economies, social institutions and governmental processes of developed and developing countries. It also provides frameworks for understanding the cultures of the world that are the basis for formal economic and political institutions. In addition, the course examines the role of non-state institutions, including trans-national ones, in shaping national policies. It uses case studies from Africa, Asia, Latin America, as well as Europe, to enhance student understanding of comparative politics.

1550 Women and Politics in the Developing World (3) [MI, V, SS, CD]
Women play a central role in the transformation of political, economic, cultural and gender relations in developing nations. This course examines the political role of women in these transformations. In particular, the course examines ways that modernity, universal education, the market economy and globalization have widened the scope of women's public activities; the emergence of social movements driven by the transformation of economic and political roles brought about by the inclusion of women in the political arena; the re-interpretation of religious doctrines, especially those that emphasize women's "return" to the private
spheres and legitimate the denial of women's political rights.

1600 Contemporary Political Ideologies (3)
An introduction to the major political ideologies of the world today. Emphasis is placed on democracy, feminism, Marxism, and nationalism.

1800 World Politics (3) [V, SS]
An introduction to the field of international relations, covering such topics as nationalism, power, foreign policy-making, diplomacy, war, arms control and disarmament, interdependence, the regulation of conflict, and other aspects of politics among nations.

1820 Global Issues (3) [MI, SS]
A freshman- and sophomore-level course designed to introduce students to a range of global concerns, including population, hunger, trade, energy, and the environment. The worldwide implications of these and other problems will be considered, as well as their effects on local communities such as St. Louis.

1850 Global Ecology (3) [V, SS]
Must be taken concurrently with Biol 1850 for three hours of biology credit and three hours of political science credit. A course team-taught by the Biology and Political Science departments, combining natural science and social science perspectives in taking a global view of a variety of environmental concerns, such as air and water pollution, climate change, energy use, use and conservation of natural resources, human population ecology and other issues. Examines the underlying scientific dimension, as well as the political-economic-social aspects of problem-solving at local, national and international levels. Features labs and field trips in addition to lecture and discussion.

1990 The City (3) [MI, V, SS]
Same as SOC 1999. An interdisciplinary course. Consideration of economic factors, urban institutions, historical developments in urbanization, problems of the inner city, suburbia and the metropolitan area, ethnic groups, stratification, and Psychological implications of urban living. This course is primarily for freshmen and sophomores. It is open to juniors and seniors with the instructor's permission.

2000 Political Analysis (3)
An introduction to political analysis, emphasizing both the logic of inquiry and practical methods. Students learn about the construction and evaluation of theories that relate to real-world politics. They also have an opportunity for hands-on experience with qualitative and quantitative methods including graphics, descriptive statistics, cross-tabular and correlational analysis, hypothesis testing, and computer applications.

2260 Law, Politics and Society (3) [ST]
Same as CRIMIN 2226. Prerequisite: POL SCI 1100, or 1200, or consent of instructor. This course examines the ways in which law in America connects with politics and society. The course will cover the litigation process, access to the courts, how and why individuals and groups bring litigation to pursue political and policy goals, and how lawyers, judges and other political actors use law to solve policy problems. Attention will be placed on current legal policy issues facing American society.

2280 Judicial Politics and Policy (3) [ST]
Prerequisite: POL SCI 1100 or 1200, or consent of instructor. This course is an examination of the American state and federal legal systems. Topics examined in this course include an analysis of the structure, organization and function of courts. Emphasis will be placed on the role of juries, judges, attorneys, litigants, and interest groups in the judicial system. The objective of the course is to evaluate courts as political institutions and analyze the policy-making role of judges.

2290 Gender and the Law (3) [ST]
Legal position of women in the United States, emphasizing constitutional law, criminal law, domestic relations, and fair employment practice laws. Same as WGST 2290. This course examines the ways in which laws and interpretations of laws affect gender equality in the United States. Emphasizing how traditional roles impact both women and men historically and currently, the course highlights major pieces of legislation and court rulings related to employment, economics, education, sexual harassment, pornography, rape, reproductive rights, and domestic relations. The course stresses the impact of federal and state institutions and non-governmental influences on equality. It also addresses gender representation in the legal profession and its effect on judicial decisions. (This course satisfies State requirements in American History and Government)

2300 State Politics (3) [ST]
Prerequisite: POL SCI 1100 or consent of instructor. An examination of contemporary state politics in the United States; social, economic, and political determinants of policies; federal-state-local relations; elections, interest groups, and participation; executive, legislative, and judicial institutions and policies, and their impact.

2320 African Americans and the Political System (3) [ST]
Prerequisite: POL SCI 1100 or consent of instructor. Examination of the status of African Americans in the context of the American political system. The course will focus on a number of issues, including: attitudes of various publics toward racial concerns; nature of problems in specific policy areas (e.g., unemployment, school desegregation, housing, poverty); representation of African Americans in governmental institutions and the
private sector; and the role of African American leadership and civil rights groups in the political process.

2350 Introduction to Urban Politics (3) [ST]
Prerequisite: POL SCI 1100 or consent of instructor. Examination of structure and process of politics in the urban community, with emphasis on their relationships to community power structures.

2380 The Politics of Gender in the United States (3) [ST]
Same as WGST 2380. Prerequisite: POL SCI 1100 or consent of instructor. This course examines the role of gender in political institutions, practices and policy in the United States, past and present. It focuses on various movements for political equality, the relationship between gender and political participation, vote choice, and public opinion, and how legislative, executive, and judicial offices are gendered at the national, state, and local levels. (This course satisfies State requirements in American History and Government.)

2400 Public Administration (3) [ST]
Prerequisite: POL SCI 1100 or consent of instructor. Survey of public administration, with reference to organization, financial administration, personnel management, and judicial control of the administrative process.

2420 Introduction to Public Policy (3) [ST]
Prerequisite: POL SCI 1100 or consent of instructor. Study of differing approaches to understanding the public policy process. Course surveys the application of social science to public issues and problems.

2500 Comparing Different Worlds (3)
This course focuses on the role of political institutions, economic structures and social groups in explaining differences in forms of government and levels of socioeconomic development. It explores in detail one or more of these themes in cases drawn from developing and developed nations.

2510 The Politics of European Union (3)
Prerequisite: POL SCI 1500 or consent of instructor. The European Union has become the driving force in European economic and social development. This course assesses the changing nature of national identity and national sovereignty in Europe. It compares and contrasts key public policies (single market, welfare, migration, gender mainstreaming, “democratic deficits”), along with core EU actors and institutions, and includes participation in the annual Midwest Model EU.

2520 Middle Eastern Politics (3) [CD]
Prerequisite: POL SCI 1100, or 1500, or consent of instructor. Survey of political movements, governments, and international conflicts in the Middle East. Islam, nationalism, ideologies, and economic systems will be studied. The effects of oil and the military will also be considered.

2530 Political Systems of South America (3) [CD]
Prerequisite: POL SCI 1500 or consent of instructor. An introduction to the study of the political systems of South America. Examination of the cultural context that has shaped the political, economic, and social development of states in the region.

2540 Political Systems of Mexico, Central America, and the Caribbean (3) [CD]
Prerequisite: POL SCI 1500 or consent of instructor. An introduction to the study of the political systems of Mexico, Central America, and the Caribbean. Examination of the cultural context that has shaped the political, economic, and social development of these countries.

2550 East Asian Politics (3) [CD]
An introduction to the study of the Chinese and Japanese political systems. Examination of the cultural context that has shaped the path of political development for both states.

2560 Russia and the New Republics (3)
Prerequisite: POL SCI 1500 or consent of instructor. Examination of political-economic conditions responsible for the creation, collapse, and reconstruction of the former Soviet Union, with emphasis on new elites and interest groups, problems of democratic transition, ethnic conflict and socio-economic reform.

2580 African Politics (3) [CD]
Prerequisite: POL SCI 1500 or consent of instructor. An introduction to the nature of societies, governments, and international relations in Africa. The course deals with forms of governance on the continent, regional groupings of states, and persistent conflicts within and among states. Problems of economic underdevelopment, food supplies, health and population trends, and cultural change are analyzed, along with the role of outside major power intervention.

2610 Ancient and Medieval Political Thought (3)
Study of political thought from Plato to Machiavelli.

2620 Modern Political Thought (3)
Study of political thought from Machiavelli to the present.
2650 American Political Thought (3)
History of political thought in the United States from colonial times to the present.

2820 United States Foreign Policy (3)
Prerequisite: POL SCI 1100, or 1500, or consent of instructor. Examination of the factors influencing the formation and the execution of United States foreign policy, with a focus on specific contemporary foreign policy issues.

2900 Studies in Political Science (3)
Selected topics in political science.

3200 Constitutional Law (3) [ST]
Prerequisite: POL SCI 1100, or 1200, or consent of instructor. Study of leading American constitutional principles regarding legislative, executive, and judicial power, federalism, the commerce clause, and economic due process as they have evolved through the important decisions of the U.S. Supreme Court.

3210 Civil Liberties (3) [ST]
Prerequisite: POL SCI 1100, or 1200, or 3200, or consent of instructor. Civil rights in the American constitutional context, emphasizing freedom of religion, freedom of expression, minority discrimination, and the rights of defendants.

3220 Labor Law (3)
Prerequisite: Consent of instructor. In this course, participants will examine the role of government in the regulation of labor-management relations in the United States. While the focus of the course will be on federal laws regulating private sector labor relations, parallel issues addressed in the Railway Labor Act and state public sector labor relations law will also be covered. Specific topics include the legal framework for the organization of workers, definition of prohibited or unfair labor practices of employers and unions, legal regulation of the collective bargaining process, regulation of the use of economic weapons in labor disputes, enforcement of collective bargaining agreements and the regulation of internal trade union activities.

3260 The Supreme Court (3) [ST]
Prerequisite: POL SCI 1100, or POL SCI 1200, or consent of instructor. An examination of the role, function and assertion of power by the U.S. Supreme Court in our constitutional democracy. Topics include historical overview of the Supreme Court, the process of selecting Supreme Court Justices, life in the Court, Supreme Court decision making, Supreme Court policymaking, implementation and impact of Court decisions and the role of the Supreme Court as a national policymaker. This course fulfills the state requirement.

3290 Studies in Public Law (3)
Prerequisite: POL SCI 1100, or 1200, or consent of instructor. Selected topics in public law. May be repeated.

3300 The American Presidency (3) [ST]
Prerequisite: POL SCI 1100 or consent of instructor. Study of the constitutional, political, legislative, and administrative roles played by the American chief executive in the development of public policy.

3330 Introduction to Political Behavior (3) [ST]
Prerequisite: POL SCI 1100 or consent of instructor. An introduction to political behavior employing perspectives from both political psychology and political sociology. Subjects include political socialization, the character of public opinion, citizen participation, group dynamics, the social determination of reality, and the underlying bases of leadership and authority.

3331 Congressional Politics (3) [ST]
Prerequisite: POL SCI 1100 or consent of instructor. An examination of the Congress of the United States, its history and evolution, its contemporary politics, and its role in the national policy-making process. Topics include candidate recruitment, campaigns and elections, representation, committees, legislative leadership, roles and norms, voting alignments, lobbyists and interest groups, oversight of administration, and House-Senate comparisons. The role of Congress in foreign policy, economic policy, and social-welfare policy will be examined.

3340 Politics and the Media (3)
Prerequisite: POL SCI 1100 or consent of instructor. An analysis of the role the media play in shaping American political life. The first part of the course examines the organizational structures, the economic and psychic incentives, and the social and professional norms that define how television and newspapers report news about public affairs. The second part then considers the nature of a mass-communications society by looking at how reality is defined, the susceptibility of mass publics to persuasion and propaganda, the peculiar form of media election campaigns, and the manner in which the media link changes the basic character of a citizenry.

3350 Political Parties and Elections (3) [ST]
Prerequisite: POL SCI 1100 or consent of instructor. An examination of the part played by parties and elections in American politics. Topics include the historical development of the party system, the organization and management of political parties and campaigns, contemporary changes in the nature of electoral politics, and the effects of elections on public policy.
3390 Studies in American Politics (3)
Prerequisite: POL SCI 1100 or consent of instructor. Selected topics in American politics. May be repeated.

3400 Bureaucratic Politics (3) [ST]
Prerequisite: POL SCI 1100 or consent of instructor. Examination of the policy-making process within public organizations and the forces influencing the making of bureaucratic policy. Study of the role of the bureaucracy as one of several "actors" in the larger policy process.

3410 Politics of Business Regulation (3)
Prerequisite: POL SCI 1100 or consent of instructor. This course will examine the role of governmental decision-making processes in regulatory policy, including congressional politics, presidential initiatives, administrative rulemaking, and society wide constraints. The impact of government regulation and alternative means for accomplishing regulatory goals (e.g., mandatory standards or incentive systems) will also be considered. Bureaucratic incentives and the role of the courts will be emphasized. Selected areas of regulation which may be covered include: equal employment policies, occupational health and safety policies, environmental policies, employment policies, and urban policies.

3420 Public Personnel Management (3)
Prerequisite: POL SCI 1100, or 2400, or consent of instructor. A study of personnel practices in the public sector, including recruitment, job development, labor relations, and administration of equal employment/affirmative action programs.

3430 Union Leadership and Administration (3)
Prerequisite: Consent of instructor. This course will focus on the roles and challenges of union leadership in a changing environment. Topics will include the union leader's roles as representative, organizer and educator as well as administrative responsibilities within the union and the relationship with enterprise management in both adversarial and participatory situations. Options for leadership style and organizational models will be discussed and explored in both theory and practice. Leaders will develop their skills of motivation, speaking, strategic planning and managing complex campaigns and diverse organizations.

3439 Studies in Policy Formation (3)
Prerequisite: Consent of instructor. Selected topics in policy formation. May be repeated.

3440 Public Budgeting (3)
Prerequisite: POL SCI 1100 or consent of instructor. Budgeting is the study of "who gets what" and who pays for it. This course examines the administration and politics of federal, state, and local government budgets. Students gain experience in interpreting budget documents and making budget choices, using electronic and other resources.

3450 Urban Administration (3) [ST]
Prerequisite: POL SCI 1100 or consent of instructor. Study of administrative machinery and practices of metropolitan government, how metropolitan areas organize themselves to provide services, how urban policies are made and implemented, how budgeting and personnel recruitment processes operate, and how these relate to urban policies.

3460 The Politics of Poverty and Welfare (3)
Prerequisite: POL SCI 1100 or consent of instructor. An examination of the structure of income inequality in the U.S. and public policies designed to redistribute wealth and to treat poverty. The history of welfare programs, the growth of the welfare state, and attempts to cut social spending are closely examined.

3470 Collective Bargaining (3)
Prerequisite: Consent of instructor. This course involves a study of collective bargaining processes including contract negotiations, contract administration, and methods for the resolution of bargaining disputes. Both theoretical and applied issues in collective bargaining will be addressed. Specific topics include the economic determination of bargaining power, legal constraints on the bargaining process, negotiations strategies and techniques, and the use of mediation and arbitration in the resolution of bargaining disputes.

3480 Environmental Politics (3)
Prerequisite: POL SCI 1100 or consent of instructor. This course examines the process of environmental policy-making and key environmental issues. Topics include national and international policies toward air and water pollution, energy use, solid and toxic waste disposal, global warming, overpopulation, and wilderness and wildlife conservation.

3490 Studies in Public Administration (3)
Prerequisite: POL SCI 1100, or 2400, or consent of instructor. Selected topics in public administration. May be repeated.

3570 Gender, Race and Public Policy (3)
Prerequisite: POL SCI 1100, or 1500, or consent of instructor. Raises the question as to whether "more women in politics," stemming from diverse economic, racial, ethnic backgrounds and age groups, will necessarily result
in better policies for women and men. Compares gendered and racialized impacts of a wide array of public policies (in the areas of education, employment, health care, welfare, and reproductive technologies) across a broad sample of advanced industrial societies. Analyzes the "empowerment" potential of new equality policies being generated at the international and supranational levels (e.g., in the UN and the European Union).

3590 Politics, Leadership and the Global Gender Gap (3)
Prerequisites: POL SCI 1500 or consent of instructor. Compares women's day-to-day leadership and participation patterns across a wide variety of political-economic contexts, emphasizing their performance as elective and administrative office holders. It examines the experiences of individual female leaders, long-term nomination and recruitment strategies, and the larger political opportunity structure awaiting women beyond the year 2000.

3595 Studies in Comparative Politics (3)
Prerequisite: POL SCI 1500 or consent of instructor. Selected topics in comparative politics. May be repeated.

3680 Feminist Political Theory (3)
A study of the history of feminist political thought with an emphasis on contemporary concerns. Issues to be considered include the feminist theories of the state, gender and justice, and equality and difference.

3690 The Marxist Heritage (3)
Same as PHIL 3369 and INTDSC 3690. Study of Marx and leading Marxists. Designed to evaluate their influence on recent political, economic, and social thought and institutions.

3695 Studies in Political Theory (3)
Prerequisite: POL SCI 1100, or 1500, or consent of instructor. Selected topics in political theory. May be repeated.

3830 International Political Economy (3)
Prerequisite: Introduction to international political economy. In particular, it will focus on the politics of international trade, finance, and investment. It will analyze the relationships between developed and developing countries, and it will assess the relative usefulness of alternative frameworks for studying international political economy.

3850 International Organizations and Global Problem Solving (3)
Prerequisite: POL SCI 1100 or 1500, or consent of instructor. Introduction to the study of international organization. The course focuses on relationships between nation-states and "nonstate" actors (e.g., global intergovernmental organizations such as the United Nations, and nongovernmental organizations such as multinational corporations) in world politics and on the role of international institutions in such problem areas as economic development, management of resources, and control of violence across national boundaries.

3860 Studies in War and Peace (3)
Prerequisites: Junior standing and POL SCI 1100, or 1500, or consent of instructor. Exploration, development, and testing of theories about the causes and consequences of war, peace, and conflict among nations. A broad range of literature on war and peace will be reviewed and applied to crisis situations in the international system.

3890 Studies in International Relations (3)
Prerequisite: POL SCI 1100, or 1500, or consent of instructor. Selected topics in international relations. May be repeated.

3900 Special Readings (1-10)
Prerequisite: Consent of instructor. Independent study through readings, reports, and conferences. May be repeated.

3940 Public Affairs Internship (1-6)
Prerequisites: Junior standing and consent of instructor. Independent study involving work with an appropriate public or private agency. A maximum of 6 credit hours may be earned.

3950 Senior Seminar in Political Science (3)
Prerequisites: Senior standing and consent of instructor. Required of all political science majors in their last year of course work as an integrative capstone experience. Emphasis is on student-faculty interaction in a seminar format designed to engage upper-level students in a critical examination of a broad theme in political science, leading to the production of a major research paper. Topics vary. May be repeated. This course is not available for graduate student credit.

4040 Survey Research Practicum (3)
Same as ECON 4140 and SOC 4040. Prerequisites: Junior standing and consent of the instructor. The execution of a sample survey, including establishing study objectives, sampling, questionnaire construction, interviewing, coding, data analysis, and presentation of results.

4060 Theory of Decisions and Games (3)
Prerequisite: Six hours of Philosophy and junior standing, POL SCI 6401 (or the equivalent) or consent of instructor. Same as PHIL 4465. A study of rational decision making, including games against nature, zero-sum games and social choices. Topics will include the following: expected utility maximization, the Prisoner's Dilemma, Nash equilibria, and Arrow's theorem on the impossibility of a social welfare function. Parts of the course are technical in nature; a prior course in mathematics (e.g., finite mathematics, calculus, statistics or an economics course with a mathematical component), symbolic logic, or some other course with comparable mathematical content.

4090 American Government for the Secondary Classroom (3)
Prerequisites: POL SCI 4090/SEC ED 4090 must be taken concurrently with HIST/SEC ED 4011 except with special consent of the School Studies Coordinator. (Same as SEC ED 4090) Adapts the themes and subject matter of American government to the secondary classroom and trains teachers in techniques particularly designed to maximize the use of primary sources, foster critical inquiry, and encourage knowledge of subject matter. Particular emphasis will be placed on defining the broad and connecting themes of American government, on expanding bibliography, and on choosing methods of inquiry for use in an interactive classroom. Either HIST/SEC ED 3257 or 3258 or POL SCI/SEC ED 3209 must be taken the same semester as HIST/SEC ED 3255 except with special consent of the Social Studies Coordinator. Can be counted towards the Political Science major requirement, but not the American Politics subgroup. Counts towards Social Studies Certification.

4460 Urban Planning and Politics (3) [ST]
Prerequisite: POL SCI 1100, or 2400, or consent of instructor. Examination of the political processes of urban areas as they relate to the planning of services and facilities.

4510 Comparative Public Policy and Administration (3)
Prerequisite: POL SCI 1500 or consent of instructor. A comparative study of the characteristics of public administrators, their institutions and environments in Western democratic, developing nations, and communist political systems.

4550 Democratization in Comparative Perspective (3)
Prerequisite: POL SCI 1500 or consent of instructor. This course explores the meaning of democracy and the nature of transitions to democracy, particularly the processes of political liberalization and democratization that follow the breakdown of authoritarian rule. Cases will be drawn from Latin America and other regions.

4850 International Law (3)
Prerequisite: POL SCI 1100, or 1500, or consent of instructor. Study of the international legal system, including the content and operation of the laws of war and peace, how law is created and enforced with regard to the oceans and other parts of the globe, and the relationship between international law and international politics.

4900 Topics in Political Science (3)
Prerequisites: POL SCI 1100 or consent of Instructor. Selected topics in political science.

4911 Management Issues in Nonprofit Organizations: Staff Management Issues (1)
Prerequisite: Junior Standing. Same as SOC WK 4911 and P P ADM 4911. This course addresses issues involved in managing staff in nonprofit organizations. The course will cover the following topics: fundamentals of staff supervision; balancing supervisory processes with counseling and coaching; selecting, hiring, evaluating, and terminating staff; and legal issues that affect these processes.

4912 Management Issues in Nonprofit Organizations: Legal Issues in Governing and Managing Nonprofit Organizations (1)
Prerequisite: Junior Standing. Same as SOC WK 4912 and P P ADM 4912. This course addresses legal issues involved in managing and governing nonprofit organizations. The course will cover the following topics: The Board as steward of the organization; Director and officer liability; tax laws concerning charitable giving; legal issues in managing staff and volunteers (e.g., hiring, evaluating, and terminating employees); Missouri nonprofit law.

4913 Management Issues in Nonprofit Organizations: Financial Issues (1)
Prerequisite: Junior Standing. Same as SOC WK 4913 and P P ADM 4913. This course addresses financial issues involved in governing and managing nonprofit organizations. The course will cover the following topics: Cash flow analysis; budgeting; fund accounting; cost accounting (determining costs for programs and services); understanding and using standard financial statements, including balance sheets, cash flow statements, statements of activity, and operating and capital budgets.

4940 Leadership and Management in Nonprofit Organizations (3)
Same as P P ADM 4940, SOC WK 4940, and SOC 4940. Prerequisite: Junior standing. Addresses the role and scope of the independent sector in the United States, as well as the leadership and sector, the role of volunteerism in a democratic management of nonprofit organizations within that sector. Topics include the economic and political scope of the independent society, and the role and scope of philanthropy. Topics include the dynamics, functions and membership voluntary organization management and leadership structure.
of NPOs, especially staff-board and other volunteer relations; governance and management of NPOs; resource mobilization; and program development management and evaluation.

4960 American Philanthropy and Nonprofit Resources Development (3)
Prerequisite: Junior standing or consent of instructor. Same as SOC WK 4960 and P P ADM 4960. This course addresses the history, philosophy, roles and scope of philanthropy in the United States, including its role in the nonprofit, voluntary sector. It further examines the contemporary forces which impact philanthropy and charitable giving, both by institutions and individuals. The course examines the effective planning and management of development programs (e.g., annual giving), fund raising vehicles (e.g., mail solicitations) and the fund raising process, from planning through donor relations.

6400 Analytic Perspectives in Political Science (3)
An introduction to the graduate study of political science. The course presents a number of analytic approaches to the scientific examination of a wide variety of political phenomena.

6401 Introduction to Policy Research (3)
Same as P P ADM 6010. Procedures for testing explanations, including research design, principles of measurement, probability sampling, methods of data collection, and techniques for analyzing data.

6402 Intermediate Techniques in Policy Research (3)
Prerequisites: Graduate standing and POL SCI 6401. Elementary distribution theory, statistical inference, and an introduction to multiple regression. Emphasis on practical applications.

6403 Advanced Techniques in Policy Research (3)
Prerequisites: Graduate standing and POL SCI 6402. Selected topics in policy research emphasizing forecasting, modeling, and estimation.

6404 Multi-Method Research Design (3)
Prerequisites: POL SCI 6403 or consent of instructor. Develops policy research skills that combine qualitative and quantitative social science tools and applies an appropriate mix of these tools to specific policy problems. Topics include alternative approaches to causal analysis, levels of analysis, triangulation from a variety of qualitative and quantitative research techniques, building contextual effects into multiple research projects, techniques for assessing alternative program theories and clarifying implicit assumptions, and meta-analysis of secondary data sources.

6405 Directed Readings in Research Methods (1-10)
Independent study through readings, reports, research projects, and conferences.

6406 Survey Research Methods (3)
Prerequisites: An introductory statistics course (such as SOC 3220 or consent of instructor. A course on the principles and procedures for conducting survey research. Topics include: forming questions and scales, survey design, sampling methods, data preparation and analysis, and presentation of results.

6410 Introduction to Policy Analysis (3)
Same as P P ADM 6000. Systematic development of a critical/analytic base for dealing with public policy.

6414 Topics in Public Policy Analysis (3)
Intensive analysis of a specific public policy area such as housing, budgeting, integration, planning, metropolitan reorganization. Course may be repeated.

6415 Directed Readings and Research in Public Policy (1-10)
Same as P P ADM 6150. Prerequisite: Consent of Instructor. Independent study through readings, reports, research projects, and conferences. May be repeated for credit, provided the subject matter is different.

6416 Family Policy (3)
Prerequisites: SOC WK 5200 or equivalent or consent of instructor and graduate standing. Same as SOC WK 5200 and SOC 6200. Examines policy development, implementation and impact of social policies on children, youth, and families. International, national, and state policies that affect basic family needs will be the focus, including topics such as economic support, health care, child care and Intended and protection, and child and youth development. Unintended consequences of existing policies on the family will be examined as well as future policy directions.

6417 Income and Pension Policy for the Aged (3)
Prerequisite: Graduate standing or consent of instructor. Same as GERON 6417 and P P ADM 6170 and SOC WK 6417. (MSW student normally take the social policy foundation course prior to enrolling in this course.) Examination of federal, state, and local policies that affect the economic well-being of the elderly. The development of social security programs and pension programs is explored within historical context. Emphasis is placed on the analysis of current policy problems and proposed solutions.

6418 Social and Economic Development Policy (3)
Prerequisites: SOC WK 5200 or equivalent or consent of instructor and graduate standing. Same as SOC WK
6250. Examines major trends and alternatives in social and economic development policy in state, national, and international perspectives. Students will develop skills in policy analysis and development.

6419 Cases in Public Policy Analysis (3)
Intensive analysis of several public policy cases. Cases will be problem-solving exercises in areas such as personnel management, program financing, budget preparation, and planning.

6420 Proseminar in Public Law (3)
Prerequisite: Graduate standing. Study of judicial systems and processes (judges, courts, litigants, and juries) and evaluation of legal policies (compliance, impact, and deterrence).

6421 Seminar in Public Law (3)
Research problems and designs, models and approaches to the study of public law. May be repeated for credit when the subject matter is different.

6422 Law, Courts, and Public Policy (3)
Prerequisite: Graduate standing. Analysis of public policies, as represented by laws, court decisions, and agency adjudication, judicial review, discrimination, affirmative action, urban planning, social welfare, intergovernmental relations, environmental law, freedom of information, and privacy concerns will be surveyed. The relationship between courts and the Constitution, courts and legislatures, and courts and the administrative process will be stressed.

6425 Directed Readings and Research in Public Law (1-10)
Independent study through readings, reports, research projects, and conferences.

6430 Proseminar in American Politics (3)
Study of individual and group political behavior, including socialization, participation, consensus formation, representation, and legislative and judicial behavior.

6431 Seminar in American Politics (3)
Research problems and design in American political process and behavior. May be repeated for credit when the subject matter is different.

6433 Elections, Public Opinion, and Public Policy (3)
Prerequisite: Graduate standing. This course provides an opportunity for graduate students to examine electoral politics and democratic governance. It includes an historical review of the dynamics of the American party system, paying particular attention to the ways that politicians translate social and economic change into the political system. It surveys the scientific community's understanding about mass political behavior, covering such topics as the nature of political beliefs, partisanship, political trust, ideology, motives for participation, and so on. Then it gives particular attention to the instruments that seem to shape public opinion - the family, the social peer group, and the mass media. Finally, it presents analyses of the contemporary political system in terms of the links between citizen preferences, electoral outcomes, and the government's provision of public policies.

6435 Directed Readings and Research in American Politics (1-10)
Independent study through readings, reports, research projects, and conferences.

6440 Proseminar in Public Administration (3)
Same as P P ADM 6400. Examination of major approaches to analyzing public policies and their administration. Emphasis is on the effects of administrative organization and procedures on policy decisions and their impacts. Specific topics may include administrative accountability, intergovernmental relations, public-private interaction, implementation processes, bureaucratic expertise, the legal environment of public policy administration, and public service and merit issues.

6441 Seminar in Public Administration (3)
Research problems and design in public administration. May be repeated for credit when the subject matter is different.

6442 The Policy Process (3)
Prerequisite: Graduate standing. The course will require a major research project using federal documents and other primary sources of information about the United States policy process. Topics will include the sources of public policy; the policy agenda; policy design, legitimation, and implementation.

6443 Health Care Policy (3)
Prerequisite: Graduate standing or consent of instructor. Same as P P ADM 6430 GERON 6443, SOC 6443, and SOC WK 6443. (MSW students will normally take the social policy foundation course before enrolling in this course). Survey course examining current issues in health policy that face the nation. Policies are placed in a historical context to show how issues have been influenced by different political and economic conditions. Secondary consequences and limitations of current trends in health policy are explored.

6444 Seminar in Public Policy and Aging (3)
Same as PP ADM 6444, GERON 6444 and SOC 6444. Prerequisite: Consent of instructor. The study of specialized issues and methods related to federal, state, and local policies that affect the elderly. Potential policy areas to be covered include housing, taxation, mental health, transportation, etc. May be repeated for credit, provided the subject matter is different.

**6445 Directed Readings and Research in Public Administration (1-10)**
Independent study through readings, reports, research projects, and conferences.

**6446 Selected Topics in Health Care Policy (3)**
Same as PP ADM 6460 and SOC 6446. Prerequisite: Consent of instructor. The study of specialized issues and methods relating to health care policy. May be repeated for credit, provided the subject matter is different.

**6447 Seminar in Public Policy (3)**
Prerequisite: Graduate Standing. Research seminar aimed at producing a substantial research project in the areas of public policy processes and outcomes. The seminar may focus on specific policy processes such as agenda-setting, policy formulation, or policy adoption, or it may focus on the politics of specific policy areas such as environmental programs, social legislation or regulation. May be repeated for credit when the subject matter is different.

**6448 Political Economy and Public Policy (3)**
Prerequisite: Graduate standing. This course examines political economy in its contemporary manifestations as public choice and as the study of the ways in which institutional power shapes economic policies and performance. The course explores the origins and major concepts of political economy, the institutions of economic policy-making and economic policies in the U.S. It emphasizes the consequences of budget constraints, inflation, unemployment, and sectoral decline on the design and administration of public programs at all levels of government.

**6449 Human Resources in the Public Sector (3)**
Prerequisite: PP ADM 6600 or consent of instructor. Same as SOC WK 6449 and PP ADM 6490. Presents an overview of personnel and labor relations in the public sector. Particular emphasis placed on issues which are unique to the public sector, such as the merit system, the questions of representative bureaucracy and the constraints of personnel in the nonprofit sector. The topics include personnel reforms in the federal sector, equal employment and affirmative action policies, testing, selection, hiring, comparable worth, job evaluation, and labor relations including grievance arbitration and collective bargaining.

**6450 Proseminar in Comparative Politics (3)**
Classification and topology of political systems; structural-functional analysis; political culture, ideology, affiliation and participation; decision-making processes; political roles; organization of authority.

**6451 Seminar in Comparative Politics (3)**
Research problems and design in comparative politics. May be repeated for credit when the subject matter is different.

**6452 Public Policy of Conservation and Sustainable Development (3)**
Same as BIOL 6250. Prerequisites: Graduate standing in Political Science or Biology and consent of instructor. Prior course in ecology recommended. This course will introduce the student to concepts and techniques for formulating, implementing, and analyzing public policy with an emphasis on environmental concerns, conservation, and sustainable development. The course will be team-taught by a political scientist and a biologist. Course materials will include case studies that demonstrate the special problems of environmental policymaking in developing and developed economies.

**6455 Directed Readings and Research in Comparative Politics (1-10)**
Independent study through readings, reports, research projects, and conferences.

**6457 Seminar in East Asian Politics (3)**
Prerequisite: Graduate standing or consent of instructor. Study of concepts and research on the political culture, ideology, groups, political processes and institutions, and policy outcomes in the Chinese and/or Japanese political systems.

**6459 Seminar in Latin American Politics (3)**
Prerequisite: Graduate standing or consent of instructor. This course focuses on the twin issues of economic and political change in Latin America. It explores shifts from open free-market models and provides tools to assess recent transitions from authoritarianism to democracy. Country cases include Mexico, Brazil, Argentina, Chile. Two Central American countries, El Salvador and Nicaragua plus Cuba also will receive attention.

**6460 Proseminar in Political Theory (3)**
Study of concepts and problems in normative political theory.

**6461 Seminar in Political Theory (3)**
Research problems and design in political theory. May be repeated for credit when the subject matter is different.
6462 Political Theory and Public Policy (3)
This course covers the ideological and ethical context of public policy and public policy analysis. Special attention is given to the way in which different contexts produce both different public policy and different ways of understanding public policy. Questions addressed include accountability, professionalism, freedom, justice, equality, and, in general, ethical issues faced by both the policy maker and the policy analyst.

6465 Directed Readings and Research in Political Theory (1-10)
Independent study through readings, reports, research projects, and conferences.

6470 Proseminar in Urban Politics (3)
Examination of the relationships among the social, economic, and political systems of urban areas. Urban political structure, patterns of influence, political participation, and communication and political change. Special attention to problems of access to and control of urban political systems.

6471 Seminar in Urban Politics (3)
Research problems and design in urban and regional politics. May be repeated for credit when the subject matter is different.

6475 Directed Readings and Research in Urban Politics (1-10)
Independent study through readings, reports, and conferences.

6480 Proseminar in International Relations (3)
Examination of various approaches to the study of international politics and foreign policy, focusing on studies of conflict, decision making, international political economy, and related topics. Included are realist, idealist, and Marxist perspectives.

6481 Seminar in International Relations (3)
Research problems and design in international politics. May be repeated for credit when the subject matter is different.

6482 International Political Economy (3)
Prerequisite: Graduate standing. This course will examine the theoretical and policy issues of international political economy. In particular, it will focus on the politics of international trade, finance and investment. It will also analyze the themes of interdependence, hegemony, and dependency, as well as consider relations between developed and developing countries. Finally, the relative usefulness of liberal, Realist and Marxist approaches to the study of international political economy will be weighed.

6485 Directed Readings and Research in International Relations (1-10)
Independent study through readings, reports, research projects, and conferences.

6488 Studies in International Relations (1-6)
Prerequisite: Graduate standing. Selected topics in international studies. May be repeated for credit provided the topic of the course is different each time.

6490 Strategic and Program Planning for Nonprofit Organizations (3)
Prerequisites: Graduate standing or consent of instructor. Same as P P ADM 6550 and SOC WK 6491. Strategic and program planning enable an organization to concentrate on efforts and set priorities guided by a mission, a vision, and an understanding of its environment. Focus is on preparing a strategic plan and a program plan for a nonprofit organization and analyzing an organization's ability to deliver goods and/or services to its constituents in today's economic, social and political climate.

6494 Thesis Research (1-10)
Arranged.

6495 Internship (1-6)
Independent study involving work with an appropriate public or private agency.

7499 Dissertation Research (1-10)
Arranged.

Ph.D., Washington University

*Primary appointment in the School of Social Work
+ Primary appointment in the College of Business Administration
' Primary appointment in College of Optometry
# Primary appointment in Kathy J. Weinman Children's Advocacy Centre

General Information

Psychology Undergraduate Advising Office
Undergraduates psychology majors and other students interested in majoring or minoring in psychology are encouraged to visit the Psychology Undergraduate Advising Office (Room 110 Stadler) to receive specific information on degree requirements and courses offerings, discuss questions about career options, and receive information about graduate work in Psychology. Students will minimize waiting time and will be assured one-to-one attention from an advisor by calling (314) 516-4561 to schedule an appointment ahead of time. Office hours for the Psychology Undergraduate Advising office as well as additional information for psychology majors can be obtained by e-mailing: psy_advising@umsl.edu.

Career Outlook

The undergraduate major in Psychology can provide the foundation for further training in psychology at the graduate level, provide the background necessary for graduate training in other fields such as social work and counseling, or provide the liberal arts background necessary for entry level positions in many fields such as business, communication, and some human service and health care positions. For more career information please schedule an appointment with an advisor in the Psychology Undergraduate Advising Office (Room 110 Stadler, psy_advising@umsl.edu). To function specifically as a psychologist, a graduate degree is required. Students with such an interest should plan for this additional training. Much of this preparation must take place during the student's undergraduate studies. For additional information, visit the American Psychological Association website.

Facilities.
The department has several animal and human experimental laboratories, equipped with a wide range of psychophysiological equipment. The department also operates three facilities (Community Psychological Service, the Center for Trauma Recovery, and Children's Advocacy Services of Greater St. Louis) which provide training opportunities for the doctoral students in the psychology program as well as providing psychological assessment and treatment services for citizens in the region.

Undergraduate Programs: Overview
Bachelors Degree. The Psychology department offers work leading to the Bachelor of Arts (BA) degree in Psychology.

Minor in Psychology. The department offers a minor in Psychology to students who have a special interest in this field but wish to major in another discipline.

2+3 B.A. in Psychology and M.S. in Gerontology
This is an accelerated program which allows students to receive a bachelors degree in psychology and masters degree in gerontology after completing 138 credit hours in a carefully prescribed program. A full description of program requirements and procedures is available from the Psychology department or from the Gerontology Program office.

Graduate Programs: Overview

Masters Degree.
The department offers a terminal M.A. in General Psychology, with specialization in either Industrial/Organizational Psychology or Behavioral Neuroscience.

Doctoral Degrees.
The department offers three options within its Ph.D. Program: Clinical Psychology, Behavioral Neuroscience, and Industrial/Organizational Psychology.

Graduate Certificate in Trauma Studies.
This is an 18 credit hour graduate certificate program.

Clinical Psychology Respecialization-Advanced Graduate Certificate Program.
This program is designed for individuals who already have a doctorate in psychology who wish to receive specialty training in clinical psychology.

Undergraduate Programs in Depth

General Education Requirements
Majors must satisfy the university and college General Education Requirements. Courses in Psychology may be used to meet the social sciences requirement.

Requirements for the Minor
Candidates must complete a minimum of 15 hours of courses taught by or cross-listed with the Psychology Department, including at least 6 hours at the 3000 or 4000 level. Candidates must have a cumulative grade point average of 2.0 or better in the minor. Psychology courses taken on a satisfactory/unsatisfactory basis may not be applied to the minor.

Bachelor of Arts in Psychology
At least 31, but no more than 45, hours must be completed in courses taught by or cross listed with the Psychology Department. Candidates must have a cumulative grade point average of 2.0 or better in the major. Psychology courses taken on a satisfactory/unsatisfactory basis may not be applied to the major.

The following courses (16 credit hours) are required:

**PSYCH 1000**, Careers in Psychology  
**PSYCH 1003**, General Psychology  
**PSYCH 2201**, Psychological Statistics  
**PSYCH 2211**, Introduction to Biological Psychology  
**PSYCH 2219**, Research Methods  
**PSYCH 4999**, Integrated Psychology

In addition to the required courses, at least one class must be selected from the classes listed for each of the following two core areas of psychology.

Clinical area (3 credit hours):
**PSYCH 2216**, Personality Theory or  
**PSYCH 2245**, Abnormal Psychology

Social/Development area (3 credit hours):
**PSYCH 2160**, Social Psych or  
**PSYCH 2270**, Developmental: Infant, Child Adolescent or  
**PSYCH 2272**, Developmental: Adulthood & Aging

Finally, at least three other courses totaling a minimum of nine credit hours must be taken at the 3000-4000 level.

Note: Students must satisfy the current University mathematical skills requirement before taking PSYCH 2201, Psychological Statistics. PSYCH 2201 is a prerequisite for PSYCH 2219, and hence, PSYCH 2201 must be
completed with a grade of C- or higher prior to enrollment in PSYCH 2219.

Also, multiple enrollments in PSYCH 3390, Directed Studies, count as no more than one advanced course. No more than six hours of independent study courses (PSYCH 3295, Selected Projects in Field Placement; and PSYCH 3390, Directed Studies) may be counted toward the 31-hour minimum needed for graduation.

Graduate School Preparation
In addition to the required courses listed above, students interested in applying to graduate school in Psychology are strongly encouraged to become involved in a research project with a psychology faculty member by enrolling in PSYCH 3390, Directed Studies. These positions are available on a limited and competitive basis. See the Psychology Undergraduate Advising office for more information on such positions.

Students who plan to apply to graduate school in clinical psychology, counseling, or social work should also enroll in PSYCH 3295, Field Placement, to gain experience in a “helping role” before apply to graduate programs in one of the human services professions.

Undergraduate Learning Outcomes
The Undergraduate Psychology Learning Goals and Outcomes represent reasonable departmental expectations for the psychology major at the University of Missouri-St Louis. They have been modified from the undergraduate learning goals recommended by the American Psychological Association.

Goal 1. Knowledge Base of Psychology
Students will demonstrate familiarity with the major concepts, theoretical perspectives, empirical findings, and historical trends in psychology.

PSYCH 1003 introduces these concepts; all other psychology courses expand on these issues in more depth.

Goal 2. Research Methods in Psychology
Students will understand basic research methods in psychology, including the development and refinement of theory, hypothesis generation and testing, research design, data analysis and interpretation.

All courses touch on these issues, but two required courses, Psychology 2201 and 2219 specifically address these issues in depth. In addition, students may take elective courses to strengthen their skills in this area.

Goal 3. Biological and Cognitive Approaches to Understanding Behavior
Students will have a basic understanding of the biological basis of behavior and cognitive theory and research in psychology.

The following courses specifically address this goal: PSYCH 2000, 2211, 3000, 4349, and 4356.

Goal 4. Application of Psychology to Personal Development and Mental Health.
Students will understand and apply psychological principles to personal development and mental health.

Many psychology courses have a specific application to the personal development and mental health of students and their families, including PSYCH 2216, 2232, 2245, 1268, 2270, 2272, 2280, 4305, 4306, 3340, 3346, 4376.

Goal 5. Application of Psychology to Social and Organizational Issues
Students will understand and apply psychology principles to social and organizational issues, including understanding and respect for cultural diversity.

The following courses address this goal: PSYCH 2160, 2222, 2230, 3256, 4310, 4311, 4312, and 3318.

Goal 6. Values in Psychology and Critical Thinking
Students will be able to weigh evidence, tolerate ambiguity, act ethically, and reflect other values that are the underpinnings of psychology as a discipline. Students will also learn to use critical thinking in evaluating research and other types of information.

All courses are relevant to this goal.

Goal 7. Information and Technological Literacy
Students will demonstrate information competence and the ability to use computers and other technology for many purposes.

PSYCH 2219 addresses these topics in considerable detail.

Goal 8. Communication Skills
Students will be able to communicate effectively in a variety of formats.
All courses provide some training in communication skills, with initial skills reinforced in upper division courses.

**Goal 9. Career Planning and Development**
Students will emerge from the major with realistic ideas about how to implement their psychological knowledge, skills, and values in occupational pursuits in a variety of settings.

PSYCH 1000 addresses this goal directly.

**Graduate Programs in Depth**

**Admission Requirements**
In addition to meeting the general admission requirements of the Graduate School, applicants should have completed undergraduate courses in general psychology, psychological statistics, and research methods. Each doctoral program has additional admission requirements specific to the program.

**Applications:**
Each program has independent deadlines for completed applications. They are as follows:

**M.A. in General Psychology**
January 15

**Ph.D. in Psychology:**
Clinical Psychology--December 15
Industrial/Organizational Psychology--January 15
Behavioral Neuroscience--January 15

**Teaching Assistantships.**
Stipends for teaching and research assistantships are available for the doctoral programs only.

**Description of Master of Arts in Psychology**
The psychology department at the University of Missouri-St. Louis devotes most of its graduate level training to its three doctoral programs. However, the department does offer a flexible program of studies leading to the Master of Arts degree in general psychology. Only a few students are admitted to this program each year. Course work is possible, depending on student demand and course availability in Behavioral Neuroscience and in Industrial/Organizational Psychology. The M.A. degree does not constitute a license to practice in Missouri or elsewhere as a professional psychologist. The M.A. program does not offer course work in Counseling or Clinical Psychology.

There is no thesis or language requirement. Part-time or full-time enrollment is permissible. The M.A. degree is a terminal degree and is separate from the Ph.D. program in Psychology.

The M.A. in Psychology requires a total of 32 semester hours of course work in Behavioral neuroscience or 45 semester hours of course work in Industrial/Organizational Psychology, depending on the option chosen. Before applying for admission to the Masters Program, interested applicants are encouraged to discuss their interest with either the Director of the Behavioral Neuroscience program or the Director of the Industrial/Organizational Psychology program.

All students in the masters program must take the course work prescribed by their emphasis area. All programs of study for M.A. students require the approval of the director of the Behavioral Neuroscience program or director of the Industrial/Organization program.

**Description of Ph.D. Programs/Options**
There are three distinct programs: Clinical Psychology, Behavioral Neuroscience, and Industrial/Organizational Psychology. Each has its own specific curricular and research requirements. Handouts describing these requirements are available from the department on request. The following briefly describes each program.

**Clinical Psychology.**
The Clinical Psychology program has been fully accredited by the American Psychological Association since 1977 and is patterned upon the scientist-practitioner model of clinical training. The Clinical Psychology program requires five years of full-time study. Students are not considered for admission on a part-time basis. Through the medium of courses, practicum, and research experiences, this emphasis area prepares clinical psychologists for careers in research, teaching, and clinical practice.

Students in the Clinical Psychology program participate for three years in the Psychology Department's Community Psychological Service. This facility provides psychological services to the public and consultation to outside agencies. Students also receive clinical experience in clerkships and during a full-time year-long internship. Research requirements include an initial independent research project, a major critical review of research in a specialty area, and a dissertation.

**Learning Outcomes for the Ph.D. in Clinical Psychology:**
The Ph.D. in Clinical Psychology has the following goals and outcomes:

Students will gain a broad-based foundation of knowledge and conceptual skills necessary for psychological research and practice.

The following courses address this goal: PSYCH 5465, 5468, 6466, 7403, 7405, 7412

Students will be prepared in multiple approaches to assessment and treatment that are theory-based and research-supported.

The following courses address this goal directly: PSYCH 7404, 7406, 7430, 7431, 7434, 7439, 7450, 7451.

Students will develop the ability to evaluate and conduct methodologically sound research of potential benefit to the practice of psychology.

The following courses address this goal directly: PSYCH 7421, 7422, 7474, 7485, 7486, 7487, 7488, 7492.

Students will develop a firm basis for ethical decision-making and adherence to professional standards of conduct in research and practice.

Most courses provide some training in this area, and PSYCH 7432 addresses this goal directly as a required course.

Students will develop and display sensitivity and adaptability in their applications of research, assessment and treatment approaches to diverse populations.

Most courses provide some training in this area, and PSYCH 6448 addresses this goal directly as a required course.

Students will continue to develop a commitment to the goals of life-long learning, and an awareness of clinical psychology as an evolving science.

All courses are relevant to this goal.

Behavioral Neuroscience.
The Behavioral Neuroscience program provides opportunities for study, research, and training in various areas including psychophysiology, psychopharmacology, neuroendocrinology, cognitive neuroscience, and neuropsychology. This program prepares students for research careers in academia or industry, such as pharmaceutical firms and medical schools. Full-time enrollment is required.

Learning Outcomes for the Ph.D. in Behavioral Neuroscience:

The graduate program in Behavioral Neuroscience has the following goals. Included is a set of outcome measures for each goal that allow the faculty to assess the students.

1. Students will gain a broad-based foundation of terminology and basic and conceptual knowledge necessary for teaching and research in the BN field. Outcome measures include grades in coursework, performance on both the written and oral segments of the qualifying exam, as well as active participation in our journal reading groups.

2. Beginning early in their studies, students will learn the basic skills to conduct research in a variety of different paradigms. Outcome measures include successful accomplishments in the laboratories of mentor professors.

3. Also from early in their studies, students will come to recognize the key to success in the BN field is publishing and seeking grant support. Outcome measures include an easily observable mindset that assess all scholarly activities in regard to possible publication and/or a suitable idea for submission to a grant agency. Also, regular attendance is expected at all relevant colloquia on campus and at the grant writing seminar offered by the BN faculty.

4. Students will come to recognize importance of writing and will be constantly developing their writing skills as applied to manuscript preparations and grant applications. Outcome measures are the numbers of manuscripts written and submitted to journals or grant agencies each year.

5. As they progress through the program, students will show increasing self-reliance to initiate a research project and carry it to its completion. Outcome measures are numbers and quality of self initiated research projects.

6. At the end of their graduate studies, the students will have grown into a full colleague of the faculty and be
ready for a career in research and teaching. Outcome measures are a quality dissertation that is successfully defended before peers and being hired for a suitable position (post-doc, assistant professor, junior-level researcher) in the field.

**Industrial/Organizational Psychology.**
The industrial/organizational psychology program is offered in cooperation with selected faculty from the College of Business to prepare students for careers in industry or academia. This program embraces the scientist-practitioner model and provides a balanced training in I/O. This emphasis provides "industrial" training in areas such as personnel selection, training, and test development/validation, as well as "organizational" training in areas such as work motivation, leadership, and group processes. Research and other training experiences in various settings are also incorporated.

**Learning Outcomes for the Ph.D. in Industrial/Organizational Psychology:**

The Ph.D. in Industrial/Organizational Psychology has the following goals:

1. Students will gain a broad-based foundation of knowledge and conceptual skills necessary for applied psychological research and practice.

2. Students will develop the ability to evaluate and conduct methodologically sound research of potential benefit to the theory and practice of psychology.

3. Students will develop the ability to apply psychological principles that are theory-based and research-supported to individuals and groups in organizational settings.

4. Students will develop a firm basis for ethical decision-making in research and practice.

5. Students will display adaptability in their applications of research, assessment and practical psychological approaches to individuals and groups in organizational settings.

**Graduate Certificate Programs**

**Clinical Psychology Respecialization-Advanced Graduate Certificate Program**

This program is designed for graduates of accredited doctoral programs in psychology who wish to receive training in the specialty field of clinical psychology. Respecialization students are trained within the context of the UMSL Clinical Psychology Doctoral Program, which is accredited by the American Psychological Association. The program provides an integrated sequence of training experiences, including didactic course work and practicum placements. Core graduate-level psychology educational requirements not completed elsewhere are included in the respecialization student's course of study.

**Graduate Certificate in Trauma Studies**

The graduate certificate is awarded upon the completion of 18 credit hours of coursework on the topic of trauma studies. No more than nine hours of graduate level independent research or fieldwork may be used for the certificate. The coursework for the certificate must be taken in at least two departments and may include no more than three hours at the undergraduate 3000 or 4000 level.

**Course Descriptions**

**1000 Careers in Psychology (1)**
Prerequisite: Psychology major or consent of instructor. This course is an orientation to the field of psychology for majors and for students who are considering declaring the major. Students will be engaged in activities that will help them to develop and identify their professional goals, learn about the various specialties and careers available within the field of psychology, understand the education and skills necessary for various careers, learn the requirements for a psychology major, become familiar with minors that are available at UMSL, encourage them to think about a possible choice of minor, and acquaint them with some of the UMSL Psychology faculty and specialties.

**1003 General Psychology (3) [SS]**
A broad introductory survey of the general principles of human behavior.

**1268 Human Growth and Behavior (3) [SS]**
Prerequisite: PSYCH 1003. A survey course, designed for non-majors, of development over the lifespan, with an emphasis on the developmental tasks and hazards of each age period. Majors in psychology and students planning to pursue a career in psychology research, teaching, or practice are strongly encouraged to take PSYCH 2270 and/or PSYCH 2272 instead of this course.

**2160 Social Psychology (3)**
Same as SOC 2160. Prerequisite: PSYCH 1003 or SOC 1010. Study of interaction between individuals and their social environment. Examination of basic principles, concepts, and methods.

**2170 Aging in America: Concepts and Controversies (3)**
Same as GERON 2170, ID 2170, SOC WK 2170, and SOC 2170. This course examines the major theoretical and service issues connected to the study of older adults and their families, using multidisciplinary perspectives. Students are provided with an introduction to the field of aging through an examination of current social issues and controversies. This course emphasizes student involvement through class discussion, and is appropriate for students in the arts and sciences, business, communication, education, and nursing.

2200 Drugs and Behavior (3)
Prerequisites: PSYCH 1003 and three other hours in psychology or biology. The course is designed to provide an introduction to the relationship between drugs and behavior. The emphasis will be on psychoactive drugs, alcohol, nicotine, as well as drug-like substances produced naturally in the body.

2201 Psychological Statistics (4)
(With Laboratory) Prerequisites: PSYCH 1003 and satisfaction of the university's mathematical skills requirement. Statistical methods in psychological measurement and analysis of psychological data. Frequency distribution analysis, sampling, test of significance, and correlation methods.

2205 Human Sexuality: Psychological Perspectives (3)
Prerequisites: PSYCH 1003: General Psychology. This course is a comprehensive overview of human sexuality from the standpoint of the behavioral science of psychology. This course includes a study of sexual anatomy and physiology, physiology and anatomy, sex differences, sexual orientation, interpersonal and intrapersonal aspects of human sexuality, classification and treatment of sexual dysfunction and sexual disorders, and the methods employed for the scientific examination of human sexual behavior.

2211 Introduction to Biological Psychology (3)
Prerequisites: PSYCH 1003, BIOL 1012 and 3 additional hours in Psychology or Biology. A fundamental course designed to introduce psychology students to the new findings for the biological bases of human behavior.

2212 Principles of Learning (3)
Prerequisite: PSYCH 1003. A consideration of critical findings in learning.

2216 Personality Theory (3)
Prerequisite: Six hours of psychology. Structural and dynamic aspects of the human personality considered in the context of selected theoretical systems.

2219 Research Methods (3)
(With laboratory.) Prerequisite: grade of C- or higher in PSYCH 2201. Research methods and analysis techniques used in psychological inquiry. Special emphasis placed on the logic of research design. Includes laboratory study and analysis of selected methods.

2222 Group Processes in Organizations (3)
Prerequisite: PSYCH 1003 or MGMT 3600. Topics include theory, research, and practice in coordination, conflict, and decision making in groups and organizations, as well as the role of influence, power, and leadership effectiveness in understanding interpersonal and group relations.

2230 Psychology of Women (3)
Same as WGST 2230 Prerequisite: PSYCH 1003. Evaluation of psychological theories and research regarding physiological, cognitive, and personality sex differences, female problems in adjustment, and clinical interventions for women

2232 Psychology of Victims (3)
Same as WGST 2232. Prerequisite: PSYCH 1003. A review of the effects of crime, violence, natural disasters, and other traumas on psychological functioning with attention to the relationship between gender and victimization. Prevention and therapy techniques will also be discussed.

2245 Abnormal Psychology (3)
Prerequisite: PSYCH 1003. Introduction to major symptom complexes, theories of etiology, and treatment of behavior disorders.

2270 Developmental Psychology: Infancy, Childhood & Adolescence (3)
Prerequisite: PSYCH 1003. The theory and research surrounding cognitive, social, emotional, and physical development from conception through adolescence. Intended for students with career interests in the study, education, and/or treatment of children.

2272 Developmental Psychology: Adulthood and Aging (3)
Same as GERON 4280. Prerequisite: PSYCH 1003. Personality, social, and physiological development from the onset of early adulthood through maturity and old age.

2280 Psychology of Death and Dying (3)
Same as GERON 2280. Prerequisites: PSYCH 1003. A beginning exploration of end-of-life issues.

2285 American Culture & Minority Mental Health (3)
Prerequisites: PSYCH 1003. Provides an examination of the relationship between American culture and mental health. The focus is on the lives of American minority groups, with specific attention given to how racism, prejudice, and minority status currently reveal themselves within a mental health framework. An eclectic, multidisciplinary approach that draws from clinical and social psychology will be utilized.

3256 Environmental Psychology (3)
Prerequisite: PSYCH 2160 or SOC 2160. Analysis of environmental influences on behavior and man's influence, in turn, on the environment. Topics will include a consideration of both individual processes relating to the environment (such as the perception, evaluation, and adaptation to the environment) and social processes relating to the environment (such as privacy, territoriality, and crowding).

3295 Selected Projects in Field Placement (3)
Prerequisites: Junior standing, fifteen hours of psychology, and departmental approval. Selected options in field work placement experiences in various local agencies with training and supervision by faculty. May be repeated once for credit.

3316 Fundamentals of Leadership (3)
Prerequisites: 9 hours of Psychology or consent of instructor. This course addresses concepts and methods for developing leadership skills in work and everyday settings. Contemporary approaches to leadership development are reviewed in relation to psychological and organizational theory. This course is designed to be relevant to the wide range of leadership opportunities that arise in work and daily life. Experiential exercises are used to help students discover and develop new leadership skills.

3317 Social Psychology of Conflict and Negotiation (3)
Same as SOC 3317. Prerequisite: nine hours of psychology or nine (9) hours of sociology, including PSYCH 2160 or SOC 2160. The purpose of this course is to understand how social psychological phenomena affect the processes and outcomes of negotiation and other forms of social conflict. The course is designed to be relevant to the broad spectrum of conflict situations people face in their work and daily lives. A basic premise of this course is that while analytical skills are needed to discover solutions to social problems, negotiation skills are needed in order for these solutions to be accepted and implemented.

3318 Industrial and Organizational Psychology (3)
Same as MGMT 3623. Prerequisites: PSYCH 2201 or MGMT 3600. This course introduces the student to psychological research and theories pertaining to human behavior in the work setting. Topics covered include: selection, performance appraisal, training, leadership, motivation, job satisfaction, and organizational design.

3320 Personnel Assessment (3)
Prerequisite: PSYCH 3318 or MGMT 3621. This course will provide an in-depth study of several topics in the area of personnel psychology. Consideration will be given to issues such as assessment centers, employment interviewing, personnel appraisal, employment test validity, and legal issues relevant to personnel assessment.

3340 Clinical Problems of Childhood (3)
Prerequisites: A total of twelve hours of psychology including PSYCH 1003 and PSYCH 2270. This course will address the clinical disorders and difficulties of children and the treatment of these disorders. Topics that will be addressed include autism, childhood schizophrenia, behavior disorders, drug abuse, euressis, encopresis, and childhood co-compulsive and phobic reactions. Treatments designed for specific use with children, including behavioral, drug, and community mental health approaches will be addressed.

3346 Introduction to Clinical Psychology (3)
Prerequisites: Nine hours of Psychology, including PSYCH 2216 or PSYCH 2245. A conceptual framework for research, description, and understanding of clinical phenomena. Assessment, interviewing, the clinical use of tests, and psychological approaches to treatment.

3390 Directed Studies (1-5)
Prerequisite: Consent of instructor. Directed reading and research. May be repeated for a maximum total of six hours.

3500 Health Psychology (3)
Prerequisites: PSYCH 1003. Health psychology involves the disciplines and principles of psychology and behavior in understanding how the mind, body, and behavior interact in health and disease. Class topics include theoretical foundations of health and illness, health promotion and primary prevention of illness, health enhancing and health damaging behaviors, psychosomatic illness, stress and coping, pain management, and a variety of specific behavior-related medical illnesses (e.g., heart disease, eating disorders, cancer, AIDS).

4235 Community Psychology (3)
Prerequisite: PSYCH 1003. The analysis of psychological problems in terms of the social and situational forces that produce them. Community psychology analyzes the situational problems in living. Epidemiology of mental illness; group, family, and crisis intervention; mental health-care delivery; program evaluation and demonstration project research; role of psychologist as consultant and change agent; and utilization of nonprofessional manpower.
4300 Introduction to Psychopharmacology: Drugs and Mental Illness (3)
Prerequisites: PSYCH 2211 or PSYCH 2200, and PSYCH 2245. The course is designed to provide an introduction to drugs used to treat anxiety disorders, major depression, schizophrenia, and other psychopathologies. The emphasis will be on understanding neural mechanisms related to psychological disorders and to the effectiveness of current drug treatments.

4305 Cognitive Development (3)
Prerequisites: Junior standing and PSYCH 2270, or consent of instructor. Data and theory concerned with how children’s thinking changes over time. Discussion will include domain-general versus domain-specific theories, social and cultural influences on cognition, gains in memory, attention, problem solving, and metacognition, conceptual development, children’s naïve theories, schooling, and various definitions and measures of intelligence.

4306 Social Development (3)
Prerequisites: Junior standing and PSYCH 2270, or consent of instructor. Data and theory concerned with social behavior in infants, preschoolers, and school-aged children. Discussion will include emotional regulation, measurement and nature of temperament, formation and maintenance of attachment relationships, sex-role development, theories of aggression and the effects of socializing agents such as family, peers, media, and culture on development.

4308 African American Psychology (3)
Prerequisites: 9 hours of Psychology or 6 hours of Black Studies minor, or consent of instructor. Provides an overview of the emergence of contemporary African American Psychology. It explores the implications of a psychological perspective specific to African Americans. Traditional research theories are explored from a historical perspective. African American identity, socialization, personality, cognitive development, and mental health are discussed. Contemporary issues which impact African American behaviors and attitudes are also addressed.

4310 Motivation Theory (3)
Prerequisites: Junior standing and twelve hours of Psychology, or consent of instructor. Survey of current theoretical material in the area of motivation.

4311 Psychology of Nonverbal Behavior (3)
Prerequisite: PSYCH 2160 or SOC 2160. Psychological perspective on the role of nonverbal behavior in social settings. Primary concerns of the course will include an analysis of a) functions of nonverbal behavior (e.g., communication, intimacy exchange, control), b) factors influencing nonverbal expression (e.g., culture, personality, relationships), and c) various theoretical views on nonverbal behavior and communication. Applications to various problems and settings in everyday life will also be pursued.

4330 Hormones, the Brain and Behavior (3)
Prerequisites: 9 hours of Psychology or Biology, including at least one of the following: either PSYCH 2200, PSYCH 2211, Psych. 4300 or PSYCH 4314 or permission of instructor. Can be taken for graduate credit. It is now clear that the endocrine system influences a notable range of reproductive and non-reproductive behaviors including mood, stress responses, cognition, memory, violence, attachment, aging, weight control and athletic prowess. Emphasis of the class is on hormonal contribution to reproductive and non-reproductive behaviors and sex steroids influences on the brain from prenatal life to old age as well as their contribution to gender behavioral differences.

4349 Human Learning and Memory (3)
Prerequisites: Nine hours of psychology or consent of instructor. A survey of contemporary research, theory, and facts pertaining to the acquisition, retention, and forgetting of information.

4356 Thinking and Cognition (3)
Prerequisites: Nine hours of psychology or consent of instructor. An introduction to modern analytical approaches to the psychology of thinking: problem solving, reasoning, categorizing, judgment, attention, and consciousness. Particular attention is paid to the mental structures and operations involved in the encoding, abstraction, representation, transformation, and retrieval of knowledge.

4361 History and Systems of Psychology (3)
Prerequisites: At least fifteen hours of psychology. The course should be taken no sooner than the winter term of the junior year. Historical antecedents of contemporary psychology, including a survey of systems and schools of psychology.

4365 Psychological Tests and Measurements (3)
Prerequisites: PSYCH 2201 and PSYCH 2219, or consent of instructor. Survey of psychological tests and principles of reliability, validity, test construction, and test evaluation.

4374 Introduction to Clinical Neuropsychology (3)
Prerequisite: Nine hours of psychology. A survey of neuropsychological findings concerning relationships between brain and behavior. Topics will include brain function, neuroanatomy, neurological syndromes, and methods of neuropsychological assessment.
4376 Mental Health and Aging (3)
Prerequisites: 9 hours of psychology, graduate standing, or consent of instructor. Same as GERON 4376 and SOC WK 4376. (MSW students normally take all foundation courses prior to enrolling in this course.) A survey of recent theory and research in mental health issues for older populations. The primary focus is on major psychological disorders prevalent among the elderly and on treatment approaches for elders.

4392 Selected Topics in Psychology (1-3)
Prerequisites: Twelve hours of psychology and consent of instructor. A seminar of selected issues and methods in psychology. May be repeated once for credit.

4398 Child Maltreatment: A Multidisciplinary Approach (3)
Same as SOC WK 4398. Focuses on clinical aspects of child abuse with attention to identification, reporting, intervention, and prevention. Perspectives from the disciplines of psychology and social work are provided.

4999 Integrated Psychology (2)
Prerequisites: This course is restricted to psychology majors who plan to graduate during the current semester or the next. This capstone course serves as a review of the primary fields of psychology. It will be taken typically during the last semester prior to graduation. An advanced general psychology textbook will guide the class through important contemporary topics in behavioral neuroscience, learning & memory, cognition, psychopathologies & their treatments, developmental and social psychology. Students will take the required major field test in psychology that will serve as the final exam for the course.

5001 Neuropsychological Assessment (3)
Prerequisites: Admission to Psychology graduate program, or consent of instructor. This graduate level course will review neuroanatomical systems that mediate primary cognitive networks and methods of assessments and interpretation of data. The course will also review common neurological and psychiatric conditions that result in neuropsychological compromise.

5400 Seminar: Special Topics in Behavioral Neuroscience (1)
Prerequisites: Admission to the graduate program in behavioral neuroscience or consent of instructor. A seminar of selected contemporary topics in behavioral neuroscience. The class will meet weekly to discuss a journal article in the field with special focus on the methodologies used in neuroscience research. May be repeated for a total of 3 credit hours, provided the subject matter is different.

5407 Psychopharmacology (3)
Prerequisite: 12 units of graduate-level psychology courses and consent of instructor. An examination of the effects of drugs on the brain and on behavior. Primary emphasis is on those drugs used in the treatment of affective disorders, schizophrenia, and anxiety.

5465 Seminar: Physiological Psychology (3)
A critical examination of contemporary problems in physiological psychology.

5468 Seminar: Cognitive Processes (3)
Prerequisite: Admittance to doctoral program in psychology or consent of instructor. A critical examination of contemporary problems in cognitive processes

5610 Mechanisms of Aging I: The Aging Body (1)
Prerequisite: Admission to Clinical Psychology program or permission of the instructor.. A critical examination of the clinical-experimental literature on psychopathology. Etiologies of cognitive/affective functions and Prerequisites: Graduate standing and BIOL 1102 or equivalent. Same as SOC WK 5610 and GERON 5610. (MSW students normally take all foundation courses prior to enrolling in this course.) Introduces students with a social sciences/humanities background to the normal changes in the biology and chemistry of the aging human body and how these changes affect behavior.

5611 Mechanisms of Aging II: The Aging Brain (1)
Prerequisites: GERON 5610 or SOC WK 5610 or PSYCH 5610 or equivalent or consent of instructor. Same as SOC WK 5611 and GERON 5611. (MSW students normally take all foundation courses prior to enrolling in this course.) Provides students with a social sciences/humanities background a basic introduction to the biology and chemistry of the aging human brain and nervous system and how these systems impact behavior.

5612 Mechanisms of Aging III: Diseases of Aging (1)
Prerequisites: GERON 5610 and GERON 5611 or SOC WK 5610 and 5611 or PSYCH 5610 and PSYCH 5611 or equivalent or consent of instructor. Same as SOC WK 5612 and GERON 5612. (MSW students normally take all foundation courses prior to enrolling in this course.) Provides students with a social sciences/humanities background with information on how diseases associated with aging exacerbate the effects of aging on the human body, mind, and behavior.

6441 Aging and Health Behavior (3)
Same as GERON 6441. Prerequisites: Graduate standing. This course examines sociocultural influences on health care practices of older adults. The role of social support and other social resources in the health
behavior of older adults is emphasized. Topics include self care decisions, formal service utilization, family caregiving, and planned interventions for older adults.

**6444 Clinical Geropsychology (3)**
Prerequisite: Graduate standing or consent of instructor. This course examines major predictors of Psychosocial functioning in older adults. The emphasis is on assessment and research methods appropriate to studying developmental issues in late life. Topics include interpersonal relationships, mental health, and a critique of interventions designed to increase life satisfaction.

**6448 Multicultural Issues in Clinical Psychology (3)**
Prerequisite: Admission to the doctoral program in Clinical Psychology or consent of instructor. A survey of theoretical perspectives utilized in the treatment of various cultural groups. Their relationship to and implications for the treatment of members of various cultural groups will be explored. Strategies and ethical concerns in diagnosis, test interpretation, and treatment are considered.

**6466 Seminar: Developmental Psychology (3)**
A critical examination of contemporary problems in developmental psychology.

**7403 Psychopathology (3)**
Prerequisite: Admission to Clinical Psychology program or permission of the instructor. A critical examination of the clinical-experimental literature on psychopathology. Etiologies of cognitive/affective functions and dysfunctions are explored, and implications for therapeutic intervention are considered.

**7404 Introduction to Clinical Assessment I (4)**
Prerequisite: Admission to Clinical Psychology program. Fundamentals of clinical assessment with emphasis on interviewing and the measurement of cognitive functioning. This course includes a laboratory.

**7405 History and Systems in Psychology (3)**
Prerequisite: Admission to Clinical Psychology program or consent of the instructor. A comprehensive overview of the history of psychology with an emphasis on the systems of thought that have shaped contemporary psychological theory and research.

**7406 Introduction to Clinical Assessment II (4)**
Prerequisite: PSYCH 7404. Theory and techniques of personality assessment with emphasis on projective personality tests. This course includes a laboratory.

**7410 Women and Mental Health (3)**
Prerequisite: Admission to the doctoral program in Clinical Psychology or consent of instructor. Same as WGST 6410. This course will focus on contemporary research on the psychology of women pertaining to mental health issues. Etiology and treatment of disorders disproportionately affecting women will be emphasized.

**7412 Social Psychology (3)**
Prerequisite: Admittance to psychology doctoral program or consent of instructor. A review of key areas in contemporary theory and research in social psychology.

**7415 Seminar in Health Psychology & Behavioral Medicine (3)**
Prerequisites: Admission to doctoral program in clinical psychology or consent of instructor. This course analyzes research, theory, and clinical applications in the interrelationships of behavior, psychological states, physical health and disease. Discussion includes theoretical foundations of health and illness, biopsychosocial factors affecting health and public policy, and research issues. Critical evaluation of theory and empirical support for clinical applications in health psychology will be discussed.

**7419 Existential Issues in Clinical Psychology (3)**
Prerequisite: Admission to the doctoral program in Clinical Psychology or consent of instructor. This course will review existential thought in psychology and its application to understanding clinical problems and treatment. Particular attention will be given to how Psychotherapy can be understood within an existential framework that focuses on the issues of death, freedom, responsibility, and isolation.

**7421 Quantitative Methods I (4)**
(With laboratory) A comprehensive study of the use of analysis of variance procedures in analyzing data. Topics include completely randomized designs, randomized blocks, factorial designs, and the analysis of covariance.

**7422 Quantitative Methods II (4)**
Prerequisites: PSYCH 7421 and consent of instructor. (With laboratory) A comprehensive study of the use of multivariate statistics in data analysis. Topics include the general linear model, multiple regression, factor analysis, and multivariate analysis of variance.

**7423 Quantitative Methods III (3)**
Prerequisites: PSYCH 7422 and PSYCH 7429 and consent of instructor. A selective study of the use of multivariate statistics in data analysis. Topics include structural equation modeling, multilevel modeling, and
analysis of longitudinal data.

**7429 Psychometric Theory (3)**
Prerequisite: PSYCH 7421, PSYCH 7422 and consent of instructor. A consideration of classical and modern theories of psychological testing. Topics include test reliability, validity and construction.

**7430 Introduction to Clinical Skills (1)**
Prerequisites: Admission to doctoral program in clinical psychology. An introduction to processes and procedures involved in psychotherapy.

**7431 Clinical Supervision (1-3)**
Prerequisite: Admission to Clinical Psychology program. Supervised experience in clinical practice. Maybe repeated six times for credit.

**7432 Ethics and Professional Issues (3)**
A study of issues in professional development, clinical supervision, risk management, and ethical standards as they relate to teaching, research, and professional practice.

**7434 Seminar: Introduction to Psychotherapy (3)**
Prerequisite: Admittance to Clinical Psychology program and PSYCH 7406. This course considers theories of personal change and their practical application in psychotherapy. Topics include the development of the therapist-client relationship, case management, process and outcome research, and ethical principles for the psychotherapist.

**7439 Summer Supervision (1)**
Prerequisite: PSYCH 7431. Supervision experience in clinical practice at all graduate year levels during the summer months. Can be repeated for credit.

**7442 Seminar: Cognitive and Behavior Therapy (3)**
Prerequisites: PSYCH 7434. The practice of behavior therapy. Students will learn to implement behavioral assessment and therapy strategies in clinical settings.

**7445 Seminar: Special Topics in Clinical Psychology (1)**
Prerequisites: Admission to doctoral program in clinical psychology or consent of instructor. A seminar of selected issues and methods in clinical psychology. May be repeated for a total of 3 credit hours, provided the subject matter is different.

**7447 Trauma and Recovery (3)**
Prerequisites: Graduate Trauma Studies Certificate. A comprehensive seminar on the psychological effects associated with exposure to potentially traumatic events. The course will include information on the history of trauma studies; definitions of stressful and traumatic events; common responses to these events; theoretical models for conceptualizing traumatic responses; information on specific types of traumatic events; and issues in treatment.

**7449 Research Methods in Applied Psychology (3)**
Prerequisite: One graduate course in statistics. This course focuses on the basics of conducting research in applied psychology. Topics include: philosophy of science; reliability and validity; experimental, quasi-experimental, and nonexperimental designs; power; and meta-analysis.

**7450 Clinical Internship I (1)**
Prerequisite: Consent of adviser. Supervised training in an affiliated agency or organization following completion of two years of course work.

**7451 Clinical Internship II (1)**
Prerequisites: PSYCH 7450 and consent of adviser. Supervised training in an affiliated agency or organization following completion of two years of course work.

**7454 Seminar: Personnel Psychology (3)**
An analysis of theories and research in personnel and industrial psychology. Topics include testing, assessment centers, performance appraisal, and interviewing.

**7455 Seminar: Organizational Psychology (3)**
An analysis of theories and research in organizational psychology. Topics include theories of motivation, leadership, job design, group process decision making, organizational effectiveness, and the relation between organizations and their environment.

**7457 Seminar: Special Topics in Industrial Psychology (3)**
A seminar of selected issues and methods in personnel psychology.

**7458 Seminar: Special Topics in Organizational Psychology (3)**
A seminar of selected issues and methods in organizational psychology.

The faculty prides itself on its commitment to high standards of teaching and sound scholarly research. Systematic course evaluations by students each semester are taken seriously, and individual faculty have been singled out as nominees and recipients of university Excellence in Teaching awards. The ongoing scholarly research of the faculty is reflected in the department's upper-level and graduate courses, as well as in the numerous publications in journals and books or presentations at national and international meetings. Information on current academic activities of the faculty is posted on the departmental web page.

General Information

Degrees and Areas of Concentration
The sociology department offers courses leading to the B.A. in sociology and the B.S. in sociology; in cooperation with the College of Education, the B.A. in sociology with teacher certification; in cooperation with the College of Business Administration, the B.A. in sociology with a business option; and cooperative minor or certificate programs in American studies, black studies, legal studies, urban studies, religious studies, women's and gender studies, and international studies.

Students completing the B.A. or B.S. degree in sociology are well-prepared for graduate study in sociology or careers in industry, health and social services, and urban, intergroup, political, or community issues. Since the sociology department also offers work leading to the M.A. degree in sociology (see below), opportunities are available for graduate-level instruction to selected undergraduate students.

In addition to a balanced program of basic undergraduate to advanced graduate courses, the department provides a range of opportunities for students to develop specialized research methods. Seminars, and internship placements are offered in support of this goal and are typically designed around the ongoing research interests of department faculty. The department provides students with opportunities for intensive
direction and guidance from faculty. Students and faculty working in particular subject areas consult freely
with members working in other areas. Research interests of sociology faculty extend beyond the department
into a wide variety of joint projects with faculty in other departments and programs, including criminology
and criminal justice, engineering, political science, trauma studies, women's and gender studies, gerontology,
public policy research centers, and the Center for International Studies.

Undergraduate Studies

General Education Requirements
Students must satisfy the university and college general education requirements. Courses in sociology may be
used to meet the social science requirement. The foreign language requirement for the B.A. degree may be
satisfied in any language. Not more than 12-15 hours of community college transfer credit may be applied
toward the combined minimum of required credit hours for the B.A. (30 credit hours) or B.S. (36 credit hours)
major. No course in which a grade below a C- is received will count toward satisfying the core requirement.

Satisfactory/Unsatisfactory Restrictions
Sociology majors may not take courses counting toward their major requirements on a
satisfactory/unsatisfactory basis.

Learning Goals and Outcomes
The sociology major should study, review, and demonstrate understanding of:

1. The discipline of sociology and its role in contributing to our understanding of society, such that the student
will be able to:
   - describe how sociology differs from and is similar to other social sciences, and give examples of these
differences;
   - describe how sociology contributes to a social scientific understanding of social life; and
   - apply the sociological imagination, sociological principles and concepts to her/his own life.

Courses: Introduction to Sociology; Social Psychology; Urban Sociology; Social Problems.

2. The role of theory in sociology, such that the student will be able to:
   - define theory and describe its role in building sociological knowledge;
   - compare and contrast basic theoretical orientations;
   - show how theories reflect the historical context of times and cultures in which they were developed; and
   - describe and apply some basic theories or theoretical orientations in at least one area of society.

Courses: Sociological Theory; all 4000 level courses.

3. The role of evidence and qualitative and quantitative methods in sociology, such that the student will be
able to:
   - identify basic methodological approaches and describe the general role of methods in building
sociological knowledge;
   - compare and contrast the basic methodological approaches for gathering data;
   - design a research study in an area of choice and explain why various decisions were made; and
   - critically assess a published research report.

Courses: Statistics; Methods; Qualitative Methods; Survey Research Practicum.

4. The role of data analysis in sociology, such that the student will be able to:
   - use the necessary technical and analytic skills to retrieve relevant information and data from the
internet;
   - use computers appropriately for data analysis;
   - accurately convey data findings in writing; and
   - describe and apply the principles of ethical practice as a sociologist.

Courses: Statistics; Methods; Qualitative Methods; Social Psychology; all 4000 level courses.

5. Basic concepts in sociology and their fundamental theoretical interrelations, such that the student will be
able to:
   - define, give examples, and demonstrate the relevance of the following: culture; social change;
   socialization; stratification; social structure; institutions; and differentiations by race/ethnicity, gender,
age, and class.

Courses: Introduction to Sociology; all 4000 level courses.

6. How culture and social structure operate, such that the student will be able to:
- demonstrate the interdependencies of social institutions, and the reflexive nature of interaction between individuals and groups within these institutional structures;
- demonstrate how social change affects social structures and individuals;
- demonstrate how culture and social structure vary across time and place, and the effect of such variations; and
- identify examples of specific policy implications based upon social structural analysis.

Courses: Introduction to Sociology; Sociological Theory; Social Psychology; Sociology of the Family; Sociology of Health; Sociology of Deviant Behavior; Alcohol, Drugs, and Society; Social Problems; Gerontology.

7. Reciprocal relationships between individuals and society, such that the student will be able to:

- provide a sociological analysis of the development of the self;
- demonstrate how societal and structural factors influence individual behavior and the development of the self;
- demonstrate how social interaction influences society and social structure; and
- distinguish sociological approaches to analyzing the self from psychological, economic, and other approaches.

Courses: Introduction to Sociology; Social Psychology; Sociological Theory; Gerontology.

8. The macro/micro distinction, such that the student will be able to:

- compare and contrast theories at one level with those at another;
- summarize research documenting connections between the two; and
- identify a related research question that could be pursued to more fully understand the connections between the two.

Courses: Introduction to Sociology; Social Problems; Sociological Theory; Sociology of the Family; Urban Sociology; Gerontology.

9. At least one specialty area within sociology, such that the student will be able to:

- summarize basic questions and issues in the specialty area;
- compare and contrast basic theoretical orientations in the specialty area; and
- summarize current research in the specialty area.

Specialty area Inequality Courses: Sociology of Wealth and Poverty; Sociology of Minority Groups; Urban Sociology; Power, Ideology and Social Movements.

Specialty area Social Control Courses: Urban Sociology; Sociology of Conflict; Sociology of Deviant Behavior; Alcohol, Drugs and Society; Criminology and Criminal Justice cross-listed courses. A faculty advisor can approve other areas and courses.

10. The internal diversity of American society and its place in a global context, such that the student will be able to:

- describe the significance of global variations by race, class, gender, and age; and
- know how to appropriately generalize or resist generalizations across groups.

Courses: Introduction to Sociology; Gender Roles; Sociology of Wealth and Poverty; Urban Sociology; Social Problems; Gerontology.

11. To think critically, such that the student will be able to:

- demonstrate an ability to move from recall analysis and application to synthesis and evaluation;
- identify underlying assumptions in particular theoretical orientations or arguments;
- identify underlying assumptions in particular methodological approaches to an issue;
- describe how patterns of thought and knowledge are directly influenced by social structures; and
- present opposing viewpoints and alternative hypotheses on various issues.

Courses: Sociological Theory; Research Methods; all 4000 level courses.

**Degree Requirements**

**Bachelor of Arts in Sociology**

In addition to specific baccalaureate degree requirements of the College of Arts and Sciences, candidates must complete 30 hours of sociology course credit including the following required core courses:

1010, Introduction to Sociology
3210, Sociological Theory  
3220, Sociological Statistics, or  
MATH 1310, Elementary Statistical Methods, or  
MATH 1102, Finite Mathematics I, or  
MATH 1105, Basic Probability and Statistics  
3230, Research Methods

Note: The core requirements should be completed as early as possible, preferably by the end of the junior year. Sociological Statistics is a prerequisite for research methods. Only 45 hours of sociology can be applied to the 120 hour total required for a degree from the University of Missouri-St. Louis.

For the B.A. in sociology candidates are required to take the core courses (12 hours) and at least 18 additional hours of sociology courses, selected according to career objectives, with at least six hours at the 4000 level (no more than three hours of either SOC 4350, Special Study or SOC 4385, Internship in Sociology may be applied to this 4000 level requirement). No more than three hours in sociology below the 2000 level can count towards this 18-hour requirement. Applied training through one or more research courses may be used as part of the requirement for the major.

Bachelor of Science in Sociology
For the B.S. in Sociology, candidates are required to take the core courses (12 hours) and complete the following requirements.

Eight additional sociology courses (24 hours), chosen with the approval of the student’s faculty advisor, are required for the B.S. in Sociology, including a minimum of four courses (twelve hours) at the 4000 or 5000 level (no more than three hours of either SOC 4350 Special Study or SOC 4385, Internship in Sociology may be applied to the 4000 or 5000 level requirement). No more than three hours in sociology below the 2000 level can count toward this 24-hour requirement.

Related Area Requirements:  
Candidates for the B.S. in sociology also must complete five courses from at least four of the following nine areas: computer science, economics, mathematics, philosophy, political science, probability and statistics, psychology, public policy administration, and international studies. Specific course selections must be approved by a faculty advisor.

Combined Degree: Bachelor of Science in Civil Engineering and Bachelor of Science in Sociology
Students pursuing the combined degree are simultaneously enrolled in the College of Arts and Sciences and the Joint Undergraduate Engineering Program. They have an engineering faculty adviser as well as a faculty adviser in the Department of Sociology.

A program of 159 semester hours is required for the B.S. in civil engineering and the B.S. in sociology. Earned alone, the B.S. in engineering requires 137 semester hours. Because of the overlap in required courses for the two curricula, the combined degree program requires only 22 additional semester hours.

For additional information, see the section in this Bulletin labeled UMSL/Washington University Joint Undergraduate Engineering Program or contact:

Associate Dean of the Joint Undergraduate Engineering Program,  
228 Benton Hall,  
University of Missouri-St. Louis,  
One University Blvd.,  
St. Louis, MO 63121.

B.A. or B.S. in Sociology with Teacher Certification
Students must complete the B.A. or B.S. in sociology requirements, as well as the requirements for teacher certification. (See the College of Education section of this Bulletin.)

B.A. or B.S. in Sociology with an Interest in Business
The following courses are suggested for students seeking careers in sales, market research, and so forth. In addition to the B.A. or B.S. in sociology requirements, the following core courses are suggested:

ECON 1001, Principles of Microeconomics  
BUS AD 2400, Fundamentals of Financial Accounting  
SOC 4646, Demographic Techniques

Students may then choose to complete one of the following three sets of courses:

1) Marketing Management  
3700, Basic Marketing  
3740, Marketing Intelligence  
3760, Industrial Marketing

2) Financial Management
3500, Financial Management  
3501, Financial Policies  
3520, Investments  

3) Accounting  
2410, Managerial Accounting  
3401, Intermediate Accounting I  
3411, Cost Accounting  

Requirements for the Minor  
Students must apply for the minor in sociology. Candidates must complete at least 15 hours of departmental course work in sociology, of which at least 9 must be completed at UMSL’ department of sociology and must be beyond those applied to the candidate’s major. At least 6 hours must be at the 4000 level (no more than 3 hours of either SOC 4350, Special Study, or SOC 4385, Internship may be applied to this 4000 level requirement).

Candidates who anticipate that their background in sociology may play a substantial role in their career plans are strongly encouraged to take some or all of the core requirements.

Candidates must have a cumulative grade point average of 2.0 or better in all courses pertaining to the minor. Department courses taken on a satisfactory/unsatisfactory basis may not be applied to the minor.

Department Awards  
The department offers several annual awards to outstanding students on the basis of merit.

The Ray Collins Alumni Award is given annually by the Sociology Alumni Association to the top graduating senior. The awardee is selected by the faculty on the basis of GPA, and the award consists of first-year membership dues in the Sociology Alumni Association and a cash award.

Honors Program Student Association Awards are given annually to exceptional students. The awards include student affiliate memberships in the Honors Program Student Association of the American Sociological Association to aid the establishment of a network of colleagues who are at similar points in their career development.

The Alumni Agent Scholarship and the Sociology Alumni Scholarship are given to deserving sociology majors annually. The awardees are selected by the faculty on the basis of merit.

A series of undergraduate awards are given to outstanding students. The Freshman Sociology Award is given to the outstanding freshman student in lower-division sociology course work; the Outstanding Junior Sociology Major Award is given to the outstanding junior sociology major; the Outstanding Sociology Minor Award is presented to the graduating student with the most outstanding minor GPA record; and the Outstanding Sociological Statistics and Methods Award is given to the sociology major with the best overall record in SOC 3220 and 3230. This award carries a stipend for the student to serve as an undergraduate course assistant for SOC 3220, or 3230.

Department Honors  
The sociology department will award department honors for those B.A. and B.S. degree candidates in sociology with an overall grade point average of 3.2 or better. They must also successfully complete an independent study through SOC 4350, Special Study.

Undergraduate Certificate on Disaster and Risk Management  
The undergraduate certificate program on Disaster and Risk Management offers a multi-disciplinary course of study focusing on the key challenge of developing resilience against disaster—preventing, preparing for, and responding to disasters and catastrophes. It brings together a range of disciplines to provide students with theoretical and practical insights into managing risks posed by natural, accidental, and intentional threats confronting urban communities. The certificate program emphasizes social psychological, organizational, legal, and political relationships brought to bear on the socio-technical systems designed to prevent, prepare for, or respond to disasters and catastrophes. It provides educational and practical opportunities for students planning careers in public safety, counterterrorism, community and research planning, public policy making, emergency management, leadership in the public sector, and the mass media. The certificate program aims to guide students in learning to manage efforts of public and private institutions to build resilience in their own socio-technical systems and in the community. Each discipline participating in the certificate program brings a distinct perspective to bear on the key issues involved in developing resilience in homeland security. Sociology offers a framework on the relationship of socio-technical systems and community organization that will prove conducive to students gaining both theoretical and practical insights into threats posed by disaster and catastrophe.

Undergraduate students earn a certificate on Disaster and Risk Management by completing 18 hours with a GPA of 2.0 or better from the following courses:

SOC 4414, Social Perspectives on Catastrophes and Homeland Security Policies (3 hrs)
SOC 4450, Disaster and the Law (3 hrs)
POL SCI 3200, Constitutional Law (3 hrs)
ECON 4160, Geospatial analysis in the Social Sciences (GIS) (3 hrs)
PSYCH/WGST 2232, Psychology of Victims (3 hrs) OR
SOC 3250 Sociology of Victimization (3 hrs)
BUS AD 3798, Transportation Security, Safety, and Disaster Preparedness (3 hrs)
MEDIA ST 4040, Disaster and media Management (3 hrs)
COMM 3150, Crisis, Disaster, and Risk Communication (3 hrs)

Special topic courses relevant to disaster and risk management may be included in the certificate program when approved in advance by the Coordinator of the Disaster and Risk Management Certificate.

Graduate Studies

2+3 B.A. and M.A. in Sociology
The 2+3 combined B.A./M.A. program in sociology provides an opportunity for students of recognized academic ability and educational maturity to fulfill integrated requirements of the undergraduate and master’s degree programs from the beginning of their junior year. Because of its accelerated nature, the program requires the completion of some lower-division requirements of (12 hours) before entry into the three-year portion of the program. When all the requirements of the B.A. and M.A. programs have been completed, the students will be awarded both the baccalaureate and master’s degrees. A carefully designed program can permit a student to earn both degrees within as few as ten semesters.

The combined program requires a minimum of 137 hours, of which 30 must be at the 4000 or 5000 levels. In qualifying for the B.A., students must meet all University and college requirements, including the requirements of the undergraduate major described previously. During the junior and senior years, students normally take a 4000 level research practicum course, SOC 5400, SOC 5402, and SOC 5404. In qualifying for the M.A., students must meet all University and Graduate School requirements, including satisfactory completion of a minimum of 30 graduate credit hours. Up to 12 graduate credit hours may be applied simultaneously to both the B.A. and M.A. programs. Any 4000 level course applied to the M.A. requirements will require additional work to qualify for graduated credit.

Students should apply to the Graduate Director of the Department of Sociology for admission to the 2 + 3 combined degree program in sociology the semester they will complete 60 undergraduate degree credit hours, but no later than the accumulation of 90 credit hours. A cumulative grade point average of 3.0 or higher, and three letters of recommendation from faculty are required for consideration. Students will be admitted to the 2 + 3 programs under provisional graduate status until they have completed 30 credit hours with a grade point average of 3.0 or higher. After completion of the provisional period, and with recommendation of the Graduate Director, students can be granted full admission into the program. Students must maintain a grade point average of 3.0 or higher throughout the combined program. Students who officially withdraw from the 2 + 3 combined degree program will be awarded the B.A. degree when they have successfully completed all the requirements for the degree.

The following requirements must be completed prior to enrolling in the 2 + 3 program:

1010, Introduction to Sociology and three additional sociology courses.

The following UNDERGRADUATE courses are required for majors in the 2 + 3 program:

3210, Sociological Theory
3220, Sociological Statistics (or an approved statistics course)
3230, Research Methods

GRADUATE SOCIOLOGY REQUIREMENTS FOR STUDENTS IN THE 2 + 3 PROGRAM

The following GRADUATE courses are required at the 4000 to 5000-level:

1. SOC 5400, Proseminar in Sociology
2. SOC 5402, Advanced Quantitative Techniques
3. SOC 5404, Advanced Methodology
4. Five additional courses (15 hours) that have been approved by the Graduate Director

Graduate Exit Requirements:
A student's program must include one of the following exit projects: a 6-hour internship (SOC 5480, Individual Study) or a 6-hour preparatory sequence and an approved paper (SOC 5490, Supervised Research). Each candidate is given a final oral review conducted by a faculty committee and focused on the course work completed and the student’s chosen exit project or thesis.

M.A. in Sociology
The department offers a flexible program of studies leading to the Master of Arts degree in sociology. Course
work combines intensive examination of the core areas of sociology with acquisition of the analytical skills of sociological investigation. A variety of career options are available to the master's-level graduate, including: program evaluation and research; field or casework related to community issues; administrative roles in social agencies and planning organizations; or doctoral studies in sociology or related fields.

The curriculum is designed to serve the needs of full-time students as well as working students who are able to engage only in part-time studies. This design allows pre-career and mid-career students to prepare for employment in education, service agencies, community organizations, government agencies, or businesses. The curriculum also invites students to take advantage of the university's urban setting through integration of selected work experiences with practicum courses and academic seminars under faculty guidance. The curriculum emphasizes theoretical, analytic, and substantive approaches to urban-related problem solving.

**Admission Requirements**

Individuals with at least the equivalent of the department's B.A. or B.S. degree in sociology may be admitted to the Graduate School as candidates for the M.A. degree. Students with bachelor's degrees in fields other than sociology may be admitted to pursue graduate sociology studies under the condition that they make up core deficiencies prior to graduate work.

In addition to meeting the general admission requirements of the Graduate School, a student should ordinarily have:

- A baccalaureate degree with a minimum grade point average of 3.0.
- At least 15 hours in the social sciences, of which 12 should be in upper-level courses.
- Three letters of recommendation from persons qualified to judge the candidate's potential for success in the program.
- A statement describing the applicant's interest in graduate study in sociology.

Students who do not meet these requirements may be provisionally admitted upon approval of the department and the dean of the Graduate School. Admission and financial aid decisions are made on the basis of past academic record, program performance, and career commitment. Students wishing to continue regular employment outside the university may enroll on a part-time basis. Requests for further information about the program should be sent to:

Director of Graduate Studies  
Department of Sociology  
University of Missouri-St. Louis  
One University Blvd.  
St. Louis, MO 63121-4400

**Degree Requirements**

**Master of Arts in Sociology**

Each student shall prepare an adviser-approved course of study during the first semester of enrollment. Candidates for the M.A. degree shall complete a minimum of 30 hours of approved study, at least 21 of which must be taken in courses offered by the department.

**Core Curriculum**

- **5400**, Proseminar in Sociology  
- **5402**, Advanced Quantitative Techniques  
- **5404**, Advanced Methodology

The sociology department participates in a joint quantitative techniques and methodology series of courses with the other social sciences which can be substituted for the above.

**Concentration** The department offers opportunities for intensive work in one of the several research areas of department faculty members, which allows the flexibility for comprehensive and coherent exposure to the methods and insights of the discipline. Matriculating students are encouraged to plan, with their advisers, a coherent program of studies consistent with their career interests.

**Exit Requirements** A student's program must include one of the following exit projects: a 6-hour internship; **SOC 5480**, Individual Study or a 6-hour preparatory sequence and an approved paper **SOC 5490**, Supervised Research. Each candidate is given a final oral review conducted by a faculty committee and focused on the course work completed and the student's chosen exit project or thesis.

**Career Outlook**

The following career information is adapted from the American Sociological Society Web site. For more information, see [http://www.asanet.org/](http://www.asanet.org/).

A B.A. or B.S. in sociology is excellent preparation for graduate work in sociology for those interested in an academic or professional career as a professor, researcher, or applied sociologist.
The undergraduate degree provides a strong liberal arts preparation for entry level positions throughout the business, social service, and government worlds. Employers look for people with the skills that an undergraduate education in sociology provides. Since its subject matter is intrinsically fascinating, sociology offers valuable preparation for careers in journalism, politics, public relations, business, or public administration fields that involve investigative skills and working with diverse groups. Many students choose sociology because they see it as a broad liberal arts base for professions such as law, education, medicine, social work, and counseling. Sociology provides a rich fund of knowledge that directly pertains to each of these fields.

The M.A. offers students access to an even wider variety of careers. Sociologists become high school teachers or faculty in colleges and universities, advising students, conducting research, and publishing their work. Over 3000 colleges offer sociology courses. Sociologists enter the corporate, non-profit, and government worlds as directors of research, policy analysts, consultants, human resource managers, and program managers. Practicing sociologists with advanced degrees may be called research analysts, survey researchers, gerontologists, statisticians, urban planners, community developers, criminologists, or demographers. Some M.A. sociologists obtain specialized training to become counselors, therapists or program directors in social service agencies.

Today, sociologists embark upon literally hundreds of career paths. Although teaching and conducting research remains the dominant activity among the thousands of professional sociologists today, other forms of employment are growing both in number and significance. In some sectors, sociologists work closely with economists, political scientists, anthropologists, Psychologists, social workers and others reflecting a growing appreciation of sociology's contributions to interdisciplinary analysis and action.

Course Descriptions

Students who have earned 24 or more semester hours of credit at any accredited post-secondary institution(s) before the start of the fall 2002 semester must meet the general education requirements stipulated in the UMSL 2001-2002 Bulletin. The following courses fulfill the Social Sciences breadth of study requirements as described in that Bulletin:

1010, 1040, 1999, 2102, 2103, 2160, 2180, 3200, 3202, 3210, 3220, 3224, 3230, 3231, 3241, 3268, 3280, 3286, 4040, 4300, 4310, 4312, 4316, 4317, 4320, 4331, 4336, 4338, 4340, 4344, 4646, 4350, 4354, 4360, 4361, 4378, 4380, 4940

1010 Introduction to Sociology (3) [V, SS]
An introduction to sociological approaches to human behavior, including types of social organizations, patterns of social interaction, and social influences on individual conduct.

1040 Social Problems (3) [V, SS]
Conditions defined by society as social problems, as well as potential solutions, are examined from various sociological perspectives. Emphasis is given to problem issues prevalent in metropolitan settings. Analyses focus on victims and beneficiaries of both problem conditions and alternative solutions.

1999 The City (3) [MI, V, SS]
Same as POL SCI 1990, and INTDSC 1990. Consideration of economic factors, urban institutions, historical developments in urbanization, problems of the inner city, suburbia and the metropolitan area, ethnic groups, stratification, and psychological implications of urban living. This course is for freshmen and sophomores. It is open to juniors and seniors with the consent of instructor.

2102 Introduction to Women's, Studies: Gender, and Diversity (3)
Same as WGST 2102, SOC WK 2102, and HIST 2102. This core class is required for all Women's and Gender Studies Certificate earners. This class introduces students to cultural, political, and historical issues that shape gender. Through a variety of disciplinary perspectives in the humanities, social sciences, and natural sciences, the course familiarizes students with diverse female and male experiences and gendered power relationships.

2103 Gender Roles in Society (3)
Same as WGST 2103. Prerequisite: SOC 1010 or WGST 1012 or consent of instructor. The study of social processes through which gender roles are developed and acquired; the impact of gender roles on personal identity and social conduct; the relationship between gender roles and social inequality; and individual and social consequences of changing gender roles in contemporary society.

2160 Social Psychology (3)
Same as PSYCH 2160. Prerequisite: SOC 1010 or PSYCH 1003. Study of the interaction between individuals and their social environment. Examination of basic principles, concepts, and methods.

2170 Aging in America: Concepts and Controversies (3)
Same as INTDSC 2170 and GERON 2170. This course examines the major theoretical and service issues connected to the study of older adults and their families, using multidisciplinary perspectives. Students are provided with an introduction to the field of aging through an examination of current social issues and
2180 Alcohol, Drugs, and Society (3)
Same as CRIM 2180. Prerequisite: SOC 1010 or PSYCH 1003. This course examines the medical, legal, and social aspects of alcohol and drug use. Medical aspects considered include treatment approaches and the role of physicians in controlling such behavior. In the legal realm, past and present alcohol and drug laws are explored. Cultural and social influences on alcohol and drug use are discussed.

3200 Sociology of Deviant Behavior (3)
Prerequisite: SOC 1010 or consent of instructor. Theories of the nature, causes, and control of deviance as a social phenomenon. Application of theories to specific substantive areas, such as mental disorder, delinquency, drug abuse, suicide, unconventional sexuality, and physical disability.

3202 Urban Sociology (3)
Prerequisite: SOC 1010 or consent of instructor. Urbanization as a world phenomenon; urban social and ecological structures and changing life styles; the decision-making processes in urban problem-solving.

3210 Sociological Theory (3)
Prerequisite: SOC 1010 or consent of instructor. The nature of sociological theory. An investigation of theory from Comte through contemporary developments. Contributions made by theorists in related disciplines.

3220 Sociological Statistics (3)
Prerequisites: SOC 1010 and MATH 1020 or 1030. Issues and techniques of statistical analyses relevant to quantitative sociological research, e.g., elementary probability, measurements of central tendency and dispersion, measures of relationships including linear regression and correlation, inferential statistics.

3224 Marriage and the Family (3)
Same as NURSE 3224 and WGST 3224. Prerequisite: SOC 1010 or consent of instructor. The study of patterns of close relationships, and how these relationships are influenced by larger social forces. Topics include: love, dating, mate selection, cohabitation, alternative lifestyles, working families, parenting, single mothers, families in crisis, domestic violence, and divorce. Universal and variable aspects of family organization, family role systems, and changes in family social structure.

3230 Research Methods (3)
Prerequisites: SOC 1010 and satisfaction of mathematics proficiency requirement and SOC 3220 or consent of instructor. Research planning and interpretation, principles of research design, measurement, and sampling. Techniques for the collection, analysis, and presentation of data. The course also includes an introduction to the Statistical Package for the Social Sciences (SPSS) and lab exercises.

3241 Globalization and Its Impact on Society and Culture (3)
Prerequisite: SOC 1010 or consent of instructor. This course examines a variety of economic, cultural, and social changes that are transforming our world. It clarifies what globalization is and how it is affecting societies around the world. Topics include an overview of theories of globalism and global culture, and roles of technology and the media in shaping society and people's everyday lives.

3250 Sociology of Victimization (3)
Same as WGST 3250. Prerequisite: SOC 1010. Examines the role of social factors in a wide range of kinds of victimization--crime, violence, natural disasters, accidents, disease, etc. The topic of social reactions to various kinds of victimization is also covered. Sociological theories of victimization are emphasized.

3268 The Sociology of Conflict (3)
Prerequisite: SOC 1010 or consent of instructor. The conditions under which social conflicts arise, develop, and are terminated (or in some cases resolved) are examined. The functions of different levels of conflict are studied to determine the potential effects and outcomes of planned intervention.

3280 Society and Technology (3)
Prerequisite: SOC 1010 or consent of instructor. Technology in industrial and post-industrial societies. The social shaping of technological systems. The role of technology in social change.

3317 Social Psychology of Conflict and Negotiation (3)
Same as PSYCH 3317. Prerequisite: nine (9) hours of Psychology or nine (9) hours of sociology, including PSYCH 2160 or SOC 2160. The purpose of this course is to understand how social psychological phenomena affect the processes and outcomes of negotiation and other forms of social conflict. The course is designed to be relevant to the broad spectrum of conflict situations people face in their work and daily lives. A basic premise of this course is that while analytical skills are needed to discover solutions to social problems, negotiation skills are needed in order for these solutions to be accepted and implemented.

Note: Any 4000 level course taken for major elective credit requires prior completion of two of the following: SOC 3210, SOC 3220, or SOC 3230.
4040 Survey Research Practicum (3)
Same as ECON 4140 and POL SCI 4040. Prerequisites: Junior standing, SOC 3220, SOC 3230, and consent of instructor. The execution of a sample survey, including establishing study objectives, sampling, questionnaire construction, interviewing, coding, data analysis, and presentation of results. May be taken more than once for credit provided the course topic is different each time.

4300 Communities and Crime (3)
Same as CRIMIN 4300. Prerequisite: CRIMIN 1110, 1120, 1130, 2210, 2220, ENGL 3100 or consent of instructor. Analysis of the sources, consequences, and control of crime within communities. Emphasis on social and ecological theories of crime and on population instability, family structure, and the concentration of poverty as causes of crime. Community crime prevention efforts are also addressed.

4310 Selected Topics in Sociological Theory (1-3)
Prerequisite: SOC 3210. Focused examination of selected issues, the contributions of individual theorists, and methodological implications in the study of sociological theory. May be taken twice for credit.

4312 Sociology of Wealth and Poverty (3)
Prerequisites: SOC 1010 and junior standing or consent of instructor. Theory and research on social stratification and inequality in contemporary societies.

4316 Power, Ideology, and Social Movements (3)
Prerequisite: SOC 1010 and Junior Standing or consent of instructor. Effect of events and social processes on thought and action in the twentieth century. Social functions of ideologies as expressed in movements and formal and informal organizations seeking social change.

4320 Forms of Criminal Behavior (3)
Same as CRIMIN 4320. Prerequisite: CRIMIN 1110, 1120, 1130, 2210, 2220, ENGL 3100 or consent of instructor. Examination of major types of criminal behavior including violent, property, public order, and organizational offenses. Emphasis on theories of, and responses to, these crimes.

4325 Gender, Crime and Justice (3)
Same as CRIMIN 4325. Prerequisites: CRIMIN 1110, 1120, 1130, 2210, 2220, ENGL 3100 or consent of instructor. Analysis of the role of gender in crime and in the justice system. Emphasis on gender differences in crime commission, criminal processing, and the employment of women in criminal justice agencies. Fulfills Crimin diversity requirement.

4331 Qualitative Methods in Social Research (3)
Prerequisite: SOC 3220 and SOC 3230, or their equivalent, or consent of instructor. This course is devoted to such qualitative methods as participant observation, intensive interview, content analysis, and oral history, among others. The place of these kinds of techniques in social research, as well as the issues raised by them, will be considered. Students will participate in individual or group research projects using one or more of the methods discussed.

4336 Organizations and Environments (3)
Prerequisites: SOC 1010 and junior standing or consent of instructor. Internal and external forces that influence the structures, adaptive flexibility, and actions of public and private organizations and agencies are examined. Specific foci include: organizational responses to environmental opportunities, constraints, and contingencies; sources of conflict and impediments to organizational goal attainment; and strategies for increasing organizational effectiveness, efficiency, and chances for survival.

4338 Sociology of Health (3)
Same as Nurse 4338. Prerequisites: SOC 1010 and junior standing. Exploration of social dimensions and issues related to health and illness, such as access to the health care delivery system; factors influencing prevention, utilization and compliance; changing relationships among health care providers and consumers; health care costs, trends, and cross-cultural variations.

4340 Race, Crime, and Justice (3)
Same as CRIMIN 4340. Prerequisite: CRIMIN 1110, 1120, 1130, 2210, 2220, ENGL 3100 or consent of instructor. Analysis of the involvement of racial minorities in crime and the criminal justice system. Emphasis on group differences in offending, processing, victimization, and employment in criminal justice agencies.

4344 Problems of Urban Community (3)
Prerequisites: SOC 1010 and junior standing, or consent of instructor. The urban community as an area of social action and problem solving with emphasis on the sociological aspects of urban problems.

4350 Special Study (1-10)
Prerequisite: Consent of instructor. Independent study through readings, reports, and field work.

4354 Sociology of Business and Work Settings (3)
Prerequisites: SOC 1010 and junior standing, or consent of instructor. The sociology of work and occupations in America, Europe, and Asia; organization structures and worker participation; worker attitude, behaviors,
and commitment; the socialization of the worker; determinants of worker behavior; social problems of work and business; and the impact of community on work place and business behavior.

**4360 Sociology of Minority Groups (3)**
Same as WGST 4360. Prerequisites: SOC 1010 and junior standing or consent of instructor. The study of dominant-subordinate group relations. Religion, ethnicity, race, and gender as factors in the unequal distribution of power.

**4361 Social Gerontology (3)**
Same as GERON 4361. Prerequisites: SOC 1010 and junior standing, or consent of instructor. Topics include: sociological theories of aging, technological and social change and its effects on the environment of older people, and prejudice and discrimination against the elderly.

**4365 Sociological Writing (3)**
Prerequisites: SOC 1010, ENGL 3100 and junior standing, or consent of instructor. This course offers directed practice in the interpretation and reporting of sociological research in a wide range of styles, including those appropriate for research reports, journal articles, policy papers, non-technical magazines, books and monographs, as well as oral reports to diverse consumers.

**4378 Selected Topics in Social Psychology (1-3)**
Prerequisite: PSYCH 2160 or SOC 2160, or consent of instructor. Focused examination of selected issues, concepts, and methods in the study of social interaction. May be taken twice for credit.

**4380 Selected Topics in Social Policy (1-3)**
Prerequisite: SOC 1010, Junior standing or consent of instructor. Examination of a specific sociological topic of current relevance in the community. May be taken more than once for credit provided the course topic is different each time.

**4385 Internship in Sociology (1-6)**
Prerequisite: Junior standing and consent of instructor. Students participate in supervised placements in a position related to the profession of sociology.

**4414 Social Perspectives on Catastrophes and Homeland Security Policies (3)**
Prerequisites: SOC 1010 and junior standing or consent of instructor. This course examines the way social and cultural processes shape our experience and understandings of catastrophe and disasters. It provides an analysis of the ways technological, organizational, cultural, and political forces affect policies dealing with catastrophe preparation and prevention in the United States.

**4940 Leadership and Management in Nonprofit Organizations (3)**
Same as SOC WK 4940, POL SCI 4940, and P P ADM 4940. Prerequisite: Junior standing. Addresses the role and scope of the independent sector in the United States, as well as the leadership and management of nonprofit organizations within that sector. Topics include the economic and political scope of the independent sector the role of volunteerism in a democratic society, and the role and scope of philanthropy. Topics in voluntary organization management and leadership include: the dynamics, functions and membership structure of NPOs, especially staff-board and other volunteer relations; governance and management of NPOs; resource mobilizations; and program development and evaluation.

**5361 Advanced Social Gerontology (3)**
Same as GERON 5361. Prerequisites: Graduate standing. An examination of sociological theories of aging, technological and social change and its effects on the environment of older people, and prejudice and discrimination against the elderly.

**5400 Proseminar in Sociology (3)**
Required of all entering graduate students in the fall semester of the first year of residency. An overview of the field of contemporary sociology, with emphasis on the major theories, issues, research approaches, and ethical problems in the field today, and an introduction to theory construction, measurement, and design strategies.

**5402 Advanced Quantitative Techniques (3)**
Prerequisite: SOC 3220 or consent of instructor. A study of advanced quantitative analysis of sociological data, focusing on problems of multivariate analysis, sampling theory and techniques, and the use of electronic data processing in approaching these problems.

**5404 Advanced Methodology (3)**
Prerequisite: SOC 3230 or consent of instructor. A study of methodological problems on an advanced level, focusing on contemporary issues in the processes of inquiry with particular emphasis on the applicability of different modes of research to various types of theoretical problems. Consideration of ethical problems in social research.

**5432 Survey Research Methods (3)**
Same as ED REM 6712, POL SCI 6406. Prerequisites: An introductory statistics course such as SOC 3220 or consent of instructor. A course on the principles and procedures for conducting survey research. Topics
include: forming questions and scales, survey design, sampling methods, data preparation and analysis, and presentation of results.

**5451 Negotiating Workplace Conflict (3)**
Same as MGMT 5612 and P P ADM 6680. Prerequisites: P P ADM/MGMT 6600, and Graduate Standing. Examines conflict and cooperation between individuals, groups, and organizations over control of work. A central theme is how this conflict is expressed, controlled, and resolved. Students participate in exercises to learn basics of two-party negotiations.

**5475 Introduction to Evaluation Research Methods (3)**
Same as PSYCH 5475, P P ADM 6750, and CRIMIN 5475. Prerequisite: At least one course in research design and statistics at the graduate level. A comparative study of research strategies with regard to data sources, data collection, and modes of analysis that are appropriate for program evaluation research. Attention is given to observational, survey, and quasi-experimental methodologies.

**5480 Individual Study (3)**
Prerequisite: Consent of adviser and instructor. Designed to give the student the opportunity to pursue particular interests within the discipline and/or to study areas not currently covered by formal courses. Guided by faculty with appropriate interests. May be taken only twice.

**5490 Supervised Research (1-10)**
Prerequisites: Graduate standing and consent of instructor. Individual supervision of research leading to the preparation of a thesis, research paper, or publishable article, in which the student demonstrates skills in the discipline of sociology.

**6444 Seminar in Public Policy and Aging (3)**
Same as GERON 6444, P P ADM 6440 and POL SCI 6444. Prerequisites: Consent of instructor. The study of specialized issues and methods related to federal, state, and local policies that affect the elderly. Potential policy areas to be covered include housing, taxation, mental health, transportation, etc. May be repeated for credit, provided the subject matter is different.
The College of Arts and Sciences offers a number of interdisciplinary programs leading to either Bachelor of Liberal Studies degree or a minor or a certificate in a designated area of study. There are also a number of courses which are designated as interdisciplinary and which may or may not be part of a particular interdisciplinary minor or certificate program.

These interdisciplinary courses and programs bring together the resources of two or more subject areas to focus on topics that benefit from being studied from the point of view of more than one discipline. In some cases, faculty from several departments teach as a team, giving students the opportunity to experience faculty dialogue in a cross disciplinary fashion.

**Bachelor of Liberal Studies (BLS)**
The Bachelor of Liberal Studies is a degree program that enables students to combine structured academic emphases in ways more relevant to their interests than the standard academic major.

Students who participate in this program must declare their areas of study (two minors or minor and certificate) at the time they declare that BLS is their intended degree. The plan of study should be approved at the beginning of the program.

To obtain a Bachelor of Liberal Studies (BLS), a student must complete:

- **UMSL General Education Requirements**
  - Communication Skills 6 credit hours
  - Managing Information 3 credit hours
  - Valuing Skills 3 credit hours
  - Social and Behavioral Sciences 9 credit hours
  - Humanities 9 credit hours
  - Math/Science 12 credit hours
  - (for a total of 42 credit hours)

In addition, students must complete the **State Requirement (3)** and **Cultural Diversity Requirement (3)** if not met in General Education course selection.

- The university requirement of proficiency in English Composition
  - **ENGL 1100** - Freshman Composition
  - **ENGL 3100** - Advanced Expository Writing
- The university requirement of proficiency in Mathematics (to be completed in first 24 hours at the University)
- A Liberal Studies Concentration (33-41 hours) to consist of designated (identified) BLS Minors in participating departments or other units (minimum of 15 hours each) **or**
- A designated minor and a designated multi-disciplinary certificate (minimum of 15 hours in each). **No course may be used more than once and**
- A capstone course (minimum of 3 hours) selected from one of the minors that make up the identified BLS score.

**Note:** (Not all Departments have capstone courses so students must be careful to pair minors and certificates so that they have a capstone course.)

**Also Required**

- Minimum of 45 credit hours in Junior and Senior level course work (3000 and 4000 level)
- Electives 28-42
- A minimum of 120 credit hours
- Overall GPA of 2.0 with minimum GPA of 2.0 with a minimum **grade of C in all courses used in BLS combination areas**
- Residency requirement, in addition to campus residency, unless otherwise specified, 9 graded hours in each minor and certificate at 2000 level or above and one capstone course
The College of Arts and Sciences (CAS), Fine Arts and Communication (CoFAC), Business Administration (BA), and the Pierre Laclede Honors College (PLHC) have joined together to make available Liberal Studies combinations involving the following units:

Department of Anthropology, (CAS)
Department of Art and Art History, (CoFAC)
Minor in Art History or Studio Art
Department of Biology, (CAS)
College of Business Administration, (BA)
Minor in Business Administration only
Department of Chemistry and Biochemistry, (CAS)
Department of Communication, (CoFAC)
Department of Criminology and Criminal Justice, (CAS)
Department of Economics, (CAS)
Department of English, (CAS)
Department of Foreign Languages and Literature, (CAS)
Department of History, (CAS)
Pierre Laclede Honors College (PLHC) *
Department of Mathematics and Computer Science, (CAS)
Department of Music, (COFAC)
Department of Philosophy, (CAS)
Department of Physics and Astronomy, (CAS)
Department of Political Science, (CAS)
Department of Psychology, (CAS)
Department of Sociology, (CAS)
Department of Theatre, Dance and Media Studies, (COFAC)
Institute of Women’s and Gender Studies, (CAS)

Bachelor of Liberal Arts: Capstone and Other Restrictions
A. The School of Social work, as well as the Colleges of Education, Nursing, and the Joint Engineering Program are not participants in the BLS program.

B. The College of Business is participating but only the General Business Minor may be used. No capstone course will be available for the business minors. Students selecting the Business Minor as one of the components for the BLS must select the other minor from or a department that does offer a capstone.

C. The Studio Arts minors in the Department of Art and Art History will not have a capstone. Students selecting a Studio Art Minor will have to pair it with a minor that does have a capstone.

D. Undergraduate certificates and Interdisciplinary Minors may be paired with a minor to form a BLS core; however, since certificates and interdisciplinary minors will not have capstone courses, they must be paired with a minor that does have a capstone. However, students admitted to the Pierre Laclede Honors College who wish to present the Honors Certificate as a minor for the BLS must complete the Honors Capstone (Honors 4100, one or two credit hours) and also direct three to six hours of their Honors independent study requirement to work demonstrably relevant to their BLS program. Students should consult the BLS faculty advisor in the Honors College about this requirement.

E. Only the Theatre minor can be used from the Department of Theatre, Dance and Media Studies. That Department will offer no capstone course.

F. The capstone will be in addition to the courses presented for the minor. A minimum grade of C must be earned in the capstone course.

G. Students who are planning to earn a Bachelor of Liberal Studies degree should declare the BLS as their major within the first 90 hours of the program. Declaration past this time may prevent timely graduation as all capstone courses are not available every semester.

H. The following departments have identified a Capstone:

**Anthropology:** ANTHRO 4301-Ideas and Explanations in Anthropology
**Art & Art History:** ST ART 3395-Sophomore/Junior Seminar: The Methods of Art History or one additional 4000 level topics course in Art History
**Biology:** BIOL 4889-Senior Seminar
**Chemistry/Biochemistry:** CHEM 3022-Introduction to Chemical Literature (1) and CHEM 3905-Chemical Research (1) and CHEM 4897-Seminar (1)
**Communication:** COMM 3330-Research Methods I
**Criminology & Criminal Justice:** CRIMIN 4390-Seminar in Criminology & Criminal Justice
**Economics:** ECON 4100-Introduction to Econometrics [If this course is used to complete the minor, then, the students must take an additional 4000 level Economic course.]
**English:** Additional 4000 level English Literature course [Student must identify themselves as using the
additional 4000 level course as a Capstone so additional requirements can be assigned]

**Foreign Languages and Literatures:**
- FRENCH 3211-Contemporary French Culture
- GERMAN 3210-German Culture and Civilization
- SPANISH 3210-Hispanic Culture and Civilization: Spain [or] SPANISH 3211-Hispanic Culture and Civilization: Spanish America

**History:** HIST 4004-Senior Seminar (5) credits

**Honors College:** HONORS 4100 (1 or 2 credit hours) and three to six credit hours of HONORS 4900 or 4910 are required.

**Mathematics/Computer Science:**
- **Computer Science:** 4000 Level Course in Computer Science, which was not counted as one counted as one of the electives towards the minor.
- **Mathematics:** 4000 Level Course in Mathematics, which was not counted as one counted as one of the electives towards the minor.
- **Statistics:** There will be no Capstone course in Statistics. The student will have to choose a capstone course from the other area of concentration.

**Music:** Music 4000-Directed Studies (3) credits [Under the Music History and Literature, Music Theory and Composition, Music Pedagogy, or Music Practicum curricular destination]

**Philosophy:** PHIL 4491-Senior Seminar

**Physics:** PHYSICS 4381-Directed Readings in Physics

**Political Science:** POL SCI 3950-Senior Seminar in Political Science

**Psychology:** An additional 4000 level Psychology course beyond Psychology courses present for the Minor

**Sociology:** An additional 4000 level course in Sociology

---

**Interdisciplinary Minors and Certificates**

**Minor in American Studies**
American Studies is an internationally recognized academic field which involves an interdisciplinary approach to the study of the culture(s) of the United States, its colonial antecedents, and its indigenous peoples.

Students interested in this minor should contact the coordinator of American Studies for advice and information.

Candidates must have a cumulative grade point average of 2.0 or better in the 18 credit hours required for the minor. Three hours of the minor may be taken on a satisfactory/unsatisfactory basis. Candidates wishing to take American Studies courses from the Honors College (see below) must be members of the Honors College or must have a 3.0 cumulative grade point average.

**Requirements for the minor.**
Completion of the American Studies minor requires at least 18 semester credit hours, including at least two courses (6 hours) from Section A and at least two courses (6 hours) from Section B. The other 6 hours may be chosen from Section A, B, and/or C. Please read the special requirements below.

**A. Core courses in American Studies** (all courses are 3 credits except where otherwise indicated).
At least two of the following core courses are required to qualify for the minor. Of this minimal requirement, one course must be chosen from either American Studies or English and the other from either History or Political Science. Students may take up to two additional courses from this group, and these may be chosen from any department or discipline.

**Anthropology**
- **2120,** Native Peoples of North America

**Art and Art History**
- **1104,** Indigenous Arts of North America
- **2270,** American Art to 1876
- **2279,** American Architecture

**English**
- **1170,** American Literary Masterpieces
- **1700,** African-American Literature
- **1710,** Native American Literature
- **2710,** American Literature I
- **2720,** American Literature II

**History**
- **1001,** American Civilization (to the mid-nineteenth century)
- **1002,** American Civilization (from the mid-nineteenth century)
- **1003,** African-American History
- **1004,** The History of Women in the United States
HONORS 1210, American Traditions: Humanities
1220, American Traditions: the Fine and Performing Arts
1230, American Traditions: Social Sciences
1310, Non-Western Traditions: Humanities
1320, Non-Western Traditions: the Fine and Performing Arts
1330, Non-Western Traditions: Social Sciences

Admission to these Honors Seminars requires consent of the dean of the Honors College: note that depending on instructor and content, HONORS 1210 can fulfill the requirements from this group in literature/American Studies and HONORS 1230 can fulfill the History/Political Science requirement. HONORS 1310-1330 can qualify as additional Group A choices when their focus is on Native American traditions.

Music
1002, Introduction to African American Music
1060, Introduction to Jazz

Philosophy
3307, American Philosophy

Political Science
1100, Introduction to American Politics
1990, The City
2300, State Politics
2350, Introduction to Urban Politics
2650, American Political Thought
2900, Studies in Political Science (when appropriate).

Sociology
1990, The City

B. Optional courses in American Studies (all courses are 3 credits except where otherwise indicated).

To complete the American Studies minor, students must choose at least two courses from this group, from any department or discipline, and may choose up to four courses in this group. Courses chosen from this group must be chosen from at least two departments.

Anthropology
3250, American Folklore
3291, Current Issues in Anthropology (when appropriate).

Art and Art History
3360, Photography and Society (same as INTDSC 3360)
4475, Topics in American Art
4481, Topics in Contemporary Art (when appropriate)

Communication
1050, Introduction to Mass Media
2243, Communications in American Politics
3352, Mass Media Criticism

Economics
2800, History of American Economic Development (same as HIST 2800)

Education
ED FND 3251, Black Americans in Education
ED FND 4330, History of American Education
ED FND 4332, Progressivism and Modern Education

English
3800, Topics in Women and Literature (when appropriate)
4610, Selected Major American Writers I
4620, Selected Major American Writers II
4640, American Fiction to World War I
4650, Modern American Fiction
4930, Studies in Women and Literature (when appropriate)
4950, Special Topics in Literature (when appropriate)

History
2219, U.S. Labor History
2800, History of American Economic Development (Same as ECON 2800)
3000, Selected Topics in History (when appropriate)
3012, The Indian in American History, 1600 - 1900
3021, U. S. Urban History
3031, History of Women in the United States
3042, U.S. Social Movements in the 20th Century
3043, History of Crime and Justice
3051, African-American History: From Slavery to Civil Rights
3052, African-American History: From Civil Rights to Black Power
3053, African-American Women’s History
4004, Senior Seminar (5 credits: when appropriate)
4013, United States History for the Secondary Classroom

Honors College
(When topics are appropriate, any of the seminars below can qualify as an "option" course for the American Studies minor. Admission to these courses requires the consent of the dean of the Honors College.)

2010, Inquiries in the Humanities
2020, Inquiries in the Fine and Performing Arts
2030, Inquiries in the Social Sciences
2070, Inquiries in Education
3010, Advanced Seminar in the Humanities
3020, Advanced Seminar in the Fine and Performing Arts
3030, Advanced Seminar in the Social Sciences
3070, Advanced Seminar in Education
3510, Research Seminar: Humanities
3520, Research Seminar: Fine and Performing Arts
3530, Research Seminar: Social and Behavioral Sciences
3570, Research Seminar: Education

Interdisciplinary
3360, Photography and Society (same as ST ART 3360)

Philosophy
4410, Significant Figures in Philosophy (when appropriate)

Political Science
2280, Judicial Politics and Policy
3300, The American Presidency
3331, Congressional Politics
2320, African Americans and the Political System
3340, Politics and the Media
3450, Political Parties and Elections
2380, Women in U.S. Politics
3200, Constitutional Law
3210, Civil Liberties
3390, Studies in American Politics (when appropriate)

Sociology
1040, Social Problems
2100, Women in Contemporary Society
3268, The Sociology of Conflict
4316, Power, Ideology and Social Movements
4360, Sociology of Minority Groups
4380, Selected Topics in Social Policy (when appropriate)

C. American Studies elective courses (courses are 3 credit hours unless otherwise indicated).
Up to two courses from this group may be used for the American Studies minor. When two courses are chosen from this group, they must be chosen from different departments.

Anthropology
2126, Archaeology of Greater St. Louis
2131, Archaeology of Missouri
2132, Archaeology of North America
2138, African-American Archaeology

Art and Art History
2281, Art Since 1960

Communication
3332, Intercultural Communications
3343, The Rhetoric of Protest

Criminology and Criminal Justice
2240, Policing  
4340, Race, Crime and Justice

**English**  
4060, Adolescent Literature  
4770, Modern Poetry  
4760, Modern Drama  
4740, Poetry since World War II

**History**  
3001, United States History: Colonial America to 1763  
3002, United States History: Revolution and the New Nation, 1763 - 1815  
3003, United States History: Nationalism and Sectionalism, 1815 to 1860  
3004, United States History: 1860-1900  
3005, United States History: 1900-1940  
3006, United States History: 1940 to the Present  
3031, History of Women in the United States  
3041, Topics in American Constitutional History

3045, American Foreign and Military Affairs, 1900-Present

**Media Studies**  
2218, Public Policy in Telecommunication  
3355, Media law and Regulation

**Political Science**  
2260, Law and the Individual  
2290, Women and the Law  
2420, Introduction to Public Policy  
2820, United States Foreign Policy  
3330, Introduction to Political Behavior  
3370, Mock Constitutional Convention  
3410, The Politics of Business Regulation  
3460, The Politics of Poverty and Welfare

**Social Work**  
2200, Social Welfare as a Social Institution  
3210, Social Issues and Social Policy Development

**Sociology**  
1040, Social Problems  
2180, Alcohol, Drugs and Society  
3202, Urban Sociology  
4354, Sociology of Business and Work Settings

In addition, courses with variable topics such as Topics in..., Studies in..., and seminars may be taken when the topics are appropriate. When in any doubt, see the coordinator of American Studies; such courses must be approved for inclusion in your American Studies minor before the semester registration deadline.

**Minor in Black Studies**  
The minor in black studies is open to all undergraduate students at UMSL, whatever their major field. This minor is an interdisciplinary course of studies intended to provide a focus for new and existing courses in the area of black and African diaspora studies. A faculty member with expertise in black or diaspora studies is designated as coordinator. Students interested in pursuing the minor should consult the coordinator for advisement. For appropriate referral, please contact the advising office at the College of Arts and Sciences, 303 Lucas Hall.

Candidates must have a cumulative grade point average of 2.0 or better in the minor. Courses taken on a satisfactory/ unsatisfactory basis may not be applied to the minor. Courses applied to the minor may not be counted for a major.

Any courses relevant to black or African diaspora studies, offered by a humanities or social science department, may be taken when approved by the coordinator for the minor. Special topics courses, directed studies or readings may also be included for credit if relevant to the minor.

**Requirements**

1. Students must take one of the following:  
   HIST 1063, The African Diaspora to 1800  
   HIST 1064, The African Diaspora Since 1800
2. A minimum of two courses from the following:

- **ANTHRO 1005**, Human Origins
- **ANTHRO 2124**, Cultures of Africa
- **ART HS 1105**, Introduction to The Arts of Africa
- **ENGL 1700**, African-American Literature
- **HIST 1003**, African American History
- **HIST 1061**, African Civilization to 1800
- **HIST 1062**, African Civilization Since 1800
- **MHLT 1002**, Introduction to African-American Music

3. Students should select a minimum of three courses from the following list. One course must be a social science and one must be a humanities course.

- **ANTHRO 3234**, Cultural Continuity and Change in Subsaharan Africa
- **ANTHRO 3235**, Women in Subsaharan Africa: A Contemporary Perspective
- **HIST 3050**, Topics in African-American History
- **HIST 3053**, African American Women's History
- **HIST 3301**, West Africa to 1800
- **HIST 3302**, West Africa Since 1800
- **HIST 3303**, African Diaspora to 1800
- **HIST 3304**, African Diaspora since 1800
- **POL SCI 2320**, African Americans and the Political System
- **POL SCI 2580**, African Politics
- **PSYCH 4392**, Selected Topics in Psychology: African American Psychology (Note: Students should only take PSYCH 4392 when the topic is African American Psychology).
- **SOC 3245**, Sociology of South Africa
- **SOC 4360**, Sociology of Minority Groups
- **COMM 3332**, Intercultural Communication

**Minor in Classical Studies**

The minor in classical studies is an interdisciplinary course of studies intended to encourage undergraduates in various disciplines to come to a fuller awareness of the cultures of ancient Greece and Rome and of the classical tradition that underlies much of modern Western civilization. In addition to appealing to any student’s curiosity about the early stages of society in the West, the minor provides an especially valuable supplement to those who are majoring in many liberal arts areas including history, literature, philosophy, foreign languages, and art.

Students pursuing the minor will acquire a foundation in either Greek or Latin. They may choose to use either sequence to fulfill the foreign language requirement in the College of Arts and Sciences.

**Requirements**

Candidates for the minor must complete 19 credit hours of course work including:

- **LATIN 1001**
- **LATIN 1002 or GRK ANC 1001**
- **GRK ANC 1002**

and three courses from the following list and any other course approved by the coordinator:

- **GRK ANC 1001**, Intermediate Ancient Greek Language and Culture
- **ST ART 2211**, Art and Archeology of the Ancient World
- **ST ART 2212**, Greek Art and Archeology
- **ST ART 2213**, Roman Art and Archeology
- **ST ART 4411**, Topics in Ancient Art and Archeology
- **ENGL 1200**, Myth
- **ENGL 2200**, Classical Literature in Translation
- **HIST 3081**, Rome: The Republic and Empire
- **LATIN 2101**, Intermediate Latin Language and Culture
- **PHIL 3301**, Ancient Philosophy
- **PHIL 4401**, Plato
- **PHIL 4402**, Aristotle

**Minor in Legal Studies**

The minor in legal studies is open to all undergraduate students at UMSL, whatever their major field. It offers a secondary field of concentration in one of the most important areas of social life. Students may use the minor as a complement to their major, as an additional qualification for career opportunities, or as general education.

This interdisciplinary minor coordinates liberal arts courses related to law. A faculty member in Legal Studies will advise students and will work with their major advisers in planning appropriate courses.

**Candidates must take:**
INTDSC 1200, Foundations of Law: An Introduction to Legal Studies (crosslisted as POL SCI 1200 and CRIMIN 1200), and five courses from the following list. At least three courses must be taken at the 3000 level and above. No more than two courses from a single discipline may be included in the minor.

CRIMIN 1100, Introduction to Criminology and Criminal Justice
CRIMIN 1075, Crime and Punishment
CRIMIN 1130, Criminal Justice Policy
CRIMIN 2226, Law and the Individual
CRIMIN 2227, Urban Law: Poverty and the Justice System
CRIMIN 3345, Rights of the Offender
COMM 3355, Media Law and Regulation
ECON 3650, Law and Economics
HIST 3041, Topics in American Constitutional History
HIST 3071, Medieval England
PHIL 4487, Philosophy of Law
PHIL 5533, Seminar in Philosophy of Law
POL SCI 2260, Law and the Individual (cross listed as CRIMIN 2226)
POL SCI 2280, Judicial Politics and Policy
POL SCI 2290, Women and the Law
POL SCI 3200, Constitutional Law
POL SCI 3210, Civil Liberties
POL SCI 3260, Judicial Decision Making
POL SCI 3290, Studies in Public Law
POL SCI 4850, International Law
SOC 2175, Women, Crime, and Society
SOC 3278, Sociology of Law

Minor in Public Affairs Journalism
The minor in public affairs journalism provides students with an overview of media operations, including basic writing and reporting skills, as well as a specialty area of advanced study. Ordinarily the specialty or cognate area focuses on a particular field, such as consumer affairs, economics, or political science -- areas in which a journalist would specialize. Cognate areas are proposed by students seeking the minor and approved by a faculty committee.

A minimum grade point average of 2.0 is required in the minor. No more than 3 hours credit may be taken on a satisfactory/unsatisfactory basis. A total of 18 hours is required for the minor. At least 12 of the 18 required hours must be taken at UMSL.

Requirements
A. 9 hours in communication/English professional training:

ENGL 3140 or Media 3214, News Writing
ENGL 3180, Reporting or MEDIA ST 2212, Broadcast Writing and Reporting
ENGL 4890, Independent Writing Project, or MEDIA ST 3394, 3396 or 3397, Internship

B. 9 hours in public affairs at the 3000 level or above

1. Students earning a writing certificate or majoring in communication with a mass communication emphasis must take 15 hours (at least 9 of these at the 3000 level or above) in economics, political science, or sociology.

2. Students majoring in economics, political science, or sociology must take 9 hours (in addition to the required English/communication courses) at the 3000 level or above in addition to English/communication courses chosen from those listed above and/or in the two cognate areas outside their major (i.e., economics, political science, or sociology).

A list of courses applicable to the minor is available from the coordinator.

Minor in Urban Studies
A minor in urban studies includes 18 hours of course work. Candidates must have a cumulative grade point average of 2.0 or better in the minor. Courses taken on a satisfactory/unsatisfactory basis may not be applied to the minor. Special topics courses relevant to urban studies may be included in the minor when approved in advance by the coordinator of the urban studies minor.

Requirements
Students must take:
INTDSC 1990, The City and five courses selected from the following list, at least three courses at the 3000 level or above. No more than two courses from a single discipline may be included in the minor.

Courses Applicable to the Minor
ANTHRO 3242, The Culture of Cities
ANTHRO 3250, American Folklore  
ART HS 2279, American Architecture  
ART HS 3365, The Artist and the City  
CRIMIN 2230, Crime Prevention  
CRIMIN 4300, Communities and Crime  
ECON 3510, Public Finance: State and Local  
ECON 3700, Urban and Regional Economics  
HIST 3000, Selected Topics in History (when urban or St. Louis history)  
POL SCI 2350, Introduction to Urban Politics  
POL SCI 3450, Urban Administration  
POL SCI 4470, Urban Planning and Politics  
PSYCH 4235, Community Psychology  
PSYCH 3256, Environmental Psychology  
SOC 1040, Social Problems  
SOC 3202, Urban Sociology  
SOC 4344, Problems of Urban Community

Course Descriptions

In addition to regular departmental offerings, the College of Arts and Sciences also offers several interdisciplinary courses, listed below. These courses bring together the resources of two or more disciplines to focus on topics that benefit from being studied from the point of view of more than one discipline. In many cases faculty from several departments teach an interdisciplinary course together, giving students the opportunity to experience faculty dialogue on issues in a cross-disciplinary fashion. Most interdisciplinary courses have no prerequisites. Freshman and sophomore students are especially encouraged to take these courses.

Students who have earned 24 or more semester hours of credit at any accredited post-secondary institution(s) before the start of the fall 2002 semester must meet the general education requirements stipulated in the UMSL 2001-2002 Bulletin. The following courses fulfill the Social Sciences breadth of study requirements as described in that Bulletin: 1001, 1200, 1220, 1450, 1990, 2102, 2150++, 3690*. The following courses fulfill the Humanities breadth of study requirement: 1000, 4465.

*These courses may fulfill the Humanities or Social Sciences breadth of study requirements.  
++ Depending on topic.

160 Monday Noon Cultural Seminar (2)  
An interdisciplinary examination of topics in the Humanities. Students will attend the Monday Noon Cultural Series program of the Center for the Humanities each week and meet as a group to explore the nature and background of each presentation, e.g., fiction reading, musical event, presentation of scholarly research in the arts or culture, or social and historical analysis.

1000 Special Topics (3)  
Topics may vary from semester to semester, however, material will be selected which will focus in the social, economic, historical or political institution of Great Britain.

1001 Special Topics (3)  
Topics may vary from semester to semester, however, material will be selected which will focus in the social, economic, historical or political institution of Great Britain.

1002 – Freshman Success Seminar (1)  
An introduction to technologies and knowledge required in navigating the terrain of higher education, to improve their academic performance, to help determine their strengths and goals, and to encourage them to implement strategies to enhance their personal, academic, and career success. Topics will include study skills, time management, test taking skills, library skills, career development, financial management, health issues, and diversity awareness.

1010 Information Research & Success (1)  
Students will gain knowledge and develop critical thinking skills to succeed academically by learning to frame meaningful questions; developing an understanding of the structure and content of library and electronic information resources; evaluating information; and using library and information resources as learning tools.

1200 Foundations of Law: An Introduction to Legal Studies (3)  
(Same as CRIMIN 1200 and POL SCI 1200). As a broad liberal-arts approach to the study of law, this course is designed to familiarize students with legal ideas, legal reasoning, and legal processes. It also provides comparative and historical perspectives on law that will help explain legal diversity and legal change. Finally, it offers opportunities to explore some of the persistent issues in law and legal theory: for example, issues about the sources of law, the responsibilities of the legal profession, or the relative merits of the adversary system.

1450 Introduction to Labor Studies (3)
(Same as POL SCI 1450). This course covers many topics important to the role of unions in the American political system and American society from a labor perspective. Topics include the role of workers in current and future times, unions' institutional structure, collective bargaining strategies and obstacles for union organizing, recent union campaigns, labor's political role, and the relationship between labor and media.

**1990 The City (3)**
(Same as POL SCI 1990, and SOC 1999). Consideration of economic factors, urban institutions, historical developments in urbanization, problems of the inner city, suburbia and the metropolitan area, ethnic groups, stratification, and psychological implications of urban living. This course is primarily for freshmen and sophomores. It is open to juniors and seniors with the instructor's permission.

**2102 Introduction to Women's Studies (3)**
(Same as SOC 2102 and PSYCH 2102). An introduction to the study of women's roles in a diverse and gendered culture and society. Through a variety of disciplinary perspectives in the humanities, social sciences, and natural sciences, it seeks to understand gender as a concept that affects both women and men. This course explores issues of power, identity, and relationship in women's lives.

**2150 Special Topics in Women's and Gender Studies (3)**
An introduction to a particular topic area in women's studies (topics will be announced prior to registration), drawing on the theories and methods of such disciplines as sociology, psychology, political science, history, philosophy, art history, and others to examine particular aspects of women's experience in social and cultural life. Course may satisfy the distribution requirement for Humanities or Social Sciences depending on the topic.

**2170 Aging in America: Concepts and Controversies (3)**
(Same as SOC 2170, SOC WK 2170, and GERON 2170). This course examines the major theoretical and service issues connected to the study of older adults and their families, using multidisciplinary perspectives. Students are provided with an introduction to the field of aging through an examination of current social issues and controversies. This course emphasizes student involvement through class discussion, and is appropriate for students in the arts and sciences, business, communication, education, and nursing.

**3220 Science for the Middle School Teacher I (5)**
Prerequisites: CHEM 1111, BIOL 1811 and either CHEM 1011 or BIOL 1202. This course is intended to provide science content and pedagogical methods to students preparing to teach science at the middle school level. Science content in the first semester may include investigations of the properties of solids and solutions, chemical changes and conservation of matter, forces and simple machines, food webs, the environment and ecosystems, heat and radiation, waves and diffraction, static electricity and currents, but other topics from the middle school science curriculum could be substituted. Students will be expected to develop grade appropriate teaching materials, and complete individual and group investigations. Two hours of lecture, one hour of discussion, and two two-hour laboratory sessions per week.

**3352 Independent Studies in Women's and Gender Studies (1-3)**
Prerequisite: Junior standing; two courses in Women's and Gender Studies, including 2102; and consent of the instructor and the Institute. Directed independent work in selected Women's and Gender Studies topics through readings, research, reports and/or conferences. Course may satisfy the distribution requirement for the Humanities, Social Sciences or Math/Science depending on topic.

**3360 Photography and Society (3)**
(Same as ART HS 3360). A study of photography as a means of information and expression, as an influence on culture, and as a reflection of concepts in politics, science, morality, and art.

**3690 The Marxist Heritage (3)**
Same as PHIL 3369, and POL SCI 3690. Study of Marx and leading Marxists. Designed to evaluate their influence on recent political, economic, and social thought and institutions.

**5350 Topics in Women's and Gender Studies (3)**
Prerequisite: Junior standing and one Women's and Gender Studies course. This course will focus on a particular aspect of women's conditions (to be announced prior to registration) and will draw upon recent theoretical and methodological work in the field of women's and gender studies from a variety of disciplines. Course may satisfy the distribution requirement for Humanities or Social Sciences depending on the topic.

**5353 Internship in Women's and Gender Studies (3)**
Prerequisite: 90 hours. 2.5 GPA, 12 WGST hrs. Internship would place the student in a profit or nonprofit setting for approximately ten hours a week in an internship structured and supervised by the Institute; consent of Director required; may include biweekly seminar. Student must present appropriate course background for either option, plus the above pre/co-requisites.

**6401 Inquiries in Women's and Gender Studies (3)**
Introduces graduate students to the field of women's studies, with particular focus on its vocabulary and evolution, its location within and relationship to the academy, and its predominant theoretical and methodological frameworks. Specific content will vary year to year. Strongly encouraged for graduate students in Women's and Gender Studies.
6452 Special Readings in Women's Studies/Gender Studies (3)
Prerequisite: Admission to Graduate Certificate program and consent of instructor. Directed independent work on a selected Women's and Gender Studies topic through readings, research, reports, and/or conferences.
Certificate Programs

The University College offers a wide variety of certificates, which provide our students the opportunity to develop expertise in subjects other than their major field. These programs usually combine course offerings from several departments so the subject is examined from a multidisciplinary approach. While most persons who earn certificates do so in the process of completing their undergraduate degree, a certificate may be completed by non-degree seeking students.

Students wishing to earn a graduate certificate must seek formal admission to the Graduate School.

To find the descriptions of the courses within a specific certificate program, refer to the individual department from which the courses are drawn. Following is a list of certificate programs offered by the University, with only the program requirements listed for those which are interdisciplinary.

**Graduate Certificate Programs:**

**Undergraduate Certificate Programs:**

**Africana Studies Certificate**
Students seeking the Africana studies certificate have two options: an emphasis in African studies and an emphasis in African diaspora studies.

1. **African Studies:**
   1) At least **one** course in **two** of the following four areas for a total of 9 hours:
   
   **Area 1: Anthropology**
   2124, Cultures of Africa
   
   **Area 2: Art and Art History**
   2105, Introduction to The Arts of Africa
   
   **Area 3: History**
   1061, African Civilization to 1800
   1062, African Civilization Since 1800
   
   **Area 4: Political Science**
   2580, African Politics
   
   2) **One** course in **two** of the following areas, a total of 6 hours:
   
   **Area 1: Anthropology**
   3234, Cultural Continuity and Change in Sub-Saharan Africa
   3235, Women in Sub-Saharan Africa: A Contemporary Perspective
   
   **Area 2: Art and Art History**
   4405, Topics in the Arts of Africa
   
   **Area 3: History**
   3301, West Africa to 1800
   3302, West Africa Since 1800
Area 4: Sociology
3245, Sociology of South Africa

3) An independent study course (3 hours) in which a research paper will be written on some aspect of African Studies

II. African Diaspora Studies

One course from each of the following areas, a total of 6 hours.

Area 1: Africa

Anthropology
2124, Cultures of Africa

History
1061, African Civilization to 1800
1062, African Civilization Since 1800

Area 2: Diaspora

Anthropology
1005, Human Origins

History
1003, African-American History
1063, The African Diaspora to 1800
1064, The African Diaspora Since 1800
3052, African-American History: From Civil Rights to Black Power

At least one course from each of the following areas, a total of 6 hours:

Area 1: Africa

Anthropology
3234, Cultural Continuity and Change in Sub Saharan Africa
3235, Women in Sub-Saharan Africa: A Contemporary Perspective

Art
1105, Introduction to the Arts of Africa

History
3301, West Africa to 1800
3302, West Africa Since 1800

Political Science
2580, African Politics

Sociology
3245, Sociology of South Africa

Area 2: Diaspora

Communication
3332, Intercultural Communication

English
1700, African-American Literature

History
3050, Topics in African-American History
3303, African Diaspora to 1800
3304, African Diaspora Since 1800

Music
1002, Introduction to African-American Music

Political Science
2320, African Americans and the Political System

* Psychology
4392, Selected Topics in Psychology: African American Psychology
Sociology
4360, Sociology of Minority Groups

*Note: Students should take Psychology 4392 only when the African American Psychology topic is offered.

Biochemistry Certificate
(Refer to the Biology section of this Bulletin.)

Biotechnology Certificates
(Refer to the Biology section of this Bulletin.)

Business Administration Certificate
(Refer to the Business Administration section of this Bulletin.)

Conservation Biology Certificate
(Refer to the Biology section of this Bulletin.)

East Asian Studies Certificate

1) First- and second-year Chinese, Japanese, Korean, or other appropriate Asian language (20 hours taken in four semesters).

2) History 1041 and History 1042, East Asian Civilization

3) One course in three of the following six areas, a total of nine hours:

Area 1: Anthropology
2110, Cultures of Asia

Area 2: Art and Art History
1109, The Arts of China
1110, The Arts of Japan
4408, Topics in Asian Art

Area 3: History
3101, Modern Japan: 1850 to Present
3102, Modern China: 1800 to Present
*4004, Senior Seminar

*Note Students should take History 4004 only when the topic is appropriate to East Asia.

Area 4 Music
1080, Non-Western Music I
1090, Non-Western Music II

Area 5: Philosophy
1120, Asian Philosophy

Area 6: Political Science
2550, East Asian Politics
*3590, Studies in Comparative Politics
*3890, Studies in International Relations

*Note Students should take POL SCI 3590 or POL SCI 3890 only when the specific topic is appropriate.

European Studies Certificate

1) Four semesters of college work or the equivalent in a modern European foreign language.

2) HIST 1032, Topics in European Civilization: 1715 to the Present.

3) One course each from at least four of the following eight areas, a total of 12 hours. Students should consult advisers at the Center for International Studies to determine how these courses can best be arranged to meet their interests.

Area 1: Art and Art History
2235, Italian and Northern European Renaissance Art
2245, Baroque Art and Architecture
4435, Topics in Renaissance Art
4445, Topics in Seventeenth- and Eighteenth-Century European Art
4455, Topics in Modern Art

**Area 2: Economics**
3310, Comparative Economic Systems

**Area 3: English**
2280, The Contemporary World in Literature
2320, English Literature II
4920, Continental Fiction
4410, Restoration and Eighteenth-Century Drama
4450, The Eighteenth-Century English Novel
4540, The Nineteenth-Century English Novel
4580, Literature of the Late Nineteenth and Early Twentieth Centuries
4750, Modern British Fiction

**Area 4: History**
1031, Topics in European Civilization: Emergence of Western Europe to 1715
3085, The Age of the Renaissance
3086, The Age of Reformation
3092, Europe 1900 - 1950: War and Upheaval
3093, Europe, 1950 - Present: Peace and Prosperity
3094, France in the Modern Age
3095, Germany in the Modern Age

**Area 5: Foreign Languages and Literatures**

**French**
2110, Modern French Literature in Translation
2150, European Literature in Translation: Special Topics
3211, Contemporary French Culture
3281, French Literature II: Nineteenth and Twentieth Centuries
4341, Seventeenth-Century French Theatre and Poetry
4342, Seventeenth-Century French Prose
4353, Eighteenth-Century French Literature
4354, Eighteenth-Century French Theatre and Novel
4362, Nineteenth-Century French Novel
4371, Twentieth-Century French Novel
4375, Modern French Theatre

**German**
2110, Masterpieces of German Literature in Translation
2150, European Literature in Translation: Special Topics
3201, Masterpieces of German Literature
3202, The German Novelle and Drama
3210, German Culture and Civilization
4315, German Classicism and Romanticism
4320, German Realism and Naturalism
4345, Modern German Literature
4397, Survey of German Literature Part I
4398, Survey of German Literature Part II

**Spanish**
2110, Spanish Literature in Translation
2150, European Literature in Translation: Special Topics
4310, Spanish Literature from 1898 to 1939
4315, Spanish Literature from 1939 to the Present
4320, Realism and Naturalism in the Nineteenth-Century Spanish Novel
4321, Poetry and Drama of the Nineteenth Century
4325, Poetry and Drama of the Golden Age

**Area 6: Music**
4220, Music of the Renaissance
4230, Music of the Baroque
4240, Music of the Classic Period
4250, Music of the Romantic Period

**Area 7: Philosophy**
3303, Early Modern Philosophy
3304, Kant and Nineteenth-Century Philosophy
3305, Twentieth-Century Philosophy  
4405, The Rationalists  
4406, The British Empiricists  

**Area 8: Political Science**  
2510, Comparative Politics of Europe  
2560, Russia and the New Republics  
3840, European International Relations  
*4510, Comparative Public Policy and Administration  
*3590, Studies in Comparative Politics  
*3890, Studies in International Relations  

*Note* Students should take POL SCI 4510, 3590, or 3890 only when the topic is appropriately European.

**Forensic Economics Certificate**  
(Refer to the Economics section of this Bulletin.)

**Gerontology Certificate**  
(Refer to the School of Social Work-Gerontology section of this Bulletin.)

**Greek Studies Certificate**  
Students seeking the Greek Studies Certificate must complete both a language studies component and a focus area component. Courses are 3 credit hours unless noted otherwise.

**I. Greek Language.** Students must complete at least 9 credit hours from the following courses.

**Ancient Greek**  
1001, Ancient Greek 1 (5)  
1002, Ancient Greek 2 (5)  
2101, Intermediate Ancient Greek Language and Culture  
2190, Greek and Latin in English Today  
2151, Special Readings (1-3)  

**Modern Greek**  
1001, Modern Greek I (5)  
1002, Modern Greek II (5)  
2101, Intermediate Modern Greek Language and Culture  
2150, Modern Greek Literature in Translation  
2190, Special Readings (1-3)  

**II. Focus Area.** Students must complete at least 9 credit hours in one of the following focus areas.

**Literature and Culture**

**Anthropology**  
4350, Special Study*

**English**  
1200, Myth  
2200, Classical Literature in Translation  

**History**  
1030, The Ancient World  
2115, Greek History and Culture (same as Anthro 2115) Modern Greek [Gk Mod 2772]  
2150, Modern Greek Literature in Translation**  
2190, Special Readings (1-3)**  

**Music History and Literature**  
4270, A History of Byzantine Music and Hymnography  

**Philosophy**  
3301, Ancient Philosophy  
4401, Plato  
4402, Aristotle  

**Archaeology and Art History**

**Anthropology**  
2190, Special Topics in Archaeology*
4309, Archaeological Field School (3-6)*  
4350, Special Study (1-3)*

Art History  
2211, Art and Archaeology of the Ancient World  
2212, Greek Art and Archaeology  
4411, Topics in Ancient Art and Archaeology*  
3390, Special Study (1-10)*  
4490, Special Study (1-10)*  

Notes:  
*Must be taken only when appropriate to Greek Studies.  
**These courses will count for either the language requirement or the focus area requirement but not for both.

Human Resource Management Certificate  
(Refer to the Business Administration section of this Bulletin.)

International Business Certificate

1) Students must complete a minimum of 12 hours in the Business Internship Program in London or in some other approved overseas study program.

2) One course from Area 1 and one from Area 2 a total of six hours.

Area 1: Business Administration:  
3780, International Marketing  
3680, International Management  
3580, International Finance

Area 2: International Studies:  
ANTHRO 3238, Culture and Business in East Asia  
ECON 3300, International Economic Analysis  
ECON 3301, International Finance  
ECON 3310, Comparative Economic Systems  
ECON 3320, Economic Development  
POL SCI 3830, International Political Economy  
POL SCI 3890, Studies in International Relations (International Relations of East Asia)  
SOC 3241, Selected Topics in Macro-sociology. (Work and Industry in Japan)  
SOC 4354, Sociology of Business and Work Settings

In lieu of a course from Area 2, students may substitute one course (3 hours) at the advanced level of a foreign language. Advanced level is defined as a course beyond the 13 hour introductory language sequence.

3) An independent study course is not required for this certificate option.

Note: Students participating in other approved overseas study programs such as Hogeschool Holland Business School, Ecole Superieure de Commerce de Saint Etienne, or Université Jean Moulin, may also qualify to apply 12 credit hours toward the International Business Certificate.

Graduate Certificate in Institutional Research
The Post-Master's Certificate Program in Institutional Research (CPIR) is for academics who want training in Institutional Research in preparation for working in an IR Office at a postsecondary institution, a government agency, or a private education organization. The program consists of 18 hours and may be taken as part of a doctoral program. Of the 18 hours, 12 are in the required core (6 hours are in research methods and 6 hours in IR seminar), plus a 3-hour Higher Education (HIR ED) or an Educational Research (ED REM) elective and a 3-hour capstone. Students may transfer up to 6 hours of post-Master's work into the program with the approval of the advisor.

Graduate Certificate in International Studies
A Graduate Certificate in International Studies is a program of study featuring advanced, multidisciplinary course work designed for individuals, including teachers and other professionals, who wish to expand their knowledge and understanding of international and cross-cultural affairs. The Certificate is sponsored by the Center for International Studies, and the Departments of Economics, History, Foreign Languages and Literatures, and Political Science. A broad set of course offerings is available in these and other departments, with the flexibility for students to tailor the program to their particular interests and needs. The program has been developed as a vehicle for bringing together the resources of a distinguished faculty in international studies and for providing an opportunity for further graduate learning.
Applicants to the Certificate program must meet the general requirements for admission to Graduate School as explained in the graduate study section of this Bulletin. The Certificate is awarded after completion of 18 hours, including a minimum of 12 hours drawn from a list of core courses and an additional six hours selected from a wide variety of offerings in eight different disciplines. No more than 12 hours may be from any one discipline. Students may simultaneously earn a graduate degree and count credits earned in their degree program toward the Certificate when appropriate.

**Requirements**
Students must complete at least 12 hours chosen from the following list of core courses:

**Anthropology**
5428, Peoples and Cultures of Southeast Asia
5440, Global Refugee Crisis

**Business Administration**
6580, International Finance, Investment, and Commercial Relations
5280, International Business Operations
5480, International Accounting

**Economics**
6300, International Trade
6301, International Monetary Analysis

**History**
6111, Readings in European History to 1715
6112, Readings in European History Since 1715
6113, Readings in East Asian History
6114, Readings in Latin American History
6115, Readings in African History

**Political Science**
6450, Proseminar in Comparative Politics
6451, Seminar in Comparative Politics
6480, Proseminar in International Relations
6481, Seminar in International Relations
6488, Studies in International Relations

**Sociology**
5410, Comparative Social Structures

Students may complete an additional six hours chosen from the following:

**Business Administration**
3780, International Marketing
3680, International Management
* 3580, International Finance

*Note: Students may not count both BUS AD 6580 and 3580.*

**Communication**
3332, Intercultural Communication
3356, International Communication

**Criminology and Criminal Justice**
3305, Comparative Criminology and Criminal Justice

**Economics**
4301, International Economic Analysis: Finance
4980, Special Readings

**English**
4920, Continental Fiction

**History**
3045, American Foreign and Military Affairs, 1900-Present
3092, Europe 1900-1950: War and Upheaval
3093, Europe, 1950-Present: Peace and Prosperity
3094, France in the Modern Age
3095, Germany in the Modern Age
3097, History of Spain
3101, Modern Japan: 1850 to Present

**Foreign Languages and Literatures**
- **FRENCH 4362**, Nineteenth-Century French Novel

- **4250**, Music of the Romantic Period
- **4260**, Music of the Twentieth Century

#### Political Science
- **4510**, Comparative Public Policy and Administration
- **3590**, Studies in Comparative Politics
- **4850**, International Law
- **3860**, Studies in War and Peace
- **3890**, Studies in International Relations
- **6485**, Directed Readings and Research in International Relations

#### Sociology
- **4342**, World Population and Ecology

### Graduate Certificate in Logistics and Supply Chain Management

*(Find the Business Administration section of this Bulletin.)*

#### Labor Studies Certificate
The Labor Studies Certificate is designed for students who are interested in a focused specialty in labor studies. The 18 credit hour curriculum consists of six credit courses offered over a three-semester period.

- **POL SCI 1450**, Introduction to Labor Studies
- **POL SCI 3220**, Labor Law
- **POL SCI 3430**, Union Leadership and Administration
- **POL SCI 3470**, Collective Bargaining
- **HIST 2219**, U.S. Labor History
- **ECON 3900**, Selected Topic in Economics

### Latin American Studies Certificate

1) Thirteen credit hours or the equivalent in Spanish.

2) Either **HIST 1051**, Latin American Civilization, or **SPANISH 3211**, Hispanic Culture and Civilization: Spanish America.

3) A total of 12 hours from at least **three** of the following areas:

   **Area 1: Anthropology**
   - **2134**, Archaeology of the Inca, Aztec, and Maya

   **Area 2: Art and Art History**
   - **1103**, Pre-Columbian Art of Mexico and Central America
Area 3: History
3201, History of Latin America: To 1808
3202, History of Latin America: Since 1808

Area 4: Political Science
2530, Political Systems of South America
2540, Political Systems of Mexico, Central America, and the Caribbean
*3590, Studies in Comparative Politics

* Note Students should take POL SCI 3590 only when the topic is appropriate to Latin America.

Area 5: Spanish
2110, Spanish-American Literature in Translation
3211, Hispanic Culture and Civilization: Spanish America
3281, Introduction to Hispanic Literature: Spanish America
4340, Spanish-American Literature of the Nineteenth Century
4341, Modernismo
4345, Spanish-American Literature of the Twentieth Century
4351, Spanish-American Fiction in the Twentieth Century
4360, Spanish-American Poetry from Modernismo to the present

Managerial Economics Certificate

Museum Studies Certificate
(Refer to the History section of this Bulletin.)

Non-Profit Arts Organization Management & Leadership
The University of Missouri-St. Louis offers an undergraduate certificate for students who wish to consider entering the field of nonprofit arts or cultural organization management, as well as current professional staff, board members, and other leaders of such organizations. The program applies to students interested in all types of nonprofit arts and cultural organizations, including performing and visual arts, cultural, historical, and educational institutions.

Students may not enroll in the Undergraduate Certificate Program prior to the completion of 18 credit hours in one field of the arts, including six credits of upper division courses (3000-4000 level). The certificate may be earned in conjunction with an undergraduate degree in majors such as Art & Art History, Communication, Music, and Theatre & Dance, or as an independent, 18 semester-hour undergraduate certificate.

Required Courses (15 credit hours)
ST ART 3387, ST ART 3388, PRACTM 4920, or equivalent, Internship (3 credit hours) or equivalent professional field experience
ST ART 3393, Art Gallery Management (3 credit hours)
P P ADM/POL SCI/SOC WK 4911, Staff Management Issues (1 credit hour)
P P ADM/POL SCI/SOC WK 4912, Legal Issues in Governing and Managing (1 credit hour)
P P ADM/POL SCI/SOC WK 4913, Management Issues in Nonprofit Organizations (1 credit hour)
P P ADM/POL SCI/SOC WK 4940, Leadership and Management of Nonprofit Organization (3 credit hours)
P P ADM/POL SCI/SOC WK 4960, American Philanthropy and Nonprofit Resource Development (3 credit hours)

OR

PRACTM 3394, Practicum in Performing Arts Management: Music (3 credit hours),
TH DAN 3394, Practicum in Performing Arts Management: Theatre & Dance (3 credit hours)

Elective Courses (3 credit hours)
Students must satisfy all prerequisites prior to enrolling in these courses. Three hours of elective credit must be selected from the following list of courses:

Business Administration:
1590, Topics in Business Administration
2900, Legal Environment of Business
3451, Accounting for Governmental and Not-for-profit Entities
3600, Management and Organizational Behavior
3611, Advanced Management and Organizational Behavior
**Communication:**
- 1030, Interpersonal Communication I
- 2228, Public Relations Writing (Same as ENGL 3280)
- 2230, Small Group Communication
- 2231, Communication in Organization
- 2232, Effective Communication in the Organization: Tool for Leadership
- 2240, Persuasive Communication
- 3358, Communication in Public Relations

**English:**
- 3120, Business Writing (for Business Administration majors only)
- 3130, Technical Writing
- 3280, Public Relations Writing (Same as COMM 2228)

**Psychology:**
- 2222, Group Processes in Organizations
- 3317, Social Psychology of Conflict and Negotiation (Same as SOC 3317)
- 3318, Industrial and Organizational Psychology (Same as BUS AD 3323)
- 3320, Personnel Assessment

**Political Science:**
- 2400, Public Administration

**Non-Profit Organization Management and Leadership Certificate**
(Refer to the Graduate School-Public Policy Administration section of this Bulletin).

**Non-Profit Organization Management and Leadership Certificate (Undergraduate)**
The university offers an undergraduate certificate program for students who want to become professional staff, board members, or other leaders of nonprofit and voluntary organizations, as well as those who are currently in the field.

The certificate requires the completion of 18 semester hours. Nine of these hours must be the following core courses:

**Political Science and Social Work**
- 4940, same as Sociol or SOC WK 4940 (3 hours) Leadership and Management in Nonprofit Organizations
- 4911, Management Issues in Nonprofit Organizations: Staff Management Issues
- 4912, Management Issues in Nonprofit Organizations: Legal Issues in Governing and Managing Nonprofit Organizations
- 4913, Management Issues in Nonprofit Organizations: Financial Issues
- 4960, American Philanthropy and Nonprofit Resource Development

The remaining 9 hours of electives can be selected from the following courses:

**Business Administration**
- 3600, Management and Organizational Behavior
- 3611, Advanced Management and Organizational Behavior
- 3621, Human Resource Management
- 3700, Basic Marketing

**Communication**
- 2228, Public Relations Writing (Same as ENGL 3280)
- 2230, Small Group Communication
- 2231, Communication in the Organization
- 2240, Persuasive Communication
- 3358, Communication in Public Relations

**English**
- 3120, Business Writing
- 3130, Advanced Business and Technical Writing

**Political Science**
- 3420, Public Personnel Management
- 3440, Public Budgeting

**Psychology**
- 2222, Group Processes in Organization
3320, Personnel Assessment

Social Work
4300, Intervention Strategies for Social Work with Organizations and Communities

Sociology
3268, The Sociology of Conflict
3280, Society, Arts and Technology
4312, Sociology of Wealth and Poverty
4314, Social Change
4336, Organizations and Environments

Photographic Studies Certificate
(Refer to the Art and Art History Section of this Bulletin.)

Psychology - Clinical Respecialization Certificate
(Refer to the Psychology section of this Bulletin.)

Studies in Religions Certificate
A certificate in studies in religions requires the completion of 18 hours with a grade of C or better.

Courses must be chosen from two or more departments (interdisciplinary offerings excluded), and the program must include two or more courses which focus on different major religious traditions. (Courses which fulfill this requirement are marked with an asterisk [*] in the list below.)

In addition, students are encouraged to broaden their understanding of religions and religious experience by enrolling in several courses in which these subjects are studied in philosophical or cultural contexts.

Students must obtain the approval of the coordinator of studies in religions before completing 12 hours toward this certificate.

Requirements
Students must take 18 hours chosen from the following list in accordance with the guidelines above:

Anthropology
2173, Archaeology and Cultures of the Biblical World
3244, Religion, Magic, and Science

Art
*2214, Early Christian and Byzantine Art
2225, Medieval Art

English
*1130, Topics in Literature
*2230, Jewish Literature
*2240, Literature of the New Testament
*2250, Literature of the Old Testament
*4940, Special Topics in Jewish Literature
*4950, Special Topics in Literature

*Note: ENGL 1130 and 4950 should only be taken when Religious Literature is the topic.

History
*3082, History of the Church: The Middle Ages

Music
1030, Music in Religion

Philosophy
1120, Asian Philosophy
1185, Philosophy of Religion
3302, Medieval Philosophy
3385, Issues in Philosophy of Religion
4485, Topics in Philosophy of Religion

Political Science
2610, Ancient and Medieval Political Thought
2650, American Political Thought

Sociology
Trauma Studies Certificate (Graduate)
(Refer to Psychology section of this Bulletin for Graduate Certificate, Undergraduate information follows.)

Trauma Studies Certificate
The trauma studies certificate is designed for students who are interested in a focused specialty in trauma studies or victim services in addition to their own major. It is appropriate for students in the College of Arts and Sciences or any of the schools of the university. It is particularly appropriate for students wishing to pursue careers in psychology, social work, sociology, criminology, law, public health, or nursing.

Requirements
A student may earn a trauma studies certificate by completing 18 hours with a GPA of 2.0 or better from at least three departments from the following courses:

Students must complete at least 12 hours from the following group:

Criminology and Criminal Justice
1120, Criminal Law
4300, Communities and Crime
4350, Victimology

Nursing
4770, Topics in Nursing (Women at Risk: Women and Safety)

Psychology
2232, Psychology of Victims
3295, Selected Projects in Field Placement: Helping Victims of Crime (for three credits only toward certificate).
3390, Directed Studies, if trauma-related topic (for three credits only toward certificate). Please seek approval of the Coordinator of the Trauma Studies Certificate in advance
4380, The Psychology of Death Dying, and End-of-Life Concerns (Same as Geron 4380)

Social Work
4601, Abused and Neglected Children
4602, Child Welfare Practicum Seminar
4399, Seminar: Child Sexual Abuse

Sociology
3250, Sociology of Victimization
3278, Sociology of Law
3375, Social Psychology of Disabilities

Only one of the following highly recommended courses may be counted toward the trauma studies certificate:

PSYCH 2161, Helping Relationships
SOC WK 3100, Introduction to Interventive Strategies for Social Work Practice

Students may count up to 6 hours from the following group toward the trauma studies certificate:

Criminology and Criminal Justice
2230, Crime Prevention
2240, Policing
4340, Race, Crime, and Justice (same as SOC 4340)

Political Science
2400, Public Administration
2420, Introduction to Public Policy
4940, Leadership and Management in Nonprofit Organizations (same as SOC WK 4940 and SOC 4940)

Psychology
2160, Social Psychology (same as SOC 2160)
2230, Psychology of Women
4235, Community Psychology
2245, Abnormal Psychology

Social Work
4940, Leadership and Management in Nonprofit Organizations (same as POL SCI 4940 and SOC 4940)
**4601, Women's Social Issues**

**Sociology**

- **2102**, Women, Gender and Diversity
- **2160**, Social Psychology (same as PSYCH 2160)
- **3214**, Juvenile Delinquency and Youth Crimes
- **3268**, The Sociology of Conflict
- **4940**, Leadership and Management in Nonprofit Organizations (same as POL SCI 4940 and SOC WK 4940)
- **4340** Race, Crime, and Justice (same as CRIMIN 4340)

Special Topics courses relevant to trauma studies may be included in the certificate when approved in advance by the coordinator of the trauma studies certificate.

**Tropical Biology and Conservation Certificate**
*(Refer to the Biology section of this Bulletin.)*

**Writing Certificates**
*(Refer to English section for Undergraduate Writing and Writing with Technical Emphasis; and the English and College of Education (Teaching and Learning) section for the Graduate Certificate in the Teaching of Writing.)*

M.A., Washington University

Dayna Stock, Manager of the Sue Shear Institute for Women in Public Life

General Information

The Institute for Women’s and Gender Studies has three central missions: to provide a comprehensive undergraduate and graduate gender studies curriculum, to support research on gender and women’s issues, and to sponsor events and provide community outreach. Institute faculty engage in disciplinary and interdisciplinary scholarship to enhance our understanding of the ways in which gender, sex, and sexuality have structured human society and experience across time and cultures. Faculty and students draw upon the rich body of interdisciplinary feminist scholarship to investigate emerging theories and research on women, men, and gender. Our courses encourage a reassessment of female and male roles in society and facilitate career goals that focus on gender issues. WGS classes promote the exchange of knowledge among people of different genders, classes, ethnicities, sexualities and cultural conditions. WGS courses enable students to broaden their educational experiences and develop new insights into their own lives and aspirations.

The Women’s and Gender Studies program offers undergraduate and graduate certificates in cooperation with most of the departments in the College of Arts and Sciences, as well as with departments in the College of Fine Arts and Communication. The opportunity to earn an 18-hour certificate is available to all students pursuing a degree at UMSL and to individuals with a bachelor’s or master’s degree from any university. Women’s and Gender Studies courses are open to all students, whether or not they are working toward a certificate.

Undergraduate Certificate

Requirements

For Admission:

Undergraduate certificate candidates must meet the University’s general education requirements. Applicants must have a cumulative G.P.A. of at least 2.5 and must maintain a minimum 2.5 G.P.A. in WGS courses. Candidates for undergraduate certificates are asked to register with IWGS after taking one or two courses. Students will then be enrolled in the program and will be placed on our mailing list for class information and announcements of upcoming events.

Certificate Requirements

Students must take at least 18 hours in Women’s and Gender Studies courses. 9 hours must include 3 core courses:

1) **WGST 2102** Introduction to Women’s and Gender Studies

2) **WGST 3033** Sexuality and Gender Theory or other 3000-5000 level course in feminist or gender theory

3) **Capstone Experience**: Students must complete a final research project or practicum. The Capstone
requirement may be satisfied by WGS 4352 Independent Study in Women’s and Gender Studies, WGS 4353 Internship in Women’s and Gender Studies, or by a 4000-level WGS course or other 4000-level seminar where student completes a final research and writing project that focuses on women’s and gender studies.

9 hours may be cross-listed courses with student’s major department or WGS electives from various disciplines.

**Graduate Certificate**

The graduate certificate in Women’s and Gender Studies is designed for students who wish to receive post-baccalaureate training in gender studies.

**Requirements**

**For Admission:**

- Baccalaureate degree
- 2.75 G.P.A.
- Official transcripts of all previous undergraduate/graduate work
- Two letters of recommendation

If you are not currently enrolled at UMSL, you must apply through the Graduate School. This certificate is available to students with Bachelor’s or Master’s degrees and students enrolled in graduate degree programs. A student need not be enrolled in a degree program to earn the WGS graduate certificate. Post B.A./B.S. students may enroll in the undergraduate or graduate certificate program.

**Certificate Requirements**

At least 18 hours of Women’s and Gender Studies courses at the 4000, 5000, and/or 6000 level

1) 3 hours must include a graduate feminist or gender theory course, which may be WGS 5033, Advanced Sexuality and Gender Theory, WGS 5040 Feminist Critical Theory, or other theory course.

2) 3 hours must include either a graduate internship or practicum, or final writing project, which may be an independent study WGS 6452 Special Readings in Women’s and Gender Studies, or a substantial research and writing project for a WGS graduate seminar, which may be WGS 6450 Seminar in Women’s and Gender Studies, or other cross-listed, 5000 or 6000-level seminar

3) 12 hours must be at the 5000 level or above, while up to 6 hours of 4000-level courses may be taken for graduate credit, as long as student completes graduate level work for the course.

4) No more than 6 hours may be taken as Directed or Independent Study credit.

Most WGS courses are cross-listed with other departments and count toward a department’s degree requirements we also toward the certificate.

**Course Descriptions**

**1004 The History of Women in the United States (3)**
Same as HIST 1004 A survey of women’s history from the colonial era to the present.

**2100 Women in Contemporary Society (3)**
Same as SOC 2100. Prerequisites: SOC 1010 or WGST 2102 or consent of instructor. An introduction to the sociological analysis of the status of women in society, including their work, family, and political roles. Socialization, education, and the women’s movement will also be considered, as these affect the position and participation of women in a variety of social arenas.

**2102 Introduction to Women’s and Gender Studies (3)**
Same as SOC WK 2102, HIST 2102, and Sociology 2102 This core class is required for all Women’s and Gender Studies Certificate earners. This class introduces students to cultural, political and historical issues that shape gender. Through a variety of disciplinary perspectives in the humanities, social sciences, and natural sciences, the course familiarizes students with diverse female and male experiences and gendered power relationships.

**2103 Gender Roles in Society (3)**
Same as SOC 2103. Prerequisites: SOC 1010 or WGST 2102 or consent of instructor. The study of social processes through which gender roles are developed and acquired; the impact of gender roles on personal identity and social conduct; the relationship between gender roles and social inequality; and individual and social consequences of changing gender roles in contemporary society.
2140 Female Sexuality (3)
Same as PSYCH 2140. Prerequisites: SOC 1003, or BIOL 1012, or its equivalent. This course will present a biological-psychological orientation toward the study of female sexuality. Topics include: sexual anatomy, hormonal influences on sexual behavior, psychosexual development, sexual attraction and relationships, sexual response and dysfunction, menstruation, pregnancy, menopause, reproductive health issues, and social issues in sexuality.

2150 Special Topics in Women’s and Gender Studies* (3)
An introduction to a particular topic area in women’s and gender studies (topics will be announced prior to registration), drawing on the theories and methods of such disciplines as sociology, psychology, political science, history, philosophy, art history, and others to examine particular aspects of gender in social and cultural life. Course may satisfy the distribution requirement for humanities or social sciences depending on the topic.

2230 Psychology of Women (3)
Same as PSYCH 2230 Prerequisites: PSYCH 1003. Evaluation of psychological theories and research regarding physiological, cognitive, and personality sex differences, female problems in adjustment, and clinical intervention for women.

2232 Psychology of Victims (3)
Same as PSYCH 2232. Prerequisites: PSYCH 1003. A review of the effects of crime, violence, natural disasters, and other traumas on psychological functioning with attention to the relationship between gender and victimization. Prevention and therapy techniques will also be discussed.

2253 Philosophy and Feminism (3)
Same as PHIL 2253 A critical examination of what various philosophers have said about issues of concern to women. Sample topics include oppression, racism, women’s nature, femininity, marriage, motherhood, sexuality, pornography, and the ethics of care.

2290 Gender and the Law (3)
Same as POL SCI 2290. This course examines the ways in which laws and interpretations of laws affect gender equality in the United States. Emphasizing how traditional roles impact both women and men historically and currently, the course highlights major pieces of legislation and court rulings related to employment, economics, education, sexual harassment, pornography, rape, reproductive rights, and domestic relations. The course stresses the impact of federal and state institutions and non-governmental influences on equality. It also addresses gender representation in the legal profession and its effect on judicial decisions. (This course satisfies State requirements in American History and Government.)

2380 The Politics of Gender in the United States (3)
Same as POL SCI 2380. Prerequisites: POL SCI 1100 or consent of instructor. This course examines the role of gender in political institutions, practices and policy in the United States, past and present. It focuses on various movements for political equality, the relationship between gender and political participation, vote choice, and public opinion, and how legislative executive, and judicial offices are gendered at the national, state and local levels. (This course satisfies State requirements in American History and Government.)

2410 Work, Families, and Public Policy (3)
Same as ECON 2410. This course compares the economic behavior of women and men in both the labor market and the household. Topics include: the family as an economic (production) unit, gender differences in labor force participation, occupations and earnings; the effectiveness of human capital theory and labor market discrimination in explaining the male-female wage gap; remedies for reducing the wage gap, family structure and economic well-being, and alternative policies to alleviate poverty.

3031 History of Women in the United States (3)
Same as HIST 3031 Prerequisites: Junior standing or consent of the instructor. Development of women’s economic, political, and social role in the United States with special emphasis on the nineteenth and twentieth centuries; women and work; women and the family; women and reform movements; women and education; feminist theorists and activists; images of women.

3032 History of Women in Comparative Cultures (3)
Same as HIST 3032. Prerequisites: Junior standing or consent of the instructor. An introduction to the historical development of women’s status in a variety of cultures and periods within the areas of Africa, Europe, the Far East, Latin America, and the Middle East. The course analyzes women’s political, economic, familial, and sexual roles and the economic, demographic, ideological, and political forces which promoted change and continuity in these roles.

3033 Sexuality and Gender Theory (3)
Same as HIST 3033. Prerequisites: Junior Standing or consent of instructor. This course examines the ways in which contemporary sexuality and gender theory has challenged and changed the study of culture and history. The course introduces students to sexuality and gender theory in late twentieth and early twenty-first century contexts. It then explores dynamic links between theory and the formal structures of political economy as well
as the informal structures of everyday life.

**3034 History of Sexuality (3)**
Same as HIST 3034. Prerequisites: Junior Standing or consent of instructor. This course locates sexuality at the center of history and examines its impact over time on politics, society, culture and economics. In particular, the course focuses on changing definitions of sexual deviance, the historical evolution of formal and informal regulations of sexual practices and the manner in which sex has been deployed in broader historical struggles involving gender, race, class, migration and state building.

**3053 African-American Women's History (3)**
Same as HIST 3053. Prerequisites: Junior standing or consent of instructor. This course introduces some of the themes of African-American women’s history. By examining the impact of region, gender, and class on African-American women’s experiences across time, the course highlights black women’s applied and theoretical contributions to feminist politics and activism as well as the black struggle for freedom and equality. Topics covered include: slavery and emancipation, institution and community building, the family and work, electoral politics and direct action protest, civil rights, and contemporary issues.

**3224 Marriage and the Family (3)**
Same as SOC 3224 Prerequisites: SOC 1010 or consent of instructor. The study of patterns of close relationships and how these relationships are influenced by larger social forces. Topics include: love, dating, mate selection, cohabitation, alternative lifestyles, working families, parenting, single mothers, families in crisis, domestic violence, and divorce. Universal and variable aspects of family organization, family role systems, and changes in family social structure.

**3250 Sociology of Victimization (3)**
Same as SOC 3250. Prerequisites: SOC 1010. Examines the role of social factors in a wide range of kinds of victimization—crime, violence, natural disasters, accidents, disease, etc. The topic of social reactions to various kinds of victimization is also covered. Sociological theories of victimization are emphasized.

**3325 Violence Against Women (3)**
Same as CRIMIN 3325. Prerequisites: Junior standing, CRIMIN 1110, 1120, 1130, 2210, 2220, and ENGL 3100, or consent of instructor. This course examines the nature, extent, causes and consequences of various types of violence against women, including rape, sexual assault, stalking, and intimate partner violence. Criminal justice policy and practice regarding violence against women are also examined. Fulfills CCJ diversity requirement.

**3345 Lesbian Psychology (3)**
Same as PSYCH 3345. Prerequisites: Junior standing, 9 hours of psychology, or consent of instructor. Explores psychological, social, cultural, and historical aspects of lesbianism. Topics include development of lesbian identity historically and individually, causes of sexual orientation, coming out, relationships and friendship, sexuality, roles, prejudice and discrimination, race and class, legal and economic issues, politics and feminism, health, and community.

**3350 Special Topics in Women's and Gender Studies (3)**
Prerequisites: WGST 2102 or consent of instructor. Special Topics in Women’s and Gender Studies. Topics vary by semester.

**3352 Independent Studies in Women’s and Gender Studies (1-3)**
Prerequisite: Junior standing; two courses in Women’s and Gender Studies, including 2102; and consent of the instructor and the Institute. Directed independent work in selected women’s and gender studies topics through readings, research, reports and/or conferences. Course may satisfy the distribution requirement for the humanities, social sciences or math/science depending on topic.

**3376 Women & Visual Arts (3)**
Same as ST ART 3376. Prerequisites: ST ART 1100 or consent of instructor. Selected topics concerning women as creators, users, and subject matter of art. Great women artists in the Western world will be studied, as well as women weavers, potters, and sculptors in non-western society.

**3700 Diversity and Social Justice (3)**
Same as SOC WK 3700 Prerequisites: SOC 1010 or equivalent. Analyzes the structure, dynamics, and consequences of social and economic injustice, and the impact on diverse groups in American society. Examines theoretical models and practice principles for work with diverse groups.

**4300 The Female Gaze: Women and the Media (3)**
Prerequisites: Junior standing or consent of instructor. This course challenges how women’s issues and performances of femininity are represented in global media, particularly popular Western media which perpetuate cultural stereotypes of gender norms. Specific topics will vary.

**4325 Gender, Crime and Justice (3)**
Same as CRIMIN 4325 and SOC 4325. Prerequisites: CRIMIN 1110, 1120, 1130, 2210, 2220, or consent of instructor. Analysis of the role of gender in crime and in the justice system. Emphasis on gender differences in
crime commission, criminal processing, and the employment of women in criminal justice agencies. Fulfills criminology diversity requirement.

**4350 Special Topics in Women’s and Gender Studies* (3)**
Prerequisites: WGST 2102 or consent of instructor. Special topics examined from a gender perspective in the fields of anthropology, art history, criminology, economics, English, foreign language, history, philosophy, political science, psychology, social work, sociology, business, or others. Topics and departments vary by semester. Course may be repeated by permission of IWGS Director.

**4352 Independent Study in Women’s and Gender Studies (1-3)**
Prerequisites: WGST 2102 or consent of instructor. Independent, directed readings and research in a women’s and gender related topic, to be determined in consultation with instructor.

**4353 Internship in Women’s and Gender Studies (3)**
Prerequisite: 90 hours. 2.5 GPA, 12 WGS hrs. Internship would place the student in a profit or nonprofit setting for approximately ten hours a week in an internship structured and supervised by the Institute; consent of Director required; may include biweekly seminar. Student must present appropriate course background for either option, plus the above pre/co-requisites.

**4360 Sociology of Minority Groups (3)**
Same as SOC 4360. Prerequisites: SOC 1010 and junior standing or consent of instructor. The study of dominant-subordinate group relations. Religion, ethnicity, race, and gender as factors in the unequal distribution of power.

**4452 Feminism and Science (3)**
Same as PHIL 4452 Prerequisites: Six hours of philosophy, graduate standing, or consent of instructor. This course will explore major themes and issues in feminist science scholarship, a body of research that focuses on the relationship between science and gender. This course emphasizes feminist research in the philosophy and history of science, and in the biological sciences. Issues covered include the nature of objectivity, evidence, and truth; the factors that contribute to the acceptance or rejection of research hypotheses and theories; the nature and consequences of science’s cognitive authority; and the relationship between science and values.

**4610 Domestic Violence: Theory, Problems, and Practice (3)**
Same as SOC WK 4610. Prerequisites: SOC WK 3150. Focuses on theoretical and empirical understanding of domestic violence in U.S. society and social work practice with battered women and their families. This course addresses direct services, community organizing, and public policy changes to help end violence against women. Relationships between violence against women and other forms of oppression (e.g., racism, economic exploitation, heterosexism and social class) are explored.

**4630 Women’s Social Issues (3)**
Same as SOC WK 4630. Prerequisites: SOC WK 3150 or equivalent. This course will help students become more sensitive to the social and welfare concerns of women. The topics include work, education, family responsibilities, violence against women, and special health and mental health service needs. Emphasis will be placed on understanding how social action can be used to bring about positive change.

**4930 Studies in Gender and Literature (3)**
Same as ENGL 4930 Prerequisites: Students must satisfy English prerequisites for 4000-level courses or obtain permission of instructor. The course examines the role of gender in literature, including the transformation of literary genres by women writers, writings by women during a particular historical period, and gender relations in literature. Specific topics vary from semester to semester. The course may be repeated for credit with departmental approval.

**4931 English Women Writers, 1300-1750 (3)**
Same as ENGL 4931. Prerequisites: Students must satisfy English prerequisites for 4000-level courses or obtain permission of instructor. Texts covered will range in scope from closet drama and romance to lyrics to personal, political, and religious writing by women such as Margery Kempe, Mary Sidney, and Amelia Lanyer who wrote during a period when reading and writing were not the female norm.

**4932 Female Gothic (3)**
Same as ENGL 4932. Prerequisites: Students must satisfy English prerequisites for 4000-level courses or obtain permission of instructor. The course examines the historical development of the female gothic, a genre which employs narrative strategies for expressing fears and desires associated with female experience. From the late 18th century to the present, we will trace the persistence of the Gothic vision in fiction and film.

**4933 Female Novel of Development (3)**
Same as ENGL 4933. Prerequisites: Students must satisfy English prerequisites for 4000-level courses or obtain permission of instructor. The course covers the development of the female Bildungsroman from the late 18th century to the present. We will consider how contemporary and current theories of female development help us read these novels within their particular cultural contexts.

**4934 Austen and the Brontes (3)**
Same as ENGL 4934. Prerequisites: Students must satisfy English prerequisites for 4000-level courses or obtain permission of instructor. This course covers the novels of the major 19th century British writers Jane Austen and the three Bronte sisters, Anne, Emily, and Charlotte. The course will be devoted to Austen’s romantic comedies and the historical/cultural contexts that inform the novels, as well as the darker romanticism of the Brontes, along with the biographical, cultural, philosophical, and religious contexts of their work.

**4935 Women Heroes and Romantic Tales (3)**
Same as ENGL 4935. Prerequisites: Students must satisfy English prerequisites for 4000-level courses or obtain permission of instructor. Women as epic and romantic heroes in British and transatlantic writing 1790s-1850s: reformers and rulers in novels by Mary Wollstonecraft and Mary Shelley; a runaway slave and an epic poet in works by Mary Prince and Elizabeth Barrett Browning; erotic and political adventures in Robinson, Dacre, Hemans; American icons “Pocahontas” and “Evangeline” in Sigourney and Longfellow.

**4936 Tales of the Islamic East (3)**
Same as ENGL 4936. Prerequisites: Students must satisfy English prerequisites for 4000-level courses or obtain permission of instructor. Adventure, gender, and power in British and post-colonial writing: Lady Montague on Turkey, Gibbon on Islam, Byron and Hemans on harems and heroes, Disraeli on the Jewish Caliph of Baghdad, T.E. Lawrence on Arabia, and el Saadawi and Rushdie on (post) modern gender and the Islamic East.

**4937 Irish and Irish-American Women Writers (3)**
Same as ENGL 4937. Prerequisites: Students must satisfy English prerequisites for 4000-level courses or obtain permission of instructor. This course traces the parallel arcs of feminism reflected in similarly-themed Irish and Irish-American women’s novels from 1950 to present. Authors range from Edna O’Brien and Mary McCarthy, the first contemporary feminist novelists in Ireland and America, through Emma Donoghue and Eileen Myles, whose lesbian protagonists bring feminist perspectives into the 21st century.

**4938 American Women Poets of the 20th/21st Centuries (3)**
Same as ENGL 4938. Prerequisites: Students must satisfy English prerequisites for 4000-level courses or obtain permission of instructor. Introduction to American women poets since 1900: anarchists, Imagists, Harlem formalists, white lyricists, modernists (Ridge, H.D., Dunbar-Nelson, Millay, Stein); mid-century giants (Rukeyser, Brooks) and Confessionalists (Sexton, Plath); feminists and multiculturalists (Rich, Lorde, Giovanni, Hogan), poets of witness and the play of language and the mind (Klepfisz, Olds, Mullen, Perillo).

**5031 Advanced History of Women in the United States (3)**
Same as HIST 5031. Prerequisites: Graduate standing. Development of women’s economic, political, and social roles in the United States with special emphasis on the nineteenth and twentieth centuries: women and work; women and the family; women and reform movements; women and education; feminist theorists and activists; images of women.

**5032 Advanced History of Women in Comparative Cultures (3)**
Same as HIST 5032. Prerequisites: Graduate standing. An introduction to the historical development of women’s status in a variety of cultures and periods within the areas of Africa, Europe, the Far East, Latin America, and the Middle East. The course analyzes women’s political, economic, familial, and sexual roles and the economic, demographic, ideological, and political forces which promoted change and continuity in these roles.

**5033 Sexuality and Gender Theory (3)**
Same as HIST 5033. Prerequisites: Graduate standing. This course examines the ways in which contemporary sexuality and gender theory have challenged and changed the study of culture and history. The course introduces students to sexuality and gender theory in late twentieth and early twenty-first century contexts. It then explores dynamic links between theory and the formal structures of political economy as well as the informal structures of everyday life.

**5034 History of Sexuality (3)**
Same as HIST 5034 Prerequisites: Graduate standing. This course locates sexuality at the center of history and examines its impact over time on politics, society, culture and economics. In particular, the course focuses on changing definitions of sexual deviance, the historical evolution of formal and informal regulations of sexual practices and on the manner in which sex has been deployed in broader historical struggles involving gender, race, class, migration and state building.

**5040 Feminist Critical Theory (3)**
Same as ENGL 5040. Prerequisites: Graduate standing and consent of instructor. A consideration of feminist critical theory as a means of reassessing literary texts and our cultural heritage. After exploring the roots of feminist criticism, the seminar will examine Anglo-American and continental debates on theories of language, writing and representation. In providing an interdisciplinary context the course will consider studies in psychology, anthropology, history, and philosophy/theology which have influenced and enriched feminist approaches to literature.

<tbody>
<tr>
<td>5053</td>
<td>Advanced Studies in African-American History (3)</td>
<td>Same as HIST 5053. Prerequisites: Graduate standing. This course introduces some of the themes of African-American women's history. By examining the impact of region, gender, and class on African-American women’s experiences across time, the course highlights black women’s applied and theoretical contributions to feminist politics and activism as well as the black struggle for freedom and equality. Topics covered include: slavery and emancipation, institution and community building, the family and work, electoral politics and direct action protest, civil rights, and contemporary issues.</td>
<td></td>
<td></td>
</tr>
<tr>
<td>5350</td>
<td>Topics in Women’s and Gender Studies (3)</td>
<td>Prerequisite: Graduate standing and at least one Women’s and Gender Studies course. This course will focus on a particular aspect of gender (to be announced prior to registration) and will draw upon recent theoretical and methodological work from a variety of disciplines.</td>
<td></td>
<td></td>
</tr>
<tr>
<td>5450</td>
<td>Special Topics in Women’s and Gender Studies (3)*</td>
<td>Prerequisites: Graduate standing or consent of instructor. Special topics at the Graduate level examined from a gender perspective in the field of anthropology, art history, criminology, economics, English, foreign language, history, philosophy, political science, psychology, social work, sociology, business, or others. Topics and departments vary by semester.</td>
<td></td>
<td></td>
</tr>
<tr>
<td>5500</td>
<td>Foundations of Human Behavior in the Social Environment (3)</td>
<td>Same as SOC WK 5500 Prerequisites: SOC WK 3150 or equivalent or admission to the MSW program. Focuses on theoretical and empirical understanding of human behavior in the social environment using a life-span perspective. Introduces biological, behavioral, cognitive, and sociocultural theories of individuals, families, and small groups, and their implications for the professional social worker's understanding of socioeconomic status, gender, disability, ethnicity, race, and sexual orientation.</td>
<td></td>
<td></td>
</tr>
<tr>
<td>5700</td>
<td>Diversity, Social Justice and Social Practice (3)</td>
<td>Same as SOC WK 5700 Prerequisites: Graduate standing. Analyzes the structure, dynamics, and consequences of social and economic injustice, and the impact on diverse groups in American society. Examines theoretical models and practice principles for work with diverse groups.</td>
<td></td>
<td></td>
</tr>
<tr>
<td>6350</td>
<td>Gender, Language &amp; Identity (3)</td>
<td>Prerequisites: Graduate standing. Same as TCH ED 6450. An interdisciplinary look at the ways gendered and racial identities get developed and shaped through language and culture. Readings will address the complex, yet sometimes invisible, ways that identity, language and gender intersect, creating and assigning roles, responsibilities, and possible selves to individuals and groups in a global world.</td>
<td></td>
<td></td>
</tr>
<tr>
<td>6353</td>
<td>Graduate Internship in Women’s and Gender Studies (1-6)</td>
<td>Prerequisites: Graduate standing and consent of Director. Provides an opportunity for the Graduate Women’s and Gender Studies student to acquire “real world” experience working in a non-profit, political, economic, or social service organization with a gender focus.</td>
<td></td>
<td></td>
</tr>
<tr>
<td>6410</td>
<td>Women and Mental Health (3)</td>
<td>Prerequisites: Admission to the doctoral program in Clinical Psychology or consent of instructor. Same as PSYCH 7410. This course will focus on contemporary research on the psychology of women pertaining to mental health issues. Etiology and treatment of disorders disproportionately affecting women will be emphasized.</td>
<td></td>
<td></td>
</tr>
<tr>
<td>6418</td>
<td>Seminar in Human Sexuality (3)</td>
<td>Prerequisites: Admission to the doctoral program in Clinical Psychology or consent of instructor. Same as PSYCH 7418. Review of theory and research in human sexuality from physiological, psychological, and social perspectives. Implications for the assessment and treatment of sexual dysfunction are considered.</td>
<td></td>
<td></td>
</tr>
<tr>
<td>6435</td>
<td>Gender, Crime and Criminal Justice (3)</td>
<td>Same as CRIMIN 6435. Prerequisites: Graduate standing. This course provides an analysis of theories of crime, crime processing and gender. Topics examined include the role of gender in criminal offending and victimization. The impact of gender on criminal/juvenile justice system processing and treatment will be addressed.</td>
<td></td>
<td></td>
</tr>
<tr>
<td>6446</td>
<td>Sex Crime (3)</td>
<td>Same as CRIMIN 6446. Prerequisites: Graduate standing and consent of instructor. Examination of consensual and non-consensual sexual offending. Topics include historical development of laws regulating sexual conduct, controversies surrounding the application of these laws, and the nature and distribution of sexual offenses.</td>
<td></td>
<td></td>
</tr>
<tr>
<td>6450</td>
<td>Seminar in Women’s and Gender Studies (3)*</td>
<td>Prerequisites: Graduate standing and consent of instructor. Critical examination of advanced topics in the humanities, social sciences, or natural sciences from women’s and gender studies perspectives. May be taken more than once provided that the subject matter is different each time the seminar is taken.</td>
<td></td>
<td></td>
</tr>
<tr>
<td>6452</td>
<td>Special Readings in Women’s Studies/Gender Studies (3)</td>
<td>Prerequisite: Admission to Graduate Certificate program and consent of instructor. Directed independent work</td>

on a selected Women’s and Gender Studies topic through readings, research, reports, and/or conferences.

* Each semester the Director of the Institute for Women’s and Gender Studies identifies courses being offered by other departments and they are cross listed with Women’s and Gender Studies courses under the special topic course title. Consult the course schedule each semester for a list of these courses.
School of Social Work

General Information

The School of Social Work at the University of Missouri-St. Louis includes the Social Work and Gerontology programs. The faculty this School are distinguished scholars committed to excellence in teaching and research in a wide range of specialties. These include child welfare, gerontology, community organization, addictions, social service policy, and international social work. The School’s programs work closely with the agencies in the St. Louis region, and students are able to select internships from more than 400 area social service agencies.

Gerontology is an interdisciplinary program with faculty from anthropology, biology, education, economics, nursing, optometry, psychology, social work and sociology. Students may also take courses in Business Administration or Nonprofit Management.

Degrees offered

Bachelor of Social Work (BSW)

Masters in Social Work (MSW) with concentrations in:

- Family Practice
- Social Work Leadership and Management
- Gerontology

Master of Science in Gerontology (MSG)

- Undergraduate Certificate in Gerontological Studies
- Graduate Certificates in Gerontology and Long-Term Care Administration

Courses may be completed through day or evening coursework (BSW) or through evening courses (MSW, MSG). Credit courses are also offered off-campus though University Outreach.

General Information

Degrees and Areas of Concentration
The School of Social Work offers courses leading to a bachelor of social work (B.S.W.), a master of social work (M.S.W.), and a minor in social work. The B.S.W. and the M.S.W. programs are fully accredited by the Council on Social Work Education. The programs stress the critical, empirical, and applied aspects of social work, incorporating a liberal arts perspective throughout the curriculum. There is a strong accent on community and agency field work as an integral part of the program. Professional social work education enables students to integrate the knowledge, values, and skills of the profession into competent practice.

Students must apply for admission into the B.S.W. and the M.S.W. programs. Undergraduate social work majors and Master’s students should obtain a copy of the Student Handbook (available on the social work department’s web page). BSW students must meet with a social work adviser for advisement each semester. Students in the B.S.W. or the M.S.W. program must set up an appointment with the practicum office one semester prior to enrolling in the practicum and attend a series of pre-practicum orientation sessions.

Undergraduate Studies
Objectives of The BSW Program

The BSW program has the following educational outcomes. Students who graduate with a BSW will be generalist practitioners who:

- Have acquired basic theoretical knowledge of individual, family, group, organizational, community, and social systems dynamics and processes.
- Understand that oppression and injustice are endemic to human societies, recognize the forms they take and the mechanisms used to perpetrate them, and become cognizant of strategies of change that advance social and economic justice.
- Are knowledgeable about the roots, origins and history, of social work and about its current structures and issues it faces.
- Can conduct an initial assessment that identifies strengths/resources and problems with individuals, families, groups, organizations and communities.
- Can identify the appropriate level(s) of intervention, including social policy, and conduct entry level intervention(s) at the individual, family, group, organization, and community levels—based on assessments of the relevant problems, strengths, and resources.
- Have developed critical thinking skills and the skills of problem solving with individuals, families, groups, organizations and communities.
- Have acquired a realistic understanding of self and impact of self in social work practice, including the ability to use research to critically examine their impact on client systems.
- Have developed theoretical and practical understanding and sensitivity to experiences of diverse population groups (e.g. ethnic, racial, class, gender, sexual orientation, age, ability and religious) and acquired foundation skills in working with different systems.
- Understand the social work Code of Ethics and are able to apply these guidelines in entry-level social work practice.
- Self identify as social work professionals.
- Gain skills, tools, and resourcefulness to continue developing analytical and substantive abilities as lifelong learners.

General Education Requirements

Majors must satisfy the university and college general education requirements, except that proficiency in a foreign language is recommended but not required.

Courses required for the B.S.W. degree may not be taken on a satisfactory/unsatisfactory basis except SOC WK 4800 and SOC WK 4850.

Admission Requirements

Students entering UMSL as freshman and as transfer students should indicate a pre-social work major. Students must apply to the program concurrently with SOC WK 3100. Admission to the program is conditional upon the successful completion of all necessary requirements.

Requirements for Admission to the Social Work program:

Junior standing

Submission of:

- Application for admission to social work program.
- Transcripts of all university work.
- Two letters of reference: one from a college or university professor and one other, preferably from a work or volunteer experience supervisor.
- Completion of SOC WK 2000, 2200, and 2201 or their equivalents or completion of an A.A. in Human Services.
- Satisfactory completion of all courses listed as prerequisites for SOC WK 3100, 3210, and 3510.
- Applicants may be asked to meet with the social work Admissions Committee.

Undergraduate Studies

Bachelor of Social Work

Students must have a minimum GPA of 2.5 in social work and related-area requirement courses to enter field practicum. Candidates for this degree program must complete the core requirements including the following social work courses:

2000, Social Work and Social Problems
2200, Social Welfare as a Social Institution
2201, Social Welfare as a Social Institution Laboratory
3100, Introduction to Interventive Strategies for Social Work Practices
3210, Social Issues and Social Policy Development
3410, Research Design in Social Work (or 3230 SOC, 2219 PSYCH, or 2210 CRIMIN)
3510, Human Behavior in the Social Environment
3700, Diversity and Social Justice
4110, Interventive Strategies for Social Work with Individuals, Families, and Groups
4300, Interventive Strategies for Social Work with Organizations and Communities
4800, and 4850, Supervised Field Experience in Social Work I and II
4801 and 4851, Integrative Field Experience Seminar I and II

A minimum of 37 hours or a maximum of 50 hours must be taken in social work. A minimum of 30 hours is required in related area departments.

Evaluation of social work transfer credits will be done by a social work adviser on an individual basis.

**Related Area Requirements**
The following courses, or their alternatives, are required:

**Biology**
One course from the following:

- **1102**, Human Biology
- **1131**, Human Physiology and Anatomy I
- **1141**, Human Physiology and Anatomy II
- **1202**, Environmental Biology

**ECON 1000**, Introduction to the American Economy
**POL SCI 1100**, Introduction to American Politics
**PSYCH 1003**, General Psychology

**Sociology:**

- **1010**, Introduction to Sociology
- **2160**, Social Psychology
- **3220**, Sociological Statistics (or 2201 PSYCH or 2220 CRIMIN)

At least 9 additional hours must be taken in social work, sociology, political science, psychology, women's and gender studies, anthropology, criminology and criminal justice, or economics at the 2000 level or above. Hours taken in social work will apply toward the maximum of 50 hours that may be taken in social work courses. The School of Social Work may require students to pass a placement test to enroll in the next level course, provided this test or its equivalent is administered to all students seeking to enroll in that course.

Social work majors must have a cumulative grade point average of 2.5 or better in all course work specifically required for the major, with satisfactory grades in practicum.

**Note** Taking anthropology, biological sciences, economics, and Spanish courses is strongly recommended by graduate schools of social work.

**Requirements for the Minor in Social Work**
Candidates must complete the following social work courses:

- **2200**, Social Welfare as a Social Institution
- **3100**, Interventive Strategies in Social Work Practice
- **3210**, Social Issues and Social Policy Development

and one additional social work course at the 3000 level or above.

**Graduate Studies**

**Objectives of The Department and The Masters of Social Work**
The goals of the M.S.W. program of the University of Missouri- St. Louis are consistent with the land-grant public service mission of the University, the MSW feasibility study, and the educational mission statement of CSWE and are to:

- Prepare professional social workers to engage in ethical professional practice.
- Prepare social work students with a commitment to public or non-profit service.
- Provide a professional public university social work education to a diverse body of students, many of whom are non-traditional and place-bound.
- Prepare graduate level professional social workers with an appreciation for and ability to pursue life-long learning.
- Provide educational opportunities and diverse learning environments in partnership with public and private graduate social work and related programs.
- Contribute to solving local, regional, and global problems and to promoting social change through teaching, research, and service.

**Master of Social Work**

**Admission Requirements**
Admission to the M.S.W. Program requires admission to the University of Missouri-St. Louis Graduate School and acceptance by the School of Social Work. Applicants to the program must meet the following requirements to be considered for admission:

Completion of a bachelor's degree from a college or university accredited by a recognized regional accrediting organization.

Completion of a liberal arts education including courses in the humanities, the social and behavioral sciences, and the physical sciences. These courses must include one in human biology and one in statistics.

Attainment of a cumulative grade point average of at least 3.0 on a 4.0 scale for all undergraduate course work and a grade point average of 3.0 on a 4.0 scale in the major field.

Submission of the following documents by the admission deadline:

- A completed application to the UMSL Graduate School and a completed M.S.W. supplemental application
- Three written essays.
- Three letters of reference. – One from a professor in your major field of study, and one from a work or volunteer supervisor or other professional reference. Letters from employees/supervisees, friends, and family may not be used.
- Official transcripts from all colleges and university attended.
- Applicable fees.

**Application Deadline**

The deadline for application to the MSW program is February 15 for admission in the following fall semester. (See School of Social Work's website, for more details on additional deadlines.)

**Admissions to the Advanced Standing Program**

Applicants with a B.S.W., B.A.S.W., or B.S.S.W., from an accredited social work program may be given up to 24 credit hours of advanced standing for foundation social work courses. Admission to the advanced standing program is available to applicants who meet the general admission requirements and who: (1) have earned a bachelor's degree in social work accredited by the Council on Social Work Education within five years of applying to the M.S.W. Program, and (2) have earned a grade point average of at least 3.0 on a 4.0 scale in the social work foundation curriculum, and no less than a B in all courses that are applicable.

**Course Waivers**

A student who does not have a bachelor's degree in social work but who can document successful completion (with at least a B) of foundation courses from an accredited B.S.W. program within the last five years will be given course waivers and be allowed to replace these courses with electives.

Students from nonaccredited B.S.W. programs or students who have taken comparable course work in other undergraduate programs may take place-out examinations for select foundation courses; waivers will be given if students successfully pass place-out examinations. The waiver does not provide graduate credit; it is a mechanism for allowing elective courses to be substituted for required foundation courses.

Academic credit cannot be given for life experience and previous work experience, in whole or in part, in lieu of field practicum or foundation year courses.

**Degree Requirements**

The M.S.W. is a two-year program comprising a foundation year and a concentration year. All students are required to take the foundation year courses. These provide a common base of knowledge across all practice settings and populations. Beyond the general requirements of the Graduate School, the department requires a minimum of 60 semester hours of course work, of which 45 must be at the 4000 or 5000 level and 45 must be in social work or crosslisted with social work, including the following foundation courses:

- **5100**, Generalist Social Work Practice
- **5200**, Social Policy and Social Services
- **5300**, Community Practice and Social Change
- **5350**, Social Work and Human Service Organizations
- **5410**, Research Methods and Analysis I
- **5450**, Research Methods and Analysis II
- **5500**, Foundations of Human Behavior in the Social Environment
- **5700**, Diversity, Social Justice & Social Work Practice
- **5800**, Graduate Field Practicum I
- **5801**, Graduate Field Practicum Seminar

Upon completion of the 30 credits of foundation year requirements, students move into a year of
specialization, called the concentration. The concentration year requires 30 hours of course work that includes 12 hours of elective graduate-level courses approved by the adviser. Students plan their degree program to reflect their career interests in the following concentration areas:

**Family Practice**
**Social Work Leadership and Management**
**Gerontology**

To remain in good standing, students must maintain a cumulative GPA of 3.0 or better.

The field practicum is an integral part of the concentration year. Students will complete 300 hours (two days of full-time work each week) of M.S.W. supervised practice in an agency during the Winter semester of the foundation year, and 660 hours total (three days of full-time work per week) in the concentration year. A student must receive a grade of B or better in the first-year field practicum course in order to be eligible to enter the second year field practicum. S/U grades are given for the concentration practicum.

**Part Time Status**
Students who enter the program as part-time students complete the foundation year in two years and the concentration course work in an additional two years. All students must complete the M.S.W. in four years.

**Career Outlook**
The bachelor of social work program prepares persons for entry-level employment in social welfare agencies, schools, hospitals, correctional institutions, social action and community organizations, and day care, geriatric, or rehabilitation and residential centers. The master of social work program prepares professionals for advanced social work practice with individuals, families, groups, organizations, and communities. Individuals currently working in social welfare can develop skills and increase employment and job advancement opportunities with the B.S.W. and M.S.W. degrees.

**Course Descriptions**

Students who have earned 24 or more semester hours of credit at any accredited post-secondary institution(s) before the start of the fall 2002 semester must meet the general education requirements stipulated in the UMSL 2001-2002 Bulletin. The following social work courses fulfill the Social Sciences breadth of study requirements as described in that Bulletin:

2000, 2200, 3100, 3510, 3210, 4602, 3900, 3700, 4601, 4900, 4950, 5700

**2000 Social Work and Social Problems (3)**
Prerequisites: SOC 1010 or PSYCH 1003. Examination of the network of social programs and services developed in response to social problems in modern urban communities and the various roles and functions performed by helping professions. Introduction to basic values, skills, and training involved in a helping relationship, as well as characteristics of clients seeking help and professional engaged in the helping process.

**2102 Introduction to Women’s and Gender Studies (3)**
Same as HIST 2102, SOC 2102 and WGST 2102. This core class is required for all Women’s and Gender Studies Certificate earners. This class introduces students to cultural, political and historical issues that shape gender. Through a variety of disciplinary perspectives in the humanities, social sciences, and natural sciences, the course familiarizes students with diverse female and male experiences and gendered power relationships.

**2200 Social Welfare as a Social Institution (3)**
Prerequisite: SOC WK 2000 or consent of instructor. A study of the: 1) development of social welfare services and the philosophy underlying the present practices and systems; 2) present social welfare programs with particular emphasis given to public income-maintenance provisions; 3) special welfare needs of blacks, aged, women, Hispanics, and Native Americans; and 4) the development of social work as a profession. This course may be taken by non-social work majors.

**2201 Social Welfare as a Social Institution Laboratory (1)**
Prerequisites: Simultaneous with SOC WK 2200. The lab session will be used for field trips to social agencies. This course is required for all Social Work majors.

**2330 Asians in Migration (3)**
Prerequisites: None. This course is a comparative analysis of the social and cultural diversity of the peoples of East, South, and Southeast Asia. Study focuses on their reasons for migration and the extent and quality of the social and cultural connections they maintain to their homelands. Implications of these cultures for students in a variety of disciplines are explored. This course satisfies the cultural diversity requirement.
3100 Introduction to Interventive Strategies for Social Work Practice (3)
Prerequisites: SOC WK 2200, SOC 1010 and PSYCH 1003, or permission of instructor. A presentation of
basic knowledge, skills, and theory used for entry-level professional practice, such as problem
assessment, interviewing skills, crisis intervention, and referral procedures. The course objectives also
will be to teach students how to help clients negotiate systems effectively, and to use resources,
services, and opportunities.

3210 Social Issues and Social Policy Development (3)
Prerequisites: SOC WK 2200, POL SCI 1100, and ECON 1000. The identification of issues concerning
governmental provisions to meet contemporary social needs, with analysis of the principles and values
underlying alternative solutions. A study of the processes by which citizen opinions and public policies
evolve and are implemented in areas such as income maintenance, crime and delinquency,
employment, family and child welfare, and public mental health.

3410 Research Design in Social Work (3)
Prerequisites: Satisfaction of Math Proficiency requirement and either SOC 3220, CRIM 2220, or
PSYCH 2201. Students explore research concepts and procedures (hypothesis testing, sampling,
measurement, and design) emphasizing issues in social work research. Students learn to collect,
analyze and present data.

3510 Human Behavior in the Social Environment (3)
Prerequisite: BIOL 1012 and SOC 2160 or PSYCH 2160 or permission of instructor. This course will focus
on the normative stages in the life span, specifically how human development is affected by the physical
environment and social status characteristics. Empirical information and theoretical views on human
development will be included. Human development will be viewed as a complex interaction of individual
developmental stages with family, social, and community systems.

3700 Diversity and Social Justice (3)
(Same as WGST 3700). Prerequisite: SOC 1010 or equivalent. Analyzes the structure, dynamics, and
consequences of social and economic injustice, and the impact on diverse groups in American society.
Examines theoretical models and practice principles for work with diverse groups.

4110 Interventive Strategies for Social Work with Individuals, Families, and Groups (3)
Prerequisites: SOC WK 3100, and SOC WK 3510. This course continues the presentation of basic
knowledge and practice skills for entry level professional practice begun in SOC WK 3100. It builds on
the generalized helping model, incorporating specialized skills for working with specific groups of clients
(e.g., children, aged, mentally ill, and physically handicapped), with families and small groups.

4300 Interventive Strategies for Social Work with Organizations and Communities (3)
Prerequisites: SOC WK 3210 taken prior to or concurrently, senior standing. Continuation of basic
practice skills with emphasis given to analysis and intervention at the organization and community
levels. Includes assessment of available services, organization of client groups, efforts to modify
resources for a client group unable to intervene effectively on its own behalf. Also emphasis on helping
the practitioner evaluate the impact of intervention.

4376 Mental Health and Aging (3)
Same as GERON and PSYCH 4376. Prerequisites: 9 hours of psychology, graduate standing, or consent
of instructor (MSW students normally take all foundation courses prior to enrolling in this course.) A
survey of recent theory and research in mental health issues for older populations. The primary focus is
on major Psychological disorders prevalent among the elderly and in treatment approaches for elders.

4398 Child Maltreatment: A Multidisciplinary Approach (3)
Same as PSYCH 4398. Focuses on clinical aspects of child abuse with attention to identification,
reporting, intervention, and prevention. Perspectives from the disciplines of Psychology and social work
are provided.

4399 Seminar: Child Sexual Abuse (1)
Same as PSYCH 4399. Provides intensive study in interviewing, legal issues, assessment, medical
issues, and therapeutic intervention in cases of child sexual abuse.

4601 Abused and Neglected Children (3)
Prerequisite: SOC WK 3510 or equivalent. This course explores the major concepts necessary for
understanding abused and neglected children and their families. Emphasis is placed on (1) defining the
problem, including societal stresses which contribute to the abuse and neglect; (2) examining existing
practice methods; and (3) understanding the role of the social worker on interdisciplinary teams.

4602 Child Welfare Practicum Seminar (3)
Prerequisites: SOC WK 4800, and consent of instructor. This seminar allows students to integrate
previous course work with their experience in child welfare agencies. Classroom discussion will
emphasize core competencies needed for child welfare practice.
4610 Domestic Violence: Theory, Problems & Practice (3)
Same as WGST 4610. Prerequisites: SOC WK 3510 Focuses on theoretical and empirical understanding of domestic violence in US society and social work practice with battered women and their families. This course addresses direct services, community organizing, and public policy changes to help end violence against women. Relationships between violence against women and other forms of oppression (e.g., racism, economic exploitation, heterosexism and social class) are explored.

4620 Addictions: Assessment and Intervention in Social Work Practice (3)
Prerequisites: SOC WK 4110 or SOC WK 5100 or equivalent (or are taking concurrently), or consent of instructor. This class examines the interface of psychological, physical, social, and spiritual aspects of addiction. This practice class is designed to deepen students’ abilities to address clients’ issues related to addiction and addictive behaviors, including: prevention, assessment, and intervention. It builds on the generalized helping model within systems perspective, and it introduces specialized skills for working with individuals, with specific groups of clients, with families, and with small groups.

4650 Forensic Issues in Mental Health (3)
Same as CRIMIN 4650. This is an intensive course, investigating the intersection between the legal system and mental health. Students will explore issues involved in civil and criminal trial proceedings such as insanity defenses, diminished capacity, and competency to stand trial, civil commitment, battered women and rape trauma syndrome, sexual abuse of children, child custody, and domestic violence. In addition, the course will examine the roles of mental health practitioners as forensic evaluators, trial consultants, and expert witnesses in a variety of mental health related cases.

4655 Health and Mental Health of Racial and Ethnic Minorities (3)
Prerequisites: SOC WK 3700 or equivalent and graduate standing or approval of the instructor. This course explores the major health and mental health conditions that adversely affect the well-being and social functioning of racial and ethnic minorities. The course will explore the assessment of health and mental health conditions among varying minority groups, the availability of services to treat these conditions, the accessibility of services, and the quality of care provided to these groups. Traditional barriers to care will be explored including cost of care, societal stigma, client fears, and language differences. The course will also help students develop culturally competent approaches to working with racial and ethnic minorities that are individualized to a target population.

4800 Supervised Field Experience in Social Work I (4)
Prerequisites: SOC WK 4110 must be taken prior to or concurrently, SOC WK 4801 must be taken concurrently, consent of instructor. This course provides students practice experience in social service agencies. Students work at the agencies approximately 20 hours per week. The purpose of this experience is to familiarize students with agency operations. Selection of the agency is based on student education needs.

4801 Integrative Field Experience Seminar I (2)
Prerequisites: Consent of instructor and concurrent registration in SOC WK 4800. This seminar provides an opportunity for students to integrate previous course work with their experience in social service agencies. Classroom discussion will emphasize direct practice issues.

4805 Supervised Field Experience in Social Work II (4)
Prerequisites: SOC WK 4800, SOC WK 4801, and consent of instructor. This is a continuation of agency practice experience. Students work at the agency approximately 20 hours per week and may continue at the same agency as SOC WK 4801, or change agencies with the consent of the instructor.

4851 Integrative Field Experience Seminar II (2)
Prerequisites: Consent of instructor and concurrent registration in SOC WK 4850. This seminar is a continuation of SOC WK 4801. Classroom discussion will emphasize administration and community organization issues.

4900 Special Study (1-10)
Prerequisite: Consent of instructor. Independent study through advanced readings in method and philosophy on a topic of particular interest, or field research in an agency.

4911 Management Issues in Nonprofit Organizations: Staff Management Issues (1)
Prerequisite: Junior Standing. Same as POL SCI 4911 and P P ADM 4911. This course addresses issues involved in managing staff in nonprofit organizations. The course will cover the following topics: fundamentals of staff supervision; balancing supervisory processes with counseling and coaching; selecting, hiring, evaluating, and terminating staff; legal issues that affect these processes.

4912 Management Issues in Nonprofit Organizations: Legal Issues in Governing and Managing Nonprofit Organizations (1)
Prerequisite: Junior Standing. Same as POL SCI 4912 and P P ADM 4912. This course addresses legal issues involved in managing and governing nonprofit organizations. The course will cover the following topics: The Board as steward of the organization; Director and officer liability; tax laws concerning
charitable giving; legal issues in managing staff and volunteers (e.g., hiring, evaluating, and terminating employees); Missouri nonprofit law.

4913 Management Issues in Nonprofit Organizations: Financial Issues (1)
Prerequisite: Junior Standing. Same as POL SCI 4913 and P P ADM 4913. This course addresses financial issues involved in governing and managing nonprofit organizations. The course will cover the following topics: Cash flow analysis; budgeting; fund accounting; cost accounting (determining costs for programs and services); understanding and using standard financial statements, including balance sheets, cash flow statements, statements of activity, and operating and capital budgets.

4940 Leadership and Management in Nonprofit Organizations (3)
Prerequisite: Junior standing. Same as P P ADM 4940, POL SCI 4940, SOC 4940. Addresses the role and scope of the independent sector in the United States, as well as the leadership and management of nonprofit organizations within that sector. Topics include the economic and political scope of the independent sector, the role of volunteerism in a democratic society, and the role and scope of philanthropy. Topics in voluntary organization management and leadership include: the dynamics, functions and membership structure of NPOs, especially staff-board and other volunteer relations; governance and management of NPOs; resource mobilization; and program development management and evaluation.

4950 Seminar in Social Work Issues (1-3)
Prerequisite: Consent of instructor. A variable-credit course examining current and future considerations in designing and implementing social work service and delivery arrangements. Issues will be selected according to interests of the class. Course may be taken more than once for credit as different topics are offered.

4960 American Philanthropy and Nonprofit Resources Development (3)
Prerequisite: Junior standing or consent of instructor. Same as POL SCI 4960 and P P ADM 4960. This course addresses the history, philosophy, roles and scope of philanthropy in the United States, including its role in the nonprofit, voluntary sector. It further examines the contemporary forces which impact philanthropy and charitable giving, both by institutions and individuals. The course examines the effective planning and management of development programs (e.g., annual giving), fund raising vehicles (e.g., mail solicitations) and the fund raising process, from planning through donor relations.

5100 Generalist Social Work Practice (3)
Prerequisite: SOC WK 4110 or equivalent or admission to the MSW program. Using a problem-solving approach, students develop theoretical and empirical understanding and practical application of generalist social work methods. Students gain knowledge and skills that include interviewing, assessment, crisis and short-term intervention, contracting, resource development, and case documentation needed for competent direct practice with diverse populations.

5200 Social Policy and Social Services (3)
Prerequisite: SOC WK 3210 or POL SCI 2420 or POL SCI 3460 or equivalent or admission to the MSW program. Covers the history and development of social welfare policies, legislative processes, and existing social welfare programs. Examines frameworks for social policy analysis, analyzes how social and economic conditions impact the process of social policy development and implementation, and introduces policy practice in social work.

5300 Community Practice and Social Change (3)
Prerequisites: SOC WK 4300 or SOC 4344 or equivalent or admission to the MSW program. Focuses on economic, social, and political theory and research on communities and social change. Examines conceptual models of community practice within the generalist model and develops skills in organizing, advocacy, and planning.

5350 Social Work and Human Service Organizations (3)
Prerequisites: SOC WK 3510 and 4300 or PSYCH 3318 or 3611 or equivalent or admission to the MSW program. Students develop theoretical and empirical understanding of groups and organizations, including concepts such as power and authority, structure, goals, membership, leadership, motivation, technology and organizational culture. Using organizations as settings for social work practice and as targets for change, students learn strategies and skills for assessment and intervention.

5410 Social Work Research Methods and Analysis I (3)
Prerequisites: SOC WK 3410 or SOC 3230 and 3231 or equivalent and SOC 3220 or equivalent or admission to the MSW program. The first of a two-course sequence designed to provide students with the knowledge base and skills for using scientific method to advance social practice, knowledge and theory. Focuses on research methods at different levels (e.g., individual, group, organization, and community). Covers quantitative and qualitative methods, research design, sampling, measurement, use of results, impact of research, and ethical considerations.

5450 Social Work Research Methods and Analysis II (3)
Prerequisites: SOC WK 5410 or equivalent. Advanced course, focusing on analysis of qualitative and quantitative data to advance social work practice, knowledge and theory. Students learn to use and interpret various statistical procedures for analyzing quantitative data, including bivariate and multivariate analysis, and content and statistical analysis for qualitative data. Students apply these analytic techniques to social work case material using computer software applications.

**5500 Foundations of Human Behavior in the Social Environment (3)**
Same as WGST 5500. Prerequisites: SOC WK 3150 or equivalent or admission to the MSW program. Focuses on theoretical and empirical understanding of human behavior in the social environment using a life-span perspective. Introduces biological, behavioral, cognitive, and sociocultural theories of individuals, families, and small groups, and their implications for the professional social worker's understanding of socioeconomic status, gender, disability, ethnicity, race, and sexual orientation.

**5610 Mechanisms of Aging I: The Aging Body (1)**
Prerequisites: Graduate standing and BIOL 1102 or equivalent. (Same as GERON 5610 and PSYCH 5610). (MSW Students normally take all foundation courses prior to enrolling in this course.) Introduces students with a social sciences/humanities background to the normal changes in the biology and chemistry of the aging human body and how these changes affect behavior.

**5611 Mechanisms of Aging II: The Aging Brain (1)**
Prerequisites: SOC WK 5610, GERON 5610, PSYCH 5610 or equivalent or consent of instructor. (Same as GERON 5611 and PSYCH 5611). (MSW students normally take all foundation courses prior to enrolling in this course.) Provides students with a social sciences/humanities background a basic introduction to the biology and chemistry of the aging human brain and nervous system and how these systems impact behavior.

**5612 Mechanisms of Aging III: Diseases of Aging (1)**
Prerequisites: SOC WK 5610 and SOC WK 5611 or GERON 5610 and GERON 5611 or PSYCH 5610 and PSYCH 5611 or equivalent or consent of instructor. (Same as GERON 5612 and PSYCH 5612). (MSW students normally take all foundation courses prior to enrolling in this course.) Provides students with a social sciences/humanities background with information on how diseases associated with aging exacerbate the effects of aging on the human body, mind, and behavior.

**5620 Dying, Grief & Death in Older Adulthood (3)**
Same as GERON 5620. Prerequisites: Six hours of graduate level gerontology, psychology, counseling and/or social work coursework, or special approval from the instructor. Undergraduates in their senior year may also request approval for entry from the Director of Gerontology. For those planning to work with older adults in counseling, healthcare, hospice, and/or community support settings. Will examine trajectories to death in older age, the dying process, influences of medical and aging-related conditions, euthanasia and suicide, life extension and longevity, personal beliefs and existential responses, how individuals and families cope, ethical concerns, strategies for supportive intervention. Topics are addressed from clinical, supportive care, and interdisciplinary perspectives.

**5700 Diversity, Social Justice & Social Work Practice (3)**
Same as WGST 5700. Prerequisites: Graduate standing. Analyzes the structure, dynamics, and consequences of social and economic injustice, and the impact on diverse groups in American society. Examines theoretical models and practice principles for work with diverse groups.

**5800 Graduate Field Practicum I (2-4)**
Prerequisites: Graduate standing and consent of instructor. Provides integrative field experience in generalist social work practice. May be taken for 2 or 4 credit hours depending on time in agency during semester; 75 contact hours =1 credit hour. May be repeated once. A maximum of 4 credit hours will apply to the M.S.W. degree.

**5801 Foundation Field Practicum Seminar (2)**
Prerequisite: Graduate standing and consent of instructor. Integrates academic content from foundation course work and experiential learning in field placements. Goals are to conceptualize the problem solving process in field practice, synthesize theory into a social work approach that encourages creative use of self, and underscore ethics and service to diverse groups in practice.

**6100 Theory and Practice with Children and Youth (3)**
Prerequisite: SOC WK 5100 or equivalent or consent of instructor and graduate standing. Examines theory and empirically-based assessment and intervention models for work with children and adolescents. The effects of family, peers, and societal context (e.g., poverty, racism) will be stressed in understanding youth problems such as drug abuse, academic failure, delinquency, adolescent pregnancy, and gang participation. The course will emphasize a multi-disciplinary approach using inter-agency collaboration and negotiation skills.

**6120 Theory and Practice with Older Adults (3)**
Prerequisites: SOC WK 5410 or equivalent. (MSW students normally take all foundation courses prior to...
enrolling in this course.) Examines theory and empirically-based assessment and intervention models for work with the elderly. It includes the life circumstances of older adults and how that differs from younger adult populations; how ethnicity, gender, social class, and sexual orientation interact with age and create special intervention issues; discussion of ethical and value issues (e.g., client autonomy, rationing of health care); examination of family and community resources in providing care, and interventions with physically or mentally disabled elders and elders in residential settings.

6150 Theory and Practice with Families (3)
Prerequisites: SOC WK 5100 or equivalent, graduate standing and departmental approval. Examines theoretical approaches to social work with families, including the impact of the social environment. Skills will include assessment, and multidisciplinary intervention with multi-problem families. Special emphasis will be given to poverty, chemical dependency, intra-familial violence, physical and mental illnesses, and working with family members of diverse cultures, socioeconomic backgrounds, races, sexual orientation, and ability. Values and ethics will be emphasized.

6160 Advanced Interventive Strategies Across the Life Span (3)
Prerequisites: SOC WK 5100 or equivalent or consent of instructor. Examines theory and empirically-based assessment and intervention strategies for diverse populations across the life span. Students will gain basic mastery of behavioral, cognitive-behavioral, brief therapeutic and supportive psychotherapeutic techniques and their appropriate use with children, adolescents, and young, middle, and older adults. The course will also consider the effects of family, peers and societal context (e.g., poverty, racism, and ageism) in understanding psycho-social stressors particular to each life era, including academic failure and delinquency, substance abuse, physical and mental illness, family disruption and instability, and grief and loss issues.

6200 Family Policy (3)
Prerequisites: SOC WK 5200 or equivalent or consent of instructor and graduate standing. Same as POL SCI 6416 and SOC 6200. Examines policy development, implementation and impact of social policies on children, youth, and families. International, focus, including topics such as economic support, health national, and state policies that affect basic family needs will be the care, child care and protection, and child and youth development. Intended and unintended consequences of existing policies on the family will be examined as well as future policy directions.

6250 Social and Economic Development Policy (3)
Prerequisites: SOC WK 5200 or equivalent or consent of instructor and graduate standing. Same as POL SCI 6418. Examines major trends and alternatives in social and economic development policy and practice in state, national, and international perspectives. Students will develop skills in policy analysis and development.

6400 Practice and Program Evaluation (3)
Prerequisites: SOC WK 5410 and 5450 or equivalent or consent of instructor and graduate standing. Provides specialized knowledge in the use of qualitative and quantitative research skills to evaluate the effectiveness of social work practice. Topics will include single system design, group designs, and program evaluation. Students will design and conduct a research project associated with their advanced social work practicum. Results will be presented to the class and the agency. Value and ethical issues, particularly those relevant to client race and gender, will be emphasized as students develop and conduct their research.

6443 Health Care Policy (3)
Prerequisites: Graduate standing or consent of instructor. Same as POL SCI 6443, GERON 6443 and P P ADM 6430. (MSW students will normally take the social policy foundation course prior to enrolling in this course.) Survey course examining current issues in health policy that face the nation. Policies are placed in a historical context to show how issues have been influenced by different political and economic conditions. Secondary consequences and limitations of current trends in health policy are explored.

6449 Human Resources in the Public Sector (3)
Prerequisites: P P ADM 6600 or consent of instructor. Same as POL SCI 6449 and P P ADM 6490. Presents an overview of personnel and labor relations in the public sector. Particular emphasis placed on issues which are unique to the public sector, such as the merit system, the questions of representative bureaucracy and the constraints of personnel in the nonprofit sector. The topics include personnel reforms in the federal sector, equal employment and affirmative action policies, testing, selection, hiring, comparable worth, job evaluation, and labor relations including grievance arbitration and collective bargaining.

6491 Strategic and Program Planning for Nonprofit Organizations (3)
Prerequisites: Graduate standing or consent of instructor. Same as POL SCI 6490 and P P ADM 6550. Strategic and program planning enable an organization to concentrate on efforts and set priorities guided by a mission, vision, and an understanding of its environment. Focus is on preparing a strategic plan and a program plan for a nonprofit organization and analyzing an organization's ability to deliver
goods and/or services to its constituents in today's economic, social and political climate.

**6630 Diagnosis and Related Pharmacology for Social Work Practice (3)**
Prerequisites: SOC WK 5100 or equivalent or consent of instructor. Designed for social work students, course will provide overview of development and treatment of selected mental health disorders classified by the Diagnostic and Statistical Manual of Mental Disorders. In particular, course will examine, from a systems perspective, psychological and neuropsychological etiologies of mood, psychotic, personality, and other disorders and their preferred pharmacological treatment.

**6640 School Social Work (3)**
Prerequisites: SOC WK 5100 or equivalent or graduate standing and consent of instructor. Examines role of social worker in school settings and includes work with youth, families, and communities in relation to the child or adolescent's functioning in school.

**6650 Gerontological Assessment (3)**
Prerequisites: Graduate Standing. This course provides an overview of psychosocial assessment with older adults and their family caregivers. Major areas of gerontological assessment practice are considered, including dementia, mood disorders, suicide, grief, alcoholism, elder abuse/neglect, family caregiving, and interdisciplinary team issues.

**6800 Graduate Field Practicum II (2-6)**
Prerequisites: SOC WK 5801 and SOC WK 5800. Provides integrative field experience in students' graduate social work practice concentration. May be taken for 2 to 6 hours' credit depending on time in agency during semester; 55 contact hours=1 credit hour. May be repeated once and/or taken concurrently with SOC WK 6850.

**6850 Graduate Field Practicum III (2-6)**
Prerequisites: SOC WK 6800. Provides advanced integrative field experience in students' graduate social work practice concentration. May be taken for 2 to 6 hours' credit depending on time in agency during semester; 55 contact hours=1 credit hour. May be repeated once and/or taken concurrently with SOC WK 6800.

**6900 Directed Study in Professional Social Work (1-10)**
Prerequisites: Graduate standing and consent of instructor. Independent graduate-level study on a topic of particular interest through readings, reports, and field work under faculty supervision.

**6950 Advanced Seminar in Professional Social Work (1-3)**
Prerequisites: Graduate standing and consent of instructor. Focused study on selected issues, concepts, and methods of professional social work practice. May be taken more than once for credit provided the course topic is different each time.
Faculty

**Meuser, Thomas M.**, Director, Associate Professor of Social Work and Gerontology  
Ph.D., University of Missouri-St. Louis

**Tang-Martinez, Zuleyma**, Professor of Biology *  
Ph.D., University of California, Berkeley

**Hurwicz, Margo Lea**, Associate Professor of Anthropology and Gerontology  
Ph.D., University of California Los Angeles

**Steffen, Ann M.**, Associate Professor of Psychology and Gerontology  
Ph.D., Indiana University

**Usui, Chikako**, Associate Professor of Sociology and Gerontology  
Ph.D., Stanford University

**Hsueh, Kuei-Hsiang (Grace)**, Assistant Professor of Nursing *  
Ph.D., University of Arizona

**Isaac-Savage, Paulette**, Associate Professor of Education*  
Ph.D., University of Georgia

**Porterfield, Shirley L.**, Associate Professor of Social Work *  
Ph.D., University of Wisconsin-Madison

**King, M. Denise**, Associate Professor of Social Work *  
Ph.D., University of Maryland, Baltimore

**Pickard, Joseph G.**, Assistant Professor of Social Work *  
Ph.D., Washington University

**Boland, Kathleen**, Clinical Assistant Professor of Optometry *  
O.D., University of Missouri-St. Louis

*Faculty affiliated with the Gerontology Program based on teaching and/or research interests in the field of aging.

Faculty from 11 departments, colleges and schools are involved in the undergraduate and graduate programs in gerontology.

**Master of Science in Gerontology**

The master of science degree in gerontology program is a multidisciplinary program designed to prepare students for management or direct service positions working with the aged. The program of study includes courses from a variety of departments including Anthropology, nursing, psychology, sociology, social work, public policy administration, and optometry. Courses are offered primarily in the evening to accommodate part time as well as full time students.

**Admission Requirements**

**Learning Outcomes**

- A detailed appreciation for the aging process with respect to successful aging, health status, physical functioning, cognition and capacity, psychosocial involvement, diversity, cultural influences and competence, and public policy;
- An ability to integrate theoretical perspectives on aging with the practical needs and concerns of individuals in various living environments;
- An ability to interpret and appropriately utilize research findings to inform daily practice, especially with respect to screening, assessment, intervention, and referral activities;
- Professional competence in the areas of ethical practice, participation in multidisciplinary teams, communication with clients and families, assessment and intervention.

Program applicants must have the following:

- Baccalaureate degree.
- 3.0 or B average (students with exceptions should contact the director of the gerontology program).
program).

- Official transcripts of all previous undergraduate/graduate work.
- Three letters of recommendation

In addition, students must meet the other general requirements for admission to the Graduate School as explained in the Graduate Study section of the Bulletin.

**Degree Requirements**
The students are required to complete 30 credit hours, including 24 hours in gerontology courses, a 3-hour statistics course, and a 3-hour research methods course. The required courses are listed below.

**Gerontology Distribution Requirements**

A. Public Policy and Aging-3 credits from the following:
   GERON (P P ADM, POL SCI) 6443, Health Care Policy
   GERON (SOC) 5449, Issues in Retirement

B. Health and Physical Aspects of Aging -3 credits from the following:
   GERON 5610 (SOC WK 5610), Mechanics of Aging I: The Aging Body (1 credit hour)
   GERON 5611 (SOC WK 5611), Mechanics of Aging II: The Aging Brain (1 credit hour)
   GERON 5612 (SOC WK 5612), Mechanics of Aging III: Diseases of Aging (1 credit hour)
   GERON 6441, Aging and Health Behavior
   GERON 6458 (OPTOM 8650), Geriatric Optometry
   GERON 6497, Interdisciplinary Geriatric Care

C. Psychosocial Aspects of Aging-3 credits from the following:
   GERON (SOC) 4361, Social Gerontology
   GERON (PSYCH) 4376, Mental Health and Aging
   GERON (PSYCH) 5376, Psychopathology of Aging
   GERON (ANTHRO) 5440, Cultural Aspects of Aging
   GERON (SOC) 5361, Advanced Social Gerontology

D. Practica in Gerontology, 6 credits from the following:
   GERON 6495, Practicum in Gerontology
   GERON 6496, Advanced Practicum in Gerontology

E. Gerontology Electives - 9 credits (see Electives listed below)

F. Graduate-level statistics course - 3 credits and graduate level research methods course – 3 credits.
   Students should consult Director of Gerontology for approved courses.

**Graduate Certificate in Gerontology**
The graduate certificate in gerontology is designed for students who wish to receive post-baccalaureate training in gerontology. The certificate can be taken by itself or in conjunction with pursuit of a graduate degree in another field. Eighteen credit hours are required.

**Admission Requirements**
Program applicants must have the following:

- Baccalaureate degree.
- 2.75 grade point average (students with exceptions should contact the director of the gerontology program).
- Official transcripts of all previous undergraduate/graduate work.
- Two letters of recommendation.

**Distribution Requirements**

A. **Public Policy**-3 credits from the following:
   GERON (P P ADM, POL SCI ) 6443, Health Care Policy
   GERON (SOC) 6449, 5449, Issues in Retirement

B. **Health and Physical Aspects of Aging**-3 credits selected from the following:
   GERON 5610, SOC WK 5610, Mechanics of Aging I: The Aging Body (1 credit hour)
   GERON 5611, SOC WK 5611, Mechanics of Aging II: The Aging Brain (1 credit hour)
   GERON 5612, SOC WK 5612, Mechanics of Aging III: Diseases of Aging (1 credit hour)
   GERON 6441, Aging and Health Behavior
   GERON 6497, Interdisciplinary Geriatric Care

C. **Psychosocial Aspects of Aging** - 3 credits selected from the following:
   GERON (SOC) 4361, Sociology of Aging
   GERON (PSYCH) 4376, Mental Health and Aging
**GERON (PSYCH) 4380**, Psychology of Death, Dying and End of Life Concerns

**D. GERON 6495**, Practicum in Gerontology -3 credits

**E. Electives in Gerontology** - 6 credits

**Graduate Certificate in Long-Term Care Administration (18 credit hours)**

The graduate certificate in long-term care administration is designed for individuals who either work in or wish to consider entering the field of long-term care administration. This field (home, community, and institutionally-based) is the fastest growing segment of the health care industry, and there is a critical need for professionally trained personnel with the knowledge and skills to address the complex issues in gerontology. This program can be applied towards meeting nursing home administration licensure requirements. (Missouri contact hour requirements vary with education and long-term care experience. Please check with the Missouri Board of Nursing Home Administration, Jefferson City, MO (573) 751-3511 for a copy of licensure eligibility requirements.)

The graduate certificate can be earned by itself or in conjunction with the pursuit of the Master of Science in Gerontology, the Master's in Social Work, or a graduate degree in another field.

The graduate certificate in long-term care administration requires the completion of 18 graduate credit hours which will apply toward the Master of Science in Gerontology for students who elect to continue their graduate studies in gerontology at UMSL.

**A. Six of these 18 hours are gerontology courses:**

- **GERON 6441**, Aging and Health Behavior (3 hours) or **GERON 6443** Health Care Policy (3 hours) (same as SOC WK 6443, P P ADM 6430, or POL SCI 6443)
- **GERON 6498**, Advanced Seminar in Gerontology: Long-term Care Administration (3 hours)

**B. Nine of these hours are in management. Students must choose the selection of courses in either Business Administration (1) or Nonprofit Management (2).**

1. 9 hours of coursework in Business Administration
   consisting of:
   1. **MGMT 5600**, Organizational Behavior and Administrative Process (3 hours) (same as P P ADM 6600)
   2. **ACCTNG 5400**, Financial Accounting: Theory and Practice (3 hours)
   3. **MGMT 5621**, Managing Human Resources (3 hours)
   or
2. 9 hours of coursework in Nonprofit Management,
   consisting of:
   A. **P P ADM 4940**, Leadership and Management in NonProfit Organizations (3 hours)
   B. **P P ADM 4960**, American PhilANTHROpy and NonprofitResource Development (3 hours)
   C. **P P ADM 4911**, Management Issues in Nonprofit Orgs.:Staff Management Issues (1 hour)
   D. **P P ADM 4912**, Management Issues in Nonprofit Orgs.:Legal Issues in Governing and Managing Nonprofit Orgs. (1 hour)
   E. **P P ADM 4913**, Management Issues in Nonprofit Orgs.:Financial Issues (1 hour)

**Three hours of internship (Practicum in Gerontology, GERON 6495), are also required.** Graduate students who already have professional field experience equivalent to the internship may request an exemption. Any request for an exemption from the internship requirement must be approved by the gerontology program director after a review of the student’s professional or managerial field experience with appropriate documentation. Students who receive an exemption must take another 3 hours of elective coursework from the gerontology program offerings.

Requirements of admission to the graduate certificate program are the same as those required for admission to the Graduate School: an undergraduate degree, 2.75 or better GPA, and three letters of recommendation.

**Undergraduate Certificate in Gerontological Studies**

A certificate in gerontological studies, a multidisciplinary course of study, is available at the University of Missouri St. Louis. This program provides an opportunity for students to obtain a focused specialty in gerontology in addition to their majors. It utilizes offerings in the College of Arts and Sciences, College of Nursing, the College of Business, and the College of Education. It is appropriate for students in any of the colleges of the University.

**Certificate Requirements**

A student may earn the certificate in gerontological studies by completing a total of 15 hours. Courses must be chosen from at least two of the following four topic areas. No more than 3 credit hours from Research/Practicum Experience courses will be allowed. The student must have the approval of the director of the gerontology program before enrolling in the course. Courses taken to fulfill the
requirements may not be taken on a satisfactory/unsatisfactory basis. New courses continually are added, so it is advisable to check with the director each term. Many courses are cross listed and also have a gerontology designation.

**Humanities**  
GERON (ENGL) 1115, Images of Age in Film  
GERON (ENGL) 1116, Images of Age in Literature  
GERON (PHIL) 2256, Bioethics

**Social Sciences**  
GERON (INTDSC) 1220, Special Topics in Gerontology  
GERON (INTDSC) 2170, Aging in America Concepts and Controversies  
GERON (PSYCH) 2272, Developmental Psychology: Adulthood and Aging  
GERON (ANTHRO) 3215, Growing Old in Other Cultures  
GERON (SOC) 4361, Social Gerontology  
GERON (PSYCH/SOC WK) 4376, Mental Health and Aging

**Career Outlook**

The increasing number of elderly in the population has greatly expanded job opportunities in gerontology in the last decade, and job prospects for the future are equally bright. Career possibilities include nursing home administration, administration and planning of community based programs for the elderly, recreational programming, and counseling of the elderly.

**Course Descriptions**

**1115 Images of the Elderly in Film (3)**  
Same as ENGL 1150. Analysis of the portrayal of older adults in various films. Class discussions focus on the style and thematic content of the film, as well as intergenerational relationships.

**1116 Images of Age in Literature (3)**  
Same as ENGL 1160. Reading and discussion of literature that portrays aging and old age in various settings. Discussion and short essays enable consideration of how literature helps in the study of aging and also how the process of aging can be a creative force within literature.

**2170 Aging in America: Concepts and Controversies (3)**  
Same as SOC 2170, SOC WK 2170, INTDSC 2170. This course examines the major theoretical and service issues connected to the study of older adults and their families, using multidisciplinary perspectives. Students are provided with an introduction to the field of aging through an examination of current social issues and controversies. This course emphasizes student involvement through class discussion, and is appropriate for students in the arts and sciences, business, communication, education, and nursing.

**2256 Bioethics (3)**  
Same as PHIL 2256. An examination of ethical issues in health care practice and clinical research and in public policies affecting health care. Topics include abortion, euthanasia, health care, experimentation, informed consent, and the right to health care.

**2272 Developmental Psychology: Adulthood and Aging (3)**  
Same as PSYCH 2272. Personality, social, and physiological development from the onset of early adulthood through maturity and old age.

**2280 Psychology of Death and Dying (3)**  
Same as PSYCH 2280. Prerequisite: Psych 1003. A beginning exploration of end-of-life issues.

**4361 Social Gerontology (3)**  
Prerequisite: SOC 1010 and junior standing or consent of instructor. Same as Sociol 4361. Topics include sociological theories of aging, technological and social change and its effects on the environment of older people, and prejudice and discrimination against the elderly.

**4376 Mental Health and Aging (3)**  
Prerequisites: 9 hours of psychology, graduate standing or consent of instructor. (Same as PSYCH 4376 and SOC WK 4376). (MSW students normally take all foundation courses prior to enrolling in this course.) A survey of recent theory and research in mental health issues for older populations. The primary focus is on major psychological disorders prevalent among the elderly and in treatment approaches for elders.

**4490 Directed Readings (1-3)**  
Prerequisite: Consent of instructor. Directed readings and research or field work. May be repeated for a maximum of three hours.
5361 Advanced Social Gerontology (3)
Prerequisites: Graduate Standing. An advanced examination of sociological theories of aging, technological and social change and its effects on the environment of older adults. It includes the study of prejudice and discrimination against the elderly.

5376 Psychopathology and Aging (3)
Prerequisites: Graduate Standing. Recent theory and research in mental health issues for older populations. The primary focus is on major psychological disorders prevalent among older adults and in assessment and treatment approaches for aging populations.

5440 Cultural Aspects of Aging (3)
Same as ANTHRO 5440. Focuses on the variety of solutions encountered in different sociocultural contexts for dealing with the problems, challenges, and opportunities of growing old. It is organized around topics that are of concern to both ANTHROpology and social gerontology: the status of the aged, intergenerational relations, aging in modernizing societies, ethnic dimensions of aging in complex societies, health in later life, death and dying. Both in depth case studies and cross cultural comparisons are examined in an effort to arrive at a culturally informed assessment of factors affecting aging and the aged in the United States.

5610 Mechanisms of Aging I: The Aging Body (1)
Prerequisites: Graduate standing and BIOL1102 or equivalent. (Same as SOC WK 5610 and PSYCH 5610). (MSW students normally take all foundation courses prior to enrolling in this course). Introduces students with a social sciences/ humanities background to the normal changes in the biology and chemistry of the aging human body and how these changes affect behavior.

5611 Mechanisms of Aging II: The Aging Brain (1)
Prerequisites: GERON 5610 or SOC WK 5610 or PSYCH 5610 or equivalent or consent of instructor. (Same as SOC WK 5611 and PSYCH 5611). (MSW students normally take all foundation courses prior to enrolling in this course.) Provides students with a social sciences/humanities background a basic introduction to the biology and chemistry of the aging human brain and nervous system and how these systems impact behavior.

5612 Mechanisms of Aging III: Diseases of Aging (1)
Prerequisites: GERON 5610 and GERON 5611 or SOC WK 5610 and 5611 or PSYCH 5610 and PSYCH 5611 or equivalents or consent of instructor. (Same as SOC WK 5612 and PSYCH 5612). (MSW students normally take all foundation courses prior to enrolling in this course) Provides students with a social sciences/humanities background with information on how diseases associated with aging exacerbate the effects of aging on the human body, mind, and behavior.

5620 Dying, Grief & Death in Older Adulthood (3)
Same as SOC WK 5620. Prerequisites: Six hours of graduate level gerontology, psychology, counseling and/or social work, or special approval from the instructor. Undergraduates in their senior year may also request approval for entry from the Director of Gerontology. For those planning to work with older adults in counseling, healthcare, hospices, and/or community support settings. Will examine trajectories to death in older age, the dying process, influences of medical and aging-related conditions, euthanasia and suicide, life extension and longevity, personal beliefs and existential responses, how individuals and families cope, ethical concerns, and strategies for supportive intervention. Topics are addressed from clinical, supportive care, and interdisciplinary perspectives.

6441 Aging and Health Behavior (3)
Prerequisite: Graduate standing. (Same as PSYCH 6441). This course examines sociocultural influences on health care practices of older adults. The role of social support and other social resources in the health behavior of older adults is emphasized. Topics include self care decisions, formal service utilization, family caregiving, and planned interventions for older adults.

6443 Health Care Policy (3)
Prerequisites: Graduate standing and consent of instructor. Same as POL SCI 6443, P P ADM 6430, Social 6443, and SOC WK 6443. (MSW students will normally take the social policy foundation course prior to enrolling in this course). Survey course examining current issues in health policy that face the nation. Policies are placed in a historical context to show how issues have been influenced by different political and economic conditions. Secondary consequences and limitations of current trends in health policy are explored.

6444 Seminar in Public Policy and Aging (3)
Same as PP ADM 6444, POL SCI 6444 and SOC 6444. Prerequisite: Consent of instructor. The study of specialized issues and methods related to federal, state, and local policies that affect the elderly. Potential policy areas to be covered include housing, taxation, mental health, transportation, etc. May be repeated for credit, provided the subject matter is different.

6450 Gerontological Assessment (3)
Prerequisites: Graduate Standing (Same as SOC WK 6450) This course provides an overview of psychosocial assessment with older adults and their family caregivers. Major areas of gerontological assessment practice are considered, including dementia, mood disorders, suicide, grief, alcoholism, elder abuse/neglect, family caregiving, and interdisciplinary team issues.

6460 Long Term Care Administration (3)
Prerequisites: Graduate Standing. This course provides an overview of long term care programs and services for older adults. Administrative issues are reviewed, including patient services, state licensure requirements, human resource management, and reimbursement practices. Characteristics of well-functioning facilities are addressed, as well as consultation with families during the placement decision process.

6490 Directed Study (1-3)
Prerequisite: Consent of instructor. Designed to give the student an opportunity to pursue a more in-depth study of a problem area in gerontology than is normally covered in more formal courses. May be repeated for a total of 6 credit hours.

6495 Practicum in Gerontology (3)
Prerequisite: Consent of instructor. Supervised work experience in an agency that serves older adults. Students are required to complete a minimum of 150 clock hours at the practicum site.

6496 Advanced Practicum in Gerontology (3)
Prerequisites: GERON 6495 and consent of instructor. Advanced practicum experience beyond Gerontology 6495. Students must complete a minimum of 150 clock hours of supervised fieldwork (service or research) with older adults.

6497 Interdisciplinary Geriatric Care (2)
Same as VIS SCI 6497. Prerequisite: Consent of instructor. Interdisciplinary approaches that address the medical and social needs of the elderly will be examined. Information about geriatric care and social issues affecting the well being of older adults will be provided. Clinical, theoretical, and educational perspectives will be presented.

6498 Advanced Seminar in Gerontology (3)
Prerequisite: Graduate standing. This course will provide in-depth analysis of specialized topics in gerontology, which are not covered in required courses. (Course may be repeated for a maximum of nine credits, assuming topics are different.)

6499 Topics in Gerontology (1-2)
Prerequisite: Graduate standing. Analysis of a current problem in gerontology. (Course may be repeated for maximum of five credits, assuming topics are different.)

M.B.A., University of Missouri-St. Louis

History
The University of Missouri - St. Louis College of Business Administration was established in 1967, and was accredited by AACSB-International six years later, the shortest time on record for any school to receive accreditation of its business program. AACSB-International is the only internationally recognized accrediting agency for business and accounting programs. In 2006, the College of Business Administration received reaccreditation of its business and accounting programs, both undergraduate and graduate.

Vision
The UMSL College of Business Administration will become one of the top metropolitan public business schools in the country and be recognized as a leading student-centered provider of quality business education.

Mission
The College of Business Administration is committed to:

Values

Opportunity: We are committed to providing students an opportunity to excel in a rigorous academic business program.

Knowledge: We value the creation, application, and communication of knowledge to advance business disciplines and improve management practices.

Access: We strive to ensure that our programs are accessible, consistent with the land-grant mission of the University of Missouri.

Integrity: We value high standards of professional and ethical conduct.

Excellence: We strive for excellence in our own endeavors and expect it of those with whom we work.

Community: We value our ties with the business and not-for-profit communities, and work to create opportunities of mutual benefits.

Respect: We endeavor to treat all people with dignity and respect, and to maintain fairness in our interactions with all students, employees and the community.
Diversity: We seek to maintain a diverse and involved community of students, faculty, and staff.

Collegiality: We seek to provide a collegial climate that fosters positive relationships among students, faculty and staff.

College of Business Administration Programs

Undergraduate Degrees
Bachelor of Science in Accounting
Bachelor of Science in Business Administration
(with emphasis areas available in)
Finance

Master of Science in Management Information Systems

Ph.D. in Business Administration
Information Systems
Logistics and Supply Chain Management

Graduate Certificates
Graduate Certificate Program in Business Administration
Graduate Certificate in Human Resources Management
Graduate Certificate in Logistics and Supply Chain Management
Graduate Certificate in Marketing Management

Undergraduate Programs

Detailed information concerning all degree requirements can be found by visiting The College of Business Undergraduate Advising web site.

Admission Requirements

At present students entering UMSL may self declare themselves as “business” students and they are assigned to business as their academic unit. They are advised in business and may take business courses so long as they maintain a minimum campus grade point average of 2.0 and have satisfied the prerequisites for the courses they propose to take.

Beginning in the fall of 2009, students who have not yet been admitted to the College of Business may declare themselves as “pre-business” students. They will have business as their academic unit and be advised in business. Students will not be formally admitted to the College of Business Administration until they file a formal application for admission.
Formal admission to the College of Business Administration is by application through an academic advisor in the College of Business Administration. Applicants for such admission must meet the following requirements:

- a minimum 2.5 campus grade point average based on a minimum of 12 credit hours completed at UMSL; and
- completion of the following cluster of courses (or their equivalent) with a minimum 2.0 grade point average in the cluster, with a grade of C- or better in each of these courses (note: all attempts at each course in the cluster will be used in calculating this minimum grade point average):

  - **MATH 1030**, College Algebra
  - **MATH 1100**, Basic Calculus
  - **MATH 1105**, Basic Probability and Statistics
  - **ECON 1001**, Micro Economics
  - **ECON 1002**, Macro Economics
  - **ACCTNG 2400**, Financial Accounting
  - **ACCTNG 2410**, Managerial Accounting
  - **INFSYS 2800**, Information Systems Concepts and Applications
  - **BUS AD 2900**, Legal Environment of Business

Students not formally admitted to the College of Business Administration will be limited to no more than 15 hours of upper division business (BA) courses. Once formally admitted, students are required to maintain a 2.3 grade point average or better to be in good standing in the College of Business Administration.

**Lower Division Requirements--all degrees--all students**

Each student must complete a 42-hour block of general education coursework fulfilling six goals--three skill goals and three knowledge goals. The skill goals include two courses in communicating, one course in managing information and one course in valuing. The knowledge goals include three courses in the social sciences, three courses in the humanities, and four courses in the combined areas of mathematics and science. All courses must be selected from a list approved by the Faculty Senate of the campus. In many instances courses required by the College of Business Administration for each of its degree programs will satisfy a segment of the general education requirements. A list of courses which fulfill the humanities, social science, and math/science knowledge goals can be obtained in the Office of Undergraduate Academic Advising in the College of Business Administration, 487 Social Sciences and Business (SSB) building; or by visiting our web site.

**Lower Division Non-Business Course Requirements**

Students pursuing any undergraduate business degree must complete the following non-business courses:

- **ENGL 1100**, Freshmen Composition (communicating skill goal)
- One additional “communicating skills goal” course
- **MATH 1030**, College Algebra (math/science knowledge goal)
- **MATH 1100**, Basic Calculus (math/science knowledge goal)
- **MATH 1105**, Basic Probability and Statistics (math/science knowledge goal)
- **ECON 1001**, Principles of Microeconomics (valuing skill goal and social science knowledge goal)
- **ECON 1002**, Principles of Macroeconomics (social science knowledge goal)
- A science lecture course (math/science knowledge goal)
- A cultural diversity course
- A course required by the State of Missouri
- Three humanities courses (humanities knowledge goal)
- Two social science courses (in addition to those above)

**Lower Division Business Course Requirements**

- **ACCTNG 2400**, Fundamentals of Financial Accounting
- **ACCTNG 2410**, Managerial Accounting
- **INFSYS 2800**, Information Systems Concepts and Applications
- **BUS AD 2900**, Legal Environment of Business

**Upper Division Requirements--all degrees--all students**

**Upper Division Non-Business Requirement**

**ENGL 3120**, Business Writing, with a minimum grade of C-

**Upper Division Non-Business or Business Requirement**

Two global awareness courses selected from an approved list maintained in the Office of Undergraduate Academic Advising in the College of Business Administration; also available on our [web site](#).

**Upper Division Business Requirements**

- **LOG OM 3300**, Business Statistics
- **LOG OM 3320**, Introduction to Operations Management
FINANCE 3500, Financial Management  
MGMT 3600, Management and Organizational Behavior  
MKTG 3700, Basic Marketing  
MGMT 4219, Strategic Management  
A minimum of 18 additional hours of upper division approved business electives

Assessment--All degrees--all students

Business Administration 4220, Business Assessment Testing, is administered to all graduating seniors. A "Satisfactory" grade is required for graduation.

General Degree Requirements--all degrees--all students

Students must complete a minimum of 120 credit hours for any baccalaureate degree from the College of Business Administration.

Students must complete a minimum of 60 non-business hours.

Students must complete a minimum of 48 hours in business courses.

Students must complete a minimum of 36 hours of upper division business courses.

Students are limited to a maximum of 24 credit hours in any single business discipline beyond core courses.

Students are limited to a maximum of 78 credit hours in business and economics combined.

Students must attain a minimum campus grade point average of 2.0. Grade modification may be used in calculating this grade point average.

Students must attain a minimum business grade point average of 2.0. Grade modification may not be used in calculating this grade point average.

Students seeking an emphasis area or major within the Bachelor of Science in Business Administration degree, Bachelor of Science in Accounting degree, and/or Bachelor of Science in Information Systems degree must attain a minimum grade point average of 2.0 in the emphasis/major. Grade modification may not be used in calculating this grade point average.

A minimum grade of C- is required for each course in the business core (except BUS AD 4219); for each course which serves as a prerequisite for another course; and for each course in an emphasis area and/or major.

Of the maximum of 18 hours which may be taken on a satisfactory/unsatisfactory graded basis, only 9 hours can be in business, and those are restricted to electives--courses beyond the required business core courses.

Business course prerequisites are enforced by the College of Business Administration and include a minimum campus grade point average of 2.0 as a condition for taking any upper division business course.

Emphasis Areas may be added for up to two years following degree completion.

Each additional degree from the College of Business Administration requires 15 unique hours taken at UMSL subsequent to completion of the prior business degree.

Transfer Issues

Students must complete a minimum of 60 hours from four year, baccalaureate degree granting colleges/universities.

A minimum of 50% of all business course work must be completed at UMSL.

Students must complete a minimum of 21 graded hours in business courses.

Individuals must complete their last 30 hours in residence at UMSL.

A minimum of 56 graded hours at UMSL are required to qualify for consideration for Latin Honors.

Students seeking to use a lower division course to satisfy an upper division business requirement must validate the course being transferred. If successfully validated, the transfer course will waive the need to take the upper division equivalent course at UMSL, but the course transferred will be counted as lower division; it will not count toward the 36 upper division hours required in business.

Completion of a 42-hour general education block, which is certified by the sending institution as fulfilling its general education requirement, will be viewed as fulfilling UMSL' general education. However, all lower division courses required as part of a degree program at UMSL must be completed.
Requirements Unique to Specific Degrees in the College of Business Administration

Bachelor of Science in Accounting Degree

Mission
To foster excellence in accountancy by:

1. Providing a rigorous educational experience as a framework for lifelong learning to individuals of diverse academic backgrounds
2. Creating, expanding and disseminating knowledge through scholarly activities
3. Serving the academic, professional and business communities

Lower or Upper Division Non Accounting Courses Required
One of:
- COMM 1030, Interpersonal Communication I
- COMM 1040, Introduction to Public Speaking
- BUS AD 3100, Contemporary Business Communications
and one of:
- PHIL 1130, Approaches to Ethics
- PHIL 2254, Business Ethics

Upper Division Accounting Courses Required

Business Administration (BA)
ACCTNG 3401, Financial Accounting and Reporting I
ACCTNG 3402, Financial Accounting and Reporting II
ACCTNG 3411, Cost Accounting
ACCTNG 3441, Income Taxes
and one of either
ACCTNG 3421, Accounting Information Systems and Spreadsheet Applications
ACCTNG 3810, Information Systems Analysis

The prerequisite for enrollment in ACCTNG 3402, 3411, 3441, 3451 and all 4000-level accounting courses is an upper-level accounting grade point average of 2.2 or higher.

See the Office of Undergraduate Academic Advising for alternatives to satisfy the State of Missouri’s requirement of 150 hours for eligibility to take the Uniform Certified Public Accounting Examination.

Post-Baccalaureate Certificate in Accounting
Prerequisite: Bachelor’s degree (in any subject)

Prerequisite courses: MATH 1030, ACCTNG 2400, ACCTNG 2410. MATH 1030 (College Algebra) is a prerequisite for the required accounting courses. It may be taken concurrently with ACCTNG 2400, but must be completed prior to enrollment in ACCTNG 2410. ACCTNG 2400 (Fundamentals of Financial Accounting) and ACCTNG 2410 (Managerial Accounting) are also prerequisites for the 3000-level accounting courses.

Required: Complete 27 hours of accounting courses at the 3000-level or above, at least 15 hours of which are completed at UMSL. The accounting courses must include the six required courses listed below and three accounting electives. Courses previously completed can be waived upon presentation of appropriate documentation. Waived courses will not count toward the 15-hour residency requirement.

Courses must be completed with a grade of C-or higher. The grade point average for all courses counting toward the Post-Baccalaureate Certificate in Accounting must be 2.0 or higher. The prerequisite for enrollment in ACCTNG 3402, 3411, 3441, 3451 and all 4000-level accounting course is an upper-level accounting grade point average of 2.2 or higher.

Required courses:
ACCTNG 3401, Financial Accounting & Reporting I
ACCTNG 3402, Financial Accounting & Reporting II
ACCTNG 3411, Cost Accounting
ACCTNG 3421, Accounting Information Systems
ACCTNG 3441, Income Taxes
ACCTNG 4435, Auditing

Electives (most of these are offered only once a year)
ACCTNG 3451, Accounting for Governmental and Not-for-profit Entities
ACCTNG 4401, Financial Accounting & Reporting III
ACCTNG 4402, Financial Accounting & Reporting IV
ACCTNG 4405, Professional Accounting Research
ACCTNG 4441, Advanced Federal Income Tax: Tax Research and Business Taxation

Notes on qualifying for the CPA exam in Missouri:

Successful completion of the Post-Baccalaureate Certificate in Accounting includes all the accounting courses needed to qualify for the CPA exam in Missouri. However, Missouri law also requires a total of 60 credit hours in business (including the accounting courses). Many students with undergraduate degrees in business have satisfied this requirement. A student who has not satisfied this requirement must take additional business classes in order to qualify for the CPA exam.

In addition, Missouri requires 150 credit hours of college level coursework in order to qualify for the CPA exam. A student who has completed a 120-hour undergraduate business degree and the Post-Baccalaureate Certificate in Accounting will need additional coursework in order to satisfy the 150-hour requirement.

Bachelor of Science in Business Administration Degree

General Business
For those undecided regarding a specific emphasis area, a general business degree option is available. Students must complete a minimum of 18 hours of upper division approved business electives (see comprehensive list of business courses in the course descriptions section of this publication)

Emphasis in Finance
Finance is a multidisciplinary field that combines various concepts from management, economics and accounting with financial techniques to make sound business decisions and solve problems. A minimum of 15 hours of upper division finance electives must be selected from the following

FINANCE 3501, Financial Policies
FINANCE 3502, Treasury Management
FINANCE 3503, Computer Applications in Finance
FINANCE 3520, Investments
FINANCE 3521, Financial Risk Management
FINANCE 3525, Practicum in Investments
FINANCE 3540, Financial Services Industry and Instruments
FINANCE 3541, Commercial Bank Management
FINANCE 3542, Principles of Real Estate
FINANCE 3560, Practice of Personal Financial Planning
FINANCE 3561, Principles of Insurance
FINANCE 3562, Life Insurance
FINANCE 3563, Retirement Planning and Employee Benefits
FINANCE 3564, Estate Planning and Trusts
FINANCE 3580, International Finance
FINANCE 3582, International Investment
FINANCE 3599, Independent Study (approved)

Track Certification
Students may combine selected courses from the list above, and other specified upper division business electives, to fulfill a designated track with dual objectives of acquiring in depth knowledge, and to prepare and be eligible for various professional certification examinations. Detailed information is available in the Office of Undergraduate Academic Advising. The specific tracks available include

Corporate Finance
Financial Institutions and Services
Investment and Portfolio Management
Financial Planning
Insurance

Emphasis in International Business
National markets are becoming increasingly integrated. The study of international business focuses on understanding the forces behind this globalization of markets and production. Twelve (12) hours are required of all individuals seeking an emphasis in International Business:

Two of the following courses:

Business Administration (BA)
FINANCE 3580, International Finance
MGMT 3682, Managing the Global Workforce
MKTG 3780, International Marketing

Plus two additional approved international business courses other than BUS AD 3289, the international business practicum. (Lists of approved courses are available in the CoBA student advising office.) Proficiency in a foreign language of international commerce (determined by the College of Business Administration) must be
demonstrated - 13 credit hours in one approved language or satisfactory performance on the UMSL foreign language placement test.

An international experience is encouraged for all parties in the program: such experience is required for those individuals seeking the International Business emphasis through the Pierre Laclede Honors College. (International students in the Honors College program are required to demonstrate a three-month, full-time work experience in the United States.)

**Emphasis in Logistics and Operations Management**
This discipline has as its objective to get the appropriate goods or services to the right place, at the right time, in the right quality and quantity—thereby making the greatest contribution to the organization.

Students must complete a minimum of 12 credit hours selected from the following:

**Business Administration (BUS AD)**
- LOG OM 3399, Independent Study (approved)
- INF SYS 3843, Decision Support Systems
- LOG OM 4312, Business Forecasting
- LOG OM 4322, Manufacturing
- LOG OM 4324, Service Operations Management
- LOG OM 4326, Quality Assurance in Business
- LOG OM 4330, Business Logistics Systems
- LOG OM 4350, Management Science Methods
- LOG OM 4354, Operations Research II
- LOG OM 4381, International Logistics & Operations Mgmt

At most, one of the following courses may be counted toward the LOM emphasis area.
- INF SYS 3806, Managerial Applications of Object-Oriented Programming I (programming)
- INF SYS 3842, Management of Telecommunications

**Emphasis in Management**
The study of management focuses on the behavior of individuals and groups in an organizational setting.

Students must complete MGMT 3611, Advanced Management and Organizational Behavior, plus 3 courses selected from

- BUS AD 3289, Practicum in International Business
- MGMT 3621, Human Resource Management
- MGMT 3622, Industrial and Labor Relations
- MGMT 3624, Employee Training and Development
- MGMT 3680, International Management
- MGMT 3682, Managing the Global Workforce
- MGMT 3684, The Japanese Management System
- MGMT 3685, Role of the Global Corporation
- MGMT 3699, Independent Study (approved)
- MGMT 4614, Entrepreneurship/Small Business Management
- MGMT 4689, International Strategic Management

**Emphasis in Marketing**
Marketing involves the activities needed to facilitate an exchange. This includes selling products, services, or ideas to both individual consumers and business buyers.

Students must complete 4 upper division marketing courses to include the capstone course, MKTG 4700, Marketing Management.

The four courses may be selected from:

- MKTG 3710, Consumer Behavior
- MKTG 3720, Management of Promotion
- MKTG 3740, Marketing Research
- MKTG 3750, Sales Management
- MKTG 3760, Business to Business Marketing
- MKTG 3770, Introduction to Transportation
- MKTG 3780, International Marketing
- MKTG 3790, Internship in Marketing

**Bachelor of Science in Information Systems Degree**

**Mission**
The Information Systems (IS) area endeavors to prepare high-potential students of diverse backgrounds for
successful careers in the IS profession. Careers in IS may include programming, systems analysis and design, database administration, end-user support, network administration, and management consulting. The goal is to provide students with the skills to deal with the challenges confronting IS through teaching, research, and service to the profession.

Students are required to complete a minimum of 7 courses beyond required business core courses.

Programming – 2 courses (6 hours)

**INFSYS 3806**, Managerial Applications of Object-Oriented Programming I
**INFSYS 3816**, Managerial Applications of Object-Oriented Programming II

Analysis and Design—2 courses—(6 hours)

**INFSYS 3810**, Information Systems Analysis
**INFSYS 4850**, Information Systems Design

Database—1 course (3 hours)

**INFSYS 3845**, Database Management Systems

Students must complete 2 courses (at least 1 3800-level business Information Systems course) from the following list:

**ACCTNG 3421**, Accounting Information Systems
**FINANCE 3503**, Computer Applications in Finance
**MKTG 3721**, Marketing and the Internet
**INFSYS 3807**, Legacy Systems
**INFSYS 3815**, Object Oriented Applications in Business
**INFSYS 3841**, Enterprise Information Systems
**INFSYS 3842**, Management of Telecommunications
**INFSYS 3843**, Decision Support Systems
**INFSYS 3844**, Developing Business Applications in .NET
**INFSYS 3846**, e-Commerce
**INFSYS 3847**, Web Design

A pre-approved Computer Science Class

Seminars and Independent Studies are restricted to those offered by and approved by the Area faculty and approved by the Area Coordinator

**INFSYS 3899**, Independent Study in Information Systems

**Minors in Business Administration**

**General Requirements**
All minors are 15 credit hours or 5 courses, including business core courses.

Students must attain a 2.0 grade point average for all courses in the minor.

Students must attain a minimum grade of C- in each course included in the minor.

All courses in the minor must be on a graded basis.

A minimum of 9 credit hours of coursework included in the minor must be taken in residence at UMSL.

One must complete a baccalaureate degree at UMSL in order for a minor to be conferred.

A minor may be added for up to two years following completion of the baccalaureate degree

**Minor in General Business**
This minor is available only to students seeking a baccalaureate degree outside the College of Business Administration

Five courses selected from

**INFSYS 1800**, Computers and Information Systems
**ACCTNG 2400**, Fundamentals of Financial Accounting
**BUS AD 2900**, Legal Environment of Business
**LOG OM 3320**, Introduction to Operations Management
**FINANCE 3500**, Financial Management
**MGMT 3600**, Management and Organizational Behavior
**MKTG 3700**, Basic Marketing

**Minor in Accounting**
Available to all students except those pursuing the Bachelor of Science in Accounting degree. Students must
complete:

**ACCTNG 2400**, Fundamentals of Financial Accounting
**ACCTNG 2410**, Managerial Accounting
plus any three upper division accounting electives

**Minor in Finance**
Available to all students except those pursuing the Bachelor of Science in Business Administration degree. Students must complete:

**Business Administration (BA)**
**3500**, Financial Management
plus any four upper division finance electives

**Minor in Information Systems**
Available to all students except those pursuing the Bachelor of Science in Information Systems degree. Students must complete:

**FINANCE 2800**, Information Systems Concepts and Applications

Four of the Following Courses:
At least three of the courses must be 3800-level IS courses.

**ACCTNG 3421**, Accounting Information Systems
**FINANCE 3502**, Treasury Management
**INF SYS 3807**, Legacy Systems
**INF SYS 3810**, Systems Analysis
**INF SYS 3815**, Object Oriented Applications in Business
**INF SYS 3816**, Managerial Applications of Object Oriented Program II
**INF SYS 3841**, Enterprise Information Systems
**INF SYS 3842**, Management of Telecommunications
**INF SYS 3843**, Decision Support Systems
**INF SYS 3844**, Developing Business Applications in .NET
**INF SYS 3845**, Database Management Systems
**INF SYS 3846**, e-Commerce
**INF SYS 3847**, Web Design
**INF SYS 4850**, Information Systems Design
A pre-approved Computer Science Class
**INF SYS 3899**, Independent Study in IS
(Seminars and Independent Studies are restricted to those offered by and approved by the Area faculty and approved by the Area Coordinator.)

**Minor in International Business**
Available to all students except those pursuing the Bachelor of Science in Business Administration degree with an emphasis in International Business. Students must complete any 5 courses in International Business.

**Minor in Logistics and Operations Management**
Available to all students except those pursuing the Bachelor of Science in Business Administration degree. Students must complete:

**LOG OM 3320**, Introduction to Operations Management
plus any four upper division logistics/operations management electives, including no more than one programming course selected from:

**INF SYS 3806**, Managerial Applications of Object-Oriented Programming I
**INF SYS 3844**, Developing Business Applications in .Net

**Minor in Management**
Available to all students except those pursuing the Bachelor of Science in Business Administration degree. Students must complete:

**MGMT 3600**, Management and Organizational Behavior
**MGMT 3611**, Advanced Management and Organizational Behavior
plus any 3 upper division management and organizational behavior electives

**Minor in Marketing**
Available to all students except those pursuing the Bachelor of Science in Business Administration degree. Students must complete:

**MKTG 3700**, Basic Marketing
plus any 4 additional upper division marketing electives

**Minor in Transportation Studies**
Available to all students. (For those pursuing the BSBA degree, this will result in an emphasis in marketing if the marketing capstone course, MKTG 4700, Marketing Management, is taken in addition to the requirements listed below. Such individuals will have completed both LOG OM 3320, Introduction to Operations Management, and MKTG 3700, Basic Marketing.)

Students must complete five courses to include:

**MKTG 3770**, Introduction to Transportation  
**MKTG 3771**, Traffic and Transportation Management  
Plus three additional courses selected from:

**BUS AD 3090**, Internship in Business Administration  
**BUS AD 3099**, Independent Study in Business Administration*  
**BUS AD 3198**, Business Administration Seminar: Topics Vary  
**LOG OM 3320**, Introduction to Operations Management  
**MKTG 3700**, Basic Marketing

*No more than one approved independent study course may count towards the minor.
The College of Business Administration offers four graduate degrees: the Doctor of Philosophy in Business Administration (Ph.D.), the Master of Business Administration (MBA), the Master of Science in Information Systems (MS in IS), and the Master of Accounting (MAcc). All programs carry the prestigious accreditation of AACSB-International.

**Admission Requirements**

The admissions decision is based on a combination of factors. Consideration is given to a candidate's academic record, scores on the Graduate Management Admissions Test (GMAT), work and leadership experience, a personal narrative on the application form, and recommendations.

As in most AACSB-accredited graduate business programs, the UMSL College of Business generally requires Graduate Management Admissions Test (GMAT) scores. Information on the GMAT exam can be obtained from the Office of Graduate Business Studies, or on the Internet at [www.mba.com](http://www.mba.com). The examination tests one's ability to read, understand, and to reason logically with both verbal and quantitative material. The test is not a measure of achievement or business knowledge. Under certain conditions, the applicant may petition for waiver of the GMAT requirement, based on possession of an advanced degree and/or the ability to supply acceptable scores from an equivalent test.

**Doctor of Philosophy in Business Administration (Ph.D.)**

The Ph.D. program includes emphases in Information Systems (IS) and Logistics & Supply Chain Management (LSCM). This is the only LSCM emphasis in a doctoral business program offered in Missouri and the only IS emphasis in a doctoral business program offered at a public university in Missouri. Courses are taught by full-time, nationally known scholars who have been recognized as one of the most academically prolific faculties in America. The PhD program is designed to prepare scholars who will excel in the national and international marketplace, especially in academic and research organizations, but graduates may also find opportunities in the growing private sector demand for advanced IS and LSCM expertise.

**Master of Business Administration Program (MBA)**

The MBA is available in three formats: the evening MBA program, the Internet-based Professional MBA program and the International MBA program. All are fully accredited by AACSBInternational – The Association to Advance Collegiate Schools of Business, the premier accrediting body in collegiate business education. The MBA programs are designed to prepare students for administrative and professional positions. They also provide an appropriate foundation for students contemplating doctoral work and eventual careers in college teaching and research. The programs are designed for students who have bachelor's degrees from accredited institutions, including those with undergraduate backgrounds in the sciences, engineering, humanities, or arts as well as business. Graduate Business program information is available at the [College of Business Administration website](http://www.businessumsl.edu).

**The Evening MBA Program**

The MBA curriculum provides training in the fundamental areas of business administration. The core program is designed to generate a working knowledge of the concepts and interrelationships of four broad categories fundamental to management training:

- The external environment confronting business organizations and management’s response to legal, economic, social, and political issues.
- The internal operation of various business organizations and management’s role in channeling human behavior to satisfy both personal and organizational goals.
- Basic concepts, terminology, and interaction of the accounting, marketing, finance, information technology and operations management disciplines.
- Quantitative management decision making models put to use in the context of current management information systems.

The total degree program is integrated by a course in strategy formulation and implementation in the student's
last semester. There is no thesis requirement; however, students interested in undertaking an individual research project may earn elective credit by enrolling in a supervised independent study course.

**Degree Requirements**

Depending on the student’s previous background, programs will range from 39 to 54 hours. Coursework must be completed within a six year period. At least 30 hours of coursework must be taken while enrolled as an MBA candidate at UMSL.

**Learning Outcomes**

1. Develop the ability to write and deliver a professional presentation.
2. Develop the ability to form teams and work in teams.
3. Understand ethical considerations in all dimensions of business.
4. Be aware of international issues in business.
5. Have the ability to critically evaluate information.
6. Be able to independently research a topic in business.
7. Develop skill in using technology to solve business problems.
8. Understand basic management principles and practices and how they affect the success of an organization.
9. Understand basic finance principles and practices and how they affect the success of an organization.
10. Understand basic accounting principles and practices and how they affect the success of an organization.
11. Understand basic operations and logistic management principles and practices and how they affect the success of an organization.
12. Understand basic marketing principles and practices and how they affect the success of an organization.
13. Understand basic information systems principles and practices and how they affect the success of an organization.

Develop skill to think strategically about the business.

Candidates must take at least one course at either the core level or from the business breadth requirements list in each of the following six areas: accounting, finance, management, marketing, information systems, and logistics and operations management. Also, no more than 15 credit hours may be taken in any one of the six areas. Students are also required to have completed the equivalent of ECON 4105, Quantitative Methods and Modeling in Economics, Business, and the Social Sciences, by the end of their first 15 hours in the program.

**Required Courses**

The following courses or their equivalents are required of all degree candidates.

**General Requirements – 18 hours**

ECON 4105, Quantitative Methods and Modeling in Economics, Business, and the Social Sciences  
BUS AD 5000, Economics for Managers  
BUS AD 5100, Managerial Communication  
BUS AD 6990, Strategy Formulation and Implementation  
LOG OM 5300, Statistical Analysis for Management Decisions  
BUS AD 5900, Law, Ethics, and Business

**Core Requirements – 18 hours**

ACCTNG 5400, Financial and Managerial Accounting  
FINANCE 6500, Financial Management  
MGMT 5600, Organizational Behavior and Administrative Processes  
MKTG 5700, Contemporary Marketing Concepts  
INFSYS 5800, Management Information Systems  
LOG OM 5320, Production and Operations Management

**Business Breadth Requirements – 9 hours**

A student must take a second-level course in three of the following areas:

**Accounting:** ACCTNG 5401, Financial Reporting and Analysis  
**Finance:** Any approved graduate-level course beyond FINANCE 6500  
**Management:** MGMT: Any approved graduate-level course beyond MGMT 5600  
**Marketing:** Any approved graduate-level course beyond MKTG 5700  
**Information Systems:** Any approved graduate-level course beyond INFSYS 5800  
**Logistics and Operations Management:** Any approved graduate-level course beyond LOG OM 5320

**Electives**

The student must take a minimum of nine hours of elective courses. A maximum of six hours of electives may be taken at the undergraduate level. Graduate students may be required to complete additional work in these courses. Nine elective hours may be taken outside the College of Business Administration if the student has approval in advance from a graduate adviser for the specific courses desired.
Emphasis Areas
MBA students may obtain emphasis areas in Accounting, Finance, Information Systems, Logistics and Supply Chain Management, Management, Marketing or Operations Management. In addition to the requirements articulated above, the requirements for each emphasis area are shown below.

Emphasis in Accounting
MBA students seeking an Emphasis in Accounting must complete a minimum of 12 hours of accounting electives. Of these electives, six hours must be numbered ACCTNG 5401 or above, and six hours must be numbered ACCTNG 4400 or above. ACCTNG 5400 does not count toward the Emphasis in Accounting. A maximum of 15 hours in any functional area will count toward degree requirements. Only courses that are substantially different from courses taken for credit in a student’s undergraduate program will be acceptable. The total number of elective courses required will depend on the number of hours waived. Students must complete at least 39 credit hours to earn the MBA.

Emphasis in Finance
MBA students seeking an Emphasis in Finance must complete a minimum of 12 hours of Finance electives beyond FINANCE 6500. A maximum of 15 hours in any functional area will count toward the degree requirements. One Finance course may apply toward the Business Breadth requirement, and the remainder toward the Elective requirement. The total number of elective courses required will depend on the number of hours waived. Students must complete at least 39 credit hours to earn the MBA degree.

Emphasis in Information Systems
Required Course
INFSYS 5800, Management Information Systems

Four Courses from the following:
INFSYS 6805, Applications of Programming for Business Solutions
INFSYS 6835, IT-Enabled Business
INFSYS 6836, Telecommunications; Design & MGMT
INFSYS 6837, IS/IT Architecture
INFSYS 6838, Business Processes: Design, Management, and Integration
INFSYS 6840, Information Systems Analysis
INFSYS 6845, Database Management Systems
INFSYS 6846, Management of Global Sourcing
INFSYS 6847, IS Financial and Project Management
INFSYS 6848, Knowledge Management & Business Intelligence
INFSYS 6850, Information Systems Design
INFSYS 6881, Management of Transnational IS
INFSYS 6891, Seminar in Management Information Systems

Guided Internship
A maximum of 1 course outside IS (Courses outside the College of Business must be approved by the IS Area Coordinator)

Emphasis in Logistics and Supply Chain Management
MBA students seeking an Emphasis in Logistics & Supply Chain Management must complete 9 hours from approved courses in addition to LOG OM 5300 and LOG OM 5320. Up to 3 hours may be transferred from another AACSB-accredited graduate program at the discretion of the Area Coordinator of the LOM Area. A maximum of 15 hours in any functional area will count toward the degree requirements. The total number of elective hours required will depend on the number of hours waived. Students must complete at least 39 credit hours to earn the MBA degree.

Emphasis in Management
MBA students seeking an Emphasis in Management may choose one of the tracks specified below. Regardless of the track chosen, one must complete a minimum of 12 hours of Management electives beyond MGMT 5600. A maximum of 15 hours in any functional area will count toward the degree requirements. The total number of elective courses required will depend on the number of hours waived. Students must take at least 39 credit hours to earn the MBA degree.

General Management Track
Any 4 MGMT courses.

Human Resource Management Track
MGMT 5621, Managing Human Resources + 3 courses selected from MGMT 5622, 5624, 5625.

Emphasis in Marketing
MBA students seeking an Emphasis in Marketing must complete a minimum of 12 hours of Marketing electives beyond MKTG 5700, including MKTG 5701. A maximum of 15 hours in any functional area will count toward the degree requirements. The total number of elective courses required will depend on the number of hour waived. Students must complete at least 39 hours credit hours to earn the MBA degree.
Emphasis in Operations Management

MBA students seeking an Emphasis in Operations Management must complete 9 hours from approved courses in addition to LOG OM 5300 and LOG OM 5320. Up to 3 hours may be transferred from another AACSB-accredited graduate program at the discretion of the Area Coordinator. A maximum of 15 hours in any functional area will count toward the degree requirements. The total number of elective hours required will depend on the number of hours waived. Students must complete at least 39 credit hours to earn the MBA degree.

A student cannot receive an emphasis in both Operations Management and Logistics & Supply Chain Management for the same set of courses. An overlap of up to 3 credit hours out of the 9 hours required is allowed.

Previous Education

Based on a formal review and evaluation by the Office of Graduate Studies in Business, students may be granted waivers of certain courses from the general and core requirements. Waivers depend on the applicability of prior coursework and the student’s performance in these courses. Regardless of the number of courses waived, all students must take at least 39 hours to earn the degree.

Professional MBA Program

A weekend-based Internet-enhanced version of the MBA program exists as an alternative to the traditional part-time evening program. This program is a 48-credit-hour program for professionals with busy work or travel schedules. Students meet on campus monthly, with the remainder of the interaction between instructor and students taking place online. Students proceed through the program as part of a cohort group and complete the requirements for the degree in two years.

The first 30 hours of the Internet-based program consist of the same core courses required in the evening program (except for the mathematics and economics requirements, which are treated as prerequisites and must be satisfied prior to starting the program). The remaining 18 hours consist of the following courses:

- ACCTNG 5401, Financial Reporting and Analysis
- FINANCE 6590, Seminar in Finance
- MGMT 5695, Seminar in Management
- MKTG 5795, Seminar in Marketing
- INFSYS 6891, Seminar in Management Information Systems
- LOG OM 6395, Seminar in Logistics and Operations Management

International MBA Program

An International version of the MBA program also exists as an alternative to the evening MBA program. This program is a two-year, full-time program. Students take courses the first year outside the U.S. at a partner university and then take courses the second year on the University of Missouri – St. Louis campus.

International MBA Program Degree Requirements

In addition to the requirements of the evening MBA program, the International MBA program requires an internship (outside the U.S. for Americans and in the U.S. for all others). The program also requires a proficiency in at least one major commercial language in addition to English as a prerequisite. (Coursework is generally in English). All participants in the International MBA program must meet the same General and Core Requirements as those in the evening MBA program.

Master of Science in Information Systems (MS in IS)

The Master of Science in IS program is designed to provide the technical and managerial knowledge to operate successfully in careers associated with the design, development and management of computer-based information, telecommunications, and Internet applications. The program accommodates students with undergraduate degrees specializing in IS, business, and computer science, as well as students with undergraduate degrees outside business.

MS in IS Program Degree Requirements

The program may require as few as 30 hours for students with undergraduate business degrees from AACSB-accredited institutions. Because of the need to attain general business core competencies as a foundation of the MS in IS requirements, students with no academic business background will be required to take additional hours as outlined below.

General Requirements

All students must meet course requirements in quantitative reasoning, general business and IS. Students must complete a minimum of 30 credit hours beyond the general business core. Of the 30 hours beyond the general business core, at least 24 hours must cover topics beyond INFSYS 5800 and INFSYS 6805. Students with a B.S.B.A. with an emphasis in IS or a B.S. in IS from an AACSB-accredited institution may, at the student's discretion, substitute two electives for INFSYS 5800 and INFSYS 6805. Waivers may be granted for other courses with appropriate undergraduate course work.

Quantitative Reasoning Requirement

Students are required to have completed by the end of their first semester in the program the equivalent of
ECON 4150, Quantitative Methods in Modeling in Economics, Business and the Social Sciences with a grade of C or better. Students are also required to complete the equivalent of LOG OM 5300 Statistical Analysis for Management Decisions with a grade of C or better. These courses do not count towards the graduate degree, but waivers may be granted with appropriate undergraduate course work.

General Business Core
Students must have a B.S. in IS, or a B.S.B.A. with an emphasis in MIS that requires a managerial communication course, and coursework equivalent to at least five of the following courses:

- BUS AD 5900, Law, Ethics, and Business
- ACCTNG 5400, Financial and Managerial Accounting
- FINANCE 6500, Financial Management
- MGMT 5600, Organizational Behavior and Administrative Processes
- MKTG 5700, Contemporary Marketing Concepts
- LOG OM 5320, Production and Operations Management
- BUS AD 6990, Strategy Formulation and Implementation

Students who have not met this prerequisite must complete BUS AD 5100 Managerial Communication and course work from at least five of the courses listed above.

Program Requirements

A. Basic IS courses 15 credit hours
- INF SYS 5800, Management Information Systems
- INF SYS 6805, Applications of Programming for Business Solutions
- INF SYS 6840, Information Systems Analysis
- INF SYS 6845, Database Management Systems
- INF SYS 6850, Information Systems Design

B. IS Electives 15 credit hours
Students choose 5 elective courses from the following:
- INF SYS 6808, Internet Programming for Business
- INF SYS 6835, IT-Enabled Business
- INF SYS 6836, Telecommunications: Design & MGMT
- INF SYS 6837, Information Systems Architecture
- INF SYS 6838, Business Processes: Design, Management, and Integration
- INF SYS 6846, Management of Global Sourcing
- INF SYS 6847, Financial & Project Management
- INF SYS 6848, Knowledge Management & Business Intelligence
- INF SYS 6881, Management of Transnational Information Systems
- INF SYS 6891, Seminar in Management Information Systems

A maximum of 2 courses outside IS. Courses outside the College of Business must be approved by the IS Area Coordinator.

Master of Accounting Program (MAcc)
The MAcc program prepares students to enter the accounting profession or to further existing accounting careers. It is designed to accommodate both students with undergraduate accounting majors and students with other undergraduate background. It may require as few as 30 credit hours for students with undergraduate accounting degrees.

Because of the need to attain general business and professional accounting core competencies as a foundation for the MAcc requirements, students with no academic business or accounting background will be required to take additional credit hours as outlined below.

General Requirements
All students must meet course requirements in mathematics, general business, and accounting. Students must complete a minimum of 30 credit hours beyond the general business core and the professional accounting core. At least 15 credit hours in accounting must be completed, including at least 12 credit hours at the graduate level. At least 9 credit hours of the student's 30 credit hour program must be in graduate level non-accounting courses. Of the 30 credit hours beyond the general business and professional accounting core, 21 credit hours must be earned in courses at the graduate level.

Mathematics Background Requirement
Students are required to have completed by the end of their first semester in the program the equivalent of ECON 4150, Quantitative Methods and Modeling in Economics, Business, and the Social Sciences, with a grade of C or better. Graduate credit is not given for this course but it may be waived with appropriate undergraduate coursework.

General Business Core
Students must have credit for the equivalent of one 3-hour course in each of the following subject areas: macroeconomics, microeconomics, financial accounting, managerial accounting, marketing, financial
management, organizational behavior, and business strategy. These requirements may be met with graduate level course work or may be waived with appropriate courses taken as an undergraduate.

**Professional Accounting Core**
Students must have credit for the equivalent of each of the following three credit hour courses. Some of these courses may be taken concurrently with MAcc degree requirements (listed below) or may be waived with appropriate courses taken as an undergraduate.

- **ACCTNG 5404**, Professional Accountancy I
- **ACCTNG 5405**, Professional Accountancy II
- **ACCTNG 5421**, Information Systems in Accounting
- **ACCTNG 5411**, Concepts in Management Accounting
- **ACCTNG 5447**, Taxation of Individuals and Businesses

**MAcc Degree Requirements** (minimum: 30 credit hours)
Accounting Courses (minimum: 15 credit hours at the graduate level)

- **ACCTNG 4401**, Financial Accounting & Reporting III*
- **ACCTNG 4402**, Financial Accounting & Reporting IV*
- **ACCTNG 4435**, Auditing*

Research course—At least one of the following courses must be completed:

- **ACCTNG 5402**, Professional Accounting Research
- **Seminar**—At least one of the following courses must be completed:
  - **ACCTNG 5403**, Seminar in Financial Accounting Theory
  - **ACCTNG 5435**, Seminar in Auditing

**Accounting Electives** to meet 15 credit-hour and graduate-level requirements

- **Non Accounting Courses** (minimum: 9 credit hours at the graduate level)
  - **BUS AD 5100**, Managerial Communication*
  - **BUS AD 5900**, Law, Ethics, and Business*
  - **INFSYS 5800**, Management Information Systems*
  - **LOG OM 5300**, Statistical Analysis for Management Decisions*
  - **LOG OM 5320**, Production and Operations Management*

Electives may be necessary to meet 9-credit hour graduate-level non accounting requirements or minimum 30-credit hour requirement (*May be waived with appropriate undergraduate courses).

**Ph.D. in Business Administration**

**Admissions Requirements**
Admission decisions are made on the basis of past academic record, intellectual ability, GMAT or GRE scores, and career commitment. Applications are accepted from students who have baccalaureate or graduate degrees. Past graduate work may be credited toward degree requirements where appropriate. Applicants must submit:

- Official academic transcripts.
- Official GMAT or GRE results in fields approved by the College of Business Administration.
- Three letters of recommendation (at least two from individuals with earned doctorates).
- A statement of objectives for the course of study.

**Graduate Assistantships**
Stipends for research and teaching assistantships (20 hours per week) are awarded on a competitive basis. Educational fees are waived for graduate assistants.

**Degree Requirements**
The Ph.D. in the College of Business Administration requires a minimum of 69 course credit hours and a minimum of 6 dissertation credit hours beyond the baccalaureate degree. To ensure sufficient background for doctoral-level courses, students must demonstrate appropriate competence in quantitative reasoning, which is evidenced through completion of ECON 4105 and BUS AD 5000 or their equivalent. Students must also demonstrate appropriate competence in managerial communication, which is evident through completion of BUS AD 5100 or equivalent to be determined by the Ph.D. Coordinator.

**Course Requirements**
The Ph.D. in Business Administration has a common set of requirements in three areas: Business & Research Foundation (Section I), Supporting Field (Section II), and Other Requirements (Section IV). Requirements specific to the area of emphasis are in Section III.

**I. Business & Research Foundation Requirement: 27 credit hours (9 courses)**
Students are required to take:

- **INFSYS 5800**, Management Information Systems
- **LOG OM 5300**, Statistical Analysis for Management Decisions
The first eight courses 6800, 5300, 5900, 5400, 6500, 5600, 5700, 5320 will normally be waived if students had the courses as part of an UMSL MBA, MS in IS, or MAcc degree, or had equivalent graduate course work at an institution approved by the Graduate Business Programs Office and the Ph.D. Coordinator.

II. Supporting Field Requirement: (9 credit hours)
Students must take 9 credit hours of graduate-level courses beyond foundation course work in a supporting field approved by the Ph.D. Coordinator. Supporting fields may include courses within or outside the College of Business Administration and are designed in consultation with the Ph.D. Coordinator.

III. Emphasis Area Requirements:
Students must complete the requirements for one of the emphasis areas.

Information Systems Emphasis
The Information Systems emphasis requirement includes 36 credit hours. Students are required to take the following ten courses:
- INFSYS 6805, Applications of Programming for Business Solutions
- INFSYS 6836, Telecommunications: Design and Management
- INFSYS 6840, Information Systems Analysis
- INFSYS 6845, Database Management Systems
- BUS AD 7021, Qualitative Methods and Philosophical Foundations of Business Administration Research
- INFSYS 7890, INFSYS Research Seminar
- INFSYS 7891, Quantitative Research Methods in IS
- INFSYS 7892, Doctoral Seminar in current Information Systems Topics
- INFSYS 7893, Special Topics in IS
- INFSYS 7894, Theoretical Foundations of Information Systems Research

Students are required to take 6 credit hours (2 courses) (not included elsewhere) from the list of approved elective courses for the IS emphasis.

Logistics & Supply Chain Management (LSCM) Emphasis
The Logistics & Supply Chain Management emphasis requirement includes 33 credit hours. Students are required to take the following eight courses:
- MKTG 5770, Supply Chain Management
- LOG OM 6330, Business Logistics Systems
- LOG OM 6331, Logistics and Supply Chain Operations Modeling
- LOG OM 6332, Logistics and Supply Chain Strategic Modeling
- LOG OM 6350, Management Science Methods
- LOG OM 7381, International Supply Chain Management
- LOG OM 7390, Research Seminar in LSCM
- LOG OM 7393, Special Topics in LSCM

Students are required to take nine credit hours (three courses) (not included elsewhere) from the list of approved elective courses for the LSCM emphasis.

IV. Other Requirements:
Upon completion of coursework, students are advanced to candidacy by successfully completing a comprehensive examination in their area of emphasis and a supporting field examination in their chosen area. Students admitted to the program with a relevant Masters degree should pass the comprehensive examination and the supporting field examination within three years of admission to the Ph.D. program. Students admitted to the program with an undergraduate business degree should pass the comprehensive examination and the supporting field examination within four years of admission to the Ph.D. program. Students admitted to the program with an undergraduate degree outside of business should pass the comprehensive examination and the supporting field examination within five years of admission to the Ph.D. program. In these cases, prior coursework will be evaluated for equivalency to Section I course requirements. Exceptions may be made, contingent on approval by the Ph.D. Coordinator.

Students will be evaluated annually for satisfactory progress. Students deemed not to be making adequate progress are subject to the policies of the College of Business Administration regarding continuation of their assistantship. Students deemed not to be making adequate progress are subject to the policies of the Graduate School and the College of Business Administration regarding probation and dismissal from the program.
Students are required to take a minimum of 6 dissertation credit hours and to defend a dissertation proposal within one year of advancement to candidacy.

Students are required to present one paper at a regional, national, or international conference.

Students are required to submit one paper, approved by his/her dissertation advisor, to a refereed journal.

At least two semesters of supervised teaching in the College of Business Administration are required of all doctoral students.

Students are required to demonstrate competency in teaching during the first year in which they teach in the College of Business Administration. This requirement may be met by successfully completing one or more courses.

Students must satisfy all Graduate School requirements.

The degree is awarded upon successful completion and defense of the Ph.D. dissertation. The dissertation must be defended within three years of approval of a Ph.D. dissertation proposal.

**Graduate Certificate Programs in Business Studies**
The College of Business Administration offers four 18 hour Graduate Certificates. To be admitted to a graduate certificate program, students must meet the same requirements as those needed for a graduate degree program in business (see Admission Requirements in the Graduate Studies in Business Administration section of this Bulletin).

Certificate programs allow qualified graduate students to pursue an intensive course of study in a specialized business topic without requiring completion of a full graduate business degree program. Certificate programs provide students with the opportunity to obtain the advanced knowledge available through a graduate course of study in relatively brief period.

In order to successfully complete a certificate program, students must earn a 3.0 cumulative GPA in certificate classes. Unless otherwise specified, the coursework must be completed within six years. Students must also comply with all requirements related to matters such as prerequisites, academic probation, and other graduate business program policies.

**Graduate Certificate Program in Business Administration**
This is an 18-hour program designed to accommodate individuals with an undergraduate/graduate degree in a non-business field seeking core business knowledge. The program emphasizes coursework designed to cover the major disciplines within the field of business. Upon completion, the student will have knowledge of common business theories, practices, and procedures.

To earn the certificate, students must complete six courses as prescribed below. All course prerequisites and all course waivers are applicable. Substitute courses may be approved by the appropriate Area Coordinator and the Director of Graduate Studies in Business. In all cases, 18 hours are needed to complete the graduate certificate.

**Program Requirements: (5 courses)**

ACCTNG 5400, Financial and Managerial Accounting  
MGMT 5600, Organizational Behavior and Administrative Processes  
MKTG 5700, Contemporary Marketing Concepts  
INFSYS 5800, Management Information Systems

One of the following:

FINANCE 6500, Financial Management  
LOG OM 5320, Production and Operations Management

**Elective Course (1 course):**

BUS AD 5100, Managerial Communication  
BUS AD 5900, Law, Ethics and Business  
*FINANCE 6500, Financial Management*  
*LOG OM 5230, Production and Operations Management*

*Cannot be used as an elective if used as a program requirement.

**Graduate Certificate in Human Resources Management**
The Graduate Certificate in Human Resources Management is an 18 hour course of study designed to focus on the multidimensional aspects of personnel operations within business organizations. The course of study emphasizes both formal and informal aspects of human resources management.

**Requirements**
Students must complete the following six courses or appropriate substitutes if course waivers are appropriate:

MGMT 5600, Organizational Behavior and Administrative Processes
MGMT 5621, Managing Human Resources
MGMT 5222, Union Management Relations and Collective Bargaining
MGMT 5625, Selected Topics in Human Resource Management
LOG OM 5300, Statistical Analysis for Management Decisions

MGMT 5600, MGMT 5621 and LOG OM 5300 may be waived with equivalent undergraduate courses. If a student is able to waive any or all of these three courses, substitute courses (approved by both the Coordinator of the Management area and the Director of Graduate Studies in Business) will be provided. Substitute courses may include MGMT 5611, Advanced Organizational Behavior and Administrative Processes, or a course from outside the College of Business Administration. In all cases, 18 hours are needed to complete the Graduate Certificate in Human Resources Management.

Graduate Certificate in Logistics and Supply Chain Management

The Graduate Certificate in Logistics and Supply Chain Management is an 18-hour program designed to provide a focused, intensive study of important issues within logistics and, more broadly, in supply chain management. Three required courses provide thorough background in operations, logistics and supply chain management. Three elective courses allow specialization in areas such as logistics and supply chain software, international logistics, operations research, e-commerce, and quality. Students must complete the following six courses or approved substitutes if course waivers are appropriate:

**Required Courses:**
- LOG OM 5320, Production and Operations Management
- LOG OM 6330, Business Logistics Systems
- MKTG 5770, Supply Chain Management

**Nine additional hours (generally 3 courses) from:**
- LOG OM 5326, Quality Management
- LOG OM 5327, Advanced Statistical Methods for Management Decisions
- LOG OM 5354, Simulation for Managerial Decision Making
- LOG OM 5322, Lean Production
- LOG OM 5381, International Logistics and Operations Management
- LOG OM 5331, Logistics and Supply Chain Operational Modeling
- LOG OM 5332, Logistics and Supply Chain Strategic Modeling
- LOG OM 5350, Management Science Methods
- INFSYS 6835, IT-Enabled Business
- INFSYS 6833, Decision Support System
- BUS AD 5198, Seminar in Business Administration*
- BUS AD 5299, Individual Research*

*Subject to approval of the Area Coordinator of the LOM Area.

Substitute courses must be approved by the Coordinator of the LOM Area and the Director of Graduate Studies in Business. In all cases, 18 hours are needed to complete the Graduate Certificate in Logistics and Supply Chain Management.

Graduate Certificate in Marketing Management

The Graduate Certificate in Marketing Management is an 18-hour program designed to provide a focused intensive study of the marketing management activity within organizations. This program is designed to serve a broad group of marketing managers, including those with an interest in sales, brand management, promotion, and consumer behavior.

**Requirements**

Students must complete the following six courses or appropriate substitutes if course waivers are appropriate:

- MKTG 5700, Contemporary Marketing Concepts
- MKTG 5710, Consumer Motivation and Behavior
- MKTG 5740, Marketing and Business Research

**Marketing Management:**
- MKTG 5701, Marketing Planning and Strategy
- MKTG 5720, Marketing Communications

All course prerequisites and all course waivers are applicable. The Marketing Area Coordinator and the Director of Graduate Studies in Business must approve substitute courses. In all cases, 18 hours (including at least 12 hours in Marketing) are needed to complete the certificate.
Accounting

5400 Financial and Managerial Accounting (3)
This course provides an introduction to accounting, with emphasis on preparation of financial statements for external parties (financial accounting) and accumulation of cost information to aid internal planning and control (managerial accounting). Topics covered include measurement of assets and liabilities, revenues and expenses, the accounting cycle, financial statements, cost terminology, cost behavior, product costing, and relevant costs for decision making. This course provides the necessary background for ACCTNG 5401 (Financial Reporting Analysis).

5401 Financial Reporting & Analysis (3)
Prerequisites: ACCTNG 5400 or the equivalent. This course builds on the foundations covered in ACCTNG 5400 emphasizing in-depth analysis of published financial statements. The course begins with discussion of the role of financial accounting information in capital markets and contracting, and continues with examination of a number of specific accounting issues. Students are encouraged to look behind the numbers to better understand the economics of the underlying transactions, and properly interpret what the reported numbers mean about a firm’s future prospects.

5402 Professional Accounting Research (3)
Prerequisite: ACCTNG 4401. Discussion of the research tools and methods available to resolve questions concerning accounting standards and practices. Critical analysis of topics of current interest and importance in accounting practice.

5403 Seminar in Financial Accounting (3)
Prerequisite: ACCTNG 4401. A study of current financial reporting issues. Analysis of current problems and approaches pertaining to the communication of corporate financial information to the U.S. and international investment communities.

5404 Professional Accounting I (3)
Prerequisites: ACCTNG 5400 or equivalent. This is the first professional-level course in financial reporting. The course includes a study of the conceptual framework underlying Generally Accepted Accounting Principles (GAAP) and issues pertaining to accounting for current assets and liabilities.

5405 Professional Accountancy II (3)
Prerequisites: ACCTNG 5404 or equivalent. This is the second professional-level course in financial reporting. The course includes an in-depth study of issues pertaining to accounting for operational assets, liabilities and owners equity.

5411 Concepts in Management Accounting (3)
Prerequisites: MATH 1100 or ECON 4105 with a minimum grade of "C" and ACCTNG 5400. The development, interpretation, and uses of accounting reports and supplementary information for management planning, control, and decision-making. Emphasizes the application of relevant cost behavior, control, and traceability concepts in the preparation of internal accounting reports, with a secondary emphasis upon product costing techniques as appropriate to financial accounting needs. Topics include break-even analysis, operational budgeting, direct costing, absorption costing, standard costs and variance analysis, business segment analysis, responsibility accounting, distribution cost accounting, and gross profit analysis.
5412 Accounting Systems for Management Planning and Control (3)
Prerequisites: ACCTNG 5411 and LOG OM 5300, or permission of instructor. A study of advanced managerial accounting techniques useful in facilitating the planning and control process in modern organizations. Emphasis on the implementation and administration of these techniques, their integration with management information systems, and the organizational role of the corporate accountant.

5421 Information Systems in Accounting (3)
Prerequisites: ACCTNG 5400 or equivalent. This is a professional-level course in accounting information systems. The course includes examination of transaction cycles, structured analysis and design of accounting information systems, and internal controls.

5435 Seminar in Auditing (3)
Prerequisites: BUS AD 4435 or permission of instructor. A study of advanced auditing and attestation issues, with an emphasis on operational auditing. Topics include professional ethics, risk analysis, internal control, fraud detection, analytical procedures, determining and assessing operational objectives, and reporting and implementing audit findings.

5436 Systems Auditing (3)
Prerequisites: ACCTNG 5400, INFSYS 5800, or consent of instructor. Study of techniques involved in the control and audit of computer-based accounting information systems. Emphasis on the review of internal controls at operational and administrative levels and on computer-assisted audit techniques.

5441 Tax Research (3)
Prerequisite: ACCTNG 3441 or consent of instructor. A discussion of the research tools and methods available to resolve questions pertaining to the tax laws. Addresses techniques for locating, verifying, and evaluating authority. Students will be expected to complete a number of tax research and writing problems throughout the semester. A basic understanding of the federal income tax law is presumed.

5446 Advanced Topics in Taxation (3)
Prerequisites: ACCTNG 3441. Addresses various topics selected by the instructor, such as property transactions, compensation plans, charitable contributions, the alternative minimum tax, and tax planning.

5447 Taxation of Individuals and Businesses (3)
Prerequisites: ACCTNG 5400 or equivalent. This is the first professional-level course in taxation. The course includes a general introduction to the concepts of taxation. It will enable students to understand the role of taxes in evaluating decisions typically confronted by individual taxpayers and businesses.

5455 Taxes and Managers’ Decisions (3)
Provides a framework for understanding how taxes impact decisions of both business and individual taxpayers. The framework enables the student to become an effective evaluator of tax planning strategies being implemented at both the firm and individual level. Students also learn how to quantify the effect taxes have on any transaction in order to maximize the after-tax return on assets or minimize the after-tax cost of financing. Unlike tax law knowledge, that becomes irrelevant when laws are repealed or changed, the analytical skills developed in this course will remain relevant.

5480 International Accounting (3)
Prerequisites: ACCTNG 3402. Accounting practices for multinational businesses. Discussion of comparative financial accounting practices, the development of international accounting standards, and managerial accounting practices related to multinational operations.

5490 Graduate Internship in Accounting (1-3)
Prerequisites: Three accounting courses at 3000-level or above and consent of supervising faculty member and the area coordinator. The student works in an accounting internship that contains sufficient content and rigor to merit graduate credit. The student’s program will be monitored by a member of the Graduate Faculty in Accounting. The course requires several meetings with the faculty advisor and a graduate-level written assignment. The course will be graded on a Satisfactory/Unsatisfactory basis. A student who has previously taken ACCTNG 3490 may not take ACCTNG 5490.

5491 Seminar in Advanced Theory and Contemporary Issues in Accountancy (3)
Prerequisite: ACCTNG 5403 and LOG OM 5300. Examines the theory underlying accounting practice. The course includes an in-depth analysis of contemporary developments in financial accounting with a succinct overview of accounting research paradigms.

5498 Graduate Seminar in Accounting (3)
Prerequisites: Consent of instructor. Study of selected special problems in accounting. May be repeated for credit with different topics.

5499 Individual Research in Accounting (1-3)
Prerequisites: Consent of instructor and graduate director. Special individual research topics in Accounting under the guidance of a specific professor.
Business Administration Graduate

**5000 Economics for Managers (3)**
The first portion of this course introduces microeconomic analysis of consumers, firms, and government. The concepts and tools of economic analysis are applied to the production and distribution functions of organizations. The last portion is devoted to the macroeconomic influence of capital markets, the influence of interest rates, inflation, and the business cycle.

**5001 Managerial Economic Analysis (3)**
Prerequisites: BUS AD 5000 or ECON 1001 and ECON 1002. Microeconomic analysis of consumers, firms, and government. The concepts and mathematical tools of economic analysis are applied to the production and distribution functions of organizations.

**5002 Analysis of National Economic Environment (3)**
Prerequisites: BUS AD 5000 or ECON 1001 and ECON 1002. The character and functioning of the national economic system; analyzing and forecasting fluctuations in national income and product, employment, and prices; the influence of monetary and fiscal policies. Emphasis is on the acquisition of knowledge concerning forces affecting all business firms.

**5100 Managerial Communication (3)**
An analysis of business writing and speaking, and the communication conventions common in organizations. Emphasis is placed on developing skills critical to career advancement and necessary for effective organizational functioning. A second goal is to prepare students for assignments in other business courses. This course must be taken within the first 12 credit hours of study, preferably in the student’s first semester.

**5198 Seminar in Business Administration (3)**
An intensive study of a specific area of business administration of some specific business or economic phenomenon, or a specific problem or theory. Several different courses may be offered under this course number.

**5289 Internship in International Business (3)**
Prerequisites: Consent of IMBA Director. Students will apply both their language skills and knowledge of international business by working in an organization located outside the student’s country of origin. This course requires students to submit regular evaluations and prepare a research report summarizing their global experience and how it relates to the international business program.

**5299 Individual Research (1-3)**
Prerequisite: Consent of instructor and graduate director. Special individual research topics under the guidance of a specific professor.

**5450 Governmental Budgeting and Financial Control (3)**
Prerequisite: Completion of the MPPA Computer Proficiency Exam OR demonstrated proficiency with spreadsheets. (Same as P P ADM 6180) A study of municipal and federal financial control and budgeting procedures with emphasis on public policy. The impact of financial control on top management decisions and the effect of budget strategies on the allocations of public funds.

**5900 Law, Ethics, and Business (3)**
Analysis of the relationship between law and business with emphasis on the ability of, and extent to which, governments regulate business activities. Topics covered include the employer-employee relationship, protection of consumers, antitrust regulation, and securities law. Also discussed are ethical issues confronting management of the modern business enterprises.

**6990 Strategy Formulation and Implementation (3)**
Prerequisites: FINANCE 6500, MGMT 5600, MKTG 5700, LOG OM 5320 and special consent. Graduate program capstone course examining concepts and methods that integrate functional areas of business. The perspective is that of general management charged with directing the total enterprise. Interactions between the environment, organization, strategy, policies and the implementation of plans are explored. Special emphasis is given to globalization of business and ethical perspectives. This course should be taken during the semester prior to graduation. In no case may it be taken sooner than two semesters prior to graduation.

**7001 Doctoral Research (1-12)**
Prerequisites: Must have Ph.D. Program Director or Area Coordinator approval. Investigation of an advanced nature culminating in preparation for comprehensive examinations and/or development of dissertation proposal. The course may be repeated.

**7002 Dissertation Research (1-12)**
Prerequisites: Must have Ph.D. Program Director or Area Coordinator approval. Investigation of an advanced nature culminating in the preparation of a doctoral dissertation. The course may be repeated.

**7021 Qualitative Methods and Philosophical Foundations of Business Administration Research (3)**
Prerequisites: Admittance into the Ph.D. Program. This course investigates the ontology and epistemology of
business administration research, particularly as they pertain to qualitative research methods, such as case studies, action research, and ethnomethodology.

7300 Statistical Modeling (3)
Prerequisites: LOG OM 5300; Admittance into the Ph.D. Program. Study of the multivariate analytical techniques and their application to the analysis of business systems. Topics include the construction and adaptation of statistical models and extrapolative techniques to accommodate factor interactions, nonlinearities, and periodic effects. Methodologies include multiple regression, ANOVA, the general linear model, MANOVA, structural equation modeling, and time series modeling.

Finance Graduate

5599 Individual Research in Finance (1-3) Prerequisites: Consent of instructor and graduate director. Special individual research topics in Finance under the guidance of a specific professor.

6500 Financial Management (3)
Prerequisites: ACCTNG 5400 or ACCTNG 2400, LOG OM 5300 or LOG OM 3300, and BUS AD 5000 or ECON 1001 and ECON 1002. This course provides an in-depth analysis of corporate finance including asset pricing, risk and return, short- and long-term investment decisions, capital structure choices, dividend policy, derivatives, mergers and acquisitions, and a host of other current topics. The material is taught through lectures and problem solving.

6501 Advanced Financial Management (3)
Prerequisites: FINANCE 6500 and LOG OM 5300. Exposure to recent financial management theory through selected readings. Financial management problems are considered by the use of cases and simulation models. An original research project under the supervision of the instructor is required.

6520 Security Analysis (3)
Prerequisites: FINANCE 6500 and LOG OM 5300. An in-depth study of techniques used in evaluating various financial assets as investment opportunities. Financial assets studied include common stock, preferred stock, and fixed income securities. Other related topics such as sources of investment information and current market trends are discussed.

6521 Introduction to Derivatives (3)
Prerequisite: FINANCE 6500. An in-depth study of advanced risk management techniques utilizing futures, forwards, options, swaps and synthetic securities. A broad study of speculative market characteristics will be reviewed in conjunction with a variety of financial innovations. Portfolio management theories combined with mathematical models will be utilized to demonstrate the effects of hedging techniques and portfolio insurance.

6540 Capital Markets and Financial Institutions (3)
Prerequisite: FINANCE 6500 The theory of financial intermediation is discussed in the context of banks, savings and loans, public and private insurance companies, and investment banking. In this framework, the relationship with money and capital markets, markets for corporate control, complex financial contracting, and regulatory environment is developed.

6541 Commercial Bank Management (3)
Prerequisite: FINANCE 6500. This course explores the various bank management techniques required to manage a modern commercial bank in a rapidly changing environment. Topics include asset and liability management, capital adequacy, bank holding companies, profitability, and bank market structure and regulation.

6542 Real Estate (3)
Prerequisite: FINANCE 6500. This course provides a broad introduction to real estate with a focus on legal issues, market analysis, valuation, financing, leasing and investment decisions. Classes are conducted in a standard lecture format with discussion on current topics. No prior knowledge of the industry is required.

6580 International Finance, Investment, and Commercial Relations (3)
Prerequisite: FINANCE 6500. This course provides students with a working knowledge of the international environment relating to the financial and securities markets along with the impact on corporate operations. International risk and tools to control risk are studied in a practical environment that may include cases. Individual research may be required to reinforce the topics studied in the classroom. Class discussion of current issues and related readings are encouraged.

6581 Seminar in International Investments (3)
Prerequisite: FINANCE 6500. This course covers topics related to the determination of exchange rates, international parity relations and portfolio diversification. In addition, methods for using foreign exchange derivatives are explored in their use for hedging exchange rate risk. Learning to read foreign exchange quotes and understanding the functioning of global markets is an integral part of the course material. Each student is assigned a foreign country to study throughout the semester with the completion if a comprehensive project report. A prior investments course is recommended but not required.
**6590 Seminar in Finance (3)**
Prerequisite: FINANCE 6500. This course incorporates a wide range of advanced topics in finance including, but not limited to, an evaluation of various financial assets as investment opportunities, trends in capital markets, derivatives and management of financial and non-financial firms.

**6591 Finance Internship (1-3)**
Prerequisite: Students must have completed and/or be enrolled in at least 6 credit hours of finance electives and have consent of supervising faculty member and Area Coordinator. Student work in the field of Finance where they apply the knowledge and skills learned in the classroom. Professional development and obtaining specialized work experience are the primary goals. The student’s program will be monitored by a Finance faculty member with the student providing a formal report at the end of the project.

**Information Systems Graduate**

**5800 Management Information Systems (3)**
Same as P P ADM 6800. This course provides an overview of the established and contemporary issues related to information systems within organizations. Topics include the practices and tools associated with topics such as the management of IS-based investment projects, the design and implementation of IS, the alignment of IS strategy with organizational strategy, information security and privacy, and gaining a competitive advantage through IS.

**5899 Individual Research in Information Systems (1-3)**
Prerequisites: Consent of instructor and graduate director. Special individual research topics in Information Systems under the guidance of a specific professor.

**6805 Applications of Programming for Business Solutions (3)**
Prerequisite: ECON 4105. This course provides a study of business-oriented programming. A programming language will be introduced and discussed in detail. Emphasis will be on program definition and the use of such programs in business-oriented applications.

**6806 Managerial Applications of Object-Oriented Technologies (3)**
Prerequisite: INFSYS 6805. This course deals with business-oriented programming in an object-oriented environment. The emphasis will be on program definition, and tools and development in a client-server environment. The course will involve the study of an object-oriented language in addition to object-oriented methodologies for systems development.

**6808 Internet Programming for Business (3)**
Prerequisite: INFSYS 6805. Focus on web-based applications development for business. It will begin with the fundamentals of web-based computing, including web client and server interaction, the MIME standard, server and client data frame headers, the CGI standard, and error conditions as they pertain to business applications. In addition, JAVA will be introduced to build web-based GUI-interfaces and back-end servers. Finally, business applications issues such as firewalls, proxy servers and data encryption using secure servers will be included.

**6825 Management Information Systems: Theory and Practice (3)**
Prerequisite: INFSYS 6800. The course presents and analyzes critically current MIS topics in the context of business organizations. Issues may include: organizational and behavioral concerns, the fit between information systems and organizations, information systems development and implementation, software evaluation and procurement, systems performance, and information systems planning and control.

**6831 Internship in Advanced MIS Applications (3-6)**
Prerequisite: INFSYS 6840 or permission of instructor. The internship will be a supervised field experience in a US-based business/organization or a US-based international business/organization. Students will be employed off-campus for a 10-16 week period on projects directed by host organization supervisors in consultation with a UMSL faculty member. The project requires students to apply MIS concepts to a real-world problem. The project does not duplicate, but builds upon material in the MIS curriculum. A professional written report will be required. The course may not be repeated for more than six hours credit.

**6832 Information Systems Strategy (3)**
Prerequisite: INFSYS 6825. This course presents the management of computer-based information resources in the context of business organizations. Issues may include: management strategies and policies for improving organizational productivity, measurement, evaluation and acquisition of management information services, office automation, end-user computing, computer use in international environments, social organizational perspectives and ethical implications. The course will be taught using cases.

**6833 Decision Support Systems (3)**
Prerequisite: LOG OM 5300. Applications of decision support systems in a business environment are studied. Issues pertaining to maintenance of data, construction of models and provision of supporting technology are explored. Students will analyze, design and implement a managerial decision support system using current development tools.

**6835 IT- Enabled Business (3)**
Prerequisite: INFSYS 5800. IT-Enables Business focuses on business models, processes, and activities made possible by the internet. The course includes theoretic aspects of e-commerce: consumer relationship management, supply chain management, inventory management, business strategy, auctions, and portals. Issues associated with electronic commerce such as security, privacy, content selection and rating, intellectual property rights, authentication, encryption, acceptable use policies, and legal liabilities are explored. Particular attention is paid to IT-enabled entrepreneurship and business creation, and IT use in small to medium sized enterprises. Case studies drawn from actual business applications will be used to reinforce theory.

6836 Telecommunications: Design and Management (3)
Prerequisite: INFSYS 5800 (may be taken concurrently). The topic of telecommunications is addressed from both a technical and managerial viewpoint. In particular, the course will address issues such as communications components and services, local area network architecture, managerial implementations, organizational issues, and cost/benefit analyses.

6837 Information Systems Architecture (3)
Prerequisite: INFSYS 6836. This course explores a wide range of topics necessary for understanding & managing distributed computing technology. A wide range of infrastructure and "middleware" architectural components will be explored. Finally, the course will provide a framework for understanding the capabilities and shortcomings of various distributed computing architectures, technical standards and their implications for interoperability of components.

6838 Business Process Design, Management & Integration (3)
Prerequisites: INFSYS 5800. Major business processes are identified and analyzed. Issues related to characteristics, goals, benefits and costs of enterprise-wide design, and the role of information technology during the design process are discussed. Workflow automation, process modeling, analysis, automation, and redesign techniques are discussed, including the following: process inputs & entrance criteria, process outputs and exit criteria, feedback mechanisms & process correction, alternate theoretical frames for business process design, and impacts on business process design from socio-cultural forces. Case studies are used to illustrate the concepts.

6840 Information Systems Analysis (3)
Prerequisite: INFSYS 6805. The theory and practice of structured analysis are presented. Topics may include: traditional vs. structured analysis methods, requirements analysis, user/analyst interaction, investigation of existing systems, human/ machine interfaces, CASE tools, and workbenches.

6845 Database Management Systems (3)
Prerequisite: INFSYS 5800. The course introduces the concepts of database management systems for business applications. Issues in database architecture, design, administration, and implementation are covered. Projects are assigned on a mainframe DBMS and a microcomputer-based DBMS to illustrate the concepts and applications.

6846 Management of Global Sourcing (3)
Prerequisite: INFSYS 5800. Largely fostered by the spread of the Internet, global software development standards, global software packages, and fewer trade restrictions, organizations now regularly source software development, software maintenance, systems upgrades, platform transitions, help desks, and other IS-related work globally. This course covers topics to help organizations manage global sourcing of IS work, including sourcing strategies, sourcing models (captive, joint venture, outsourcing), role of program management offices, supplier selection, engagement models, and special practices required to manage globally dispersed teams. Risk mitigation practices associated with cultural, legal, political, infrastructure, logistical, and human resource issues are also addressed.

6847 Financial and Project Management (3)
Prerequisite: INFSYS 5800. Effective project management ensures that a project is completed on time, within budget, and has high quality. The purpose of this class is to examine the task of project resource management with a focus on IT and services. It will cover conventional aspects of project management, such as the project evaluation, planning, roles, responsibilities, scheduling, and tracking. In addition, this class will examine risk management, change management, critical chain management, build vs. buy analysis, package vs custom solutions, vendor qualification and selection, and the roles of certification in the process. The class will also cover the management of programs or a portfolio of IT projects.

6848 Knowledge Management and Business Intelligence (3)
Prerequisite: INFSYS 5800. Knowledge management (KM) is the process of creating, and drawing value from, an organization’s intellectual assets. It deals with how to best leverage the organization’s knowledge internally as well as externally. The emphasis on knowledge management within business organizations has risen dramatically in the last few years, to some extent as a result of the rapid progress in information technology capabilities. The course covers the following topics: KM tools, technologies, and systems, including knowledge repositories, knowledge portals, and expert seeker systems, creating and sustaining a knowledge-sharing culture, managing and measuring intellectual capital, managing knowledge in networked organizations, including interorganizational alliances and supply chains, aligning knowledge with business strategy, risks of knowledge loss and knowledge leakage, business intelligence, and social aspects of knowledge management.
6850 Information Systems Design (3)
Prerequisites: INFSYS 6840 and INFSYS 6845. This course builds upon the analysis techniques presented in INFSYS 6840. It requires the student, usually working in a group, to design and implement a system in a real-world environment. Advanced design concepts are presented to support the students in their project work.

6881 Management of Transnational Information Systems (3)
Prerequisites: INFSYS 5800 (may be taken concurrently). The course presents concepts of managing global information technology. Issues covered include: global information technology, systems development, electronic data interchange, cross-border data flows, and national and international information structures. Further topics may include information technology enabled economic development, global outsourcing of information systems services, and social, organizational and ethical implications.

6891 Seminar in Management Information Systems (3)
Prerequisite: INFSYS 5800. Topics of current interest in management information systems. Topics may include international information systems, electronic commerce, decision support systems, information systems strategy, telecommunications, and information systems management.

6892 Seminar in Current Management Information System Topics (3)
Prerequisite: INFSYS 5800. Advanced topics of current interest in management information systems. Content to be determined each time the course is offered. May be repeated for credit.

7890 IS Research Seminar (3)
Prerequisites: INFSYS 5800; Admittance into the Ph.D. Program. Analysis of the research problems, approaches, and findings of Management Information Systems Research. May be repeated for credit when the subject matter is different.

7891 Quantitative Research Methods in IS (3)
Prerequisites: INFSYS 5800; Admittance into the Ph.D. Program. Analysis of research design and validity of quantitative methods applied to the study of Management Information Systems, including laboratory experiments, sample surveys, and field experiments.

7892 Doctoral Seminar in Current Information Systems Topics (3)
Prerequisites: INFSYS 5800; Admittance into the Ph.D. Program. Theoretical and empirical analysis of topics of long-term importance to the IS field such as systems analysis and design, systems development and implementation, and database management. A historical perspective of the technical and behavioral issues associated to IS artifacts is provided such that contemporary issues and trends can be appreciated.

7893 Special Topics in IS (3)
Prerequisites: Consent of instructor; Admittance into the Ph.D. Program. In-depth analysis of special topics in IS research. May be repeated for credit when the subject matter is different.

7894 Theoretical Foundations of Information Systems Research (3)
Prerequisites: INFSYS 5800, Admittance to the Ph.D. Program. The theoretical foundations of information systems are largely built upon the theories from other disciplines, including the physical sciences, computer science, sociology, psychology, and mathematics. In this course, we survey a variety of theoretical foundations from other disciplines by reading the original works, critical responses to these theories, and representative applications of these theories in the IS domain.

Logistics and Operations Management Graduate

5300 Statistical Analysis for Management Decisions (3)
Prerequisites: INFSYS 5800 (may be taken concurrently) and ECON 4105 with a minimum grade of a C. The role of statistical evidence in the formation of inference and in the selection of strategies in solving business problems is developed. Probability and probability distributions are studied as a basis of statistical inference. An introduction to multivariate analysis is provided, which includes analysis of variance and regression methods.

5312 Advanced Statistical Methods for Management Decisions (3)
Prerequisite: LOG OM 5300. The application of statistical methods to managerial problems, forecasting and business research. Topics include the blending of multiple regression and analysis of variance into a general linear model, logistic models, techniques for projecting seasonal time series, and forecasting techniques (ARIMA models) which deal with serially correlated data. Through class presentations, assigned exercises and a major project, students gain experience in constructing explanatory and predictive models for problems in marketing, finance, etc. Students use commercial software (e.g., the Statistical Analysis System) for analyzing data, constructing, models and producing reports.

5320 Production and Operations Management (3)
Prerequisite: LOG OM 5300. This course discusses issues related to the creation and delivery of goods and services. Topics include the design of production processes, the layout and location of facilities, forecasting, scheduling, inventory control, queuing, materials planning, and quality control. Analytical techniques such as
linear programming are used in studying these problems.

5322 Lean Production (3)
Prerequisite: LOG OM 5320. Study of lean production philosophy and techniques in manufacturing and service operations. Topics include process analysis and continuous improvement, set-up reduction, total productive maintenance, kanban scheduling, cellular production, work teams, supplier relations, quality management, and the environmental aspects of production. Cases and a course project will be used to integrate and apply the course material.

5324 Service Operations Management(3)
Prerequisite: LOG OM 5320. An examination of methods for designing and operating service delivery systems, such as in the health care, financial transportation, hospitality, and governmental services industries. Topics include process and facility design, facility layout and location, queuing, demand forecasting and management, service quality, staffing, and personal scheduling.

5326 Quality Management (3)
Prerequisite: LOG OM 5300 or Stat 4200 or consent of instructor. Same as MATH 5370. An applied course on total quality management. Quality improvement approaches are presented and the managerial implications and responsibilities in implementing these approaches are discussed. Topical coverage includes the construction and interpretation of control charts, graphical methods, quality function deployment, robust experiments for product design and improvement, mistake-proofing (poke yoke), the Deming approach, Baldrige award criteria, quality cost audits, worker empowerment and reward systems. Cases involving both business processes and physical processes are used to illustrate successful quality improvement efforts.

5334 Internship in Logistics and Supply Chain Management (1)
Prerequisite: Consent of instructor. Students receive practical experience in the area of logistics or supply chain management. The internship is supervised by a professional in the host organization in consultation with a faculty member.

5354 Simulation for Managerial Decision Making (3)
Prerequisite: LOG OM 5320. Introduction to simulation as a managerial decision-making aid. Application of simulation to a number of management science-oriented problems. The course introduces and requires use of a simulation language.

5381 International Logistics and Operations Management (3)
Prerequisite: LOG OM 5320. A study of international logistics and operations management strategy, planning and operations. Topics may include multinational logistics and supply chain strategies, global network design and sourcing, international transportation, distribution and operations, import-export, risk management, etc.

5399 Individual Research in Logistics and Operations Management (1-3)
Prerequisites: Consent of instructor and graduate director. Special individual research topics in Logistics and Operations Management under the guidance of a specific professor.

6330 Business Logistics Systems (3)
Prerequisite: LOG OM 5320 (may be taken concurrently). Analysis of business logistics systems and their role in supply chain management. Covers both design and operation of logistics systems and their components. Topics may include network design, facility location, transportation, vehicle routing, inventory management, customer service, reverse logistics and logistics information systems.

6331 Logistics and Supply Chain Operational Modeling (3)
Prerequisites: LOG OM 5320 and LOG OM 6330. A study of the application of leading software packages to modeling problems and issues arising in the operational management of logistics and supply chains. This course covers the economic tradeoffs involved in such decisions, data requirements, operating parameters, and application of software packages to problems such as vehicle routing and scheduling, freight shipments consolidations, cross-docking, and other operational and tactical strategies. This “hands on” course is designed to prepare students for higher-level supply chain analyses and consulting work.

6332 Logistics and Supply Chain Strategic Modeling (3)
Prerequisites: LOG OM 5320 and LOG OM 6330. A study of the application of leading software packages to modeling problems and issues arising in the planning and strategic management of logistics networks and supply chains. The course identifies and explores the economic and customer service tradeoffs involved in such networks. Issues such as location of facilities, assignment of production and distribution missions to facilities, identification of sourcing relationships amongst facilities, and identification of cost and customer service consequences of alternative supply chain designs are addressed by the application of commercial software packages to support decision making. This “hands on” course is designed to prepare students for high-level supply chain and analyses and consulting work.

6340 Experimental and Survey Design and Analysis (3)
Prerequisite: LOG OM 7310. This course covers the linear model and analysis of variance, including survey design, validity and reliability, design of experiments and applied regression methods. Topics may include analysis of covariance, multiple comparison procedures, cluster analysis and factorial experiment designs.
6350 Management Science Methods (3)
Prerequisite: LOG OM 5320. This course provides a working knowledge of management science techniques. It emphasizes analytical approaches to solving business problems, construction of mathematical models, and manipulation of model variables for managerial decision-making. Topics include mathematical programming, including integer and network models, heuristics, and simulation models.

6395 Seminar in Logistics and Operations Management (3)
Prerequisite: LOG OM 5320. Topics of current interest in logistics and operations management. Topics may include just-in-time and lean production, quality management, manufacturing and service systems, transportation and logistics, quantitative management tools, etc.

7350 Operations Research-Deterministic Models (3)
Prerequisites: MATH 4200 or equivalent. A study of stochastic methods and models in operations research. Provides an introduction to probabilistic models for decision making under uncertainty. Topics include stochastic processes, queuing theory and models, probabilistic inventory theory and models, Markovian decision problems, simulation and reliability.

7352 Operations Research-Stochastic Models (3)
Prerequisite: MATH 4450 or equivalent. Same as MATH 5350. A study of deterministic methods and models in operations research. This course provides an introduction to operations research and focuses on model building, solution and interpretation of results. Topics include formulation, solution, duality and sensitivity analysis in linear programming, integer programming, network flow models, nonlinear optimization, and dynamic programming.

7381 International Supply Chain Management (3)
Prerequisites: LOG OM 5320; Admittance into the Ph.D. Program. A comprehensive examination of international logistics and supply chain management strategies, planning and operations from the firm’s perspective. Topics may include multinationals logistics and supply chain issues and management strategies, multination sourcing and network design, transportation issues in international supply chains, multinational distribution and operations, legal and financial issues in import and export, risk identification and management in international supply chains, and the relationship of supply chain management to other activities of international firms.

7390 Research Seminar in LSCM (3)
Prerequisites: LOG OM 6330; Admittance into the Ph.D. Program. Analysis of research approaches, and findings in Logistics and Supply Chain Management. May be repeated for credit when the subject matter is different.

7393 Special Topics in LSCM (3)
Prerequisites: Consent of instructor; Admittance into the Ph.D. Program. In-depth analysis of special topics in Logistics and Supply Chain Management research. May be repeated for credit when the subject matter is different.

Management Graduate

5600 Organizational Behavior and Administrative Processes (3)
Same as P P ADM 6600. The theoretical and research contribution of the behavioral sciences to management and administration are examined and applied to selected organizational situations. Areas to be considered from the standpoint of both individual and organizational performance are communication, motivation, conflict, decision-making, goal setting, leadership, organizational design, climate, development, and control. Utilizing a systems perspective, the course attempts to develop in each student an ability to analyze and solve organizational problems.

5611 Advanced Organizational Behavior and Administrative Processes (3)
Prerequisite: MGMT 5600. An in-depth examination of selected organizational and individual theories affecting behavior and operating performance. Organizational structure and design, formal and informal organization, decision making, communications, and motivation are analyzed for their organizational impact. The course seeks to develop further the ability to analyze and evaluate organizational processes and individual behavior.

5612 Negotiating Workplace Conflict (3)
Prerequisites: P P ADM/ MGMT 6600, and Graduate Standing (Same as P P ADM & Sociol 5451). Examines conflict and cooperation between individuals, groups, and organizations over the control of work. A central theme is how this conflict is expressed, controlled and resolved. Students will participate in exercises to learn the basics of two-party negotiations.

5614 Managing Organizational Change and Design (3)
Prerequisite: BUS AD 5600 (may be taken concurrently) This course examines the ways to manage organizational change to meet the rapid pace of change in the business environment. Cases and current research inform class discussions of different types of restructuring. Topics may include creating learning organizations, designing for innovation, managing growth and downsizing, and building sustainable
5621 Managing Human Resources (3)
Prerequisite: MGMT 5600. In-depth examination of selected human resource management issues from a
contemporary manager’s viewpoint. Topics examined include: personnel planning; employee selection;
performance appraisal, training, and development; compensation; legal issues; discipline; and labor relations.
The course examines these topics as they relate primarily to operational activities in organizations.

5622 Union-Management Relations and Collective Bargaining (3)
Prerequisites: MGMT 5600 and BUS AD 5900. Primary concern is with the setting and the dynamics of contract
negotiation and administration. Emphasis is on the development of insight and understanding of the forces
affecting the decisions of the parties to a labor contract within the context of the social, political, and economic
environment of the organization. A dynamic approach is taken to examine difficulties that arise in attempting
to administer a collectively established relationship between employer and employee.

5624 Organizational Training (3)
Prerequisite: MGMT 5600 or MGMT 5621 or permission of department. An intensive study of training and
developmental methods/issues in organizations. Topics include needs analysis, learning theory, training
techniques, evaluation, and management development. Other topics include memory, training objectives, and
training facilities. Projects and exercises are used to supplement reading and lecture.

5625 Selected Topics in Human Resource Management (3)
Prerequisites: MGMT 5621 and LOG OM 5300. This course provides an advanced treatment of selected human
resource management topics. Primary focus is on topics such as job analysis, pre-employment screening
devices, test validation, and civil rights laws. Other topics, such as performance appraisal, recruitment,
promotions, and terminations may be covered. Various class projects may be assigned to supplement
readings, lectures, and discussion.

5626 Leadership Through People Skills (3)
Prerequisite: MGMT 5600 (or permission) This seminar will help students learn leadership strategies and
develop skill sets that will allow them to: (1) Adapt to different people in appropriate and productive ways; (2)
Gain commitment from others through the use of effective people skills; and (3) Develop an awareness of their
own current style of management and clearly see its impact on their staff and peers. Students will spend
approximately 75 percent of their time “learning by doing” as they engage in and receive feedback on skills
practices and role-plays. The seminar culminates with students planning and practicing a “real-life” interaction
they will face on the job, thus creating a strong transfer of skills and learning from the seminar back to the
workplace.

5689 International Business Strategies (3)
Prerequisites: BUS AD 5000 and ACCTNG 5400. This course focuses on those managerial issues, which follow
from the definition and implementation of corporate strategy for worldwide operations, as distinguished from
purely domestic firms or those only marginally involved in international activities. It aims to develop an
appreciation for the unique competitive, sociocultural and political environments in which international
business takes place and the skills required to deal with these changes.

5695 Seminar in Management (3)
Prerequisite: MGMT 5600. Topics of current interest in management. Possible topics include, human resource
management, international management, and entrepreneurship.

5699 Individual Research in Management (1-3)
Prerequisites: Consent of instructor and graduate director. Special individual research topics in Management
under the guidance of a specific professor.

Marketing Graduate

5700 Contemporary Marketing Concepts (3)
Prerequisite: BUS AD 5000. Designed for students with no prior course work in the field of marketing. A wide
spectrum of marketing institutions and activities is covered. The impact of marketing on the total firm, the
economy, and society in general is assessed. The course is intended to develop and organize the fundamental
marketing concepts necessary to an analytical study of consumer behavior, the economic environment, and
four managerial aspects of marketing. The acquisition and utilization of marketing research data for problem
solving is stressed. Relation and integration of basic marketing knowledge to the successful development of
sound marketing policy, planning, and strategy is developed.

5701 Marketing Planning and Strategy (3)
Prerequisite: MKTG 5700. Emphasizes the development of a total marketing program through an analytical
study of the marketing-mix, the diagnosis of the business situation, along with the influence of exogenous
variables and the development of an effective campus marketing strategy. Stresses importance of an
integrated marketing plan and utilizes modern decision-making tools. Supplementary readings, journal articles,
and current periodicals are used to place the theoretical framework of the course into the contemporary
**5710 Consumer Motivation and Behavior (3)**
Prerequisite: MKTG 5700. An analysis of the socio-psychological foundations of consumer behavior including personality differences, needs and wants, status symbols, social change and mobility, and fads and fashions. Consumer spending and saving habits, product preferences, leisure-time patterns, shopping behavior, and motivation research also are examined for their impact on advertising, selling, and marketing management.

**5720 Marketing Communications (3)**
Prerequisite: MKTG 5700. Deals with managerial decision making by placing particular emphasis on assimilating and integrating all forms of marketing communication in the development of promotional policies, plans, and procedures. Course approach is analytical rather than descriptive in investigating the areas of advertising, public relations, sales management, packaging, and other forms of demand stimulation.

**5740 Marketing and Business Research (3)**
Prerequisites: MKTG 5700 and LOG OM 5300. A broad approach to marketing research as a model for acquiring, retrieving, and analyzing decision-making information. Includes market measurement, evaluation of sales, and cost effectiveness, sales forecasting, and primary marketing research studies aimed at solving specific problems. Emphasis is placed also on building a theoretical and analytical framework to provide flexibility in the design of marketing experiments and in judging recent research innovations.

**5761 Business to Business Marketing (3)**
Prerequisite: Graduate standing or consent of instructor. This course provides graduate students with an understanding of the role of business to business marketing as it pertains to business, government, and institutional customers. The course places a heavy emphasis on buyer-seller interaction embodying business to business marketing. In addition to discussing the standard theories and covering the subject domain of business marketing, the course focuses on the finer aspects of business to business marketing negotiations using exercises and readings. Student groups enact complex industrial buyer-seller negotiations striving to achieve their respective organizational goals.

**5770 Supply Chain Management (3)**
Prerequisite: Consent of Instructor. This course addresses supply chain management and its implications, with a focus on what firms can do to maintain competitiveness in the quickly changing business landscape. Topics may include, but are not limited to, value chain analyses, marketing business-to-business, supply chain analytics, procurement, production, logistics, and inventory management within supply chains.

**5775 Domestic Transportation (3)**
Prerequisite: Graduate standing or consent of instructor. Domestic Transportation is the study of North American transportation modes, their management and operating characteristics. This graduate course is part of the Mid-West Transportation Consortium where UMSL, along with 5 other Universities, provides guest lecturers that comment on aspects of transportation. UMSL students concentrate on the business aspects of transportation.

**5780 Seminar in International Marketing (3)**
Prerequisite: MKTG 5700. An advanced seminar on topics in international or global marketing. Possible topics include the globalization of trade, export marketing, international market opportunity analysis, and negotiation for international marketers. Students who take one version of this course (e.g. globalization of trade) can take a second version of the course (e.g. negotiation for international marketers) with prior permission.

**5795 Seminar in Marketing (3)**
Prerequisite: MKTG 5700. This course addresses advanced problems in contemporary marketing. Topics may include, but are not limited to, marketing strategy, marketing communications and advertising, product management, consumer behavior, channels of distribution, international marketing, and marketing research.

**5799 Individual Research in Marketing (1-3)**
Prerequisites: Consent of instructor and graduate director. Special individual research topics in Marketing under the guidance of a specific professor.
College of Business Administration Course Descriptions - Undergraduate

General Information | Undergraduate Programs | Graduate Programs |
Course Descriptions Graduate |

College of Business Administration Home Page

All undergraduate courses are listed under the following categories: Accounting (ACCTNG), Business Administration (BUS AD), Finance (FINANCE), Information Systems (INFSYS), Logistics and Operations Management (LOG OM), Management (MGMT) and Marketing (MKTG).

The College of Business Administration uses the University course numbering system. A minimum grade of C- shall be required to meet the prerequisite requirement for any course. Prerequisites may be waived only by consent of both the instructor and the area coordinator. A minimum campus GPA of 2.0 is required for admittance to each upper division 3000 and 4000 level Business Administration course.

BUS AD 1000 Introduction to Business (3)
Overview of the functional business disciplines, including but not limited to principles of Accounting, Finance, Information Systems, Law, Logistics and Operations Management, Management, and Marketing.

FINANCE 1590 Personal Finance for Nonbusiness Majors (3)
For future professionals who want to learn more about personal finance and how to better manage their resources. The topics include purchasing/leasing cars, home acquisitions, investing in stocks and bonds, mutual funds, retirement planning and health and life insurance. Special emphasis will be on the nontechnical aspects of these issues. Cannot be used for credit in BSBA program.

INFSYS 1800 Computers and Information Systems (3) [MI]
This course covers the basic concepts of networked computers including the basics of file management on local and remote computers, electronic mail, Internet browsers, and web page development. Students are also exposed to applications used in business for solving problems, communicating, and making informed decisions, including word processors, presentations software, and electronic spreadsheets. Students will also develop business applications using a popular programming language or database management tool. Credit cannot be granted for both CMP SCI 1010 and BUS AD 1800.

BUS AD 2000 Topics in Business Administration (1-3)
Prerequisites: Vary with topic; contact the College of Business Administration. Study of selected special problems in business and administration. May be repeated for credit with different topics.

ACCTNG 2400 Fundamentals of Financial Accounting (3)
Prerequisites: MATH 1030 and completion of 27 credit hours MATH 1030 may be taken concurrently. This is a one-semester course in financial accounting theory and practice. The primary emphasis is on the corporate financial statements of income, financial position and cash flow—their content and interpretation; and the impact of financial transactions upon them.

ACCTNG 2410 Managerial Accounting (3)
Prerequisites: MATH 1030 and BUS AD 2400. This is an advanced course that goes beyond the scope of a second-semester course in fundamentals of accounting. The development, interpretation, and use of relevant cost behavior, control, and traceability concepts for management planning, controlling, and decision making are emphasized. Topics include: an introduction to product costing, the contribution concept, direct costing, performance standards and variance analysis, responsibility accounting, segment profitability, alternative choice decisions, and capital budgeting.

INFSYS 2800 Information Systems Concepts and Applications (3)
Prerequisites: BUS AD 1800 or satisfactory performance on proficiency exam. This course covers concepts of information systems as they relate to business functions, including web page design and e-commerce, telecommunications, system analysis and design, ethics of information system design and use, information security, foundations of database systems and integrated business information systems. Students will also gain valuable strategies for career development, contact management, and networking.
BUS AD 2900 Legal Environment of Business (3)
Prerequisites: ECON 1001 and BUS AD 2400. An introduction to the nature and meaning of law, sources of law, legal process and institutions. The legal environment of business is defined as: the attitude of the government toward business, the historical development of this attitude; current trends of public control in taxation, regulation of commerce, and competition; freedom of contract, antitrust legislation and its relationship to marketing, mergers, and acquisitions; and labor management relations.

BUS AD 3090 Internship in Business Administration (1-3)
Prerequisites: A minimum campus GPA of 2.0; one must have completed and/or be currently enrolled in at least 6 credit hours of Business Administration electives and have consent of supervising instructor and Associate Dean. A Business College GPA of at least 2.5 is also required. Students are employed in the field of Business Administration where they apply the knowledge and skills learned in the classroom. Professional development and obtaining specialized work experience are the primary goals. A Business Administration faculty member will monitor the student’s program with the student providing a formal writing report at the end of the project. BUS AD 3090 may not be counted toward the minimum credit hours for any emphasis area.

BUS AD 3099 Independent Study in Business Administration (1-3)
Prerequisites: Minimum campus GPA of 2.0 and approval by the supervising professor and the associate dean. Special individual study in business under the supervision of a full-time faculty member.

BUS AD 3100 Contemporary Business Communication (3)
Prerequisites: ENGL 1100 or equivalent and a minimum campus GPA of 2.0. (COMM 1040 recommended, but not required.) A forum wherein business writing and speaking skills are addressed. Communication unique to business organizations is critiqued. Emphasis is placed on writing and verbal communication skills necessary to succeed in the business environment.

BUS AD 3198 Business Administration Seminar (1-10)
Prerequisite: To be determined each time the course is offered and to include a minimum 2.0 campus GPA. May be repeated for credit.

BUS AD 3288 Independent Study in International Business(1-3)
Prerequisites: Minimum campus GPA of 2.0 and approval by the supervising professor and the area coordinator of the specific discipline. Special individual study in international business under the supervision of an approved faculty member.

BUS AD 3289 Practicum in International Business (3)
Prerequisites: At least one international business course, 2.0 campus GPA and completion of an approval form. Students will apply both their language skills and knowledge of international business by working for a three-month period in an organization located outside the student’s country of origin. This course requires students to prepare a research report summarizing the global experience and how it relates to the international business program.

LOG OM 3300 Business Statistics (3)
Prerequisites: MATH 1100 and 1105, INFSYS 1800 and a 2.0 campus GPA. Construction and use of statistical models for business management. Students will learn techniques used for relational analysis and business forecasting and how to apply them in a business context. Tools include CHI-Square tests of statistical independence; analysis of variance; simple linear regression and correlation; multiple linear regression; and extrapolative techniques such as moving averages and exponential smoothing. Emphasis is placed on problem definition, construction of statistical models, analysis of data, and interpretation of results. Computers are used for extensive analyses of case data.

LOG OM 3320 Introduction to Operations Management (3)
Prerequisites: A 2.0 campus GPA and either (ECON 1001, ACCTNG 2410, and LOG OM 3300) or (Math 2000 and MATH 1320. An examination of the concepts, processes, and institutions, which are fundamental to an understanding of manufacturing and service operations within organizations. Emphasis is on the management and organization of operations and upon the application of quantitative methods to the solution of strategic, tactical and operational problems.

LOG OM 3390 Internship in Logistics and Operations Management (1-3)
Prerequisites: A minimum campus GPA of 2.0; one must have completed and/or be currently enrolled in at least 6 credit hours of LOM electives and have consent of supervising instructor and Area Coordinator. A Business College GPA of at least 2.5 is also required. Students are employed in the field of Logistics and Operations. Management (LOM) where they apply the knowledge and skills learned in the classroom. Professional development and obtaining specialized work experience are the primary goals. An LOM faculty member will monitor the student’s program with the student providing a formal written report at the end of the project. LOG OM 3390 may not be counted toward the minimum credit hours for the LOM emphasis.

LOG OM 3399 Independent Study in Logistics & Operations Management (1-3)
Prerequisites: Minimum campus GPA of 2.0 and approval by the supervising professor and the area coordinator. Special individual study in logistics and operations management under the supervision of a full-
time logistics and operations management faculty member.

ACCTNG 3401 Financial Accounting and Reporting I (3)
Prerequisites: A minimum 2.0 campus GPA, MATH 1030, ACCTNG 2410, and 57 credit hours. Review of the foundations of financial accounting theory and of the financial statement preparation process. Accounting theory and practice related to current assets, investment in securities. The course includes an emphasis on unstructured case problem solving skills, communication skills, and interpersonal skills.

ACCTNG 3402 Financial Accounting and Reporting II (3)
Prerequisites: MATH 1030 and ACCTNG 3401; also a minimum campus GPA of 2.0 and minimum GPA of 2.2 in all accounting courses at the 3000-level and above taken at UMSL. Accounting theory and practice related to topics such as, investments in securities, operational assets, current and long-term liabilities, and leases. The course includes an emphasis on unstructured case problem solving skills, communication skills, and interpersonal skills.

ACCTNG 3411 Cost Accounting (3)
Prerequisites: MATH 1030 and ACCTNG 3401; also a minimum campus GPA of 2.0 and minimum GPA of 2.2 in all accounting courses at the 3000-level and above taken at UMSL. The study of the basic principles of cost determination for, and control of, manufacturing and distribution activities. Topics include job-order costing, process costing, cost allocations, and the development and use of standard costs within a system of absorption costing.

ACCTNG 3421 Accounting Information Systems (3)
Prerequisites: A minimum 2.0 campus GPA. In addition, MATH 1030, INFSYS 1800, ACCTNG 2410, and ACCTNG 3401. Examines the fundamentals of accounting information systems, including hardware and software considerations, internal controls, and transaction processing cycles. Also focuses upon the development of efficient spreadsheets as applied to financial and managerial accounting concepts.

ACCTNG 3441 Income Taxes (3)
Prerequisites: MATH 1030 and either ACCTNG 3401 or FINANCE 3560; also a minimum campus GPA of 2.0 and minimum GPA of 2.2 in all accounting courses at the 3000-level and above taken at UMSL. Fundamentals of federal income taxation. Topics include taxable entities, income, deductions, tax accounting methods, tax basis, and property transactions at both the conceptual and operational levels.

ACCTNG 3445 I.R.S. Procedures and Federal Taxation of Estates, Gifts and Trusts (3)
Prerequisites: MATH 1030 and either ACCTNG 3401 or FINANCE 3560; also a minimum campus GPA of 2.0 and minimum GPA of 2.2 in all accounting courses at the 3000-level and above taken at UMSL. The first topic includes the federal taxation of estates, gifts and trusts as they relate to wealth management. The second topic concerns interaction with the federal tax authorities. Topics may include preparing an audit protest, a request for and I.R.S. ruling, and a petition to the U.S. Tax Court.

ACCTNG 3451 Accounting for Governmental and Not-for-Profit Entities (3)
Prerequisites: MATH 1030 and ACCTNG 3401; also a minimum campus GPA of 2.0 and minimum GPA of 2.2 in all accounting courses at the 3000-level and above taken at UMSL. Principles of fund accounting and financial reporting for governmental and not for profit entities. This course includes an emphasis on unstructured case problem solving skills, communication skills, and interpersonal skills.

ACCTNG 3490 Internship in Accounting (1-3)
Prerequisites: A minimum campus GPA of 2.0; one must have completed and/or be currently enrolled in at least 6 credit hours of Accounting electives at the 3000-level or above and have consent of supervising instructor and Area Coordinator. A Business college GPA of at least 2.5 is also required. Students are employed in the field of Accounting where they apply the knowledge and skills learned in the classroom. Professional development and obtaining specialized work experience are primary goals. An accounting faculty member will monitor the student's program with the student providing a formal written report at the end of the project.

ACCTNG 3499 Independent Study in Accounting (1-3)
Prerequisites: Minimum campus GPA of 2.0 and approval by the supervising professor and the area coordinator. Special individual study in accounting under the supervision of a full-time accounting faculty member.

FINANCE 3500 Financial Management (3)
Prerequisites: ECON 1002, MATH 1105, and ACCTNG 2400, and a 2.0 campus GPA. The study of a firm’s need for funds; the institutions, instruments, and markets concerned with raising funds; and the techniques of analysis used to determine how effectively these funds, once raised, are invested within the firm.

FINANCE 3501 Financial Policies (3)
Prerequisites: FINANCE 3500 and a 2.0 campus GPA. The intensification and application of the concepts developed in FINANCE 3500. Special emphasis is given to the development of top management policies and their application toward complex problems of finance. Techniques for identifying and dealing with these problems before they become acute will be investigated. Cases will be integrated with appropriate outside reading.
FINANCE 3502 Treasury Management (3)
Prerequisites: FINANCE 3500 and a 2.0 campus GPA. The focus of this course is on the role cash management plays in corporate finance. Topics include cash collection and payment systems, forecasting cash flows, electronic fund transfers, check processing, international cash management and managing bank relationships. Students passing the course with a grade of A or B are permitted to take the qualifying exam to become a Certified Cash Manager (CCM) under a special arrangement with the Treasury Management Association. Along with other finance courses, this class prepares students for careers in the treasury departments of major companies or with service providers like banks.

FINANCE 3503 Computer Applications in Finance (3)
Prerequisites: INFSYS 1800, FINANCE 3500, one 300-level finance course, and a 2.0 campus GPA. Financial problem solving and applications on the microcomputer. A project-oriented course with an emphasis on micro-sed finance projects: present value/IRR analysis, duration, immunization, portfolio optimization, leasing, capital budgeting, financial forecasting, options, and futures.

FINANCE 3520 Investments (3)
Prerequisite: FINANCE 3500 and a 2.0 campus GPA. Financial analysis of debt and equity instruments available on organized exchanges and in less tangible over-the-counter markets. Techniques of such analysis are presented in context with Economic and management circumstances within the company, industry, and Economy.

FINANCE 3521 Financial Risk Management (3)
Prerequisites: FINANCE 3500 and a 2.0 campus GPA. A study of derivative securities (forward contracts, futures, swaps and options) used in financial risk hedging. Emphasis will be placed on financial innovations and methods for tailoring a preferred risk/return trade-off. In addition, a project or a simulation will be utilized to emphasize the effects of risk management on portfolio development.

FINANCE 3525 Practicum In Investments (1)
Prerequisite: FINANCE 3500 and a 2.0 campus GPA. Students will apply their knowledge of stocks and bonds by managing a real dollar portfolio of securities. This course requires that students perform technical and fundamental analysis, prepare research reports, present proposals and participate in group investment decisions. The University's Student Investment Trust provides the money for students to invest. Course may be repeated for credit up to a maximum of 3 credit hours.

FINANCE 3540 Financial Services Industry and Instruments (3)
Prerequisites: FINANCE 3500 and a 2.0 campus GPA. The theory of financial services, instruments, and markets is discussed. In this framework, the valuation consequences of money and capital markets, corporate control, complex contracting, and regulatory environment are developed. Topics also include hedging, interest rate risk, deposit insurance, and financial instruments.

FINANCE 3541 Commercial Bank Management (3)
Prerequisites: ECON 1002, FINANCE 3500, and a 2.0 campus GPA. Corporate finance and microEconomics are applied to matters of importance to commercial bankers. Among the subjects treated are bank-asset portfolio construction, lending policies, liabilities management, bank capital structure, short-run cash management, financial market rates and flows, and quantitative models for bank management. Commercial bank management is analyzed from an internal viewpoint in terms of what bank managers should look for in asset management and why; what market conditions they should be aware of; and what techniques they can use to meet changing Economic and financial conditions.

FINANCE 3542 Principles of Real Estate (3)
Prerequisites: FINANCE 3500 and a 2.0 campus GPA. As an introduction to the real estate industry, the course broadly explores all phases of acquisition, development and disposal of real property. Topics include legal requirements of contracts, property rights, valuation and appraisal techniques, marketing, brokerage operations and practices, mortgage financing, leasing and property management.

FINANCE 3560 Practice of Personal Financial Planning (3)
A minimum campus GPA of 2.0; FINANCE 3500 or consent of instructor and Area Coordinator. Professional financial planning requires broad knowledge of investments, insurance, income taxation, retirement planning, and estate planning, as well as certification requirements and legal/ethical issues. This course introduces students to the field of financial planning, and provides an integrated overview of the topics listed above. Students interested in the Financial Planning track are encouraged to complete this course prior to taking other courses in the track.

FINANCE 3561 Principles of Insurance (3)
Prerequisites: FINANCE 3500 and 2.0 campus GPA. This is a survey course intended to introduce students to the basic concepts of insurance. Topics include the nature of risks, types of insurance carriers and markets, insurance contracts and policies, property and casualty coverages, life and health insurance, and government regulations. The functions of underwriting, setting premiums, risk analysis, loss prevention, and financial administration of carriers are emphasized.
FINANCE 3562 Life Insurance (3)
Prerequisites: FINANCE 3500 or equivalent and a minimum campus GPA of 2.0. This course explores the life insurance business from the perspective of both the consumer and provider. Coverage will include an analysis of the various types of life insurance products, aspects of life insurance evaluation, reinsurance, underwriting, and uses of life insurance in financial planning. Also included is an examination of the tax, legal, and ethical requirements.

FINANCE 3563 Retirement Planning and Employee Benefits (3)
Prerequisites: A minimum campus GPA of 2.0; FINANCE 3500 or consent of instructor and Area Coordinator. The course is designed to give students an understanding of the retirement planning process. Students will gain an appreciation of the usefulness (and shortcomings) of employee benefits and develop an ability to counsel others on important retirement and employee benefit decisions. Corporate pension and profit sharing plans, self-employed Keough plans, IRA’s annuities, health insurance and social security will be discussed.

FINANCE 3564 Estate Planning and Trusts (3)
Prerequisite: A minimum campus GPA of 2.0; FINANCE 3500 or consent of instructor and Area Coordinator. This course will focus on the responsibility of a financial planner in the formulation and implementation of an estate plan. Topics include wills, lifetime transfers, trusts, gifts, estate reduction techniques, tax implications in estate planning, business and inter-family transfers, dealing with incompetency, postmortem techniques, and the role of fiduciaries. Lectures, cases, and guest speakers will be used to stimulate analysis and discussion.

FINANCE 3580 International Finance (3)
Prerequisites: FINANCE 3500 and a 2.0 campus GPA. A study of international financial markets, instruments, portfolio strategies and international financial management. Topics will include international risks, foreign diversification, foreign investment, foreign exchange determination and international working capital management issues. Derivatives are explored as instruments to hedge foreign exchange risk exposure, and special markets are evaluated in the international corporate/investments setting. Cases and/or outside readings may be used to emphasize inter-related issues.

FINANCE 3581 Business in China (3)
Prerequisites: A minimum campus GPA of 2.0 and junior standing. Introduces students to the practices of doing business in China. Students will be introduced to the Chinese economic and business environment. Issues related to trade and foreign direct investment in China will be discussed. The course adopts an innovative approach; utilizing lectures, case analysis, projects, and student presentations.

FINANCE 3582 International Investment (3)
Prerequisites: FINANCE 3500. This course explores the concepts of investing and hedging in international markets. Topics include equity and bond markets, global risk management, portfolio diversification, currency risk, asset pricing, and alternative portfolio strategies. Techniques for using derivatives are discussed in the context of hedging exchange rate risk. Reading foreign exchange quotes and understanding the functioning of global markets is central to the course. A prior course in investments is recommended but not required.

FINANCE 3590 Practicum in Finance (1-3)
Prerequisites: A minimum campus GPA of 2.0; one must have completed and/or be currently enrolled in at least 6 credit hours of finance electives and have consent of supervising instructor and Area Coordinator. A Business College GPA of at least 2.5 is also required. Students are employed in the field of finance where they apply the knowledge and skills learned in the classroom. Professional development and obtaining specialized work experience in a Track area are the primary goals. The student’s program will be monitored by a finance faculty member with the student providing a formal written report at the end of the project. FINANCE 3590 may not be counted toward the minimum 15 credit hours of finance electives for a finance emphasis.

FINANCE 3599 Independent Study in Finance (1-3)
Prerequisites: Minimum campus GPA of 2.0 and approval by the supervising professor and the area coordinator. Special individual study in finance under the supervision of a full-time finance faculty member.

MGMT 3600 Management and Organizational Behavior (3)
Prerequisites: Junior standing and a 2.0 campus GPA. This course involves the study of the behavior of individuals and groups in an organizational setting. Specific topics examined include: motivation, leadership, organizational design, and conflict resolution, as well as basic coverage of management principles. In covering these topics, both at classic and current perspectives are provided.

MGMT 3611 Advanced Management and Organizational Behavior (3)
Prerequisite: MGMT 3600 and a 2.0 campus GPA. Building upon 3600, this course provides a more detailed examination of motivation, leadership, group process, decision-making, job design, and organizational development. In addition to providing more detail in terms of content, this course provides the student with considerable practical experience through the use of class exercises, case studies, and small group discussions.

BUS AD 3612 Professional Skills Development (3)
Prerequisites: A minimum campus GPA of 2.0 and Junior Standing. This course focuses on career management. Topics include job search, interviews, resumes and cover letters, presentation skills, business
etiquette, entry strategies, and career alternative.

**MGMT 3621 Human Resource Management (3)**
Prerequisites: MATH 1105 MGMT 3600 and a 2.0 campus GPA. In-depth examination of selected human resources management issues from a contemporary manager's viewpoint. Topics examined include: employee selection, performance appraisal, training and development, compensation, legal issues and labor relations.

**MGMT 3622 Industrial and Labor Relations (3)**
Prerequisite: MGMT 3600 and a 2.0 campus GPA. Emphasis is on the dynamic relationship between management, employees, unions, and government as determinants in the efficient and effective use of human resources. Current issues and case materials are used to supplement text and lecture.

**MGMT 3623 Industrial and Organizational Psychology (3)**
[Same as PSYCH 3318] Prerequisites: PSYCH 2201 or MATH 1105, MGMT 3600. This course introduces the student to psychological research and theories pertaining to human behavior in the work setting. Topics covered include: selection, performance, appraisal, training, leadership, motivation, job satisfaction and organizational design.

**MGMT 3624 Employee Training and Development (3)**
Prerequisite: A minimum 2.0 campus GPA. In addition, MGMT 3600 or permission of instructor. An intensive study of training in organizations, including needs analysis, learning theory, management development, and development of training objectives and programs. Projects and exercises are used to supplement the readings.

**MGMT 3680 International Management (3)**
Prerequisites: A minimum 2.0 campus GPA. In addition, ECON 1002 and MGMT 3600; or consent of the instructor. A study of international business and management practices. Topics covered include an introduction to international management and the multinational enterprise, the cultural environment of international management, planning in an international setting, organizing for international operations, directing international operations, internal staffing, preparing employees for international assignments, and the control process in an international context.

**MGMT 3682 Managing the Global Workforce (3)**
Prerequisites: A minimum 2.0 campus GPA. In addition, MGMT 3600 and at least one of the following: MGMT 3611 or MGMT 3621 or enrollment in Honors College or consent of instructor. A study of the international dimensions of organizational behavior and human resource management. The course provides an overview of the tools and skills that are necessary to understand and manage people in global organizations. Topics include motivation, leadership, communication, hiring, training, and compensation.

**MGMT 3684 The Japanese Management System (3)**
Prerequisites: MGMT 3600 and a 2.0 minimum campus GPA. This course provides an introduction to various aspects of the contemporary Japanese business system. The emphasis is on interpretation of issues from a managerial perspective. Topics include an overview of Japan's Economic growth, government policies, industrial and financial structure of Japanese business, labor-management relations, internal management practices, international competitive strategies, managing U.S. subsidiaries in Japan, penetrating the Japanese market, Japanese investment in the U.S.A., and current issues in U.S. -Japan Economic relations.

**MGMT 3685 Role of the Global Corporation (3)**
Prerequisites: A minimum campus GPA of 2.0 and MGMT 3600 or permission of the instructor. The purpose of this course is to create awareness of controversial issues about international business. Students will gain a better understanding of resistance to and criticism of international business and will become better prepared for dealing with these issues and problems.

**MGMT 3689 International Business and Society (3)**
Encompasses the readings, lectures, company and government agency visits, and cultural visits that comprise annual Country Study Tours, (e.g., Austria, Japan, Thailand, etc.). The program includes 45 contact hours or more of classroom lectures covering aspects of the chosen country’s business and society, in-depth pre-departure cross-cultural orientation and training supplemented by briefings on the country’s Economy and on U.S. market penetration by the Commercial Service, U.S. Embassy; a briefing by the in-country State of Missouri representative; briefings by host country agencies; company visits and factory tours; and tours of cultural sites. Student evaluation will be based on active participation and on a research paper based on readings, lectures, interviews and field observations.

**MGMT 3690 Internship in Management (1-3)**
Prerequisites: A minimum campus GPA of 2.0; one must have completed and/or be currently enrolled in at least 6 credit hours of Management electives and have consent of supervising instructor and Area Coordinator. A Business College GPA of at least 2.5 is also required. Students are employed in the field of Management where they apply the knowledge and skills learned in the classroom. Professional development and obtaining specialized work experience are primary goals. A Management faculty member will monitor the student’s program with the student providing a formal written report at the end of the project. BA

**MGMT 3699 Independent Study in Management (1-3)**
Prerequisites: Minimum campus GPA of 2.0 and approval by the supervising professor and the area coordinator. Special individual study in management under the supervision of a full-time management faculty member.

MKTG 3700 Basic Marketing (3)
Prerequisites: ECON 1001, junior standing, and a 2.0 campus GPA. An examination of the character and importance of the marketing process, its essential functions, and the institutions performing them. Attention is focused on the major policies (such as distribution, product, price, and promotion), which underlie the multifarious activities of marketing institutions and the managerial, Economic, and societal implications of such policies.

MKTG 3710 Consumer Behavior (3)
Prerequisites: MKTG 3700 and a minimum campus GPA of 2.0. A study of such consumer functions as decision making, attitude formation and change, cognition, perception, and learning. The marketing concepts of product positioning, segmentation, brand loyalty, shopping preference and diffusion of innovations are considered in context with the environmental, ethical, multicultural and social influences on an increasingly diverse American consumer.

MKTG 3720 Management of Promotion (3)
Prerequisite: MKTG 3700 and a 2.0 campus GPA. A study of the design, organization, and implementation of the marketing communications mix. Various methods, such as advertising, personal selling, and publicity are analyzed as alternatives for use alone, or in combination, to stimulate demand, reseller support, and buyer preference. Particular topics considered include: media selection, sales promotional, packaging, and selling strategy, and their relationships in the promotion process.

MKTG 3740 Marketing Research (3)
Prerequisites: INFSYS 1800, MKTG 3700, LOG OM 3300 and a 2.0 campus GPA. An investigation of the acquisition, presentation, and application of marketing information for management. Particular problems considered are defining information requirements, evaluating research findings, and utilizing information. Statistical methods, models, and/or cases are employed to illustrate approaches to marketing intelligence problems, such as sales forecasts, market delineation, buyer motives, store location, and performance of marketing functions.

MKTG 3750 Sales Management (3)
Prerequisites: MKTG 3700 and MGMT 3600; (MGMT 3600) may be taken concurrently). Also a minimum campus GPA of 2.0. The aim of this course is to provide an understanding of how selling is critical to the success of marketing. The course will promote critical thinking skills as well as practical selling skills needed in a competitive marketplace. Course topics include, among others, selling principles and techniques, understanding of the tasks and roles of the sales manager, the management of sales professionals within an organization, developing and applying effective persuasive communications, creating a vision, developing and implementing a sales-team strategy, structuring sales-force, designing and assigning territories, recruiting, training, motivation and evaluating salespeople, methods of compensation, and forecasting sales. The emphasis will be on ways the sales-force can be molded to build long-lasting relationships with customers through the systematic analysis and solution of customers’ problems.

MKTG 3760 Business-to-Business Marketing (3)
Prerequisites: Senior Standing, MATH 1105, MKTG 3700 and a 2.0 campus GPA. A study of the nature of the business-to-business(organizational) marketplace concentrating on those aspects that differentiate it from consumer markets. The major focus of the course is marketing strategy, starting with analysis of the market wants and segments, concepts of pricing, the distribution arrangements, and buyer/seller relations. In this last area, consideration will be given to service, personal selling, sales promotion, and advertising, as found in the organizational marketplace. At all times emphasis is given to relating business-to-business marketing strategy to basic concepts in underlying business disciplines. Lectures and case discussions are used heavily in the course.

MKTG 3770 Introduction to Transportation (3)
Prerequisites: A minimum campus GPA of 2.0; also Junior standing or instructor consent. This course provides an overview of the transportation sector, including history, providers, users, and government regulation. The importance and significance of transportation, the operational aspects of transportation modes of rail, water, motor, air and pipeline; the demand and supply of transportation, and the managerial aspects of these modes of transport will be covered in the course.

MKTG 3771 Traffic and Transportation Management (3)
Prerequisites: A minimum campus GPA of 2.0 and Junior standing or instructor’s consent. This course focuses on the purchase of transportation and warehouse services and/or the operation of transportation services as a firm activity. This course is also designed to provide the student with an exposure to the managerial aspects of transportation management as a function of the firm’s logistical strategy. In addition, it includes an introduction to the management of firms within the various transportation modes of rail, motor, air, water, and pipelines. This course is designed to provide the student with a basic understanding of the issues and work performed by traffic managers and the management of modern transportation firms.
MKTG 3780 International Marketing (3)
Prerequisite: MKTG 3700 and a 2.0 campus GPA. Marketing management problems, techniques and strategies needed to apply the marketing concept to the world marketplace. Understanding a country’s cultural and environmental impact on the marketing plan is emphasized, as well as competing in markets of various cultures. Worldwide consumerism, Economic and social development, the spread of multinational corporations, business ethics, and current Economic and marketing issues are examined.

MKTG 3790 Internship in Marketing (1-3)
Prerequisite: A minimum campus GPA of 2.0; one must have completed and/or be currently enrolled in at least 6 credit hours of Marketing electives and have consent of supervising marketing instructor and Area Coordinator. A Business college of GPA of at least 2.5 is also required. Students are employed in the field of Marketing where they apply for the knowledge and skills learned in the classroom. Professional development and obtaining specialized work experience are primary goals. A Marketing faculty member will monitor the student’s program with the student providing a formal written report at the end of the project. BUS AD 3790 may be counted toward the minimum credit hours of marketing electives required for a marketing emphasis.

MKTG 3799 Independent Study in Marketing (1-3)
Prerequisites: Minimum campus GPA of 2.0 and approval by the supervising professor and the area coordinator. Special individual study in marketing under the supervision of a full-time marketing faculty member.

INFSYS 3806 Managerial Applications Of Object-Oriented Programming I (3)
Prerequisites: (INFSYS 1800 or CMP SCI 1220 or 1250 and a 2.0 campus GPA. The course provides a study of the UNIX operating system and the C++ programming language as they pertain to managerial applications. In addition, the course will introduce the use of object-oriented programming methodologies.

INFSYS 3807 Legacy Systems (3)
Prerequisite: A minimum campus GPA of 2.0 and INFSYS 3806. Structured COBOL programming techniques for business applications are presented. Included are report generation, control breaks, output editing, debugging tables, sort concepts, job control language, utilities, partitioned data sets, and updating files.

INFSYS 3810 Information Systems Analysis (3)
Prerequisites: A minimum campus GPA of 2.0 and (INFSYS 3806 or permission of instructor). Aspects and methods for managing the computer and information resources of organizations. Topics include: project management aligning IS plans with corporate plans, MIS organizational structures, demonstrating the values of systems, facility management, purchase decisions, software acquisition, software metrics, security issues, and Economic evaluation, as they relate to information resources. Special cases of systems, such as Enterprise Resource Planning (ERP) systems, Supply Chain systems, and BPO will be discussed.

INFSYS 3815 Object Oriented Applications in Business (3)
Prerequisites: A minimum campus GPA of 2.0 and INFSYS 3806. Object Oriented programming techniques for business applications are presented. The topics are implemented in a C++ environment.

INFSYS 3816 Managerial Applications of Object-Oriented Programming II (3)
Prerequisites: INFSYS 3806 and a minimum campus GPA of 2.0. This course expands object-oriented skills taught in INFSYS 3806. The emphasis in this course is on object-oriented development tools and development in a client-server environment. The data management tools will include the use of SQL to access server-based databases.

INFSYS 3841 Enterprise Information Systems (3)
Prerequisites: A minimum campus GPA of 2.0 and INFSYS 2800. Aspects and methods for managing the computer and information resources of organizations. Topics include aligning IS plans with corporate plans, MIS organizational structures, demonstrating the value of MIS to senior management, facility management, purchase decisions, software acquisition, software metrics, project management, security issues, and Economic evaluation, as they relate to information resources.

INFSYS 3842 Management of Telecommunications (3)
Prerequisite: INFSYS 1800 and a 2.0 campus GPA. The technical and managerial aspects of telecommunications as they apply to the business environment are discussed. Issues include: communications components and services, local area network architecture, managerial implementations, organizational issues, and cost/benefit analyses.

INFSYS 3843 Decision Support Systems (3)
Prerequisites: LOG OM 3300 and a minimum campus GPA of 2.0. Applications of decision support systems and expert systems in a business environment are studied. Relationships between decision support systems, expert systems, and database management systems are explored.

INFSYS 3844 Developing Business Applications in NET (3)
Prerequisite: INFSYS 3805 or INFSYS 3806 and a minimum campus GPA of 2.0. Methods for end user development of applications in a business environment are presented. An end-user programming language (for
example, Visual Basic) is used for development of prototypical applications. Case studies and/or programming problems are used to illustrate technology available to end-users for creating software in a windows-based system.

**INFSYS 3845 Database Management Systems (3)**
Prerequisites: INFSYS 3815 or INFSYS 3816 and a minimum campus GPA of 2.0. This course provides an introduction to the design and use of databases in meeting business information needs. Topics include database planning, conceptual design, and data administration. The concepts are studied with projects involving the use of a current database management system.

**INFSYS 3846 e-Commerce (3)**
Prerequisites: A minimum campus GPA of 2.0 and INFSYS 2800. This course provides an understanding of strategies, managerial issues, and technologies pertaining to electronic commerce in organizations. Topics covered include: history, business models, the virtual value chain, electronic markets, impact on organizational strategy and industry structure, analysis of successful strategies, and other emerging issues (legal, ethical, regulatory) related to managing electronic commerce, and the technical infrastructure enabling electronic commerce.

**INFSYS 3847 Web Design (3)**
Prerequisites: A minimum campus GPA of 2.0 and INFSYS 2800. This course focuses on web page planning, design, layout and construction. Topics covered include: setting up and maintaining a web site; understanding site structure, presentation, navigation and content management. HTML/XML, CSS, Dreamweaver, Fireworks, Flash, Photoshop, data access, scripting languages, and various other technologies and tools will be discussed.

**INFSYS 3890 Internship in Management Information System (1-3)**
Prerequisite: A minimum campus GPA of 2.0; one must have completed and/or be currently enrolled in at least 6 credit hours of management information systems electives at the 3000-level or above and have consent of supervising marketing instructor and Area Coordinator. A Business college of GPA of at least 2.5 is also required. Students are employed in the field of management information systems where they apply for the knowledge and skills learned in the classroom. Professional development and obtaining specialized work experience are primary goals. A management information systems faculty member will monitor the student's program with the student providing a formal written report at the end of the project. INFSYS 3890 may not be counted toward the minimum credit hours of marketing electives required for a management information systems emphasis.

**INFSYS 3899 Independent Study in Information Systems (1-3)**
Prerequisites: Minimum campus GPA of 2.0 and approval by the supervising professor and the area coordinator. Special individual study in information systems under the supervision of a full-time information systems faculty member.

**BUS AD 3900 Business Law: Contracts, Sales, Secured Transactions, Bankruptcy (3)**
Prerequisites: ACCTNG 2400, ECON 1001, and a 2.0 campus GPA, or junior standing and a 2.0 campus GPA. Introduction to the laws of contracts, sales, secured transactions, bankruptcy, and other selected topics.

**BUS AD 3901 Business Law: Negotiable Instruments, Business Organizations, Property (3)**
Prerequisites: ACCTNG 2400, ECON 1001, and a 2.0 campus GPA, or junior standing and a 2.0 campus GPA. Introduction to the laws of negotiable instruments, the principal-agent relationship, partnerships, corporations, property, and other selected topics.

**BUS AD 3980 The Law of International Business Transactions (3)**
Prerequisites: A minimum campus GPA of 2.0; also ECON 1002 and BUS AD 2900 or consent of instructor. A study of the role and function of International Law and national laws in the regulation of international business transactions. The impact of various legal regimes on import-export transactions, foreign investments, and operations of multinational enterprises will be included. The role of national government supranational governmental organizations, and non-governmental organizations in forming and administering the international legal environment will be studied.

**BUS AD 3990 Internship in Business Law (1-3)**
Prerequisite: A minimum campus GPA of 2.0; one must have completed and/or be currently enrolled in at least 3 credit hours of Business Law electives and have consent of supervising marketing instructor and Area Coordinator. A Business college of GPA of at least 2.5 is also required. Students are employed in the field of Business Law where they apply for the knowledge and skills learned in the classroom. Professional development and obtaining specialized work experience are primary goals. A Business Law faculty member will monitor the student’s program with the student providing a formal written report at the end of the project. BUS AD 3990 may not be counted toward the minimum credit hours of marketing electives required for a marketing emphasis.

**BUS AD 3999 Independent Study in Legal Studies (1-3)**
Prerequisites: Minimum campus GPA of 2.0 and approval by the supervising professor and the area coordinator. Special individual study in legal studies under the supervision of a full-time legal studies faculty.
MGMT 4219 Strategic Management (3)
Prerequisites: Senior standing and FINANCE 3500, MKTG 3700, MGMT 3600, a minimum campus GPA of 2.0; and concurrent enrollment in BUS AD 4220. This is a capstone course drawing on the subject matter covered in prerequisite courses. Emphasis is on the formulation and implementation of corporate, business and functional strategies designed to achieve organizational objectives. Topics include the role of top management, globalization of business and ethical perspectives. Case studies and research reports may be used extensively. (It is preferred that this course be taken during the student’s final semester.)

BUS AD 4220 Business Assessment Testing (0)
Prerequisite: Concurrent enrollment in MGMT 4219. A one-time lab during which a major field exam in business is administered. Course graded on a Satisfactory/Unsatisfactory basis. Satisfactory grade required for graduation.

BUS AD 4288 Internship in International Business (3-6)
Prerequisites: ECON 1001 and 1002, ACCTNG 2400 and ACCTNG 2410, an additional 12 hours in BA, concurrent enrollment in a UM overseas program; also a 2.0 minimum campus GPA. The internship will be a supervised field experience in a business/international organization at a foreign site. Students will work for 10 weeks on projects directed by host organization supervisors in consultation with an UMSL faculty member. Prior to the field experience students will receive training that includes familiarization with the language and practices of the country's business, the background of the host firm, and international information sources. The student will complete a written report of his/her project. Course may not be repeated for more than 6 hours credit.

LOG OM 4312 Business Forecasting (3)
Prerequisites: A minimum campus GPA of 2.0 and either LOG OM 3220 or [MATH 3000 and MATH 1320]. Further study of statistical tools for forecasting in a decision-making context. Topics include explanatory models (multiple regression), classical time series decomposition, and extrapolative techniques (exponential smoothing and Box-Jenkins procedures). In addition, methods for considering problems of intervention effects, seasonality, and collinearity will be discussed. Students will perform extensive analyses of time series data using computer packages.

LOG OM 4314 Multivariate Analysis (3)
Prerequisites: A minimum campus GPA of 2.0 and either BUS AD 3320 or MATH 3000 and STAT 1320. A study of statistical techniques applicable to multivariable relationships.

LOG OM 4321 Production and Operations Management (3)
Prerequisites: A minimum campus GPA of 2.0 and BUS AD 3320. Application of the tools and techniques of statistical decision theory and operations research to production and operating problems. Emphasis is on the use of mathematical modeling and simulation techniques to analyze complex and ill-structured problems in large-scale systems.

LOG OM 4322 Lean Production in Manufacturing and Service Operations (3)
Prerequisites: A minimum campus GPA of 2.0 and LOG OM 3320. Study of Lean Production philosophy and techniques in manufacturing and service operations. Topics include process analysis and continuous improvement techniques, quick set-ups, total productive maintenance, kanban scheduling, cellular production, team organization of workers, supplier relations, quality management, and the environmental aspects of production.

LOG OM 4324 Service Operations Management (3)
Prerequisites: A minimum campus GPA of 2.0 and LOG OM 3320. An examination of methods for designing and operating service delivery systems, such as in the health care, financial, transportation, hospitality, and governmental service industries. Topics include process and facility design, facility layout and location, queuing, demand forecasting and management, service quality, staffing, and personnel scheduling.

LOG OM 4326 Quality Assurance in Business (3)
Prerequisites: A minimum campus GPA of 2.0 and LOG OM 3320. A study of statistical quality control concepts and procedures applicable to management systems, administrative activities, service industries, and nonprofit organizations. Some successful quality assurance programs will be examined.

LOG OM 4330 Business Logistics Systems (3)
Prerequisites: A minimum campus GPA of 2.0 and LOG OM 3320. Analysis of business logistics systems, their design and operation. Topics include network design, facility location, transportation, vehicle routing, storage and handling, capacity planning, inventory management, and customer service.

LOG OM 4350 Management Science Methods (3)
Prerequisites: A minimum campus GPA of 2.0 and either LOG OM 3320 or [MATH 3000 and MATH 1320]. Applications of the theories and techniques of operations research to problems of business, government, and industry, with emphasis on the construction and utilization of quantitative decision models.
LOG OM 4354 Operations Research II (3)
Prerequisites: A minimum campus GPA of 2.0 and LOG OM 4350. Topics of special interest including Mathematical programming, stochastic decision-making, digital simulation, game theory, and other selected techniques. (Formerly Mathematical Programming).

LOG OM 4381 International Logistics and Operations Management (3)
Prerequisites: A minimum campus GPA of 2.0 and LOG OM 3320. A study of business logistics and supply chain strategies involving shipments across national boundaries. Topics include the effects of international agreements and regional trading blocks on supply chain strategies; the design of global logistics networks; managerial processes and systems for international production and distribution; and risk management for international logistics.

ACCTNG 4401 Financial Accounting and Reporting III (3)
Prerequisites: MATH 1030 and ACCTNG 3402; also a minimum campus GPA of 2.0 and minimum GPA of 2.2 in all accounting courses at the 3000-level and above taken at UMSL. Accounting theory and practice related to topics such as income taxes, pensions, owner’s equity, earnings per share, and the statement of cash flows. The course includes an emphasis on unstructured case problem solving skills, communication skills, and interpersonal skills.

ACCTNG 4402 Financial Accounting and Reporting IV (3)
Prerequisites: MATH 1030 and ACCTNG 3402; also a minimum campus GPA of 2.0 and minimum GPA of 2.2 in all accounting courses at the 3000-level and above taken at UMSL. Accounting theory and practice related to topics such as business combinations, consolidated financial statements, multinational operations, foreign exchange transactions, and governmental and nonprofit organizations. The course includes an emphasis on unstructured case problem solving skills, communication skills, and interpersonal skills.

ACCTNG 4405 Professional Accounting Research (3)
Prerequisites: ACCTNG 4401; also a minimum campus GPA of 2.0 and minimum GPA of 2.2 in all accounting courses at the 3000-level and above taken at UMSL. Discussion of the research tools and methods available to resolve questions concerning accounting standards and practices. Critical analysis of topics of current interest and importance in accounting practice is the focal point of the course.

ACCTNG 4435 Auditing (3)
Prerequisites: MATH 1105, ACCTNG 3402 and ACCTNG 3421 or INFSYS 3810; also a minimum campus GPA of 2.0 and minimum GPA of 2.2 in all accounting courses at the 3000-level and above taken at UMSL. An introduction to auditing practice. Includes the social role of auditing and the services offered by auditors in internal, governmental, and public accounting practice. Emphasis is on the financial auditing process, including professional ethics, audit risk assessment, study and evaluation of internal control, gathering and evaluating audit evidence, and audit reporting decisions.

ACCTNG 4441 Advanced Federal Income Tax: Tax Research and Business Taxation (3)
Prerequisite: ACCTNG 3441; also a minimum campus GPA of 2.0 and minimum GPA of 2.2 in all accounting courses at the 3000-level and above taken at UMSL. Uses internet-based tax research service to conduct research that resolves tax law questions. Also focuses on federal income taxation of corporations, S corporations, partnerships, LLCs and their owners.

MGMT 4614 Entrepreneurship/Small Business Management (3)
Prerequisites: BUS AD 2900, FINANCE 3500, MKTG 3700, MGMT 3600, and a 2.0 campus GPA. This integrative general management course is designed to communicate the academic principles of business management applicable to solving of problems of small- and medium-size businesses and assist in their development. This course will provide a background in the forms of business, the development of business plans and systems integration, venture capital, accounting, procurement, promotion, financing, distribution and negotiations for initial organization, and operation and expansion of the firm.

MGMT 4689 International Strategic Management (3)
Prerequisites: A minimum 2.0 campus GPA and MGMT 3682, MKTG 3780 and FINANCE 3580 or consent of the instructor. A study of the international dimensions of strategic management. Provides an introduction to the key concepts and tools necessary for international competitive analysis. Topics include the international dimensions of strategy formulation and implementation, diversification, strategic alliances, and divestment.

MKTG 4700 Marketing Management (3)
Prerequisites: MATH 1105, MKTG 3700, three other marketing elective courses, senior standing, and a 2.0 campus GPA. An intensive analysis of major marketing decisions facing the firm, such as level, mix, allocation, and strategy of marketing efforts. Specific decision areas investigated include market determination, pricing, physical distribution, product policy, promotion, channel management, and buyer behavior. Competitive, political, legal, and social factors that may affect such areas of decisions are discussed. Cases, models, and problems are used heavily.

INFSYS 4850 Information Systems Design (3)
Prerequisites: A minimum campus GPA of 2.0; INFSYS 3810, INFSYS 3816, and INFSYS 3845. System design,
implementation, and methods of systems installation and operation are presented. A system development project is required.
Accreditation
The University of Missouri St. Louis, College of Education, is accredited by the National Council for Accreditation of Teacher Education (NCATE) and the Missouri Department of Elementary and Secondary Education (DESE) for the preparation of early childhood, elementary, special education, physical education, secondary school teachers and school service personnel.

Course Designations in the College of Education
The following abbreviations are used to indicate instructional areas in the course listings and descriptions in the College of Education.

- Adult Education Courses (ADULT ED)
- Counselor Education Courses (CNS ED)
- Early Childhood Education Courses (ECH ED)
- Educational Administration Courses (ED ADM)
- Educational Foundations Courses (ED FND)
- Educational Psychology Courses (ED PSY)
- Educational Research and Evaluation Methods Courses (ED REM)
- Educational Technology Courses (ED TECH)
- Elementary Education Courses (ELE ED)
- Middle Education Courses (MID ED)
- Higher Education Courses (HIGHERED)
- Physical Education Courses (PHY ED)
- College Wide Education Courses (EDUC)
- Secondary Education Courses (SEC ED)
- Special Education Courses (SPEC ED)
- Teacher Education Courses (TCH ED)

Teacher Education

Degrees and Areas of Concentration
The College of Education offers certification programs leading to the B.S. in education with specialization in any of the following: early childhood education, elementary education, special education, physical education, and secondary education. Courses are also available for those seeking certification for middle school language arts, mathematics, science and social studies. K-12 certification is available for music, art, foreign language and health. In cooperation with other schools and colleges of the university, the College of Education provides a program for students pursuing other degrees and also planning for a teaching career in secondary education.

The certification programs are designed for graduates to attain the following program outcomes:

- Understand the central concepts, tools of inquiry and structures of the discipline(s) within the context of a global society and creates learning experiences that make these aspects of subject matter meaningful for students.
- Understand how students learn and develop, and provides learning opportunities that support the intellectual, social, and personal development of all students.
- Understand how students differ in their approaches to learning and creates instructional opportunities that are adapted to diverse learners.
- Recognize the importance of long-range planning curriculum development and develops, implements and evaluates curriculum based upon student, district, and state performance standards.
- Use a variety of instructional strategies to encourage students’ development of critical thinking, problem solving, and performance skills.
● Use an understanding of individual and group motivation and behavior to create a learning environment that encourages positive social interaction, active engagement in learning, and self-motivation.

● Model effective verbal, nonverbal, and media communication techniques to foster active inquiry, collaboration, and supportive interaction in the classroom.

● Understand and use formal and informal assessment strategies to evaluate and ensure the continuous intellectual, social, and physical development of the learner.

● Develop skills to become a reflective practitioner who continually assesses the effects of choices and actions on others. This reflective practitioner actively seeks out opportunities to grow professionally and utilizes the assessment and professional growth to generate more learning for more students.

● Foster relationships with school colleagues, parents, and educational partners in the larger community to support student learning and well-being.

● Understand theories and applications of technology in educational settings and has adequate technological skills to create meaningful learning opportunities for all students.

**General Education Requirements**
Students in the College of Education must meet university and departmental general education requirements specified for their degrees.

**Academic Residence**
Students must be in residence for 30 of the last 30 semester hours of credit. Courses graded on a satisfactory/unsatisfactory basis are not accepted within these last 30 semester credit hours. This residency requirement applies to students seeking a degree or teacher certification.

**Education Majors**
Professional education courses must be completed with a grade point average of 2.5 and no grade lower than a C (2.0). A C- grade is not acceptable.

**Admission to the College of Education**
Any students who designate education degree programs as their intended degree paths will have Education as their assigned academic unit. Students admitted to the College of Education and also desiring teacher certification must also be admitted to the Teacher Education Program.

**Application and Admission to the Teacher Education Program**
All students (pre- and post-degree) who wish to become teachers must be admitted separately to the Teacher Education Program regardless of the program in which they are enrolled. Applications to the Teacher Education Program are processed through the Teacher Certification and Advising Office (TC & A). Eligibility is based upon fulfillment of the following requirements:

- Submission of qualifying scores on C-BASE in areas of English, writing, mathematics, science and social studies, as mandated by the Missouri Excellence in Education Act of 1985. Students should consult the Teacher Certification & Advising Office – College of Education, for test descriptions, cost, required scores, dates of administration, retest policies, etc. Acceptable C BASE scores are required in addition to documented ACT or SAT scores. (Students who have an earned bachelor’s degree are not required to pass the CBASE test. Graduates of the general studies program at UMSL, however, must take the C BASE).
- Documented scores of either the ACT Composite or the SAT (verbal plus math)*.
- Completion of 60 hours of college or university courses (at UMSL or another accredited school).
- A grade point average of 2.5 or higher.
- Completion of level one courses, or the equivalent, with a grade of C or better.
- Approved results of criminal record check and child abuse/neglect screening.

**General Information**

It is important that students meet with an academic advisor in the Teacher Certification and Advising Office once each semester. Students should contact the office at 314-516-5937 or at Pamela@umsl.edu to make an advising appointment.

**Professional Internship Semester**

Students in the early childhood, elementary, special education, middle school and secondary certification programs participate in a three-credit-hour Professional Internship taken the semester prior to student teaching. Education students attend a school one day per week throughout the semester. Students apply to the internship and student teaching with the same application, and is submit it two semesters before the Internship. The student continues the same school for student teaching but will attend fulltime every day.

**Application to Student Teaching**
Deadlines for the Formal Application

Fall Student Teaching: First week of December of the previous year
Winter Student Teaching: First week of May of the previous year

*Check 'My Gateway' and the student teaching bulletin board in Marillac Hall for exact date and the College of Education Teacher Certification and Advising Home Page.

Upon receipt, formal applications for both pre- and post degree students are checked to ensure they have met the following requirements:

- Full admission to the teacher education program for both pre and post degree students.
- A cumulative grade point average of 2.5 or above by the semester before the one in which students plan to do their student teaching. The 2.5 cumulative grade point average must be maintained in order to graduate with a B.S. in education degree and/or be certified to teach in the state of Missouri.
- Grade point average of 2.5 in the teaching field (secondary education students only).
- A grade of C or better in all professional education courses so designated. Lists of these courses available in the TC & A office and from advisers. A grade of C- is not acceptable.
- Completion of TB screening, police, and child abuse checks.

The student teaching experience in the early childhood, music, physical education, and special education certification programs provides opportunities in a variety of settings. Students will be expected to do student teaching on a full-day basis for 14-weeks during an entire semester. The student teaching experience must be completed in residence. Secondary student teaching in science education, mathematics education, and foreign language education is offered during the winter semester only.

Policies regarding withdrawal or removal from student teaching are found in the appropriate student teaching handbook. These are found in the ‘online student teaching application on the College webpage.

For further information regarding requirements and certification, contact the Teaching Certification and Advising Office (TC & A) at 155 Marillac Hall or the College of Education Teacher Certification and Advising Home Page.

Application for Degree and/or Certificate

Bachelor of Science in Education (B.S. Ed)
Candidates for the B.S.Ed. degree must complete degree and certificate application forms in the TC & A Office when they apply for admission to internship/student teaching or during the semester before the one in which they expect to finish degree requirements. See information below on the on PRAXIS examination.

The College of Education requires a background check, current within one year, for every UMSL student in the teacher education program. Please note that students wishing to be certified will still be responsible for a more thorough fingerprint background check as required by Missouri State Law before certification will be issued. All background check information will be available to students upon their request.

Bachelor of Educational Studies (B.E.S.)
Candidates should consult the TC & A Office, 155 Marillac Hall or (314) 516- 5397 for more information. This degree offers three areas of study: Early Childhood, Exercise Science and Professional Studies.

Bachelor of Arts
Students seeking the B.A. degree with teacher certification must complete a state certification form with the TC & A. See note below on the on PRAXIS examination.

Certification
In cooperation with the Missouri State Department of Elementary and Secondary Education, the College of Education is responsible for recommending all qualified students for state teacher certification.

All individuals must pass the appropriate Praxis/National Teacher's Examination to meet graduation and/or certification requirements. This exam should be taken during the semester immediately prior to student teaching.

Students may earn teacher certification in the fields of elementary education, early childhood education, middle school, music education, physical education special education (cross categorical), art education, as well as the secondary education areas of biology, chemistry, English, foreign languages (French, German, Spanish), mathematics, physics, social studies, and speech/theater. Graduate programs leading to certification are also offered in counseling, reading, school administration (elementary and secondary principal, school superintendent), and special education.

Graduate Level Certification Program
Applicants who hold a Bachelor’s degree in a teaching field can work toward secondary education certification by taking but not limited to 18 credit hours of coursework and student teaching within a minimum of one
calendar year.

Coursework includes:

**TCH ED 5310:** Designing Instruction, 3 credits (includes 14 clock hours of field experience)

**TCH ED 5311:** Educational Foundations, 4 credits (includes 10 clock hours of field experience)

**ED PSY 6109:** Learning and Development in Secondary School Settings, 4 credits (includes 8 clock hours of field experience)

*TCH ED 5312:* Differentiated Instruction, 4 credit hours (includes 12 clock hours of field experience)

**SEC ED 4989:** Secondary Education Professional Internship, 3 credits (includes 84 clock hours of field experience)

**SEC ED 4990:** Student Teaching, 12 credits (full days in a school for one semester)

Students seeking certification via this program must meet with advisors in the College of Education Graduate Education Office, Teacher Certification and Advising Office and secondary education faculty members in the content (teaching) area to plan specific programs and review requirements. Any hours in addition to the above necessary to meet state teacher certification requirements will be determined.

*This course, pending formal approval, could be substituted with an equivalent course. See the Graduate Office, secondary faculty or Teacher Certification and Advising Office for more information.

## Graduate Studies in Education

### Degrees and Areas of Emphasis

The College of Education offers Master of Education (M.Ed.), Educational Specialist (Ed.S.), and doctoral degrees at the graduate level. The M.Ed. degrees and the emphasis areas are:

- **Adult and Higher Education**
  - Adult Education emphasis
  - Higher Education emphasis
- **Counseling**
  - Elementary School Counseling emphasis
  - Secondary School Counseling emphasis
  - Community Counseling emphasis
- **Educational Administration**
  - Community Education emphasis
  - Elementary Administration emphasis
  - Secondary Administration emphasis
- **Elementary Education**
  - Early Childhood Education emphasis
  - General emphasis
  - Reading emphasis
- **Secondary Education**
  - Curriculum and Instruction emphasis
  - General emphasis
  - Reading emphasis
  - Special Education
  - General emphasis
  - Early Childhood/Special Education emphasis

Courses are available for areas of specialization within the M.Ed. programs, including educational technology, physical education, educational psychology, and the various secondary school subject areas.

Ed.S. degree programs are available in school psychology and educational administration.

Programs leading to the Ed.D. degree are offered in four broad interdisciplinary emphasis areas: Educational Administration; Adult & Higher Education; Teaching-Learning Processes; and Counselor Education. Programs leading to the Ph.D. degree are offered in the areas of Counseling, Educational Psychology, Teaching-Learning Processes, and Educational Leadership and Policy Studies.

### Master of Education Degree

The Masters of Education Degree programs are designed for graduates to attain the following program outcomes:

- Understand the major theories in the discipline of study
- Attain a solid foundation in the overall field of education in general, including areas of social justice, educational leadership and advocacy, educational psychology and research
- Attain a depth of knowledge in the primary discipline
- Think critically
- Develop skills as a reflective practitioner to be able to create and sustain change
Conduct teacher research

Admission and General Requirements
The College of Education follows Graduate School policies relating to admissions, academic standards, residency, transfer credit, time limitations, and thesis options (see Graduate Study in this Bulletin). In addition to meeting the general requirements of the Graduate School, applicants for school or community counseling must complete a separate application (see graduate studies in the Counseling division in this Bulletin). The minimum number of hours required for the M.Ed. degree is 32 or 33 except that the elementary, secondary, and community counseling emphases require 48 hours. The school has adopted a flexible policy on exit requirements, which are determined divisionally.

Advisement and Program Planning
Upon acceptance, each student can contact the Office of Graduate Education for an appointment with the graduate advisor for a first semester course of study (314) 516-5483 or NAshford@umsl.edu. After acceptance, each student completes an adviser form, sent by the College of Education's Office of Graduate Education, 123 SCCB. A faculty adviser is then appointed who counsels the student in registration and program planning. A program for master's degree form must be submitted for approval during the first half of the student's program. This form includes all course work in the program and the exit requirement. Once approved, the degree program may be changed only by petition.

Students working toward teacher and/or school service personnel certification as graduate students should complete state certification forms in the Teacher Certification and Advising Office, 155 Marillac Hall, one year before those requirements will be completed.

Educational Specialist Degree
The Ed.S. degree is intended for school personnel preparing for a specific role, either that of a school psychologist or that of a school building or district administrator. The programs require 60 hours of postbaccalaureate course work designed to meet the respective Missouri certification requirements. The Ed.S. in School Psychology degree program requires three years of intensive, full-time, training but students may be able to complete up to half of the curriculum as a part-time student. The Ed.S. in Educational Administration can be pursued on a part time or a full time basis.

The Educational Specialist Degree program is designed for graduates to attain the following program outcomes:

- Expand their knowledge of the major theories in their area of specialty
- Attain a solid foundation in the field of education in general and a depth of knowledge in the specialty
- Think critically
- Develop skills to become a reflective practitioner
- Mentor teachers and other practitioners as a specialist in a specific area
- Understand research methods in education
- Conduct research
- Demonstrate leadership skills and attributes

Admission and General Requirements
The College of Education follows Graduate School policies relating to admissions, academic standards, residency, transfer credit, time limitations, and exit requirements. Specific materials required for application vary by program, but generally applicants should submit an application to The Graduate School, transcripts of previous college work, GRE scores, and letters of recommendation.

Advisement and Program Planning
For advising and program planning, school psychology students should contact the Division of Educational Psychology, Research and Evaluation, 402 Marillac Hall, 314-516-5783. Educational administration students should contact the Division of Educational Leadership and Policy Studies, 269 Marillac Hall, 314-516-5944.

Doctor of Education Degree
The Ed.D. degree is designed primarily for the field practitioner and prepares professional leaders who are competent in identifying and solving complex problems in education. Four emphasis areas embrace general categories of professional activities: Educational Administration; Adult & Higher Education; Teaching-Learning Processes; and Counselor Education. The Educational Administration emphasis permits students to address requirements for Career Continuous Administrator Certification with the state department of education.

The Ed.D. program is designed for graduates to attain the following program outcomes:

- Understand the major theories in their primary and secondary disciplines
- Attain a solid foundation in the field of education in general and a depth of knowledge in the primary discipline
- Think critically
- Locate literature in the primary and secondary disciplines
- Understand research methods in education
- Conduct research
- Demonstrate leadership skills and attributes

Students seeking the Ed.D. degree are expected to meet the Graduate School's doctoral degree requirements and procedures.

**Admission and General Requirements**

In addition to meeting the application and admissions requirements of the Graduate School, students must submit three letters of recommendation (two letters must be from individuals with an earned doctorate, preferably prior instructors), along with a professional resume. Because enrollment is competitive, admission standards are comparatively high. Successful candidates must exhibit significantly above-average academic records and GRE scores. In exceptional cases, other criteria may outweigh these customary indicators of probable academic success.

At least two years of teaching or other school service experiences are required for admission. Exceptions may be made by substituting a supervised internship during the first year of the program.

**Admission Application**

To ensure time for review and decision, applicants must complete the Graduate School’s and program applications and submit accompanying materials in a timely manner. In addition, applicants are urged to request transcripts and letters of recommendation two weeks before completing the online application. Consideration of applications cannot be undertaken until all materials are available.

**Degree Requirements**

1. Foundations, 12 hours from: philosophical, historical, psychological, sociological, anthropological, and comparative foundations of education, as well as curriculum, instruction and supervision.

2. Research Methods, 12 hours:

   Students in the Educational Administration, Adult and Higher Education, and Teaching-Learning Processes options should complete the following or equivalent in order:

   - **ED REM 6735**: Statistical Analysis for Educational Research (pre-requisite)
   - **ED REM 6750**: Advanced Research Design in Education

   **Plus any two methods courses from the following:**

   - **ED REM 7771**: Quantitative Research Methods I
   - **ED REM 7772**: Quantitative Research Methods II
   - **ED REM 7781**: Qualitative Methods in Educational Research I
   - **ED REM 7782**: Qualitative Methods in Educational Research II

   This sequence totals 12 hours of methods courses. Any remaining required hours could be completed with other ED REM courses numbered 6000 or higher or research courses in another curriculum.

   Students in the Counselor Education option should complete the following sequence:

   - **ED REM 6710**: Educational Research Methods and Design
   - **ED REM 7771**: Quantitative Research Methods I
   - **ED REM 7781**: Qualitative Research Methods I

   **Plus any one method course from the following:**

   - **ED REM 7772**: Quantitative Research Methods II
   - **ED REM 7782**: Qualitative Methods in Educational Research II

3. Common doctoral seminars, 6 hours

   - **EDUC 7050**, The Research Process I: Framing Research Questions with the Education Literature
   - **EDUC 7950**, The Research Process II: Developing and Refining Education Research Proposals

4. Major Specialization, 21-39 hours:

   **Educational Administration Option**

   Educational Administration (ED ADM) or other courses selected in consultation with the advisory committee, including internship (3-9 hours)

   **Adult and Higher Education Option**

   Adult Education (ADULT ED) or Higher Education (HIGHERED) or other courses selected in consultation with the advisory committee, including internship (3-9 hours)

   **Teaching-Learning Processes Option**
Teacher Education (TCH ED) courses or courses in education in a teaching field, including courses on curriculum construction and the design and improvement of instruction, all selected in consultation with the advisory committee, including internship (3-9 hours)

**Counselor Education Option**
Counseling Education (CNS ED) or other courses selected in consultation with the advisory committee, including internship (3-9 hours)

5. Minor Specialization, 12-18 hours
A secondary area of expertise identified in consultation with the advisory committee

6. Dissertation, 12 hours

Total: minimum 90 hours, postbaccalaureate

**Doctor of Philosophy Degree**
The Ph.D. degree in education, offered in cooperation with the School of Education at the University of Missouri- Kansas City and the College of Education at the University of Missouri-Columbia, is designed for educators who desire directed research experience promoting scholarly inquiry in education. Four emphases are available:

- Teaching-learning processes
- Educational leadership and policy studies
- Educational psychology
- Counseling

The Ph.D. program is designed for graduates to attain the following program outcomes:

- Understand the major theories in their primary and secondary disciplines
- Attain a breadth of knowledge in education in general and a depth of knowledge in the primary discipline
- Think critically
- Locate literature in the primary and secondary disciplines
- Understand research methods in education
- Conduct research
- Demonstrate leadership skills and attributes

**Admission and General Requirements**
In addition to meeting the application and admissions requirements of the Graduate School, students must submit:

- Three letters of recommendation (at least two from individuals with earned doctorates, preferably prior instructors).
- An original essay.
- A professional resume.
- Evidence of above-average academic records.
- GRE scores

Admission is competitive, and a favorable vote of an admission interview committee, composed of faculty in the emphasis area, is required.

**Admission Application**
To ensure time for review and decision, applicants must complete the Graduate School’s and program applications and submit accompanying materials in a timely manner. In addition, applicants are urged to request transcripts and letters or recommendation two weeks before completing the online application. Consideration of applications cannot be undertaken until all materials are available. The deadline for applying to the Counseling emphasis is January 15th.

**Degree Requirements**

1. **Foundations, 9-12 hours:**
   Philosophical, historical, psychological, sociological, anthropological, and comparative foundations of education, as well as curriculum, instruction, and supervision.

2. **Research Methods 15-18 hours:**
   Students in the Teaching-Learning Processes, Educational Leadership and Policy Studies, and Educational Psychology emphasis areas should complete the following or equivalent in order:

   **ED REM 6735:** Statistical Analysis for Educational Research (Pre-requisite)
   **ED REM 6750:** Advanced Research Design in Education
Plus any three methods courses from the following:

ED REM 7771: Quantitative Research Methods I
ED REM 7772: Quantitative Research Methods II
ED REM 7781: Qualitative Methods in Educational Research I
ED REM 7782: Qualitative Methods in Educational Research II

This sequence totals 15 hours of methods courses. Remaining hours can be completed with other ED REM courses numbered 6000 or higher or research courses in another curriculum.

For Ph.D. students in the Counseling emphasis area, the recommended sequence is:

ED REM 6710: Educational Research Methods and Design
ED REM 7771: Quantitative Research Methods I
ED REM 7772: Quantitative Research Methods II
ED REM 7781: Qualitative Methods in Educational Research I
ED REM 7782: Qualitative methods Educational Research II

3. Foreign Language Proficiency or Other Research Tools, equivalent to 6 hours

4. Emphasis Area (Primary Discipline) courses, 21-27 hours, with at least 16 in residence, in one of the following areas:

A. Teaching-Learning Processes
Minimum 15 hours in cognate area
Minimum 3 hours in curriculum or instruction
Minimum 3 hours in educational psychology

B. Educational Leadership and Policy Studies
Minimum 21 hours in educational leadership, either in K-12, higher education, work, adult, or community education settings, selected in consultation with the faculty advisor and advisory committee.

C. Educational Psychology
Minimum of 21 hour in educational psychology. Program may include courses in research and evaluation methods, school psychology, developmental psychology, cognition and learning, character education, and socio-cultural theory. Courses in the primary discipline will be selected in consultation with the faculty adviser and advisory committee.

D. Counseling
CNS ED 6030, Foundations for Multicultural Counseling
CNS ED 6040, Group Procedures in Counseling
CNS ED 6050, Individual Inventory
CNS ED 6370, Community Counseling Practicum (or CNS ED 6270, School Counseling Practicum)
CNS ED 6380, Community Counseling Field Experience (6 hours) (or CNS ED 6280, School Counseling Field Experience I and CNS ED 6285 School Counseling Field Experience II
CNS ED 6400, Career Information and Development
CNS ED 6410, Advanced Career Development
CNS ED 7000, Advanced Theories of Counseling and Family Therapy
CNS ED 7010, Advanced Multicultural Counseling
CNS ED 7020, Seminar in Counseling Research
CNS ED 7030, Counselor Education and Supervision
CNS ED 7770, Doctoral Practicum (3 hours)

Additionally, all students should complete CNS ED 7780, Doctoral Internship (6 hrs) as a research internship; and a secondary discipline in ED PSY consisting of at least ED PSY 6310, Psychology of Learning Processes, ED PSY 6113, Personality Development and Adjustment, and ED REM 6718, Psycho-Educational Assessment II

5. Related (Secondary Discipline) Courses, 12-15 hours, in education or another department.

6. Required Exit course, 3 hours
Education 7950, The Research Process II: Developing and Refining Education Research Proposals

7. Research Internship, 6-9 hours

8. Dissertation, 12 hours

Total: Minimum 90 hours, postbaccalaureate

Support Services
The College of Education maintains a number of offices and centers to directly assist students, faculty, and people in the metropolitan area and to support its instructional, research, and service activities.
Teacher Certification & Advising Office - 155 Marillac
This office provides advising services for teacher education undergraduate and certification students. The office co-ordinates the teacher education clinical experiences, directs the student teacher program and submits documents for state teacher certification.

Office of Graduate Education - 123 SCCB
Information about admission to, and requirements of, graduate programs in education may be obtained in this office. The office also assists students with advisement, registration, graduation and related topics, and maintains student records.

School and Family Counseling Center, Suite 9, Regional Center for Education and Work
The School and Family Counseling Center is a training facility for graduate students supervised by faculty in the Division of Counseling and Family Therapy. Counseling assistance with individual, couples, and family problems as well as adults, adolescents, or children’s developmental concerns are available to individuals in the community. Phone (314)-516-5782 for more information.

Reading Clinic - B9 ED LIB
The reading clinic provides a laboratory setting for graduate level elementary and secondary teachers who are seeking certification as reading specialists. The clinic has been providing services to the surrounding community in diagnosing and treating severe reading problems in children and adults since 1966. The clinic also serves as a demonstration and materials center for preservice and inservice teacher education, as well as a clinical research facility for the faculty.

University Child Development Center - 130 SCB
The center provides university students with observation, participation, research, and similar educational and clinical opportunities; it also offers quality child care programs for children of student, faculty, staff, and community families.

E. Desmond Lee Technology and Learning Center - 100 Marillac
The center provides education students and faculty a model environment for managing new methods of teaching through the newest technologies; a place to research and develop technology-enhanced teaching methods to engage K-12 students; and programs that connect school classrooms to the workplace.

Mark Pope, Professor and Chair  
Ed.D., University of San Francisco  

R. Rocco Cottone, Professor  
Ph.D., Saint Louis University  

Charles D. Schmitz, Professor and Dean  
Ph.D., University of Missouri - Columbia  

Therese S. Cristiani, Associate Professor  
Ed.D., Indiana University  

Susan Kashubeck-West, Associate Professor  
Ph.D., Ohio State University  

W. Glenn White, Associate Professor Emeritus  
Ph.D., University of Missouri Columbia  

Angela D. Coker, Assistant Professor  
Ph.D., Union Institute and University  

Donghyuck Lee, Assistant Professor  
Ph.D., Florida State University  

Matthew E. Lemberger, Assistant Professor  
Ph.D., University of South Carolina

General Information

The Division of Counseling and Family Therapy is housed on the fourth floor of Marillac Hall. Information about offerings and related matters may be obtained in the Division office, 469 Marillac Hall. The Division of Counseling and Family Therapy offers course work leading to three degrees: the Ph.D. in Education with an Emphasis in Counseling; the Ed.D. in Counselor Education and Supervision; an M.Ed. in Counseling with an emphasis in elementary school counseling, secondary school counseling, and community counseling. General information on the doctoral degrees is presented here. Specific information on the doctoral degrees is presented in this Bulletin in the general College of Education listing.

The following Division of Counseling and Family Therapy areas have been accredited by the Council for Accreditation of Counseling and Related Educational Programs (CACREP):

- Master of Education (M.Ed.) in School Counseling
- Master of Education (M.Ed.) in Community Counseling
- Master of Education (M.Ed.) in Community Counseling with a Specialization in Career Counseling
- Doctor of Education (Ed.D.) in Counselor Education and Supervision/Doctor of Philosophy (Ph.D.) in Education with an Emphasis in Counseling

CACREP, a specialized accrediting body recognized by the Commission on Recognition of Postsecondary Accreditation, grants accredited status to graduate-level programs in the professional counseling field.

Students wishing to receive Missouri certification in elementary school counseling or secondary school counseling must complete all required courses for the M.Ed. in School Counseling in addition to holding teaching certificates valid in Missouri or taking the equivalent course work. (Consult your advisor if you have questions on these matters.) The M.Ed. in Community Counseling is appropriate for students planning to practice counseling in non school settings, and graduates may pursue the Missouri state license as a professional counselor (in order to practice independently).

The M.Ed. degree programs have an exit requirement of a comprehensive examination. Students may sit for the exam after completing 36 units of the degree program. There is a service charge for taking the exam. The exam will be given at least twice a year. All degree students should consult with their advisers about this requirement.
Vision
The Division of Counseling and Family Therapy, as one of the preeminent counselor preparation programs in the United States, strives to develop the highest quality, culturally competent human service providers through superior teaching, scholarly activity, and service.

Mission
The Division of Counseling and Family Therapy prepares both master’s and doctoral level professional counselors and counselor educators, marriage and family therapists, and counseling psychologists to serve the mental health needs of culturally diverse individuals, groups, couples, and families in need. The Division’s outreach extends to schools, colleges and universities, community based organizations, business and industry, as well as independent practice. The Division strives to develop a culturally diverse student population and to draw students from local, regional, national, and international locations.

Values
The Division of Counseling and Family Therapy is committed to the full integration of practice, research, and advocacy in the training of counselors for our society. Major emphases in all aspects of such training offered in the Division is the faculty’s commitment to social justice, multicultural training, issues of diversity, and the value of work in people’s lives. Counselors play a direct role in facilitating the development of active, productive, and healthy members of society, and counselors must be trained to be fair and non-discriminatory, while building on strengths and acknowledging areas for improvement in their clients. Training must be based on empirically and theoretically sound practice, not unfounded or prejudicial opinion. Counseling professionals are guided by the well-established ethical principles in the mental health professions: beneficence, non-maleficence, justice, autonomy, and fidelity. Beneficence, as a guiding principle, means that counselors act in the best interests of their clients. Non-maleficence means counselors avoid doing harm to clients. Justice means that counselors are fair and non-discriminatory. Autonomy means that counselors view clients as self-directing, as much as possible, and free to make decisions without undue influence. And finally, counselors are guided by the principle of fidelity, meaning they are loyal to their clients and maintain the confidentiality and privacy of the counseling relationship. These general principles guide counseling practice, and they are at the foundation of how the Division of Counseling and Family Therapy trains future counselors for work in our society.

Graduate Studies

Admission
In addition to meeting the general admission requirements of the Graduate School, applicants to the M.Ed. must complete the divisional application in addition to the application to Graduate School, have three completed references on file, must have an undergraduate GPA of 3.0, and must take CNS ED 6000, Personal and Professional Development in Counseling, in their first semester. Admissions will be conducted twice a year. The deadlines for application are June 1 for the fall semester and October 1 for the spring semester.

Since it is the objective of the counseling faculty to identify students with low potential for competent practice as early as possible and to initiate the necessary procedures for dealing with such students, faculty of the counseling program reserves the right to review students at any stage of their coursework. Any grade less than a B in any core counseling course or a U ( Unsatisfactory) in any clinical course (CNS ED 6000, Personal and Professional Development in Counseling; CNS ED 6010, Theories of Counseling; CNS ED 6370, Community Counseling Practicum or CNS ED 6270 School Counseling Practicum; CNS ED 6380 Community Counseling Field Experience or CNS ED 6280 School Counseling Field Experience I or CNS ED 6285, School Counseling Field Experience II) will automatically trigger a review process. The Counseling Review Board process, however initiated, may result in the termination of the student’s degree program or other required or recommended Remedies to address deficiencies judged by the Counseling Review Board as related to the skills that are essential to the development of competent and ethical practices as a professional counselor.

Students admitted to the M.Ed. degree programs in counseling as “restricted graduate students” (see the “graduate study” rules in this Bulletin) must attain a 3.0 GPA for the first 12 hours of graduate course work at UMSL with no grade less than a B or a U ( Unsatisfactory) in any clinical course. Restricted students must include the following courses in the first 12 hours of coursework: CNS ED 6000, Personal and Professional Development in Counseling; CNS ED 6010, Theories of Counseling; CNS ED 6370 Community Counseling Practicum or CNS ED 6270 School Counseling Practicum. A student earning any grade less than a B in any of these courses or a U ( Unsatisfactory) in any clinical course, but still maintaining a 3.0 GPA, will be allowed to repeat the course one time and must earn a grade of B or better or an S ( Satisfactory) in any clinical course to be admitted.

Master of Education in School Counseling – Overview

Mission
The School Counseling Program of the Division of Counseling and Family Therapy prepares professional school counselors to serve the academic, career, and personal/social needs of culturally diverse students in the elementary, middle, and secondary schools. The Division strives to develop a culturally diverse student population and to draw students from local, regional, national, and international locations.
Purpose and Objectives
The M.Ed. in School Counseling program prepares school counselors for positions in public or private elementary, middle, or secondary schools. The program is designed to fulfill entry-level program standards of preparation. It also is intended to enable program graduates to obtain Missouri Department of Elementary and Secondary Education Certification in School Counseling.

Emphasized in the program is the use of developmental perspectives by school counseling and guidance practitioners as outlined by the Missouri Department of Education, the Council for the Accreditation of Counseling and Related Educational Programs (CACREP), and the most innovative school counselor training standards as described by the professional literature. That is, guidance and counseling services are considered appropriate and necessary for all students in schools, not just those with problems or in crisis. Remedial and crisis intervention theories and strategies are covered in the curriculum; however, facilitation of "developmental" conditions needed for students' learning, re-learning, and effective coping are viewed as most important.

The objectives of the school counseling program are to prepare graduates who can conceptualize and organize a school-based program around the eight goals which characterize developmental guidance and counseling programs. The objectives of the program are to prepare graduates who:

1. understand school environments;
2. understand self and others;
3. understand students' attitudes and behaviors;
4. understand students' decision-making and problem-solving skills;
5. have effective interpersonal and communication skills;
6. understand students' school success skills;
7. understand students' career awareness and educational planning; and
8. understand community pride and involvement.

Each of these objectives is further delineated by a set of general objectives, described through expected observable outcomes. While each of these objectives are applicable to all grade levels, particular attention is given to objectives related to developmental stages and tasks for appropriate age groups. Program graduates are expected to be competent in and be able to:

1. provide individual counseling;
2. provide small group counseling;
3. present large group/classroom guidance;
4. organize and manage peer facilitator programs;
5. develop a series of counseling and guidance activities for dysfunctioning (i.e. target) students;
6. provide leadership in organizing guidance experiences for all students within a school;
7. lead parent education groups;
8. consult individually and in groups with teachers, parents, and administrators;
9. consult with child study teams; and
10. demonstrate counselor effectiveness through accountability studies.

Master of Education: Emphasis in Elementary School Counseling
The courses listed below meet the coursework requirements for the M.Ed. degree, state certification, and licensing as a professional counselor:

Counselor Education (CNS ED)
6000, Personal and Professional Development in Counseling
6010, Theories of Counseling
6020, Ethical and Professional Issues in Individual and Relationship Counseling
6030, Foundations for Multicultural Counseling
6040, Group Procedures in Counseling
6050, Individual Inventory
6200, Foundations of School Guidance
6270, School Counseling Practicum
6280, School Counseling Field Experience I
6285, School Counseling Field Experience II
6400, Career Information and Development

Psychological Foundations and Human Development (ED PSY)
6210, Lifespan: Individual & Family Development
6532, Psycho-Educational Differences in Childhood

Educational Research and Evaluation Methods (ED REM)
6709, Educational and Psychological Measurement
6710, Educational Research Methods and Design

One elective course
Total 48 hours.

Individuals seeking certification as a professional school counselor in the State of Missouri who are non-teacher certificated must take the following courses in addition to their counseling degree: ED PSY 6111, SPEC ED 6412, SPEC ED 6320, and ELE ED 6410 or SEC ED 6415. Students seeking K-12 certification must take both ELE ED 6410 and SEC ED 6415.

Master of Education in Community Counseling – Overview

M. Ed. Community Counseling Program Mission Statement
The Community Counseling Program of the Division of Counseling and Family Therapy prepares professional counselors, including community, career, addictions, couples/family, and child and adolescent counselors, to serve the mental health needs of culturally diverse individuals, groups, couples, and families in need. The Division’s outreach extends to schools, colleges and universities, community based organizations, business and industry, as well as independent practice. The Division strives to develop a culturally diverse student population and to draw students from local, regional, national, and international locations.

Purpose and Objectives
The M.Ed. in Community Counseling program prepares community counselors for positions in community colleges, universities, employment agencies, vocational rehabilitation agencies, probation and parole work, juvenile detention, alcoholism and drug abuse clinics, career planning and placement centers, community mental health agencies, family and children services, and various federally funded public service projects. Additionally, graduates are employed in career development, and business and industry positions, especially in training and personnel areas. Others have moved into roles calling for research and evaluation skills. The program is designed to fulfill entry-level program standards of preparation. It also is intended to enable program graduates to apply for the Missouri License for Professional Counselors.

The objectives of this program are to prepare graduates:

1. to function effectively and ethically as professional counselors in the community, within a mental health setting;
2. to be self-aware and sensitive to their clients as people who exist in the context of different cultures and races and people who are potentially at risk;
3. to flexibly and skillfully construct and apply theory and techniques to fit unique and changing needs of clients both individually and in groups, within a community mental health setting;
4. to be proficient with the understanding and human relations skills necessary to consult as part of a team effort, within a mental health setting;
5. to help individuals meet developmental concerns and needs both individually and in a variety of developmental group programs, within a mental health setting;
6. to be knowledgeable about career development and the use of appraisal instruments and test interpretation and their impact on individual planning;
7. to be knowledgeable about research methods and research literature; and
8. to value developing professional expertise as a lifelong process.

Master of Education: Emphasis in Secondary School Counseling
The courses listed below meet the course work requirements for the M.Ed. degree, state certification, and licensing as a professional counselor:

Counselor Education (CNS ED)
6000, Personal and Professional Development in Counseling
6010, Theories of Counseling
6020, Ethical and Professional Issues in Individual and Relationship Counseling
6030, Foundations for Multicultural Counseling
6040, Group Procedures in Counseling
6050, Individual Inventor
6200, Foundations of School Guidance
6270, School Counseling Practicum
6280, School Counseling Field Experience I
6285, School Counseling Field Experience II
6400, Career Information and Development

Psychological Foundations and Human Development (ED PSY)
6210, Lifespan: Individual & Family Development
6532, Psychoeducational Differences in Childhood

Educational Research and Evaluation Methods (ED REM)
6709, Educational and Psychological Measurement
6710, Educational Research Methods and Design

One elective course
Total 48 hours.

Individuals seeking certification as a professional school counselor in the State of Missouri who are non-teacher certificated must take the following courses in addition to their counseling degree: ED PSY 6111, SPEC ED 6412, SPEC ED 6320, and ELE ED 6410 or SEC ED 6415. Students seeking K-12 certification must take both ELE ED 6410 and SEC ED 6415.

**Master of Education: Emphasis in Community Counseling**
The community counseling emphasis allows flexibility for developing programs appropriate to particular nonschool settings. Students must have their adviser's approval before taking other than required courses.

**Core Curriculum (CNS ED)**
The courses listed below meet the course work requirements for the M. Ed. Degree and the license to practice as a professional counselor:

The courses listed below meet the course work requirements for the M. Ed. degree and the license to practice as a professional counselor:

- **6000**, Personal and Professional Development in Counseling
- **6010**, Theories of Counseling
- **6020**, Ethical and Professional Issues in Individual and Relationship Counseling
- **6030**, Foundations for Multicultural Counseling
- **6040**, Group Procedures in Counseling
- **6050**, Individual Inventory
- **6300**, Foundation of Community Counseling
- **6370**, Community Counseling Practicum
- **6380**, Community Counseling Field Experience (6)
- **6400**, Career Information and Development

**Psychological Foundations and Human Development (ED PSY)**
The following course is required:

- **6113**, Psychopathology and Diagnosis

**Educational Research and Evaluation Methods (ED REM)**
The following course is required:

- **6710**, Educational Research Methods and Design

**Area of Specialization (9 hours)**
Course work in the area of specialization is to be selected in consultation with the adviser and may include career counseling, mental health counseling, rehabilitation counseling, child and adolescent counseling, couples and family counseling, and others.

**Doctoral Program (Ed.D./Ph.D.) in Counselor Education and Supervision - Overview**

**Mission**
The mission of the Ed.D. in Counselor Education and Supervision is to produce individuals who can serve as: (a) advanced level school counselors; (b) school counselor coordinators; (c) school district counseling program coordinators; and (d) counselor educators.

**Purpose and Objectives**
The objectives of the Ed.D. in Counselor Education and Supervision Program are:

1. to build upon and enhance the knowledge base in core counseling areas through successful completion of advanced doctoral seminars in research and counseling practice;
2. to refine counseling practice skills and enhance the supervised experience base through successful completion of an advanced doctoral practicum and doctoral internships;
3. to enhance the identification of complex problems in education and counseling through advanced counseling coursework;
4. to develop problem solving strategies in education and counseling;
5. to train counselor educators and supervisors of counselors-in-training;
Ph.D. in Education in Counseling

Mission
Students completing the Ph.D. in counseling will be knowledgeable about counseling’s knowledge base; will be competent in research, measurement, and statistical methods; and will possess a high level of applied research and clinical skills. The goal of the program is to prepare professionals adept at theory development, qualitative and quantitative research methods, and integration of research with practice in counseling settings. The larger program intent is to produce researcher practitioners who can provide and assess services designed to enhance the lives of individuals facing extraordinary challenges throughout the lifespan.

Purpose and Objectives
The objectives of the Ph.D. in Education in Counseling Program are:

1. to build upon and enhance the knowledge base in core counseling areas through successful completion of advanced doctoral coursework in research and counseling practice;
2. to refine counseling practice skills and enhance the supervised experience base through successful completion of an advanced doctoral practicum and a doctoral internship;
3. to teach and to require the ethical practice of counseling, counseling research, and counselor education through course work and supervision of practice;
4. to enhance the student’s ability to identify and to solve complex problems in education and counseling;
5. to train counselor educators and supervisors of counselors-in-training;
6. to prepare professional counselors to provide a full-range of counseling services to individuals from differing cultural backgrounds facing extraordinary challenges throughout the life span. This requires academic training and supervised practice (both as a student and as a potential supervisor-in-training) addressing the concerns of clients from varied cultural backgrounds, including individuals in protected or minority statuses;
7. to prepare professionals adept at (a) theory development; (b) qualitative and quantitative research methods; (c) integration of research with practice in school and non-school counseling settings through advanced coursework and a research seminar;
8. to apply counseling theory to the process and practice of consultation in various counseling and educational contexts, learned primarily through the doctoral practicum and doctoral internship, but proceeded by classroom instruction on organizational climate, ethical climate, and problem solving in “Ethical and Professional Issues in Counseling”; and
9. to provide a firm theoretical foundation in personal and social development and assessment through the foundational area coursework;
10. to provide a context for skill development and practice in individual and group assessment (including intelligence, aptitude, achievement, interest, and personality assessment) through a supervised advanced doctoral practicum and doctoral internship;
11. to provide practitioners with a research foundation for directed enquiry and interpretation of research findings, through advanced coursework in research methods and a counseling research seminar; and
12. to encourage and facilitate linkage to the counseling professional community and academy through organizational involvement and efforts to present scholarly findings at professional conferences or in professional journals. Students in doctoral seminar and advanced courses will be encouraged to submit their work for publication or presentation through professional and academic outlets.
Ph.D. in Counseling Psychology

(Pending approval by the Coordinating Board of Higher Education)

The doctoral program in counseling psychology is designed to reflect a scientist-practitioner-advocate model. Students will be trained to be effective scientists, practitioners, and advocates for social justice. The program emphasizes the integration of theory, research, practice, and advocacy. A special emphasis is a focus on minority mental health and a goal to prepare counseling psychologists who understand, advocate for, and appreciate diversity in people, communities, and cultures.

Admission requirements for the Ph.D. in Counseling Psychology program include a Master's degree in counseling psychology, counseling, or a closely related field. The program requires 72 hours of coursework after admission to the program and is designed to be completed by full-time students in four years (three years of coursework and dissertation work followed by a one year, full-time internship in an applied setting). Students may elect to complete their coursework on a part-time basis, so long as university "residency requirements" are met. Part-time students will still complete a full-time internship in an applied setting after they have finished their coursework and dissertation work (typically they would do the internship during their 7th year in the program, assuming they attend on a half-time basis).

Required Courses

Counselor Education (CNS ED)
- CNS ED 7000, Advanced Theories and Foundations of Counseling Psychology (3 sem. cr. hrs)
- CNS ED 7010, Advanced Multicultural Counseling (3 sem. cr. hrs)
- CNS ED 7020, Seminar in Counseling Research (3 sem. cr. hrs)
- CNS ED 7030, Counselor Education and Supervision (3 sem. cr. hrs)
- CNS ED 7050, Advanced Assessment in Counseling Psychology (3 sem. cr. hrs)
- CNS ED 7070, Psychopathology and Diagnosis in Counseling Psychology (3 sem. cr. hrs)
- CNS ED 7200, History and Systems of Counseling and Psychology (3 sem. cr. hrs)
- CNS ED 6410, Advanced Career Development (3 sem. cr. hrs)
- CNS ED 7600, Advocacy, Consulting, and Community Intervention in Counseling Psychology (3 sem. cr. hrs)
- CNS ED 7770, Doctoral Practicum (9 sem. cr. hrs)
- CNS ED 7780, Doctoral Internship (3 sem. cr. hrs)

Educational Research and Evaluation Methods
- ED REM 6718, Psycho-Educational Assessment II (3 sem. cr. hrs)
- ED REM 7771, Quantitative Research Methods I (3 sem. cr. hrs)
- ED REM 7772, Quantitative Research Methods II (3 sem. cr. hrs)
- ED REM 7781, Qualitative Methods in Educational Research (3 sem. cr. hrs)

Educational Psychology
- ED PSY 6310, Psychology of Learning Processes (3 sem. cr. hrs) or ED PSY 6534 or ED PSY 6210 or ED PSY 6111 or ED PSY 7644 or PSYCH 5468 or PSYCH 5461
- ED PSY 6536, Biological Factors Influencing Human Behavior (3 sem. cr. hrs)
- ED PSY 7642, Sociocultural Perspectives in Education (3 sem. cr. hrs)

Education
- EDUC 7999, Dissertation Research (12 sem. cr. hrs)

Career Outlook

Elementary and Secondary School Counselors
The demand for school counselors throughout the state is quite high. There is a shortage of school counseling personnel at all levels. Additionally, many teachers who do not intend to leave the classroom pursue this program to be better able to meet the needs of their students. Some graduates of the program have left the field of education and have obtained positions such as those cited under Community Counseling.

Note: It should be noted that in Missouri, persons who engage in "professional counseling" in many of these settings are required by law to be licensed as professional counselors.

Community Counselors
Graduates have been employed in a wide variety of settings: as counselors in community colleges, universities, employment agencies, vocational rehabilitation agencies, probation and parole work, juvenile detention, alcoholism and drug abuse clinics, career planning and placement centers, community mental health agencies, family and children services, and various federally funded public service projects. Additionally, graduates are employed in career development, and business and industry positions, especially in training and personnel areas. Others have moved into roles calling for research and evaluation skills.

Course Descriptions

Prerequisites may be waived by consent of the department. For information about certification and licensure,
an adviser should be consulted. Course descriptions in this section are Counseling (CNS ED) courses.

1400 Making a Career Choice (1)
Introduces students to career development theories (Holland, Super, Bolles, etc.) and the career decision-making process. Students receive an overview of career development theory and learn how these theories pertain to the formulation of career plans. Self-assessment and decision-making techniques learned in this class can be revisited throughout the life span. The seminar format allows for small group discussion of career-related issues and personal application of career development principles.

3000 Introduction to the Counseling Profession (3)
Prerequisite: Junior or senior level standing. This survey course will provide undergraduates and noncounselors with a broad overview of the counseling profession. Topics include a history of the profession, foundations of counseling, ethical, and legal considerations and the role of the counselor in various settings.

3210 Counseling Gifted Students (3)
Prerequisites: SPEC ED 3313, ED PSY 3312, or equivalent. This course emphasizes the social and emotional development of gifted and talented individuals. Subject areas will include current research, factors affecting the development of the gifted, and resources and strategies utilized in counseling these students and their parents.

3220 Counseling Individuals with Special Needs (3)
Prerequisite: SPEC ED 3313, or equivalent. A course emphasizing counseling skills for individuals who plan to work with the handicapped. Emphasis is placed on using counseling strategies with school age handicapped children.

3710 Counseling the Chemically Dependent (3)
This course is an introduction to the problems resulting from the abuse of alcohol and other chemicals, with an emphasis on the impact of chemical dependence on the individual, the family, the employer, and the community. The special problems resulting from chemical dependence as it affects various populations, e.g., women, individuals with disabilities, and the elderly, will be analyzed and linked to appropriate counseling strategies.

3720 Youth and Chemical Dependence (3)
Prerequisite: Junior standing. This course provides information about adolescent and preadolescent chemical dependency and its relationship to numerous other developmental and societal factors that place the adolescent "at risk" for the development of substance abuse problems. Skills in the identification, intervention, and referral of chemically dependent adolescents are emphasized, along with preventive measures and family and school issues.

4314 Human Relations Skills (3)
Prerequisite: Consent of the instructor. A course emphasizing the development of specific skills in human relationships to help facilitate effective interaction among individuals and groups in the helping professions. Readings, discussion, and skillbuilding exercises will be used to develop various human relations skills.

4330 Principles and Procedures for Student Personnel Work (3)
Student personnel work in educational institutions, objectives of student personnel work, and certain pertinent techniques.

4342 Occupational and Educational Information (3)
Nature and use of occupational and educational information. Characteristics, requirements of occupations, and training opportunities.

6000 Personal and Professional Development in Counseling (3)
Prerequisite: Provisional acceptance to the Counseling Program or consent of instructor. This course provides an in-depth view of the professional counseling field. Attention is focused on the development of the helping relationship, including a review of research on factors which influence helping processes and rapport building, a development of skills used in the counseling process, and increased awareness of how students' values, beliefs, and behaviors are related to counselor effectiveness.

6010 Theories of Counseling (3)
Prerequisite: CNS ED 6000. This course will explore the philosophical foundations of counseling theory. The major constructs of contemporary counseling approaches will be discussed, and the practical applications of these theories will be analyzed.

6020 Ethical and Professional Issues in Individual and Relationship Counseling (3)
Prerequisite: CNS ED 6000. Ethical, legal, and professional issues related to counseling are addressed. Ethical dilemmas in the provision of counseling services to individuals, couples, families, and groups are defined. Specific ethical codes of professional organizations are examined.

6030 Foundations for Multicultural Counseling (3)
Prerequisite: CNS ED 6000 with a grade of B or better and CNS ED 6010. This course will focus on: (1)
reviewing knowledge and research in the area of multicultural counseling, (2) developing and/or enhancing skills useful in counseling with individuals from minority populations, and (3) developing levels of personal awareness about stereotypes, and learning how feelings and attitudes about these may impact counseling with individuals from minority populations.

**6040 Group Procedures in Counseling (3)**
Prerequisites: CNS ED 6000 with a grade of B or better and CNS ED 6010 and CNS ED 6270 or 6370. This course examines the process dynamics of groups including group development, leadership, norms and therapeutic factors. Group counseling theories and approaches used for other group work including skills, personal growth, support, vocational, and developmental guidance groups are included. Knowledge and skills of how to facilitate therapeutic groups are included. Students will be required to be participant observers or facilitators of a group outside of class time.

**6050 Individual Inventory (3)**
Prerequisites: ED REM 6709. Uses of educational and psychological appraisal techniques in counseling. Develops counselors' abilities in assisting clients toward self awareness through the use of test and nontest data. Ethical practices in the use of tests and the maintenance of personnel records are stressed.

**6060 Enhancing Counseling Skills (3)**
Prerequisites: CNS ED 6000. Focuses on mastery of basic counseling skills for students who possess an understanding of the counseling process.

**6200 Foundations of School Guidance (3)**
Prerequisites: CNS ED 6000 with a grade of B or better. The purpose of this course is to give students a foundation for understanding the history, philosophy, and development of school guidance programs. The role functions of the school counselor within a developmental, comprehensive program are examined, along with communication skills necessary for consultation with students, parents, school support staff, and resource people in the community nonacademic needs.

**6220 Current Issues In Counseling Special Needs Populations (3)**
Prerequisites: Graduate Standing. Designed to analyze relevant literature and to provide communication skills training for those professionals in school settings who work with individuals with special needs. The characteristics and social and emotional needs of this special population will be discussed as well as the impact of special needs on the family system.

**6270 School Counseling Practicum (3)**
Prerequisite: CNS ED 6000 and 6010 (both courses with a grade of B or better) or consent of the instructor. Supervised practice in counseling with children and adolescents and the opportunity for students to learn to facilitate personal change and problem solutions using a defined systematic framework, theoretical orientation, or research base.

**6280 School Counseling Field Experience I (3)**
Prerequisite: CNS ED 6270 with a grade of B or better and consent of instructor. A 300-hour closely supervised field experience under the direction of a graduate faculty member. Designed to move the student to an appropriate level of competence and evidence of growth in the professional school counselor role. Students will receive 1.5 hours of group and 1 hour of individual supervision weekly by field experience site supervisor.

**6285 School Counseling Field Experience II (3)**
Prerequisites: CNS ED 6280 with a grade of B or better and consent of instructor. A 300-hour closely supervised field experience under the direction of a graduate faculty member. The course will extend the School Counseling Field Experience I. The student will acquire counseling competencies and ethical practice in keeping with the Missouri state guidelines for school counselors. Students will receive 1.5 hours of group and 1 hour of individual supervision weekly by field experience site supervisor.

**6300 Foundation of Community Counseling (3)**
Prerequisites: CNS ED 6000 with a grade of B or better and CNS ED 6010. A study of counseling profession applicable to a variety of human service settings. Introduction to the basic philosophical, historical, and psychological foundations of community and agency counseling. Designed to acquaint the student with the foundations and roles of the counselor in various community and agency settings.

**6370 Community Counseling Practicum (1-6)**
Prerequisite: CNS ED 6000 and 6010 and consent of instructor. One hundred clock hours of supervised practice in counseling to provide the opportunity for students to pragmatically integrate and process materials, theories, techniques, and methodologies as they are applied in the counseling profession.

**6380 Community Counseling Field Experience (1-6)**
Prerequisite: CNS ED 6370 and consent of instructor. A 100-hour field experience for each semester-credit-hour of enrollment. Students will be closely supervised under the direction of a graduate faculty member. Students must demonstrate counseling competencies and skillful ethical practice. Students will receive 1.5 hours of group supervision weekly by a graduate faculty member and 1 hour of individual supervision weekly.
6400  Career Information and Development (3)
Prerequisites: CNS ED 6000 with a grade of B or better and graduate standing. Emphasis is on the nature of the changing labor market and the impact on personal, social, economic, career and educational aspects of individuals and society. Use of occupational and educational information systems and resources to assist with career decisions are examined. The needs of culturally diverse populations are discussed. Use of career and labor market information and programs such as computer technology to access up to date career and labor market information is explored. Techniques and methods of career counseling are discussed. Various theories of career development and career choice will be examined.

6404  Seminars (1-10)
Prerequisite: Graduate Standing

6410  Advanced Career Development (3)
Prerequisites: CNS ED 6400 or consent of instructor. Emphasis is on current theories of career development, career choice, and techniques and methods of career counseling. Issues concerning education and training, work, leisure, the family, life roles, and culturally diverse populations are studied. The role of career theory in planning, development, and delivery of a career development program is explored.

6420  Career Assessment in Counseling and Rehabilitation (3)
Prerequisites: CNS ED 6050 and 6400 or consent of instructor. This course provides an in-depth and specialized look at the educational and psychological assessment techniques used in career counseling, especially the assessment of career interests, work values, work environment, work skills, work samples, career development stages, career maturity, career decision making, and career beliefs. Issues of using computers in the delivery of career development services will be discussed.

6497  Problems (1-10)

6500  Introduction to Systems Theory for Marriage and Family Counseling (3)
Prerequisite: CNS ED 6010. This course is an introduction to general systems theory and application to marriage and family counseling. Students learn the theoretical basis for intervention and counseling strategies in the context of an ecology of human development. Developmental issues at individual, sibling, marital, family, and community levels and the ways in which various social systems interact with and mutually influence one another are presented.

6510  Couple Counseling and Enrichment (3)
Prerequisite: CNS ED 6500 or consent of instructor. This course focuses on the theory and technique of marital or couples counseling and enrichment. Models and methods for prevention and treatment of relationship dysfunction are explored. Relationship developmental issues are addressed. Students are challenged to develop the critical skills necessary to be effective marriage counselors and marital life educators.

6520  Family Counseling (3)
Prerequisites: CNS ED 6500 and CNS ED 6260 or 6370, or consent of instructor. This course offers an in-depth analysis of strategic, structural, experiential, communications, behavioral, and psychodynamic approaches to systems change and family counseling. The range of techniques and applied practices evolving from each orientation are explored as are normal and dysfunctional family processes. Various counseling modalities, such as individual, concurrent, collaborative, conjoint, group, intergenerational, and networking are also considered.

6600  Theories and Techniques of Counseling Children and Adolescents (3)
Prerequisite: CNS ED 6000, 6010 (with a grade of B or better in both courses) or consent of the instructor. Focus is on counseling theories and their applicability to the developmental special concerns of children and adolescents including child-at-risk issues such as: abuse, suicide, divorce, and death and dying. Individual, group, and family intervention techniques and consultation skills will be emphasized, as well as legal and ethical considerations for counselors. Strategies presented can be utilized in a variety of settings. Multicultural considerations are also addressed.

6700  Introduction to Addictive Behaviors and Addiction Counseling (3)
Prerequisites: CNS ED 6010 consent of instructor. Exploration of the theoretical foundations of contemporary approaches to such addictive behaviors as alcohol and drug abuse, smoking, compulsive gambling, and sexual addiction. The nature, etiology, prevention, and treatment of addictions are discussed and analyzed from a variety of theoretical perspectives. The applications of these specific theoretical models to various treatment settings are examined. Multicultural considerations are also addressed.

6782  Advanced Strategies in Addictions Counseling (3)
Prerequisite: CNS ED 6700, or consent of instructor. Study of advanced, empirically supported counseling approaches and techniques for the treatment of addictive behaviors. An emphasis is placed on screening and assessment procedures and on matching interventions to individual client and community needs.

6784  Counseling the Dual Diagnosed Substance Abuser (3)
Prerequisites: CNS ED 6700 and CNS ED 6010. This course introduces the student to the special needs, concerns, and problems encountered when counseling clients who are both mentally ill and chemically dependent. Subject areas include an overview of counseling methodologies, diagnosis, and psycho pharmacology.

6800 Rehabilitation Counseling (3)
Prerequisite: CNS ED 6000; 6010; 6270; or 6370. This course addresses: a) the history of vocational rehabilitation; b) specialty issues in rehabilitation counseling; c) medical aspects of disability; d) the rehabilitation process; e) theories of rehabilitation; f) the assessment process of individuals with disabilities; g) the job placement and work adjustment process of individuals with disabilities; h) ethical issues in rehabilitation counseling.

6810 Integrating Religion and Spirituality in Counseling (3)
This course is for counselors and students wishing to develop the methods to integrate religion and spirituality in counseling and learn about counseling strategies for persons of various religious backgrounds, the link between health and religion, and ethics involved in the assessment and integration of religion and spirituality in practice.

7000 Advanced Theories and Foundations of Counseling Psychology (3)
Prerequisites: Doctoral standing or instructor consent. A seminar on the discipline of counseling psychology, including its history, development, and current status. An important focus will be contemporary and emergent theories in the field.

7010 Advanced Multicultural Counseling (3)
Prerequisite: CNS ED 6030 and doctoral standing or consent of instructor. This advanced course addresses theories and research in multicultural counseling

7020 Seminar in Counseling Research (3)
Prerequisite: ED REM 6710, doctoral standing or consent of instructor. The purpose of this course is to review and analyze current counseling research literature. Ethical issues will be addressed.

7030 Counselor Education and Supervision (3)
An introduction to clinical supervision in counseling. Theories, models, and research in supervision will be presented. Students will supervise master’s level students in practicum and internship courses in counseling.

7035 Counselor Education & Supervision Practicum (3)
Prerequisites: Admission to the Counseling Option in the Ed.D. or Ph.D. Program. Offers advanced training in counseling supervision. Students will supervise master’s level students in practicum and internship courses in counseling. Students will be expected to maintain an assigned caseload of supervisees and attend three hours of weekly doctoral-level supervision.

7040 Counseling Women Toward Empowerment (3)
Prerequisite: CNS ED 6000, 6010 and CNS ED 6270 or 6370 or consent of instructor. An introduction to Women's issues in counseling. Relational theory, healthy female development, and an overview of clinical issues most common to females will be presented.

7050 Advanced Assessment in Counseling (3)
Prerequisite: CNS ED 6050 and doctoral standing or consent of the instructor. This course develops advanced skills in the assessment process which includes the administration, scoring, and interpretation of psychological tests and environmental inventories, clinical interviewing, observation, and the gathering of historical and collaborative information; and the integration of this information into patterns to predict human functioning.

7070 Psychopathology and Diagnosis in Counseling Psychology (3)
Prerequisite: Doctoral standing or consent of instructor. This advanced course provides an in-depth look at adult psychopathology based upon the diagnostic categories of the Diagnostic and Statistical Manual of Mental Disorders (DSM). Contemporary theoretical, clinical, and research issues will be covered, with an emphasis on differential diagnosis.

7200 History and Systems of Counseling and Psychology (3)
Prerequisites: Doctoral standing or instructor consent. A review of the major theoretical systems and schools of psychology in terms of historical assumptions, methodologies, and developments.

7400 Advanced Topics in School Counseling Leadership (3)
Prerequisites: Admission to the Counseling Option in the Ed.D. Program. Focuses on leadership roles and advanced skills for professional school counselors, school counseling supervisors, and school counseling educators. Models for school counseling programs, evaluation strategies, and training and supervision strategies will be addressed, with a special emphasis on preventative and culturally sound interventions.

7600 Advocacy, Consulting, and Community Intervention in Counseling Psychology (3)
Prerequisites: Doctoral standing or instructor consent. This course provides students with knowledge and
experience in the application of psychological theories and methods to community concerns and problems.

**7770 Doctoral Practicum (3)**
Prerequisites: Doctoral standing. 100 hours of on-campus doctoral-level supervised counseling practice. Students will counsel clients and will be introduced to teaching and supervising beginning counseling trainees in a clinical context. As a prerequisite to the doctoral internship, students will be expected to demonstrate competence in skills required of counselor educators and clinical supervisors. Students will receive 1.5 hours of group and 1 hour of individual supervision by a graduate faculty member.

**7780 Doctoral Internship (1-6)**
Prerequisites: CNS ED 7770; ED REM 7804 and ED REM 7781. A 100-hour field experience for each semester-credit hour of enrollment under the direction of a graduate faculty member. Students provide counseling services to clients at field sites, teach and supervise beginning counseling trainees, and conduct clinical research projects. Students are supervised by a graduate faculty member in two hours per week of group supervision, and they receive one hour per week of individual supervision by the field site supervisor.

**7802 Theory and Practice of Clinical Hypnosis in Counseling (3)**
Prerequisite: CNS ED 6270 or 6370 or consent of instructor. Clinical hypnosis is conceptualized and approached as a system of skilled communication. Historical perspectives, major models (Traditional, Standardized, and Utilization [Ericksonian), myths, and misconceptions will be explored. Students will develop skills in direct and indirect trance induction procedures, and case conceptualization with individuals and multiple participants. Legal and ethical considerations will be presented.

**7806 Practicum in Group Counseling (3)**
Prerequisite: CNS ED 7804 and doctoral standing or consent of instructor. Students will lead or co-lead a supervised counseling group in the community.

General Information

The Division of Educational Leadership and Policy Studies (ELAPS) faculty is housed on the second floor of Marillac Hall. Questions about the division and its offerings may be directed to the division office, 269 Marillac Hall (314)516-5944.

Graduate Studies

The ELAPS Division offers graduate programs in:

- K-12 Administration: including Missouri State School Administrator Certifications
- Higher Education: including Community College
- Adult and Community Education

K-12 School Administration:
Includes academic degree programs at the master’s (M.Ed.), specialist (Ed.S.), and doctoral (Ed.D. and Ph.D.) levels. These programs are consistent with the academic requirements for Missouri State certification for elementary, middle, and secondary school administration as well as school superintendent and special education administration. The programs are accredited by the National Council for Accreditation of Teacher Education (NCATE) and the Missouri Department of Elementary and Secondary Education (DESE).

The Programs in K-12 school administration are not merely a list of courses. The M.Ed. and Ed.S. degree programs are organized into a continuous two-phase academic/practice experience. In the first phase the students earn the M.Ed. degree and meet the academic requirements for the initial Missouri State elementary and secondary school administrator’s certificates. The second phase leads to the Ed.S., concentrating more on the relationship of academics to practical schooling experiences and solution to school-based problems. With proper selection of courses in the Ed.S. phase, students can meet most of the academic requirements for the Missouri school superintendent’s certificate. Please see your advisor for specifics regarding the superintendent certification.

Education Specialist (Ed.S.) in Education Administration
The Education Specialist Degree (Ed.S.) in Education Administration is a logical extension of the UMSL M.Ed. in Education Administration and is designed to prepare administrators to serve in school settings from Kindergarten to grade twelve. The Ed.S. in Education Administration requires at least sixty (60) graduate credit hours of a planned program and may include no more than thirty-six (36) credit hours of an approved NCATE accredited master’s degree. One-half (15 credit hours) must be completed within the COE after being admitted to the Ed.S. program. As constituted, the minimum course requirements for the Ed.S. in Education Administration collaterally meets the academic standards for both Elementary and Secondary advanced school administrator certification in Missouri. To be recommended for the Missouri School Superintendent certificate, students must complete at least a minimum of six (6) additional hours, depending on the courses taken for the Ed.S., for a total of sixty-six (66) hours above the baccalaureate.

Admission Standards

To be admitted to the Ed.S. in Education Administration program students must meet the following criteria:

1. Be admitted without qualification to the UMSL Graduate School;
2. Have scores on the Verbal, Quantitative, and Analytical Writing sections of the Graduate Record Examination that is at least the mean for the applicant’s major field.
3. Have a graduate grade point average of at least 3.25 on a scale of 4.00.
4. Have on file at least three (3) recommendations including the following: one (1) from an educator presently occupying a position equal or similar to that which the applicant aspires upon completing the Ed.S., one (1) from a university professors with direct knowledge of the applicant's graduate degree work, and one (1) from someone other than a member of the applicant’s family who can comment on the applicant's character.
5. Students already possessing a master’s degree from an NCATE accredited institution may transfer those credit hour into the Ed.S. degree program; however, at least twenty-four (24) credit hours must be completed after acceptance into the program.

Degree Program

There are three (3) phases to this degree program. Phase 1.00 must be completed by students not possessing a UMSL M.Ed. in Education Administration and those wanting to transfer appropriate grade courses from other NCATE institutions. Phase 2.00 applies to those students meeting all of the requirements in Phase 1.00. There are two (2) sections to Phase 2.00—Section 2.10 Technical Aspects of Education Administration and Section 2.20 Human Aspects of Education Administration. Courses in these two sections may be taken simultaneously. There are two (2) sections to Phase 3.00—Section 3.10 Writing Exit Requirements and Section 3.20 Examination Exit Requirements. Both sections must be completed no sooner than one (1) semester before completing all degree requirements. Students seeking the superintendent certification must complete ten (10) specifically required courses.
Phase 1.00

1.00 Elementary and Secondary School Education Emphases

1.10 Contexts Core
ED ADM 6201, Knowledge Contexts of Education Administration Policy (3)
ED ADM 6202, Social Contexts of Education (3)
ED ADM 6203, Political Contexts of Education (3)
ED ADM 6204, Economic Contexts of Education (3)
ED ADM 6205, Legal Contexts of Education (3)

Required Semester Hours Section 1.10..... 15

1.20 Research/Change Core (6-9 semester hours)
*ED REM 6707, Classroom Measurement and Evaluation (3)
** ED ADM 6301, Education Administration and Policy Research (3)
ED ADM 6503, Organizational Change in Education (3)

Required Semester Hours Section 1.20.....6-9

1.30 School Specialization Core

1.31 Elementary School Administration
ED ADM 6302, Elementary School Administration (3)
ED ADM 6401, School Staff Development and Supervision (3)
ELE ED 6411, Curricular Issues in Elementary Schools
*** ED ADM (6900) Internship (3)

Required Semester Hours Section 1.31........12 OR

1.32 Secondary School Administration
ED ADM 6304, Secondary School Administration (3)
ED ADM 6401, School Staff Development and Supervision (3)
SEC ED 6415, Secondary School Curriculum
*** ED ADM 6900 Internship (3)

Required Semester Hours Section 1.32........12

TOTAL Phase I..............33-36

* Required if student had no equivalent course at the undergraduate level
** Must be taken during the first semester of Phase 2.00 courses
*** This course must be taken within the last nine (9) semester hours of completion of Phase 1.00

Phase 2.00

Section 2.10

Technical Aspects of Education Administration
(12 Semester hours required)

At least 12 graduate semester hours are required from the following list of recommended courses. Other courses must be approved by the student's advisor and ELAPS division chairperson.

ED ADM 6303, Middle School Administration (3)
ED ADM 6305, School District Administration (3)
ED ADM 6407, School Staff Development & Supervision for Special Ed Administrators (3)
ED ADM 6501, Principles of Public School Finance in Missouri (3)
ED ADM 6502, School Buildings and Sites (3)
ELE ED 6411, Curricular Issues in the Elementary School (3)

ED PSY 6225, Psychology of Adolescence (3)
POL SCI 6462, Political Theory and Public Policy (3)
ED ADM 6900, Internship (School District Level) (3)
ED ADM 6900, Internship (Special Education Setting) (3)

Total Section 5.32........................................... 12

TOTAL Education Specialist Degree in Education Administration............. 60 (inclusive of a maximum of 36 credit hours from an M.Ed. in education administration.)

Phase 3.00

Writing Exit Requirements

Section 3.10 -Writing Requirements
At least two (2) months before the completion of all course work for the degree, each student must present to the ELAPS Division K-12 Regular faculty Ed.S. Writing Committee a scholarly paper on a topic approved by the student’s academic advisor. The paper submitted may be original in that it has been written especially for this requirement or it may be a more comprehensive version of a paper written for a class taken after being admitted to the Ed.S. program. The paper must conform to the writing standards found in the booklet PS K-12 Writing Requirements-Form and Style.

Master of Education (M.Ed.) and Initial Missouri School Administration Certification:
The program of study for the M.Ed. in Education Administration is thirty-three (33) graduate credit hours. All courses in the program are required and must be taken in a particular sequence. The program meets the academic requirements for either the Missouri elementary or secondary school administrator certificate.

Degree Requirements

1.00 Contexts Core (15 semester hours)
ED ADM 6202, Social Contexts of Education
ED ADM 6203, Political Contexts of Education
ED ADM 6204, Economic Contexts of Education
ED ADM 6205, Legal Contexts of Education

1.20 Research/Change Core (6-9 semester hours)
*ED REM 6707, Classroom Measurement and Evaluation

Total Required Sem. Hrs. Section 2.41 = 6

2.42 Secondary School Administration

ED ADM 6304, Secondary School Administration  
SEC ED 6415, The Secondary School Curriculum OR

Total Required Sem. Hrs. Section 2.42 = 6

**Total Master of Education-Community Educ = 33**

*Exit Requirement--Taken within the last 9 semester hours of the M.Ed. program.

**Students take either section 2.41 or section 2.42, not both sections.

**Competencies/Expectations/Outcomes** that all students must demonstrate to complete the program successfully:

School Administrator candidates in the College of Education are held to the Interstate School Leaders Licensure Consortium’s Standards for School Leaders (ISLLC)

1. A school administrator is an educational leader who promotes the success of all students by facilitating the development, articulation, implementation, and stewardship of a vision of learning that is shared and supported by the school community.

2. A school administrator is an educational leader who promotes the success of all students by advocating, nurturing, and sustaining a school culture and instructional program conducive to student learning and staff professional growth.

3. A school administrator is an educational leader who promotes the success of all students by ensuring management of the organization, operations, and resources for a safe, efficient, and effective learning environment.

4. A school administrator is an educational leader who promotes the success of all students by collaborating with families and community members, responding to diverse community interests and needs, and mobilizing community resources.
5. A school administrator is an educational leader who promotes the success of all students by acting with integrity, fairness and in an ethical manner.

6. A school administrator is an educational leader who promotes the success of all students by understanding, responding to, and influencing the larger political, social, economic, legal and cultural context.

7. A school administrator is an educational leader who promotes the effective use of technology to maximize student learning and efficiently manage school operations.

Master of Education in Adult & Higher Education
The M.Ed. in Adult & Higher Education is intended for 1) faculty and other Educators who want to improve their adult teaching skills; 2) persons who occupy and seek to advance into administrative or management positions in a variety of Educational settings; and 3) others who work with adults in a variety of agencies. The degree program includes courses in foundations, curriculum and teaching (including distance learning), organization and administration, research, and electives so that students can create an emphasis area to fit their career goals. To help address student interests, special topic seminars are offered from time to time. An internship in the student’s emphasis area is a required exit experience. Students elect either the adult Education or higher Education emphasis area.

Admission Requirements:
This degree program follows the policies of The College of Education and the Graduate School relating to admissions, academic standards, residency, transfer credit, time limitations, and thesis options (see Graduate Study in the Bulletin). The minimum number of hours required for the M.Ed. degree is 32 credit hours.

Education Requirements

Foundation Courses (12 hours required)

A course focusing on the learner
ADULT ED 6410, The Adult Learner (3) OR
HIGHERED 6474, The College Student (3)

A course in historical foundations
ADULT ED 6411, History of Adult Education (3) OR
HIGHERED 6477, History and Philosophy (3)

A course on the improvement of instruction
HIGHERED 6473, Curriculum in Higher Education (3) OR
ED 7647, Teaching for Learning in the University (3)

One of the following:
ADULT ED 6412, Philosophical Foundations of Adult Education (3)
ADULT ED 6414, Curriculum Theory & Development in Adult Education (3)
HIGHERED 6476, Organization and Administration (3)

Adult and Higher Education Electives (12 hours minimum)
ADULT ED 4410, The Non-Traditional Adult Learner (3)
ADULT ED 6416, Survey of Adult Distance Education (3)
ADULT ED 6417, Multicultural Issues in Adult Education (3)
ADULT ED 6418, Assessment in the Adult Classroom (3)
ADULT ED 6230, Adult Learning and Development (3)
ADULT ED 6420, Survey of Human Resource Development & Adult Ed (3)
ADULT ED 6427, Improvement of Instruction in Teaching Business Subjects (3)
ADULT ED 6432, Teaching in the Community College (3)
ADULT ED 6494, Directed Readings in Adult Learning (3)
ADULT ED 6497, Problems in Adult Education (3)
ADULT ED 6404, Seminar in Adult Education Research (3)
ADULT ED 6540, Comparative International Adult and Higher Education (3)
HIGHERED 5401, Current Issues in Higher Education (3)
HIGHERED 5402, Student Affairs Administration (3)
HIGHERED 6404, Seminar (3)
HIGHERED 6405, Economics and Finance (3)
HIGHERED 6406, Governance of Higher Education (3)
HIGHERED 6420, Legal Aspects of Higher Education (3)
HIGHERED 6421, Legal Aspects of Postsecondary Teaching (3)
HIGHERED 6422, Policy Analysis of Higher Education (3)
HIGHERED 6430, The Community College (3)
EDUC 6308, Foundations of Adult Basic Education (3)
ED ADM 6462, Programming in Adult and Community Education (3)
ED PSY 6111, Psychology of Education (3)
ED TECH 5340, Selection and Utilization of Educational Multimedia (3)
ED TECH 6415, Teaching and Learning with Technology: Authoring Tools (3)
ED TECH 6416, Teaching and Learning with Technology: Data Rep. Tools
ED TECH 6436, Computer-Mediated Communication in Education (3)
ED TECH 6437, Distance Learning via Networks and Telecommunications (3)
ED TECH 6452, Educational Multimedia Design (3)
ED TECH 6454, Instructional Video Production (3)

Research Course(s) (3-6 hours required)
ED REM 6710, Research Methods* (3)
ED REM 6707, Classroom Measurement and Evaluation (3)
ED REM 6709, Educational & Psychological Measurement (3)

*Required for Higher Education

Exit Requirement (3 hours required)
One of the following taken during the last 9 semester hours of the program
HIGHERED 6490, Internship or Thesis in Higher Education (3)
ADULT ED 6990, Internship in Adult Education (3)

Adult Basic Education Certification
*ADULT ED 4311, Teaching Basic Reading Skills to Adults
*ELE ED 6455, Problems of Teaching Arithmetic in the Elementary School or ELE ED 4346, Advanced Methods in Elementary School Mathematics

*Eight semester hours from these six courses, and 3 hours of adult education electives, in addition to SPEC ED 3313, Psychology and Education of Exceptional Individuals, are required for five-year certification from the Missouri Department of Elementary and Secondary Education.

Adult Basic Education (ABE) Certification
1) Requirements for two-year teacher's certificate in ABE:
   a. A holder of a bachelor's degree from a four-year college or university.
   b. Annual attendance at Department of Elementary and Secondary Education (DESE) approved adult basic education teacher certification workshops.

   (The two-year ABE certificate may be renewed twice. Requirements for a five-year certificate must be completed by the end of the sixth year.)

2) Requirements for a five-year teacher's certificate in ABE:
   a. Hold a bachelor's degree from a four-year college or university.
   b. Earn eight semester hours in DESE-approved adult education classes, institute or workshops.

   (The five-year ABE certificate may be renewed an unlimited number of times by repeating the requirements during the previous five years.)

Note: This would provide certification for (1) ABE teachers who are teaching less than half time and/or without a contract and/or not in a public school or an accredited private school and (2) ABE teachers with bachelor's degrees who have experience teaching adults, but do not have regular teacher certification. Information is available for professional certificates for full-time ABE teachers.

Learning Outcomes
The Adult & HE student should demonstrate and/or have an understanding of:

1. Integrating teaching, learning, and technology.
2. Awareness of education and educational research as a lifelong process.
3. The unique role of shared governance in postsecondary institutions.
4. The legal, social, and political contexts as it relates to organization and postsecondary institutions.
5. Student learning and development, including learning communities and curricular issues.
7. Critical inquiry, including research courses and internships.
8. Historical periods and historical adult and higher education educators.
9. Characteristic issues associated with different historical periods; Role of adult education during various historical periods.
10. Knowledge of the vast array of methods, techniques, devices, and research findings available for helping adults learn.

11. Application of the various techniques for helping adult learners in their adult education programs.

12. Philosophical perspectives informing the field of adult education or higher education.

Graduate Certificate in Institutional Research
The Post-Master’s Certificate in Institutional Research (CPIR) is for academics who want training in Institutional Research in preparation for working in an IR Office at a postsecondary institution, a government agency, or a private Education organization. The program consists of 18 hours and may be taken as part of a doctoral program. Of the 18 hours, 12 are in the required core (6 hours are in research methods and 6 hours in IR seminars), plus a 3-hour Higher Education (HIGHERED) or an Educational Research (ED REM) elective and a 3-hour capstone. Students may transfer up to 5 hours of post-Master’s work into the program with the approval of the advisor.

Course Descriptions

Adult Education (ADULT ED)

4410 The Non-Traditional Adult Learner (3)
An introduction to the non-traditional adult learner. At the completion of the course the students will be able to identify the characteristics of non-traditional adult learners and various theories of how they learn, as well as the implications of these characteristics and theories on adult education research, programming, curriculum planning and instructional practice.

6230 Adult Learning and Development (3)
Prerequisites: ED PSY 6210 or ED PSY 6111, or ADULT ED 6410. (Same as ED PSY 6230). Study of how life stage theories and theories of learning pertain to adult learner. Research bases of these theories explored in relationship to instructional practice with adult learners.

6404 Seminar in Adult Education Research (1-10)
Prerequisites: ADULT ED 6410 or consent of instructor. A review of current research on various topics in the field of adult education. An in depth study of these research topics will be conducted. Application to the field of adult education will be considered. Special focus will be placed on assessing and improving competency in educational, corporate and community settings.

6410 The Adult Learner (3)
This course is designed for those who help adults learn in a variety of settings. A study will be made of the characteristics of Adult Learners and various theories of how they learn, as well as the implications of these characteristics and theories for adult education research, programming, curriculum, planning, and instructional practice.

6411 History of Adult Education (3)
Prerequisites: ADULT ED 6410. A study of the historical foundation of adult education in America will be studied. This includes the major theorists and their contributions; together with the continuing education of the adult in a progressive social context.

6412 Philosophical Foundations of Adult Education (3)
Prerequisites: ADULT ED 6410 or consent of instructor. A comprehensive, systematic philosophical foundation for adult education. Exploration of philosophical underpinnings of various approaches to education of adults--role of learner, teacher, and objectives within each philosophy.

6413 Improvement of Instruction in Adult Education (3)
Prerequisites: ADULT ED 6410 or consent of instructor. A study of selected methods and instructional techniques appropriate for the teaching of adults. An examination of current research will be made as it relates to the problems of instructing adults.

6414 Curriculum Theory and Development in Adult Education (3)
Prerequisites: ADULT ED 6410 or consent of instructor. A study of curriculum theory and its application to adult education. Particular emphasis will be placed on the development of model curricula for various programs in adult education.

6416 Survey of Adult Distance Education (3)
Prerequisites: ADULT ED 6410. Survey of distance education covers concept, theories, history, present practice, delivery systems, major issues and future directions of distance learning. Emphasis on research and practice in U.S.; however, since much of the literature in the field has been written by educators in other countries, the course will explore topics and issues in distance education from international perspective, identifying similarities and differences among countries as they relate to adult learning.

6417 Multicultural Issues in Adult Education (3)
Prerequisites: ADULT ED 6410. Discussion of cultural diversity from an adult education perspective. Topics include cultural self-awareness, challenges/issues in intercultural Educational settings, theoretical perspectives of multicultural Education, and practitioner concerns and strategies for implementing multiculturalism in adult education settings.

**6418 Assessment in the Adult Classroom (3)**
Prerequisites: ADULT ED (6) 6410 & ED REM 6707 or consent of instructor. This course addresses assessing how effectively adult educators are facilitating adult learning. Emphasis will be on knowledge and skills, learner characteristics, and learner reactions to instruction through use of formative assessment of both student learning and instructional effectiveness in the adult classroom. Special attention will focus this assessment in the adult classroom within educational, corporate, community, and non-formal settings.

**6420 Survey of Human Resource Development and Adult (3)**
Prerequisites: Graduate standing and permission of instructor. Overview of fields of human resource development and adult education. Examines societal contexts within which training of adults and organization development occur. Explores systems theory that frames a discussion of adult education, training, and organization development. Represents unique characteristics of each field will be represented as well as ways in which two fields come together, along with general concepts: definitions, philosophies, goals, sponsoring agencies, professional roles, processes, participants, and resources.

**6424 Intervention Determination in Adult Learning and Human Resource Development (3)**
Prerequisites: ADULT ED 6410. A variety of strategies will be studied with a view to examining systemic problems in workforce and adult learning situations. The determination of interventions for program planning and development is the major focus. As key outcomes for this course, learners will be able to design and develop plans and distinguish among workplace, community and educational needs that can be met with Educational interventions and those that require other, and more appropriate, non-training solutions. While specifically focused on HRD applications, the content of this course will apply to any Educational setting for adults.

**6427 Improvement of Instruction in Teaching Business Subjects (3)**
Prerequisites: Business Education certification or consent of instructor. Designed for business education teachers, this course examines current trends in planning, organizing, developing, and evaluating instructional materials relevant to business education classes. Emphasis is placed on research techniques and strategies for selecting and utilizing appropriate curriculum materials, resources, and media to match learning needs. This course may be applied toward Missouri Vocational Certification.

**6432 Teaching in the Community College (3)**
This course is designed for students considering a teaching career in the community college. The main emphasis of the course will be to expose students to the unique features of the community college with respect to the special goals of the institution, variety of degree and non-degree programs, and diversity of community college students. A second objective will be to offer a brief review of teaching techniques that will be useful in the community college classroom.

**6494 Directed Readings in Adult Learning (1-6)**
Prerequisites: Graduate Standing, ADULT ED 6410 and consent of instructor. Self-directed learning, as a key concept in Adult Education, is encouraged as a means of understanding the adult experience, both personally and professionally, and is a recognized core competency in the field of Adult Education. This course consists of supervised, independent study into the current research, literature, and issues in the area of Adult Learning. Learners are given the opportunity to meet with other learners and the instructor on a regular basis to share resources, ideas, and to gain feedback.

**6497 Problems in Adult Education (1-10)**
Prerequisites: ADULT ED 6410 or consent of instructor. Independent study on topics in adult education.

**6540 Comparative International Adult & Higher Education (3)**
Prerequisites: ADULT ED 6410 or HIGHERED 6476. A study of lifelong learning as well as adult and higher education with a view to a more global understanding of educational systems. Selected western and non-western educational themes and issues will be viewed from the context of their respective

**6990 Internship (1-10)**
Prerequisites: ADULT ED 6410 or consent of instructor. Closely supervised experience in a field setting under the direction of a graduate faculty member. An appropriate level of competence and evidence of growth in the professional role must be demonstrated by the intern. The internship will include planning, research, evaluation, and related professional activities.

**Educational Administration (ED ADM)**
Prerequisites may be waived by consent of the department.

**6201 Knowledge Contexts of Education Administration and Policy (3)**
Prerequisites: Admission to masters, doctoral, and/or certification programs in Education Administration or
consent of instructor. This course is a survey of the various views of knowledge that have influenced the nature of the organizational structures and policies of American Educational institutions. The course is framed both by the purposes of American Education and the scientific management movement of the first quarter of the 20th Century.

6202 Social Contexts of Education (3)
Prerequisites: ED ADM 6201, concurrent with ED ADM 6201, or consent of instructor. This course is a critical examination of different perspectives on the social structures within which Education policies are constituted and their concomitant practices implemented.

6203 Political Contexts of Education (3)
Prerequisites: ED ADM 6201, concurrent with ED ADM 6201, or consent of instructor. This course is a critical examination of those aspects of local, state, and federal politics which significantly influence the political contexts within which Education policies are constituted and their concomitant practices implemented.

6204 Economic Contexts of Education (3)
Prerequisites: ED ADM 6201, concurrent with ED ADM 6201, or consent of instructor. This course is a critical examination of those aspects of local, state, and national economic structures which influence the nature of Education policies and their concomitant practices.

6205 Legal Contexts of Education (3)
Prerequisites: ED ADM 6201, concurrent with ED ADM 6201 or consent of instructor. This course is a critical examination of both (1) local, state, and federal laws and (2) Western notions of justice within which Education policies are constituted and their concomitant practices implemented.

6301 Education Administration Policy Research (3)
Prerequisites: Completion of at least twenty-four (24) credit hours towards the M.Ed. in Education Administration or consent of instructor. A study of issues and trends in basic, applied, and action research in Educational policy making.

6302 Elementary School Administration (3)
Prerequisite: Completion of at least (15) credit hours of the M.Ed. in Education Administration or consent of instructor. This course is a comprehensive, systematic study of the elementary school principalship. Emphasis is placed on relating theories of learning, teaching, and organization to effective administration of elementary schools.

6303 Middle School Administration (3)
Prerequisites: Completion of at least (15) credit hours of the M.Ed. in Education Administration or consent of instructor. This course is a comprehensive, systematic study of the middle school principalship. Emphasis is placed on relating theories of learning, teaching, and organization to effective administration of middle schools.

6304 Secondary School Administration (3)
Prerequisites: Completion of at least (15) credit hours of the M.Ed. in Education Administration or consent of instructor. This course is a comprehensive, systematic study of the secondary school principalship. Emphasis is placed on relating theories of learning, teaching, and organization to effective administration of secondary schools.

6305 School District Administration (3)
Prerequisite: Enrolled in Ed.S. Certification program and/or consent of instructor. Course focuses on current research about school district administration; also deals with major central office issues including: board/superintendent relations, central office organization, the function and authority of assistant superintendents and program directors, and the administrative team approach to school district administration.

6306 Special Education Administration (3)
Prerequisites: Completion of graduate degree in Special Education, Education Administration or consent of instructor. A study of organizational issues in special Education and implications for practices and procedures. Specific attention will be given to special Education delivery systems, compliance standards, funding sources, and regulatory standards.

6307 Integrated Curricula for Special Education Administrators (3)
Prerequisites: Graduate Standing. Development of skills to understand, supervise and evaluate the integration and differentiation of curriculum. Intended for special education administrators.

6315 Middle School Educational Philosophy (3)
Prerequisites: Graduate standing. An in-depth examination of the Educational philosophy and historical basis of middle level schools, and the relationship between philosophy and middle school organizational practices. Includes a review of the research, organizational structures and current trends and practices.

6317 Supervision and the Middle School Child (3)
Prerequisites: Graduate standing. The unique developmental characteristics and needs of early adolescents are explored through a variety of supervisory activities involving middle level students, teachers, and
administrators. The implications of economic and ethnic diversity for middle level schools will also be addressed.

6401 School Staff Development and Supervision (3)
Prerequisite: ED ADM 6201, concurrent with ED ADM 6201, or consent of instructor. This course provides an examination of the conceptual bases and practical applications of staff development and supervision in Educational settings. It explores relevant conceptual models presented as heuristic devices to consider a variety of administrative techniques to assess needs, plan, deliver, and evaluate staff development and supervision programs in schooling.

6402 School Personnel Administration (3)
Prerequisite: Advanced graduate standing and/or consent of instructor. This course is a comprehensive, systematic study of problems in planning, recruitment, selection, induction, and retention relative to school personnel.

6403 Problems in School Public Relations (3)
Prerequisites: Advanced graduate standing and/or consent of instructor. This course is an examination of a range of both traditional and critical perspectives relevant to home-school-community relations.

6404 Collective Negotiations in Educational Organizations (3)
Prerequisites: Advanced graduate standing and/or consent of instructor. This course focuses on the concepts, issues, and processes involved with collective negotiations (bargaining) in American Educational organizations. The major issues addressed in the course include recognition procedures, bargaining unit determination, the scope of negotiations, the proposal and counterproposal, compromise, impasse procedures, and master contract management.

6407 School Staff Development & Supervision for Special Education Administration (3)
Prerequisites: Completion of graduate degree in Special Education, Education Administration or consent of instructor. This course provides an examination of the conceptual bases and practical application of staff development and supervision for special Education settings for staffs serving special Education students. It explores relevant conceptual models presented as heuristic devices to consider a variety of administrative techniques to assess needs, plan, deliver, and evaluate staff development and supervision programs serving students with special Education needs.

6449 Using Technology in Administration Processes (3)
Prerequisites: A course in measurement, statistics or evaluation, or consent of instructor. (Same as ED TECH 6449). This course will explore how the use of data analysis with technology can be applied in the administration of schools or other work settings. Administrators will explore software tools and their implications for making decisions. A case study will be completed on the implementation of a technology in a school or other appropriate setting.

6497 Problems (1-10)

6501 Principles of Public School Finance in Missouri (3)
Prerequisites: Advanced graduate standing and/or consent of instructor. Course is designed to analyze and study critical areas of public school finance at the local and state levels, highlighting the role of such factors as legislative procedures, principles of local and state support, budgeting and accounting procedures, assessment of property, etc.

6502 School Buildings and Sites (3)
Prerequisites: Advanced graduate standing and/or consent of instructor. This course deals with methods and procedures for (1) projecting the future building and facility needs of a public school district, (2) supervising actual planning and construction of Educational facilities, (3) optimizing the use of current facilities, and (4) maintenance of buildings, grounds, and equipment.

6503 Organizational Change in Education (3)
Prerequisite: Advanced graduate standing and/or consent of instructor. This course deals with (1) developing strategies for assessing Educational needs, (2) methods of assessing the school's organizational health, (3) the designing of Educational change strategies involving theory based models, (4) using systems analysis techniques to implement Educational change, and (5) methods of involving students and staff in incorporating meaningful organizational change strategies in Educational institutions.

6504 Organizational Change in Special Education Administration (3)
Prerequisites: Advanced graduate standing and/or consent of instructor. This course deals with developing strategies for assessing special Educational needs, methods of district wide self-assessment of inclusive practices, the designing of Educational change strategies involving theory based models, using collaborative-problem solving techniques to implement Educational change, and methods of involving students and staff in incorporating meaningful organizational change strategies in special Education.

6601 Administration of Adult and Community Education (3)
Prerequisites: Graduate standing and/or consent of instructor. A course designed to familiarize the student
with the structure, purpose, and processes of community Education with particular emphasis being placed on
the administrative theories and functions of adult Education.

6602 Programming in Community and Adult Education (3)
Prerequisite: ED ADM 6601 and/or consent of instructor. Study and analysis of basic situations in which
community and adult Educational programming take place. Within this framework, application will be made of
a fundamental series of steps essential to sound Educational programming.

6800 Education Policy Studies Seminar (1-6)
Prerequisites: Admission to doctoral program and consent of instructor. Intensive directed study of selected
Education policy issues.

6900 Internship (1-10)
Prerequisite: Consent of instructor. Closely supervised experience in a field setting under the direction of a
graduate faculty member. An appropriate level of competence and evidence of growth in the professional role
must be demonstrated by the intern. The internship will include planning, research, evaluation, and related
professional activities.

7050 The Research Process I: Framing Research Questions within the Education Literature (3)
(Same as EDUC 7050) Prerequisites: Admission to the Ed.D. or Ph.D. in Education Programs. An
overview of the essential elements of research proposals and familiarization with the techniques and tools used
to identify important research questions within the Education literature. Emphasis is placed on exploring the
research literature and both framing and justifying research questions within that literature.

7150 Educational Inquiry (3)
Prerequisites: ED ADM 7050. This course is required for doctoral students in the Educational Administration
program. The course supports the development of the student’s individual research topic and explores options
for methodological approaches to Education policy and administration issues.

7250 The Change Process in Schools and School Districts (3)
Prerequisites: ED ADM 7050 and ED ADM 7150 Advanced study of the literature pertaining to the theories of
action and strategies for leading and sustaining change in schools and school districts. Emphasis is on the
framing of research questions through the perspective of the literature on the change process in the schools.

7800 Education Administration Doctoral Seminar (1-6)
Prerequisites: Admission to doctoral program and consent of instructor. Intensive directed study of selected
issues related to the administration of Educational institutions.

Higher Education (HIGHERED)

5401 Current Issues in Higher Education (3)
Prerequisites: Graduate admission. Familiarizes student with nature and characteristics of American higher
Education--structure of higher Education, roles played by various constituencies, and current issues.

5402 Student Affairs Administration (3)
Prerequisites: Graduate admission. Survey course in student personnel administration with emphasis on
understanding college student and on learning ways to meet his/her academic and nonacademic needs.

6404 The Seminar (1-10)
Prerequisites: Graduate standing.

6405 Financial Issues in Higher Education (3)
Prerequisites: Graduate standing. Provides an overview of the state/federal funding mechanisms for higher
Education in the U.S. Addresses practices in budgeting at various types of postsecondary institutions.

6406 Governance of Higher Education (3)
Prerequisites: Graduate admission. Concentrates on study of unique system of governance in higher
Education, including faculty, institutional, system, and state governing mechanisms.

6408 Legal Issues in Student Affairs (3)
Prerequisites: Graduate Standing. Provides an exploration of the legal and philosophical principles that guide
decision-making in higher education institutions and the courts. It also includes a detailed, in-depth analysis of
legal cases that have an impact on students in private and public two- and four-year colleges and universities
in the United States.

6409 Critical Issues in Student Affairs (3)
Prerequisite: Graduate standing. Explores the historical development and foundational theories of the student
affairs profession. This course also explores the organization and management of programs and services, the
formulation of policies that guide student personnel service programs, and the integration of program
elements, research, current problems and trends.
6420 Legal Aspects of Higher Education (3)
Prerequisites: Graduate admission. Examines legal rights and responsibilities of faculty, students, staff, and administrators. Includes fair employment, due process, affirmative action, and liability.

6421 Legal Aspects of Postsecondary Teaching (3)
Prerequisites: Graduate admission. Examines legal issues of interest to faculty. Areas include faculty (contracts, grievances/appeals/affirmative action, free speech, tenure) and student (disability, sexual harassment, academic integrity, free speech, classroom incivility, student behavioral standards, grades) issues.

6422 Policy Analysis of Higher Education (3)
Prerequisite: Graduate admission. Introduces students to the analysis of higher Education public policy. Includes state and local policy analysis and examination of legislative history of major federal higher Education laws.

6430 The Community College (3)
Prerequisites: Graduate admission. Develops an understanding of the two-year college--its past, present, and future. Examines history, operations, funding, internal constituents, curricular mission, societal role, and current issues.

6431 Community College Leadership (3)
Prerequisites: Graduate admission. Introduces students to leadership theory and practice and the literature of leadership development. Applies theory and practice to the unique role of the leader in community colleges, including the community college presidency. Particular emphasis is given to the diverse roles expected of the successful leader in today's community college.

6432 Current Issues in Community College Education (3)
Prerequisites: Graduate admission. A review and analysis of current issues affecting community college students, instruction, administration, policy and community relations. HIGHERED 6430, The Community College, is recommended before taking this course for those not currently working in community college settings.

6435 The International Community College (3)
Prerequisites: HIGHERED 6430. Exploration of the development of systems of post secondary Education throughout the world that mirror all or parts of the mission of the community college system in the United States. The course takes a comparative approach to examining the history, philosophy, structure, curriculum and student characteristics of these international systems, using the American system as a point of reference.

6440 Issues in Institutional Research I (3)
Prerequisites: Graduate standing. Provides a history and overview of institutional research in postsecondary Education. Other areas of interest include student issues, student outcomes, higher Education funding, productivity funding, and legal issues.

6441 Issues in Institutional Research II (3)
This course provides the study of key issues in institutional research, including faculty workload and salary, program assessment, fact books, peer institutions, national databases, and strategic planning.

6473 Curriculum in Higher Education (3)
Prerequisites: Graduate standing and/or consent of instructor. The development, implementation, and assessment of curriculum in higher Education as well as historical and philosophical perspectives; major figures and emerging trends are included.

6474 The College Student (3)
Prerequisites: Graduate standing and/or consent of instructor. A comprehensive overview of the theories and research related to college and university student development. Particular attention is given to student demographics, patterns of growth and development, and attitudinal changes.

6476 Organization and Administration of Higher Education (3)
Prerequisites: Graduate standing and/or consent of instructor. This course includes the study of the missions, governance, and organizational structures of American higher Education institutions. Within this context, particular attention is given to administrative roles, responsibilities, and issues of leadership.

6477 History and Philosophy of American Higher Education (3)
Prerequisites: Graduate standing and/or consent of instructor. This course is a systematic study of the historical and philosophical contexts that have conditioned the evolution of American higher Education. Particular attention is given to significant events, trends, and movements within American higher Education.

6497 Problems (1-10)
Prerequisites: Graduate standing and/or consent of the instructor.

6900 Internship (1-10)
Prerequisites: Graduate standing and/or consent of the instructor. Closely supervised experience in a field under the direction of a graduate faculty member. An appropriate level of competence and evidence of growth in the professional role must be demonstrated by the intern. The internship will include planning, research, evaluation, and related professional activities.

**6930 International Community College Internship (3)**
Prerequisites: HIGHERED 6430 and consent of instructor. Supervised experience in an international community college setting under the direction of a graduate faculty member will include planning, research, evaluation, and related professional activities. Participants will be expected to both provide administrative or instructional assistance to the host college, and complete research related to the setting and experience.

**7800 Higher Education Doctoral Seminar (1-6)**
Prerequisites: Doctoral standing and/or consent of instructor. Intensive directed study of selected issues related to the administration of higher Education institutions.
Division of Educational Psychology, Research and Evaluation

Faculty

Matthew W. Keefer, Associate Professor and Chair
Ph.D., University of Toronto

Wolfgang Althof, Theresa Fischer Endowed Professor of Citizenship Education,
Dr. Phil., University of Fribourg and Dr. Phil. Habil, Carl-Von-Ossietzky

Marvin W. Berkowitz, Sanford N. McDonnell Professor of Character Education
Ph.D., Wayne State University

Thomas E. Jordan, Curator's Professor of Child Development, Professor Emeritus
Ed.D., Indiana University

William L. Franzen, Professor, Dean Emeritus
Ph.D., University of Wisconsin

Michael W. Bahr, Associate Professor
Ph.D., Indiana University

Brenda Bredemeier, Associate Professor
Ph.D., Temple University

Margaret W. Cohen, Associate Professor, Associate Provost Academic Affairs, Director, Center Teaching and Learning
Ph.D., Washington University

Cody S. Ding, Associate Professor
Ph.D., University of Minnesota

Lisa M. Dorner, Assistant Professor
Ph.D., Northwestern University

Michio Kyle Matsuba, Assistant Professor
Ph.D., University of British Columbia (UBC)

Clark J. Hickman, Associate Research Professor and Associate Dean for Continuing Education Ed.D.,
University of Missouri-St. Louis

Donald A. Gouwens, Assistant Clinical Professor
Psy.D., Central Michigan University

General Information

Faculty in the Division of Educational Psychology, Research, and are housed on the fourth floor of Marillac Hall. Information about course offerings may be obtained in the division office, 402 Marillac Hall.

At the undergraduate level, the division coordinates Educational psychology and measurement courses required in the various B.S. in Education degree programs.

At the graduate level, the division offers courses in Educational psychology and in Educational research and evaluation methods required in the various M.Ed. degree programs and in the doctoral programs. Students choosing to pursue a Ph.D. in Education may elect an emphasis in Educational psychology. The Missouri certificate in school psychology is coordinated through this division.

Educational Specialist in School Psychology

The Educational Specialist in School Psychology (Ed.S.) degree program at the University of Missouri-St. Louis provides training in data-based problem solving with particular attention to interventions and Educational Psychology.
outcomes within a cognitive-behavioral theoretical perspective. The program promotes a unique set of professional values through its emphasis on:

- Data-based decision making
- Educational and psychological treatment outcomes
- Multicultural diversity
- Program development and evaluation
- Facilitation of organization change

The Ed.S. is a terminal degree program designed to prepare future school psychologists to work in school settings. Graduates of the program are immediately eligible for School Psychologist Certification from the Missouri Department of Elementary and Secondary Education and are qualified to apply for the National Certified School Psychologist credential from the National Association of School Psychologists.

Student Learning Outcomes

The Educational Specialist in School Psychology degree program at the University of Missouri - St. Louis has five primary program emphases that make our graduates distinctive. The following outcomes guide the training and preparation of our students:

1. **Data-Based Decision Making**
   Students will acquire knowledge of a variety of assessment models and methods that enable them to develop skills in collecting, analyzing, and interpreting data for the purpose of making recommendations to improve the academic performance and/or social-emotional development of children and adolescents with whom they work.

2. **Educational and Psychological Treatment Outcomes**
   Students will gain knowledge of and develop skills for a wide-range of treatments to promote academic performance and social-emotional behavior.

3. **Program Development and Evaluation**
   Students will gain knowledge and skills of a variety of interventions and research methodologies that enable them to develop, implement, and evaluate school-based programs designed for children and adolescents.

4. **Multicultural Diversity**
   Students will acquire knowledge of identity development that facilitates the development of skills to work with a students and families from diverse groups, thereby engaging in culturally-competent practice.

5. **Facilitation of Organizational Change**
   Students will acquire an understanding of the complexity of educational systems and how school psychologists can promote systemic changes to improve services for children and adolescents.

The Ed. S. in School Psychology degree program consists of 60 hours of graduate coursework that prepares school psychologists for professional roles as data-based problem solvers. In addition to courses in psychological and Educational foundations, assessment, and direct interventions, a primary emphasis within the program is upon prevention and early intervention of academic, behavioral, and social-emotional problems through consultation, interdisciplinary collaboration, and systems-level interventions. Throughout the program, including 500-hours of supervised practicum and a year-long 1,400 hour internship in the schools, students work closely with the school psychology faculty and field-based supervisors to develop practical skills.

Admission requirements include a 3.0 undergraduate GPA, current GRE scores (combined verbal and quantitative score of 1000 recommended), two letters of recommendation, a personal statement describing professional goals (not to exceed five double-spaced typed pages), and a personal interview with members of the school psychology faculty. Prerequisite coursework in developmental psychology and statistics is required for admission. Conditional acceptance into the program may be granted pending completion of prerequisites and/or satisfactory progress in the program (i.e., 3.0 graduate GPA) for students who lack prerequisites or do not quite meet the admission requirements. All required application materials will be considered equally when making admission decisions. Applications are reviewed annually with a March 1 deadline.

The Ed.S. in School Psychology degree program involves three years of intensive, full-time training; however, students may be able to complete up to half of the curriculum on a part-time basis provided they satisfy the university residency requirement. Credit may be granted for graduate coursework completed prior to entering the program, but a minimum of 30 graduate credit hours must be completed at the University of Missouri-St. Louis. Students who plan to enroll in the Ed.S. in School Psychology degree program as a part-time student are advised to meet with their adviser and develop a professional Education plan at the start of their program. Please note the internship year involves a full-time placement with a school district during an academic school year and cannot be completed part-time.

Educational Specialist in School Psychology (Ed..S.)

Curriculum:

**Fall I**
ED PSY 6210, Life Span: Individual and Family Development
ED PSY 6530, Foundations of School Psychology
ED REM 6716, Psychoeducational Assessment and Intervention I
ED REM 6750, Advanced Research Design in Education

Spring I
ED PSY 6310, Psychology of Learning Processes
ED PSY 6550, Professional Issues in School Psychology
ED REM 6718, Psychoeducational Assessment and Intervention II
ED REM 7771, Quantitative Research Methods I

Summer I
CNS ED 6010, Theories of Counseling
ED PSY 6532, Psychoeducational Differences

Fall II
ED PSY 6536, Biological Bases of Behavior
ED PSY 6540, Psychoeducational Interventions
ED PSY 6545, Consultation in Schools and Related Settings
ED PSY 6590, School Psychology Practicum I

Spring II
ED PSY 6542, Psychotherapeutic Interventions in School Psychology
CNS ED 6030, Foundations for Multicultural Counseling
ED REM 6730, Educational Program Evaluation
ED PSY 6591, School Psychology Practicum II

Fall III
ED PSY 6991, School Psychology Internship

Spring III
ED PSY 6991, School Psychology Internship (Praxis II School Psychology Examination and Case Study)

Course Descriptions

Courses in this section are grouped as follows: Educational Psychology (ED PSY) and Educational Research and Evaluation Methods (ED REM)

Educational Psychology (ED PSY)

2212 Introduction to Learners and Learning (3)
Prerequisite: PSYCH 1003. Same as TCH ED 2212 Foundational study of the development of infants, children and adolescents focusing on the role of appropriate Educational environments in fostering positive physical, cognitive, social, and moral outcomes. Reading relevant research will be combined with experiences in the field and technology-based assignments to investigate both biological and sociocultural forces that shape the development process. A minimum of 10 field experience hours required.

3312 The Psychology of Teaching and Learning (3)
Prerequisites: TCH ED 2210, TCH ED 2211, TCH ED 2212 or equivalents and admission to Teacher Education program. (Same as TCH ED 3312). Application of the principles of psychology to an understanding of the dynamics of teaching behavior and learning behavior. Involves both theoretical and practical approaches to analysis of the learning environment of the school. Required of all who are preparing to teach. Includes a field experience.

6030 Instruction, Learning and Assessment (3)
Prerequisites: Admission into Graduate School. Same as TCH ED 6030. Uses learning as the basis for the design of classroom instruction. By applying learning theories, teachers can improve their own unit development, lessons plans, assessment strategies, and the use of technology for effective teaching. Deals with the impact of cognitive Educational research on the subject content and what is known about how people learn. Teachers will learn to critically evaluate and improve their own Educational practices, design principled and appropriate assessments based on their instructional goals, and to assess their own professional development.

6109 Learning & Development in Secondary School Settings (4)
Prerequisites: Graduate standing and admission to the secondary teacher Education program. Investigation of teaching and learning theories and research on the developmental needs of pre-adolescent and adolescent students. Issues of cognition, moral and social development, motivation, and assessment will be analyzed and debated. Emphasis will be on theoretical and practical approaches to constructing and analyzing a learning system. Includes field experiences.
6111 Psychology of Education (3)
Current psychological theories and research that guide inquiry and decision making in Education. Topics surveyed include behavior, development, learning, instruction.

6113 Psychopathology and Diagnosis (3)
Prerequisites: Graduate standing. Covers etiology, assessment and diagnosis of mental disorders using contemporary diagnostic systems. Course materials and assignment address the dynamics of adjustment and treatment implications for counselors, school psychologists, and others in the helping professions.

6115 Personology and Social Development (3)
Prerequisites: Graduate admission. A foundational course integrating major theoretical perspectives on personality and social development. Emphasis is on the dynamic interplay of social influences on personality development and personality influences on social processes. Particular consideration is given to the impact of social contexts, including the school, on development.

6120 Life-Span: Individual and Family Development (3)
Prerequisites: Graduate standing. Critical analysis of theories of human development including readings from empirical research and cross-cultural comparisons focusing on strategies to enhance developmental outcomes through relationship and environmental opportunity.

6125 Psychology of Early Childhood Development (3)
Prerequisite: ED PSY 6111 or consent of instructor. A survey of the theories, concepts, and research which inform the field of early childhood development to help caregivers and teachers understand the cognitive, social, and emotional changes that take place from birth through the primary years of schooling.

6210 Foundations of Citizenship Education (3)
Prerequisites: Graduate standing. Critical analysis of theories of human development including readings from empirical research and cross-cultural comparisons focusing on strategies to enhance developmental outcomes through relationship and environmental opportunity.

6217 Foundations of Citizenship Education (3)
Prerequisites: Graduate standing. Introduction to citizenship Education providing a range of knowledge of civic participation, concepts of democracy, the democratic purposes of Education, and the developmental of civic identity and political thinking, attitudes, and engagement. Comparison of historical and contemporary approaches to democratic citizenship.

6218 Coaching Sports for Character (3)
Prerequisites: Graduate Standing. Interdisciplinary examination of relevant theory, research and pedagogical practices related to character development through sports. Drawing from both academic and professional.

6220 Psychology of the Elementary School Child (3)
Prerequisite: ED PSY 6111 or consent of instructor. Current research on the psychological changes which occur during the school age years of childhood. Includes attention to how development proceeds and to the processes that may alter its progress.

6225 The Psychology of Adolescence (3)
Prerequisite: ED PSY 6111 or consent of instructor. Current research on the psychological changes which occur during adolescence. Attention is paid to the family, school, peer groups, and contemporary settings that practitioners must understand to help young people meet the psychosocial challenges of adolescence.

6310 Psychology of Learning Processes (3)
Prerequisite: ED PSY 6111. Advanced study of learning and instructional theories. The historical and theoretical bases of instructional practice are examined.

6404 Seminar (1-10)

6417 Current Perspectives on Citizenship Education (3)
Prerequisites: ED PSY 6217. Seminar extends students‘ understanding of theory and research in citizenship Education by applying it to practical programs in the US and abroad. Analysis of assumptions underlying methods of citizenship Education and its goals. Exploration of research on methods that promote, facilitate, or inhibit civic participation and citizenship competence.

6440 Moral Development and Education (3)
Prerequisites: ED PSY 6210 or ED PSY 6220 or ED PSY 6225 or consent of the instructor. An introduction and overview of moral psychology and its implications for creating learning environments. Questions of human morality are by nature cross-disciplinary, and readings and discussions will involve questions of epistemology, human nature, conceptions of "the good life," evidence for the malleability of human development, and research regarding the foundation, nature, and complexity of moral development.

6444 Cognition and Technology (3)
Prerequisites: ED PSY 6111 or consent of instructor. (same as ED TECH 6444). Examines cognitive theories and computer-based tools for learning. Students will gain a critical understanding of the relationship between the design of technological tools, the use of those tools in Educational settings, and their implications for learning.

6445 Character Education and Development (3)
Prerequisites: ED PSY 6111 and ED PSY 6220 or ED PSY 6225. Critical survey of theories of character development and models for character education in childhood and adolescence. Includes empirical and conceptual study of the nature of moral character, how it develops, and how it can be fostered in schools.

6448 Technology-Supported Inquiry Learning (3)
Prerequisites: ED TECH 5340 & ED PSY 6310, or consent of instructor (same as ED TECH 6448). Educational technology such as networked computers and software can play a supportive role in inquiry-based learning. Students will explore the theoretical background, design issues, and pragmatic realities of technology-supported inquiry learning environments. Such learning environments are best understood as systems involving social, cultural, material and psychological aspects. Consideration will be given to the important properties of settings, activities and technologies, as well as to the role of instructors.

6450 Advanced Methods in Character Education (3)
Prerequisite: ED PSY 6445. Advanced exploration of methods for promoting character development in schools: class meetings, democratic processes, cross-age learning and character curriculum development. Methods will be critically examined for their empirical and theoretical justifications.

6497 Problems (1-10)

6530 Foundations of School Psychology (3)
Prerequisites: Graduate standing. Examines the professional roles, responsibilities, and functions of psychologists in schools. Focuses on educational foundations of school psychology including the history of the profession, organization and operation of schools, and emergent technologies.

6532 Psychoeducational Differences (3)
Prerequisite: Graduate standing. Examination of classification systems used with children and adolescents in the diagnosis and treatment of educational and physical disabilities, mental disorders, and other developmental challenges.

6534 Behavioral Analysis of Human Learning (3)
Prerequisite: Graduate standing. A course in the principles of human learning and the technology of behavior modification, from the perspective of the teaching and counseling professions. Emphasis is placed on its application to school learning and behavior problems and to social behavioral patterns in a variety of appropriate counseling settings.

6536 Biological Bases of Behavior (3)
Prerequisite: Graduate standing. Examination of biological factors affecting human behavior. Includes an overview of neuroscience, developmental psychophysiology, and basic psychopharmacology. Implications for psychological and educational interventions are considered.

6540 Psychoeducational Interventions (3)
Prerequisites: ED REM 6716 and ED PSY 6532 or consent of instructor. Examines academic and instructional interventions, both preventive and remedial, that are delivered in schools and related settings with children and adolescents. Emphasizes linking assessment and intervention via use of direct and indirect service delivery.

6542 Psychotherapeutic Inventions in School Psychology (3)
Prerequisites: ED PSY 6532 and ED REM 6718 or consent of instructor. Instruction and practice developing and implementing intervention plans for common social, emotional, and behavior problems found in schools and related settings. Special emphasis on prevention and early intervention within a systems perspective.

6545 Consultation in Schools and Related Settings (3)
Prerequisite: ED PSY 6530 or CNS ED 6000 or consent of instructor. An examination of theoretical principles, research, and legal and ethical issues as applied to consultation practices in schools and related settings.

6550 Professional Issues in School Psychology (3)
Prerequisites: ED PSY 6530. Advanced examination of professional issues facing school psychologists including legal and ethical considerations, standards of practice, models of service delivery, and emergent technologies.

6590 School Psychology Practicum I (3)
Prerequisites: Grade of B or better in ED REM 6718 and ED PSY 6532, and consent of instructor. Introductory supervised experience in psychoeducational assessment, and interventions for academic and behavior problems in schools and related settings. Settings and responsibilities determined in consultation with program faculty and site supervisor.

6591 School Psychology Practicum II (3)
Prerequisites: Grade of B or better in ED PSY 6590 and consent of instructor. Advanced supervised experience in consultation, problem solving, psychoeducational assessment and interventions for academic and behavior problems in schools and related settings. Settings and responsibilities determined in consultation with program faculty and site supervisor.
6990 Internship (1-10)  
Prerequisite: Consent of instructor. Closely supervised experience in a field setting under the direction of a graduate faculty member. An appropriate level of competence and evidence of growth in the professional role must be demonstrated by the intern. The internship will include planning, research, evaluation, and related professional activities.

6991 School Psychology Internship (3)  
Prerequisites: Grade of B or better in ED PSY 6591 and consent of instructor. Full-time field-based placement in an approved school or Educational setting supervised by an appropriately credentialed school psychologist. Course may be repeated for credit.

7640 Changing Perspectives in Educational Psychology (3)  
Prerequisites: ED PSY 6111 and doctoral standing or consent of instructor. The advanced exploration of foundational issues in Educational psychology. Topics include theoretical perspectives of modes analysis used in the investigation of psychological theories and concepts in Education.

7642 Sociocultural Perspectives in Education (3)  
Prerequisites: Doctoral standing or consent of instructor. Investigation of sociocultural theory with a focus on Educational applications. Topics include the social formation of mind, language as cultural tool, methodological issues in social science research, and dialogic inquiry as pedagogy.

7644 Motivation Theory in Education (3)  
Prerequisites: ED PSY 6111 and doctoral standing or consent of instructor. Focuses on the social and cognitive aspects of contemporary theories of motivation and examines supporting research. Participants will apply theory to settings of teaching and learning, training, and counseling relevant to their interests.

7647 Teaching for Learning in the Univ. (3)  
Prerequisites: Graduate standing and consent of the instructor. An examination of current research in learning, motivation, and assessment as it pertains to teaching and learning in post-secondary settings. Designed to guide graduate students to promote active and meaningful learning in college classrooms to develop college students’ critical thinking skills. Graduate students across the disciplines may enroll.

Educational Research and Evaluation Methods (ED REM)

3721 Interpretation of Educational Tests and Measurements (3)  
Prerequisite: Meet the university standard for proficiency in basic mathematical skills. A study of the principles of test theory with emphasis on standardized aptitude, behavioral, and achievement tests; the interpretation of individual and group performance; and application within classroom settings. Required of all majors in special Education.

5730 Educational Statistics (3)  
Prerequisite: Meet the university standard for proficiency in basic mathematical skills. Statistical methods for advanced undergraduate and beginning graduate students: descriptive statistics, probability and sampling, and introduction to hypothesis testing and inferential statistics.

6040 Educational Research for Teachers (3)  
Prerequisites: TCH ED 6010 and TCH ED 6020. This course provides the knowledge, skills, and practice for experienced practitioners to engage reflectively in a process of systematic study of their own practice with Educational systems and situated contexts. Educators will learn both analytic and practical tools to document multiple factors that can impact student learning and become more sophisticated consumers of research in order to engage in student advocacy and influence policy decision-making.

6497 Problems (1-10)  
Prerequisites: At least one previous ED REM course and consent of course supervisor. Individual study on topics pertaining to Educational measurement, evaluation, statistics, and research design.

6705 Evaluation of Data Analysis Programs (3)  
Prerequisite: Graduate admission and an introductory statistics course or consent of instructor. Principles and procedures for assessing the quality and effectiveness of data analysis computer programs and packages in Educational research. Review and evaluation of various computer programs and packages used in Educational research.

6707 Classroom Measurement and Evaluation (3)  
Prerequisites: Graduate admission or consent of instructor. An introductory graduate course to classroom testing and evaluation. Topic areas include comparison of criterion-and norm-, validity and associated descriptive statistics; derived referenced theory and technique; classical test theory, reliability and transformed scores; preparation of instructional objectives for use in developing the classroom test; performance evaluations, and portfolio rubrics.

6709 Educational and Psychological Measurement (3)
Prerequisite: Graduate admission or consent of instructor. An introductory graduate course in testing and measurement theory: reliability, validity, and associated descriptive statistics; correlation and simple regression; derived and transformed scores; interpretation of test scores; measurement of aptitude, vocational interests, and personal social adjustment.

6710 Educational Research Methods and Design (3)
Prerequisite: An introductory statistics course or ED REM 6707, or 6709, or consent of instructor. An introductory course in Educational research methodology: comparison of various types of qualitative and quantitative Educational research, threats to internal/external validity, sampling methods, data analysis, and components of research reports.

6712 Survey Research Methods in Education (3)
Prerequisite: An introductory statistics course and ED REM 6710 or consent of instructor. Same as POL SCI 6406 and SOC 5432. A course on the principles and procedures for conducting survey research. Topics include forming questions and scales, survey design, sampling methods, data preparation and analysis, and presentation of results.

6714 Action Research in Education (3)
Prerequisite: ED REM 6710 or consent of instructor. A course that engages the participants in systematic qualitative inquiry into their own practice: framing appropriate questions; gathering and interpreting data; analyzing culture, subjectivity and multiple perspectives; and reporting the results ("telling the story"). Readings will address the methods, politics, and ethics of action research. Enrollment requires access to a field setting.

6716 Psychoeducational Assessment and Intervention I (3)
Prerequisite: Graduate standing. Instruction in the administration, scoring, interpretation, and reporting of results of individual and group tests of psychomotor ability, academic achievement, and oral language skills. Special attention given to linking assessment to intervention.

6718 Psychoeducational Assessment and Intervention II (3)
Prerequisites: Grade of B or better in ED REM 6716 or CNS ED 6050, and consent of instructor. An advanced assessment course in the administration and use of individual tests of cognitive abilities, diagnostic interviewing, adaptive behavior, and social-emotional behavior assessment with an emphasis on writing integrated reports with meaningful recommendations linking assessment to intervention.

6730 Educational Program Evaluation (3)
Prerequisites: Admission to doctoral Education and ED REM 6710 or consent of instructor. A course on the principles and procedures for assessing the quality and effectiveness of programs, projects, and materials related to planned interventions and system changes in Educational settings.

6732 Advanced Theory and Practice in Educational Program Evaluation (3)
Prerequisites: ED REM 6730 or consent of the instructor. Extension of the principles, attributes, and practices of program evaluation to contemporary problems and settings. Study will include the comparison of examples of the program evaluation process. Focus will be on adherence to the Program Evaluation Standards endorsed by leading professional research and evaluation associations.

6735 Statistical Analysis for Education Research (3)
Prerequisites: Graduate standing. Provides students with a fundamental and intermediate understanding of quantitative methods and their relationship to social science research in Education. This course is designed to provide statistical background to students who will pursue advanced degrees in Education. Students will conduct lab data analysis based on the topics covered in the class and learn how to generate specific research questions and conduct basic statistical analyses.

6750 Advanced Research Design in Education (3)
Prerequisites: ED REM 6735 or consent of instructor. This course is designed to provide students with a thorough background in the fundamental principles of research design in Education, and the knowledge and skills necessary to design and carry out studies appropriate to a wide variety of research problems. It focuses on tailoring the research design and methodology to most effectively address the problem or issue of concern, including qualitative, quantitative, and mixed-method designs. This is an experiential course designed around active discussion by students each week, and requires each student to develop a detailed research proposal for conducting a study to examine an appropriate Educational research problem.

6990 Internship (1-10)
Prerequisite: Consent of instructor. Closely supervised experience in a field setting under the direction of a graduate faculty member. An appropriate level of competence and evidence of growth in the professional role must be demonstrated by the intern. The internship will include planning, research, evaluation, and related professional activities.

7711 Advanced Test Theory in Education (3)
Prerequisite: Admission to doctoral Education and ED REM 6707, or ED REM 6709, or consent of instructor. An advanced course in measurement theory and practice: issues of reliability, validity, and item analysis for both
criterion and norm referenced tests; introduction to factor analysis in the development and analysis of test structure and validity; introduction to item response theory for the improvement of Educational testing and research.

7712 Discourse Analysis in Education (3)
Prerequisites: Admission to a Doctoral Program or Consent of Instructor. The role of language in social life is a paramount concern to educational researchers. The purpose of this course is to introduce students to theories and methods of discourse analysis. Students will be come familiar with the methods used in conversation analysis, critical discourse analysis and mediated or multimodal discourse analysis. Topics include transcription theory and practice, the role of context in discourse analysis, the ethics of representation and the place of action in discourse analysis. Students will engage with the theories and methods for analyzing educational interactions such as small-group discussions, education documents, classroom scenes, in-depth interviews, and naturally occurring conversations.

7771 Quantitative Research Methods I (3)
Prerequisites: Admission to doctoral Education and ED REM 6710 or consent of instructor. An advanced Educational research methods course: hypothesis testing using factorial analysis of variance; analysis of covariance; and the general linear model.

7772 Quantitative Research Methods II (3)
Prerequisite: ED REM 7771 or consent of instructor. An advanced Educational research methods course; multivariate analysis of variance; canonical correlation, discriminant function analysis, factor analysis; cluster analysis, advanced topics in multiple linear regression; and associated research design issues.

7773 Quantitative Research Methods III (3)
Prerequisite: ED REM 7772. An advanced Educational research methods course using multiple linear regression models, path analysis, and structural equation modeling. Focus is on the theory, issues, and application of these advanced data analysis techniques.

7781 Qualitative Methods in Educational Research I (3)
Prerequisites: Admission to doctoral Education and ED REM 6710 or consent of instructor. An introductory qualitative research methods course in Education to develop skill in forming research questions, writing field notes, and collecting, organizing, and analyzing a variety of data. Philosophical and ethical issues in qualitative research are presented.

7782 Qualitative Methods in Educational Research II (3)
Prerequisite: ED REM 7781 or consent of instructor. An advanced qualitative Educational research methods course to address the issues of sampling strategies, observational and interview techniques, and data analysis. Requires access to a field setting to conduct a qualitative research study.
Division of Teaching and Learning

Faculty

Joseph L. Polman, Associate Professor, Chair
Ph.D., Northwestern University

Charles Granger, Professor; Curators’ Teaching Professor
Ph.D., University of Iowa

Carl Hoagland, Emerson Electric Company Professor in Technology and Learning
Ed.D., University of Massachusetts

William C. Kyle, E. Desmond Lee Family Professor of Science Education
Ph.D., University of Iowa

Louis Lankford, Des Lee Foundation Endowed Professor in Art Education
Ph.D., Florida State University

Robert Nordman, E. Desmond Lee Family Fund Endowed Professor
Ed.D., Saint Louis Conservatory of Music Education

Wendy Saul, Dr. Allen B. and Mrs. Helen S. Shopmaker Endowed Professor for Education in collaboration with Springboard to Learning
Ph.D., University Wisconsin-Madison

James Shymansky, E. Desmond Lee Family Professor of Science Education
Ph.D., University of North Dakota

Fred Willman, Professor; Curators’ Teaching Professor
Ph.D., University of North Dakota

James Wilson, E. Desmond Lee Endowed Professor in Experiential and Family Education
Ph.D., Iowa State University

Richard W. Burnett, Professor Emeritus
Ed.D., Indiana University

Richard J. Friedlander, Professor
Ph.D., University of California-Los Angeles

Kathleen M. Haywood, Professor; Associate Dean for Graduate Education
Ph.D., University of Illinois-Urbana-Champaign

Wallace Z. Ramsey, Professor Emeritus
Ph.D., University of Missouri-Columbia

Helene J. Sherman, Professor, Associate Dean
Ed.D., University of Missouri-St Louis

Blanche M. Touhill, Professor; Chancellor Emerita
Ph.D., Saint Louis University

Paul D. Travers, Professor Emeritus
Ed.D., George Peabody College

Doris A. Trojcak, Professor Emerita
Ed.D., Indiana University

Harold E. Turner, Professor Emeritus
Ed.D., George Peabody College

Douglas Turpin, Professor Emeritus in Music Education
Ph.D., Washington University

Judith Walker de Felix, Professor, Associate Provost Academic Affairs; Dean of Graduate School
Ph.D., University of Florida

Huber M. Walsh, Professor Emeritus
Ed.D., University of California-Los Angeles
The faculty of the Division of Teaching and Learning has their offices on the 2nd and 3rd floors in Marillac Hall and in the Mark Twain Building. Information about course offerings and related matters on all programs except physical education may be obtained in 369 Marillac Hall. The physical education offices are located in 234 Mark Twain Building.

The division coordinates programs leading to a Bachelor of Science (B.S.) in Education degree in:

**Early Childhood Education**
Elementary Education
Physical Education
Secondary Education
Special Education

And the Bachelor of Educational Studies (B.E.S.) degree in:

Early Childhood Education
Professional Education

Programs leading to the M.Ed in elementary education, secondary education, and special education also are
coordinated in the Division of Teaching and Learning.

The early childhood undergraduate program is designed for students wishing to teach and direct programs
for children from pre-kindergarten through grade three. Students electing this program will work directly with
young children as a part of their professional courses.

The graduate program is designed to develop master-level educators through a common core of essential
knowledge and experiences drawn from current research and practice in the field of early childhood education.
Through this program, candidates are able to further their competencies as educators, directors, program
planners, and curriculum developers in various early childhood settings. Students can complete additional
course work to receive certification.

The elementary education program prepares students to teach in grades one through six. Students may
also tailor a program leading to a middle school/junior high teaching certificate. A special feature of these
programs is the many opportunities to work with children in schools as part of the professional course work.

The graduate program strives to develop and refine the concept of the "teacher as researcher" or the "teacher
as reflective decision maker or problem solver." It is based on the premise that as professionals, teachers
must understand both the products and findings of research and the underlying processes that influence their
professional practice.

Students may choose a program leading to the M.Ed. In education, generalized or specialized elementary
education or elementary education with Missouri certification in reading.

The physical education program coordinates work in physical education, which leads to a B.S. in education
degree with certification to teach either PK-9 or K-12.

The elementary education and secondary education graduate programs provide courses for graduate students
who choose physical education as their teaching field.

The secondary education program prepares students for teaching these subjects in secondary schools
(grade 9-12): biology, chemistry, English, French, German, history, mathematics, music, physics, psychology,
social studies, speech and Spanish. A special feature of these programs is the close interdisciplinary
cooperation between the College of Education and other university departments.

Students may also choose to pursue the bachelor's degree in the College of Arts and Sciences plus
certification, or the B.S. in education degree, which includes Missouri certification.

At the graduate level, the division provides a program leading to an M.Ed in secondary education with
emphasis in: general secondary education; curriculum and instruction; secondary education with emphasis in
reading; and secondary education and certification.

The special education program prepares students to teach learners with developmental disabilities,
emotional/behavioral disorders, learning disabilities, or in early childhood special Education settings.
Missouri certification standards require a student teaching experience the area of special education.

At the graduate level, requisite course work for Missouri certification in special education is available, as is the
M.Ed. Degree.

Minor in Literacy
A Minor in Literacy can be earned by successfully completing 18 hours of the following:

TCH ED 3315, Literacy Learning and Instruction
ELE ED 4989, Elementary Education Professional Internship
ELE ED 3330, Literacy, Literature and the Learner
ELE ED 3336, Communication Arts Learning and Instruction

Minor in Mathematics Education K-5
A Minor in Mathematics Education can be earned by successfully completing 18 hours in the mathematics
Education field. The following mathematics Education courses may be applied to Mathematics Education
Minor.
ELE ED 4246, Teaching Mathematics in the Elementary School
ELE ED 4342, Addressing Needs in Mathematics Teaching and Learning
ELE ED 4346, Advanced Methods in Elementary School Mathematics
MID ED 4246, Teaching Mathematics in the Middle School
ECH ED 4346, The Acquisition of Mathematical Concepts
ED TECH 5301, Introduction to Computers and the Internet in Education

Mathematics courses (except 1030, 1150 & 2510) with consent of advisor.

Note The State Board of Education developed standards for renewable professional certificates, based on specific requirements for training and experience. Details regarding these standards are available in the office of undergraduate studies in Education.

Minor in Urban Education P-5
A minor in Urban Education P-5 can be earned by successfully completing the following 18 hours of Teacher Education, Early Childhood, and Elementary Education courses. Students must register for the special sections of these courses that are offered in urban settings to meet the requirements of this minor.

ELE ED 3330, Literacy, Literature and the Learner
ELE ED 3336, Communication Arts Learning and Instruction
ELE ED or ECH ED 4320, Classroom Management
ELE ED 4989, Elementary Education Professional Internship or
ELE ED 4989, Early Childhood Primary Internship
TCH ED 4988, Teaching and Learning in Urban Schools

Note The State Board of education developed standards for renewable professional certificates, based on specific requirements for training and experience. Details regarding these standards are available in the office of undergraduate studies in education.

Minor in Teaching English to Speakers of Other Languages P-12
A Minor in Teaching English to Speakers of Other Languages (TESOL) can be earned by successfully completing 18 hours of coursework that is identified to prepare the student to earn a TESOL teaching endorsement as an additional area of teaching certification by the Missouri Department of Elementary and Secondary Education.

TCH ED 3213, Performance-based Assessment for TESOL
TCH ED 3215, Field Experiences in TESOL

Bachelor of Educational Studies

Admission Requirements

To be admitted to the Bachelor of Educational Studies Program an applicant must:

* Be regularly admitted to the College of Education.
* Have earned a UM and overall cumulative grade point average of 2.50 on a 4.0 scale.
* Have a documented ACT of SAT score
* Have scored 235 or higher on each subtest of the CBASE.
* Complete ENGL 1100 with a C or better.
* Complete Mathematics 1030 with a C or better
* Have earned at least 45 hours of college credit.
* Complete an application for the Bachelor of Educational Studies and secure appropriate signatures.

The B.E.S. is professional degree designed for individuals who wish to study Education as a scholarly discipline but who do not wish to prepare for the professional practice for Education in the K-12 schools of this state or nation. Available emphasis areas include Early Childhood Education and Professional Education Studies.

General Education Requirements

Students entering college first time Fall 2002 should refer to the Introductory section of this bulletin for their General Education Requirements.

Communicative Skills (2 requirements)

* All students must complete a freshman English composition course with a grade of C or better.
* All students must complete English 3100, Advanced Expository Writing, or its equivalent, with a grade of C- or better.

Mathematical Skills

* A grade of C- or better in a college-credit mathematics course having at least intermediate algebra as a prerequisite, or
A satisfactory score on the university's Mathematics Proficiency Test.

Breadth of Study (minimum 42 hours in the following three areas with at least three courses in each area)

- Humanities
- Natural sciences and mathematics
- Social sciences

Other Requirements

- American History or Government (course taken at the University of Missouri or at other colleges or universities in Missouri)

**Degree Requirements**

**Cultural Diversity Requirement** (3 hours)

- **ED PSY 3312/TCH ED 3312**, The Psychology of Teaching and Learning (3 hours)
- **COMM 1040**, Introduction to Public Speaking (3 hours)
- **6 hours in Psychology or Educational Psychology numbered 3000 or higher**
- **EDUC 2290**, Internship (6 hours)
- **EDUC 2291**, Internship (6 hours)

At least one of the following:

- **PHY ED 3282**, Physical Growth and Motor Development (3 hours)
- **ED PSY/TCH ED 2212**, (3 hours), Introduction to learners and Learning (3 hours), or equivalent
- **PSYCH 2272**, Adult Development and Aging (3 hours; same as Gerontology 2272)

**Emphasis in Early Childhood**

One of the following two:

- **TCH ED 2211**, Introduction to American Schools (3 hours or equivalent)
- **PHY ED 3282**, Physical Growth and Motor Development (3 hours)
- **TCH ED 3313**, Psychology of the Exceptional Child (3 hours) or equivalent
- **ECH ED 3304**, Curriculum and Practice Laboratory: Preschool (1 hour)
- **ECH ED 3312**, Introduction to Early Childhood Education (3 hours)
- **ECH ED 3313**, Curriculum and Practice: Infant/Toddler (2 hours)
- **ECH ED 3314**, Curriculum and Practice: Preschool (2 hours)
- **ECH ED 4317**, Assessing Individual Needs for Early Childhood Instruction (3 hours)
- **ECH ED 4331**, Language Acquisition and Development in Early Childhood (3 hours)
- **ECH ED 3332**, Literacy, Learning and Instruction for the Young Child (3 hours)
- **ECH ED 4346**, The Acquisition of Mathematical Concepts (3 hours)

Total: 27 hours

Second Concentration: Electives to total 12 hours to be chosen from ECH ED, ELE ED, SPEC ED, ED TECH, ED REM, or an area chosen in consultation with the adviser.

**Emphasis in Professional Education Studies**

27 hours in one of the following, numbered 3000 or above: ELE ED, SPEC ED, SEC ED.

Second Concentration: Electives to total 12 hours to be chosen from an area not selected above or ECH ED, PHY ED, TCH ED, CNS ED, ED PSY, ED REM or ED TECH.

Candidates for the Bachelor of Educational Studies degree must achieve a cumulative grade point average of at least 2.50, complete 24 of the last 30 hours in residence at UMSL, and be recommended by the faculty of the College of Education.
Bachelor of Science in Education: Early Childhood
This program is designed for students wishing to teach and direct programs for children from birth through grade three.

General Education Requirements:
Students entering college first time, Fall 2002 should refer to the Introductory section of this Bulletin for their General Education Requirements.

English and Communication (9 hours)
ENGL 1100, Composition
ENGL 3100 or 3120, Advanced Expository Writing

Communication: 3 hours

Mathematics (3 hours)
MATH 1150, Structure of Mathematical Systems I

Biological Science: includes lab (5 hours)
BIOL 1012/1013

Physical Science: includes lab (4 hours)

Humanities (8 hours)
Three courses from two of the following fields: art, music, philosophy, and literature.

Social Science (15 hours)
PSYCH 1003, General Psychology
POL SCI 1100, Introduction to American Politics, or equivalent
and one of the following history courses
HIST 1001, American Civilization
HIST 1002, American Civilization
and the following courses:
POL SCI 1850, Global Ecology
SOC 1010, Introduction to Sociology, or any anthropology course.

Degree Requirements
Students are required to take the general education requirements as indicated for early childhood education above.

Level I: Exploring Education as a Profession
TCH ED 2210, Introduction to Teaching
TCH ED 2211, Introduction to American Schools
TCH ED 2212, Introduction to Learners and Learning
Level II: Analyzing the Nature and Process of Education

TCH ED 3310, Introduction to Instructional Methods
TCH ED 3312, Psychology of Teaching and Learning
TCH ED 3313, Introduction to Learners with Disability and Inclusive Education
TCH ED 3315, Literacy Learning and Instruction
PHY ED 3430, Teaching Health in the Elementary School
PHY ED 3282, Physical Growth and Motor Development

Level III: Synthesizing Theory and Practice in Education

ELE ED 3330, Literacy, Literature and the Learner
ELE ED 3336, Communication Arts Learning and Instruction
plus these Early Childhood Education (ECH ED ) courses:

Note: ECH ED 4990 and ECH ED 4991 must be taken during the same semester.

3303, Curriculum and Practice Laboratory: Infant/Toddler
3304, Curriculum and Practice Laboratory: Preschool
3312, Introduction to Early Childhood Education
3313, Curriculum and Practice: Infant/Toddler
3314, Curriculum and Practice: Preschool
3332, Literacy, Learning and Instruction for the Young Child
4317, Assessing Individual Needs for Early Childhood
4346, The Acquisition of Mathematical Concepts
4320, Classroom Management
4989, Early Childhood Primary Internship
4990, Student Teaching in Early Childhood Education I (6 hrs)
4991, Student Teaching in Early Childhood Education II (6 hrs)

Attention education majors: Professional education courses must be completed with a grade point average of 2.50 and no grade lower than a C- (2.0).

Total: A minimum of 120 hours

Graduate Studies

Master of Education: Elementary Education

Early Childhood Education Emphasis
The M.Ed. program with an emphasis in early childhood education is designed to enable candidates to further their competencies as teachers or program administrators in public and private early childhood program. The program also prepares them for positions in community agencies that support families courses are as follows. The minimum required and recommended complete the Required Core Competencies and Capstone Course as above.

Career Outlook
The field of early childhood education has experienced a marked increase in the demand for highly qualified and professional prepared educators. As research continues to focus on the crucial early years of development, the need for trained professionals in early care and education will continue to rise. Early childhood graduates at all degree levels are attractive candidates for employment in a variety of educational positions. The downward extension of ages of schooling opens employment opportunities in the public and private sector. Future expansions of opportunities in schools are tied to population growth, increased specialization of services, and reduction in ratios between professional staff and children served. Additional career opportunities exist for early childhood educators in specialized childcare, private family care, instruction and training, corporations, self-owned businesses, and family-focused public and private agencies. Qualified early childhood educators can and do make a powerful difference in the lives of families and children.
The elementary education program prepares students to teach in grades one through six.

**General Education Requirements:**

**English and Communication (9 hours)**  
ENGL 1100, Freshman Composition  
ENGL 3100, Advanced Expository Writing  
*COMM 1040, Introduction to Public Speaking

**Mathematics (6 hours)**  
MATH 1150, Structure of Mathematical Systems I  
MATH 2510, Structure of Mathematical Systems II

**Biological Science: includes lab (5 hours)**  
*General Biology 1012/1013

**Physical Science: includes lab (4 hours)**

**Humanities (8 hours)**  
Three courses from two of the following fields: art, music, philosophy, and literature.  
Social Science (18 hours)  
PSYCH 1003, General Psychology  
POL SCI 1100, Introduction to American Politics, or equivalent  
And one of the following history courses:  
HIST 1001, American Civilization  
HIST 1002, American Civilization  
POL SCI 1850, Global Ecology  
SOC 1010, Introduction to Sociology, or any anthropology course.  
ECON 3052, Microeconomics for the School Curriculum

**Related Area Requirements**  
PHY ED 3430, Teaching Health in the Elementary School  
PHY ED 3465, Physical Education Activities for the Elementary School  
MUS ED 3770, An Introduction for the Elementary School Teachers  
ELE ED 2179, Art Activities for Elementary School

**Program Requirements**

**Level I: Exploring Education as a Profession**  
TCH ED 2210, Introduction to Teaching
**TCH ED 2211,** Introduction to American Schools  
**TCH ED 2212,** Introduction to Learners and Learning

**Level II: Analyzing the Nature and Process of Education**  
**TCH ED 3310,** Introduction to Instructional Methods  
**TCH ED 3312,** Psychology of Teaching and Learning  
**TCH ED 3313,** Psychology of the Exceptional Child  
**TCH ED 3315,** Literacy Learning and Instruction

**Level III: Synthesizing Theory and Practice in Education**  
**ELE ED 3330,** Literacy, Literature and the Learner  
**ELE ED 3336,** Communication Arts Learning and Instruction  
**ELE ED 4320,** Classroom Management  
**ELE ED 4253,** Teaching Social Studies in the Elementary School  
**ELE ED 4341,** Teaching of Science in the Elementary School  
**ELE ED 4989,** Elementary Education Professional Internship  
**ELE ED 4990 and 4991,** Elementary School Student Teaching

Attention education majors: Professional education courses must be completed with a grade point average of 2.5 and no grade lower than a C.

Total: minimum of 120 hours.

**Middle School/Junior High (5-9)**  
General education requirements are the same as for elementary education.

Postdegree certification students take ED FND 4330, History of American Education, ED FND 6421, Philosophy of Education, in lieu of TCH ED 2211.

Changes in teacher certification requirements in this area are upcoming. To obtain the latest information on requirement changes or to find out whether the new requirements will apply to you, contact the office of undergraduate teacher education, 155 Marillac Hall.

Total: 120 hours

**Bachelor of Science in Education: Elementary Education (Middle School Certification)**  
This area of specialization in elementary education prepares students to teach in grades 5-9.

**General Education Requirements**  
General education requirements are the same as for elementary education.

**Related Area Requirement**  
**PHY ED 3430,** Teaching Health in the Elementary School

**Program Requirements**

**Level I: Exploring Education as a Profession**  
**TCH ED 2210,** Introduction to Teaching  
**TCH ED 2211,** Introduction to American Schools  
**TCH ED 2212,** Introduction to Learners and Learning

**Level II: Analyzing the Nature and Process of Education**  
**TCH ED 3310,** Introduction to Instructional Methods  
**TCH ED 3312,** The Psychology of Teaching and Learning  
**TCH ED 3313,** Psychology of the Exceptional Child  
**MID ED 4315,** The Middle Level School  
**MID ED 4316,** Middle Level Curriculum and Instruction  
**TCH ED 4391,** Teaching Reading in the Secondary School Content Area

**Level III: Synthesizing Theory and Practice in Education**  
**ELE ED 3389,** Classroom Based Assessment to Guide Literacy Instruction  
**SEC ED 4880,** Writing for Teachers  
**MID ED 4317,** The Middle Level Child  
**MID ED 4989,** Middle Level Internship

*Note MID ED 4317 & MID ED 4989 should be taken concurrently.*

**Special Methods**

Along with education courses in Level III, students must take the appropriate special methods course congruent with the certification area(s) listed below:
ELE ED 3336, Communications Arts Learning and Instruction
MID ED 4253, Teaching of Social Studies in the Middle School
MID ED 4246, Teaching Mathematics in the Middle School
ELE ED 4341, Teaching of Science in the Elementary School
ELE ED 4990, Student Teaching I
ELE ED 4991, Student Teaching II
ELE ED 4990 and 4991 (Denoted as Middle School Sections)

Area of Concentration for State Certification
Middle School certification 5-9 requires a minimum of 21 hours for certification in the specific content of language arts, social studies, math, or science. Contact the office of undergraduate teacher education, 155 Marillac Hall, for specific content area courses.

Attention education majors: Professional education courses must be completed with a grade point average of 2.5 and no grade lower than a C is acceptable.

Minimum of 120 hours.

Graduate Studies

Master of Education: Elementary Education

General Curricular Program or Specialization in Selected Curricular Areas
The M.Ed. program in elementary education has a general program option, an emphasis in reading option, and an early childhood education option. All options consist of an initial required core of courses; a concentration area; an optional specialization area; a teacher research course; and a capstone or exit course. Areas of specialization are suggested below. A minimum of 33 hours is required for the degree; additional hours may be necessary for reading specialist certification.

1) Required Core (9 hours)
Students are required to complete the following courses within the first 15 hours of study.
TCH ED 6010, Examining History, Community, and Social Justice in Education (3)
TCH ED 6020, Teacher Action, Advocacy & Leadership (3)
TCH ED/ED PSY 6030, Instruction, learning & Assessment (3)

2) Required Research Course (3 hours)
ED REM 6040, Educational Research for Teachers (3)

3) Elementary Education Concentration (12-18 hours)
A curriculum course (required): ELE ED 6410 Current Research in the Elementary School Curriculum
Students should select at least 9 additional hours in one or more of the following areas: children's literature, early childhood, language arts, mathematics education, reading, science education, social studies education, special education, physical education, educational technology, curriculum development, improvement of instruction, or another area as identified in consultation with the faculty advisor.

4) Specialization Areas (Optional; 6 hours)
Students may follow one of the core competency courses with two additional courses to develop an area of specialization, such as:
Educational Psychology Option: ED PSY/TCH ED 6030 followed by either ED PSY 6210 Life-Span: Individual and Family Development or ED PSY/ED TECH 6448 Technology Supported Inquiry Learning (3 hours each) and one of the following ED PSY courses: 6210, Life-Span: Individual & Family Development; 6215, Psychology of Early Childhood Development; 6220, Psychology of the Elementary School Child; or 6225, The Psychology of Adolescence (3 hours each) Educational Technology Option: TCH ED/ED PSY 6030 followed by ED TECH 5340 Selection and Utilization of Educational Multimedia and ED TECH 6452 Educational Multimedia Design.

Other specialization areas are available and information is available in the Graduate Education and Teaching & Learning Division office.

5) Capstone Course (3 hours)
Students must enroll in the capstone course during their last semester.
TCH ED 6910 Teacher Action Research Capstone (3)

Emphasis in Reading
The M.Ed. program with emphasis in reading (literacy) is designed to enable candidates to further their competencies as teachers of reading, writing, and the other communication arts. The program also prepares them for positions as literacy coaches, reading specialists, curriculum specialist in communication arts and reading areas, consultants in areas of communication arts, and/or for further graduate study. The following program enables the student to earn a M.Ed. with an emphasis in Reading while fulfilling the Department of Elementary and Secondary Education’s requirements for special reading certification in Missouri. Students must complete the first two levels of the Required Core, an educational psychology course, an approved...
educational research course, 18 hours of literacy courses, and an action research capstone course. The minimum required and recommended courses are as follows:

**Required Core (9 hours)**
TCH ED 6020, Teacher Action, Advocacy & Leadership (3)
TCH ED/ED PSY 6030, Instruction, Learning & Assessment (3) or a graduate level course in child psychology or adolescent psychology may be substituted if needed for certification.

**Required Research Course – Evaluation of Abilities and Achievement (3 hours)**
ED REM 6707, 6709, or 6716 Choose one course (3 hours) Dependent on student needs and interests.

**Reading Concentration (18 hours):**
**Required Courses**
ELE ED 6387, Literacy Acquisition & Learning for Urban Students
ELE ED 6684, Instructional Strategies for Teaching Reading
ELE ED 6686, Analysis and Correction of Reading Disabilities
ELE ED 6493, Reading Specialist Practicum I
ELE ED 6494, Reading Specialist Practicum II

And at least one course from the literacy-related elective list or from the certification-related elective list below (min. 3 hrs):

**Capstone Course (3 hours)**

**Literacy Related Electives**
ELE ED 6630, Communication Arts Instruction
ELE ED 6436, Children’s Literature I: Survey & Analysis
ENGL 6880/TCH ED 6880, Gateway Writing Project (6)
ELE ED 6688, Literacy Assessment to Guide Instruction
TCH ED 5312, Differentiated Instruction

To be recommended for Missouri Department of Elementary and Secondary Education special reading certification, teachers must have a valid Missouri teacher's certificate and two years of classroom teaching experience, and they must have had the following at either the undergraduate or graduate level: two additional courses in reading; language acquisition or development; classroom management techniques; counseling techniques (to include exceptional children and their families: child AND adolescent psychology; and testing, evaluation, and achievement. These certification requirements might be in addition to the courses listed in the program of study above. See your graduate advisor for information about these courses. M. Ed. Students needing any of the above can elect to take these courses at the graduate level where available and apply them to their concentration area.

**Certification Related Electives**
ED PSY 6220, Psychology of the Elementary School Child
ED PSY 6225, The Psychology of Adolescence
CNS ED 3320, Counseling Individuals with Special Needs
SPEC ED 6320, Advanced Studies in Classroom Management
ED REM 6707, Classroom Measurement & Evaluation
ED REM 6709, Educational and Psychological Testing

*Only one 4000 level course can be applied to the M.Ed.*

**Certification Options**
A combined M.Ed. and certification option exists. Options include elementary education (1-8), early childhood education (PK-3), and middle school/junior high (4-9). Students should consult certification advisers. Graduate credit will not be given for courses at the 1000 to 3000 levels and only one 4000 level course can be applied to an M.Ed. degree.

**Elementary Education-Emphasis in Early Childhood Education Concentration (12 hours)**
Required:
ECH ED 6412, Foundations of Early Childhood Education (3)
ECH ED 6413, The Educational Role of Play (3)
ECH ED 6415, Organization and Development of Early Childhood Programs (3)

Elective hours (6 hours)

Total: 33 hours

**Career Outlook**
Undergraduate and graduate degrees in elementary education are most directly applicable to teaching at the level appropriate to the program emphasis. Increasing specialization of teaching assignments and downward extensions of ages of schooling continue to open employment opportunities. As in the past, elementary education graduates at all degree levels also continue to be attractive candidates for employment in many positions, which require (or are well suited to) training in social and behavioral sciences. Positions in constant contact with and service to the general public such as sales, service, public relations, and general business are most common examples. Future expansions of opportunities in schools are tied to population growth, increased specialization of services, and reduction in ratios between professional staff and children served. Many currently employed teachers will retire within the next 5–10 years; consequently, a shortage of teachers is anticipated.
Division of Teaching and Learning - Physical Education (PHY ED)

Bachelor of Science in Education: Physical Education
This program prepares students to teach physical Education. Individuals can be certified for grades PK to 9 only or for grades PK to 12.

Communication Skills (9 hours)
ENGL 1100, Freshman Composition
ENGL 3100, Advanced Expository Writing or equivalent
COMM, 1040 Introduction to Public Speaking

General Education Requirements (42 hours required):
Students entering college first time, Fall 2002 should refer to the Introductory section of this Bulletin for their General Education Requirements.

Humanities (8 hours)
Three courses from two curricular designations in the humanities (Symbol H).

Social Science (9 hours)
One course in American history
One course in American government
PSYCH 1003, General Psychology

Natural Science (8 hours)
One course in a physical or earth science
One course in a biological science.
At least one of these courses must have a laboratory component.

Mathematics (3 hours)
One college-level mathematics course

Note: All of the courses above must be a minimum of two semester hours.

Electives 11-14 hours

PK-9 Emphasis

Level I: Exploring Education as a Profession
The following physical Education (PHY ED) courses and professional Education courses are required (16 hours) and must be completed before advancement to Level II:
PHY ED 3280, Human Anatomy and Physiology (5)
TCH ED 2210, Introduction to Teaching (3)
TCH ED 2211, Introduction to Schools (3)
TCH ED 2212, Introduction to Learners (3)

Level II: Analyzing the Nature and Process of Education
The following physical Education (PHY ED) courses and professional Education courses are required (27 hours) before enrollment in any Level III courses:

PHY ED 3267, Performance Analysis in Physical Education (3)
PHY ED 3275, Psychological Aspects of Physical Education (3)
PHY ED 3282, Physical Growth and Motor Development (3)
PHY ED 3283, Kinesiology (3)
PHY ED 3284, Physiology of Human Exercise (3)
PHY ED 3285, Sports Medicine (3)
TCH ED 3312, Psychology of Teaching and Learning (3)
TCH ED 3313, Psychology of the Exceptional Child (3)

The following physical Education courses are required (9 hours) and can be taken concurrently with Level III courses:

PHY ED 3434, Teaching of Wellness and Health Related Fitness (4)

**Level III: Synthesizing Theory and Practice in Education**
The following physical Education (PHY ED) courses are required (26 hours):

PHY ED 3422, Teaching of Skills: Grade PK-4 (4)
PHY ED 3423, Teaching of Skills: Grades 5-9 (4)
PHY ED 3425, Teaching of Skills: Movement, Dance and Rhythms (3)
PHY ED 4989, Physical Education Professional Internship (3)
PHY ED 4990, Student Teaching in Physical Education PK-5 (6)
PHY ED 4991, Student Teaching in Physical Education 5-9 (6)

Total: 126 hours

**Attention Education majors:** Professional Education courses must be completed with a grade point average of 2.5 and no grade lower than a C.

**Grades K through 12 Emphasis**

General education requirements are the same as for K-9

**Level I: Exploring Education as a Profession**
The following physical Education (PHY ED) courses and professional Education courses are required (16 hours) and must be completed before advancement to Level II:

PHY ED 3280, Human Anatomy and Physiology (5)
TCH ED 2210, Introduction to Teaching (3)
TCH ED 2211, Introduction to Schools (3)
TCH ED 2212, Introduction to Learners (3)

**Level II: Analyzing the Nature and Process of Education**
The following physical Education (PHY ED) courses and Professional Education courses are required (29 hours) before enrollment in any Level III courses:

PHY ED 3267, Performance Analysis in Physical Education (3)
PHY ED 3275, Psychological Aspects of Physical Education (3)
PHY ED 3282, Physical Growth and Motor Development (3)
PHY ED 3283, Kinesiology (3)
PHY ED 3284, Physiology of Human Exercise (3)
PHY ED 3285, Sports Medicine (3)
TCH ED 3312, Psychology of Teaching and Learning (3)
TCH ED 3313, Psychology of the Exceptional Child (3)

The following physical Education courses are required (9 hours) and can be taken concurrently with Level III courses:

PHY ED 3434, Teaching of Wellness and Health Related Fitness (4)
PHY ED 3261, Physical Activity for the Exceptional Learner (2)
PHY ED 3468, The Curriculum and Methods of Teaching Physical Education (3)

**Level III: Synthesizing Theory and Practice in Education**
The following physical Education (PHY ED) courses are Required (30 hours):

PHY ED 3422, Teaching of Skills: Grades PK-4 (4)
PHY ED 3423, Teaching of Skills: Grades 5-9 (4)
PHY ED 3424, Teaching of Skills Grades 9-12 (4)
PHY ED 3425, Teaching of Skills: Movement, Dance And Rhythms (3)
PHY ED 4989, Physical Education Professional Internship (3)

Two of the following three:

PHY ED 4990, Student Teaching in Physical Education PK-5 (6)
PHY ED 4991, Student Teaching in Physical Education 5-9 (6)
**PHY ED 4992, Student Teaching in Physical Education 9-12 (6)**

**Minimum: 132 hours**

**Attention Education majors:** Professional Education courses must be completed with a grade point average of 2.5 and no grade lower than a C.

**Athletic Coaching Minor**
An athletic coaching minor is available (minimum of 20 hours). The following courses are required:

- **PHY ED 3283,** Kinesiology
- **PHY ED 3424,** Teaching of Skills: Grades 9-12
- **PHY ED 5312,** Management of Sports Programs
- **PHY ED 5330,** Prescribing Physical Activity

All courses apply to, but do not complete, teaching certification in Missouri.

**Health Certification**
For those with a valid teaching certificate in physical, courses are available to obtain an additional endorsement in Health Education.

**Master of Education: Elementary or Secondary Education with Physical Education as Teaching Field**
A significant number of graduate students choose physical Education as the teaching field within one of the master of Education degree options. Most are currently employed as teachers of health and/or physical Education. Certification requirements in Missouri mandate the completion of a master's degree to professionalize the certificate. Therefore, a full complement of graduate courses relating to teaching in physical Education is available to meet this need. For many who need to pursue teacher certification in physical Education while pursuing the master's degree, most course work needed to meet state certification requirements can be taken in the master's program. For those employed outside Education, an emphasis in exercise science is also available, providing a foundation of course work designed to prepare a person in this area. Specific information is available regarding each of these degree programs. Please consult with your graduate adviser to discuss the specific options and requirements.

**Career Outlook**
The employment outlook for physical Educators in the schools continues to be positive, especially in the elementary and middle school levels. Recent placement years have yielded full employment opportunities to UMSL graduates. Rising school enrollments and the expected retirement of a significant portion of currently employed teachers signal optimistic outlooks for the next few years. In addition to elementary, middle school, and high school physical Education teaching, more limited opportunities exist in athletic training, dance, research, sports management, and exercise leadership fields serving persons of all age categories.
Undergraduate Studies

Bachelor of Science in Education: Secondary Education
Two secondary Education programs prepare students to teach in grades 9 through 12: Bachelor of Science in Secondary Education through the College of Education (B.S.Ed.) OR Bachelor of Arts in a department of the College of Arts and Sciences (B.A.) with certification in Secondary Education.

General Education Requirements
Students entering college first time, Fall 2002 should refer to the Introductory section of this bulletin for their General Education Requirements.

B.S.Ed. degree candidates must complete the following general Education courses required by the College of Education and the Missouri Department of Elementary and Secondary Education.

Humanities
Three courses required from the following fields: music (excluding applied music), art, foreign language, Western and non Western cultures, philosophy, literature, classical studies, and theater and drama.

Communication Skills
At least two courses in English composition and one in oral communications.

Social Studies
One course in each --American history and American government, and one additional course selected from the following areas: geography, sociology, economics, anthropology, and psychology.

PSYCH 1003, General Psychology (required).

Natural Science
One course in a physical or earth science; one course in a biological science. At least one of these courses must have a laboratory component.

Mathematics
One college-level mathematics course.

Note All of the courses above must be a minimum of 2 semester hours.

Program Requirements
B.S.Ed. and B.A. certification candidates must complete the following courses:

Level I: Exploring Education as a Profession
TCH ED 2210, Introduction to Teaching
TCH ED 2211, Introduction to Schools
TCH ED 2212, Introduction to Learners

Level II: Analyzing the Nature and Process of Education
TCH ED 3310, Introduction to Instructional Methods
TCH ED 3312, Psychology of Teaching and Learning  
TCH ED 3313, Psychology of the Exceptional Child  
TCH ED 4391, Teaching Reading in Secondary School Content Areas

**Level III: Synthesizing Theory and Practice in Education**

SEC ED 4xxx, Curriculum and Methods of Teaching (specific subject area)  
SEC ED 4989, Secondary Education Professional Internship  
SEC ED 4990, Secondary School Student Teaching  
SEC ED 4xxx, Student Teaching Intern Seminar (Taken concurrently with student teaching)

Note: SEC ED 4989 Secondary Education Professional Internship and SEC ED 4xxx, Curriculum and Methods of Teaching (specific subject area) must be taken in the same semester and in the semester immediately preceding SEC ED 4990, Secondary School Student Teaching

**Attention Education majors:** Professional Education courses must be completed with a grade point average of 2.5 and no grade lower than a C or better are required in all courses in the teaching field.

**Emphasis Areas:** B.S.Ed. candidates must complete 30 to 50 hours of specific subject requirements in one of the following fields: English, foreign language (French, German, or Spanish), mathematics, music, unified science (biology, chemistry, or physics endorsement), or social studies. For specific subject requirements see the appropriate department listing in the Arts and Science section of this bulletin: Physics requirements are listed below:

Note: Music Education students take the following courses, SEC ED 4993, Student Teaching in Music Education K 6, and SEC ED 4994, Student Teaching in Music Education 7 12. These two courses must be taken during the same semester.

Art Education Students take the following courses:

SEC ED 4996, Student Teaching in Elementary Art and SEC ED 4997, Student Teaching in Secondary Art

**Social Studies** certification students must complete a major or an equivalent in hours in one of the following disciplines: anthropology, economics, geography, history, political science, psychology, or sociology. They must meet these minimum social science requirements: American history, 12 hours including History/SEC ED 4013; European or world history, 9 hours including History/SEC ED 4014; United States and/or state government, 6 hours including Political Science 3090/SEC ED 3209; behavioral science, 6 hours; economics, 3 hours; geography, 3 hours; and 2 hours of elective social studies credit. For emphasis area advising, see the History Department.

**B.S. Degree in Secondary Education with an Emphasis in Science-Physics**

All candidates must enroll in a program that includes levels I, II, and III course work in the College of Education. In addition, students must complete the following Science Core Courses and the courses listed under Physics Endorsement:

**Science core courses:**

PHIL 3380, Philosophy of Science

**Biology**

1111, Introductory Chemistry I  
1112, Introductory Chemistry II  
1811, Introductory Biology I  
1821, Introductory Biology II

**GEOL 1001,** General Geology

**ATM SC 1001,** Elementary Meteorology

**BIOL 1202,** Environmental Biology or another environmental science

**Physics**

1011, Physics: Mechanics and Heat  
1012, Physics: Electricity, Magnetism, and Optics

**Physics Endorsement**

**Physics**

3200, Survey of Theoretical Physics  
3221, Mechanics  
3223, Electricity and Magnetism  
3231, Introduction to Modern Physics  
4310, Modern Electronics
4311, Advanced Physics Laboratory I
4837, Chemistry/Physics Teaching Intern Seminar

Graduate Studies

The M.Ed. program in secondary Education has general program, curriculum and instruction, or reading options. All consist of an initial required core of courses; an opportunity to develop an area of specialization; an opportunity for study in the teaching field; and a capstone or exit course. Areas of specialization are suggested below. A minimum of 33 hours is required for the general program, curriculum and instruction, and adult Education and reading options.

Master of Education: Secondary Education
The M.Ed. general program is appropriate for secondary teachers and department chairpersons. Programs must be planned with the academic adviser and meet the approval of the advisor, College, and Graduate School.

1) Required Core (9 hours)
Students are required to complete the following courses within the first 15 hours of study.
**TCH ED 6010,** Examining History, Community, and Social Justice in Education (3)
**TCH ED 6020,** Teacher Action, Advocacy & Leadership (3)
**TCH ED/ED PSY 6030,** Instruction, learning & Assessment (3)

2) Required Research Course (3)
**ED REM 6040,** Educational Research for Teachers (3)

3) Teaching Field Concentration (12-18 hours)
A curriculum course (required): **SEC ED 6415,** The Secondary School Curriculum. Students should select at least 9 hours in their teaching field (mathematics; chemistry; biology; physics; social studies; English; physical Education; speech and theatre; Educational technology or other) or in secondary Education, as identified in consultation with the faculty advisor.

4) Specialization Areas (Optional: 6 hours)
Students may follow one of the core competency courses with two additional courses to develop an area of specialization, such as:

Educational Technology Option: TCH ED/EdPsy 6030 followed by ED TECH 5340, Selection and Utilization of Educational Multimedia and ED TECH 6452, Educational Multimedia Design

Educational Psychology Option, TCH ED/ED PSY 6030 followed by either ED PSY 6210, Life-Span: Individual and Family Development or ED PSY/ED TECH 6448, Technology Supported Inquiry Learning (3 hours each) and one of the following ED PSY courses: 6210, Life-Span: Individual & Family Development; 6215, Psychology of Early Childhood Development; 6220, Psychology of the Elementary School Child; or 6225, The Psychology of Adolescence (3 hours each) Teaching of Writing Option, TCH ED/ED PSY 6030 followed by TCH ED 5850, Topics in the Teaching of Writing and TCH ED 6890, Seminar in Professional Writing for Teachers; or TCH ED 6880, Gateway Writing Project (6).

Other specialization areas are available and information is available in the Graduate Education and Teaching & Learning Division offices.

5) Capstone Course (3 hours)
Students must enroll in the capstone course during their last semester.
**TCH ED 6910,** Teacher Action Research Capstone (3)

Master of Education: Secondary Education with Emphasis in Curriculum and Instruction
The M.Ed. with an emphasis in curriculum and instruction is designed for graduate students who wish to further their competencies as teacher or curriculum specialist or instructional leaders.

1) Required Core requirements (9 hours)
Students are required to complete the following courses within the first 15 hours of study.
**TCH ED 6010,** Examining History, Community, and Social Justice in Education (3)
**TCH ED 6020,** Teacher Action, Advocacy & Leadership (3)
**TCH ED/ED PSY 6030,** Instruction, learning & Assessment (3)

2) Required Research Course (3)
**ED REM 6040,** Educational Research for Teachers (3)

3) Curriculum and Instruction Core (9 hours)
**SEC ED 6415,** The Secondary School Curriculum
**SEC ED 6416,** Curriculum Construction for Secondary Schools
4) Specialization Areas (Optional: 6 hours)
Same as above

5) Electives (3–9 hours)
Students can elect hours in their teaching field or other areas of secondary Education. The following are suggested:
ED FND 6421, Philosophy of Education
ED FND 6422, Analysis of Educational Issues
ED FND 6435, History of Western Education

6) Capstone Course (3)
Students must enroll in the capstone course during their last semester.
TCH ED 6910, Teacher Action Research Capstone (3)

Master of Education: Secondary Education with Emphasis in Middle Level Education
The M.Ed. with an emphasis in middle level Education is designed for graduate students who would like to further their competencies as a middle level Educator.

1) Required Core Requirements (9 hours)
Students are required to complete the following courses within the first 15 hours of study.
TCH ED 6010, Examining History, Community, and Social Justice in Education (3)
TCH ED 6020, Teacher Action, Advocacy & Leadership (3)
TCH ED/ED PSY 6030, Instruction, learning & Assessment (3)

2) Research Course (3)
ED REM 6040, Educational Research for Teachers (3)

3) Middle Level Education Core (12 hours)
Students should select a curriculum course and at least 9 hours from the following:
ED ADM 6303, Middle School Administration
ED ADM 6315, Middle School Educational Philosophy
ED ADM 6317, Supervision and the Middle School Child
ED PSY 6225, The Psychology of Adolescence
MID ED 5220, Science for the Middle School Teacher (5 hours)

4) Specialization Areas (Optional: 6 hours)
Same as above

5) Electives (3–6 hours)

6) Capstone Course (3)
Students must enroll in the capstone course during their last semester.
TCH ED 6910, Teacher Action Research Capstone (3)

Master of Education: Secondary Education with Emphasis in Reading
The M.Ed. program with emphasis in reading (literacy) is designed to enable candidates to further their competencies as teachers of reading, writing and other communication arts. The program also prepares them for positions as literacy coaches, reading specialists, curriculum specialist in communication arts and reading areas, consultants in areas of communication arts, and/or for further graduate study. The following program enables the student to earn a M.Ed. with an emphasis in Reading while fulfilling the Department of Elementary and Secondary Education’s requirements for special reading certification in Missouri. A course in reading in the content area is required for secondary certification. If this has not been taken as an undergraduate, it must be selected as an elective in the program for a Masters in Secondary Education with a Reading Emphasis. The minimum required and recommended courses are as follows:

1) Required Core requirements (9 hours)
Students are required to complete the following courses within the first 15 hours of study.
TCH ED 6010, Examining History, Community, and Social Justice in Education (3)
TCH ED 6020, Teacher Action, Advocacy & Leadership (3)
TCH ED/ED PSY 6030, Instruction, learning & Assessment (3)

2) Required Research Course – Evaluation of Abilities and Achievement (3)
ED REM 6707, 6709, or 6716, Choose one course (3 hours)

3) Reading Concentration (18 hours): Required Courses
ELE ED 6684, Instructional Strategies for Teaching Reading
SEC ED 6493, Reading Specialist Practicum I
SEC ED 6494, Reading Specialist Practicum II

And at least one course from the literacy-related elective list or from the certification-related elective list below (min. 3 hrs):
4) Capstone Course (3 hours)

Literacy Related Electives Include:
ELE ED 6630, Communication Arts Instruction
ELE ED 6436, Children’s Literature I: Survey & Analysis
ENGL 6880/TCH ED 6880, Gateway Writing Project
ELE ED 6688, Literacy Assessment to Guide Instruction
One course needed to complete certification (See note below)

To be recommended for Missouri Department of Elementary and Secondary Education special reading certification, teachers must have a valid Missouri teacher’s certificate and two years of classroom teaching experience, and they must have had the following at either the undergraduate or graduate level: two additional courses in reading; language acquisition or development; classroom management techniques; counseling techniques (to include exceptional children and their families: child AND adolescent psychology; and testing, evaluation, and achievement. These certification requirements might be in addition to the courses listed in the program of study above. See your graduate advisor for information about these courses. M.Ed. Students needing any of the above can elect to take these courses at the graduate level where available and apply them to their concentration area.

Certification Related Electives Include
ED PSY 6220, Psychology of the Elementary School Child
ED PSY 6225, The Psychology of Adolescence
CNS ED 3320, Counseling Individuals with Special Needs
SPEC ED 4315, Speech and Language Problems Exceptional Children
ECH ED 4331, Language Acquisition and Development in Early Childhood
SPEC ED 6320, Advanced Studies in Classroom Management
ED REM 6707, Classroom Measurement & Evaluation
ED REM 6709, Educational and Psychological Testing

*Note: Only one 4000 level course can be applied to the M.Ed.

Master of Education: Secondary Education and Certification
Those holding a baccalaureate degree or major in the teaching field who would like to pursue initial teacher preparation and a Master's degree, can take the following program. The exact number of hours depends upon hours needed by the student to meet certification requirements in the chosen teaching field.

1) Required Teacher Certification Courses at the Graduate Level (17 hours)
TCH ED 5311, Foundations in Education (4)
TCH ED 5310, Instructional Design (3)
TCH ED 5312, Differentiated Instruction (4)

2) Required Teacher Certification Courses at the Undergraduate Level (19-21 hours)
These courses are not applicable to the Master's degree
SEC ED 4xxx, Curriculum and Methods of Teaching ---(3)
SEC ED 4989, Secondary Education Professional Internship (3)
SEC ED 4990, Secondary School Student Teaching (12)
SEC ED 4xxx, Student teaching Seminar (1-3)

3) Teaching Field Courses (6 hours minimum)
Selected in consultation with advisor. Should be taken at the graduate level when possible. Only graduate credit can be applied to the Master's degree

4) Master of Education Required Core Courses (9 hours)
Students should complete initial teacher certification courses before enrolling in the following:
TCH ED 6020, Teacher Action, Advocacy & Leadership

5) Required Research Course (3 hours)
ED REM 6040, Educational Research for Teachers (3)

6) Capstone Course (3 hours)
Students must enroll in the capstone course during their last semester.
TCH ED 6910, Teacher Research Capstone (3)
• Check with your advisor regarding limits on the number of 4000 level courses that can be applied to the Master's degree.

Total minimum 33 graduate hours

Master of Education: Secondary Education with Emphasis in Teaching English to Speakers of Others Languages (TESOL)
The M.Ed. program with emphasis in TESOL is designed to meet the need for teachers who can apply knowledge about language learning to their culturally and linguistically diverse classrooms. This program meets the requirements for a Missouri Department of Elementary and Secondary Education Teaching endorsement in English to Speakers of Other Languages (ESOL).

1) Required Core (9 hours)
Students are required to complete the following courses within the first 15 hours of study.
TCH ED 6020, Teacher Action, Advocacy & Leadership (3)

2) Required Research Course (3 hours)
ED REM, 6040, Educational Research for Teachers (3)

3) TESOL Core (18 hours)
TCH ED 6210, Foundations of TESOL
TCH ED 6240, Assessment for TESOL
TCH ED 6250, Methods and Materials for TESOL
TCH ED 6260, Practicum in TESOL

4) Capstone Course (3 hours)
Students must enroll in the capstone course during their last six hours.
TCH ED 6910, Teacher Action Research Capstone (3)

Graduate Certificate in Secondary School Teaching
The Graduate Certificate in Secondary School Teaching prepares those with bachelor’s degrees for teaching in high school

Admission:
Applicants must meet the University’s academic requirements in their teaching field and consult a Graduate Certificate in Secondary School Teaching faculty advisor to design their programs of study. In addition, applicants meet with an advisor in the Office of Graduate Education to learn about prerequisites, checkpoints, assessments, and other requirements that may be set by the state or the university. An overall GPA of at least 2.75 is required for admission to the Graduate School.

Requirements:

GRADUATE LEVEL CERTIFICATION COURSES—(15 hours Graduate Credit)
TCH ED 5311, Foundations of Education (4)
ED PSY 6109, Learning and Development in Secondary School (4)
TCH ED 5310, Designing Instruction (3)
TCH ED, 5312, Differentiated Instruction (4)

CAPSTONE—(3 hours Graduate Credit)
TCH ED 5989, New Teacher Learning Community I (1)
TCH ED 5990, New Teaching Learning Community II (2)

Students pursuing a Teaching Certificate in Missouri need to complete the Professional Experience Courses at the undergraduate level which are not part of the Graduate Certificate hours.
TCH ED 4989, Professional Internship (3)—taken concurrently with
SEC ED A&S/FAC 4xxx, Curriculum and Methods of Teaching [Subject area] (3)
TCH ED 4990, Student Teaching (12)
SEC ED/A&S/FAC 4xxx, [Subject area], Teaching Seminar (1-3)

Graduate Certificate in Teaching English to Speakers of Other Languages
The graduate certificate in Teaching English to Speakers of Other Languages (TESOL) is intended for individuals with a bachelor’s degree who would like to advance their knowledge about language learning in culturally and linguistically diverse classrooms. The program is a combination of theory and practice, covering the key concepts, issues and innovative strategies required to apply this knowledge.

Admission
Applicants who wish to earn a Graduate Certificate in TESOL must apply for admission to the certificate program and to the Graduate School at the University of Missouri –St. Louis as a non-degree student or as a Master’s or doctoral student. Applicants must have a 2.75 GPA in undergraduate coursework to be admitted. A background in K-12 or adult education is desirable.

Requirements
Students must maintain a minimum GPA of 3.0 to remain in the certificate program. The certificate is awarded after completion of the courses listed below. A program of study, or M-1, should be filed in the first one-third of the program. Students should file an Intent to Complete a Graduate Certificate at the beginning of their last semester. The Graduate Certificate in TESOL requires 18 credit hours of course work, including an entry course
Course Schedules

(TCH ED 6210):
- **TCH ED 6210**, Foundations of 6210
- **TCH ED 6220**, Principles of Second/Foreign Language Acquisition
- **TCH ED 6230**, Cross-Cultural Communication in the Classroom
- **TCH ED 6240**, Assessment for TESOL
- **TCH ED 6250**, Methods and Materials for TESOL
- **TCH ED 6260**, Practicum in TESOL

**Graduate Certificate in the Teaching of Writing, Gateway Writing Project**

Jointly housed in the Division of Teaching and Learning and the Department of English, this Graduate Certificate prepares teachers at all levels (K-12, college, adult) to improve their students’ performance in writing. The program also emphasizes using writing as a means to promote learning in all content areas. All courses provide opportunities for teachers to write, revise, share feedback, and reflect on their own writing development. Based on the National Writing Project’s core belief that teachers of writing must themselves be writers, the Graduate Certificate in the Teaching of Writing brings together sound pedagogy, composition theory, and writing practice.

The Certificate is an 18-hour program through the Gateway Writing Project (GWP); it may also be coordinated with other graduate programs. Certificate courses may be applicable to the M.A. in English with emphasis in composition or to various M.Ed. programs. The GWP Certificate is especially appropriate for post-master's candidates who wish to pursue a specialization in teaching writing. The Graduate Certificate in the Teaching of Writing requires a 12 semester-hour core of courses developed by the Gateway Writing Project: The GWP invitational institute (6 hrs.), a designated “topics” course (3 hrs.), and an exit course (3 hrs.). The Certificate requires a minimum of 12 semester hours at the 5000 or 6000 level or above. Electives (6 semester hours) may be chosen from approved offerings in English or Education.

**Admission:**

Applicants must be admitted to Graduate School and be selected by the faculty admissions committee for the Gateway Writing Project’s Certificate in the Teaching of Writing. The committee will review candidates on the basis of an interview, an application essay, and supporting documentation. Criteria include experience teaching writing at any level and academic record, especially in writing and the teaching of writing.

**Prerequisites:**
- **ENGL/SEC ED 4880**, "Writing for Teachers" or an equivalent course in teaching writing.
- Coursework or competency in basic computer application.

**Required Core Courses (12 semester hours)**
- **ENGL 4850/TCH ED 5850**, Topics in the Teaching of Writing (designated topics, 3 sem. hrs)
- **ENGL 6880/TCH ED 6880**, Gateway Writing Project (6 sem. hrs)
- **TCH ED 6890**, Seminar in Professional Writing for Teachers (exit course, 3 sem. hrs)

**Electives (6 semester hours)**

Electives may be chosen from other Gateway Writing Project offerings or from courses offered by the appropriate academic department with advisor’s approval. These electives must include at least one more 5000-6000 level course.

**Suggested electives applicable to an MA in English with writing emphasis:**
- **ENGL 5840**, Theories of Writing
- **ENGL 5860**, Writing/Reading Theory
- **ENGL 5860**, Composition Research
- **ENGL 5890**, Teaching College Writing
- **ENGL 5800**, Modern Linguistics

**Suggested electives applicable to an M.Ed. in Elementary or Secondary Education**
- **ELE ED 6387**, Literacy Acquisition and Learning for Urban Students
- **SEC ED 6430**, Problems in Teaching English in Secondary Schools
- **ELE ED 6432**, Problems & Research in Language Arts
- **ELE ED 6482**, Problems & Research in Elementary Reading
- **ED REM 6714**, Action Research in Education Courses in adult and higher education may also be appropriate.

For complete information, see The Gateway Writing Project’s Graduate Certificate in Teaching Writing, available from the English Department, from the Division of Teaching and Learning, and from the GWP Director via Continuing Education & Outreach.
Undergraduate Studies

Bachelor of Science in Education: Special Education

General Education requirements (46 hours required):
Students entering college first time, Fall 2002 should refer to the Introductory section of this bulletin for their General Education Requirements.

English and Communication (9 hours)

ENGL 1100, Composition
COMM 1030 or COMM 1040
ENGL 3100

Math (6 hours) 1150, Structure of Mathematical Systems I
Science (8-9 hours)
Biology (Laboratory)
Physical Science (Laboratory)

Humanities (8 hours)
MUS ED 3770, Introduction to Music for the Elementary School Teacher (Recommended) plus two courses from art, music, philosophy, or literature

Social Science (18 hours)
PSYCH 1003, General Psychology
HIST 1001, American Civilization, or HIST 1002, American Civilization
POL SCI 1100, Introduction to American Politics
ECON 3052, Microeconomics for the School Curriculum
SOC 1010, Introduction to Sociology, or Any Anthropology course
GEOG 1001 or 1002

Program Requirements (80 hours)

Related Area Requirements (6 hours)

PHY ED 3430, Elements of Health Education (3)
PHY ED 3261, Physical Activity of the Exceptional Learner (2)

Program Requirements (24 hours)

Level I: Exploring Education as a Profession
TCH ED 2210, Introduction to Teaching (3)
TCH ED 2211, Introduction to Schools (3)
TCH ED 2212, Introduction to Learners (3)

Level II: Analyzing the Nature and Process of Education
TCH ED 3310, Introduction to Instructional Methods (3)
TCH ED 3312, Psychology of Teaching and Learning (3)
TCH ED 3313, Psychology of the Exceptional Child (3)
TCH ED 3315, Literacy Learning and Instruction (3)
SPEC ED 4315, Speech and Language Problems of Exceptional Children (3)
SPEC ED 4342, Transitions Issues and Planning (3)
SPEC ED 3345, Cross Categorical Special Education I (3)

Level III: Synthesizing Theory and Practice in Education
ELE ED 3336, Communication Arts Learning and Instruction (3)
ELE ED 4341, Teaching Science in the Elementary School (3)

Must take the following 6 credit hour course during the same semester as Special Education Professional Internship (SPEC ED 4989)

SPEC ED 3349, Cross Categorical Special Education II (3)
SPEC ED 4989, Special Education Professional Internship (3)

Student Teaching
SPEC ED 4990, Student Teaching in Elementary Education (6)
SPEC ED 4991, Student Teaching in Special Education II (6)

Note: SPEC ED 4990 and SPEC ED 4991 must be taken during the same semester.

Attention education majors: Professional education courses must be completed with a grade point average of 2.5 and no grade lower than a C.

Total: Minimum of 126 hours

Graduate Studies

Master of Education: Special Education

The M. Ed. Program in special education includes a representation of the important core knowledge in Special Education. The primary goal is to empower professionals to be thoughtful teachers who use best practice when working with students with disabilities. Research and data-based decision making are emphasized throughout the program. Graduate students will translate research into practice in multiple courses and learn to analyze multiple types of assessment data. The M. Ed. Program in Special Education consists of an initial required core of courses; an opportunity to develop an area of specialization; and a capstone or exit course.

When graduate students are accepted into the program they are required to have their transcripts analyzed for state certification discrepancies. Students who wish to be certified in cross-categorical disabilities will be required to fulfill general certification requirements as well as graduate coursework. Upon completion of this advanced degree, professionals will have developed an in-depth knowledge-base related to

- various learning contexts within and outside of the school setting
- the multiple influences on educational practices in schools
- the characteristics and instructional needs of learners with disabilities
- assessment strategies for monitoring instruction
- instructional best practice
- using research to direct practice in the classroom
- diversity
- contexts that affect student learning
- the powerful interactions between setting events and specific learner outcomes
- a life-perspective of students with exceptional learning needs that addresses the need to successfully meet the needs of young children who transition into kindergarten as well as preparing older students for their transition into adulthood.

1) Required Core (9 hours)
Students are required to complete the following courses within the first 15 hours of study.
TCH ED 6020, Teacher Action, Advocacy & Leadership (3)
TCH ED/ED PSY 6030, Instruction, Learning & Assessment (3)

2) Required Research Course (3 hours)
ED REM 6040, Educational Research for Teachers (3)

3) Special Education Concentration (12 hours)
SPEC ED 6325, Advanced Behavior Management (3)
SPEC ED 6415, The Law & Special Education (3)
ED PSY 6545, Consultation in Schools and Other Settings (3)

4) Special Education Concentration Electives (6 hours):

Students may select at least 6 hours in one of the following concentration areas or any combination of 6 hours of special education electives with the approval of their advisor.

**Positive Behavior Support**
**SPEC ED 6435**, Schoolwide Systems of Positive Behavior Support (3)

**Cross Categorical**

**Developmental Disabilities**

**Learning Disabilities**
**SPEC ED 6443**, Characteristics of Learning Disabilities (3)

**Emotional/Behavioral Disorders**
**SPEC ED 6452**, Education of Learners with Emotional/Behavior Disabilities (3)

**Early Childhood Special Education**
**SPEC ED 6462**, Introduction to Early Childhood Special Education (3)
**SPEC ED 6463**, Curriculum, Methods, and Materials for Early Childhood Special Education (3)

**Disability Studies**
**SPEC ED 6411**, Law, Policy and Bureaucracy in Education and Disability Studies (3)

**5) Capstone Course (3 hours)**
Students must enroll in the capstone course during their last semester.
**TCH ED 6910**, Teacher Action Research Capstone (3)

Total hours: minimum 33 credit hours

**Career Outlook**

The employment outlook for special education teachers continues to be favorable, especially in certain positions. In addition to special classroom teaching, graduates of the area have been employed as resource room teachers, clinical diagnostic personnel, itinerant teachers, Educational resource teachers, consultants, Educational therapists, and sheltered workshop evaluators, and in various supervisory and administrative positions in agencies and schools. In combination with counseling, Educational psychology, physical Education, or other areas, careers can be planned in such occupations as vocational evaluator, counselor for special needs individuals, and special physical educators.

**College of Education Home Page**

**2204 Special Topics in Education (1-3)**
Prerequisites: Completion of 75 hours and consent of instructor. Examination of a special area or topic within the field of education. Topics to be considered will be announced prior to registration and may vary. For elective credit only. This course may be repeated for different topics. Not to exceed a total of six hours credit.

**2290 Internship I (6)**
Prerequisites: Senior standing and consent of instructor. Field experience in educational setting under university supervision. Includes planning, research, evaluation, and other professional activities in the student's area of concentration.

**2291 Internship II (6)**
Prerequisite: Completion of or concurrent enrollment in EDUC 2290. Continuation of EDUC 2290.

**2297 Independent Study (1-3)**
Prerequisites: Completion of 75 hours and consent of instructor. Independent study through readings, research, reports, and conferences designed to provide depth in areas of study previously introduced in education courses. For elective credit only. May be repeated. Not to exceed a total of three hours credit.

**4301 Introduction to Microcomputers in Education (3)**
A course designed to introduce individuals to the microcomputer as an instructional medium. The course will emphasize (1) the history, role, and use of microcomputers in education; (2) learning the elements of programming for the microcomputer; and (3) beginning program construction and debugging operations.

**5006 Graduate Workshop (1-10)**
Prerequisite: Consent of instructor.

**5993 Practicum in Individualized Instruction (3-6)**
Prerequisites: Completion of the course(s) to which assigned for instruction and consent of instructor. Supervised instruction in individualized programs. Seminar accompanies instructional experience. May be repeated.

**6308 Graduate Institute (1-10)**
Prerequisite: Consent of instructor.

**6408 Graduate Seminar (1-10)**
Prerequisite: Consent of instructor. Intensive study of selected issues in education.

**6491 Staff Development and Professional Growth (1-10)**
Designed in conjunction with an individual school district or educational agency and related to problems of education confronting that specific district or agency.

**6998 Thesis Research (1-10)**
Prerequisite: Consent of instructor.

**7050 The Research Process I: Framing Research Questions within the Education Literature (3)**
(Same as ED ADM 7050) Prerequisite: Admission to the Ed.D. or Ph.D. in Education Programs. An overview of the essential elements of research proposals and familiarization with the techniques and tools used to identify important research questions within the education literature. Emphasis is placed on exploring the research literature and both framing and justifying research questions within that literature.

**7415 Emphasis Area Seminar(s) (3)**
Prerequisite: Admission to the doctoral program. All doctoral students are required to take at least two emphasis area seminars consistent with their programs. Students may take additional emphasis area seminars. Obtain a list of emphasis area seminars from the office of graduate studies in education.
**7495 Doctoral Research Tools (1-6)**
Prerequisites: ED REM 6710. Structured individual or small group instructional or supervised investigative experience in and with a specific research skill and/or procedure that will be needed in the production of a doctoral dissertation. May not substitute for any existing graduate courses that cover same research tool skills.

**7880 Research Internship I (3)**
Prerequisite: Nine hours of research methods or statistics and consent of instructor. Supervised experience in the conduct of research studies or scholarly inquiry.

**7881 Research Internship II (3)**
Prerequisite: EDUC 7880 and consent of instructor. Supervised experience in the conduct of research studies or scholarly inquiry.

**7882 Research Internship III (3)**
Prerequisite: EDUC 7881 and consent of instructor. Supervised experience in the conduct of research studies or scholarly inquiry.

**7950 The Research Process II: Developing and Refining Education Research Proposals (3)**
Prerequisites: Completion of 6 hours of ED REM courses numbered 7771 or higher. An in depth examination of the essential elements of a research proposal. Particular emphasis is placed on examining the validity and reliability or the trustworthiness of the design of the proposed research. Tools for identifying research strengths and weaknesses are applied to proposals. Presentation of a written proposal and oral defense of that proposal are required.

**7999 Dissertation Research (1-12)**
Prerequisite: Admission to the doctoral program. Credit awarded only upon successful defense of the dissertation.
General Information

The College of Fine Arts and Communication at the University of Missouri-St. Louis includes the Departments of Art and Art History, Communication, Music, and Theatre Dance and Media Studies. The faculty and alumni of this College have distinguished themselves as scholars, visual artists, teachers, and performers. Students of the College pursue their activities in a variety of campus locations, including the Fine Arts Building, Lucas Hall, the Music Building and the General Services Building. The Touhill Performing Arts Center affords two world class venues for performances by individual university students and faculty, campus ensembles, and visiting artists. In addition, Gallery 210, Gallery FAB, and Gallery VISIO in the Millennium Student Center, offer space for the display of student and faculty artwork, as well as visiting exhibitions.

The College of Fine Arts and Communication is distinguished by its collaboration with the community. Six endowed professorships link the University to the Saint Louis Symphony, the Saint Louis Art Museum, Opera Theatre of Saint Louis, the Laumeier Sculpture Park, and other local cultural institutions. The Des Lee Fine Arts Education Collaborative connects the University and a variety of partner cultural institutions to local school districts.

The College of Fine Arts and Communication consists of some 50 full-time faculty members in the following departments, each offering work in specific undergraduate degree programs: art and art history, communication, music, and theatre dance and media studies.

Graduate study degree programs, administered through the Graduate School, are also offered in the communication and music departments.

Requirements for Undergraduate Study
In addition to the university general education requirements, all majors in the College of Fine Arts and Communication must meet the following requirements:

To graduate, all majors in the college also must complete the following:

Requirements of their chosen baccalaureate degree (i.e., B.A., B.F.A., B.M., etc) in accordance with the policies of the College of Fine Arts and Communication. Requirements of the department for their selected major or interdisciplinary program.

Cultural Diversity Requirement
To expand cultural awareness, all students are required to complete a course that emphasizes Asian, African, Middle Eastern, Latin American, Pacific aboriginal, Native American, or a comparable culture. Courses that satisfy this requirement involve substantial material independent of the cultures’ interactions with European cultures. If a course focuses on one facet of a culture, it must treat the topic within the context of the culture as a whole. A list of courses which fulfill the Cultural Diversity requirement may be found elsewhere in this bulletin.

Academic Policies

Grade Requirements
To graduate all majors in the college must satisfy one of the following grade point options:

- Earn 120 hours with a C grade or better, which constitutes a complete degree program. Neither a grade of C- nor a satisfactory grade may be counted.
- Have a minimum UM-St Louis Campus grade point average of 2.0 and have met all other Grade Point restrictions that are required for the degree program and the major.

Residency Requirements
Unless otherwise specified, a transfer student must complete 12 hours of graded work at UMSL at the 2000 level or above within the minimum number of hours required for each major.
Unless otherwise specified, a transfer student must complete at least six hours of graded work at UMSL at the 2000 level or above within the minimum number of hours required for each minor. Students should consult the minor department for specific residency and grade requirements.

**Specific Baccalaureate Degree Requirements**

**Course Requirements**

After fulfilling the general education and specific major degree requirements, students are to take the remaining hours required to complete the bachelor's degree from courses which the appropriate department has evaluated as being of university level quality from one or more of the following areas or their university quality equivalents at other institutions: anthropology/archaeology, art (appreciation, history, studio), astronomy, biology, chemistry, communication, criminology and criminal justice, economics, English, foreign languages/literatures, geology, history, mathematics/computer science, music (appreciation, history, performance), philosophy, physics, political science, psychology, social work, sociology, business, education, engineering, or interdisciplinary. Other areas or courses not listed require approval by the chair of the student's department.

**Bachelor of Arts (B.A.)**

All B.A. degree candidates must successfully complete a curriculum which includes a departmental major or an approved interdisciplinary field. A major must include at least 30 credit hours but no more than 45 hours. The College offers the B.A. degree in art history, communication, music and theatre and dance.

**Foreign Language Requirement**

Candidates for the B.A. degree are required to complete 13 credit hours or the equivalent in proficiency in one foreign language. Foreign language guidelines are as follows:

Students entering with no high school language units must enroll in Language 1 or may enroll in the 2115 series. Students with the degree of proficiency equivalent to 13 hours of college-level work may obtain exemption by passing the department's placement exam. The specific dates for the exam are announced in the Schedule of Courses or may be obtained from the admissions office or the Department of Foreign Languages and Literatures. Native speakers of language other than English may meet the foreign language requirement by presenting a transcript from a university or secondary school of their native country to the Department of foreign languages and literature. The department will certify native speakers of those languages which are taught at the university. Those who are proficient in other languages must submit certification of competence to the college. Language 2115 a, b, and c (Intensive) will satisfy the foreign language requirement. 2115 and co-requisites must be completed with a grade of C-or better, to satisfy the foreign language requirement. Students may not repeat, for credit an elementary course if they have already completed a higher-level course for which the elementary course, or its equivalent, is a prerequisite.

**Applied Music and Studio Art**

Students not majoring in music may count no more than eight hours in music-performing organizations (Music 1400, 1410, 1500, 1520, etc.) Students in the college majoring in music may count any number of hours of applied music (private lessons). Students not majoring in studio art may count any studio art course toward any degree in the college. This also includes transferred credit.

**Bachelor of Music (B.M.)**

The requirements are the same as for the B.A. degree with the addition of music education courses for music majors seeking state teacher certification. Although foreign language proficiency is not required, foreign language study is required for applied voice students.

**Bachelor of Science (B.S.)**

All majors must complete a minimum of 51 hours in Media Studies courses and at least 24 of these hours must be taken at UMSL. A minimum of 39 credit hours in Media Studies and a minimum of 12 credit hours in Theatre and Dance, totaling 51 credit hours, are required. At least 18 hours of coursework must be taken at the 2000 level or above at UMSL. There is no foreign language requirement, but foreign language proficiency is recommended.

**Certificate Programs**

A certificate program is offered in photographic studies and Arts Management.

**Evening Program**

All the departments of the College of Fine Arts and Communication offer coursework in the evening or in other non-traditional modes (i.e. on-line and/or video). The Department of Communication offers sufficient coursework to complete its degree program in the evening. Consult the website of the department in which you are interested for details on degree requirements and 3-year schedule of planned course offerings.

**Department Honors**

Majors in the following department may pursue departmental honors.

**Minors**
A number of minors are available at UMSL. Some are offered by individual departments, while others, such as Classical Studies and Black Studies, are interdisciplinary in nature and involve a number of departments. The requirements for the various minors are listed in either the departmental or interdisciplinary sections of this Bulletin.
The Department of Art and Art History has a diverse faculty actively engaged in the production of art, its historical and critical evaluation, and the training of art educators. The department prides itself on its
commitments to high standards of teaching and sound research achievements. Individual faculty have been cited for their teaching excellence. Art history faculty members have written books, articles, and critical reviews and regularly participate in national and international conferences. Studio art faculty exhibit nationally and internationally in group and solo juried and invited exhibitions.

**General Information**

**Degrees and Areas of Concentration**

The department offers course work leading toward the Bachelor of Arts in Art History and the Bachelor of Fine Arts in Studio Art.

Courses included in the B.A. in art history cover the arts of Asia, Africa, Europe, and North America, including Native American arts, from ancient times to the present. Courses examine the entire range of human visual expression from painting, sculpture, architecture, and photography to performance and festival arts. In each case the arts are examined within their historical, aesthetic, and cultural contexts.

The B.A. in Art History has the following learning outcomes:
- to write clearly and coherently about works of art and art historical literature;
- to possess the ability to conduct independent research on works of art and visual culture;
- to recognize and be able to apply different methodologies, recognizing that each incorporates a specific valuing system;
- to demonstrate understanding of the ethical issues surrounding cultural property;
- to analyze critically and interpret works of visual art and art historical texts;
- to demonstrate familiarity with and basic knowledge of diverse historical artworks.

The B.F.A. in studio art consists of a foundation art program and an emphasis area in the following: art education, drawing, graphic design, painting, photography, printmaking, and general fine arts. UMSL has a transfer agreement with the St. Louis Community College District, which offers a direct credit transfer to upper division BFA courses for students who graduate with an AFA degree from the SLCC.

The Bachelor of Fine Arts Degree in Studio Art, with emphasis in Art Education, Drawing, Graphic Design, Painting, Photography, Printmaking, and General Fine Arts, has the following learning outcomes:
- to develop visual and verbal responses to visual phenomena, and organize perceptions and conceptualizations both rationally and intuitively;
- to become familiar with the major achievements in the history of art and design, including the works and intentions of leading artists and designers in the past and present;
- to develop the capacity to identify and/or solve problems within a variety of physical, technological, social, and cultural contexts;
- to understand and evaluate contemporary thinking about art or design;
- to become familiar with and develop competence in a number of art or design techniques;
- to make valid assessments of quality and effectiveness in design projects and works of art, especially their own.

To support its teaching and research objectives, the department maintains a slide collection of over 110,000 slides and an expanding database of digital images. The collection, which includes examples of painting, sculpture, architecture, photography and decorative arts, is under the supervision of a professional visual resource curator, who is available for special assistance to staff and students.

**Gallery 210**

Gallery 210, located in Building 7, 44 East Drive, offers visual arts programming of regional, national, and international importance. The gallery's exhibitions and related arts programming have enjoyed a long and distinguished history of service to the university and to the St. Louis community. Gallery activities are supervised by a professional gallery director.

**Gallery FAB**

Located in the Fine Arts Building, Gallery FAB exhibits a range of work by artists of regional and national significance. The exhibitions are coordinated by members of the Studio Art Faculty and complement the teaching emphases of the Fine Arts program.

**Gallery Visio**

Gallery Visio is located in room 170 Millennium Student Center. It showcases work by students and faculty, and hosts exhibitions that address cultural and contemporary issues.

**Scholarships/Internships**

Several scholarships are available on a competitive basis within the department, including the Art Department/Barbara St Cyr Scholarship, the William T. Isbell Jr. Scholarship, and the Aronson Scholarship. The department also sponsors a variety of internships with local arts institutions, including the Saint Louis Art Museum, Contemporary Art Museum St. Louis, and Laumeier Sculpture Park.

**Undergraduate Studies**

art.html[6/24/2016 11:46:00 AM]
General Education Requirements
Majors in art history must meet the college and university general education requirements. A foreign language is required. French or German is recommended. Art history courses required for the degree may not be taken on a satisfactory/unsatisfactory (S/U) basis.

Art history courses can be applied toward minors in Anthropology, American Studies, Classical Studies, Philosophy, and Urban Studies, or certificates in Studies in Religions, Women's and Gender Studies, Photographic Studies and African Studies.

Majors in studio art must meet the college and university general education requirements. A foreign language is not required. Studio art courses required for the degree may not be taken on a satisfactory/unsatisfactory (S/U) basis. A minimum of 120 hours is required for graduation. Studio art courses do not fulfill the humanities general education requirement.

Degree Requirements

Bachelor of Arts in Art History
Art history majors must complete a minimum of 36, but no more than 45, hours in art history. The following four core courses are required:

1100, Introduction to Western Art
One course in non-Western art, chosen from 1102, 1104, 1105, or 1108 (may be taken concurrently with 1100):
1102, Art of Egypt and the Near and Middle East
1104, Indigenous Arts of North America
1105, The Arts of Africa
1108, Introduction to the Arts of Asia
3395, Sophomore/Junior Seminar: Research in Art History
4495, Senior Seminar: Methods of Art History

Students must take a minimum of three lower-division courses, one from each of the following categories:

Ancient and Medieval
2211, Art and Archaeology of the Ancient World
2212, Greek Art and Archaeology
2213, Roman Art and Archaeology
2214, Early Christian and Byzantine Art
2225, Medieval Art

Early Modern
2235, Italian and Northern European Renaissance Art
2240, French Art and Architecture 1500-1715
2245, Baroque Art and Architecture

Modern and American
2250, Nineteenth Century European Art
2255, Modern Art
2265, History of Photography
2270, American Art to 1876
2272, American Art since 1876
2279, American Architecture
2281, Art Since 1960

Students must take a minimum of three upper division courses. One course must be a 4000-level Topics course. The other two courses must be chosen from two different categories in the following list.

Media in Art History
3303, Media and Technique in Art History
3350, Studies in Design
3360, Photography and Society
3375, The Art of the Print
3385, Studies in Architectural History

Themes in Art History
3365, The Artist and the City
3374, Philosophy of Art
3376, Women and the Visual Arts
3391, Selected Themes in Art History
3396, The Nude in Art
3397, Landscape Perspectives in Art
3398, The Portrait

Topics in Art History
Courses listed as "Topics" at the 4000 level, including but not limited to:
4435, Topics in Renaissance Art
4445, Topics in Baroque Art
4455, Topics in Modern European Art
4475, Topics in American Art
4481, Topics in Contemporary Art
4490, Special Study

Professional Studies
3387, Professional Internship
3388, UMSL-Saint Louis Art Museum Internship
3389, Visual Resources Management
4393, Art Museum and Gallery Management
4492, Museum Studies

Students must also take one course in studio art. Up to nine hours in studio art may be applied toward the B.A. in art history.

Additional hours in art history, up to the maximum of 45, may be completed with electives at the 2000 level or above.

Bachelor of Fine Arts in Studio Art
Candidates for the B.F.A. degree must complete a Foundation Art Program (which is largely satisfied by the A.F.A. degree) and an emphasis area in one of the following: art education, drawing, graphic design, painting, photography, printmaking or general fine arts. Studio art majors are required to take 75 hours in studio art (this includes 30 hours in the foundation art program) and 15 hours in Art History. A minimum of 24 hours in Studio Art must be completed in residence at UMSL. Graduating students must also pass a faculty portfolio review.

Advanced Placement in Studio Art Classes: Studio Art Majors who have professional Graphic Design or Photographic experience may wish to submit a portfolio to a committee of studio art faculty. Depending on the nature and the quality of the student's portfolio, they may be able to obtain exemptions from selected lower level studio art courses. Students applying for these exemptions must submit their portfolios prior to the first day of class of their first semester in the BFA Program. Students will be notified in writing if an exemption is granted. Students informed of these waivers will be advised of their requirements in the studio art major. All decisions of the portfolio reviews are final.

Foundation Art Program
The following courses are required for the Foundation Art Program:

1140, Drawing I
1141, Drawing II
1142, Figure Drawing I
1150, Design I
1151, Design II
2240, Drawing III or 1143, Figure Drawing II*
1030, Ceramics 1, or 1132, Sculpture 1 or 2251, Design III
9 hours of Studio Art Electives

*Those planning an emphasis in drawing or painting must take ST ART 1142.

Students must complete 45 hours in one of the following emphasis areas:

Drawing
2240, Drawing III
2241, Drawing IV
2242, Figure Drawing III
2243, Figure Drawing IV
2250, Composition or Studio Elective
3340, Advanced Problems in Drawing I
3341, Advanced Problems in Drawing II
4495/4496, Senior Studio Seminar (6 hours)
6 hours of Painting or Printmaking
12 hours of Studio Art Electives

Graphic Design
1210, Graphic Design I
1220, Graphic Design II
2210, Typography
2212, Image Making for Graphic Design
2220, Computer Design I
2221, Computer Design II
3310, Graphic Design III
3311, Graphic Design IV
3383, Advanced Problems in Graphic Design I
3384, Advanced Problems in Graphic Design II
4497, Senior Seminar in Graphic Design I
4498, Senior Seminar in Graphic Design II
9 hours of Graphic Design Electives

Painting
1180, Painting I
1181, Painting II
2250, Composition or Studio Art Elective
2280, Painting III
2281, Painting IV
3380, Advanced Problems in Painting I
3381, Advanced Problems in Painting II
4495/4496, Senior Studio Seminar (6 hours)
6 hours from the following list:
2240, Drawing III
2241, Drawing IV
2242, Figure Drawing III
2243, Figure Drawing IV
12 hours of Studio Art Electives

Photography
1060, Photography I
2160, Photography II
2250, Composition or Photography Elective
2262, Color Photography I
2263, Digital Photography I
3260, Photography III
3263, Digital Color Portfolio
3391, Advanced Problems in Photography I
3392, Advanced Problems in Photography II
4495/4496, Senior Studio Seminar (6 hours)
6 hours of Studio Art Electives
6 hours of Photography electives

Printmaking
1170, Printmaking I
2241, Drawing IV
2243, Figure Drawing IV
2250, Composition or Studio Art Elective
2271, Printmaking II
2274, Printmaking and Relief
3370, Advanced Problems in Printmaking I
3371, Advanced Problems in Printmaking II
4495/4496, Senior Studio Seminar (6 hours)
6 hours from the following list:
1173, Printmaking: Screen Printing I
2272, Printmaking: Lithography I
2273, Printmaking: Etching
2277, Printmaking: Photolithography
3372, Advanced Lithography
9 hours of Studio Art Electives, including one course in photography

General Fine Arts
30 hours of studio art electives must be taken at the 2000 level or above.
The following courses are required:
2250, Composition or Studio Art Elective
4495/4496, Senior Studio Seminar (6 hours)
Select 6 hours from the following:
3340, Advanced Problems in Drawing I and
3341, Advanced Problems in Drawing II or
3370, Advanced Problems in Printmaking I and
3371, Advanced Problems in Printmaking II or  
3380, Advanced Problems in Painting I and  
3381, Advanced Problems in Painting II or  
3391, Advanced Problems in Photography I and  
3392, Advanced Problems in Photography II

Students must complete 15 hours of Art History, with at least 9 hours taken in residence at UMSL.

Students choosing a double major in two studio art emphasis areas must complete all the requirements for each emphasis area. If the double major includes Graphic Design, students must take four semesters of Senior Studio Seminar. This includes Art 4490, Art 4491, Art 4495, Art 4496, Art 4497, and Art 4498.

**Art Education**

An art education emphasis leading toward K-12 Art teacher certification is available. Students choosing this option must complete degree requirements for the B.F.A. The General Education Requirements (G.E.R.) of the College of Education as well as the College of Fine Arts and Communication must be fulfilled. A foreign language is not required.

Students will take a specialized program of Foundation Art (30 hours) that includes courses required for certification to teach art. They will also take studio art electives, including a minimum of three courses in one of the studio emphasis areas: drawing, graphic design, painting, photography, or printmaking. A minimum of 50 credit hours must be completed in studio art. Students must also complete 15 hours of art history.

I. Foundation Art for Art Education

(10 courses; 30 hours if taken at UMSL):
1030, Ceramics I  
1133, Introduction to Fibers and Textiles  
1140, Drawing I  
1141, Drawing II  
1142, Figure Drawing I  
1143, Fig. Drawing II OR 2240, Drawing III  
1150, Design I  
1151, Design II  
1170, Printmaking I OR 1173, Printmaking: Screen Printing I  
1180, Painting I  

II. Studio Art for Art Education (7 courses; 21 hours if taken at UMSL):
1132, Sculpture I  
1061, Intro to Digital Photography  
OR  
2220, Computer Art I

At least three courses in one of the following areas: drawing, graphic design, painting, photography, or printmaking. Two studio art electives.

Required art education, Level II and III teacher education, and secondary education courses must be taken in residence at UMSL. Students must be admitted to the Teacher Education program of the College of Education. Students should check with the Office of Teacher Education for the most complete and current admission information. Professional education courses must be completed with a grade point average of 2.5, and no grade lower than a C is acceptable.

Art Education certification candidates must complete the following courses:

**Level I: Exploring Education as a Profession**
TCH ED 2210, Introduction to Teaching  
TCH ED 2211, Introduction to American Schools  
TCH ED 2212, Introduction to Learners and Learning

**Level II: Analyzing the Nature and Process of Education**
TCH ED 3310, Introduction to Instructional Methods  
TCH ED 3312, Psychology of Teaching and Learning  
TCH ED 3313, Introduction to Learners with Disability and Inclusive Education  
TCH ED 4391, Teaching Reading in Secondary School Content Areas  
OR  
Tch 3315, Literacy, Learning, and Instruction  
ART ED 3328, Art Education: Theory to Practice (same as SEC ED 3328)  
ART ED 4260, Art Museum as Teaching Resource

**Level III: Synthesizing Theory and Practice in Education**
ART ED 4273, Curriculum and Methods of Teaching Art (same as SEC ED 4273)
SEC ED 4496, Student Teaching in Elementary Art
SEC ED 4497, Student Teaching in Secondary Art
SEC ED 4989, Secondary Education Professional Internship

Minors

Minor in Art History
A minor in art history requires the completion of at least 18 hours in art history courses. Students must take ST ART 1100 and at least one course in non-Western art. They must also take at least 2 courses at the 3000 level or above. A maximum of 3 hours of internship can be applied toward a minor in art history. The GPA for the courses for the minor must be 2.0 or better. Nine of the 18 hours must be taken in residence at UMSL.

Minor in Studio Art
Students who wish to minor in studio art must take a minimum of 18 hours with a grade point average of 2.0 or better. Six hours must be taken at the 2000 level or above, in residence at UMSL. The requirements for the minor are as follows:

1140, Drawing I
1141, Drawing II
1150, Design I
and two consecutive courses (6 hours) in any single area to be selected from the following (students should be aware that courses are not always available in all areas):

- Painting
- Printmaking (any one subfield)
- Photography
- Graphic Design
- Advanced Drawing
- plus a studio art elective: one three-hour course.

Photographic Studies Certificate
UMSL students, graduates, and post-baccalaureate candidates may obtain a certificate in photographic studies by coordinating courses in and related to photography. To be eligible for the certificate, undergraduates must complete a degree in a chosen major field. A faculty member of the Interdisciplinary Photographic Studies Committee will act as adviser to all students and will consult with the faculty adviser in the student’s major to plan appropriate credits.

Requirements
The following courses are required:
ST ART 1060, Photography I
ST ART 2160, Photography II
ART HS 2265, History of Photography
ST ART 3260, Photography III, or INTDSC 3390, Independent Studies in Photographic Studies
ART HS 3360, Photography and Society

Students must also take at least one 3-hour course selected from the following departmental offerings.

ART HS 1100, Introduction to Western Art
ST ART 2262, Color Photography I
ST ART 2263, Digital Photography
ST ART 2264, Non-Silver Photography
ST ART 2268, Video Art I
ST ART 2277, Printmaking: Photolithography
ST ART 3260, Photography III
ST ART 3362, Color Photography II
ST ART 3364, Video Art II
ART HS 3374, Philosophy of Art
ST ART 3390, Special Studies
ST ART 3391, Advanced Problems in Photography I
ST ART 3392, Advanced Problems in Photography II
BIOL 4784, Techniques in Electron Microscopy
COMM 1050, Introduction to Mass Media
COMM 1070, Introduction to Cinema
COMM 2210, Television Production
ENGL 3140/COMM 3214, News Writing
ENGL 3150, Feature Writing
INTDSC 3390, Independent Studies in Photographic Studies
PSYCH 2213, Principles of Perception
Pre-Professional Graduation: Architecture
The Department of Art sponsors the 3+4 Program for the School of Architecture at Washington University. A student who transfers to the School of Architecture, Washington University, at the end of the junior year may graduate from UMSL after the satisfactory completion of the first year of professional school upon meeting one or more of the following conditions:

1. The student has completed all general education requirements and all requirements for a major and lacks only the total hours (electives) necessary for a degree.
2. A student who has not completed required courses for a degree must remedy the deficiency with courses taken at the University of Missouri-St. Louis within three years of entering the professional school. At the time of graduation the student must remain in good standing in the professional school or have successfully graduated from the professional school.
3. A student who has not completed all the courses required for a major may, if the major department at UMSL agrees, substitute up to six hours of appropriate course work from the professional school.

The requirement that 24 of the last 30 hours of course work for a degree be taken at UMSL shall be waived where necessary for students graduating under this procedure.

Career Outlook

Study in art history broadens and enriches a general education, offering insight into the visual, architectural, and cultural artifacts left by earlier, as well as modern, civilizations. Art history graduates have found career opportunities in teaching, museums, galleries, libraries, historical societies, sales and auction houses, historic preservation, and arts administration.

Students with degrees in studio art find careers in teaching, advertising, public relations, graphic design, illustration, film and video production, arts administration, art restoration, product and industrial design, framing, and commercial photography.

Art education has been identified by the Missouri Department of Elementary and Secondary Education as an area of critical need. With over 300 art teachers in the greater St. Louis region alone, there is a demand for art teachers statewide each year.

Leighanne Heisel, Associate Teaching Professor, Online Program Coordinator
M.A., West Virginia University

The faculty represents many fields within the discipline of communication including interpersonal communication, organizational communication, mass communication, public relations, and rhetoric. Most faculty members contribute to a growing body of knowledge by conducting research, publishing their results in scholarly journals, and presenting papers at national and international communication conferences. By integrating theory, research, and practice, faculty members are able to offer a comprehensive approach to contemporary communication problems.

General Information

The Bachelor of Arts in Communication
The B.A. in communication is a flexible degree program that allows the student to tailor their curriculum to meet specific interests and individual needs while simultaneously providing a strong foundation in the major specializations of the discipline. The faculty encourages all students to meet early and often with their faculty adviser to select a meaningful group of courses for a coherent, career-oriented academic program. Students who seek this degree will, upon completion, understand how to communicate competently and effectively in a variety of contexts and mediums. In addition, students will develop a strong foundation in the theory and research underlying effective communication. Finally, students will have demonstrated their competence through the internship and practicum requirements.

Minors in Communication
The Department of Communication offers a minor in Communication that can provide many benefits to students majoring in other programs (for more information, see the requirements for minors in the undergraduate studies section. The Minor in Communication can complement a variety of other degrees. Students who complete the minor will be able to understand and apply the theories underlying competent and effective communication.

Certificate in Public Relations

communication.html[6/24/2016 11:46:06 AM]
The Department of Communication offers a sequence of courses that can prepare students for a successful career in public relations. This writing intensive certificate program includes a selection of required and elective courses that integrate practical knowledge of the PR industry with the communication theory and research that undergird it. The certificate will be valuable both to those already in the workplace, and to undergraduates pursuing a public relations career. Closely aligned with the latest recommendations from the Public Relations Society of America and the National Communication Association, the curriculum will provide students with both the public relations theoretical base and practical hands-on skills necessary to succeed in public relations.

Other Certificate Programs
In addition to offering the Certificate in Public Relations, the department supports a number of certificate programs (including Disaster and Risk Management and Secondary Education). For more information, see Certificate Programs and Interdisciplinary Studies in this Bulletin.

Master of Arts in Communication
The Master of Arts degree program provides the opportunity for an advanced degree program in communication with a strong theory and research emphasis. Students can select courses that emphasize broad categories of communication such as organizational communication and/or mass communication. The program will help students develop a strong background in communication theory and research which would allow for the pursuit of a doctorate in communication, opportunities for professional positions, and the potential for a vertical or lateral move within an organization. Students who complete the M.A. in Communication will have a detailed understanding of the academic discipline. They will have developed critical skills for evaluating communication related theories and research, and the ability to apply that knowledge in their own research or professional settings. For further details, please see the Graduate Studies section of the Communication Department listings.

Undergraduate Studies

General Education Requirements
Majors must satisfy the university and college general education requirements. The college's foreign language requirement may be taken in any language. Communication courses may not be taken on a satisfactory/unsatisfactory basis.

Degree Requirements

Bachelor of Arts in Communication:
Majors must complete a minimum of 36 semester hours in Communication courses. At least 18 of these must be taken at UMSL. Furthermore, at least 12 semester hours of the Communication courses completed must be numbered 3000-4999. All students must complete the required courses and earn a C or better in all communication courses applied to the degree.

Required courses for the major:
COMM 1030, Interpersonal Communication I
COMM 1050, Introduction to Mass Media
COMM 2231, Communication in the Organization
COMM 3330, Research Methods in Communication I
COMM 3332, Intercultural Communication

At least 3 hours from either the practicum (1193) or internship (3393) courses.

Department Activities and Internships
Co-curricular projects and activities relevant to the personal, professional, and academic goals of each student are sponsored and advised by the department. Along with the traditional academic experience, students can network and develop valuable experiences through their completion of required internship or practicum courses. Students may choose from a wide-range of for-profit, nonprofit, and not-for-profit organizations (Visit the Department of Communication for more information), or consult with the Internship and Practicum Coordinator to approve a new internship site. By tailoring the internship site to the interests of each student, the internship and practicum augment the academic experience and provide valuable opportunities for majors to apply their communication studies.

Minors in Communication
Coursework for a minor in Communication consists of 15 semester hours of the core requirements for the major. Credit hours in COMM 3395, may be substituted for credit hours listed below with written consent of the communication department chairperson.

Core Requirements:
COMM 1030, Interpersonal Communication I
COMM 1050, Introduction to Mass Media
COMM 2231, Communication in the Organization
COMM 3330, Research Methods in Communications I
COMM 3332, Intercultural Communication
At least 9 of the 15 hours required for the minor must be taken at UMSL.

Students must earn at least a C for all communication courses applied to the minor. A minimum GPA of 2.5 is required in the minor.

**Certificate in Public Relations**

The Certificate in Public Relations integrates essential professional skills with contemporary communication theory and research to provide a grounded sequence based on the recommendations of the Public Relations Society of America and the National Communication Association. To earn the certificate, students must complete a minimum of 24 credit hours in the designated courses.

**Required Coursework (18 credit hours):**
- **COMM 1150,** Introduction to Public Relations (3)
- **COMM 3358,** Communication in Public Relations (3)
- **COMM 3360,** Health Communication in Mass Mediated Contexts (3)
- **COMM 4035,** Integrated Approaches to Public Relations, Advertising, and Promotion (3)
- **COMM 4100,** Communication Campaigns (3)
- **COMM 4199,** Applied Public Relations (3) or **COMM 4393,** Internship in Applied Communication (3)

**Elective Coursework (minimum of 6 credit hours required):**
- **COMM 1050,** Introduction to Mass Communication (3)
- **COMM 1135,** Communication Theory (3)
- **COMM 2231,** Organizational Communication (3)
- **COMM 2232,** Communication in Organizations: Tools for Leadership (3)
- **COMM 2240,** Persuasive Communication (3)
- **COMM 3330,** Research Methods in Communication I (3)
- **COMM 3395,** Special Topics in Communication (3)

For more information on this certificate, please contact the Department of Communication’s Public Relations Sequence Coordinator.

**Bachelor of Arts in Communication with Certification in Secondary Education**

In addition to the requirements for the B.A. in communication and general requirements set by the College of Education, students must meet the state requirements for certification.

The B.A. and certification for grades 7-12 can be completed by taking a minimum of 39 hours in communication, selected according to departmental recommendations. The B.A. and certification for grades 7-9 can be obtained by taking 36 hours in communication, selected according to departmental recommendations. Requirements of the College of Education include courses in professional education and ENGL 3600, The Curriculum and Methods of Teaching English (same as SEC ED 3600).

**Graduate Studies**

The department offers a Master of Arts degree in Communication.

**Admission requirements:**

Applicants must have a baccalaureate in communication or a related discipline by the end of the semester in which they apply. The minimum cumulative GPA required for regular admission to the graduate program in communication is 3.25 on a 4-point scale. **Three letters of recommendation,** at least two of which address the applicant's potential to succeed in graduate studies in communication, are also required. Finally, **International students who are non-native speakers of English must obtain a TOEFL score of 600 on the paper-based test (or the equivalent score on other versions of the test)** to be considered for admission. Applicants with GPAs that do not meet the admission criterion may elect to take the Graduate Record Exam (GRE) to offset these deficiencies. Contact the Graduate Coordinator for more information.

**Degree Requirements:**

The MA in Communication requires either 30 or 36 credit hours of coursework, depending on the exit project. Candidates approved for a thesis or internship will complete at least 30 semester hours of approved study, at least 21 of which must be taken in courses offered by the department. Candidates completing the non-thesis, non-internship option must complete 36 semester hours of approved study, 27 of which must be taken in courses offered by the department.

**Communication**
- **COMM 6400,** Seminar in Communication Theory
- **COMM 6405,** Introduction to Communication Research Methods
- **COMM 6411,** Seminar in Mass Communication
- **COMM 6431,** Seminar in Organizational Communication
- **COMM 6435,** Seminar in Advanced Applied Communication Research

After consultation with the graduate coordinator the student selects either a 36 hour or 30 hour program and,
in the latter case, develops an appropriate exit project with input from prospective committee members. The expectations for each internship varies by project and committee, but submission of an essay in which the coursework and internship experiences are integrated is typically required. Internship exit projects and theses must be approved by the student's committee and assigned a grade by the advisor. The candidate must pass an oral examination conducted by student's committee regardless of exit option selected.

Students who complete a thesis or internship must complete no less than a 3 hour internship or 6 credit hour thesis.

**Career Outlook**

The B.A. in communication prepares students for careers in numerous fields. Past graduates are working in the following positions: promotion and public relations, administration, advertising, marketing, web page design, market research, corporate media, sales, training, speech writing, teaching, and research. Other students have pursued graduate education in communication programs offering the M.A. and Ph.D. degrees.

**Course Descriptions**

Prerequisites may be waived by consent of the instructor.

Students who have earned 24 or more semester hours of credit at any accredited post-secondary institutions(s) before the start of the fall 2008 semester must meet the general education requirements stipulated in the UMSL 2007-2008 Bulletin. The following courses fulfill the Humanities breadth of study requirements as described in that Bulletin:

1070, 1160, 2271, 2272, 3337, 3340, 3342, 3350, 3352.

The following courses fulfill the Social Sciences breadth of study requirements:

1065, 1135, 2218, 2230, 2231, 2243, 3330, 3331, 3332, 3350, 3354, 4356.

1000 **Effective Communication for College (3)**
A communication by objective approach is used to introduce students to effective communication in a college environment. Emphasis is placed on preparing and delivering effective messages whether written or spoken, formal or informal, digital or hardcopy.

1030 **Interpersonal Communication I (3) [C]**
Introduction to the theories of interpersonal communication. Emphasis on basic principles involved in one-to-one interactions.

1040 **Introduction to Public Speaking (3) [C]**
Theories and techniques of organization, evidence, argumentation, persuasion, and delivery in public speaking.

1041 **Presentational Speaking (3)**
Theories and techniques of presenting information in various contexts, formats, and settings. Emphasis is placed on strategic coordination for message effectiveness in a team-based environment.

1050 **Introduction to Mass Communication (3) [C] [P]**
Introduction to oral, print, and electronic media communication, including emerging digital formats. The course covers the major theories of mass communication effects as well as the social, organizational, economic, political, and technological factors that shape the creation and reception of mass media messages.

1135 **Communication Theory (3) [P]**
Survey of elements and processes critical to human communication behavior. Comparison of influential communication theories.

1150 **Introduction to Public Relations (3) [PR]**
Prerequisite: COMM 1040 or 1050. Publicity methods and public relations representation of profit and nonprofit institutions to the public; use of communication research and media, as applied to the public relations profession.

1193 **Practicum in Applied Communication (1-3)**
Prerequisite: Consent of instructor. Practicum work at any of the UMSL public relations offices, sports and school newspapers, Office of Research or Photography Services. Work must be done on campus, under supervision of a working professional in the field, in consultation with a faculty member.

2230 **Small Group Communication (3)**
Prerequisite COMM, 1040. Development of communication skills needed in small group decision making. Application of these skills to contemporary problems.

2231 **Communication in the Organization (3) [C] [P]**
Prerequisite: Junior standing or consent of instructor. Course integrates communication theories applicable to the structure and function of organizations. The effect of communication variables on departmental interface,
member satisfaction and motivation, leadership and subordinate styles, and perception of the organization by the external environment.

**2232 Effective Communication in the Organization: Tool for Leadership (3) [P]**
Prerequisites: Junior standing or consent of instructor. Telecourse designed to equip students with communication skills applicable to the organizational context. The course will present effective strategies for the articulation of ideas, with particular emphasis on the development of leadership skills.

**2240 Persuasive Communication (3) [P]**
Prerequisite: COMM, 1040. A study of persuasive communication, including theories, techniques, forms, functions, applications, potential, and limitations for the individual and organizations. Insights from both classical rhetoric and contemporary communication theory.

**2243 Communication in American Politics (3)**
Prerequisite: COMM, 1040. Analysis of audience response and media preferences in political campaigns, campaign speeches, candidates' uses of television and other mass media, and measuring effectiveness of campaign communications.

**2250 Strategic Communication (3)**
Prerequisite: COMM 1135 or consent of instructor. Principles of message construction in oral, written, and/or mediated communication. Emphasis is placed on logical reasoning, audience analysis, message structure, and attainment of communication goals.

**3130 Advanced Interpersonal Communication (3)**
Prerequisite: COMM 1030. Continuation of COMM 1030, focusing on contemporary theories and research regarding interpersonal relationships.

**3150 Crisis, Disaster, and Risk Communication (3)**
Course will focus on three specialized areas within public relations: communication methods and infrastructure in relation to large-scale disaster management; organizational crisis communication; and public communication regarding environmental, chemical and other public risk issues.

**3330 Research Methods in Communication I (3) [C] [P]**
Prerequisite: COMM 1135. Introduction to the fundamental tools of quantitative research in communication. Focus of the course is on reading and comprehending communication research reports rather than conducting quantitative research.

**3331 Research Methods in Communication II (3)**
Prerequisite: COMM 3330. Extends the study of research methods covered in COMM 3330 to the planning and executing of research projects. Students acquire data analysis, research design, and basic measurement skills. Problems of quantitative study unique to the study of communication are explored.

**3332 Intercultural Communication (3) [C]**
Prerequisite: Junior standing or consent of the instructor. Study of culture as a variable in both interpersonal and collective communicative situations. Emphasis upon opportunities and problems arising from similarities or differences in communication patterns, processes, and codes among various cultural groups.

**3337 Male/Female Communication (3)**
Prerequisite: Junior standing or consent of instructor. This course explores the influence of gender upon contemporary American communication behavior. Topics include semantic and syntactic variations in male and female speech, gender-role development as process and product of communication, analysis of communication patterns and barriers within gender groups. Mass, public, interpersonal, and dyadic communication contexts are considered.

**3340 Rhetorical Criticism (3)**
Prerequisite: COMM 1040. The application of rhetorical theories to the analytical and critical explanation of persuasive messages.

**3342 Modern Rhetoric and Public Address (3)**
Prerequisite: COMM 1040 or consent of instructor. A survey of the history and theories of persuasion and public address from the post-Renaissance era to the present.

**3350 Physiological Measurement in Communication (3)**
Prerequisite: COMM 1135, COMM 3330, Junior standing, or consent of instructor. Overview of physiological measurement techniques found in classic and contemporary communication research. Conceptual and practical elements are emphasized.

**3352 Mass Media Criticism (3)**
Prerequisite: COMM 1050. The study of media content and its effect on society. Reading and viewing of selected works. Independent reading and critical analysis required.

<tbody>
<tr>
<td>3358</td>
<td>Communication in Public Relations I (3) [PR]</td>
<td>Prerequisite: COMM 1150. An overview of communication within the area of public relations. Emphasis on ethics, law, professional standards, and written communication. Case study approach.</td>
</tr>
<tr>
<td>3360</td>
<td>Health Communication in Mass Mediated Contexts (3) [PR]</td>
<td>Prerequisite: COMM 1050 or consent of instructor. Examination of the theories and literature dealing with the role of mass media in health behavior. Topics include health promotion and prevention campaigns and the effect of news and entertainment media on health behaviors.</td>
</tr>
<tr>
<td>3361</td>
<td>Health Communication in Interpersonal and Organizational Contexts (3)</td>
<td>Prerequisites: COMM 1030 and 2231, or consent of instructor. Examination of the theories and literature dealing with the role of interpersonal organizational communication in health behavior and health care organizations.</td>
</tr>
<tr>
<td>3362</td>
<td>Storytelling (1-3)</td>
<td>Prerequisite: Junior standing or consent of instructor. This course gives an overview of the history of storytelling, types of tales, and appropriate uses for storytelling. The primary emphasis of the course is in developing storytelling skills through preparation, performances, and evaluation.</td>
</tr>
<tr>
<td>3392</td>
<td>Administration of Cocurricular Activities (3)</td>
<td>Prerequisites: COMM 1040 or Consent of Instructor. A survey of skills required to administer the various cocurricular activities associated with teachers who teach speech and communication courses in the secondary schools. Practical experience in skills such as: operation of debate tournaments, public speaking competitions, and mock trial competitions.</td>
</tr>
<tr>
<td>3395</td>
<td>Special Topics in Communication (3) [P]</td>
<td>Prerequisite: Senior or graduate standing. In-depth study of topics pertaining to current research in the department. May be repeated up to six credit hours if topic is different.</td>
</tr>
<tr>
<td>3400</td>
<td>Language and Behavior (3)</td>
<td>Prerequisite: COMM 1030, junior standing or consent of the instructor. Examination of language and behavior which includes etiological considerations, functions, meanings, perceptions, and process-interaction rules.</td>
</tr>
<tr>
<td>3410</td>
<td>Nonverbal Communication (3)</td>
<td>Prerequisite: COMM 1030, junior standing or consent of the instructor. An examination of the paralinguistic cues that accompany normal communication such as facial expression, eye behavior, gestures and body movements, accents and dialects, and the impact of touch, among others. The implications for message construction, delivery, and perception are discussed.</td>
</tr>
<tr>
<td>3500</td>
<td>Dysfunctional Communication (3)</td>
<td>Prerequisite: COMM 1030, junior standing or consent of the instructor. An examination of some of the factors that impede effective communication. Emphasis is placed both on individual attributes such as verbal aggression and communication apprehension, as well as context-based factors found in family and romantic relationships, among others.</td>
</tr>
<tr>
<td>3510</td>
<td>Communication and Conflict (3)</td>
<td>Prerequisite: COMM 1030, junior standing or consent of the instructor. An examination of the features that contribute to effective and ineffective communication during conflicts. The course integrates communication research and theory with practical applications in negotiation and conflict resolution.</td>
</tr>
<tr>
<td>3520</td>
<td>Communication Problems in Children (3)</td>
<td>Prerequisite: COMM 1030, junior standing or consent of the instructor. A review of communication research on developmental difficulties in children. Theories of communication, language development, acquisition, correction, and implementation are discussed.</td>
</tr>
<tr>
<td>3600</td>
<td>Communication and Families (3)</td>
<td>Prerequisite: COMM 1030, junior standing or consent of the instructor. An analysis of research and theory involving communicative attributes and phenomena unique to the family context. Communication between parent-child, siblings, and extended family members, as well as more complex family structures are addressed. Functional and effective communication techniques are also discussed.</td>
</tr>
<tr>
<td>3610</td>
<td>Communication and Relationships (3)</td>
<td>Prerequisite: COMM 1030, junior standing or consent of the instructor. An examination of the contributions of communication researchers to the study of developing and maintaining human relationships with particular focus on communication in friendships and romantic relationships.</td>
</tr>
<tr>
<td>3700</td>
<td>Computer Mediated Communication (3)</td>
<td>Prerequisite: COMM 1030, COMM 1050, junior standing or consent of the instructor. A comparison of the similarities and differences between face-to-face communication and computer-mediated communication. Synchronous and Asynchronous methods of interaction are examined, as well as other characteristics unique to the digital environment.</td>
</tr>
</tbody>
</table>
3800 Trends in Mass Communication (3)
Prerequisite: COMM 1050, junior standing, or consent of the instructor. A theoretical and research-based examination of popular trends in Mass Communication. May be repeated once if topics are different.

4035 Integrated Approaches to Public Relations, Advertising, and Promotion (3) [PR]
Prerequisite: COMM 3358, junior standing, or consent of the instructor. Overview of how publicity, advertising and other promotional activities can be integrated into a single cohesive communication initiative or program.

4100 Communication Campaigns (3) [PR]
Prerequisite: COMM 1030, COMM 1050, COMM 1150, and junior standing or consent of the instructor. This course focuses on the design, analysis, and implementation of mass communication-based information campaigns by integrating research and theory from interpersonal, mass communication, and public relations.

4199 Applied Public Relations (3) [P]
Prerequisite: COMM 1150, COMM 3358, COMM 4035, junior standing, or consent of the instructor. This course provides students with an applied experience in public relations. The course may require on-site visits to private firms and/or the development of multi-year strategic plans.

4390 Directed Readings (3)
Prerequisites: Consent of instructor; not open to students who have any Y or delayed grades outstanding. Supervised independent study involving readings, conferences, papers, etc., in one of the department's disciplines: communication theory and rhetoric, or mass communication.

4391 Supervised Research (1-5)
Prerequisites: Junior/senior standing and consent of instructor; not open to students who have any Y or delayed grades outstanding. Supervised field or laboratory research, data collection, literature searches, qualitative or quantitative data analysis, report writing and other techniques used by communication researchers. Repeatable, but no more than 5 credit hours may be earned in supervised research courses.

4393 Internship in Applied Communication (3-6) [C] [P]
Prerequisites: Senior standing, with a least 12 hours of course work in Communication, consent of instructor; open to communication majors only. Advanced practical work in business and organizational communication, public relations, or campaign communication. Work must be done under the supervision of a working professional in consultation with a faculty member. Repeatable, but no more than six hours total credit may be earned in internship courses toward the 36-hour minimum required for the degree.

6400 Seminar in Communication Theory (3) [GC]
Prerequisites: Graduate Standing. Examination of the theoretical, methodological, and philosophy of science issues in the discipline of communication. Examines general, micro, contextual, and interdisciplinary (symbiotic) communication theories. Required of all graduate communication students. (Core Course.)

6405 Introduction to Communication Research Methods (3) [GC]
Prerequisites: Graduate Standing. Concerns the logic of scientific inquiry including the discovery, counting, and analysis of material, social, and symbolic facts, and reviews research methods guided by general, micro and contextual communication theories. Provides an orientation to graduate research including proposal development for thesis, internship and paper requirements and includes a theory-based research project of the student's choice. Required of all graduate communication students. (Core Course.)

6406 Introduction to Communication Education Research (3)
Prerequisites: Graduate Standing. The development of educational communication research as a social scientific field. Critical evaluation of techniques and problem selection. Emphasis on the function of communication education concept formation and theory.

6411 Seminar in Mass Communication (3) [GC]
Examines the communication research literature pertaining to media planning, content, and effects. A broad range of media forms and possible effects are considered.

6431 Seminar in Organizational Communication (3) [GC]
Prerequisites: Graduate Standing. Explores communication theories and topics related to organizational, institutional, and social system contexts and reviews the communication literature on behavior in organizations. Emphasizes a case study approach to the communication strategies used by agencies and corporations. (Core course.)

6435 Seminar in Advanced Applied Communication (3) [GC]
Prerequisites: Graduate Standing. Examines the logic and forms of communication inquiry in solving client-centered problems. Topics include audience ratings and segmentation, targeting, applied and basic research paradigms and approaches to grounding theory. Reviews the use of research by agencies, campaigns and organizations. Includes a team research project. (Core Course.)

6454 Seminar in Communication Systems and Technologies (3)
Prerequisites: Graduate Standing. Examines innovation in modern communications technologies, their impact on society, and their contribution to the information revolution.

6490 Directed Readings in Communication (1-10)
Prerequisites: Graduate Standing. Individual research on a problem defined by the graduate student and the faculty member in conference. May be repeated once with the consent of the departmental graduate faculty.

6491 Supervised Research in Communication (1-3)
Prerequisites: Graduate Standing, Special Consent Collaborative research with a faculty member on a communication topic of mutual interest. May be repeated up to 10 hours.

6492 Practicum in Computer-Mediated Communication (1-3)
Prerequisites: Graduate Standing, Special Consent Collaborative research with a faculty member on a communication topic of mutual interest. May be repeated up to 6 hours.

6495 Seminar in Special Topics in Communication (3-9)
Prerequisites: Graduate Standing. Selected topics in the study of communication. Review of the communication theory and methods appropriate to the topic. The course includes a research project. May be repeated if the topic is different.

6498 Thesis Research and Preparation (1-10)
Prerequisites: Graduate standing. Individual research for and preparation of the graduate thesis.

6499 Graduate Internship (3-6)
Prerequisites: Graduate standing and approval of graduate coordinator. Individual on-site internship in organizational or mass communication setting.

[C] = Core course required for major or minor in Communication
[P] = Course fulfills elective requirement for Certificate in Public Relations
[PR] = Course is required for Certificate in Public Relations

B.M., St. Louis Conservatory of Music  
Kenneth W. Kehner, Adjunct Lecturer (Jazz Piano)  
B.M., Truman State University  
Stephen Morton, Adjunct Lecturer (Voice)  
M.M., University of Tennessee  
Robert Mott, Adjunct Lecturer (Bassoon)  
M.M., Indiana University  
Gerry Pagano, Adjunct Lecturer (Trombone, Euphonium, Tuba)  
M.M., Juilliard School of Music  
Alan Rosenkoetter, Adjunct Lecturer (Guitar)  
B.S., Washington University  
Henry Smith, Adjunct Lecturer (Saxophone and Jazz)  
B.M., University of Texas  
John Smith, Adjunct Lecturer (Music Education)  
M.M., University of Oklahoma  
Sue Stubbs, Adjunct Lecturer (Double Bass)  
M.M., University of Missouri-Columbia  
Lorenzo Trujillo, Adjunct Lecturer (Trumpet and Jazz)  
D.M.A., University of California-Los Angeles  
Miles Vandiver, Adjunct Lecturer (Jazz Percussion)  
B.A., Southern Illinois University-Edwardsville  
Jeanine York-Garesche, Adjunct Lecturer (Clarinet)  
M.M., St. Louis Conservatory of Music  
Susan Werner, Adjunct Lecturer (Voice)  
M.M., University of Illinois-Champaign-Urbana  
Mindy Gilkey, Specialist (Piano)  
M.M., University of Oregon  
Meiko Hironaka-Bergt, Specialist (Piano)  
M.M. Toho Academy of Music  
Deborah Mihok, Specialist (Piano)  
B.M.E., University of Missouri-St. Louis  
Vera Parkin, Specialist (Piano)  
M.M., Southern Illinois University at Edwardsville  
Donna Pyron, Specialist (Piano)  
B.M., University of Missouri-Columbia  
Sharon Tash, Specialist (Piano)  
B.A., University of Missouri-St. Louis

Music faculty members have received recognition for distinguished achievements in conducting, composition, and performance. The faculty is also recognized for research in musicology and music education. Part-time applied music lecturers are professional musicians.

The Department of Music is accredited by the National Association of Schools of Music.

Performing Ensembles

Membership in Music Department performing ensembles (choral, orchestral, concert and pep band, jazz, chamber, etc.) is open to UMSL students in all majors and minors. Admission to most ensembles is by audition (consent of the instructor). Music 1400, University Chorus, is open to all university students without audition.

General Information
Degrees and Areas of Concentration

The Department of Music offers programs of study leading to the B.M. degree in music education (and state teaching certification in grades K-12); the B.M. degree with an emphasis in performance; the B.M. degree with elective studies in business; and the B.A. degree in music.

Instruction in piano, organ, voice, and all band and orchestral instruments is given by full-time faculty and part-time professional musicians, some of whom are members of the St. Louis Symphony Orchestra. Faculty recitals are regularly scheduled.

Music Minors
Three minors in music are available: a minor in music; a minor in music education (choral/vocal, grades K-9); and a minor in jazz studies.

Facilities
The Department's facilities, classrooms, studios, practice rooms, and listening labs are located in the Music Building. Rehearsal rooms are in the Villa.

Ensembles
Fourteen performing ensembles are open to all by audition with credit optional:
1400, University Chorus
1410, The University Singers
1500, University Orchestra
1520, University Band
1530, University Wind Ensemble
1541, Chamber Ensemble Brass
1542, Jazz Combo
1543, Chamber Ensemble Percussion
1544, Chamber Ensemble Strings
1545, Chamber Ensemble Voice
1546, Chamber Ensemble Woodwind
1550, Jazz Ensemble
1560, Opera Workshop
1600, Advanced Opera Workshop

Each year more than 100 recitals and concerts are presented.

Additional information may be obtained by contacting us: Department of Music: (314) 516-5980,

Undergraduate Studies

General Education Requirements
General education requirements apply to all majors, except students in the B.M. with elective studies in business and B.M. in music education degree programs who are not required to take a foreign language. Courses required for degree programs may not be taken on a satisfactory/unsatisfactory basis. Students must receive at least a C- in each music course and maintain an overall GPA of 2.5 in all music courses to meet degree requirements.

Students may complete any number of hours of applied music (private lesson) toward a degree. Non-music majors may complete no more than 8 hours in music-performing organizations (Music 1400, University Chorus; 1410, University Singers; 1500, University Orchestra; 1520, University Band, et. seq.) toward graduation, including credit transferred. Courses in applied music (private lessons and performing organizations) do not fulfill the humanities general education requirement. Department courses, which meet the non-Euro-American study requirement, are Music 1090, Non-Western Music I, and Music 1100, Non-Western Music II.

Learning Outcomes (General Education)

- Students will demonstrate enhanced aesthetic appreciation and discrimination.
- Students will demonstrate knowledge of a wide range of world music.
- Students will demonstrate knowledge of relationships among the arts, societal influences on music and musical influences on society.

Degree Requirements
Admission to all music degree programs is by audition and interview to demonstrate musical aptitude and potential, moderate technical proficiency, and seriousness in selecting music as a four-year course of study. In addition to the applied music audition, placement examinations in music theory and music history may be required to confirm students’ prior experience in these areas. Auditions are scheduled from January to May for the fall semester; a limited number are held in December for the spring/winter semester. Students in applied music must pass a junior-standing examination to confirm their level of performance skills for enrollment in
Music 3440 – 3459 or Music 4440 – 4459. This examination is usually taken at the same time as the applied music jury for the fourth semester of enrollment in Music 1440 - 1459.

Evidence of sound musicianship, a close acquaintance with an appropriate portion of musical literature, and the ability to bring it to actual performance are required for graduation in all music degree programs. Students in the bachelor of music-performance emphasis fulfill this requirement with junior and senior recitals. Those in all other degree programs must satisfy the requirement by participating in three regularly scheduled student recitals during the last two semesters of applied music study, or by performing for a special jury of faculty members. The faculty may invite students who are not in the bachelor of music-performance emphasis program to give public senior recitals with the recommendation of the applied music instructor.

Music majors are required to enroll in an approved ensemble (University Band, University Singers, University Chorus, or University Orchestra), to study one applied area progressively each semester, and to enroll in the appropriate pedagogy and literature seminar each semester of the degree program. (Music education majors are exempt from these requirements during the student teaching semester.) The following specific ensemble enrollments, depending upon the applied music area, are required:

Wind and percussion students--University Band; string students--University Orchestra; voice students--University Singers (or by special permission, University Chorus); keyboard and guitar students--any approved ensemble, but those in the bachelor of music in music education program must enroll in an ensemble compatible with the teaching certification they are pursuing. Instrumental students may be required to participate in additional ensembles to enhance their musical development.

Majors are required to appear in performance at the department’s discretion and to attend a prescribed number of departmental recitals. Non-keyboard players are required to pass an exam in piano proficiency: Music 2180, Intermediate Piano Proficiency, or equivalent for instrumentalists, or Music 3290, Intermediate Piano Proficiency, or equivalent for vocalists.

The music department may require students to pass a placement test in order to enroll in the next level course, provided this or an equivalent test is administered to all students seeking to enroll in that course.

Core Curriculum

The following core courses are required for all music majors:

**Music Theory**
- 1301, Theory of Music I
- 1302, Aural Training I
- 1311, Theory of Music II
- 1312, Aural Training II
- 2301, Theory of Music III
- 2302, Aural Training III
- 2311, Theory of Music IV
- 2312, Aural Training IV
- 3410, Orchestration

**Piano Proficiency**
- 1140, Piano Proficiency
- 1150, Piano Proficiency
- 2160, Intermediate Piano Proficiency
- 2180, Intermediate Piano Proficiency

**Music History and Literature**
- 1010, History of Western Music I
- 1020, History of Western Music II
- and at least one upper level history course 4000 – 4270.

**Applied Music**
- 1460, 3460, 4460, Seminar in Pedagogy and Literature

In addition to the core curriculum, students must fulfill the requirements for the specific degree program or emphasis area as listed below:

**Learning Outcomes (All Music Degrees)**
- Students will demonstrate the solo and ensemble performance skills to become a professional musician.
- Students will demonstrate knowledge in music theory, music history, music literature, to become a professional musician.
- Students will demonstrate the ability to speak and write clearly and effectively about music.

**Bachelor of Arts in Music**

In addition to the required core curriculum, candidates must complete the following:
1090, Non-Western Music I, or 1100, Non-Western Music II
2510, Conducting I
3920, Senior Research

Applied Area
8 credit hours of private lessons

Ensemble
4 hours maximum credit

Foreign Language
Candidates for the B.A. degree in Music are required to complete 13 credit hours or the equivalent in proficiency in one foreign language. Please see additional information about the Foreign Language requirement in the College of Fine Arts and Communication “Specific Baccalaureate Degree Requirements.”

Bachelor of Music in Music Education

In addition to the required music core curriculum, candidates must complete the following:

General Education Requirements
At least one course from two of the following fields: music (excluding applied music), art, foreign language, Western and Non-Western cultures, philosophy, literature, classical studies, and theatre and drama.

Communication Skills
At least two courses in English composition and one in oral communications.

Social Studies
Courses in American history, American government and general psychology.

Natural Science
One course in physical or earth science; one course in a biological science. At least one of these courses must have a laboratory component.

Mathematics
One college-level mathematics course. (Note: All of the courses in the General Education Requirement Area must be a minimum of two semester hours.)

Applied Area
7 credit hours of private lessons

Practicum
2510, Conducting I

Instrumental Certification
1250, 1260, 1270, 1280, Instrumental Techniques
2610, Elementary School Instrumental Literature Laboratory
3521, Conducting II – Instrumental
3620, Junior – Senior High School Instrumental Literature Laboratory

Vocal Certification
1250, Singer’s Diction: English, Italian and German
1260, Singer’s Diction: Latin, French, and Spanish
2611, Elementary School Choral Literature Laboratory
3190, Intermediate Piano Proficiency
3290, Intermediate Piano Proficiency
3420, Choral Arranging
3430, Instrumentation and Score Technique (in lieu of Music 3410
3522, Conducting II – Choral
3621, Junior – Senior High School Choral Literature Laboratory

For vocal certification students whose applied area is not voice, the following course is also required:
1240, Intermediate Vocal Techniques

Ensemble
4 hours maximum credit

Curriculum and Methods of Teaching
*3570, Curriculum and Methods of Teaching Elementary School Music
*3670, Philosophic and Practical Foundations of the Secondary Music Education Curriculum

Instrumental Certification
*3680, Curriculum and Methods of Teaching Instrumental Music I
**3700, Curriculum and Methods of Teaching Instrumental Music II**

**Vocal Certification**
*3690, Curriculum and Methods of Teaching Middle School/Junior High School General Music*
*3710, Curriculum and Methods of Teaching Secondary Choral Music*

*Must be taken in residence before enrolling in Secondary Education 3293 and Secondary Education 3294.*

**Proficiency Exam**
Students working toward certification in choral/vocal or instrumental music K-12 are required to pass a proficiency examination before admission to student teaching in music, usually before or during the sixth semester of their program.

**Professional Education and Student Teaching**

**Level I Courses:**
- TCH ED 2210, Introduction to Teaching
- TCH ED 2211, Introduction to Schools
- TCH ED 2212, Introduction to Learners

**Level II Courses:**
- TCH ED 3310, Introduction to Instructional Methodology
- TCH ED 3312, Psychology of Teaching and Learning
- TCH ED 3313, The Psychology and Education of Exceptional Individuals
- SEC ED 4391, Teaching Reading in Secondary School Content Area

**Level III Courses:**
- SEC ED 3293, Student Teaching in Music, K-6
- SEC ED 3294, Student Teaching in Music 7-12

**Learning Outcomes (Music Education)**
- Students will demonstrate the solo and ensemble performance skills to become a professional music educator.
- Students will demonstrate knowledge in music theory, music history, music literature, to become a professional music educator.
- Students will demonstrate pedagogical skills and knowledge of resources to become a professional music educator.
- Students will demonstrate the ability to speak and write clearly and effectively about music.

**Bachelor of Music with an Emphasis in Performance**

In addition to the required core curriculum, candidates must complete the following:
- **1090**, Non-Western Music I, or **1100**, Non-Western Music II
- **1560**, Piano Pedagogy (Keyboard students only)
- **2510**, Conducting I
- **3110**, Analysis of Twentieth-Century Techniques
- **3120**, Tonal Counterpoint
- **3190**, Intermediate Piano Proficiency (voice majors only)
- **3290**, Intermediate Piano Proficiency (voice majors only)
- **3521 or 3522**, Conducting II
- **3920**, Senior Research

**Music History and Literature**
An additional upper level course is required 4000-4270.

**Applied Area**
12 credit hours of Applied Music, including 8 credit hours at the Music 4440-4459 level (junior and senior recitals required)

Students in Applied Music must pass a junior standing exam to confirm their level of performance skills for enrollment in Music 4440-4459.

**Ensemble**
Participation required as follows:
Large Ensemble 4 hours maximum credit
Chamber Ensemble/Accompanying 6 hours

**Foreign Language**
Candidates pursuing this emphasis area with an applied area in voice must complete two semesters of one foreign language selected from French, German, or Italian 1 and Italian 2.
Bachelor of Music with Elective Studies in Business

In addition to the required core curriculum, candidates must complete the following:

**Applied Area**
8 credit hours of applied music

**Music History and Literature:**
An additional upper 4000 – 4459 level course is required.
1090, Non-Western Music I, or 1100, Non-Western Music II

**Practicum**
2510, Conducting I

**Ensemble**
4 hours maximum credit

**Internship**
4920, Internship (replaces Music 3920 Senior Research in Core Curriculum)

**English**
One of the following English courses is required:
3100, Advanced Expository Writing
3120, Business Writing
3130, Technical Writing

**Business Administration**
The following courses in business administration are required:
2400, Fundamentals of Financial Accounting
2410, Managerial Accounting
3600, Management as a Behavioral Science I
3700, Basic Marketing

Two courses selected from the following list must also be taken:
1800, Computers and Information Systems
2900, Legal Environment of Business
3270, Management of Promotion
3441, Income Taxes
3500, Financial Management
3611, Advanced Management and Organizational Behavior
3621, Human Resource Management
3622, Industrial and Labor Relations
3710, Consumer Behavior
3900, Business Law: Contracts, Sales, Secured Transactions, Bankruptcy

**Note:** The following courses fulfill general education requirements and are prerequisites to the required business administration courses:

Psych 1003, General Psychology, or Sociology 1010, Introduction to Sociology
Economics 1001, Principles of Microeconomics

**Curricula for Minors**

**Minor in Music**
Candidates must complete the following courses (26 hours):

**Music Theory**
1301, Theory of Music I
1302, Aural Training I
1311, Theory of Music II
1312, Aural Training II

**Music History and Literature**
1010, History of Western Music I
1020, History of Western Music II

**Applied Area**
4 credit hours of private lessons

**Ensemble**
2 credit hours (4 hours maximum credit)
Six additional credit hours to be chosen from courses such as the following:

2160, Intermediate Piano Proficiency (Prerequisite: Music 1150)
2180, Intermediate Piano Proficiency
2301, Theory of Music III
2302, Aural Training III
2311, Theory of Music IV
2312, Aural Training IV
3410, Orchestration

Any 4200-level music history and literature course

Music education methods courses and instrumental techniques courses may not be taken to complete this minor.

Non-keyboard players are required to pass an exam of piano proficiency Music 1150 or equivalent.

A GPA of 2.5 for all music hours is required to complete this minor.

**Minor in Music Education**

(choral/vocal, grades K-9) The minor in music education is designed to provide a second classification area for students enrolled in other education programs that lead to initial teaching certification.

Candidates must complete the following courses (41 hours):

**Music Theory**

1301, Theory of Music I
1311, Theory of Music II
1302, Aural Training I
1312, Aural Training II

**Music History and Literature**

1010, History of Western Music I
1020, History of Western Music II

**Music Education**

3570, Curriculum and Methods of Teaching Elementary School Music*
3670, Philosophic and Practical Foundations of the Secondary Music Education Curriculum*
3690, Curriculum and Methods of Teaching Middle School/Junior High School General Music*

*Elementary education majors will omit Music 3770 from their regular elementary program to take these courses. Also required, as applicable, is SEC ED 4399, Student Teaching.

**Practicum**

1140/1150, Piano Proficiency
2160/2180, Intermediate Piano Proficiency
2510, Conducting I
2611, Elementary School Choral Literature Laboratory
3621, Junior-Senior High School Choral Literature Laboratory

**Ensemble**

1400/1410, Chorus or University Singers

**Applied Music**, voice (at least 2 hours must be private rather than class voice)

The student must receive at least a C- in each music course and maintain a 2.5 GPA in all music courses (Chorus/Singers is not included in the GPA).

**Minor in Jazz Studies**

Candidates must complete 31 credit hours from the following:

**Music Theory**

1301, Theory of Music I
1302, Aural Training I
1311, Theory of Music II
1312, Aural Training II
1320, Theory of Jazz

**Music History and Literature**

1020, History of Western Music II
1070, Introduction to Jazz

**Applied Area**
4 credit hours of private lessons

**Jazz Improvisation**
1200, Jazz Improvisation Laboratory (2 credit hours/ Music 1200 repeated)

**Piano Proficiency**
1140/1150, Piano Proficiency
2160, Intermediate Piano Proficiency
2170, Jazz Keyboard Harmony

**Ensemble**
2 credit hours minimum, to be selected from:
1542, Jazz Combo
1545, Chamber Ensemble Voice
1550, Jazz Ensemble

**Graduate Study**

**Master of Music Education**
The master of music education degree is designed to enable music specialists in grades K-12 to pursue continued professional growth in an emphasis area of their choice: choral, general music, instrumental, or music technology.

**Admission Requirements**
Admission to the program requires a bachelor of music in music education (or equivalent) degree, admission to the Graduate School, and three letters of recommendation.

A written examination in music education (including applications of music history and music theory/ear-training) will be taken during the first semester or term of enrollment in the program for advising purposes and to identify the possible need for review in the areas of music theory and history.

The program requires completion of 32 hours of graduate credit, 22 of which must be earned in residence.

**Required Courses and Options:**
Each candidate will choose one of the following emphasis areas:

- Choral music education
- Instrumental music education
- General music education
- Music education and technology

The minimum 32-hour program includes the following requirements.

**Major Area** *(9 credit hours)*
5810, Foundations of Music Education (3)
5910, Music Education Research (3)
5990, Master's Project in Music Education (3)

**Advanced Methods** *(3 credits from the following)*
5510, Graduate Instrumental Methods (3)
5610, Graduate Choral Methods (3)
5710, General Music: A Model for Multi-Faceted Musical Learning (3)

**Choose 9 credits from the following:**
5010, Studies in Style and Performance (3)
5020, Choral Literature (3)
5030, Band Literature (3)
5040, Orchestra Literature (3)
5110, Scoring and Arranging (3)
5210, Advanced Conducting (3)
5620, Guitar in the Classroom (3)
5750, Microcomputer Applications in Music Education(3)
5760, Microcomputer Assisted Instruction Curriculum Development in Music (3)
5770, Graduate Microcomputer Applications in Music (3)
5920, Psychology of Music (3)

**Cognate in Education**
Choose one 3-credit curriculum course such as:
SEC ED 6415, The Secondary School Curriculum (3)
ELE ED 6422, Curriculum Construction in Elementary Schools (3)
Choose one other 3-credit education course such as:
ED REM 5730, Educational Statistics (3)
ED FND 6421, Philosophy of Education (3)
SEC ED 6425, Secondary School Supervision (3)
ELE ED 6425, Elementary School Supervision (3)
ED REM 6707, Classroom Testing and Measurement (3)
ED REM 6710, Educational Research Methods (3)

Electives

Choose 5 credits from elective courses such as:
4010, Marching Band Techniques (3)
5020, Choral Literature (3)
5030, Band Literature (3)
5040, Orchestra Literature (3)
5060, Graduate Workshop in Music Education (1-3)
5070, Techniques and Literature for the Jazz Ensemble (3)
5110, Scoring and Arranging (3)
5120, Advanced Composition Techniques (3)
5130, Teaching Music Theory in the High School (3)
5210, Graduate Conducting (3)
5310, Graduate Chamber Ensemble (0)
5430, Special Applied Studies (1)
5440, Graduate Applied Studies (1)
5490, Graduate Ensemble (1)
5510, Graduate Instrumental Methods (3)
5520, Instrumental Music Administration (3)
5610, Graduate Choral Methods (3)
5620, Guitar in the Classroom (3)
5650, Music Theatre in the School (3)
5710, General Music: A Model for Multi-Faceted Musical Learning (3)
5720, Electronic Music Techniques for Teachers (3)
5730, Individualizing Music Instruction (3)
5740, Techniques of Group Keyboard Instruction (3)
5750, Microcomputer Applications in Music Education (3)
5760, Microcomputer Assisted Instruction: Curriculum Development in Music
5770, Graduate Microcomputer Applications in Music (3)
5800, Musical Acoustics (3)
5820, School Music Administration and Supervision (3)
5830, Contemporary Music Education (3)
5840, Problems of Urban Music Education (3)
5920, Psychology of Music (3)
5950, Special Problems in Music Education (3)
ED TECH 5340, Selection and Utilization Education Media (3)
SPEC ED 6412, Psychology of Exceptional Children (3)
SEC ED 6414, Teaching the Gifted/Talented in the Secondary School (3)
SEC ED 6418, The Junior High/Middle School (3)
SEC ED 6427, Supervision of Clinical Experiences in Teacher Education (3)
SEC ED 6429, The Department Head (3)
ED REM 6710, Educational Research Methods (3)

Career Outlook

Undergraduate

A music degree builds the foundation for a career in professional performance, for teaching in a school or private studio or for serving as a church music director. A music degree may also prepare one for positions in the music industry (recording, publishing, radio programming, manufacturing, or music retail). A trained artistic mind can also be valuable in the fields of advertising, public relations, and consumer services.

A number of UMSL music graduates have been readily accepted into outstanding graduate programs, including our own Master of Music Education degree program. Many are pursuing successful careers in music education, business, and industry, or as professional performers.

Graduate

Many graduate students in music education will already hold full-time music teaching positions. A graduate degree in music education allows for continued professional growth. Music specialists may refine their teaching expertise, add to their understanding and knowledge about music and educational processes, become more specialized in a specific emphasis area of music education (choral, instrumental, general music or music
technology), or any combination of these professional growth areas.

Graduate-level work in music education is often required to renew a teacher's certificate or to satisfy professional growth requirements specified by an employing school or school district or to advance to new positions within the field of music education.

Department of Theatre, Dance & Media Studies Home Page

Faculty

Michael Murray, Professor; Chairperson; Curators’ Teaching Professor (Media Studies)
Ph.D., University of Missouri-Columbia

Adeniyi (Niyi) Coker, E. Desmond Lee Professor in African Studies; Fellow, Center for International Studies (Theatre & Dance)
Ph.D., Temple University

Thomas McPhail, Professor (Media Studies)
Ph.D., Purdue University

Rita Csapo-Sweet, Associate Professor (Media Studies)
Ed.D., Harvard University

James Fay, Associate Professor (Media Studies)
M.F.A., Tulane University

Felicia Davenport, Assistant Professor (Theatre & Dance)
M.F.A., University of Tennessee, Knoxville

Robert Scoggins, Assistant Professor (Theatre and Dance)
M.F.A., in Dance, Lindenwood University

Jason Cannon, Visiting Assistant Professor (Theatre & Dance)
MA, Washington University

Krista Tucciarone, Assistant Teaching Professor (Media Studies)
Ph.D., University of Missouri - St. Louis

The Department of Theatre, Dance, and Media Studies includes both new and newly-reactivated programs at the University of Missouri-St. Louis. The BA degree program in Theatre and Dance is offered, as well as the BS degree in Media Studies, approved by the Board of Curators and the CBHE.

The Theatre and Dance area offers four main stage productions each academic year. The University Players, a recognized student organization, is open to any University of Missouri-St. Louis student, as is Jete, the student Dance organization.

Media Studies students are active in the Film Production Society, Ad Corps, SEMPA, the student radio organization, and community internships. Students are also actively involved in media production for both internal and external agencies.

For further information concerning the theatre, dance and/or media productions, curriculum, or other matters, contact the Department of Theatre, Dance, and Media Studies at 314-516-4572.

Undergraduate Studies

General Education Requirements

- All Theatre and Dance majors must satisfy the University and College of Fine Arts and Communication’s 42-hour general education core requirements, which include English 1100 and the Math proficiency requirement.
- Junior-level writing class is required
- The Cultural Diversity requirements may be satisfied by General Education courses or lower-or upper-level courses in various departments.
- State Government/History graduation requirements may be satisfied by General Education courses or by other lower-or upper-level courses in various departments.
- 13 hours of a foreign language

Degree Requirements

Bachelor of Arts in Theatre and Dance
Theatre and Dance majors must complete a minimum of 36, but not more than 52 hours in Theatre and Dance courses. A core of 26 hours is required for all majors and 10-26 additional hours in Theatre and Dance are required. At least 24 hours in the major must be taken at UMSL and must include 6 hours at the 2000 or higher level and 9 hours at the 3000 or higher level. All courses required for the major must be completed with a minimum grade of C- to be accepted, and the overall total grade point average must be at least 2.0 to graduate. To be eligible to participate in Internship classes, each student must have an overall grade point average of 3.0.

In addition to the major’s required core and elective Theatre & Dance courses, students will choose elective courses to bring their total credit hours to 120. Practicum courses may be repeated for credit; an overall limit of 20 hours in Practicum courses will be accepted towards the 120 hour degree.

**Required Core Courses for all Theatre and Dance Majors**

- **1210** Fundamentals of Acting 1 (3 hours)
- **1900** Introduction to Theatre Technology (3 hours)
- **1910** Introduction to Theatrical Design (3 hours)
- **1023** Fundamentals of Dance (3 hours)
- **2810** History of World Theatre & Drama I; or **2820**, History of World Theatre & Drama II; or **2840**, History of Dance I (3 hours)
- **2841**, History of Dance II (3 hours)

2 hours chosen from these Production related courses:
- **1060** Theatre Workshop
- **2260** Introduction to Costume Design & Production
- **3060** Advanced Theatre Workshop
- **3254** Costume Production & Construction Techniques

6 hours chosen from these Practicum courses (3 hours of which need to be above the 3000 level)
- **2195** Practicum in Performance Studies
- **2196** Theatre Practicum: Scenery/Lighting/Sound in Theatre Production
- **2197** Practicum in Costume
- **2198** Practicum in Dance
- **3195** Advanced Practicum in Performance Studies
- **3196** Advanced Theatre Practicum: Scenery/Lighting/Sound in Theatre Production
- **3197** Advanced Practicum in Costume
- **3198** Advanced Practicum in Dance

26 hours total - Additional hours in Theatre and Dance electives are to be selected based on individual students’ areas of interest. The core courses of 26 hours plus the Theatre and Dance electives must equal a minimum of 36 hours, but not more than 52 hours, for Theatre and Dance majors.

**Minor in Theatre and Dance**

Students with other majors may choose to minor in Theatre and Dance to complement their academic and career goals. The minor requires 18 hours of Theatre and Dance courses, nine of which must be taken at UMSL. A minimum GPA of 2.0 is required in the minor.

A. Minor in Theatre and Dance Consists of the following:

a. 3 hours chosen from these Performance related courses:
- **2211** Acting Styles
- **3210** Ensemble Acting
- **3305** Writing for Performance
- **4220** Directing for the Theatre

b. 3 hours chosen from these Design/Technology related courses:
- **2260** Introduction to Theatrical Costume Design & Production
- **2280** Lighting and Sound Technology
- **3252** Costume Design
- **3254** Costume Production & Construction Techniques
- **3260** Scenic Design
- **3261** Lighting Design

c. 2-3 hours chosen from these Dance related courses:
- **1006** Beginning Ballet Technique
- **1007** Beginning Jazz Dance Technique
- **1008** Beginning Modern Dance Technique
- **2006** Intermediate Ballet Technique*
- **2007** Intermediate Jazz Dance Technique*
- **2008** Intermediate Modern Dance Technique*
- **3006** Advanced Ballet Technique*
3007 Advanced Jazz Dance Technique*
3008 Advanced Modern Dance Technique*
3009 Dance Choreography for the Stage, Television, and Video

d. 2 hours chosen from these Production related courses:
1060 Theatre Workshop
2260 Introduction to Costume Design & Production
3060 Advanced theatre Workshop

e. 1 hour chosen from these Practicum courses:
2195 Practicum in Performance Studies
2196 Theatre Practicum: Scenery/Lighting/Sound in Theatre Production
2197 Practicum in Costume
2198 Practicum in Dance
3195 Advanced Practicum in Performance Studies
3196 Advanced Theatre Practicum: Scenery/Lighting/Sound in Theatre Production
3197 Advanced Practicum in Costume
3198 Advanced Practicum in Dance

f. 6-7 hours chosen from any additional Theatre and Dance courses
*Enrollment in Intermediate-and Advanced-level Dance Technique courses is by audition only. Beginning-level courses may be repeated for credit until sufficient proficiency has been achieved to advance to higher-level courses.

Bachelor of Science in Media Studies

General Education Requirements

- All Media Studies majors must satisfy the University and the College of Fine Arts and Communication 42 hour General Education core requirements which include ENGL 1100 and the Math proficiency requirement.
- A Junior level writing class is required.
- The Cultural Diversity requirements may be satisfied by General Education courses or by other lower or upper level courses in various departments.
- State Government/History graduation requirements may be satisfied by General Education courses or by other lower or upper level courses in various departments.
- There is no foreign language requirement, but foreign language proficiency is recommended.

Degree Requirements

Bachelor of Science in Media Studies

Media Studies majors must complete a minimum of 51 hours in the Department of Theatre, Dance, and Media Studies courses. A core of 21 hours is required of all majors. An additional 27 hours, 9 hours in Theatre and Dance classes, 9 hours in Media Studies classes at the 2000 level or above, and 9 additional hours in Media Studies classes at the 3000 level or above, must be completed with a minimum grade of C-. At least 24 of these hours must be taken at UMSL. Of the 24 hour minimum, at least 18 hours of classes must be taken at the 2000 level or above at UMSL.

In addition to the major core and required courses, students will choose elective courses to bring their total credit hours to 120. Practicum and Internship courses may be repeated for credit, but an overall limit of 20 hours in Practicum and Internship will be accepted towards the 120 hours degree.

Required Core Courses for all Media Studies majors:
3 hours MEDIA ST 1050 Introduction to Media Studies
3 hours MEDIA ST 1065 Introduction to Information Technology
3 hours MEDIA ST 1135 Media Theory
3 hours TH DAN 1900 Introduction to Theatre Technology
3 hours MEDIA ST 1070 Introduction to Cinema or
MEDIA ST 1100 Introduction to Advertising or
MEDIA ST 1110 Introduction to Radio/TV Broadcasting

6 hours MEDIA ST 1194-8 Practicum and/or
MEDIA ST 3194-8 Internship (Students must have a 3.0 G.P.A. in the major or Consent of Instructor to take an internship)

21 hours total

Additional hours in Theatre, Dance and Media Studies electives are to be selected on individual students’ areas of interest. The core courses of 21 hours plus the Theatre, Dance, and Media Studies electives must equal 27
hours, for Media Studies majors.

Any other Theatre and Dance class (9 hours)
Any other Media Studies class at the 2000 level or above (9 hours)
Any other Media Studies class at the 3000 level or above (9 hours)

27 hours total

Minor in Media Studies

A minor in Media Studies consists of the following:

1. 3 hours 1135, Media Theory
2. 6 hours chosen from the following:
   1050, Introduction to Media Studies
   1060, Introduction to World Cinema
   1065, Introduction to Information Technology
   1070, Introduction to Cinema
   1100, Introduction to Advertising
   1108, Advertising Copywriting
   1110, Introduction to Radio/TV Broadcasting
   1113, Basic Television Studio Production
   1114, Radio Production I
   1118, Radio and Television Announcing
3. 3 hours chosen from the following:
   1775, Introduction to Non-Western Cinema
   2210, Television Production I
   2211, Introduction to Digital Multimedia Productions
   2212, Broadcast Writing and Reporting
   2217, Script Writing for Business and Industry
   2218, Public Policy in Telecommunication
   2275, Introduction International Cinema
   2500, Introduction to Comparative International Media Systems
   3370, Documentary Film
4. 6 hours chosen from the following:
   2228, Public Relations Writing
   2271, History of American Film
   2272, Contemporary Cinema
   3035, Advanced Media Theory
   3070, International Cinema
   3150, Feature Writing
   3180, Reporting
   3214, News Writing
   3310, Television Production II
   3313, Advanced Video Editing
   3316, Television News
   3317, Radio and Recording Industry
   3334, Advertising in Media Planning
   3338, Advertising Techniques
   3350, Mass Media History
   3354, Comparative Telecommunication Systems
   3355, Media Law and Regulation
   3356, Global Media Systems and Trends
   4335, Seminar in Applied Media Studies Research

Theatre, Dance & Media Studies
Prerequisites may be waived by consent of the department.

Certificate Program in Advertising

A student may receive the Certificate in Advertising by completing 15 hours of selected course work and 3 hours of a practicum or an internship from the following list of courses. A GPA in courses for the certificate must be 2.0 or better, and nine of the 18 hours must be taken at UMSL. Courses may not be taken on a satisfactory/unsatisfactory basis.

MEDIA 1100, Introduction to Advertising (3)
MEDIA 2080, Advertising Copywriting (3)
MEDIA 2090, Creative Advertising (3)
COMM 1150, Introduction to Public Relations (3)
MEDIA 2211, Introduction to Digital Multimedia Production (3)
MEDIA 2220, Promotion Essentials (3)
MEDIA 3025, Current Issues in Advertising (3)
MEDIA 3334, Media Planning (3)
MEDIA 3338, Advertising Techniques (3)
MEDIA 3355, Media Law and Regulation
COMM 4035, Integrated Approaches - Public Relations, Advertising, and Promotion (3)
MEDIA 1195, 150-hour Practicum* (Equals a minimum of 3 cr. hrs.) OR
MEDIA 3395, 150-hour Internship* (Equals a minimum of 3 cr. hrs.)

*NOTE: Students may take MEDIA 1195 OR MEDIA 3395, but they must take either 150 hours of Practicum or 150 hours of Internship. Practicums or Internships must be arranged in advance and are required for all students.

Course Descriptions

Prerequisites may be waived by consent of the department.

Theatre and Dance

1006 Beginning Ballet Techniques (2)
An introduction to the art of ballet emphasizing basic movement, technique and terminology. Course study will include basic barre exercises, center work, and across the floor progressions for proper alignment, strength, flexibility, and coordination. Prior dance experience is not required. Dance attire and ballet slippers will be required. Course may be repeated for up to 10 credit hours.

1007 Beginning Jazz Dance Technique (2)
An introduction to the art of jazz dance emphasizing basic principles of traditional and contemporary forms of jazz dance movement, technique, terminology, and style. Course will focus on increasing strength, flexibility, coordination, and creative expression. Prior dance experience is not required. Dance attire and jazz shoes will be required. Course may be repeated for up to 10 credit hours.

1008 Beginning Modern Dance Technique (2)
An introduction to the art of modern dance movement, technique, and terminology. Course of study will introduce the elements of time, space, and energy through basic structured exercises and improvisation. Emphasis will be focused on alignment, strength, flexibility, coordination, and creative expression. Prior dance experience is not required. Dance attire is required. Shoes are not required. Course may be repeated for up to 10 credit hours.

1023 Fundamentals of Dance (3)
This course provides an introductory exploration of movement through various styles of dance, emphasizing movement vocabulary, stretching, strengthening, body alignment, and creative expression. Prior dance experience is not required. Dance attire and shoes will be required.

1060 Theatre Workshop (1-2)
Course provides practical application of technical theatre practices through 45 hours of lab work within the areas of scenery, lighting, properties, and sound in conjunction with departmental productions. Personal safety equipment and basic tools will be required. Course may be repeated for up to 8 credit hours.

1105 Dance Repertory (1-3)
Prerequisites: Consent of instructor. Students will learn and rehearse original choreography created by faculty and guest artists. At the end of the semester, students will perform original works at a dance concert. Dance attire and appropriate dance shoes are required. Course may be repeated for credit up to 6 hours.

1175 Arts and Ideas (3) [H]
Same as ST ART 1175, ENGL 1175, HIST 1175, M H L T 1175, PHIL 1175. An interdisciplinary course tied to the semester's offerings at the Blanche Touhill Performing Arts Center as well as other events on campus featuring the visual arts, literature, music and film. Each semester the course will provide background on the arts in general and will critically examine particular performances and offerings. Special themes for each semester will be selected once the Touhill schedule is in place. Students will be expected to attend 6-8 performances or exhibitions. Can be repeated once for credit

1210 Fundamentals of Acting (3) (H)
Course develops personal communication and presentational skills through vocal, physical, and emotional exercises designed for the beginning actor. Course emphasizes relaxation, concentration, improvisation, script analysis, characterization, and scene work exercises to develop elementary performance skills.

1230 Production Aesthetics (3)
An analysis of the visual components of dramatic presentation, including an introduction to theatrical styles and forms, technical design elements, and presentational techniques. A broad survey of theatre production.

1600 Voice and Diction/Vocal Performance (3)
Course promotes development of clear, distinct enunciation and correct pronunciation for mass media communication, public address, theatre, and oral interpretation. Course includes development of oral-presentational and self promotional skills for voice acting/voice-over in contemporary theatre and media.

**1800 Introduction to Theatre (3) (H)**
A study of Theatre as an art form, emphasizing the audience’s appreciation of the art of the playwright, actor, director, designers, and technicians. Major periods, genres, dramatic forms from classical to modern to the avant garde as well as performance art will be will be covered. Students will attend performances and learn about how theatre functions as an art and an industry in today’s world. Attendance at several live theatrical (theatre, play, musical, opera and dance) performances will be required.

**1850 Introduction to Non-Western Theatre (3) (C), (H), (CD)**
Survey of theatre forms of the non-European world in which primary attention is concentrated on analysis of traditional dance drama and puppet theatres of East Asia, South Asia, the Middle East and Africa. Similar forms of European theatre will be included for comparative purposes. Focus on the development of world theatre from a visual point of view, from earliest storytelling rituals through international stage development to contemporary theatrical forms, with a view to understanding the global perspective. Course will survey visual media and writings on dance and theatre traditions found around the non-Western World.

**1900 Introduction to Theatre Technology (3)**
Introductory course covering the basic theories and techniques of Theatre Technology including stage equipment and safety, scenery, lighting, costuming, properties, sound and box office. Course includes practical application through a minimum of 25 hours of lab work in conjunction with a departmental production.

**1910 Introduction to Theatrical Design (3)**
Prerequisites: TH DAN 1900 or Consent of instructor. Introductory course covering the elements and principles of design in the areas of scenery, lighting, and costumes. Course will include various creative projects in two and three dimensions. Some graphic materials will be required.

**2006 Intermediate Ballet Technique (2)**
Prerequisites: 2.0 Credit Hours of TH DAN 1006 or Consent of instructor. Ballet movement, technique, vocabulary, and aesthetics with particular focus on precision and performance. Course of study will be a continuation of Beginning Ballet Technique barre exercises, center work, and across the floor progressions. Dance attire and Ballet slippers will be required. Course may be repeated for up to 10 credit hours.

**2007 Intermediate Jazz Dance Technique (2)**
Prerequisites: 2.0 Credit Hours of TH DAN 1007 or Consent of instructor. Jazz dance movement, technique, vocabulary, and aesthetics with particular focus on personal movement style and expression. Course will also study unique dance styles and artists that have influenced the stage video, film, and commercial media industry. Dance attire and jazz shoes will be required. Course may be repeated for up to 10 credit hours.

**2008 Intermediate Modern Dance Technique (2)**
Prerequisites: 2.0 credit hours of TH DAN 1008 or Consent of instructor. Modern dance movement, technique, vocabulary, and aesthetics. Course of study will be continuation of Beginning Modern Dance Technique through incorporation of more complex movement and patterns. Emphasis on accuracy and performance will be explored. Dance attire is required. Dance shoes are not required. Course may be repeated for up to 10 credit hours.

**2105 Script Analysis (3)**
This course introduces students to elementary script analysis. Students learn basic structural and interpretative strategies for analyzing play scripts and other forms of performance texts.

**2195 Practicum in Performance Studies (1-3)**
Prerequisites: Consent of instructor. Provides practical experience in acting, directing, or dramaturgy through rehearsal and performance in conjunction with department productions, or other approved independent study projects. Laboratory time will be scheduled and may include evening and weekend rehearsals and performances. Course may be repeated for up to 8 credit hours.

**2196 Practicum in Scenery/Lighting/Sound in Theatre Production (1-3)**
Course provides practical experience in scenery, lighting, sound, and properties implementation and/or running crew work in conjunction with departmental productions, or other approved independent study projects. Running crew work will involve evening and weekend assigned times. Additional daytime hours will vary according to assignment. Credit hours are determined based on the scope of the project. Course may be repeated for up to 6 credit hours.

**2197 Practicum in Costume (1-3)**
PRACTICUM IN COSTUME CONSTRUCTION, CUTTING, DRAPING, MILLINERY, FABRIC DYING/PAINTING, DISTRESSING, CRAFTS INCLUDING WARDROBE AND MAKEUP RUNNING CREWS, IN CONJUNCTION WITH THE THEATRE AND DANCE DEPARTMENT PRODUCTIONS, OR OTHER APPROVED INDEPENDENT STUDY PROJECTS. IN ADDITION TO DAYTIME LAB HOURS, OCCASIONAL WEEKEND AND/OR EVENING LABORATORY TIME WILL BE REQUIRED. APPROPRIATE CLOTHING AND PERSONAL SAFETY EQUIPMENT WILL BE REQUIRED. PERSONAL SEWING EQUIPMENT WILL BE REQUIRED. COURSE MAY BE REPEATED FOR UP TO 8 CREDIT HOURS.
2198 Practicum in Dance (1-3)
Prerequisites: Consent of Instructor. Course provides practical experience in dance, stage movement, stage combat, choreography and/or running crew work in conjunction with departmental productions, or other approved independent study projects. Running crew work will involve evening and weekend assigned times. Additional daytime hours will vary according to assignment. Credit hours are determined based on the scope of the project. Course may be repeated for up to 6 credit hours.

2211 Acting Styles (3) (C), (H)
Prerequisites: TH DAN 1210 or Consent of instructor. This course explores diverse acting styles; including historical and cultural distinctions in manners, movement, and vocal practice. Course includes additional emphases on non-realistic acting, non-Western theatrical performance, plus style distinctions between stage acting, vocal acting, television acting, and acting for cinema.

2241 Argumentation and Debate (3)
Principles of argumentation and debate with practice in preparing briefs and in delivering spoken arguments in formal debate. Emphasis on analysis of issues, logical reasoning, and audience analysis.

2250 Stagecraft (3)
A survey of the theories, terminology, and practices of methods and equipment of scenic and properties construction, paining, and rigging. Course includes practical application through 45 hours of lab work in conjunction with departmental productions. Personal safety equipment will be required.

2260 Introduction to Theatrical Costume Design & Production (3)
A survey of the theory, practices and vocabulary of theatrical costuming; the visualization and realization of the costume through the arts of pattern cutting; construction techniques; draping; dyeing, painting, and distressing. Course includes practical application of techniques through required 45 hours of lab work in conjunction with current department productions.

2280 Lighting & Sound Technology (3)
Prerequisite: TH DAN 1900 or Consent of instructor. A survey of the theories, terminology, and practices of methods, equipment, and control systems of lighting and sound technology for the stage. Course includes practical application through 45 hours of lab work in conjunction with departmental productions. Basic personal tools will be required.

2290 Drafting for the Theatre (3)
Prerequisites: TH DAN 1900 or Consent of instructor. Survey course covering the fundamental techniques of two dimensional drafting. Drafting equipment will be required.

2300 Stage Management (3)
Course develops fundamental stage management skills needed to supervise all operative aspects of play production from auditions through performance. These skills include: interpersonal and leadership skills, conflict resolution techniques, venue and staff management/scheduling, and technical script analysis. Course includes production experience.

2810 History of World Theatre and Drama Through the Restoration (3) (C) (H)
Prerequisite: TH DAN 1800 or Consent of instructor. Survey of the history of influence of different cultures, traditions, and technologies on development of theatre as a social institution. History of Theatre and drama from ancient cultures to the Restoration period. Ritual and religious drama. Study of the origins of theatre and drama from oral tradition, myth, storytelling, Shamanism and collective ritual, Greek festival drama, and cloister drama of different cultures. Rise of secular drama, the traditions of classical Greek theatre. Study of the Renaissance, and drama in Europe, Asia, Africa and the New World.

2820 History of World Theatre and Drama from 18th Century to Contemporary Times (3) (H) (C)
Prerequisites: TH DAN 1800 or Consent of instructor. History of theatre from the 18th century to contemporary times. Survey of history of influence of different cultures, traditions, and technologies on the development of theatre as a social institution. Study of realism and subsequent departures from realism in theatre, drama and performance.

2840 History of Dance to the 19th Century (3)
Survey of western dance from pre-history through the middle ages and renaissance to 19th century. Study of dance in historical and cultural context, its function in society and its relationship to contemporary artistic expression.

2841 History of Dance from the 19th Century to Contemporary Times (3)
Survey of western dance practice from 1850 to the present. History of modern dance: art dance from Isadora Duncan to Martha Graham.

3006 Advanced Ballet Technique (2)
Prerequisites: 4.0 credit hours of TH DAN 1006 and/or 2006 or Consent of instructor. Advanced ballet movement, technique, vocabulary, and aesthetics with particular focus on precision and performance. Course
of study will include advanced barre exercises, center work, and across the floor progressions. Variations,
partnering, and pointe work may be incorporated at the discretion of the instructor. Dance attire and ballet
slippers will be required. Course may be repeated for up to 6 credit hours.

3007 Advanced Jazz Dance Technique (2)
Prerequisites: 4.0 credit hours of TH DAN 1007 and/or 2007 or Consent of instructor. Advanced jazz dance
movement, technique, vocabulary, and aesthetics with particular focus on personal movement style and
performance. Study of unique dance styles and artists that have influenced the stage, video, film, and
commercial and media industry. Dance attire and jazz shoes will be required. Course may be repeated for up
to 6 credit hours.

3008 Advanced Modern Dance Technique (2)
Prerequisites: 4.0 credit hours of TH DAN 1008 and/or 2008 or Consent of instructor. Advanced level of
modern dance movement, technique, vocabulary, and aesthetics. Incorporation of more complex movement
and patterns. Emphasis on accuracy and performance will be explored. Dance attire is required. Dance shoes
are not required. Course may be repeated for up to 6 credit hours.

3009 Dance Choreography for the Stage, Television, and Film (3)
Prerequisites: 4 Credit hours of any level and combination of TH DAN 1006, 1007, 1008, 2006, 2007, 2008,
3006, 3007 & 3008. Course will focus on directed movement studies and composition techniques for the stage,
television, and film. Personal creativity and original movement inventions will be explored, as well as the
creation, development, and transformation of original movement studies into completed works. Dance attire
and dance shoes are required. Course may be repeated for up to 6 credit hours.

3060 Advanced Theatre Workshop (1-2)
Prerequisites: TH DAN 1060 or Consent of instructor. Practical application of technical theatre practices
through 45 hours of lab work within the areas of scenery, lighting, properties, and sound in conjunction with
departmental productions. Personal safety equipment and basic tools will be required. Course may be repeated
for up to 8 credit hours.

3195 Advanced Practicum in Performance Studies (1-3)
Prerequisites: Consent of instructor. Course provides advanced practical experience in acting, directing, or
dramaturgy through rehearsal and performance in conjunction with department productions, or other approved
independent study projects. Laboratory time will be scheduled and may include evening and weekend
rehearsals and performances. Course may be repeated for up to 8 credit hours.

3196 Advanced Theatre Practicum: Scenery/Lighting/Sound in Theatre Production (1-3)
Prerequisites: Consent of instructor. Course provides advanced practical experience in scenery, lighting, sound,
and properties implementation and/or running crew work in conjunction with departmental productions, or
other approved independent study projects. Running crew work may involve evening and weekend assigned
times. Additional daytime hours will vary according to assignment. Credit hours are determined based on the
scope of the project. Course may be repeated for up to 6 credit hours.

3197 Advanced Practicum in Costume (1-3)
Prerequisites: Consent of instructor. This course provides advanced practical experience in costume
construction, cutting, draping, millinery, fabric dyeing/painting, distressing, crafts including wardrobe and
makeup running crews, in conjunction with the theatre and dance department productions, or other approved
independent study projects. In addition to daytime Lab hours, occasional weekend and/or evening laboratory
time may be required. Appropriate clothing and personal safety equipment will be required. Personal
equipment will be required. Course may be repeated for up to 8 credit hours.

3198 Advanced Practicum in Dance (1-3)
Prerequisites: Consent of instructor. Course provides practical experience in dance, stage movement, stage
combat, choreography and/or running crew work in conjunction with departmental productions, or other
approved independent study projects. May involve additional hours including evening and weekend assigned
times. Credit will be based on the scope of the project. Course may be repeated for up to 6 credit hours.

3210 Ensemble Acting (3)
Prerequisite: TH DAN 1210. Laboratory acting course emphasizing group dramatic analysis and collaborative
play development and rehearsals culminating in an ensemble performance. Course emphasizes collaboration,
cooporation, and team-building skills for performers in the theatre. Special attention is paid to the creation of
dramatic works through collaborative means.

3250 Designing for the Theatre (3)
An introduction to the theories and practices of scenic and costume design for the theatre. The course will
survey the evolution of theatrical designs through different cultures, dramatic genres, and theatre architecture.

3252 Costume Design (3)
Prerequisites: TH DAN 1910, 2260 or consent of instructor. Content of course includes study of theories,
styless, visualization of ideas, and techniques of costume design; discussion of principles of design, script
analysis, the collaborative roles of designers in the theatrical production; research, and exploration of
character representation; study of the human figure, drawing, and rendering techniques. Course may be repeated for up to 6 credit hours.

**3254 Costume Production and Construction Techniques (3)**
Study of theory and application of pattern making, fitting, construction techniques for costumes and undergarments to achieve authentic-appearing costumes using contemporary methods. Provides practical experience in costume construction, as well as wardrobe and makeup. Participation in running crews, in conjunction with the theatre and dance department productions, or other approved independent study projects may be required. Personal equipment will be required. Weekend and evenings may be required. Appropriate clothing and personal safety equipment required. Course may be repeated for up to 8 credit hours.

**3257 Makeup for Theatrical Productions (3)**
Prerequisites: TH DAN 1800, 1910, or Consent of instructor. The art of makeup and its relation to production. Overview of European history and tradition of makeup. Theory, history and the practice of makeup traditions for theatre, dance and performance will be included.

**3260 Scenic Design (3)**
Prerequisites: TH DAN 1900, 1910, 2250, 2290, or Consent of instructor. Survey of the theories and practices of scenery design for the theatre. This course will emphasize the creative process from conceptual script analysis through final design projects, sketching, drafting, rendering, and model making. Personal graphics and drafting materials will be required.

**3261 Lighting Design (3)**
Prerequisites: TH DAN 1900, 1910, 2280, or Consent of instructor. Survey of the theories and techniques of lighting design for theatre and dance. This course will emphasize the creative process from script and choreographic concepts through final design projects, sketching, drafting, rendering, and related paperwork. Personal graphics and drafting materials will be required.

**3262 Theatrical Rendering and Model Making (3)**
Course provides opportunities to further explore techniques in scenery, lighting, and costume design. This course will include 2-D and 3-D projects designed to strengthen skills in drawing, model making, and publicity materials.

**3263 Scene Painting (3)**
Survey of theories, materials, and techniques of scene painting for the stage. Course includes 45 lab or studio hours for application and practice of painting projects, and possible evening and/or weekend studio hours.

**3305 Writing for Performance (3)**
Prerequisites: Consent of instructor. An introduction to writing for performance, including playwriting and dramatic adaptation. Students' particular interests will determine course content; ranging from sketch comedy or adaptation of literature for the stage, to full-length comic or dramatic plays. This course is writing intensive and may require additional laboratory hours.

**3394 Practicum in Performing Arts Management: Theatre and Dance (3)**
Study of issues related to the management of arts organizations. This course will consider grant writing, creation and administration of community boards, financial issues in arts management, and the mainstream of both high artistic standards and effective organizational processes.

**4100 Teaching for Dance (3)**
A pedagogy class that focuses on theory and fundamental methods of teaching various genres of dance. Emphasis will be in the development, structure, and application of creating & teaching a variety of dance classes. Course will involve research, analysis, and practical examination of teaching methods appropriate to experience, age, gender, culture, and location. Dance attire and dance shoes are required.

**4220 Directing for the Theatre (3)**
Prerequisite: TH DAN 1210 or consent of instructor. A survey of the theories and practices of theatrical directing, beginning with the theories and techniques of accomplished directors. The stage director's role in performance development will be studied through script analysis, production planning, and the rehearsal process, culminating with a live performance. Final projects are laboratory scenes or a short one-act play.

**4261 Advanced Projects in Design and Technology (1-3)**
Provides opportunities for supervised advanced projects in theatre design or technology in conjunction with departmental productions, or other independent study projects. Credit assigned based on scope of project. Course may be repeated for up to 6 credit hours.

**4262 Advanced Problems in Costume (1-3)**
Provides opportunities in supervised special projects in costume design and technology in conjunction with actual productions or other advanced independent projects. Includes design research process, script and character analysis, study of history context and social environment, development of conceptual designs, study of current costume design and wardrobe practices. Personal equipment will be required. Credit based on scope of project. Course may be repeated for up to 6 credit hours.
4390 Theatre Internship (1-3)
Prerequisites: Junior level with Consent of instructor. Provides opportunities for supervised projects in conjunction with off-campus professional theatre and/or dance companies in performance, management, design or technology. Credit based on scope of assignment. Course may be repeated for up to 6 credit hours.

4391 Dance Internship (1-3)
Prerequisites: Junior level with Consent of instructor. Provides credit for approved supervised projects in conjunction with off-campus professional theatre and/or dance companies. Credit based on scope of assignment. Course may be repeated for up to 6 credit hours.

4886 The Curriculum and Methods of Teaching Speech and Theatre (3)
Prerequisites: TCH ED 3310 or TCH ED 5310; students must be within three hours of completing a major in either Communication or Theatre, with 15-18 hours completed in other subject area. Same as Sec Ed 4886. A study in the scope and sequence of the Speech and Theatre courses in the school curriculum with emphasis on the selection and organization of materials and methods of instruction and evaluation. The course prepares students for reflective teaching by relating course readings to field experience and theory to practice. To be taken prior to student teaching and concurrently with SEC ED 4989: Secondary Professional Internship. This course must be completed in residence. Not available for graduate credit.

Media Studies

1050 Introduction to Media Studies (3)
Introduction to print and electronic media studies. Emphasis on history, theory, and criticism of mass media as cultural institutions.

1060 Introduction to World Cinema (3)
An introduction to the history, rhetoric, and aesthetics of world cinema. International film theory and criticism will be studied as well as major genres, authors, and artists.

1065 Introduction to Information Technology (3)
The production and consumption of information by individuals, the work place and society. Emphasis on the changing nature of communication processes as a result of the expansion of communication technologies. (Previously COMM 1065)

1070 Introduction to Cinema (3)
An overview of American cinema from the early beginnings of D. W. Griffith and his contemporaries to the present day. Course will discuss both the Hollywood studio system and today’s independent movement. Also covered: genre, film theory, criticism, and aesthetics.

1100 Introduction to Advertising (3)
An introduction to the history, rhetoric, and aesthetics of Advertising. A basic understanding of industry issues and key areas such as account management, research, strategy, creative, media, and production.

1110 Introduction to Radio and Television Broadcasting (3)
An introduction to broadcasting, including the areas of history, government regulations, station operation, and program development. (Previously COMM 1110)

1113 Basic Television Studio Production (3)
Study of basic television studio production techniques and practices. The class will provide the student with practical experience in studio camera operating, directing, producing, switching, audio mixing and lighting, as well as basic straight cut editing. Lab arranged. (Previously COMM 1113)

1114 Radio Production I (3)
Prerequisites: MEDIA ST 1110. Theory and practice in the creation of radio programs. Laboratory experience included. (Previously COMM 1114)

1118 Radio and Television Announcing (3)
Prerequisites: MEDIA ST 1113, or MEDIA ST 1114, or Consent of Instructor. Training in radio and television studio procedures. Production and criticism of lab programs, including news, continuity, interviews, and oral improvisation. Classroom meetings at the radio lab and the television lab, plus lab hours to be arranged. (Previously COMM 1118)

1135 Media Theory
Theory Based explanation of the relationship between mass media and society. Topics will include agenda-setting, violence and television, and other current issues from a critical perspective.

1194 Practicum in Journalism (1-3)
Prerequisites: Consent of Instructor. Open to Theatre, Dance, and Media Studies majors or minors only. Not open to students who have any delayed grades outstanding. Practical work in the journalism program or the student newspaper, supervised by a faculty member. This course may be repeated for up to 6
credit hours.

**1195 Practicum in Advertising (1-3)**
Prerequisites: MEDIA ST 1108 or Consent of instructor. Open to Theatre, Dance, and Media Studies majors or minors only. Not open to students who have any delayed grades outstanding. Practical work in the advertising program, the student newspaper, or an on-campus agency, supervised by a faculty member. This course may be repeated for up to 6 credit hours.

**1196 Practicum in Radio (1-3)**
Prerequisites: MEDIA ST 1114 or Consent of Instructor. Open to Theatre, Dance, and Media Studies majors or minors only. Not open to students who have any delayed grades outstanding. Practical work at the campus radio station, supervised by a faculty member. This course may be repeated for up to 6 credit hours. (Previously COMM 1196)

**1197 Practicum in Television/Film (1-3)**
Prerequisites: MEDIA ST 1113 or Consent of Instructor. Open to Theatre, Dance and Media Studies majors only; not open to students who have any delayed grades outstanding. Practical work at one of the campus television studios or for the UMSL Television/Film Club, supervised by a faculty member. This course may be repeated for up to 6 credit hours. (Previously COMM 1197)

**1198 Practicum in Media Studies (1-3)**
Prerequisites: Consent of Instructor. Open to Theatre, Dance and Media Studies majors or minors only; not open to students who have any delayed grades outstanding. Practical work in media studies, supervised by a faculty member. This course may be repeated for up to 6 credit hours.

**1775 Introduction to Non-Western Cinema**
This course examines the art and history of non-western cinema. Significant films from Asia and Africa will be examined. The artistic, technical, historical, and social significance of these films will also be examined. This course will satisfy the University’s cultural diversity requirement.

**2080 Advertising Copywriting (3)**
Prerequisites: None. Same as ENGL 2080. To give students a hands-on approach for writing advertising material for print and broadcast against tight deadlines in a professional setting. (Previously COMM 1108)

**2090 Creative Advertising (3)**
Prerequisites: MEDIA ST 1100 or consent of instructor. Explores the fundamentals of the creative process by discussing selling messages, marketplace diversity, research, strategy, layouts, and the creative brief. Emphasis on creative campaigns for radio, television, direct marketing, and the internet.

**2210 Television Production I (3)**
Prerequisites: MEDIA ST 1113 or Consent of Instructor. A study of the basic theories and practices of remote television production. The areas of producing and directing in the field will be studied. The class will provide the student with practical experience in remote camera operation and basic non-linear editing techniques. Lab arranged. (Previously COMM 2210)

**2211 Introduction to Digital Multimedia Production (3)**
Students will explore different state-of-the-art digital multimedia applications, including audio, video, and computer generated graphics, that are presently used in television, radio, CD, DVD, and online presentation. Current media related software such as Quick Time, Window Media, and Flash multimedia creation will be demonstrated and utilized to develop skill sets in those areas.

**2212 Broadcast Writing and Reporting (3)**
Prerequisites: MEDIA ST 1110 or Consent of Instructor. Elementary principles and practice of writing for radio and television in varied program formats, emphasis on preparation of written materials for news and public affairs presentation. Lecture and lab. (Previously COMM 2212)

**2217 Script Writing for Business and Industry**
Script writing for training, motivation, education, and other applications. Students will identify and discuss communication problems and solutions in live, slide/tape, video, and film script formats.

**2218 Public Policy in Telecommunication (3)**
Prerequisites: MEDIA ST 1065, or 1110, or Consent of Instructor. An examination of the structure and operation of domestic, international, commercial and public telecommunication. Regulatory agencies, both private and public, will be considered in terms of their effect on programming and ownership. (Previously COMM 2218)

**2220 Promotion Essentials (3)**
Prerequisites: MEDIA ST 1100 or consent of instructor. Explains the difference between advertising and sales promotion and why companies use sales promotion. Understand how companies utilize the different sales promotion techniques in each medium. Emphasis on the key sales promotion tools used by companies.
2228 Public Relations Writing
An introduction to the process of planning, producing, and evaluating written public relations messages. Writing assignments include media releases, letters, memos, position papers, background papers, brochures, and reports and proposals.

2271 History of American Film (3)
Prerequisites: MEDIA ST 1070 or Consent of Instructor. History of American Film from the late nineteenth century to the present.

2272 Contemporary Cinema (3)
Prerequisites: MEDIA ST 1070 or Consent of Instructor. History of World Cinema from the 1940s to the present day.

2275 Introduction to International Cinema
This course provides an understanding of the art and history of international cinema; and helps to better understand film and filmmakers’ intentions as well as the culture in which the film was produced. Films from Europe, Asia, South America, Africa and Australia will be examined. The artistic, technical, historical and social significance of these films, as well as their impact upon American cinema, will also be studied.

2500 Introduction to Comparative International Media Systems (3) [CD]
Prerequisites: None. This course introduces students to various media systems and theories around the world. It examines similarities and differences in media history, structures, and regulatory processes of developing countries, focusing on the dominant culture(s) of non-Western regions. It also provides a framework for understanding and analyzing the cultural differences among global media systems in Africa, the Middle East, and Asia. In addition, the course examines aboriginal and other development media. The course fulfills the cultural diversity requirement.

3025 Current Issues in Advertising (3)
Prerequisites: MEDIA ST 1100, junior standing or consent of instructor. Using recent topics in advertising, students will analyze, evaluate, and critique current topics as well as prepare current campaigns for open discussion and presentation.

3035 Advanced Media Theory
This course examines major schools, ownership and theorists in mass media fields. The writings of the Frankfurt School, Marshall McLuhan, Ben Bagdikian, and other will be examined.

3070 International Cinema (3)
Prerequisites: MEDIA ST 1070 & 2275. Understanding international film, its properties, methods, aesthetics, and its impact on culture and society.

3150 Feature Writing (3)
Same as ENGL 3150. Prerequisites: ENGL 1100 or equivalent. Study of freelance and staff-written magazine or newspaper feature articles. Emphasis on relationship between types of publication and article content, research methods, and writing style. Frequent short assignments – journal entries, interviews, library projects, article critiques, and market reports – lead to production of full-length feature articles. May not be taken on the satisfactory/unsatisfactory option. The course counts toward the English Certificate in Writing.

3180 Reporting (3)
Same as ENGL 3180. Prerequisites: ENGL 3140 or equivalent. Theory and practice of reporting news for publication in the print media. Includes one classroom session and one field assignment weekly. Stories must be filed within deadline limits. Writing emphasis is on clarity, conciseness and accuracy. The course counts toward the English Certificate in Writing.

3214 News Writing (3)
Same as ENGL 3140. Prerequisites: ENGL 1100 or equivalent. An introduction to news writing and reporting. Course covers basic components of news reporting principles, and news writing style and structure. Daily writing assignments include coverage of speeches, meetings and interviews, accidents, deaths, courts, sports, consumer affairs, and government. Emphasis on clarity, accuracy, and speed. The course counts toward the English Certificate in Writing.

3310 Television Production II (3)
Prerequisites: MEDIA ST 2210 Study of advanced theories of television production. Refinement of studio television principles learned in MEDIA ST 2210. Exploration of complex program formats, and advanced non-linear editing techniques. Lab arranged. (Previously COMM 3310)

3313 Advanced Video Editing (3)
Introduction to theories of management, with application to radio and television station operations. Discussion of economic, legal, and ethical problems and issues. (Previously COMM 3311)

3316 Television News (3)
Prerequisites: MEDIA ST 1113 or 2110. Theory and laboratory practice in the gathering, writing, and delivery
of news through television. Lab arranged. (Previously COMM 3316)

3317 Radio and the Recording Industry (3)
Historical development and current status of the recording industry, particularly as it interacts with the broadcast industry. Impact of radio and recording technology on the development of rock and other popular music. (Previously COMM 3317)

3334 Advertising Media Planning
A hands-on study of how to determine an advertising budget, select media and develop a strategic plan.

3338 Advertising Techniques (3)
Prerequisites: MEDIA ST 1100. Techniques for creating advertising messages and campaigns to reach target audiences. Practical applications of messages and campaigns will be stressed.

3350 Mass Media History (3)
Prerequisites: MEDIA ST 1050 or 1110. Examination of the social, economic, and political factors contributing to the development of American mass media. Emphasis on significant personalities who helped shape its course; analysis of select critical works. (Previously COMM 3350)

3354 Comparative Telecommunication Systems (3)
Prerequisites: MEDIA ST 1065 or Consent of Instructor. Historical aspects of various systems of telecommunication throughout the world. Examination of American, Canadian, European Community (EC), and other telecommunication systems. (Previously COMM 3354)

3355 Media Law and Regulation (3)
Prerequisites: MEDIA ST 1050 or 1110. Discussion of laws affecting the mass media. Exploration of problems and issues in legal regulation of media content, ownership, access, and accountability. Discussion of industry self-regulation and the influence of citizens’ organizations. (Previously COMM 3355)

3356 Global Media Systems and Trends (3)
Prerequisites: MEDIA ST 1050 or 1110. This course will survey major theories, global trends, and key stakeholders in the field of mass and multi-media. Designed to foster substantive comprehension of issues raised by transnational media corporations and their impact on other cultures and languages. Details about the BBC, CNN, MTV, Euro Disney, and the internet will be major components of the class.

3362 Storytelling
This course gives an overview of the history of storytelling, types of tales, and appropriate uses for storytelling. The primary emphasis of the course is in developing storytelling skills through preparation, performances, and evaluation.

3370 Documentary Film (3)
Prerequisites: MEDIA ST 1070. Consideration of the history, theory, and criticism of nonfiction film. Screening of representative documentary films. (Previously COMM 3370)

3392 Administration of Co-curricular Activities
A survey of skills required to administer the various co-curricular activities associated with teachers in the secondary schools, such as theatre performances and mass media centers.

3394 Internship in Journalism (3-6)
Prerequisites: Senior standing, with at least 12 hours of course work in journalism, mass communication; an overall GPA of at least 3.0; consent of instructor; open to Media Studies majors only; not open to students who have any delayed grades. Practical work with an off-campus newspaper, magazine, or other news organization, supervised by a journalism professional in consultation with a faculty member. This course may be repeated for up to 6 credit hours. (Previously COMM 3394)

3395 Internship in Advertising (3-6)
Prerequisites: Senior standing, with at least 12 hours of course work in television, film video; an overall GPA of at least 3.0; consent of instructor; open to Media Studies majors only; not open to students who have any delayed grades. Practical work at an off-campus advertising agency, supervised by a professional in consultation with a faculty member. This course may be repeated for up to 6 credit hours.

3396 Internship in Radio (3-6)
Prerequisites: Senior standing, with at least 12 hours of course work in radio, broadcasting; an overall GPA of at least 3.0; consent of instructor; open to Media Studies majors only; not open to students who have any delayed grades. Practical work at an off-campus radio station, supervised by a professional in consultation with a faculty member. This course may be repeated for up to 6 credit hours. (Previously COMM 3396)

3397 Internship in Television/Film (3-6)
Prerequisites: Senior standing, with at least 12 hours of course work in television, film, video; and overall GPA of at least 3.0; consent of instructor; open to Media Studies majors only; not open to students who have any delayed grades. Practical work at an off-campus television, film or video organization, supervised by a
television, film or video professional in consultation with a faculty member. This course may be repeated for up to 6 credit hours. (Previously COMM 3397)

**3398 Internship in Media Studies (3-6)**
Prerequisites: Senior standing, with at least 12 hours of course work in television, film, video, journalism, broadcasting, mass communication; an overall GPA of at least 3.0; consent of instructor; open to Media Studies majors only; not open to students who have any delayed grades. Practical work at an off-campus agency, supervised by a professional consultation with a faculty member. This course can be repeated for up to 6 credit hours.

**3990 Directed Readings in Media Studies (3)**
Prerequisites: Consent of Instructor; not open to students who have any delayed grades. Supervised independent study involving readings, conferences, papers, in one of the department’s disciplines: advertising, radio, television, film, or journalism.

**4040 Special Topics in Media Studies (1-6)**
Prerequisites: Junior, Senior, or graduate standing and consent of instructor. Special topics with subject matter dealing with current issues (theoretical or applied) in the discipline of media studies. Since the topics of Media Studies 4040 may change from semester to semester, the course may be repeated for up to 12 credit hours.

**4050 Media Studies and Education Topics**
A critical examination of issues concerning media and education. Special topics may include the classification and typology of media studies as it pertains to education, the relationship of differing cultural systems as defined by media and education, or the impact of distance learning via differing media on formal education systems. This course may be repeated for credit with permission of instructor and advisor.

**4335 Seminar in Applied Media Studies Research (3)**
Prerequisites: MEDIA ST 1135 or Consent of Instructor. This course explores the use of media concepts, theories, methods and designs in applied field settings with an emphasis on original research.
The Bachelor of Interdisciplinary Studies degree (B.I.S.) provides a flexible, individualized program of study for the self-directed adult learner. The area of study is developed by each student with advisement by faculty.

Oversight of the B.I.S. degree is the responsibility of the Interdisciplinary Studies committee, composed of faculty Arts and Sciences (Humanities, Social Sciences, and Natural Sciences), Business, Education, Engineering, Fine Arts and Communication, and Nursing. The Interdisciplinary Studies Committee will be convened and supported by the Office of the Provost.

Admission Requirements for the B.I.S. Program

Candidates for the B.I.S. degree must complete an application for admission to the program. Applications must be approved by the Interdisciplinary Studies Committee. The appropriate College to grant the student’s degree will be determined by the Interdisciplinary Studies Committee.

- Students must have well-designed, coherent programs of study that are structured to meet the student’s unique educational goals, and should not be readily available under any other UMSL degree program.
- Students must have demonstrated the equivalent of academic proficiency required for any other undergraduate degree at UMSL.

Degree Requirements for the B.I.S. Program

General Education Requirements

Students must complete the university’s general education requirements. For details refer to the general education requirements section of this Bulletin.

Area of Study

In consultation with faculty and staff advisers, students will carry out an area of study of at least 36 advanced semester hours of graded credit that meets their educational goals. Graded credit consists of degree credit courses in which the student received a letter grade of A, A-, B+, B, B-, C+, C, C-, D+, D, D-.

Regardless of the focus, theme, or purpose, the area of study should contribute to an advanced level of academic competence and achievement.

The program must be approved by the faculty adviser, and Interdisciplinary Studies Committee. Students and advisers will periodically review the program and make appropriate modifications when necessary.

Hour and Grade Requirements

The degree requires completion of 120 semester hours with a 2.0 campus grade point average overall and in the area of study. No more than 30 hours must be taken in one department. At least 45 hours must be earned in courses beyond the introductory level. A minimum of 24 hours of graded credit must be completed in residence at UMSL, of which 18 hours must be in the area of study and completed after admission to the B.I.S. program. No more than 18 hours may be taken on a satisfactory/unsatisfactory basis. Each candidate must be in residence for 24 of the last 30 hours of graded credit (exclusive of courses taken on a satisfactory/unsatisfactory basis).

Supervised Professional or Service Internship and Independent Research

Credit not exceeding 6 hours may be earned for department-approved professional internship, service internship, or independent research. The projects or activities must be formulated by the student and carried out under the supervision of a faculty member with the approval of the adviser. Students must submit a written report approved by the supervisor upon completion of the projects or activities.
Public Policy Administration

Faculty

Brady Baybeck, Associate Professor of Public Policy Administration and Political Science, Director of Public Policy Administration
Ph.D., Washington University

Todd Swanstrom, E. Des Les Professor of Public Policy Administration, Professor of Political Science
Ph.D., Princeton University

Glen H. Cope, Professor of Public Policy Administration and Political Science, Provost and Vice Chancellor for Academic Affairs
Ph.D., Ohio State University

E. Terrence Jones, Professor of Public Policy Administration and Political Science
Ph.D., Georgetown University

Carol W. Kohfeld, Professor Emeritus of Public Policy Administration and Political Science
Ph.D., Washington University

George J. McCall, Professor Emeritus of Public Policy Administration and Sociology
Ph.D., Harvard University

Donald Phares, Professor Emeritus of Public Policy Administration and Economics
Ph.D., Syracuse University

Lana Stein, Professor Emeritus of Political Science and Public Policy Administration
Ph.D., Michigan State University

Anne E. Winkler, Professor of Public Policy Administration and Economics
Ph.D., University of Illinois

Deborah B. Balser, Associate Professor of Public Policy Administration and Business Administration
Ph.D., Cornell University

Andrew D. Glassberg, Associate Professor of Public Policy Administration and Political Science
Ph.D., Yale University

Jean Germain Gros, Associate Professor of Public Policy Administration and Political Science
Ph.D., University of California Berkeley

Nancy T. Kinney, Associate Professor of Political Science and Public Policy Administration, Academic Director of Nonprofit Management & Leadership Program

James M. Krueger, C.P.A., Assistant Professor of Public Policy Administration and Accounting, Vice Chancellor of Managerial and Technology Services
D.B.A., Indiana University

John E. McClusky, Affiliate Associate Professor Emeritus of Public Policy Administration and Political Science,
Ph.D., University of California Berkeley

Todd Swanstrom, E. Des Les Professor of Public Policy Administration, Professor of Political Science
Ph.D., Princeton University

Mark Tranel, Research Associate Professor of Public Policy Administration, Director of Public Policy Research Center
Ph.D., St. Louis University

David Laslo, Research Assistant Professor of Public Policy Administration, Director of MIDAS, Public Policy Research Center
Ph.D., University of Missouri - St. Louis

William Winter, Research Assistant Professor of Public Policy Administration, Research Specialist, Public Policy Research Center
Ph.D., University of Missouri - St. Louis

General Information

The University of Missouri-St. Louis’ Public Policy Administration (P P ADM) program has three components: the Master of Public Policy Administration (MPPA) degree program, the Nonprofit Management and Leadership Program, and the Local Government Partnership.

The Master's Program in Public Policy Administration (MPPA) is an interdisciplinary program designed to
prepare students for managerial and policy analysis positions in the public and nonprofit sectors or in organizations having substantial interaction with the public and nonprofit sectors. The program is a unit of the Graduate School and is accredited by the National Association of Schools of Public Affairs and Administration. Core faculty are on joint appointments in public policy administration and disciplines such as economics, political science, sociology, or business administration. The program includes courses in policy analysis, public administration, management, budgeting, and economics in the core curriculum. The University of Missouri-St. Louis' MPPA program differs from existing programs available in the Missouri-Illinois region in its interdisciplinary nature and emphasis on the development of analytic and administrative skills. It is designed to meet the needs of prospective full-time students, as well as those who wish to earn a degree in the evening while continuing to work.

In addition to the distinguished doctoral level faculty in public policy administration, students have access to courses and faculty in business and other social sciences, to the Public Policy Research Center, and to the Center for International Studies. The P P ADM program serves as an editorial home of the American Review of Public Administration.

The full facilities of Campus Computing, and the Laboratory for Quantitative Analysis are available. UMSL is a member of the Inter-University Consortium for Political and Social Research.

Admission Requirements
Applicants to the MPPA program must meet the general requirements for admission to Graduate School as explained in the Graduate Study section of this Bulletin. Students entering the MPPA program may be required to display proficiency in college algebra.

Prerequisites
Students must demonstrate competency in computer-based applications, including spreadsheets, databases, and internet applications. These competencies must be demonstrated in the first semester of the degree program by completing a computer proficiency examination.

Degree Requirements
The MPPA degree consists of 40 credit hours, 28 of which are taken as part of the core curriculum and 12 that are electives. Students who complete the degree must demonstrate the following:

- Design, research, write, and defend analyses of substantive public policy problems and/or potential solutions
- Use data and sophisticated analytic tools (qualitative and quantitative) to conduct research in public policy and administration
- Understand the policy and internal/external environments of public and nonprofit organizations
- Develop expertise in a substantive area of public policy administration

Core Curriculum
All candidates for the MPPA degree must complete 28 hours in the core curriculum sequence composed of the following public policy administration courses:

- **Administration**
  - 6400, Proseminar in Public Policy Administration
  - 6600, Organizational Behavior and Administrative Processes

- **Budgeting**
  - 6180, Governmental Budgeting and Financial Control

- **Economics**
  - 6080, Microeconomics for Policy Analysis
  - 6210, Public Sector Microeconomics

- **Policy Analysis**
  - 6000, Introduction to Policy Analysis
  - 6900, Cases in Public Policy Administration

- **Statistics and Applications**
  - 6010, Introduction to Policy Research
  - 6750, Introduction to Evaluation Research Methods

- **Exit Project**
  - 6990, Exit Project Research

A thesis is not required to complete the program. However, writing is an important component of the degree, and students will complete written analyses as part of their coursework and/or internships. There is also a one credit hour exit project, P P ADM 6990, taken in the final semester. This exit project is a written analysis of a public policy administration problem, and is defended in an oral examination.

PP ADM 6000 should be taken at the beginning of the program. It is strongly recommended that P P
ADM 6010 and P P ADM 6080 be taken early. P P ADM 6900 is a capstone course and must be taken at the end of the program usually in conjunction with P P ADM 6900.

Students may select one of five emphasis areas in which to concentrate their advanced studies: (1) managing human resources and organizations, (2) policy research and analysis, (3) local government management, (4) nonprofit organization management. Students may also select an individualized emphasis area in consultation with their advisor and with approval of the Director.

Prior to the completion of 15 hours in the MPPA program, students should identify an emphasis area. In each of the emphasis areas students may be able to substitute another course for a specified elective, with the MPPA Director’s approval. Specific requirements for each emphasis area are as follows:

1) Managing Human Resources and Organizations
   a. Required (3 hours)
      P P ADM 6490, Human Resources in the Public Sector
   b. Electives (9 hours) chosen from:
      MGMT 5611, Advanced Organizational Behavior and Administrative Processes
      MGMT 5624, Organizational Training
      ECON 5400, Labor Economics
      P P ADM 6680, Negotiating Workplace Conflict
      POL SCI 3470, Collective Bargaining
      P P ADM 6950, Internship – 3 hours (in assignment relevant to emphasis area)

2) Policy Research and Analysis
   a. Required (3 hours)
      POL SCI 6402, Intermediate Techniques in Policy Research OR ECON 4100, Introduction to Econometrics
   b. Electives (9 hours) chosen from:
      POL SCI 6403, Advanced Techniques in Policy Research or ECON 3510, Public Finance: State and Local
      ECON 4110, Applied Econometrics
      ECON 4160, Geospatial Economic Analysis
      ECON 4550, Natural Resource Economics
      ECON 5400, Labor Economics
      ECON 5760, Health Economics
      ECON 5900, Advanced Topics in Economic Analysis
      POL SCI 6404, Multi-Method Research
      POL SCI 6414, Topics in Public Policy Analysis
      POL SCI 6422, Law, Courts, and Public Policy
      SOC 4040, Survey Research Practicum or SOC 5432, Survey Research Methods
      P P ADM 6950, Internship (in assignment relevant to the emphasis area)

3) Local Government Management
   * a. Required (6 hours)
      P P ADM 6340, Seminar in City Administration or P P ADM 6350, Issues in Urban Management
   
   AND EITHER
   
   POL SCI 6470, Proseminar in Urban Politics or POL SCI 6471, Seminar in Urban Politics
   b. Electives (6 hours) chosen from:
      P P ADM 4940, Leadership and Management in Nonprofit Organizations
      P P ADM 6680, Negotiating Workplace Conflict
      P P ADM 6490, Human Resources in the Public Sector
      P P ADM 6950, Internship (in assignment relevant to emphasis area)
      ECON 4500, Public Finance: State and Local
      ECON 5700, Regional and Urban Economics
      POL SCI 6432, Intergovernmental Relations

   * For Local Government Management specialization, courses not taken to fulfill “required 6 hours” may be taken as electives (s).

   NOTE: Students interested in careers in local government management are strongly encouraged to take P P ADM 6490, Human Resources in the Public Sector, as one of their electives.
4) Nonprofit Organization Management and Leadership

a. Required (9 hours)
   P P ADM 4911, 4912, 4913, Management Issues in Non-Profit Organizations: Staff Management Issues; Legal Issues; Financial Issues
   P P ADM 4940, Leadership and Management in Non-Profit Organizations
   P P ADM 4960, American Philanthropy and Non-Profit Resource Development

b. Electives - (3 hours) chosen from:
   P P ADM 6490, Human Resources in the Public Sector
   P P ADM 6550, Strategic and Program Planning for Nonprofit Organizations
   P P ADM 6680, Negotiating Workplace Conflict
   P P ADM 6950, Internship (in assignment relevant to the emphasis area)
   BUS AD 3451, Accounting for Governmental and Nonprofit Entities
   BUS AD 5100, Managerial Communication
   BUS AD 5700, Contemporary Marketing Concepts
   BUS AD 5900, Public Policies Toward Business
   PSYCH 7412, Social Psychology

Individualized Emphasis Area
Prior to the completion of 15 hours in the MPPA program, the student must present a proposal for 12 hours of specific coursework for approval by the MPPA faculty. The 12 hours must include P P ADM 6950, Internship (in assignment relevant to the emphasis area) unless the student has significant public or nonprofit sector experience.

Internships
There currently exists a need for well trained policy administrators and analysts. Frequent contact is maintained with public and nonprofit practitioners and public officials in the St. Louis metropolitan area, providing valuable input for program development, creation of a wide variety of internship possibilities, and assistance with a vigorous placement program for MPPA graduates. Interns may be placed in planning agencies, city managers' offices, administrative departments, or budgeting offices.

An internship is required for students without substantial experience in the public or nonprofit sectors. MPPA students employed in public agencies can receive 3 hours of credit for internships in those agencies. To do so, students must develop, in consultation with their advisors, special research projects outside the scope of their regular employment duties. Credit is granted after successful completion of the project and a written paper at the end of the semester.

Graduate Certificate Program in Nonprofit Organization Management and Leadership
Through the Public Policy Administration Master's Program, the University offers a graduate certificate program for students who are current professional staff, board members, and other leaders of nonprofit and voluntary organizations, as well as those who plan to work in the field. There are only two such graduate programs in Missouri. The certificate can be taken by itself or in conjunction with the pursuit of the master's in public policy administration or a graduate degree in another field. Course credits earned in the certificate program can be applied to the MPPA, but a separate application may be required.

A. The graduate certificate in nonprofit management and leadership requires the completion of 18 credit hours. Nine of these are the following core courses:
   1. P P ADM 4940, same as POL SCI 4940, Soc, or SOC WK 4940, Leadership and Management in Nonprofit Organizations (3 hours)
   2. P P ADM 4911, same as POL SCI and SOC WK 4911, Management Issues in Nonprofit Organizations: Staff Management Issues (1 hour)
   3. P P ADM 4912, same as POL SCI and SOC WK 4912, Management Issues in Nonprofit Organizations: Legal Issues in Governing and Managing Nonprofit Organizations (1)
   4. P P ADM 4913, same as POL SCI and SOC WK 4913, Management Issues in Nonprofit Organizations: Financial Issues
   5. P P ADM 4960, same as POL SCI and SOC WK 4960, American Philanthropy and Nonprofit Resource Development (3 hours)

B. Six hours of electives are to be taken from selected courses in accounting, business administration, economics, management, marketing, political science, psychology, public policy administration, and sociology. A student may choose among these courses or other courses approved by the program director. (All Graduate electives must be at the 6000 course level.)
C. Three hours of internship are also required, or graduate students should demonstrate either a professional field experience equivalent to the internship or be required to participate. Any request for an exemption from the internship requirement must be approved by the nonprofit program director after a review of the student’s professional or managerial field experience with appropriate documentation. Students who receive an exemption must take another 3 hours of electives from the selection in area B.

The internship will include learning activities in management and governance processes in nonprofit organizations, as well as a seminar in which students will critically reflect on their field experience with a faculty supervisor.

Requirements of admission to the graduate certificate program are the same as those required for admission to the Graduate School: an undergraduate degree, and a GPA of 2.75 or better.

Graduate Certificate Program in Local Government Management

Through the Public Policy Administration Master’s Program, the University offers a graduate certificate program in local government management for students who are current professional staff, elected or non-elected local government officials or who are interested in pursuing a career in the local government sector. The certificate can be taken by itself or in conjunction with the pursuit of the master’s in public policy administration or a graduate degree in another field. Course credits earned in the certificate program can be applied to the MPPA, but a separate application may be required.

A. The graduate certificate in local government management requires the completion of 18 credit hours. Twelve of these are the following core courses:

1. P P ADM 6340, Seminar in City Administration or P P ADM 6350, Issues in Urban Management (3 hours) or
2. POL SCI 6470, Proseminar in Urban Politics or POL SCI 6471, Seminar in Urban Politics (3 hours) or
3. P P ADM 6449, Human Resources Management (3 hours)
4. P P ADM 6180, Government Budgeting and Financial Control (3 hours)
5. American Philanthropy and Nonprofit Resource Development (3 hours) POL SCI and SOC WK 4960

B. Three hours of electives are to be taken from selected courses in business administration, criminal justice, economics, political science, public policy administration, and sociology. A student may choose among these courses or other courses approved by the program director. Electives will be chosen from the following:

P P ADM 6340, Seminar in City Administration
P P ADM 6350, Issues in Urban Management
POL SCI 6470, Proseminar in Urban Politics
POL SCI 6471, Seminar in Urban Politics
POL SCI 6440/P P ADM 6400, Proseminar in Public Policy Administration
P P ADM 4940, Leadership and Management of Nonprofit Organizations
P P ADM 6449, Human Resources Management
P P ADM 6180, Government Budgeting and Financial Control
P P ADM/BUS AD 6680, Negotiating Workplace Conflict
P P ADM 6600, Organizational Behavior and Administrative Processes
ECON 6700, Political Economy of Metropolitan Areas
CRIMIN 6442, Communities and Crime
SOC 5430, Policy MediationProcesses
ECON 6750, The Political Economy of Health Care
POL SCI 6433, Elections, Public Opinion, and Public Policy
*Other courses may be added as deemed appropriate for content.

C. Three hours of internship are also required, or graduate students should demonstrate either a professional field experience equivalent to the internship or be required to participate. Any request for an exemption from the internship requirement must be approved by the local government program director after a review of the student’s professional or managerial field experience with appropriate documentation. **Students who receive an exemption must take another 3 hours of electives from the section in area B.** The internship will include learning activities in management and governance processes in local government jurisdictions, as well as a seminar in which students will critically reflect on their field experience with a faculty supervisor.

Requirements of admission to the graduate certificate program are the same as those required for admission to the Graduate School: an undergraduate degree, and a GPA of 2.75 or better.
Career Outlook

The current outlook for graduates of the interdisciplinary Master's Degree in Public Policy Administration Program is quite promising. Recent graduates of this program have found careers as budget analysts, personnel analysts, transportation planners, and human resources planners with local, regional, state, and federal agencies, and the nonprofit sector.

Course Descriptions

4911 Management Issues in Nonprofit Organizations: Staff Management Issues (1)
Prerequisite: Junior Standing. Same as POL SCI 4911 and SOC WK 4911. This course addresses issues involved in managing staff in nonprofit organizations. The course will cover the following topics: fundamentals of staff supervision; balancing supervisory processes with counseling and coaching; selecting, hiring, evaluating, and terminating staff; legal issues that affect these processes.

4912 Management Issues in Nonprofit Organizations: Legal Issues in Governing and Managing Nonprofit Organizations (1)
Same as POL SCI 4912 and SOC WK 4912. This course addresses legal issues involved in managing and governing nonprofit organizations. The course will cover the following topics: The Board as steward of the organization; Director and officer liability; tax laws concerning charitable giving; legal issues in managing staff and volunteers (e.g., hiring, evaluating, and terminating employees); Missouri nonprofit law.

4913 Management Issues in Nonprofit Organizations: Financial Issues (1)
Same as POL SCI 4913 and SOC WK 4913. This course addresses financial issues involved in governing and managing nonprofit organizations. The course will cover the following topics: Cash flow analysis; budgeting; fund accounting; cost accounting (determining costs for programs and services); understanding and using standard financial statements, including balance sheets, cash flow statements, statements of activity, and operating and capital budgets.

4940 Leadership and Management in Nonprofit Organizations (3)
Prerequisite: Junior standing. Same as POL SCI 4940, SOC WK 4840, and SOC 4940. Addresses the role and scope of the independent sector in the United States, as well as leadership and management of nonprofit organizations within that sector. Topics include the economic and political scope of the independent sector, the role of volunteerism in a democratic society, and the role and scope of philanthropy. Topics in voluntary organization management and leadership include the dynamics, functions and membership structure of NPOs, especially staff-board and other volunteer relations; governance and management of NPOs; resource mobilization; and program development management and evaluation.

4960 American Philanthropy and Nonprofit Resources Development (3)
Prerequisite: Junior standing or consent of instructor. Same as POL SCI 4960 and SOC WK 4960. This course addresses the history, philosophy, roles and scope of philanthropy in the United States, including its role in the nonprofit, voluntary sector. It further examines the contemporary forces which impact philanthropy and charitable giving, both by institutions and individuals. The course examines the effective planning and management of development programs (e.g., annual giving), fund raising vehicles (e.g., mail solicitations) and the fund raising process, form planning through donor relations.

6000 Introduction to Policy Analysis (3)
Same as POL SCI 6410. Systematic development of a critical/analytic base for dealing with public policy.

6010 Introduction to Policy Research (3)
Same as POL SCI 6401. Procedures for testing explanations, including research design, principles of measurement, probability sampling, methods of data collection, and techniques for analyzing data.

6080 Microeconomics for Policy Analysis (3)
Prerequisites: Graduate student standing. Same as ECON 5010. This course introduces microeconomic analysis of consumers, firms, and government, with an emphasis on policy applications. It assumes no prior training in economics and is appropriate for graduate students in public policy administration, nonprofit management, political science, gerontology, criminology and criminal justice, and other related fields.

6150 Directed Reading and Research in Public Policy (1-10)
Same as POL SCI 6415. Prerequisite: Consent of Instructor. Independent study through readings, reports, research projects, and conferences. May be repeated for credit, provided the subject matter is different.

6170 Income and Pension Policy for the Aged (3)
Prerequisite: Graduate standing or consent of instructor. Same as POL SCI 6417, GERON 6417, and SOC WK 6417. (MSW students normally take the social policy foundation course prior to enrolling in this
(course.) Examination of federal, state, and local policies that affect the economic well being of the elderly. The development of social security programs and pension programs is explored within a historical context. Emphasis is placed on the analysis of current policy problems and proposed solutions.

6180 Governmental Budgeting and Financial Control (3)
Prerequisite: BUS AD 5400. Same as BUS AD 5450. A study of municipal and federal financial control and budgeting procedures with emphasis on public policy. The impact of financial control on top management decisions and the effect of budget strategies on the allocations of public funds.

6210 Public Sector Microeconomics (3)
Prerequisites: ECON 3001, or BUS AD 5001, or P P ADM 6080. (Same as ECON 5500). Application of tools of intermediate microeconomics to address public sector issues. Special emphasis is placed on critically analyzing current public policy debates using the models developed. Topics covered include: cases in which competitive market fails to allocate resources efficiently (e.g., externalities and public goods), importance of property rights, incentive effects of the tax and transfer system, and the fundamentals of cost-benefit analysis.

6340 Seminar in City Administration (3)
This course provides an overview of the working environment of a city administrator and is jointly sponsored by the local city managers association. Professional city personnel make presentations to the students on six major topics: political structure, organizational structure, service delivery, finance, personnel policies and practices, and leadership. The course provides direct observation of city council meetings, visits to various city facilities, exposure to different philosophies and styles of city management, and provides students a chance to assemble facts, evaluate options, and present policy recommendations for real problems that local administrators face.

6350 Issues in Urban Management (3)
Designed to evaluate management issues that confront managers in local government from a political perspective. The format will include an intense review and discussion of original case studies from actual local government situations. The specific focus of this course will vary. Course may be repeated.

6400 Proseminar in Public Administration (3)
Same as POL SCI 6440. Examination of major approaches to analyzing public policies and their administration. Emphasis is on the effects of administrative organization and procedures on policy decisions and their impacts. Specific topics may include administrative accountability, intergovernmental relations, public/private interaction, implementation processes, bureaucratic expertise, the legal environment of public policy administration, and public service and merit issues.

6430 Health Care Policy (3)
Prerequisites: Graduate standing and consent of instructor. Same as POL SCI 6443, GERON 6443, SOC 6443, and SOC WK 6443. (MSW students will normally take the social policy foundation course prior to enrolling in this course). Survey course examining current issues in health policy that face the nation. Policies are placed in a historical context to show how issues have been influenced by different political and economic conditions. Secondary consequences and limitations of current trends in health policy are explored.

6444 Seminar in Public Policy and Aging (3)
Same as POL SCI 6444, GERON 6444 and SOC 6444. Prerequisite: Consent of instructor. The study of specialized issues and methods related to federal, state, and local policies that affect the elderly. Potential policy areas to be covered include housing, taxation, mental health, transportation, etc. May be repeated for credit, provided the subject matter is different.

6460 Selected Topics in Health Care Policy (3)
Prerequisite: Consent of instructor. Same as POL SCI 6446 and SOC 6446. The study of specialized issues and methods relating to health care policy. May be repeated for credit, provided the subject matter is different.

6490 Human Resources in the Public Sector (3)
Prerequisite: P P ADM 6600 or consent of instructor. Same as POL SCI 6449 and SOC WK 6449. Presents an overview of personnel and labor relations in the public sector. Particular emphasis placed on issues which are unique to the public sector, such as the merit system, the questions of representative bureaucracy and the constraints of personnel in the nonprofit sector. The topics include personnel reforms in the federal sector, equal employment and affirmative action policies, testing, selection, hiring, comparable worth, job evaluation, and labor relations including grievance arbitration and collective bargaining.

6550 Strategic and Program Planning for Nonprofit Organizations (3)
Prerequisites: Graduate standing or consent of instructor. Same as POL SCI 6490 and SOC WK 6491. Strategic and program planning enable an organization to concentrate on efforts and set priorities guided by a mission, vision, and an understanding of its environment. Focus is on preparing a strategic plan and a program plan for a nonprofit organization and analyzing an organization's ability to deliver...
goods and/or services to its constituents in today's economic, social and political climate.

**6600 Organizational Behavior and Administrative Processes (3)**
Same as MGMT 5600. The theoretical and research contribution of the behavioral sciences to management and administration are examined and applied to selected organizational situations. Areas to be considered from the standpoint of both individual and organizational performance are communication, motivation, conflict, decision making, goal setting, leadership, organizational design, climate, development, and control. Utilizing a systems perspective, the course attempts to develop in each student an ability to analyze and solve organizational problems.

**6680 Negotiating Workplace Conflict (3)**
Prerequisites: PADM/MGMT 5600, and Graduate Standing. Same as MGMT 5612 and SOC 5451. Examines conflict and cooperation between individuals, groups, and organizations over the control of work. A central theme is how this conflict is expressed, controlled, and resolved. Students will participate in exercises to learn the basics of two-party negotiations.

**6750 Introduction to Evaluation Research Methods (3)**
Prerequisites: At least one course in Research Design and Statistics at the graduate level. Same as PSYCH 5475, SOC 5475, and CRIMIN 5475. A comparative study of research strategies with regard to data sources, data collection, and modes of analysis that are appropriate for program evaluation research. Attention is given to observational, survey, and quasi experimental designs.

**6800 Management Information Systems (3)**
Prerequisite: None. (Same as INFSYS 5800). This course provides an overview of the established and contemporary issues related to information systems within organizations. Topics include the practices and tools associated with topics such as the management of IS-based investment projects, the design and implementation of IS, the alignment of IS strategy with organizational strategy, information security and privacy, and gaining a competitive advantage through IS.

**6900 Cases in Public Policy Administration (3)**
Prerequisites: 24 hours of public policy administration courses, at least 15 of which are in core courses. This capstone course intensively analyzes public policy administration cases drawn from a variety of issues and settings.

**6950 Internship (3)**
Independent study involving work with an appropriate public, private, or nonprofit agency.

**6990 Exit Project Research (1)**
Prerequisites: Completion of or simultaneous enrollment in other degree requirement courses. The exit project is viewed as the capstone of the MPPA program. As such, it is meant to be undertaken toward the end of a student's program, usually during the final semester. Its purpose is to provide evidence to the faculty that the degree candidate has mastered the skills acquired in the various courses completed during residence at the University and can apply them to the analysis of a practical research problem.
Pierre Laclede Honors College

Course Descriptions

Pierre Laclede Honors College Home Page

The Pierre Laclede Honors College mission is to enrich the educational experience of a select group of highly motivated and intelligent undergraduates. With this in mind, it enrolls students who are ready to accept academic challenges and become creatively involved in the learning process.

The college has a unique structure and identity. Unlike the university's other colleges, it has no academic departments and it grants no degrees. Instead, it brings together a cross section of students and teachers in a special curriculum, designed to meet students’ general education and other breadth of study requirements.

- A four year program open to entering freshmen and extending over a student’s entire undergraduate career;
- A two year program open to select third year students who are either continuing at or have transferred to the university;
- Honors College courses are generally taught seminar style, with a stress on reading, small group discussion, and writing.

Faculty

Honors College instructors are drawn from university faculty in all academic divisions but mainly from the “traditional disciplines” of the Arts, Humanities, Social Sciences, and Sciences. These teachers share a desire to work closely with intellectually curious, high-achieving students. Faculty design courses directed toward such an audience and based on small discussion seminars. Thus the honors faculty grows each year as new faculty join the honors project. Their talents add to the Honors College’s rich instructional pool of more than 100 regular and full-time faculty, many of whose teaching and scholarship have been singled out for special awards.

In addition, the Honors College has six full-time academic faculty members whose responsibilities (besides instruction) include admissions, student advice, and curricular design. These faculty are:

Robert M. Bliss, Associate Professor, dean  
Ph.D, University of Wisconsin-Madison

Nancy Gleason, Teaching Professor, associate dean, and director of writing.  
M.A., University of Missouri-St. Louis

Kimberly Baldus, Associate Teaching Professor.  
Ph.D., Northwestern University

Birgit Noll, Associate Teaching Professor  
M.A., Washington University in St. Louis

Daniel Gerth, Assistant Teaching Professor  
M.A., University of Missouri-Columbia

Chad Hankinson, Assistant Teaching Professor  
M.A., University at Buffalo, SUNY

Gerianne Friedline, Lecturer  
M.A., University of Missouri-St. Louis

Honors College students are highly qualified and motivated individuals from a broad range of public and private secondary schools and colleges. They enter the college with diverse backgrounds and interests and remain part of it while simultaneously enrolling in classes and pursuing bachelor’s degrees in other academic divisions of the university.

Honor Students

Most honor students major in traditional liberal arts disciplines spanning the humanities, social sciences, mathematics, and natural sciences, but well over a third use their undergraduate education to prepare for careers in business, education, nursing, or engineering. Whatever their majors, most Honors college students plan to go on to graduate study or professional schools, although a significant number successfully seek employment immediately after graduation. Honors faculty and staff provide advice and guidance in both course choice and career plans.

The Honors College Writing Program

Both two- and four-year programs include participation in the Honors College writing program, Writing through
the Curriculum, which involves writing in most honors seminars as well as formal courses in composition (including at least one of HONORS 1100 and 3100) and informal consultations with the director of the writing program. In the final year, this culminates in the compilation of a personal Honors College writing portfolio (HONORS 4100).

Independent Study Requirement
All Honors College students, whether in the four-year or the two-year program, must fulfill a 6-credit-hour independent study requirement. This can be met in several ways, including supervised research, guided reading, internships, and in many cases capstone courses in the major. Additional financial support is available for supervised undergraduate research projects in all majors.

Four-Year Program (40 credit hours total):
Approximately one-third of the 120 hours honors students earn toward graduation are taken in the Honors College or under its auspices. Most of these credits are associated with a sequence of honors courses designed specifically for the college, the majority of which are taken during the first two years. During this period, these students fulfill virtually all of the university's general education requirements, usually in innovative ways. In their junior and senior years, honors students also may earn honors credit for work done within their major fields, work which includes the possibility of internships, independent study projects, and advanced undergraduate research.

First Year
Students take HONORS 1100, 1200, and 1201, and one course each from the Western Traditions and Non-Western Traditions seminar series. Students may take a seminar from the American Traditions series as an elective or in place of the Western Traditions seminar. *

1100, Freshman Composition
1200, Freshman Symposium: Cultural Traditions I
1201, Cultural Traditions II
1110-1150, The Western Traditions Series
1210-1250, The American Traditions Series (elective)
1310-1350, The Non-Western Traditions Series

Second Year (6 credit hours):
Students take two of the following Honors classes:
2010, Inquiries in the Humanities
2020, Inquiries in the Fine and Performing Arts
2030, Inquiries in the Social and Behavioral Sciences
2040, Inquiries in Mathematics and Computing
2050, Inquiries in the Sciences
2060, Inquiries in Business
2070, Inquiries in Education
2080, Inquiries in Nursing

Honors students in the four-year program who take HONORS 3100 ("Writing the City") may present it for their honors certificate as one of their 3000-level seminars. They may also, depending on their major, present it to meet their graduation requirement for Junior level composition.

During the first two years, honors students will take additional course work in other areas, such as mathematics, natural science, foreign language, and major prerequisite classes to satisfy various university, Honors College, and specific degree requirements.

Third and Fourth Years (19 credit hours):
Honors students in the four-year program take at least four seminars (12 credit hours) from the Advanced Seminar (3010-3080) and/or Research Seminar (3510-3580) series. They may take more where this is compatible with their major and/or minor requirements. In addition, honors students do 6 credit hours in independent study projects, normally in or closely related to their major field. These independent study projects normally carry credit in the major, but can be done as Honors College independent study or research projects (Honors 4900-4990). During the final year, students also take Honors 4100, a capstone for the Honors College writing program.

Two Year Program (22 credit hours total):
Students in this program will take a combination of Honors College seminars and honors independent study credit (usually for work done in their major fields). The 22 credit hours must include 6 credits of independent study, as for the four-year program.

Third Year (9 credits):
During the first year of the two-year program, students take three honors seminars, including 3100, Advanced Composition: Writing the City; one course from the Inquiries series (2010-2080); one course from either the Advanced Seminar (3010-3080 or Research Seminar (3510-3580) series. In addition, 3 credit hours of independent study may be taken during this year, normally in or closely related to their major.
Fourth Year (7 credits):
The final year of the two-year program involves three courses chosen from the 3000 and 4000 level options, including 4100, the honors writing portfolio, and at least one course chosen from the 3010-3080 or 3510-3580 series. In addition, students will complete their independent study requirements with 3 or 6 hours of project, internship, or research work.

Honors and Nursing; Honors and Engineering
Because of the extensive professional requirements for both Nursing and Engineering, the Honors College has, with the support of the relevant faculties, created special programs for Nursing and Engineering majors who wish to pursue the Honors College certificate. Both programs feature reduced Honors College credit hour requirements but retain the core of the Honors program and give students ample opportunities to experience interdisciplinary inquiry, seminar-based learning, and take part in the Honors College Writing Program.

Honors and the Bachelor of Liberal Studies (BLS)
Pierre Laclede Honors College students who wish to present the honors Certificate as a minor for the BLS must complete the Honors Capstone (HONORS 4100, one or two credit hours) and also direct three to six hours of their Honors independent study requirement to work demonstrably relevant to their BLS program. Student should consult the BLS faculty advisor in the Honors College about this requirement. For other information on BLS requirements, please refer to the "Minors in Interdisciplinary Studies" section under the College of Arts and Sciences.Pierre Laclede Honors College Student Learning Outcomes. Both four- and two-year programs share the same learning agendas:

1. Through coursework comparing and contrasting diverse cultural viewpoints, academic disciplinary approaches and information, Honors students will demonstrate the ability to synthesize knowledge from various perspectives.
2. Honors students will exhibit the ability to communicate effectively in speech and writing: - by speaking in groups to present, reflect on and evaluate information and perspectives. -by completing the written assignments required in all Honors courses that focus on various perspectives, audiences and disciplinary approaches(demonstrating effective writing that employs correct diction, syntax, usage, grammar and mechanics.
3. Honors students will demonstrate skills in higher-order thinking, valuing and managing information: -by exhibiting the ability to distinguish among opinions, facts and inferences; by identifying underlying or implicit ins assumptions; by making informed judgments; and by solving problems through applying evaluative standards. -by locating, accessing, synthesizing and annotating information from print, electronic, and other sources; by distinguishing between scholarly and non-scholarly sources in preparation for higher-order thinking. -by analyzing and synthesizing information from a variety of sources, applying the results to resolving complex situations and problems, and defending conclusions using relevant evidence and reasoned argument. -by utilizing cultural, behavioral, and historical knowledge to clarify and articulate a personal value system while recognizing the ramifications of personal value decisions on the self and others. -by identifying conflicts within and between multiple perspectives and value systems; by recognizing and analyzing ethical issues in a variety of contexts; and by employing standards of logic to formulate a reasonable position among multiple perspectives.
4. Honors students will select and participate in Honors courses in various disciplines and will demonstrate essential skills and approaches relevant to those disciplines: -Students participating in Honors courses in disciplines such as the social sciences, life and physical sciences that rely upon the understanding of fundamental mathematical concepts and their applications will display a level of quantitative literacy that would enable them to understand and analyze quantitative data, draw conclusions, and solve problems. -Students participating in Honors courses in the social and behavioral sciences will exhibit understanding of themselves and the world around them through the study of the content and methodologies used by historians and social and behavioral scientists to discover, describe, explain, and predict human behavior and social systems; they will demonstrate understanding of the diversities and complexities of the cultural and social world, past and present, and come to an informed sense of self and others. -Students participating in Honors courses in the humanities and fine arts will exhibit understanding and critical analysis of the ways in which people have addressed their condition through literature and art; they will demonstrate their understanding of these cultural works and their historical circumstances; they will formulate aesthetic judgments of these works. -Students participating in Honors courses focusing on life and physical sciences will demonstrate knowledge of scientific principles, research procedures and empirical methods of scientific enquiry; they will display their understanding of how scientific discoveries affect and are affected by theoretical views of the world and human history.
5. Honors students will complete specific Honors requirements designed to develop their awareness of career and advanced study opportunities: -by participating in internships, independent study and undergraduate research to develop and demonstrate advanced knowledge in a discipline, professional skills, and greater understanding of career and educational goals. -by creating an Honors Writing Portfolio that demonstrates the ability to assess their writing skills and development; by devising and revising documents for employment searches or graduate school applications to enhance their ability to formulate and pursue specific career goals.

Other Academic Features and Requirements
Pass/Fail
The satisfactory/unsatisfactory option does not apply to any course work undertaken for Honors College credit.

Admission and Retention
To be considered for admission to either the two-year or four-year honors program, a candidate must file a special Honors College application as well as a general university application. These application forms and additional information concerning scholarship and stipend awards, general eligibility guidelines, and the admissions process are available from the Honors College admissions office at (314) 516-7769 or from the University Admissions. See also the Honors College website.

Scholarships and stipends
Every new freshman or transfer student admitted in good standing to the Honors College receives academic scholarship support. Students continue to receive these awards as long as they meet the criteria associated with their particular scholarship.

Good academic standing
To remain in good standing, a student must maintain a cumulative GPA, in all his or her UMSL courses, of at least 3.2, and must continue to meet the requirements of the honors program for which he or she was initially admitted. Unless other arrangements have been made, Honors College students are also expected to be full time, that is, to register for and satisfactorily complete at least 12 credit hours per semester. Students wishing to enter the Honors College as part-time students, or to change to part-time status, must make prior arrangements with the Honors College dean.

UMSL: an Urban Land Grant Institution
Given its location in St. Louis, and because it is part of an urban land grant university, Pierre Laclede Honors College seeks to encourage awareness of the manifold benefits of pursuing an undergraduate education in a dynamic and varied urban community. This is accomplished partly through the Honors Curriculum through facilitating cultural and other outings in the city, and by encouraging students to include in their academic program courses, research projects, and/or internships which exploit the university's manifold connections with city people and its partnerships with leading city institutions such as the Missouri Botanical Gardens, the Missouri Historical Society, and the Mercantile Library of St. Louis. Many honors students fulfill all or part of their independent study requirements working through such partnerships.

International Study and Other Exchange Programs
Honors students are encouraged to consider a semester's or a year's study at another institution. This can be done through the University's Center for International Studies, which administers exchanges with more than 70 universities in Europe, Africa, Asia, Australia, and South and Central America as well as the Missouri-in-London program. Students not wishing to go abroad may, through the National Student Exchange, which is administered for the university by the Honors College, attend any one of more than 100 universities in the United States, Puerto Rico, Guam, and Canada.

Please note that students in the Honors and International Business program are normally required to spend their exchange study through the Center for International Studies.

Course Descriptions
Please note that all honors courses are planned to fulfill UMSL graduation requirements, primarily in general education and the state requirement for American history and government. For further guidance on these requirements, please see the university general education matrix.

Selected Honors courses may also meet divisional area study requirements, for instance in international studies or cultural diversity. Please note also that several Honors courses in the 3000 and 4000 levels, can be used to fulfill major, minor, and certificate requirements, where that has been agreed by other divisions or departments of the university.

Honors course lists and descriptions, published each semester before the beginning of the registration period, identify clearly which seminars fulfill these various requirements. When in doubt, students are urged to consult their Honors College advisor.

Important note: Unless otherwise indicated, all Honors seminars and courses require students to obtain the consent at the Honors College during registration. In practice, “consent of the dean of the Honors College” means consent of the student’s Honors advisor.

1100 Freshman Composition (3) [C]
Prerequisite: Consent of the dean of the Honors College. Theory and practice of writing expository prose. Emphasis on individual tutorial. Assignments will be linked with topics discussed in HONORS 101.

1110-1150 Western Traditions (3)
Prerequisite: Consent of the dean of the Honors College. All Western Traditions seminars will be based on the reading and discussion of works of exceptional importance in the development of western culture and
civilization. The works to be discussed in each seminar will follow a central theme (defined by its particular relevance to the traditional academic disciplinary areas of the humanities, arts, social sciences, mathematics, or sciences) but will relate that theme to wider developments in Western Traditions and to the American concept of a liberal education.

1110 Western Traditions: Humanities [C, H].
1120 Western Traditions: Arts
1130 Western Traditions: Social and Behavioral Sciences [C, SS]
1140 Western Traditions: Mathematics
1150 Western Traditions: the Sciences

_cultural traditions I and II as ‘core’ seminars._
These symposium seminars (1200 and 1201) are normal freshman year requirements. Each has its own academic agenda, but both are also related—in theme, problem, or subject matter—to Honors Composition (1100), Western Traditions (1110-1150), American Traditions (1210-1250), and Non-Western Traditions (1310-1350) seminars.

1200 Freshman Symposium: Cultural Traditions I (3)
Prerequisite: Consent of the dean of the Honors College. This course surveys Western and Non-Western Cultural Traditions from their beginnings until 1800. It will introduce the intellectual traditions of a wide variety of cultures through major works of literature, religion and philosophy.

1201 Freshman Symposium: Cultural Traditions II (3)
Prerequisites: Consent of the dean of the Honors College. This course surveys Western and Non-Western cultural Traditions from the 1800's to current times. It will introduce intellectual traditions of a wide variety of cultures through major works of literature, religion and philosophy.

1210–1250 American Traditions (3)
Prerequisite: Consent of the dean of the Honors College. Honors seminars in the American Traditions series involve readings and discussion of major importance in the development of the culture, politics, ideologies, and values which are or have been characteristic of the United States of America. Every American Traditions seminar will cover a broad range of time, and each may include contemporary issues. American Traditions 1230 (Social Sciences) satisfies the American history and government requirement, and any course in the American Traditions sequence may be taken to satisfy one of the core requirements for the American Studies minor.

1210 American Traditions: Humanities (C, H)
1230 American Traditions: Social and Behavioral Sciences (V, SS)

1310–1350 Non-Western Traditions (3)
Prerequisite: Consent of the dean of the Honors College. Study of Non-Western societies, "traditional" or "modern," offers a reminder that, however defined, "the West" does not encompass the full range of human potentiality whether in terms of culture, values, behavior or ideas. Based on reading of significant primary texts and/or important secondary works, these seminars remind us of the realities of human diversity and provide perspectives on our own world. Non-Western Traditions seminars may be used to satisfy cultural diversity general education requirements.

1310 Non-Western Traditions: Humanities [MI, CD, H]
1320 Non-Western Traditions: The Arts [CD]
1330 Non-Western Traditions: Social and Behavioral Sciences [C, V, CD, SS]
1340 Non-Western Traditions: Mathematics [CD]
1350 Non-Western Traditions: The Sciences [CD]

1310 Non-Western Traditions Series Humanities (3)
Seminars focus on different topics in the humanities but address themes and problems in non-western cultures that are related to the freshmen core classes (HONORS 1200 and 1201). These topics will be examined in depth through reading and discussion, and students will produce formal papers and participate in individual or small group presentations.

1330 Non-Western Traditions Series-Social Sciences (3)
Seminars focus on different topics in the social sciences but address themes and problems in non-western cultures that are related to the freshmen core classes (HONORS 1200 and 1201). These topics will be examined in depth through reading and discussion, and students will produce formal papers and participate in individual or small group presentations.

1900 Independent Cross-Cultural Readings (1-3)
This course is an independent readings course centered on cultural interactions. Students will select readings from an approved list of choices related to Western and Non-Western texts. Students will discuss the works with the faculty member online or in person. One formal paper is required for the class with the length relative to the number of credit hours of the course (1-3).
2010-2080 Honors Inquiries (3)
Prerequisite: Consent of the dean of the Honors College. Inquiries seminars focus on the particular contributions academic disciplines can make to relatively broad areas of inquiry, and reading, discussion, writing and where appropriate, laboratory work or field trips will enhance students’ understanding of the strengths, frailties, and particular characteristics of one or more disciplinary strategies. Inquiries courses may be used to meet relevant General education requirements. Where special arrangements have been agreed, they can meet more specific departmental and divisional requirements. The course number may be repeated for credit whenever the topic is substantially different.

2010 Inquiries in the Humanities [C, H]
2020 Inquiries in the Fine and Performing Arts [C, H]
2030 Inquiries in the Social and Behavioral Sciences [SS]
2040 Inquiries in Mathematics and Computing [MS]
2050 Inquiries in the Natural Sciences [C, MS]
2060 Inquiries in Business
2070 Inquiries in Education
2080 Inquiries in Nursing

2310 Cultural Diversity in the Humanities (3) [CD]
This seminar focuses upon cultural diversity themes, texts, and perspectives within the humanities.

2330 Cultural Diversity in the Social Sciences (3) [CD]
This seminar focuses upon cultural diversity themes, texts, and perspectives within the social science.

3010-3050. Advanced Honors Seminar (3)
Prerequisite: Consent of the dean of the Honors College. Open only to Honors College Students and not acceptable for graduate credit. Usually restricted to juniors and seniors, these advanced seminars focus on in-depth study of a significant body of subject matter. The perspective employed will normally be interdisciplinary or multi-disciplinary and will underscore the value of making connections between diverse areas of study. These courses will not usually require specific prerequisites, but may (with the consent of the appropriate department or division) be taken as major or minor courses. The course number may be repeated for credit whenever the topic is substantially different.

3010 Advanced Honors Seminar in the Humanities
3020 Advanced Honors Seminar in the Fine and Performing Arts
3030 Advanced Honors Seminar in the Social and Behavioral Sciences
3040 Advanced Honors Seminar in Mathematics and Computing
3050 Advanced Honors Seminar in the Sciences
3060 Advanced Honors Seminar in Business
3070 Advanced Honors Seminar in Education
3080 Advanced Honors Seminar in Nursing

3100 Honors Advanced Composition: Writing the City (3)
Prerequisite: Junior standing and consent of the dean of the Honors College. Enhances critical thinking, research, discussion, and writing skills by focusing on the city of St. Louis and on the specific fields of study of those enrolled in the course. Issues such as depth and development of content, voice, style, tone, correct expression, and research techniques are among the topics emphasized. Students maintain a Commonplace Book of journals, drafts, and creative writings; they also submit a minimum of four formal papers. This course is required for transfer students (two-year Honors Program) and an elective for students on the four-year program. For students on either program, HONORS 3100 meets the Advanced Composition requirement of the university.

3160 Honors Writing in the Sciences (3)
Prerequisites: Junior-level standing and consent of the dean of the Honors College. This honors course, designed to meet the needs for students in the science disciplines, will satisfy the campus junior-level writing requirement. This course will stress writing observation reports, academic journals, laboratory reports and a major project suited to the specific area of study of each student enrolled in the class. Instruction will include correct documentation of science sources, synthesis techniques of research information, technology-based research skills and effective laboratory reporting methods. Four formal papers, including one large project, and several informal papers will be required for this challenging course.

3510-3580 Research Seminar (3)
Prerequisites: Consent of the dean of the Honors College. Open only to Honors College students and not acceptable for graduate credit. Modeled on and for some students affording a preview of the postgraduate or professional research seminar, Honors Research seminars bring students face to face with primary research, as appropriate in the library, the laboratory, and/or field work, utilizing appropriate disciplinary perspectives and secondary reading. These courses may be cross-listed with other advanced courses in appropriate departments/divisions of the university, and as such may carry specific course prerequisites and/or require the specific consent of the instructor.
3535 Research Seminar in the Social and Behavioral Sciences (4)
Prerequisites: Consent of Honors Dean; Consent of Instructor. Course material based on primate behavior, demographics and morphology. Research techniques for ethological and primatological studies, including the design of research protocols, development of data collection methodologies, analysis of morphological and behavioral data, and the scientific description of findings. Students are required to conduct observations of primates at the St. Louis Zoo and participate in the Undergraduate Research Symposium.

3510 Research Seminar in the Humanities
3520 Research Seminar in the Fine and Performing Arts
3530 Research Seminar in the Social and Behavioral Sciences
3540 Research Seminar in Mathematics and Computing
3555 Research Seminar in the Sciences
3560 Research Seminar in Business
3570 Research Seminar in Education
3580 Research Seminar in Nursing

4100 Independent Portfolio Writing (1)
Prerequisites: Consent of the dean of the Honors College and senior status. Open only to Honors College students and not acceptable for graduate credit. Students in this course will meet on a regular basis with the director of writing and other appropriate Honors faculty to revise and polish samples in the Honors writing portfolio which the student has compiled during his or her Honors College enrollment. With the assistance of the Director, the student will write an in-depth analysis of his or her writing and will select the best examples of writing in his or her Honors Portfolio. During this independent study, the student may request help with research skills, writing issues, or application procedures for post-graduate courses or employment. All students must take one credit hour; the two-credit hour option is recommended for students whose plans include graduate or professional school.

4900 Independent Study in Honors (1-6)
Prerequisites: Consent of the Dean of the Honors College. Open only to Honors College students and not acceptable for graduate credit. Most Honors students will fulfill their Honors independent study requirements in another department or division of the university. Where this is not possible, and where academic credit seems an appropriate reward for the independent study in question, the project may be undertaken as HONORS 4900, normally as a 3-credit course. This will involve substantial reading, research, and/or field work, and will be supervised by a permanent member of the Honors College academic staff. Completed proposal forms for this course must be submitted to the Honors College no later than the deadline for university registration.

4910 Internship. (1-6)
Prerequisites: Junior/Senior Standing and consent of the dean of the Honors College. This independent study course is designed for students who are participating in an approved, non-paid or paid internship. Often operating in conjunction with the student’s major, the class requires an on-going journal and formal paper varying in length according to credit hours and hours of the internship work. Evaluation is based on the student’s work, the completed form by supervisor of internship, and assigned papers and journal.

4915 Honors Independent Off-Campus Internship (1-6)
Prerequisites: as for HONORS 4910. This course is designed for 1 to 6 hours for an outside internship, approved by the Honors College. The student will not be on campus for the hours of this internship and must work for the internship will be submitted online to the Honors College internship supervisor.

Jennifer Taylor, Lecturer  
MSN, University of Missouri-St. Louis

General Information

The College of Nursing offers academic nursing programs at the undergraduate and graduate levels. Knowledge and skills needed to complete the professional licensure examination to become a registered nurse are available through a basic baccalaureate option. Nurses who have obtained their basic nursing education through associate degree or diploma nursing programs may fulfill the requirements for the B.S.N. completion option without repetition of previous nursing education. The Master of Science in nursing program, offers studies in the roles of nurse educator and advanced practice nursing. The Ph.D. program in Nursing is offered in cooperation with the Schools of Nursing at University of Missouri Columbia and Kansas City. Admission to the Ph.D. program is available at the post B.S.N. and M.S.N. levels. The Doctor of Nursing Practice program is offered in cooperation with the University of Missouri-Kansas City and prepares students for the highest level of advanced clinical nursing practice.

Undergraduate Studies

The College of Nursing provides course work leading to the Bachelor of Science in nursing (BSN). The program is accredited by the Commission on Collegiate Nursing Education through June, 2010 and approved by the Missouri State Board of Nursing through December, 2009. The undergraduate program offers two means for achieving the bachelor’s degree in nursing: studies that are preparatory for completion of the professional nurse licensure examination (pre-licensure track) and advanced placement for the professional registered nurse without repetition of fundamental nursing and clinical courses (RN/BSN track). An accelerated pre-licensure option is available for qualified persons who hold earned degrees in nonnursing fields, or outstanding students who have completed all prescribed general education and science course work. Baccalaureate students meeting admission criteria may participate in the Pierre Laclede Honors College. **Students who have been dismissed from another nursing program are not eligible for admission to the pre-licensure BSN program.**

Bachelor's of Science Degree in Nursing (BSN) - Traditional 4 Year Track Admission (Pre-licensure)

BSN Traditional Admission Criteria

NURSING MAJOR (Pre-clinical)

Students admitted to the nursing major begin by completing all nursing prerequisites and general education coursework. Admission to the nursing major does not guarantee enrollment in clinical nursing courses unless a student is admitted into the Freshmen Honors Program. In order to be considered for the nursing major students must meet the following criteria:

Freshmen Honors Program

First-time freshmen and applicants with fewer than 24 transferable college credit hours:

- Minimum cumulative G.P.A. of 3.0 on 4.0 scale
- High school class rank in upper ¼ of graduating class.
- Minimum ACT of 24.

**Note:** Students admitted to the Honors Nursing Program will be guaranteed a space in the clinical major, providing satisfactory academic progress.

General Freshmen Admission Nursing Major (Pre-clinical) Admission Criteria

First-time freshmen and applicants with fewer than 24 transferable college credit hours:

- Minimum cumulative G.P.A. of 2.5 on 4.0 scale
- High school class rank in the upper 1/3 of graduating class
- Minimum ACT of 21
Transfer Admission to Nursing Major (Pre-clinical) Criteria
Applicants with 24 or more transferable college credit hours:

- Minimum 2.5 G.P.A. on 4.0 scale on 24 or more transferable credit hours from an accredited college or university.

Clinical Major Admission Criteria for 4 Year Traditional Track
Spaces for the clinical nursing major are assigned on a competitive and space available basis for each admission period. Applicants must meet the following criteria:

- Minimum 2.5 cumulative G.P.A. on 4.0 scale (all attempts of all transferable courses calculated)
- Completion of all prerequisite courses (minimum grade of C-)
- Minimum 2.5 cumulative G.P.A. in Chemistry, Anatomy and Physiology I & II, and Microbiology (first attempt calculated only)
- Required science courses completed within 10 years prior to enrollment

BSN Traditional Application Procedure

To Apply For Nursing Major (Pre-clinical)
First-time freshmen and applicants with fewer than 24 transferable college credit hours, send the following:

- Completed University application
- Official high school transcripts or GED score
- Official ACT or SAT score
- Official college transcripts, if applicable

Applicants with 24 or more transferable college credit hours, send the following:

- Completed University application
- Official college transcripts

To Apply For Clinical Major in the 4 Year Traditional BSN Track
To be considered for the clinical major, students must file a separate clinical major application available through the College’s website or Office of Student Services and send it directly to the College of Nursing. Students must complete an application for the Clinical Major during their last semester of enrollment in prerequisite coursework and send the following:

- Completed University application
- Completed College of Nursing Clinical Major application
- Official college transcripts

Application deadlines for the clinical major
To be admitted to the clinical nursing major all material must be submitted to the College of Nursing, Office of Student services by the following dates:

- Fall admission – February 1st
- Spring admission – October 1st

BSN Accelerated Track (Pre-licensure)

Accelerated Track Admission Criteria

Degree or transfer pathway to accelerated option

- Baccalaureate or degree from a regionally accredited college or university or a minimum of 62 transferable credit hours from a regionally accredited college or university.
- Minimum grade point average of 3.0 on 4.0 scale for students with baccalaureate or higher degree or 3.2 on a 4.0 scale for students not holding a baccalaureate degree.
- Completion of all prerequisite general education and science courses for the major in nursing with grade of C or higher.
- Required science courses completed within 10 years prior to enrollment.
- Application deadlines for the Accelerated track.
- To be admitted to the accelerated track that begins in May of each year only, all materials must be submitted to the College of Nursing, Office of Student Services by the following dates: Early acceptance deadline - September 15th
Regular acceptance - deadline - February 1st

For specific information regarding the B.S.N. degree program, contact Office of Student Services at (314) 516-6066 or 1-888-NURSEUM or visit the College of Nursing website.

Credit by Transfer and Examination
Credit may be granted for selected general studies. See Admission and Application Procedure section in this Bulletin for credit information.

Degree Requirements for B.S.N.

The bachelor of science in nursing degree requires comprehensive course work in general education and nursing. Basic undergraduate nursing course work includes theory, on-campus laboratory and clinical activities. Clinical experiences require weekday, evening, and/or weekend commitments. Full-time study in the pre-licensure baccalaureate track can be completed in four academic years. The pre-licensure accelerated track requires full-time study and can be completed in 15 months. The RN/BSN track is offered at selected metropolitan sites, on-campus, and by Internet. Clinical activities in the RN/BSN Program are community-based and may be completed in the student’s home community.

Upon completion of the BSN program, students are expected to have achieved the following learning outcomes:

1. Integrate into practice theories and concepts from nursing, the arts, sciences and humanities to provide comprehensive nursing care in a variety of settings.
2. Integrate critical thinking and problem solving in professional practice.
3. Administer competent, compassionate, holistic care to a diverse population of individuals, families, groups and communities.
4. Apply research from nursing and related disciplines to enhance care and guide professional practice.
5. Utilize interpersonal communication, and educational strategies that enhance the quality of personal and professional relationships.
6. Integrate principles of management and leadership in organizing, coordinating, and directing outcome-based professional practice.
7. Assume responsibility and accountability for decisions and actions based on intrapersonal values, ethical and legal obligations, standards of practice and economics.
8. Participate in professional and community organizations to effect societal change.
9. Exhibit motivation and self-direction in activities that contribute to personal, professional and intellectual development.

Satisfactory/Unsatisfactory (Pass/Fail) Grading
Undergraduate nursing majors may not take required prerequisite general education or nursing courses on a satisfactory/unsatisfactory basis.

Undergraduate Degree Requirements

General Education Requirements
Nursing majors must complete all general education requirements of the university as outlined in this Bulletin (see Undergraduate Studies, General Education Requirements).

In addition to meeting the university's general education requirements, the following prerequisite courses must be completed prior to beginning the clinical major. See a curriculum planning guide for specific courses and proper sequencing.

1) Natural science course work
    BIOL 1131, Human Physiology and Anatomy I
    BIOL 1141, Human Physiology and Anatomy II
    BIOL 1162, General Microbiology
    CHEM 1052, Chemistry for Health Professions (or equivalent)

2) Behavioral and social science course work
    PSYCH 1003, General Psychology
    PSYCH 1268, Human Growth and Behavior
    ECON 1000, Introduction to American Economy (or equivalent)
    Social science elective

3) Humanities
    Any Philosophy course (as part of the University’s 3 humanities requirement)

4) Nursing
    NURSE 1010, Orientation to Nursing
NURSE 2103, Nutrition and Health (or equivalent)
NURSE 2105, Communication in the Nursing Profession (or equivalent)
NURSE 3799, Quantitative Analysis in the Health Sciences (or equivalent)

Nursing Course Work Requirements

PRE-LICENSURE - 4 year traditional and accelerated tracks
3101, Nursing and Health *
3106, Assessment of Clients in Health and Illness*
3110, Pathophysiological Bases of Nursing Practice
3111, Pharmacotherapeutics in Nursing Practice
3205, Adult Health Nursing I*
3206, Adult Health Nursing II*
3214, Psychiatric Mental Health Nursing*
3215, Nursing of Women and Childbearing Families*
3216, Child and Family Health Nursing*
3804, Ethical and Legal Dimensions of Nursing Practice
3807, Nursing Research
3808, Management and Leadership in Nursing
3817, Introduction to Nursing and Health Informatics
4300, Community Health Nursing*
4310, Senior Synthesis*
Nursing elective (required for 4 year traditional track students)

Students are required to furnish their own transportation to and from campus and clinical agencies. Students must have automobile access for all community experiences through the program.

POST LICENSURE RN to BSN
The RN to BSN curriculum is designated to be completed in six consecutive semesters and takes two years to complete. The innovative FLEX Program offers flexibility and accessibility in a part-time program. The FLEX Program allows students to choose to complete their BSN online, on campus, or at various satellite sites in the St. Louis area.

Admission Requirements RN to BSN include:

- Admission to the University (see Undergraduate Admission and Application Procedure section in this Bulletin.)
- Graduate of either an accredited diploma or associate degree program in nursing.
- Evidence of current licensure as a registered nurse with eligibility for licensure in Missouri.
- Cumulative grade point average of 2.5 (4.0 scale) on a minimum of 30 transferable credit hours (excluding nursing course work)

RN to BSN FLEX required nursing courses
3807, Nursing Research (or equivalent)
3808, Management and Leadership in Nursing
3817, Introduction to Nursing and Health Informatics
3900, Dimensions of Professional Nursing
3920, Health Assessment*
4901, Family and Community Nursing*
4905, Values in Professional Nursing
4911, Synthesis in Nursing Practice*
* Includes a laboratory and/or clinical component

Graduate Studies

Master of Science in Nursing
The College of Nursing offers master’s degree nursing studies in two functional roles: nurse educator, and advanced practice nurse. Students with master’s degrees in nursing who wish to pursue one of the nurse practitioner specializations may complete a Post-MSN graduate certificate option. Our MSN programs are offered cooperatively with the University of Missouri-Kansas City and the University of Missouri-Columbia. All MSN students complete the MSN core curriculum and functional role required courses.

This graduate program offers students two functional roles: 1) nurse educators complete a minimum of 36 credit hours with emphasis in the role of the nurse educator; and advanced practice nurses (APN) complete a minimum of 43 credit hours with emphasis in the role of advanced practice nurse (clinical nurse specialist or nurse practitioner). Advanced practice graduates will be eligible to complete national certifying examinations in their functional role. Current APN roles include Adult Nurse Practitioner, Family Health Nurse Practitioner, Neonatal Nurse Practitioner, Pediatric Nurse Practitioner and Women’s Health Nurse Practitioner. Graduates completing the practitioner functional options are eligible for recognition as advanced practice nurses in Missouri. Upon completion of the MSN degree requirements,
this degree is awarded by the UMSL Graduate School. Building on baccalaureate nursing education, and on completion of the MSN program or post MSN graduate certificate options, students will be able to:

- Demonstrate integration of advanced knowledge and skills within the context of an advanced professional.
- Provide leadership with interprofessional colleagues engaging strategic partners to improve health care outcomes and patient safety.
- Integrate informatics in the design, implementation and evaluation of population-specific interventions.
- Evaluate research findings to implement and disseminate evidence based professional nursing practice.
- Provide ethically grounded, culturally competent health promotion* with diverse populations.

**MSN and Post-MSN Program Requirements**

- B.S.N. or M.S.N. from a nationally accredited nursing program
- Minimum cumulative grade point average of 3.0 (4.0 scale)
- Current professional licensure with eligibility for Missouri license
- Successful completion of an undergraduate general statistics course
- Successful completion of an undergraduate health assessment course or equivalent
- Two letters of reference regarding the applicant’s academic potential (NP option)
- Narrative outlining goals (NP option)
- Two years of clinical experience with chosen population are preferred prior to starting clinicals.
- Computer literacy

**Neonatal Nurse Practitioner (NNP) students must also submit:**

- Evidence of 2 years of neonatal nursing experience within the last 5 years and a minimum of one year experience in a Level 3 NICU
- Evidence of Neonatal Resuscitation Program certification
- Must reside in the United States

Availability of clinical resources may limit the number of applicants accepted to the practitioner options. Students are required to suggest their own Preceptors for the Nurse Practitioner Clinical Courses NURSE 6954 and NURSE 6955. Deadline for fall admission is April 1 or July 1. Deadline for spring Admission is October 1.

**Degree Requirements**

**MSN Core Courses (required of all MSN students)**

- 6104, Values and Cultural Diversity in Advanced Practice
- 6106, Policy, Organization, and Financing of Health Care
- 6140, Health Promotion Across the Life Span
- 6111, Theoretical Foundations in Nursing
- 6112, Nursing Research Methods
- 6114, Evidenced Based Nursing

**Nurse Educator**

- 6309, Role of the Nurse Educator
- 6320, Learning and Curriculum Development in Nursing
- 6321, Instructional Strategies in Nursing Education
- 6952, Synthesis Practicum
- EDUC 6410, The Adult Learner

ED REM 6707, Classroom Measurement and Evaluation or ED REM 6709, Educational and Psychological Measurement

**Advance Practice Nurse (Nurse Practitioner option)**

- 6509, Role of the Clinical Nurse Specialist/Nurse Practitioner
- 6518, Pathophysiology for Advanced Nursing Practice
- 6520, Pharmacology for Advanced Nursing Practice
- 6739, Adult Primary Care I: Diagnosis & Management in ANP AND
- 6740, Adult Primary Care II: Diagnosis & Management in ANP OR
- 6741, Family Health I: Diagnosis & Management in ANP AND
- 6742, Family Health II: Diagnosis & Management in ANP OR
- 6743, Child Health I: Diagnosis & Management in ANP AND
- 6744, Child Health II: Diagnosis & Management in ANP OR
- 6746, Women's Health I: Diagnosis & Management in ANP AND
- 6747, Women's Health II: Diagnosis & Management in ANP AND
- 6954, Advanced Practice Nursing: Internship I
Post-MSN requirements are tailored to the individual student, depending on past academic work, experience and the student’s goals. Upon completion of the post-MSN requirements, a graduate certificate is awarded by the College of Nursing.

**Doctor of Nursing Practice (DNP)**

The focus of the DNP program is preparation, at the highest level, of leaders in clinical nursing who can improve quality of care for individuals and populations through advanced practice and through improving systems of care. The curriculum is based on national standards for DNP education. The DNP is offered cooperatively with UM-KC and is based on the needs of each campus and their communities of interest.

The DNP program is designed for graduates to attain the following program outcomes:

- Generate integrated clinical and translational strategies to improve health care delivery and health outcomes in the region and in complex clinical environments
- Use clinical scholarship and analytical methods in collaboration with multiple disciplines to shape healthcare delivery and policy
- Lead the health care community by providing excellence in advanced clinical nursing practice.

Courses are designed to support nursing science, clinical research, leadership and a specialty area. Concepts woven throughout the courses will include methodologies for translating research into practice, using culturally competent leadership techniques with diverse and underserved populations, advanced nursing science and clinical scholarship, clinical prevention, advanced nursing practice and clinical decision making, understanding organizational systems and change, and policy development. The DNP program is available for currently certified APNs who have completed an accredited MSN degree. This program is administered by the UMSL Graduate School.

Program requirements are listed below and are provisional, pending University Senate approval.

**Admission Requirements**
The deadline for DNP applications for admission is April 1. Admission may be considered at a later date depending on space.

- Graduation from a MSN program with national nursing accreditation
- GPA of 3.0 or higher
- 2 Reference letters
- An identified preceptor who will mentor the student during clinical practica*
- A proposed DNP project that matches faculty expertise
- Acceptable GRE scores, including writing test
- Graduate level general statistics course
- Interview by invitation
- Evidence of current advanced practice certification and
- Currently practicing in an advanced practice role
- Current APN status in Missouri or eligible to apply for Missouri APN status

* Preceptors must be approved by faculty based on criteria available from the College of Nursing.

The DNP curriculum is divided into 4 general categories:

- Leadership development and change
- Policy
- Practice-focused evaluation/translational research
- Clinical excellence

**Degree Requirements**

Completion of the DNP program requires the following courses:

- NURSE 7402 Research Institute I (2)
- NURSE 7200 Nursing Science (3)
- NURSE 7211 Biostatistics I (3)
- NURSE 7220 Leadership in Practice (3)
- NURSE 7230 Epidemiology (3)
- NURSE 7240 Health Informatics (3)
- NURSE 7250 Frameworks for Health Care Delivery (3)
- NURSE 7260 Program and Practice Evaluation (3)
- NURSE 7270 Policy Application for Improved Health Outcomes (3)
- NURSE 7291 Clinical Scholarship 1 (3)
- NURSE 7292 Clinical Scholarship 2 (3)
- NURSE 7293 Clinical Scholarship 3 (3)
- NURSE 7299 DNP Seminar (1-3)

Near the end of the DNP program, students will complete a clinically focused project that satisfies the
Graduate School dissertation requirements.

Total minimum graduate credit hours 41

**Doctor or Philosophy in Nursing (Ph.D.)**
The Ph.D. in nursing program at the University of Missouri - St. Louis affords students with academic, clinical, and research resources of the University of Missouri system through a cooperative arrangement with the Schools of Nursing in Kansas City and Columbia. Upon completion of all degree requirements, the Ph.D. degree is awarded by the UMSL Graduate School.

The Ph.D. in nursing curriculum is divided into three general categories of knowledge:

- Nursing Theory/Science/Modes of Inquiry
- Quantitative and qualitative research methods
- Philosophical foundations of science

The Ph.D. program is designed for graduates to attain the following outcomes:

- Develop skills and knowledge to establish a program of research and scholarship.
- Design, conduct and disseminate a dissertation that contributes to nursing knowledge.
- Translate nursing research into practice and policy.
- Assume leadership roles in health care by collaborations and partnerships with institutions in the greater St. Louis region. Improve the health care quality of life of individuals/families/communities regionally, nationally and internationally.

**Admission Requirements**
The deadline for Ph.D. applications for admission is April 1. Admission may be considered at a later date depending on space. Applicants are evaluated based on the following criteria:

- Graduation from a nationally accredited baccalaureate program with 3.2 minimum GPA (4.0) scale. (post-BSN track) OR from a nationally accredited master’s program with a 3.5 minimum GPA (4.0) scale. (post-MSN track)
- Satisfactory Graduate Record Examination (GRE) scores
- Two letters of reference
- Original essay on professional goals and research interests
- Interview by invitation

International applicants must meet minimum requirements on tests of written and spoken English (TOEFL, Minimum 550 or better is desired). And, international students must also apply through the International Student Services Office.

**Degree Requirements**
While each program of study is individualized, Post-BSN students complete a minimum of 72 hours of graduate-level course work. Post-MSN students complete 45 credit hours. A maximum of 30 M.S.N. hours, which support the program of study, are individually evaluated to determine eligibility for the application of candidacy.

The following defines the overall structure of the program:

**Nursing Theory/Science/Modes of Inquiry**

Nursing Theory, 6-9 hours within the College of Nursing that include the development of nursing science and theory.

Philosophical foundations of science

Advanced nursing theory development and validation

**Nursing Science, 9-16 hours within the College of Nursing. Of these courses, students choose at least one course from one of the three substantive areas:**

- Health Promotion and Protection
- Health Restoration and Support
- Health Care Systems

**Quantitative & Qualitative Research Methods**

Philosophical Foundations of Science

**Research and Inquiry, 6-12 hours external to the College of Nursing, such as advanced statistics, research design, or computer applications.**

**Nursing Research and Inquiry, 12-18 hours within the College of Nursing that include quantitative design, and methods in nursing research; advanced qualitative design methods and analysis of nursing data; advanced quantitative measurement and analysis of nursing data; and qualitative methods in nursing research.**
Dissertation, 12 hours

Cognates, 9-12 hours outside the discipline of nursing which support the selected substantive area.

**Professional Organizations**

**Sigma Theta Tau International Honor Society for Nursing**
Nu Chi is the College of Nursing's official chapter of Sigma Theta Tau International Honor Society. Membership is offered by invitation to nursing students in the upper third of their class and to nurses recognized as outstanding community nursing leaders.

**Student Nurses' Association**
The College of Nursing is a constituent of the National Student Nurses' Association. The purpose of the organization is to provide baccalaureate students an opportunity to connect with the nursing profession through service and professional development activities. The organization is open to all nursing majors and clinical nursing majors.

**Black Student Nurses' Association**
The College of Nursing is a constituent of the Black Student Nurses' Association. The purpose of this organization is to provide black nursing students in the prelicensure baccalaureate program the opportunity to serve as a support group for African-American students, collaborate with other African-American groups to compile archives relevant to African-American nurses, and to promote participation in interdisciplinary activities.

**CONTINUING EDUCATION-EXTENSION**
Continuing Education offerings in nursing are presented to provide nurses with new information, techniques, and trends within the nursing profession.

**INTERNATIONAL STUDENTS**
All students with International or Permanent Resident status are required to complete an English as a second language (ESL) assessment with the UMSL ESL office. Based upon this assessment students may be required to complete recommended ESL courses before enrolling in nursing courses.

This section contains an abbreviated version of the College of Optometry Bulletin. Some information is omitted.

For the most complete and accurate information regarding the Optometry program at UMSL, please go to the College of Optometry Home Page.

The College of Optometry Bulletin (PDF)

Administration and Faculty

Larry J. Davis, Associate Professor and Dean
O.D., Indiana University; Residency, Contact Lenses, University of MissouriSt. Louis

Vinita A. Henry, Clinical Professor and Director, Residency Programs, Co-Chief Contact Lens Service and Program Coordinator for Residency, Contact Lenses;
O.D., Residency, Contact Lenses, University of MissouriSt. Louis

Raymond I. Myers, Clinical Professor
O.D., Indiana University

Carol K. Peck, Professor
Ph.D., Postdoctoral Fellow, University of CaliforniaLos Angeles

Timothy A. Wingert, Professor, Chief of Third-year Primary Care Service
O.D., Illinois College of Optometry

William G. Bachman, Associate Professor
M.S., University of AlabamaBirmingham, O.D., Southern College of Optometry

Carl J. Bassi, Associate Professor; Director of Research and Graduate Studies,
Ph.D., Vanderbilt University, Postdoctoral Fellow, University of Southern California, Doheny Eye Institute

Edward S. Bennett, Associate Professor; Director of Student Services; Co-Chief, Contact Lens Service
M.S.Ed., O.D., Indiana UniversityBloomington

Ralph P. Garzia, Associate Professor and Assistant Dean for Clinical Programs;
O.D., Residency, Pediatric Optometry, Pennsylvania College of Optometry

Thomas Landgraf, Clinical Associate Professor
O.D., Illinois College of Optometry
Residency, Primary Care, Pennsylvania College of Optometry

W. Howard McAlister, Associate Professor
M.A., Webster College, M.P.H., University of Illinois at the Health Sciences CenterChicago, O.D., The Ohio State University

Gerald A. Franzel, Associate Clinical Professor; Associate Dean for the Division of Continuing Education
O.D., University of Houston

Kathleen Boland, Assistant Clinical Professor
O.D., University of Missouri-St. Louis

John Crane, Assistant Clinical Professor
O.D., University of Missouri-St. Louis

James A. DeClue, Adjunct Assistant Professor
O.D., Illinois College of Optometry

Julie Ott DeKinder, Assistant Clinical Professor
O.D., Northeastern State University; Residency, Cornea and Contact Lens, University of Missouri-St. Louis

Aaron S. Franzel, Assistant Clinical Professor, Chief Pediatric/Binocular Vision Service, Pediatrics
O.D., University of MissouriSt. Louis

Christine Garhart, Assistant Teaching Professor
D.V.M., Ph.D., University of Missouri-Columbia, Case Western Reserve University

Alexander J. Harris, Assistant Clinical Professor, Director of Externship Programs and Minority Affairs Advisor
M.A., Washington University, O.D., University of MissouriSt. Louis

Edward Jarka, Assistant Clinical Professor; Center Coordinator
O.D., Illinois College of Optometry; M.S., Western Illinois University

Linda Marks, Assistant Clinical Professor
O.D., Ferris State University: Residency, Pediatric Optometry, University of Missouri-St. Louis

**Erwin Wong**, Assistant Professor
O.D., Southern California College of Optometry; Ph.D., University of Houston Postdoctoral Fellow, University of California, Berkeley, and Washington University

**Jeffrey L. Weaver**, Adjunct Professor
M.S., The Ohio State University, M.B.A., Drury College; O.D., Pennsylvania College of Optometry; Residency, Family Practice, The Ohio State University

**Leonard L. Naeger**, Adjunct Associate Professor
Ph.D., University of Florida; Residency, Hospital-Based Pharmacy, VA Medical Center, St. Louis

**Lee J. Browning**, Adjunct Assistant Professor
O.D., University of Missouri-St. Louis, Residency, Northeastern State University, Tahlequah, OK

**Brian Brunig**, Adjunct Assistant Professor
O.D., University of Missouri-St. Louis

**Beth A. Henderson**, Adjunct Assistant Professor
O.D., The Ohio State University

**Vivian Kloke**, Adjunct Assistant Professor
O.D., University of Missouri-St. Louis

**Eric Polk**, Adjunct Assistant Professor
O.D., University of Missouri-St. Louis

**Mary Beth Rhomberg**, Adjunct Assistant Professor
O.D., University of Missouri-St. Louis

**Joseph Venverloh**, Adjunct Assistant Professor
O.D., University of Houston, M.S. University of Houston

**Stephen Viola**, Adjunct Assistant Professor
Ph.D., Indiana State University

**Gary Vogel**, Adjunct Assistant Professor
O.D., Ohio State University

**Deborah Iadevito**, Specialist
M.Ed., University of Missouri-St. Louis

**Maureen McCarthy**, Specialist
M.Ed., University of Missouri-St. Louis

Off-Campus Adjunct Faculty

**Joseph H. Maino**, Adjunct Professor
O.D., Illinois College of Optometry; Residency, Rehabilitative Optometry, VA Medical Center, Kansas City

**Sean Mulqueeny**, Adjunct Associate Professor
O.D., University of Missouri-St. Louis

**Stuart Richer**, Adjunct Associate Professor
O.D., University of California

**Richard Wilson**, Adjunct Associate Professor
O.D., University of Missouri-St. Louis

**Levent Akduman**, Adjunct Assistant Professor
M.D., Hace Hepe, University of Turkey

**Ronald Bateman**, Adjunct Assistant Professor
O.D., Indiana University Bloomington

**P. Douglas Becherer**, Adjunct Assistant Professor
O.D., Southern College of Optometry

**Robert Brusatti**, Adjunct Assistant Professor
O.D., University of Missouri-St. Louis

**James Bureman**, Adjunct Assistant Professor
O.D., Illinois College of Optometry

**Carmen Castellano**, Adjunct Assistant Professor
O.D., Illinois College of Optometry

**Walter Choate**, Adjunct Assistant Professor
O.D., Southern College of Optometry

**Diane Curry**, Adjunct Assistant Professor
O.D., University of Missouri-St. Louis

**Cheryl Davidson**, Adjunct Assistant Professor
O.D., University of Missouri-St. Louis

**Michelle Dent**, Adjunct Assistant Professor
O.D., V.A. Wichita, Kansas

**Gail B. Doell**, Adjunct Assistant Professor
O.D., University of Missouri-St. Louis

**John Galanis**, Adjunct Assistant Professor
M.D., St. Louis University

**John M. Garber**, Adjunct Assistant Professor
O.D., Southern College of Optometry

**Sarah Gerdes**, Adjunct Assistant Professor
N. Rex Ghormley, Adjunct Assistant Professor  
O.D., Southern California College of Optometry

Steven J. Grondalski, Adjunct Assistant Professor  
O.D., Pennsylvania College of Optometry

Timothy Harkins, Adjunct Assistant Professor  
O.D., Southern California College of Optometry

Steven Hill, Adjunct Assistant Professor  
O.D., Illinois College of Optometry

James Hoekel, Adjunct Assistant Professor  
O.D., University of Missouri-St. Louis

Timothy Hug, Adjunct Assistant Professor  
O.D., University of Houston

Kristen Jalouszynski, Adjunct Assistant Professor  
O.D., SUNY College of Optometry

Residency, Ocular Disease/Low Vision Rehabilitation, Kansas City Veteran's Affairs Medical Center

Jeffrey Kempf, Adjunct Assistant Professor  
O.D., Southern College of Optometry

Deborah Kerber, Adjunct Assistant Professor  
O.D., University of Missouri-St. Louis

Sean Knaak, Adjunct Assistant Professor  
O.D., Indiana University School of Optometry

Residency, Hospital Based Rehabilitative Optometry, Kansas City Veterans Affairs Medical Center

Harry Knopf, Adjunct Assistant Professor  
M.D., Harvard Medical School

Robert A. Koetting, Adjunct Assistant Professor  
O.D., Southern College of Optometry

Linda Lucas, Adjunct Assistant Professor  
O.D., Indiana University School of Optometry

John A. McGreal, Jr., Adjunct Assistant Professor  
O.D., Pennsylvania College of Optometry

Daniel Osborn, Adjunct Assistant Professor  
M.D., Indiana University School of Medicine

Arraya Paksin-Hall, Adjunct Assistant Professor  
O.D., University of Missouri-St. Louis

Residency, Ocular Disease, Harry S. Truman Veterans Affairs Medical Center, Columbia, MO; Residency, Primary Care, University of Missouri-Columbia School of Medicine

David Pierce, Adjunct Assistant Professor  
O.D., Southern College of Optometry

Thomas I. Porter, Adjunct Assistant Professor  
O.D., Southern College of Optometry

Paul Resler, Adjunct Assistant Professor  
O.D., Illinois College of Optometry

Byron A. Santos, Adjunct Assistant Professor  
M.D., University of San Carlos

Carol Scott, Adjunct Assistant Professor  
O.D., Southern College of Optometry

Don Simpson, Adjunct Assistant Professor  
O.D., Indiana University

Craig Sorce, Adjunct Assistant Professor  
O.D., University of Missouri-St. Louis

Amy Sullivan, Adjunct Assistant Professor  
O.D., Southern College of Optometry

Joe Sullivan, Adjunct Assistant Professor  
O.D., Illinois College of Optometry

Claude Valenti, Adjunct Assistant Professor  
O.D., University of Pennsylvania

John Volosin, Adjunct Assistant Professor  
O.D., Northeastern State University Oklahoma College of Optometry, Tahlequah, OK

Paul Whitten, Adjunct Assistant Professor  
O.D., University of Missouri-St. Louis

Carrie Williams, Adjunct Assistant Professor  
O.D., Southern College of Optometry

Melissa Wisniewski, Adjunct Assistant Professor  
O.D., Pennsylvania College of Optometry

Jack Yager, Adjunct Assistant Professor  
O.D., Ohio State University

Dwayne Young, Adjunct Assistant Professor  
O.D., Indiana University
General Information

The UMSL College of Optometry enrolled its first class in 1980, graduating 32 students in May 1984. The college is located on the South Campus complex of the University of Missouri-St Louis at 7800 Natural Bridge Road. A five-story building houses the college’s classrooms, laboratories, research facilities, administrative offices, library, and the Center for Eye Care campus facility (the University Eye Center).

The College of Optometry is a member of the Association of Schools and Colleges of Optometry (ASCO) and is accredited by the Accreditation Council on Optometry Education (ACOE).

The Doctor of Optometry (O.D.) Degree

A student who satisfactorily completes all four years of the professional curriculum will be eligible to receive the doctor of optometry degree. The training and clinical experience optometry students receive at UMSL qualifies graduates to practice optometry in any state in the nation.

Center for Eye Care

The Center for Eye Care provides a patient care learning environment for third-year and fourth-year optometric students and residents. The Center for Eye Care includes four locations: the University Eye Center on the UMSL South Campus, the Optometric Center in the Central West End of the city of St. Louis, the East St. Louis Eye Center, and the Harvester Eye Center in St. Charles, MO. These and other affiliated health centers in the St. Louis area provide an instructional setting where student interns are exposed to a wide variety of patients under the direct supervision of full-time or part-time clinical faculty. Equally important is that these Centers provide exemplary, comprehensive and state-of-the-art optometric care to their patients.

The Centers provide a full range of optometric services to patients including primary eye care, contact lens, pediatric/binocular vision, low vision, and eye health management.

Situated in Missouri’s largest metropolitan area, the college enjoys the city’s strong community and professional support. The urban setting offers many opportunities for outreach programs, expanding the scope of optometric education and making available highly diverse programs of clinical training. Another asset of the College is the location of the national headquarters of the American Optometric Association, approximately twelve miles from the campus.

The curriculum leading to the doctor of optometry degree is a four year, full time program of study. The first year of the professional curriculum emphasizes optical and biomedical sciences and introduces students to optics of the visual system. The second year covers vision science and instruction in eye examination techniques. The third year emphasizes patient care and introduces the student to specialty areas within optometry, such as contact lenses, pediatrics and geriatric vision care, binocular vision and vision therapy, and low vision rehabilitation. The second and third years also include course work and clinical instruction in ocular disease and pharmacology. The fourth year includes six rotations through the externship program, giving the student added experience in the management of eye diseases, as well as valuable experience in other optometric clinical specialties.

Fourth-Year Externship Program

In addition to the patient care experiences available through the University Eye Center, Optometric Center, the East St. Louis Center, and the Harvester Eye Center, the College of Optometry also has a diverse Externship Program. Students must receive approval from the faculty and the Director of Externships for assignments to each Externship site. This program allows fourth-year students to spend a portion of their final year of training in a variety of patient care environments (i.e., military bases, Veterans Administration Hospitals, Indian Health Services Hospitals, various specialty practices and private practices).

These eight (8) week externships are selected and scheduled according to the individual student’s interest, needs and future practice intentions. In this program, students leave the academic environment and begin working with selected practicing optometrists while continuing to be monitored by the Centers through weekly reports of all patient experiences and activities. The externship rotations are set up to give students exposure in the following areas:

- Pediatric/Binocular Vision Patient Care
- Contact Lens Patient
- Low Vision Patient
- General (Primary Optometric) Patient Care
- Ophthalmic Lasers
- Ocular Disease
- Geriatric Patient Care
- Ophthalmic Surgical Patient Care
- Sports Vision Patient Care
- Pathology and Treatment Patient Care
- Optometric Rehabilitation Patient Care
Externships Rotations are located at a variety of domestic and international sites.

**Student Organizations & Activities**

All optometry students enrolled in the University of Missouri St. Louis College of Optometry are eligible for membership in the various student optometric associations, including AOSA affiliated with the American Optometric Association and MOSA which is affiliated with the Missouri Optometric Association. Through these organizations, and many others, students become involved in local and national optometric activities. The organizations provide an environment for the cultivation of professional leadership skills, and members have organized and participated in a variety of community service activities, including community health screenings and vision care to residents of nursing homes, convalescent hospitals, and mental institutions. Furthermore, optometry students have formed local chapters of SVOSH (Student Volunteer Optometric Services to Humanity), an international organization of optometrists providing free vision care to people in impoverished nations, and the NOSA (National Optometric Student Association), which strives to recruit minority students into optometry and encourages retention of minority students.

In addition to the many activities through the College of Optometry, optometry students are able to take advantage of all the activities provided by the university to the entire university community. These include intramural sports, movies and cultural activities, a modern, fully equipped gymnasium, and access to many social and cultural opportunities in St. Louis at reduced cost.

**Pre-Optometry Programs**

The University of Missouri-St. Louis offers a four-year program of study leading to the doctor of optometry degree; this professional degree is administered by the College of Optometry. It is one of only 17 currently accredited schools of optometry in the United States and the only one in the state of Missouri. This program, as a result, makes UMSL an ideal institution for pre-optometry education. Various programs are available for pre-optometry as noted below.

Students may pursue a traditional 4 + 4 program, which is a bachelor’s degree followed by the four-year graduate optometry program. In this case, students may pursue any bachelor’s degree, as long as the pre-optometry requirements are met in biology, chemistry, math, physics, psychology and English.

Alternatively, the Department of Biology and the Department of Physics and Astronomy sponsor 3+4 Programs for the UMSL College of Optometry, for which a student may be admitted to the College of Optometry after completing three years (90 semester hours) of study in their respective majors and successful completion of the Optometry Admission Test (OAT).

The Pierre Laclede Honors College and the College of Optometry also offer the Scholars Program, which allows a student to complete both the undergraduate and doctor of optometry degrees in seven years. To qualify for this program, a student must be a senior in high school; score a minimum composite of 27 on the ACT; and be accepted to the UMSL Pierre Laclede Honors College program. For more information about the Scholars Program, contact the Pierre Laclede Honors College, (314) 516-7769.

For the programs described above (Scholars or 3+4), the undergraduate degree is granted when the student satisfactorily completes the first year of the professional program and has met all of the conditions for the specific undergraduate degree for which the student has applied. 1) All general education requirements and all requirements for the biology or physics major, or other major, except electives, must be completed. 2) Any deficiency in required courses must be remedied with courses taken at UMSL within three years after entering the College of Optometry. 3) Up to 6 hours from the College of Optometry may be substituted for undergraduate degree in Biology with approval of the Department of Biology. 4) Up to six hours is used to satisfy degree requirements in biology, and 14 hours in physics to complete the B.S. in Physics degree. For more information, contact the Department of Biology, (314) 516-6200 or the Department of Physics and Astronomy at (314) 516-5931. The Department of Chemistry offers a similar program, and may require summer research in order to complete the degree requirements for a B.A. or B.S. in Chemistry. For more information, please contact the Department of Chemistry and Biochemistry at (314) 516-5311.

In some cases, students are admitted to the optometry program without a degree.

Note: Math 1800, Analytical Geometry and Calculus I must be taken in the first semester for most 3+4 or Scholars Programs.

**Admission Requirements**

**Semester:**
- **English** - 2
- **Biology** (including laboratory)* - 3
- **Physics** (including laboratory) - 2
- **Chemistry**
- **General** (including laboratory) - 2
- **Organic** (including laboratory) - 1
- **Mathematics** ** **
Calculus - 1
Statistics - 1
Psychology - 2
Liberal Arts - 2

Quarter:
English - 3+
Biology (including laboratory)* - 4
Physics (including laboratory) - 3
Chemistry**
General (including laboratory) - 3
Organic (including laboratory) - 2
Mathematics ***
Calculus - 1
Statistics - 1
Psychology - 2
Liberal Arts - 2+

*One semester (or one quarter) of Microbiology with laboratory is a requirement. One semester of Anatomy or Physiology is recommended.

+Courses may be taken and accepted for prerequisite course work AP (Advanced Placement) without a grade if the student receives a 320 or higher on the Reading Comprehensive section of the OAT examination (see below, Admission Test and has a GPA of 3.0.

**One semester of Biochemistry, Cell Biology or Human/Comparative Physiology is recommended.

***Trigonometry as a prerequisite course for Calculus must be completed either in high school (official high school transcripts required as proof) or college.

The College of Optometry uses a rolling admissions process. All courses used to satisfy the admission requirements must have been taken at a fully accredited institution. Specific prerequisite courses must be taken for a letter grade; they cannot be taken as an audit or on a pass/fail or satisfactory/unsatisfactory basis. Applicants must have completed 90 semester or 135 quarter hours (the equivalent of three years of college education) before the start of classes. In order to process financial aid awards it is strongly recommended that students complete old prerequisite courses the spring prior to admission. The applicant cannot apply more than 60 semester hours or 90 quarter hours which were earned at a two year institution toward the credit hour requirement. Applicants holding a bachelor's degree will be given preference over applicants with similar academic credentials who do not have a degree. Applicants to the college come from a variety of undergraduate backgrounds, such as biological sciences, chemistry, psychology, education, and business.

Admission Test
Students should work with their undergraduate advisors as well as their academic advisor in optometry, to insure that all pre-requisite courses are taken prior to taking the Optometry Admission Test (OAT), which is required prior to being offered an interview for consideration for admission to the College of Optometry.

All applicants are required to take the Optometry Admission Test (OAT). The OAT is now offered through computer sites. As the computerized version may be scheduled at any time, please plan to take the OAT by June of the year you plan to apply in order to be considered for early admission. Official test scores are acceptable for up to three years from the testing date.

Applicants are encouraged to take the examination by June of the year of application to the College of Optometry. If applicants wish to enhance their scores, the examination may be repeated. For an OAT application packet and additional information, contact:

Optometry Admission Testing Program
211 East Chicago Ave.
Suite 1846
Chicago, IL 60611
(312) 440 2693
http://www.opted.org

Application Procedures
The Admissions Committee begins to process applications on August 1 for the class entering the following year. An applicant's file will be considered complete and ready for consideration by the Admission Committee when the following material has been received:

1. Application.
2. $50.00 non-refundable application fee.
3. Official high school and college transcripts, followed by updated transcripts as they become available.

( Exception: graduates of international programs see deadline requirement for all transcripts).
4. Official Optometry Admission Test (OAT) results.
5. A composite evaluation prepared by the preprofessional advisory committee at the educational institution the applicant is attending. Those applicants not currently attending college or who are at an institution that does not offer a committee evaluation will be required to submit four letters of recommendation.

Official transcripts must be mailed from every college attended, regardless of whether or not credit was earned.

Letters of recommendation must be mailed directly to the college by the originator. It is the applicant's responsibility to ensure all application materials are received in the office of Student Services by February 15 (International students: transcripts by December 15 year prior) to be considered for admission to the class entering in August of the same year. Facsimile (faxed) application material will be not accepted or acknowledged. Application material received after February 15 will not be evaluated for the class entering in August of the same year. To be considered for merit scholarships, there is an early enrollment deadline. All materials must be received by December 15 in order to be considered for the early application deadline. Applications received after that time will still be considered for admission but not additional awards, e.g. merit scholarships, state seat contracts.

All correspondence, inquiries and application material should be addressed to:

UMSL College of Optometry
Office of Student Services
317 Marillac Hall
One University Blvd.
St. Louis, MO 63121-4400

Applications may also be submitted online by accessing an application at the College of Optometry Home Page. Click on “applying to the college.”

International Students
International students whose native language is not English and who have spent less than two of the last three years in an English-speaking country are required to submit scores from an internationally accepted standardized examination before a decision is made on admission.

To complete their credential file, applicants are required to furnish original and official transcripts before December 15th the year prior to admission from each school and college attended both in this country and abroad. The Educational Credentials Evaluators, Inc. or the World Education Services must evaluate all foreign school and college transcripts and their evaluation submitted as part of the application requirement. For information contact:

Educational Credentials Evaluators, Inc.
Post Office Box 514070
Milwaukee, WI 53203-3470
(414) 289-3400
Fax: (414) 289-3411
E-mail: eval@ece.org
Web site: http://www.ece.org

World Education Services
P.O. Box 5087
New York, N.Y. 10274-5087
(212) 966-6311
Fax: (212) 939-6100
Email: info@wes.org

The University of Missouri-St. Louis maintains an Office of International Student Services to assist applicants who have been offered admission. All new international students are required to attend a formal orientation program before matriculation. For more information, contact:

University of Missouri-St. Louis
Office of International Student Services
One University Blvd.
St. Louis, MO 63121-4499
(314) 516-5229

Selection Procedures
Applications are reviewed beginning in August with interviews scheduled and initiated starting in October. The college uses a 'rolling admissions' process that allows qualified applicants to be admitted on an ongoing basis until the class is filled. Therefore, applicants are encouraged to apply as early as possible to ensure full consideration for admission.
The Admissions Committee has the responsibility to review and evaluate all applicants and select the best qualified candidates. The committee considers: an applicant's overall grade point average, the grade point achieved in the sciences, any grade trends over the years in college, and the scores on the OAT. Concurrently, candidates are evaluated on less quantitative measures such as extracurricular activities and interests, related or unrelated work experience, written narrative, and letters of recommendation.

Those applicants whom the committee feels to be most competitive will be invited for an on-campus interview. The on-campus interview facilitates an assessment of the applicant's communication skills, interests, motivation, and personal characteristics. In addition, the on-campus interview allows the applicant to tour the facilities, meet with currently enrolled students, present questions regarding financial aid and housing, and learn more about the University of Missouri-St. Louis and the College of Optometry. From this group of interviewed applicants, the entering class of approximately 44 students will be selected.

The policies of the University of Missouri-St. Louis and the College of Optometry comply with the provisions under those laws that forbid discrimination on the basis of race, color, religion, sex, sexual orientation, national origin, age, disability or status as a Vietnam era veteran.

**Admission Process**

Notices of acceptance may be received as late as June of the year in which the students enter the program. If acceptance to the class is conditional, the terms of the condition must be completed prior to matriculation. Applicants who have indicated that degree requirements will be completed prior to matriculation, and who have been selected for admission, may receive a conditional offer of acceptance contingent upon completion of the degree.

Students offered admission have 15 days from the date on the offer of admission letter to make a required $200 acceptance deposit. The $200 deposit will be credited toward tuition when the student matriculates. The deposit is considered a non-refundable administration fee should the student not matriculate.

A certain number of applicants are placed on an alternate list. If an applicant who has been offered admission declines the offer, their position will be allocated to the next individual on the alternate list.

Notification of denial is sent by mail. If an applicant is interested in reapplying, they should notify the College of Optometry's Office of Student Services.

**Financial Aid**

The University of Missouri-St. Louis maintains an Office of Student Financial Aid to assist students with the cost of their education.

Financial assistance is available in the form of grants, loans, scholarships, and work-study. Funds for these programs are available from federal, private, state, and institutional resources. To apply for financial aid, students must complete a Free Application for Federal Student Aid (FAFSA). Preference will be given to those students who have completed the FAFSA by April 1. Preference means that the Student Financial Aid Office will begin awarding FWS (Federal College Work-Study), Federal SEOG (Federal Supplemental Educational Opportunity Grant) and Federal Perkins Loan funds. A completed financial aid application means that the Financial Aid Office has received an official Student Aid Report from the Federal Processing Center. Information about Federal loan programs and FAFSA are available at [www.fafsa.ed.gov](http://www.fafsa.ed.gov)

The Student Financial Aid Office maintains a Web site at [www.umsl.edu/services/finaid](http://www.umsl.edu/services/finaid), where students will find useful information along with the ability to contact the office electronically via e-mail. Also included is a scholarship directory that is updated biweekly.

To be considered for all university scholarships offered through the Financial Aid Office, a student must be accepted for admission.

Many state optometric associations and their auxiliaries offer scholarships and grants. Application is generally made directly to the state association or auxiliary and selection is generally made on the basis of state residence and other criteria. Information may be obtained by writing to the various state optometric associations and/or auxiliaries.

The College of Optometry will provide additional information about scholarships and the college’ Handbook of Loans, Scholarships, Grants, and Awards to applicants after being admitted. Many of the College's scholarships are listed on the College Website.

**Fees**

Detailed information regarding current fees and residency regulations is furnished in the *Schedule of Courses*, a newspaper schedule distributed before each semester registration, available at the Registrar's Office in the Millennium Student Center. Students should be aware that fees shown are current as this publication goes to press, but fee changes may occur while this *Bulletin* is still in use.

The university reserves the right to change fees and other charges at any time without advance notice.
**Education Fees**

All students enrolled in the University must pay educational fees based on either the schedule for Missouri residents or the schedule for non-residents. All optometry students will be required to pay the non-resident educational fee if they do not meet the University of Missouri residency requirements at the time of enrollment.

<table>

</tbody>
</table>

The Educational Fees plateau is 16.0 credit hours. Any student enrolled for less than 16.0 credit hours will be charged per credit hour at $557.10. Nonresidents pay an additional non resident fee of $485.50 per credit hour. Please note "Other Required Fees" below; these are additional required fees.

*A Summer Session is required between the third and fourth professional year.*

**Other Required Fees**

All students are required to pay the following fees each semester: Information Technology Fee; Student Facility, Activity, and Health Fee; and, if needed, Parking Fee. Please refer to the [Fees Section of the Cashier's website](http://www.umsl.edu/cashier) for current fees and caps on fees.

**Student Health Insurance (optional)**

An Accident and Sickness Insurance plan is available to students and their dependents. Information concerning premiums and coverage is available upon request from [University Health Services](http://www.umsl.edu/healthservices) or call (314) 516-5671. For students registered at UMSL College of Optometry, health insurance is available through the [American Optometric Student Association](http://www.aosa.org).

*Nonresident Students*

Optometry students who do not meet the residency requirements must pay the nonresident educational fee according to the schedule above. A definition of "residency" is outlined in [Tuition and Residency Rules](http://www.umsl.edu/registrar), available in the cashier's office. (314-516-5151) Students are responsible for registering under the proper residence and paying the proper educational fees.

Currently, twelve nonresident positions for all four years are allocated by state reciprocal agreements for residents of Kansas. Individuals who are admitted under these agreements will pay reduced non-resident fees. To apply for this award, applicants must be certified as a bona fide Kansas resident and meet financial need (FAFSA). Seats are not offered until after FAFSA data is available. Additionally, Kansas residents accepting a seat are required to return to Kansas to practice following graduation or completion of a residency program. For additional information, contact:

Kansas Board of Regents  
Kansas Optometry Service Scholarship  
1000 S.W. Jackson St., Suite 520  
Topeka, KS 66612-1368  
(785) 296-3518.

The College of Optometry currently has a State contract agreement for residents of Nebraska. This contract permits the College of Optometry to admit one eligible Nebraska resident in each entering class to receive the award. For detailed information about the contract and to be certified as a bona fide Nebraska resident, contact:

Dr. Richard Hoffman  
University of Nebraska  
3835 Holdrege  
Lincoln, NE 68583  
(402) 472-7115

**Four-Year Professional Degree (O.D.) Curriculum**

**Curricular Outcomes**

**Entry Level Standards**

Doctors of Optometry must have an established knowledge of the basic and clinical sciences in order to provide quality eye and vision care to their patients. The academic foundation must be broad and include the biological, medical, vision and optical sciences, as well as a basic understanding of the health care delivery system. A Doctor of Optometry must recognize the dynamic nature of knowledge and possess the commitment and skills needed to responsibly assess and apply new information and treatment strategies throughout their
career.

The UMSL College of Optometry shall ensure that before graduation each student will effectively utilize and demonstrate a working knowledge in patient care within each of the following areas:

- basic body systems, with special emphasis on the ocular and visual system and their interrelationships to the body as a whole;
- the impact of genes and their interaction with behavior, diet and the environment on human health;
- the various processes and causes that lead to dysfunction and disease and the effect that these processes can have on the body and its major organ systems, with special emphasis on the ocular and visual systems;
- the mechanisms of actions of the various classes of pharmaceutical agents, including injectable agents, their interactions, along with their safe and effective use for the treatment of disease and conditions affecting the eye and visual system;
- the structures and processes contributing to the development of refractive error and other optical or perceptual abnormalities of the visual system;

Grades
All courses taken for credit in the professional program must be passed with a "C-" or better in order for a student to qualify for graduation. The College of Optometry does not recognize a "D" grade for courses taken for degree credit; and for a student enrolled in a patient care course. Therefore, any grade lower than a "C-" will be recorded as an "F" and have "0" grade points. Furthermore, in order to qualify for graduation, a student must be in good academic standing and the cumulative professional GPA must be 2.5 or higher. Beginning in May 2003, students must submit evidence to the Office of Student Services that they have taken the 3 part NBEO examinations prior to graduation. Such evidence may include a copy of the score report received from NBEO.

To assure graduating at the end of a specific semester, all work for that semester and any delayed grades from previous semesters must be completed with the grades sent to the Office of Student Services no later than the official date for submission of final semester grades.

Time limitations
All of the required courses during the first six (6) semesters of first course enrollment and all required courses for the O.D. degree must be completed within six (6) years after the first course enrollment.

Graduate Studies

Vision Science
Vision science is a multidisciplinary area concerned with the study of normal and anomalous vision. The goal of this program is to train the next generation of researchers in clinical and basic vision science, to conduct research, and to educate faculty for schools and colleges of optometry. Students will be required to integrate basic skills in vision science with focal studies in an area of research emphasis.

This program will emphasize research aimed at new treatments and cures for vision disorders, as well as research in basic mechanisms of visual functions. The College of Optometry offers both an M.S. degree and a Ph.D. degree. Students may apply to the Graduate School for admission to either the M.S. or the Ph.D. program.

Admission Requirements
Students must have the appropriate background for graduate training in physiological optics and appropriate undergraduate courses for their anticipated research emphasis. Applicants must have a bachelor's degree from an accredited college or university within the United States or from an equivalent institution outside the United States. To be admitted as regular graduate students, applicants must have a grade point average of at least 3.0 in their overall undergraduate work, in their undergraduate major, and in any post baccalaureate academic work. Students must arrange for transcripts to be submitted from all postsecondary academic work and to have at least three letters of recommendation sent by faculty members at previously attended colleges and universities. Students must also submit GRE scores (verbal, quantitative, and analytic). Applicants to the M.S. program must have combined scores on the verbal and quantitative sections of at least 1000; applicants to the Ph.D. program must have combined scores of at least 1100. In addition, students from countries where English is not a primary language must submit TOEFL scores of 550 (paper based), 213 (computer based), or 80 (internet based) or better. All materials and scores must be submitted by March 1 if an applicant wishes to be considered for financial assistance for the Fall semester. Early applications are encouraged.

Master of Science in Vision Science
Curricular Outcomes

The graduate of the Masters of Science in Vision Science degree program will:

1. Demonstrate an understanding of concepts across a number of cores disciplines in Vision Science.
2. Show an ability to critically analyze the primary literature in Vision Science
3. Understand how to analyze and interpret scientific data in Vision Science
4. Conduct, analyze and defend a thesis project

For the Master's degree students must complete the 5 core courses (6400, 6401, 6402, 6403, 6404).
Students must take 15 more credits and successfully defend their Master's Thesis. Students are expected to present their research both on campus (department seminars or Graduate Research Fair) (Outcome 2, 3). The capstone experience is a public defense of the thesis as well as a written and oral defense of the thesis from the thesis committee (Outcome 4).

**Degree Requirements**
The M.S. degree requires 30 semester hours of course work, including the core courses. At least 24 of these hours will normally be taken from courses offered by the College of Optometry, with no more than 10 of these in OPTOM 6490, Graduate Research in Vision Science. Each M.S. student will be required to teach at least two semesters in areas determined by the Graduate Committee in Vision Science.

The **core courses** for this program are:
- **VIS SCI 6400**, Sensory Processes and Perception
- **VIS SCI 6401**, Visual Optics
- **VIS SCI 6402**, Ocular Anatomy and Physiology
- **VIS SCI 6403**, Psychophysical Methods and Experimental Design
- **VIS SCI 6404**, Sensory Neuroscience

Special Topics, Individual Studies, and Advanced Topics courses in Vision Science are also offered.

Each M.S. student must also complete a thesis based on research conducted during the program. The thesis must be approved by a committee of at least three members of the graduate faculty, at least two of whom must be from the graduate faculty in vision science.

**Ph.D. in Vision Science**

Curricular Outcomes
The graduate of the **PhD in Vision Science degree program** will;

1. Demonstrate an understanding of concepts across a number of cores disciplines in Vision Science;
2. Show an ability to critically analyze the primary literature in Vision Science
3. Understand how to analyze and interpret scientific data in Vision Science
4. Develop skills and knowledge to establish a program of research in vision science
5. Design, conduct and defend a dissertation that contributes to the vision science literature and shows independent creative thought.

Upon completing the core courses a PhD candidate must pass a Qualifying Exam covering topics in 4/5 core course areas: Visual Optics, Psychophysical Methods, Experimental Design Ocular Anatomy and Physiology, Sensory Neuroscience, and Sensory Processes and Perception. Members of the graduate committee who were involved with the core courses will submit questions to be answered and grade the exams. The successful completion of the Qualifying exam establishes the student’s Ph.D. candidacy. Students are expected to present their research both on campus (department seminars or Graduate Research Fair) (Outcome 2, 3, 5). Students are also expected to present their work at a national meeting (e.g. ARVO, AAO, VSS, SFN). The capstone experience is a public defense of the dissertation as well as a written and oral defense of the dissertation from the dissertation committee (Outcome 6).

**Degree Requirements**
The doctoral degree requires 60 semester hours of course work, including the core courses. Each Ph.D. student will also be required to demonstrate proficiency in a foreign language, computer language, advanced statistical methods, or another acceptable tool skill. The tool skill and level of proficiency must be selected in advance in consultation with the Graduate Committee in Vision Science. Students will be required to teach at least two semesters in areas determined by the Graduate Committee in Vision Science.

Written qualifying examinations will be offered each semester. Students must declare their intent to take the examinations at least one month prior to the beginning of that semester or summer session. Full time students must attempt qualifying examinations before beginning their third year of study. Students must declare their intent to take the examinations at least one month prior to the beginning of that semester or summer session.

The preparation of the dissertation will be supervised by a dissertation committee which will be appointed by the Graduate Dean upon the recommendation of the Director of Graduate Programs in the College of Optometry. Input from the student’s advisor will be solicited by the Director prior to finalization of the recommendation by vote of the Graduate Faculty. An oral examination of the written dissertation proposal will be conducted by the Committee. A public oral defense of the completed written dissertation is also required.
The core courses for this program are:

**VIS SCI 6400, Sensory Processes and Perception**
**VIS SCI 6401, Visual Optics**
**VIS SCI 6402, Ocular Anatomy and Physiology**
**VIS SCI 6403, Psychophysical Methods and Experimental Design**
**VIS SCI 6404, Sensory Neuroscience**

Special Topics, Individual Studies, and Advanced Topics courses in Vision Science are also offered.

**Continuing Education**
The College of Optometry offers continuing education programs for optometrists throughout the Midwest region as well as nationwide. Courses on management of ocular diseases, ocular anomalies, and visual skills are held on a frequent basis. In addition to College of Optometry faculty, optometric specialists, medical educators, and researchers have input into course development as well as participation in course presentations. All CE courses offered by the school are accepted by those states requiring continuing education credit for relicensure.

Continuing Education course information may be obtained by contacting:

University of Missouri  St. Louis College of Optometry  
Office of Continuing Education  
One University Blvd.  
St. Louis, MO 63121 4499  
(314) 516 5615

**Career Outlook**

**Doctor of Optometry Degree**

Doctors of optometry are independent primary health care providers who examine, diagnose, treat and manage diseases and disorders of the visual system, the eye and associated structures, as well as diagnose related systemic conditions. Optometrists examine the internal and external structure of the eyes to diagnose eye diseases like glaucoma, cataracts and retinal disorders; systemic diseases like hypertension and diabetes; and vision conditions like nearsightedness, farsightedness, astigmatism and presbyopia. Optometrists also do testing to determine the patient’s ability to focus and coordinate the eyes, and to judge depth and see colors accurately. They prescribe eyeglasses and contact lenses, low vision aids, vision therapy and medicines to treat eye diseases.

As primary eye care providers, optometrists are an integral part of the health care team and an entry point into the health care system. They are skilled in the co-management of care that affects the eye health and vision of their patients and an excellent source of referral to other health care professionals.

The optometrist has completed pre-professional undergraduate education in a college or university and four years of professional education at a college of optometry, leading to the doctor of optometry (O.D.) degree. Some optometrists complete a residency.

The scope of optometry practice requires an understanding of the development of vision from infancy through adulthood, and the therapeutic and rehabilitative methods required to care for the problems of vision from infancy through the declining years.

Optometry is the largest eye care profession and one of the largest independent health care professions in the United States. Currently, some 30,000 doctors of optometry practice in America. They are widely distributed across the nation, practicing in more than 7,100 different municipalities. In more than 4,300 of these communities, they are the only primary care provider. As such, doctors of optometry provide the major portion of primary eye care services in the United States.

Studies have indicated that a ratio of one practicing doctor of optometry to every 7,000 people (a ratio of 14.3 practicing doctors of optometry per 100,000 population) is a reasonable average for the United States. Despite recent growth in the profession, few states meet this criteria.

As our society becomes more technically oriented, vision requirements become more exacting. The number of persons needing professional help for reading and other near point visual tasks, including both older citizens and school children, is steadily growing. Increased demands for vision care result not only from population growth but also from increased understanding of how good vision relates to industrial production, student achievement, adjustments to aging, and other areas crucial to modern society. The patients whom the practicing doctors of optometry treat may have varied and challenging needs. On any given day, an optometrist might be involved in restoring vision to a partially sighted patient; fitting glasses for a child whose vision problem is affecting academic achievement; treating an eye infection with antibiotics; improving the function of a patient’s eyes through vision training; helping an elderly patient in a nursing home cope with changing vision through critical eye health education; and performing comprehensive eye examinations for those who need glasses or contact lenses to correct astigmatism, nearsightedness, and numerous other vision problems.
The practice of optometry offers independence, flexibility, and diversity. Doctors of optometry have a wide range of modes of practice. They may choose to practice in the inner cities, suburbs, and rural areas. Opportunities exist for solo practice, associateship, optometric or multidisciplinary group practice, government or military service, clinical or hospital practice, teaching, and research.

Optometry is a rewarding career, both economically and personally. Based on data from the Bureau of Labor Statistics and surveys by professional associations, optometry is one of the top 10 income earning professions in the country.

**Graduate Degrees**
The master of science program provides research oriented training beyond that offered in the professional program in optometry. Many optometry schools require that applicants for faculty positions hold an M.S. or Ph.D. degree as well as an O.D. degree. Additional employment possibilities for individuals with M.S. degrees are found in industry and in public and private research foundations.

The Ph.D. program prepares students as research professionals in vision science. Employment opportunities are available in college or university teaching and research, in research institutes, and in industry. Within academic optometry, individuals with both O.D. and Ph.D. degrees are in high demand as faculty members.

M.A., Washington University
Roger D. Chamberlain, Associate Professor
General Information

The Joint Undergraduate Engineering Program of UMSL and Washington University was approved in 1993 by the University of Missouri and the Coordinating Board for Higher Education. The program is designed to offer course work beyond the pre-engineering courses at UMSL and the area community colleges. Pre-engineering and general education courses are offered at UMSL, and upper-level engineering courses are offered in the evenings and on Saturdays on the Washington University campus: this schedule permits students to co-op during the day at local engineering firms. Students will be admitted to the upper-division program only after they have completed an acceptable pre-engineering program. They can earn a bachelor of science in civil engineering (B.S.C.E.), a bachelor of science in electrical engineering (B.S.E.E.), or a bachelor of science in mechanical engineering (B.S.M.E.).

Mission Statement

The mission of the UMSL/WU Joint Undergraduate Engineering Program is consistent with the mission of UMSL which is to provide a high quality education leading to a well-trained, sophisticated work force primarily for the St. Louis region. The program strives to excite and nurture the intellectual, technical, professional and personal development of the students through a partnership which provides a mechanism for Washington University to share its campus, resources and personnel with the UM-St Louis students, many of whom are place-bound individuals, The Joint Program reflects the eagerness of the institutions to work in unison to serve the needs of the St. Louis community.

Educational Objectives

The aspirations of the UMSL/WU Joint Undergraduate Engineering Program are to make positive, substantive and lasting contributions to the lives of our students. In this manner, the students should be able to apply their comprehensive education within the engineering profession or an alternatively related field.

The objectives of the program are structured to impart an education that constitutes the essential ingredients for Civil, Electrical and Mechanical Engineering practice. The alumni of these programs are expected to develop professional skills that facilitate their continued career growth well beyond their graduation. The objectives also build on the fact that the typical nontraditional and traditional students in these programs often have work experience in or related to engineering practice.

The principal objectives of the UMSL/WU Joint Undergraduate Engineering Program are:

To impart an education in the Civil, Electrical and Mechanical Engineering disciplines that inspires the graduates to constantly share their knowledge with others, to continually improve their knowledge and understanding, and to persistently adapt to change in technology and world needs.

Specifically, the goals of the programs are:

1. To have the ability to apply fundamental knowledge in mathematics and science in the solution of technical problems;
2. To have the ability to investigate, carry out and perform all elements of the design process in the respective engineering practice;
3. To understand the need for lifelong learning to remain at the forefront of technology;
4. To understand the societal, health, environmental and human impact on their actions and to act in an ethical and legally responsible manner; and
5. To have an appreciation for and to assimilate the qualities of professional leaders and team players such as communication, networking, and integrity.

The B.S.C.E., the B.S.E.E., and the B.S.M.E. are accredited by the Engineering Accreditation Commission of the Accreditation Board for Engineering and Technology (ABET), 111 Market Place, Suite 1050, Baltimore, MD 21202-4012 – telephone: (410) 347-7700.

Admission
Admission to candidacy for these degrees is granted jointly by the University of Missouri-St. Louis and Washington University.

Normally admission is granted to persons who have completed the pre-engineering program with a minimum grade point average of 2.75 over all mathematics, chemistry, physics, and introductory engineering courses (statics and dynamics). Students with less than a 2.75 grade point average, but at least a C in all their science and math courses, may be admitted on a probationary basis. These students must pass an Engineering Math Workshop with a grade of B or better, and then pass JEMT 3170 Engineering Mathematics in the first year with a C- or better, in order to continue in the program.

**Degree Requirements**

**Bachelor of Science in Civil Engineering**  
**Bachelor of Science in Electrical Engineering**  
**Bachelor of Science in Mechanical Engineering**

A program of 137 semester hours is required for the Bachelor of Science in Civil Engineering, a program of 127 semester hours is required for the Bachelor of Science in Electrical Engineering, and a program of 139 semester hours is required for the Bachelor of Science in Mechanical Engineering, as shown below:

All majors must complete the University General Education requirements, the Pre-Engineering Requirements and the Core Engineering Requirements. Except with special permission of the program faculty, to be eligible to take the other upper-level engineering courses (those with course numbers starting with the letter "J"):

All students must first complete JEMT 3170, Engineering Mathematics, with a minimum grade of C-. Mechanical and Electrical Engineering majors must also complete J E ENGR 2300, Introduction to Electrical Networks with a minimum grade of C-.

Civil engineering majors must complete either J E ENGR 2300, Introduction to Electrical Networks, or J M ENGR 3200 Thermodynamics, with a minimum grade of C-.

A minimum grade of C- is necessary to meet the prerequisite requirement for any course.

**Pre-Engineering Requirements**

- **MATH 1800**, Analytic Geometry/Calculus I  
- **MATH 1900**, Analytic Geometry/Calculus II  
- **MATH 2000**, Analytic Geometry/Calculus III  
- **MATH 2020**, Differential Equations  
- **CHEM 1111**, Introductory Chemistry I  
- **CHEM 1121**, Introductory Chemistry II  
- **PHYSICS 2111**, Physics: Mechanics and Heat  
- **PHYSICS 2112**, Physics: Electricity, Magnetism and Optics  
- **ENGR 2310**, Statics  
- **ENGR 2320**, Dynamics  
- **ENGL 1100**, Composition

**Humanities and Social Sciences Electives**

The student's choice of humanities and social sciences electives must meet both the UMSL General Education Requirements and the Humanities and Social Sciences Requirements of the Joint Undergraduate Engineering Program. Check with your adviser for details. In particular:

- Three courses in the humanities and 3 courses in social sciences must be taken  
- One of the social sciences must be a course in American history or government or in Missouri history or government  
- One of the humanities or social science courses must be at the junior level or above  
- The cultural diversity requirement must be fulfilled.  
- Some courses that fulfill the humanities [H] or social sciences [SS] breath of study requirement do not count as Humanities and Social Sciences Electives; an example would be a statistics course taught in economics or psychology. See the Office of the Joint Undergraduate Engineering Program for a listing of courses that do not count as Humanities or Social Sciences Electives in this program, or check with your advisor.

**Engineering Core Requirements**

- **J CMP SC 1002**, Introduction to Computing Skills: MATLAB Skills  
- **CMP SCI 1250**, Introduction to Computing  
- **JEMT 3170**, Engineering Mathematics  
- **ENGL 3130**, Technical Writing  
- **J M ENGR 3200**, Thermodynamics*  
- **J M ENGR 4310/J E ENGR 4410**, Control Systems I*  
- **J E ENGR 2300**, Introduction to Electrical Networks*  
- **J E ENGR 2330**, Electrical and Electronic Circuits Laboratory *
*Required for electrical and mechanical engineering majors only.

**Civil Engineering Major Requirements**

- J C ENGR 1451, Engineering Graphics
- J C ENGR 2160, Surveying
- J C ENGR 3410, Structural Analysis
- J C ENGR 3420, Structural Design
- J C ENGR 3520, Water and Wastewater treatment
- J C ENGR 3760, Open Channel Hydraulics
- J C ENGR 4190, Soil Mechanics
- J C ENGR 4200, Soil Exploration and Testing
- J C ENGR 4740, Economic Decisions in Engineering
- J C ENGR 4760, Site Planning and Engineering or
- J C ENGR 4670, Structural Design Projects or
- J C ENGR 4820, Design of Water Quality Control Facilities
- J C ENGR 4840, Probabilistic Methods in Civil Engineering Design
- J C ENGR 4990, Senior Civil Engineering Seminar
- J M ENGR 2410, Mechanics of Deformable Bodies
- J M ENGR 3360, Material Science
- J C ENGR 3360, Civil Engineering Materials Lab
- J M ENGR 3700, Fluid Mechanics
- J M ENGR 3721, Fluid Mechanics Laboratory

Civil Engineering Electives

- J M ENGR 3200, Thermodynamics or
- J E ENGR 2300, Introduction to Electrical Networks
- J C ENGR 3460, Transportation Engineering
- J C ENGR 4600, Transportation Planning
- J C ENGR 4640, Foundation Engineering

**Electrical Engineering Major Requirements**

- JEMT 3260, Probability and Statistics for Engineering
- J E ENGR 2320, Introduction to Electronic Circuits
- J E ENGR 2600, Introduction to Digital Logic and Computer Design
- J E ENGR 3300, Engineering Electromagnetic Principles
- J E ENGR 3320, Power, Energy, and Polyphase Circuits
- J E ENGR 3510, Signals and Systems
- J E ENGR 4350, Electrical Energy Laboratory
- J E ENGR 4650, Digital Systems Laboratory
- J E ENGR 4980, Electrical Engineering Design Projects

Electrical Engineering Electives 3000-4990

**Mechanical Engineering Major Requirements**

- J C ENGR 4950, Fundamentals of Engineering
- JEMT 3260, Probability and Statistics for Engineering
- J M ENGR 1413, Introduction to Engineering Design: CAD
- J M ENGR 1414, Introduction to Engineering Design: Project
- J M ENGR 2410, Mechanics of Deformable Bodies
- J M ENGR 3221, Mechanical Design and Machine Elements
- J M ENGR 3250, Materials Science
- J M ENGR 3700, Fluid Mechanics
- J M ENGR 3710, Principles of Heat Transfer
- J M ENGR 3721, Fluid Mechanics Laboratory
- J M ENGR 3722, Heat Transfer Laboratory
- J M ENGR 4041, Current Topics in Mechanical Engineering Design

Mechanical Engineering Electives

- Mechanical Engineering Electives
- J M ENGR 4120, Design of Thermal Systems
- J M ENGR 4170, Dynamic Response of Physical Systems
- J M ENGR 4180, Dynamic Response Laboratory
- J M ENGR 4110, Mechanical Engineering Design Project

**Graduation Requirements**

In addition to the requirements of the University of Missouri-St. Louis that apply to all candidates for undergraduate degrees, the student must earn a minimum campus grade point average of 2.0 and a minimum grade point average of 2.0 for all engineering courses attempted at the University of Missouri-St. Louis.

**Minor in Environmental Engineering Science**

A program of 18 semester hours is required to earn the minor in environmental engineering science. The minor is designed to provide formal recognition to recipients of bachelor's degrees in civil, electrical, or mechanical engineering that they have acquired the education necessary for entry-level careers as environmental professionals. They will also have a solid foundation to
undertake graduate-level education in environmental engineering science.

Enrollment in all courses in the minor in environmental engineering science is limited to students who have been admitted to candidacy for the bachelor of science in civil engineering, the bachelor of science in electrical engineering, or the bachelor of science in mechanical engineering in the UMSL/ Washington University Joint Undergraduate Engineering Program. The minor may be awarded only to students who earn the bachelor of science in civil engineering, the bachelor of science in electrical engineering, or the bachelor of science in mechanical engineering in the UMSL/ Washington University Joint Undergraduate Engineering Program.

JCHE 4430, Environmental Engineering Chemistry
J C ENGR 3520, Environmental Engineering Science (EE, ME majors) or
J C ENGR 4750 Introduction to Urban Planning (CE majors)
J C ENGR 4080, Environmental Engineering Laboratory - Water/Soil or
J C ENGR 4090, Environmental Engineering Laboratory - Air
J C ENGR 4820, Design of Water Quality Control Facilities
J E POLY 4370, Environmental Risk Assessment
J E POLY 4610, Introduction to Environmental Law and Policy

Engineering Design and Engineering Science Requirements
The number of semester hours assigned to each engineering course in the Joint Undergraduate Engineering Program is further divided into hours of engineering design, engineering science, and basic science content. Engineering topics is the sum of engineering science hours and engineering design hours. The following table shows the design hours and engineering science hours for courses in the engineering programs.

Each engineering student must complete a curriculum that contains at least 48 hours of engineering topics semester hours, including all courses: pre-engineering requirements, engineering core requirements, major requirements, and electives. Civil, electrical, and mechanical engineering majors should consult with their advisers to select electives at the 3000 and 4000 level that include sufficient engineering design and engineering science content to produce the required totals. Transfer courses from other institutions do not necessarily have the same engineering science and engineering design content as their equivalents in the UMSL/Washington University Joint Undergraduate Engineering Program. Students who include transfer courses in their curricula should consult with their advisers to be sure that these requirements are met.

Fees
Students register on the UMSL campus and pay UMSL fees plus an engineering fee for both pre-engineering and engineering courses. Limits on enrollments are determined by the availability of resources.

Career Outlook
Engineering is one of the few careers in which the bachelor's degree is a professional degree. Students earning a bachelor of science degree in one of the engineering disciplines are well qualified for entry-level engineering positions in a variety of businesses, industries, consulting firms, and government agencies. As society becomes increasingly dependent on technology, the outlook for all engineering disciplines becomes increasingly bright. Engineering careers typically rank at, or very near, the top of virtually any published rating of promising jobs for the 21st Century. Besides tackling challenging technical problems, roughly two-thirds of all engineers will have some level of management responsibility within ten years of receiving their bachelor's degrees. Many practicing engineers will eventually continue their education by pursuing graduate degrees on a part-time basis. Typical areas of graduate study include all advanced technical and scientific fields and management.

UMSL/Washington University Joint Undergraduate Engineering Program Course Table
For Further Information
For information about enrolling in this program, please contact the UMSL/Washington University Joint Undergraduate Engineering Program at (314) 516-6800, or the Washington University School of Engineering and Applied Science at (314) 935-6100.
The University of Missouri-St. Louis is committed to broadening students' understanding of different cultures and preparing them for the global community in which we live. One of the most successful ways of achieving this "global mindset" is to study overseas. The opportunity to live and study in a different culture is an enriching experience, both academically and personally.

The Center for International Studies provides UMSL students with opportunities to study at over 80 different universities in more than 30 countries around the globe. Programs run for an academic year, semester, summer, or winter intersession. Through individual advising at the Center's Study Abroad Office, students can find the program best suited to their personal, academic, and career goals. Internship possibilities are also available for qualified students.

Fees and Financial Aid
The cost of the program depends on the services provided and the country and city of study. For most programs, participants continue to pay UMSL fees plus airfare, room and board, and spending money. Students are usually housed in dormitories or are assisted in finding apartments. In most cases, students are able to use their UMSL financial aid towards a study abroad program. Study abroad scholarships are available for qualified applicants through the Center for International Studies.

Application
Generally, applications are due in mid-February for summer and fall semesters, and mid September for winter semester. Some programs require application two semesters prior to participation. Students should plan to spend at least one or two months researching a program before applying.

Participant selection is based on academic achievement, faculty recommendations, approval of the proposed course of study via the department/divisional advisory process, and for some programs, proficiency in the foreign language of instruction. Most programs are designed for undergraduate students in their junior or senior years of study; however, a limited number of programs for freshmen, sophomores, and graduate students are available.
Students interested in Reserve Officer Training Corps programs may enroll in either the Army ROTC program at UMSL or the Air Force ROTC program sponsored at UMSL through Saint Louis University. These programs provide undergraduate and graduate students with the opportunity to combine academic study with a military officer training program.

For further information concerning the Army ROTC program, contact the Military Science Department, telephone 314-516-7681 or check out our Website. For information on the Air Force ROTC program, contact the Aerospace Science Department at Saint Louis University, telephone 977-8227

**Army ROTC**

The purpose of the Military Science Department is to develop young men and women into junior commissioned officers for positions of responsibility in the Army Reserve, Army National Guard, or Active Army.

**Benefits**

Army ROTC offers UMSL students:

1) A challenging, important, well paid job at graduation in one of the many professional fields that the modern Army has to offer. Army officers serve in such fields as intelligence, military police, communications, engineering, transportation management, finance, combat arms, hospital administration, nursing, and research and development. Starting salary with allowances of an active duty second lieutenant is approximately $41,000. Within four years he/she should be promoted to captain with a salary and allowances of nearly $67,000. Reserve officers attend one weekend per month and an annual two week training camp.

2) College financing. All advance course and Army ROTC scholarship students receive $300-500/month stipend. Only scholarship students receive $600 for books and supplies. Also, advance course students may join the Reserves as an office trainee and receive pay while in college.

3) Full-time enrolled students may compete for the Army ROTC scholarship. The scholarship pays full tuition and mandatory fees plus $1,200.00 per year for books and supplies.

4) Option of two careers. Upon graduation and commissioning as officers in the U.S. Army, students may fulfill their obligation by serving on active duty or reserve duty. Reserve officers spend one weekend a month being a soldier. Officers who serve on active duty receive 30 days paid vacation every year, free medical and dental care, travel, and the opportunity to pursue advanced degrees with educational assistance from the Army on a fully funded or partially funded basis.

**The Program**

College students who complete the ROTC program earn commissions as second lieutenants in the U.S. Army. The ROTC program may be completed in several different ways as outlined below.

1) Four Year Program. The military science program is traditionally offered as a four year program. It is best to start as a freshman, but special arrangements can be made for those who start as sophomores. The first two years of military science are voluntary without service obligation, and are designed to give students a perspective on their leadership ability and what the Army can offer them. The student who decides to continue in ROTC and pursue a commission signs an agreement with the Department of the Army to accept a subsistence allowance (up to $5,000) and to provide all necessary uniforms and military science books.

2) Two Year Program. The two year program is designed to provide greater flexibility in meeting the needs of students desiring commissions in the U.S. Army. UMSL students who did not participate in the four year program and junior college transfer students are eligible for enrollment. Basic prerequisites for entering the two year program are:

A) The students must be in good academic standing (minimum 2.0 GPA) and pass an Army medical
B) The student must have two academic years of study remaining (undergraduate, graduate, or combination). The student will attend a six-week summer camp to catch up with the students in the four-year program. Attendance at the basic camp does not obligate the student in any way and is only intended to give the student a look at Army life and opportunities. The student will be paid approximately $750 for attendance at basic camp.

Veterans
Veterans of any of the armed forces may qualify for advanced placement and should contact the Military Science Department for details.

Scholarships
The Army ROTC currently has scholarships in effect, which pay full tuition and mandatory fees plus $1,200.00 per year for books and supplies, and provide $300-500/month for the academic year. These scholarships cover either four, three, or two years. UMSL freshmen and sophomores should apply in January for the two- and three-year scholarships. Scholarship students may incur a four-year active duty obligation; however, they may request reserve duty to serve with the Army National Guard or Reserve.

Qualifications
All students who desire to enter the Army Reserve Officer Training Corps must be U.S. citizens, in good physical condition, and have high moral character. Students must be at least 17 years old to enroll and not over 34 when they receive their commission. If the student will be older than 34 at the time of earning a degree, it is possible to be accepted into Army ROTC with a waiver. Additional qualifications to be admitted into the advanced course include an academic average of C or better and passing an Army medical examination.

Academics
UMSL Army Reserve Officers Training Corps academics consist of two parts:

1) Earning a degree in the student's chosen academic subject.

2) Completing 22 credit hours (four-year program) or 12 credit hours (two-year program) of the military science curriculum. The courses in military science are college-level academic courses which receive full academic credit toward the student's elective degree requirements in the College of Business Administration and the College of Education. The curriculum consists of classroom instruction and a leadership laboratory in which students receive leadership experience.

Leadership Laboratory
Leadership laboratory is required of all students enrolled in military science courses. Classes are two hours every Thursday afternoon from 4 p.m. to 6 p.m., unless otherwise designated. In addition, students attend one field training exercise each semester. Leadership laboratory develops individual military skills and leadership ability through participation in drill and ceremonies, survival training, mountaineering, field training exercises, and exposure to progressively greater responsibilities within the Cadet Corps organization.

Graduate Study
The Army realizes the importance of a graduate degree for its personnel. There are several programs available to assist ROTC graduates in obtaining an advanced degree. The Army sends selected second lieutenants immediately to graduate school (with full pay and allowances) to pursue advanced degrees in engineering and the physical sciences. Other officers may postpone active duty for two years to continue graduate study. Students who are accepted into medical school may take up to four years to complete their studies. There are numerous opportunities for an officer to complete a master's degree in service and receive financial assistance from the Army.

Special Training
Selected volunteers may attend one of several special schools during the summer: the Airborne Course at Fort Benning, GA; Air Assault School at Fort Campbell, KY; or the Northern Warfare School in Alaska. Successful course completion earns the coveted badge (such as the jump wings or air assault wings) associated with each school. Special cadet troop leadership training is available on a limited basis. Students participating in the program live and work with an active Army unit during part of one summer.

Cadet Activities
Army ROTC students may participate in many extracurricular activities during the year. Social activities include the Army Military Ball, a fall canoe trip down the Meramec River, picnics, and informal parties. Army ROTC students also support various campus and community service activities. Interested students also participate in the Drill Team, Color Guard, and Ranger Challenge Team.

Course Descriptions

Military Science
1101 Introduction to ROTC (2)
Make your first new peer group at college one committed to performing well and enjoying the experience. Increase self-confidence through team study and activities in basic drill, physical fitness, rappelling, leadership reaction course, first aid, making presentations and basic marksmanship. Learn fundamental concepts of leadership in a profession in both classroom and outdoor laboratory environments.

1102 Introduction to Leadership (2)
Learn/apply principles of effective leading. Reinforce self-confidence through participation in physically and mentally challenging exercises with upper division ROTC students. Develop communication skills to improve individual performance and group interaction. Relate organizational ethical values to the effectiveness of a leader.

2201 Self/Team Development (3)
Learn/apply ethics-based leadership skills that develop individual abilities and contribute to the building of effective teams of people. Develop skills in oral presentations, writing concisely, planning of events, coordination of group efforts, advanced first aid, land navigation and basic military tactics. Learn fundamentals of ROTC's Leadership Development Program.

2202 Individual/ Team Military Tactics (3)
Introduction to individual and team aspects of military tactics in small unit operations. Includes use of radio communications, making safety assessments, movement techniques, planning for team safety/security and methods of pre-execution checks. Practical exercises with upper division ROTC students. Learn techniques for training others as an aspect of continued leadership development.

3301 Leading Small Organizations I (3)
Series of practical opportunities to lead small groups, receive personal assessments and encouragement, and lead again in situations of increasing complexity. Uses small unit defensive tactics and opportunities to plan and conduct training for lower division students both to develop such skills and as vehicles for practicing leading.

3302 Leading Small Organizations II (3)
Continues methodology of MIL SCI 1301. Analyze tasks; prepare written or oral guidance for team members to accomplish tasks. Delegate tasks and supervise. Plan for and adapt to the unexpected in organizations under stress. Examine and apply lessons from leadership case studies. Examine importance of ethical decision making in setting a positive climate that enhances team performance.

4401 Leadership Challenges and Goal Setting (3)
Prerequisite: MIL SCI 1302. Leadership and Management, begins with a series of lessons enabling the students to make informed career decisions as they prepare for accession into the United States Army. The lessons concentrate on Army operations, training management, communications, counseling, leadership skills, and they support the final transition from cadet to lieutenant.

4402 Officership/Transition to Lieutenant (3)
Prerequisite: MIL SCI 1401. Transition to Lieutenant completes the evolution from cadet to lieutenant by focusing on three areas: first, students are given a basic foundation in military law; second, students build on previous courses to successfully negotiate case studies and practical exercises; third, students will complete a Senior Leadership Project whereby students integrate, apply, and demonstrate their knowledge of military operations.

Air Force ROTC
The objective of the Air Force Reserve Officer Training Corps is to qualify students for appointment as active duty second lieutenants in the United States Air Force. However, any student may enroll in the freshman/sophomore level aerospace studies courses, and students may also enroll in the junior/senior level courses with permission of the professor of aerospace studies.

UMSL offers the two and four year AFROTC programs through an agreement with Saint Louis University. The four year program is tailored for students with three or more years of undergraduate studies remaining. Students with junior standing or above may apply for entry into the two year program. Entry into the two year program is competitive and is based on standardized test scores, academic major, grade point average, physical examination, personal interview with the professor of aerospace studies, and successful completion of a summer field training session at an Air Force base. Applicants must be full time students and must remain in good academic standing.

Reserve Officer Training Corps
The AFROTC Program is divided into the general military course (GMC), the freshman/sophomore level curriculum; and the professional officer course (POC), the junior/ senior level curriculum. The GMC covers two main themes; the Air Force today and the Air Force way. The courses of the POC emphasize the professional development of the future Air Force officer. The curriculum covers Air Force leadership and management and
preparation for active duty. Field trips to Air Force bases supplement classroom instruction and familiarize the cadet with Air Force operations and organization.

**To be commissioned, AFROTC students/cadets must:**

1) Pass a medical exam at a military medical facility.

2) Obtain a favorable evaluation on an Armed Forces personal history security investigation.

3) Flying applicants must complete commissioning requirements before age 26 1/2, and nonflying applicants must complete commissioning requirements by age 30. However, the age limit for nonflying applicants may be extended to age 35 for outstanding individuals.

4) Be of good character (as determined by a favorable record with law enforcement authorities).

5) Successfully complete all AFROTC course requirements.

6) Complete at least a baccalaureate degree.

Air Force ROTC textbooks are loaned to all AFROTC students without charge. Students in the POC will receive a monthly subsistence allowance of $150 per month for a maximum of 20 months, an Air Force uniform, in excess of $700 for the summer field training course, and a travel allowance to and from the training location.

In addition to the AFROTC courses offered for academic credit, the Aerospace Studies Department sponsors the Arnold Air Society and Angel Flight. Arnold Air Society is a national honorary service organization, and membership is open to anyone interested in bringing to the local community a better understanding of the Air Force mission and its leaders.

AFROTC field training is offered during the summer months at selected bases throughout the United States, usually between a student's sophomore and junior years. Students in the four year program participate in four weeks of field training. Major areas of study include junior officer training, aircrew/aircraft orientation, career orientation, survival training, base functions and Air Force environment, and physical training. Students applying for entry into the two year program must successfully complete six weeks of field training prior to enrollment in the professional officer course. The major areas of study included in the six week field training program are essentially the same as those conducted at four week field training, plus the academic curriculum of the general military course including leadership laboratory. POC cadets are eligible for a $1,000 per semester federal AFROTC scholarship.

Leadership Laboratory is taken once per week throughout the student's enrollment in AFROTC. Instruction is conducted within the framework of an organized cadet corps with a progression of experiences designed to develop each student's leadership potential. Leadership laboratory involves a study of Air Force customs and courtesies, drill and ceremonies, career opportunities in the Air Force, and the life and work of an Air Force junior officer. It also includes field trips to Air Force installations throughout the United States.

Other training volunteers may attend various special cadet training programs such as light aircraft training, parachute jump training, and advance cadet training. Students participating in the latter work with an Air Force unit during part of the summer.

The Air Force offers four, three, and two year scholarships to qualified students. These scholarships pay tuition, certain fees, and textbook cost. Scholarship recipients receive $150 per month subsistence allowance. For further information on the Air Force ROTC program at UMSL, call (314) 977 8227, or at Southern Illinois University at Edwardsville (SIUE), call (618) 692 3180.

**Aerospace Studies**

The Aerospace studies program is divided into two parts: the general military course, the freshman/sophomore level curriculum, and the professional officer course, the junior/senior level curriculum. The GMC covers two main themes: the Air Force today and the Air Force way. The courses of the POC emphasize the professional development of the future Air Force officer. The curriculum covers Air Force leadership and management and preparation for active duty. Field trips to Air Force bases supplement classroom instruction and familiarize the cadet with Air Force operations and organizations.

Leadership laboratory is taken two hours per week throughout the student's enrollment in the AFROTC. Instruction is conducted within the framework of an organized cadet corps with a progression of experiences designed to develop each student's leadership potential. The first two years of the leadership laboratory include a study of Air Force customs and courtesies, drill and ceremonies, issuing military commands, instructing, directing and evaluating the preceding skills, studying the environment of an Air Force officer and learning about areas of opportunity available to commissioned officers. The last two years of lab consist of activities classified as advanced leadership experiences. They involve planning and controlling military activities of the cadet corps, preparation and presentation of briefings and other oral and written communications, and providing interviews, guidance, and information which will increase the understanding,
motivation, and performance of other cadets.

AFROTC cadets must also successfully complete supplemental courses to enhance their utility and performance as commissioned officers. These include university courses in English composition and mathematical reasoning. Specific courses are designated by the professor of aerospace studies.

Cadets in the four year program participate in four weeks of field training. Cadets in the two- or three-year programs (exception for prior AF service) must attend the six-week FT session, which is identical to the four-week program plus 90 hours of GMC curriculum. Field training is offered during the summer months at selected bases throughout the United States, usually between a student's sophomore and junior years. Major areas of study include Air Force orientation, officer training, aircrew/aircraft orientation, survival training, base functions, and physical training.

Students applying for entry into the two- or three-year program must successfully complete six weeks of field training prior to enrollment in the professional officer course. The major areas of study included in the six-week field training program are essentially the same as those conducted at four-week field training, plus the academic curriculum of the general military course including leadership laboratory. No direct academic credit is awarded for field training.

Federal scholarships are available for AFROTC cadets--any academic major may apply. Applications are to be submitted by detachment personnel to Headquarters Reserve Officers Training Corps, Maxwell Air Force Base, AL.

Participation in AFROTC is not required to take aerospace courses.

Lower Division (General Military)
Aerospace studies courses (AERO 1001 through AERO 1002) are basic courses designed to acquaint students with the United States Air Force and the opportunities available as an officer. Grades earned in these courses will be computed in the student's overall grade point average, but credit hours for these courses will not be included in the total hours for graduation.

Course Descriptions

AERO 1001/1002 The Air Force Today (2)
A survey course designed to introduce students to the United States Air Force and Air Force Reserve Officer Training Corps. Featured topics include: mission and organization of the Air Force, officerhood and professionalism, military customs and courtesies, Air Force officer opportunities, group leadership problems, and an introduction to communication skills. Leadership Laboratory is mandatory for AFROTC cadets, and it complements this course by providing students with followership experiences. Classroom activity, two hours per week; Leadership Laboratory two hours per week, each semester.

AERO 2001/2002 The Air Force Way (2)
Survey course designed to facilitate the transition from Air Force ROTC cadet to Air Force ROTC candidate. Featured topics include: Air Force heritage, Air Force leaders, Quality Air Force, an introduction to ethics and values, introduction to leadership, group leadership problems, and continuing application of communication skills. Leadership Laboratory is mandatory for Air Force ROTC cadets, and it complements this course by providing cadets with their first opportunity for applied leadership experiences discussed in class. Classroom activity, two hours per week; Leadership Laboratory two hours per week, each semester.

Upper Division (Professional Officer) Courses
Aerospace Studies courses AERO 3001 through AERO 4002 are advanced courses designed to improve communication and management skills required of Air Force officers. Credit hours of these courses may be included in the hours needed for graduation at the discretion of individual departmental chairpersons.

AERO 3001/3002 Air Force Leadership and Management (3)
The study of leadership and quality management fundamentals, professional knowledge, Air Force doctrine, leadership ethics, and communication skills required of an Air Force junior officer. Case studies are used to examine Air Force leadership and management situations as a means of demonstrating and exercising practical application of the concepts being studied. A mandatory leadership laboratory complements this course by providing advanced leadership experiences in officer type activities, giving students the opportunity to apply leadership and management principles of this course. Classroom activity, three hours per week; Leadership Laboratory two hours per week, each semester.

AERO 4001/4002 Preparation For Active Duty (3)
Examines the national security process, regional studies, advanced leadership ethics, Air Force doctrine. Special topics of interest focus on the military as a profession, officerhood, military justice, civilian control of the military, preparation for active duty, and current issues affecting military professionalism. Within this structure, continued emphasis is given to refining communication skills. An additional Leadership Laboratory complements this course by providing advanced leadership experiences, giving students the opportunity to apply leadership and management principles of this course. Classroom activity, three hours per week;
Leadership Laboratory two hours per week, each semester.

**Field Training**

Field Training provides leadership and officership training in a military environment, which demands conformity to high physical and moral standards. Within this structured environment, cadets are screened for officer potential as measured against field training standards. Motivation and professional development is achieved through various programs such as flight orientation, marksmanship, and survival training. Students in the four-year program participate in four weeks of field training. Field training is offered during the summer months at selected bases throughout the United States, usually between a student’s sophomore and junior years. Major areas of study include: Air Force Orientation, Officer Training, aircrew/aircraft orientation, survival training, base functions and physical training.
The video instructional program offers an alternative for the student who is far from campus, whose physical disability, work schedule, or other responsibilities make it difficult for him/her to attend traditional classes. Video lessons for various courses are available for viewing on cable television stations as well as in UMSL libraries.

**St. Louis Area Cable Stations**
Continental Cable, and United Video in St. Louis County; AT&T Cable in the city will air courses over the Higher Education Channel (HEC). (Charter, Continental, United Video & AT&T Cable).

**Course Listings**
The following courses from the UMSL curriculum are offered:

### Anthropology

**1019 Archaeology [SS]**
This telecourse uses dramatic onsite filming to enable students to explore how archaeologists reconstruct ancient societies and explain how they evolved. Students will understand how archaeology and anthropology interact, with emphasis on how people have behaved in the past.

**1025 World Cultures [CD, SS, V]**
This telecourse is an ethnographic survey of the major culture areas of the world. It is an introductory cultural anthropology course that studies the structure and process of culture.

**1095 Brief Overview of the Four Fields of Anthropology (1)**
Through the use of videos, readings, and the online course management system, this course provides a brief overview of the four traditional fields of anthropology: biological, archaeological, cultural, and linguistic anthropology. This course is designed for video instruction and offers minimal direct interaction with the instructor.

**2124 Cultures of Africa [CD]**
This telecourse offers a basic ethnographic survey of African cultures, with attention to social groupings, tribalism, religion, language, social change, the ecological relationship between humans and nature.

### Biology

**1012 General Biology (For Non-Science Majors) [MS]**
This telecourse provides a firm foundation in the fundamental principles of biology.

### Communication

**2232 Effective Communication in the Organization: Tool for Leadership (3)**
Prerequisites: Junior standing or consent of instructor. Telecourse designed to equip students with communication skills applicable to the organizational context. The course will present effective strategies for the articulation of ideas, with particular emphasis on the development of leadership skills.

### History

**1031 Topics in European Civilization: Emergence of Western Europe to 1715 [SS]**
This telecourse offers lectures and discussions on the development of Western European society and tradition from approximately 800 to 1715.

**1032 Topics in European Civilization: 1715 to the Present [SS]**
This telecourse offers lectures and discussions on the development of Western European society and tradition from 1715 to the present. Hist 1031 or Hist 1032 may be taken separately.

### Media Studies

**1070 Introduction to Cinema**
This telecourse examines the history, rhetoric, and aesthetics of film. The content is designed to bring Hollywood filmmaking into clear focus as an art form, as an economic force, and as a system of representation...
and communication. Film theory and criticism will be studied, as well as major genres, authors, and artists. Introduction to Cinema explores how Hollywood films work technically, artistically, and culturally. The course also probes the deeper meaning of American movies--the hidden messages of genres, the social and psychological effects of Hollywood film style, and the mutual influence of society and popular culture on filmmaking.

**Philosophy**

**1090 Philosophy and Other Disciplines [H,V]**
Prerequisites: Video course offering. General introduction to philosophy examines its connections to works of art and related areas. Course does not satisfy any requirements for philosophy major or minor.

**1091 Significant Figures in Philosophy [H,V]**
Video course introduces philosophy through a survey of the ideas of some of the important figures in the history of the discipline. Course cannot be used to satisfy any requirements for philosophy major or minor.

**Psychology**

**1003 General Psychology [SS]**
This telecourse is an introductory college level course that covers the fundamental principles and major concepts of psychology. The content is designed to provide a broad introductory survey of the general principles of human behavior.

**1268 Human Growth and Behavior [SS]**
Prerequisites: PSYCH 1003. This telecourse uses special readings, reports, and/or field research as well as video and audio courses to explore the stages of life as an introduction to developmental psychology.

**2245 Abnormal Psychology**
Prerequisite: PSYCH 1003, General Psychology. This telecourse introduces the major theoretical models for explaining and treating disorders - psychodynamic, behavioral, cognitive and biological. Ten of the 13 programs feature specific disorders, including anxiety disorders, personality disorders, the schizophrenias, sexual disorders, substance abuse, and the disorders of childhood. The first program concerns assessment, while the last two provide information on treatment and prevention. This approach serves the introductory abnormal psychology student, while allowing individual faculty latitude to underscore the approach to which they subscribe.

**4280 The Psychology of Death and Dying**
Same as GERON 4280. Prerequisite: PSYCH 1003. This telecourse will address the psychological aspects of death and dying for both adults and children. The psychological reactions of terminally ill patients and their families will also be examined, and therapeutic interventions will be discussed.

**Sociology 1010 Introduction to Sociology [V, SS]**
This telecourse is an introductory college level course designed to give students an in-depth look at sociological approaches to human behavior, including types of social organizations, patterns of social interaction, and social influences on individual conduct.
**The University of Missouri-St. Louis Honor Statement**

The University of Missouri-St. Louis encourages students to pursue excellence within a respectful and collegial environment and to assume responsibility for the consequences of personal actions. For that reason the University requires students to reject any type of dishonest behavior.

Honesty precludes seeking, providing, or receiving any form of unauthorized assistance in taking tests or in the submission of an assignment. It also requires giving credit through appropriate documentation and citation to the author(s) of materials used in written or oral assignments.

The full Student Standard of Conduct is available. By registering for a class at UM-St. Louis, students agree to follow this standard of integrity.

**Code of Student Conduct**

200.010 Standard of Conduct Amended March 20, 1981; August 3, 1990; May 19, 1994; May 24, 2001

A student enrolling in the university assumes an obligation to behave in a manner compatible with the university’s function as an educational institution.

A. **JURISDICTION OF THE UNIVERSITY OF MISSOURI** generally shall be limited to conduct which occurs on the University of Missouri premises or at university sponsored or university supervised functions. However, nothing restrains the administration of the University of Missouri from taking appropriate action, including, but not limited to, the imposition of sanctions under Section 200.020(C), against students for conduct on or off university premises in order to protect the physical safety of students, faculty, staff and visitors.

B. **CONDUCT** for which students are subject to sanctions falls into the following categories:

1. Academic dishonesty, such as cheating, plagiarism or sabotage. The Board of Curators recognizes that academic honesty is essential for the intellectual life of the university. Faculty members have a special obligation to expect high standards of academic honesty in all student work. Students have a special obligation to adhere to such standards. In all cases of academic dishonesty, the instructor shall make an academic judgment about the student’s grade on that work and in that course. The instructor shall report the alleged academic dishonesty to the Primary Administrative Officer.

   a. The term **cheating** includes but is not limited to (I) use of any unauthorized assistance in taking quizzes, tests, or examinations; (ii) dependence upon the aid of sources beyond those authorized by the instructor in writing papers, preparing reports, solving problems, or carrying out other assignments; (iii) acquisition or possession without permission of tests, or other academic material belonging to a member of the university faculty or staff; or (iv) knowingly providing any unauthorized assistance to another student on quizzes, tests, or examinations.

   b. The term **plagiarism** includes, but is not limited to: (I) use by paraphrase or direct quotation of the published or unpublished work of another person without fully and properly crediting the author with footnotes, citations or bibliographical reference; (ii) unacknowledged use of materials prepared by another person or agency engaged in the selling of term papers or other academic materials; or (iii) unacknowledged use of original work/material that has been produced through collaboration with others without release in writing from collaborators.

   c. The term **sabotage** includes, but is not limited to, the unauthorized interference with, modification of, or destruction of the work or intellectual property of another member of the university community.

2. Forgery, alteration, or misuse of university documents, records or identification, or knowingly furnishing false information to the university.

3. Obstruction or disruption of teaching, research, administration, conduct proceedings, or other university activities, including its public service functions on or off campus.

4. Physical abuse or other conduct which threatens or endangers the health or safety of any person.

5. Attempted or actual theft of, damage to, or possession without permission of property of the university or of a member of the university community or of a campus visitor.
6. Unauthorized possession, duplication or use of keys to any university facilities or unauthorized entry to or use of university facilities.

7. Violation of university policies, rules or regulations or of campus regulations including, but not limited to, those governing residence in university provided housing, or the use of university facilities, or the time, place and manner of public expression.

8. Manufacture, use, possession, sale or distribution of alcoholic beverages or any controlled substance without proper prescription or required license or as expressly permitted by law or university regulations.

9. Disruptive or disorderly conduct or lewd, indecent, or obscene conduct or expression.

10. Failure to comply with directions of university officials acting in the performance of their duties.

11. Illegal or unauthorized possession of firearms, explosives, other weapons, or dangerous chemicals.

12. Actual or attempted theft or other abuse of computer time, including but not limited to:
   a. Unauthorized entry into a file to use, read, or change the contents, or for any other purpose.
   b. Unauthorized transfer of a file.
   c. Unauthorized use of another individual's identification and password.
   d. Use of computing facilities to interfere with the work of another student, faculty member or university official.
   e. Use of computing facilities to interfere with normal operation of the university computing system.
   f. Knowingly causing a computer virus to become installed in a computer system or file.

**Student Disciplinary Matters**

**Rules of Procedures in Student Disciplinary Matters Adopted November 8, 1968, Amended March 20, 1981; December 8, 1989; and May 18, 1994; May 24, 2001**

**RULES OF PROCEDURES IN STUDENT CONDUCT MATTERS**
Bd. Min. 11-8-68, Amended Bd. Min. 3-20-81; Bd. Min. 12-8-89, Amended 5-19-94; Bd. Min. 5-24-01.

**200.020 RULES OF PROCEDURES IN STUDENT CONDUCT MATTERS**

**A. PREAMBLE.** The following rules of procedure in student conduct matters are hereby adopted in order to insure insofar as possible and practicable (a) that the requirements of procedural due process in student conduct proceedings will be fulfilled by the University, (b) that the immediate effectiveness of Section 10.030, which is Article V of the Bylaws of the Board of Curators relating to student conduct and sanctions may be secured for all students in the University of Missouri, and (c) that procedures shall be definite and determinable within the University of Missouri.

**B. DEFINITIONS.** As used in these rules, the following definitions shall apply:

1. Primary Administrative Officers. As used in these procedures, the Chief Student Affairs Administrator on each campus is the Primary Administrative Officer except in cases of academic dishonesty, where the Chief Academic Administrator is the Primary Administrative Officer. Each Primary Administrative Officer may appoint designee(s) who are responsible for the administration of these conduct procedures, provided all such appointments must be in writing, filed with the Chancellor of the campus, and the office of General Counsel. The Primary Administrator's Office will certify in writing that the given designee has been trained in the administration of student conduct matters.

2. Student Panel. A panel of students appointed by the Chancellor, from which shall be selected by the Chair, upon the request of a student charged before the Student Conduct Committee, not more than three students to serve with the Student Conduct Committee.

3. Student. A person having once been admitted to the University who has not completed a course of study and who intends to or does continue a course of study in or through one of the campuses of the University. For the purpose of these rules, student status continues whether or not the University's academic programs are in session.

4. Student Conduct Committee. As used in these procedures, "Student Conduct Committee," hereinafter referred to as the Committee, is that body on each campus which is authorized to conduct hearings and to make dispositions under these procedures or a Hearing Panel of such body as herein defined.

**C. SANCTIONS.**

1. The following sanctions may be imposed upon any student found to have violated the Student Conduct Code; more than one of the sanctions may be imposed for any single violation:
   a. Warning. A notice in writing to the student that the student is violating or has violated institutional
b. Probation. A written reprimand for violation of specified regulations. Probation is for a designated period of time and includes the probability of more severe sanctions if the student is found to be violating any institutional regulation(s) during the probationary period.

c. Loss of Privileges. Denial of specified privileges for a designated period of time.

d. Restitution. Compensation for loss, damage, or injury to the University or University property. This may take the form of appropriate service and/or monetary or material replacement.

e. Discretionary Sanctions. Work assignments, service to the University, or other related discretionary assignments.

f. Residence Hall Suspension. Separation of the student from the residence halls for a definite period of time, after which the student is eligible to return. Conditions for readmission may be specified.

g. Residence Hall Expulsion. Permanent separation of the student from the residence halls.

h. University Dismissal. An involuntary separation of the student from the institution for misconduct apart from academic requirements. It does not imply or state a minimum separation time.

i. University Suspension. Separation of the student from the University for a definite period of time, after which the student is eligible to return. Conditions for readmission may be specified.

j. University Expulsion. Permanent separation of the student from the University.

2. Temporary Suspension. The Chancellor or Designee may at any time temporarily suspend or deny readmission to a student from the University pending formal procedures when the Chancellor or Designee finds and believes from available information that the presence of a student on campus would seriously disrupt the University or constitute a danger to the health, safety, or welfare of members of the University community.

The appropriate procedure to determine the future status of the student will be initiated within seven calendar days.

**D. RECORDS RETENTION.** Student conduct records shall be maintained for five years after University action is completed.

**E. POLICY AND PROCEDURES.**

1. Preliminary Procedures.

The Primary Administrative Officer/Designee(s) shall investigate any reported student misconduct before initiating formal conduct procedures and give the student the opportunity to present a personal version of the incident or occurrence. The Primary Administrative Officer/Designee(s) may discuss with any student such alleged misconduct and the student shall attend such consultation as requested by the Primary Administrative Officer/Designee(s). The Primary Administrative Officer/Designee(s), in making an investigation and disposition, may utilize student courts and boards and/or divisional deans to make recommendations.

2. Informal Dispositions.

The Primary Administrative Officer/Designee(s) shall have the authority to make a determination and to impose appropriate sanctions and shall fix a reasonable time within which the student shall accept or reject a proposed informal disposition. A failure of the student either to accept or reject within the time fixed may be deemed by the University to be an acceptance of the determination, provided the student has received written notice of the proposed determination and the result of the student's failure to formally reject and, in such event, the proposed disposition shall become final upon expiration of such time. If the student rejects informal disposition it must be in writing and shall be forwarded to the Committee. The Primary Administrative Officer/Designee(s) may refer cases to the Committee without first offering informal disposition.

3. Formal Procedure and Disposition.

a. Student Conduct Committee:

(1) The Committee shall be appointed by the Chancellor and shall have the authority to impose appropriate sanctions upon any student or students appearing before it.

(2) The Committee, when appropriate or convenient, may be divided by the Chair of the Committee into Hearing Panels, each panel to be composed of at least five Committee members, which may include a maximum of two students, present at the hearing, including a designated chair. A Hearing Panel has the authority of the whole Committee in those cases assigned to it. The Chair of the Committee or of a Hearing Panel shall count as one member of the Committee or Hearing Panel and have the same rights as other members.

(3) Each Chancellor shall appoint a panel of students, to be known as the Student Panel. Upon written request of a student charged before the Committee, made at least seventy-two (72) hours prior to the hearing, the Chair of the Committee or Hearing Panel shall appoint from the Student Panel not more than three students to sit with the Committee or two students to sit with the Hearing Panel (as stated in 4.a.(2) for that particular case. When students from the Student Panel serve at the request of a student charged, they shall have the same rights as other members of the Committee or Hearing Panel.

b. General Statement of Procedures. A student charged with a breach of the Student Conduct Code is entitled to a written notice and a formal hearing unless the matter is disposed of under the rules for informal disposition. Student conduct proceedings are not to be construed as judicial trials and need not wait for legal action before proceeding; but care shall be taken to comply as fully as possible with the spirit and intent of the procedural safeguards set forth herein. The Office of the General Counsel shall be legal adviser to the Committee and the Primary Administrative Officer/Designee(s).
c. **Notice.** The Primary Administrative Officer/Designee(s) shall initiate student conduct proceedings by arranging with the Chair to call a meeting of the Committee and by giving written notice by certified mail or personal delivery to the student charged with misconduct. The notice shall set forth the date, time, and place of the alleged violation and the date, time, and place of the hearing before the Committee. Notice by certified mail shall be addressed to the last address currently on record with the University. Failure by the student to have a current correct local address on record with the University shall not be construed to invalidate such notice. The notice shall be given at least seven (7) consecutive days prior to the hearing, unless a shorter time be fixed by the Chair for good cause. Any request for continuance shall be made in writing to the Chair, who shall have the authority to continue the hearing if the request is timely and made for good cause. The Chair shall notify the Primary Administrative Officer/Designee(s) and the student of the new date for the hearing. If the student fails to appear at the scheduled time, the Committee may hear and determine the matter.

4. **Right to Petition for Review:** (other than University expulsion, University dismissal, or University suspension).
   a. In all cases where the sanction imposed by the Committee is other than University expulsion, University dismissal, or University suspension, the Primary Administrative Officer/Designee(s) or the student may petition the Chancellor or Designee in writing for a review of the decision within five (5) calendar days after written notification. A copy of the Petition for Review must also be served upon the nonappealing party within such time. The Petition for Review shall state the grounds or reasons for review, and the nonappealing party may answer the petition within five (5) calendar days.
   b. The Chancellor or Designee may grant or refuse the right of review. In all cases where the Petition for Review is refused, the action of the Committee shall be final. If the Chancellor or Designee reviews the decision, the action of the Chancellor shall be final unless it is to remand the matter for further proceedings.

5. **Right of Appeal** (University expulsion, University dismissal, or University suspension only).
   a. When a student is expelled, dismissed, or suspended from the University by the Committee, the Primary Administrative Officer/Designee(s), or the student may appeal such decision to the Chancellor or Designee by filing written notice of appeal with the Chancellor within ten (10) calendar days after notification of the decision of the Committee. A copy of the Notice of Appeal will contemporaneously be given by the student to the Primary Administrative Officer/Designee(s) or by the Primary Administrative Officer/Designee(s) to the student. The appealing party may file a written memorandum for consideration by the Chancellor with the Notice of Appeal, and the Chancellor may request a reply to such memorandum by the appropriate party.
   b. The Chancellor or Designee shall review the record of the case and the appeal documents and may affirm, reverse, or remand the case for further proceedings and shall notify each party in writing of the decision on the appeal. The action of the Chancellor shall be final unless it is to remand the matter for further proceedings.

6. **Status During Appeal.** In cases of suspension, dismissal, or expulsion where a Notice of Appeal is filed within the required time, a student may petition the Chancellor in writing for permission to attend classes pending final determination of appeal. The Chancellor may permit a student to continue in school under such conditions as may be designated pending completion of appellate procedures, provided such continuance will not seriously disrupt the University or constitute a danger to the health, safety, or welfare of members of the University community. In such event, however, any final sanctions imposed shall be effective from the date of the action of the Committee.

7. **Student Honor System.** Forums under the student honor systems established for investigating facts, holding hearings, and recommending and imposing sanctions are authorized when the student honor code or other regulations containing well defined jurisdictional statements and satisfying the requirements of Section 10.030, which is Article V of the Bylaws of the Board of Curators, have been reduced to writing and have been approved by the Chancellor and the Board of Curators and notice thereof in writing has been furnished to students subject thereto. Though the student honor system has jurisdiction, together with procedures set forth therein, instead of the Primary Administrative Officer/Designee(s), the standard of conduct called for in any such student honor system shall be deemed to contain at a minimum the same standards set forth in Section 200.010, entitled Standards of Conduct. Procedures shall satisfy the requirements of the Board of Curators' Bylaws, Section 10.030, which is Article V, and shall contain procedures herein before stated insofar as appropriate and adaptable to the particular situation and shall be approved by the Chancellor and the General Counsel. Students subject to student honor systems shall have the rights of appeal as set forth in Section 200.020 E.6 and 7.

F. **HEARING PROCEDURES.**

1. **Conduct of Hearing.** The Chair shall preside at the hearing, call the hearing to order, call the roll of the Committee in attendance, ascertain the presence or absence of the student charged with misconduct, read the notice of hearing and charges and verify the receipt of notices of charges by the student; report any continuances requested or granted, establish the presence of any adviser or counselor of the student, and call to the attention of the student charged and the adviser any special or extraordinary procedures to be employed during the hearing and permit the student to make suggestions regarding or objections to any procedures for the Conduct Committee to consider.
a. **Opening Statements.**
   (1) The Primary Administrative Officer/Designee(s) shall make opening remarks outlining the general nature of the case and testify to any facts the investigation has revealed.
   (2) The student may make a statement to the Committee about the charge at this time or at the conclusion of the University’s presentation.

b. **University Evidence.**
   (1) University witnesses are to be called and identified or written reports of evidence introduced as appropriate.
   (2) The Committee may question witnesses at any time.
   (3) The student or, with permission of the Committee, the adviser or counselor may question witnesses or examine evidence at the conclusion of the University’s presentation.

c. **Student Evidence.**
   (1) If the student has not elected to make a statement earlier under a.(2) above, the student shall have the opportunity to make a statement to the Committee about the charge.
   (2) The student may present evidence through witnesses or in the form of written memoranda.
   (3) The Committee may question the student or witnesses at any time. The Primary Administrative Officer/Designee(s) may question the student or witnesses.

d. **Rebuttal Evidence.** The Committee may permit the University or the student to offer a rebuttal of the other’s presentation.

e. **Rights of Student Conduct Committee.** The Committee shall have the right to:
   (1) Hear together cases involving more than one student which arise out of the same transaction or occurrence, but in that event shall make separate findings and determinations for each student;
   (2) Permit a stipulation of facts by the Primary Administrative Officer/Designee(s) and the student involved;
   (3) Permit the incorporation in the record by reference of any documentation, produced and desired in the record by the University or the student charged;
   (4) Question witnesses or challenge other evidence introduced by either the University or the student at any time;
   (5) Hear from the Primary Administrative Officer/Designee(s) about dispositions made in similar cases and any dispositions offered to the student appearing before the Committee;
   (6) Call additional witnesses or to require additional investigation;
   (7) Dismiss any action at any time or permit informal disposition as otherwise provided;
   (8) Permit or require at any time amendment of the Notice of Hearing to include new or additional matters which may come to the attention of the Committee before final determination of the case; provided, however, that in such event the Committee shall grant to the student or Primary Administrative Officer/Designee(s) such time as the Committee may determine reasonable under the circumstances to answer or explain such additional matters;
   (9) Dismiss any person from the hearing who interferes with or obstructs the hearing or fails to abide by the rulings of the Chair of the Committee;
   (10) Suspend summarily students from the University who, during the hearing, obstruct or interfere with the course of the hearing or fail to abide by the ruling of the Chair of the Committee on any procedural question or request of the Chair for order.

2. **Rights of Students Upon Hearing.** A student appearing before a Committee shall have the right to:
   a. Be present at the hearing;
   b. Have an adviser or counselor and to consult with such adviser or counselor during the hearing;
   c. Have students from the Student Panel sit with the Committee or Hearing Panel;
   d. Hear or examine evidence presented to the Committee;
   e. Question witnesses present and testifying;
   f. Present evidence by witnesses or affidavit;
   g. Make any statement to the Committee in mitigation or explanation of the conduct in question;
   h. Be informed in writing of the findings of the Committee and any sanctions it imposes; and
   i. Request review or appeal to the Chancellor as herein provided.

3. **Determination by the Student Conduct Committee.** The Committee shall then make its findings and determinations in executive session out of the presence of the Primary Administrative Officer/Designee(s) and the student charged. Separate findings are to be made:
   a. As to the conduct of the student, and
   b. On the sanctions, if any, to be imposed. No sanctions shall be imposed on the student unless a majority of the Committee present is reasonably convinced by the evidence that the student has committed the violation charged.

4. **Official Report of Findings and Determinations.** The Committee shall promptly consider the case on the merits and make its findings and determination and transmit them to the Primary Administrative Officer/Designee(s) and the student charged forthwith.

5. **Other Procedural Questions.** Procedural questions which arise during the hearing not covered by these general rules shall be determined by the Chair, whose ruling shall be final unless the Chair shall present the question to the Committee at the request of a member of the Committee, in which event the ruling of the
Committee by majority vote shall be final.

6. **General Rules of Decorum.** The following general rules of decorum shall be adhered to:
   a. All requests to address the Committee shall be addressed to the Chair.
   b. The Chair will rule on all requests and points of order and may consult with Committee's legal adviser prior to any ruling. The Chair's ruling shall be final and all participants shall abide thereby, unless the Chair shall present the question to the Committee at the request of a member of the Committee, in which event the ruling of the Committee by majority vote shall be final.
   c. Rules of common courtesy and decency shall be observed at all times.
   d. An adviser or counselor may be permitted to address the Committee at the discretion of the Committee. An adviser or counselor may request clarification of a procedural matter or object on the basis of procedure at any time by addressing the Chair after recognition.

7. **Record of Hearing.** A taped or stenographic record of the hearing shall be maintained. The notice, exhibits, hearing record, and the findings and determination of the Committee shall become the "Record of the Case" and shall be filed in the Office of the Primary Administrative Officer/Designee(s) and for the purpose of review or appeal be accessible at reasonable times and places to both the University and the student.

8. **Crimes of Violence and Non-Forcible Sex Offenses.** In cases of alleged crimes of violence and non-forcible sex offences:
   a. The alleged victim is entitled to have an advisor or counselor present during his or her participation in the hearing.
   b. The alleged victim and the accused shall be informed of the outcome of any campus disciplinary proceeding brought alleging a crime of violence or non-forcible sexual assault.

**Financial Aid Appeals**

The University of Missouri St. Louis has an established financial aid appeals procedure. An aid applicant can raise questions or appeal the offer, or lack of an offer, of financial aid if not satisfied. The general provisions for appeals procedures are as follows:

1) An aid applicant who is not satisfied with the fact that no aid was offered, or was not pleased with the type and/or amount of aid that was offered, may make a written appeal to the Student Financial Aid Appeals Committee reconsideration of the aid request and/or ask for a personal hearing.

2) If on review of all the facts of the case, including any new information which the applicant may provide, the Committee can a) approve an exception to university policy; b) deny the request; c) approve a modified version of the request.

3) If the Appeals Committee cannot provide a satisfactory solution, he/she may refer the written appeal with all pertinent information to the Director of Financial Aid. Where academic progress is an issue, the student may ask an academic adviser or counselor to write or speak in the student's behalf. If a satisfactory solution is worked out, the case is closed.

4) If step three did not solve the problem, it is referred to the campus Faculty Senate Committee on Student Aid. In ordinary practice it is rare for a case to be appealed beyond this step.

5) If, however, the applicant is still not satisfied after review by committee, the case is to be referred to the Chancellor.

6) The next appeal is the President.

The final university appeal would be for the President to refer a case to the Board of Curators.

**Grade Appeal**

On each campus of the University of Missouri it is the Chancellor who is ultimately responsible to the President and the Board of Curators for all campus programs, policies, and activities. On the University of Missouri-St. Louis campus the Chancellor has delegated responsibility for overseeing the grade appeal process to the Vice Chancellor for Academic Affairs. The Vice Chancellor is therefore responsible for assuring that grade appeals are handled in a fair and timely manner. More specifically, that officer is responsible for seeing that the procedures outlined below are appropriately followed.

**Informal Procedures**

At any time after the awarding of a grade, for a course or an assignment in a course, a student may discuss the grade with her or his instructor and request that the instructor review the grade. If the instructor does review the grade he or she is, of course, free to change the grade or not as is appropriate.

**Formal Procedures**

The following procedures apply if the above informal procedure does not resolve a dispute concerning a grade to the student’s satisfaction and if the process is initiated within thirty working days of the start of the first
regular semester (fall or winter) following the semester for which the grade was given, or thirty days after the assignment of the grade (whichever is later).

1. If the student has not already done so, he or she discusses the contended grade fully with the course instructor. The student should prepare for this meeting by taking all relevant written work (test, reports, etc.) with him/her. If the issue is not resolved, and the student wishes to pursue the appeal, she or he should consult the administrative officer of the department or discipline housing the course in question. (This officer will normally be someone below the level of the Dean.) The administrative officer will discuss the appeal with the course instructor, and will inform the student of the result of this discussion. (That result may be the instructor's agreement to change the grade, her or his refusal to change the grade, or her or his agreement to discuss the case further with the student.) The administrative officer may require that the student put the appeal in written form before the administrative officer discusses it with the instructor.

2. If the matter remains unresolved, the student may, within 10 working days of being notified of the result of the discussion between the administrative officer and the instructor, or within 10 working days of her or his last discussion with the instructor, submit a detailed written statement of the complaint to the administrative officer. The administrative officer will refer it to a faculty committee composed of at least three faculty members in the department or unit offering the course or if such are not available, in closely allied fields. This committee will investigate the matter, meeting, as it may deem necessary, with the student, the instructor, and possibly others. Following its inquiries and deliberations, but prior to making its final recommendations, the faculty committee will submit a copy of its findings to the course instructor. If the course instructor elects to comment on the findings to the committee, this must be done in writing within 7 working days. After further consideration, but within 30 working days after receiving the student's statement, the faculty committee will submit its findings with its recommendations and reasons for those recommendations directly to the course instructor, with a copy to the administrative officer.

3. If the faculty committee recommends that the grade be changed, the administrative officer will ask the instructor to implement the recommendation. If the instructor declines, the administrative officer will change the grade, notifying the instructor and the student of this action. Only the administrative officer, upon the written recommendation the faculty committee, will effect a change in grade over the objection of the instructor who assigned the original grade.

4. If the faculty committee recommends that the grade not be changed, the administrative officer will notify the student of this action. The student may then appeal to the dean of the school or college within which the course in question is housed, who will determine whether the above procedures have been properly observed. If the Dean determines that the procedures have not been appropriately followed, and that their not being followed may have substantively affected the outcome, the case will be returned to the faculty unit for review by the same, or, if the Dean so determines, by a different committee.

5. If the Dean denies the procedural appeal the student may ask the Vice Chancellor for Academic Affairs, acting as the Chancellor's designee, to conduct a procedural review. The Vice Chancellor is not obligated to conduct such a review and will normally do so only where there is compelling evidence of procedural irregularities. If the Vice Chancellor finds the procedures have not been appropriately followed, and that their not being followed may have substantively affected the outcome, the case will be returned to a lower level for rereview. As the Vice Chancellor is acting as the designee of the Chancellor, there is no appeal beyond this level.

**Student Organization Policy**

**Policy on Student Organizations**
The University recognizes that the acquisition of knowledge is not confined to the formality of the classroom and that much can be gained through the activities of student organizations. To assure maximum freedom for students and to assure that organizational activities are orderly, responsible, and appropriate to the mission of the university, certain principles and procedures are established through which organizations gain university recognition.

**I Procedures for Recognition**

A. To obtain recognition or to register, an organization shall submit to the Vice Chancellor for Student Affairs, through the Office of Student Life, a recognition form which shall include:

1) The name of the organization.
2) A statement of the general purpose of the organization and the means for accomplishing it. The statement should demonstrate that the organization's purpose is to broaden the scope of general learning, extend knowledge of specialized areas, or to serve the professional, cultural, social or recreational interests of the university community, consistent with the educational goals of the university. The statement must not conflict with policies governing recognized organizations as listed below.
3) The names of at least three officers and ten responsible representatives, including student numbers, addresses and telephone numbers; these persons must be students registered at the University of Missouri St. Louis.
4) A statement of any affiliation with any other organization not registered with the university, and a copy of the organization's constitution.
5) Organizations seeking recognition must include a copy of their constitution and/or by-laws, the name of a UMSL faculty or staff member (.75 FTE) who agrees to serve as an advisor, and the name of a student member of the organization who will serve as the organization’s representative on the Student Government Association.

6) Upon submission of the recognition or registration form, the organization shall be granted temporary privileges until the request for recognition is acted upon by the Senate Student Affairs Committee.

B. To maintain recognition or registration, an organization must update their recognition form or re-register with the Office of Student Activities no later than two weeks following the beginning of the fall semester.

II Privileges of Recognized Organizations
1) Use of campus facilities and services for organizational activities as provided in the university regulations.
2) Use of the university name in connection with publicity, but only for identification purposes, and in no way to imply support of the university for any position of the organization.
3) Participation in university sponsored events.
4) Application for supplemental financial assistance.
5) Participation as a voting member of Student Government Association. Organizations who register may not apply for supplemental assistance and may not be voting members of Student Government Association.

III Policies Governing Recognized or Registered Organizations
1) Organizations shall comply with the Rules and Regulations of the University of Missouri and the St. Louis campus.
2) Organizations’ membership policy shall not discriminate for reasons of color, creed, national origin or gender. Any organization may petition to the Vice Chancellor for Student Affairs for exemption from the requirement as it applies to gender. Academic and professional organizations which have discriminatory membership policy based on gender shall not be recognized.
3) Organizations’ membership shall not be subject to approval by anyone other than the local campus membership.
4) Organizations are expected to maintain fiscal responsibility.
5) Recognized and registered organizations are required to seek the advice of faculty and other members of the community.
6) Recognized organizations are required to participate in the Student Governance process.

IV Procedure for Review of Grievances
A. Any member of the university community may bring charges against a recognized organization for breach of the above policies or procedures.

B. Such charges, except those pertaining to discrimination, are brought initially to the Vice Chancellor for Student Affairs, who may:
1) Dismiss the charges, in which case an appeal may be made to the Senate Student Affairs Committee.
2) Settle the charges in a way acceptable to both parties or,
3) Refer the charges to the Senate Student Affairs Committee.

C. Penalties may range from withdrawals of one or more privileges to withdrawal of recognition or registration. Assessment of penalties shall also provide for the conditions leading to reinstatement of such privileges for recognition.

D. Either party to the charges may appeal the decision of the Senate Student Affairs Committee to the Chancellor.

Policy on Hazing
Hazing, defined by the Fraternity Executive Association and accepted by the University of Missouri St. Louis, is any intentional action taken or situation created, whether on or off university premises, that produces mental or physical discomfort, embarrassment, harassment, or ridicule. This includes but is not limited to: paddling in any form, creation of excessive fatigue, physical or psychological shocks, wearing apparel publicly which is conspicuous and not normally in good taste, engaging in public stunts and buffoonery, morally degrading or humiliating games and activities, involuntary labor, or any activity not consistent with the University of Missouri Board of Curators Standard of Student Conduct. The University of Missouri St. Louis does not condone or tolerate hazing of any type by an organization, or by an individual against another individual.

The Office of Student Activities will investigate any incident in which a charge of hazing has been made. University recognition may be temporarily withdrawn pending hearings and due process procedures.

Should it be determined that a student organization or any of its members is guilty of hazing as previously defined, sanctions may include but are not limited to:

A. Automatic and indefinite suspension of campus recognition or registration with an accompanying loss of all campus privileges (i.e. use of facilities, student services, etc.);

B. Disciplinary action against those members involved in the incident(s) including suspension or expulsion from
Implementation: Each organizational president (or equivalent officer) is required to read and sign the university's Policy on Hazing at the first regular meeting at which he or she presides. This policy, signed by the incoming president (or equivalent officer), must accompany any notification of a change in officers submitted to the Office of Student Activities. Failure to do so will result in the automatic imposition of inactive status on the organization with an accompanying loss of all university privileges until such time as the signed policy is submitted.

**Equal Opportunity Policies of the University of Missouri-St. Louis**

The University of Missouri St. Louis is an affirmative action/equal opportunity employer committed to excellence through diversity. Therefore, the university enthusiastically complies with and vigorously enforces each Federal and State Executive Order, law and regulation, University of Missouri Rules and Regulations and University of Missouri St. Louis directive that prohibits discrimination against employees, students, and others based upon their race, color, religion, sex, sexual orientation, national origin, age, disability, or status as Vietnam era veteran.

The above compliance is established upon, but not limited to, the following employment and education related equal opportunity laws: Civil Rights Act of 1964, Title VII, as amended, Executive Order 11246; Equal Employment Opportunity Equal Pay Act of 1963, as amended Age Discrimination in Employment of 1967, as amended; Vietnam Era Veterans Readjustment Assistance Act of 1974, as amended; Executive Order 11141; Rehabilitation Act of 1973, Sections 503 and 504, as amended; Civil Rights Act of 1964, Title VI, and as amended; Educational Amendments of 1972, Title IX; and, Americans with Disabilities Act of 1990.

The Board of Curators of the University of Missouri has adopted the appropriate equal opportunity policies and procedures in compliance with the above laws and procedures. The Chancellor is responsible for the implementation of equal opportunity at UMSL. Assisting the Chancellor and each Vice Chancellor is the Office of Equal Opportunity (OEO). All equal opportunity functions for the campus are centralized in the OEO.

The following equal opportunity policies have been established by the University of Missouri Board of Curators to govern the academic and administrative functions of the University:

**320.010 EQUAL EMPLOYMENT OPPORTUNITY PROGRAM**

**330.060 SEXUAL HARASSMENT**

**240.040 POLICY RELATED TO STUDENTS WITH DISABILITIES**

**330.070 AFFIRMATIVE ACTION ON COMMITTEE APPOINTMENTS**

**330.080 MAINTAINING A POSITIVE WORK AND LEARNING ENVIRONMENT**

**320.010 Equal Employment Opportunity Program**

Equal opportunity is and shall be provided for all employees and applicants for employment on the basis of their demonstrated ability and competence without discrimination on the basis of their race, color, religion, sex, sexual orientation, national origin, age, disability, or status as a Vietnam era veteran.

Equal opportunity is and shall be also provided for all students and applicants for admission in compliance with existing legislation.

**University of Missouri-St. Louis Equal Opportunity Statement**

The University of Missouri St. Louis is committed to equal employment and educational opportunities without regard to conditions of race, color, sex, sexual orientation, religion, national origin, age, disability, or status as a Vietnam veteran.

Each administrative unit of the university employing personnel, admitting students, or entering into contracts is charged with implementation of the university's commitments, and maintenance of records to demonstrate good faith efforts, in admission and training, recruiting and hiring, compensating and promoting, layoff and dismissal, granting of tenure, contracting and purchasing, and access to facilities and programs.

As an employer and as an institution accountable to taxpayers and the general public, the university must have administrative and management practices that are designed for the best use of talent for operational effectiveness and efficiency.

**(1) Recruitment and employment of personnel**

a. Recruitment of professors and academic personnel in research and continuing education/extension is primarily the responsibility of deans, directors, chairpersons, and department heads.

b. Recruitment of administrative, service, and support staff, except for top ranking administrative personnel, is primarily the responsibility of the personnel office of each campus, and the director of Human Resources for the University of Missouri St. Louis administration. Selection is the responsibility of the administrative head of the employing unit.

c. Administrative efforts are made to recruit and employ minorities, women, persons with disabilities, and members of protected age groups.
d. The university maintains relationships with governmental agencies, community groups, and other organizations which may be of assistance in furthering recruitment and employment of minority groups, persons with disabilities, and women into departments and units which have imbalances. Personnel sources are advised of the university’s commitment to equal opportunity and affirmative action.

e. Imbalances exist when available talent among specified minorities, women, persons with disabilities, or protected age group members is proportionately underrepresented in a particular personnel category in the university.

Under representation is determined by an analysis of the appropriate employment market which is generally national or regional for major administrators, professors, and academic personnel in research and continuing education/extension. The appropriate employment market is generally the state or local community for most administrative positions and for service and support staff.
f. Advertisement and notices of employment opportunities indicate a filing date for consideration.
g. Notice of employment and training opportunities are made to existing personnel.
h. Employment applications meet federal and state requirements relating to equal opportunity.

I. The Office of Equal Opportunity maintains records to demonstrate efforts and results of efforts to achieve equity and to act affirmatively and reasonably to correct imbalances.

(2) Salaries, wages, and benefits

a. University compensation and benefit programs are administered without regard to race, color, sex, sexual orientation, religion, national origin, age, disability, or status as a Vietnam era veteran.
b. The salary range for academic positions is determined in advance of recruitment on the basis of prevailing national levels and departmental scales for the educational attainment, experience, and specialty desired.

(3) Facilities, activities, and working conditions

a. University facilities are maintained on an equitable and nondiscriminatory basis.
b. Physical facilities have been adapted within the limits of the financial resources available to insure access to the university by the persons with disabilities.
c. Opportunities for involvement in university activities are provided on an equitable or nondiscriminatory basis.

(4) Promotion and training

a. Promotions, contract renewals, the granting of tenure, and reductions in force of academic personnel are handled in accordance with established university procedures and qualification criteria for all persons and free of discrimination.
b. University policy requires that promotions, demotions, layoffs, recalls from layoffs, transfers, and temporary hires for service and support personnel are determined without regard to conditions of race, color, sex, sexual orientation, religion, national origin, age, disabilities or status as a Vietnam era veteran.
c. Participation in training and educational programs sponsored by the university, including apprenticeships, is open to all employees within eligible job classifications.
d. The university offers developmental programs for professional and personal growth to enhance promotion potential.

(5) Student admission and retention

a. The university gives students equal access to its academic programs without regard to conditions of race, color, sex, sexual orientation, religion, national origin, age, or disability. Furthermore, the university seeks to recruit, enroll, retain, and graduate minority group members and women in those fields in which they are underrepresented.
b. The University of Missouri has a unique responsibility for graduate and professional public higher education in the state of Missouri. Therefore, academic departments offering doctoral and/or advanced professional programs in disciplines and professions in which there is a deficiency of minorities and women have adopted methods to encourage enrollment, retention, and graduation of minority group members and women.
c. Affirmative action is taken to offer graduate teaching and research assistantships to minorities and women.
d. Business, government, industry, and labor are solicited to assist and provide support to minorities and women through financial aid and by providing work experiences as they pursue academic objectives.
e. Personnel representatives of prospective employers using university services and facilities to interview and recruit students must be equal opportunity employers, and must give all qualified students equal opportunity for interviews, without regard to conditions of race, color, sex, religion, national origin, age, disability, or veteran status.

(6) Appeal and grievance procedures

a. Grievance procedures are available for the processing of complaints and grievances of alleged discrimination based on conditions of race, color, sex, sexual orientation, religion, national origin, age, disability, or veteran status.
b. A student grievant has access to the student grievance procedures through the Office of Student Affairs, the school or college, the campus, and central administration.
c. The Office of Equal Opportunity provides advice and information to individuals on the grievance procedures and conducts investigations of alleged discrimination.
(7) Records and reports
a. The administrative head of each university unit must be prepared to demonstrate that equal opportunity is practiced and that affirmative action is taken in the recruitment and employment of full-time and part-time personnel, admission and retention of students, provision of facilities and programs, and purchasing and contracting.
b. Each responsible administrative unit of the university must be prepared to show that procedures followed and selections made are in compliance with policies on equal employment and affirmative action. Admissions applications are retained for one year and employment applications are retained for two years. University business involving contracts and bids for various services are retained in compliance with University of Missouri record management policies.
c. Those responsible for recruiting, admitting, and retaining students "undergraduate, graduate and professional" maintain files and records documenting efforts to provide equal opportunity and act affirmatively to attract and retain minority group members, women, older persons, and persons with disabilities.
d. Campus administrative officers maintain records demonstrating efforts to provide equal opportunity and show affirmative action in the availability and use of university facilities, including recreational facilities.
e. Those responsible for personnel recruitment and employment, including graduate teaching and research assistants, have records that reflect their adherence to equal opportunity and affirmative action practices.
f. Academic or administrative units receiving complaints or grievances based on allegations of discrimination report those cases to the Office of Equal Opportunity.

(8) Equal Opportunity Advisory Council (EO Council)
a. The EO Council is appointed by the Chancellor.
b. EO Council membership includes a reasonable cross section of personnel, including a representation of women, minorities, and persons with disabilities.
c. The EO Council advises the Director of Equal Opportunity on matters relating to affirmative action and university equal employment policy.
d. Administrative officers (chancellor, vice chancellors, deans, directors, department chairpersons, and all other supervisory personnel) are responsible for implementation of equal opportunity and affirmative action policies and practices within their areas of jurisdiction, and the effectiveness of implementation will be an element in the evaluation of the performance of each officer.

(9) Dissemination
a. Equal opportunity and affirmative action policies and programs are disseminated throughout the university and discussed at appropriate school, college, departmental, management, and supervisory meetings. The subjects covered include the recruitment, admission, and retention of students and recruitment, employment, training, promotion, and transfer of employees.
b. University faculty, staff, and students are kept informed of equal opportunity programs and affirmative action goals through campus publications and communications, the Personnel Policy Manual, the Faculty Handbook, divisional and departmental meetings, staff orientation programs, and posters.
c. Copies of the Equal Employment and Affirmative Action policies are available to a cross section of community organizations, news media, area colleges, secondary schools and recruiting sources.
d. Copies of the Affirmative Action Policy will be made available on request to employees, applicable governmental agencies, and contractors or subcontractors.
e. University invitations to bid, purchase orders, and specifications to architects and engineers contain the university’s equal opportunity policy.
f. University correspondence, employment notices and advertising, academic information, and other public notices contain the university’s equal opportunity phrase.

330.060 Sexual Harassment
This University of Missouri policy aims for an increased awareness regarding sexual harassment by making available information, education and guidance on the subject for the university community.

A. Policy Statement--It is the policy of the University of Missouri, in accord with providing a positive discrimination free environment, that sexual harassment in the workplace or the educational environment is unacceptable conduct. Sexual harassment is subject to discipline, up to and including separation from the institution.

B. Definition--Sexual harassment is defined for this policy as either:
(I) Unwelcome sexual advances or requests for sexual activity by a university employee in a position of power or authority to a university employee or a member of the student body; or
(II) Other unwelcome verbal or physical conduct of a sexual nature by a university employee or a member of the student body to a university employee or a member of the student body, when:
  a. Submission to or rejection of such conduct is used explicitly or implicitly as a condition for academic or employment decisions; or
  b. The purpose or effect of such conduct is to interfere unreasonably with the work or academic performance of the person being harassed; or
  c. The purpose or effect of such conduct to a reasonable person is, to create an intimidating, hostile, or offensive environment.
C. Non Retaliation--This policy also prohibits retaliation against any person who brings an accusation of discrimination or sexual harassment or who assists with the investigation or resolution of sexual harassment. Notwithstanding this provision, the university may discipline an employee or student who has been determined to have brought an accusation of sexual harassment in bad faith.

D. Redress Procedures--Members of the university community who believe they have been sexually harassed may seek redress, using the following options:

1. Pursue appropriate informal resolution procedures as defined by the individual campuses. These procedures are available from the campus Affirmative Action/Equal Opportunity Officer.

2. Initiate a complaint or grievance within the period of time prescribed by the applicable grievance procedure. Faculty are referred to Section 370.010, "Academic Grievance Procedures"; staff to Section 380.010, "Grievance Procedure for Administrative, Service and Support Staff"; and students to Section 390.010, "Discrimination Grievance Procedure for Students."

Pursuing a complaint or informal resolution procedure does not compromise one's rights to initiate a grievance or seek redress under state or federal laws.

E. Discipline--Upon receiving an accusation of sexual harassment against a member of the faculty, staff, or student body, the university will investigate and, if substantiated, will initiate the appropriate disciplinary procedures. There is a five year limitation period from the date of occurrence for filling a charge that may lead to discipline.

An individual who makes an accusation of sexual harassment will be informed:
1. At the close of the investigation, whether or not disciplinary procedures will be initiated; and
2. At the end of any disciplinary procedures, of the discipline imposed, if any.

240.040 Policy Related to Students with Disabilities

Executive Order No. 21, 11-1-84; Amended 2-25-97.

A. EQUALITY OF ACCESS

The University of Missouri (UM) strives to assure that no qualified person with a disability shall, solely by reason of the disability, be denied access to, participation in, or the benefits of any program or activity operated by UM.

Each such qualified person shall receive reasonable accommodations to provide equally effective access to educational opportunities, programs, and activities in the most integrated setting appropriate unless provision of such reasonable accommodation would constitute an undue hardship on the university or would substantially alter essential elements of the academic program or course of study or would otherwise compromise academic standards. This policy shall apply to all programs, services, and activities of the university, including but not limited to recruitment, admissions, registration, financial aid, academic programs, advising, counseling, student health, housing and employment.

B. FEDERAL AND STATE LAWS

This policy is intended to be consistent with Section 504 of the Rehabilitation Act of 1973, which states that no recipient of federal financial assistance may discriminate against qualified individuals with disabilities solely by reason of disability. This policy is also intended to be consistent with the Americans with Disabilities Act of 1990 and the Missouri Human Rights Act.

C. FACILITIES

Each program or activity, when viewed in its entirety, shall be accessible to otherwise qualified and eligible students with disabilities. Facilities, or parts of facilities, constructed or renovated for UM use will be designed and built so that they are accessible to and usable by persons with disabilities, in accordance with the ADA Accessibility Guidelines or other accessibility standards properly adopted by the campus. Accessible on campus housing and food service will be provided at the same cost and with the same program options to qualified students with disabilities as are afforded to non disabled students. When any UM classes, programs or activities are held in private facilities, thorough efforts shall be made to obtain facilities which are accessible.

D. COORDINATION OF PROGRAMS AND SERVICES FOR STUDENTS WITH DISABILITIES

1. Campus disability support service (DSS) offices or other designated campus units are responsible for coordination of programs, services, and classroom accommodations for qualified applicants for admission and qualified enrolled students with disabilities. Such coordination relates solely to disability issues. Determinations as to whether a student is otherwise qualified often will be based on the academic requirements developed by the faculty. Specific services available to qualified students with disabilities will be provided by the university in
2. Determinations as to whether requested services and requested accommodations are required will be made initially by the Director of DSS. Accommodation of the disability will be determined by the coordinator and faculty member, and if either disagrees with the prescribed accommodation, such disagreement shall be described in writing promptly and submitted to the Chancellor or his/her designee for resolution in a prompt manner.

3. Initial determinations and any disagreements submitted to the Chancellor or his or her designee will take into consideration all relevant factors including, but not limited to, the following:
   a. current documentation of the specific disability and of the need for the requested services or accommodations;
   b. the essential elements of the academic program or course of study being pursued;
   c. the fact that the law does not require a university to substantially alter essential elements of its academic program or course of study or to otherwise compromise its academic standards.

4. All students seeking disability related services and/or accommodations must disclose the presence of a specific disability to DSS. Before receiving requested services and/or accommodations, the student will be required to provide the DSS office with current medical or other diagnostic documentation of a disability from a qualified physician or other qualified diagnostian, as well as current documentation of the need for accommodations. In cases where existing documentation is incomplete or outdated, students may be required to provide additional documentation at the student's expense.

5. It is the student's responsibility to self identify, to provide current and adequate documentation of his/her disability, and to request classroom accommodations, through the DSS office. The appropriate documentation must be provided in a timely manner to ensure full resolution of accommodations prior to the student's entrance into the program or course of study. Documentation review and accommodations planning by DSS, including consultation with faculty and/or other campus entities that may be affected in providing accommodations, will be done on an individualized case by case basis.

6. Reasonable classroom accommodations will be provided to otherwise qualified and eligible students with disabilities who have self identified and who have provided satisfactory documentation in support of their timely request for such accommodations, in compliance with federal and state mandates. These accommodations shall not affect the substance of the educational programs or compromise educational standards.

7. In addition to providing accommodations needed to ensure nondiscrimination in access to educational opportunities by otherwise qualified students with disabilities, the university is responsible for ensuring that no qualified disabled student is denied the benefits of or excluded from participation in a university program because of the absence of auxiliary aids, services, and/or other reasonable accommodations. Auxiliary aids, services, and/or other accommodations include but are not limited to interpreters (sign or oral), readers, scribes, adaptive equipment, and other appropriate services or equipment necessary for course or program accessibility.

8. While funding for accommodations to ensure equally effective access is provided by the university, funding for auxiliary aids, accommodations, and/or services in some instances may be shared with state vocational rehabilitation agencies. The law does not require and the university does not provide prescription devices or other devices/services of a personal nature (e.g. personal attendants) for students with disabilities.

E. ESTABLISHMENT OF CAMPUS POLICIES

Chancellors are directed to establish campus policies and/or procedures consistent with this order. These should cover, at a minimum, treatment of disability related information and appropriate regard for confidentiality, responsibilities of students in applying for services through DSS, time lines to assure that students make accommodation requests in a timely manner, guidelines to assure that disability documentation is reasonably current, a description of the process of individualized assessment of each student's disability documentation and accommodation request(s), the role of faculty in determining the essential elements of the academic program or course of study and the academic standards involved in the accommodations planning and review process within the context of academic program requirements, and processing of complaints and grievances including a procedure for appeal when faculty and/or academic administrators or administrators in other involved campus entities do not agree with the DSS on the requirements of this policy.

1. From the U.S. Justice Department's ADA Title II Technical Assistance Manual, Section II 2.8000: Qualified individual with a disability. In order to be an individual protected by Title II, the individual must be a "qualified" individual with a disability. To be qualified, the individual with a disability must meet the essential eligibility requirements for receipt of services or participation in a public entity's programs, activities, or services with or without: 1) Reasonable modifications to a public entity's rules, policies, or practices; 2) Removal of architectural, communication, or transportation barriers; or 3) Provision of auxiliary aids and services. The "essential eligibility requirements" for participation in many activities of public entities may be minimal. For example, most public entities provide information about their programs, activities, and services
Upon request. In such situations, the only "eligibility requirement" for receipt of such information would be the request for it. However, under other circumstances, the "essential eligibility requirements" imposed by a public entity may be quite stringent.

ILLUSTRATION: The medical school at a public university may require those admitted to its program to have successfully completed specified undergraduate science courses.

PROVISIONS FOR SERVICES TO STUDENTS WITH DISABILITIES AND REASONABLE ACCOMMODATIONS

POLICY AND PROCEDURES

POLICY

The University of Missouri is committed to equal educational opportunities for qualified students without regard to disabling condition. The University, therefore, will take necessary action to ensure that no otherwise qualified student with a disability is denied access to any particular course or educational program. Such action includes an assessment of the student's abilities and an evaluation of the particular course or program.

IMPLEMENTATION PROCEDURES

It is the student's responsibility to self-identify, to provide current and adequate documentation of his/her disability and to request classroom accommodation, through the disability services office. A request for services will initiate an assessment of needs, including a documentation review and accommodations planning by DSS, involving consultation with faculty and/or other campus entities that may be affected in providing accommodations, and will be done on an individualized case-by-case basis. Initial determinations as to whether requested services and/or accommodations are required will be made by the coordinator of disability services based on results of the assessment of needs. If either the faculty member of the disability coordinator disagrees with the prescribed accommodation, such disagreement shall be described in writing promptly and submitted to the Chancellor or his or her designee for resolution in a prompt manner.

The University will make reasonable modifications to its academic requirements, if necessary, to comply with legal requirements ensuring that such academic requirements do not discriminate or have the effect of discriminating on the basis of a students known and adequately documented disability; unless the requested modification would require alteration of essential elements of the program or essential elements of directly related licensing requirements or would result in undue financial or administrative burdens. The divisional dean's office, in cooperation with the disabilities service coordinator and the department through which the requirement is fulfilled, will determine the appropriate modification of substitution. Any qualified student with a disability who believes that accommodations and/or auxiliary aid(s) will be necessary for participation in any course, course activity, or degree program must indicate a need for services to the designated disability services office at least six weeks prior to the beginning of the semester or degree program.

The disability services coordinator will oversee an assessment of the student's request for services and/or accommodations. If an unfavorable determination is made, the student may appeal the decision through the UM Discrimination Grievance Procedure for Students.

AIDS Policy Statement

Current knowledge indicates college and university students or employees with AIDS, ARC, or a positive antibody blood test do not pose a health risk to either students or employees in a usual academic or residential setting. The policy of University of Missouri is to permit students and employees with AIDS to continue to engage in as many of their normal pursuits as their condition allows. Managers should be sensitive to the medical problem and ensure that such employees are treated consistent with the treatment of other employees. Students will be allowed to continue their enrollment and activities (including continued residency in student housing) as long as they continue to meet academic standards and medical evidence indicates their conditions are not a threat to themselves or others. Every effort will be made to maintain confidentiality at all times.

The university also has a legitimate interest in the welfare of all students, employees, and visitors to the campus. Every reasonable precaution will be taken to minimize the risk that an employee's or student's condition will present a health and/or safety hazard to others.

The university will not discriminate against individuals with HIV infection, AIDS or ARC, but this protection does not include individuals with secondary infections or diseases that would constitute a direct threat to the health or safety of others who may because of the disease or infection be unable to perform duties of their employment. In such cases, the appropriate university personnel or student policy will determine what changes, if any, will be made in the student's or employee's academic or work program.

In the event of public inquiry concerning AIDS on campus, the Chancellor or the Chancellor's designee will provide appropriate information on behalf of the university. Existing policies regarding confidentiality of employee and student records will be followed.
Consistent with its concern for students and employees with AIDS, the university offers a range of resources through the AIDS Task Force on each campus and through other campus services.

a. Student, employee, and management education and information;
b. Referral to agencies and organizations that offer supportive services for life threatening illnesses;
c. Consultation to assist employees in effectively managing health, leave, and other benefits.

The AIDS Task Force on each campus will continue to meet periodically to review and update policy and to make recommendations as new medical facts become available. Each Task Force will continue to encourage programs to educate all members of the campus community about the reality of AIDS.

To address specialized needs, each campus is authorized to adopt and implement special policies related to AIDS which are consistent with this policy statement.

330.070 Affirmative Action on Committee Appointments

A. Affirmative Action
As part of the implementation of the Affirmative Action Plan of the University of Missouri, any person appointing any committee for the University or any campus, in selecting the membership, shall give due consideration to the inclusion in such membership of women and minorities unless membership thereon is ex-officio.

330.080 Maintaining a Positive Work and Learning Environment

1. The University of Missouri is committed to providing a positive work and learning environment where all individuals are treated fairly and with respect, regardless of their status. Intimidation and harassment have no place in a university community. To honor the dignity and inherent worth of every individual student, employee, or applicant for employment or admission is a goal to which every member of the university community should aspire and to which officials of the university should direct attention and resources.

2. With respect to students, it is the university’s special responsibility to provide a positive climate in which students can learn. Chancellors are expected to provide educational programs and otherwise direct resources to creative and serious measures designed to improve interpersonal relationships, to help develop healthy attitudes toward different kinds of people, and to foster a climate in which students are treated as individuals rather than as members of a particular category of people.

3. With respect to employees, the strength we have as a university is directly related to maintaining a positive work environment throughout the institution. The university should provide a positive recruiting and work environment focused on the duties and skills of the work to be performed. It is the expectation of the university that all employees and potential employees will be treated on the basis of their contribution or potential contribution without regard to personal characteristics not related to competence, demonstrated ability, performance, or the advancement of the legitimate interests of the university. The General Officers are expected to provide training programs for supervisors to assist in achieving this objective.

4. With respect to violations of the policy, faculty, staff and students may utilize their respective grievance procedures approved by the Board of Curators. The approved grievance procedures are as follows: Grievance procedure in Section 370.010 for faculty; grievance procedure in Section 380.010 for staff; and grievance procedure in Section 390.010 for students, and each such procedure shall be deemed as amended to include grievances filed under this policy. This policy shall not be interpreted in such a manner as to violate the legal rights of religious organizations, or military organizations associated with the Armed Forces of the United States of America.

Other Procedures or Regulations

Discrimination Grievance Procedure for Students 390.010

A. GENERAL

1. It is the policy of the University of Missouri to provide equal opportunity for all enrolled students and applicants for admission to the university on the basis of merit without discrimination on the basis of their race, color, religion, sex, national origin, age, or disability, or Vietnam era veteran status. Sexual harassment shall be considered discrimination because of sex. This policy shall not be interpreted in such a way as to violate the legal rights of religious organizations or military organizations associated with the Armed Forces of the United States of America.

2. To insure compliance with this policy, all University of Missouri prospective or enrolled students shall have available to them this student discrimination grievance procedure for resolving complaints and/or grievances regarding alleged discrimination.
3. This grievance procedure neither supersedes nor takes precedence over established university procedures of due process for any and all matters related to Academic Dishonesty, Grade Appeals, Traffic Appeals, Disciplinary Appeals, or other specific campus procedures which are authorized by the Board of Curators and deal with faculty/staff responsibilities.

4. These proceedings may be terminated at any time by the mutual agreement of the parties involved.

NOTE: A grievance concerning specific incidents filed under this discrimination grievance procedure shall not be processed on behalf of any student who elects to utilize another university grievance procedure. In addition, the filing of a grievance under these procedures precludes the subsequent use of other university grievance or appeals procedures for the same incident.

B. DEFINITIONS

1. A complaint is an informal claim of discriminatory treatment. A complaint may, but need not, constitute a grievance. Complaints shall be processed through the informal procedure herein set forth.

2. A grievance is the written allegation of discrimination which is related to:
   a. Recruitment and admission to the institution.
   b. Admission to and treatment while enrolled in an education program.
   c. Employment as a student employee on campus.
   d. Other matters of significance relating to campus living or student life, including, but not limited to: Assignment of roommates in resident halls; Actions of fraternities and sororities; Membership in and/or admission to clubs/organizations; Student Health Services; Financial aid awards.

3. A student is any person who has applied for admission or readmission, or who is currently enrolled, or who was a student of the university of Missouri at the time of the alleged discrimination.

4. Persons with disabilities--For the purpose of this student discrimination grievance procedure, a "person with a disability" has been substituted for "handicapped individual" (Section 504, Rehabilitation Act of 1973) and shall be defined as "any person who
   a. Has a physical or mental impairment which substantially limits one or more of such person's major life activities,
   b. Has a record of such impairment, or
   c. Is regarded as having such an impairment

For purpose of this definition, A "major life activity" means any mental or physical function or activity which, if impaired, creates a substantial barrier to employment and/or education.

Any reference in this document to written materials or to written or oral presentations within the student discrimination grievance procedure may be adjusted to accommodate persons with disabilities for whom the stated materials or required presentations would not be appropriate. Cost of such accommodation will be borne by the university, with no charge to the individual.

5. Appropriate Administrative Officer--The primary administrative officer on the staff of the Chancellor (in the area of Student Affairs/ Services, Administrative Services, Development, and Academic Affairs) having administrative responsibility for the unit in which the discrimination is alleged to have occurred.

6. Grievance Consultant--At any step the Director of Equal Opportunity or of Affirmative Action may be asked to serve as a consultant by any of the parties involved in this grievance procedure.

C. COMPLAINTS

1. Policies and Procedures--A student with a complaint will be provided with copies of appropriate policies and procedures pertaining to student complaints and grievances, and the Chief Student Personnel Administrator or his/her designee and the Officer for Equal Opportunity or for Affirmative Action shall be available to assist the student in understanding the opportunities afforded through such policies and procedures. The student may choose to have an adviser participate in any stage of the grievance procedure, subject to the restrictions of the hearing procedures set forth in Section 390.010 F.

2. Joint Complaint--If more than one student is aggrieved by the same action, these students may, by mutual written agreement among themselves, file with the Chief Student Personnel Administrator a complaint and pursue their complaints jointly under this grievance procedure. If the number of students in such a case is so large as to make it impracticable for them to be heard individually in a joint proceeding, they may, by mutual agreement, elect one or more of their number to act on behalf of them all.

3. Students may informally discuss a complaint with the relevant supervising administrator. Every reasonable effort should be made to resolve the matter informally at this administrative level. If a satisfactory resolution is not reached, the student may pursue the matter through each level of administrative jurisdiction up to and including the Appropriate Administrative Officer, or file a grievance within the time specified in section D.1.b.
4. Complaints Involving Recruitment
   a. Undergraduate applicants must first present complaints about recruitment to the Director of Admissions. If a satisfactory resolution is not reached, the applicant may appeal the matter to the immediate supervising officer of the Director of Admissions.
   b. Applicants for graduate study may request a meeting with the academic department head and the dean of the college, or their designees, who are actually involved in the recruitment effort to discuss the matter informally. If a satisfactory resolution is not reached, the applicant may appeal to the Dean of the Graduate School and finally to the Appropriate Administrative Officer.

5. Complaints Involving Admissions (Undergraduate or Professional)
   a. Undergraduate and professional student applicants shall present complaints to the Director of Admissions or to the dean of the school or college, depending upon where the application was originally filed.
   b. This university official shall compare the person's academic qualifications against the official university admissions criteria and review the denial. If the denial is sustained, the applicant may appeal this decision to the official's immediate supervisor or to the appropriate admissions committee.

6. Complaints Involving Admissions (Graduate)--Applicants to the Graduate School may ask for a meeting with the academic department head of the program to which the applicant was seeking admission. This official shall explain the reasons for the denial of recommendation for admission. If a satisfactory resolution is not reached, the applicant may then appeal to the Dean of the Graduate School or to the appropriate admissions committee. If the denial is upheld, the applicant may appeal the decision to the appropriate administrative officer.

7. Complaints Involving Admissions to or Treatment in an educational Program or in the Granting of Assistantships - An undergraduate or graduate student enrolled at the institution who has a discrimination complaint involving admission to or treatment in an educational program or in the granting of assistantships may request a conference with the appropriate department head and with the dean of the school or college (or the dean's designee) to discuss the matter informally. If a satisfactory resolution is not reached, the student may present a grievance pursuant to Section 390.010 F.

8. Complaints Involving Nonacademic Matters Related to Campus Living and Student Life--A currently enrolled student who has a university related complaint concerning discrimination in nonacademic matters including but not limited to assignment of roommates, actions of fraternities and sororities, membership in and/or admissions to clubs/organizations, student health services and financial aid awards may request a conference with the appropriate administrative supervisor, department head and/or director to discuss the matter informally. If a satisfactory resolution is not reached, the student may present a grievance pursuant to Section 390.010 D.

9. Complaints Involving Student Employment on Campus. A student enrolled at the university who alleges that discrimination occurred either in applying for work or while working as a student employee at a university job may request a conference with the supervisor, department head or director of the employing unit to discuss the matter informally. If a satisfactory resolution is not reached, the student may present a grievance pursuant to Section 390.010 D.

10. Complaints Involving Financial Aid (Undergraduate, Graduate, Professional):
    a. Undergraduate, graduate, and professional student aid applicants shall present complaints to the Director of Student Financial Aid where the application was originally filed or the award originally made.
    b. This university official shall compare the person’s financial and academic qualifications against the official university financial aid criteria and review the denial. If the original judgment is sustained, the applicant may appeal this decision to the official's immediate supervisor or to the appropriate financial aid committee.

D. INITIATING A GRIEVANCE

1. Policies and Procedures-- student with a grievance will be provided copies of appropriate policies and procedures pertaining to student complaints and grievances, and the Chief of Student Personnel Administrator or designee and the Office for Equal Opportunity or for Affirmative Action shall be available to assist the student in understanding the opportunities afforded through such policies and procedures. The student may choose to have an adviser participate in any stage of the grievance procedure, subject to the restrictions of the hearing procedures set forth in Section 390.010 F.
   a. Joint Grievance--If more than one student is aggrieved by the same action, these students may, by mutual written agreement among themselves, file with the Chief Student Personnel Administrator a grievance and pursue their grievances jointly under this grievance procedure. If the number of students in such a case is so large as to make it impractical for them to be heard individually in a joint proceeding, they may, by mutual agreement, elect one or more of their number to act on behalf of all of them.
   b. Regardless of their nature, all discrimination grievances are to be filed with the Chief Student Personnel Administrator. A grievance must have been filed by a student within one hundred eighty (180) calendar days of the date of the alleged discriminatory act.

2. Filing a Grievance
a. All grievances must be presented in writing and contain the following information:

1) A clear concise statement of the grievance which includes the name of the person(s) against whom the grievance is made, the date(s) of the alleged discrimination and a statement describing the specific supporting evidence;
2) A brief summary of the prior attempts to resolve the matter which includes the names of persons with whom the matter was discussed and the results of those previous discussions;
3) A specific statement of the remedial action or relief sought.

b. Within seven (7) working days, the original grievance form with an explanation will be returned to the student if, in the judgment of the Chief Student Personnel Administrator, the statements are vague or do not meet the above requirement. The student may make the necessary corrections and resubmit the grievance within seven (7) days.

3. Any grievance not filed within the time limits specified in Section 390.010 D.1.B shall be deemed waived by the grievant. The Chief Student Personnel Administrator may extend the time limits only if adequate cause for an extension of the time limits can be shown by the student.

4. For informational purposes, copies of the grievance shall be forwarded to the Appropriate Administrative Officer and the Director of Equal Employment and/or Affirmative Action.

5. Within fifteen (15) working days of receipt of a grievance that satisfies the requirement of Section 390.010 D.1.b, the Appropriate Administrative Officer with the consent of the parties involved may establish an informal hearing with the aggrieved student, the responding faculty/staff/organization, the respondent's supervisor and the Appropriate Administrative Officer's designee. The Appropriate Administrative Officer shall not involve himself/herself in this meeting. If this informal means of resolving the grievance fails, a grievance committee will be impaneled as called for in Section 390.010 E.1.

E. FORMATION OF GRIEVANCE COMMITTEE

1. It is the Appropriate Administrative Officer's responsibility to initiate the selection of the grievance committee within fifteen (15) working days after the request for the formation of a grievance committee or after the completion of the informal hearing provided for in Section 390.010 F.5 without satisfaction to the grievant.

2. A grievance hearing panel shall be established by October 1 of each year from which a grievance committee should be constituted. The panel shall consist of ten (10) faculty, ten (10) staff and ten (10) students. Selection of the panel will be made by the Chief Student Personnel Administrator from recommendations by the appropriate faculty, staff and student associations. Selection of membership will consider sex, race, disability, academic rank, student classification and employee classification. Membership on the hearing panel shall be for two years. A member's term shall expire on September 30 of the second year unless he/she is serving at that time on hearing committee still in the process of reviewing an unresolved grievance. In such case, the member's term shall expire as soon as the committee has submitted a written report of its findings and recommendations to the Appropriate Administrative Officer.

3. A hearing committee shall be composed of five (5) members. The grievant shall select two (2) members from the grievance hearing panel provided by the Chief Student Personnel Administrator. The responding faculty/staff/organization shall select two (2) members from the grievance hearing panel. Both parties should have their selections made within 15 working days of the receipt of the request. The four committee members shall then select an additional member from the grievance hearing panel to serve as chair. Neither members of the immediate departmental unit nor student members of pertinent student organizations involved in the grievance shall be eligible to serve on the committee.

4. Any person selected to a grievance committee will be expected to serve on such committee and to present at all sessions. If a member is absent from a single session, he/she will be required to review all tapes or transcribed proceedings of that session prior to the next meeting of the committee. Should a member be absent from two sessions or should a member request to be excused from service for reasons of illness, necessary absence from the campus or other hardship, then that member shall be replaced in the same manner used in the original selection (see Section 390.010 E.3). If a member is unable or ineligible to serve for whatever reason, the replacement shall review all tapes or written transcripts and all submitted evidence prior to service on the committee. Five members of the hearing committee, duly selected as in Sections 390.010 E.3 and E.4 must attend the opening and closing session of the hearing.

F. HEARING PROCEDURES FOR FORMAL GRIEVANCES

1. It shall be the responsibility of the Appropriate Administrative Officer to coordinate the procedures contained herein, to make provisions for hearing rooms, to coordinate secretarial and recording services and to otherwise serve the grievance committee as needed.

2. At the first organizational meeting of the grievance committee, the committee shall elect a chairperson from among the members to preside over subsequent meetings. Then the chairperson shall schedule a hearing at the earliest convenient time when all affected parties can be present.
3. A quorum consists of a minimum of four members of the committee except as provided by Section 390.010 E.4.

4. The grievance committee shall invite the grievant and the responding person to all hearings. Attendance at the hearings shall be limited to persons who have an official connection with the case as determined by the chairperson. The grievant and the responding person may choose to be accompanied by an adviser. Others whose participation in the hearing is considered essential in order to assist the committee in establishing the facts of the case shall appear before the committee only long enough to give testimony and to answer questions of committee members.

5. It is within the duties and responsibilities of all members of a grievance committee to commit themselves to observe procedures consistent with fairness to all parties concerned. For example, it is a matter of principle that members of the grievance committee will not discuss a case with anyone outside of the hearing process and that their finding will not be influenced by anything other than the evidence presented to them in meetings in which all affected parties are present.

6. The grievance committee shall set forth the rules of procedure for the hearing within the guidelines set forth herein. The chairperson may, for good cause and with the concurrence of a majority of the entire committee, authorize deviation from the suggested format, in which case the principal parties shall be notified.
   a. The grievant shall be heard first in all phases of a grievance hearing and shall be primarily responsible for the presentation of his/her position.
   b. The adviser of the grievant or respondent may advise that person and may briefly explain his or her position but shall not be permitted to testify or to cross examine.
   c. A reasonable time limit should be established for opening and closing statements and shall be announced prior to the hearing.
   d. Length of hearing sessions may be established in advance; every effort should be made to conduct the hearing as expeditiously as possible, with equal fairness to both parties.
   e. The interested parties shall provide the chairperson with the names of the adviser and potential witnesses at least forty eight (48) hours prior to the hearing. It is the responsibility of the interested party, working with the chairperson, to ensure the presence of these individuals in a timely manner.
   f. After initial witnesses for both parties have been heard, such witnesses may be recalled for additional questioning if requested by either party or the grievance committee. The committee may call new witnesses whose testimony it deems relevant or helpful.
   g. In order to promote the truthful, unfettered exchange of information and ideas, all testimony pertaining to the grievance hearing shall be held in confidence.
   h. Only evidence relevant to the grievance may be introduced. Questions regarding the admissibility of evidence shall be decided by the chairperson.

7. At any point in the proceedings prior to the time at which the committee reaches its final decision, the grievant may withdraw any portion or all of the grievance with the consent of a majority of the committee members and of the respondent. In all cases of withdrawal at the consent of the committee and of the respondent, the grievant shall not have the privilege of reopening the same grievance at any time in the future. In the event that the student refuses to participate further in the committee hearing, the committee may choose to continue the case or to move to closure with an appropriate closing statement as per Section 390.010 F.9.

8. A confidential tape recording of the grievance hearing shall be made and will be accessible to the parties involved, the committee, the Appropriate Administrative Officer, the Chancellor, the President, members of the Board of Curators and authorized representatives on a need to know basis. Either party to the grievance may request that the committee provide a written transcript of testimony. The cost of preparation of such a transcript is to be paid by the party making such request unless Section 390.010 B.4 is applicable. After the report of the grievance committee has been prepared, the tapes and relevant materials will be sealed and filed in the Appropriate Administrative Office. Unless extraordinary circumstances apply, these materials will be destroyed at the end of five years.

9. At the conclusion of the grievance hearing, the members of the grievance committee shall meet in closed session to deliberate upon their findings. A majority vote of the entire committee shall be required on all decisions. The grievance committee shall make a written report on findings and recommendations to the Appropriate Administrative Officer of the university, with copies to the grievant(s) and the responding person(s). The written report will contain:
   a. A statement of the purpose of the hearing,
   b. Issues considered,
   c. A summary of the testimony and other evidence presented,
   d. Findings of fact as developed at the hearing, and
   e. Recommendations for final disposition of the case.

10. The Appropriate Administrative Officer will make his/her decision. This decision and the actions that have been taken shall be presented to both parties in writing. If the administrative officer does not accept the
recommendations of the grievance committee, a written statement of the reasons for so ruling must be given to both parties and to the chairperson of the committee.

11. If requested by the grievant or the responding party, normally within seven (7) calendar days of the notification of the decision, the decision of the Appropriate

12. Grievances shall receive prompt attention. The hearing and the report of the grievance shall normally be completed within sixty (60) calendar days of the formation of the grievance committee, and a final decision shall be made by the appropriate administrative officer normally within ten (10) calendar days thereafter. In any case in which these time schedules should prove to be inadequate the committee shall present, in writing an amended time schedule to all parties involved.

Administrative Officer may be subject to a review of the records by the Chancellor. Any review and decision by the Chancellor shall be made normally within thirty (30) calendar days. The decision of the Chancellor can be appealed to the President, who shall have thirty (30) calendar days in which to make a decision, which shall be final.
