b. General Statement of Procedures. A student or student organization accused of violating the Student Conduct Code is entitled to a written notice of the specific charges at issue and a formal hearing unless the matter is disposed of under the rules for informal disposition. Student conduct proceedings serve educational purposes identified in the Standard of Conduct and these Rules of Procedure and are not to be construed as judicial trials. Formal rules of evidence and civil procedure do not apply; but care shall be taken to comply as fully as possible with the spirit and intent of the procedural safeguards set forth in these Rules of Procedure. For formal hearing dispositions, decisions on responsibility for conduct violations must be based on relevant information submitted at the hearing, and any relevant information provided to the hearing panel in advance of the hearing with notice to the accused student or student organization and the Primary Administrative Office and the opportunity for the Parties to respond to such information. The Office of the General Counsel shall be legal adviser to the Committee and the Primary Administrative Officer, but the same attorney from the Office of the General Counsel shall not perform both roles with regard to the same case and attorneys from the Office of the General Counsel performing distinct roles on the same case will not discuss the merits of the case with one another.

c. Notice of Hearing. At least twenty (20) business days prior to the Student Conduct Committee Hearing, or as far in advance as is reasonably possible if an accelerated resolution process is scheduled with the consent of the accused student or student organization, the Primary Administrative Officer will send a letter to the accused student or student organization (or to the student or student organization's adviser if requested by the student or student organization) with the following information:

1. A detailed description of the alleged conduct at issue and applicable policies, rules, or regulations alleged to be violated;
2. A description of the applicable procedures, including right to have an adviser, who may be, but is not required to be, an attorney;
3. A statement of the potential sanctions/remedial actions that could result;
4. A statement notifying the student or student organization that they will be permitted to inspect, copy, and review any evidence obtained as part of the investigation that is directly related to the allegations to be addressed at the hearing, including the evidence upon which the University does not intend to rely in reaching a determination regarding responsibility and including inculpatory or exculpatory evidence;
5. A statement notifying the Parties that they must be truthful when making any statement or providing any information or evidence to the University throughout the student conduct process, and all documentary evidence must be genuine and accurate;
6. A statement that nothing in these procedures is intended to alter any rights the individual may have under applicable state or federal statutory laws or the U.S. Constitution;
7. The names of the Committee or Hearing Panel members and Chair who will hear the case, and information on how to raise an objection to any member or chair and the timeline in which to raise any objections; and
8. The time, date and location of the hearing. If any Party does not appear at the hearing, the hearing will be held in their absence.

This Notice of Hearing letter will be made in writing and will be delivered either: 1) in person, 2) by email only to the Party's University-issued email account if the Party has consented electronically or in writing to receipt of all notifications by email; or 3) mailed to the mailing address of the respective Party as indicated in the official University records and emailed to the Party's University-issued email account. If there is no local address on file, mail will be sent to the Party's permanent address. Notice also shall be mailed and emailed to the Party's adviser, if an adviser has been identified by the Party.

Notice is presumptively deemed delivered, when: 1) provided in person or 2) emailed to the Party (when prior consent - whether electronically or in writing - has been given to receipt of all notifications by email or 3) when mailed and emailed to the Party and the Party's adviser, if an adviser has been identified by the Party.

Any request to reschedule the hearing shall be made in writing to the Chair, who shall have the authority to reschedule the hearing if the request is timely and made for good cause. The Chair shall notify the Primary Administrative Officer and the accused student or student organization of the new date for the hearing. If the accused student or student organization fails to appear at the scheduled time, the Committee may hear and determine the matter.

5. Right to Petition for Review.

a. Except in cases where a right of appeal applies, the Primary Administrative Officer or the accused student or student organization may petition the Chancellor or Designee in writing for a review of the decision within ten (10) business days after written notification. A copy of the Petition for Review must also be served upon the non-appealing Party or Parties within such time. The Petition for Review must state the grounds for review in detail, and the non-appealing Party or Parties may answer the petition within ten (10) business days. Upon written request, the Chancellor or Designee may extend the time for petition or answer for good cause.

b. The Chancellor or Designee may review or refuse to review the decision. In all cases where the Petition for Review is refused, the action of the Committee shall be final. If review is granted, the Chancellor or Designee may affirm, reverse or modify the decision, or remand the case for further proceedings. The action of the Chancellor or Designee after review shall be final unless it is to remand the matter for further proceedings.

6. Right of Appeal (involving issues of University expulsion, University dismissal, University suspension or Withdrawal of Recognition only).

a. When an accused student is expelled, dismissed, or suspended from the University or when a student organization has its recognition withdrawn, either temporarily or permanently, by the Committee or when such sanctions have been expressly requested by the Primary Administrative Officer and refused by the Committee, the Primary Administrative Officer or the accused student or student organization may appeal such decision to the Chancellor by filing written notice of appeal stating the grounds for appeal in detail with the Chancellor within ten (10) business days after notification of the decision of the Committee. The appealing Party may file a written memorandum for consideration by the Chancellor with the Notice of Appeal. A copy of the Notice of Appeal and any memorandum must also be served upon the non-appealing Party or Parties within such time, and any other Party may submit a reply to such memorandum within ten (10) business days. Upon written request, the Chancellor or Designee may extend the time for appeal or reply for good cause.

b. The Chancellor shall review the record of the case and the appeal documents and may affirm, reverse or modify the decision, or remand the case for further proceedings. The Chancellor shall notify the accused student or student organization in writing of the decision on the appeal. The action of the Chancellor shall be final unless it is to remand the matter for further proceedings.

7. Grounds for Review or Appeal. Grounds for appeals are limited to the following:

a. A material deviation from established procedures that affected the outcome of the matter;

b. To consider new evidence that was not reasonably available at the time the decision was made that could affect the outcome of the matter;

c. The Committee members or Student Panelists demonstrated a conflict of interest or bias against students or student organizations generally or against the particular student or student organization that affected the outcome of the case; and/or

d. The sanctions fall outside the range typically imposed for this offense, or for the cumulative conduct record of the student or student organization.

Review or appeal is not intended to be a full rehearing of the case and is therefore deferential to the original findings. In most cases, appeals are confined to a review of the written documentation and Record of the Case, and relevant documentation regarding the grounds for review or appeal. A review or appeal granted based on new evidence should normally be remanded to the original decision-maker for reconsideration. The Chancellor or Designee will normally render a written decision, with an explanation of reasons, on the review or appeal to all Parties within ten (10) business days after receiving the answer or reply, or after the deadline for answer or reply has passed without a submission being made. In the event the Chancellor or Designee is unable to render a written decision within ten (10) business days, the Chancellor or Designee will promptly notify the Parties in writing of the delay. Once a review or appeal is decided, the outcome is final. Further appeals and grievances are not permitted.

8. Status During Appeal.

a. In cases of suspension, dismissal, or expulsion where a Notice of Appeal is filed within the required time, a student may petition the Chancellor in writing for permission to attend classes pending final determination of appeal. The Chancellor may permit a student to continue in school under such conditions as may be designated pending completion of appellate procedures, provided such continuance will not seriously disrupt the University or constitute a danger to the health, safety, or welfare of members of the University community. In such event, however, any final sanctions imposed shall be effective from the date of the action of the Committee.

b. In cases of withdrawal of recognition where a Notice of Appeal is filed within a required time, a student organization may petition the Chancellor in writing to stay the withdrawal of recognition while the appeal is pending. The Chancellor may stay the withdrawal of recognition under such conditions as may be designated pending completion of appellate procedures, provided such continuance will not seriously disrupt the University or constitute a danger to the health, safety, or welfare of members of the University community.

9. Student Honor System. Forums under the student honor systems established for investigating facts, holding hearings, and recommending and imposing sanctions are authorized when the student honor code or other regulations containing well defined jurisdictional statements and satisfying the requirements of Article VI of the Bylaws of the Board of Curators, Section 10.030, and notice thereof in writing has been furnished to students subject thereto. Though the student honor system has jurisdiction, together with procedures set forth therein, instead of the Primary Administrative Officer, the standard of conduct called for in any such student honor system shall be deemed to contain at a minimum the same standards set forth in Section 200.010, entitled Standards of Conduct. Procedures shall satisfy the requirements of Article VI of the Board of Curators' Bylaws, Section 10.030, and shall contain procedures herein before stated insofar as appropriate and adaptable to the particular situation. Before it can be implemented, a student honor system and any amendment to a student honor system must be approved as provided herein. A proposed student honor system or amendment must be approved by the applicable dean, then the Chancellor, and then the Office of the General Counsel. After such approvals, the proposed student honor

system or amendment must be submitted to the Board of Curators for approval. Students subject to student honor systems shall have the rights of appeal as set forth in Section 200.020.E.6.

F. Hearing Procedures.

1. Pre-Hearing Disclosures.

- a. **Primary Administrative Officer's Disclosure.** At least ten (10) business days prior to the hearing, the Primary Administrative Officer will provide the accused student or student organization, the student's or organization's adviser if an adviser has been identified by the student or organization, and the Chair:
 - i. An investigative report that fairly summarizes the relevant evidence in an electronic format or hard copy for their review and any written response as described below;
 - ii. A list of the names of the proposed witnesses to be called by the Primary Administrative Officer;
 - iii. Copies of all proposed documentary, photographic, video, or audio evidence;
 - iv. Notification that all of the evidence gathered in the course of the investigation that is directly related to the allegations to be addressed at the hearing is available to the student or student organization and instructions regarding how to request access to that information, which shall include evidence upon which the University does not intend to rely in reaching a determination regarding responsibility and including inculpatory or exculpatory evidence;

1. If any evidence that otherwise would have been subject to inclusion in the notice is received after the notice is issued, such evidence will be provided to the accused student or student organization as soon as practicable before the hearing date; and

- v. Notice that the Parties may request a virtual hearing and/or any necessary accommodations.

- b. **Student or Student Organization's Disclosure.** At least five (5) business days prior to the hearing, the accused student or student organization will provide to the Primary Administrative Officer and the Chair:

1. Any written response to the investigative report that the student or student organization may wish to submit;
2. A list of the names of proposed witnesses to be called by the student or student organization and the name of any adviser who will be attending; and
3. Copies of all proposed documentary, video, or audio evidence.

- c. **Rebuttal Disclosure.** If the Primary Administrative Officer identifies rebuttal witnesses or evidence to be called or submitted, the Primary Administrative Officer shall provide notice of such witnesses or evidence to the accused student or student organization at least two (2) business days before the hearing.

2. Request for Alternative Attendance or Questioning Mechanisms.

The Chair, in consultation with and by agreement of the Parties, may decide in advance of the hearing that certain witnesses do not need to be physically present if their testimony can be adequately summarized in the investigative report or during the hearing. All Parties will have ample opportunity to present facts and arguments in full and question and cross

examine all present witnesses during the hearing. All Parties shall have the right to have an adviser, who may be, but is not required to be, an attorney, participate in the hearing.

All hearings will be live (in person or virtually). However, at the request of either Party, or by the University's designation, the live hearing may occur with the Parties located in separate rooms with technology enabling the Committee, the Parties and their advisers to simultaneously see and hear the Party or the witness answering questions. Should any hearing take place in this manner, the Chief Student Affairs Administrator or Designee shall be in charge of the technology during the hearing. The University will make reasonable accommodations for the Parties in keeping with the principles of equity and fairness. Such witnesses, however, shall still be subject to cross-examination.

3. Conduct of Hearing. The Chair shall preside at the hearing, call the hearing to order, call the roll of the Committee in attendance, ascertain the presence or absence of the student or representatives of the student organization accused of misconduct, verify the receipt of notices of hearing by the student or student organization, report any continuances requested or granted, establish the presence of any adviser of the student or student organization (who may be, but is not required to be, an attorney) and the registered faculty/staff adviser of the student organization, and call to the attention of the accused student or student organization and the adviser any special or extraordinary procedures to be employed during the hearing and permit the student or student organization to make suggestions regarding or objections to any procedures for the Committee to consider.

a. Opening Statements.

1. The Primary Administrative Officer shall make opening remarks outlining the general nature of the case.
2. The accused student or student organization or adviser may make a statement to the Committee about the charge at this time or at the conclusion of the University's presentation.

b. University Evidence.

1. The Primary Administrative Officer may state any facts the investigation has revealed. University witnesses are to be called and identified or written reports of evidence introduced as appropriate. The Committee or Panel may not rely on information in a report provided by a witness whose identity has not been disclosed to the accused Party.
2. The Committee may question witnesses at any time.
3. The accused student or student organization or the adviser may question and cross examine witnesses or examine evidence at the conclusion of the University's presentation.

c. Accused Student or Student Organization Evidence.

1. If the accused student or student organization has not elected to make a statement earlier under a.(2) above, the accused student or student organization or adviser shall have the opportunity to make a statement to the Committee about the charge.
2. The accused student or student organization may present evidence through witnesses or in the form of written memoranda.

3. The Committee or Hearing Panel may question the accused student or representatives of the accused student organization or witnesses at any time. The Primary Administrative Officer may question the accused student or witnesses. Provided, however, that the accused student or student organization retains the right to remain silent and such silence shall not be considered as evidence supporting a finding of a violation.

d. Rebuttal Evidence. The Committee may permit the University or the accused student or student organization or adviser to offer a rebuttal of the others' presentation(s).

e. Rights of Student Conduct Committee. The Committee shall have the right to:

1. Hear together cases involving more than one student or more than one student organization which arise out of the same transaction or occurrence, but in that event shall make separate findings and determinations for each student or student organization;
2. Permit a stipulation of facts by the Primary Administrative Officer and the student or student organization involved;
3. Permit the incorporation in the record by reference of any documentation, produced and desired in the record by the University or the accused, provided the other Party has had an opportunity to review and respond to the documentation;
4. Question witnesses or challenge other evidence introduced by either the University or the student or student organization at any time;
5. Hear from the Primary Administrative Officer about dispositions made in similar cases and any dispositions offered to the accused student or student organization appearing before the Committee;
6. Call additional witnesses or require additional investigation;
7. Dismiss any action at any time or permit informal disposition as otherwise provided;
8. Permit or require at any time amendment of the Notice of Hearing to include new or additional matters which may come to the attention of the Committee before final determination of the case; provided, however, that in such event the Committee shall grant to the student or student organization or Primary Administrative Officer such time as the Committee may determine reasonable under the circumstances to answer or explain such additional matters;
9. Dismiss any person from the hearing who interferes with or obstructs the hearing or fails to abide by the rulings of the Chair of the Committee; and
10. Suspend summarily students from the University who, during the hearing, obstruct or interfere with the course of the hearing or persistently fail to abide by the ruling of the Chair of the Committee on any procedural question or request of the Chair for order.

f. Communications. The Committee shall avoid communication with either Party or their advisers regarding the merits of a pending case prior to the hearing without the other Party or its adviser included. Communications for purposes of scheduling are permitted.

4. Rights of Accused Upon Hearing. A student or student organization appearing before a Committee shall have the right to:

- a. Be present at the hearing, which right may be waived by either written notification to the Chair or by failure to appear;
- b. Have an adviser (who may be, but is not required to be, an attorney) present during the hearing, who may actively participate and assist the student as described herein;
- c. To testify at the hearing or refuse to testify at the hearing;
- d. Hear or examine evidence presented to the Committee;
- e. Question witnesses present and testifying;
- f. Present evidence by witnesses or affidavit;
- g. Make any statement to the Committee in mitigation or explanation of the conduct in question;
- h. Request that the hearing be held virtually, with technology enabling participants simultaneously to see and hear each other;
- i. Be informed in writing of the findings of the Committee and any sanctions it imposes; and
- j. Request review or appeal to the Chancellor or Designee as herein provided.

5. Rights of the Primary Administrative Officer Upon Hearing. The Primary Administrative Officer appearing before a Committee shall have the right to:

- a. Be present at the hearing;
- b. Have an attorney from the Office of the General Counsel present as legal adviser to the Primary Administrative Officer, who may actively participate and assist the Primary Administrative Officer as described herein;
- c. To state any facts the investigation has revealed;
- d. Hear or examine evidence presented to the Committee;
- e. Question witnesses present and testifying;
- f. Present evidence by witnesses or affidavit;
- g. Request that the hearing be held virtually, with technology enabling participants simultaneously to see and hear each other;
- h. Be informed in writing of the findings of the Committee and any sanctions it imposes; and
- i. Request review or appeal to the Chancellor or Designee as herein provided.

6. Determination by the Student Conduct Committee. The Committee shall make its findings and determinations based on the preponderance of the evidence in executive session out of the presence of the Primary Administrative Officer and the accused student or student organization. Separate findings are to be made:

- a. As to the conduct of the accused student or student organization, and
- b. On the sanctions, if any, to be imposed. No sanctions shall be imposed on the accused student or student organization unless a majority of the Committee present is convinced by the preponderance of the evidence that the student or student

organization has committed the violation charged. In determining what sanction, if any, is appropriate, the Committee may take into consideration the previous disciplinary history of the accused student or student organization.

7. Official Report of Findings and Determinations. The Committee shall promptly consider the case on the merits and make its findings and determination and transmit them to the Primary Administrative Officer/ Designee(s) and the accused student or student organization designee. The Committee's report shall detail the following:

- a. Identification of the allegations potentially constituting prohibited conduct and the determination of the Committee;
- b. A description of the procedural steps taken;
- c. Findings of fact supporting the determination and any information the Committee excluded from its consideration and why;
- d. Conclusions regarding the application of the University's Standard of Conduct to the facts;
- e. A statement of, and rationale for, the result as to each allegation, including a determination regarding responsibility;
- f. Any disciplinary sanctions to be imposed on the student or student organization; and
- g. The procedures and permissible bases for the Parties to seek review or appeal.

8. Evidentiary and Procedural Questions. The relevancy and admissibility of any evidence offered and procedural questions shall be determined by the Chair, whose ruling shall be final unless the Chair shall present the question to the Committee at the request of a member of the Committee, in which event the ruling of the Committee by majority vote shall be final. In considering evidentiary and procedural questions, the Chair will apply the following rules:

- a. The Chair has the discretion to determine the relevance of any witness or documentary evidence and may exclude any witness, document, or information that is irrelevant, immaterial, cumulative, or more prejudicial than informative.
- b. The Committee shall consider the trustworthiness of all oral or written statements and no oral or written statement shall be considered if the source of the statement has not been disclosed to the Committee and the Parties.
- c. Character evidence is information that does not directly relate to the facts at issue, but instead reflects upon the reputation, personality, or qualities of an individual, including honesty. Such evidence regarding a Party's character is of limited utility and shall not be admitted unless deemed relevant by the decision-maker.
- d. Incidents or behaviors of a Party not directly related to the possible violation(s) will not be considered unless they show a pattern of related misconduct. History of related misconduct by a Party that shows a pattern may be considered only if deemed relevant by the decision-maker.
- e. A student's records that are made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in the professional's or paraprofessional's capacity, or assisting in that capacity, and which are made or

maintained in connection with the provision of treatment to the student, may not be used without that student's express consent.

f. The Chair and Committee shall not require, allow, rely upon, or otherwise use questions or evidence that constitute, or seek disclosure of, information protected under a legally recognized privilege, unless the person holding such privilege has waived the privilege.

9. General Rules of Decorum. The following general rules of decorum shall be adhered to:

- a. All requests to address the Committee shall be addressed to the Chair.
- b. The Chair will rule on all requests and points of order and may consult with Committee's legal adviser prior to any ruling. The Chair's ruling shall be final and all participants shall abide thereby, unless the Chair shall present the question to the Committee at the request of a member of the Committee, in which event the ruling of the Committee by majority vote shall be final.
- c. The Chair or Committee may dismiss any person from the hearing who interferes with or obstructs the hearing or fails to abide by the rulings of the Chair or the Committee.
- d. Rules of common courtesy and decency shall be observed at all times.

10. Advisers / Attorneys. A student or student organization may have an adviser, who may be, but is not required to be, an attorney. Prior to the hearing, the adviser may communicate with the Chair on behalf of the student or student organization, including raising questions or objections or making requests regarding procedural matters.

At the hearing, the adviser may ask any witnesses all relevant questions and follow-up questions, including those challenging credibility, and conduct cross-examination and other questioning. An adviser may request clarification of a procedural matter or object on the basis of procedure at any time by addressing the Chair after recognition. An adviser may make presentations and speak on behalf of their Party and may consult with the student or representatives of the student organization quietly or in writing, or outside the hearing during breaks.

11. Record of Hearing. An audio, video, digital or stenographic record of the hearing shall be maintained. The notice, exhibits, hearing record and the findings and determination of the Committee shall become the "Record of the Case" and shall be filed in the Office of the Primary Administrative Officer and for the purpose of review or appeal be accessible at reasonable times and places to the University, and the accused student(s) or student organization designee.

12. Transcripts. Information regarding expulsions will be noted on transcripts and shared system-wide. The Primary Administrative Officer will inform the Registrar or designee, who will make

Diversity Equity and Inclusion Policies

The following diversity, equity and inclusion policies have been established by the University of Missouri Board of Curators to govern the academic and administrative functions of the four campuses and are available on the UM System website.

600.010 Equal Employment/Educational Opportunity and Nondiscrimination Policy

600.070 Policy Related to Students with Disabilities

330.070 Affirmative Action on Committee Appointments

Students may contact Student Affairs or the Title IX Office to lodge complaints or seek information about these procedures.

Equal Employment/Educational Opportunity

600.010 Equal Employment/Educational Opportunity and Nondiscrimination Policy

Bd. Min. 2-19-71; Reaffirmed Bd. Min. 10-14-77; Amended Bd. Min. 5-23-80; Amended Bd. Min. 10-15-82; Amended Bd. Min. 10-16-03; Amended Bd. Min. 6-19-14; Revised 9-22-14 by Executive Order 41. Revised 2-5-15; Amended 2-9-17 with an effective date of 3-1-17; Revised 7-28-20 with effective date of 8-14-20.

A. Equal Employment/Educational Opportunity Policy and Statement of Nondiscrimination. The Curators of the University of Missouri does hereby reaffirm and state the policy of the University of Missouri on Equal Employment/Educational Opportunity and Nondiscrimination.

1. Equal Opportunity is and shall be provided for all employees and applicants for employment on the basis of their demonstrated ability and competence without unlawful discrimination on the basis of their race, color, national origin, ancestry, religion, sex, pregnancy, sexual orientation, gender identity, gender expression, age, disability, protected veteran status, or any other status protected by applicable state or federal law. This policy shall not be interpreted in such a manner as to violate the legal rights of religious organizations or the recruiting rights of military organizations associated with the Armed Forces or the Department of Homeland Security of the United States of America.
2. Equal Opportunity is and shall be provided for all students and applicants for admission without unlawful discrimination on the basis of their race, color, national origin, ancestry, religion, sex, pregnancy, sexual orientation, gender identity, gender expression, age, disability, protected veteran status, or any other status protected by applicable state or federal law. This policy shall not be interpreted in such a manner as to violate the legal rights of religious organizations or the recruiting rights of military organizations associated with the Armed Forces of the Department of Homeland Security of the United States of America.
3. The University of Missouri does not discriminate on the basis of race, color, national origin, ancestry, religion, sex, pregnancy, sexual orientation, gender identity, gender expression, age, disability, protected veteran status, and any other status protected by applicable state or federal law. As used in this policy, the word "sex" is also inclusive of the term "gender."

The University's Nondiscrimination policies apply to any phase of its employment process, any phase of its admission or financial aid programs, other aspects of its educational programs or activities, and instances occurring in other settings, including off-campus, if there are effects of the conduct that interfere with or limit any person's ability to participate in or benefit from the University's educational programs, activities or employment. Notices of Nondiscrimination are posted online and in

physical locations for the UM System and each of the Universities in the System.

The President of the University shall establish affirmative action procedures to implement this policy.

B. Definition of Discrimination and Harassment. For purposes of determining whether a particular course of conduct constitutes prohibited discrimination or harassment under this policy, the following definitions will be used:

1. Conduct that constitutes sex discrimination (including discrimination on the basis of sex, pregnancy, gender identity, and gender expression), sexual harassment, sexual misconduct, stalking on the basis of sex, dating/intimate partner violence or sexual exploitation is defined in Section 600.020 – Sex Discrimination, Sexual Harassment and Sexual Misconduct in Employment/Education Policy.
2. Conduct that is based upon an individual's race, color, national origin, ancestry, religion, sexual orientation, age, disability, protected veteran status, or any other status protected by applicable state or federal law that:
 - a. Adversely affects a term or condition of employment, education, living environment or participation in a University activity; or
 - b. Creates a hostile environment by being sufficiently severe or pervasive and objectively offensive that it interferes with, limits, or denies the ability to participate in or benefit from the University's educational programs, activities, or employment.

C. Equity Officers. Duties and responsibilities of the University's Equity Officers include monitoring and oversight of overall implementation and compliance with the University's Equal Employment/Educational Opportunity and Nondiscrimination Policy, including coordination of training, education, communications and coordination with the equity resolution processes for faculty, staff, students and other members of the University community and investigation of complaints of discrimination, harassment, and retaliation.

Any person having inquiries concerning this policy should contact their respective UM System or campus Equity Officer. The following individuals serve as Equity Officers and are designated to handle inquiries regarding the Anti-Discrimination policies and to serve as the coordinators for purposes of compliance with those policies:

University of Missouri-St. Louis

Jessica Swederske
 Title IX Coordinator and Equity Officer
 240 JCPenney
 St. Louis MO 63121
Telephone: 314-516-5748
Email: swederskej@umsl.edu

NOTE: The above-listed contact information for Equity Officers may be updated as needed and without requiring the approval of the Board of Curators.

If the Complaint involves the University's Equity Officer, Complaints may be made to the System Equity Officer. If the Complaint involves the System Equity Officer, reports may be made to the System President. The contact information for the System President is:

Office of the President
 321 University Hall
 Columbia, MO 65211
Telephone: (573) 882-2011

Email: umpresident@umsystem.edu

D. Equity Resolution Processes. The University is committed to preventing and eliminating impermissible discrimination and harassment in its educational programs, activities and employment. To that end, the University maintains policies regarding reporting, investigation, and resolution of complaints of discrimination, harassment, or sexual misconduct. Specifically, please see:

1. Section 600.030 – Equity Resolution Process for Resolving Complaints of Discrimination, Harassment and Sexual Misconduct Against a Student or Student Organization
2. Section 600.040 – Equity Resolution Process for Resolving Complaints of Discrimination, Harassment and Sexual Misconduct Against a Faculty Member
3. Section 600.050 – Equity Resolution Process for Resolving Complaints of Discrimination, Harassment and Sexual Misconduct Against a Staff Member
4. Section 600.060 - Equity Resolution Process for Resolving Complaints of Discrimination and Harassment Against the University of Missouri

E. Retaliation. Retaliation is any adverse action taken against a person because of that person's participation in protected activity. The University strictly prohibits retaliation against any person for making any good faith report of discrimination, harassment, or sexual misconduct, or for filing, testifying, assisting, or participating in any investigation or proceeding involving allegations of discrimination, harassment or sexual misconduct. Any person who engages in such retaliation shall be subject to disciplinary action, up to and including expulsion or termination, in accordance with applicable procedures. Any person who believes they have been subjected to retaliation is encouraged to promptly notify the Equity Officer or Title IX Coordinator. The University will promptly investigate all claims of retaliation.

F. False Reporting. False reporting is making an intentional false report or accusation in relation to this policy as opposed to a report or accusation, which, even if erroneous, is made in good faith. False reporting is a serious offense subject to appropriate disciplinary action up to and including expulsion or termination.

G. Witness Intimidation or Harassment. No individual participating in an investigation relating to a report or Complaint that a violation of this policy has occurred should, directly or through others, take any action which may interfere with the investigation. The University prohibits attempts to or actual intimidation or harassment of any potential witness. Failure to adhere to these requirements may lead to disciplinary action ranging up to and including expulsion or termination.

H. U.S. Department of Education – Office for Civil Rights. Inquiries concerning discrimination in educational opportunities also may be referred to the United States Department of Education's Office of Civil Rights. For further information on notice of nondiscrimination and for the address and phone number of the U.S. Department of Education office which serves your area call 1-800-421-3481.

The State of Missouri regional Office for Civil Rights is located in Kansas City and is available to provide assistance.

600.030 Resolution Process for Resolving Complaints of Sexual Harassment under Title IX - for matters involving conduct alleged to have occurred on or after August 14, 2020

A. General. The University will promptly and appropriately respond to any report of violation of the University's Title IX policies.

B. Jurisdiction. Jurisdiction of the University of Missouri under the Title IX policies shall be limited to sexual harassment which occurs in an education program or activity of the University of Missouri against a person in the United States. For purposes of this policy, "education program or activity" includes locations, events, or circumstances over which the University exercised substantial control over both the Respondent and the context in which the conduct occurs, and includes any building owned or controlled by a student organization that is officially recognized by the University. This policy does not apply to sexual harassment which occurs outside of the United States, even when the conduct occurs in an education program or activity of the University.

If a Complainant alleges or the investigation suggests that another University policy violation occurred in concert with an alleged violation of the University's Title IX policies, the University shall have the authority to investigate and take appropriate action regarding the alleged violations of other University policies pursuant to this process. In conducting such investigations, the Title IX Coordinator(s), and/or their Investigator may consult with and/or seek guidance from the Equity Officer, Student Conduct Coordinator, or other University officials as appropriate. If the allegations in a Formal Complaint that fall under this policy are dismissed, the University may discontinue the process under this policy and proceed under the applicable University procedure for all remaining allegations in the Formal Complaint.

C. Definitions:

1. **Academic Medical Center.** University of Missouri Hospitals and Clinics, and other Academic Medical Centers as may be designated by the University in the future.
2. **Academic Medical Center Resolution Process.** Resolution of a Formal Complaint by a decision-maker making a finding on each of the alleged policy violations and a finding on sanctions.
3. **Administrative Resolution.** A voluntary informal resolution process where a decision-maker makes a finding on each of the alleged policy violations in a Formal Complaint and a finding on sanctions without a hearing.
4. **Advisors.** The individuals selected by the Complainant and the Respondent, or if a Party does not have their own Advisor, selected by the University, to conduct all cross-examination and other questioning on behalf of a Party at a hearing; an Advisor may, but is not required to, be an attorney.
5. **Alternate Methods of Notice:** Methods of providing Notice to a Party other than in person or by email to the Party's University email account; these include email to another email account specified by the Party, or a Party's designation of an address to which Notice may be mailed

via U.S. Mail; a Party seeking to designate an Alternate Method of Notice must provide such designation in writing to the Title IX Coordinator.

6. **Complainant.** "Complainant" means an individual who is alleged to be the victim of conduct that could constitute sexual harassment.
7. **Emergency Removal Appeal Individual/Committee:** An individual or committee of three (3) individuals appointed by the Chancellor (or Designee) to hear appeals of an Emergency Removal decision by the Title IX Coordinator.
8. **Equity Resolution Appellate Officer.** For Staff, Student(s) or Student Organization Respondents, a trained, senior-level administrator appointed by the Chancellor (or Designee) to hear all appeals stemming from the Title IX Resolution Process. For Faculty Respondents, the Chancellor (or Designee).
9. **Equity Resolution Hearing Panel ("Hearing Panel").** A group of two (2) trained Equity Resolution Hearing Panelist Pool members who, together with the Hearing Officer, serve as the Hearing Panel for a specific Formal Complaint. A good faith attempt will be made for the Hearing Panel to include at least one faculty member and one administrator or staff member. The Hearing Officer shall serve as the Chair of the Hearing Panel.
10. **Equity Resolution Hearing Panelists Pool ("Hearing Panelist Pool").** A group of at least five (5) faculty and five (5) administrators and/or staff selected by the Chancellor (or Designee) to serve as hearing panel members in the Hearing Panel Resolution process. The faculty hearing panel members selected by the Chancellor (or Designee) shall be selected from a list of no less than ten (10) faculty members proposed by the faculty council/senate. Selection of hearing panel pool members shall be made with an attempt to recognize the diversity of the University community. Hearing Panel members from one University may be asked to serve on a hearing panel involving another University.
11. **Formal Complaint.** Formal Complaint means a written document filed by a Complainant or signed by the Title IX Coordinator alleging sexual harassment against a Respondent and requesting that the University investigate the allegation of sexual harassment. The phrase "document filed by a Complainant" means a document or electronic submission (such as by electronic mail or an online portal provided for this purpose by the University) that contains the Complainant's physical or digital signature, or otherwise indicates that the Complainant is the person filing the Formal Complaint.
12. **Hearing Officer.** A trained individual appointed by the Chancellor (or Designee) to preside over a hearing and act as a member of the Hearing Panel, and to rule on objections and the relevancy of questions and evidence during the hearing.
13. **Hearing Panel Decision.** Resolution of a Formal Complaint by an Equity Resolution Hearing Panel recommending or making a finding on each of the alleged policy violations and sanctions, if applicable.
14. **Hearing Panelist Pool Chair ("Pool Chair").** The Hearing Panelist Pool Chair is selected by the Chancellor (or Designee). The Pool Chair randomly selects and

coordinates the hearing panel members to serve on the Hearing Panel for a specific Formal Complaint. The Pool Chair may serve as a panel member for a specific Formal Complaint.

15. **Informal Resolution.** A voluntary resolution process using alternative dispute resolution mechanisms such as mediation, facilitated dialogue, administrative resolution, or restorative justice.
16. **Investigators.** Investigators are trained individuals appointed by the Title IX Coordinator (or designee) to conduct investigations of the alleged violations of the University's Title IX Policies.
17. **Parties.** The Complainant and the Respondent are collectively referred to as the Parties.
18. **Record of the Case.** The Record of the Case in the Section 600.030 Process includes, when applicable: All Notices to the Parties; investigative report; recordings of Party and witness interviews; exhibits used at a hearing or at the Academic Medical Center (AMC) Meeting; recordings of meetings between the AMC decision-maker and Parties and witnesses, if any; the hearing record (an audio or audiovisual record of the hearing); any determination of dismissal of all or part of a Formal Complaint; the determination on each of the alleged policy violations and sanctions by either the Hearing Panel or decision-maker; and the decision on the appeal, if any, including the request for appeal, any additional evidence submitted for the appeal, and written arguments of the Parties.
19. **Report.** Any verbal or written communication or notice of an alleged violation of the University's Title IX Policies.
20. **Respondent.** Respondent means an individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment.
21. **Rules of Decorum.** Hearing process rules to which Parties and their Advisors must adhere during any Hearing under this policy.
22. **Student.** A person having once been admitted to the University who has not completed a course of study and who intends to or does continue a course of study in or through one of the Universities of the University System. For the purpose of these rules, student status continues whether or not the University's academic programs are in session.
23. **Student Organization.** A recognized student organization which has received Official Approval in accordance with Section 250.010 of the Collected Rules and Regulations. Three members of the organization may represent the student organization as the Party.
24. **Support Person.** An individual selected by a Party to accompany the Party to all meetings and interviews to provide support for the Party throughout the Title IX Process. A Support Person may not attend a hearing under the Title IX process unless also serving as a Party's Advisor.
25. **Title IX Coordinator.** The Title IX Coordinator is a trained administrator designated by the Chancellor (or Designee) to respond to reports of sexual harassment; and to receive and assist with the Title IX process for Formal Complaints alleging violation of the University's Sexual Harassment

in Employment/Education Policy. All references to "Title IX Coordinator" throughout this policy refer to the Title IX Coordinator or the Title IX Coordinator's designee.

26. **University's Title IX Policies.** The University's Title IX Policies include this Policy and the Sexual Harassment in Employment/Education Policy located at Section 600.020 of the Collected Rules and Regulations (CRR).

D. Making a Report. Any person (whether or not the person reporting is the Complainant) may report sexual harassment to the Title IX Coordinator. Such Reports may be made in person, or at any time (including during non-business hours) by mail, by telephone, or by electronic mail, using the contact information listed for the Title IX Coordinator, by an online portal set up by the University for this purpose, or by any other means that results in the Title IX Coordinator receiving the person's verbal or written report. Individuals may also contact University police if the alleged offense may also constitute a crime. In order to foster reporting and participation, the University may provide amnesty to Parties and witnesses accused of minor student conduct violations ancillary to the incident.

E. Preliminary Contact. Upon receiving a Report, the Title IX Coordinator shall promptly contact the Complainant to discuss the availability of Supportive Measures as defined herein, consider the Complainant's wishes with respect to Supportive Measures, inform the Complainant of the availability of Supportive Measures with or without the filing of a Formal Complaint, and explain to the Complainant the process for filing a Formal Complaint. If the identity of the Complainant is unknown, the Title IX Coordinator may conduct a limited investigation sufficient to identify the Complainant to the extent possible.

F. Filing of a Formal Complaint. A Complainant may file a Formal Complaint with the Title IX Coordinator in person, by mail, or by electronic mail, by using the contact information set forth in CRR 600.020, or through an online portal provided for this purpose by the University. At the time of filing a Formal Complaint, the Complainant must be participating in or attempting to participate in an education program or activity of the University.

The Title IX Coordinator may sign a Formal Complaint when they believe that with or without the Complainant's desire to participate in this process, a non-deliberately indifferent response to the allegations requires an investigation. Where the Title IX Coordinator signs a Formal Complaint, the Title IX Coordinator is not a Complainant or otherwise a Party under this policy.

If the Respondent files a Formal Complaint against the Complainant within ten (10) business days of the date of the Notice of Allegations where the allegations of sexual harassment in both Formal Complaints arise out of the same facts or circumstances, the University will consolidate the Formal Complaints for purposes of investigation and resolution in accordance with this policy.

The University may consolidate Formal Complaints as to allegations of sexual harassment against more than one Respondent, or by more than one Complainant against one or more Respondents, or by one Party against the other Party where the allegations of sexual harassment arise out of the same facts or circumstances. If the Respondent files a Formal Complaint against the Complainant more than ten (10) business days after the date of the Notice of Allegations where the allegations of sexual harassment in both Formal Complaints arise out of the same facts or circumstances, the University may consolidate the Formal Complaints for purposes of investigation and resolution in accordance with this policy.

Where this process involves more than one Complainant or more than one Respondent, each Complainant and each Respondent shall be entitled and subject to all of the rights and obligations set forth herein.

G. Notice of Allegations:

1. Upon receipt of a Formal Complaint, the Title IX Coordinator will provide a written notice to the known Parties that includes the following:
 - a. A description of the University's Title IX Process, including Informal Resolution;
 - b. Notice of the allegations of sexual harassment, including sufficient details known at the time. Sufficient details include the identities of the Parties involved in the incident, if known; the conduct allegedly constituting the sexual harassment; and the date and location of the alleged incident.
 - c. A statement that the Respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility is made at the conclusion of the Title IX process.
 - d. A statement reminding the Respondent that they have the right to file a report or Formal Complaint with the Title IX Coordinator; however, both Parties are advised that retaliation against any Party is prohibited.
 - e. A statement notifying the Parties of the availability of Supportive Measures.
 - f. A statement notifying the Parties of their right to have an Advisor of their choice, who may be, but is not required to be, an attorney. The Parties will be advised that if they do not have an Advisor to conduct cross-examination at a hearing on their behalf, the University will appoint such an Advisor; this Advisor may be, but is not required to be, an attorney. (This provision does not apply to matters proceeding under the process for Academic Medical Centers set forth in Section R).
 - g. A statement notifying the Parties that they may have a Support Person selected by a Party accompany the Party to all meetings and interviews to provide support for the Party throughout the Title IX Process. A Support Person may not attend a hearing under the Title IX process unless also serving as a Party's Advisor.
 - h. A statement notifying the Parties that they will be permitted to inspect and review any evidence obtained as part of the investigation that is directly related to the allegations raised in the Formal Complaint, including the evidence upon which the University does not intend to rely in reaching a determination regarding responsibility, and including inculpatory and exculpatory evidence whether obtained from a Party or other source.
 - i. A statement notifying the Parties that they must be truthful when making any statement or providing any information or evidence to the University throughout the Title IX process, and all documentary evidence must be genuine and accurate. False statements and fraudulent evidence by an employee may be the basis for personnel action pursuant to CRR 370.010 or HR 601, or other applicable University policies, or for disciplinary action pursuant to CRR 200.010 for students.
 - j. A statement that nothing in the Title IX process is intended to supersede nor expand any rights the individual may have

under applicable state or federal statutory laws or the U.S. Constitution.

- k. A statement informing a Party that all notices hereafter will be sent via their University-issued email account, unless they provide to the Title IX Coordinator an alternate method of notification. If a Party does not have a University-issued email account, all notices will be via U.S. Mail unless they provide the Title IX Coordinator with a preferred method of notification.
2. The Notice of Allegations will be made in writing to the Parties by email to the Party's University-issued email account, with a read-receipt. If a read-receipt is not returned within one (1) business day or the Party does not have a University-issued email account, the Notice of Allegations shall be sent via U.S. Mail postage pre-paid to the last known address of the Party. Notice also may be provided in person to either Party. Notice is presumptively deemed delivered, when: 1) provided in person, 2) emailed to the individual, or 3) when mailed.

H. Supportive Measures. Supportive measures are non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the Complainant or the Respondent before or after the filing of a Formal Complaint or where no Formal Complaint has been filed. These measures are designed to restore or preserve equal access to the University's education program or activity without unreasonably burdening the other Party, including measures designed to protect the safety of all Parties or the University's education environment, or deter sexual harassment. The University will maintain as confidential any Supportive Measures provided to the Complainant or Respondent, to the extent that maintaining such confidentiality would not impair the ability of the University to provide the Supportive Measures. The Title IX Coordinator is responsible for the effective implementation of Supportive Measures. Supportive Measures may include:

1. Referral and facilitating contact for the Complainant or Respondent for counseling or other support services.
2. Mutual restrictions on contact between the Parties.
3. Providing campus escort services to the Parties.
4. Increased security and monitoring of certain areas of the campus.
5. Adjusting the extracurricular activities, work schedules, work assignments, supervisory responsibilities, or work arrangements of the Complainant and/or the Respondent, as appropriate.
6. If either Party is a student:
 - a. Referral of that Party to academic support services and any other services that may be beneficial to the Party.
 - b. Adjusting the courses, assignments, and/or exam schedules of the Party.
 - c. Altering the on-campus housing assignments, dining arrangements, or other campus services for the Party.
7. Providing limited transportation accommodations for the Parties.
8. Informing the Parties of the right to notify law enforcement authorities of the alleged incident and offering to help facilitate such a report.
9. Implementing an Emergency Removal of a Respondent from the University's education program or activity on an emergency basis, if the Title IX Coordinator, after conducting an individualized safety and risk analysis, determines that an immediate threat to the physical health or safety of any

student or other individual arising from the allegations of sexual harassment, justifies removal.

- a. In all cases in which an Emergency Removal is imposed, the Respondent will immediately be given notice and an opportunity to challenge the decision of the Title IX Coordinator either prior to such Removal being imposed, or as soon thereafter as reasonably possible but no later than five (5) business days, to show cause why the removal should not be implemented. Any such challenge shall be made in writing and directed to the Title IX Coordinator who will forward such challenge to the Emergency Removal Appeal Individual/Committee, which will make a final decision on removal within three (3) business days.
 - b. Violation of an Emergency Removal under this policy may be grounds for discipline.
10. Suspending, on an interim basis, a Respondent Student Organization's operations, University recognition, access to and use of the University campus/facilities/events and/or all other University activities or privileges for which the Respondent Student Organization might otherwise be eligible, pending the completion of the Title IX Process when the Title IX Coordinator finds and believes from available information that the presence of the student organization on campus would seriously disrupt the University or constitute a danger to the health, safety, or welfare of members of the University community. The appropriate procedure to determine the future status of the student organization will be initiated within seven (7) business days.
 11. Implementing an administrative leave for an employee in accordance with University Human Resources Policies. Administrative leave for an employee is not an Emergency Removal under this policy.

I. Employees and Students Participating in the Title IX Process. All University employees and students must be truthful when making any statement or providing any information or evidence to the University throughout the process, including but not limited to the Investigator, Title IX Coordinator, the Hearing Panel and/or the Equity Resolution Appellate Officer, and all documentary evidence must be genuine and accurate. False statements or fraudulent evidence provided in this process, including but not limited to the Investigator, Title IX Coordinator, Hearing Panel and/or the Equity Resolution Appellate Officer, by an employee may be the basis for personnel action pursuant to CRR 370.010 or HR 601, or other applicable University policies, or if by a student may be the basis for disciplinary action pursuant to the provisions of CRR 200.010. However, this obligation does not supersede nor expand any rights the individual may have under applicable state or federal statutory law or the U.S. Constitution. Nothing in this provision is intended to require a Party or witness to participate in the process. The fact that a determination has been made that a Respondent has or has not violated any policy is not sufficient grounds, by itself, to declare that a false statement or fraudulent evidence has been provided by a Party or witness.

No employee or student, directly or through others, should take any action which may interfere with the investigation. Employees and students are prohibited from attempting to or actually intimidating or harassing any potential witness. Failure to adhere to these requirements may lead to disciplinary action, up to and including expulsion or termination.

J. Rights of the Parties in the Title IX Process

1. To be treated with respect by University officials.
2. To be free from retaliation.
3. To have access to University support resources (such as counseling and mental health services and University health services).
4. To request a no contact directive between the Parties.
5. To have a Support Person of the Party's choice accompany the party to all interviews and meetings (excluding hearings) throughout the Title IX Process.
6. To refuse to have an allegation resolved through the Informal Resolution Processes.
7. To receive prior to a hearing or other time of determination regarding responsibility, an investigative report that fairly summarizes the relevant evidence in an electronic format or hard copy for their review and written response.
8. To have an opportunity to present a list of potential witnesses and provide evidence to the Investigator.
9. To have Formal Complaints heard in substantial accordance with these procedures.
10. To receive written notice of any delay of this process or limited extension of time frames for good cause which may include considerations such as the absence of a Party, a Party's Advisor or a witness; concurrent law enforcement activity; or the need for language assistance or accommodation of disabilities.
11. To be informed of the finding, rationale, sanctions and remedial actions.
12. To report the matter to law enforcement (if applicable) and to have assistance in making that report.
13. To have an opportunity to appeal the dismissal of all or a portion of a Formal Complaint, and appeal the determination of a Hearing Panel or other decision-maker.
14. Additional Rights for Students as a Party:
 - a. To request reasonable housing, living and other accommodations and remedies consistent with Section 600.030.H.
 - b. To receive amnesty for minor student misconduct that is ancillary to the incident, at the discretion of the Title IX Coordinator.
15. Additional Rights for Hearing Panel Resolution:
 - a. To receive notice of a hearing.
 - b. To have the names of witnesses who may participate in the hearing and copies of all documentary evidence gathered in the course of the investigation and any investigative report prior to the hearing.
 - c. To be present at the hearing, which right may be waived by either written notification to the Hearing Officer or by failure to appear.
 - d. To have present an Advisor during the hearing and to consult with such Advisor during the hearing, and have the Advisor conduct cross-examination and other questioning on behalf of the Party at the hearing.
 - e. To have an Advisor of the University's selection appointed for a Party where the Party does not have an Advisor of their own choice at a hearing.
 - f. To testify at the hearing or refuse to testify at the hearing; however, if a Party or witness fails to submit to cross-examination at the hearing, the Hearing Panel shall not rely on any statement of that Party or witness in reaching

a determination regarding responsibility. The Hearing Panel shall not draw any inference about the determination regarding responsibility based solely on a Party's or witness's failure to submit to cross-examination.

- g. To have an equal opportunity to present and question witnesses, including fact and expert witnesses, and present relevant evidence.
 - h. To request that the hearing be held virtually, with technology enabling participants simultaneously to see and hear each other.
16. Additional Rights for Academic Medical Center Process:
- a. To receive notice of the meeting with the decision-maker.
 - b. To submit written, relevant questions that a Party wants asked of any Party or witness and to be provided with the answers to such questions.
 - c. To be allowed additional, limited follow-up questions.

K. Role of Support Persons and Advisors.

1. **Support Persons.** Each Complainant and Respondent is allowed to have one Support Person of their choice present with them for all Title IX Process interviews and meetings. The Parties may select whomever they wish to serve as their Support Person, including an attorney or parent. The Support Person may also act as the Party's Advisor.
If requested by a student Party, the Title IX Coordinator may assign a Trained Support Person to explain the Title IX process and attend interviews and meetings with a Party. University Trained Support Person(s) are administrators, faculty, or staff at the University trained on the Title IX Process. A Trained Support Person cannot be called upon as a witness by a Party in a hearing to testify about matters learned while that individual was acting in their capacity as a Trained Support Person.
2. **Advisors.** Each Party may have an Advisor of their choice present at the hearing to conduct cross-examination and other questioning for that Party. A Party may not directly question any other Party or any witness; all cross-examination and other questioning on behalf of a Party must be conducted by their Advisor. The Advisor may be, but is not required to be, an attorney. If a Party does not have an Advisor of their choice present at the hearing, the University will provide, without fee or charge to that Party, an Advisor of the University's choice to conduct cross-examination and other questioning on behalf of that Party. The Parties may not require that the assigned Advisor have specific qualifications such as being an attorney.
At the hearing, a Party's Advisor may ask the other Party and any witnesses all relevant questions and follow-up questions, including those challenging credibility. An Advisor may conduct cross-examination and other questioning for a Party, and object to questions on limited grounds as specified in the Rules of Decorum. The Advisor may not make a presentation or otherwise represent the Complainant or the Respondent during the hearing. The Advisor may consult with the Party quietly or in writing, or outside the hearing during breaks, but may not speak on behalf of the Party, other than to conduct cross-examination or other questioning for the Party. Advisors who do not follow the Rules of Decorum will be warned or dismissed from the hearing at the discretion of the Hearing Officer.

L. Investigation. If a Formal Complaint is filed, then the Title IX Coordinator will promptly appoint a trained Investigator or a team of trained Investigators to investigate.

The burden of proof and the burden of gathering evidence sufficient to reach a determination regarding responsibility rests on the University.

For purposes of the Investigation, the University cannot access, consider, disclose, or otherwise use a Party's records that are made or maintained by a physician, psychiatrist, or other recognized professional or paraprofessional acting in the professional's or paraprofessional's capacity, or assisting in that capacity, and which are made and maintained in connection with the provision of treatment to the Party, unless the University obtains that Party's voluntary, written consent to do so for use in the Title IX process.

The Parties are not prohibited from discussing the allegations under investigation or from gathering and presenting relevant evidence. The Parties may present witnesses, including fact and expert witnesses, and other inculpatory and exculpatory evidence; all such evidence must be relevant.

A Party whose participation is expected or invited at a hearing, interview or other meeting, shall receive written notice of the date, time, location, participants, and purpose of all hearings, investigative interviews, or other meetings, with sufficient time for the Party to prepare to participate.

The Parties may be accompanied to any related meeting or interview by a Support Person of their choice, who may be, but is not required to be, an attorney; however, the Support Person may only participate in the proceedings as set forth in this policy.

The Parties shall be permitted to inspect and review any evidence obtained as part of the investigation that is directly related to the allegations raised in the Formal Complaint, including the evidence upon which the University does not intend to rely in reaching any determination regarding responsibility, and inculpatory or exculpatory evidence whether obtained from a Party or other source and copies of recordings of all interviews conducted during the investigation, in sufficient time for the Parties to meaningfully respond to the evidence prior to the conclusion of the investigation.

Prior to completion of the investigative report, the University will make available to each Party and the Party's Advisor, if any, the evidence subject to inspection and review in an electronic format or a hard copy, and the Parties will have ten (10) business days to submit a written response to the Investigator, which the Investigator will consider prior to completion of the investigative report.

The final investigative report will fairly summarize the relevant evidence, and prior to a hearing or other time of determination regarding responsibility, the investigator will send to each Party and the Party's Advisor, if any, the final investigative report in an electronic format or a hard copy, for their review and written response. If a written response is received from either Party, that response will be shared with the other Party and their Advisor, if any.

All investigations will be thorough, reliable and impartial. All interviews shall be recorded. In the event that recording is not possible due to technological issues, the investigator shall take thorough notes and such notes shall be provided to the Parties in lieu of recordings. The investigator shall document the reason the recording was not possible and such documentation shall become part of the Record of the Case.

The investigation of reported sexual harassment should be completed expeditiously, normally within thirty (30) business days of the filing of the Formal Complaint. Investigation of a Formal Complaint may take longer based on the nature and circumstances of the Formal Complaint.

M. Impact of Optional Report to Law Enforcement. A delay may also occur when criminal charges on the basis of the same behaviors that invoke this process are being investigated, to allow for evidence collection by the law enforcement agency. However, University action will not typically be altered or precluded on the grounds that civil cases or criminal charges involving the same incident have been filed or that such charges have been dismissed or reduced.

The Title IX Coordinator will not wait for the conclusion of a criminal investigation or criminal proceeding to begin the Title IX process. However, a Title IX investigation and resolution process may be temporarily delayed for good cause, which can include concurrent law enforcement activity. In such instances, written notice of the delay or extension with reasons for the action will be sent to each Party.

If delayed, the Title IX Coordinator will promptly resume the Title IX investigation as soon as notified by the law enforcement agency that it has completed the evidence-gathering process. The Title IX Coordinator will implement appropriate supportive measures during the law enforcement agency's investigation period to provide for the safety of all Parties, the University community and the avoidance of retaliation or sexual harassment.

N. Dismissal of a Formal Complaint. During or upon the completion of the investigation, the Title IX Coordinator will review the Formal Complaint and the investigative report, if available, to determine if the Formal Complaint is subject to dismissal. A Formal Complaint shall be dismissed: (1) if the conduct alleged in the Formal Complaint would not constitute sexual harassment, as defined in CRR 600.020 even if proved; (2) the conduct alleged in the Formal Complaint did not occur in the University's education program or activity, or (3) the conduct alleged in the Formal Complaint did not occur against a person in the United States. A dismissal under this provision does not preclude action under other applicable University processes.

A Formal Complaint or any allegations therein, may be dismissed at any time during the investigation or hearing if (1) the Complainant notifies the Title IX Coordinator in writing that the Complainant would like to withdraw the Formal Complaint or any allegations therein; (2) the Respondent is no longer enrolled or employed by the University; or (3) specific circumstances prevent the University from gathering evidence sufficient to reach a determination as to the Formal Complaint or the allegations therein.

Upon a dismissal required or permitted under this provision, the University will promptly send written notice of the dismissal and reason(s) therefor simultaneously to the Parties. Either Party may appeal a dismissal as set forth in Section U herein.

If the Title IX Coordinator determines there is a sufficient basis to proceed with the Formal Complaint, then the Title IX Coordinator will direct the process to continue. The Formal Complaint will then be resolved through Informal Resolution or Hearing Panel Resolution, or the Academic Medical Center (AMC) Process, if applicable.

O. Informal Resolution. Upon the filing of a Formal Complaint, the Parties may choose to engage in Informal Resolution. The decision of the Parties to engage in Informal Resolution must be voluntary, informed, and in writing. The Parties are not required to engage in Informal Resolution

as a condition of enrollment or continuing enrollment, or employment or continuing employment, or enjoyment of any other right. The Parties are not required to waive their right to an investigation of a Formal Complaint or a right to a hearing process, or AMC Process, if applicable. At any time prior to agreeing to (or in Administrative Resolution, rendering of) a final resolution, any Party has the right to withdraw from the Informal Resolution process and the matter will be referred back for further investigation and/or hearing as may be applicable.

Informal Resolution is never available to resolve allegations that an employee sexually harassed a student.

In Informal Resolution, which includes mediation or facilitated dialogue, a neutral facilitator will foster a dialogue with the Parties to an effective resolution, if possible. The Complainant's and the Respondent's Support Persons may attend the Informal Resolution meeting. The Parties will abide by the terms of the agreed-upon resolution. Failure to abide by the terms of the agreed-upon resolution may be referred to the Title IX Coordinator for review and referral to the appropriate University Process for discipline or sanctions. The Title IX Coordinator will keep records of any Informal Resolution that is reached.

In the event the Parties are unable to reach a mutually agreeable resolution, the matter will be referred back for further investigation and/or hearing as may be applicable. The content of the Parties' discussions during the Informal Resolution Process will be kept confidential in the event the matter proceeds to the hearing process. The Parties' agreement to participate, refusal to participate in, or termination of participation in Informal Resolution shall not be factors in any subsequent decisions regarding whether a policy violation occurred.

Among the resolutions which may be reached at this stage, the Respondent may voluntarily request to permanently separate from the University of Missouri System. If the Title IX Coordinator accepts the Respondent's proposal, the Respondent must sign a Voluntary Permanent Separation and General Release agreement to effectuate their separation and terminate the Title IX Process.

P. Procedural Details for Administrative Resolution. The Parties may mutually choose to participate in a type of Informal Resolution called Administrative Resolution. The Administrative Resolution process is not available where a student has alleged that an employee sexually harassed the student. The Administrative Resolution process is not available to Academic Medical Centers (AMC).

The Administrative Resolution process is a process whereby the decision-maker will meet separately with the Parties and their Support Person, if any, and consider the evidence provided by the investigator, including the investigative report, and evidence provided by the Parties, and will make a determination of responsibility that is binding on both Parties.

The decision of the Parties to participate in Administrative Resolution must be voluntary, informed and in writing provided to the investigator, and must include a knowing written waiver of their right to a hearing under the Title IX process. However, either Party may choose to leave the process and opt for a hearing at any time before a final determination has been rendered. In addition, the following will apply to the Administrative Resolution process:

1. The standard of proof will be "preponderance of the evidence," defined as determining whether the evidence shows it is more likely than not that a policy violation occurred.

2. The decision-maker has the discretion to determine the relevance of any witness or documentary evidence and may exclude information that is irrelevant, immaterial, cumulative, or more prejudicial than informative. In addition, the following rules shall apply to the introduction of evidence:
 - a. Questions and evidence about the Complainant's pre-disposition or prior sexual behavior are not relevant, unless such questions and evidence about the Complainant's prior sexual behavior are offered to prove that someone other than the Respondent committed conduct alleged by the Complainant, or if the questions and evidence concern specific incidents of the Complainant's prior sexual behavior with respect to the Respondent and are offered to prove consent.
 - b. Character evidence is information that does not directly relate to the facts at issue, but instead reflects upon the reputation, personality, or qualities of an individual, including honesty. Such evidence regarding either Party's character is of limited utility and shall not be admitted unless deemed relevant by the decision-maker.
 - c. Incidents or behaviors of the Respondent not directly related to the possible violation(s) will not be considered unless they show a pattern of related misconduct. History of related misconduct by the Respondent that shows a pattern may be considered only if deemed relevant by the decision-maker.
 - d. A Party's records that are made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in the professional's or paraprofessional's capacity, or assisting in that capacity, and which are made or maintained in connection with the provision of treatment to the Party, may not be used without that Party's express consent.
 - e. The decision-maker shall not require, allow, rely upon, or otherwise use questions or evidence that constitute, or seek disclosure of, information protected under a legally recognized privilege, unless the person holding such privilege has waived the privilege.
3. In the Administrative Resolution Process, the Respondent and the Complainant may provide a list of questions for the decision-maker to ask the other Party. If those questions are deemed appropriate and relevant, they may be asked on behalf of the requesting Party; answers to such questions will be shared with the requesting Party.
4. At any time prior to a final determination being rendered, the Complainant and/or the Respondent may request that the Formal Complaint shift from the Administrative Resolution Process to the Hearing Panel Resolution Process. Upon receipt of such timely request from either Party, the Formal Complaint will shift to the Hearing Panel Resolution Process.
5. The Administrative Resolution process will normally be completed within sixty (60) business days of the decision-maker's receipt of the Formal Complaint. Deviations from this timeframe will be promptly communicated to both Parties.
6. For good cause, the decision-maker in the Administrative Resolution Process may, in their discretion, grant reasonable extensions to the time frames and limits provided.
7. The Administration Resolution process consists of:
 - a. A prompt, thorough and impartial investigation;
 - b. A separate meeting with each Party and their Support Person, if any, and the decision-maker;
 - c. A written finding by the decision-maker on each of the alleged policy violations;
 - d. A written finding by the decision-maker on sanctions and remedial actions for findings of responsibility; and
 - e. The decision-maker shall be as follows:
 - (1) For Student or Student Organization Respondents and Staff Respondents, the decision-maker will be the Title IX Coordinator;
 - (2) For Faculty Respondents, the decision-maker will be as follows:
 - (a) The Title IX Coordinator will act as decision-maker and make recommendation(s) on findings of responsibility and sanctions and remedial actions, if applicable, to the Provost who will be the final decision-maker.
 - (b) The Title IX Coordinator has the option to request that a designee from the Provost's office act as decision-maker in Administrative Resolution and make recommendation(s) regarding findings of responsibility and sanctions and remedial actions, if applicable, to the Provost who will be the final decision-maker.
8. At least fifteen (15) business days prior to meeting with the decision-maker or if no meeting is requested, at least fifteen (15) business days prior to the decision-maker rendering a finding(s), the Title IX Coordinator or Provost's designee, if applicable, will send a letter (Notice of Administrative Resolution) to the Parties with the following information:
 - a. A description of the alleged violation(s) and applicable policy or policies that are alleged to have been violated.
 - b. The name of the decision-maker.
 - c. Reference to or attachment of the applicable procedures.
 - d. A copy of the final investigative report.
 - e. The option and deadline of ten (10) business days from the date of the notice to request a meeting with the decision-maker.
 - f. An indication that the Parties may have the assistance of a Support Person of their choosing at the meeting, though the Support Person's attendance at the meeting is the responsibility of the respective Parties.
9. The sanctions of expulsion and termination are not available sanctions under the Administrative Resolution process in this Policy. Further, any suspension of a student under this Administrative Resolution process shall not exceed two (2) years. Any suspension of an employee

under this Administrative Resolution process may be without pay, but may not exceed ten (10) business days.

10. The decision-maker can, but is not required to, meet with and question the Investigator and any identified witnesses. The decision-maker may request that the Investigator conduct additional interviews and/or gather additional information. The decision-maker will meet separately with the Complainant and the Respondent, and their Support Person, if any, to review the alleged policy violations and the investigative report. The Respondent may choose to admit responsibility for all or part of the alleged policy violations at any point in the process. If the Respondent admits responsibility, in whole or in part, the decision-maker will render a finding that the individual is in violation of University policy for the admitted conduct. For any disputed violations, the decision-maker will render a finding using the preponderance of the evidence standard. The decision-maker will also determine appropriate sanctions or remedial actions.
11. The decision-maker will inform the Respondent and the Complainant simultaneously of the finding on each of the alleged policy violations and the finding of sanctions, if applicable, in writing by email to the Party's University-issued email account, or by the method of notification previously designated in writing by the Party. Notice is presumptively deemed delivered, when: 1) provided in person, 2) emailed to the individual to their University-issued email account, or 3) when sent via the alternate method of notification specified by the Party.
12. Either Party may appeal a decision under Administrative Resolution in accordance with Section U of this policy.

Q. Hearing Panel Resolution. This process is not available for Academic Medical Centers. See Section R.

1. **Equity Resolution Hearing Panelist Pool.** Each University will create and annually train a pool of not less than five (5) faculty and five (5) administrators and/or staff to serve as hearing panel members in the Hearing Panel Resolution Process. The faculty hearing panel pool members selected by the Chancellor (or Designee) shall be selected from a list of no less than ten (10) faculty members proposed by the faculty council/senate. Pool members are selected by the Chancellor (or Designee) and serve a renewable one-year term. Selection of hearing panel pool members shall be made with an attempt to recognize the diversity of the University community. Hearing Panel members from one University may be asked to serve on a hearing panel involving another University. The Chancellor (or Designee) will select a Hearing Panelist Pool Chair ("Pool Chair"). The Pool Chair randomly selects and coordinates the hearing panel members to serve on the Hearing Panel for a specific Formal Complaint. The Pool Chair may serve as a panel member for a specific Formal Complaint.

Administrators, faculty, and staff will be removed from the Hearing Panelist Pool if they fail to satisfy the annual training requirements, as determined by the Title IX Coordinator. Under such circumstances, the Title IX Coordinator will notify the Chancellor (or Designee), who will inform the administrator, faculty, or staff member of the discontinuation of their term.

2. **Title IX Hearing Panel ("Hearing Panel").** When a Formal Complaint is not resolved through an Informal Resolution process, the Hearing Panelist Pool Chair will randomly select two (2) members from the Hearing Panelist Pool to serve on the specific Hearing Panel together with the Hearing Officer. A good faith attempt will be made for the Hearing Panel to include at least one faculty member and one administrator or staff member. Up to two (2) alternates may be designated to sit in throughout the process as needed. The University reserves the right to have its attorney present during the hearing and during deliberations to advise the Hearing Panel.
3. **Notice of Hearing.**
 - a. At least twenty (20) business days prior to the hearing, the Title IX Coordinator will send a letter (Notice of Hearing) to the Parties with the following information:
 - (1) A description of the alleged violation(s) and applicable policy or policies that are alleged to have been violated.
 - (2) A description of the applicable procedures.
 - (3) A statement that the Parties may have the assistance of an Advisor of their choosing, at the hearing; that the Party's Advisor will conduct all cross-examination and other questioning of the other Party and all witnesses on behalf of the Party they are advising; that if the Party does not have an Advisor, an Advisor will be provided by the University for the purpose of conducting cross-examination and other questioning for that Party; and the Advisor may be, but is not required to be, an attorney.
 - (4) The time, date and location of the hearing.
 - (5) A list of the names of each of the Hearing Panel members, including the Hearing Officer, and alternates, and information on how to raise an objection to any member of the Hearing Panel and the timeline in which to raise any objections.
 - (6) A copy of the final investigative report and exhibits.
 - (7) Notification to the Parties that all of the evidence gathered in the course of the investigation that is directly related to the allegations including inculpatory and exculpatory evidence, is available to the Parties and instructions regarding how to request access to that evidence.
 - (8) Notice that if a Party or witness does not submit to cross-examination at the hearing, the decision-maker(s) must not rely on any statement of that Party or witness in reaching a determination regarding responsibility, but no inference can be drawn from the fact that a Party or witness failed to submit to cross-examination.
 - (9) Notice that the Parties may request a virtual hearing and/or any necessary accommodations.
 - b. The Notice of Hearing letter will be sent to each Party by email to their University-issued email account, or by the method of notification previously designated in writing by the Party. Notice is presumptively deemed delivered, when:
 - 1) provided in person, 2) emailed to the individual to their University-issued email account, or 3) when sent via the alternate method of notification specified by the Party.
4. **Pre-Hearing Witness List and Documentary Evidence.**
 - a. At least fifteen (15) business days prior to the hearing, the Complainant and Respondent will provide to the Investigator a list of the names of the proposed witnesses and copies of

all proposed documentary evidence that a Party intends to call or use at the hearing.

- b. At least ten (10) business days prior to the hearing, the Investigator will provide to each Party the names of proposed witnesses and proposed documentary evidence that the other Party intends to call or use at the hearing.
- c. No employee or student, directly or through others, should take any action which may interfere with the investigation or hearing procedures. Employees and students are prohibited from attempted or actual intimidation or harassment of any potential witness. Failure to adhere to these requirements may lead to disciplinary action, up to and including expulsion or termination.

5. Objection to or Recusal of Hearing Panel Member.

- a. Hearing Panel members, including the Hearing Officer, shall not have a conflict of interest or bias for or against Complainants or Respondents generally or an individual Complainant or Respondent. If a Hearing Panel member or Hearing Officer feels that they have a conflict of interest or bias, or cannot make an objective determination, they must recuse themselves from the proceedings in advance of the hearing.
- b. The Parties will have been given the names of the Hearing Panel members, including the Hearing Officer, in the Notice of Hearing. Should any Complainant or Respondent object to any panelist, they must raise all objections, in writing, to the Title IX Coordinator at least fifteen (15) business days prior to the hearing.
- c. Hearing Panel members will only be unseated and replaced if the Title IX Coordinator concludes that good cause exists for the removal of a panel member. Good cause may include, but is not limited to, bias that would preclude an impartial hearing or circumstances in which the Hearing Panel member's involvement could impact the Party's work or learning environment due to current or potential interactions with the Hearing Panel member (e.g., a panel member being in the same department as either Party). If the Title IX Coordinator determines that a Hearing Panel member, other than the Hearing Officer, should be unseated and replaced, then Title IX Coordinator will ask the Hearing Panel Pool Chair to randomly select another member from the pool to serve on the Hearing Panel. The Title IX Coordinator will select an alternate Hearing Officer if they determine that the Hearing Officer should be replaced. The Title IX Coordinator will provide a written response to all Parties addressing any objections to the Hearing Panel members, including the Hearing Officer.

- 6. Alternative Attendance or Questioning Mechanisms.** All hearings will be live. However, at the request of either Party or by the University's designation, the live hearing may occur with the Parties located in separate rooms with technology enabling the Hearing Panel, including the Hearing Officer, and their legal advisor, if any, the Parties and their Advisors, and the Investigator, to simultaneously see and hear the Party or the witness answering questions. Should any hearing take place in this manner, the Title IX Coordinator (or Designee) shall be in charge of the technology during the hearing. The University will make reasonable accommodations for the Parties in keeping with the principles of equity and fairness.

- 7. Requests to Reschedule the Hearing Date.** For good cause, the Title IX Coordinator may grant requests to reschedule the hearing date.

8. Pre-Hearing Matters.

- a. At least ten (10) business days prior to the hearing date, a Party shall inform the Title IX Coordinator whether the Party intends to bring an Advisor of their choice to the hearing.
- b. At least ten (10) business days prior to the hearing date, a Party shall inform the Title IX Coordinator whether the Party is requesting accommodations for the hearing.
- c. At least five (5) business days prior to the hearing date, the final investigative report and all exhibits will be provided to the Hearing Panel members.

- 9. Pre-Hearing Meeting.** Unless otherwise agreed by the Parties and the Hearing Officer, a pre-hearing meeting may be scheduled one hour prior to the start of the hearing between the Hearing Officer and Parties' Advisors. Parties may, but are not required to, be in attendance at this meeting.

- 10. Conduct of Hearing.** The Hearing Officer shall participate on the Hearing Panel and preside at the hearing, call the hearing to order, call the roll of the Hearing Panel and alternates in attendance, ascertain the presence or absence of the Investigator, the Complainant and the Respondent, confirm receipt of the Notice of Allegations and Notice of Hearing by the Parties, report any extensions requested or granted and establish the presence of any Advisors.

- a. **Order of Evidence.** The order of evidence shall generally be the following:

(1) The Complainant will proceed first and may give a verbal statement of their allegations of sexual harassment against the Respondent. The Hearing Panel may next ask questions of the Complainant. The Complainant will then be subject to cross-examination by the Advisor of the Respondent. The Complainant may also call witnesses who will be subject to questioning by the Advisor of the Complainant, questioning by the Hearing Panel, and cross-examination by the Advisor of the Respondent. The Complainant may also submit documentary evidence.

(2) The Respondent will proceed next and may give a verbal statement in response to the allegations of sexual harassment made by the Complainant. The Hearing Panel may next ask questions of the Respondent. The Respondent will be subject to cross-examination by the Advisor of the Complainant. The Respondent may also call witnesses who will be subject to questioning by the Advisor of the Respondent, questioning by the Hearing Panel, and cross-examination by the Advisor of the Complainant. The Respondent may also submit documentary evidence.

(3) The Investigator will then be available to answer questions of the Hearing Panel. The Investigator will next be subject to cross-examination by the Advisors of the Complainant and the Respondent. The Investigator may also call witnesses who will be subject to questioning by the Hearing Panel, and cross-examination by the Advisors of the Complainant and Respondent. The Investigator may also submit documentary evidence.

(4) The Hearing Panel may ask questions of the Parties or any witnesses including the Investigator at any time during the hearing.

- b. **Record of Hearing.** The Title IX Coordinator shall arrange for an audio or audiovisual recording of the hearing. The recording of the hearing will become part of the Record of the Case.

11. Hearing Process Rules.

- a. The formal rules of evidence shall not apply to any live hearing.
- b. Questions and evidence about the Complainant's pre-disposition or prior sexual behavior are not relevant, unless such questions and evidence about the Complainant's prior sexual behavior are offered to prove that someone other than the Respondent committed conduct alleged by the Complainant, or if the questions and evidence concern specific incidents of the Complainant's prior sexual behavior with respect to the Respondent and are offered to prove consent.
- c. Character evidence is information that does not directly relate to the facts at issue, but instead reflects upon the reputation, personality, or qualities of an individual, including honesty. Such evidence regarding either Party's character is of limited utility and shall not be admitted unless deemed relevant by the Hearing Officer.
- d. Incidents or behaviors of a Party not directly related to the possible violation(s) will not be considered unless they show a pattern of related misconduct. History of related misconduct by a Party that shows a pattern may be considered only if deemed relevant by the Hearing Officer.
- e. A Party's records that are made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in the professional's or paraprofessional's capacity, or assisting in that capacity, and which are made or maintained in connection with the provision of treatment to the Party, may not be used without that Party's express consent.
- f. The Hearing Officer shall not require, allow, rely upon, or otherwise use questions or evidence that constitute, or seek disclosure of, information protected under a legally recognized privilege, unless the person holding such privilege has waived the privilege.
- g. The relevancy and admissibility of any evidence offered at the hearing shall be determined by the Hearing Officer, whose ruling shall be final.
- h. A Party's Advisor will be permitted to ask the other Party and any witnesses relevant questions and follow-up questions, including those challenging credibility. Before a Complainant, Respondent or witness answers a cross-examination or other question, the Hearing Officer must first determine whether the question is relevant and explain any decision to exclude a question as not relevant. Where the Hearing Officer permits a question to be answered, a presumption shall be made that the Hearing Officer determined that the question was relevant.
- i. If a Party or witness does not submit to cross-examination at a hearing, the Hearing Panel must not rely on any statement of that Party or witness in reaching a determination regarding responsibility, but no inference can be drawn from the fact that a Party or witness failed to submit to cross-examination.
- j. The Party's Advisors may object to questions on limited grounds as specified in the Rules of Decorum. The Hearing

Officer will rule on such objections and that ruling shall be final.

- k. The Hearing Officer may dismiss any person from the hearing who interferes with or obstructs the hearing, fails to adhere to the Rules of Decorum, or fails to abide by the rulings of the Hearing Officer.

- l. Procedural questions which arise during the hearing and which are not covered by these general rules shall be determined by the Hearing Officer, whose ruling shall be final.

12. Findings of the Hearing Panel.

- a. The Hearing Panel will deliberate with no others present, except any legal advisor to the Hearing Panel, to find whether the Respondent is responsible or not responsible for the policy violation(s) in question. The Hearing Panel will base its finding on a preponderance of the evidence (i.e., whether it is more likely than not that the Respondent committed each alleged violation). If a Respondent is found responsible by a majority of the Hearing Panel, the Hearing Panel will determine appropriate sanctions and remedial actions by a majority vote.
- b. The Hearing Officer will prepare a written determination reflecting the decision of the Hearing Panel regarding responsibility, sanctions and remedial actions, if any ("Hearing Panel Decision"), and deliver it to the Title IX Coordinator detailing the following:
 - (1) Identification of the allegations potentially constituting sexual harassment as defined in CRR 600.020;
 - (2) A description of the procedural steps taken from the receipt of the Formal Complaint through the determination, including any notifications to the Parties, interviews with Parties and witnesses, site visits, methods used to gather other evidence and hearings held;
 - (3) Findings of fact supporting the determination;
 - (4) Conclusions regarding the application of the University's Title IX Policies to the facts;
 - (5) A statement of, and rationale for, the result as to each allegation, including a determination regarding responsibility, any disciplinary sanctions to be imposed on the Respondent, and whether remedies designed to restore or preserve equal access to the University's education programs or activities will be provided by the University to the Complainant; and
 - (6) The procedures and permissible bases for the Complainant and the Respondent to appeal.
- c. The Hearing Panel Decision should be submitted to the Title IX Coordinator within five (5) business days of the end of deliberations. Deviations from the five-day period will be communicated by the Hearing Officer to the Parties and the Title IX Coordinator, along with an expected time for completion. The Hearing Panel Decision will be provided to the Title IX Coordinator who will provide it to the Parties simultaneously within five (5) business days of receipt of the decision.
- d. The Hearing Panel Decision will be sent to each Party by email to their University-issued email account, or by the method of notification previously designated in writing by the Party. Notice is presumptively deemed delivered, when:
 - 1) provided in person, 2) emailed to the individual to their University-issued email account, or 3) when sent via the alternate method of notification specified by the Party.

- e. The Hearing Panel Decision will become final either on the date that the Parties are provided with the written determination of the result of the appeal, if an appeal is filed, or if an appeal is not filed, the date on which an appeal would no longer be considered timely.
- f. The Title IX Coordinator is responsible for effective implementation of any remedies.

R. Process for Academic Medical Centers (AMC)

1. Academic Medical Centers at the University of Missouri are not required to provide for a live hearing, but rather must adhere to the following process for resolving Formal Complaints alleging Title IX violations.
2. The decision-maker(s) for the Title IX Process for Academic Medical Centers shall be a neutral, impartial, and unbiased decision-maker designated by the Executive Vice Chancellor for Health Affairs.
3. **Notice of AMC Meeting.** The decision-maker will meet separately with each Party. At least fifteen (15) business days prior to the initial meeting with the decision-maker, the Title IX Coordinator will send a letter (Notice of AMC Meeting) to the Parties with the following information:
 - a. A description of the alleged violation(s) and applicable policy or policies that are alleged to have been violated.
 - b. A description of the applicable procedures.
 - c. A statement that the Parties may be accompanied by a Support Person of their choosing at the AMC Meeting.
 - d. The time, date and location of the AMC Meeting.
 - e. The name of the decision-maker, and information on how to raise an objection to the decision-maker and the timeline in which to raise any objections.
 - f. A copy of the investigative report and exhibits.
 - g. Notification to the Parties that all of the evidence gathered in the course of the investigation that is directly related to the allegations, including inculpatory and exculpatory evidence, is available to the Parties and how to request access to that evidence.
4. The Notice of AMC Meeting letter will be sent to each Party by email to their University-issued email account, or by the method of notification previously designated in writing by the Party. Notice is presumptively deemed delivered, when:
 - 1) provided in person, 2) emailed to the individual to their University-issued email account, or 3) when sent via the alternate method of notification specified by the Party.
5. At least fifteen (15) business days prior to the initial AMC Meeting, the Investigator will provide to the Parties access to all evidence gathered in the investigation which is directly related to the allegations in the Formal Complaint, including any evidence upon which the Investigator does not intend to rely, and inculpatory and exculpatory evidence whether obtained from a Party or other source, copies of recordings of all interviews conducted during the investigation, and a copy of any investigative report.
6. At least ten (10) business days prior to the initial AMC Meeting, the Complainant and Respondent may provide the decision-maker with written, relevant questions the Party wants asked of any Party or witness. At least five (5) business days prior to the initial AMC Meeting, the decision-maker will provide each Party with the answers,

and allow for additional, limited follow-up questions from each Party. The decision-maker must explain to the Party proposing the questions any decision to exclude a question as not relevant. The Parties may also provide the decision-maker with documentary evidence.

7. No employee or student, directly or through others, should take any action which may interfere with the investigation or the AMC process. Employees and students are prohibited from attempted or actual intimidation or harassment of any potential witness. Failure to adhere to these requirements may lead to disciplinary action, up to and including expulsion or termination.
8. The decision-maker shall not have a conflict of interest or bias for or against Complainants or Respondents generally or an individual Complainant or Respondent. If a decision-maker feels that they have a conflict of interest or bias, or cannot make an objective determination, they must recuse themselves from the proceedings in advance of the AMC meeting.
9. At least ten (10) business days prior to the initial AMC Meeting, the Parties shall provide to the Title IX Coordinator all objections in writing to the decision-maker identified in the Notice of AMC Meeting. If the Title IX Coordinator determines that the decision-maker should be replaced, the Title IX Coordinator will select an alternate decision-maker. The Title IX Coordinator will provide a written response to all Parties addressing the objections.
10. Questions and evidence about the Complainant's pre-disposition or prior sexual behavior are not relevant, unless such questions and evidence about the Complainant's prior sexual behavior are offered to prove that someone other than the Respondent committed conduct alleged by the Complainant, or if the questions and evidence concern specific incidents of the Complainant's prior sexual behavior with respect to the Respondent and are offered to prove consent.
11. Character evidence is information that does not directly relate to the facts at issue, but instead reflects upon the reputation, personality, or qualities of an individual, including honesty. Such evidence regarding either Party's character is of limited utility and shall not be admitted unless deemed relevant by the Hearing Officer.
12. Incidents or behaviors of a Party not directly related to the possible violation(s) will not be considered unless they show a pattern of related misconduct. History of related misconduct by a Party that shows a pattern may be considered only if deemed relevant by the Hearing Officer.
13. A Party's records that are made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in the professional's or paraprofessional's capacity, or assisting in that capacity, and which are made or maintained in connection with the provision of treatment to the Party, may not be used without that Party's express consent.
14. The decision-maker shall not require, allow, rely upon, or otherwise use questions or evidence that constitute, or seek disclosure of, information protected under a legally recognized privilege, unless the person holding such privilege has waived the privilege.

15. All meetings between the decision-maker and Parties and/or witnesses shall be recorded.
16. Within ten (10) business days of the last meeting with any Party or witness, the decision-maker must issue a written determination regarding responsibility, applying the preponderance of the evidence standard of evidence. The written determination must include:
 - a. Identification of the allegations potentially constituting sexual harassment as defined in CRR 600.020.
 - b. A description of the procedural steps taken from the receipt of the Formal Complaint through the determination, including any notifications to the parties, interviews with parties and witnesses, site visits, methods used to gather other evidence and meetings held;
 - c. Findings of fact supporting the determination;
 - d. Conclusions regarding the application of the Title IX policies to the facts;
 - e. A statement of, and rationale for, the result as to each allegation, including a determination regarding responsibility, any disciplinary sanctions to be imposed on the Respondent, and whether any remedies designed to restore or preserve equal access to the University's education program or activity will be provided by the University to the Complainant; and
 - f. The University's procedures and permissible bases for the Complainant and Respondent to appeal as set forth in Section U.
17. The written determination will be provided to the Title IX Coordinator, who will provide it to the Parties simultaneously within five (5) business days of receipt of the determination. Notification will be made in writing and sent to each Party by email to their University-issued email account, or by the method of notification previously designated in writing by the Party. Notice is presumptively deemed delivered, when: 1) provided in person, 2) emailed to the individual to their University-issued email account, or 3) when sent via the alternate method of notification specified by the Party.
18. The determination becomes final either on the date that the University provides the Parties with the written determination of the result of the appeal, if any appeal is filed, or if any appeal is not filed, the date on which an appeal would no longer be considered timely.
19. The Title IX Coordinator is responsible for effective implementation of any remedies.
 - (2) The disciplinary history of the Respondent;
 - (3) The need for sanctions/remedial actions to bring an end to the conduct;
 - (4) The need for sanctions/remedial actions to prevent the future recurrence of the conduct; and
 - (5) The need to remedy the effects of the conduct on the Complainant and the University community.

2. **Types of Sanctions.** The following sanctions may be imposed upon any Respondent found to have violated the University's Title IX Policies. Multiple sanctions may be imposed for any single violation. Sanctions include but are not limited to the following:

a. **For Respondents who are Student(s) or Student Organization(s):**

- (1) **Warning.** A notice in writing to the Respondent that there is or has been a violation of institutional regulations, and cautioning that if there are further violations, the existence of the Warning may result in more severe sanctions in the future.
- (2) **Probation.** A written reprimand for violation of specified regulations. Probation is for a designated period of time and includes the probability of more severe sanctions if the Respondent is found to be violating any institutional regulation(s) during the probationary period.
- (3) **Loss of Privileges.** Denial of specified privileges for a designated period of time.
- (4) **Restitution.** Compensating the University for loss, damage, or injury to University property. This may take the form of appropriate service and/or monetary or material replacement.
- (5) **Discretionary Sanctions.** Work assignments, service to the University, or other related discretionary assignments, or completion of educational programming.
- (6) **Residence Hall Suspension.** Separation of the Respondent from the residence halls for a definite period of time, after which the Respondent is eligible to return. Conditions for readmission may be specified.
- (7) **Residence Hall Expulsion.** Permanent separation of the Respondent from the residence halls.
- (8) **Campus Suspension.** Respondent is suspended from being allowed on a specific University campus for a definite period of time. Logistical modifications consistent with the sanction imposed, may be granted at the discretion of the Chief Student Affairs Officer (or Designee).
- (9) **University System Suspension.** Separation of the Respondent from the University System for a definite period of time, after which the Respondent is eligible to return. Conditions for readmission may be specified.
- (10) **Withdrawal of Recognition.** Respondent Student Organization loses its Official Approval as a recognized student organization. May be either temporary or permanent.
- (11) **University System Expulsion.** Permanent and complete separation (i.e., not eligible for online courses either) of the Respondent from the University System.

b. **For Respondents who are Employee(s):**

- (1) Warning – verbal or written;

S. Sanctions and Remedial Actions.

1. If the Respondent is found responsible for a violation of the University's Title IX Policies, the Hearing Panel, or the decision-maker in the Administrative Resolution Process or Academic Medical Center Process, will determine sanctions and remedial actions. The Title IX Coordinator will apply and enforce the sanctions and remedial actions and may also add other remedial actions as deemed appropriate.
 - a. **Factors Considered When Finding Sanctions/Remedial Actions** include but are not limited to:
 - (1) The nature, severity of, and circumstances surrounding the violation;

- (2) Performance improvement plan;
- (3) Required counseling;
- (4) Required training or education;
- (5) Loss of annual pay increase;
- (6) Loss of supervisory responsibility;
- (7) Recommendation of discipline in a training program, including recommendation of termination, suspension or other corrective or remedial actions;
- (8) For Non-Regular Faculty, immediate termination of term contract and employment;
- (9) For Regular, Untenured Faculty, immediate termination of term contract and employment. Notice of not reappointing would not be required;
- (10) Suspension without pay;
- (11) Non-renewal of appointment;
- (12) For Regular, Tenured Faculty, suspension without pay, removal from campus and referral to the Chancellor to initiate dismissal for cause as detailed in Section 310.060 of the Collected Rules and Regulations;
- (13) For Staff, Demotion;
- (14) For Staff, Termination.

- c. **Remedial Actions.** The following remedial actions may also be imposed to address the effects of the violation(s) of the University's Title IX Policies on the Complainant. Such remedial actions will vary depending on the circumstances of the policy violation(s), but may include:

- (1) Where the Complainant is a student:
 - (a) Permitting the student to retake courses;
 - (b) Providing tuition reimbursement;
 - (c) Providing additional academic support;
 - (d) Removal of a disciplinary action; and
 - (e) Providing educational and/or on-campus housing accommodations.
- (2) Where the Complainant is an employee:
 - (a) Removal of a disciplinary action;
 - (b) Modification of a performance review;
 - (c) Adjustment in pay;
 - (d) Changes to the employee's reporting relationships; and
 - (e) Workplace accommodations.

In addition, the University may offer or require training and/or monitoring as appropriate to address the effects of the violation(s) of the University's Title IX Policies.

- d. **When Implemented.** Sanctions will be imposed once the written determination regarding responsibility becomes final; the determination regarding responsibility is final either on the date that the Parties are provided with the written determination of the result of the appeal, if an appeal is filed, or if an appeal is not filed, the date on which an appeal would no longer be considered timely.

of the Title IX Coordinator, the Formal Complaint may be dismissed, or the Title IX Coordinator may determine that the process will nonetheless proceed in the Respondent's absence to a reasonable resolution and, if the Respondent is found responsible, the Respondent will not be permitted to return to the University unless all sanctions have been satisfied.

U. Appeal.

1. **Grounds for Appeal.** Both Complainant and Respondent are allowed to appeal the dismissal of a Formal Complaint or any of the allegations therein, or the findings of the Administrative Resolution Process, the Hearing Panel Resolution Process, or the Academic Medical Center process. Appeals are limited to the following:
 - a. A procedural irregularity that affected the outcome of the matter (e.g., material deviation from established procedures, etc.);
 - b. To consider new evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter;
 - c. The Title IX Coordinator, Investigator(s), or decision-maker(s) had a conflict of interest or bias for or against Complainants or Respondents generally or the individual Complainant or Respondent that affected the outcome of the matter; or
 - d. The sanctions fall outside the range typically imposed for this offense, or for the cumulative conduct record of the Respondent.
2. **Requests for Appeal.** Both the Complainant and the Respondent may appeal a dismissal of a Formal Complaint or any allegations therein, or a determination regarding responsibility to the Equity Resolution Appellate Officer. The Equity Resolution Appellate Officer must not have a conflict of interest or bias for or against Complainants or Respondents generally or an individual Complainant or Respondent; if the Equity Resolution Appellate Officer does not believe that they can make an objective decision about an appeal, they should recuse themselves and the Chancellor (or Designee) shall appoint an alternate Equity Resolution Appellate Officer to hear the pending appeal. All requests for appeal must be submitted in writing to the Equity Resolution Appellate Officer within five (5) business days of the delivery of the notice of dismissal or Administrative Resolution Decision, Hearing Panel Decision, or AMC Determination. When any Party requests an appeal, the other Party will be notified and receive a copy of the request for appeal.
3. **Response to Request for Appeal.** Within five (5) business days of the delivery of the notice and copy of the request for appeal, the non-appealing Party may file a response to the request for appeal. The response can address that sufficient grounds for appeal have not been met and/or the merits of the appeal.
4. **Review of the Request to Appeal.** The Equity Resolution Appellate Officer will make an initial review of the appeal request(s) to determine whether:
 - a. The request is timely, and
 - b. The appeal is on the basis of any of the articulated grounds listed above,

T. Withdrawal While Charges Pending. Should a Respondent decide to resign employment, or withdraw from the University and not participate in the investigation and/or hearing without signing a Voluntary Permanent Separation and General Release Agreement and without the approval

- c. When viewed in the light most favorable to the appealing Party, the appeal states grounds that could result in an adjusted finding or sanction.

The Equity Resolution Appellate Officer will reject the request for appeal if any of the above requirements are not met. The decision to reject the request for appeal is final and further appeals and grievances are not permitted. The Equity Resolution Appellate Officer will render a written decision whether the request for appeal is accepted or rejected within fifteen (15) business days from receipt of the request for appeal. If no written decision is provided to the Parties within fifteen (15) business days from receipt of the request, the appeal will be deemed accepted.

5. Review of the Appeal. If all three (3) requirements for appeal listed in paragraph 4 above are met, the Equity Resolution Appellate Officer will accept the request for appeal and proceed with rendering a decision on the appeal applying the following additional principles:

- a. Appeals are not intended to be full re-hearings of the Formal Complaint and are therefore deferential to the original findings. In most cases, appeals are confined to a review of the written documentation and Record of the Case, and relevant documentation regarding the grounds for appeal. Appeals granted based on new evidence should normally be remanded to the original decision-maker for reconsideration.
- b. The Equity Resolution Appellate Officer will render a written decision on the appeal to all Parties within ten (10) business days from accepting the request for appeal. In the event the Equity Resolution Appellate Officer is unable to render a written decision within ten (10) business days from accepting the request for appeal, the Equity Resolution Appellate Officer will promptly notify the Parties in writing of the delay.
- c. Once an appeal is decided, the outcome is final. Further appeals are not permitted.

6. Extensions of Time. For good cause, the Equity Resolution Appellate Officer may grant reasonable extensions of time (e.g.: 7-10 business days) to the deadlines in the appeal process. The Equity Resolution Appellate Officer will notify the Parties in writing if such extensions are granted.

V. Failure to Complete Sanctions/Comply with Interim and Long-term Remedial Actions. All Respondents are expected to comply with all sanctions and remedial actions within the timeframe specified. Failure to follow through on these sanctions and remedial actions by the date specified, whether by refusal, neglect or any other reason, may result in additional sanctions and remedial actions and/or suspension, expulsion, termination, referral to Dismissal for Cause process, or withdrawal of recognition from the University. Suspension will only be lifted when compliance is achieved to the satisfaction of the Title IX Coordinator.

W. Dismissal for Cause Referral. If the recommended sanction for a Regular, Tenured Faculty member is referral to the Chancellor to initiate Dismissal for Cause, the Record of the Case will be forwarded to the appropriate Faculty Committee on Tenure. Because the Dismissal for Cause proceeding is not a re-hearing of the Complaint, the Record of the Case will be included as evidence and the findings will be adopted for proceeding as detailed in Section 310.060: Procedures in Case of Dismissal for Cause in the Collected Rules and Regulations.

X. Records. In implementing this policy, records of all Formal Complaints, the Hearing Process or Academic Medical Center Process, and resolutions (including Informal resolution and result therefrom), will be kept by the Title IX Coordinator. For the purpose of review or appeal, the Record of the Case will be accessible at reasonable times and places to the Respondent and the Complainant. The Record of the Case will be kept for seven (7) years following final resolution.

In addition, a record of the response to all complaints of sexual harassment, must be maintained for a period of seven (7) years, including records of any actions, including Supportive Measures, taken in response to a report or Formal Complaint of sexual harassment. In each instance, the University must document the basis for its conclusion that its response was not deliberately indifferent, and document that it has taken measures designed to restore or preserve equal access to the University's education programs or activities. If the University did not provide a Complainant with Supportive Measures, the University must document the reasons why such a response was not clearly unreasonable in light of the known circumstances.

Each Title IX Coordinator, including the Title IX Coordinator for the academic medical center, shall maintain statistical, de-identified data on the race, gender and age of each Party to a Formal Complaint for that university/ academic medical center, and will report such data on an annual basis to the President of the University of Missouri. Additionally, statistical data relating to each university in the University of Missouri System shall be reported on an annual basis to that university's Chancellor and chief officers for human resources, student affairs, and diversity, equity and inclusion; the academic medical center shall report such statistical data for the academic medical center on an annual basis to the Executive Vice-Chancellor for Health Affairs. Data relating to the University of Missouri System shall be reported on an annual basis to the University of Missouri System's chief officers for human resources, student affairs, and diversity, equity and inclusion.

Y. Retaliation. No person may intimidate, threaten, coerce, or discriminate against any individual for the purpose of interfering with any right or privilege secured by Title IX, or because the individual has made a report or complaint, testified, assisted, or participated or refused to participate in any manner in an investigation, proceeding, or hearing under this policy. Intimidation, threats, coercion, or discrimination, including charges against an individual for policy violations that do not involve sex discrimination or sexual harassment, but arise out of the same facts or circumstances as a report or complaint of sex discrimination, or a report or Formal Complaint of sexual harassment, for the purpose of interfering with any right or privilege secured by Title IX, constitutes retaliation.

The University must keep confidential the identity of any individual who has made a report or complaint of sex discrimination, including any individual who has made a report or filed a Formal Complaint of sexual harassment, any Complainant, any individual who has been reported to be the perpetrator of sex discrimination, any Respondent, and any witness, except as may be permitted by the FERPA statute, 20 U.S.C. 1232g, or FERPA regulations, 34 CFR part 99, or as required by law, or to carry out the purposes of Title IX, including the conduct of any investigation, hearing, or judicial proceeding arising thereunder. Complaints alleging retaliation may be filed with the Equity Officer in accordance with CRRs 600.010, 600.040, and 600.050.

The exercise of rights protected under the First Amendment does not constitute retaliation prohibited under this section.

Charging an individual with a policy violation for making a materially false statement in bad faith in the course of the any proceedings under this policy does not constitute retaliation provided, however that a determination regarding responsibility, alone, is not sufficient to conclude that any Party made a materially false statement in bad faith.

600.020 Sex Harrassment under Title IX - for matters involving conduct alleged to have occurred on or after August 14, 2020

Executive Order 40, 4-8-14; Revised 6-19-14; Revised 9-22-14 by Executive Order 41. Revised 2-9-17 with an effective date of 3-1-17.

A. Sex Discrimination, Sexual Harassment and Sexual Misconduct in Education. The University is committed to affording equal employment and education opportunities to its employees and students, and to creating an environment free from discrimination (see Section 600.010 of the Collected Rules and Regulations). In furtherance of these commitments, both University policy and applicable state and federal law, prohibit all students, employees, volunteers and visitors at the University from engaging in discrimination on the basis of any protected characteristic, including sex, pregnancy, gender identity, and gender expression. In addition, University policy and the law prohibit sexual misconduct, sexual harassment, stalking on the basis of sex, dating/intimate partner violence, and sexual exploitation, as defined in Section 600.020.B. As used in this policy, the word "sex" is also inclusive of the term "gender." This policy applies to any phase of its employment process, any phase of its admission or financial aid programs, and all other aspects of its educational programs or activities. Additionally, this policy applies to allegations of sexual misconduct or allegations of other forms of sex discrimination, as defined in Section 600.020.B., occurring in other settings, including off-campus, if there are effects of the conduct that interfere with or limit any person's ability to participate in or benefit from the University's educational programs, activities or employment. Notices of nondiscrimination are posted online and in physical locations for the UM System and each of the campuses.

B. Definitions

C. Title IX Coordinators. Duties and responsibilities of the University's Title IX Coordinators include monitoring and oversight of overall implementation of Title IX compliance at the University, including coordination of training, education, communications and coordination with the Equity Resolution Processes for faculty, staff, students and other members of the University community and investigation of complaints of sex discrimination. The University may designate Deputy Coordinators as needed to assist in fulfillment of the Coordinator's duties and responsibilities.

NOTE: All references to "Title IX Coordinator" throughout this policy refer to the Title IX Coordinator or the Coordinator's designee.

Any person having inquiries concerning the application of Title IX should contact their respective UM System or campus Title IX Coordinator.

The following individuals serve as Title IX Coordinators and are designated to handle inquiries regarding the Anti-Discrimination policies and to serve as coordinators for purposes of Title IX compliance:

University of Missouri-St. Louis

Jessica Swederske
Title IX Coordinator and Chief Equity Officer
240 JCPenney
St. Louis, MO 63121
Telephone: 314-516-5748

Email: swederskej@umsl.edu
<http://www.umsl.edu/title-ix>

If the Complaint involves the University's Title IX Coordinator, Complaints may be made to the System Title IX Coordinator. If the Complaint involves the System Title IX Coordinator, reports may be made to the System President. The contact information for the System President is:

Office of the President
321 University Hall
Columbia, MO 65211
Telephone: 573-882-2011
Email: umpresident@umsystem.edu

NOTE: The above-listed contact information for Title IX Coordinators may be updated as needed and without requiring the approval of the Board of Curators.

D. Reporting Sex Discrimination, Including Sexual Harassment and Sexual Misconduct

E. Requests for Confidentiality or Not to Pursue an Investigation

F. Impact of Optional Report to Law Enforcement. In accordance with federal law, the Title IX Coordinator will not wait for the conclusion of a criminal investigation or criminal proceeding to begin the Title IX preliminary investigation. It may be necessary to delay temporarily the fact-finding portion of a Title IX preliminary investigation while the police are gathering evidence. The Title IX Coordinator will promptly resume the preliminary Title IX investigation as soon as notified by the law enforcement agency that it has completed the evidence-gathering process. The Title IX Coordinator will implement appropriate interim steps during the law enforcement agency's investigation period to provide for the safety of the Complainant and the campus community and the avoidance of retaliation.

G. Non-compliance. Failure to comply with this policy can result in disciplinary action. Employees also are cautioned that non-compliance with this policy may increase their risk of personal liability. Further, an individual who fails to report as required under this policy may be determined to be ineligible for defense or protection under Section 490.010 for any associated claims, causes of action, liabilities or damages.

H. Retaliation. Retaliation is any adverse action taken against a person because of that person's participation in protected activity. The University strictly prohibits retaliation against any person for making any good faith report to a Title IX Coordinator or for filing, testifying, assisting, or participating in any investigation or proceeding involving allegations of sex discrimination, sexual harassment or sexual misconduct. Any person who engages in such retaliation shall be subject to disciplinary action, up to and including expulsion or termination, in accordance with applicable procedures. Any person who believes they have been subjected to retaliation is encouraged to promptly notify the Equity Officer or Title IX Coordinator. The University will promptly investigate all claims of retaliation.

Examples of prohibited retaliation include, but are not limited to, giving a lesser grade than the student's academic work warrants because the student filed a Complaint of sexual harassment; giving lower than justified performance appraisals because a person was a witness in an investigation of alleged sexual harassment; and threatening to spread false information about a person for filing a Complaint of sexual harassment.

I. False Reporting. False reporting is making an intentional false report or accusation in relation to this policy as opposed to a report or accusation, which, even if erroneous, is made in good faith. False reporting is a serious offense subject to appropriate disciplinary action ranging up to and including expulsion or termination.

J. Witness Intimidation or Harassment. No individual participating in an investigation relating to a report or Complaint that a violation of this policy has occurred should, directly or through others, take any action which may interfere with the investigation. The University prohibits attempts to or actual intimidation or harassment of any potential witness. Failure to adhere to these requirements may lead to disciplinary action, up to and including expulsion or termination.

K. U.S. Department of Education—Office for Civil Rights. Inquiries concerning the application of Title IX also may be referred to the United States Department of Education's Office for Civil Rights. For further information on notice of nondiscrimination, visit <http://wdcrocolp01.ed.gov/CFAPPS/OCR/contactus.cfm> and for the address and phone number of the U.S. Department of Education office which serves your area, or call 1-800-421-3481.

The State of Missouri regional Office for Civil Rights is located in Kansas City and is available to provide assistance.

600.040 Equity Resolution Process for Resolving Complaints of Discrimination, Harassment, and Sexual Misconduct against a Faculty Member

600.050 Equity Resolution Process for Resolving Complaints of Discrimination, Harassment, and Sexual Misconduct against a Staff Member

600.060 Equity Resolution Process for Resolving Complaints of Discrimination and Harassment against the University of Missouri

1. Section 600.030 – Equity Resolution Process for Resolving Complaints of Discrimination, Harassment and Sexual Misconduct Against a Student or Student Organization
2. Section 600.040 – Equity Resolution Process for Resolving Complaints of Discrimination, Harassment and Sexual Misconduct Against a Faculty Member
3. Section 600.050 – Equity Resolution Process for Resolving Complaints of Discrimination, Harassment and Sexual Misconduct Against a Staff Member
4. Section 600.060 - Equity Resolution Process for Resolving Complaints of Discrimination and Harassment Against the University of Missouri
 - a. **Academic Medical Center.** University of Missouri Hospitals and Clinics, and other Academic Medical Centers as may be designated by the University in the future.

- b. **Academic Medical Center Resolution Process.** Resolution of a Formal Complaint by a decision-maker making a finding on each of the alleged policy violations and a finding on sanctions.
- c. **Administrative Resolution.** A voluntary informal resolution process where a decision-maker makes a finding on each of the alleged policy violations in a Formal Complaint and a finding on sanctions without a hearing.
- d. **Advisors.** The individuals selected by the Complainant and the Respondent, or if a Party does not have their own Advisor, selected by the University, to conduct all cross-examination and other questioning on behalf of a Party at a hearing; an Advisor may, but is not required to, be an attorney.
- e. **Alternate Methods of Notice:** Methods of providing Notice to a Party other than in person or by email to the Party's University email account; these include email to another email account specified by the Party, or a Party's designation of an address to which Notice may be mailed via U.S. Mail; a Party seeking to designate an Alternate Method of Notice must provide such designation in writing to the Title IX Coordinator.
- f. **Complainant.** "Complainant" means an individual who is alleged to be the victim of conduct that could constitute sexual harassment.
- g. **Emergency Removal Appeal Individual/Committee:** An individual or committee of three (3) individuals appointed by the Chancellor (or Designee) to hear appeals of an Emergency Removal decision by the Title IX Coordinator.
- h. **Equity Resolution Appellate Officer.** For Staff, Student(s) or Student Organization Respondents, a trained, senior-level administrator appointed by the Chancellor (or Designee) to hear all appeals stemming from the Title IX Resolution Process. For Faculty Respondents, the Chancellor (or Designee).
- i. **Equity Resolution Hearing Panel ("Hearing Panel").** A group of two (2) trained Equity Resolution Hearing Panelist Pool members who, together with the Hearing Officer, serve as the Hearing Panel for a specific Formal Complaint. A good faith attempt will be made for the Hearing Panel to include at least one faculty member and one administrator or staff member. The Hearing Officer shall serve as the Chair of the Hearing Panel.
- j. **Equity Resolution Hearing Panelists Pool ("Hearing Panelist Pool").** A group of at least five (5) faculty and five (5) administrators and/or staff selected by the Chancellor (or Designee) to serve as hearing panel members in the Hearing Panel Resolution process. The faculty hearing panel members selected by the Chancellor (or Designee) shall be selected from a list of no less than ten (10) faculty members proposed by the faculty council/senate. Selection of hearing panel pool members shall be made with an attempt to recognize the diversity of the University community. Hearing Panel members from one University may be asked to serve on a hearing panel involving another University.
- k. **Formal Complaint.** Formal Complaint means a written document filed by a Complainant or signed by the Title IX Coordinator alleging sexual harassment against a Respondent and requesting that the University investigate the allegation of sexual harassment. The phrase "document

filed by a Complainant” means a document or electronic submission (such as by electronic mail or an online portal provided for this purpose by the University) that contains the Complainant’s physical or digital signature, or otherwise indicates that the Complainant is the person filing the Formal Complaint.

- l. **Hearing Officer.** A trained individual appointed by the Chancellor (or Designee) to preside over a hearing and act as a member of the Hearing Panel, and to rule on objections and the relevancy of questions and evidence during the hearing.
- m. **Hearing Panel Decision.** Resolution of a Formal Complaint by an Equity Resolution Hearing Panel recommending or making a finding on each of the alleged policy violations and sanctions, if applicable.
- n. **Hearing Panelist Pool Chair (“Pool Chair”).** The Hearing Panelist Pool Chair is selected by the Chancellor (or Designee). The Pool Chair randomly selects and coordinates the hearing panel members to serve on the Hearing Panel for a specific Formal Complaint. The Pool Chair may serve as a panel member for a specific Formal Complaint.
- o. **Informal Resolution.** A voluntary resolution process using alternative dispute resolution mechanisms such as mediation, facilitated dialogue, administrative resolution, or restorative justice.
- p. **Investigators.** Investigators are trained individuals appointed by the Title IX Coordinator (or designee) to conduct investigations of the alleged violations of the University’s Title IX Policies.
- q. **Parties.** The Complainant and the Respondent are collectively referred to as the Parties.
- r. **Record of the Case.** The Record of the Case in the Section 600.030 Process includes, when applicable: All Notices to the Parties; investigative report; recordings of Party and witness interviews; exhibits used at a hearing or at the Academic Medical Center (AMC) Meeting; recordings of meetings between the AMC decision-maker and Parties and witnesses, if any; the hearing record (an audio or audiovisual record of the hearing); any determination of dismissal of all or part of a Formal Complaint; the determination on each of the alleged policy violations and sanctions by either the Hearing Panel or decision-maker; and the decision on the appeal, if any, including the request for appeal, any additional evidence submitted for the appeal, and written arguments of the Parties.
- s. **Report.** Any verbal or written communication or notice of an alleged violation of the University’s Title IX Policies.
- t. **Respondent.** Respondent means an individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment.
- u. **Rules of Decorum.** Hearing process rules to which Parties and their Advisors must adhere during any Hearing under this policy.
- v. **Student.** A person having once been admitted to the University who has not completed a course of study and who intends to or does continue a course of study in or through one of the Universities of the University System. For the purpose of these rules, student status continues whether or not the University’s academic programs are in session.
- w. **Student Organization.** A recognized student organization which has received Official Approval in accordance with Section 250.010 of the Collected Rules and Regulations. Three members of the organization may represent the student organization as the Party.
- x. **Support Person.** An individual selected by a Party to accompany the Party to all meetings and interviews to provide support for the Party throughout the Title IX Process. A Support Person may not attend a hearing under the Title IX process unless also serving as a Party’s Advisor.
- y. **Title IX Coordinator.** The Title IX Coordinator is a trained administrator designated by the Chancellor (or Designee) to respond to reports of sexual harassment; and to receive and assist with the Title IX process for Formal Complaints alleging violation of the University’s Sexual Harassment in Employment/Education Policy. All references to “Title IX Coordinator” throughout this policy refer to the Title IX Coordinator or the Title IX Coordinator’s designee.
- z. **University’s Title IX Policies.** The University’s Title IX Policies include this Policy and the Sexual Harassment in Employment/Education Policy located at Section 600.020 of the Collected Rules and Regulations (CRR).
- a. Upon receipt of a Formal Complaint, the Title IX Coordinator will provide a written notice to the known Parties that includes the following:
 - i. A description of the University’s Title IX Process, including Informal Resolution;
 - ii. Notice of the allegations of sexual harassment, including sufficient details known at the time. Sufficient details include the identities of the Parties involved in the incident, if known; the conduct allegedly constituting the sexual harassment; and the date and location of the alleged incident.
 - iii. A statement that the Respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility is made at the conclusion of the Title IX process.
 - iv. A statement reminding the Respondent that they have the right to file a report or Formal Complaint with the Title IX Coordinator; however, both Parties are advised that retaliation against any Party is prohibited.
 - v. A statement notifying the Parties of the availability of Supportive Measures.
 - vi. A statement notifying the Parties of their right to have an Advisor of their choice, who may be, but is not required to be, an attorney. The Parties will be advised that if they do not have an Advisor to conduct cross-examination at a hearing on their behalf, the University will appoint such an Advisor; this Advisor may be, but is not required to be, an attorney. (This provision does not apply to matters proceeding under the process for Academic Medical Centers set forth in Section R).
 - vii. A statement notifying the Parties that they may have a Support Person selected by a Party accompany the Party to all meetings and interviews to provide support for the Party throughout the Title IX Process. A Support Person may not attend a hearing under the Title IX process unless also serving as a Party’s Advisor.
 - viii. A statement notifying the Parties that they will be permitted to inspect and review any evidence obtained

- as part of the investigation that is directly related to the allegations raised in the Formal Complaint, including the evidence upon which the University does not intend to rely in reaching a determination regarding responsibility, and including inculpatory and exculpatory evidence whether obtained from a Party or other source.
- ix. A statement notifying the Parties that they must be truthful when making any statement or providing any information or evidence to the University throughout the Title IX process, and all documentary evidence must be genuine and accurate. False statements and fraudulent evidence by an employee may be the basis for personnel action pursuant to CRR 370.010 or HR 601, or other applicable University policies, or for disciplinary action pursuant to CRR 200.010 for students.
 - x. A statement that nothing in the Title IX process is intended to supersede nor expand any rights the individual may have under applicable state or federal statutory laws or the U.S. Constitution.
 - xi. A statement informing a Party that all notices hereafter will be sent via their University-issued email account, unless they provide to the Title IX Coordinator an alternate method of notification. If a Party does not have a University-issued email account, all notices will be via U.S. Mail unless they provide the Title IX Coordinator with a preferred method of notification.
- b. The Notice of Allegations will be made in writing to the Parties by email to the Party's University-issued email account, with a read-receipt. If a read-receipt is not returned within one (1) business day or the Party does not have a University-issued email account, the Notice of Allegations shall be sent via U.S. Mail postage pre-paid to the last known address of the Party. Notice also may be provided in person to either Party. Notice is presumptively deemed delivered, when: 1) provided in person, 2) emailed to the individual, or 3) when mailed.
 - a. Referral and facilitating contact for the Complainant or Respondent for counseling or other support services.
 - b. Mutual restrictions on contact between the Parties.
 - c. Providing campus escort services to the Parties.
 - d. Increased security and monitoring of certain areas of the campus.
 - e. Adjusting the extracurricular activities, work schedules, work assignments, supervisory responsibilities, or work arrangements of the Complainant and/or the Respondent, as appropriate.
 - f. If either Party is a student:
 - i. Referral of that Party to academic support services and any other services that may be beneficial to the Party.
 - ii. Adjusting the courses, assignments, and/or exam schedules of the Party.
 - iii. Altering the on-campus housing assignments, dining arrangements, or other campus services for the Party.
 - g. Providing limited transportation accommodations for the Parties.
 - h. Informing the Parties of the right to notify law enforcement authorities of the alleged incident and offering to help facilitate such a report.
 - i. Implementing an Emergency Removal of a Respondent from the University's education program or activity on an emergency basis, if the Title IX Coordinator, after conducting an individualized safety and risk analysis, determines that an immediate threat to the physical health or safety of any student or other individual arising from the allegations of sexual harassment, justifies removal.
 - i. In all cases in which an Emergency Removal is imposed, the Respondent will immediately be given notice and an opportunity to challenge the decision of the Title IX Coordinator either prior to such Removal being imposed, or as soon thereafter as reasonably possible but no later than five (5) business days, to show cause why the removal should not be implemented. Any such challenge shall be made in writing and directed to the Title IX Coordinator who will forward such challenge to the Emergency Removal Appeal Individual/Committee, which will make a final decision on removal within three (3) business days.
 - ii. Violation of an Emergency Removal under this policy may be grounds for discipline.
 - j. Suspending, on an interim basis, a Respondent Student Organization's operations, University recognition, access to and use of the University campus/facilities/events and/or all other University activities or privileges for which the Respondent Student Organization might otherwise be eligible, pending the completion of the Title IX Process when the Title IX Coordinator finds and believes from available information that the presence of the student organization on campus would seriously disrupt the University or constitute a danger to the health, safety, or welfare of members of the University community. The appropriate procedure to determine the future status of the student organization will be initiated within seven (7) business days.
 - k. Implementing an administrative leave for an employee in accordance with University Human Resources Policies. Administrative leave for an employee is not an Emergency Removal under this policy.
 - a. To be treated with respect by University officials.
 - b. To be free from retaliation.
 - c. To have access to University support resources (such as counseling and mental health services and University health services).
 - d. To request a no contact directive between the Parties.
 - e. To have a Support Person of the Party's choice accompany the party to all interviews and meetings (excluding hearings) throughout the Title IX Process.
 - f. To refuse to have an allegation resolved through the Informal Resolution Processes.
 - g. To receive prior to a hearing or other time of determination regarding responsibility, an investigative report that fairly summarizes the relevant evidence in an electronic format or hard copy for their review and written response.
 - h. To have an opportunity to present a list of potential witnesses and provide evidence to the Investigator.

- i. To have Formal Complaints heard in substantial accordance with these procedures.
- j. To receive written notice of any delay of this process or limited extension of time frames for good cause which may include considerations such as the absence of a Party, a Party's Advisor or a witness; concurrent law enforcement activity; or the need for language assistance or accommodation of disabilities.
- k. To be informed of the finding, rationale, sanctions and remedial actions.
- l. To report the matter to law enforcement (if applicable) and to have assistance in making that report.
- m. To have an opportunity to appeal the dismissal of all or a portion of a Formal Complaint, and appeal the determination of a Hearing Panel or other decision-maker.
- n. Additional Rights for Students as a Party:
 - i. To request reasonable housing, living and other accommodations and remedies consistent with Section 600.030.H.
 - ii. To receive amnesty for minor student misconduct that is ancillary to the incident, at the discretion of the Title IX Coordinator.
- o. Additional Rights for Hearing Panel Resolution:
 - i. To receive notice of a hearing.
 - ii. To have the names of witnesses who may participate in the hearing and copies of all documentary evidence gathered in the course of the investigation and any investigative report prior to the hearing.
 - iii. To be present at the hearing, which right may be waived by either written notification to the Hearing Officer or by failure to appear.
 - iv. To have present an Advisor during the hearing and to consult with such Advisor during the hearing, and have the Advisor conduct cross-examination and other questioning on behalf of the Party at the hearing.
 - v. To have an Advisor of the University's selection appointed for a Party where the Party does not have an Advisor of their own choice at a hearing.
 - vi. To testify at the hearing or refuse to testify at the hearing; however, if a Party or witness fails to submit to cross-examination at the hearing, the Hearing Panel shall not rely on any statement of that Party or witness in reaching a determination regarding responsibility. The Hearing Panel shall not draw any inference about the determination regarding responsibility based solely on a Party's or witness's failure to submit to cross-examination.
 - vii. To have an equal opportunity to present and question witnesses, including fact and expert witnesses, and present relevant evidence.
 - viii. To request that the hearing be held virtually, with technology enabling participants simultaneously to see and hear each other.
- p. Additional Rights for Academic Medical Center Process:
 - i. To receive notice of the meeting with the decision-maker.
 - ii. To submit written, relevant questions that a Party wants asked of any Party or witness and to be provided with the answers to such questions.
 - iii. To be allowed additional, limited follow-up questions.
- a. **Support Persons.** Each Complainant and Respondent is allowed to have one Support Person of their choice present with them for all Title IX Process interviews and meetings. The Parties may select whomever they wish to serve as their Support Person, including an attorney or parent. The Support Person may also act as the Party's Advisor. If requested by a student Party, the Title IX Coordinator may assign a Trained Support Person to explain the Title IX process and attend interviews and meetings with a Party. University Trained Support Person(s) are administrators, faculty, or staff at the University trained on the Title IX Process. A Trained Support Person cannot be called upon as a witness by a Party in a hearing to testify about matters learned while that individual was acting in their capacity as a Trained Support Person.
- b. **Advisors.** Each Party may have an Advisor of their choice present at the hearing to conduct cross-examination and other questioning for that Party. A Party may not directly question any other Party or any witness; all cross-examination and other questioning on behalf of a Party must be conducted by their Advisor. The Advisor may be, but is not required to be, an attorney. If a Party does not have an Advisor of their choice present at the hearing, the University will provide, without fee or charge to that Party, an Advisor of the University's choice to conduct cross-examination and other questioning on behalf of that Party. The Parties may not require that the assigned Advisor have specific qualifications such as being an attorney. At the hearing, a Party's Advisor may ask the other Party and any witnesses all relevant questions and follow-up questions, including those challenging credibility. An Advisor may conduct cross-examination and other questioning for a Party, and object to questions on limited grounds as specified in the Rules of Decorum. The Advisor may not make a presentation or otherwise represent the Complainant or the Respondent during the hearing. The Advisor may consult with the Party quietly or in writing, or outside the hearing during breaks, but may not speak on behalf of the Party, other than to conduct cross-examination or other questioning for the Party. Advisors who do not follow the Rules of Decorum will be warned or dismissed from the hearing at the discretion of the Hearing Officer.
- c. **Investigation.** If a Formal Complaint is filed, then the Title IX Coordinator will promptly appoint a trained Investigator or a team of trained Investigators to investigate. The burden of proof and the burden of gathering evidence sufficient to reach a determination regarding responsibility rests on the University. For purposes of the Investigation, the University cannot access, consider, disclose, or otherwise use a Party's records that are made or maintained by a physician, psychiatrist, or other recognized professional or paraprofessional acting in the professional's or paraprofessional's capacity, or assisting in that capacity,

and which are made and maintained in connection with the provision of treatment to the Party, unless the University obtains that Party's voluntary, written consent to do so for use in the Title IX process.

The Parties are not prohibited from discussing the allegations under investigation or from gathering and presenting relevant evidence. The Parties may present witnesses, including fact and expert witnesses, and other inculpatory and exculpatory evidence; all such evidence must be relevant.

A Party whose participation is expected or invited at a hearing, interview or other meeting, shall receive written notice of the date, time, location, participants, and purpose of all hearings, investigative interviews, or other meetings, with sufficient time for the Party to prepare to participate.

The Parties may be accompanied to any related meeting or interview by a Support Person of their choice, who may be, but is not required to be, an attorney; however, the Support Person may only participate in the proceedings as set forth in this policy.

The Parties shall be permitted to inspect and review any evidence obtained as part of the investigation that is directly related to the allegations raised in the Formal Complaint, including the evidence upon which the University does not intend to rely in reaching any determination regarding responsibility, and inculpatory or exculpatory evidence whether obtained from a Party or other source and copies of recordings of all interviews conducted during the investigation, in sufficient time for the Parties to meaningfully respond to the evidence prior to the conclusion of the investigation.

Prior to completion of the investigative report, the University will make available to each Party and the Party's Advisor, if any, the evidence subject to inspection and review in an electronic format or a hard copy, and the Parties will have ten (10) business days to submit a written response to the Investigator, which the Investigator will consider prior to completion of the investigative report.

The final investigative report will fairly summarize the relevant evidence, and prior to a hearing or other time of determination regarding responsibility, the investigator will send to each Party and the Party's Advisor, if any, the final investigative report in an electronic format or a hard copy, for their review and written response. If a written response is received from either Party, that response will be shared with the other Party and their Advisor, if any.

All investigations will be thorough, reliable and impartial. All interviews shall be recorded. In the event that recording is not possible due to technological issues, the investigator shall take thorough notes and such notes shall be provided to the Parties in lieu of recordings. The investigator shall document the reason the recording was not possible and such documentation shall become part of the Record of the Case.

The investigation of reported sexual harassment should be completed expeditiously, normally within thirty (30) business

days of the filing of the Formal Complaint. Investigation of a Formal Complaint may take longer based on the nature and circumstances of the Formal Complaint.

- a. The standard of proof will be "preponderance of the evidence," defined as determining whether the evidence shows it is more likely than not that a policy violation occurred.
- b. The decision-maker has the discretion to determine the relevance of any witness or documentary evidence and may exclude information that is irrelevant, immaterial, cumulative, or more prejudicial than informative. In addition, the following rules shall apply to the introduction of evidence:
 - i. Questions and evidence about the Complainant's pre-disposition or prior sexual behavior are not relevant, unless such questions and evidence about the Complainant's prior sexual behavior are offered to prove that someone other than the Respondent committed conduct alleged by the Complainant, or if the questions and evidence concern specific incidents of the Complainant's prior sexual behavior with respect to the Respondent and are offered to prove consent.
 - ii. Character evidence is information that does not directly relate to the facts at issue, but instead reflects upon the reputation, personality, or qualities of an individual, including honesty. Such evidence regarding either Party's character is of limited utility and shall not be admitted unless deemed relevant by the decision-maker.
 - iii. Incidents or behaviors of the Respondent not directly related to the possible violation(s) will not be considered unless they show a pattern of related misconduct. History of related misconduct by the Respondent that shows a pattern may be considered only if deemed relevant by the decision-maker.
 - iv. A Party's records that are made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in the professional's or paraprofessional's capacity, or assisting in that capacity, and which are made or maintained in connection with the provision of treatment to the Party, may not be used without that Party's express consent.
 - v. The decision-maker shall not require, allow, rely upon, or otherwise use questions or evidence that constitute, or seek disclosure of, information protected under a legally recognized privilege, unless the person holding such privilege has waived the privilege.
- c. In the Administrative Resolution Process, the Respondent and the Complainant may provide a list of questions for the decision-maker to ask the other Party. If those questions are deemed appropriate and relevant, they may be asked on behalf of the requesting Party; answers to such questions will be shared with the requesting Party.
- d. At any time prior to a final determination being rendered, the Complainant and/or the Respondent may request that the Formal Complaint shift from the Administrative Resolution Process to the Hearing Panel Resolution Process. Upon

- receipt of such timely request from either Party, the Formal Complaint will shift to the Hearing Panel Resolution Process.
- e. The Administrative Resolution process will normally be completed within sixty (60) business days of the decision-maker's receipt of the Formal Complaint. Deviations from this timeframe will be promptly communicated to both Parties.
 - f. For good cause, the decision-maker in the Administrative Resolution Process may, in their discretion, grant reasonable extensions to the time frames and limits provided.
 - g. The Administration Resolution process consists of:
 - i. A prompt, thorough and impartial investigation;
 - ii. A separate meeting with each Party and their Support Person, if any, and the decision-maker;
 - iii. A written finding by the decision-maker on each of the alleged policy violations;
 - iv. A written finding by the decision-maker on sanctions and remedial actions for findings of responsibility; and
 - v. The decision-maker shall be as follows:
 - a. **Equity Resolution Hearing Panelist Pool.** Each University will create and annually train a pool of not less than five (5) faculty and five (5) administrators and/or staff to serve as hearing panel members in the Hearing Panel Resolution Process. The faculty hearing panel pool members selected by the Chancellor (or Designee) shall be selected from a list of no less than ten (10) faculty members proposed by the faculty council/senate. Pool members are selected by the Chancellor (or Designee) and serve a renewable one-year term. Selection of hearing panel pool members shall be made with an attempt to recognize the diversity of the University community. Hearing Panel members from one University may be asked to serve on a hearing panel involving another University.
 - a. Academic Medical Centers at the University of Missouri are not required to provide for a live hearing, but rather must adhere to the following process for resolving Formal Complaints alleging Title IX violations.
 - b. The decision-maker(s) for the Title IX Process for Academic Medical Centers shall be a neutral, impartial, and unbiased decision-maker designated by the Executive Vice Chancellor for Health Affairs.
 - c. **Notice of AMC Meeting.** The decision-maker will meet separately with each Party. At least fifteen (15) business days prior to the initial meeting with the decision-maker, the Title IX Coordinator will send a letter (Notice of AMC Meeting) to the Parties with the following information:
 - i. A description of the alleged violation(s) and applicable policy or policies that are alleged to have been violated.
 - ii. A description of the applicable procedures.
 - iii. A statement that the Parties may be accompanied by a Support Person of their choosing at the AMC Meeting.
 - iv. The time, date and location of the AMC Meeting.
 - v. The name of the decision-maker, and information on how to raise an objection to the decision-maker and the timeline in which to raise any objections.
 - vi. A copy of the investigative report and exhibits.
 - vii. Notification to the Parties that all of the evidence gathered in the course of the investigation that is directly related to the allegations, including inculpatory and exculpatory evidence, is available to the Parties and how to request access to that evidence.
 - d. The Notice of AMC Meeting letter will be sent to each Party by email to their University-issued email account, or by the method of notification previously designated in writing by the Party. Notice is presumptively deemed delivered, when: 1) provided in person, 2) emailed to the individual to their University-issued email account, or 3) when sent via the alternate method of notification specified by the Party.
 - e. At least fifteen (15) business days prior to the initial AMC Meeting, the Investigator will provide to the Parties access to all evidence gathered in the investigation which is directly related to the allegations in the Formal Complaint, including any evidence upon which the Investigator does not intend to rely, and inculpatory and exculpatory evidence whether obtained from a Party or other source, copies of recordings of all interviews conducted during the investigation, and a copy of any investigative report.
 - f. At least ten (10) business days prior to the initial AMC Meeting, the Complainant and Respondent may provide the decision-maker with written, relevant questions the Party wants asked of any Party or witness. At least five (5) business days prior to the initial AMC Meeting, the decision-maker will provide each Party with the answers, and allow for additional, limited follow-up questions from each Party. The decision-maker must explain to the Party proposing the questions any decision to exclude a question as not relevant. The Parties may also provide the decision-maker with documentary evidence.
 - g. No employee or student, directly or through others, should take any action which may interfere with the investigation or the AMC process. Employees and students are prohibited from attempted or actual intimidation or harassment of any potential witness. Failure to adhere to these requirements may lead to disciplinary action, up to and including expulsion or termination.
 - h. The decision-maker shall not have a conflict of interest or bias for or against Complainants or Respondents generally or an individual Complainant or Respondent. If a decision-maker feels that they have a conflict of interest or bias, or cannot make an objective determination, they must recuse themselves from the proceedings in advance of the AMC meeting.
 - i. At least ten (10) business days prior to the initial AMC Meeting, the Parties shall provide to the Title IX Coordinator all objections in writing to the decision-maker identified in the Notice of AMC Meeting. If the Title IX Coordinator determines that the decision-maker should be replaced, the Title IX Coordinator will select an alternate decision-maker. The Title IX Coordinator will provide a written response to all Parties addressing the objections.
 - j. Questions and evidence about the Complainant's pre-disposition or prior sexual behavior are not relevant, unless such questions and evidence about the Complainant's prior sexual behavior are offered to prove that someone other than the Respondent committed conduct alleged by the

Complainant, or if the questions and evidence concern specific incidents of the Complainant's prior sexual behavior with respect to the Respondent and are offered to prove consent.

- k. Character evidence is information that does not directly relate to the facts at issue, but instead reflects upon the reputation, personality, or qualities of an individual, including honesty. Such evidence regarding either Party's character is of limited utility and shall not be admitted unless deemed relevant by the Hearing Officer.
 - l. Incidents or behaviors of a Party not directly related to the possible violation(s) will not be considered unless they show a pattern of related misconduct. History of related misconduct by a Party that shows a pattern may be considered only if deemed relevant by the Hearing Officer.
 - m. A Party's records that are made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in the professional's or paraprofessional's capacity, or assisting in that capacity, and which are made or maintained in connection with the provision of treatment to the Party, may not be used without that Party's express consent.
 - n. The decision-maker shall not require, allow, rely upon, or otherwise use questions or evidence that constitute, or seek disclosure of, information protected under a legally recognized privilege, unless the person holding such privilege has waived the privilege.
 - o. All meetings between the decision-maker and Parties and/or witnesses shall be recorded.
 - p. Within ten (10) business days of the last meeting with any Party or witness, the decision-maker must issue a written determination regarding responsibility, applying the preponderance of the evidence standard of evidence. The written determination must include:
 - i. Identification of the allegations potentially constituting sexual harassment as defined in CRR 600.020.
 - ii. A description of the procedural steps taken from the receipt of the Formal Complaint through the determination, including any notifications to the parties, interviews with parties and witnesses, site visits, methods used to gather other evidence and meetings held;
 - iii. Findings of fact supporting the determination;
 - iv. Conclusions regarding the application of the Title IX policies to the facts;
 - v. A statement of, and rationale for, the result as to each allegation, including a determination regarding responsibility, any disciplinary sanctions to be imposed on the Respondent, and whether any remedies designed to restore or preserve equal access to the University's education program or activity will be provided by the University to the Complainant; and
 - vi. The University's procedures and permissible bases for the Complainant and Respondent to appeal as set forth in Section U.
 - q. The written determination will be provided to the Title IX Coordinator, who will provide it to the Parties simultaneously within five (5) business days of receipt of the determination.
- Notification will be made in writing and sent to each Party by email to their University-issued email account, or by the method of notification previously designated in writing by the Party. Notice is presumptively deemed delivered, when:
- 1) provided in person, 2) emailed to the individual to their University-issued email account, or 3) when sent via the alternate method of notification specified by the Party.
- r. The determination becomes final either on the date that the University provides the Parties with the written determination of the result of the appeal, if any appeal is filed, or if any appeal is not filed, the date on which an appeal would no longer be considered timely.
 - s. The Title IX Coordinator is responsible for effective implementation of any remedies.
 - a. If the Respondent is found responsible for a violation of the University's Title IX Policies, the Hearing Panel, or the decision-maker in the Administrative Resolution Process or Academic Medical Center Process, will determine sanctions and remedial actions. The Title IX Coordinator will apply and enforce the sanctions and remedial actions and may also add other remedial actions as deemed appropriate.
 - i. Factors Considered When Finding Sanctions/Remedial Actions include but are not limited to:
 - a. **Grounds for Appeal.** Both Complainant and Respondent are allowed to appeal the dismissal of a Formal Complaint or any of the allegations therein, or the findings of the Administrative Resolution Process, the Hearing Panel Resolution Process, or the Academic Medical Center process. Appeals are limited to the following:
 - i. A procedural irregularity that affected the outcome of the matter (e.g., material deviation from established procedures, etc.);
 - ii. To consider new evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter;
 - iii. The Title IX Coordinator, Investigator(s), or decision-maker(s) had a conflict of interest or bias for or against Complainants or Respondents generally or the individual Complainant or Respondent that affected the outcome of the matter; or
 - iv. The sanctions fall outside the range typically imposed for this offense, or for the cumulative conduct record of the Respondent.
 - b. **Requests for Appeal.** Both the Complainant and the Respondent may appeal a dismissal of a Formal Complaint or any allegations therein, or a determination regarding responsibility to the Equity Resolution Appellate Officer. The Equity Resolution Appellate Officer must not have a conflict of interest or bias for or against Complainants or Respondents generally or an individual Complainant or Respondent; if the Equity Resolution Appellate Officer does not believe that they can make an objective decision about an appeal, they should recuse themselves and the Chancellor (or Designee) shall appoint an alternate Equity Resolution Appellate Officer to hear the pending appeal. All requests for appeal must be submitted in writing to the Equity Resolution Appellate Officer within five (5) business days of the delivery of the notice of dismissal or Administrative Resolution Decision, Hearing Panel Decision, or AMC Determination. When any Party requests an appeal, the

other Party will be notified and receive a copy of the request for appeal.

- c. **Response to Request for Appeal.** Within five (5) business days of the delivery of the notice and copy of the request for appeal, the non-appealing Party may file a response to the request for appeal. The response can address that sufficient grounds for appeal have not been met and/or the merits of the appeal.

- d. **Review of the Request to Appeal.** The Equity Resolution Appellate Officer will make an initial review of the appeal request(s) to determine whether:
The Equity Resolution Appellate Officer will reject the request for appeal if any of the above requirements are not met. The decision to reject the request for appeal is final and further appeals and grievances are not permitted. The Equity Resolution Appellate Officer will render a written decision whether the request for appeal is accepted or rejected within fifteen (15) business days from receipt of the request for appeal. If no written decision is provided to the Parties within fifteen (15) business days from receipt of the request, the appeal will be deemed accepted.

- i. The request is timely, and
- ii. The appeal is on the basis of any of the articulated grounds listed above, and
- iii. When viewed in the light most favorable to the appealing Party, the appeal states grounds that could result in an adjusted finding or sanction.

- e. **Review of the Appeal.** If all three (3) requirements for appeal listed in paragraph 4 above are met, the Equity Resolution Appellate Officer will accept the request for appeal and proceed with rendering a decision on the appeal applying the following additional principles:

- i. Appeals are not intended to be full re-hearings of the Formal Complaint and are therefore deferential to the original findings. In most cases, appeals are confined to a review of the written documentation and Record of the Case, and relevant documentation regarding the grounds for appeal. Appeals granted based on new evidence should normally be remanded to the original decision-maker for reconsideration.
- ii. The Equity Resolution Appellate Officer will render a written decision on the appeal to all Parties within ten (10) business days from accepting the request for appeal. In the event the Equity Resolution Appellate Officer is unable to render a written decision within ten (10) business days from accepting the request for appeal, the Equity Resolution Appellate Officer will promptly notify the Parties in writing of the delay.
- iii. Once an appeal is decided, the outcome is final. Further appeals are not permitted.

- f. **Extensions of Time.** For good cause, the Equity Resolution Appellate Officer may grant reasonable extensions of time (e.g.: 7-10 business days) to the deadlines in the appeal process. The Equity Resolution Appellate Officer will notify the Parties in writing if such extensions are granted.

- a. **Sex Discrimination.** Sex discrimination is conduct that is based upon an individual's sex, pregnancy, gender identity, or gender expression that adversely affects a term or condition of

an individual's employment, education, living environment, or participation in a University activity.

In addition, sexual harassment, sexual misconduct, sexual exploitation, stalking on the basis of sex and dating/intimate partner violence, as further defined below, are forms of sex discrimination which are prohibited under this policy.

- b. **Sexual Harassment.** Sexual harassment is defined as:

- i. Unwelcome sexual advances or requests for sexual activity by a person or persons in a position of power or authority to another person; or
- ii. Other unwelcome verbal or physical conduct of a sexual nature or because of sex, pregnancy, gender identity, or gender expression when:
 1. Submission to or rejection of such conduct is used explicitly or implicitly as a condition for academic or employment decisions; or
 2. Such conduct creates a hostile environment by being sufficiently severe or pervasive or objectively offensive that it interferes with, limits or denies the ability to participate in or benefit from the University's educational programs, activities, or employment.

- c. **Sexual Misconduct.** Sexual misconduct includes: 1)

Nonconsensual sexual intercourse; 2) Nonconsensual sexual contact involving the sexual touching of a body part (i.e., the lips, genitals, breast, anus, groin, or buttocks of another person) or the nonconsensual sexual touching of another with one's own genitals whether directly or through the clothing; 3) Exposing one's genitals to another under circumstances in which one should reasonably know that the conduct is likely to cause affront or alarm; or 4) Sexual exploitation.

- d. **Stalking on the Basis of Sex.** Stalking on the basis of sex is following or engaging in a course of conduct on the basis of sex with no legitimate purpose that makes another person reasonably concerned for their safety or would cause a reasonable person under the circumstances to be frightened, intimidated or emotionally distressed.

- e. **Dating/Intimate Partner Violence.** Violence, threats of violence, intimidation and acts of coercion committed by a person who is or has been in a social relationship of a romantic or intimate nature with the recipient of the violent behavior.

- f. **Sexual Exploitation.** Sexual exploitation occurs when one person takes nonconsensual or abusive sexual advantage of another person for one's own advantage or benefit or for the advantage or benefit of anyone other than the person being exploited and which behavior does not constitute any other form of sexual misconduct. Examples of sexual exploitation include, but are not limited to, the following activities done without the consent of all participants:

- i. Invasion of sexual privacy;
- ii. Prostituting another person;
- iii. Taping or recording of sexual activity;
- iv. Going beyond the boundaries of consent to sexual activity (e.g., letting your friends hide to watch you engaging in sexual activity);
- v. Engaging in voyeurism;
- vi. Knowingly transmitting an STI, STD, venereal disease or HIV to another person;
- vii. Inducing another to expose their genitals;

- viii. Nonconsensual distribution of intimate images;
- ix. Use or distribution of drugs or alcohol with intent to facilitate sexual contact without consent (i.e., predatory drugs or alcohol).
- g. **Consent to Sexual Activity.** Consent to sexual activity is knowing and voluntary. Consent to sexual activity requires of all involved persons a conscious and voluntary agreement to engage in sexual activity. Each person engaged in the sexual activity must have met the legal age of consent. It is the responsibility of each person to ensure they have the consent of all others engaged in the sexual activity. Consent must be obtained at the time of the specific activity and can be withdrawn at any time. Consent, lack of consent or withdrawal of consent may be communicated by words or non-verbal acts.

Someone who is incapacitated cannot consent. Silence or absence of resistance does not establish consent. The existence of a dating relationship or past sexual relations between the Parties involved should never by itself be assumed to be an indicator of consent. Further, consent to one form of sexual activity does not imply consent to other forms of sexual activity. Consent to engage in sexual activity with one person does not imply consent to engage in sexual activity with another. Coercion and force, or threat of either, invalidates consent.

- h. **Incapacitated or incapacitation.** A state in which rational decision-making or the ability to consent is rendered impossible because of a person's temporary or permanent physical or mental impairment, including but not limited to physical or mental impairment resulting from drugs or alcohol, disability, sleep, unconsciousness or illness. Consent does not exist when the Respondent knew or should have known of the other individual's incapacitation. Incapacitation is determined based on the totality of the circumstances. Incapacitation is more than intoxication but intoxication can cause incapacitation.

Factors to consider in determining incapacity include, but are not limited to, the following:

- Lack of awareness of circumstances or surroundings (e.g., an inability to understand, either temporarily or permanently, the who, what, where, how and/or why of the circumstances; blackout state)
 - Inability to physically or verbally communicate coherently, particularly with regard to consent (e.g., slurred or incoherent speech)
 - Lack of full control over physical movements (e.g., difficulty walking or standing without stumbling or assistance)
 - Physical symptoms (e.g., vomiting or incontinence).
- a. **Students, Employees, Volunteers, Visitors, and Patients.** Students, employees, volunteers, visitors, and patients of the University who have experienced any form of sex discrimination, sexual harassment or sexual misconduct, are encouraged to report the incident promptly to the appropriate Title IX Coordinator listed in Section 600.020.C. above. In addition, students, volunteers, visitors, and patients of the University who have witnessed such conduct are encouraged to report the incident promptly to the appropriate Title IX Coordinator. The University will investigate and appropriately resolve all such reports pursuant to one of its Equity Resolution Processes (see Sections 600.030, 600.040, 600.050, 600.060). For questions regarding

confidentiality or requests that the Complaint not be pursued, see Section 600.020.E. below. In order to foster reporting and participation, the University may provide amnesty to Complainants and witnesses for minor student conduct violations ancillary to the incident.

- b. **Mandated Reporters.** Any employee of the University, except as noted below, who becomes aware of sex discrimination as defined in this policy (including sexual harassment, sexual misconduct, stalking on the basis of sex, dating/intimate partner violence or sexual exploitation) is a Mandated Reporter, regardless of whether the recipient of the behavior is a student, employee, volunteer or visitor of the University.
- c. **Employees with a Legal Obligation or Privilege of Confidentiality.** Employees with a legal obligation or privilege of confidentiality (including health care providers, counselors, lawyers, and their associated staff) are not considered Mandated Reporters and are not required to report when the information is learned in the course of a confidential communication. This also means that the employee seeking the exemption is employed by the University for that specific purpose and was acting in that capacity when the confidential disclosure was made. If the information is not learned in the course of confidential communication (for example, behavior is observed in class) then the employee has the same obligation as a Mandated Reporter.
- d. **Designated Confidential Employees.** Consistent with the law and upon approval from the Office of the General Counsel, campuses may also designate non-professional counselors or advocates as confidential for purposes of this policy and, therefore, excluded from the definition of Mandated Reporters. However, these individuals are required once per month to report to the Title IX Coordinator aggregate, non-personally identifiable information regarding incidents of sex discrimination reported to them. The aggregate data report should contain general information about individual incidents of sexual violence such as the nature, date, time, and general location of the incident. Confidentiality in this context is not the same as privilege under the law.
- e. **Required Reporting and Disclosure.** A mandated Reporter is required to promptly report the information to the appropriate Title IX Coordinator. The Mandated Report must be made regardless of whether the person reporting the information to the Mandated Reporter requests confidentiality and regardless of how the Mandated Reporter becomes aware of the offensive behavior (personal observation, direct information from the subject of the behavior, indirect information from a third party, etc.). If the Complainant requests confidentiality or that the charges not be pursued, the Mandated Reporter should warn the Complainant that, at this stage in the process, the Mandated Reporter must report all known information to the Title IX Coordinator.
- f. **Content of Mandated Report to Title IX Coordinator.** Mandated Reporters must report all details that they possess. This includes names of the Parties, if known, and all other information in the Mandated Reporter's possession.
- a. The Title IX Coordinator or other appropriate official should inform and obtain the consent from the Complainant before beginning an investigation. If the Complainant requests confidentiality or asks that the Complaint not be pursued, the Title IX Coordinator should take all reasonable steps to investigate and respond to the Complaint consistent with the request for confidentiality or request not to pursue an investigation. If a Complainant requests confidentiality or insist that identifiable information, such as the

Complainant's name, not be disclosed to the Respondent, the Title IX Coordinator should inform the Complainant that the institution's ability to respond may be limited. The Title IX Coordinator should evaluate the Complainant's request in the context of providing a safe and nondiscriminatory environment for the University community.

- b. If, after due deliberation and based on the nature and severity of the Complaint, the Title IX Coordinator determines there is a sufficient basis to proceed with the Complaint, the Title IX Coordinator may initiate an investigation notwithstanding a Complainant's request that the Complaint not be pursued. Such a decision should be well-reasoned and documented. Documentation of the decision will be maintained by the Title IX Coordinator. In such cases, the Title IX Coordinator will inform the Complainant of the decision to commence an investigation.

Alternatively, if after due deliberation and based on the nature and severity of the Complaint, the Title IX Coordinator determines there is not a sufficient basis to proceed with the Complaint, the Title IX Coordinator may decide not to initiate an investigation and/or may also refer the Complaint to the appropriate procedural process. Such a decision should be well-reasoned and documented. Documentation of the decision will be maintained by the Title IX Coordinator. If, after due deliberation, the Title IX Coordinator decides the University cannot or should not take disciplinary action with respect to the Respondent, the Title IX Coordinator should consider other steps to limit the effects of the alleged harassment and prevent its recurrence, and remedy its effects on the victim and the University community.

Confidentiality Policies

These statements are set forth as guidelines and procedures to implement the University of Missouri policy on student records developed from the federal Family Educational Rights and Privacy Act of 1974.

The University of Missouri--St. Louis, as charged in the act, will annually inform its eligible students by including in the Student Planner and the UMSL Bulletin the following information:

1. "Education Records" are those records, files, documents, and other materials that contain information directly related to a student and are maintained by the university. Those records, made available for review to the student under The Family Educational Rights and Privacy Act of 1974, are student financial aid, the student's cumulative advisement file, student health records, disciplinary records, admissions file, and academic record. Confidential letters and statements of recommendation that were placed in student credential folders at the Office of Career Placement Services after January 1, 1975, are also made available, if the student has not waived the right to view these recommendations.

The University of Missouri--St. Louis "Education Records" do not include:

Records of instructional, supervisor, and administrative personnel and educational personnel ancillary thereto which are in the sole possession of the maker thereof and which are not accessible or revealed to any other person except a substitute.

Records of the University of Missouri Police Department created for a law enforcement purpose and maintained by the police department.

In the case of persons who are employed by the university but who are not in attendance at the university, records made and maintained in the normal course of business that related exclusively to such persons and that person's capacity as an employee where the records are not available for any other purpose.

All records on any university student that are created and maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in his professional or paraprofessional capacity, or assisting in that capacity, and created, maintained, or used only in connection with the provision of treatment to the student, and are not available to anyone other than persons providing such treatment, provided, however, that such records can be personally reviewed by a physician or other appropriate professional of the student's choice.

Directory Information:

1. The University of Missouri-St. Louis recognizes "Directory Information/ Public Information" to mean a student's name, address, telephone listing, e-mail, enrollment status, current level, major field of study, participation in officially recognized activities and sports, dates of attendance, degrees and awards received, and the most recent previous educational agency or institution attended by the student. All students must inform the Office of the Registrar if the information designated as directory information should not be released without the student's prior consent. Students may change their privacy settings by logging in to MyView.
2. University of Missouri-St. Louis students have access to the educational records identified in Paragraph 1 above. In accordance

with Public Law 93380 as amended, the University of Missouri--St. Louis will not make available to students the following materials:

Financial records of the parents of students or any information contained therein.

Confidential letters and statements of recommendation placed in the education records prior to January 1, 1975, if such letters or statements are not used for the purpose other than those for which they were specifically intended.

Confidential recommendations respecting admission to the university, application for employment and receipt of honor, or honorary recognition, where the student has signed a waiver of the student's rights of access as provided in 6.0404, the University Policy on Student Records.

1. The Director of Financial Aid, the appropriate academic dean, Assistant Vice Provost for Student Affairs: Health, Wellness, & Counseling Services, the Vice Provost for Student Affairs, the Director of Career Placement Services, the Director of Admissions, and the Registrar are the officials responsible for the maintenance of each type of record listed in Paragraph 1.
2. Any student may, upon request, review his or her records and, if inaccurate information is included, may request the expunging of such information from the file. Such inaccurate information will then be expunged upon authorization of the official responsible for the file.
3. Students desiring to challenge the content of their record may request an opportunity for a hearing to challenge the content of the educational record in order to ensure that the record is not inaccurate, misleading, or otherwise in violation of the privacy or other rights of the student, to provide an opportunity for the correction or deletion of any such inaccurate, misleading, or otherwise inappropriate data contained therein, and to insert into such records a written explanation respecting the content of such records.
4. The university official charged with custody of the records will attempt to settle informally any disputes with any student regarding the content of the university's educational records through informal meetings and discussions with the student.
5. Upon request of the student or the university official charged with custody of the records of the student, a formal hearing shall be conducted as follows:
 - a. The request for a hearing shall be submitted in writing to the chancellor, who will appoint a hearing officer or a hearing committee to conduct the hearing.
 - b. The hearing shall be conducted and decided within a reasonable period of time following the request for a hearing. The parties will be entitled to written notice 10 days prior to the time and place of the hearing.
 - c. The hearing shall be conducted and the decision rendered by an appointed hearing official or officials who shall not have a direct interest in the outcome of the hearing.
 - d. The student shall be afforded a full and fair opportunity to present evidence relevant to the hearing.
 - e. The decision shall be rendered in writing within a reasonable period of time after the conclusion of the hearing.

Either party may appeal the decision of the hearing official or officials to the campus chancellor. Appeal of the chancellor's decision is to the president. Appeal of the president's decision is to the Board of Curators.

1. The University of Missouri-St. Louis will not provide grade reports to parents unless the student has granted access to academic information via their self-service student center.
2. The University of Missouri--St. Louis may permit access to or release of the educational records without the written consent of the student to the parents of a dependent student as defined in Section 152 of the Internal Revenue Code of 1954.
3. If any material or document in the educational record of a student includes information on more than one student, the student may inspect and review only such part of such material or document as relates to him or her or to be informed of the specific information contained in such part of such material.

Tuition and Payments

Fee Assessment

Fees for coursework vary due to the student's residency, undergraduate, graduate or post-graduate status, credit hours, and the applicability of any course fees charged to specific courses or programs. Detailed information on tuition and fee rates and residency can be found on the Student Financial Services website.

Financial Responsibility

A Statement of Financial Responsibility will be presented to all students at least once per academic year. The agreement explains the billing methods, payment options, and all policies related to student accounts. It is the responsibility of the student that fees and other financial obligations are paid as they become due regardless of who is making the payments. Students who need assistance in meeting financial obligations to the University should contact the Student Financial Services Office in a timely manner. Students are expected to adhere to important dates and policies that impact fees. Due dates and fee reassessment dates are posted on the Student Financial Services website and through links on the eBill website. The non-payment of any financial obligation may result in additional collection fees, the inability to register, and the withholding of student records.

Billing

The Student Financial Services Office bills you by posting a monthly student account billing statement on eBill around the 17th of any month in which there is a new charge or credit on your account. The Student Financial Services Office will send you and your authorized payer (if any) a billing notification email reminder to check your statement and pay any balance due. The mail.umsl.edu email address will be used for students and the authorized payers email address will be used for authorized payers.

Payment of Fees

Payments are due on the 10th day of each month. The minimum payment can be found at the top of the monthly billing statement or by checking the percentage due as shown in the billing schedules on the Student Financial Services website. If a student chooses to make the minimum payment or a partial payment, a finance charge of 1% will be assessed on the unpaid billed balance. The monthly 1% finance charge can be avoided by paying the balance in full. A \$25 late payment fee will be charged to student accounts in which the billed minimum or payment in full is not paid by the due date.

All fees, fines, bookstore charges, etc. must be paid by the last day of the term. After the term ends, unpaid accounts will be turned over to an outside collection agency. The University will pursue any and all collection efforts and practices including referring accounts to collection agencies and reporting to the credit bureaus. Accounts may be assessed additional collection charges of 25% of the unpaid principal balance when it is referred to a collection agency. Your Missouri state income tax refund may also be intercepted to partially or fully satisfy a past due debt to the University. Educational and related fees are generally non-dischargeable in bankruptcy and will survive after the bankruptcy has closed. Except in certain limited situations, this means that a student will still owe the debt to the University after the bankruptcy.

Payment Options

Online – Log on to the Touchnet student system to make payment using a personal checking or savings account with no additional fee or all major credit cards with a 2.95% service fee (minimum \$3 fee).

Mail – Send your check or money order to the Student Financial Services Office at: University of Missouri - St. Louis, 327 Millennium Student Center, One University Blvd., St. Louis, MO 63121-4400. Include student name and student number on the check or money order.

In person – Visit the Student Financial Services Office on the third floor of the Millennium Student Center in Room 327. Payment in cash, check, money order or pin-based debit are accepted. Credit card payments cannot be processed at the Student Financial Services Office, but are accepted online at <http://ebill.umsl.edu>.

Payment Drop Box – A secure payment drop box is located outside the Student Financial Services Office, Room 327 of the Millennium Student Center. Only check or money order payments, please.

Any communications concerning disputed debts, including instruments tendered as full satisfaction of debt, must be sent to Account Disputes, One University Blvd., 349 Millennium Student Center, St. Louis, MO 63121-4400.

Any check presented to the University for payment that is not honored by your bank will be assessed a \$20.00 returned check fee in addition to any fees that the bank may charge.

ERDPP – Employer Reimbursement Deferred Payment Program. Many companies offer tuition reimbursement to their employees. While the student is ultimately responsible for the payment of their tuition and fees, the Student Financial Services Office offers the ERDPP program to allow a student to take advantage of this employer benefit by deferring payment of all, or a portion, of their tuition and related costs. There is a non-refundable \$50.00 application fee each semester. A \$100 late fee will be assessed if student does not make payment in full by the semester's deadline.

Financial Aid – If you have applied for financial aid in advance and have received an award letter, your letter describes how much of your award will be paid towards your student fees. If your financial aid does not cover all the fees, then you must pay the remainder of your student fees yourself by the due date. Financial aid that has not yet been disbursed will appear on your monthly billing statement as "Anticipated Aid". Your statement will reflect Anticipated Aid as being deducted from your Account Balance giving you an Adjusted Amount Due. Your Minimum Payment is a percentage of the Adjusted Amount Due. Students should pay either the Adjusted Amount Due or the full Minimum Payment by the due date to avoid a late payment fee.

Third Party Sponsor – When an organization makes a commitment to pay your educational expenses, they are considered a Third Party Sponsor. If you are expecting a third party sponsor to pay your tuition and fees, you will need to have your sponsor submit a letter of authorization to the Student Financial Services Office. Once the sponsor's letter is received, a credit for the amount the sponsor has indicated will be applied to your student account. An invoice for this amount will then be sent to your sponsor. You are responsible for paying any charges not covered by your sponsor on time, to avoid finance and late charges or other penalties. If your sponsor does not pay for the charges they authorized, the responsibility of paying those charges defaults back to you.

UMSL Compliance with the Veteran Access, Choice and Accountability Act of 2014, Section 702

UMSL is compliant with the requirements of PL 113-146 the Veteran Access, Choice and Accountability Act of 2014, Section 702. Section 702 targets educational assistance through ensuring in-state tuition/in-district rates to uniformed services veterans and their qualified dependents covered under this Section.

The following individuals shall be charged the in-state rate, or otherwise considered a resident, for tuition purposes:

- A Veteran using educational assistance under either chapter 30 (Montgomery G.I. Bill – Active Duty Program) or chapter 33 (Post-9/11 G.I. Bill), of title 38, United States Code, who lives in Missouri while attending a school located in Missouri (regardless of his/her formal State of residence) and enrolls in the school within three years of discharge or release from a period of active duty service of 90 days or more.
- Anyone using transferred Post-9/11 GI Bill benefits (38 U.S.C. § 3319) who lives in Missouri while attending a school located in Missouri (regardless of his/her formal State of residence) and enrolls in the school within three years of the transferor's discharge or release from a period of active duty service of 90 days or more.
- Anyone described above while he or she remains continuously enrolled (other than during regularly scheduled breaks between courses, semesters, or terms) at the same school. The person so described must have enrolled in the school prior to the expiration of the three year period following discharge or release as described above and must be using educational benefits under either chapter 30 or chapter 33, of title 38, United States Code.
- Anyone using benefits under the Marine Gunnery Sergeant John David Fry Scholarship (38 U.S.C. § 3311(b)(9)) who lives in Missouri while attending a school located in Missouri (regardless of his/her formal State of residence).
- Anyone using transferred Post-9/11 G.I. Bill benefits (38 U.S.C. § 3319) who lives in Missouri while attending a school located in Missouri (regardless of his/her formal state of residence) and the transferor is a member of the uniformed service who is serving on active duty.

UMSL Compliance with the Veterans Benefits and Transition Act of 2018, Section 103

This policy ensures that UMSL will not impose any penalty, including the assessment of late fees, the denial of access to classes, libraries, or other institutional facilities, or the requirement that a covered individual borrow additional funds, on any covered individual because of the individual's inability to meet his or her financial obligations to the institution due to the delayed disbursement of a payment to be provided by the VA under chapter 31 or 33 of this title.

Refunds

A credit balance is the result of an overpayment on a student's account from financial aid, loans or payments received. Credit balance refunds will be processed when a credit actually exists on the student's account. Anticipated financial aid must be received and posted to the student's account in order for a credit to exist and for a refund to be processed.

When financial aid funds are received by the University, the funds are applied to the students account. During the Fall and Spring semesters, financial aid funds are applied to student accounts no sooner than ten days prior to the start of classes. During the Summer semester, a student must be enrolled in enough hours to qualify for financial aid. Aid for that term will not apply to the student's account until all of the course(s) begin that satisfy that qualification. If the student has a credit balance after financial aid funds have paid all account charges in full, the student is now eligible for a refund.

Parent-Plus Loan Refund - If you have any funds available after what is owed directly to the University, the refund may be released to the parent at the address listed on the PLUS Loan Application. Refunds from proceeds of PLUS will be issued to the student only if the parent requests that on the PLUS application.

Credit Card Refund - If a credit card payment has been made towards your student account in the past 120 days, any refund due to you will be returned to that credit card.

Drop/Withdrawal Refund – Students who are leaving school or dropping classes are responsible for canceling their registration and verifying that their classes have been dropped. Any refunding of fees will be made according to the reassessment schedule available on the Student Financial Services website. The Spring and Fall reassessment schedules only apply to regular 16-week session courses. The Summer reassessment schedules only apply to regular 4-week, 8-week and 12-week session courses. Fee reassessment for courses not in regular sessions will be based on the course's total number of calendar days (weekends and holidays included) and the number of calendar days that the student was enrolled in the course. If the meeting dates for your course are different from the regular session meeting dates, please contact the Student Financial Services Office as your fee reassessment for withdrawal or dropping may differ from the regular reassessment.

After the withdrawal/drop of a class, the refund process may require two to four weeks processing time. When a student completely withdraws from a semester and was receiving federal financial aid, the University and/or the student may be required to return some of the financial aid awarded to the student.

Charges that students accrue prior to a refund being issued will be deducted from the refund amount. Charges that are accrued after a refund is issued will be billed to the student on the monthly billing statement. As student accounts go into credit balance, the Student Financial Services Office processes refunds to students by checks through the mail and by direct deposit to students personal checking or savings accounts. Students should allow 7-10 business days from the day that the refund is processed to receive a refund check in the mail. For students that have direct deposit, please allow 3-5 business days from the day that the refund is processed to receive the refund in your bank account.

Cancellation of Registration Due to Nonpayment of Fees

The University will attempt to notify any student whose registration is about to be administratively canceled for nonpayment of fees prior to taking this action. On or before the last day on which a student may enroll in a course, a canceled student's space in a course will be given to other students on that course's wait lists. The canceled student will be placed at the end of the course wait list. Any student who has been administratively canceled for nonpayment of assessed fees may not enroll in a class unless the required fees have been paid. If your classes are canceled for

nonpayment and you wish to be reinstated, the minimum payment will be required plus a late registration fee. When payment is received, you will be charged for all classes that were canceled.

Fees May Change Without Notice

The University reserves the right to modify by increase or decrease the fees charged for attendance and other services at the University, including but not limited to tuition or educational fees, at any time when in the discretion of the governing board the same is in the best interest of the University with all modification of fees to be effective irrespective as to whether fees have or have not been paid by or on behalf of a student prior to the effective date of the modification.

Missouri Score Card

Pursuant to Missouri HB 1606 (2018), information regarding the number of credit hours, program length, employment rate, wage data, and graduates employed in careers related to their program of study at The University of Missouri - St. Louis can be found at the following URL: scorecard.mo.gov.

To Search:

- Enter "**University of Missouri** " in the School / Program box.
- Enter "**63121**" in the Location (Zip Code)
- Choose a Degree/Credential Type. We offer:
 - Bachelor's Degrees
 - Certificates
 - Doctoral/Professional Degrees
 - Educational Specialist
 - Graduate Certificates
 - Master's Degrees
- Choose the Field of Study.

Academic Programs

Accounting BS

General Education Requirements

All Business majors must meet the university general education requirements. As part of meeting the university's general education requirements, all Business majors must complete the prerequisite courses below :

| | | |
|-----------------------------|---|---|
| ECON 1001 | Principles of Microeconomics (MOTR ECON 102) | 3 |
| ECON 1002 | Principles of Macroeconomics (MOTR ECON 101) | 3 |
| MATH 1030 | College Algebra (MOTR MATH 130) | 3 |
| MATH 1100 or BUS AD 1107 | Basic Calculus Quantitative Methods for Business | 3 |
| MATH 1105 | Basic Probability and Statistics | 3 |

Degree Requirements

All Business majors must meet College of Business G.P.A., good standing and credit requirements (p. 209) as outlined in the Bulletin.

Lower Division Business Core Requirements

| | | |
|-------------|---|---|
| ACCTNG 2400 | Fundamentals of Financial Accounting | 3 |
| ACCTNG 2410 | Managerial Accounting | 3 |
| BUS AD 2900 | Legal Environment of Business | 3 |
| INFSYS 2800 | Information Systems Concepts and Applications | 3 |

Total Hours 12

Upper Division Requirements

| | | |
|-----------|------------------|---|
| ENGL 3120 | Business Writing | 3 |
|-----------|------------------|---|

Upper Division Non-Business or Business Requirement

Two global awareness courses selected from an approved list maintained in the Office of Undergraduate Academic Advising in the College of Business Administration; also available on our web site.

Upper Division Business Requirements

| | | |
|--|---|----|
| ENT 3100 | Applications of Entrepreneurship ¹ | 3 |
| FINANCE 3500 | Financial Management | 3 |
| SCMA 3300 | Business Analytics and Statistics | 3 |
| SCMA 3301 | Introduction to Supply Chain Management | 3 |
| MGMT 3600 | Management and Organizational Behavior | 3 |
| MGMT 4219 | Strategic Management | 3 |
| MKTG 3700 | Principles of Marketing | 3 |
| A minimum of 15 additional hours of upper division approved business electives | | 15 |

Total Hours 36

¹ Course is required for BS Accounting and all BS Business Administration majors.

Assessment Requirement

| | | |
|-----------|-----------------------------|---|
| MGMT 4220 | Business Assessment Testing | 0 |
|-----------|-----------------------------|---|

Degree Requirements

Lower or Upper Division Courses Required

| | | |
|-----------|---|---|
| COMM 1040 | Introduction to Public Speaking (MOTR COMM 110) | 3 |
|-----------|---|---|

Choose one of the following courses: 3

| | | |
|-------------|--------------------------------------|--|
| ACCTNG 2430 | Accounting Ethics | |
| PHIL 1130 | Approaches to Ethics (MOTR PHIL 102) | |
| PHIL 2254 | Business Ethics | |

Upper Division Accounting Courses Required ¹

| | | |
|-------------------------------|--|---|
| ACCTNG 3401 | Financial Accounting and Reporting I | 3 |
| ACCTNG 3402 | Financial Accounting and Reporting II | 3 |
| ACCTNG 3411 | Cost Accounting | 3 |
| ACCTNG 3421 or INFSYS 3810 | Accounting Information Systems Information Systems Analysis | 3 |
| ACCTNG 3441 | Income Taxes | 3 |
| ACCTNG 4435 | Auditing | 3 |

Total Hours 24

¹ The prerequisite for enrollment in ACCTNG 3402, ACCTNG 3411, ACCTNG 3441, ACCTNG 3451, and all 4000-level accounting courses is an upper-level accounting grade point average of 2.3. or higher.

See the Office of Undergraduate Academic Advising for alternatives to satisfy the State of Missouri's requirements for eligibility to take the Uniform Certified Public Accounting Examination.

Learning Outcomes

Upon completion of the program, graduates will be able to:

- Interpret business process transactions and create financial statements
- Analyze strategic options relevant to business processes
- Identify and assess legal and ethical issues with financial reporting and the accounting profession
- Effectively prepare and present written and oral financial information
- Evaluate business decisions associated with financial analysis, corporate governance, taxation, or business processes
- Understand the role of the audit and design and carry out auditing procedures
- Carry out required income tax compliance reporting procedures
- Explain the impact of International Financial Reporting Standards on Financial Reporting

Sample Four Year Plan

| First Year | | | |
|------------------------------------|-------|---|-------|
| Fall | Hours | Spring | Hours |

| | 15 | | 14 |
| Fourth Year | | | |
| Fall | Hours | Spring | Hours |
| ACCTNG 3421 | | 3 ACCTNG 2430, PHIL 1130, PHIL 2254, or PHIL 2249 | 3 |
| ACCTNG 3441 | | 3 ACCTNG 4435 | 3 |
| Global Awareness Course | | 3 MGMT 4219 & MGMT 4220 | 3 |
| Elective | | 3 Global Awareness Course | 3 |
| | | Electives | 6 |
| | 12 | | 18 |
| Total Hours: 120 | | | |

PLEASE NOTE: This plan is an example of what a four year plan could look like for a typical student. Placement exam scores in math as well as the completion of coursework may change the plan. It should not be used in the place of regular academic advising appointments. All students are encouraged to meet with their advisor. All requirements are subject to change.

Accounting Data Analytics Graduate Certificate

The Graduate Certificate in Accounting Data Analytics is designed for individuals seeking expertise in the fast growing data analytics specialty in CPA Practice and corporate practice. Students will gain experience with data visualization and analytics techniques applied to business settings.

Admission Requirements

Applicants must meet general University of Missouri-St. Louis Graduate School admissions requirements.

Certificate Requirements

All course prerequisites and all course waivers are applicable. Substitute courses may be approved by the appropriate department chairperson and the Director of Graduate Business Programs. All 12 credit hours taken as part of this certificate transfer to the MBA degree program.

Choose four of the following courses: 12

| | |
|-------------|--|
| ACCTNG 5435 | Graduate Topics in Auditing |
| ACCTNG 5443 | Decision Support Systems for Business Intelligence |
| ACCTNG 5444 | |
| ACCTNG 4450 | Prescriptive Analytics and Optimization |
| ACCTNG 6460 | Data Integration |

Total Hours 12

Accounting Data Security Graduate Certificate

The Accounting Data Security Certificate requires 12 credit hours in data security. Students pursuing the Master of Accounting degree, the MBA with an Accounting Emphasis, or the Post-Baccalaureate Certificate in Accounting may be interested in also earning this certificate. Any four of the following courses qualifies for credit towards the certificate:

| | | |
|-------------|--|---|
| ACCTNG 5408 | Fraud Examination | 3 |
| ACCTNG 5435 | Graduate Topics in Auditing | 3 |
| ACCTNG 5436 | Systems Auditing | 3 |
| ACCTNG 5465 | Principles of Information Security | 3 |
| ACCTNG 5466 | Management of Accounting Networks and Security | 3 |
| ACCTNG 5467 | Advanced Data Security Concepts | 3 |
| ACCTNG 5468 | Accounting Software Assurance | 3 |
| ACCTNG 5469 | Management of Accounting Data Security | 3 |

Accounting MAcc

The following are the Master of Accounting degree requirements. Students with an undergraduate degree in business and/or accounting will find that they can waive several of the requirements based on previous coursework. Overall, a candidate for the Master of Accounting degree must complete a minimum of 30 credit hours.

Core Courses

Students who have had equivalent coursework at the undergraduate level may have these courses waived. Contact the advising office for more information. (For students required to complete any of ACCTNG 5404, 5405, 5411, 5421, or 5447, up to 9 credits can be counted toward the required electives below):

| | | |
|-------------|-------------------------------------|---|
| ACCTNG 5400 | Financial and Managerial Accounting | 3 |
| ACCTNG 5404 | Professional Accountancy I | 3 |
| ACCTNG 5405 | Professional Accountancy II | 3 |
| ACCTNG 5411 | Cost Systems Analysis | 3 |
| ACCTNG 5421 | Information Systems in Accounting | 3 |

| | | |
|-------------|--|---|
| ACCTNG 5447 | Taxation of Individuals and Businesses | 3 |
|-------------|--|---|

Business Breadth Courses

Students who have had equivalent coursework at the undergraduate level may have these courses waived. Contact the advising office for more information. (For students required to complete these courses, 6 credits can be counted towards the required electives below).

| | | |
|--------------|--------------------------|---|
| SCMA 5300 | Business Analytics | 3 |
| FINANCE 6500 | Financial Management | 3 |
| BUS AD 5900 | Law, Ethics and Business | 3 |

Required Accounting Courses

Students must complete the following three courses. Students with equivalent undergraduate coursework may substitute ACCTNG 4441 or any Accounting course greater than 5401.

| | | |
|-------------|--|---|
| ACCTNG 4401 | Financial Accounting and Reporting III | 3 |
| ACCTNG 4402 | Financial Accounting and Reporting IV | 3 |
| ACCTNG 4435 | Auditing | 3 |

Research Course 3

Select one of the following:

| | | |
|-------------|---|--|
| ACCTNG 5402 | Professional Accounting Research | |
| ACCTNG 5406 | Research and Professional Writing in Accounting | |
| ACCTNG 5441 | Tax Research | |

Graduate Topics Course 3

Select one of the following:

| | | |
|-------------|--|--|
| ACCTNG 5403 | Graduate Topics: Business Analysis and Reporting | |
| ACCTNG 5412 | Graduate Topics in Management Accounting: Controllershship | |
| ACCTNG 5435 | Graduate Topics in Auditing | |
| ACCTNG 6441 | Graduate Topics in Taxation | |

Electives 15

Students must complete 15 credits of electives including at least 9 credits of Accounting courses.

Accounting Electives

Select at least 3 of the following (Not all courses are offered each year):

| | | |
|-------------|--|---|
| ACCTNG 4441 | Advanced Federal Income Tax: Business Taxation | 3 |
| ACCTNG 4450 | Prescriptive Analytics and Optimization | 3 |
| ACCTNG 5402 | Professional Accounting Research | 3 |
| ACCTNG 5403 | Graduate Topics: Business Analysis and Reporting | 3 |
| ACCTNG 5406 | Research and Professional Writing in Accounting | 3 |
| ACCTNG 5408 | Fraud Examination | 3 |
| ACCTNG 5412 | Graduate Topics in Management Accounting: Controllershship | 3 |
| ACCTNG 5435 | Graduate Topics in Auditing | 3 |
| ACCTNG 5436 | Systems Auditing | 3 |
| ACCTNG 5441 | Tax Research | 3 |

| | | |
|-------------|--|---|
| ACCTNG 5443 | Decision Support Systems for Business Intelligence | 3 |
|-------------|--|---|

| | | |
|-------------|--|---|
| ACCTNG 5444 | | 3 |
|-------------|--|---|

| | | |
|-------------|-----------------------------|---|
| ACCTNG 5446 | Advanced Topics in Taxation | 3 |
|-------------|-----------------------------|---|

| | | |
|-------------|---|---|
| ACCTNG 5451 | Accounting and Auditing in Governmental and Not-for-Profit Entities | 3 |
|-------------|---|---|

| | | |
|-------------|------------------------------------|---|
| ACCTNG 5465 | Principles of Information Security | 3 |
|-------------|------------------------------------|---|

| | | |
|-------------|--|---|
| ACCTNG 5466 | Management of Accounting Networks and Security | 3 |
|-------------|--|---|

| | | |
|-------------|---------------------------------|---|
| ACCTNG 5467 | Advanced Data Security Concepts | 3 |
|-------------|---------------------------------|---|

| | | |
|-------------|-------------------------------|---|
| ACCTNG 5468 | Accounting Software Assurance | 3 |
|-------------|-------------------------------|---|

| | | |
|-------------|--|---|
| ACCTNG 5469 | Management of Accounting Data Security | 3 |
|-------------|--|---|

| | | |
|-------------|-----------------------------------|-----|
| ACCTNG 5490 | Graduate Internship in Accounting | 1-3 |
|-------------|-----------------------------------|-----|

| | | |
|-------------|--|-----|
| ACCTNG 5495 | Advanced Special Administrative Problems - Accounting (VITA) Program | 1-3 |
|-------------|--|-----|

| | | |
|-------------|--------------------------------|---|
| ACCTNG 5498 | Graduate Seminar in Accounting | 3 |
|-------------|--------------------------------|---|

| | | |
|-------------|-----------------------------------|-----|
| ACCTNG 5499 | Individual Research in Accounting | 1-3 |
|-------------|-----------------------------------|-----|

| | | |
|-------------|-----------------------------|---|
| ACCTNG 6441 | Graduate Topics in Taxation | 3 |
|-------------|-----------------------------|---|

| | | |
|-------------|------------------|---|
| ACCTNG 6460 | Data Integration | 3 |
|-------------|------------------|---|

Non-Accounting Electives

Students may complete up to 6 credits at the graduate level from other business disciplines. Students should ensure that they will have earned the minimum number of accounting credit hours required for licensure before choosing electives from other business disciplines.

Any BUS AD 5000 and above

Any FINANCE 6500 and above

Any INFSYS 5800 and above

Any SCMA 5300 and above

Any MGMT 5600 and above

Any MKTG 5700 and above

Students must complete a minimum of 30 credit hours while enrolled as a graduate student.

Learning Outcomes

Upon Completion of the program, graduates will be able to:

- Synthesize business process transactions as well as create and analyze financial statements
- Analyze, critique, and inform strategic options relevant to business processes, corporate governance, internal controls, and security
- Identify and discuss the impact of International Financial Reporting Standards upon financial reporting
- Apply ethical judgement in analyzing accounting situations and be able to formulate ethical accounting and business decisions
- Actively participate in team collaborations as well as prepare written professional communications that justify, critique, or inform relevant accounting or business decisions
- Analyze and critique business decisions in the functional business areas of financial analysis, corporate governance, taxation, or business processes

Accounting MAcc Accelerated Master's Degree

The Department of Accounting provides an opportunity for students of recognized academic ability and educational maturity to complete the requirements for the undergraduate and graduate degree in Accounting with a total of 138 credit hours instead of the typical 150 credit hours required when the degrees are pursued separately.

When all the requirements of the BSA program have been completed, students will be awarded the BSA. When all the requirements of the MACC have been completed, students will be awarded the MACC. It should be noted that Certified Public Accounting (CPA) licensure in most states requires 150 hours of university credit. Students earning the BSA/MACC in 138 hours are encouraged to use the additional 12 hours to pursue advanced skills in business analysis, advanced taxation, data analytics, systems controls testing, cyber security, or the like as they complete the accounting, business, and overall credit hours required for CPA licensure.

Admissions Requirements

Students can apply to the Chair of the Accounting Department or a delegate of the Chair for admission into the Accelerated Master of Accounting degree program during the semester they will have completed 60 undergraduate credit hours. A cumulative grade point average of 3.0 or higher is required. Students must also meet with a Graduate Business Programs academic advisor.

Provisional Admission

Students will be admitted to the Accelerated Master's program under provisional status until they have completed the department-specified 12 hours in the program with a grade point average of 3.0 or higher. After completion of the undergraduate degree, upon recommendation from the Department Chair or a delegate of the Chair, students can be admitted to the graduate component of the Accelerated Master's program, which involves admission to the Graduate School.

Graduate Admission

After graduate admission, the student will be classified as a graduate student, will pay graduate tuition for all courses, and must take graduate courses until the completion of the master's degree. Students must maintain a grade point average of 3.0 or higher throughout the combined program.

Applicants are considered for graduate admission into the Accelerated Master's program if they meet the following criteria: (1) are in their final semester in undergraduate status; (2) have a minimum GPA of 3.0 since being granted provisional status; and (3) have met with a Graduate Business Programs academic advisor. A total of 12 hours of graduate coursework may be counted towards the 120 credit hours required for the Bachelor of Science - Accounting degree and the requirements for the Master of Accounting.

Students may resign from the Accelerated Master's Program after earning their bachelor's degree. However, once the bachelor's degree is awarded, the benefit of "double counting" courses will be lost. Any course used to meet a degree requirement for an undergraduate degree cannot be applied to a subsequent master's degree. Undergraduate BSA students who choose to pursue the Accelerated Master of Accounting degree option will be required to take any four of the following courses (12 credits). With permission, provisional Accelerated Master of Accounting students may

take up to 12 hours of 4000/5000/6000 level courses while still classified as undergraduate student. These 12 hours will be treated by the Graduate School as "graduate status," and they may be counted towards a master's degree.

Program Requirements

| | |
|----------------------------------|--|
| Select any four of the following | 12 |
| ACCTNG 4435 | Auditing |
| ACCTNG 5405 | Professional Accountancy II |
| ACCTNG 5411 | Cost Systems Analysis |
| ACCTNG 5447 | Taxation of Individuals and Businesses |
| FINANCE 6500 | Financial Management |
| INFSYS 5800 | Management Information Systems |
| MGMT 4219 | Strategic Management |
| MGMT 5600 | Managing and Leading in Organizations |
| MKTG 5700 | Integrated Marketing Strategies |
| Total Hours | 12 |

The above courses will qualify for credit towards both the Bachelor of Science - Accounting degree and the Master of Accounting degree. If a student has completed the undergraduate equivalent of a course, they may not receive graduate credit. Students may request to substitute other courses, subject to the approval of the Department Chair or a delegate of the Chair.

Awarding of Degrees

The student may apply for and receive the bachelor's degree in the semester when all the undergraduate requirements are completed. In their final semester in undergraduate status, the student must apply and be admitted to the graduate program, to begin the following semester. The student will apply to receive the master's degree in the semester that the requirements for the graduate degree will be completed.

If the student fails to enroll for more than one year after receiving the bachelor's degree, the student can still earn the master's degree, but the graduate-level credits earned as an undergraduate cannot be used for the graduate degree.

Accounting Minor

General Requirements

All minors are 15 credit hours or 5 courses, including business core courses.

- Students must attain a 2.0 grade point average for all courses in the minor.
- Students must attain a minimum grade of C- in each course included in the minor.
- All courses in the minor must be on a graded basis.
- A minimum of 9 credit hours of coursework included in the minor must be taken in residence at UMSL.
- One must complete a baccalaureate degree at UMSL in order for a minor to be conferred.
- A minor may be added for up to two years following completion of the baccalaureate degree

Specific Requirements for the Minor

Available to all students except those pursuing the Bachelor of Science in Accounting degree. Students must complete:

| | | |
|--|--------------------------------------|-----------|
| ACCTNG 2400 | Fundamentals of Financial Accounting | 3 |
| ACCTNG 2410 | Managerial Accounting | 3 |
| Plus any three upper division accounting electives | | 9 |
| Total Hours | | 15 |

Learning Outcomes

- Analyze business process transactions and create financial statements
- Critically examine strategic options relevant to business processes, corporate governance, internal controls, and security
- Assess business decisions in the functional areas of financial analysis, corporate governance, taxation, and business processes

Accounting Post Baccalaureate Undergraduate Certificate

Prerequisite

Bachelor's degree (in any subject)

Prerequisite Courses

| | | |
|-------------|---|---|
| MATH 1030 | College Algebra (MOTR MATH 130) ¹ | 3 |
| ACCTNG 2400 | Fundamentals of Financial Accounting ² | 3 |
| ACCTNG 2410 | Managerial Accounting ² | 3 |

¹ MATH 1030 College Algebra is a prerequisite for the required accounting courses. It may be taken concurrently with ACCTNG 2400 Fundamentals Of Financial Accounting, but must be completed prior to enrollment in ACCTNG 2410 Managerial Accounting.

² ACCTNG 2400 Fundamentals Of Financial Accounting and ACCTNG 2410 Managerial Accounting are also prerequisites for the 3000-level accounting courses.

Required

Complete 27 hours of accounting courses at the 3000-level or above, at least 15 hours of which are completed at UMSL. The accounting courses must include the six required courses listed below and three accounting electives. Courses previously completed can be waived upon presentation of appropriate documentation. Waived courses will not count toward the 15-hour residency requirement.

Courses must be completed with a grade of C- or higher. The grade point average for all courses counting toward the Post-Baccalaureate Certificate in Accounting must be 2.3 or higher. The prerequisite for enrollment in ACCTNG 3402, ACCTNG 3411, ACCTNG 3441, ACCTNG 3451 and all 4000-level accounting courses is an upper-level accounting grade point average of 2.3 or higher.

Required Courses

| | | |
|-------------|--------------------------------------|---|
| ACCTNG 3401 | Financial Accounting and Reporting I | 3 |
|-------------|--------------------------------------|---|

| | | |
|---|---|-----------|
| ACCTNG 3402 | Financial Accounting and Reporting II | 3 |
| ACCTNG 3411 | Cost Accounting | 3 |
| ACCTNG 3421 | Accounting Information Systems | 3 |
| ACCTNG 3441 | Income Taxes | 3 |
| ACCTNG 4435 | Auditing | 3 |
| Electives | | |
| Select three of the following: ¹ | | 9 |
| ACCTNG 3451 | Accounting for Governmental and Not-For-Profit Entities | |
| ACCTNG 4401 | Financial Accounting and Reporting III | |
| ACCTNG 4402 | Financial Accounting and Reporting IV | |
| ACCTNG 4405 | | |
| ACCTNG 4441 | Advanced Federal Income Tax: Business Taxation | |
| Total Hours | | 27 |

¹ Most of these are offered only once a year.

Notes on qualifying for the CPA exam in Missouri

Successful completion of the Post-Baccalaureate Certificate in Accounting includes all the accounting courses needed to qualify for the CPA exam in Missouri. However, Missouri law also requires a total of 60 credit hours in business (including the accounting courses). Many students with undergraduate degrees in business have satisfied this requirement. A student who has not satisfied this requirement must take additional business classes in order to qualify for the CPA exam.

In addition, Missouri requires 150 credit hours of college level coursework in order to qualify for the CPA exam. A student who has completed a 120-hour undergraduate business degree and the Post-Baccalaureate Certificate in Accounting will need additional coursework in order to satisfy the 150-hour requirement.

Learning Outcomes

Upon completion of the program, certificate earners will be able to:

- Analyze business process transactions and create financial statements
- Critically examine strategic options relevant to business processes, corporate governance, internal controls, and security
- Assess business decisions in the functional areas of financial analysis, corporate governance, taxation, and business processes

ACP Instructional Communication Graduate Certificate

The ACP Instructional Communication Certificate is designed for secondary educators interested in teaching public speaking and related courses to high school students for college credit through programs such as UMSL's Advanced Credit Program. The certificate combines practical application with theory and research to provide teachers with a grounded approach to delivering college appropriate courses with empirical research in communication at the foundation.

Through a combination of online courses and independent studies, students can complete the ACP Communication graduate certificate without visiting campus.

Students who earn the ACP Instructional Communication graduate certificate will be eligible to teach college level courses in public speaking at the secondary level.

Requirements

Graduate Standing. To earn the ACP Communication certificate, students must complete a minimum of 18 hours. Typically, students will earn the certificate by completing the following courses in sequence¹:

| | | |
|--------------------|---|-----------|
| COMM 5000 | ACP - Elements of Public Speaking ([R]) | 3 |
| COMM 5010 | ACP: Elements of Debate ([R]) | 3 |
| COMM 5020 | ACP - Persuasion and Influence ([R]) | 3 |
| COMM 5050 | ACP - Special Topics ([E]) ^{2,3} | 6 |
| COMM 5099 | ACP - Observation and Implementation ([R]) ² | 3 |
| Total Hours | | 18 |

¹ Other 5000+ electives may be substituted based on approval and availability. Contact the Graduate Coordinator in the Department of Communication for more information.

² Pre-requisites: Students must have completed or currently be enrolled in each of the following courses: COMM 5000, COMM 5010, COMM 5020

³ May be repeated.

[R] Required for the certificate.

[E] Elective.

Actuarial Science BS

Campus Address: 408 Social Sciences and Business Building (SSB)

Main Number: 314-516-5353

Fax Number: 314-516-5352

Bachelor of Science (B.S.) in Actuarial Science

The B.S. in Actuarial Science provides students with the quantitative skills used by actuaries. Students are required to complete courses offered by the Department of Mathematics and Computer Science, the Department of Economics and the College of Business Administration. Students take coursework in calculus, financial mathematics, statistics, economics, econometrics, and finance. The program is designed to provide students with a solid preparation to take exams and to complete validation by educational experience requirements needed to begin a career as an actuary.

Certificate in Actuarial Studies

The Certificate in Actuarial Studies is designed to provide the education needed for entry level employment in the actuarial profession.

Career Outlook in Actuarial Science

Graduates with this skill set are hired by insurance firms, consulting firms, and financial institutions. Actuarial training is also transferable to broader

jobs in data science and analytics. Job prospects for those with actuarial degrees are expected to remain strong over the next decade.

For more information on careers in actuarial science, visit the website of the Society of Actuaries (<https://www.soa.org/Member/>).

Bachelor of Science in Actuarial Science

General Education Requirements

Students must satisfy the university general education requirements. Many of the courses for the degree may be used to fulfill math proficiency, information literacy, social science, and math and life/natural sciences requirements. There is no foreign language requirement for the degree.

Satisfactory/Unsatisfactory Option

Courses required for the major may not be taken on a satisfactory/unsatisfactory basis.

Required Courses

Candidates for the B.S. in Actuarial Science degree must complete a program of 62 credit hours of required courses. Each required course must be completed with a grade of C- or better and students must maintain a GPA of 2.0 for courses required for the degree.

| | | |
|--------------------|--|-----------|
| ACCTNG 2400 | Fundamentals of Financial Accounting | 3 |
| CMP SCI 1250 | Introduction to Computing | 3 |
| ECON 1001 | Principles of Microeconomics (MOTR ECON 102) | 3 |
| ECON 1002 | Principles of Macroeconomics (MOTR ECON 101) | 3 |
| ECON 4100 | Introduction to Econometrics | 4 |
| ECON 4120 | Time Series Econometrics for Economics and Finance | 4 |
| or ECON 4130 | Business and Economic Forecasting | |
| FINANCE 3500 | Financial Management | 3 |
| FINANCE 3520 | Investments | 3 |
| FINANCE 3521 | Financial Engineering: Applying Derivatives | 3 |
| INFSYS 2800 | Information Systems Concepts and Applications | 3 |
| MATH 1800 | Analytic Geometry and Calculus I | 5 |
| MATH 1900 | Analytic Geometry and Calculus II | 5 |
| MATH 2000 | Analytic Geometry and Calculus III | 5 |
| MATH 1320 | Introduction to Probability and Statistics | 3 |
| or ECON 3100 | Economic Data and Statistics | |
| MATH 4010 | Financial Mathematics I | 3 |
| MATH 4020 | Financial Mathematics II | 3 |
| MATH 4200 | Mathematical Statistics I | 3 |
| MATH 4210 | Mathematical Statistics II | 3 |
| Total Hours | | 62 |

Recommended Courses

Students are strongly encouraged to take as many of the following courses as possible.

| | | |
|--------------|--------------------------------------|-----|
| CMP SCI 2250 | Programming and Data Structures | 3 |
| ECON 3001 | Intermediate Microeconomics | 3 |
| ECON 3002 | Intermediate Macroeconomics | 3 |
| ECON 4110 | Applied Econometrics | 4 |
| ECON 4995 | Internship in Actuarial Science | 1-3 |
| or MATH 4995 | Internship in Actuarial Science | |
| FINANCE 3561 | Principles of Insurance | 3 |
| MATH 2450 | Elementary Linear Algebra | 3 |
| MATH 4260 | Introduction to Stochastic Processes | 3 |

Learning Outcomes

Upon completion of the program, graduates will be able to:

- Learn basic programming techniques for use in actuarial applications.
- Understand the fundamental concepts of financial mathematics and how those concepts are applied in present and accumulated values for various streams of cash flow.
- Develop the fundamental probability tools for quantitatively assessing risk.
- Use the concepts of statistical inference, such as estimation and hypothesis testing, required for actuarial modeling.
- Become familiar with regression models to analyze and forecast time series data.
- Use economic reasoning to explain individual decision-making and economy-wide outcomes.
- Understand and apply accounting concepts and knowledge of financial instruments and how they are utilized.
- Develop knowledge of the theoretical basis of actuarial models and the application of those models to insurance and other financial risks.

Sample Four Year Plan

First Year

| Fall | Hours | Spring | Hours |
|----------------------------------|-------|------------------------------------|-------|
| INTDSC 1003 ¹ | 1 | INFSYS 1800 | 3 |
| ENGL 1100 | 3 | MATH 1320 | 3 |
| MATH 1800 | 5 | MATH 1900 | 5 |
| CMP SCI 1250 | 3 | EXPLORE - Humanities and Fine Arts | 3 |
| CORE - Communication Proficiency | 3 | | |
| | 15 | | 14 |

Second Year

| Fall | Hours | Spring | Hours |
|-------------|-------|------------------------------------|-------|
| ECON 1001 | 3 | ACCTNG 2400 | 3 |
| INFSYS 2800 | 3 | ECON 1002 | 3 |
| MATH 2000 | 5 | MATH 4020 | 3 |
| MATH 4010 | 3 | MATH 4200 | 3 |
| | | EXPLORE - Humanities and Fine Arts | 3 |
| | 14 | | 15 |

Third Year

| Fall | Hours | Spring | Hours |
|----------------------------------|-------|---------------------------------------|-------|
| ECON 4100 | 4 | FINANCE 3521 | 3 |
| ENGL 3100 or 3120 | 3 | EXPLORE - Social Sciences | 3 |

| MATH 4210 | 3 | Cultural Diversity Requirement | 3 |
| CORE - US History and Government | 3 | Recommended course, elective or minor | 3 |
| | 16 | | 15 |

Fourth Year

| Fall | Hours | Spring | Hours |
|--|-------|--|-------|
| ECON 4130 | 4 | Recommended course, elective or minor | 3 |
| FINANCE 3561 | 3 | Recommended course list, elective or minor | 3 |
| Recommended course list, elective or minor | 3 | Recommended course list, elective or minor | 3 |
| Recommended course list, elective or minor | 3 | Recommended course list, elective or minor | 3 |
| Recommended course list, elective or minor | 3 | Recommended course list, elective or minor | 3 |
| | 16 | | 15 |

Total Hours: 120

¹ INTDSC 1003 is required only for first-time freshmen and transfer students with less than 24 college credits.

PLEASE NOTE: This plan is an example of what a four year plan could look like for a typical student. Placement exam scores in math as well as the completion of coursework may change the plan. It should not be used in the place of regular academic advising appointments. All students are encouraged to meet with their advisor each semester. All requirements are subject to change.

Actuarial Studies Undergraduate Certificate

Actuaries use the tools of economics, finance, and mathematics to evaluate and price risk. They are employed by insurance companies, pension funds, consulting firms, and a variety of other financial institutions. The actuarial profession has consistently been ranked as one of the most desirable professions in which to be employed. To become an actuary one must satisfy certain educational requirements, pass exams offered by the Society of Actuaries, and complete professional courses.

The Certificate in Actuarial Studies is designed to provide the education needed for entry level employment in the actuarial profession. Those who complete the certificate will satisfy some of the Validation by Educational Experience requirement of the Society of Actuaries and be prepared to take the first two actuarial examinations (P and FM).

Completion of the certificate requires the following courses. Please note that many of these courses have prerequisites so anyone pursuing the certificate should work carefully with an academic advisor.

Required Courses

| | | |
|--------------|---|---|
| FINANCE 3500 | Financial Management | 3 |
| FINANCE 3521 | Financial Engineering: Applying Derivatives | 3 |
| MATH 4010 | Financial Mathematics I | 3 |
| MATH 4020 | Financial Mathematics II | 3 |
| MATH 4200 | Mathematical Statistics I | 3 |
| MATH 4210 | Mathematical Statistics II | 3 |

Total Hours 18

Residency Requirement: Of the above required six courses at least five must be taken at the University of Missouri-St. Louis.

Learning Outcomes

Upon completion of the program, certificate earners will be able to:

- Interpret, formulate and solve applied problems in probability and statistics.
- Interpret, formulate and solve applied problems in mathematics relating to annuities, bonds and derivative investments.

Acute Care Pediatric Nurse Practitioner Post-Graduate Certificate

Post-graduate certificate (PGC) requirements are tailored to the individual student, depending on past academic work, experience, the student's goals, and specialty requirements. Upon completion of the PGC requirements, a certificate is awarded by the College of Nursing (CON) and Graduate School. Graduates are eligible to apply to take board certification exams in the advanced practice role and population for which they have been prepared.

Due to higher education regulation changes, the University of Missouri–St. Louis cannot admit students from all states for online programs. Please see the Center for Teaching and Learning for additional information: http://www.umsl.edu/services/ctl/onlinelearning/state_authorization.html.

Admission Criteria

- Admission to the University by completing the UMSL Graduate School application
- MSN, DNP from a nationally accredited nursing program
- MSN or DNP 3.0 minimum GPA
- Current professional licensure
- Acute Care Pediatric Nurse Practitioner (PNP-AC) post-graduate certificate requires at least one (1) year of inpatient pediatric nursing experience
- Psychiatric Mental Health Nurse Practitioner (PMHNP) post-graduate certificate requires at least one (1) year of inpatient or outpatient psychiatric nursing or emergency room nursing experience

Certificate Requirements

Students must complete a minimum of 12 credit hours of coursework from the University of Missouri - St. Louis College of Nursing. Courses must be from the list below.

| | | |
|------------|---|-----|
| NURSE 6518 | Pathophysiology for Advanced Nursing Practice | 3 |
| NURSE 6520 | Pharmacology for Advanced Nursing Practice | 3 |
| NURSE 6524 | Health Assessment for Advanced Nursing Practice | 3 |
| NURSE 6530 | Introduction to Diagnostic Reasoning | 3 |
| NURSE 6743 | Pediatric Health I: Acute and Chronic Care | 4 |
| NURSE 6745 | Pediatric Health II: Complex Acute Care | 4 |
| NURSE 6954 | Advanced Practice Nursing: Practicum I | 2-4 |

| | | |
|------------|--|-----|
| NURSE 6955 | Advanced Practice Nursing: Practicum II | 2-4 |
| NURSE 7954 | Advanced Practice Nursing: Practicum III | 2-4 |

All students must complete 8 credit hours of Residency.

Adult-Geriatric Nurse Practitioner Post-Graduate Certificate

Post-graduate certificate (PGC) requirements are tailored to the individual student, depending on past academic work, experience, the student's goals, and specialty requirements. Upon completion of the PGC requirements, a certificate is awarded by the College of Nursing (CON) and Graduate School. Graduates are eligible to apply to take board certification exams in the advanced practice role and population for which they have been prepared.

Due to higher education regulation changes, the University of Missouri–St. Louis cannot admit students from all states for online programs. Please see the Center for Teaching and Learning for additional information: http://www.umsl.edu/services/ctl/onlinelearning/state_authorization.html.

Admission Criteria

- Admission to the University by completing the UMSL Graduate School application
- MSN, DNP from a nationally accredited nursing program
- MSN or DNP 3.0 minimum GPA
- Current professional licensure
- Acute Care Pediatric Nurse Practitioner (PNP-AC) post-graduate certificate requires at least one (1) year of inpatient pediatric nursing experience
- Psychiatric Mental Health Nurse Practitioner (PMHNP) post-graduate certificate requires at least one (1) year of inpatient or outpatient psychiatric nursing or emergency room nursing experience

Certificate Requirements

Students must complete a minimum of 12 credit hours of coursework from the University of Missouri - St. Louis College of Nursing. Courses must be from the list below.

| | | |
|------------|---|-----|
| NURSE 6518 | Pathophysiology for Advanced Nursing Practice | 3 |
| NURSE 6524 | Health Assessment for Advanced Nursing Practice | 3 |
| NURSE 6520 | Pharmacology for Advanced Nursing Practice | 3 |
| NURSE 6530 | Introduction to Diagnostic Reasoning | 3 |
| NURSE 6739 | Adult Health I | 4 |
| NURSE 6740 | Adult Health II | 4 |
| NURSE 6954 | Advanced Practice Nursing: Practicum I | 2-4 |
| NURSE 6955 | Advanced Practice Nursing: Practicum II | 2-4 |
| NURSE 7954 | Advanced Practice Nursing: Practicum III | 2-4 |

All students must complete 8 credit hours of Residency. One credit hour is equivalent to 75 residency hours.

African American and African Diaspora Studies Undergraduate Certificate

The Undergraduate Certificate in African American and African Diaspora Studies (AAADS) will offer undergraduate students from any major/discipline an opportunity to engage in an interdisciplinary examination of the history, culture, and life of African Americans and the African diaspora from ancient times to the present day. This program stresses critical thinking, ethical and moral reasoning, intercultural competence, community service, and justice.

Core

| | | |
|-----------|--|---|
| HIST 1003 | African American History | 3 |
| HIST 1007 | Introduction to African and African American Studies | 3 |

| | | |
|-----------|-----------------------------|---|
| COMM 2332 | Intercultural Communication | 3 |
|-----------|-----------------------------|---|

Electives 6

Choose two of the following. At least one course must be 2000-level or above.

| | | |
|--------------|---|--|
| COMM 2235 | Professional Communication | |
| COMM 3355 | Dangerous Messages | |
| ED FND 3251 | Black Americans in Education | |

| THEATR 2274 | African-American Cinema ² | |

Capstone 3

A capstone course (minimum of 3 hours) is a 4000-level research, internship, or practicum course not already used as an elective.

This course must be approved, in advance, by the program coordinator for the certificate.

Total Hours 18

Other UMSL courses and courses from other UM campuses, through ICCS or other formats, may be included as electives with prior approval of the program coordinator.

¹ These topical courses are included when the topics or book selections are appropriate for this certificate as determined by the program coordinator.

² These courses have additional prerequisites.

Learning Outcomes

Upon completion of the program, certificate earners will be able to:

- Describe the historical developments of the African American and African diasporan experiences that reflect the complexities of continuity and change
- Analyze the key issues facing African, African American, and African diasporan peoples by applying scholarly research, perspectives and data
- Design programs and tactics that address a major civic or social challenge facing African, African American, or African diaspora communities.

African/African American Studies Minor

Core Course (Required):

| | | |
|-----------|--|---|
| HIST 1007 | Introduction to African and African American Studies | 3 |
|-----------|--|---|

Select at least four of the following electives: 12

| | | |

American Politics Minor

Requirements for Political Science Minors

A general minor in political science can be arranged, as well as specialized minors in eight different subfields of the discipline. Interested students should see a faculty adviser to plan a coherent program of study as a minor field.

Students must achieve a cumulative 2.0 GPA in the political science courses chosen to qualify for the minor. Students may count no more than 3 hours in political science taken on a satisfactory/unsatisfactory basis toward the minor. Students taking an internship POL SCI 3940 may count no more than three hours of the internship toward the minor.

Specific Requirements for the Minor

| | | |
|-------------------------------|---|----|
| POL SCI 1100 | Introduction to American Politics (MOTR POSC 101) | 3 |
| Select four of the following: | | 12 |
| POL SCI 2280 | Judicial Politics | |
| POL SCI 2300 | State Politics | |
| POL SCI 2320 | African Americans and the Political System | |
| POL SCI 2350 | Introduction to Urban Politics | |
| POL SCI 2260 | Law, Politics and Society | |
| POL SCI 2370 | The Politics of Identity and Social Justice | |
| POL SCI 2380 | The Politics of Gender in the United States | |
| POL SCI 2420 | Introduction to Public Policy | |
| POL SCI 2450 | Labor, Work, Society, and Politics | |
| POL SCI 2820 | United States Foreign Policy | |
| POL SCI 3200 | Constitutional Law | |
| POL SCI 3260 | The Supreme Court | |
| POL SCI 3330 | Public Opinion and Political Participation | |
| POL SCI 3350 | Political Parties and Elections | |
| POL SCI 3390 | Studies in American Politics | |
| POL SCI 3900 | Special Readings ¹ | |
| POL SCI 3940 | Public Affairs Internship ¹ | |
| Total Hours | | 15 |

¹ May be taken with approval of the faculty advisor.

Learning Outcomes

- Demonstrate knowledge of the institutions, political culture, and processes of American politics.
- Analyze the actions of political actors and their motives.

- Assess political issues, formulate evidence-based recommendations, and communicate them with clarity and coherence.

American Studies Minor

American Studies involves an interdisciplinary approach to the study of the history, cultures, politics, and economy of the United States, its colonial antecedents, and its indigenous peoples. At UMSL, the minor enables students also to study the city and region of St. Louis, a quintessentially American city.

Students interested in this minor should contact the coordinator of American Studies for advice and information.

There are 18 hours required in the minor, and in completing these hours candidates must take courses from at least three disciplines. Candidates must have a cumulative grade point average of 2.0 or better in the minor. Three hours of the minor may be taken on a satisfactory/unsatisfactory basis, and a maximum of nine hours will be accepted in transfer. Candidates wishing to take American Studies courses in the Honors College do not need to be members of the Honors College but must register for the courses via the Honors College.

Requirements for the Minor

Completion of the American Studies Minor requires at least 18 credit hours (6 courses) including an interdisciplinary introductory course. Of the remaining 15 hours, at least six hours must be taken from a small group of core courses designed to give students a foundation for further study and at least six hours from a larger group of elective courses which will broaden students' experience or enable them to specialize in specific areas. At least six hours must be taken from advanced level (3000 and 4000) undergraduate courses. Students are recommended to include in this advanced work an American Studies "capstone", an option that may be fulfilled in several ways, which are described below.

Introductory Course

| | | |
|-----------|--|---|
| HIST 2160 | (must be taken in first 12 hours of the minor) | 3 |
|-----------|--|---|

Core Courses

Choose at least one of the following: 3

| | | |
|-----------|---------------------------------|---|
| ENGL 3710 | American Literature Before 1865 | 3 |
| ENGL 3720 | American Literature After 1865 | 3 |

Choose at least one of the following: 3

| | | |
|--------------|---|--|
| HIST 1001 | American Civilization to 1865 (MOTR HIST 101) | |
| HIST 1002 | American Civilization 1865 to Present (MOTR HIST 102) | |
| POL SCI 1100 | Introduction to American Politics (MOTR POSC 101) | |
| HONORS 1230 | American Traditions: Social and Behavioral Sciences | |

Elective Courses

Choose at least two courses from the following American Studies electives 6

| | |
|--------------|---------------------------------|
| Anthropology | |
| ANTHRO 2120 | Native Peoples of North America |
| Art History | |
| ART HS 1140 | |

| | |
|--------------------------------------|--|
| ART HS 2270 | Art of the United States |
| Criminology | |
| CRIMIN 1100 | Introduction to Criminology and Criminal Justice |
| CRIMIN 1120 | Criminal Law |
| CRIMIN 1150 | Violence in America |
| CRIMIN 4300 | Communities and Crime |
| CRIMIN 4325 | Gender, Crime, and Justice |
| CRIMIN 4340 | Race, Crime, and Justice |
| Economics | |
| ECON 2800 | History of American Economic Development |
| English | |
| ENGL 4620 | Selected Major American Writers II |
| ENGL 4650 | Modern American Fiction |
| History | |
| HIST 2008 | History of St. Louis |
| HIST 2028 | Sex, Drugs, and Rock 'n Roll: The 1960s in Song, Fashion, Dating, and Protest |
| Gender Studies | |
| GS 2020 | Women and Social Movements in U.S. History |
| GS 2380 | The Politics of Gender in the United States |
| GS 3700 | Diversity and Social Justice |
| GS 4335 | Gender and Body Image in Media and Culture |
| Honors | |
| HONORS 2010 | Inquiries in The Humanities (topic must be approved by American Studies coordinator) |
| HONORS 2030 | Inquiries in the Social and Behavioral Sciences (topic must be approved by American Studies coordinator) |
| HONORS 3010 | Advanced Honors Seminar in the Humanities (topic must be approved by American Studies coordinator) |
| HONORS 3030 | Advanced Honors Seminar in the Social and Behavioral Sciences (topic must be approved by American Studies coordinator) |
| Military and Veterans Studies | |
| MVS 2100 | |

| Music History | |
| M H L T 1003 | History of Rock Music (MOTR MUSC 100RP) |
| M H L T 1070 | |
| M H L T 1140 | Popular Music in America |
| M H L T 1190 | Musical Journey of the Native North American |
| M H L T 4280 | |
| Political Science | |

| | |
|------------------|---|
| POL SCI 2260 | Law, Politics and Society |
| POL SCI 2320 | African Americans and the Political System |
| POL SCI 2330 | The American Presidency |
| POL SCI 2370 | The Politics of Identity and Social Justice |
| POL SCI 2380 | The Politics of Gender in the United States |
| POL SCI 3210 | Civil Liberties |
| POL SCI 3330 | Public Opinion and Political Participation |
| POL SCI 3460 | The Politics of Poverty and Welfare |
| Sociology | |
| SOC 1040 | Social Problems |
| SOC 2202 | Urban Sociology |
| SOC 2203 | The City |
| SOC 4100 | Introduction to Feminist and Gender Theory |
| SOC 4312 | Sociology of Wealth and Poverty |

Student considering other elective choices must work with the American Studies faculty coordinator to obtain approval to apply these courses to the minor.

Capstone options:

Students are encouraged to complete a capstone for the American Studies minor. A capstone course can satisfy three credit hours of the 18 hour minor. Experiences that could serve as a capstone include appropriate departmental capstone courses, independent studies, research projects, and internships. Interested students should work with the coordinator of American Studies to have a capstone course approved.

Analytical Chemistry Graduate Certificate

The graduate certificate in analytical chemistry is a 12-credit-hour program. It provides the skills and training necessary to advance in growing areas of analytical chemistry, with fields such as environmental sample testing, or verifying the quality and safety of food as well as pharmaceutical and cosmetic products. Analytical chemists also work in clinical areas, supporting the development of assays needed for disease diagnosis, assuring compliance with environmental and other regulations, or supporting the legal process. The certificate requires three analytical chemistry lecture courses. Research credits taken towards the certificate in the Department of Chemistry and Biochemistry must be completed in a research group using experimental analytical techniques. Research credits can be taken in the same or in different research groups. All students must take the three required courses subject to the Graduate School regulations.

A minimum of three of the courses must be taken at UMSL. Research credits must be taken at UMSL. Courses may be substituted with the permission of the certificate coordinator. For more information, students can contact the Department of Chemistry and Biochemistry.

Certificate applicants must meet the general University of Missouri-St. Louis Graduate School admissions requirements to be admitted to the Certificate program. Students admitted to the Chemistry M.S. program are automatically eligible to pursue the Certificate; however, they must apply

separately to the Certificate program. Students must maintain a minimum GPA of 3.0 to remain in the Certificate program. The certificate is awarded after completion of the 12 credit hours of courses listed below. Students must apply to be awarded the Certificate. Courses taken while enrolled as an undergraduate may not be repeated nor will they count towards the Certificate.

This 12-credit-hour certificate program also counts toward the 30-credit-hour Master of Science in Chemistry degree program requirements. Students may choose to combine this certificate with other courses and/or chemistry Certificates to obtain the Master of Science in Chemistry degree.

Required Courses

| | | |
|-----------|---|---|
| CHEM 5212 | Advanced Instrumental Analysis | 3 |
| CHEM 5652 | Spectroscopic Identification of Organic Compounds | 3 |
| CHEM 5294 | Special Topics in Analytical Chemistry | 1 |

Electives Courses **3**

Choose a total of 3 credit hours from the following

| | | |
|-----------|---|--|
| CHEM 5772 | Advanced Physical Biochemistry | |
| CHEM 6905 | Graduate Research in Chemistry ¹ | |
| CHEM 4733 | Biochemistry Laboratory | |

¹ If CHEM 6905 is chosen, the research project must make significant use of experimental analytical techniques.

Anthropology BA

Beginning Fall 2021, the program is no longer accepting applications.

General Education Requirements

Majors must satisfy the university and college general education requirements (p. 30). Any foreign language may be used to meet the language requirement for the B.A. degrees.

Degree Requirements

All required courses for the major must be completed with a grade of C- or better. The following courses are required:

| | | |
|---|---|---|
| ANTHRO 1005 | Introduction to Human Evolution | 4 |
| ANTHRO 1011 | Introduction To Cultural Anthropology (MOTR ANTH 201) | 3 |
| ANTHRO 1019 | Introduction to Archaeology | 3 |
| ANTHRO 4315 | Anthropology Past, Present, and Future | 3 |
| Select nine additional credit hours in Anthropology numbered 1000-2999 ¹ | | 9 |
| Select two of the following methods courses: | | 6 |
| ANTHRO 3209 | Forensic Anthropology | |
| ANTHRO 3212 | Medical Anthropology | |
| ANTHRO 4000 | Ethnographic Field Research Methods | |
| ANTHRO 4005 | Special Research Methods in Cultural Anthropology | |

ANTHRO 4100

| | | |
|--|--|-----------|
| ANTHRO 4307 | Community Based Research in Anthropology | |
| ANTHRO 4310 | Laboratory Methods in Archaeology | |
| ANTHRO 4314 | The Archaeology of Death | |
| HIST 3199 | Introduction to Historical Inquiry | |
| Select nine additional credit hours in Anthropology numbered 3000-4999 | | 9 |
| Total Hours | | 37 |

¹ The three courses must come from two different subfields: Cultural Anthropology, Archaeology, or Biological Anthropology.

The total number of hours required for the major is 37.

Students may elect to take up to, but not to exceed, 15 additional hours in anthropology courses of their choice.

At the end of the program, students should have these competencies:

- **Discipline-Specific (Content) Knowledge**
Graduates will be able to discuss the importance of cultural diversity, thus preparing them to function in multicultural or international settings. Graduates will understand the common evolutionary origins that unify all cultural differences, as well as human biological variation within our shared humanity. Graduates will develop in-depth knowledge of the culture of a particular region of the world.
- **Communication Skills**
Graduates will develop social science writing skills, including writing of a research proposal for a grant agency and a substantial research report. Graduates will develop oral presentation skills, including presenting a formal research report.
- **Information Management/Quantitative Skills**
Graduates will master research methods in one of the subfields of anthropology (cultural anthropology, biological anthropology, archaeology). Graduates will learn to design and conduct an original research project, working in close cooperation with faculty.
- **Valuing/Ethics/Integrity**
Graduates will be able to discuss and articulate the professional ethics and codes of conduct of the discipline.
- **Critical Thinking Skills**
Graduates will develop the ability to apply anthropological concepts in performing critical analysis of broad historical trends and complex social issues. Graduates will be able to value cultural diversity, thus preparing them to function in multicultural or international settings.
- **Application/Internship Skills**
Graduates will gain hands-on experience in the application of anthropological concepts to real life and will be able to apply anthropological theory to real-life experience.

Residency Requirement

Undergraduate majors must complete a minimum of 17 hours of upper-level (3000-5000) Anthropology courses in residence, including:

| | | |
|------------------------------------|--|---|
| ANTHRO 4315 | Anthropology Past, Present, and Future | 3 |
| And at least one of the following: | | 3 |
| ANTHRO 3209 | Forensic Anthropology | |
| ANTHRO 3211 | Linguistic Anthropology | |

| | | |
|-------------|--|---|
| ANTHRO 3212 | Medical Anthropology | |
| ANTHRO 4015 | Data Analytics in the Social Sciences | |
| ANTHRO 4000 | Ethnographic Field Research Methods | |
| ANTHRO 4100 | | |
| ANTHRO 4307 | Community Based Research in Anthropology | |
| ANTHRO 4310 | Laboratory Methods in Archaeology | |
| Total Hours | | 6 |

Learning Outcomes

Upon completion of the program, graduates will be able to:

- Demonstrate an appreciation for the diversity of human cultures and the interconnectedness of people around the world
- Demonstrate knowledge of the evolutionary and historical processes that shaped our ancestors and led to the biological, behavioral, and cultural diversity seen in the present
- Demonstrate a command of key concepts, issues, theories, and debates in anthropology
- Demonstrate knowledge of varying types of anthropological data and how they are collected, analyzed, synthesized, and interpreted
- Think critically and analytically about issues of social justice and social inequality
- Apply problem-solving and research skills beneficial to anthropology as well as to a variety of careers in today’s global economy
- Communicate cross-culturally and within multicultural settings
- Demonstrate an appreciation for the role of anthropology in the workplace and the real world

Sample Four Year Plan

| First Year | | | |
|-------------------------------------|-------|--------------------------------------|-------|
| Fall | Hours | Spring | Hours |

| Fall | Hours | Spring | Hours |
| ANTHRO 4000 | | 3 ANTHRO 4315 | 3 |
| ANTHRO 3000-4999 course | | 3 Elective or minor | 3 |
| Elective or minor | | 3 Elective or minor | 3 |
| Elective or minor | | 3 Elective or minor | 3 |
| Elective or minor | | 3 Elective or minor | 3 |
| | | Recommended course list, elective or minor | 1 |
| | 15 | | 16 |
| Total Hours: 121 | | | |

INTDSC 1003 is required only for first-time freshmen and transfer students with less than 24 college credits.

PLEASE NOTE: This plan is an example of what a four year plan could look like for a typical student. Placement exam scores in math as well as the completion of coursework may change the plan. It should not be used in the place of regular academic advising appointments. All students are encouraged to meet with their advisor each semester. All requirements are subject to change.

Anthropology Minor

All required courses for the minor must be completed with a grade of C- or better. Six hours must be taken at the 3000 level or above. At least three elective credits at any level must be selected from the list of Cultural Anthropology courses, and at least three elective credits must be selected from the list of Archaeology courses below. Other relevant UMSL courses may be included as electives with prior approval of the program coordinator.

| | | |
|-------------------------------|--|---|
| ANTHRO 1005 | Introduction to Human Evolution | 4 |
| Cultural Anthropology Courses | | |
| Choose one of the following: | | 3 |
| ANTHRO 1011 | Introduction to Cultural Anthropology (MOTR ANTH 201) | |
| ANTHRO 1021 | The Body in Culture | |
| ANTHRO 1025/ HIST 1076 | World Cultures and History | |
| ANTHRO 1041 | Sex and Gender Across Cultures | |
| ANTHRO 2104 | Medicine in Culture and History | |
| ANTHRO 2106 | Past, Present, and Future of Pandemics | |
| ANTHRO 2150 | Zombies, Vampires, and Monsters: The Supernatural in Popular Culture | |
| Archeology Courses | | |
| Choose one of the following: | | 3 |
| ANTHRO 1033 | World Archaeology | |
| HIST 1034 | Introduction to Ancient Egypt and Its Civilization | |
| ANTHRO 1037 | The Wonders of Greece: Introduction to Greek History and Culture | |
| ANTHRO 2109 | Archaeological Field School | |
| ANTHRO 3241 | Myths and Monuments | |
| ANTHRO 3246 | Medicine and Disease in the Ancient World | |
| ANTHRO 3290 | Advanced Topics in Archaeology | |

| | | |
|-------------------------------------|--|-----------|
| HIST 3032 | China's Rise: From the Opium Wars to Global Superpower | |
| ANTHRO 4314 | The Archaeology of Death | |
| Electives | | |
| Two ANTHRO courses at 3000 or above | | 6 |
| Total Hours | | 16 |

Applied Behavior Analysis Graduate Certificate

Required Foundation Courses

Students are required to complete the following courses within the first 15 hours of study.

| | | |
|--------------------|--|----------|
| SPEC ED 6641 | Basic Principles and Concepts of Behavior Analysis | 3 |
| SPEC ED 6642 | Behavior Assessment | 3 |
| SPEC ED 6643 | Research Methods in Applied Behavior Analysis | 3 |
| Total Hours | | 9 |

Required Courses

Students are required to complete the following courses.

| | | |
|--------------------|---|-----------|
| SPEC ED 6644 | Behavior Interventions in Applied Behavior Analysis | 3 |
| SPEC ED 6645 | Ethics and Professionalism in Applied Behavior Analysis | 3 |
| SPEC ED 6646 | Verbal Behavior Concepts and Applications | 3 |
| SPEC ED 6647 | Advanced Concepts and Principles in Behavior Analysis | 3 |
| SPEC ED 6648 | Behavior-Based Consultation and Supervision | 3 |
| Total Hours | | 15 |

Required Practicum Courses

Through the course of five semesters, students are required to completed practicum courses in order to accrue the minimal hours of supervised experience required by the BACB to qualify for the BCBA exam.

| | | |
|--------------------|--|-----------|
| SPEC ED 6651 | Practicum I in Applied Behavior Analysis | 2 |
| SPEC ED 6652 | Practicum II in Applied Behavior Analysis | 2 |
| SPEC ED 6653 | Practicum III in Applied Behavior Analysis | 2 |
| SPEC ED 6654 | Practicum IV in Applied Behavior Analysis | 2 |
| SPEC ED 6655 | Practicum V in Applied Behavior Analysis | 2 |
| Total Hours | | 10 |

Applied Behavior Analysis MS

Admission Requirements

Applicants must meet the general graduate admission requirements of the Graduate School, described in the UMSL Bulletin. Students are considered for admission to the graduate program in Applied Behavioral Analysis only after they have formally applied for admission through the Graduate School. Applications may be completed on-line.

In addition to Graduate School admission requirements, the following requirements apply:

- An undergraduate degree with a minimum cumulative GPA of 3.0
- Letter of Intent/Statement of Purpose (1-2 pages)
- One Letter of Reference

Degree Requirements

To earn an M.S. in Applied Behavior Analysis, students must complete at least 23 credit hours of graduate-level course work, 10 credit hours of practicum experience, and at least 6 credit hours of Thesis Research for which students will be required to write and defend a thesis.

Required Foundation Courses

Students are required to complete the following courses within the first 15 credit hours of study.

| | | |
|--------------------|--|----------|
| SPEC ED 6641 | Basic Principles and Concepts of Behavior Analysis | 3 |
| SPEC ED 6642 | Behavior Assessment | 3 |
| SPEC ED 6643 | Research Methods in Applied Behavior Analysis | 3 |
| Total Hours | | 9 |

Required Courses

Students are required to complete the following courses.

| | | |
|--------------------|---|-----------|
| SPEC ED 6644 | Behavior Interventions in Applied Behavior Analysis | 3 |
| SPEC ED 6645 | Ethics and Professionalism in Applied Behavior Analysis | 3 |
| SPEC ED 6646 | Verbal Behavior Concepts and Applications | 3 |
| SPEC ED 6647 | Advanced Concepts and Principles in Behavior Analysis | 3 |
| SPEC ED 6648 | Behavior-Based Consultation and Supervision | 3 |
| Total Hours | | 15 |

Required Practicum Courses

Through the course of five semesters, students are required to complete practicum courses in order to accrue the minimal hours of supervised experience required by the BACB to qualify for the BCBA exam.

| | | |
|--------------|---|---|
| SPEC ED 6651 | Practicum I in Applied Behavior Analysis | 2 |
| SPEC ED 6652 | Practicum II in Applied Behavior Analysis | 2 |

| | | |
|--------------------|--|-----------|
| SPEC ED 6653 | Practicum III in Applied Behavior Analysis | 2 |
| SPEC ED 6654 | Practicum IV in Applied Behavior Analysis | 2 |
| SPEC ED 6655 | Practicum V in Applied Behavior Analysis | 2 |
| Total Hours | | 10 |

Required Research Courses

Students take a minimum of 6 thesis credit hours (no more than 3 per semester) starting in year two of the program.

| | | |
|--------------------|-------------------------------------|----------|
| SPEC ED 6661 | Thesis in Applied Behavior Analysis | 6 |
| Total Hours | | 6 |

Thesis Requirement

Students are required to complete a total of 6 credit hours of thesis. The student will engage in sustained and self-motivated study through the research process, conferring with advisors, and drafting and revising a manuscript. The thesis proposal must be approved by the committee and successfully defended. A committee chair will be identified, who will consult with the student on selecting two other members for the committee.

Students will work with their committee chair to identify a thesis project such as the following but not limited to a literature review, a scholarly tutorial, or an empirical study. The thesis project should be a scholarly work related to behavior analysis.

Students are expected to follow all other general requirements of the Graduate School regarding master's degree and thesis requirements.

Applied Econometrics and Data Analysis Undergraduate Certificate

Those with economics degrees are in high demand in a large number of occupations, whether in business or government; students with advanced econometrics skills who understand how to apply these techniques in real-world settings are in even higher demand. This Certificate in Applied Econometrics and Data Analysis is designed to provide the education needed for employment in analysis positions in business or government. The Certificate is a valuable credential for economics majors with a quantitative focus, (applied) math majors, and selected students from other social sciences.

The Certificate consists of 6 courses met through 3 required courses and 3 electives which must be selected from the list below. At least 4 of these courses must be completed in residency at UMSL. (Note that all of these courses have prerequisites that the student must complete before taking the selected course.)

Required Courses

| | | |
|--------------|--|---|
| ECON 4100 | Introduction to Econometrics | 4 |
| ECON 4110 | Applied Econometrics | 4 |
| ECON 4120 | Time Series Econometrics for Economics and Finance | 4 |
| or ECON 4130 | Business and Economic Forecasting | |

Electives

The remaining 3 electives must come from the following list: 9-10

| | |
|--------------|---|
| ECON 4040 | Booms and Busts in the Economy: Data and Theory |
| ECON 4120 | Time Series Econometrics for Economics and Finance (if course not used above) |
| ECON 4130 | Business and Economic Forecasting (if course not used above) |
| ECON 4160 | Geospatial Analysis in the Social Sciences |
| MATH 4200 | Mathematical Statistics I |
| MATH 4210 | Mathematical Statistics II |
| POL SCI 4040 | Survey Research Practicum in Political Science |
| PSYCH 4365 | Psychological Testing and Assessment |
| SOC 4040 | Survey Research Practicum for Sociology |
| SOC 3221 | Qualitative Methods in Social Research |
| SOC 4312 | Sociology of Wealth and Poverty |

Learning Outcomes

Upon completion of the program, certificate earners will be able to:

- Use statistical software to estimate, analyze, and interpret economic relationships applying regression analysis techniques to data.
- Develop appropriate econometric models using real-world data to make management or policy recommendations in a variety of professional settings.
- Apply key concepts of estimation and forecasting in a time series context.

Applied Psychology of Child Advocacy Studies BA

General Education Requirements

Majors must satisfy the university and college General Education curricular requirements (p. 30). Selected courses in Psychology and Child Advocacy Studies may be used to meet General Education Social and Behavioral Sciences requirements.

Foreign Language Requirement

Candidates for the B.A. are required to satisfactorily complete 13 credit hours in one foreign language.

Degree Requirements

Core

| | | |
|--------------------------------------|---|---|
| CAST 1000 | Introduction to Child Advocacy Studies | 3 |
| PSYCH 1003 | General Psychology (MOTR PSYC 100) | 3 |
| Choose one of the following courses: | | 3 |

Artificial Intelligence Graduate Certificate

The graduate certificate in Artificial Intelligence is a four-course (12 credit hour) program. It provides skills and training necessary to start and/or advance in the growing areas of AI, with a range of electives to focus more specifically in one's desired direction of study. All students must take two required courses and two electives.

A minimum of three courses must be taken from UMSL. A maximum of two courses can be used from the 4000-level. Courses may be substituted with the permission of the certificate coordinator. For more information, students can contact the department chair or email info@arch.umsl.edu.

| | | |
|------------------------------|--|----|
| Required Courses | | |
| CMP SCI 5130 | Advanced Data Structures and Algorithms | 3 |
| CMP SCI 5300 | Artificial Intelligence | 3 |
| Elective Courses | | 6 |
| Choose two of the following: | | |
| CMP SCI 4610 | Database Management Systems | |
| CMP SCI 5151 | Statistical Methods for Data Science | |
| CMP SCI 5320 | Evolutionary Computation | |
| CMP SCI 5340 | Machine Learning | |
| CMP SCI 5342 | Data Mining | |
| CMP SCI 5370 | Biological Data Science | |
| CMP SCI 5390 | Deep Learning | |
| CMP SCI 5420 | Digital Image Processing and Computer Vision | |

| CMP SCI 6340 | Genetic Programming | |
| Total Hours | | 12 |

Artificial Intelligence Undergraduate Certificate

The undergraduate certificate in Artificial Intelligence is a five-course (15 credit hour) program. It provides skills and training necessary to start or progress in the growing areas of AI, with a range of electives to focus more specifically in one's desired direction of study. A minimum GPA of 2.5 is required for admission.

A minimum of three courses must be taken from UMSL. Courses may be substituted with the permission of the certificate coordinator. For

more information, students can contact the department chair or email info@arch.edu.

Required Courses

| | | |
|--------------|---|---|
| CMP SCI 3130 | Design and Analysis of Algorithms | 3 |
| CMP SCI 4300 | Introduction to Artificial Intelligence | 3 |

Electives

Choose three of the following courses: 9

| | | |
|--------------|--|--|
| CMP SCI 4151 | Introduction to Statistical Methods for Data Science | |
| CMP SCI 4320 | Introduction to Evolutionary Computation | |
| CMP SCI 4340 | Introduction to Machine Learning | |
| CMP SCI 4342 | Introduction to Data Mining | |
| CMP SCI 4370 | Introduction to Biological Data Science | |
| CMP SCI 4390 | Introduction to Deep Learning | |
| CMP SCI 4420 | Introduction to Digital Image Processing and Computer Vision | |
| CMP SCI 4610 | Database Management Systems | |

Total Hours 15

Athletic Coaching Minor

The Athletic Coaching minor is intended for those who would like to work with youth in a variety of sport settings, in either school or non-school settings. The following courses are required:

| | | |
|--------------|---|---|
| HLTH PE 3275 | Psychological Aspects of Physical Education | 3 |
| HLTH PE 3280 | Human Anatomy and Physiology | 4 |
| HLTH PE 3285 | Safety and Emergency Care for Health and Physical Education | 3 |
| PHY ED 3283 | Kinesiology | 3 |
| PHY ED 3287 | Seminar in Exercise Science | 3 |
| HLTH PE 3284 | Physiology of Human Exercise | 3 |
| EDUC 4989 | Internship I | 3 |

Total Hours 22

Auditing Graduate Certificate

The Certificate Program in Auditing provides students with the knowledge and judgment needed to conduct audits of for-profit, not-for-profit, and government entities. Concepts associated with independent audits, systems audits, controls evaluations, internal audits, and operational audits are examined.

Admission Requirements

Applicants must meet general University of Missouri-St. Louis Graduate School admissions requirements.

Certificate Requirements

All course prerequisites and all course waivers are applicable. Substitute courses may be approved by the appropriate department chairperson and the Director of Graduate Business Programs. All 12 credit hours taken as part of this certificate transfer to the MBA degree program.

Required Courses

| | | |
|-------------|-----------------------------|---|
| ACCTNG 4435 | Auditing | 3 |
| ACCTNG 5435 | Graduate Topics in Auditing | 3 |

Electives

Select two of the following courses: 6

| | | |
|-------------------------------|---|--|
| ACCTNG 5402 or ACCTNG 5406 | Professional Accounting Research Research and Professional Writing in Accounting | |
| ACCTNG 5408 | Fraud Examination | |
| ACCTNG 5436 | Systems Auditing | |

Total Hours 12

Autism Studies Graduate Certificate

The mission of the certificate program is:

- To improve current preparation of teachers and related educational practitioners in the greater St. Louis area with dedicated coursework that increases program participants' understanding and skills necessary to providing comprehensive and holistic programming (in areas of academic, social, functional, and life skills) that addresses the unique characteristics of individuals with Autism.
- To provide contemporary, best practices-based preparation of professionals who specialize in the treatment of individuals with autism spectrum disorders (ASD) and/or who work collaboratively with school personnel to recognize and follow the ASD profile that best educates the students
- To gain greater understanding of challenges faced by families of individuals with ASD
- To prepare personnel to educate and support individuals with ASD, which includes autism, Asperger Syndrome, and other pervasive developmental disorders
- To address the complex needs of students with ASD, including those who require intensive and highly individualized programs, to those who require less intensive modifications to succeed in their educational, functional, and life goals
- To increase the current body of scholarly and applied knowledge pertaining to the science and practice in areas of cognitive disability studies.

Required Courses

| A. Special Education Concentration I: 9 hours ¹ | | |
|---|--|---|
| SPEC ED 6415 | Disability Law and Policy | 3 |
| SPEC ED 6437 | Applied Behavior Analysis: Functional Assessment and Interventions | 3 |
| ED PSY 6545 | Consultation in Schools and Related Settings | 3 |
| B. Autism and Developmental Disabilities Concentration II: 9 hours | | |
| SPEC ED 6430 | Characteristics and Education of Individuals with Low-Incidence Disabilities | 3 |
| SPEC ED 6610 | Foundations of Autism Spectrum Disorder: Research to Practice | 3 |

| | | |
|--------------|---|---|
| SPEC ED 6620 | Assessment and Interventions for Children and Youth with Autism Spectrum Disorder | 3 |
|--------------|---|---|

¹ The first three courses in the autism certificate are the same as those in the M.Ed. Special Education Concentration I.

Total Hours: Minimum 18 credit hours

Biochemistry and Biotechnology BS

The mission of the Biochemistry and Biotechnology Program is to provide students with a solid foundation in both chemistry and biology, as well as specialized training in the rapidly growing fields of biochemistry and biotechnology. Faculty members in this program are engaged in teaching and research in a broad range of areas, including genetics and molecular biology, microbiology and immunology, and protein biochemistry and biophysics. Students have the opportunity through coursework, laboratories, seminars, and research experience to develop the knowledge and skills necessary to enter the workforce or to continue with further graduate education.

Degree Requirements

General Education Requirements

Students must satisfy the university and college general education requirements. Some math or science courses required for the major may be used to meet the science and mathematics requirement of the university. There is no foreign language requirement for the degree.

All Biochemistry & Biotechnology majors are required to take a capstone seminar (either CHEM 4797 or BIOL 4797) during the semester in which they plan to graduate (the winter semester for students graduating in the summer). Students may not receive credit for both CHEM 4797 and BIOL 4797.

Satisfactory/Unsatisfactory Option

Up to 18 credit hours may be taken on a satisfactory /unsatisfactory (s/u). Excluded from this option are required courses in biology, chemistry, physics, and mathematics.

Non-major Biology or Chemistry courses

Courses in Biology with a number less than 1800 and courses in Chemistry with a number less than 1100 do not count toward the credit hours required for a major in biochemistry and biotechnology.

Research for Credit

A maximum of 3 credit hours from any combination of BIOL 4905 and CHEM 3905 may be applied toward the Biochemistry & Biotechnology program. This provides an opportunity to gain research experience under the supervision of a faculty member. The project will normally include a review of the literature, laboratory experience and a final research report.

Transfer of Credit from Saint Louis Community Colleges

Students transferring BIO 219 and BIO 220 from Saint Louis Community Colleges will not have to complete BIOL 4614. However, they will have

to take an additional 3 credit hours of Biochemistry and Biotechnology Elective coursework.

Biology Core Courses

| | | |
|-----------|--|---|
| BIOL 1831 | Introductory Biology: From Molecules to Organisms (MOTR BIOL 150L) | 5 |
| BIOL 2012 | Genetics | 3 |
| BIOL 2013 | Genetics Laboratory | 2 |
| BIOL 2482 | Microbiology | 3 |
| BIOL 2483 | Microbiology Laboratory | 2 |
| BIOL 3622 | Cell Biology | 3 |

Chemistry Core Courses

| | | |
|-----------|---|---|
| CHEM 1111 | Introductory Chemistry I (MOTR CHEM 150L) | 5 |
| CHEM 1121 | Introductory Chemistry II | 5 |
| CHEM 2223 | Quantitative Analysis in Chemistry | 4 |
| CHEM 2612 | Organic Chemistry I | 3 |
| CHEM 2622 | Organic Chemistry II | 3 |
| CHEM 2633 | Organic Chemistry Laboratory | 2 |
| CHEM 3302 | Physical Chemistry for The Life Sciences | 3 |

Math and Physics Core Courses

| | | |
|--------------|----------------------------------|---|
| MATH 1030 | College Algebra (MOTR MATH 130) | 3 |
| MATH 1035 | Trigonometry | 2 |
| MATH 1100 | Basic Calculus | 3 |
| or MATH 1800 | Analytic Geometry and Calculus I | |
| PHYSICS 1011 | Basic Physics I | 3 |
| PHYSICS 1012 | Basic Physics II | 3 |

Biochemistry and Biotechnology Core Courses

| | | |
|--------------|---|---|
| BIOL 4602 | Molecular Biology (Courses not taken to fulfill the requirement, may be used as an elective) | 3 |
| or BIOL 4608 | Synthetic Biology | |
| or BIOL 4632 | Nucleic Acid Structure and Function | |
| or BIOL 4642 | Plant Molecular Biology and Biotechnology | |
| BIOL 4614 | Biotechnology Laboratory I | 4 |
| CHEM 4712 | Biochemistry | 3 |
| CHEM 4733 | Biochemistry Laboratory | 2 |
| CHEM 4722 | Advanced Biochemistry | 3 |
| BIOL 4797 | Biochemistry and Biotechnology Seminar (Students may not receive credit for both BIOL 4797 and CHEM 4797) | 1 |
| or CHEM 4797 | Biochemistry and Biotechnology Seminar | |

Biochemistry and Biotechnology Elective Courses

| | | |
|------------------------------|---|---|
| Select two of the following: | | 6 |
| BIOL 3699 | Undergraduate Internship in Biotechnology | |
| BIOL 4442 | Developmental Biology | |
| BIOL 4550 | Bacterial Pathogenesis | |
| BIOL 4602 | Molecular Biology | |
| BIOL 4608 | Synthetic Biology | |
| BIOL 4615 | Biotechnology Laboratory II | |

| | |
|--------------------|--|
| BIOL 4622 | Cellular Basis of Disease |
| BIOL 4632 | Nucleic Acid Structure and Function |
| BIOL 4642 | Plant Molecular Biology and Biotechnology |
| BIOL 4652 | Virology |
| BIOL 4842 | Immunobiology |
| BIOL 4905 | Research (must be supervised by Biochemistry and Biotechnology faculty) |
| BIOL 4920 | Selected Topics in Biology (when relevant) |
| CHEM 3643 | Advanced Organic Chemistry Laboratory |
| CHEM 3905 | Chemical Research (must be supervised by Biochemistry and Biotechnology faculty) |
| CHEM 4772 | Physical Biochemistry |
| CHEM 4774 | Introduction to Bioinformatics |
| Total Hours | 79 |

Electives

Recommendations include basic statistics (MATH 1320), computer science, public speaking (COMM 1040), foreign language, ethics, and undergraduate research.

Minor in Biology

Students who complete the B.S. degree in Biochemistry and Biotechnology may also obtain a minor in biology by completing BIOL 1821, Introductory Biology : Organisms and the Environment. The minor must be approved by the chair of the Department of Biology. At least 9 hours of the biology course credits must be taken in residence at UMSL. Candidates must have a cumulative grade point average of 2.0 or better in the minor, and none of the courses may be taken on a satisfactory/unsatisfactory (S/U) basis.

Minor in Chemistry

Students who complete the B.S. degree in Biochemistry and Biotechnology will also fulfill the course requirements for a minor in Chemistry. A GPA of at least 2.0 is required for the courses presented for the minor. At least three courses toward the Chemistry minor must be completed at UMSL.

Program Learning Outcomes

Students often think of the physical and life sciences as areas in which one masters a collection of "scientific facts". However, an education in Biochemistry & Biotechnology involves much more than memorizing facts. Students in this program will develop a well-rounded set of competencies in several critical areas. These include:

- **Discipline-Specific Knowledge.** Graduates will demonstrate a clear understanding of the overriding principles and theorems within and between the primary content areas of chemistry, biology, and biochemistry, including the
 - Structure and function of the basic biological units of living organisms and their role in life and disease.
 - Information flow, exchange, and storage from parent to offspring or from parent cells to progeny cells.

- Organic reactions and physical chemical principles underlying metabolic reactions.
- Molecular mechanisms commonly used to regulate metabolic and cellular pathways.

- **Laboratory Skills.** Scientists not only learn the results of others, they work in the lab to generate new knowledge. Graduates will develop basic skills associated with performing laboratory experiments in chemistry, biology, and biochemistry following a broad introduction of commonly used equipment and procedures.
- **Critical thinking Skills.** Graduates will be able to formulate meaningful hypotheses and evaluate data critically, including an appreciation of the potential sources of error associated with laboratory measurements and an ability to troubleshoot technical issues.
- **Problem Solving Skills.** Graduates will be able to define and solve scientific problems. In part, this expands on laboratory skills, as students learn how to interpret and evaluate their data.
- **Translational Skills.** Graduates will be able to take general principles from various areas of chemistry, biochemistry, and biology and apply them towards solutions for novel and emerging biotechnology problems.
- **Communication Skills.** Scientists not only must be able to solve problems, they must also be able to communicate those solutions to others. Graduates of this program can present data in a clear and accurate manner. Graduates will be able to write scientific reports and make effective oral presentations of their results and ideas.
- **Scientific Literacy.** Scientists must be able to build on the previous work of others and to put their new results into the larger context of the field. Graduates will be able to find and retrieve information within the vast scientific literature in chemistry, biology, and biochemistry. Graduates will have the background knowledge necessary to read the literature and scientific information presented to the public with good comprehension and be able to critically evaluate reliability, accuracy, authority, and point of view or bias.
- **Professional Ethics.** Graduates will follow standard scientific practices, including honestly and objectively evaluating and reporting data and acknowledging the ideas and published work of others. In doing so, graduates will demonstrate an understanding and respect for the accepted standards of conduct associated with the profession.

Sample Four Year Plan

| First Year | | | |
|----------------------------------|-------|--------------------------------------|-------|
| Fall | Hours | Spring | Hours |
| INTDSC 1003 | | 1 CHEM 1111 | 5 |

| Elective or minor | 3 | | |
| 16 | | | 13 |
| Total Hours: 123 | | | |

¹ INTDSC 1003 is required only for first-time freshmen and transfer students with less than 24 college credits.

Please Note: This plan is an example of what a four year plan could look like for a typical student. Placement exam scores in math as well as the completion of coursework may change the plan. It should not be used in the place of regular academic advising appointments. All students are encouraged to meet with their advisor each semester. All requirements are subject to change

Biochemistry and Biotechnology BS/MS Dual Degree Program

The BS/MS ("2+3") BCBT program is an accelerated program that allows students of appropriate academic ability and maturity to complete both a B.S. and a M.S. in Biochemistry and Biotechnology in five years of full time study. The program allows students to apply 12 of the 30 M.S. credit hours towards the B.S. (per the approval of the College of Arts and Sciences), reducing the overall required hours for the two. Students will pay graduate credit hour tuition for all courses applied to the graduate degree. All other requirements for the B.S. and M.S. degrees remain in effect.

Admission Requirements

Students interested in this program must go through a two-step admission process. First, applicants for Provisional Status must have completed all courses in the biology, chemistry, math and physics cores of the B.S. BCBT program. CHEM 4712 Biochemistry must be in progress or completed prior to applying for Provisional Graduate status. Applicants should have completed all of the general education requirements. Applicants must also have a minimum G.P.A. of 3.0 (both overall and in science courses) and must submit at least two letters of recommendation (one instructor and one academic advisor is recommended).

The second step of the admission process is the transition from Provisional status to formal graduate status. Admission requirements for formal graduate status are the same as for the traditional MS program.

Awarding of Degrees

Both degrees (the B.S. and M.S.) will be awarded when all requirements for the entire program have been completed. In other words, the B.S. and M.S. degrees will be simultaneously awarded at the completion of study.

Students who officially withdraw from the BS/MS Dual BCBT Degree Program and who have successfully completed all of the requirements for the B.S. degree will be awarded the B.S. degree.

Biochemistry and Biotechnology MS

The Biochemistry and Biotechnology Program offers three types of Master of Science degrees.

Non-Thesis

One option is a 30-credit-hour non-thesis option suitable for those with laboratory research experience or for others, such as educators, who do not require research experience.

Thesis

The second option is 30 credit hours, but it includes laboratory-based research under the supervision of one of the program faculty members, leading to a written thesis. All students admitted to the graduate program are considered to be in the non-thesis program. They may transfer into the thesis program after they have been accepted as a thesis student by one of the faculty.

Professional Science

The third option is a 32-credit-hour Professional Science emphasis area that includes a strong business component for students who are interested in learning more about the business aspects of companies. This track may not be appropriate for students who are interested in pursuing a PhD or working primarily as laboratory scientists. For more information go to the Professional Science program page. (p. 407)

Admission Requirements

Applicants to the M.S. program must submit a completed application and personal data forms, and transcripts of all previous postsecondary academic work. Submission of Graduate Record Examination scores and letters of recommendation, although not required, will be considered. Admission as a regular graduate student requires graduation from an accredited college with a minimum grade point overall and in biology and chemistry courses of 3.0 (where A=4.0). Students will generally be expected to have completed a major in biology, chemistry, biochemistry or biotechnology. In addition to the Graduate School admission requirements, applicants should have completed undergraduate courses in biochemistry, organic chemistry, cell biology, and genetics. Applicants may be asked to make up any deficiencies in these areas as a condition of enrollment.

All international applicants, except those from countries where English is the primary language, must show English proficiency by submitting according to UMSL's International Student and Scholar Services requirements.

Degree Requirements

Both the thesis and non-thesis options require a total of 30 graduate credit hours, of which at least half must be at the 5000-level or above. A maximum of 12 credit hours of Graduate Research (BIOL 6905 or CHEM 6905) may be applied toward the thesis option and a maximum of 5

credit hours toward the non-thesis option. Students must have a 3.0 GPA in non-research courses.

Required Courses

| | | |
|--------------|--|---|
| CHEM 5722 | Advanced Graduate Biochemistry | 3 |
| CHEM 5774 | Bioinformatics | 3 |
| or BIOL 5436 | Advanced Applied Bioinformatics | |
| BIOL 6615 | Advanced Biotechnology Laboratory II | 4 |
| BIOL 6602 | Advanced Molecular Biology | 3 |

| BIOL 6905 | Graduate Research in Biology | |

| | |
|-----------|--|
| BIOL 6920 | Advanced Topics in Biology (when relevant) |
|-----------|--|

Total Hours 30

¹ Maximum of 3 credit hours between BIOL 5069, BIOL 5099, and CHEM 6787.

Biochemistry and Biotechnology MS, Professional Emphasis

This track requires a total of 32 graduate credit hours, of which at least half must be at the 5000-level or above. Students take 21 credit hours of science courses (Biology and Chemistry) and 9 hours in business courses. In addition, each student is required to take 2 credit hours of either an on-campus practicum course or an off-campus internship.

Required Courses in Biology and Chemistry

| | | |
|--------------|--------------------------------------|---|
| CHEM 5722 | Advanced Graduate Biochemistry | 3 |
| CHEM 5774 | Bioinformatics | 3 |
| or BIOL 5436 | Advanced Applied Bioinformatics | |

| BIOL 6920 | Advanced Topics in Biology | |
| Total Hours | | 32 |

¹ Maximum of 2 credit hours between BIOL 5069, BIOL 5099 and CHEM 6787.

² Can be taken for up to 2 credit hours in either CHEM 6905 or BIOL 6905. Students must have a 3.0 GPA in non-research courses.

Biochemistry and Biotechnology MS Accelerated Master's Degree

The Biochemistry and Biotechnology (BCBT) Program offers an Accelerated MS degree program that allows students to simultaneously earn their BS and their MS in BCBT. Students accepted to the Accelerated MS degree program will be permitted to count up to 9 credits toward both degrees.

Students are encouraged to work closely with their BCBT undergraduate advisor, the Accelerated MS advisor, and the BCBT Program Director to ensure that courses are timed appropriately to maximize their benefits. It is strongly recommended that students meet with the Accelerated MS advisor as soon as possible, ideally before their junior year.

Students in the Accelerated MS program will complete the MS through the non-thesis coursework path. The thesis MS and Professional Science MS programs cannot be combined with this program.

Eligibility

Students need to have fulfilled the core curriculum requirements for the Bachelor of Science degree prior to applying for the Accelerated MS program.

Biology Core Courses

| | | |
|-----------|--|---|
| BIOL 1831 | Introductory Biology: From Molecules to Organisms (MOTR BIOL 150L) | 5 |
| BIOL 2012 | Genetics | 3 |
| BIOL 2013 | Genetics Laboratory | 2 |
| BIOL 2482 | Microbiology | 3 |
| BIOL 2483 | Microbiology Laboratory | 2 |
| BIOL 3622 | Cell Biology | 3 |

Chemistry Core Course

| | | |
|-----------|---|---|
| CHEM 1111 | Introductory Chemistry I (MOTR CHEM 150L) | 5 |
| CHEM 1121 | Introductory Chemistry II | 5 |
| CHEM 2223 | Quantitative Analysis in Chemistry | 4 |
| CHEM 2612 | Organic Chemistry I | 3 |
| CHEM 2622 | Organic Chemistry II | 3 |
| CHEM 2633 | Organic Chemistry Laboratory | 2 |
| CHEM 3302 | Physical Chemistry for The Life Sciences | 3 |

Math and Physics Core Courses

| | | |
|--------------|----------------------------------|---|
| MATH 1030 | College Algebra (MOTR MATH 130) | 3 |
| MATH 1035 | Trigonometry | 2 |
| MATH 1100 | Basic Calculus | 3 |
| or MATH 1800 | Analytic Geometry and Calculus I | |
| PHYSICS 1011 | Basic Physics I | 3 |
| PHYSICS 1012 | Basic Physics II | 3 |

Admission Requirements

Provisional Admission

Applicants are considered for provisional admission if they meet the following criteria.

- Earned 60 hours as an undergraduate
- Have a minimum GPA of 3.0 with a B or better in all core courses listed above
- Have approval from both their BCBT undergraduate advisor and BCBT Program Director

It is recommended to apply for provisional status as a junior, preferably in the first semester of junior year.

Graduate course options for Provisional students are listed below. Courses completed by undergraduate students who have been provisionally admitted to the Accelerated MS program can count towards both their BS and MS degrees. Courses in this phase will be charged at the undergraduate tuition rate; however, these courses will count toward the master's degree. Courses must be approved before the semester starts. Any 4000-level course taken before admission to the Accelerated MS program will apply to the undergraduate requirements only.

Seniors who have earned more than 105 credit hours cannot be considered for the Accelerated MS degree program.

Graduate Admission

Applicants are considered for graduate admission with the following criteria.

- Are in their final semester in undergraduate status
- Have a minimum GPA of 3.0 since being granted provisional status
- Submitted at least one positive recommendation letter from an UMSL BCBT faculty member
- Submitted to the BCBT Program Director a statement of purpose explaining why an advanced degree in BCBT is of interest and why the applicant merits consideration
- Have met with the BCBT Accelerated MS advisor

Based on the above information, the BCBT undergraduate advisor, Accelerated MS advisor and Program Director will determine whether the student can apply for graduate admission. The final decision concerning graduate admission is made by the BCBT Program Director and the Graduate School. Students admitted to the graduate program must take graduate courses until the completion of the MS degree.

Completing the BS and MS Degrees

To finish the BCBT BS degree, a student must also complete the following requirements.

Biochemistry and Biotechnology Core Courses

Choose one of the following: 3

| | | |
|----------------|--|---|
| BIOL 4602/6602 | Molecular Biology (upper level Molecular Biology or equivalent course required for MS) | 3 |
| BIOL 4608/6608 | Synthetic Biology | |
| BIOL 4632/6632 | Nucleic Acid Structure and Function | |
| BIOL 4642/6642 | Plant Molecular Biology and Biotechnology | |
| BIOL 4614 | Biotechnology Laboratory I | 4 |
| CHEM 4712 | Biochemistry | 3 |
| CHEM 4733 | Biochemistry Laboratory | 2 |
| CHEM 4722 | Advanced Biochemistry (Chem 5722 required for MS) | 3 |
| or CHEM 5722 | Advanced Graduate Biochemistry | |
| BIOL 4797 | Biochemistry and Biotechnology Seminar | 1 |
| or CHEM 4797 | Biochemistry and Biotechnology Seminar | |

Biochemistry and Biotechnology Elective Courses

Choose two of the following courses: 6

| | | |
|--------------|---|--|
| CHEM 4772 | Physical Biochemistry | |
| or CHEM 5772 | Advanced Physical Biochemistry | |
| CHEM 4774 | Introduction to Bioinformatics | |
| or CHEM 5774 | Bioinformatics | |
| CHEM 5302 | Foundations of Physical Chemistry | |
| CHEM 5602 | Advanced Organic Chemistry I - Physical Organic | |
| CHEM 5694 | Special Topics in Organic Chemistry | |
| CHEM 5794 | Special Topics in Biochemistry | |
| CHEM 6787 | Problem Seminar in Biochemistry | |
| BIOL 4442 | Developmental Biology | |
| or BIOL 6442 | Advanced Developmental Biology | |
| BIOL 4550 | Bacterial Pathogenesis | |
| or BIOL 6550 | Advanced Bacterial Pathogenesis | |
| BIOL 4602 | Molecular Biology | |
| or BIOL 6602 | Advanced Molecular Biology | |
| BIOL 4608 | Synthetic Biology | |
| or BIOL 6608 | Advanced Synthetic Biology | |
| BIOL 4615 | Biotechnology Laboratory II (BIOL 6615 required for MS) | |
| or BIOL 6615 | Advanced Biotechnology Laboratory II | |
| BIOL 4622 | Cellular Basis of Disease | |
| or BIOL 6622 | Advanced Cellular Basis of Disease | |
| BIOL 4632 | Nucleic Acid Structure and Function | |
| or BIOL 6632 | Advanced Nucleic Acid Structure and Function | |
| BIOL 4642 | Plant Molecular Biology and Biotechnology | |
| or BIOL 6642 | Advanced Plant Biology and Biotechnology | |
| BIOL 4842 | Immunobiology | |
| BIOL 4905 | Research ((must be supervised by BCBT faculty)) | |
| BIOL 4920 | Selected Topics in Biology (when relevant) | |

| | | |
|--------------|--|--|
| or BIOL 6920 | Advanced Topics in Biology | |
| CHEM 3905 | Chemical Research (must be supervised by BCBT faculty) | |
| CHEM 3643 | Advanced Organic Chemistry Laboratory | |
| BIOL 5012 | Advanced Genetics | |

Total Hours 22**Courses for both BS and MS Credit**

The following Biology or Chemistry courses can count toward both the BCBT BS and BCBT MS degree, up to a maximum of 9 credit hours.

| | | |
|-----------|--|---|
| CHEM 4733 | Biochemistry Laboratory | 2 |
| CHEM 5302 | Foundations of Physical Chemistry | 3 |
| CHEM 5602 | Advanced Organic Chemistry I - Physical Organic | 3 |
| CHEM 5694 | Special Topics in Organic Chemistry | 1 |
| CHEM 5722 | Advanced Graduate Biochemistry | 3 |
| CHEM 5772 | Advanced Physical Biochemistry (CHEM 5722 required for MS) | 3 |
| CHEM 5774 | Bioinformatics ¹ | 3 |
| CHEM 5794 | Special Topics in Biochemistry | 1 |
| CHEM 6787 | Problem Seminar in Biochemistry | 1 |
| BIOL 4842 | Immunobiology | 3 |
| BIOL 5012 | Advanced Genetics | 3 |
| BIOL 5436 | Advanced Applied Bioinformatics ¹ | 3 |
| BIOL 6442 | Advanced Developmental Biology | 3 |
| BIOL 6550 | Advanced Bacterial Pathogenesis | 3 |
| BIOL 6602 | Advanced Molecular Biology | 3 |
| BIOL 6608 | Advanced Synthetic Biology | 3 |
| BIOL 6615 | Advanced Biotechnology Laboratory II | 4 |
| BIOL 6622 | Advanced Cellular Basis of Disease | 3 |
| BIOL 6632 | Advanced Nucleic Acid Structure and Function | 3 |
| BIOL 6642 | Advanced Plant Biology and Biotechnology | 3 |
| BIOL 6652 | Advanced Virology | 3 |
| BIOL 6920 | Advanced Topics in Biology | 1 |

¹ One Bioinformatics course is required for the MS.

Other courses may be allowed upon approval of the Graduate Program Director.

Awarding of Degrees

The undergraduate degree will be awarded when the student meets the requirements for the BS degree, including at least 120 total credit hours, completion of the BCBT core, electives, and laboratory requirements, and completion of the associated requirements. The student must work with the undergraduate advisor and/or the Accelerated MS advisor to apply to graduate. In their final semester in undergraduate status, the student must apply and be admitted to the graduate program to begin the following semester.

The graduate degree will be awarded when the student meets the requirements for the MS degree, including at least 30 credit hours of coursework at the graduate level. The student must work with the Accelerated MS advisor and Program Director to apply to graduate.

If the student fails to enroll for more than one year after receiving the bachelor's degree, the student can still earn the master's degree, but the graduate-level credits earned as an undergraduate cannot be used for the graduate degree.

Biochemistry Graduate Certificate

The graduate Certificate in Biochemistry is 12-credit-hour program. It provides skills and training necessary to advance in the area of biochemistry, which deals with the structure, composition, and chemical reactions of substances in living systems. Biochemistry includes bioorganic, bioinorganic and biophysical chemistry. The Certificate requires three biochemistry lecture courses (each three credits) and three credits of elective courses. All students must take these three required courses and three credits of elective course, subject to the Graduate School regulations.

A minimum of three of the courses must be taken at UMSL. Research credits must be taken at UMSL. Courses may be substituted with the permission of the Certificate coordinator. For more information, students can contact the Department of Chemistry and Biochemistry.

Certificate applicants must meet the general University of Missouri-St. Louis Graduate School admissions requirements to be admitted to the Certificate program. Students admitted to the Chemistry M.S. program are automatically eligible to pursue the Certificate; however, they must apply separately to the Certificate program. Students must maintain a minimum GPA of 3.0 to remain in the Certificate program. The certificate is awarded after completion of the 12 credit hours of courses listed below. Students must apply to be awarded the Certificate. Courses taken while enrolled as an undergraduate may not be repeated nor will they count towards the Certificate.

This 12-credit-hour certificate program also counts toward the 30-credit-hour Master of Science in Chemistry degree program requirements. Students may choose to combine this certificate with other courses and/or certificates to obtain the Master of Science in Chemistry degree.

Required Courses

| | | |
|-----------|--------------------------------|---|
| CHEM 5722 | Advanced Graduate Biochemistry | 3 |
| CHEM 5772 | Advanced Physical Biochemistry | 3 |
| CHEM 5774 | Bioinformatics | 3 |

Elective Courses

Choose a total of 3 credit hours from the following:

| | |
|-----------|---|
| CHEM 5794 | Special Topics in Biochemistry |
| CHEM 4733 | Biochemistry Laboratory |
| CHEM 6787 | Problem Seminar in Biochemistry |
| CHEM 6905 | Graduate Research in Chemistry ¹ |

¹ If CHEM 6905 is chosen, the research project must be in biochemistry.

Learning Outcomes

Upon completion of the program, certificate earners will be able to:

- Demonstrate an in-depth knowledge in protein, nucleic acid and membrane biochemistry, as well as biophysical chemistry or computational biology.
- Take responsibility for the success of projects associated with biochemistry.

Bioethics Graduate Certificate

The Graduate Certificate in Bioethics blends the missions and values of the medical field and social work for equitable service provision, knowledgeable development of ethical policies and just professional decision making at the institutional, local, or state level. This program provides an interdisciplinary exploration of bioethical issues that arise in health care, biological sciences and emerging technologies. It is most applicable to students with interests in nursing, social work, law, public policy, public health, philosophy, and theology.

Admission Requirements

Applicants must meet general University of Missouri-St. Louis Graduate School admission requirements.

Certificate Requirements

Core

| | | |
|--------------|-----------------------------|---|
| PHIL 4435 | Classical Ethical Theory | 3 |
| or PHIL 4438 | Recent Ethical Theory | |
| PHIL 5558 | Current Issues in Bioethics | 3 |

Electives

Choose two of the following:

| | |
|-------------|--|
| SOC WK 6443 | Health Care Policy (required for MSW students) |
| NURSE 4900 | Ethics and Values in Population Health |
| PHIL 5530 | Seminar in Social and Political Philosophy |
| SOC WK 6630 | Diagnosis and Related Pharmacology for Social Work Practice |
| SOC WK 4755 | Poverty, Human Rights, and Social Justice |
| SOC WK 5635 | Social Work Practice with LGBT Populations: Deconstructing the Alphabet Soup |
| SOC WK 6645 | Social Work in Healthcare Settings |

Total Hours

No more than 6 total credits can be earned through courses at the 4000 level.

Additional elective courses can be included with the approval of the Bioethics program coordinator.

Learning Outcomes

Upon completion of the program, graduates will be able to:

- Identify and deconstruct bioethical problems in health care, systems, policies, and laws

- Apply ethical principles, norms, and theories in ethically complex situations to facilitate open and informed discussion among multiple stakeholders
- Apply ethical theories and methods to real-world bioethical dilemmas
- Describe the essential theories and methods that underpin the ethics of public health, clinical care, science, and research
- Identify and describe basic clinical concepts and processes in nursing and social work as well as connect them to present and future bio-ethical dilemmas

Biology BA

The B.A. degree in biology is designed to prepare students for basic technical positions and graduate studies in the life sciences. Candidates for the degree have the same core courses and general education requirements as those seeking the Bachelor of Science degree, but with less emphasis on science electives and more emphasis on liberal arts.

General Education Requirements

Students must satisfy the university and college general education requirements (p. 30). Some Biology courses may be used to meet the science and mathematics requirement of the university.

Candidates for the B.A. degree must fulfill the foreign language requirement of the College of Arts and Sciences. There is no foreign language requirement for the B.S. degree.

Satisfactory/Unsatisfactory Option

Up to 18 credit hours may be taken on a satisfactory/ unsatisfactory (s/u) basis. Excluded from this option are required courses in biology, chemistry, physics, and mathematics.

Non-major Biology Courses

The following 1000 level biology courses do not count toward the biology credit hours required for a major in biology. Moreover, if biology majors take these courses, they are treated as biology courses when computing the 70 credit hours outside of biology needed to be included in the 120 total credit hours required for graduation.

| | | |
|-----------|--|---|
| BIOL 1012 | General Biology: The Science of Life (MOTR BIOL 100) | 3 |
| BIOL 1013 | General Biology Laboratory: The Science of Life | 1 |
| BIOL 1102 | Human Biology (MOTR LIFS 150) | 3 |
| BIOL 1131 | Human Physiology and Anatomy I | 4 |
| BIOL 1141 | Human Physiology and Anatomy II | 4 |
| BIOL 1110 | Nutrition in Health | 3 |
| BIOL 1150 | Concepts in Health and Wellness | 3 |
| BIOL 1162 | General Microbiology | 3 |
| BIOL 1202 | Environmental Biology | 3 |

Degree Requirements

The B.A. degree provides maximum flexibility for biology majors to pursue an undergraduate liberal arts course of study that can lead to professional careers in the life sciences. Candidates must have a cumulative grade point average of 2.0 or better in biology courses. Candidates must also earn a minimum grade of C- in all core courses.

A minimum of 18 hours at or above the 2000 level, including one laboratory and one 4000 level elective, must be taken in residence in the UMSL Department of Biology in order to receive a B.A. degree from the College of Arts and Sciences with a major in biology.

Lecture and Seminar Course Requirements

The following biology courses or their equivalents are required:

| Core | | |
|------------------------------|--|--------------|
| BIOL 1800 | Introduction to the Biology Major | 1 |
| BIOL 1821 | Introductory Biology: Organisms and the Environment (MOTR BIOL 150LEC) | 5 |
| BIOL 1831 | Introductory Biology: From Molecules to Organisms (MOTR BIOL 150L) | 5 |
| BIOL 2012 | Genetics | 3 |
| BIOL 3302 | Evolution | 3 |
| BIOL 3622 | Cell Biology | 3 |
| Capstone | | 2-3 |
| Select one of the following: | | |
| BIOL 4889 | Senior Seminar | |
| SEC ED 4985 | Curriculum and Methods of Teaching Life Sciences | |
| Total Hours | | 22-23 |

Elective Courses

Four additional biology lecture courses at the 2000 level or higher are required. They may be selected from any of the lecture or lecture-laboratory courses offered. Selection of these courses should reflect the career interest of the student. Biochemistry CHEM 4712 can also be used toward satisfying this requirement.

At least two of these courses must be at the 4000 level or higher with at least one taken in residence from the UMSL Department of Biology. No more than one of these higher-level courses can be used to fulfill other requirements (e.g. statistics requirements or biochemistry option).

Laboratory Course Requirements

Three biology laboratory courses at the 2000 level or higher are required. They may be taken from any of the lecture-laboratory or laboratory courses offered. Two credit hours of BIOL 3699, BIOL 4299, BIOL 4905, or BIOL 4915 (no combination of these courses allowed) can be used to fulfill one laboratory requirement. Students may take CHEM 4733 to satisfy one of these laboratory course requirements, but students may not use both BIOL 4713 and CHEM 4733 to fulfill this requirement.

Communication Skills

Courses in foreign languages and in writing are required for development of the basic communication skills needed to transmit scientific information. The following satisfy this requirement:

| Foreign Language | | |
|---|--|---|
| The foreign language requirement of the College of Arts & Sciences fulfills the departmental requirement. | | 3 |
| Writing | | |
| ENGL 3160 | Writing in the Sciences (strongly preferred) | 3 |

| | |
|--------------------|----------------------|
| or ENGL 3100 | Junior-Level Writing |
| Total Hours | 6 |

Associated Science Area

The following courses or their equivalents must be successfully completed in science areas related to biology:

| | | |
|---|--|--------------|
| PHYSICS 1011 | Basic Physics I | 3 |
| PHYSICS 1011L | Basic Physics I Laboratory | 1 |
| PHYSICS 1012 | Basic Physics II | 3 |
| PHYSICS 1012L | Basic Physics II Laboratory | 1 |
| CHEM 1111 | Introductory Chemistry I (MOTR CHEM 150L) | 5 |
| CHEM 1121 | Introductory Chemistry II | 5 |
| CHEM 2612 | Organic Chemistry I | 3 |
| MATH 1030 | College Algebra (MOTR MATH 130) | 3 |
| MATH 1100 | Basic Calculus | 3-5 |
| or MATH 1800 | Analytic Geometry and Calculus I | |
| Select one of the following advanced Chemistry courses: | | 2-3 |
| CHEM 2223 | Quantitative Analysis in Chemistry | |
| CHEM 2622 | Organic Chemistry II | |
| CHEM 2633 | Organic Chemistry Laboratory | |
| BIOL 4732 | Principles of Biochemistry | |
| Select one of the following statistics options: | | 3-4 |
| BIOL 4122 | Biostatistics | |
| MATH 1320 | Introduction to Probability and Statistics | |
| Total Hours | | 32-36 |

Research Opportunity

Students in the B.A. Biology degree program who are interested in gaining research experience are encouraged to take a minimum of 2 credit hours of undergraduate research, BIOL 4905. The privilege of doing undergraduate research provides students with a first-hand opportunity to experience the research process under the supervision of a faculty member or off-campus scientist. The project normally includes a library search of pertinent literature, laboratory or field experience, and a summary paper and a presentation, all based on an average 8 hr. per week per credit hour for a 15 week semester.

Thesis in Biology Research and the Degree with Distinction

The Department of Biology offers high-achieving students the opportunity to present primary research in the form of a written thesis and to graduate with a Degree with Distinction in Biology. The first step in conducting an undergraduate thesis is to identify a faculty research mentor with whom you can conduct novel research. The mentor, along with two UMSL faculty members, will be readers of the thesis. Students need a minimum of two semesters, usually more, to conduct research. After students have identified a research mentor and have completed 75 credit hours, they may apply for a Degree with Distinction in Biology. The final thesis will be written in the form of a scientific manuscript and presented orally in an advertised public forum at least 6 weeks prior to commencement. The readers of the thesis will decide if the thesis merits a Degree with Distinction, and will report their recommendation to the Dean of Arts and Sciences. In addition to fulfilling the coursework required for a

B.S. or B.A. in Biology and the thesis itself, students must also fulfill all the requirements for UMSL's Degree with Distinction.

Learning Outcomes

Integrative Knowledge

Graduates will demonstrate a clear understanding of the overriding principles and theorems within and between the content areas of anatomy, botany, cytology, ecology, evolutionary biology, microbiology, physiology, and zoology. Specifically, graduates will demonstrate competency in the following areas:

- Structure and function of the basic biological units of living organisms
- Information flow, exchange and storage from parent to offspring or from parent cells to progeny cells.
- Pathways and transformations of energy and matter that govern metabolism
- Systems that govern interactions between organisms or between organisms and their environment
- Biodiversity at the genetic, organismal, community, and global scales
- Evolution, common ancestry, and changes to biological populations over successive generations.

Laboratory Skills

Scientists not only learn the results of others, they work in the lab to generate new knowledge. Graduates will demonstrate basic skills associated with performing laboratory experiments or field studies in biology following a broad introduction of commonly used equipment and procedures.

Critical Thinking Skills

Graduates will be able to formulate meaningful hypotheses, design experiments to test them, and evaluate data critically, including an appreciation of the potential sources of error associated with laboratory measurements and troubleshooting technical issues.

Scientific Literacy

Graduates will be able to identify the need for information, procure the information from relevant scientific literature publications and databases, and critically evaluate reliability, validity, accuracy, authority, timeliness, and point of view or bias.

Communication Skills

Scientists not only must be able to solve problems, they also must be able to communicate those solutions to others. Graduates of this program demonstrate how to present scientific concepts and information in a clear and accurate manner. Specifically, graduates will be able to write scientific reports and make effective oral presentations of their results and ideas.

Professional and Research Ethics

Graduates will honestly and objectively evaluate and report data in an ethical and legal manner to promote the values that are essential to scholarly work: trust, accountability, mutual respect, and fairness. By doing so, graduates will come to understand and respect the accepted standards of conduct associated with the scientific profession regarding citation, use of privileged information, integrity of data, and authorship.

Foreign Language

B.A. graduates will demonstrate basic proficiency in speaking, listening, writing and reading in a language in addition to English.

Sample Four Year Plan

First Year

| Fall | Hours | Spring | Hours |
|-------------------------------|-------|------------------------------------|-------|
| INTDSC 1003 ¹ | | 1 BIOL 1821 | 5 |
| BIOL 1800 | | 1 CHEM 1111 | 5 |
| ENGL 1100 | | 3 MATH 1035 | 2 |
| MATH 1030 | | 3 CORE - Communication Proficiency | 3 |
| CORE- US History & Government | 3 | | |
| EXPLORE - Social Sciences | 3 | | |
| | 14 | | 15 |

Second Year

| Fall | Hours | Spring | Hours |
|------------------------------------|-------|--|-------|
| BIOL 1831 | | 5 BIOL 2012 | 3 |
| CHEM 1121 | | 5 BIOL 2013 | 2 |
| MATH 1100 | | 3 CHEM 2612 | 3 |
| EXPLORE - Humanities and Fine Arts | | 3 MATH 1320 | 3 |
| | | EXPLORE - Social & Behavioral Sciences | 3 |
| | 16 | | 14 |

Third Year

| Fall | Hours | Spring | Hours |
|--|-------|-------------------------|-------|
| BIOL 2000+ Biology Lecture Elective | | 3 BIOL 3302 | 3 |
| BIOL 2000+ Biology Laboratory Elective | | 2 ENGL 3160 | 3 |

| | 15 | | 15 |

Fourth Year

| Fall | Hours | Spring | Hours |
|--|-------|---|-------|
| BIOL XXXX Biology Lecture Elective | | 3 BIOL 4889 | 2 |
| BIOL XXXX Biology Lecture Elective | | 3 BIOL 4XXX 4000-Level Biology Lecture Elective | 3 |
| BIOL 2000+ Biology Laboratory Elective | | 2 Foreign Language 2101 | 3 |
| FGN LANG 1002 | | 5 Cultural Diversity Requirement | 3 |
| EXPLORE - Humanities and Fine Arts | | 3 EXPLORE - Humanities and Fine Arts | 3 |
| | | EXPLORE - Social Sciences | 3 |
| | 16 | | 17 |

Total Hours: 122

¹ INTDSC 1003 is required only for first-time freshmen and transfer students with less than 24 college credits.

Please Note: This plan is an example of what a four year plan could look like for a typical student. Placement exam scores in math as well as the completion of coursework may change the plan. It should not be used in the place of regular academic advising appointments. All students are encouraged to meet with their advisor each semester. All requirements are subject to change.

Academic Tracks within the Major of Biology

Biology majors may choose to focus their elective hours in a particular sub-discipline of biology, or academic track. These tracks are groups of departmental courses that fit within sub-disciplines of biology and are recommendations for students wanting to pursue careers in specific

sub-disciplines. Academic tracks are NOT majors and are only intended to serve as guides for courses within a particular area of biology and are represented by current faculty expertise. Selecting an academic track does not prevent a student from taking courses in another track. Students should not expect to take all recommended courses for each academic track. Students may choose not to select an academic track. Currently, the Biology Department offers three academic tracks: Cell and Molecular Biology; Ecology, Evolution and Conservation Biology; and Pre-professional/Health Sciences.

Cell and Molecular Biology Track

| | | |
|-----------|---|---|
| BIOL 2482 | Microbiology | 3 |
| BIOL 2483 | Microbiology Laboratory | 2 |
| BIOL 4442 | Developmental Biology | 3 |
| BIOL 4550 | Bacterial Pathogenesis | 3 |
| BIOL 4602 | Molecular Biology | 3 |
| BIOL 4614 | Biotechnology Laboratory I | 4 |
| BIOL 4615 | Biotechnology Laboratory II | 4 |
| BIOL 4622 | Cellular Basis of Disease | 3 |
| BIOL 4632 | Nucleic Acid Structure and Function | 3 |
| BIOL 4642 | Plant Molecular Biology and Biotechnology | 3 |
| BIOL 4652 | Virology | 3 |
| BIOL 4732 | Principles of Biochemistry | 3 |
| BIOL 4713 | Techniques in Biochemistry | 2 |
| BIOL 4842 | Immunobiology | 3 |

Ecology, Evolution and Conservation Biology Track

| | | |
|-----------|---------------------------------|---|
| BIOL 2102 | Ecology | 3 |
| BIOL 2103 | Ecology Laboratory | 2 |
| BIOL 2402 | Vertebrate Anatomy | 3 |
| BIOL 2403 | Vertebrate Anatomy Laboratory | 2 |
| BIOL 2482 | Microbiology | 3 |

| BIOL 4652 | Virology | 3 |
| BIOL 4732 | Principles of Biochemistry | 3 |
| BIOL 4822 | Introduction to Neuroscience | 3 |
| BIOL 4842 | Immunobiology | 3 |

B.S. Ed. in Secondary Education with Emphasis in Biology

The B.S. Ed. is a professional education degree designed for students who wish to pursue a teaching career in secondary schools. Much of the discipline-specific coursework parallels the B.A. or B.S. degree in the discipline; however, the Missouri Department of Elementary and Secondary Education (DESE) requires specific coursework for teacher certification. Therefore, students interested in the B.S. Ed. should contact the advising office (OASIS) 314-516-5937 in the College of Education for discipline-specific requirements. *Note: To obtain teaching certification, DESE requires a 3.0 GPA in the discipline and professional education coursework, as well as a 2.75 GPA overall.*

B.A. or B.S. in Biology with Master's Level Coursework for Secondary Teacher Certification

In addition to the B.S. Ed., students may opt to complete a B.A. or B.S. degree in their discipline as an undergraduate, followed by admission to the Graduate School for Master's level teaching certification. The College of Education has a one-year accelerated program for post-graduate certification called Teach in 12, or students can choose a traditional path to certification. Graduate coursework for certification can apply towards a Master's Degree in Secondary Education, with additional coursework. Students interested in Master's Level teacher certification should contact the advising office (OASIS) 314-516-5937 in the College of Education. *Note: To obtain teaching certification, DESE requires a 3.0 GPA in the discipline and professional education coursework, as well as a 2.75 GPA overall.*

Biology BS

The B.S. degree in biology is designed to prepare students for basic technical positions and graduate studies in the life sciences. Candidates for the degree have the same core courses and general education requirements as those seeking the Bachelor of Arts degree, as well as additional requirements in depth of study, laboratory experience, communication skills, and background in associated science areas.

General Education Requirements

Students must satisfy the university and college general education requirements (p. 30). Some Biology courses may be used to meet the science and mathematics requirement of the university.

Candidates for the B.A. degree must fulfill the foreign language requirement of the College of Arts and Sciences. There is no foreign language requirement for the B.S. degree.

Satisfactory/Unsatisfactory Option

Up to 18 credit hours may be taken on a satisfactory/ unsatisfactory (s/u) basis. Excluded from this option are required courses in biology, chemistry, physics, and mathematics.

Non-major Biology Courses

The following 1000 level biology courses do not count toward the biology credit hours required for a major in biology. Moreover, if biology majors take these courses, they are treated as biology courses when computing the 70 credit hours outside of biology needed to be included in the 120 total credit hours required for graduation.

| | | |

| BIOL 1150 | Concepts in Health and Wellness | 3 |
| BIOL 1162 | General Microbiology | 3 |
| BIOL 1202 | Environmental Biology | 3 |

Degree Requirements

The B.S. degree in biology is designed to prepare students for basic technical positions and graduate studies in the life sciences. Candidates for the degree have the same core courses and general education requirements as those seeking the Bachelor of Arts degree, as well as additional requirements in depth of study, laboratory experience, communication skills, and background in associated science areas. Candidates must have a cumulative grade point average of 2.0 or better in biology courses. Candidates must earn a minimum grade of C- in all core courses.

To fulfill the requirements for the B.S. the coursework below must be completed. A minimum of 22 hours of biology courses at or above the 2000 level, including two laboratory courses and one 4000 level course, must be taken in residence in the UMSL Department of Biology in order to receive a B.S. degree from the College of Arts and Sciences with a major in biology.

Lecture and Seminar Course Requirements

The following biology courses or their equivalents are required:

Core

| | | |
|-----------------|--|------------|
| BIOL 1800 | Introduction to the Biology Major | 1 |
| BIOL 1821 | Introductory Biology: Organisms and the Environment (MOTR BIOL 150LEC) | 5 |
| BIOL 1831 | Introductory Biology: From Molecules to Organisms (MOTR BIOL 150L) | 5 |
| BIOL 2012 | Genetics | 3 |
| BIOL 3302 | Evolution | 3 |
| BIOL 3622 | Cell Biology | 3 |
| Capstone | | 2-3 |

Select one of the following:

| | | |
|--------------------|--|--------------|
| BIOL 4889 | Senior Seminar | |
| SEC ED 4985 | Curriculum and Methods of Teaching Life Sciences | |
| Total Hours | | 22-23 |

Elective Courses

Five additional biology lecture courses at the 2000 level or higher are required. They may be selected from any of the lecture or lecture-laboratory courses offered. Selection of these courses should reflect the career interest of the student and may be selected from optional academic tracks (see below). CHEM 4712 can also be used toward satisfying this requirement.

At least two biology lecture courses taken as electives must be at the 4000 level or higher with at least one from the UMSL Department of Biology. No more than one of these higher-level courses can be used to fulfill other requirements (e.g. statistics requirement or biochemistry option).

Laboratory Course Requirements

Four biology laboratory courses at the 2000 level or higher are required. They may be selected from any of the lecture-laboratory or laboratory courses offered. Two credit hours of BIOL 3699, BIOL 4905, or BIOL 4915 (no combination of these courses allowed) can be used to fulfill one laboratory requirement. Students may take CHEM 4733 to satisfy one of these laboratory course requirements, but students may not use both BIOL 4713 and CHEM 4733 to fulfill this requirement.

Communication Skills

Courses in both formal speaking and writing are required for development of the basic communication skills needed to transmit scientific information.

Formal Speaking

| | | |
|-----------|---|---|
| COMM 1040 | Introduction to Public Speaking (MOTR COMM 110) | 3 |
|-----------|---|---|

Writing

| | | |
|--------------|--|---|
| ENGL 3160 | Writing in the Sciences (strongly preferred) | 3 |
| or ENGL 3110 | | |

| | | |
|--------------------|--|----------|
| Total Hours | | 6 |
|--------------------|--|----------|

Associated Science Areas

The following courses or their equivalents must be successfully completed:

| | | |
|---------------|---|---|
| PHYSICS 1011 | Basic Physics I | 3 |
| PHYSICS 1011L | Basic Physics I Laboratory | 1 |
| PHYSICS 1012 | Basic Physics II | 3 |
| PHYSICS 1012L | Basic Physics II Laboratory | 1 |
| CHEM 1111 | Introductory Chemistry I (MOTR CHEM 150L) | 5 |
| CHEM 1121 | Introductory Chemistry II | 5 |
| CHEM 2612 | Organic Chemistry I | 3 |
| CHEM 2622 | Organic Chemistry II | 3 |
| or BIOL 4732 | Principles of Biochemistry | |
| CHEM 2223 | Quantitative Analysis in Chemistry | 3 |
| or CHEM 2633 | Organic Chemistry Laboratory | |

| | | |
|--------------------|--|--------------|
| MATH 1030 | College Algebra (MOTR MATH 130) | 3 |
| MATH 1100 | Basic Calculus | 3-5 |
| or MATH 1800 | Analytic Geometry and Calculus I | |
| BIOL 4122 | Biostatistics | 3 |
| or MATH 1320 | Introduction to Probability and Statistics | |
| PHIL 2256 | Bioethics | 3 |
| or PHIL 3380 | Philosophy of Science | |
| Total Hours | | 39-41 |

Research Opportunity

Students in the B.S. Biology degree program who are interested in gaining research experience are encouraged to take a minimum of 2 credit hours of undergraduate research, BIOL 4905. The privilege of doing undergraduate research provides students with a first-hand opportunity to experience the research process under the supervision of a faculty member or off-campus scientist. The project normally includes a library search of pertinent literature, laboratory or field experience, and a summary paper and a presentation, all based on an average 8 hr. per week per credit hour for a 15 week semester.

Thesis in Biology Research and the Degree with Distinction

The Department of Biology offers high-achieving students the opportunity to present primary research in the form of a written thesis and to graduate with a Degree with Distinction in Biology. The first step in conducting an undergraduate thesis is to identify a faculty research mentor with whom you can conduct novel research. The mentor, along with two UMSL faculty members, will be readers of the thesis. Students need a minimum of two semesters, usually more, to conduct research. After students have identified a research mentor and have completed 75 credit hours, they may apply for a Degree with Distinction in Biology. The final thesis will be written in the form of a scientific manuscript and presented orally in an advertised public forum at least 6 weeks prior to commencement. The readers of the thesis will decide if the thesis merits a Degree with Distinction, and will report their recommendation to the Dean of Arts and Sciences. In addition to fulfilling the coursework required for a B.S. or B.A. in Biology and the thesis itself, students must also fulfill all the requirements for UMSL's Degree with Distinction.

Pre-professional Graduation

The Department of Biology sponsors a 3+4 Program for the UMSL College of Optometry.

In this program students may be admitted to the College of Optometry after completing three years (90 semester hours) of study in the Department of Biology. The undergraduate degree is granted when students satisfactorily complete the first year of optometry school. One or more of the following conditions must be met in order to qualify for the undergraduate degree. All general education requirements and all requirements for the major, except electives, must be completed. Any deficiency in required courses must be remedied with courses taken at UMSL within three years after entering the College of Optometry. Up to 6 hours from the College of Optometry may be substituted for undergraduate degree requirements, with approval of the Department of Biology.

UMSL – Logan College (3+3 program)

The Department of Biology has developed a 3+3 articulation agreement with Logan College of Chiropractic (LCC). This program enables qualified students the opportunity to complete a Bachelor of Science degree in

Biology for the University of Missouri – St. Louis as well as a Doctor of Chiropractic for Logan College of Chiropractic in six years.

The program is only open to students who enter UMSL as first-time freshmen.

Participants must complete their first 90 hours of college work (3 years) at UMSL following a prescribed curriculum.

Participants who have achieved at least 3.25 GPA at UMSL will automatically be granted admission by Logan College of Chiropractic.

After successfully completing an additional 30 credit hours (4th year) at Logan, a student will receive a BS in Biology degree from UMSL.

After completing two additional years at Logan, the student will receive a doctorate in chiropractic

The acceptance of transfer credits or testing toward completion of degree requirements shall be governed by current policies of UMSL. However, no more than 20 credits of required courses, and NONE of the science credits required for admission to LCC may be earned via examination or transfer from another school

LCC shall accept, for the entrance date of their choice, all students who successfully complete the Pre-Chiropractic Program with a cumulative GPA of 3.25 or higher and meet all other criteria for admission

Students who earn less than a 3.25 GPA, but at least a 2.50 GPA, will be eligible for admission to LCC, and will receive appropriate consideration in the admission process for having completed the UMSL Pre-Chiropractic Program, but will not receive the assurance of a seat reserved for students earning a 3.25 or higher GPA

Students will make application to LCC one year in advance of their desired entrance date and will complete all required application procedures thereafter in a timely manner, including submission of recommendation and a satisfactory interview.

This program offers benefits to students (six years instead of seven from high school to doctorate). The University of Missouri courses are listed below:

General Education Requirements

| | | |
|--|--|---|
| Humanities: | | 9 |
| Select from General Education List | | |
| Social Sciences (One course must be a Psychology): | | 9 |
| Select from General Education List of courses meeting Social Science Gen. Ed requirements. | | |
| American History & Government | | 3 |

| MATH 1035 | Trigonometry | 2 |
| MATH 1100 | Basic Calculus | 3-5 |
| or MATH 1800 | Analytic Geometry and Calculus I | |

Total Hours **94-96**

The remaining 30 hours to be taken at Logan include:

- Transfer Credits (34):
- Anatomy I / Lab (6)
- Spinal Anatomy / Lab (5)
- Biochemistry I / Lab (4)
- Histology / Cell Biology / Lab (5)
- Anatomy II / Lab (6)
- Neuroanatomy / Lab (5)
- Biochemistry II (4)
- Physiology I (4)
- Microbiology / Lab (4)

Learning Outcomes

Integrative Knowledge

Graduates will demonstrate a clear understanding of the overriding principles and theorems within and between the content areas of anatomy, botany, cytology, ecology, evolutionary biology, microbiology, physiology, and zoology. Specifically, graduates will demonstrate competency in the following areas:

- Structure and function of the basic biological units of living organisms
- Information flow, exchange and storage from parent to offspring or from parent cells to progeny cells.
- Pathways and transformations of energy and matter that govern metabolism
- Systems that govern interactions between organisms or between organisms and their environment

- Biodiversity at the genetic, organismal, community, and global scales
- Evolution, common ancestry, and changes to biological populations over successive generations.

Laboratory Skills

Scientists not only learn the results of others, they work in the lab to generate new knowledge. Graduates will demonstrate basic skills associated with performing laboratory experiments or field studies in biology following a broad introduction of commonly used equipment and procedures.

Critical Thinking Skills

Graduates will be able to formulate meaningful hypotheses, design experiments to test them, and evaluate data critically, including an appreciation of the potential sources of error associated with laboratory measurements and troubleshooting technical issues.

Scientific Literacy

Graduates will be able to identify the need for information, procure the information from relevant scientific literature publications and databases, and critically evaluate reliability, validity, accuracy, authority, timeliness, and point of view or bias.

Communication Skills

Scientists not only must be able to solve problems, they also must be able to communicate those solutions to others. Graduates of this program demonstrate how to present scientific concepts and information in a clear and accurate manner. Specifically, graduates will be able to write scientific reports and make effective oral presentations of their results and ideas.

Professional and Research Ethics

Graduates will honestly and objectively evaluate and report data in an ethical and legal manner to promote the values that are essential to scholarly work: trust, accountability, mutual respect, and fairness. By doing so, graduates will come to understand and respect the accepted standards of conduct associated with the scientific profession regarding citation, use of privileged information, integrity of data, and authorship.

| Total Hours: 120 | | | |

¹ INTDSC 1003 is required only for first-time freshman and transfer students with less than 24 college credits.

Please Note: This plan is an example of what a four year plan could look like for a typical student. Placement exam scores in math as well as the completion of coursework may change the plan. It should not be used in the place of regular academic advising appointments. All students are encouraged to meet with their advisor each semester. All requirements are subject to change.

Academic Tracks within the Major of Biology

Biology majors may choose to focus their elective hours in a particular sub-discipline of biology, or academic track. These tracks are groups of departmental courses that fit within sub-disciplines of biology and are recommendations for students wanting to pursue careers in specific sub-disciplines. Academic tracks are NOT majors and are only intended to serve as guides for courses within a particular area of biology and are represented by current faculty expertise. Selecting an academic track does not prevent a student from taking courses in another track. Students should not expect to take all recommended courses for each academic track. Students may choose not to select an academic track. Currently, the Biology Department offers three academic tracks: Cell and Molecular Biology; Ecology, Evolution and Conservation Biology; and Pre-professional/Health Sciences.

Cell and Molecular Biology Track

| | | |
|-----------|---|---|
| BIOL 2482 | Microbiology | 3 |
| BIOL 2483 | Microbiology Laboratory | 2 |
| BIOL 4442 | Developmental Biology | 3 |
| BIOL 4550 | Bacterial Pathogenesis | 3 |
| BIOL 4602 | Molecular Biology | 3 |
| BIOL 4614 | Biotechnology Laboratory I | 4 |
| BIOL 4615 | Biotechnology Laboratory II | 4 |
| BIOL 4622 | Cellular Basis of Disease | 3 |
| BIOL 4632 | Nucleic Acid Structure and Function | 3 |
| BIOL 4642 | Plant Molecular Biology and Biotechnology | 3 |
| BIOL 4652 | Virology | 3 |
| BIOL 4713 | Techniques in Biochemistry | 2 |
| BIOL 4842 | Immunobiology | 3 |

Ecology, Evolution and Conservation Biology Track

| | | |
|-----------|---------------------------------|---|
| BIOL 2102 | Ecology | 3 |
| BIOL 2103 | Ecology Laboratory | 2 |
| BIOL 2402 | Vertebrate Anatomy | 3 |
| BIOL 2403 | Vertebrate Anatomy Laboratory | 2 |
| BIOL 2482 | Microbiology | 3 |
| BIOL 2483 | Microbiology Laboratory | 2 |
| BIOL 3102 | Animal Behavior | 3 |
| BIOL 3103 | Animal Behavior Laboratory | 2 |

| BIOL 4602 | Molecular Biology | 3 |
| BIOL 4622 | Cellular Basis of Disease | 3 |
| BIOL 4652 | Virology | 3 |
| BIOL 4732 | Principles of Biochemistry | 3 |
| BIOL 4822 | Introduction to Neuroscience | 3 |
| BIOL 4842 | Immunobiology | 3 |

B.S. Ed. in Secondary Education with Emphasis in Biology

The B.S. Ed. is a professional education degree designed for students who wish to pursue a teaching career in secondary schools. Much of the discipline-specific coursework parallels the B.A. or B.S. degree in the discipline; however, the Missouri Department of Elementary and Secondary Education (DESE) requires specific coursework for teacher certification. Therefore, students interested in the B.S. Ed. should contact the advising office (OASIS) 314-516-5937 in the College of Education for discipline-specific requirements. *Note: To obtain teaching certification, DESE requires a 3.0 GPA in the discipline and professional education coursework, as well as a 2.75 GPA overall.*

B.A. or B.S. in Biology with Master's Level Coursework for Secondary Teacher Certification

In addition to the B.S. Ed., students may opt to complete a B.A. or B.S. degree in their discipline as an undergraduate, followed by admission to

the Graduate School for Master's level teaching certification. The College of Education has a one-year accelerated program for post-graduate certification called Teach in 12, or students can choose a traditional path to certification. Graduate coursework for certification can apply towards a Master's Degree in Secondary Education, with additional coursework. Students interested in Master's Level teacher certification should contact the advising office (OASIS) 314-516-5937 in the College of Education. *Note: To obtain teaching certification, DESE requires a 3.0 GPA in the discipline and professional education coursework, as well as a 2.75 GPA overall.*

Biology Minor

Students may minor in biology by completing a minimum of 19 credit hours in biology, of which at least 9 hours of the biology course credits must be taken in residence at UMSL.

Requirements are:

| | | |
|--|--|-----------|
| BIOL 1821 | Introductory Biology: Organisms and the Environment (MOTR BIOL 150L) | 5 |
| BIOL 1831 | Introductory Biology: From Molecules to Organisms (MOTR BIOL 150L) | 5 |
| BIOL 2012 | Genetics | 3 |
| Two additional courses totaling no less than 6 credit hours. At least one course should be at the 3000 level or above. | | 6 |
| Total Hours | | 19 |

All students must plan an appropriate course of study in consultation with an advisor, and the program must be given prior approval by the Chairperson of the Department of Biology. Under certain circumstances, a student may deviate from the prescribed course of study and substitute a group of courses that exhibit a coherent area of specialization to coordinate with a career objective.

Candidates must have a cumulative grade point average of 2.0 or better in the minor, courses may be taken on a satisfactory/ unsatisfactory (s/u) basis.

Learning Outcomes**Foundational Knowledge**

Students with a minor in biology will demonstrate an understanding of the fundamental principles of biology including the structure and function of cells and their components, heredity and variation in populations, and evolution.

Laboratory Skills

Minors will acquire a basic understanding of how the scientific method is employed for research.

Biology MS**Advisors**

All graduate students will have a faculty advisor. In the event that a student's interest changes or the faculty advisor feels the student's direction no longer falls with his/her area of expertise, the student and advisor should discuss whether a change of advisor is warranted. The graduate director must be notified in writing of any change in advisors. If a student or advisor is uncomfortable discussing the issue directly with

the other, he/she is encouraged to meet with the director of the graduate program.

Graduate Assistantships

Stipends for teaching and research assistantships are awarded on a competitive basis to qualified graduate students in masters or PhD. Programs. Tuition fees are waived for graduate assistants. Applications for assistantships must be sent to the Director of Graduate Studies in the Department of Biology and received by December 15.

The Department of Biology offers three ways of achieving the Master of Science degree. The first is a 30 credit hour non-thesis option suitable for those who may already have extensive research experience, for educators who seek to upgrade their academic skills but do not require research experience, or for those who need to broaden their biological background. The second is a 32 credit hour Professional Science track that includes a strong business component for students who are interested in learning more about the business aspects of companies. This track may not be appropriate for students who are interested in pursuing a PhD or working primarily as laboratory scientists. The third is a 30 credit hour traditional apprenticeship in research leading to a written thesis. All students admitted to the graduate program are considered to be in the non-thesis program unless they have been accepted into an individual faculty lab. Starting with a common core, both the thesis and non-thesis option may be developed into a final degree program in either of two broad areas in biology:

1. Cell and Molecular Biology or
2. Ecology, Evolution, and Systematics.

Non-thesis students may also elect to take courses in both areas. Only the non-thesis option is available in the Professional Science emphasis.

M.S. Admission Requirements

Applicants to the M.S. program must submit completed application and personal data forms, three letters of recommendation from undergraduate faculty or work supervisors, and transcripts of all previous work. Submission of Graduate Record Examination scores, although not required, is highly recommended and will be helpful for positive consideration of admittance. Admission as a regular graduate student requires graduation from an accredited college with a minimum grade point average overall and in biology courses of 3.0 (where A = 4.0).

All foreign applicants, except those from countries where English is the primary language, must take the TOEFL. Ordinarily, a score of 213 on the computer-based exam (550 on the paper-based exam) or better is required.

In addition to the Graduate School admission requirements, applicants should have completed advanced undergraduate biology courses including genetics, biochemistry, and evolution. Courses in organic chemistry, college physics, and calculus are also expected, and a course in statistics is highly recommended.

Students admitted to the degree program who have not met some of the prerequisites may be asked to pass appropriate courses before graduating. These courses will be agreed upon by the student's advisor and the student during the first semester of enrollment. In particular, undergraduate deficiencies in genetics and either biochemistry or evolution shall be made up by taking the appropriate course(s). Three credits of BIOL 4920 Selected Topics can be given to graduate students for BIOL 2012 (Genetics) or BIOL 3302 (Evolution), if they receive a grade

of B or better for all undergraduate course work and complete a graduate level paper assigned by the instructor. Instructor consent is required.

General Requirements

All students are required to take at least 4 but not more than 8 hours of BIOL 6889, Graduate Seminar. However, Professional Science masters students must take only 4 credit hours total of BIOL 6889. Thesis students are required to take BIOL 5179, Ethical Issues in Biology. Students are expected to maintain a GPA of 3.0 or better. Students may choose to specialize in either Cellular and Molecular Biology (CMB) emphasis area or the Ecology, Evolution and Systematics (EES) emphasis area, and appropriate courses in each area will be recommended by the student's advisor. The Professional Science emphasis area in CMB has specific course requirements that are described below.

Non-thesis Option

Including the general requirement, students must take at least 30 graduate credit hours, of which at least half must be at the 5000 or 6000 level. No more than 5 hours of BIOL 6905, Graduate Research, may be counted toward the degree.

Thesis Option

The student and adviser work together to develop a research plan. The thesis proposal must be approved by the student's adviser and advisory committee before the student enrolls in more than 4 credit hours of BIOL 6905, Graduate Research, and before the student has completed 15 credit hours in the master's program. No more than 13 hours of BIOL 6905, Graduate Research, may be counted toward 30 hours of the degree. A thesis embodying results of original research shall be submitted to and approved by the Department of Biology and the Graduate School. This approval requires both a written thesis and oral presentation and defense.

Biology MS, Cellular and Molecular Biology Emphasis

The Department of Biology offers three ways of achieving the Master of Science degree. The first is a 30 credit hour non-thesis option suitable for those who may already have extensive research experience, for educators who seek to upgrade their academic skills but do not require research experience, or for those who need to broaden their biological background. The second is a 32 credit hour Professional Science track that includes a strong business component for students who are interested in learning more about the business aspects of companies. This track may not be appropriate for students who are interested in pursuing a PhD or working primarily as laboratory scientists. The third is a 30 credit hour traditional apprenticeship in research leading to a written thesis. All students admitted to the graduate program are considered to be in the non-thesis program unless they have been accepted into an individual faculty lab. Starting with a common core, both the thesis and non-thesis option may be developed into a final degree program in either of two broad areas in biology:

1. Cell and Molecular Biology or
2. Ecology, Evolution, and Systematics.

Non-thesis students may also elect to take courses in both areas. Only the non-thesis option is available in the Professional Science emphasis.

M.S. Admission Requirements

Applicants to the M.S. program must submit completed application and personal data forms, three letters of recommendation from undergraduate faculty or work supervisors, and transcripts of all previous work. Submission of Graduate Record Examination scores, although not required, is highly recommended and will be helpful for positive consideration of admittance. Admission as a regular graduate student requires graduation from an accredited college with a minimum grade point average overall and in biology courses of 3.0 (where A = 4.0).

All foreign applicants, except those from countries where English is the primary language, must take the TOEFL. Ordinarily, a score of 213 on the computer-based exam (550 on the paper-based exam) or better is required.

In addition to the Graduate School admission requirements, applicants should have completed advanced undergraduate biology courses including genetics, biochemistry, and evolution. Courses in organic chemistry, college physics, and calculus are also expected, and a course in statistics is highly recommended.

Students admitted to the degree program who have not met some of the prerequisites may be asked to pass appropriate courses before graduating. These courses will be agreed upon by the student's advisor and the student during the first semester of enrollment. In particular, undergraduate deficiencies in genetics and either biochemistry or evolution shall be made up by taking the appropriate course(s). Three credits of BIOL 4920 Selected Topics can be given to graduate students for BIOL 2012 (Genetics) or BIOL 3302 (Evolution), if they receive a grade of B or better for all undergraduate course work and complete a graduate level paper assigned by the instructor. Instructor consent is required.

General Requirements

All students are required to take at least 4 but not more than 8 hours of BIOL 6889, Graduate Seminar. However, Professional Science masters students must take only 4 credit hours total of BIOL 6889. Thesis students are required to take BIOL 5179, Ethical Issues in Biology. Students are expected to maintain a GPA of 3.0 or better. Students may choose to specialize in either Cellular and Molecular Biology (CMB) emphasis area or the Ecology, Evolution and Systematics (EES) emphasis area, and appropriate courses in each area will be recommended by the student's advisor. The Professional Science emphasis area in CMB has specific course requirements that are described below.

Non-thesis Option

Including the general requirement, students must take at least 30 graduate credit hours, of which at least half must be at the 5000 or 6000 level. No more than 5 hours of BIOL 6905, Graduate Research, may be counted toward the degree.

Thesis Option

The student and adviser work together to develop a research plan. The thesis proposal must be approved by the student's adviser and advisory committee before the student enrolls in more than 4 credit hours of BIOL 6905, Graduate Research, and before the student has completed 15 credit hours in the master's program. No more than 13 hours of BIOL 6905, Graduate Research, may be counted toward 30 hours of the degree. A thesis embodying results of original research shall be submitted to and approved by the Department of Biology and the Graduate School.

This approval requires both a written thesis and oral presentation and defense.

Biology MS, Ecology Evolution and Systematics Emphasis

The Department of Biology offers three ways of achieving the Master of Science degree. The first is a 30 credit hour non-thesis option suitable for those who may already have extensive research experience, for educators who seek to upgrade their academic skills but do not require research experience, or for those who need to broaden their biological background. The second is a 32 credit hour Professional Science track that includes a strong business component for students who are interested in learning more about the business aspects of companies. This track may not be appropriate for students who are interested in pursuing a PhD or working primarily as laboratory scientists. The third is a 30 credit hour traditional apprenticeship in research leading to a written thesis. All students admitted to the graduate program are considered to be in the non-thesis program unless they have been accepted into an individual faculty lab. Starting with a common core, both the thesis and non-thesis option may be developed into a final degree program in either of two broad areas in biology:

1. Cell and Molecular Biology or
2. Ecology, Evolution, and Systematics.

Non-thesis students may also elect to take courses in both areas. Only the non-thesis option is available in the Professional Science emphasis.

M.S. Admission Requirements

Applicants to the M.S. program must submit completed application and personal data forms, three letters of recommendation from undergraduate faculty or work supervisors, and transcripts of all previous work. Submission of Graduate Record Examination scores, although not required, is highly recommended and will be helpful for positive consideration of admittance. Admission as a regular graduate student requires graduation from an accredited college with a minimum grade point average overall and in biology courses of 3.0 (where A = 4.0).

All foreign applicants, except those from countries where English is the primary language, must take the TOEFL. Ordinarily, a score of 213 on the computer-based exam (550 on the paper-based exam) or better is required.

In addition to the Graduate School admission requirements, applicants should have completed advanced undergraduate biology courses including genetics, biochemistry, and evolution. Courses in organic chemistry, college physics, and calculus are also expected, and a course in statistics is highly recommended.

Students admitted to the degree program who have not met some of the prerequisites may be asked to pass appropriate courses before graduating. These courses will be agreed upon by the student's advisor and the student during the first semester of enrollment. In particular, undergraduate deficiencies in genetics and either biochemistry or evolution shall be made up by taking the appropriate course(s). Three credits of BIOL 4920 Selected Topics can be given to graduate students for BIOL 2012 (Genetics) or BIOL 3302 (Evolution), if they receive a grade of B or better for all undergraduate course work and complete a graduate level paper assigned by the instructor. Instructor consent is required.

General Requirements

All students are required to take at least 4 but not more than 8 hours of BIOL 6889, Graduate Seminar. However, Professional Science masters students must take only 4 credit hours total of BIOL 6889. Thesis students are required to take BIOL 5179, Ethical Issues in Biology. Students are expected to maintain a GPA of 3.0 or better. Students may choose to specialize in either Cellular and Molecular Biology (CMB) emphasis area or the Ecology, Evolution and Systematics (EES) emphasis area, and appropriate courses in each area will be recommended by the student's advisor. The Professional Science emphasis area in CMB has specific course requirements that are described below.

Non-thesis Option

Including the general requirement, students must take at least 30 graduate credit hours, of which at least half must be at the 5000 or 6000 level. No more than 5 hours of BIOL 6905, Graduate Research, may be counted toward the degree.

Thesis Option

The student and adviser work together to develop a research plan. The thesis proposal must be approved by the student's adviser and advisory committee before the student enrolls in more than 4 credit hours of BIOL 6905, Graduate Research, and before the student has completed 15 credit hours in the master's program. No more than 13 hours of BIOL 6905, Graduate Research, may be counted toward 30 hours of the degree. A thesis embodying results of original research shall be submitted to and approved by the Department of Biology and the Graduate School. This approval requires both a written thesis and oral presentation and defense.

Biology MS, Professional Science in Cellular and Molecular Biology Emphasis

This Master of Science in Biology with the Professional Science in Cellular and Molecular Biology emphasis requires a total of 32 credit hours, of which at least half must be at the 5000-level or above. Students will take 21 credit hours in Biology, 9 hours in business courses, and 2 credit hours of internship/practicum. Professional Science students: 1) must take 2 seminars (4 credit hours total) of **BIOL 6889**, 2) are limited to a maximum of 2 credit hours of Topics in Cellular and Molecular Biology (**BIOL 5069**) and 3) cannot count any hours of Graduate Research (BIOL 6905) as part of the 32 credit hour total.

Required Courses

| | | |
|--------------------------------|--|------|
| BIOL 6889 | Graduate Seminar (must be taken twice) | 4 |
| Choose three of the following: | | 9-10 |
| BIOL 6602 | Advanced Molecular Biology | |
| BIOL 6615 | Advanced Biotechnology Laboratory II | |
| BIOL 6622 | Advanced Cellular Basis of Disease | |
| BIOL 6632 | Advanced Nucleic Acid Structure and Function | |
| BIOL 6642 | Advanced Plant Biology and Biotechnology | |

Elective Courses in Biology

7-8

| | | |
|--|--|-----------|
| BIOL 4713 | Techniques in Biochemistry | |
| BIOL 4842 | Immunobiology | |
| BIOL 5069 | Topics in Cellular and Molecular Biology ¹ | |
| BIOL 6442 | Advanced Developmental Biology | |
| BIOL 6550 | Advanced Bacterial Pathogenesis | |
| BIOL 6602 | Advanced Molecular Biology | |
| BIOL 6622 | Advanced Cellular Basis of Disease | |
| BIOL 6632 | Advanced Nucleic Acid Structure and Function | |
| BIOL 6642 | Advanced Plant Biology and Biotechnology | |
| BIOL 6652 | Advanced Virology | |
| BIOL 6920 | Advanced Topics in Biology (when relevant) | |
| Required Internship or Practicum | | 2 |
| BIOL 5798 or BIOL 5799 | Practicum in Science in Business Internship in Sciences in Business | |
| Professional Science Business Electives | | 9 |
| MGMT 3623 | Industrial and Organizational Psychology | |
| BUS AD 5000 | Economics for Managers | |
| BUS AD 5100 | Managerial Communication | |
| MGMT 5600 | Managing and Leading in Organizations | |
| MKTG 5700 | Integrated Marketing Strategies | |
| BUS AD 5900 | Law, Ethics and Business | |
| Total Hours | | 32 |

¹ Maximum of 2 credit hours.

Biology MS, Accelerated Master's Degree

The Department of Biology offers an Accelerated MS degree program that allows students to simultaneously earn their BS and their MS in Biology. Students accepted to the Accelerated MS degree program will be permitted to count up to 9 credits toward both degrees.

Students are encouraged to work closely with their Biology undergraduate advisor and the Biology Graduate Program Director to ensure that courses are timed appropriately to maximize their benefits. It is strongly recommended that students meet with the Graduate Director as soon as possible, ideally before their junior year.

Students in the Accelerated MS program will complete the MS through the non-thesis coursework path; the thesis MS and Professional Science MS programs cannot be combined with this program.

Eligibility

Students must have fulfilled the core curriculum requirements for the Bachelor of Science degree prior to applying for the Accelerated MS program.

| | | |
|--------------------|--|-----------|
| BIOL 1800 | Introduction to the Biology Major | 1 |
| BIOL 1821 | Introductory Biology: Organisms and the Environment (MOTR BIOL 150L) | 5 |
| BIOL 1831 | Introductory Biology: From Molecules to Organisms (MOTR BIOL 150L) | 5 |
| BIOL 2012 | Genetics | 3 |
| BIOL 3302 | Evolution | 3 |
| BIOL 3622 | Cell Biology | 3 |
| Total Hours | | 20 |

Admission Requirements

Provisional Admission

Applicants are considered for provisional admission if they meet the following criteria:

- Earned 60 hours as an undergraduate
- Have a minimum GPA of 3.0 with a B or better in all core courses listed above
- Have approval from both their Biology undergraduate advisor and Biology Graduate Program Director

It is recommended to apply for provisional status as a junior, preferably in the first semester of junior year.

Graduate course options for Provisional students are listed below.

Courses completed by undergraduate students who have been provisionally admitted to the Accelerated MS program can count towards both their BS and MS degrees. Courses in this phase will be charged at the undergraduate tuition rate; however, these courses will count toward the master's degree. Courses must be approved before the semester starts. Any 4000-level course taken before admission to the Accelerated MS program will apply to the undergraduate requirements only unless given prior permission from the Graduate School.

Seniors who have earned more than 105 credit hours cannot be considered for the Accelerated MS degree program.

Graduate Admission

Applicants are considered for graduate admission with the following criteria:

- Are in their final semester in undergraduate status
- Have a minimum GPA of 3.0 since being granted provisional status
- Submitted at least one positive recommendation letter from an UMSL Biology faculty member
- Submitted to the Biology Graduate Director a statement of purpose explaining why an advanced degree in Biology is of interest and why the applicant merits consideration
- Have met with the Biology Graduate Director

Based on the above information, the Biology Graduate Committee will determine whether the student can apply for graduate admission. Final decisions concerning graduate admission are made by the Graduate School Director and the Graduate School. Students admitted to the graduate program must take graduate courses until the completion of the MS degree.

Courses for Both BS and MS Credit

The following Biology courses can count toward both the BS and MS degree, up to a maximum of 9 credit hours.

| | | |
|-----------|---------------------------------|---|
| BIOL 4122 | Biostatistics | 3 |
| BIOL 4402 | Ornithology | 3 |
| BIOL 4422 | Entomology | 3 |
| BIOL 4732 | Principles of Biochemistry | 3 |
| BIOL 4822 | Introduction to Neuroscience | 3 |
| BIOL 4842 | Immunobiology | 3 |
| BIOL 5012 | Advanced Genetics | 3 |
| BIOL 5192 | Community Ecology | 3 |
| BIOL 5302 | Advanced Evolution | 3 |
| BIOL 5312 | Theory of Systematics | 3 |
| BIOL 5436 | Advanced Applied Bioinformatics | 3 |

All 6000-level Biology courses (excluding BIOL 6299, BIOL 6699, BIOL 6889, BIOL 6905 and BIOL 6915)

Other courses may be allowed upon approval of the Graduate Program Director.

Awarding of Degrees

The undergraduate degree will be awarded when the student meets the requirements for the BS degree, including at least 120 total credit hours, completion of the Biology core, elective, and laboratory requirements, and completion of the associated requirements. The student may apply for and receive the bachelor's degree in the semester when all the undergraduate requirements are completed. In their final semester in undergraduate status, the student must apply and be admitted to the graduate program, to begin the following semester. The student will apply to receive the master's degree in the semester that the requirements for the graduate degree will be completed, including at least 30 credit hours of coursework at the graduate level.

If the student fails to enroll for more than one year after receiving the bachelor's degree, the student can still earn the master's degree, but the graduate-level credits earned as an undergraduate cannot be used for the graduate degree.

Biology PhD, Cell and Molecular Biology Emphasis

The doctoral program emphasizes empirical and theoretical approaches to biological research. Students are required to integrate basic skills in biology with focal studies in an emphasis area. The program is designed to provide research experience and training appropriate for advanced positions in academic research and teaching, government and public agencies, and industry.

Admission Requirements

Applicants must meet the general graduate admission requirements of the Graduate School, described in the UMSL catalog. Students are considered for admission to the graduate program in Biology only after they have formally applied for admission through the Graduate School. Applications may be completed on-line.

In addition to Graduate School admission requirements, applicants to the Ph.D. in Biology program must submit three letters of recommendation

submitted from individuals able to comment on academic potential (such as faculty members at previously attended colleges or universities) and transcripts of all postsecondary academic work. We encourage GRE scores (Verbal, Quantitative, and Analytical) to be sent as well; however these are not required. Admission to the Ph.D. program normally requires a minimum grade point average overall and in biology courses of 3.0 (where A=4.0). Applicants from countries where English is not a primary language are required to meet the language requirements set by UMSL Global. Scores must be submitted before admission can be decided.

Applicants should have a bachelor's or M.S. degree from an accredited United States college or university or evidence of equivalent training at an accredited institution outside the United States. They should have the appropriate background for graduate work in biology, including courses in genetics, biochemistry, and evolution. Courses in organic chemistry, college physics, and calculus are expected. Students admitted to the Ph.D. program who have not met all the prerequisites may be required to make up deficiencies before admission to candidacy. The deficiencies will be decided during orientation meetings prior to the start of the second semester.

Degree Requirements

In addition to the general requirements of the Graduate School, the basic requirements for the Ph.D. degree in Biology include 60 graduate credit hours. At least 30 of the 60 hours must be taken at the 5000 or 6000 level. With the explicit consent of the graduate committee, students may take for graduate credit up to 3 credit hours of 3000 level courses in allied departments. Courses in biology at the 3000 level and below are not available for graduate credit. At least 31 of the 60 hours must be taken while in residence at the University of Missouri-St. Louis. Graduate credit for course work transferred from another program is subject to approval by the graduate committee and by the Graduate School. Graduate courses taken elsewhere will be considered for transfer credit during orientation meetings conducted prior to the start of the second semester of enrollment.

The requirements for all Ph.D. students include:

Coursework

- At least 30 credits of course work, including the following required courses (20 credits total)

| | | |
|--------------------------|--|-----------|
| BIOL 6889 | Graduate Seminar | 6 |
| BIOL 5178 & BIOL 5179 | Introduction to Graduate Research in Biology and Ethical Issues in Biology (to be taken in first year) | 2 |
| BIOL 5436 | Advanced Applied Bioinformatics | 3 |
| BIOL 4122 | Biostatistics | 3 |
| BIOL 5012 | Advanced Genetics | 3 |
| BIOL 5302 | Advanced Evolution | 3 |
| Total Hours | | 20 |

- Up to 30 credits of graduate research (BIOL 6905)

The maximum number of credit hours that may be applied toward the 60-hour requirement is limited as stated below:

- BIOL 6889, Graduate Seminar: 10 hours
- BIOL 6905, Graduate Research: 30 hours

The department also offers five 1-credit journal-club-style classes, focusing on different topics. A maximum of six credits from this group of courses can be applied towards the degree:

| | | |
|-----------|---|---|
| BIOL 5059 | Topics in Ecology, Evolution, and Systematics | 1 |
| BIOL 5069 | Topics in Cellular and Molecular Biology | 1 |
| BIOL 5079 | Topics in Floristic Taxonomy | 1 |
| BIOL 5089 | Topics in Animal Behavior | 1 |
| BIOL 5099 | Biology Colloquium | 1 |

Emphasis areas

Each Ph.D. student should select one of three emphasis areas, and choose at least six credit hours of appropriate elective courses to fit this area in consultation with their advisor. These emphases include Ecology, Evolution, and Behavior (EEB), Cellular and Molecular Biology (CMB), or Integrative Biology (IB), which would involve a combination of coursework from both of the previous emphases. Other courses may be included as electives with prior approval of the program coordinator.

Ecology, Evolution and Behavior Electives

| | | |
|-----------|---------------------------------------|---|
| BIOL 5192 | Community Ecology | 3 |
| BIOL 5312 | Theory of Systematics | 3 |
| BIOL 6102 | Advanced Topics in Behavioral Ecology | 3 |
| BIOL 6182 | Advanced Population Biology | 3 |
| BIOL 6502 | Advanced Evolution of Cognition | 3 |

Cellular and Molecular Biology Electives

| | | |
|-----------|--|---|
| BIOL 6442 | Advanced Developmental Biology | 3 |
| BIOL 6550 | Advanced Bacterial Pathogenesis | 3 |
| BIOL 6602 | Advanced Molecular Biology | 3 |
| BIOL 6608 | Advanced Synthetic Biology | 3 |
| BIOL 6615 | Advanced Biotechnology Laboratory II | 4 |
| BIOL 6622 | Advanced Cellular Basis of Disease | 3 |
| BIOL 6632 | Advanced Nucleic Acid Structure and Function | 3 |
| BIOL 6642 | Advanced Plant Biology and Biotechnology | 3 |
| BIOL 6652 | Advanced Virology | 3 |

Integrative Biology Electives

| | | |
|-----------|--|---|
| BIOL 5192 | Community Ecology | 3 |
| BIOL 5312 | Theory of Systematics | 3 |
| BIOL 6102 | Advanced Topics in Behavioral Ecology | 3 |
| BIOL 6182 | Advanced Population Biology | 3 |
| BIOL 6502 | Advanced Evolution of Cognition | 3 |
| BIOL 6608 | Advanced Synthetic Biology | 3 |
| BIOL 6615 | Advanced Biotechnology Laboratory II | 4 |
| BIOL 6622 | Advanced Cellular Basis of Disease | 3 |
| BIOL 6632 | Advanced Nucleic Acid Structure and Function | 3 |

| | | |
|-----------|--|---|
| BIOL 6642 | Advanced Plant Biology and Biotechnology | 3 |
| BIOL 6652 | Advanced Virology | 3 |

Maintenance of Status

All students are expected to maintain a GPA of 3.0 or better. To maintain their status in the program, normally students will meet formally each year with their thesis committee, or if that has not been formed yet, with their dissertation advisor.

Identifying a Dissertation Advisor

All PhD students must identify a dissertation advisor, via mutual consent between the student and the advisor. Students entering the program with an agreement in hand may join the lab in their first semester (this is more common for the EEB emphasis). Alternatively, students entering the program may rotate through three labs to identify a permanent lab and advisor (more common for the CMB emphasis). Additionally, students are expected to work with their advisor to assemble their dissertation committee by the end of the 2nd year.

In the event that a student's interest changes or the dissertation advisor feels the student's direction no longer falls with his/her area of expertise, the student and advisor should discuss whether a change of advisor is warranted. The graduate director must be notified in writing of any change in advisors. If a student or advisor is uncomfortable discussing the issue directly with the other, he/she is encouraged to meet with the director of the graduate program. If a student is unable to identify an advisor, they may be dismissed from the PhD program, typically with the option of completing an MS degree.

Qualifying Examination

All students must pass a qualifying examination, consisting of a written and oral component, which will normally be taken in the fall semester of the third year of graduate school. When a candidate has prior graduate experience or an especially strong undergraduate preparation, the examination may be taken earlier. Alternatively, those who require extra time due to a high load of language classes or missing prerequisite courses may petition for a one-time extension.

Admission to Candidacy

To be admitted to candidacy, students must satisfy the requirements of the Graduate School, which includes passing all qualifying examinations and completing all required course work.

Dissertation Proposal

All students must defend orally a written dissertation proposal to their dissertation committee. After successful defense, the proposal must be submitted to the director of graduate studies in biology and approved by the Graduate School. The proposal is to be successfully defended by the end of the sixth semester.

Dissertation

A dissertation embodying the results of original research shall be submitted to and approved by the Department of Biology and the Graduate School. The general regulations of the Graduate School concerning the preparation of the dissertation must be met. These rules include a public oral defense of the written dissertation. Dissertations are to be presented in a style appropriate for one or more publications in scientific journals.

Teaching

At least one semester of supervised teaching is required of all doctoral students.

Biology PhD, Ecology, Evolution and Behavior Emphasis

The doctoral program emphasizes empirical and theoretical approaches to biological research. Students are required to integrate basic skills in biology with focal studies in an emphasis area. The program is designed to provide research experience and training appropriate for advanced positions in academic research and teaching, government and public agencies, and industry.

Admission Requirements

Applicants must meet the general graduate admission requirements of the Graduate School, described in the UMSL catalog. Students are considered for admission to the graduate program in Biology only after they have formally applied for admission through the Graduate School. Applications may be completed on-line.

In addition to Graduate School admission requirements, applicants to the Ph.D. in Biology program must submit three letters of recommendation submitted from individuals able to comment on academic potential (such as faculty members at previously attended colleges or universities) and transcripts of all postsecondary academic work. We encourage GRE scores (Verbal, Quantitative, and Analytical) to be sent as well; however these are not required. Admission to the Ph.D. program normally requires a minimum grade point average overall and in biology courses of 3.0 (where A=4.0). Applicants from countries where English is not a primary language are required to meet the language requirements set by UMSL Global. Scores must be submitted before admission can be decided.

Applicants should have a bachelor's or M.S. degree from an accredited United States college or university or evidence of equivalent training at an accredited institution outside the United States. They should have the appropriate background for graduate work in biology, including courses in genetics, biochemistry, and evolution. Courses in organic chemistry, college physics, and calculus are expected. Students admitted to the Ph.D. program who have not met all the prerequisites may be required to make up deficiencies before admission to candidacy. The deficiencies will be decided during orientation meetings prior to the start of the second semester.

Degree Requirements

In addition to the general requirements of the Graduate School, the basic requirements for the Ph.D. degree in Biology include 60 graduate credit hours. At least 30 of the 60 hours must be taken at the 5000 or 6000 level. With the explicit consent of the graduate committee, students may take for graduate credit up to 3 credit hours of 3000 level courses in allied departments. Courses in biology at the 3000 level and below are not available for graduate credit. At least 31 of the 60 hours must be taken while in residence at the University of Missouri-St. Louis. Graduate credit for course work transferred from another program is subject to approval by the graduate committee and by the Graduate School. Graduate courses taken elsewhere will be considered for transfer credit during orientation meetings conducted prior to the start of the second semester of enrollment.

The requirements for all Ph.D. students include:

Coursework

- At least 30 credits of course work, including the following required courses (20 credits total)

| | | |
|-----------------------|--|---|
| BIOL 6889 | Graduate Seminar | 6 |
| BIOL 5178 & BIOL 5179 | Introduction to Graduate Research in Biology and Ethical Issues in Biology (to be taken in first year) | 2 |
| BIOL 5436 | Advanced Applied Bioinformatics | 3 |
| BIOL 4122 | Biostatistics | 3 |
| BIOL 5012 | Advanced Genetics | 3 |
| BIOL 5302 | Advanced Evolution | 3 |

Total Hours **20**

- Up to 30 credits of graduate research (BIOL 6905)

The maximum number of credit hours that may be applied toward the 60-hour requirement is limited as stated below:

- BIOL 6889, Graduate Seminar: 10 hours
- BIOL 6905, Graduate Research: 30 hours

The department also offers five 1-credit journal-club-style classes, focusing on different topics. A maximum of six credits from this group of courses can be applied towards the degree:

| | | |
|-----------|---|---|
| BIOL 5059 | Topics in Ecology, Evolution, and Systematics | 1 |
| BIOL 5069 | Topics in Cellular and Molecular Biology | 1 |
| BIOL 5079 | Topics in Floristic Taxonomy | 1 |
| BIOL 5089 | Topics in Animal Behavior | 1 |
| BIOL 5099 | Biology Colloquium | 1 |

Emphasis areas

Each Ph.D. student should select one of three emphasis areas, and choose at least six credit hours of appropriate elective courses to fit this area in consultation with their advisor. These emphases include Ecology, Evolution, and Behavior (EEB), Cellular and Molecular Biology (CMB), or Integrative Biology (IB), which would involve a combination of coursework from both of the previous emphases. Other courses may be included as electives with prior approval of the program coordinator.

Ecology, Evolution and Behavior Electives

| | | |
|-----------|---------------------------------------|---|
| BIOL 5192 | Community Ecology | 3 |
| BIOL 5312 | Theory of Systematics | 3 |
| BIOL 6102 | Advanced Topics in Behavioral Ecology | 3 |

Maintenance of Status

All students are expected to maintain a GPA of 3.0 or better. To maintain their status in the program, normally students will meet formally each year with their thesis committee, or if that has not been formed yet, with their dissertation advisor.

Identifying a Dissertation Advisor

All PhD students must identify a dissertation advisor, via mutual consent between the student and the advisor. Students entering the program with an agreement in hand may join the lab in their first semester (this is more common for the EEB emphasis). Alternatively, students entering the program may rotate through three labs to identify a permanent lab and advisor (more common for the CMB emphasis). Additionally, students are expected to work with their advisor to assemble their dissertation committee by the end of the 2nd year.

In the event that a student's interest changes or the dissertation advisor feels the student's direction no longer falls with his/her area of expertise, the student and advisor should discuss whether a change of advisor is warranted. The graduate director must be notified in writing of any change in advisors. If a student or advisor is uncomfortable discussing the issue directly with the other, he/she is encouraged to meet with the director of the graduate program. If a student is unable to identify an advisor, they may be dismissed from the PhD program, typically with the option of completing an MS degree.

Qualifying Examination

All students must pass a qualifying examination, consisting of a written and oral component, which will normally be taken in the fall semester of the third year of graduate school. When a candidate has prior graduate experience or an especially strong undergraduate preparation, the examination may be taken earlier. Alternatively, those who require extra

time due to a high load of language classes or missing prerequisite courses may petition for a one-time extension.

Admission to Candidacy

To be admitted to candidacy, students must satisfy the requirements of the Graduate School, which includes passing all qualifying examinations and completing all required course work.

Dissertation Proposal

All students must defend orally a written dissertation proposal to their dissertation committee. After successful defense, the proposal must be submitted to the director of graduate studies in biology and approved by the Graduate School. The proposal is to be successfully defended by the end of the sixth semester.

Dissertation

A dissertation embodying the results of original research shall be submitted to and approved by the Department of Biology and the Graduate School. The general regulations of the Graduate School concerning the preparation of the dissertation must be met. These rules include a public oral defense of the written dissertation. Dissertations are to be presented in a style appropriate for one or more publications in scientific journals.

Teaching

At least one semester of supervised teaching is required of all doctoral students.

Biology PhD, Integrative Biology Emphasis

The doctoral program emphasizes empirical and theoretical approaches to biological research. Students are required to integrate basic skills in biology with focal studies in an emphasis area. The program is designed to provide research experience and training appropriate for advanced positions in academic research and teaching, government and public agencies, and industry.

Admission Requirements

Applicants must meet the general graduate admission requirements of the Graduate School, described in the UMSL catalog. Students are considered for admission to the graduate program in Biology only after they have formally applied for admission through the Graduate School. Applications may be completed on-line.

In addition to Graduate School admission requirements, applicants to the Ph.D. in Biology program must submit three letters of recommendation submitted from individuals able to comment on academic potential (such as faculty members at previously attended colleges or universities) and transcripts of all postsecondary academic work. We encourage GRE scores (Verbal, Quantitative, and Analytical) to be sent as well; however these are not required. Admission to the Ph.D. program normally requires a minimum grade point average overall and in biology courses of 3.0 (where A=4.0). Applicants from countries where English is not a primary language are required to meet the language requirements set by UMSL Global. Scores must be submitted before admission can be decided.

Applicants should have a bachelor's or M.S. degree from an accredited United States college or university or evidence of equivalent training at an accredited institution outside the United States. They should have the appropriate background for graduate work in biology, including courses

in genetics, biochemistry, and evolution. Courses in organic chemistry, college physics, and calculus are expected. Students admitted to the Ph.D. program who have not met all the prerequisites may be required to make up deficiencies before admission to candidacy. The deficiencies will be decided during orientation meetings prior to the start of the second semester.

Degree Requirements

In addition to the general requirements of the Graduate School, the basic requirements for the Ph.D. degree in Biology include 60 graduate credit hours. At least 30 of the 60 hours must be taken at the 5000 or 6000 level. With the explicit consent of the graduate committee, students may take for graduate credit up to 3 credit hours of 3000 level courses in allied departments. Courses in biology at the 3000 level and below are not available for graduate credit. At least 31 of the 60 hours must be taken while in residence at the University of Missouri-St. Louis. Graduate credit for course work transferred from another program is subject to approval by the graduate committee and by the Graduate School. Graduate courses taken elsewhere will be considered for transfer credit during orientation meetings conducted prior to the start of the second semester of enrollment.

The requirements for all Ph.D. students include:

Coursework

- At least 30 credits of course work, including the following required courses (20 credits total)

| | | |
|-----------------------|--|----|
| BIOL 6889 | Graduate Seminar | 6 |
| BIOL 5178 & BIOL 5179 | Introduction to Graduate Research in Biology and Ethical Issues in Biology (to be taken in first year) | 2 |
| BIOL 5436 | Advanced Applied Bioinformatics | 3 |
| BIOL 4122 | Biostatistics | 3 |
| BIOL 5012 | Advanced Genetics | 3 |
| BIOL 5302 | Advanced Evolution | 3 |
| Total Hours | | 20 |

- Up to 30 credits of graduate research (BIOL 6905)

The maximum number of credit hours that may be applied toward the 60-hour requirement is limited as stated below:

- BIOL 6889, Graduate Seminar: 10 hours
- BIOL 6905, Graduate Research: 30 hours

The department also offers five 1-credit journal-club-style classes, focusing on different topics. A maximum of six credits from this group of courses can be applied towards the degree:

| | | |
|-----------|---|---|
| BIOL 5059 | Topics in Ecology, Evolution, and Systematics | 1 |
| BIOL 5069 | Topics in Cellular and Molecular Biology | 1 |
| BIOL 5079 | Topics in Floristic Taxonomy | 1 |
| BIOL 5089 | Topics in Animal Behavior | 1 |
| BIOL 5099 | Biology Colloquium | 1 |

Emphasis areas

Each Ph.D. student should select one of three emphasis areas, and choose at least six credit hours of appropriate elective courses to fit this area in consultation with their advisor. These emphases include Ecology, Evolution, and Behavior (EEB), Cellular and Molecular Biology (CMB), or Integrative Biology (IB), which would involve a combination of coursework from both of the previous emphases. Other courses may be included as electives with prior approval of the program coordinator.

Ecology, Evolution and Behavior Electives

| | | |
|-----------|---------------------------------------|---|
| BIOL 5192 | Community Ecology | 3 |
| BIOL 5312 | Theory of Systematics | 3 |
| BIOL 6102 | Advanced Topics in Behavioral Ecology | 3 |
| BIOL 6182 | Advanced Population Biology | 3 |
| BIOL 6502 | Advanced Evolution of Cognition | 3 |

Cellular and Molecular Biology Electives

| | | |
|-----------|--|---|
| BIOL 6442 | Advanced Developmental Biology | 3 |
| BIOL 6550 | Advanced Bacterial Pathogenesis | 3 |
| BIOL 6602 | Advanced Molecular Biology | 3 |
| BIOL 6608 | Advanced Synthetic Biology | 3 |
| BIOL 6615 | Advanced Biotechnology Laboratory II | 4 |
| BIOL 6622 | Advanced Cellular Basis of Disease | 3 |
| BIOL 6632 | Advanced Nucleic Acid Structure and Function | 3 |
| BIOL 6642 | Advanced Plant Biology and Biotechnology | 3 |
| BIOL 6652 | Advanced Virology | 3 |

Integrative Biology Electives

| | | |
|-----------|--|---|
| BIOL 5192 | Community Ecology | 3 |
| BIOL 5312 | Theory of Systematics | 3 |
| BIOL 6102 | Advanced Topics in Behavioral Ecology | 3 |
| BIOL 6182 | Advanced Population Biology | 3 |
| BIOL 6502 | Advanced Evolution of Cognition | 3 |
| BIOL 6608 | Advanced Synthetic Biology | 3 |
| BIOL 6615 | Advanced Biotechnology Laboratory II | 4 |
| BIOL 6622 | Advanced Cellular Basis of Disease | 3 |
| BIOL 6632 | Advanced Nucleic Acid Structure and Function | 3 |
| BIOL 6642 | Advanced Plant Biology and Biotechnology | 3 |
| BIOL 6652 | Advanced Virology | 3 |

Maintenance of Status

All students are expected to maintain a GPA of 3.0 or better. To maintain their status in the program, normally students will meet formally each year with their thesis committee, or if that has not been formed yet, with their dissertation advisor.

Identifying a Dissertation Advisor

All PhD students must identify a dissertation advisor, via mutual consent between the student and the advisor. Students entering the program with an agreement in hand may join the lab in their first semester (this is more common for the EEB emphasis). Alternatively, students entering the program may rotate through three labs to identify a permanent lab and advisor (more common for the CMB emphasis). Additionally, students are expected to work with their advisor to assemble their dissertation committee by the end of the 2nd year.

In the event that a student's interest changes or the dissertation advisor feels the student's direction no longer falls with his/her area of expertise, the student and advisor should discuss whether a change of advisor is warranted. The graduate director must be notified in writing of any change in advisors. If a student or advisor is uncomfortable discussing the issue directly with the other, he/she is encouraged to meet with the director of the graduate program. If a student is unable to identify an advisor, they may be dismissed from the PhD program, typically with the option of completing an MS degree.

Qualifying Examination

All students must pass a qualifying examination, consisting of a written and oral component, which will normally be taken in the fall semester of the third year of graduate school. When a candidate has prior graduate experience or an especially strong undergraduate preparation, the examination may be taken earlier. Alternatively, those who require extra time due to a high load of language classes or missing prerequisite courses may petition for a one-time extension.

Admission to Candidacy

To be admitted to candidacy, students must satisfy the requirements of the Graduate School, which includes passing all qualifying examinations and completing all required course work.

Dissertation Proposal

All students must defend orally a written dissertation proposal to their dissertation committee. After successful defense, the proposal must be submitted to the director of graduate studies in biology and approved by the Graduate School. The proposal is to be successfully defended by the end of the sixth semester.

Dissertation

A dissertation embodying the results of original research shall be submitted to and approved by the Department of Biology and the Graduate School. The general regulations of the Graduate School concerning the preparation of the dissertation must be met. These rules include a public oral defense of the written dissertation. Dissertations are to be presented in a style appropriate for one or more publications in scientific journals.

Teaching

At least one semester of supervised teaching is required of all doctoral students.

Biotechnology Graduate Certificate

The Graduate Certificate in Biotechnology is offered for students with a bachelor's degree who wish to obtain advanced level training in those fields of biology that pertain to biotechnology without necessarily earning a master's degree. Students who enter this program may have a variety

of interests, including biochemistry, microbiology, molecular biology, cell biology, developmental biology, or molecular evolution.

Admission

Students who wish to earn a Graduate Certificate in Biotechnology must apply to the Biotechnology Certificate Program for admission to the program. Students must be enrolled in the graduate program at the University of Missouri-St. Louis either as non-degree students or as master's students.

Students who wish to obtain a Master's degree with a Biotechnology Certificate must be accepted into the Master's degree program in Biology as well as into the Biotechnology Certificate Program. Students who apply to the certificate program as non-degree students will earn only the certificate.

Students must have at least a 3.0 GPA for undergraduate course work to be accepted into the program. The minimum course prerequisites for admission to the program are undergraduate courses in genetics, cell biology, and biochemistry.

Requirements

Students must maintain a minimum GPA of 3.0 to remain in the certificate program. The certificate is awarded after completion of the courses listed below. Students enrolled in the Master's program may simultaneously earn a graduate degree and count the appropriate courses from the list below toward the Biotechnology Certificate.

The biotechnology certificate requires 18 credit hours of course work:

| | | |
|--------------|---|---|
| BIOL 6615 | Advanced Biotechnology Laboratory II | 4 |
| BIOL 6602 | Advanced Molecular Biology (If both Group II courses are taken, one may be used as elective credit) | 3 |
| or BIOL 6612 | | |

Electives

Select 11 credits from the following: 11

| | |
|-----------|--|
| Biology | |
| BIOL 4712 | |
| BIOL 4842 | Immunobiology |
| BIOL 5069 | Topics in Cellular and Molecular Biology |
| BIOL 6550 | Advanced Bacterial Pathogenesis |
| BIOL 6612 | |
| BIOL 6622 | Advanced Cellular Basis of Disease |
| BIOL 6632 | Advanced Nucleic Acid Structure and Function |
| BIOL 6642 | Advanced Plant Biology and Biotechnology |
| BIOL 6652 | Advanced Virology |
| BIOL 6699 | Graduate Internship in Biotechnology |
| BIOL 6889 | Graduate Seminar |
| BIOL 6915 | Graduate Research Practicum |
| BIOL 6920 | Advanced Topics in Biology |
| Chemistry | |
| CHEM 4722 | Advanced Biochemistry |

| | |
|--------------------|-------------------------|
| CHEM 4733 | Biochemistry Laboratory |
| CHEM 4772 | Physical Biochemistry |
| Total Hours | 18 |

Business Administration BS

General Education Requirements

All Business majors must meet the university general education requirements. As part of meeting the university's general education requirements, all Business majors must complete the prerequisite courses below :

| | | |
|----------------|--|---|
| ECON 1001 | Principles of Microeconomics (MOTR ECON 102) | 3 |
| ECON 1002 | Principles of Macroeconomics (MOTR ECON 101) | 3 |
| MATH 1030 | College Algebra (MOTR MATH 130) | 3 |
| MATH 1100 | Basic Calculus | 3 |
| or BUS AD 1107 | Quantitative Methods for Business | |
| MATH 1105 | Basic Probability and Statistics | 3 |

Degree Requirements

All Business majors must meet College of Business G.P.A., good standing and credit requirements (p. 209) as outlined in the Bulletin.

Lower Division Business Core Requirements

| | | |
|-------------|---|---|
| ACCTNG 2400 | Fundamentals of Financial Accounting | 3 |
| ACCTNG 2410 | Managerial Accounting | 3 |
| BUS AD 2900 | Legal Environment of Business | 3 |
| INFSYS 2800 | Information Systems Concepts and Applications | 3 |

Total Hours 12

Upper Division Requirements

| | | |
|-----------|------------------|---|
| ENGL 3120 | Business Writing | 3 |
|-----------|------------------|---|

Upper Division Non-Business or Business Requirement

Two global awareness courses selected from an approved list maintained in the Office of Undergraduate Academic Advising in the College of Business Administration; also available on our web site.

Upper Division Business Requirements

| | | |
|--------------|---|---|
| ENT 3100 | Applications of Entrepreneurship ¹ | 3 |
| FINANCE 3500 | Financial Management | 3 |
| SCMA 3300 | Business Analytics and Statistics | 3 |
| SCMA 3301 | Introduction to Supply Chain Management | 3 |
| MGMT 3600 | Management and Organizational Behavior | 3 |
| MGMT 4219 | Strategic Management | 3 |
| MKTG 3700 | Principles of Marketing | 3 |

| | |
|--|-----------|
| A minimum of 15 additional hours of upper division approved business electives | 15 |
| Total Hours | 36 |

¹ Course is required for BS Accounting and all BS Business Administration majors.

Assessment Requirement

| | | |
|-----------|-----------------------------|---|
| MGMT 4220 | Business Assessment Testing | 0 |
|-----------|-----------------------------|---|

General Business

For those undecided regarding a specific emphasis area, a general business degree option is available. Students must complete a minimum of 18 hours of upper division approved business electives (see comprehensive list of business courses in the course descriptions section of this publication)

Learning Outcomes

Upon completion of the program, graduates will be able to:

- Articulate and apply foundational knowledge associated with core business disciplines (accounting, finance, supply chain management, marketing, information technology, and management). (Functional Business Knowledge)
- (a) Identify business problems and opportunities, (b) analyze relevant strategic, tactical, and operational options through qualitative and quantitative methods in order to (c) make recommendations and provide the rationale behind decisions. (Decision Making Skills)
- Identify and evaluate global business factors, including the opportunities, constraints and risks of operating across various country environments. (Global Orientation)
- Identify legal/ethical issues, assess impact, and decide on a socially responsible course of action. (Ethical Orientation)
- Students will be able to effectively communicate business issues, analyses and recommendations in written and oral presentations to stakeholders. (Business Communication Skills)
- Develop technological and quantitative skills, including those associated with statistics, data visualization and analysis, project management, social media, and those commensurate with their business specialization. (Technological Skills)
- Demonstrate interpersonal skills to collaborate within diverse teams, effectively engage with stakeholders in a professional manner, and develop leadership skills. (Interpersonal Skills)

Sample Four Year Plan

| First Year | | | |
|---------------------------------|-------|--|-------|
| Fall | Hours | Spring | Hours |
| MATH 1030 | | 3 BUS AD 1107 or MATH 1100 | 3 |
| ENGL 1100 | | 3 ECON 1001 | 3 |
| BUS AD 1000 or ENT 1100 | | 3 INFSYS 2800 | 3 |
| INFSYS 1800 | | 3 EXPLORE - Humanities and Fine Arts | 3 |
| Explore- Humanities & Fine Arts | | 3 EXPLORE – Mathematics and Life/ Natural Sciences | 3 |
| INTDSC 1003 | 1 | | |
| | 16 | | 15 |
| Second Year | | | |
| Fall | Hours | Spring | Hours |
| MATH 1105 | | 3 ACCTNG 2410 | 3 |

| | | |
|---------------------------------|--------------------------------------|----|
| ACCTNG 2400 | 3 BUS AD 2900 | 3 |
| ECON 1002 | 3 SCMA 3300 | 3 |
| CORE: Communication Proficiency | 3 EXPLORE – Humanities and Fine Arts | 3 |
| CORE: US History and Government | 3 Cultural Diversity Requirement | 3 |
| | 15 | 15 |

| Third Year | | | |
|------------|-------|---|-------|
| Fall | Hours | Spring | Hours |
| SCMA 3301 | | 3 ENT 3100 | 3 |
| MGMT 3600 | | 3 FINANCE 3500 | 3 |
| ENGL 3120 | | 3 Junior/Senior Level Business Elective | 3 |
| MKTG 3700 | | 3 Global Awareness Course | 3 |
| Elective | | 3 Elective | 3 |
| | 15 | | 15 |

| Fourth Year | | | |
|---------------------------------------|-------|---|-------|
| Fall | Hours | Spring | Hours |
| Junior/Senior Level Business Elective | | 6 MGMT 4219 & MGMT 4220 | 3 |
| Global Awareness Course | | 3 Junior/Senior Level Business Elective | 6 |
| Electives | | 6 Electives | 5 |
| | 15 | | 14 |

Total Hours: 120

PLEASE NOTE: This plan is an example of what a four year plan could look like for a typical student. Placement exam scores in math as well as the completion of coursework may change the plan. It should not be used in the place of regular academic advising appointments. All students are encouraged to meet with their advisor. All requirements are subject to change.

Business Administration BS, Entrepreneurship Emphasis

The Entrepreneurship emphasis area will focus on students acquiring knowledge, abilities, and skills enabling them to ultimately develop and successfully launch entrepreneurial ventures in small, medium sized, corporate, and not-for-profit organizational settings.

General Education Requirements

All Business majors must meet the university general education requirements. As part of meeting the university's general education requirements, all Business majors must complete the prerequisite courses below :

| | | |
|--------------------------|--|---|
| ECON 1001 | Principles of Microeconomics (MOTR ECON 102) | 3 |
| ECON 1002 | Principles of Macroeconomics (MOTR ECON 101) | 3 |
| MATH 1030 | College Algebra (MOTR MATH 130) | 3 |
| MATH 1100 or BUS AD 1107 | Basic Calculus | 3 |
| MATH 1105 | Quantitative Methods for Business | 3 |
| | Basic Probability and Statistics | 3 |

Degree Requirements

All Business majors must meet College of Business G.P.A., good standing and credit requirements (p. 209) as outlined in the Bulletin.

Lower Division Business Core Requirements

| | | |
|-------------|--------------------------------------|---|
| ACCTNG 2400 | Fundamentals of Financial Accounting | 3 |
|-------------|--------------------------------------|---|

| | | |
|--------------------|---|-----------|
| ACCTNG 2410 | Managerial Accounting | 3 |
| BUS AD 2900 | Legal Environment of Business | 3 |
| INFSYS 2800 | Information Systems Concepts and Applications | 3 |
| Total Hours | | 12 |

Upper Division Requirements

| | | |
|-----------|------------------|---|
| ENGL 3120 | Business Writing | 3 |
|-----------|------------------|---|

Upper Division Non-Business or Business Requirement

Two global awareness courses selected from an approved list maintained in the Office of Undergraduate Academic Advising in the College of Business Administration; also available on our web site.

Upper Division Business Requirements

| | | |
|--|---|-----------|
| ENT 3100 | Applications of Entrepreneurship ¹ | 3 |
| FINANCE 3500 | Financial Management | 3 |
| SCMA 3300 | Business Analytics and Statistics | 3 |
| SCMA 3301 | Introduction to Supply Chain Management | 3 |
| MGMT 3600 | Management and Organizational Behavior | 3 |
| MGMT 4219 | Strategic Management | 3 |
| MKTG 3700 | Principles of Marketing | 3 |
| A minimum of 15 additional hours of upper division approved business electives | | 15 |
| Total Hours | | 36 |

¹ Course is required for BS Accounting and all BS Business Administration majors.

Assessment Requirement

| | | |
|-----------|-----------------------------|---|
| MGMT 4220 | Business Assessment Testing | 0 |
|-----------|-----------------------------|---|

Emphasis Area Requirements

Required Courses

| | | |
|----------|---|---|
| ENT 3100 | Applications of Entrepreneurship ¹ | 3 |
|----------|---|---|

Elective

Choose five of the following courses: ² 15

| | | |
|--------------------|---|--|
| ENT 3133/MKTG 3733 | Customer Relationship Management (CRM) | |
| ENT 3145 | Seminar in Venture Capital and Private Equity | |
| ENT 3150 | Entrepreneurial Opportunity Evaluation | |
| ENT 3161/MKTG 3761 | Entrepreneurial Product Development | |
| ENT 3190 | Internship in Entrepreneurship ³ | |
| ENT 4100 | Entrepreneurship Capstone | |
| ENT 4114/MGMT 4614 | Entrepreneurship/Small Business Management | |
| ENT 4147 | Introduction to Project Management | |

| | | |
|--------------------|--|-----------|
| ENT 4199 | Independent Study in Entrepreneurship ³ | |
| Total Hours | | 18 |

¹ ENT 3100 should be taken before any electives in the program.

² Other elective courses may be taken with approval of program coordinator.

³ At most, only one of ENT 3190 and ENT 4199 may be counted toward the Entrepreneurship emphasis area.

Learning Outcomes

Upon completion of the program, graduates should be able to:

- Articulate and apply foundational knowledge associated with core business disciplines (accounting, finance, supply chain management, marketing, information technology, and management). (Functional Business Knowledge)
- (a) Identify business problems and opportunities, (b) analyze relevant strategic, tactical, and operational options through qualitative and quantitative methods in order to (c) make recommendations and provide the rationale behind decisions. (Decision Making Skills)
- Identify and evaluate global business factors, including the opportunities, constraints and risks of operating across various country environments. (Global Orientation)
- Identify legal/ethical issues, assess impact, and decide on a socially responsible course of action. (Ethical Orientation)
- Students will be able to effectively communicate business issues, analyses and recommendations in written and oral presentations to stakeholders. (Business Communication Skills)
- Develop technological and quantitative skills, including those associated with statistics, data visualization and analysis, project management, social media, and those commensurate with their business specialization. (Technological Skills)
- Demonstrate interpersonal skills to collaborate within diverse teams, effectively engage with stakeholders in a professional manner, and develop leadership skills. (Interpersonal Skills)
- Utilize innovation and creativity tools and techniques to solve business and social problems.
- Describe how venture capital and private equity processes operate, and explain other sources of financing for entrepreneurial ventures.
- Demonstrate an entrepreneurial mindset by creating and launching a real-world business or social venture.
- Demonstrate expertise in applying methods and processes that support effective scaling of entrepreneurial ventures, including operational and strategic planning, project management techniques, and protecting technology.

Sample Four Year Plan

| First Year | | | |
|----------------------------------|-------|------------------------------------|-------|
| Fall | Hours | Spring | Hours |
| INTDSC 1003 ¹ | | 1 BUS AD 1107 or MATH 1100 | 3 |

| MGMT 3600 | Management and Organizational Behavior | 3 |
| MGMT 4219 | Strategic Management | 3 |
| MKTG 3700 | Principles of Marketing | 3 |
| A minimum of 15 additional hours of upper division approved business electives | | 15 |
| Total Hours | | 36 |

¹ Course is required for BS Accounting and all BS Business Administration majors.

Assessment Requirement

| | | |
|-----------|-----------------------------|---|
| MGMT 4220 | Business Assessment Testing | 0 |
|-----------|-----------------------------|---|

Emphasis in Finance

Finance is a multidisciplinary field that combines various concepts from management, economics and accounting with financial techniques to make sound business decisions and solve problems.

A minimum of 18 hours of upper division finance electives must be selected from the following:

| | | |
|--------------|--|---|
| FINANCE 3501 | Financial Policies | 3 |
| FINANCE 3503 | Computer Applications in Finance | 3 |
| FINANCE 3520 | Investments | 3 |
| FINANCE 3521 | Financial Engineering: Applying Derivatives | 3 |
| FINANCE 3523 | Fixed Income Analysis | 3 |
| FINANCE 3525 | Practicum in Investments | 1 |
| FINANCE 3540 | Introduction to Financial Institutions and Financial Markets | 3 |

| | | |
|--------------------------------|---|-----|
| FINANCE 3541 | Commercial Bank Management | 3 |
| FINANCE 3542 | Principles of Real Estate | 3 |
| FINANCE 3560 | Practice of Personal Financial Planning | 3 |
| FINANCE 3561 | Principles of Insurance | 3 |
| FINANCE 3562 | Life Insurance and Employee Benefits | 3 |
| FINANCE 3563 | Retirement Planning and Employee Benefits | 3 |
| FINANCE 3564 | Estate Planning and Trusts | 3 |
| FINANCE/INTL BUS 3580 | International Corporate Finance | 3 |
| FINANCE/INTL BUS 3582 | International Investments | 3 |
| FINANCE 3585/ INTL BUS 3281 | Business in China | 3 |
| FINANCE 3590 | Internship in Finance | 1-3 |
| FINANCE 3598 | Seminar in Finance | 1-3 |
| FINANCE 3599 | Independent Study in Finance (approved) | 1-3 |

Track Certification

Students may combine selected courses from the list above, and other specified upper division business electives, to fulfill a designated track with dual objectives of acquiring in depth knowledge, and to prepare and be eligible for various professional certification examinations. Detailed information is available in the Office of Undergraduate Academic Advising. The specific tracks available include:

- Corporate Finance
- Financial Institutions and Services
- Investment and Portfolio Management
- Financial Planning
- Insurance

Learning Outcomes

Upon completion of the program, graduates will be able to:

- Articulate and apply foundational knowledge associated with core business disciplines (accounting, finance, supply chain management, marketing, information technology, and management). (Functional Business Knowledge)
- (a) Identify business problems and opportunities, (b) analyze relevant strategic, tactical, and operational options through qualitative and quantitative methods in order to (c) make recommendations and provide the rationale behind decisions. (Decision Making Skills)
- Identify and evaluate global business factors, including the opportunities, constraints and risks of operating across various country environments. (Global Orientation)
- Identify legal/ethical issues, assess impact, and decide on a socially responsible course of action. (Ethical Orientation)
- Students will be able to effectively communicate business issues, analyses and recommendations in written and oral presentations to stakeholders. (Business Communication Skills)
- Develop technological and quantitative skills, including those associated with statistics, data visualization and analysis, project management, social media, and those commensurate with their business specialization. (Technological Skills)

- Demonstrate interpersonal skills to collaborate within diverse teams, effectively engage with stakeholders in a professional manner, and develop leadership skills. (Interpersonal Skills)
- Explain and apply fundamental concepts in finance.
- Address corporate and investment issues by utilizing financial principles.
- Interpret and analyze financial data to evaluate firm performance.
- Apply financial tools and technologies to assist in real-life personal financial decision making and real estate investment.

Sample Four Year Plan

| First Year | | | |

PLEASE NOTE: This plan is an example of what a four year plan could look like for a typical student. Placement exam scores in math as well as the completion of coursework may change the plan. It should not be used in the place of regular academic advising appointments. All students are encouraged to meet with their advisor. All requirements are subject to change.

Business Administration BS, Information Systems and Technology Emphasis

BSBA (IST emphasis) students will complement coursework in Business Administration with coursework in Information Systems and Technology

(IST) to understand how business processes, people, and organizational design when complemented with IST can solve business problems and enable competitive advantage.

General Education Requirements

All Business majors must meet the university general education requirements. As part of meeting the university's general education requirements, all Business majors must complete the prerequisite courses below :

| | | |
|----------------|--|---|
| ECON 1001 | Principles of Microeconomics (MOTR ECON 102) | 3 |
| ECON 1002 | Principles of Macroeconomics (MOTR ECON 101) | 3 |
| MATH 1030 | College Algebra (MOTR MATH 130) | 3 |
| MATH 1100 | Basic Calculus | 3 |
| or BUS AD 1107 | Quantitative Methods for Business | |
| MATH 1105 | Basic Probability and Statistics | 3 |

Degree Requirements

All Business majors must meet College of Business G.P.A., good standing and credit requirements (p. 209) as outlined in the Bulletin.

Lower Division Business Core Requirements

| | | |
|--------------------|---|-----------|
| ACCTNG 2400 | Fundamentals of Financial Accounting | 3 |
| ACCTNG 2410 | Managerial Accounting | 3 |
| BUS AD 2900 | Legal Environment of Business | 3 |
| INFSYS 2800 | Information Systems Concepts and Applications | 3 |
| Total Hours | | 12 |

Upper Division Requirements

| | | |
|-----------|------------------|---|
| ENGL 3120 | Business Writing | 3 |
|-----------|------------------|---|

Upper Division Non-Business or Business Requirement

Two global awareness courses selected from an approved list maintained in the Office of Undergraduate Academic Advising in the College of Business Administration; also available on our web site.

Upper Division Business Requirements

| | | |
|--|---|-----------|
| ENT 3100 | Applications of Entrepreneurship ¹ | 3 |
| FINANCE 3500 | Financial Management | 3 |
| SCMA 3300 | Business Analytics and Statistics | 3 |
| SCMA 3301 | Introduction to Supply Chain Management | 3 |
| MGMT 3600 | Management and Organizational Behavior | 3 |
| MGMT 4219 | Strategic Management | 3 |
| MKTG 3700 | Principles of Marketing | 3 |
| A minimum of 15 additional hours of upper division approved business electives | | 15 |
| Total Hours | | 36 |

¹ Course is required for BS Accounting and all BS Business Administration majors.

Assessment Requirement

| | | |
|-----------|-----------------------------|---|
| MGMT 4220 | Business Assessment Testing | 0 |
|-----------|-----------------------------|---|

Emphasis Area Requirements

| | | |
|---|---|-----------|
| INFSYS 3830 | Data Programming | 3 |
| INFSYS 3848 | Introduction to Information Security | 3 |
| INFSYS 3862 | Artificial Intelligence Applications for Business | 3 |
| INFSYS 4800 | IT Leadership | 3 |
| INFSYS 4847 | IT Project Management | 3 |
| Elective | | 3 |
| One additional INFSYS course ¹ | | |
| Total Hours | | 18 |

¹ A course in a related-field may be taken with approval of the department chair.

Learning Outcomes

Upon completion of the program, graduates should be able to:

- Articulate and apply foundational knowledge associated with core business disciplines (accounting, finance, supply chain management, marketing, information technology, and management). (Functional Business Knowledge)
- (a) Identify business problems and opportunities, (b) analyze relevant strategic, tactical, and operational options through qualitative and quantitative methods in order to (c) make recommendations and provide the rationale behind decisions. (Decision Making Skills)
- Identify and evaluate global business factors, including the opportunities, constraints and risks of operating across various country environments. (Global Orientation)
- Identify legal/ethical issues, assess impact, and decide on a socially responsible course of action. (Ethical Orientation)
- Students will be able to effectively communicate business issues, analyses and recommendations in written and oral presentations to stakeholders. (Business Communication Skills)
- Develop technological and quantitative skills, including those associated with statistics, data visualization and analysis, project management, social media, and those commensurate with their business specialization. (Technological Skills)
- Demonstrate interpersonal skills to collaborate within diverse teams, effectively engage with stakeholders in a professional manner, and develop leadership skills. (Interpersonal Skills)
- Recognize challenges confronting the management of information systems
- Understand ethical, legal, privacy, and compliance issues relating to information systems
- Develop the foundations of business intelligence, cybersecurity, and enterprise systems
- Explain the analysis and design of information systems
- Synthesize data for managerial decisions

Business Administration BS, International Business Emphasis

National markets are becoming increasingly integrated. The study of international business focuses on understanding the forces behind this globalization of markets and production.

General Education Requirements

All Business majors must meet the university general education requirements. As part of meeting the university's general education requirements, all Business majors must complete the prerequisite courses below :

| | | |
|-----------------------------|---|---|
| ECON 1001 | Principles of Microeconomics (MOTR ECON 102) | 3 |
| ECON 1002 | Principles of Macroeconomics (MOTR ECON 101) | 3 |
| MATH 1030 | College Algebra (MOTR MATH 130) | 3 |
| MATH 1100 or BUS AD 1107 | Basic Calculus Quantitative Methods for Business | 3 |
| MATH 1105 | Basic Probability and Statistics | 3 |

Degree Requirements

All Business majors must meet College of Business G.P.A., good standing and credit requirements (p. 209) as outlined in the Bulletin.

Lower Division Business Core Requirements

| | | |
|-------------|---|----|
| ACCTNG 2400 | Fundamentals of Financial Accounting | 3 |
| ACCTNG 2410 | Managerial Accounting | 3 |
| BUS AD 2900 | Legal Environment of Business | 3 |
| INFSYS 2800 | Information Systems Concepts and Applications | 3 |
| Total Hours | | 12 |

Upper Division Requirements

| | | |
|-----------|------------------|---|
| ENGL 3120 | Business Writing | 3 |
|-----------|------------------|---|

Upper Division Non-Business or Business Requirement

Two global awareness courses selected from an approved list maintained in the Office of Undergraduate Academic Advising in the College of Business Administration; also available on our web site.

Upper Division Business Requirements

| | | |
|--|---|----|
| ENT 3100 | Applications of Entrepreneurship ¹ | 3 |
| FINANCE 3500 | Financial Management | 3 |
| SCMA 3300 | Business Analytics and Statistics | 3 |
| SCMA 3301 | Introduction to Supply Chain Management | 3 |
| MGMT 3600 | Management and Organizational Behavior | 3 |
| MGMT 4219 | Strategic Management | 3 |
| MKTG 3700 | Principles of Marketing | 3 |
| A minimum of 15 additional hours of upper division approved business electives | | 15 |
| Total Hours | | 36 |

¹ Course is required for BS Accounting and all BS Business Administration majors.

Assessment Requirement

| | | |
|-----------|-----------------------------|---|
| MGMT 4220 | Business Assessment Testing | 0 |
|-----------|-----------------------------|---|

Emphasis Area Requirements

Twelve (12) hours are required of all individuals seeking an emphasis in International Business.

| | | |
|--|--|---|
| Select two of the following courses. | | 6 |
| INTL BUS/MGMT 3680 | International Management | |
| INTL BUS/FINANCE 3580 | International Corporate Finance | |
| INTL BUS/MKTG 3780 | International Marketing | |
| Select two additional approved international business courses from the following. ¹ | | 6 |
| INTL BUS 3280 | The Law of International Business Transactions | |

| | |
|-----------------------|---|
| INTL BUS 3281 | Business in China |
| INTL BUS 3282 | Managing the Global Workforce |
| INTL BUS 3283 | International Business and Society |
| INTL BUS 3285 | Role of the Global Corporation |
| INTL BUS 3289 | Practicum in International Business |
| INTL BUS 3290 | Internship in International Business |
| INTL BUS 3299 | Independent Study in International Business |
| INTL BUS/FINANCE 3580 | International Corporate Finance |
| INTL BUS/FINANCE 3582 | International Investments |
| INTL BUS/MGMT 3680 | International Management |
| INTL BUS/MKTG 3780 | International Marketing |
| INTL BUS 4281 | Entrepreneurship in the Global Environment |
| INTL BUS 4289 | International Strategic Management |
| INTL BUS/LOG OM 4381 | Global Supply Chain Management |

Total Hours **12**

¹ Other than INTL BUS 3289.

Proficiency in a foreign language of international commerce (determined by the College of Business Administration) must be demonstrated - 13 credit hours in one approved language or satisfactory performance on the UMSL foreign language placement test.

Students must complete one of the following International Experience Requirements:

INTL BUS 4280 International Business Experience 0

1. Study abroad for three or more credits hours.¹
2. Complete an international internship approved by the International Business Institute (maximum of 3 credit hours).
3. Complete a minimum of one-year international experience within 5 years of entering the program in any of the following areas: Peace Corps, volunteer work with an organization, an international posting by a company or government agency and/or approved, significant international experience. Documentation is required for approval.

¹ International students in the IB Emphasis will meet their International Experience requirement through their study in the United States.

Learning Outcomes

Upon completion of the program, students will be able to:

- Articulate and apply foundational knowledge associated with core business disciplines (accounting, finance, supply chain management, marketing, information technology, and management). (Functional Business Knowledge)
- (a) Identify business problems and opportunities, (b) analyze relevant strategic, tactical, and operational options through qualitative and quantitative methods in order to (c) make recommendations and provide the rationale behind decisions. (Decision Making Skills)
- Identify and evaluate global business factors, including the opportunities, constraints and risks of operating across various country environments. (Global Orientation)

- Identify legal/ethical issues, assess impact, and decide on a socially responsible course of action. (Ethical Orientation)
- Students will be able to effectively communicate business issues, analyses and recommendations in written and oral presentations to stakeholders. (Business Communication Skills)
- Develop technological and quantitative skills, including those associated with statistics, data visualization and analysis, project management, social media, and those commensurate with their business specialization. (Technological Skills)
- Demonstrate interpersonal skills to collaborate within diverse teams, effectively engage with stakeholders in a professional manner, and develop leadership skills. (Interpersonal Skills)
- Develop language proficiency and effective communication skills in a chosen foreign language;
- Analyze cultural differences and environmental factors to develop competitive strategies globally;
- Evaluate political, legal, and ethical issues across different country markets;
- Assess alternative strategic options and make specific recommendations, such as global market entry and currency risk analysis.

Business Administration BS, Management Emphasis

The study of management focuses on the behavior of individuals and groups in an organizational setting.

Admission Requirements

Students entering UMSL may declare themselves as Business majors in the College of Business Administration (COBA). They are advised by Business and may take Business courses as long as they maintain “good standing” status (see General Degree Requirements listed below) and have satisfied the prerequisites for the courses they propose to take.

Credit Hour Requirements

Student must complete a minimum number of hours in the following areas:

- 120 credit hours for the baccalaureate degree
- 48 credit hours of coursework offered by the College of Business
- 36 credit hours of upper-division coursework offered by the College of Business

Credit Hour Requirements for Transfer Students

- Students must complete a minimum of 60 hours from four-year, baccalaureate degree granting colleges or universities.
- A minimum of 50% of all business course work must be completed at UMSL.
- Students must complete a minimum of 21 graded hours in business courses.
- Students must complete their last 30 hours in residence at UMSL.

Credit for Lower Division Transfer Courses

Students seeking to use a lower division course to satisfy an upper division business requirement must validate the course being transferred. If successfully validated, the transfer course will waive the need to take the upper division equivalent course at UMSL, but the course transferred will be counted as lower division; it will not count toward the 36 upper division hours required in business.

GPA Requirements

Student must carry a minimum 2.3 GPA in the following areas in order to graduate. Grade modification may be used.

- Campus GPA
- College of Business Coursework GPA
- Major GPA
- Emphasis Area GPA

Grade Requirements

A minimum grade of C- is required for each course in the business core (except MGMT 4219); for each course which serves as a prerequisite for another course; and for each course in an emphasis area and/or major.

Satisfactory/Unsatisfactory Option

Majors may take no more than 9 satisfactory/unsatisfactory hours in the College. Satisfactory/Unsatisfactory grading is restricted to elective coursework.

Prerequisite Requirements

Business course prerequisites are enforced by the College of Business Administration and include a minimum campus grade point average of 2.0 as a condition for taking any upper division business course.

Good Standing

Students are allowed to take a maximum of 9 hours of upper-division Business classes before a “good standing” evaluation is applied to their academic records. In order to remain in good standing and continue to enroll in upper division Business courses, students must maintain a 2.3 campus and Business grade point average and must have completed the following cluster of courses (with a grade of C- or higher):

| | | |
|-----------------------------|---|---|
| ACCTNG 2400 | Fundamentals of Financial Accounting | 3 |
| ACCTNG 2410 | Managerial Accounting | 3 |
| BUS AD 2900 | Legal Environment of Business | 3 |
| ECON 1001 | Principles of Microeconomics (MOTR ECON 102) | 3 |
| ECON 1002 | Principles of Macroeconomics (MOTR ECON 101) | 3 |
| INFSYS 2800 | Information Systems Concepts and Applications | 3 |
| MATH 1030 | College Algebra (MOTR MATH 130) | 3 |
| MATH 1100 or BUS AD 1107 | Basic Calculus Quantitative Methods for Business | 3 |
| MATH 1105 | Basic Probability and Statistics | 3 |

Additional Emphasis Areas

Emphasis areas may be added for up to two years following degree completion. Each additional degree from the College of Business Administration requires 15 unique hours taken at UMSL subsequent to completion of the prior business degree.

Emphasis Area Requirements

The study of management focuses on the behavior of individuals and groups in an organizational setting.

| | | |
|-------------------------------|---|----|
| MGMT 3611 | Advanced Management and Organizational Behavior | 3 |
| Select five of the following: | | 15 |
| MGMT 3612 | Professional Skills Development | |
| MGMT 3621 | Human Resource Management | |
| MGMT 3622 | Industrial and Labor Relations | |
| MGMT 3623/ PSYCH 3318 | Industrial and Organizational Psychology | |
| MGMT 3624 | Employee Training and Development | |
| MGMT 3625 | Leadership in Organizations | |
| MGMT/INTL BUS 3680 | International Management | |

| | |
|--------------|--|
| MGMT 3690 | Internship in Management |
| or MGMT 3699 | Independent Study in Management |
| MGMT 4614 | Entrepreneurship/Small Business Management |

Total Hours **18**

Learning Outcomes

Upon completion of the program, graduates will be able to:

- Articulate and apply foundational knowledge associated with core business disciplines (accounting, finance, supply chain management, marketing, information technology, and management). (Functional Business Knowledge)
- (a) Identify business problems and opportunities, (b) analyze relevant strategic, tactical, and operational options through qualitative and quantitative methods in order to (c) make recommendations and provide the rationale behind decisions. (Decision Making Skills)
- Identify and evaluate global business factors, including the opportunities, constraints and risks of operating across various country environments. (Global Orientation)
- Identify legal/ethical issues, assess impact, and decide on a socially responsible course of action. (Ethical Orientation)
- Students will be able to effectively communicate business issues, analyses and recommendations in written and oral presentations to stakeholders. (Business Communication Skills)
- Develop technological and quantitative skills, including those associated with statistics, data visualization and analysis, project management, social media, and those commensurate with their business specialization. (Technological Skills)
- Demonstrate interpersonal skills to collaborate within diverse teams, effectively engage with stakeholders in a professional manner, and develop leadership skills. (Interpersonal Skills)
- Demonstrate competence in applying management principles and theories related to motivation, leadership, group process, decision-making, job design, and organizational development.
- Demonstrate proficiency in utilizing human resource principles and concepts in the processes of attracting, selecting, developing, motivating, evaluating and retaining employees.
- Demonstrate competence in applying leadership skills, principles and theories to promote individual, group, and organizational performance.
- Demonstrate the ability to apply principles and concepts related to cross-country differences, intercultural competence and diversity management to the strategy and operations of firms.

PLEASE NOTE: This plan is an example of what a four year plan could look like for a typical student. Placement exam scores in math as well as the completion of coursework may change the plan. It should not be used in the place of regular academic advising appointments. All students are encouraged to meet with their advisor. All requirements are subject to change.

Business Administration BS, Marketing Emphasis

General Education Requirements

All Business majors must meet the university general education requirements. As part of meeting the university's general education requirements, all Business majors must complete the prerequisite courses below :

| | | |
|--------------------------|--|---|
| ECON 1001 | Principles of Microeconomics (MOTR ECON 102) | 3 |
| ECON 1002 | Principles of Macroeconomics (MOTR ECON 101) | 3 |
| MATH 1030 | College Algebra (MOTR MATH 130) | 3 |
| MATH 1100 or BUS AD 1107 | Basic Calculus | 3 |
| MATH 1105 | Quantitative Methods for Business | 3 |
| | Basic Probability and Statistics | 3 |

Degree Requirements

All Business majors must meet College of Business G.P.A., good standing and credit requirements (p. 209) as outlined in the Bulletin.

Lower Division Business Core Requirements

| | | |
|-------------|--------------------------------------|---|
| ACCTNG 2400 | Fundamentals of Financial Accounting | 3 |
| ACCTNG 2410 | Managerial Accounting | 3 |
| BUS AD 2900 | Legal Environment of Business | 3 |

| | | |
|--------------------|---|-----------|
| INFSYS 2800 | Information Systems Concepts and Applications | 3 |
| Total Hours | | 12 |

Upper Division Requirements

| | | |
|-----------|------------------|---|
| ENGL 3120 | Business Writing | 3 |
|-----------|------------------|---|

Upper Division Non-Business or Business Requirement

Two global awareness courses selected from an approved list maintained in the Office of Undergraduate Academic Advising in the College of Business Administration; also available on our web site.

Upper Division Business Requirements

| | | |
|--|---|-----------|
| ENT 3100 | Applications of Entrepreneurship ¹ | 3 |
| FINANCE 3500 | Financial Management | 3 |
| SCMA 3300 | Business Analytics and Statistics | 3 |
| SCMA 3301 | Introduction to Supply Chain Management | 3 |
| MGMT 3600 | Management and Organizational Behavior | 3 |
| MGMT 4219 | Strategic Management | 3 |
| MKTG 3700 | Principles of Marketing | 3 |
| A minimum of 15 additional hours of upper division approved business electives | | 15 |
| Total Hours | | 36 |

¹ Course is required for BS Accounting and all BS Business Administration majors.

Assessment Requirement

| | | |
|-----------|-----------------------------|---|
| MGMT 4220 | Business Assessment Testing | 0 |
|-----------|-----------------------------|---|

Emphasis Area Requirements

Marketing involves the activities needed to facilitate an exchange. This includes selling products, services, or ideas to both individual consumers and business buyers.

| | | |
|---|-----------------------|-----------|
| MKTG 3740 | Marketing Analysis | 3 |
| MKTG 4700 | Marketing Management | 3 |
| Select four additional upper division courses from the following: | | 12 |
| Marketing (MKTG) courses at the 3000-level or higher | | |
| MEDIA ST 3338 | Advertising Technique | |
| Total Hours | | 18 |

Marketing majors may choose to focus their electives in the area of digital and social media marketing and communications. This track is a group of departmental courses that will focus on the use of emerging technologies and platforms by which business use to communicate with and engage with their customers, prospects and vendors.

The Track in Digital and Social Media Marketing is comprised of the following courses:

| | | |
|-----------|--|---|
| MKTG 3721 | Introduction to Digital Marketing Strategies | 3 |
|-----------|--|---|

| | | |
|-----------|--|---|
| MKTG 3722 | Introduction to Social Media Marketing | 3 |
| MKTG 3710 | Consumer Behavior | 3 |
| MKTG 3720 | Advertising and Promotion | 3 |

Learning Outcomes

Upon completion of the program, graduates will be able to:

- Articulate and apply foundational knowledge associated with core business disciplines (accounting, finance, supply chain management, marketing, information technology, and management). (Functional Business Knowledge)
- (a) Identify business problems and opportunities, (b) analyze relevant strategic, tactical, and operational options through qualitative and quantitative methods in order to (c) make recommendations and provide the rationale behind decisions. (Decision Making Skills)
- Identify and evaluate global business factors, including the opportunities, constraints and risks of operating across various country environments. (Global Orientation)
- Identify legal/ethical issues, assess impact, and decide on a socially responsible course of action. (Ethical Orientation)
- Students will be able to effectively communicate business issues, analyses and recommendations in written and oral presentations to stakeholders. (Business Communication Skills)
- Develop technological and quantitative skills, including those associated with statistics, data visualization and analysis, project management, social media, and those commensurate with their business specialization. (Technological Skills)
- Demonstrate interpersonal skills to collaborate within diverse teams, effectively engage with stakeholders in a professional manner, and develop leadership skills. (Interpersonal Skills)
- Students will be able to solve marketing related problems using qualitative and/or quantitative tools.
- Students will be able to demonstrate creativity in developing marketing communication plans (e.g., advertising, social media).
- Students will be able to develop marketing plans and execute marketing strategies.

Sample Four Year Plan

First Year

| Fall | Hours | Spring | Hours |
|----------------------------------|-------|------------------------------------|-----------|

| Elective | 3 | Electives | 5 |
| 15 | | 14 | |
| Total Hours: 120 | | | |

PLEASE NOTE: This plan is an example of what a four year plan could look like for a typical student. Placement exam scores in math as well as the completion of coursework may change the plan. It should not be used in the place of regular academic advising appointments. All students are encouraged to meet with their advisor. All requirements are subject to change.

Business Administration BS, Supply Chain Management Emphasis

General Education Requirements

All Business majors must meet the university general education requirements. As part of meeting the university's general education requirements, all Business majors must complete the prerequisite courses below :

| | | |
|-----------------------------|---|---|
| ECON 1001 | Principles of Microeconomics (MOTR ECON 102) | 3 |
| ECON 1002 | Principles of Macroeconomics (MOTR ECON 101) | 3 |
| MATH 1030 | College Algebra (MOTR MATH 130) | 3 |
| MATH 1100 or BUS AD 1107 | Basic Calculus Quantitative Methods for Business | 3 |
| MATH 1105 | Basic Probability and Statistics | 3 |

Degree Requirements

All Business majors must meet College of Business G.P.A., good standing and credit requirements (p. 209) as outlined in the Bulletin.

Lower Division Business Core Requirements

| | | |
|--------------------|---|-----------|
| ACCTNG 2400 | Fundamentals of Financial Accounting | 3 |
| ACCTNG 2410 | Managerial Accounting | 3 |
| BUS AD 2900 | Legal Environment of Business | 3 |
| INFSYS 2800 | Information Systems Concepts and Applications | 3 |
| Total Hours | | 12 |

Upper Division Requirements

| | | |
|-----------|------------------|---|
| ENGL 3120 | Business Writing | 3 |
|-----------|------------------|---|

Upper Division Non-Business or Business Requirement

Two global awareness courses selected from an approved list maintained in the Office of Undergraduate Academic Advising in the College of Business Administration; also available on our web site.

Upper Division Business Requirements

| | | |
|--|---|-----------|
| ENT 3100 | Applications of Entrepreneurship ¹ | 3 |
| FINANCE 3500 | Financial Management | 3 |
| SCMA 3300 | Business Analytics and Statistics | 3 |
| SCMA 3301 | Introduction to Supply Chain Management | 3 |
| MGMT 3600 | Management and Organizational Behavior | 3 |
| MGMT 4219 | Strategic Management | 3 |
| MKTG 3700 | Principles of Marketing | 3 |
| A minimum of 15 additional hours of upper division approved business electives | | 15 |
| Total Hours | | 36 |

¹ Course is required for BS Accounting and all BS Business Administration majors.

Assessment Requirement

| | | |
|-----------|-----------------------------|---|
| MGMT 4220 | Business Assessment Testing | 0 |
|-----------|-----------------------------|---|

Emphasis Area Requirements

The study of supply chain management focuses on the whole supply chain from the acquisition of raw materials, through production or service delivery, to the point of consumption.

Twelve (12) credit hours are required of all individuals seeking an emphasis in Supply Chain Management:

| | | |
|--|---|---|
| SCMA 3320 | Advanced Supply Chain and Operations Management | 3 |
| Select three of the following courses: | | 9 |
| SCMA 3321 | Procurement | |
| SCMA 3345 | Predictive Analytics and Data Mining | |
| SCMA 3370/MKTG 3770 | Introduction to Transportation | |
| SCMA 3371 | | |
| SCMA 3376 | Transportation Security and Risk | |
| SCMA 3390 | Internship in Supply Chain and Analytics ¹ | |
| SCMA 3398 | Seminar in Supply Chain Management and Analytics | |
| SCMA 3399 | Independent Study in Supply Chain and Analytics | |
| SCMA 4322 | Lean Production in Manufacturing and Service Operations | |
| SCMA 4325 | Environmental Sustainability in Business Operations | |
| SCMA 4330 | Business Logistics | |
| SCMA 4331 | Applied Supply Chain Modeling | |
| SCMA 4347 | Introduction to Project Management | |

| | |
|--------------------|--|
| SCMA 4350 | Prescriptive Analytics and Optimization |
| SCMA/INTL BUS 4381 | Global Supply Chain Management |
| SCMA 4389 | Supply Chain Management Practicum ¹ |
| SCMA 4398 | Advanced Topics in Supply Chain and Analytics |

Total Hours **12**

¹ At most, only one of SCMA 3390 and SCMA 4389 may be counted towards the Supply Chain Management emphasis area.

Tracks

Students may combine selected courses from the list above, and other specified upper division business electives, to fulfill a designated track and acquire in-depth knowledge. Detailed information is available in the Office of Undergraduate Academic Advising. The specific tracks available include:

- Supply Chain Management
- Transportation
- Business Analytics

Learning Outcomes

Upon completion of the program, graduates will be able to:

- Articulate and apply foundational knowledge associated with core business disciplines (accounting, finance, supply chain management, marketing, information technology, and management). (Functional Business Knowledge)
- (a) Identify business problems and opportunities, (b) analyze relevant strategic, tactical, and operational options through qualitative and quantitative methods in order to (c) make recommendations and provide the rationale behind decisions. (Decision Making Skills)
- Identify and evaluate global business factors, including the opportunities, constraints and risks of operating across various country environments. (Global Orientation)
- Identify legal/ethical issues, assess impact, and decide on a socially responsible course of action. (Ethical Orientation)
- Students will be able to effectively communicate business issues, analyses and recommendations in written and oral presentations to stakeholders. (Business Communication Skills)
- Develop technological and quantitative skills, including those associated with statistics, data visualization and analysis, project management, social media, and those commensurate with their business specialization. (Technological Skills)
- Demonstrate interpersonal skills to collaborate within diverse teams, effectively engage with stakeholders in a professional manner, and develop leadership skills. (Interpersonal Skills)
- Explain basic concepts in supply chain management related to areas such as purchasing, production, operations, logistics, integration and reverse supply chains.
- Apply descriptive, predictive and prescriptive analytics for decision-making in supply chains, such as demand planning, supply chain network design, production planning, inventory control and transportation.

- Analyze supply chain related problems and justify data-driven solutions with business acumen.

Sample Four Year Plan

Business Administration Graduate Certificate

This is an 18-hour program designed to accommodate individuals with an undergraduate/graduate degree in a non-business field seeking core business knowledge. The program emphasizes coursework designed to cover the major disciplines within the field of business. Upon completion, the student will have knowledge of common business theories, practices, and procedures.

Program Description

The Graduate Certificate in Business Administration is designed for individuals with an undergraduate/graduate degree in non-business fields. It provides students a focused exposure to core business functions and contemporary business administration frameworks. Upon successful completion, students will have the core knowledge necessary to articulate and apply business administration principles and practices across functional domains.

All 12 credit-hours taken as part of this certificate program transfer to the MBA degree program.

Admission Requirements

Applicants must meet general University of Missouri-St. Louis Graduate School admissions requirements.

Certificate Requirements

All course prerequisites and all course waivers are applicable. Substitute courses may be approved by the appropriate department chairperson and the Director of Graduate Business Programs.

Choose four of the following courses: 12

| | |
|-------------|-------------------------------------|
| ACCTNG 5400 | Financial and Managerial Accounting |
|-------------|-------------------------------------|

| | |
|-------------|--------------------------|
| BUS AD 5100 | Managerial Communication |
|-------------|--------------------------|

| | |
|-------------|--------------------------|
| BUS AD 5900 | Law, Ethics and Business |
|-------------|--------------------------|

| | |
|--------------|----------------------|
| FINANCE 6500 | Financial Management |
|--------------|----------------------|

| | |
|-----------|---------------------------------------|
| MGMT 5600 | Managing and Leading in Organizations |
|-----------|---------------------------------------|

| | |
|-------------|--------------------------------|
| INFSYS 5800 | Management Information Systems |
|-------------|--------------------------------|

| | |
|-----------|---------------------------------|
| MKTG 5700 | Integrated Marketing Strategies |
|-----------|---------------------------------|

| | |
|-----------|-------------------------|
| SCMA 5310 | Supply Chain Strategies |
|-----------|-------------------------|

| | |
|--------------------|-----------|
| Total Hours | 12 |
|--------------------|-----------|

Learning Outcomes

Upon completion of the program, certificate earners will be able to:

- Apply theories and frameworks of business to analyze authentic contexts and business problems;
- Integrate core knowledge of and apply business administration principles and practices across the functional domains: finance, marketing, management, supply chain management and information systems.

Business Administration MBA

The Master of Business Administration (MBA) at the University of Missouri-St. Louis (UMSL) is a selective program designed to create business managers and leaders. The MBA at UMSL is fully accredited by the The Association to Advance Collegiate Schools of Business (AACSB) International, the premier accrediting body in collegiate business education.

The MBA program is designed for students with bachelor's degrees from accredited institutions in fields such as the sciences, engineering, humanities, arts or business.

Students pursuing a Graduate Certificate in Business Administration may transfer all certificate program courses toward the MBA.

For more information go to: <https://mba.umsl.edu>

For students pursuing an emphasis, the following areas are available:

- Accounting (p. 443)
- Business Analytics (p. 444)
- Finance (p. 446)
- Information Systems and Technology (p. 448)
- International Business (p. 449)
- Management (p. 450)
- Marketing (p. 451)
- Supply Chain Management (p. 452)

Admission Requirements

The admission standards for all Graduate Business Programs (master programs and graduate certificates) are the same. To be eligible to apply, an applicant must hold a bachelor's degree from an accredited college or university and show high promise of academic success.

Graduate Business Programs take a holistic approach when evaluating student applications. Grade point average (GPA), and professional experience are considered when making an admissions decision.

Applicants must meet the general graduate admission requirements of the Graduate School, described in the UMSL catalog. Students are considered for admission to the graduate program in MBA only after they have formally applied for admission through the Graduate School.

Degree Requirements

Depending on the student's previous background, programs will require a minimum of 30 hours. Coursework must be completed within a maximum six-year period. At least 2/3 of coursework must be taken while enrolled as an MBA candidate at UMSL.

All students must satisfy the following requirements in professional written and oral communication, business law and ethics/ and social responsibility, economics, and business statistics. The Graduate Business Office in collaboration with department chairs will determine whether a student satisfies these requirements. In general:

The Professional and Written Communications skills requirement can be satisfied by **any one of the following**:

- Evidence of prior coursework
- Completion of BUS AD 5100

The Business Law and Ethics/Social Responsibility requirements can be satisfied by **any one of the following**:

- Evidence of prior coursework
- Completion of BUS AD 5900

The Economics requirement can be satisfied by **any one of the following**:

- Evidence of prior coursework
- Completion of BUS AD 5000
- Completion of Economics boot camp

The Statistics requirement can be satisfied by **any one of the following**:

- Evidence of prior coursework
- Completion of SCMA 5300
- Completion of Statistics boot camp

Assurance of Learning

All MBA students are required to participate in the BUS AD 6991 Graduate Business Assessment Testing class during their last semester. This learning assessment course is not for credit.

Business Core (18 credit hours)

The following courses or their equivalents are required of all degree candidates¹.

| | | |
|--------------|---------------------------------------|---|
| ACCTNG 5400 | Financial and Managerial Accounting | 3 |
| FINANCE 6500 | Financial Management | 3 |
| INFSYS 5800 | Management Information Systems | 3 |
| MGMT 5600 | Managing and Leading in Organizations | 3 |
| MKTG 5700 | Integrated Marketing Strategies | 3 |
| SCMA 5310 | Supply Chain Strategies | 3 |

Graduate Business Advisors assigned to the students. Based on a formal review and evaluation by the Graduate Business Programs Office, students may be granted waivers in the Business Core section. Waivers depend on the applicability of, and performance in, prior coursework. Regardless of the number of courses waived, all students must complete at least 30 credit hours to earn the MBA degree.

Strategic Management Required (3 credit hours)

Take one of the following²:

| | | |
|---------------|--|---|
| BUS AD 6990 | Strategy Formulation And Implementation | 3 |
| INTL BUS 5289 | International Business Strategies | 3 |
| MGMT 4614 | Entrepreneurship/Small Business Management | 3 |

² Students with a non-business undergraduate degree are required to take BUS AD 6990 to satisfy the Strategic Management requirement.

Electives (9 credit hours)

Students may choose to pursue an Emphasis Area to satisfy the 9 credit hour Electives requirement **or** pursue an MBA with no emphasis area. No course may be used for more than one emphasis area. If no emphasis area is chosen, students have the flexibility to customize their MBA by choosing from a large collection of elective graduate courses within the College of Business Administration, in consultation with their Graduate Business academic advisor.

Learning Outcomes

Upon completion of the program, graduates will be able to:

- Demonstrate knowledge of core business content in accounting, finance, information systems, supply chain analytics, management, and marketing.
- Apply core business content and principles for effective business decision making.
- Demonstrate analytical skills to solve business problems and evaluate the conditions of corporations and markets.
- Effectively communicate business insights using oral and written formats.
- Identify legal/ethical issues and implications, and make informed decisions.
- Expand leadership skills to effectively engage with stakeholders in a professional manner.
- Demonstrate a global mindset needed to effectively navigate the interconnected nature of today's business environment.

¹ Students with prior business degrees take advanced courses in each of the functional areas listed in the Business Core, as advised by the

Business Administration MBA, Accounting Emphasis

Admission Requirements

The admission standards for all Graduate Business Programs (master programs and graduate certificates) are the same. To be eligible to apply, an applicant must hold a bachelor's degree from an accredited college or university and show high promise of academic success.

Graduate Business Programs take a holistic approach when evaluating student applications. Grade point average (GPA), and professional experience are considered when making an admissions decision.

All students must satisfy the following requirements in professional written and oral communication, business law and ethics/ and social responsibility, economics, and business statistics. The Graduate Business Office in collaboration with department chairs will determine whether a student satisfies these requirements. In general:

The Professional and Written Communications skills requirement can be satisfied by **any one of the following**:

- Evidence of prior coursework
- Completion of BUS AD 5100

The Business Law and Ethics/Social Responsibility requirements can be satisfied by **any one of the following**:

- Evidence of prior coursework
- Completion of BUS AD 5900

The Economics requirement can be satisfied by **any one of the following**:

- Evidence of prior coursework
- Completion of BUS AD 5000
- Completion of Economics boot camp

The Statistics requirement can be satisfied by **any one of the following**:

- Evidence of prior coursework
- Completion of SCMA 5300
- Completion of Statistics boot camp

Assurance of Learning

All MBA students are required to participate in the BUS AD 6991 Graduate Business Assessment Testing class during their last semester. This learning assessment course is not for credit.

Business Core (18 credit hours)

The following courses or their equivalents are required of all degree candidates¹.

| | | |
|--------------|---------------------------------------|---|
| ACCTNG 5400 | Financial and Managerial Accounting | 3 |
| FINANCE 6500 | Financial Management | 3 |
| INFSYS 5800 | Management Information Systems | 3 |
| MGMT 5600 | Managing and Leading in Organizations | 3 |
| MKTG 5700 | Integrated Marketing Strategies | 3 |
| SCMA 5310 | Supply Chain Strategies | 3 |

¹ Students with prior business degrees take advanced courses in each of the functional areas listed in the Business Core, as advised by the Graduate Business Advisors assigned to the students. Based on a formal review and evaluation by the Graduate Business Programs Office, students may be granted waivers in the Business Core section. Waivers depend on the applicability of, and performance in, prior coursework. Regardless of the number of courses waived, all students must complete at least 30 credit hours to earn the MBA degree.

Strategic Management Required (3 credit hours)

Take one of the following²:

| | | |
|---------------|--|---|
| BUS AD 6990 | Strategy Formulation And Implementation | 3 |
| INTL BUS 5289 | International Business Strategies | 3 |
| MGMT 4614 | Entrepreneurship/Small Business Management | 3 |

² Students with a non-business undergraduate degree are required to take BUS AD 6990 to satisfy the Strategic Management requirement.

Electives (9 credit hours)

Students may choose to pursue an Emphasis Area to satisfy the 9 credit hour Electives requirement **or** pursue an MBA with no emphasis area. No course may be used for more than one emphasis area. If no emphasis area is chosen, students have the flexibility to customize their MBA by choosing from a large collection of elective graduate courses within the College of Business Administration, in consultation with their Graduate Business academic advisor.

Emphasis Area Requirements

Master of Business Administration (MBA) students seeking an emphasis in Accounting must complete a minimum of 9 hours of Accounting Electives beyond ACCTNG 5400 as follows:

| | | |
|--------------------|--|----------|
| ACCTNG 5404 | Professional Accountancy I | 3 |
| ACCTNG 5405 | Professional Accountancy II | 3 |
| ACCTNG 5411 | Cost Systems Analysis | 3 |
| or ACCTNG 5421 | Information Systems in Accounting | |
| or ACCTNG 5447 | Taxation of Individuals and Businesses | |
| Total Hours | | 9 |

Students that have completed equivalent courses to any of the above may choose:

| | | |
|--|--|---|
| ACCTNG 4401 | Financial Accounting and Reporting III | 3 |
| ACCTNG 4402 | Financial Accounting and Reporting IV | 3 |
| ACCTNG 4435 | Auditing | 3 |
| Any other 5000-level course except ACCTNG 5400 and ACCTNG 5401 | | |

Students with an undergraduate degree in accounting qualify to waive ACCTNG 5400 and ACCTNG 5401. These courses may be replaced with any upper level accounting course. A maximum of 15 hours in any functional area will count toward degree requirements. Only courses that are substantially different from courses taken for credit in a student's undergraduate program will be acceptable.

Learning Outcomes

Upon completion of the program, graduates will be able to:

- Demonstrate knowledge of core business content in accounting, finance, information systems, supply chain analytics, management, and marketing.
- Apply core business content and principles for effective business decision making.
- Demonstrate analytical skills to solve business problems and evaluate the conditions of corporations and markets.
- Effectively communicate business insights using oral and written formats.
- Identify legal/ethical issues and implications, and make informed decisions.
- Expand leadership skills to effectively engage with stakeholders in a professional manner.
- Demonstrate a global mindset needed to effectively navigate the interconnected nature of today's business environment.
- Understand the Accounting cycle from analysis of transaction through financial statements.
- Apply key financial accounting topics related to balance sheet and income statement accounts.
- Demonstrate appropriate concepts of managerial accounting.

Business Administration MBA, Business Analytics Emphasis

The following courses or their equivalents are required of all degree candidates¹.

| | | |
|--------------|---------------------------------------|---|
| ACCTNG 5400 | Financial and Managerial Accounting | 3 |
| FINANCE 6500 | Financial Management | 3 |
| INFSYS 5800 | Management Information Systems | 3 |
| MGMT 5600 | Managing and Leading in Organizations | 3 |
| MKTG 5700 | Integrated Marketing Strategies | 3 |
| SCMA 5310 | Supply Chain Strategies | 3 |

¹ Students with prior business degrees take advanced courses in each of the functional areas listed in the Business Core, as advised by the Graduate Business Advisors assigned to the students. Based on a formal review and evaluation by the Graduate Business Programs Office, students may be granted waivers in the Business Core section. Waivers depend on the applicability of, and performance in, prior

coursework. Regardless of the number of courses waived, all students must complete at least 30 credit hours to earn the MBA degree.

Strategic Management Required (3 credit hours)

Take one of the following²:

| | | |
|---------------|--|---|
| BUS AD 6990 | Strategy Formulation And Implementation | 3 |
| INTL BUS 5289 | International Business Strategies | 3 |
| MGMT 4614 | Entrepreneurship/Small Business Management | 3 |

² Students with a non-business undergraduate degree are required to take BUS AD 6990 to satisfy the Strategic Management requirement.

Electives (9 credit hours)

Students may choose to pursue an Emphasis Area to satisfy the 9 credit hour Electives requirement **or** pursue an MBA with no emphasis area. No course may be used for more than one emphasis area. If no emphasis area is chosen, students have the flexibility to customize their MBA by choosing from a large collection of elective graduate courses within the College of Business Administration, in consultation with their Graduate Business academic advisor.

Emphasis Area Requirements

Master of Business Administration (MBA) students seeking an emphasis in Business Analytics must complete SCMA 6345, SCMA 6350, and three additional hours from approved Business Analytics electives beyond SCMA 5310 (SCMA 5310 does not count toward the emphasis in Business Analytics). A maximum of 15 hours in any functional area will count toward the degree requirements. A student cannot receive an emphasis in both Operations Management and Logistics and Supply Chain Management for the same set of courses. An overlap of up to 3 credit hours from approved courses, other than SCMA 5300 and SCMA 5310 is allowed. Only courses that are substantially different from courses taken for credit in a student's undergraduate program will be acceptable.

List of approved Business Analytics electives for the emphasis:

| | | |
|--------------|--|-----|
| SCMA 5334 | Internship in Logistics and Supply Chain Management | 1 |
| SCMA 5354 | Simulation for Managerial Decision Making | 3 |
| SCMA 5389 | Supply Chain Management Practicum | 3 |
| SCMA 5399 | Individual Research in Logistics and Operations Management | 1-3 |
| SCMA 6330 | Business Logistics Systems | 3 |
| SCMA 6331 | Supply Chain Modeling | 3 |
| SCMA 6395 | Seminar in Logistics and Operations Management | 3 |
| BUS AD 5198 | Seminar in Business Administration ¹ | 3 |
| FINANCE 6503 | Computer Applications in Finance | 3 |
| FINANCE 6523 | Fixed Income Analysis | 3 |
| FINANCE 6524 | Portfolio Analysis and Management | 3 |

| | | |
|-------------|---|---|
| INFSYS 6830 | Data Programming for Business Intelligence | 3 |
| INFSYS 6833 | Decision Support Systems for Business Intelligence | 3 |
| INFSYS 6860 | Advanced Data Integration | 3 |
| INFSYS 6862 | Artificial Intelligence Applications for Business and Cybersecurity | 3 |
| MKTG 5740 | Marketing and Business Analytics | 3 |

¹ If topic is appropriate.

Learning Outcomes

Upon completion of the program, graduates will be able to:

- Demonstrate knowledge of core business content in accounting, finance, information systems, supply chain analytics, management, and marketing.
- Apply core business content and principles for effective business decision making.
- Demonstrate analytical skills to solve business problems and evaluate the conditions of corporations and markets.
- Effectively communicate business insights using oral and written formats.
- Identify legal/ethical issues and implications, and make informed decisions.
- Expand leadership skills to effectively engage with stakeholders in a professional manner.
- Demonstrate a global mindset needed to effectively navigate the interconnected nature of today's business environment.
- Understand the central role of supply chain management in business, and its connections with other business functions internally (marketing, finance, information systems), and supply chain players externally.
- Build models and apply analytical methodologies: descriptive, predictive and prescriptive, for data-driven decision-making in supply chains including supply chain network design, demand planning, production and inventory control, resource allocation, scheduling and transportation.
- Communicate effectively about supply chain related issues and data-driven solutions with business acumen.

Business Administration MBA, Cybersecurity Emphasis

Admission Requirements

The admission standards for all Graduate Business Programs (master programs and graduate certificates) are the same. To be eligible to apply, an applicant must hold a bachelor's degree from an accredited college or university and show high promise of academic success.

Graduate Business Programs take a holistic approach when evaluating student applications. Grade point average (GPA), and professional experience are considered when making an admissions decision.

Applicants must meet the general graduate admission requirements of the Graduate School, described in the UMSL catalog. Students are considered for admission to the graduate program in MBA only after they have formally applied for admission through the Graduate School.

Degree Requirements

Depending on the student's previous background, programs will require a minimum of 30 hours. Coursework must be completed within a maximum six-year period. At least 2/3 of coursework must be taken while enrolled as an MBA candidate at UMSL.

All students must satisfy the following requirements in professional written and oral communication, business law and ethics/ and social responsibility, economics, and business statistics. The Graduate Business Office in collaboration with department chairs will determine whether a student satisfies these requirements. In general:

The Professional and Written Communications skills requirement can be satisfied by **any one of the following**:

- Evidence of prior coursework
- Completion of BUS AD 5100

The Business Law and Ethics/Social Responsibility requirements can be satisfied by **any one of the following**:

- Evidence of prior coursework
- Completion of BUS AD 5900

The Economics requirement can be satisfied by **any one of the following**:

- Evidence of prior coursework
- Completion of BUS AD 5000
- Completion of Economics boot camp

The Statistics requirement can be satisfied by **any one of the following**:

- Evidence of prior coursework
- Completion of SCMA 5300
- Completion of Statistics boot camp

Assurance of Learning

All MBA students are required to participate in the BUS AD 6991 Graduate Business Assessment Testing class during their last semester. This learning assessment course is not for credit.

Business Core (18 credit hours)

The following courses or their equivalents are required of all degree candidates¹.

| | | |
|--------------|---------------------------------------|---|
| ACCTNG 5400 | Financial and Managerial Accounting | 3 |
| FINANCE 6500 | Financial Management | 3 |
| INFSYS 5800 | Management Information Systems | 3 |
| MGMT 5600 | Managing and Leading in Organizations | 3 |
| MKTG 5700 | Integrated Marketing Strategies | 3 |
| SCMA 5310 | Supply Chain Strategies | 3 |

¹ Students with prior business degrees take advanced courses in each of the functional areas listed in the Business Core, as advised by the Graduate Business Advisors assigned to the students. Based on a formal review and evaluation by the Graduate Business Programs Office, students may be granted waivers in the Business Core section. Waivers depend on the applicability of, and performance in, prior

coursework. Regardless of the number of courses waived, all students must complete at least 30 credit hours to earn the MBA degree.

Strategic Management Required (3 credit hours)

Take one of the following²:

| | | |
|---------------|--|---|
| BUS AD 6990 | Strategy Formulation And Implementation | 3 |
| INTL BUS 5289 | International Business Strategies | 3 |
| MGMT 4614 | Entrepreneurship/Small Business Management | 3 |

² Students with a non-business undergraduate degree are required to take BUS AD 6990 to satisfy the Strategic Management requirement.

Electives (9 credit hours)

Students may choose to pursue an Emphasis Area to satisfy the 9 credit hour Electives requirement **or** pursue an MBA with no emphasis area. No course may be used for more than one emphasis area. If no emphasis area is chosen, students have the flexibility to customize their MBA by choosing from a large collection of elective graduate courses within the College of Business Administration, in consultation with their Graduate Business academic advisor.

Emphasis Area Requirements

Master of Business Administration (MBA) students seeking an emphasis in Cybersecurity must complete a minimum of 9 hours of approved Cybersecurity electives beyond INFSYS 5800 (INFSYS 5800 does not count toward the emphasis in Cybersecurity). A maximum of 15 hours in any functional area will count toward degree requirements. Only courses that are substantially different from courses taken for credit in a student's undergraduate program will be acceptable.

List of approved Cybersecurity electives for the emphasis:

| | | |
|-------------|---|---|
| INFSYS 6828 | Principles of Information Security | 3 |
| INFSYS 6836 | Management of Data Networks and Security | 3 |
| INFSYS 6858 | Advanced Cybersecurity Concepts | 3 |
| INFSYS 6862 | Artificial Intelligence Applications for Business and Cybersecurity | 3 |
| INFSYS 6864 | Applied Cryptography for Business Applications | 3 |
| INFSYS 6868 | Software Assurance | 3 |
| INFSYS 6878 | Management of Information Security | 3 |
| INFSYS 6888 | Capstone in Information Security | 3 |

A maximum of 15 hours in any functional area will count toward degree requirements. Only courses that are substantially different from courses taken for credit in a student's undergraduate program will be acceptable.

Business Administration MBA, Finance Emphasis

| SCMA 5310 | Supply Chain Strategies | 3 |

¹ Students with prior business degrees take advanced courses in each of the functional areas listed in the Business Core, as advised by the Graduate Business Advisors assigned to the students. Based on a formal review and evaluation by the Graduate Business Programs Office, students may be granted waivers in the Business Core section. Waivers depend on the applicability of, and performance in, prior coursework. Regardless of the number of courses waived, all students must complete at least 30 credit hours to earn the MBA degree.

Strategic Management Required (3 credit hours)

Take one of the following²:

| | | |
|---------------|--|---|
| BUS AD 6990 | Strategy Formulation And Implementation | 3 |
| INTL BUS 5289 | International Business Strategies | 3 |
| MGMT 4614 | Entrepreneurship/Small Business Management | 3 |

² Students with a non-business undergraduate degree are required to take BUS AD 6990 to satisfy the Strategic Management requirement.

Electives (9 credit hours)

Students may choose to pursue an Emphasis Area to satisfy the 9 credit hour Electives requirement **or** pursue an MBA with no emphasis area. No course may be used for more than one emphasis area. If no emphasis

area is chosen, students have the flexibility to customize their MBA by choosing from a large collection of elective graduate courses within the College of Business Administration, in consultation with their Graduate Business academic advisor.

Emphasis Area Requirements

Master of Business Administration (MBA) students seeking an emphasis in Marketing must complete MKTG 5701 and 6 additional hours of Marketing electives beyond MKTG 5700 (MKTG 5700 does not count toward the emphasis in Marketing). A maximum of 15 hours in any functional area will count toward degree requirements. Only courses that are substantially different from courses taken for credit in a student's undergraduate program will be acceptable.

Learning Outcomes

Upon completion of the program, graduates will be able to:

- Demonstrate knowledge of core business content in accounting, finance, information systems, supply chain analytics, management, and marketing.
- Apply core business content and principles for effective business decision making.
- Demonstrate analytical skills to solve business problems and evaluate the conditions of corporations and markets.
- Effectively communicate business insights using oral and written formats.
- Identify legal/ethical issues and implications, and make informed decisions.
- Expand leadership skills to effectively engage with stakeholders in a professional manner.
- Demonstrate a global mindset needed to effectively navigate the interconnected nature of today's business environment.
- Develop, analyze, and evaluate strategic and tactical marketing plans and programs and to assess marketing performance.
- Demonstrate proficiency in digital marketing, social media marketing and analytics.
- Describe how marketers can design and adapt their campaigns and strategies based on the study of consumer behavior.

Business Administration MBA, Supply Chain Management Emphasis

Admission Requirements

The admission standards for all Graduate Business Programs (master programs and graduate certificates) are the same. To be eligible to apply, an applicant must hold a bachelor's degree from an accredited college or university and show high promise of academic success.

Graduate Business Programs take a holistic approach when evaluating student applications. Grade point average (GPA), and professional experience are considered when making an admissions decision.

Applicants must meet the general graduate admission requirements of the Graduate School, described in the UMSL catalog. Students are considered for admission to the graduate program in MBA only after they have formally applied for admission through the Graduate School.

Degree Requirements

Depending on the student's previous background, programs will require a minimum of 30 hours. Coursework must be completed within a maximum six-year period. At least 2/3 of coursework must be taken while enrolled as an MBA candidate at UMSL.

All students must satisfy the following requirements in professional written and oral communication, business law and ethics/ and social responsibility, economics, and business statistics. The Graduate Business Office in collaboration with department chairs will determine whether a student satisfies these requirements. In general:

The Professional and Written Communications skills requirement can be satisfied by **any one of the following**:

- Evidence of prior coursework
- Completion of BUS AD 5100

The Business Law and Ethics/Social Responsibility requirements can be satisfied by **any one of the following**:

- Evidence of prior coursework
- Completion of BUS AD 5900

The Economics requirement can be satisfied by **any one of the following**:

- Evidence of prior coursework
- Completion of BUS AD 5000
- Completion of Economics boot camp

The Statistics requirement can be satisfied by **any one of the following**:

- Evidence of prior coursework
- Completion of SCMA 5300
- Completion of Statistics boot camp

Assurance of Learning

All MBA students are required to participate in the BUS AD 6991 Graduate Business Assessment Testing class during their last semester. This learning assessment course is not for credit.

Business Core (18 credit hours)

The following courses or their equivalents are required of all degree candidates¹.

| | | |
|--------------|---------------------------------------|---|
| ACCTNG 5400 | Financial and Managerial Accounting | 3 |
| FINANCE 6500 | Financial Management | 3 |
| INFSYS 5800 | Management Information Systems | 3 |
| MGMT 5600 | Managing and Leading in Organizations | 3 |
| MKTG 5700 | Integrated Marketing Strategies | 3 |
| SCMA 5310 | Supply Chain Strategies | 3 |

¹ Students with prior business degrees take advanced courses in each of the functional areas listed in the Business Core, as advised by the Graduate Business Advisors assigned to the students. Based on a formal review and evaluation by the Graduate Business Programs Office, students may be granted waivers in the Business Core section. Waivers depend on the applicability of, and performance in, prior

coursework. Regardless of the number of courses waived, all students must complete at least 30 credit hours to earn the MBA degree.

Strategic Management Required (3 credit hours)

Take one of the following²:

| | | |
|---------------|--|---|
| BUS AD 6990 | Strategy Formulation And Implementation | 3 |
| INTL BUS 5289 | International Business Strategies | 3 |
| MGMT 4614 | Entrepreneurship/Small Business Management | 3 |

² Students with a non-business undergraduate degree are required to take BUS AD 6990 to satisfy the Strategic Management requirement.

Electives (9 credit hours)

Students may choose to pursue an Emphasis Area to satisfy the 9 credit hour Electives requirement **or** pursue an MBA with no emphasis area. No course may be used for more than one emphasis area. If no emphasis area is chosen, students have the flexibility to customize their MBA by choosing from a large collection of elective graduate courses within the College of Business Administration, in consultation with their Graduate Business academic advisor.

Emphasis Area Requirements

Master of Business Administration (MBA) students seeking an emphasis in Supply Chain Management (SCM) must complete SCMA 5320 and 6 additional hours of approved Supply Chain Management electives beyond SCMA 5310 (SCMA 5310 does not count toward the emphasis in Supply Chain Management). A maximum of 15 hours in any functional area will count toward the degree requirements. Only courses that are substantially different from courses taken for credit in a student's undergraduate program will be acceptable. Students must complete at least 30 credit hours to earn the MBA.

List of approved Supply Chain Management electives for the emphasis:

| | | |
|-----------|--|-----|
| SCMA 5322 | Lean Production | 3 |
| SCMA 5325 | Environmental Analysis and Sustainability in Business Operations | 3 |
| SCMA 5334 | Internship in Logistics and Supply Chain Management | 1 |
| SCMA 5381 | Global Supply Chain Management | 3 |
| SCMA 5389 | Supply Chain Management Practicum | 3 |
| SCMA 5399 | Individual Research in Logistics and Operations Management | 1-3 |
| SCMA 6321 | Strategic Sourcing | 3 |
| SCMA 6330 | Business Logistics Systems | 3 |
| SCMA 6331 | Supply Chain Modeling | 3 |
| SCMA 6338 | | |
| SCMA 6345 | Business Analytics and Data Mining | 3 |
| SCMA 6347 | LOM Project Management | 3 |
| SCMA 6350 | Management Science Methods | 3 |
| SCMA 6360 | Supply Chain Integration | 3 |

| | | |
|-------------|---|---|
| SCMA 6395 | Seminar in Logistics and Operations Management | 3 |
| BUS AD 5198 | Seminar in Business Administration ¹ | 3 |

¹ If the topic is appropriate.

Learning Outcomes

Upon completion of the program, graduates will be able to:

- Demonstrate knowledge of core business content in accounting, finance, information systems, supply chain analytics, management, and marketing.
- Apply core business content and principles for effective business decision making.
- Demonstrate analytical skills to solve business problems and evaluate the conditions of corporations and markets.
- Effectively communicate business insights using oral and written formats.
- Identify legal/ethical issues and implications, and make informed decisions.
- Expand leadership skills to effectively engage with stakeholders in a professional manner.
- Demonstrate a global mindset needed to effectively navigate the interconnected nature of today's business environment.
- Understand the central role of supply chain management in business, and its connections with other business functions internally (marketing, finance, information systems) and supply chain players externally.
- Apply knowledge and concepts for decision-making in supply chain management including purchasing, operations, logistics, integration and global supply chains.
- Communicate effectively about supply chain related issues and data-driven solutions with business acumen.

Business Administration MBA Accelerated Master's Degree

The MBA accelerated master program in Business Administration provides an opportunity for students of recognized academic ability and educational maturity to complete the requirements for both degrees in 5 years of full-time study. Students majoring in the B.S. in Business Administration (BSBA) and B.S. in Accounting (BSAcc) degree programs are eligible for the Accelerated MBA. The program allows students to complete both the undergraduate and graduate degrees in Business Administration or the bachelor's degree in accounting and the graduate degree in Business Administration with a total of 141 credit hours instead of the typical 153 credit hours if the degrees were pursued separately.

Admission Requirements

Students will apply to accelerated master's for provisional status after they have completed 60 undergraduate credit hours with a grade point average of 3.0 or higher. After completion of the provisional period, upon recommendation of the Graduate Program Director, students can be granted graduate admission into the accelerated program, which involves admission to the Graduate School. After graduate admission, the student will be classified as a graduate student, will pay graduate tuition for all subsequent courses, and must continue taking courses in graduate status

until completion of the master's degree. Students must maintain a grade point average of 3.0 or higher throughout the combined program.

Students on provisional status may request enrollment in up to 12 credit hours of 4000/5000/6000 level coursework to count towards their graduate degree, while in undergraduate status, with the approval of their advisor and the Director of Graduate Business Programs.

Applicants are considered for graduate admission into the accelerated master's program if they meet the following criteria.

- Are in their final semester in undergraduate status
- Have a minimum GPA of 3.0 since being granted provisional status
- Have met with a Graduate Business Programs academic advisor

Program Requirements

Up to 12 credit hours of graduate coursework may be counted both to meet the 120 credit hours required for the bachelor's degree and to meet the credit hour requirements of the MBA. The courses that will count toward both degrees must be approved by both the Undergraduate and Graduate Program Directors. All other requirements for the BSBA and BSACC degrees remain in effect.

Awarding of Degrees

The student may apply for and receive the bachelor's degree in the semester when all the undergraduate requirements are completed. In their final semester in undergraduate status, the student must apply and be admitted to the graduate program, to begin the following semester. The student will apply to receive the master's degree in the semester that the requirements for the graduate degree will be completed.

If the student fails to enroll for more than one year after receiving the bachelor's degree, the student can still earn the master's degree, but the graduate-level credits earned as an undergraduate cannot be used for the graduate degree.

Business Administration MBA, Online Program

The UMSL Online MBA is a 33 hour, four semester cohort-based program designed to be completed in 16 months. Admission to this program is for the Fall semester only.

Degree Requirements

| | | |

Business Administration MBA, International Program

Admission Requirements

The admission standards for all Graduate Business Programs (master programs and graduate certificates) are the same. To be eligible to apply, an applicant must hold a bachelor's degree from an accredited college or university and show high promise of academic success.

Graduate Business Programs take a holistic approach when evaluating student applications. Grade point average (GPA), and professional experience are considered when making an admissions decision.

Applicants must meet the general graduate admission requirements of the Graduate School, described in the UMSL catalog. Students are considered for admission to the graduate program in MBA only after they have formally applied for admission through the Graduate School.

Degree Requirements

Depending on the student's previous background, programs will require a minimum of 30 hours. Coursework must be completed within a maximum six-year period. At least 2/3 of coursework must be taken while enrolled as an MBA candidate at UMSL.

All students must satisfy the following requirements in professional written and oral communication, business law and ethics/ and social responsibility, economics, and business statistics. The Graduate Business Office in collaboration with department chairs will determine whether a student satisfies these requirements. In general:

The Professional and Written Communications skills requirement can be satisfied by **any one of the following**:

- Evidence of prior coursework
- Completion of BUS AD 5100

The Business Law and Ethics/Social Responsibility requirements can be satisfied by **any one of the following**:

- Evidence of prior coursework
- Completion of BUS AD 5900

The Economics requirement can be satisfied by **any one of the following**:

- Evidence of prior coursework
- Completion of BUS AD 5000
- Completion of Economics boot camp

The Statistics requirement can be satisfied by **any one of the following**:

- Evidence of prior coursework
- Completion of SCMA 5300
- Completion of Statistics boot camp

Assurance of Learning

All MBA students are required to participate in the BUS AD 6991 Graduate Business Assessment Testing class during their last semester. This learning assessment course is not for credit.

Business Core (18 credit hours)

The following courses or their equivalents are required of all degree candidates¹.

| | | |
|--------------|---------------------------------------|---|
| ACCTNG 5400 | Financial and Managerial Accounting | 3 |
| FINANCE 6500 | Financial Management | 3 |
| INFSYS 5800 | Management Information Systems | 3 |
| MGMT 5600 | Managing and Leading in Organizations | 3 |
| MKTG 5700 | Integrated Marketing Strategies | 3 |
| SCMA 5310 | Supply Chain Strategies | 3 |

¹ Students with prior business degrees take advanced courses in each of the functional areas listed in the Business Core, as advised by the Graduate Business Advisors assigned to the students. Based on a formal review and evaluation by the Graduate Business Programs Office, students may be granted waivers in the Business Core section. Waivers depend on the applicability of, and performance in, prior coursework. Regardless of the number of courses waived, all students must complete at least 30 credit hours to earn the MBA degree.

Strategic Management Required (3 credit hours)

Take one of the following²:

| | | |
|---------------|--|---|
| BUS AD 6990 | Strategy Formulation And Implementation | 3 |
| INTL BUS 5289 | International Business Strategies | 3 |
| MGMT 4614 | Entrepreneurship/Small Business Management | 3 |

² Students with a non-business undergraduate degree are required to take BUS AD 6990 to satisfy the Strategic Management requirement.

Electives (9 credit hours)

Students may choose to pursue an Emphasis Area to satisfy the 9 credit hour Electives requirement **or** pursue an MBA with no emphasis area. No course may be used for more than one emphasis area. If no emphasis area is chosen, students have the flexibility to customize their MBA by choosing from a large collection of elective graduate courses within the College of Business Administration, in consultation with their Graduate Business academic advisor.

International MBA Program

An international version of the MBA program also exists as an alternative to the Flex MBA program. This program is a two-year, full-time program. Students take courses the first year outside the U.S. at a partner university and then take courses the second year on the University of Missouri–St. Louis campus.

Degree Requirements

All participants in the International MBA program must meet the same general and core requirements as those in the Flex MBA program. In addition, the International MBA program may entail an internship (outside the U.S. for Americans and in the U.S. for all others). The program also requires proficiency in the language spoken at the destination university. Coursework at the partner-schools is typically in English.

Learning Outcomes

Upon completion of the program, graduates will be able to:

- Demonstrate knowledge of core business content in accounting, finance, information systems, supply chain analytics, management, and marketing.
- Apply core business content and principles for effective business decision making.
- Demonstrate analytical skills to solve business problems and evaluate the conditions of corporations and markets.
- Effectively communicate business insights using oral and written formats.
- Identify legal/ethical issues and implications, and make informed decisions.
- Expand leadership skills to effectively engage with stakeholders in a professional manner.
- Demonstrate a global mindset needed to effectively navigate the interconnected nature of today's business environment.

Business Administration Minor

General Requirements

All minors are 15 credit hours or 5 courses, including business core courses.

- Students must attain a 2.0 grade point average for all courses in the minor.
- Students must attain a minimum grade of C- in each course included in the minor.
- All courses in the minor must be on a graded basis.
- A minimum of 9 credit hours of coursework included in the minor must be taken in residence at UMSL.
- One must complete a baccalaureate degree at UMSL in order for a minor to be conferred.
- A minor may be added for up to two years following completion of the baccalaureate degree

Specific Requirements for the Minor

This minor is available only to students seeking a baccalaureate degree outside the College of Business Administration.

| | | |
|-------------------------------|---|----|
| Select five of the following: | | 15 |
| ACCTNG 2400 | Fundamentals of Financial Accounting | |
| BUS AD 2900 | Legal Environment of Business | |
| FINANCE 3500 | Financial Management | |
| INFSYS 1800 | Computers and Information Systems | |
| SCMA 3301 | Introduction to Supply Chain Management | |
| MGMT 3600 | Management and Organizational Behavior | |
| MKTG 3700 | Principles of Marketing | |
| Total Hours | | 15 |

Business Administration PhD, Supply Chain and Analytics Emphasis

Admission Requirements

Applicants must meet the general graduate admission requirements of the Graduate School, described in the UMSL catalog. Students are considered for admission to the Ph.D. in Business Administration only after they have formally applied for admission through the Graduate School. Applications may be completed on-line.

Admission decisions are based on past academic record, intellectual ability, GMAT or GRE scores, and career commitment. Applications are accepted from students who have baccalaureate or graduate degrees. Past graduate work may be credited toward degree requirements where appropriate. Applicants must submit:

- Official academic transcripts.
- Official GMAT or GRE results in fields approved by the College of Business Administration.

- A minimum of two letters of recommendation (at least one of which is from an individual with an earned doctorate).
- A statement of objectives for the course of study.
- A current resume or CV.

Applications will be accepted for Fall enrollment beginning in the previous Fall. The application deadline for all materials is the first week of February.

Graduate Assistantships

Stipends for research and teaching assistantships (20 hours per week) are awarded to full-time Ph.D. students on a competitive basis. Tuition is waived for graduate assistants.

Degree Requirements

The Ph.D. in the College of Business Administration requires a minimum of 62 course credit hours, including a minimum of 5 dissertation credit hours, beyond the baccalaureate degree. Courses are determined according to the chosen Emphasis Area. To ensure sufficient background for doctoral-level courses, students must demonstrate appropriate competence in quantitative reasoning, which is evidenced through completion of prior coursework or equivalent to be determined by the Ph.D. Program Director. Students must also demonstrate appropriate competence in managerial communication, which is evidenced through completion of BUS AD 5100 or equivalent to be determined by the Ph.D. Program Director.

Course Requirements

Specific course requirements are determined based on the chosen Emphasis Area within the Ph.D. in Business Administration. The Ph.D. in Business Administration program has required courses in four areas: Business & Research Foundations (Section I), Emphasis Area Foundations (Section II), Research Methods (Section III) and Doctoral Courses (Section IV). Electives in the program are included in Section V.

I. Business & Research Foundation Requirement: 15 credit hours (5 courses)

Students are required to take five Business & Research Foundations courses as advised by the emphasis area Ph.D. Coordinator. These five courses may be waived if students have completed the courses as part of an UMSL program or had equivalent graduate course work at an institution approved by the Graduate Business Programs Office and the emphasis area Ph.D. Coordinator.

| | | |
|--------------------------------------|---------------------------------------|-----------|
| SCMA 5300 | Business Analytics | 3 |
| SCMA 5310 | Supply Chain Strategies | 3 |
| INFSYS 6860 | Advanced Data Integration | 3 |
| MKTG 5700 | Integrated Marketing Strategies | 3 |
| Choose one of the following courses: | | 3 |
| MGMT 5600 | Managing and Leading in Organizations | |
| FINANCE 6500 | Financial Management | |
| ACCTNG 5400 | Financial and Managerial Accounting | |
| ECON 5100 | Econometric Theory and Methods | |
| Total Hours | | 15 |

II. Emphasis Area Foundation Courses (9 credit hours)

Students are required to take three emphasis area foundational courses as advised by the emphasis area Ph.D. Coordinator.

| | | |
|--------------------|--|----------|
| SCMA 5320 | Supply Chain and Operations Management | 3 |
| SCMA 6321 | Strategic Sourcing | 3 |
| SCMA 6330 | Business Logistics Systems | 3 |
| Total Hours | | 9 |

III. Research Methods (9 credit hours)

Students are required to take three emphasis area foundational courses as advised by the emphasis area Ph.D. Coordinator.

| | | |
|--------------------|------------------------------------|----------|
| SCMA 6331 | Supply Chain Modeling | 3 |
| SCMA 6345 | Business Analytics and Data Mining | 3 |
| SCMA 6350 | Management Science Methods | 3 |
| Total Hours | | 9 |

IV. Doctoral Courses (15 credit hours)

Students are required to take the following five courses.

| | | |
|--------------------|--|-----------|
| SCMA 7381 | | 3 |
| SCMA 7382 | Empirical Research Methods | 3 |
| SCMA 7383 | Advanced Optimization | 3 |
| SCMA 7390 | Research Seminar in Supply Chain and Analytics | 3 |
| SCMA 7393 | Special Topics in Supply Chain & Analytics | 3 |
| Total Hours | | 15 |

V. Electives (9 credit hours)

Students must take 9 credit hours of graduate-level elective courses, selected in consultation with their emphasis area Ph.D. Coordinator. If the three courses are selected in a thematic area outside the emphasis area, they are deemed to constitute a "Supporting Field" for the Ph.D.

VI. Other Requirements

- Upon completion of the coursework in Sections I-V, students enroll in BUS AD 7001 Doctoral Research, or BUS AD 7002 Dissertation Research. Students are advanced to candidacy by successfully completing a comprehensive examination in their area of emphasis. Students should take the comprehensive exam in the first semester after completing the coursework in Sections I-V.
- Students will be evaluated annually for satisfactory progress. Students deemed not to be making adequate progress are subject to the policies of the College of Business Administration regarding continuation of their assistantship. Students deemed not to be making adequate progress are subject to the policies of the Graduate School and the College of Business Administration regarding probation and dismissal from the program.
- Students are required to take a minimum of 5 credit hours total of BUS AD 7001 Doctoral Research, and BUS AD 7002 Dissertation Research and to defend a dissertation proposal within one year of advancement to candidacy.
- The following requirements are to be completed before or after admission to candidacy:

- Students are required to present one paper at a regional, national, or international conference, approved by the dissertation advisor or program advisor.
- Students are required to submit one paper, approved by the dissertation advisor or program advisor, to a refereed journal.
- At least two semesters of supervised teaching in the College of Business Administration are required of all doctoral students.
- Students are required to demonstrate competency in teaching during the first year in which they teach in the College of Business Administration. This requirement may be met by successfully completing one or more courses/programs.
- The degree is awarded upon successful completion and defense of the Ph.D. dissertation and satisfaction of all Graduate School requirements. The dissertation must be defended within three years of approval of a Ph.D. dissertation proposal.

Business Intelligence Graduate Certificate

The Graduate Certificate in Business intelligence (BI) prepares students to support better business decision-making by providing internal data and external data in a useful and usable format. Using BI, decision makers are able to examine the value of business processes and products while watching for competitive opportunities in the marketplace. BI technologies provide historical, descriptive, predictive, and prescriptive views of business operations. The BI Certificate blends analytics and information technology in a unique program during which students work on industry datasets and learn to appreciate the difficulties of large-scale, unstructured data as well as the need for nuanced solutions.

This 12 credit hour certificate program also counts toward the 30 credit hour Master of Science in Information Systems and Technology degree program requirements. Students may choose to combine this certificate with other courses and/or certificates to obtain the Master of Science in Information Systems and Technology degree.

Admission Requirements

Applicants must meet general University of Missouri-St. Louis Graduate School admissions requirements.

Certificate Requirements

All course prerequisites and all course waivers are applicable. Substitute courses may be approved by the appropriate department chairperson and the Director of Graduate Business Programs.

Required Courses

| | | |
|-------------|--|---|
| INFSYS 6830 | Data Programming for Business Intelligence | 3 |
| INFSYS 6833 | Decision Support Systems for Business Intelligence | 3 |

Electives

Choose two of the following courses: 6

| | |
|-------------|---|
| INFSYS 6849 | Data Warehouse Design and Implementation |
| INFSYS 6851 | Practicum in Business Intelligence |
| INFSYS 6860 | Advanced Data Integration |
| INFSYS 6862 | Artificial Intelligence Applications for Business and Cybersecurity |

| | |
|--------------------|------------------------------------|
| SCMA 6345 | Business Analytics and Data Mining |
| SCMA 6350 | Management Science Methods |
| Total Hours | 12 |

The required courses may be substituted with other courses with the approval of the Chair of the Information Systems and Technology Department.

Learning Outcomes

Upon completion of the program, certificate earners will be able to:

- Apply contemporary data programming techniques
- Structure and visualize data in useful and usable formats for business insights
- Utilize business intelligence technologies to provide historical, descriptive, predictive, and prescriptive views of business operations
- Communicate business intelligence insights to stakeholders

Career Counseling Graduate Certificate

The Career Counseling Graduate Certificate is for individuals and students who want to add an additional focus of career counseling to their academic credentials. The goals of the Graduate Certificate in Career Counseling are: (a) to provide an academic program to help counselors, career development professionals, and students increase their competency in supporting the career development of all their clients across various settings; (b) to provide a curriculum focused on helping counselors, career development professionals, and students apply knowledge and skill to practice in the areas of career assessment, career decision making, career counseling with PK-16 students and adults; (c) increase career development professionals' awareness of social justice issues and their impact on career development.

The Career Counseling Certificate may be pursued as a stand-alone credential or in conjunction with another mental health or related program (such as Master's in Education, Master's in Adult & Higher Education, Master's in Social Work, Ed.D. or the Ph.D. in Education, or Ph.D. in Clinical Psychology). With advance planning, all 12 credits may be applied to the Master's of Education in School or Clinical Mental Health Counseling degree at UMSL. Completion of the Career Counseling Certificate, however, does not guarantee acceptance into any other degree program (separate application required for admission).

The counseling degree coordinator will act as the program director for this graduate certificate.

Admission Requirements

Applicants must meet the general graduate admission requirements of the Graduate School, described in the UMSL catalog. Students are considered for admission to the graduate certificate in Career Counseling only after they have formally applied for admission through the Graduate School. Applications may be completed on-line.

In addition, to Graduate School admission requirements, the following requirements apply to the Career Counseling Graduate Certificate program:

Current “good standing” (non-probation) in an UMSL graduate mental health practitioner training program (counseling, social work, or psychology)

Or

All of the following criteria must be met:

1. Undergraduate degree with a GPA of 3.0 or better;
2. Enrollment in a graduate mental health practitioner or related training program or earned Master's degree in mental health field (or related);
3. Two letters of recommendation with at least one from a current or former college-level instructor (or someone with a graduate degree who can attest to the applicant's capacity to complete graduate-level work);
4. Two-page personal statement explaining the applicant's personal and professional goals.

Certificate Requirements

| CNS ED 6850 | Social Class and Poverty Issues in Counseling |
| CNS ED 6870 | Counseling and Cultural Competence in a Global Society |
| CNS ED 7000 | Advanced Theories and Practice of Counseling |

Other CNS ED 6800-level courses as offered

Total Hours

12

Learning Outcomes

Upon completion of the program, certificate earners will be able to:

- Demonstrate strategies to help clients develop skills to make life-work role transitions, acquire employability and job search skills, and evaluate career information resources.
- Analyze factors that influence clients' attitudes toward work and career decision-making processes particularly race, gender roles, family responsibilities, education and other cultural factors.
- Develop a collection of culturally-relevant resources to assist clients from various backgrounds in their career development and planning

Character and Citizenship Education Graduate Certificate

The three program goals of the Character and Citizenship Education (CCE) graduate certificate program are: (a) the understanding of theory and research in citizenship education as it relates to civic participation, concepts of democracy, the democratic purposes of education, and the development of civic identity and political thinking, attitudes, and engagement as well as the competence to apply this knowledge to analysis and design of practical programs in citizenship education; (b) the understanding of character development and character education in childhood and adolescence, including the empirical and conceptual study of the nature of how moral character develops, as well as how it can be fostered in schools by school reform, curriculum development, professional development, and practical pedagogical methods; and (c) the understanding of the connections between character and citizenship development and education.

The Sanford N. McDonnell Professor of Character Education and the Teresa M. Fischer Professor of Citizenship Education serve as program directors.

Admission Requirements

Requirements for admission to the CCE certificate program are current good standing in an UMSL graduate program or all three of the following:

1. Undergraduate degree with a GPA of 3.0 or better
2. Two letters of recommendation with at least one from a current or former college-level instructor
3. Two-page personal statement explaining the applicant's personal and professional goal

The CCE certificate may be pursued as a stand-alone credential or in conjunction with the Master's Degree in Education and/or the Ph.D. in Education. With advance planning, all 18 credit hours from the CCE certificate can be applied to these degrees. Completion of the CCE certificate, however, does not guarantee acceptance into any of those degree programs, which requires a separate application.

Credit Requirements

A minimum of 18 credit hours of graduate course work is required for the graduate certificate. Twelve of these hours must consist of the four core courses in character and citizenship education. A minimum of six additional hours are to be chosen from the list of electives. At least twelve hours must be completed in residence at UMSL.

Core

| | | |
|-------------|--|---|
| ED PSY 6217 | | 3 |
| ED PSY 6417 | Current Perspectives On Citizenship Education ¹ | 3 |
| ED PSY 6445 | Character Education And Development | 3 |
| ED PSY 6450 | Advanced Methods in Character Education ¹ | 3 |

Electives

Choose 6 hours from the following list of courses offered at the College of Education and the College of Arts and Sciences (with departmental permission)

| | | |
|-------------|------------------------|---|
| ED PSY 6111 | Educational Psychology | 6 |
|-------------|------------------------|---|

| | | |
|----------------------|---|-----------|
| ED PSY 6115 | Personality And Social Development | |
| ED PSY 6222 | Advanced Studies in Child and Adolescent Development | |
| ED PSY 6310 | Psychology Of Learning Processes | |
| ED REM 6730 | Educational Program Development and Evaluation | |
| P P ADM 6340 | Seminar in City Administration | |
| PHIL 5530 | Seminar in Social and Political Philosophy | |
| PHIL 5538 | Seminar in Ethical Theory | |
| POL SCI 6430 | Proseminar in American Politics | |
| POL SCI 6450 | | |
| POL SCI/P P ADM 6470 | Proseminar in Urban Politics | |
| PSYCH 5468 | Seminar: Cognitive and Affective Processes ² | |
| TCH ED 6200 | Building Character and Competence with Diverse Learners | |
| Total Hours | | 18 |

¹ Course-embedded capstone assessments occur in ED PSY 6417 and ED PSY 6450.

² Course instructor approval required.

Chemistry BA

The St. Louis metropolitan area has long been a major center for industrial chemistry, and in the past decade it has also become vibrant in life sciences research and development. A bachelor's degree in chemistry provides a student with the professional training needed to contribute to this dynamic industry. The B.A. degree provides a well-rounded academic background and includes a language requirement. Students who earn this degree are well prepared for a career in the chemical industry, graduate work in the chemical sciences, health sciences, medicine, business or law.

General Education Requirements

Students must satisfy the university and college general education requirements (p. 30). Courses in chemistry may be used to meet the university's mathematics and life/natural science requirement. The college's foreign language requirement fulfills the departmental requirements for B.A. candidates. B.S. degree candidates are not required to take a foreign language; however, the American Chemical Society (ACS) states that the study of a foreign language is recommended, especially for students planning to pursue graduate studies in chemistry.

Satisfactory/Unsatisfactory Restrictions

Chemistry majors may not take required chemistry, mathematics, or physics courses on a satisfactory/unsatisfactory basis.

Related Area Requirements

Bachelor of Arts and Bachelor of Science in Chemistry

Candidates for both degrees must also complete:

| | | |
|-----------|------------------------------------|---|
| MATH 1800 | Analytic Geometry and Calculus I | 5 |
| MATH 1900 | Analytic Geometry and Calculus II | 5 |
| MATH 2000 | Analytic Geometry and Calculus III | 5 |

| | | |
|--------------------|---|-----------|
| PHYSICS 2111 | Physics: Mechanics and Heat | 4 |
| PHYSICS 2111L | Mechanics and Heat Laboratory | 1 |
| PHYSICS 2112 | Physics: Electricity, Magnetism, and Optics | 4 |
| PHYSICS 2112L | Electricity, Magnetism, and Optics Laboratory | 1 |
| Total Hours | | 25 |

Candidates must complete the following chemistry courses:

| | | |
|------------------------------|---|-----------|
| CHEM 1000 | Chemistry: The Central Science | 1 |
| CHEM 1111 | Introductory Chemistry I (MOTR CHEM 150L) | 5 |
| CHEM 1121 | Introductory Chemistry II | 5 |
| CHEM 2223 | Quantitative Analysis in Chemistry | 3 |
| CHEM 2612 | Organic Chemistry I | 3 |
| CHEM 2622 | Organic Chemistry II | 3 |
| CHEM 2633 | Organic Chemistry Laboratory | 2 |
| CHEM 3022 | Introduction to Chemical Literature | 1 |
| CHEM 3312 | Physical Chemistry I: Thermodynamics and Kinetics | 3 |
| CHEM 3322 | Physical Chemistry II: Quantum Chemistry and Spectroscopy | 3 |
| CHEM 3333 | Physical Chemistry Laboratory I | 2 |
| CHEM 3412 | Basic Inorganic Chemistry | 3 |
| CHEM 4897 | Seminar in Chemistry | 2 |
| Select one of the following: | | 2 |
| CHEM 3643 | Advanced Organic Chemistry Laboratory | |
| CHEM 4233 | Laboratory in Instrumental Analysis | |
| CHEM 4343 | Physical Chemistry Laboratory II | |
| CHEM 4433 | Inorganic Chemistry Laboratory | |
| CHEM 4733 | Biochemistry Laboratory | |
| Total Hours | | 38 |

No more than 45 hours in chemistry may be applied toward the degree. Each chemistry major must present a seminar and pass a comprehensive examination during the senior year. At least 12 credits at the 3000 level or higher must be completed at UMSL. The Department of Chemistry and Biochemistry may require students to pass a tracking test in order to enroll in the next level course, provided this or an equivalent test is administered to all students seeking to enroll in that course.

Learning Outcomes

Upon completion of the program, graduates will be able to:

- Demonstrate proficiency at an in-depth level in organic chemistry and physical chemistry.
- Apply appropriate concepts and investigative and quantitative methods as used in all sub-disciplines of chemistry research.
- Critically evaluate existing scientific studies to integrate and apply that body of knowledge to the design of studies to test specific hypotheses addressing unsolved problems in the chemical and life sciences.
- Use computers and the required scientific software in data acquisition, processing, presentation or analysis, including statistical and regression analysis.

- Demonstrate basic skills associated with safely performing and properly documenting laboratory experiments in chemistry following a broad introduction of commonly used equipment and procedures.
- Demonstrate the ability to work either independently or as a part of a small team.
- Identify the need for information, procure the information from relevant scientific literature publications and databases, properly cite the information, and critically evaluate reliability, validity, accuracy, authority, timeliness, and point of view or bias.
- Effectively communicate orally, visually and in writing about the processes of the chemical sciences and the results of scientific inquiry.
- Follow ethical practices in research, experimental interpretation, presentation, citation and application of research.

Sample Four Year Plan

First Year

| Fall | Hours | Spring | Hours |
|--|-------|--------------------------------------|-------|
| INTDSC 1003 ¹ | | 1 CHEM 1121 | 5 |
| CHEM 1000 | | 1 MATH 1800 | 5 |

| Cultural Diversity Requirement | | 3 Elective or minor | 3 |
| Elective or minor | | 3 | |
| | 15 | | 14 |

Total Hours: 121

¹ INTDSC 1003 is required only for first-time freshmen and transfer students with less than 24 college credits.

PLEASE NOTE: This plan is an example of what a four year plan could look like for a typical full-time student. Placement exam scores in math as well as the completion of coursework may change the plan. It should

not be used in the place of regular academic advising appointments. All students are encouraged to meet with their advisor each semester. All requirements are subject to change.

B.S. Ed. in Secondary Education with Emphasis in Chemistry

The B.S. Ed. is a professional education degree designed for students who wish to pursue a teaching career in secondary schools. Much of the discipline-specific coursework parallels the B.A. or B.S. degree in the discipline; however, the Missouri Department of Elementary and Secondary Education (DESE) requires specific coursework for teacher certification. Therefore, students interested in the B.S. Ed. should contact the advising office (OASIS) 314-516-5937 in the College of Education for discipline-specific requirements. *Note: To obtain teaching certification, DESE requires a 3.0 GPA in the discipline and professional education coursework, as well as a 2.75 GPA overall.*

B.A. or B.S. in Chemistry with Master's Level Coursework for Secondary Teacher Certification

In addition to the B.S. Ed., students may opt to complete a B.A. or B.S. degree in their discipline as an undergraduate, followed by admission to the Graduate School for Master's level teaching certification. The College of Education has a one-year accelerated program for post-graduate certification called Teach in 12, or students can choose a traditional path to certification. Graduate coursework for certification can apply towards a Master's Degree in Secondary Education, with additional coursework. Students interested in Master's Level teacher certification should contact the advising office (OASIS) 314-516-5937 in the College of Education. *Note: To obtain teaching certification, DESE requires a 3.0 GPA in the discipline and professional education coursework, as well as a 2.75 GPA overall.*

Chemistry BA, Biochemistry Emphasis

General Education Requirements

Students must satisfy the university and college general education requirements (p. 30). Courses in chemistry may be used to meet the university's mathematics and life/natural science requirement. The college's foreign language requirement fulfills the departmental requirements for B.A. candidates. B.S. degree candidates are not required to take a foreign language; however, the American Chemical Society (ACS) states that the study of a foreign language is recommended, especially for students planning to pursue graduate studies in chemistry.

Satisfactory/Unsatisfactory Restrictions

Chemistry majors may not take required chemistry, mathematics, or physics courses on a satisfactory/unsatisfactory basis.

Related Area Requirements

Candidates must complete:

| | | |
|---------------------------|--|-----|
| MATH 1100 or MATH 1800 | Basic Calculus Analytic Geometry and Calculus I | 3-5 |
| PHYSICS 1011 | Basic Physics I | 3 |
| PHYSICS 1011L | Basic Physics I Laboratory | 1 |

| | | |
|---------------|-----------------------------|-------|
| PHYSICS 1012 | Basic Physics II | 3 |
| PHYSICS 1012L | Basic Physics II Laboratory | 1 |
| Total Hours | | 11-13 |

Course Requirements

| | | |
|-------------|---|----|

Chemistry BS

The St. Louis metropolitan area has long been a major center for industrial chemistry, and in the past decade it has also become vibrant in life sciences research and development. A bachelor's degree in chemistry provides a student with the professional training needed to contribute to this dynamic industry. The B.S. degree is THE professional degree in chemistry, and students who earn the B.S. degree are well prepared for a career in the chemical industry, graduate work in the chemical sciences, medicine, business or law. The department provides opportunities for undergraduates to become involved in ongoing research projects.

General Education Requirements

Students must satisfy the university and college general education requirements (p. 30). Courses in chemistry may be used to meet the university's mathematics and life/natural science requirement. The college's foreign language requirement fulfills the departmental requirements for B.A. candidates. B.S. degree candidates are not required to take a foreign language: however, the American Chemical Society (ACS) states that the study of a foreign language is recommended, especially for students planning to pursue graduate studies in chemistry.

Satisfactory/Unsatisfactory Restrictions

Chemistry majors may not take required chemistry, mathematics, or physics courses on a satisfactory/unsatisfactory basis.

Related Area Requirements

Bachelor of Arts and Bachelor of Science in Chemistry

Candidates for both degrees must also complete:

| | | |
|-----------|-----------------------------------|---|
| MATH 1800 | Analytic Geometry and Calculus I | 5 |
| MATH 1900 | Analytic Geometry and Calculus II | 5 |

| | | |
|---------------|---|---|
| MATH 2000 | Analytic Geometry and Calculus III | 5 |
| PHYSICS 2111 | Physics: Mechanics and Heat | 4 |
| PHYSICS 2111L | Mechanics and Heat Laboratory | 1 |
| PHYSICS 2112 | Physics: Electricity, Magnetism, and Optics | 4 |
| PHYSICS 2112L | Electricity, Magnetism, and Optics Laboratory | 1 |

Total Hours **25**

This degree may be taken as a terminal degree by students intending to become professional chemists or for preparation for graduate work in chemistry or biochemistry. Students must choose to specialize in chemistry or biochemistry.

Core Courses

| | | |
|-----------|---|---|
| CHEM 1000 | Chemistry: The Central Science | 1 |
| CHEM 1111 | Introductory Chemistry I (MOTR CHEM 150L) | 5 |
| CHEM 1121 | Introductory Chemistry II | 5 |
| CHEM 2223 | Quantitative Analysis in Chemistry | 4 |
| CHEM 2612 | Organic Chemistry I | 3 |
| CHEM 2622 | Organic Chemistry II | 3 |
| CHEM 2633 | Organic Chemistry Laboratory | 2 |
| CHEM 3022 | Introduction to Chemical Literature | 1 |
| CHEM 3312 | Physical Chemistry I: Thermodynamics and Kinetics | 3 |
| CHEM 3322 | Physical Chemistry II: Quantum Chemistry and Spectroscopy | 3 |
| CHEM 3333 | Physical Chemistry Laboratory I | 2 |
| CHEM 3412 | Basic Inorganic Chemistry | 3 |
| CHEM 4897 | Seminar in Chemistry | 2 |

Total Hours **37**

Chemistry Option

In addition to the requirements above, the following chemistry courses are required:

| | | |
|-----------|---|---|
| CHEM 3643 | Advanced Organic Chemistry Laboratory | 2 |
| CHEM 4212 | Instrumental Analysis | 3 |
| CHEM 4233 | Laboratory in Instrumental Analysis | 2 |
| CHEM 4343 | Physical Chemistry Laboratory II | 2 |
| CHEM 4412 | Advanced Inorganic Chemistry | 3 |
| CHEM 4433 | Inorganic Chemistry Laboratory | 2 |
| CHEM 4662 | Introduction to Macromolecular, Supramolecular, and Nanoscale Chemistry | 1 |
| CHEM 4712 | Biochemistry | 3 |

Total Hours **18**

Students must also take two elective hours of advanced work in chemistry at the 3000 level or above. Students are encouraged to take CHEM 3905 Chemical Research, to fulfill the advanced elective requirement.

Biochemistry Option

In addition to the requirements above, the following chemistry and biology courses are required:

Chemistry

| | | |
|-----------|---|---|
| CHEM 3643 | Advanced Organic Chemistry Laboratory | 2 |
| CHEM 4212 | Instrumental Analysis | 3 |
| CHEM 4233 | Laboratory in Instrumental Analysis | 2 |
| CHEM 4662 | Introduction to Macromolecular, Supramolecular, and Nanoscale Chemistry | 1 |
| CHEM 4712 | Biochemistry | 3 |
| CHEM 4722 | Advanced Biochemistry | 3 |
| CHEM 4733 | Biochemistry Laboratory | 2 |

Select one of the following: **3**

| | |
|-----------|--------------------------------|
| CHEM 4772 | Physical Biochemistry |
| CHEM 4774 | Introduction to Bioinformatics |
| CHEM 3905 | Chemical Research (3 credits) |
| BIOL 4905 | Research (3 credits) |

Biology

| | |
|---------------------------|--|
| BIOL 1831 | Introductory Biology: From Molecules to Organisms (MOTR BIOL 150L) |
| BIOL 2012 or BIOL 2482 | Genetics Microbiology |

Total Hours **19**

If either research option is chosen, the project must be in biochemistry and must include a written final report submitted to the Department of Chemistry and Biochemistry.

- B.S. degree students will demonstrate a clear understanding of the essential principles of the five foundational areas of chemistry and be able to apply them to solve chemical problems. The foundational areas of chemistry are specified as analytical, organic, inorganic, physical and biochemistry and include both the study of small molecules and macromolecules. B.A. degree students do not need to meet this outcome in biochemistry. Demonstrating understanding and application at the foundational level requires a thorough comprehension of basic chemical concepts from the introductory course sequence including stoichiometry, states of matter, molecular structure and bonding, thermodynamics, equilibria and kinetics. B.S. degree graduates will demonstrate proficiency in at least four of the foundational areas at an in-depth level. B.A. degree graduates will demonstrate proficiency at an in-depth level in organic chemistry and physical chemistry.
- Students will apply appropriate concepts and investigative and quantitative methods as used in all sub-disciplines of chemistry research.
- Students will critically evaluate existing scientific studies to integrate and apply that body of knowledge to the design of studies to test specific hypotheses addressing unsolved problems in the chemical and life sciences.
- Students will use computers and the required scientific software in data acquisition, processing, presentation or analysis, including statistical and regression analysis.

- Students will demonstrate basic skills associated with safely performing and properly documenting laboratory experiments in chemistry following a broad introduction of commonly used equipment and procedures. B.S. degree graduates will demonstrate skills in performing laboratory experiments using advanced and specialized instrumentation related to the areas of chemistry that are studied in depth. Students will demonstrate the ability to work either independently or as a part of a small team.
- Students will be able to identify the need for information, procure the information from relevant scientific literature publications and databases, properly cite the information, and critically evaluate reliability, validity, accuracy, authority, timeliness, and point of view or bias.
- Students will effectively communicate orally, visually and in writing about the processes of the chemical sciences and the results of scientific inquiry.
- Students will follow ethical practices in research, experimental interpretation, presentation, citation and application of research.

Ed. should contact the advising office (OASIS) 314-516-5937 in the College of Education for discipline-specific requirements. *Note: To obtain teaching certification, DESE requires a 3.0 GPA in the discipline and professional education coursework, as well as a 2.75 GPA overall.*

B.A. or B.S. in Chemistry with Master's Level Coursework for Secondary Teacher Certification

In addition to the B.S. Ed., students may opt to complete a B.A. or B.S. degree in their discipline as an undergraduate, followed by admission to the Graduate School for Master's level teaching certification. The College of Education has a one-year accelerated program for post-graduate certification called Teach in 12, or students can choose a traditional path to certification. Graduate coursework for certification can apply towards a Master's Degree in Secondary Education, with additional coursework. Students interested in Master's Level teacher certification should contact the advising office (OASIS) 314-516-5937 in the College of Education. *Note: To obtain teaching certification, DESE requires a 3.0 GPA in the discipline and professional education coursework, as well as a 2.75 GPA overall.*

Chemistry Minor

Requirements for the Minor

Students may earn a minor in chemistry by completing the following program. The following five courses are required:

| | | |
|------------------------------|---|--------------|
| CHEM 1111 | Introductory Chemistry I (MOTR CHEM 150L) | 5 |
| CHEM 1121 | Introductory Chemistry II | 5 |
| CHEM 2223 | Quantitative Analysis in Chemistry | 4 |
| CHEM 2612 | Organic Chemistry I | 3 |
| CHEM 2633 | Organic Chemistry Laboratory | 2 |
| Select one of the following: | | 2-3 |
| CHEM 2622 | Organic Chemistry II | |
| CHEM 3302 | Physical Chemistry for The Life Sciences | |
| CHEM 3312 | Physical Chemistry I: Thermodynamics and Kinetics | |
| CHEM 3412 | Basic Inorganic Chemistry | |
| CHEM 4712 | Biochemistry | |
| Total Hours | | 21-22 |

Courses taken for the minor may not be taken on a satisfactory/unsatisfactory basis. A GPA of at least 2.0 is required for the courses

presented for the minor. At least three courses toward the minor must be completed at UMSL.

Chemistry MS

Admission Requirements

Individuals with at least the equivalent of the B.A. degree in the natural sciences may be admitted to the Graduate School as candidates for the M.S. degree or as precandidates for the Ph.D. degree in chemistry. A student in the M.S. program may request to transfer to the Ph.D. program by petition to the department.

The department admissions committee considers applicants' grade point averages and normally requires above-average performance in all areas of chemistry as well as physics and mathematics, or other evidence of high aptitude for graduate work in chemistry. Applicants' letters of recommendation and academic programs are also considered. In some cases the committee may require successful completion of undergraduate course work at UMSL as a condition of enrollment as a regular student.

Students with bachelor's degrees in fields other than chemistry may be admitted to pursue graduate studies in chemistry, but they must make up background deficiencies, usually by taking undergraduate course work at UMSL.

Financial Support

Teaching assistantships are available to qualified applicants. Research assistantships and fellowships are available for advanced students. Departmental support is not normally available beyond the fifth year in the program. For further information, contact the Department of Chemistry & Biochemistry Graduate Admissions Committee.

Preliminary Advisement

Students who have been admitted for graduate work in chemistry will be contacted by the Director of Graduate Studies in order to develop a tentative plan of study which takes into consideration the student's background and interests. Entering students are required to demonstrate proficiency at the undergraduate level in four areas of chemistry (biochemistry, organic, inorganic, physical, and analytical).

Proficiency may be demonstrated in one of the following ways:

- Outstanding performance in recent undergraduate course work.
- Satisfactory performance in standardized placement examinations. These examinations are given twice a year, approximately one week before the beginning of the fall and winter semesters.
- Successful completion of assigned course work.

The ultimate choice of whether students may enroll in the M.S. or Ph.D. degree programs resides with the chemistry faculty.

Admission Requirements

Applicants must meet the general graduate admission requirements of the Graduate School, described in the UMSL Bulletin (p. 45). Applications may be completed online

In addition to the Graduate School admission requirements, the following requirements apply to the MS in Chemistry program:

- BS or BA in a scientific discipline is required, although other degrees will be considered for strong candidates. The admission committee will evaluate previous coursework to determine potential for success.
- Minimum of 3.00 GPA on 4.0 scale. Students whose GPA is 2.75 to 2.99 may be admitted under some circumstances.
- Two Letters of Recommendation.
- Official transcripts from all universities attended.
- The Graduate Record Examination General Test is NOT required, but may add value to the application.
- International students are required to document English proficiency by providing scores from an internationally accepted standardized examination prior to admission decision.

Degree Requirements

30 hours are required to earn a Master of Science in Chemistry and the advanced curriculum can be customized for each student. Students may choose to focus their coursework in a few, some, or all chemical disciplines including organic, inorganic, biochemical, physical, and analytical chemistry.

Master of Science without Thesis

Students may be enrolled part-time to complete the degree without a thesis. Of the required 30 hours, 15 credits must be at the 5000 level and 3 must be earned by taking 3 separate semesters of CHEM 6897, Colloquium.

Master of Science with Thesis

Students selecting this option must be enrolled full-time for at least two consecutive semesters. During this time, students are expected to enroll in CHEM 6905, Graduate Research in Chemistry, and conduct their thesis research. Of the required 30 credits, 15 must be taken at the 5000 level and 3 must be earned by taking 3 separate semesters of CHEM 6897, Colloquium.

Master of Science Degrees for Doctoral Students

Doctoral students may receive a Master's degree in their program for work completed towards the doctoral degree. To receive a Master's degree, doctoral students must complete 30 credit hours of courses, with at least 15 of these credit hours in courses numbered at or above the 5000 level. No more than 3 hours in CHEM 6897, 3 hours from a combination of CHEM 6487, CHEM 6687, CHEM 6787, CHEM 6812, CHEM 6822 and CHEM 6832, and 6 hours of CHEM 6905 may be applied.

The non-dissertation courses presented for the M.S. degree may not include any of the following courses:

| | | |
|-----------|---|---|
| CHEM 4212 | Instrumental Analysis | 3 |
| CHEM 4233 | Laboratory in Instrumental Analysis | 2 |
| CHEM 4302 | Survey of Physical Chemistry with Applications to the Life Sciences | 3 |
| CHEM 4343 | Physical Chemistry Laboratory II | 2 |
| CHEM 4412 | Advanced Inorganic Chemistry | 3 |
| CHEM 4433 | Inorganic Chemistry Laboratory | 2 |
| CHEM 4712 | Biochemistry | 3 |
| CHEM 4733 | Biochemistry Laboratory | 2 |

Learning Outcomes

Upon completion of the program, graduates will be able to:

- Demonstrate an advanced conceptual understanding of several chemistry sub-disciplines including organic, inorganic, physical, biological and analytical chemistry
- Demonstrate an understanding of important principles that underlie techniques used in chemical and biochemical research, thereby possessing the ability to analyze and interpret data, and make conclusions.
- Explain phenomena by means of accepted chemical principles, theories or laws in particular areas of the chemical sciences with a high degree of sophistication.
- Demonstrate knowledge of chemical nomenclature, structure, and function and be able to effectively communicate this information to both scientists and the public.
- Formulate hypotheses based on an advanced knowledge of chemistry and the current published literature.
- Demonstrate a mastery of literature resources and published findings in chemistry for the preparation of papers, reports, or summaries within a particular subfield of chemistry.

Chemistry MS Accelerated Master's Degree

The Department of Chemistry & Biochemistry offers an Accelerated MS degree program that allows students to simultaneously earn their BS and their MS in Chemistry. Students accepted to the Accelerated MS degree program will be permitted to count up to 9 credits toward both degrees.

Students are encouraged to work closely with their Chemistry & Biochemistry undergraduate advisor and the Accelerated MS advisor to ensure that courses are timed appropriately to maximize their benefits. It is strongly recommended that students meet with the Accelerated MS advisor as soon as possible, ideally before their junior year.

Students in the Accelerated MS program will complete the MS through the non-thesis coursework path. The thesis MS and Professional Science MS programs cannot be combined with this program.

Eligibility

Students need to have fulfilled the core curriculum requirements for the Bachelor of Science in Chemistry degree below prior to applying for the Accelerated MS program.

Related Area Courses

Admission Requirements

Provisional Admission

Applicants are considered for provisional admission if they meet the following criteria.

- Earned 60 hours as an undergraduate
- Have a minimum GPA of 3.0 with a B or better in all core courses listed above
- Have approval from both their Chemistry undergraduate advisor and Chemistry MS Program Director

It is recommended to apply for provisional status as a junior, preferably in the first semester of junior year.

Graduate course options for Provisional students are listed below.

Courses completed by undergraduate students who have been provisionally admitted to the Accelerated MS program can count towards both their BS and MS degrees. Courses in this phase will be charged at the undergraduate tuition rate; however, these courses will have "graduate status" to count toward the master's degree. Courses must be approved before the semester starts. Any 4000-level course taken before admission to the Accelerated MS program will apply to the undergraduate requirements.

Seniors who have earned more than 105 credit hours cannot be considered for the Accelerated MS degree program.

Graduate Admission

Applicants are considered for graduate admission with the following criteria:

- Are in their final semester in undergraduate status
- Have a minimum GPA of 3.0 since being granted provisional status
- Submitted at least one positive recommendation letter from an UMSL Chemistry faculty member
- Submitted to the Chemistry Graduate Admissions Director a statement of purpose explaining why an advanced degree

in Chemistry is of interest and why the applicant merits consideration

- Have met with the Chemistry Accelerated MS advisor

Based on the above information, the Chemistry undergraduate advisor, Accelerated MS advisor, and Graduate Admissions Director will determine whether the student can apply for graduate admission. Final decisions concerning graduate admission are made by the Graduate School Director and the Graduate School. Students admitted to the graduate program must take graduate courses until the completion of the MS degree.

Completing the BS and MS Degrees

To finish the Chemistry BS degree, a student must also complete the following requirements.

| | | |
|--|---|---|
| Two credit hours of advanced elective work | | 2 |
| CHEM 4233 | Laboratory in Instrumental Analysis | 2 |
| CHEM 4343 | Physical Chemistry Laboratory II | 2 |
| CHEM 4433 | Inorganic Chemistry Laboratory | 2 |
| CHEM 4612 | Introduction to Macromolecular, Supramolecular, and Nanoscale Chemistry | 1 |
| CHEM 4712 | Biochemistry | 3 |
| CHEM 4897 | Seminar in Chemistry | 2 |
| CHEM 5212 | Advanced Instrumental Analysis | 3 |
| CHEM 5412 | Advanced Graduate Inorganic Chemistry | 3 |

Courses for Both BS and MS Credit

The following Chemistry courses can count toward both the Chemistry BS and Chemistry MS degree, up to a maximum of 9 credit hours.

| | | |
|------------------------------|---|---|
| CHEM 4433 | Inorganic Chemistry Laboratory | 2 |
| CHEM 5212 | Advanced Instrumental Analysis | 3 |
| CHEM 5412 | Advanced Graduate Inorganic Chemistry | 3 |
| Choose one of the following: | | 1 |
| CHEM 6487 | Problem Seminar in Inorganic Chemistry | |
| CHEM 6687 | Problem Seminar in Organic Chemistry | |
| CHEM 6787 | Problem Seminar in Biochemistry | |
| CHEM 5396 | Directed Readings in Physical Chemistry | |

Total Hours **9**

Other courses may be allowed upon approval of the Graduate Program Director.

Required and elective courses for the MS degree are shown below.

Required

| | | |
|-----------|--|---|
| CHEM 6897 | Chemistry Colloquium (must take 3 times) | 3 |
|-----------|--|---|

Electives **18**

| | | |
|-----------|---|--|
| CHEM 5302 | Foundations of Physical Chemistry | |
| CHEM 5396 | Directed Readings in Physical Chemistry | |

| | | |
|--------------------|---|-----------|
| CHEM 5462 | Organometallic Chemistry of the Transition Elements | |
| CHEM 5494 | Special Topics in Inorganic Chemistry | |
| CHEM 5602 | Advanced Organic Chemistry I - Physical Organic | |
| CHEM 5612 | Advanced Organic Chemistry II - Reactions And Synthesis | |
| CHEM 5652 | Spectroscopic Identification of Organic Compounds | |
| CHEM 5694 | Special Topics in Organic Chemistry | |
| CHEM 5722 | Advanced Graduate Biochemistry | |
| CHEM 5772 | Advanced Physical Biochemistry | |
| CHEM 5774 | Bioinformatics | |
| CHEM 5794 | Special Topics in Biochemistry | |
| CHEM 6487 | Problem Seminar in Inorganic Chemistry | |
| CHEM 6687 | Problem Seminar in Organic Chemistry | |
| CHEM 6787 | Problem Seminar in Biochemistry | |
| CHEM 6905 | Graduate Research in Chemistry (up to 5 hours may be taken) | |
| Total Hours | | 21 |

Awarding of Degrees

The undergraduate degree may be awarded when the student meets the requirements for the BS degree, including at least 120 total credit hours, completion of the Chemistry core, elective, and laboratory requirements, and completion of the associated requirements. The student must work with the undergraduate advisor and/or the Accelerated MS advisor to apply to graduate. In their final semester in undergraduate status, the student must apply and be admitted to the graduate program, to begin in the semester following the awarding of the undergraduate degree.

The graduate degree will be awarded when the student meets the requirements for the MS degree, which is 30 credit hours of coursework at the graduate level. Required and elective courses for the MS degree are shown above. The student must work with the Accelerated MS advisor and Graduate Program Director to apply to graduate.

If the student fails to enroll for more than one year after receiving the bachelor's degree, the student can still earn the master's degree, but the graduate-level credits earned as an undergraduate cannot be used for the graduate degree.

Chemistry MS, BS Biochemistry Emphasis Accelerated Master's Degree

The Department of Chemistry & Biochemistry offers an Accelerated MS degree program that allows students to simultaneously earn their BS with the Biochemistry Option and MS in Chemistry with a Biochemistry Emphasis. Students accepted to the Accelerated MS degree program will be permitted to count up to 9 credits toward both degrees.

Students are encouraged to work closely with their Chemistry & Biochemistry undergraduate advisor and the Accelerated MS advisor to ensure that courses are timed appropriately to maximize their benefits.

It is strongly recommended that students meet with the Accelerated MS advisor as soon as possible, ideally before their junior year.

Students in the Accelerated MS program will complete the MS through the non-thesis coursework path. The thesis MS and Professional Science MS programs cannot be combined with this program.

Eligibility

Students need to have fulfilled the core curriculum requirements for the Bachelor of Science in Chemistry with the Biochemistry Option degree below prior to applying for the Accelerated MS program.

Any 4000-level course taken before admission to the Accelerated MS program will apply to the undergraduate requirements.

Seniors who have earned more than 105 credit hours cannot be considered for the Accelerated MS degree program.

Graduate Admission

Applicants are considered for graduate admission with the following criteria.

- Are in their final semester in undergraduate status
- Have a minimum GPA of 3.0 since being granted provisional status
- Submitted at least one positive recommendation letter from an UMSL Chemistry faculty member
- Submitted to the Chemistry Graduate Admissions Director a statement of purpose explaining why an advanced degree in Chemistry is of interest and why the applicant merits consideration
- Have met with the Chemistry Accelerated MS advisor

Based on the above information, the Chemistry undergraduate advisor, Accelerated MS advisor and Graduate Admissions Director will determine whether the student can apply for graduate admission. Final decisions concerning graduate admission are made by the Graduate Admissions Director and the Graduate School. Students admitted to the graduate program must take graduate courses until the completion of the MS degree.

Completing the BS and MS Degrees

To finish the Chemistry with a Biochemistry Option BS degree, a student must also complete the following requirements.

| | | |
|--|---|---|
| Two credit hours of advanced elective work | | 2 |
| BIOL 2012 | Genetics | 3 |
| CHEM 4233 | Laboratory in Instrumental Analysis | 2 |
| CHEM 4612 | Introduction to Macromolecular, Supramolecular, and Nanoscale Chemistry | 1 |
| CHEM 4712 | Biochemistry | 3 |

| CHEM 6487 | Problem Seminar in Inorganic Chemistry |
| CHEM 6687 | Problem Seminar in Organic Chemistry |
| CHEM 6787 | Problem Seminar in Biochemistry |
| CHEM 6905 | Graduate Research in Chemistry (up to five hours may be taken) |

Awarding of Degrees

The undergraduate degree may be awarded when the student meets the requirements for the BS degree, including at least 120 total credit hours, completion of the Chemistry core, elective, and laboratory requirements, and completion of the associated requirements. The student must work with the undergraduate advisor and/or the Accelerated MS advisor to apply to graduate. In their final semester in undergraduate status, the student must apply and be admitted to the graduate program, to begin he following semester.

The graduate degree will be awarded when the student meets the requirements for the MS degree, which is 30 credit hours of coursework at the graduate level. Required and elective courses for the MS degree are shown below. The student must work with the Accelerated MS advisor and Graduate Program Director to apply to graduate.

If the student fails to enroll for more than one year after receiving the bachelor's degree, the student can still earn the master's degree, but the

graduate-level credits earned as an undergraduate cannot be used for the graduate degree.

Chemistry MS, Professional Science Emphasis

Admission Requirements

Individuals with at least the equivalent of the B.A. degree in the natural sciences may be admitted to the Graduate School as candidates for the M.S. degree or as precandidates for the Ph.D. degree in chemistry. A student in the M.S. program may request to transfer to the Ph.D. program by petition to the department.

The department admissions committee considers applicants' grade point averages and normally requires above-average performance in all areas of chemistry as well as physics and mathematics, or other evidence of high aptitude for graduate work in chemistry. Applicants' letters of recommendation and academic programs are also considered. In some cases the committee may require successful completion of undergraduate course work at UMSL as a condition of enrollment as a regular student.

Students with bachelor's degrees in fields other than chemistry may be admitted to pursue graduate studies in chemistry, but they must make up background deficiencies, usually by taking undergraduate course work at UMSL.

Financial Support

Teaching assistantships are available to qualified applicants. Research assistantships and fellowships are available for advanced students. Departmental support is not normally available beyond the fifth year in the program. For further information, contact the Department of Chemistry & Biochemistry Graduate Admissions Committee.

Preliminary Advisement

Students who have been admitted for graduate work in chemistry will be contacted by the Director of Graduate Studies in order to develop a tentative plan of study which takes into consideration the student's background and interests. Entering students are required to demonstrate proficiency at the undergraduate level in four areas of chemistry (biochemistry, organic, inorganic, physical, and analytical).

Proficiency may be demonstrated in one of the following ways:

- Outstanding performance in recent undergraduate course work.
- Satisfactory performance in standardized placement examinations. These examinations are given twice a year, approximately one week before the beginning of the fall and winter semesters.
- Successful completion of assigned course work.

The ultimate choice of whether students may enroll in the M.S. or Ph.D. degree programs resides with the chemistry faculty.

Degree Requirements

This option requires a minimum of 32 hours, of which 16 credit hours must be at or above the 5000 level. Students must take 21 credit hours of chemistry, 9 hours in business, and 2 credits hours of internship or practicum. A maximum of 3 credits of CHEM 6897 may be applied toward the required minimum of number of chemistry credits (21 hours).

The courses presented for the Master's degree (professional science emphasis) may not include any of the following:

| | | |
|-----------|---|------|
| CHEM 4212 | Instrumental Analysis | 3 |
| CHEM 4233 | Laboratory in Instrumental Analysis | 2 |
| CHEM 4302 | Survey of Physical Chemistry with Applications to the Life Sciences | 3 |
| CHEM 4343 | Physical Chemistry Laboratory II | 2 |
| CHEM 4412 | Advanced Inorganic Chemistry | 3 |
| CHEM 4433 | Inorganic Chemistry Laboratory | 2 |
| CHEM 4712 | Biochemistry | 3 |
| CHEM 4733 | Biochemistry Laboratory | 2 |
| CHEM 6487 | Problem Seminar in Inorganic Chemistry | 1 |
| CHEM 6687 | Problem Seminar in Organic Chemistry | 1-3 |
| CHEM 6787 | Problem Seminar in Biochemistry | 1 |
| CHEM 6812 | Introduction to Graduate Study in Chemistry | 1 |
| CHEM 6822 | Introduction to Graduate Research in Chemistry | 1 |
| CHEM 6905 | Graduate Research in Chemistry | 1-10 |

Emphasis Area Requirements

Elective Courses in Business (9 credit hours required)

| | | |
|-------------|--|---|
| MGMT 3623 | Industrial and Organizational Psychology | 3 |
| BUS AD 5000 | Economics for Managers | 3 |
| BUS AD 5100 | Managerial Communication | 3 |
| MGMT 5600 | Managing and Leading in Organizations | 3 |
| MKTG 5700 | Integrated Marketing Strategies | 3 |
| BUS AD 5900 | Law, Ethics and Business | 3 |

Required Internship or Practicum (2 credit hours required)

| | | |
|--------------|--|---|
| CHEM 5798 | | 2 |
| or CHEM 5799 | | |

There are no distribution requirements for the Masters in Chemistry (Professional Science Emphasis).

Chemistry PhD

Admission Requirements

Individuals with at least the equivalent of the B.A. degree in the natural sciences may be admitted to the Graduate School as candidates for the M.S. degree or as precandidates for the Ph.D. degree in chemistry. A student in the M.S. program may request to transfer to the Ph.D. program by petition to the department.

The department admissions committee considers applicants' grade point averages and normally requires above-average performance in all areas of chemistry as well as physics and mathematics, or other evidence of high aptitude for graduate work in chemistry. Applicants' letters of recommendation and academic programs are also considered. In some cases the committee may require successful completion of undergraduate course work at UMSL as a condition of enrollment as a regular student.

Students with bachelor's degrees in fields other than chemistry may be admitted to pursue graduate studies in chemistry, but they must make up background deficiencies, usually by taking undergraduate course work at UMSL.

Financial Support

Teaching assistantships are available to qualified applicants. Research assistantships and fellowships are available for advanced students. Departmental support is not normally available beyond the fifth year in the program. For further information, contact the Department of Chemistry & Biochemistry Graduate Admissions Committee.

Preliminary Advisement

Students who have been admitted for graduate work in chemistry will be contacted by the Director of Graduate Studies in order to develop a tentative plan of study which takes into consideration the student's background and interests. Entering students are required to demonstrate proficiency at the undergraduate level in four areas of chemistry (biochemistry, organic, inorganic, physical, and analytical).

Proficiency may be demonstrated in one of the following ways:

- Outstanding performance in recent undergraduate course work.
- Satisfactory performance in standardized placement examinations. These examinations are given twice a year, approximately one week before the beginning of the fall and winter semesters.
- Successful completion of assigned course work.

The ultimate choice of whether students may enroll in the M.S. or Ph.D. degree programs resides with the chemistry faculty.

Doctoral Degree Requirements

Within one year of initial enrollment, incoming doctoral students must demonstrate proficiency in four of the following five areas: biochemistry, organic, inorganic, physical, and analytical chemistry. A minimum of 60 credit hours is required, including research hours.

Comprehensive Exam Committee

Before the end of the second regular semester of study, the doctoral student and his/her research advisor will select a comprehensive exam committee. The student should prepare Graduate School form D-1, which should be signed by the research advisor and the Director of Graduate Studies, and filed with the graduate school.

In the Department of Chemistry & Biochemistry, the comprehensive exam committee also serves as a mentoring committee for the student. The committee will meet with the student at the end of each spring semester to review progress in coursework and research. A written report summarizing their assessment and recommendations will be provided to the student and the Director of Graduate Studies.

Comprehensive Examinations

Each student seeking the Ph.D. degree must successfully complete a comprehensive examination prior to advancement to candidacy. The comprehensive exam is typically taken when formal coursework has been completed, but it must be completed before the start of the fifth regular semester.

The comprehensive exam consists of writing an original research proposal and an oral defense that will be evaluated by the student's committee. The student will select a topic that is not directly related to the expected research area. The research advisor must approve the topic. The specific format for the proposal is described in the Department of Chemistry & Biochemistry Handbook of Graduate Studies.

Dissertation Proposal

Doctoral students must prepare and defend a Dissertation Proposal before the student has completed the equivalent of 6 regular semesters of full-time study. The proposal should be defended within six months following successful completion of the Comprehensive Examination.

The Dissertation Proposal includes both a written and oral component. Both components will be evaluated by the student's Comprehensive Examination committee. The written proposal will be submitted to the Comprehensive Examination committee and will be presented as a seminar to the Department. After the seminar, the student will defend the proposal before the Comprehensive Examination committee.

Advancement to Candidacy

In addition to general Graduate School requirements for advancement to candidacy, students must complete the following:

1. 18 hours of non-dissertation work.

This may not include:

| | | |
|-----------|---|-----|
| CHEM 4212 | Instrumental Analysis | 3 |
| CHEM 4233 | Laboratory in Instrumental Analysis | 2 |
| CHEM 4302 | Survey of Physical Chemistry with Applications to the Life Sciences | 3 |
| CHEM 4343 | Physical Chemistry Laboratory II | 2 |
| CHEM 4412 | Advanced Inorganic Chemistry | 3 |
| CHEM 4433 | Inorganic Chemistry Laboratory | 2 |
| CHEM 4712 | Biochemistry | 3 |
| CHEM 4733 | Biochemistry Laboratory | 2 |
| CHEM 6487 | Problem Seminar in Inorganic Chemistry | 1 |
| CHEM 6687 | Problem Seminar in Organic Chemistry | 1-3 |
| CHEM 6787 | Problem Seminar in Biochemistry | 1 |
| CHEM 6812 | Introduction to Graduate Study in Chemistry | 1 |
| CHEM 6822 | Introduction to Graduate Research in Chemistry | 1 |
| CHEM 6897 | Chemistry Colloquium | 1 |

At least 9 of the 18 credits of non-dissertation coursework must be at the 5000 level. Courses in areas other than chemistry may be included with prior departmental approval.

2. Successfully pass a Comprehensive Examination.
3. Successfully present and defend a dissertation proposal.
4. Submit the proposal for approval to the Graduate School.
5. Be in good standing.

Seminar Requirement

Students must enroll in CHEM 6897, Chemistry Colloquium, each semester they are in residence. In their final semester in the program, each student will present an "exit seminar" to the Department describing the results of their dissertation research.

Dissertation

One copy of the dissertation must be submitted upon completion of the graduate research problem.

Probation and Dismissal

Students are dismissed from the Ph.D. program if they fail to pass their Comprehensive Examination or otherwise fail to meet the academic and professional standards set forth by the Graduate School and the Department of Chemistry and Biochemistry.

Child Advocacy Studies Minor

The undergraduate minor in Child Advocacy Studies (CAST) is an interdisciplinary program requiring 12 credits of training in Child Advocacy Studies. The CAST minor encompasses a group of courses focused on children, youth, and traumatic stress. The CAST minor is appropriate for students who want to explore working in a variety of professional settings with children and adolescents, many of whom may have experienced trauma.

Most courses required by the minor in Child Advocacy Studies have prerequisites. Some students may satisfy prerequisites by virtue of their prior curriculum. When this is not the case, students are responsible for satisfying the prerequisites. All required courses must be taken in residence at UM-St. Louis.

| | | |
|--------------------|--|-----------|
| CAST 1000 | Introduction to Child Advocacy Studies | 3 |
| CAST 2100 | Communication in Child Advocacy | 3 |
| CAST 2275 | The Ethics, Values, and Policy of Child Advocacy | 3 |
| CAST/PSYCH 3290 | Traumatic Stress in Childhood and Adolescence | 3 |
| Total Hours | | 12 |

Learning Outcomes

- Demonstrate the ethical behavior and values of their discipline in the context of traumatic stress.
- Integrate the current fund of traumatic stress knowledge into their professional role.
- Generate effective responses to traumatic stress and child maltreatment using trauma-informed decision-making processes.
- Create trauma-sensitive relationships with diverse consumers.
- Interact effectively with professionals across multiple disciplines.
- Communicate effectively with the community about traumatic stress and child maltreatment.

Child Advocacy Studies Undergraduate Certificate

The undergraduate Certificate Program in Child Advocacy Studies (CAST) is an interdisciplinary program requiring 17 credits of training in Child

Advocacy Studies. The CAST certificate encompasses a group of courses focused on children, youth, and traumatic stress. The CAST certificate is appropriate for students who want to specialize in working in a variety of professional settings with children and adolescents, many of whom may have experienced trauma.

Most courses required by the Certificate Program in Child Advocacy Studies have prerequisites. Some students may satisfy prerequisites by virtue of their prior curriculum. When this is not the case, students are responsible for satisfying the prerequisites. All students must take at least one course outside their home department. All required courses must be taken in residence at UM-St. Louis.

| | | |
|--------------------|--|-----------|
| CAST/PSYCH 3290 | Traumatic Stress in Childhood and Adolescence | 3 |
| CAST 3295 | Service Learning Projects in Child Advocacy (or comparable course with CAST program director approval) | 2 |
| CAST 4398 | Child Maltreatment: A Multidisciplinary Approach | 3 |
| CAST 4428 | Foundations of Practice in Child Advocacy | 3 |
| CAST 4498 | Forensic Investigation of Child Abuse | 3 |
| CAST 4598 | Child Abuse Assessment and Intervention | 3 |
| Total Hours | | 17 |

Learning Outcomes

Upon completion of the program, certificate earners should be able to:

- Demonstrate the ethical behavior and values of their discipline in the context of traumatic stress.
- Integrate the current fund of knowledge about traumatic stress into their professional role.
- Generate effective responses to traumatic stress and child maltreatment using trauma-informed decision-making processes.
- Create trauma-sensitive relationships with diverse consumers.
- Use knowledge to increase consumer access to trauma-informed services.
- Formulate service strategies that reduce the impact of trauma and promote well-being.
- Interact effectively with professionals across multiple disciplines.
- Produce trauma-sensitive written and verbal communication consistent with discipline standards.
- Recommend trauma-informed policy changes within their work setting.

Civil Engineering BSCIE

Admission

Students are admitted to the upper-division program after they have completed an acceptable pre-engineering program. The pre-engineering program can be taken at University of Missouri-St. Louis or at community colleges in the area. Normally, admission is granted to persons who have completed the pre-engineering program with a minimum grade point average of 2.5 over all their mathematics, chemistry, physics, and introductory (statics and dynamics) engineering courses. Students with

less than a 2.5 grade point average, but at least a C, in all their science, engineering and mathematics courses may be admitted on a conditional basis.

For more information, please contact the program advisor at (314) 516-7018.

Degree Requirements

A program of 132 semester hours is required for the Bachelor of Science in Civil Engineering.

Majors must complete the University General Education (p. 30) and Graduation (p. 16) requirements, the Pre-Engineering Requirements, the Core Engineering Requirements, and Major Requirements.

A minimum grade of C- is necessary to meet the prerequisite requirement for any course.

General Education and Graduation Requirements

The following courses fulfill general education and graduation requirements and are required of Civil Engineering majors:

| | | |
|--|---|-----------|
| PHIL 2259 | Engineering Ethics | 3 |
| PHIL 3380 | Philosophy of Science | 3 |
| HIST 1001 | American Civilization to 1865 (MOTR HIST 101) | 3 |
| or HIST 1002 | American Civilization 1865 to Present (MOTR HIST 102) | |
| Three additional Social Science courses ¹ | | 9 |
| Total Hours | | 18 |

¹ One Social Science course must satisfy the Cultural Diversity Requirement. Humanities and social sciences electives must meet both the University of Missouri-St. Louis General Education Requirements and the Humanities and Social Sciences Requirements of the Joint Undergraduate Engineering Program. Check with your advisor for details.

Pre-Engineering Requirements

Students seeking to major in engineering are first designated as 'Undeclared with an interest in Engineering majors' until they have completed Math 1800 Analytical Geometry & Calculus I. Upon successful completion of Math 1800 with a grade of C or better, students will be allowed to declare pre-engineering as their major. Math 1800 must be completed successfully within two attempts.

| | | |
|---------------|---|---|
| MATH 1800 | Analytic Geometry and Calculus I | 5 |
| MATH 1900 | Analytic Geometry and Calculus II | 5 |
| MATH 2000 | Analytic Geometry and Calculus III | 5 |
| MATH 2020 | Introduction to Differential Equations | 3 |
| CHEM 1111 | Introductory Chemistry I (MOTR CHEM 150L) | 5 |
| GEOL 1001 | General Geology | 3 |
| PHYSICS 2111 | Physics: Mechanics and Heat | 4 |
| PHYSICS 2111L | Mechanics and Heat Laboratory | 1 |
| PHYSICS 2112 | Physics: Electricity, Magnetism, and Optics | 4 |

| J M ENGR 3360 | Material Science for J C ENGR | 3 |
| J M ENGR 3700 | Fluid Mechanics | 3 |
| J M ENGR 3721 | Fluid Mechanics Laboratory | 1 |
| MATH 1320 | Introduction to Probability and Statistics | 3 |
| Civil Engineering Electives | | 6 |

Total Hours **62**

Graduation Requirements

In addition to the requirements of the University of Missouri-St. Louis that apply to all candidates for undergraduate degrees, the student must earn a minimum campus grade point average of 2.0 and a minimum grade point average of 2.0 for all engineering courses attempted at the University of Missouri-St. Louis.

Upon completion of the program, graduates will have an ability to:

- Identify, formulate, and solve complex engineering problems by applying principles of engineering, science, and mathematics
- Apply engineering design to produce solutions that meet specified needs with consideration of public health, safety, and welfare, as well as global, cultural, social, environmental, and economic factors
- Communicate effectively with a range of audiences
- Recognize ethical and professional responsibilities in engineering situations and make informed judgments, which must consider the impact of engineering solutions in global, economic, environmental, and societal contexts
- Function effectively on a team whose members together provide leadership, create a collaborative and inclusive environment, establish goals, plan tasks, and meet objectives
- Develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgment to draw conclusions
- Acquire and apply new knowledge as needed, using appropriate learning strategies

Sample Graduation Plans

Water Resources/Environmental Engineering Track- Four Year Plan

First Year

| Fall | Hours | Spring | Hours | Summer | Hours |
|------------------------|-------|-------------------|-------|-------------|-------|
| MATH 1800 | | 5 MATH 1900 | | 5 MATH 2000 | 5 |

Civil Engineering Minor

Minor in Civil Engineering

Admission to the Joint Engineering program is required. A minimum of 18 credit hours in Joint Civil Engineering courses and Engineering courses are required.

Required Courses

| | | |
|---------------|--------------------------------|---|
| ENGR 2310 | Statics | 3 |
| J M ENGR 2410 | Mechanics of Deformable Bodies | 3 |
| J M ENGR 3700 | Fluid Mechanics | 3 |

Take at least three courses from one of the tracks below: **9**

Structures

| | |
|---------------|--|
| J C ENGR 2160 | Surveying |
| J M ENGR 3360 | Material Science for J C ENGR |
| J C ENGR 3410 | Structural Analysis |
| J C ENGR 3420 | Structural Design |
| J C ENGR 4630 | Design of Steel Structures |
| J C ENGR 4660 | Advanced Design of Concrete Structures |

Water Resources/Environmental

| | |
|---------------|---|
| J C ENGR 3520 | Water and Wastewater Treatment |
| J C ENGR 3760 | Hydraulic Engineering |
| J C ENGR 4830 | Fundamentals of Surface Water Hydrology and Environmental Engineering |
| J C ENGR 4740 | Economic Decisions in Engineering |

Transportation

| | |
|---------------|---------------------------------|
| J C ENGR 2160 | Surveying |
| J C ENGR 3460 | Transportation Engineering |
| J C ENGR 4600 | Highway and Traffic Engineering |

Geotechnical

| | |
|---------------|-----------------------------------|
| GEOL 1001 | General Geology |
| J C ENGR 2160 | Surveying |
| J M ENGR 3360 | Material Science for J C ENGR |
| J C ENGR 4190 | Soil Mechanics |
| J C ENGR 4640 | Foundation Engineering |
| J C ENGR 4740 | Economic Decisions in Engineering |

Construction Management

| | |
|---------------|--|
| J C ENGR 2160 | Surveying |
| J C ENGR 4720 | Legal Aspects of Construction |
| J C ENGR 4730 | Construction Operations and Management |
| J C ENGR 4740 | Economic Decisions in Engineering |

Total Hours **18**

College Access, Student Success and Student Services Leadership Graduate Certificate

| | | |
|---------------|---|---|
| HIGHERED 6474 | Understanding the Psychosocial Development of Emerging Adults | 3 |
|---------------|---|---|

| | | |
|--------------------|--|-----------|
| or CAST 4398 | Child Maltreatment: A Multidisciplinary Approach | |
| HIGHERED 6475 | College Access and Career Preparation for the Emerging Adult | 3 |
| HIGHERED 6476 | Organization and Administration of Higher Education | 3 |
| HIGHERED 6478 | Enrollment Management and Student Retention | 3 |
| Total Hours | | 12 |

Learning Outcomes

Upon completion of the program, certificate earners will be able to:

- Analyze and evaluate policies related to K-12 student achievement, college access, student retention and workforce preparation and the intersection of these variables with K-12 and postsecondary institution practices to support student success.
- Compare and contrast organizational perspectives and analyze their applicability to organizational activity.
- Demonstrate professional practices that promote inclusion, equity and social justice.
- Articulate and apply learning and development theories to program development, advising and planning in diverse practice settings in order to support student success.
- Demonstrate high-quality interpersonal skills, including academic and professional writing and presentation skills.

Communication BA

The BA in Communication is a flexible degree program that students can tailor to meet personal, professional, or academic goals through elective courses in interpersonal, mass, strategic, and visual communication. Students explore how messages are constructed, delivered, and perceived by audiences. Whether the intent is to inform, influence, or entertain, students will use research and theory to improve message effectiveness and achieve desired outcomes in interpersonal and mass-mediated communication. In addition, students can find a creative outlet in courses that focus on content creation and its consequences and significance.

Students majoring in communication must complete a minimum of 36 credit-hours in communication courses. Students may complete either a general communication degree or they may select one of four different emphasis areas as a focus for their studies: Interpersonal Communication, Mass Communication, Applied Visual Communication, or Strategic Communication. To complete the degree with one of these emphases, the student must complete the 21 credit-hour core and at least 15 hours of electives from within the selected emphasis area. In addition, the skills and knowledge applied in the required Practicum/Internship should be consistent with the selected emphasis area. Students seeking a general communication degree must complete the 21 credit-hour core and can select elective courses from any combination of the emphasis areas.

General Education Requirements

Majors must satisfy the university and college general education requirements. The college's foreign language requirement may be taken in any language. Communication courses may not be taken on a satisfactory/unsatisfactory basis.

Degree Requirements

At least 18 credit hours must be taken at UMSL. Furthermore, at least 12 credit hours of the communication courses completed must be numbered 3000-4999 for students seeking a general communication degree, as well as for students pursuing an emphasis area. All students must earn a C or better in each of the required core courses of the major and maintain a 2.0 grade point average in all of the courses applied to the communication degree.

Required Courses

| | | |
|--------------|---|---|
| COMM 1030 | Interpersonal Communication I (MOTR COMM 120) | 3 |

¹ INTDSC 1003 is required only for first-time freshmen and transfer students with less than 24 college credits.

Please Note: This plan is an example of what a four year plan could look like for a typical student. Placement exam scores in math as well as the completion of coursework may change the plan. It should not be used in the place of regular academic advising appointments. All students are encouraged to meet with their advisor each semester. All requirements are subject to change.

Communication BA, Applied Visual Communication Emphasis

This emphasis area covers digital audiovisual media production, helping students master the art of telling stories and effectively communicating information through digital media. Students receive practical instruction in areas such as camera work, location shooting, digital video editing, directing, and performance for the camera, typically in small, applied skills courses. This coursework is complemented by instruction in areas such as interpersonal, intercultural, and professional communication that help students gain jobs, advance in the workplace, and better connect with diverse audiences.

Career Outlook

New graduates often enter this career path as video editors or camera operators. According the U.S. Bureau of Labor Statistics, employment in these occupations is expected to grow faster than average, in part because of increasing demand for audio-visual media on internet-only platforms such as streaming services. The job outlook for more experienced positions in the field, such as producers and directors, is also robust. Successful alumni have gone

Students majoring in communication must complete a minimum of 36 credit-hours in communication courses. Students may complete either a general communication degree or they may select one of four different emphasis areas as a focus for their studies: Interpersonal Communication, Mass Communication, Applied Visual Communication, or Strategic Communication. To complete the degree with one of these emphases, the student must complete the 21 credit-hour core and at least 15 hours of electives from within the selected emphasis area. In addition, the skills and knowledge applied in the required Practicum/Internship should be consistent with the selected emphasis area. Students seeking a general communication degree must complete the 21 credit-hour core and can select elective courses from any combination of the emphasis areas.

General Education Requirements

Majors must satisfy the university and college general education requirements. The college's foreign language requirement may be taken in any language. Communication courses may not be taken on a satisfactory/unsatisfactory basis.

Degree Requirements

At least 18 credit hours must be taken at UMSL. Furthermore, at least 12 credit hours of the communication courses completed must be numbered 3000-4999 for students seeking a general communication degree, as well as for students pursuing an emphasis area. All students must earn a C or better in each of the required core courses of the major and maintain a 2.0 grade point average in all of the courses applied to the communication degree.

Required Courses

| | | |
|---------------------------|---|-----------|
| COMM 1030 | Interpersonal Communication I (MOTR COMM 120) | 3 |
| COMM 1050 | Introduction to Mass Communication | 3 |

| MEDIA ST 2225 | |
| MEDIA ST 3113 | Media Production II |
| THEATR 4020 | Directing for the Camera |
| Total Hours | 15 |

Learning Outcomes

- Recognize and apply the fundamental principles of effective visual communication
- Design, implement, and critique media content based on appropriate production, design, and aesthetic principles
- Light, block and record digital video footage in studio and location settings
- Edit digital footage into a coherent narrative or persuasive message, including the addition of titles and graphic effects

- Produce work that contributes knowledge and creativity with effective communication skills in all forms of media: written, visual, and oral
- Effectively work in groups as both leaders and collaborators

Communication BA, Interpersonal Communication Emphasis

The Interpersonal Communication emphasis area focuses on communication processes in personal relationships. Students in this emphasis area will master the ability to communicate meaningfully with colleagues, clients, and loved ones in a variety of settings. Strong interpersonal skills are needed in almost any type of job and can truly transform your career and your life. Our faculty members are actively engaged in research and our students benefit from first-hand knowledge not currently offered at other institutions. Many faculty members have been recognized for excellence or innovation in teaching.

Students majoring in communication must complete a minimum of 36 credit-hours in communication courses. Students may complete either a general communication degree or they may select one of four different emphasis areas as a focus for their studies: Interpersonal Communication, Mass Communication, Applied Visual Communication, or Strategic Communication. To complete the degree with one of these emphases, the student must complete the 21 credit-hour core and at least 15 hours of electives from within the selected emphasis area. Communication BA, Strategic Communication Emphasis

Strategic Communication aims to persuade and inform. Corporations, nonprofits, government agencies, and small businesses use strategic communication tactics to deliver messages to the public in order to encourage individuals to take action. It is an interdisciplinary approach that can incorporate elements from public relations, advertising, health, and organizational communication. Courses in this emphasis area target the skills students need to communicate with audiences through writing, content development, and strategic messaging. Professions that may apply strategic communication principles include advertising, public relations or any profession that communicates with the public for a specific purpose.

Students majoring in communication must complete a minimum of 36 credit-hours in communication courses. Students may complete either a general communication degree or they may select one of four different emphasis areas as a focus for their studies: Interpersonal Communication, Mass Communication, Applied Visual Communication, or Strategic Communication. To complete the degree with one of these emphases, the student must complete the 21 credit-hour core and at least 15 hours of electives from within the selected emphasis area. In addition, the skills and knowledge applied in the required Practicum/Internship should be consistent with the selected emphasis area. Communication BA/MA Dual Degree Program

The 2+3 Combined BA/MA program in Communication provides an opportunity for students of recognized academic ability and educational maturity to complete the requirements for both degrees in 5 years of full-time study. When all the requirements of the B.A./M.A. program

have been completed, students will be awarded both the B.A. and M.A. degrees.

The combined program requires a minimum of 135 credit hours of which at least 30 must be at the graduate level. In qualifying for the BA, students must meet all University and College requirements.

Student should apply to the Department for admission to the 2+3 combined degree program in Communication during the semester they will complete 60 undergraduate credit hours. A cumulative grade point average of 3.25 or higher. Students will be admitted to the 2+3 program under provisional status until they have completed 15 hours in that program with a grade point average of 3.0 or higher. After completion of the provisional period, with the recommendation of the Graduate Director, students can be granted full admission into the 2+3 program. Students must maintain a grade point average of 3.0 or higher throughout the combined program. Students who officially withdraw from the Combined Program who have successfully completed all the requirements for the B.A. degrees will be awarded the B.A. degree.

Core Requirements for the Communication BA Major

| | | |
|---------------------------|---|---|
| COMM 1030 | Interpersonal Communication I (MOTR COMM 120) | 3 |
| COMM 1050 | Introduction to Mass Communication | 3 |
| COMM 2231 | Communication in the Organization | 3 |
| COMM 2235 | Professional Communication | 3 |
| COMM 2332 | Intercultural Communication | 3 |
| COMM 3330 | Research Methods in Communication I | 3 |
| COMM 4950 or COMM 4920 | Internship in Applied Communication Practicum in Applied Communication | 3 |

Core Requirements for the Communication MA

| | | |
|------------------------------|---|---|
| COMM 6500 | Seminar in Communication Theory | 3 |
| COMM 6510 | Advanced Communication Research Methods I | 3 |
| Choose 3 from the following: | | 9 |
| COMM 6600 | Seminar in Strategic Communication in Organizations | |
| COMM 6630 | Seminar in Interpersonal Communication | |
| COMM 6700 | Seminar in Mass Communication | |
| COMM 6800 | Seminar in Health Communication | |

All of the Masters coursework must be taken under graduate status. However, with advance permission (Graduate Form C-1), students may take up to 6 credit hours of 5000/6000 level courses while still classified as an undergraduate. No 4000-level courses taken as an undergraduate may be applied to the Master's degree. This means all combined section classes must be taken as graduate courses in order to count for the graduate degree. These 6 hours will be treated by the Graduate School as "undergraduate status" and they may be counted toward a master's degree. Up to 15 credit hours of graduate courses can be applied to the undergraduate degree.

Communication MA

Admission Requirements

Applicants must have a baccalaureate in communication or a related discipline by the end of the semester in which they apply. The minimum cumulative GPA required for regular admission to the graduate program in communication is 3.25 on a 4-point scale. In addition, three letters of recommendation, at least two of which address the applicant's potential to succeed in graduate studies in communication, are also required. Finally, international students who are non-native speakers of English must obtain a TOEFL iBT score of 100 to be considered for admission. Applicants with GPAs that do not meet the admission criterion may elect to submit other materials, such as scores on the Graduate Record Exam (GRE), to offset these deficiencies. Contact the Graduate Program Director for more information.

Degree Requirements

The MA in Communication requires either 30 or 36 credit hours of coursework, depending on the exit project. Candidates approved for a thesis or internship will complete at least 30 semester hours of approved study, at least 21 of which must be taken in courses offered by the department. Candidates completing the non-thesis, non-internship option must complete 36 semester hours of approved study, 27 of which must be taken in courses offered by the department. However, students who choose this option may be eligible to waive up to 6 hours if justified by prior coursework or professional experience. Please contact the Graduate Program Coordinator for additional details.

All students complete a 15 credit-hour core. This includes two required courses focusing on the fundamental theories and basic research methods within the field. To complete the core, students will select at least three of four "applications" courses dealing with communication processes within a particular context.

Required Courses:

| | | |
|--|---|---|
| COMM 6500 | Seminar in Communication Theory | 3 |
| COMM 6510 | Advanced Communication Research Methods I | 3 |
| Choose three of the following four applications courses: | | 9 |
| COMM 6600 | Seminar in Strategic Communication in Organizations | |
| COMM 6630 | Seminar in Interpersonal Communication | |
| COMM 6700 | Seminar in Mass Communication | |
| COMM 6800 | Seminar in Health Communication | |

Total Hours **15**

Students who choose the internship or thesis option must identify a prospective committee, including a chairperson and two additional committee members, who will consult in development of an appropriate exit project. The expectation for each internship varies by project and committee, but submission of an essay in which the coursework and internship experiences are integrated is typically required. Internship exit projects and theses must be approved by the student's committee and assigned a grade by the advisor. Students who complete a thesis or internship must complete no less than a 3 hour internship or 6 credit hour thesis.

Learning Outcomes

Upon completion of the program, graduates will be able to:

- Graduates will be able to interpret and evaluate academic and industry-oriented research reports and findings.
- Graduates will be able to evaluate and use scientific research and tested models of communication processes to identify, develop, and implement plans to achieve specific communication goals and apply them to real-world settings.
- Graduates will be able to produce effective messages and select appropriate channels to achieve specific outcomes within complex work environments.
- Graduates will be able to evaluate the implications of communication processes and develop messages and strategies that are consistent with ethical principles.

Communication MA Accelerated Master's Degree

The Department of Communication and Media offers an Accelerated MA program that provides an opportunity for students of recognized academic ability and educational maturity to complete requirements of both the BA and MA degrees in as few as ten semesters.

The combined program requires a minimum of 138 credit hours, of which at least 30 must be at the graduate level. Students accepted to the Accelerated MA degree program will be permitted to count up to 12 credit hours at the 5000-level or higher toward both the BA and the MA. In qualifying for the BA, students must meet all University and College requirements. Students are encouraged to work closely with the Graduate Program Director and undergraduate academic advisor to ensure that required courses are timed appropriately.

After completion of the undergraduate degree requirements, with the recommendation of the Graduate Program Director, students can apply to the graduate program. Students must maintain a grade point average of 3.25 or higher throughout the combined program. Students who officially withdraw from the Accelerated Master's program that have successfully completed all the requirements for their undergraduate degree will be awarded the BA; however, any graduate credits they took as an undergraduate will not count towards a later master's degree.

Eligibility

Students need to have fulfilled the core requirements of the BA prior to applying for the Accelerated MA program, with the exception of COMM 4950/COMM 4920.

Provisional Admission

Applicants are considered for provisional admission if they meet the following criteria.

- Earned 60 hours as an undergraduate
- Have completed the core curriculum requirements of the BA in Communication, with the exception of COMM 4950/COMM 4920
- Have a minimum GPA of 3.25
- Have met with the Graduate Program Director and an undergraduate academic advisor

Graduate Admission

Students can apply for graduate admission in the final semester of undergraduate status. Students should meet with the Graduate Program

Director each semester. Students are considered for graduate admission if they meet the following criteria:

- Are in their final semester of undergraduate status
- Have a minimum GPA of 3.25 since being granted provisional status
- Have met with the Graduate Program Director and their undergraduate academic advisor

Final decisions concerning formal admission are made by the Graduate School in consultation with the Graduate Program Director. Students admitted to the graduate program must take graduate courses until completing the master's degree.

Program Requirements

Core Requirements for the Communication BA Major

| | | |
|---------------------------|---|---|
| COMM 1030 | Interpersonal Communication I (MOTR COMM 120) | 3 |
| COMM 1050 | Introduction to Mass Communication | 3 |
| COMM 2231 | Communication in the Organization | 3 |
| COMM 2235 | Professional Communication | 3 |
| COMM 2332 | Intercultural Communication | 3 |
| COMM 3330 | Research Methods in Communication I | 3 |
| COMM 4950 or COMM 4920 | Internship in Applied Communication Practicum in Applied Communication | 3 |

Core Requirements for the Communication MA

| | | |
|----------------------------------|---|---|
| COMM 6500 | Seminar in Communication Theory | 3 |
| COMM 6510 | Advanced Communication Research Methods I | 3 |
| Complete three of the following: | | 9 |
| COMM 6600 | Seminar in Strategic Communication in Organizations | |
| COMM 6630 | Seminar in Interpersonal Communication | |
| COMM 6700 | Seminar in Mass Communication | |
| COMM 6800 | Seminar in Health Communication | |

Students who have been provisionally admitted to the program may take up to 12 credit hours of 5000/6000 level courses while still classified as an undergraduate with provisional graduate status. No 4000-level courses taken as an undergraduate may be applied to the master's degree. This means that all combined-section classes must be taken at the graduate level to count toward the graduate degree.

Awarding of Degrees

The student may apply for and receive the bachelor's degree in the semester when all the undergraduate requirements are completed. In their final semester in undergraduate status, the student must apply and be admitted to the graduate program, to begin the following semester. The student will apply to receive the master's degree in the semester that the requirements for the graduate degree will be completed.

If the student fails to enroll for more than one year after receiving the bachelor's degree, the student can still earn the master's degree, but the

graduate-level credits earned as an undergraduate cannot be used for the graduate degree.

Communication Minor

Coursework for a minor in Communication consists of 15 semester hours of the core requirements for the major. Credit hours in and/or COMM 3395 may be substituted for credit hours listed below with written consent of the communication department chairperson.

Core Requirements:

| | | |
|--------------------|---|-----------|
| COMM 1030 | Interpersonal Communication I (MOTR COMM 120) | 3 |
| COMM 1050 | Introduction to Mass Communication | 3 |
| COMM 2231 | Communication in the Organization | 3 |
| COMM 2332 | Intercultural Communication | 3 |
| COMM 3330 | Research Methods in Communication I | 3 |
| Total Hours | | 15 |

At least 9 of the 15 hours required for the minor must be taken at UMSL.

Students must earn at least a C for all communication courses applied to the minor. A minimum GPA of 2.5 is required in the minor.

Computer Programming Education Undergraduate Certificate

The undergraduate certificate in Computer Programming Education is an 18 credit hour program. It is designed to provide secondary school science teachers with training needed to implement a range of computer programming related courses in their schools. A minimum GPA of 2.5 is required for admission.

A minimum of four courses must be taken in residence in the Department of Mathematics and Computer Science at UMSL. Courses may be substituted with the permission of the program director.

Core Courses

| | | |
|--------------|-----------------------------------|---|
| CMP SCI 1250 | Introduction to Computing | 3 |
| CMP SCI 2250 | Programming and Data Structures | 3 |
| CMP SCI 2261 | Object-Oriented Programming | 3 |
| ED TECH 3420 | Computer Programming and Pedagogy | 1 |

Electives **6**

Choose two of the following:

| | |
|--------------|---|
| CMP SCI 2700 | Computer Organization and Architecture |
| CMP SCI 2750 | Linux Environment and Programming |
| CMP SCI 3010 | Web Full Stack Development |
| CMP SCI 3702 | Introduction to Cyber Threats and Defense |
| CMP SCI 4010 | Web Development with Java |
| CMP SCI 4011 | Web Development with Advanced JavaScript |

| | | |
|--------------------|---|-----------|
| CMP SCI 4020 | Introduction to Android Apps: Android Fundamentals | |
| CMP SCI 4220 | Introduction to iOS Programming and Apps | |
| CMP SCI 4222 | iOS Apps | |
| CMP SCI 4610 | Database Management Systems | |
| INFSYS 3844 | Developing Business Applications in .NET | |
| Total Hours | | 18 |

Computer Programming Undergraduate Certificate

The undergraduate certificate in Computer Programming is a five-course (15 credit hour) program. It is designed to provide a quick, yet broad training in technologies leading to secure and interesting careers in computer programming or education. Students majoring or minoring in Computer Science may not earn this certificate. A minimum GPA of 2.5 is required for admission.

A minimum of three courses must be taken from UMSL. Courses may be substituted with the permission of the certificate coordinator. For more information, students can contact the department chair or email info@arch.edu.

Required Courses

| | | |
|--------------|---------------------------------|---|
| CMP SCI 1250 | Introduction to Computing | 3 |
| CMP SCI 2250 | Programming and Data Structures | 3 |
| CMP SCI 2261 | Object-Oriented Programming | 3 |

Electives

Choose two of the following courses: **6**

| | |
|--------------|--|
| CMP SCI 2700 | Computer Organization and Architecture |
| CMP SCI 2750 | Linux Environment and Programming |
| CMP SCI 3010 | Web Full Stack Development |
| CMP SCI 3130 | Design and Analysis of Algorithms |
| CMP SCI 3702 | Introduction to Cyber Threats and Defense |
| CMP SCI 4010 | Web Development with Java |
| CMP SCI 4011 | Web Development with Advanced JavaScript |
| CMP SCI 4020 | Introduction to Android Apps: Android Fundamentals |
| CMP SCI 4200 | Python for Scientific Computing and Data Science |
| CMP SCI 4220 | Introduction to iOS Programming and Apps |
| CMP SCI 4222 | iOS Apps |
| CMP SCI 4610 | Database Management Systems |
| INFSYS 3844 | Developing Business Applications in .NET |

Total Hours **15**

Computer Science Accelerated Master's Degree

The Department of Computer Science offers the Accelerated MS degree in Computer Science available to departmental undergraduate majors. Students may join the program and work toward MS in Computer Science regardless of the departmental BS program (BS in Computer Science; BS in Computing Technology; BS in Cybersecurity, Computer Science Emphasis; BS in Data Science and Analysis, Computer Science emphasis).

A student accepted to the Accelerated MS in Computer Science degree program can double count up to 12 credit hours toward both their BS degree and the MS in Computer Science degree, reducing the total credits required to earn both degrees by up to 12 credits. The student must still complete their BS requirements, as well as entry and graduation requirements for the MS in Computer Science program. In the program, the student can also complete the BS first and continue the MS in Computer Science program part-time, after transitioning to work. To gain the dual benefits, the student should begin working with a designated advisor before BS graduation, preferably at least a year ahead.

Admission Requirements

Provisional Admission

An applicant is considered for provisional admission if they meet the following criteria.

- Working toward one of the departmental BS programs with at least 60 credits completed.
- Completed at least the following Computer Science courses:
 - CMP SCI 1250
 - CMP SCI 2250
 - CMP SCI 2261
 - CMP SCI 2700
 - CMP SCI 2750
- Have a minimum GPA of 3.0.
- Have met with the program advisor as listed.

After provisional admission, but while in provisional standing, the student continues working toward their BS program but can take courses, including graduate-level courses, to count toward both degrees, while still paying undergraduate tuition rates. These courses must be approved in advance to count toward both degrees.

Graduate Admission

A student in the final semester of their undergraduate degree program can apply for admission to the graduate school for admission to the MS in Computer Science. An applicant must meet the following criteria for formal admission.

- Are in their final semester in undergraduate status
- Maintained a GPA of a minimum of 3.0 in the provisional status
- Submitted to the Graduate Director for MS in Computer Science a 1 – 2 page statement of purpose briefly explaining what and why they intend to study.
- Meet the entry requirements for admission to the MS degree in Computer Science other than having received the BS degree

The Graduate Program Director, in consultation with the Undergraduate Director, will determine whether the student can apply for graduate admission. Final decisions concerning graduate admission are made by the Graduate School in consultation with the Program Director. Students admitted at this stage are conferred graduate status and must continue taking graduate courses until the completion of the MS degree.

Awarding of Degrees

The student works both toward completion of their undergraduate degree and the MS in Computer Science, with up to 12 credit hours counting toward both programs and thus reducing the total credit for both programs by up to 12 credits.

The student may apply for and receive the bachelor's degree in the semester when all the undergraduate requirements are completed. In their final semester in undergraduate status, the student must apply and be admitted to the graduate program, to begin the following semester. The student will apply to receive the master's degree in the semester that the requirements for the graduate degree will be completed.

If the student fails to enroll for more than one year after receiving the bachelor's degree, the student can still earn the MS degree, but the graduate-level credits earned as an undergraduate cannot be used for the graduate degree.

Computer Science BS

The B.S. in Computer Science combines the depth and breadth of traditional computer science studies with practical exposure to a wide variety of tools and technologies. This program is designed for those interested in software and computer systems. It provides students a solid foundation in computing and mathematics, and facilitates specializations offered through electives and certificates such as Artificial Intelligence, Cybersecurity, Data Science, Mobile Apps and Computing, and Internet and Web. In addition, students develop practical skills for working in groups and technical reading and writing. Students completing this degree have also gained professional and ethical perspectives and are well prepared for a challenging career or further graduate studies in Computer Science. The entire program can be completed in the evening, and most courses can also be completed online.

General Education Requirements

All department majors must satisfy the university and appropriate school or college general education requirements.

Satisfactory/Unsatisfactory Restrictions

Courses required for a major program or a certificate cannot be taken on a satisfactory/unsatisfactory basis.

Computer Science Courses

Courses required for a major program or a certificate must be completed with a grade of C- or better. At least four courses numbered 3000 or above must be taken in residence for a major program. Students must have a minimum of 2.0 grade point average in the CMP SCI courses.

All prerequisite courses must be passed with a grade of C- or better unless explicitly stated otherwise.

Students who are ready to begin their program with CMP SCI 2250, Programming and Data Structures, but lack proper credit or transfer for the prerequisite CMP SCI 1250, Introduction to Computing, will be granted

credit for CMP SCI 1250 once they complete CMP SCI 2250 with a grade of C- or better. Interested students must reach out to their faculty advisor.

Courses that are prerequisites for higher-level courses may not be taken for credit if the higher-level course has been satisfactorily completed.

Degree Requirements in Computer Science

Candidates for the B. S. Computer Science degree must complete the following work:

1) Computer Science Core

| | | |
|--------------|---|---|
| CMP SCI 1000 | Computer Science Experiences | 1 |
| CMP SCI 1250 | Introduction to Computing | 3 |
| CMP SCI 2250 | Programming and Data Structures | 3 |
| CMP SCI 2261 | Object-Oriented Programming | 3 |
| CMP SCI 2700 | Computer Organization and Architecture | 3 |
| CMP SCI 2751 | File Systems, Operations, and Tools | 3 |
| CMP SCI 3010 | Web Full Stack Development | 3 |
| CMP SCI 3130 | Design and Analysis of Algorithms | 3 |
| CMP SCI 3260 | C/C++ for Advanced Programming | 3 |
| CMP SCI 4250 | Programming Languages | 3 |
| CMP SCI 4280 | Program Translation Project | 3 |
| CMP SCI 4500 | Introduction to the Software Profession | 3 |
| CMP SCI 4760 | Operating Systems | 3 |

2) Computer Science Electives

Select four more elective computer science courses, numbered above 3000. 12

3) Mathematics and Statistics

| | | |
|-----------|--|---|
| MATH 1320 | Introduction to Probability and Statistics | 3 |
| MATH 1800 | Analytic Geometry and Calculus I | 5 |
| MATH 1900 | Analytic Geometry and Calculus II | 5 |
| MATH 2450 | Elementary Linear Algebra | 3 |
| MATH 3000 | Discrete Structures | 3 |

4) Additional Skills

| | | |
|-----------|-------------------|---|
| ENGL 3130 | Technical Writing | 3 |
|-----------|-------------------|---|

Total Hours 71

There are no related area requirements for majors in Computer Science

Learning Outcomes

Upon completion of the program, graduates will be able to:

- Apply logical reasoning, algorithmic and mathematical principles, and computer science theory to understand and solve a wide variety of computational problems
- Analyze computing problems, their size and scope, and input-output requirements
- Analyze, evaluate, and compare alternative solutions to computing problems, with particular reference to computational complexity, scalability, and usability
- Compare multiple general-purpose programming languages and select and use the appropriate languages for specific applications

- Design, implement (code) and document solutions to computational problems
- Create software systems following specific design and performance requirements within practical constraints
- Implement Internet applications on client and server sides
- Work effectively in teams to design, implement and evaluate solutions to computational problems
- Effectively communicate computer science concepts and solutions, verbally and in writing
- Recognize and promote the professional, social, ethical and legal issues and responsibilities in the computing / software profession

Sample Four Year Plan

First Year

| Fall | Hours | Spring | Hours |
|----------------------------------|-------|--------------------------------------|-------|
| INTDSC 1003 ¹ | | 1 CMP SCI 1250 | 3 |
| ENGL 1100 | | 3 MATH 1800 | 5 |

| CMP SCI 4500 | | 3 CMP SCI 4280 | 3 |
| CMP SCI 3000+ level elective | | 3 CMP SCI 3000+ level elective | 3 |
| Cultural Diversity Requirement | | 3 Elective or minor | 3 |
| Elective or minor | | 3 Elective or minor | 3 |
| Elective or minor | | 3 Elective or minor | 1 |
| | 15 | | 13 |

Total Hours: 122

¹ INTDSC 1003 is required only for first-time freshmen and transfer students with less than 24 college credits.

Please Note: This plan is an example of what a four year plan could look like for a typical student. Placement exam scores in math as well as the completion of coursework may change the plan. It should not be used in the place of regular academic advising appointments. All students are encouraged to meet with their advisor each semester. All requirements are subject to change.

Computer Science BS/MS Dual Degree Program

BS and MS Dual Degree in Computer Science

The Integrated BS/MS ("2+3") dual degree program involves dual credit for qualified undergraduate Computer Science students. It allows the students to concurrently earn credit for some graduate courses while working on their undergraduate degree, reducing the total hours needed for the subsequent MS degree by up to 12 credit hours.

Entry Requirements

Undergraduate majors can apply for provisional admission to this program if:

1. They have completed at least 60 credit hours of coursework.
2. Their overall GPA is 3.0 or higher.
3. Non-CS majors must at the same time become CS majors.

Upon acceptance to the program in the provisional status, the student continues to work toward his/her undergraduate degree in computer science.

After completion of a minimum of 90 hours and no more than 30 hours away from the undergraduate degree, a provisionally admitted student applies for formal admission to the graduate program. At this point, the student must meet the entry requirements for admission to the M.S. degree in Computer Science.

Degree Requirements

After acceptance into the program, the student continues to complete his/her undergraduate degree. The student is reclassified as a graduate student from the next semester and must pay graduate fees. The student will be assigned a graduate adviser to help optimize the transition to the graduate program. The student continues taking the undergraduate courses but is also allowed to take courses reserved for graduate students. The student completes all the courses to fulfill the requirements to complete his/her M.S. degree in Computer Science – but must also complete the undergraduate requirements. Up to 12 credit hours can be counted towards both the undergraduate and graduate degrees, substantially reducing the hours needed to complete the graduate program by itself.

A student may file for and receive the undergraduate degree at any time when all the requirements are completed, before or in the same semester in which the Master's degree is completed. A student must still complete all the requirements to get a B.S. degree, regardless of whether the student files for the degree or not. A student may choose to finish the studies just with a B.S.

Computer Science Minor

All courses presented for this minor must be completed with a grade of C- or better.

The requirements for the minor are:

| | | |
|--------------|---------------------------------|---|
| CMP SCI 1250 | Introduction to Computing | 3 |
| CMP SCI 2250 | Programming and Data Structures | 3 |

Select three additional computer science courses numbered 2000 or above. 9

Total Hours 15

A minimum of two computer science courses numbered above 2000 must be taken in residence in the Department of Computer Science at UMSL.

Learning Outcomes

Upon completion of a Minor in Computer Science at the University of Missouri St. Louis, students will be able to:

- Identify and interpret the basic computational issues in problem solving
- Apply the tools and techniques necessary for programming practice
- Use at least two general-purpose programming languages for solving computational problems
- Design, implement (code) and document solutions to computational problems

Computer Science MS

The M.S. degree in Computer Science has two different options to choose from, offering a wide range of career opportunities. In addition to the traditional option, we offer an option that allows students to incorporate a certificate, following specific interests, into this M.S. program. All graduates will have a broad computing background and will be exposed to a wide range of technologies. They will also be prepared for teamwork, independent research, and technical reporting and presentations. The program can be taken part-time or full-time and can be completed in the evening with many courses available online or in a hybrid format.

Admission Requirements

Applicants apply through and must meet the Graduate School requirements plus the following additional departmental GPA and foundation requirements. Those admitted, for whom we could not determine some foundations or with GPA deficiencies, can be admitted with restrictions - see the restrictions section.

Applicants with relevant full-time training and/or experience can apply for up to 6 proficiency transfer credits toward the degree in CMP SCI 5991 regardless of their undergraduate degree.

GPA

Applicants must have a minimum of a 3.0 (out of 4.0) GPA to be considered for admission. This can be an undergraduate GPA or some later GPA. Applicants with a GPA of 2.75-2.99 will be considered but must provide additional evidence, which can be a combination of GRE, reference letters, and/or relevant experience and should all be presented in the Statement of Intent. Applicants below 2.75 will only be considered if supplemented by lengthy related experience, as demonstrated in the Statement of Intent.

Foundations

Applicants will be evaluated for proficiency in the following areas. This can be prior coursework on transcripts or non-academic training/relevant experience. Applicants are advised to refer to these items below and offer relevant information in the Statement of Intent.

Computer Science

1. At least two different modern general-purpose programming languages.
2. Object-oriented programming, concepts, and terminology
3. Basic dynamic data structures such as strings, lists, stacks, queues, and trees
4. Design and analysis of algorithms
5. Mathematical foundation for computer science (discrete structures) with topics such as sets, logic, functions, and relations

Mathematics

1. A calculus course
2. A probability and statistics course

Restrictions

An applicant missing or not adequately demonstrating in the Letter of Intent some of the above requirements may be admitted on restricted status. The GPA restriction will be lifted after a successful semester. The foundation restrictions may be lifted after the applicant provides the graduate director evidence of proficiency which can be transcripts or additional non-academic training, or otherwise the admitted student will have to pass appropriate undergraduate courses to lift the remaining restrictions.

Degree Requirements

Candidates for the M.S. degree in Computer Science must complete 30 credit hours of coursework in Computer Science (CMP SCI).

- Up to 6 credit hours of related coursework can be completed outside of CMP SCI, based on the student's interest with permission of the Graduate Director
- Up to 10 credit hours can be transferred into the program
- Up to 12 credits hours from 4000-level courses completed with at least a B- can be used in the program
- At least 3 credit hours must be at the 6000-level
- Students with relevant prior full-time training and/or experience of a minimum of one year can apply for up to 6 proficiency transfer credit hours in CMP SCI 5991

Core Courses

| | | |
|--------------|---|---|
| CMP SCI 4250 | Programming Languages | 3 |
| CMP SCI 5130 | Advanced Data Structures and Algorithms | 3 |
| CMP SCI 5500 | Software Engineering | 3 |
| CMP SCI 5710 | Modern Computing | 3 |

Additional Requirements

| | |
|---------------------------|-----------|
| CMP SCI 6000-level course | 3-6 |
| Electives ¹ | 12-15 |
| Colloquia ² | 0 |
| Total Hours | 30 |

¹ Electives can count towards graduate certificates.

² A student must attend at least five seminars or colloquia.

Students finding an internship/co-op opportunity can enroll in a credit course CMP SCI 5900 for up to 3 credit hours to be counted as an elective.

Computing Technology BS

The B.S. in Computing Technology is designed for those interested in broad and deep computing education but without some traditional advanced courses. This program is designed for students who want to focus on technologies, tools, and applications and transition to fulfilling careers. Students completing this degree can also further specialize by completing one of the certificates and find in-demand careers in many related areas such as cybersecurity, networks, internet programming, software and mobile apps development, data science, AI, graphics, or pursue additional graduate studies. The program can be completed in the evening, and most courses can also be completed online.

General Education Requirements

All department majors must satisfy the university and appropriate school or college general education requirements.

Satisfactory/Unsatisfactory Restrictions

Courses required for a major program or a certificate cannot be taken on a satisfactory/unsatisfactory basis.

Computer Science Courses

Courses required for a major program or a certificate must be completed with a grade of C- or better. At least four courses numbered 3000 or above must be taken in residence for a major program. Students must have a minimum of 2.0 grade point average in the CMP SCI courses.

All prerequisite courses must be passed with a grade of C- or better unless explicitly stated otherwise.

Students who are ready to begin their program with CMP SCI 2250, Programming and Data Structures, but lack proper credit or transfer for the prerequisite CMP SCI 1250, Introduction to Computing, will be granted credit for CMP SCI 1250 once they complete CMP SCI 2250 with a grade of C- or better. Interested students must reach out to their faculty advisor.

Courses that are prerequisites for higher-level courses may not be taken for credit if the higher-level course has been satisfactorily completed.

Candidates for the B. S. Computing Technology degree must complete the following courses:

Core

| | | |
|-----------------|---|---|
| CMP SCI 1000 | Computer Science Experiences | 1 |
| CMP SCI 1250 | Introduction to Computing | 3 |
| CMP SCI 2250 | Programming and Data Structures | 3 |
| CMP SCI 2261 | Object-Oriented Programming | 3 |
| CMP SCI 2700 | Computer Organization and Architecture | 3 |
| CMP SCI 2751 | File Systems, Operations, and Tools | 3 |
| CMP SCI 3010 | Web Full Stack Development | 3 |
| CMP SCI 3702 | Introduction to Cyber Threats and Defense | 3 |
| or CMP SCI 3780 | Software Security | |
| CMP SCI 4010 | Web Development with Java | 3 |
| CMP SCI 4500 | Introduction to the Software Profession | 3 |
| CMP SCI 4610 | Database Management Systems | 3 |

| | | |
|---|--|--------------|
| INFSYS 3820 | Introduction to Systems Administration | 3 |
| INFSYS 3844 | Developing Business Applications in .NET | 3 |
| Computer Science Electives | | |
| Select six CMP SCI courses, numbered 2000 and above. May use up to two INFSYS courses as part of this requirement with permission of the department chair.) | | 18 |
| Mathematics and Statistics | | |
| MATH 1320 | Introduction to Probability and Statistics | 3 |
| MATH 3000 | Discrete Structures | 3 |
| MATH 1100 or MATH 1800 | Basic Calculus Analytic Geometry and Calculus I | 3-5 |
| Additional Skills | | |
| ENGL 3130 | Technical Writing | 3 |
| Total Hours | | 67-69 |

There are no related area requirements for majors in Computing Technology.

Learning Outcomes

Upon completion of the program, graduates will be able to:

- Apply algorithmic principles to solve a variety of computational problems
- Analyze computing problems, their size and scope, and input-output requirements
- Compare alternative solutions to computing problems
- Use multiple general-purpose programming languages for solving computational problems
- Design, implement (code) and document solutions to computational problems, especially for business applications
- Design, evaluate, and manage information technology infrastructure in an organization
- Create secure software systems that meet specified needs
- Work effectively in teams to design and implement solutions to computational problems
- Effectively communicate computing technology concepts and solutions, verbally and in writing
- Recognize and promote the professional, social, ethical and legal issues and responsibilities in the computing / software profession

Sample Four Year Plan

| | | | |
|------------------------------------|--------------|--|--------------|
| First Year | | | |
| Fall | Hours | Spring | Hours |
| INTDSC 1003 ¹ | 1 | CMP SCI 1250 | 3 |

| Elective or minor | 3 | Elective or minor | 3 |
| Elective or minor | 3 | Elective or minor | 1 |
| | 15 | | 13 |

Total Hours: 121

¹ INTDSC 1003 is required only for first-time freshmen and transfer students with less than 24 college credits.

Please Note: This plan is an example of what a four year plan could look like for a typical student. Placement exam scores in math as well as the completion of coursework may change the plan. It should not be used in the place of regular academic advising appointments. All students are encouraged to meet with their advisor each semester. All requirements are subject to change.

Corporate Controllershship Graduate Certificate

Program Description

The Graduate Certificate in Corporate Controllershship provides students with the skills to succeed in corporate financial management. Topics emphasized include cost behavior and control, budgeting, forecasting, financial analysis, and business analytics.

Admission Requirements

Applicants must meet general University of Missouri-St. Louis Graduate School admissions requirements.

Certificate Requirements

All course prerequisites and all course waivers are applicable. Substitute courses may be approved by the appropriate department chairperson and the Director of Graduate Business Programs. All 12 credit hours taken as part of this certificate transfer to the MBA degree program.

Required Course

| | | |
|-------------|-----------------------|---|
| ACCTNG 5411 | Cost Systems Analysis | 3 |
|-------------|-----------------------|---|

Electives

| | | |
|--|----------------------------------|---|
| Select three of the following courses: | | 9 |
| ACCTNG 5402 | Professional Accounting Research | |

| | |
|-----------------------------|--|
| or ACCTNG 5406 | Research and Professional Writing in Accounting |
| ACCTNG 5412 | Graduate Topics in Management Accounting: Controllershship |
| ACCTNG 4441 | Advanced Federal Income Tax: Business Taxation |
| ACCTNG 5443/ INFSYS 6833 | Decision Support Systems for Business Intelligence |
| ACCTNG 5444/ SCMA 6345 | |
| Total Hours | |
| 12 | |

Corporate Financial Reporting Graduate Certificate

The Graduate Certificate in Corporate Financial Reporting is designed for individuals seeking expertise in corporate accounting and financial reporting. This certificate is ideal for persons ultimately seeking positions such as Manager of Financial Reporting, Chief Accounting Officer, Director of Investor Relations, and Chief Financial Officer.

Admission Requirements

Applicants must meet general University of Missouri-St. Louis Graduate School admissions requirements.

Certificate Requirements

All course prerequisites and all course waivers are applicable. Substitute courses may be approved by the appropriate department chairperson and the Director of Graduate Business Programs.

All 12 credit hours taken as part of this certificate transfer to the MBA degree program.

Required Courses

| | | |
|-------------------------------|---|---|
| ACCTNG 4401 | Financial Accounting and Reporting III | 3 |
| ACCTNG 4402 | Financial Accounting and Reporting IV | 3 |
| ACCTNG 5402 or ACCTNG 5406 | Professional Accounting Research Research and Professional Writing in Accounting | 3 |

Elective

| | | |
|--------------------------------------|---|---|
| Select one of the following courses: | | 3 |
| ACCTNG 5403 | Graduate Topics: Business Analysis and Reporting | |
| ACCTNG 5412 | Graduate Topics in Management Accounting: Controllershship | |
| ACCTNG 5451 | Accounting and Auditing in Governmental and Not-for-Profit Entities | |

Total Hours **12**

Counseling and Human Services Minor

Students completing this minor will understand careers in counseling and other human service-related fields and assess their fit for those careers,

gain awareness of communication and listening skills required of helping professionals, and appreciate important systemic considerations in mental health work. This minor will help students conceptualize the strengths and needs of diverse individuals and communities, the impact of their own intersecting identities on their interactions with other people, and how to communicate with others using skills in empathy, active listening, and conflict resolution.

The minor in counseling is open to any undergraduate student at UMSL. It is especially relevant for students majoring in the social sciences or any other field requiring strong communication skills and awareness of cultural diversity and advocacy. Additionally, each of the three required courses in the minor is open to any undergraduate student. In other words, students can take any of the undergraduate CNS ED classes in the minor without being enrolled in the minor.

The focus of the program is on academic preparation, not clinical practice. Students in this minor will be trained and positioned to work in bachelor's-level mental health service positions. Students who want to become clinical mental health counselors or school counselors can choose to seek licensure and/or certification after completing their master's degree in counseling. This minor would offer strong preparation to help students be successful in UMSL's counseling master's programs or to work or study in other helping professions such as psychology or social work.

The Minor in Counseling and Human Services requires 15 credits hours, including counseling core classes.

Students must earn a minimum grade of C- in each course in the minor and attain a 2.0 grade point average for all courses in the minor. All courses in the minor must be on a graded basis. A minimum of 9 credit hours included in the minor must be taken in residence at UMSL.

Required Courses

| | | |
|-------------|---|---|
| CNS ED 2000 | Introduction to the Helping Professions | 3 |
| CNS ED 2030 | Cultural Diversity and Social Advocacy | 3 |
| CNS ED 3200 | Interpersonal Skills in Helping Relationships | 3 |

Electives

Choose two of the following:

College of Education

| | |
|--------------|----------------------------------|
| EDUC 2002 | Social Entrepreneurship |
| ED PSY 2212 | Child and Adolescent Development |
| SPEC ED 3318 | Inclusive Classrooms |

Child Advocacy Studies

| | |
|-----------|---|
| CAST 2100 | Communication in Child Advocacy |
| CAST 2300 | Ethics and Values in Child Advocacy |
| CAST 3650 | Culture and Child Advocacy |
| CAST 4498 | Forensic Investigation of Child Abuse |
| CAST 4598 | Child Abuse Assessment and Intervention |

Gender Studies

| | |
|---------|--------------------------------|
| GS 2102 | Introduction To Gender Studies |
|---------|--------------------------------|

Psychological Sciences

| | |
|------------|---|
| PSYCH 2205 | Human Sexuality: Psychological Perspectives |
|------------|---|

| | |
|------------------------|--|
| PSYCH 2230 | Psychology of Gender |
| PSYCH 2245 | Psychological Disorders |
| PSYCH/GS 3232 | Psychology of Trauma |
| PSYCH/GERON 3280 | Psychology of Death and Dying |
| PSYCH 3340 | Clinical Issues of Childhood |
| PSYCH 4250 | Stereotyping, Prejudice, and Discrimination |
| PSYCH/GERON 4376 | Mental Health and Aging |
| Social Work | |
| SOC WK 2000 | Social Work and Social Issues |
| SOC WK 2200 | Social Welfare as a Social Institution |
| SOC WK 3100 | Social Work Practice with Individuals |
| SOC WK 3210 | Social Issues and Social Policy Development |
| SOC WK 3510 | Human Behavior in the Social Environment |
| SOC WK/PSYCH/CAST 4398 | Child Maltreatment: A Multidisciplinary Approach |
| SOC WK 4610 | Intimate Partner Violence |
| Total Hours | 15 |

Learning Outcomes

Demonstrate effective skills in interacting with individuals and groups and working with diverse populations. (Interpersonal/Helping Skills)

Articulate the needs of individuals and communities with diverse backgrounds in order to engage with social advocacy in a responsible way. (Social Justice and Advocacy)

Differentiate between mental health professions and how they support the mental health needs of individuals and groups and use this understanding to reflect upon the student's career journey. (Career and professional awareness)

Counseling MEd, Clinical Mental Health Emphasis

Mission

The Clinical Mental Health Counseling Program of the Department of Education Sciences and Professional Programs prepares professional counselors, including mental health, career, addictions, couples/family, and child and adolescent counselors, to serve the mental health needs of culturally diverse individuals, groups, couples, and families in need. The program's outreach extends to schools, colleges and universities, community based organizations, business and industry, as well as independent practice. The program strives to develop a culturally diverse student population and to draw students from local, regional, national, and international locations.

Purpose

The M.Ed. in Clinical Mental Health Counseling program prepares clinical mental health counselors for positions in community colleges, universities, employment agencies, vocational rehabilitation agencies, probation and parole work, juvenile detention, alcoholism and drug abuse clinics, career planning and placement centers, community mental health agencies, family and children services, and various federally funded public service projects. Additionally, graduates are employed in career development,

and business and industry positions, especially in training and personnel areas. Others have moved into roles calling for research and evaluation skills. The program is designed to fulfill entry-level program standards of preparation. It also is intended to enable program graduates to apply for the Missouri License for Professional Counselors.

Admission

In addition to meeting the general admission requirements of the Graduate School, applicants to the M.Ed. must complete the program supplemental application, have two completed references on file, have an undergraduate GPA of 3.0, and upon admission will take CNS ED 6010, Theories of Counseling, in their first semester. Admissions will be conducted twice a year. The deadlines for application are March 1 for the fall semester and October 1 for the spring semester.

| | |
|-------------|---|
| CNS ED 6010 | Theories of Counseling |
| CNS ED 6020 | Ethical and Professional Issues in Counseling |
| CNS ED 6060 | Helping-Relationship Skills |
| CNS ED 6270 | School Counseling Practicum |
| CNS ED 6280 | School Counseling Internship |
| CNS ED 6370 | Clinical Mental Health Counseling Practicum I |
| CNS ED 6380 | Clinical Mental Health Counseling Internship |

Students admitted to the M.Ed. degree programs in counseling as "restricted graduate students" (see the "graduate study" rules in this Bulletin) must attain a 3.0 GPA in the 12 hours of course work at UMSL. Restricted students must include the following courses in the first 12 hours of coursework: CNS ED 6010: Theories of Counseling and CNS ED 6020: Ethical and Professional Issues in Counseling. A student on restricted status earning any grade less than a B- in either of these courses but still maintaining a 3.0 GPA, will be allowed to repeat the course one time and must earn a grade of B- or better to be fully admitted.

Master of Education: Emphasis in Clinical Mental Health Counseling

The clinical mental health counseling emphasis prepares professionals for work in community settings, universities, and businesses. Graduates are eligible for the Missouri Licensed Professional Counselor and National Certified Counselor credentials.

Core Curriculum (CNS ED)

| | | |
|-------------|--|---|
| CNS ED 6010 | Theories of Counseling | 3 |
| CNS ED 6020 | Ethical and Professional Issues in Counseling | 3 |
| CNS ED 6030 | Foundations for Multicultural Counseling | 3 |
| CNS ED 6040 | Group Procedures in Counseling | 3 |
| CNS ED 6050 | Individual Inventory | 3 |
| CNS ED 6060 | Helping-Relationship Skills | 3 |
| CNS ED 6070 | Psychopathology and Diagnosis | 3 |
| CNS ED 6300 | Foundations of Clinical Mental Health Counseling | 3 |
| CNS ED 6370 | Clinical Mental Health Counseling Practicum I | 3 |

| | | |
|--|--|---|
| CNS ED 6380 | Clinical Mental Health Counseling Field Experience | 6 |
| CNS ED 6400 | Career Information and Development | 3 |
| CNS ED 6500 | Introduction to Systems Theory for Couples and Family Counseling | 3 |
| CNS ED 6700 | Introduction to Addictive Behaviors and Addiction Counseling | 3 |
| One course from the advanced multicultural cognate which includes: | | 3 |
| CNS ED 6810 | Integrating Religion and Spirituality in Counseling | |
| CNS ED 6820 | Counseling Women Toward Empowerment | |
| CNS ED 6830 | Counseling African American Clients | |
| CNS ED 6840 | Sexual Orientation and Gender Diversity in Counseling | |
| CNS ED 6850 | Social Class and Poverty Issues in Counseling | |
| CNS ED 6860 | Human Sexuality in Counseling | |

Psychological Foundations and Human Development

The following course is required:

| | | |
|-------------|--|---|
| ED PSY 6210 | Life-Span: Individual and Family Development | 3 |
|-------------|--|---|

Educational Research and Evaluation Methods

The following course is required:

| | | |
|-------------|---|---|
| ED REM 6710 | Educational Research Methods and Design | 3 |
|-------------|---|---|

Electives and Area of Specialization

9

Electives and coursework in an area of specialization should be selected in consultation with the adviser. Areas of specialization are not required but may be chosen. They include career counseling, addictions/substance abuse counseling, child and adolescent counseling, couples and family counseling, and others.

Comprehensive Examination (Capstone Experience)¹

Total Hours **60**

¹ Please consult with the Department office for requirements and dates of this examination.

Learning Outcomes

The Master of Education in Counseling programs prepare professionals to work in educational settings - elementary, middle, or high schools - as school counselors or in clinical settings - clinics, community mental health centers, or private practice - as clinical mental health counselors. Counselors have professional preparation in the theory and practice of counseling, treatment planning, and career development.

The candidate learning outcomes of the school and clinical mental health counseling programs are to:

- Demonstrate awareness and behavior consistent with an understanding and appreciation of diversity issues.
- Apply helping relationship skills to establish therapeutic alliances and to achieve counseling goals with clients in diverse counseling settings.

- Utilize counseling ethical standards to guide professional practice and ethical decision-making.
- Assess client status and goals within relevant treatment contexts (e.g., school, clinic, community) and identify interventions based on research and best practice.
- Identify and apply appropriate theories to conceptualize client cases and inform counseling practice to achieve therapeutic goals.
- Articulate the ways in which mental health and career needs intersect for clients across the lifespan.
- Use developmentally appropriate trauma-informed approaches to address the needs of clients and systems.

Counseling MEd, School Counseling Emphasis

Mission

The School Counseling Program of the Department of Education Sciences and Professional Programs prepares professional school counselors to serve the academic, career, and personal/social needs of culturally diverse students in the elementary, middle, and secondary schools. The Counseling Program strives to develop a culturally diverse student population and to draw students from local, regional, national, and international locations.

Purpose

The M.Ed. in School Counseling degree prepares students to work as school counselors in public or private elementary, middle, or high school settings. Preparation is designed to enable students to deliver counseling services to schools and their extended communities. Students are trained to apply principles of learning, human development, counseling, research, and measurement within the schools. The program is approved by the Missouri Department of Elementary and Secondary Education. Students wishing to receive Missouri certification in K-12 Counseling must complete all required courses. Students not possessing a teaching certificate must complete specific electives to complete their certification requirements.

Degree Requirements

Admission

In addition to meeting the general admission requirements of the Graduate School, applicants to the M.Ed. must complete the program supplemental application, have two completed references on file, have an undergraduate GPA of 3.0, and upon admission will take CNS ED 6010, Theories of Counseling, in their first semester. Admissions will be conducted twice a year. The deadlines for application are March 1 for the fall semester and October 1 for the spring semester.

| | |
|-------------|---|
| CNS ED 6010 | Theories of Counseling |
| CNS ED 6020 | Ethical and Professional Issues in Counseling |
| CNS ED 6060 | Helping-Relationship Skills |
| CNS ED 6270 | School Counseling Practicum |
| CNS ED 6280 | School Counseling Internship |
| CNS ED 6370 | Clinical Mental Health Counseling Practicum I |

CNS ED 6380 Clinical Mental Health Counseling Internship

Students admitted to the M.Ed. degree programs in counseling as “restricted graduate students” (see the “graduate study” rules in this Bulletin) must attain a 3.0 GPA in the 12 hours of course work at UMSL. Restricted students must include the following courses in the first 12 hours of coursework: CNS ED 6010: Theories of Counseling and CNS ED 6020: Ethical and Professional Issues in Counseling. A student on restricted status earning any grade less than a B- in either of these courses but still maintaining a 3.0 GPA, will be allowed to repeat the course one time and must earn a grade of B- or better to be fully admitted.

Requirements for the School Counseling Emphasis

The courses listed below meet the course work requirements for the M.Ed. degree, state certification, and licensing as a professional counselor:

Counselor Education

| | | |
|----------------|--|---|
| CNS ED 6010 | Theories of Counseling | 3 |
| CNS ED 6020 | Ethical and Professional Issues in Counseling | 3 |
| CNS ED 6030 | Foundations for Multicultural Counseling | 3 |
| CNS ED 6040 | Group Procedures in Counseling | 3 |
| CNS ED 6050 | Individual Inventory | 3 |
| CNS ED 6060 | Helping-Relationship Skills | 3 |
| CNS ED 6200 | Foundations of School Counseling | 3 |
| CNS ED 6270 | School Counseling Practicum | 3 |
| CNS ED 6280 | School Counseling Field Experience | 6 |
| CNS ED 6400 | Career Information and Development | 3 |
| CNS ED 6600 | Theories and Techniques of Counseling Children and Adolescents | 3 |
| or CNS ED 6610 | Introduction to Play Therapy | |
| CNS ED 6630 | Career Development in K-12 Schools | 3 |
| CNS ED 6730 | Counseling for Loss, Crisis, and Trauma | 3 |

Psychological Foundations and Human Development

| | | |
|----------------|--|---|

| CNS ED 6830 | Counseling African American Clients |
| CNS ED 6840 | Sexual Orientation and Gender Diversity in Counseling |
| CNS ED 6850 | Social Class and Poverty Issues in Counseling |
| CNS ED 6870 | Counseling and Cultural Competence in a Global Society |

Comprehensive Examination (Capstone Experience) ¹

Total Hours **60**

¹ Please consult with the Department office for requirements and dates of this examination.

Learning Outcomes

The Master of Education in Counseling programs prepare professionals to work in educational settings - elementary, middle, or high schools - as school counselors or in clinical settings - clinics, community mental health centers, or private practice - as clinical mental health counselors. Counselors have professional preparation in the theory and practice of counseling, treatment planning, and career development.

The candidate learning outcomes of the school and clinical mental health counseling programs are to:

- Demonstrate awareness and behavior consistent with an understanding and appreciation of diversity issues.
- Apply helping relationship skills to establish therapeutic alliances and to achieve counseling goals with clients in diverse counseling settings.
- Utilize counseling ethical standards to guide professional practice and ethical decision-making.
- Assess client status and goals within relevant treatment contexts (e.g., school, clinic, community) and identify interventions based on research and best practice.
- Identify and apply appropriate theories to conceptualize client cases and inform counseling practice to achieve therapeutic goals.
- Articulate the ways in which mental health and career needs intersect for clients across the lifespan.
- Use developmentally appropriate trauma-informed approaches to address the needs of clients and systems.

Couple, Marriage and Family Counseling Graduate Certificate

The Graduate Certificate in Couple, Marriage and Family Counseling (CMFC) may be pursued as a stand-alone credential or in conjunction with the Master's Degree in Education in counseling, the Master's in Social Work degree, the Ed.D., or the Ph.D. in Education. With advance planning, all 12 credits may be applied to the Master's of Education in Clinical Mental Health Counseling. Completion of the CMFC certificate, however, does not guarantee acceptance into any other degree program (which requires a separate application for admission).

Admission Requirements

Requirements for admission to the CMFC certificate program are current “good standing” (non-probation) in an UMSL graduate mental health practitioner training program (such as counseling, social work, or psychology), **OR** all of the following criteria must be met:

1. Undergraduate degree with a GPA of 3.0 or better;
2. Enrollment in a graduate mental health practitioner training program, or completion of a mental health practitioner master's degree;
3. Two letters of recommendation with at least one from a current or former college-level instructor (or someone with a graduate degree who can attest to the applicant's capacity to complete graduate-level work);
4. Two-page personal statement explaining the applicant's personal and professional goals.

Certificate Requirements

| | | |
|--------------------|--|-----------|
| CNS ED 6500 | Introduction to Systems Theory for Couples and Family Counseling | 3 |
| CNS ED 6510 | Marriage Counseling and Enrichment | 3 |
| CNS ED 6520 | Family Counseling | 3 |
| CNS ED 6380 | Clinical Mental Health Counseling Field Experience ¹ | 3 |
| or CNS ED 7000 | Advanced Theories and Practice of Counseling | |
| or CNS ED 7780 | Doctoral Internship | |
| Total Hours | | 12 |

¹ For CNS ED 6380/CNS ED 7000/CNS ED 7780, the counseling must be completed at a site requiring the student to work with couples/families.

Creative Writing MFA

The application process is identical to that for the master of arts degree (p. 569), with these exceptions: there is one annual deadline for all applications, Feb. 15; a writing sample is required (15-20 poems or 20-40 pages of fiction); the GRE test is required only if the applicant seeks financial aid or a teaching assistantship. In addition to the Graduate School requirements, students must complete at least 39 hours, 30 of which must be in 5000-level courses. Nine hours may be taken in 4000-level courses approved by the department and Graduate School. Students will specialize in one genre, poetry or fiction. They must complete the following course work: 15 hours of workshops, three hours of literary journal editing (ENGL 5190), 3 hours of either ENGL 5170 or ENGL 5180 depending on specialization (fiction writers take ENGL 5170 and poets take ENGL 5180), 3 hours thesis (ENGL 6000). Total designated hours, 24. Any of the following can make up the remaining 15 hours, but we especially recommend the first three:

1. ENGL 5180 for fiction writers and ENGL 5170 for poets, the opposite of the students' specialization.
2. A contemporary literature class offered by the MFA program or the MA program
3. A composition theory course, recommended mainly for those who want to teach later

4. another workshop
5. ENGL 5190, literary journal editing, a second time
6. Any other graduate level class in literature, linguistics, or composition offered by the Department of English
7. 5200-MFA readings course, or an independent study-IF you can find someone to work with you.
8. Up to 3 (9 hours) of 4000 level undergrad lit or linguistics classes offered by the Department of English, recommended especially for those without an English background.
9. One three hour class outside the Department of English, at least a 4000 level, and with all needed permissions from both departments that will enhance the student's writing.

Complete information may be found in The Master of Fine Arts in Creative Writing, available from the English department.

Creative Writing Undergraduate Certificate

Requirements

Students earn the Certificate in Creative Writing by completing 18 hours in selected writing courses with a grade point average of 3.0 or better. The creative writing emphasis focuses the students' effort toward producing original fiction, poetry, and creative nonfiction and can include other endeavors, such as publishing, feature writing, and copywriting. The specific requirements for the Creative Writing Emphasis are listed below.

Courses for the certificate should be chosen with the guidance of the program coordinator. If the student elects to complete English 4890 as one of the courses for the certificate, he or she should meet with the coordinator to make arrangements for the internship.

To receive this certificate, the student must take 18 hours chosen from the courses listed below, three of which should be creative writing courses. Creative writing courses have a CW designation after the course title in the list below.

2000-Level Courses

| | | |
|---|---------------------------------------|---|
| Students may take no more than two 2000-level courses | | |
| ENGL 2020 | Introduction to Creative Writing (CW) | 3 |
| ENGL 2030 | Poetry Writing Jumpstart (CW) | 3 |
| ENGL 2040 | Fiction Writing Jumpstart (CW) | 3 |

Creative Writing and Literature Courses

| | | |
|-----------|--|---|
| ENGL 3030 | Improving on the Blank Page: Writing Poetry (CW) | 3 |
| ENGL 3040 | Lying to Tell a Truth: Writing Fiction (CW) | 3 |
| ENGL 3090 | Turning the Kaleidoscope: How We Look at Texts | 3 |
| ENGL 3100 | Junior-Level Writing | 3 |
| ENGL 4130 | A Machine Made of Words: Writing Your Best Poems (CW) | 3 |
| ENGL 4140 | Polishing Your Stories: Producing a Publishable Short Story (CW) | 3 |
| ENGL 4150 | Creative Non-Fiction (CW) | 3 |

| | | |
|-----------|--|---|
| ENGL 4160 | Special Topics in Writing (with permission from the Writing Certificate Coordinator) | 3 |
| ENGL 4180 | Novel Beginnings (CW) | 3 |
| ENGL 4890 | Writing Internship | 3 |
| ENGL 4892 | Independent Writing Project (limited availability) | 3 |
| ENGL 4895 | Editing "Litmag" | 3 |

Professional Writing Courses

Students are encouraged to take at least one professional writing course, but no more than two

| | | |
|--------------------|------------------------------------|---|
| ENGL/MEDIA ST 2080 | Advertising Copywriting | 3 |
| ENGL/MEDIA ST 3150 | Feature Writing | 3 |
| ENGL 4162 | Writers at Work | 3 |
| ENGL 4860 | Editing and the Production Process | 3 |

Capstone Course

Students may use ENGL 4895, ENGL 4890, ENGL 4140, or ENGL 4130 as their capstone course. If ENGL 4890 is used, it will be an internship in literary publishing, feature writing, or advertising copywriting. To use ENGL 4130 or ENGL 4140, the student must obtain the teacher's permission and do extra work in the course. The Editing Litmag course, ENGL 4895, may also be used as the final course for this certificate.

Learning Outcomes

Upon completion of the program, certificate earners will be able to:

- Identify and execute particular techniques of the genre, such as characterization, plot, dialogue, metaphor, meter, and rhyme
- Improve, sharpen, and extend these techniques in their own writing through revision
- Demonstrate practice in multiple creative writing genres
- Reflect on their own work in the context of literary traditions and aesthetic points of view
- Possess the ability to critically read and analyze the work of others
- Incorporate constructive criticism into the revising process
- Provide critical feedback to other writers during their creative process
- Experiment with literary traditions to break tradition
- Explain how different genres inform and intersect with one another
- Pursue ideas, techniques, and forms that are outside their comfort zone
- Demonstrate how professional publishing and editing functions, including how and where to send their work for publication
- Market their skills set as creative writers for employment

Criminology and Criminal Justice BS

The interdisciplinary curricula unify a body of knowledge from criminology, social science, law, public administration, and corrections, and provide the student with an understanding of the assumptions, values, and processes of the system of justice. Many pre-law students choose criminology and

criminal justice as an undergraduate major because of the excellent preparation offered for law school.

General Education Requirements

Majors must satisfy the university and college general education requirements (p. 30). Foreign language proficiency is not required, although students are encouraged to take foreign language courses. Majors may not take the following courses on a satisfactory/unsatisfactory basis: criminology and criminal justice courses; SOC 3220, Quantitative Techniques in Sociology; or SOC 3230, Research Methods. Additionally, substitutions approved by departmental advisers for these courses may not be taken on a satisfactory/unsatisfactory basis.

Declaring the Criminology and Criminal Justice Major

Students must complete the following courses before declaring the major:

| | | |
|-------------|---|---|
| CRIMIN 1100 | Introduction to Criminology and Criminal Justice | 3 |
| CRIMIN 1110 | Theories of Crime | 3 |
| CRIMIN 2210 | Research Methods in Criminology and Criminal Justice | 3 |
| CRIMIN 2220 | Statistical Analysis in Criminology and Criminal Justice ¹ | 4 |

¹ Students must successfully complete CRIMIN 2220 with a grade of C- or better within three attempts.

Degree Requirements

Courses used to fulfill the social science or state requirements may not be taken from courses in the major. Students may register for 3000-5000 level courses only after completing ENGL 3100 (Advanced Expository Writing).

Students may register for 3000-5000 level courses only after prerequisites have been satisfied or after obtaining a signature from the adviser in criminology and criminal justice or consent of the instructor.

Criminology majors may not take course numbers 1100, 2260, or 3345 offered through UM-Independent Studies to fulfill degree requirements in the major.

Core Curriculum

Bachelor of Science in Criminology and Criminal Justice candidates must complete the core curriculum listed below:

Core Curriculum

| | | |
|---|--|----|
| The following courses in criminology and criminal justice are required: | | 22 |
| CRIMIN 1100 | Introduction to Criminology and Criminal Justice | |
| CRIMIN 1110 | Theories of Crime | |
| CRIMIN 1120 | Criminal Law | |
| CRIMIN 2130 | Criminal Justice Policy | |
| CRIMIN 2210 | Research Methods in Criminology and Criminal Justice | |
| CRIMIN 2220 | Statistical Analysis in Criminology and Criminal Justice | |

| | | |
|--|---|----|
| CRIMIN 4390 | Seminar in Criminology and Criminal Justice | |
| Select one of the following: | | 3 |
| CRIMIN 2240 | Policing | |
| CRIMIN 2250 | Courts | |
| CRIMIN 2260 | Corrections | |
| Select one of the following courses in Criminology and Criminal Justice: | | 3 |
| CRIMIN 3305 | Crime and Justice in a Globalized World | |
| CRIMIN 4325 | Gender, Crime, and Justice | |
| CRIMIN 4330 | Violence Against Women | |
| CRIMIN 4340 | Race, Crime, and Justice | |
| Select three additional CRIMIN courses at the 3000, 4000, or 5000 level: | | 9 |
| Total Hours | | 37 |

Candidates must earn a minimum grade of (C-) in the following courses: CRIMIN 2220 Statistical Analysis in Criminology and Criminal Justice, and CRIMIN 4390 Seminar in Criminology and Criminal Justice.

Candidates must also have a cumulative grade point average of 2.0 or better in the major.

Credit for Police Officer Certified Police Academy Training

Credit may be allowed for individuals certified as law enforcement officers in the states of Missouri and Illinois, as well as certified Federal law enforcement officers/agents for police academy training. Consideration may be given to individuals certified as law enforcement officers/agents from other states on a case-by-case evaluation. Individuals who qualify as certified law enforcement officers/agents may receive up to 15 hours of credit for Criminology and Criminal Justice (CCJ) coursework awarded at the discretion of the CCJ department faculty. To count toward a degree, the credit granted must be appropriate to the student's curriculum.

Expected Learning Outcomes

- Students will demonstrate critical thinking to reflect a depth, breadth and integration of knowledge in the key areas of criminology and criminal justice, law, theory, research methods, statistics, and criminal justice policy.
- Students will demonstrate an understanding of the three areas of the criminal justice system: policing, courts, and corrections.
- Students will analyze the role that class, race, gender and culture play in crime and criminal justice.
- Students will be able to evaluate and report research findings and data in a professional and ethical manner.
- Graduates will be able to formulate and assess research questions, recognize the need for information and the knowledge to procure that information from relevant scholarly literature and databases, design research projects grounded in theory and scholarship, and evaluate data critically.

Sample Four Year Plan

| Elective or minor | | 3 Elective or minor | 3 |
| Elective or minor | | 3 Elective or minor | 3 |
| | | 15 | 15 |

Total Hours: 120

¹ INTDSC 1003 is required only for first-time freshmen and transfer students with less than 24 college credits.

PLEASE NOTE: This plan is an example of what a four year plan could look like for a typical student. Placement exam scores in math as well as the completion of coursework may change the plan. It should not be used in the place of regular academic advising appointments. All students are encouraged to meet with their advisor each semester. All requirements are subject to change.

Criminology and Criminal Justice MA

The department offers a Master of Arts degree in Criminology and Criminal Justice, which provides students with advanced theoretical and methodological training for research and management careers in criminal justice.

Admission Requirements

The minimum GPA for regular admission to graduate study is 3.0 on a 4-point scale and students are expected to begin their course of study in the Fall semester. Admission is competitive.

Degree Requirements

The M.A. in Criminology and Criminal Justice requires the completion of 30 credit hours, at least 21 of which are required to be in courses housed

in the Department of Criminology and Criminal Justice. Nine (9) of these hours represent the core of the curriculum. Students may choose between a thesis and a nonthesis course of study. Students whose cumulative GPAs fall below 3.0 after 9 or more hours of work will be placed on probation and given one semester to raise their cumulative GPAs to at least the 3.0 threshold.

Plan of Study

- Required Coursework (9 hours)

| | | |
|-------------|---|---|
| CRIMIN 5415 | Foundations of Criminological Theory (core) | 3 |
| CRIMIN 6405 | Methods (core) | 3 |
| CRIMIN 6410 | Statistical Applications in Criminology and Criminal Justice (core) | 3 |

- Four additional Criminology and Criminal Justice seminars at the 6000 level (12; non-core)
- Electives (9 hours)
Nine elective hours of coursework are required; some or all of these credits may be earned in Criminology and Criminal Justice 6000 level seminars not counted toward the 21-hour requirement. Students may take a maximum of two 4000-level courses in partial fulfillment of this requirement, but they must have the prior approval of the Graduate Committee. All electives taken outside the College of Arts and Sciences also must receive prior approval of the Graduate Committee.

Transfer Courses

Transfer courses are evaluated for acceptance on a case-by-case basis subject to the rules and regulations of the Graduate School. A maximum of 10 credit hours earned at other institutions can be credited toward the UMSL M.A. degree in Criminology and Criminal Justice.

Learning Outcomes

Without Thesis

- Upon completion of the program, graduates will be able to:
- Demonstrate a thorough understanding of theory, methods, and substantive literature of criminology and criminal justice, and the interconnections between social theory, research, and policy
 - Demonstrate a thorough understanding of the research methods of criminology and criminal justice
 - Demonstrate a thorough understanding of the structure and functioning of the fundamental institutions (e.g., legislatures, police, punishment, supervisory) that are part of criminal justice system
 - Analyze the role that social structure (e.g. race, class, gender) plays in crime and criminal justice
 - Assess research questions, recognize the need for information and the knowledge to procure that information from relevant scholarly literature and databases, design research projects grounded in theory and scholarship, and evaluate data critically
 - Be knowledgeable users of scientific research related to a wide range of criminology and criminal justice issues

With Thesis

Upon completion of the program, graduates will be able to:

- Demonstrate a thorough understanding of theory, methods, and substantive literature of criminology and criminal justice, and the interconnections between social theory, research, and policy
- Analyze the role that social structure (e.g. race, class, gender) plays in crime and criminal justice
- Formulate and assess research questions, recognize the need for information and the knowledge to procure that information from relevant scholarly literature and databases, design research projects grounded in theory and scholarship, and evaluate data critically
- Use scientific research related to a wide range of criminology and criminal justice issues
- Apply scientific research methods to produce original, theoretically relevant, and socially important criminological research
- Conduct research in accordance with the highest ethical standards and scientific integrity
- Effectively translate and communicate scientific findings in both oral and written forms

Criminology and Criminal Justice MA Accelerated Master's Degree

The Department of Criminology and Criminal Justice offers an Accelerated MA degree program that allows students to simultaneously earn their BS and their MA in Criminology and Criminal Justice in as few as 10 semesters. Students in the Accelerated MA program will complete the MA through coursework; the MA thesis option is not available for Accelerated MA degree program students.

The combined program requires a minimum of 138 credit hours. Students accepted to the Accelerated MA degree program will be permitted to count up to 12 credit hours at the 4000-level or higher toward both the BS and MA degrees; the 4000-level courses will require additional work assigned by the instructor. The remaining 18 credit hours must be at the 5000/6000 level.

Any 4000-level course taken before admission to the Accelerated MA program will apply only to the undergraduate requirements unless given prior permission from the Graduate School. Students are encouraged to work closely with the Undergraduate and MA Program Directors to ensure that required courses are timed appropriately. It is strongly recommended that students meet with the MA Director as soon as possible and ideally before their Junior year.

Eligibility

Students will need to have fulfilled the core undergraduate curriculum requirements prior to applying for the Accelerated MA program, with the exception of CRIMIN 4390 (Seminar in CCJ).

Admission Requirements

Provisional Admission

Applicants are considered for provisional admission if they meet the following four criteria.

- Earned 60 hours as an undergraduate
- Completed the core curriculum requirements for the CCJ major, with the exception of CRIMIN 4390

- Have a minimum GPA of 3.0 with a B or better in CRIMIN 2220 (Statistics) and CRIMIN 2210 (Research Methods)
- Have met with both the Undergraduate and MA Directors in CCJ

Seniors who have earned more than 105 credit hours will not be considered for the Accelerated MA degree program. The MA Program Director, in consultation with the Undergraduate Director, will determine whether the student can apply for provisional status. Graduate courses completed by undergraduate students who have been provisionally admitted to Accelerated Master's program will be charged at the undergraduate tuition rate; however, these courses will count toward the master's degree. These courses must be approved before the semester starts. Therefore, it is recommended to apply for provisional status as a junior, preferably in the first semester of junior year.

Graduate Admission

Students are considered for formal admission to the graduate school each semester after being granted provisional status. Thus, students should meet with the MA Program Director each semester. Applicants are considered for formal admission if they meet the following four criteria:

- Earned at least 90 hours as an undergraduate
- Have a minimum GPA of 3.0 since being granted provisional status
- Submitted at least one letter of recommendation from an UMSL CCJ professor
- Submitted to the MA Director a 1–2 page statement of purpose briefly explaining why an advanced degree in criminology and criminal justice is of interest and why the applicant merits serious consideration
- Have met with the MA Program Director in CCJ

The MA Program Director, in consultation with the Undergraduate Director, will determine whether the student can apply for formal admission. Final decisions concerning formal admission are made by the Graduate Dean in consultation with the Program Director. Students admitted at this stage are conferred graduate status and must continue taking courses with graduate status until the completion of the MA degree.

Awarding of Degrees

The student must apply for and receive the bachelor's degree in the semester when all the undergraduate requirements are completed. In that semester, the student must also apply and be admitted to the graduate program, to begin in the semester following the awarding of the undergraduate degree. The student will apply to receive the master's degree in the semester that the requirements for the graduate degree will be completed.

If the student fails to enroll for more than one year after receiving the bachelor's degree, the student can still earn the master's degree, but the graduate-level credits earned as an undergraduate cannot be used for the graduate degree.

Program Requirements

Junior/Senior Year Courses

| | | |
|--|---|---|
| CRIMIN 4390 | Seminar in Criminology and Criminal Justice | 3 |
| Any three 4000-level CRIMIN courses ¹ | | 9 |

Final Year Courses

Fall

| | | |
|--|--|---|
| CRIMIN 6410 | Statistical Applications in Criminology and Criminal Justice | 3 |
| CRIMIN 5415 | Foundations of Criminological Theory | 3 |
| Spring | | |
| CRIMIN 6405 | Methods | 3 |
| Any three 6000-level CRIMIN Electives ¹ | | 6 |

¹ A student must obtain permission from the MA Program Director to take a 4000-level course and 6000-level course as two separate courses when they have the same topic (e.g., CRIMIN 4350 Victimology and CRIMIN 6448 Victimization).

Criminology and Criminal Justice Minor

Requirements for the Minor

The minor has been designed to ground students in the basics of criminology and criminal justice.

| | | |
|---|--|-----------|
| All minor candidates must take: | | 3 |
| CRIMIN 1100 | Introduction to Criminology and Criminal Justice | |
| The candidate must then select two of the following: | | 6 |
| CRIMIN 1110 | Theories of Crime | |
| CRIMIN 1120 | Criminal Law | |
| CRIMIN 2130 | Criminal Justice Policy | |
| Candidates must then complete 6 hours of criminology and criminal justice course work at the 2000 level or above. | | 6 |
| Total Hours | | 15 |

If used for the minor, candidates must earn a minimum grade of (C-) in the following courses: CRIMIN 2220 Statistical Analysis in Criminology and Criminal Justice, and CRIMIN 4390 Seminar in Criminology and Criminal Justice

Candidates must also have a cumulative grade point average of 2.0 or better in the minor. None of the courses may be taken on a satisfactory/unsatisfactory (s/u) basis.

Expected Learning Outcomes

A Minor in Criminology and Criminal Justice (CCJ) will expose students to some of the same learning outcomes as the BA, thereby providing a foundation for pursuit of the BA if desired. The Minor in CCJ will also offer students the opportunity to advance their current criminology or criminal justice careers or pursue a new or more advanced career path.

- Students will be able to describe the structure and functioning of the fundamental institutions (e.g., police, courts, corrections) that comprise the criminal justice system in the United States.
- Students will be able to define basic laws, legal concepts, constitutional requirements, and legal procedures relevant to criminal justice professionals in the United States.
- Students will critically assess and evaluate contemporary issues and research in criminology and criminal justice.

- Students will be able to define and explain the major criminological and criminal justice theories, thereby helping them to better understand causes of crime and criminal behavior.
- Students will actively apply their theoretical knowledge and academic skills by formulating basic research hypotheses, conducting basic criminological research, and completing academic writing assignments and exams.

Criminology and Criminal Justice PhD

Eligibility

Undergraduate applicants must have a baccalaureate degree or expect one by the end of the academic year in which they apply. Applicants must have a grade point average of 3.0 or greater (on a scale of A = 4.0) for the last 60 hours of undergraduate work. Admission is competitive.

Graduate applicants who have or will have a master's degree must have a grade point average of 3.0 or greater (on a scale of A = 4.0) for their graduate course work.

Application

To consider an applicant for admission, the Department of Criminology and Criminal Justice must have transcripts, three letters of recommendation, GRE scores, statement of purpose, and a writing sample. Applicants with master's degrees should include a chapter of their thesis. International students whose native language is not English are required to submit scores from the TOEFL examination.

Amount of Course Work

Sixty post-baccalaureate hours of graduate work are required for the Ph.D. More than half of these hours must be completed in residence. A minimum of six credit hours of dissertation research (CRIMIN 7499) are required. Students may enroll for dissertation credits (CRIMIN 7499) only when all other degree requirements have been completed.

Required Courses

| | | |
|-------------|--|---|
| CRIMIN 5415 | Foundations of Criminological Theory | 3 |
| CRIMIN 6405 | Methods | 3 |
| CRIMIN 6410 | Statistical Applications in Criminology and Criminal Justice | 3 |
| CRIMIN 6420 | Contemporary Criminological Theories | 3 |
| CRIMIN 6450 | Criminal Justice Theory and Policy | 3 |
| CRIMIN 6465 | Qualitative Research Design | 3 |
| CRIMIN 6470 | Quantitative Research Design | 3 |
| CRIMIN 6480 | Multivariate Statistics in Criminology | 3 |

Area Courses 12

At least twelve hours beyond those required must be taken at the 5000-level or higher within the CCJ Department.

Electives 12

Four additional courses beyond the above requirements are taken as elective courses.

Qualifying Papers

Graduate students in the doctoral program are not officially classified as PhD candidates until they have passed the Qualifying Papers prerequisite defined below. The goal of this requirement is to establish a student's familiarity with the substantive literature, theory, and methods of criminology and criminal justice, and to demonstrate an ability to imaginatively and creatively use this knowledge to address criminological questions. Passing the Qualifying Papers prerequisite fulfills the comprehensive exam requirement of the Graduate School.

Further information about qualifying papers is available from the department.

The Dissertation

The dissertation is required of all Ph.D. candidates and demonstrates the student's scholarly expertise. The dissertation process formally begins when all other requirements of the Ph.D. program have been met. The dissertation committee assists in selecting and developing the research problem and evaluates the student's work on that problem.

Learning Outcomes

Upon completion of the program, graduates will be able to:

- Demonstrate a mastery of theory, methods, and substantive literature of criminology and criminal justice, and the interconnections between social theory, research, and policy
- Analyze the role that social structure (e.g. race, class, gender, etc.) plays in crime and criminal justice
- Critically synthesize and analyze the nature, scope, and determinants of major criminological problems and identify gaps for further inquiry
- Independently apply scientific research methods and empirical analyses to produce high-quality original, theoretically relevant, and socially important criminological research
- Conduct independent high-quality research in accordance with the highest ethical standards and scientific integrity
- Effectively translate and communicate scientific findings effectively, in both oral and written forms
- Demonstrate knowledge of the profession needed for a successful research and/or teaching career in criminology and criminal justice

Cybersecurity BS, Computer Science Emphasis

The joint Interdisciplinary B.S. in Cybersecurity is designed for students who wish to pursue high-demand work roles such as cybersecurity specialist, cyber defense analyst, cyber defense incident responder, information security analyst, vulnerability assessment analyst, security architect, among a variety of other entry to mid-level cybersecurity and computing related fields. The Computer Science emphasis focuses on more technical aspects of the field. The entire program can be completed in the evening or online.

Students must choose one of the following emphasis areas at the time of application for admission.

- Computer Science (CS) Emphasis
- Information Systems and Technology (IST) Emphasis

Degree requirements vary depending on the chosen emphasis area (see common and emphasis area required courses and credit hours below).

General Education Requirements

Students must satisfy the university general education requirements. (p. 30) Many of the courses for the degree may be used to fulfill general education requirements. There is no foreign language requirement for this degree.

Satisfactory/Unsatisfactory Option

Courses required for the major may not be taken on a satisfactory/unsatisfactory basis.

Required Courses

The degree requires 24 credit hours of core coursework applicable to both emphasis areas. Emphasis specific required courses are listed below. Please see 4-year degree plans for recommend course sequences within each emphasis.

Required Core Courses

| | | |
|--------------------|--|-----------|
| ENGL 3120 | Business Writing | 3 |
| or ENGL 3130 | Technical Writing | |
| CMP SCI 1250 | Introduction to Computing | 3 |
| CMP SCI 2250 | Programming and Data Structures | 3 |
| CMP SCI 2700 | Computer Organization and Architecture | 3 |
| CMP SCI 2751 | File Systems, Operations, and Tools | 3 |
| INFSYS 3848 | Introduction to Information Security | 3 |
| or CMP SCI 3702 | Introduction to Cyber Threats and Defense | |
| INFSYS 3868 | Secure Software Development | 3 |
| INFSYS 3878 | Information Security Risk Management and Business Continuity | 3 |
| Total Hours | | 24 |

Emphasis Area Requirements

In addition to the 24 credit hours of core required coursework, the B.S. Cybersecurity degree with Computer Science emphasis requires 51-53 credit hours of emphasis-specific course work. Thus, candidates for the B.S. in Cybersecurity degree with Computer Science emphasis must complete a major program of 75-77 (24 core + 51-53 emphasis-specific) credit hours of required courses.

For the Computer Science emphasis all general degree requirements from the College of Arts and Science (p. 59) apply.

| | | |
|--------------|--|-----|
| MATH 1320 | Introduction to Probability and Statistics | 3 |
| MATH 1100 | Basic Calculus | 3-5 |
| or MATH 1800 | Analytic Geometry and Calculus I | |
| MATH 3000 | Discrete Structures | 3 |
| CMP SCI 2261 | Object-Oriented Programming | 3 |

| CMP SCI 4782 | Information Security | 3 |
| CMP SCI 4794 | Introduction to Internet of Things | 3 |
| Electives | | 9 |
| Choose three of the following: | | |
| PHIL 1160 | Critical Thinking (MOTR PHIL 101) | |
| PHIL 2254 | Business Ethics | |
| CRIMIN 1100 | Introduction to Criminology and Criminal Justice | |
| CRIMIN 3310 | Computers in Criminal Justice | |
| CMP SCI 3990 | Undergraduate Internship | |
| CMP SCI 4020 | Introduction to Android Apps: Android Fundamentals | |
| CMP SCI 4220 | Introduction to iOS Programming and Apps | |
| CMP SCI 4222 | iOS Apps | |
| CMP SCI 4300 | Introduction to Artificial Intelligence | |
| CMP SCI 4500 | Introduction to the Software Profession | |
| CMP SCI 4610 | Database Management Systems | |
| CMP SCI 4750 | Introduction to Cloud Computing | |
| CMP SCI 4792 | Introduction to Mobile Computing, Networking, and Security | |
| INFSYS 3858 | Advanced Security and Information Systems | |
| INFSYS 3898 | Seminar in Information Systems | |
| Other electives upon approval of Computer Science chair | | |
| Total Hours | | 51-53 |

Learning Outcomes

1. Understand and Describe the Confidentiality, Integrity, and Availability security objectives and key security principles that enable the development of security mechanisms
2. Demonstrate an understanding of physical, data link, network, transport, and application layers of data networking and identify potential information security pitfalls at each layer
3. Describe important secure software development principles and common web application security vulnerabilities
4. Describe common applications of cryptographic, network, application, and systems security defense mechanisms to improve information security
5. Understand the role of systematic information security risk management in fostering information security within organizations and the role of management and control frameworks such as NIST Special Publications and ISO 27000 series standards in doing so.

¹ INTDSC 1003 is required only for first-time freshmen and transfer students with less than 24 college credits.

PLEASE NOTE: This plan is an example of what a four year plan could look like for a typical student. Placement exam scores in math as well as the completion of coursework may change the plan. It should not be used in the place of regular academic advising appointments. All students are encouraged to meet with their advisor each semester. All requirements are subject to change.

Cybersecurity BS, Information Systems Emphasis

Students must choose one of the following emphasis areas at the time of application for admission.

- Computer Science (CS) Emphasis
- Information Systems and Technology (IST) Emphasis

Degree requirements vary depending on the chosen emphasis area (see common and emphasis area required courses and credit hours below).

General Education Requirements

Students must satisfy the university general education requirements. (p. 30) Many of the courses for the degree may be used to fulfill general education requirements. There is no foreign language requirement for this degree.

Satisfactory/Unsatisfactory Option

Courses required for the major may not be taken on a satisfactory/unsatisfactory basis.

Required Courses

The degree requires 24 credit hours of core coursework applicable to both emphasis areas. Emphasis specific required courses are listed below. Please see 4-year degree plans for recommend course sequences within each emphasis.

Required Core Courses

| | | |
|--------------------|--|-----------|
| ENGL 3120 | Business Writing | 3 |
| or ENGL 3130 | Technical Writing | |
| CMP SCI 1250 | Introduction to Computing | 3 |
| CMP SCI 2250 | Programming and Data Structures | 3 |
| CMP SCI 2700 | Computer Organization and Architecture | 3 |
| CMP SCI 2751 | File Systems, Operations, and Tools | 3 |
| INFSYS 3848 | Introduction to Information Security | 3 |
| or CMP SCI 3702 | Introduction to Cyber Threats and Defense | |
| INFSYS 3868 | Secure Software Development | 3 |
| INFSYS 3878 | Information Security Risk Management and Business Continuity | 3 |
| Total Hours | | 24 |

Emphasis Area Requirements

In addition to the 24 credit hours of core required coursework, the B.S. Cybersecurity degree with Information Systems and Technology emphasis requires 81 credit hours of emphasis specific coursework (45 general business + 36 program specific). Thus, candidates for the B.S. in Cybersecurity degree with Information Systems and Technology emphasis must complete a program of 105 (24 core + 81 emphasis specific) credit hours of required courses.

For the Information Systems and Technology emphasis all general degree requirements from the College of Business Administration apply.

| | | |
|-------------|--|---|
| INFSYS 3806 | Managerial Applications of Object-Oriented Programming I | 3 |
| INFSYS 3820 | Introduction to Systems Administration | 3 |
| INFSYS 3830 | Data Programming | 3 |
| INFSYS 3842 | Data Networks and Security | 3 |
| INFSYS 3845 | Database Management Systems | 3 |

| | | |
|-------------|---|---|
| INFSYS 3858 | Advanced Security and Information Systems | 3 |
| INFSYS 3862 | Artificial Intelligence Applications for Business | 3 |
| INFSYS 3864 | Applied Cryptography for Business | 3 |
| INFSYS 3866 | Cloud Security for Business | 3 |

Electives 9

Choose three of the following:

| | | |
|--------------------------|--|--|
| INFSYS 3807 | Legacy Systems | |
| INFSYS 3815 | Object-Oriented Applications in Business | |
| INFSYS 3816 | Managerial Application of Object-Oriented Programming II | |
| INFSYS 3817 | Advanced Legacy Systems | |
| INFSYS 3818 | Management of Software Testing | |
| INFSYS 3818 | Management of Software Testing | |
| INFSYS 3841 | Enterprise Information Systems | |
| INFSYS 3844 | Developing Business Applications in .NET | |
| INFSYS 3847 | Web Design | |
| INFSYS 3860 | Data Integration | |
| INFSYS 3890 | Internship in Information Systems | |
| INFSYS 3898 | Seminar in Information Systems ¹ | |
| INFSYS 3899 | Independent Study in Information Systems | |
| INFSYS 4847 or SCMA 4347 | IT Project Management Introduction to Project Management | |
| CMP SCI 2261 | Object-Oriented Programming | |
| CMP SCI 4700 | Computer Forensics | |
| CMP SCI 4732 | Introduction to Cryptography for Computer Security | |
| CMP SCI 4750 | Introduction to Cloud Computing | |
| CMP SCI 4782 | Information Security | |
| MATH 3000 | Discrete Structures | |
| SCMA 3345 | Predictive Analytics and Data Mining | |
| SCMA 4350 | Prescriptive Analytics and Optimization | |
| SCMA 3376 | Transportation Security and Risk | |

Other electives upon approval of Information Systems and Technology department chair

Total Hours 36

- Recognize professional responsibilities and make informed judgments in cybersecurity practice based on legal and ethical principles.
- Function effectively as a member of a team engaged in activities appropriate to the cybersecurity discipline.
- Apply security principles and practices to maintain business operations in the presence of risks and threats.

Sample Four Year Plan

First Year

| Fall | Hours | Spring | Hours |
|---|-----------|---|-----------|
| INTDSC 1003 ¹ | | 1 MATH 1100 | 3 |
| MATH 1030 | 3 | ECON 1001 | 3 |

| INFSYS 3866 | 3 | SCMA 4347 | 3 |
| Cybersecurity elective | 3 | Cybersecurity Elective | 3 |
| | 15 | | 15 |

Total Hours: 121

¹ If course is offered and topic is approved by the Information Systems and Technology department chair

¹ INTDSC 1003 is required only for first-time freshmen and transfer students with less than 24 college credits.

Learning Outcomes

Upon completion of the program, graduates will be able to:

- Analyze a complex cybersecurity problem and apply principles of cybersecurity and business decision making to identify potential solutions.
- Design, implement, and evaluate a cybersecurity-based solution to meet a given set of cybersecurity and business requirements.
- Communicate cybersecurity issues effectively in a variety of professional contexts.

Please Note: This is an example of what a four year plan could look like for a typical student. Placement exam scores in math as well as the completion of coursework may change the plan. It should not be used in the place of regular academic advising appointments. All students are encouraged to meet with their advisor each semester. All requirements are subject to change.

Cybersecurity Graduate Certificate

Information security is currently one of the most critical issues facing individuals, organizations, governments, and society. Media reports are replete with breaches of information security and the adverse consequences for all stakeholders involved. Thus, demand for professionals who understand the managerial and technical aspects of information security is growing. However, security is a rather broad field and includes a plethora of interconnected sub-specialties. Students or professionals seeking an entry into this field are often overwhelmed by its vastness. Further, since security is both a management issue and a technological issue, it is critical that students think about it from both perspectives and develop skills at their intersection.

This multidisciplinary certificate program is designed for students from diverse backgrounds who wish to get a foundation in information security. Given its flexible structure, it allows students to pursue either more technical courses throughout their program or have a mixture of technical and non-technical courses to match their interests and skill-sets.

The University of Missouri-St. Louis holds the prestigious **National Center of Academic Excellence in Cyber Defense Education (CAE-CDE)** designation granted by the National Security Agency and the U.S. Department of Homeland Security. We are currently one of only two institutions that hold such a designation in the state of Missouri and the only CAE-CDE in the Saint Louis region. UMSL also holds an additional CAE-CDE designation in the **Security Policy Development and Compliance** focus area.

For more information, please visit <http://cybersecurity.umsi.edu> or contact the program directors at cybersecurity@umsi.edu.

Admissions Requirements

Applicants must meet the following program admission requirements in addition to the general requirements of the Graduate School.

By the time of enrollment, prospective students must have obtained a baccalaureate degree or the equivalent from an accredited college or university. A minimum GPA of 3.0 on a 4.0 scale is required to be considered for regular admission. This GPA is higher than the minimum for the Graduate School. An undergraduate GPA below 3.0 will be considered on an individual basis for restricted admission. Applicants must demonstrate proficiency in college algebra or the equivalent. Graduate coursework also will be taken into consideration.

Applicants must obtain three letters of recommendation. The letters should be from those who are familiar with your professional and/or academic skills. At least one of the letters must be from a current or former college-level instructor. Written letters of recommendation must accompany the downloadable recommendation forms from the Graduate School. These materials should be sent by the letter writer directly to the Cybersecurity program director of either Computer Science or Information Systems.

Applicants must submit official transcripts to the graduate admissions office documenting the baccalaureate degree and all other prior college and graduate-level coursework completed.

For more information on the program and contact information please visit cybersecurity.umsi.edu.

Certificate Requirements

The Graduate Certificate in Cybersecurity is a four-course (12 credit hours) multidisciplinary program designed to help students from all backgrounds achieve a foundation in information security. It provides students the flexibility to focus on technical and/or managerial aspects of computer, software, network, and information security. With primary courses offered by the Computer Science and Information Systems and Technology departments, the program also allows students to choose from a range of electives based on student interests. This certificate serves a broad group of managers, technical specialists, and professionals with a bachelor's degree. A prior background in information security is not required to enter this program.

Requirements

All students must take three required courses and one elective.

Required Courses

| | | |
|------------------------------------|--|---|
| INFSYS 6828 or CMP SCI 5702 | Principles of Information Security Cyber Threats and Defense | 3 |
| CMP SCI 4730 or INFSYS 6836 | Computer Networks and Communications Management of Data Networks and Security | 3 |
| CMP SCI 5782 or INFSYS 6858 | Advanced Information Security Advanced Cybersecurity Concepts | 3 |

Electives

| | | |
|------------------------------|---|---|
| Choose one of the following: | | 3 |
| CMP SCI 4700 | Computer Forensics | |
| CMP SCI 5020 | Android Apps: Android Fundamentals | |
| CMP SCI 5222 | Advanced iOS Apps | |
| CMP SCI 5732 | Cryptography for Computer Security | |
| CMP SCI 5750 | Cloud Computing | |
| CMP SCI 5792 | Mobile Computing, Networking, and Security | |
| CMP SCI 5794 | Security of IoT Systems | |
| INFSYS 6830 | Data Programming for Business Intelligence | |
| INFSYS 6862 | Artificial Intelligence Applications for Business and Cybersecurity | |
| INFSYS 6864 | Applied Cryptography for Business Applications | |
| INFSYS 6866 | Cloud Security Management | |
| INFSYS 6868 | Software Assurance | |
| INFSYS 6878 | Management of Information Security | |

Total Hours

12

A maximum of two (2) 4000-level courses can be taken as part of the graduate certificate. A minimum of three courses must be taken from UMSL. Students may not receive both the Undergraduate and the Graduate Certificate in Cybersecurity.

For more information, students can contact the program directors at cybersecurityUMSL@umsi.edu.

Learning Outcomes

Upon completion of the program, graduates will be able to:

- apply fundamental security principles and formal security models to solve problems in cybersecurity
- develop, maintain, and update an organization's information security policies to meet security and compliance requirements
- select and execute appropriate security mechanisms to implement security policies of an organization
- communicate cybersecurity issues effectively to a range of audiences and work effectively in a team environment

Cybersecurity Minor

General Requirements

All minors are 15 credit hours or 5 courses, including business core courses.

- Students must attain a 2.0 grade point average for all courses in the minor.
- Students must attain a minimum grade of C- in each course included in the minor.
- All courses in the minor must be on a graded basis.
- A minimum of 9 credit hours of coursework included in the minor must be taken in residence at UMSL.
- One must complete a baccalaureate degree at UMSL in order for a minor to be conferred.
- A minor may be added for up to two years following completion of the baccalaureate degree

Specific Requirements for the Minor

The Undergraduate Minor in Cybersecurity is a five-course (15 credit hours) program. It is designed to help students from all backgrounds achieve a foundation in Cybersecurity. It provides students the flexibility to focus on technical and/or managerial aspects of Cybersecurity. The program also allows students to choose from a range of electives based on student interests. This minor serves a broad group of managers, technical specialists, and professionals enrolled in any baccalaureate degree at UMSL. A prior background in information security is not required to enter this program. This minor may be added for up to two years following completion of the baccalaureate degree.

Requirements: All students must take four required courses and one elective.

Required

| | | |
|-------------|--|---|
| INFSYS 3842 | Data Networks and Security | 3 |
| INFSYS 3848 | Introduction to Information Security | 3 |
| INFSYS 3858 | Advanced Security and Information Systems | 3 |
| INFSYS 3878 | Information Security Risk Management and Business Continuity | 3 |

Elective 3

Choose one of the following:

| | |
|--------------|-------------------------------|
| INFSYS 3868 | Secure Software Development |
| CMP SCI 4700 | Computer Forensics |
| CMP SCI 4780 | Computer and Network Security |

Total Hours 15

Students may substitute the above courses with other courses upon approval by the Chair of the Information Systems department. In all cases, 15 hours are needed to complete the Undergraduate Minor in Cybersecurity. A minimum of four courses must be taken in residence at UMSL.

Learning Outcomes

Upon completion of the program, graduates will be able to:

- Analyze a complex cybersecurity problem and apply principles of cybersecurity and business decision making to identify potential solutions.
- Design, implement, and evaluate a cybersecurity-based solution to meet a given set of cybersecurity and business requirements.
- Describe professional responsibilities and make informed judgments in cybersecurity practice based on legal and ethical principles.
- Communicate with a wide range of audiences about critical challenges and solutions related to cybersecurity.
- Function effectively as a member of a team engaged in activities appropriate to the cybersecurity discipline.

Cybersecurity MS, Computer Science Emphasis

The joint interdisciplinary M.S. in Cybersecurity is designed for graduates to pursue high-demand work roles such as cybersecurity specialist, cyber defense analyst, cyber defense incident responder, information security analyst, vulnerability assessment analyst, or security architect, among a variety of other entry to mid-level cybersecurity and computing-related fields. The Computer Science emphasis focuses on more technical aspects of the field. The program can be taken part-time or full-time and can be completed in the evening or online.

Admission Requirements

Applicants must have at least a bachelor's degree, preferably in cybersecurity, computer science, information systems, or a related area. Applicants with bachelor's degrees outside of specified areas must demonstrate significant proficiency by showing competence (proving related academic or professional experience or taking a test) in the following areas. Courses in parenthesis are UMSL courses that can be used to fulfill the requirement.

1. Programming skills in C/C++ and Java with at least three college semesters or comparable experience (CMP SCI 2261, or INFSYS 3806 and INFSYS 3816)
2. Proficiency with computer organization, architecture, or assembly level programming (CMP SCI 2700)

Students must also have satisfactorily completed mathematics courses equivalent to the following UMSL courses:

1. Survey Calculus or Calculus I (MATH 1100 or MATH 1800)
2. An elementary course in probability or statistics (MATH 1320)
3. A course in discrete mathematics (MATH 3000)

A student missing some of the above requirements may be admitted on restricted status if there is strong supportive evidence in other areas. The student will have to take the missing courses, or otherwise demonstrate proficiency. Special regulations of the Graduate School that apply to students on restricted status are described in the UMSL Bulletin.

Entrance examinations

- The Graduate Record Examination (GRE) General Test is required only to apply for an assistantship (see <http://www.gre.org/ttindex.html>).
- International students are required to document English proficiency by providing scores from an internationally accepted standardized examination before a decision is made on admission.

Coursework

Candidates for the M.S. in Cybersecurity with Computer Science emphasis must complete 30 credit-hours of graduate coursework, subject to the Graduate School regulations. Of these, at least 18 hours must be numbered 5000 or above. All courses numbered below 5000 must be completed with grades of at least B-. Outside computer science and information systems, up to 6 hours of related course work is allowed upon permission of the Graduate Director.

| | | |
|---------------------------------|---------------------------------------|---|
| CMP SCI 4730 | Computer Networks and Communications | 3 |
| CMP SCI 4760 or CMP SCI 5710 | Operating Systems Modern Computing | 3 |

| | | |
|--|--|-----------|
| CMP SCI 5702 | Cyber Threats and Defense | 3 |
| CMP SCI 5732 | Cryptography for Computer Security | 3 |
| CMP SCI 5782 | Advanced Information Security | 3 |
| CMP SCI 5888 | Cybersecurity Capstone ¹ | 3 |
| Electives (Choose four courses. At least two must be from Computer Science) | | 12 |
| CMP SCI 4700 | Computer Forensics | |
| CMP SCI 5750 | Cloud Computing | |
| CMP SCI 5792 | Mobile Computing, Networking, and Security | |
| CMP SCI 5794 | Internet of Things | |
| INFSYS 6858 | Advanced Cybersecurity Concepts | |
| INFSYS 6868 | Software Assurance | |
| INFSYS 6878 | Management of Information Security | |
| Other electives upon approval of Computer Science department chair | | |
| Total Hours | | 30 |

¹ A student is allowed to work on three credit-hours of Master's Thesis (CMP SCI 6900) in place of Cybersecurity Capstone (CMP SCI 5888)

Cybersecurity MS, Computer Science Emphasis Accelerated Master's Degree

The Department of Computer Science offers the Accelerated MS degree in Cybersecurity available to departmental undergraduate majors. Student may join the program and work toward MS in Cybersecurity regardless of the departmental BS program (BS in Computer Science; BS in Computing Technology; BS in Cybersecurity, Computer Science Emphasis; BS in Data Science and Analysis, Computer Science Emphasis).

A student accepted to the Accelerated MS in Cybersecurity degree program can double count up to 12 credit hours toward both their BS degree and the MS in Cybersecurity degree, reducing the total credits required to earn both degrees by up to 12 credits. The student must still complete their BS requirements, as well as entry and graduation requirements for the MS in Cybersecurity program. In the program, the student will complete the BS first and can continue the MS in Cybersecurity program part-time after transitioning to a job. To gain the dual benefits, the student should begin working with a designated advisor before BS graduation, at least a year before graduation.

Admission

Provisional Admission

An applicant is considered for provisional admission if they meet the following criteria.

- Working toward one of the departmental BS programs with at least 60 credits completed
- Completed at least the following Computer Science courses:
 - CMP SCI 1250
 - CMP SCI 2250
 - CMP SCI 2261
 - CMP SCI 2700
- Have a minimum GPA of 3.0
- Have met with the program advisor as listed

After provisional admission, but while in provisional standing, the student continues working toward their BS program but can take courses, including graduate-level courses, to count toward both degrees, while still paying undergraduate tuition rates. These courses must be approved in advance to count toward both degrees.

Graduate Admission

A student in their final semester as a provisional undergraduate student must apply and be admitted to the graduate program to work toward the MS in Cybersecurity. An applicant must meet the following criteria for graduate admission.

- Are in their final semester in undergraduate status
- Maintained a GPA of a minimum of 3.0 in the provisional status
- Submitted to the Graduate Director for MS in Cybersecurity a 1 – 2 page statement of purpose briefly explaining what and why they intend to study
- Meet the entry requirements for admission to the MS degree in Cybersecurity other than having received the BS degree

Awarding of Degrees

The student may apply for and receive the bachelor's degree in the semester when all the undergraduate requirements are completed. In their final semester in undergraduate status, the student must apply and be admitted to the graduate program, to begin the following semester. The student will apply to receive the master's degree in the semester that the requirements for the graduate degree will be completed.

If the student fails to enroll for more than one year after receiving the bachelor's degree, the student can still earn the master's degree, but the graduate-level credits earned as an undergraduate cannot be used for the graduate degree.

Cybersecurity MS, Information Systems Emphasis

Students must meet all general University of Missouri-St. Louis Graduate School admission and degree requirements.

Students must choose one of the following emphasis areas at the time of application for admission:

- 1. Information Systems Emphasis or
- 2. Computer Science Emphasis

Degree requirements vary depending on the chosen emphasis area.

Applicants must meet the general graduate admission requirements of the Graduate School, described in the UMSL catalog. Students are considered for admission to the graduate program in Cybersecurity only after they have formally applied for admission through the Graduate School. Applications may be completed on-line.

Additional emphasis specific requirements are listed below.

Admission Requirements

In addition to Graduate School admission requirements, the following requirements apply.

Applicants must have an undergraduate degree with a minimum cumulative GPA of 3.0. Students whose GPAs are between 2.75 and 2.9 may be admitted under a restricted status within the terms specified by the Graduate School.

Prior to entry, students must demonstrate competence in the following areas (through prior course work or professional experience) or take coursework at UMSL to fulfill the entry requirements.

- Business Statistics (similar to undergraduate course SCMA 3300). Students without a background in statistics could take SCMA 5300 as a graduate student to fulfill this requirement.
- At least one semester of computer programming coursework or application development work experience (similar to undergraduate courses INFSYS 3806 or INFSYS 3844). Students without programming background can take either INFSYS 6805 or INFSYS 6806 as a graduate student to fulfill this requirement.

Entrance examinations

- The Graduate Management Admission Test (GMAT) is not required for admission. However, it may be used by students when their overall GPA is below 3.0 to strengthen their application.
- International students are required to document English proficiency by providing scores from an internationally accepted standardized examination before a decision is made on admission

Coursework

Candidates for the M.S. in Cybersecurity with Information Systems Emphasis must complete 30 credit hours of graduate coursework subject to Graduate School requirements.

| Required Courses | | |
|---|---|----|
| INFSYS 6820 | Systems and IT Infrastructure | 3 |
| INFSYS 6828 | Principles of Information Security | 3 |
| INFSYS 6836 | Management of Data Networks and Security | 3 |
| INFSYS 6858 | Advanced Cybersecurity Concepts | 3 |
| INFSYS 6864 | Applied Cryptography for Business Applications | 3 |
| INFSYS 6868 | Software Assurance | 3 |
| INFSYS 6878 | Management of Information Security | 3 |
| INFSYS 6888 | Capstone in Information Security | 3 |
| Electives (select two from following) | | 6 |
| CMP SCI 5732 | Cryptography for Computer Security | |
| CMP SCI 5750 | Cloud Computing | |
| INFSYS 5890 | Graduate Internship in Information Systems | |
| INFSYS 5899 | Individual Research in Information Systems ¹ | |
| INFSYS 6818 | Management of Software Testing | |
| INFSYS 6847 | Project Management | |
| INFSYS 6860 | Advanced Data Integration | |
| INFSYS 6862 | Artificial Intelligence Applications for Business and Cybersecurity | |
| INFSYS 6891 | Seminar in Information Systems ¹ | |
| MGMT 5600 | Managing and Leading in Organizations | |
| Other electives upon approval of Information Systems department chair | | |
| Total Hours | | 30 |

¹ Topic must be approved by Information Systems department chair

Learning Outcomes

Upon completion of the program, graduates will be able to:

- Apply fundamental security principles and formal security models to solve many complex problems in cybersecurity.
- Develop, maintain, and update an organization's information security policies to meet security and compliance requirements.
- Select and execute appropriate security mechanisms to implement security policies of an organization.
- Evaluate and maintain information systems for secure and reliable operations by employing appropriate risk management strategies.
- Communicate cybersecurity issues effectively to a range of audiences.

- Function effectively as a leader or member of a team engaged in activities appropriate to the cybersecurity discipline.

Cybersecurity Undergraduate Certificate

Certificate Requirements

The Undergraduate Certificate in Cybersecurity is a five-course (15 credit hours) interdisciplinary studies program. It is designed to help students from all backgrounds achieve a foundation in information security. It provides students the flexibility to focus on technical and/or managerial aspects of computer, software, network, and information security. With primary courses offered by Computer Science and Information Systems and Technology departments, the program also allows students to choose from a range of electives based on student interests. This certificate serves a broad group of managers, technical specialists, and professionals with or without a bachelor's degree. A prior background in information security is not required to enter this program. A minimum GPA of 2.5 is required for admission.

Requirements

All students must take three required courses and two electives.

Required Courses

| | | |
|--------------------------------|---|---|
| INFSYS 3848 or CMP SCI 3702 | Introduction to Information Security Introduction to Cyber Threats and Defense | 3 |
| CMP SCI 4730 or INFSYS 3842 | Computer Networks and Communications Data Networks and Security | 3 |
| CMP SCI 4782 or INFSYS 3858 | Information Security Advanced Security and Information Systems | 3 |

Electives

| INFSYS 3868 | Secure Software Development | |

INFSYS 3878

Information Security Risk
Management and Business
Continuity

Total Hours

15

Students may substitute the above courses with other courses upon approval by the program adviser in either the Computer Science or Information Systems department. In all cases, 15 hours are needed to complete the Undergraduate Certificate in Cybersecurity. A minimum of three courses must be taken from UMSL. Students may not receive both the Undergraduate and the Graduate Certificate in Cybersecurity.

For more information, students can contact the program directors at cybersecurityUMSL@umsl.edu.

Learning Outcomes

Upon completion of the program, certificate earners will be able to:

- Analyze a cybersecurity problem and apply principles of cybersecurity and business decision making to identify potential solutions
- Design, implement, and evaluate a cybersecurity-based solution to meet a given set of cybersecurity and business requirements
- Describe professional responsibilities and make informed judgments in cybersecurity practice based on legal and ethical principles
- Function effectively as a member of a team engaged in activities appropriate to the cybersecurity discipline

Cybersecurity, Information Systems and Technology Emphasis Accelerated Master's Degree

The Accelerated MS in Cybersecurity with Information Systems and Technology (IST) Emphasis program provides an opportunity for students to earn their BS in Cybersecurity with an IST Emphasis or their BS in Information Systems and Technology, and an MS degree in Cybersecurity with IST Emphasis in as few as 10 semesters.

The accelerated program reduces time to completion by requiring a minimum of 138 credit hours instead of the typical 150 credit hours if the degrees were pursued separately (120 for BS and 30 for MS). The program allows undergraduate students, in their Junior and Senior years, to take up to 12 credit hours of graduate courses and count those graduate courses to also fulfill some of their undergraduate degree requirements. Students then proceed to take the remaining 18 graduate credit hours to fulfill their graduate degree requirements.

Students are required to work closely with both BS and MS Program Advisors to ensure that the correct levels of required courses are completed in a timely manner and in the appropriate sequence.

Eligibility

Undergraduate students can apply to the Chair of the Information Systems and Technology Department for admission to the Accelerated MS Cybersecurity – IST Emphasis degree program during the semester they will complete 60 undergraduate credit hours. A cumulative grade point average of 3.0 or higher is required.

Admission Requirements

Admission to the Accelerated MS Cybersecurity with IST Emphasis program and Graduate School proceeds in two phases: 1) Provisional Admission and 2) Graduate Admission.

Provisional Admission

Undergraduate BS in Cybersecurity with IST Emphasis or BS in Information Systems and Technology students are considered for provisional admission to Graduate School if they meet the following criteria.

- Have earned 60 credit hours as an undergraduate
- Have a minimum GPA of 3.0
- Have met with both the BS and MS Academic Advisors in Information Systems and Technology

The IST Department Chair, in consultation with the Undergraduate Advisor and Graduate Program Director, will determine whether the student can apply for provisional status. Provisionally admitted students are still classified as undergraduates but may begin obtaining the 12 graduate credits that will apply toward both their MS and BS degrees. Graduate courses completed by undergraduate students, who have been provisionally admitted to the Accelerated MS Cybersecurity with IST Emphasis program, will be charged at the undergraduate tuition rate. However, these courses will count toward the MS Cybersecurity with IST Emphasis degree while also fulfilling the requirements of their BS degree. These courses must be approved in advance to count toward both degrees. Therefore, it is recommended to apply for provisional status as a junior, preferably in the first semester of the junior year.

Graduate Admission

Applicants are considered for admission to the Graduate School if they meet the following criteria:

- Are in their final semester in undergraduate status
- Have a minimum GPA of 3.0 since being granted provisional status
- Have met with the MS Academic Advisor in IST Emphasis

The MS Academic Advisor, in consultation with the BS Academic Advisor, will determine whether the student can apply for graduate admission. Final decisions concerning graduate admission are made by the Graduate School in consultation with the IST Department Chair and Graduate Program Director. Students admitted at this stage are conferred graduate status and must continue taking courses with graduate status until the completion of the MS Cybersecurity – IST Emphasis degree.

Program Requirements

Eligible undergraduate BS students pursuing the Accelerated MS Cybersecurity – IST Emphasis degree option will be required to take the following four graduate courses (12 credits), which will count toward both their undergraduate and graduate degree requirements.

| | | |
|-------------|--|----|
| INFSYS 6820 | Systems and IT Infrastructure | 3 |
| INFSYS 6828 | Principles of Information Security | 3 |
| INFSYS 6836 | Management of Data Networks and Security | 3 |
| INFSYS 6858 | Advanced Cybersecurity Concepts | 3 |
| Total Hours | | 12 |

Additionally, students must complete all the remaining requirements of the MS Cybersecurity with IST Emphasis and meet all Graduate School requirements.

Awarding of Degrees

The student may apply for and receive the bachelor’s degree in the semester when all the undergraduate requirements are completed. In their final semester in undergraduate status, the student must apply and be admitted to the graduate program, to begin the following semester. The student will apply to receive the master’s degree in the semester that the requirements for the graduate degree will be completed.

If the student fails to enroll for more than one year after receiving the bachelor’s degree, the student can still earn the master’s degree, but the graduate-level credits earned as an undergraduate cannot be used for the graduate degree.

Data Science and Analysis BS, Biology Emphasis

General Education Requirements

Students must satisfy the university general education requirements. Many of the courses for the degree may be used to fulfill math proficiency, information literacy, social science, and math and life/natural sciences requirements. The program recommends students take ENGL 3130 Technical Writing or ENGL 3120 Business Writing to satisfy the Junior-Level Writing requirement. Emphasis areas may require one of these courses. There is no foreign language requirement for the degree.

Satisfactory/Unsatisfactory Option

Courses required for the major may not be taken on a satisfactory/unsatisfactory basis.

Degree Requirements

The BS in Data Science and Analysis consists of a set of core courses along with an emphasis area. Students must earn a minimum grade of C- in all core courses and emphasis area courses.

Core Courses

| | | |
|---|---|-----|
| Calculus Course | | |
| MATH 1800 or MATH 1100 | Analytic Geometry and Calculus I ¹ Basic Calculus | 3-5 |
| Statistics Course | | 3 |
| The Introduction to Statistics course should align with the student's Discipline Emphasis Area. | | |
| Choose one of the following: | | |
| SOC 3220 | Quantitative Data Analysis in Social Science Research | |
| BIOL 4122 | Biostatistics | |
| ECON 3100 | Economic Data and Statistics | |
| CRIMIN 2220 | Statistical Analysis in Criminology and Criminal Justice | |
| MATH 1320 | Introduction to Probability and Statistics | |
| PSYCH 2201 | Psychological Statistics | |
| POL SCI 3000 | Political Analysis | |
| SCMA 3300 | Business Analytics and Statistics | |

Additional Required Courses

| | | |
|------------------------------|--|--------------|
| MATH 4005 | Exploratory Data Analysis with R | 3 |
| CMP SCI 1250 | Introduction to Computing | 3 |
| CMP SCI 4200 | Python for Scientific Computing and Data Science | 3 |
| CMP SCI 4342 or MATH 4250 | Introduction to Data Mining ² Introduction to Statistical Methods in Learning and Modeling | 3 |
| Total Hours | | 18-20 |

¹ Students interested in the Computer Science emphasis area, the Mathematics Emphasis Area, or in taking additional mathematics courses should take MATH 1800.

² MATH 4250 is available for Mathematics Emphasis Area students.

Emphasis Area Requirements

| | | |
|--------------------------------|--|-----------|
| BIOL 1821 | Introductory Biology: Organisms and the Environment (MOTR BIOL 150L) | 5 |
| BIOL 1831 | Introductory Biology: From Molecules to Organisms (MOTR BIOL 150L) | 5 |
| BIOL 2012 | Genetics | 3 |
| CHEM 1111 | Introductory Chemistry I (MOTR CHEM 150L) | 5 |
| BIOL 4436 | Applied Bioinformatics | 3 |
| Choose three of the following: | | 9 |
| BIOL 2102 | Ecology | |
| BIOL 3302 | Evolution | |
| BIOL 3622 | Cell Biology | |
| BIOL 4182 | Population Biology | |
| BIOL 4602 | Molecular Biology | |
| BIOL 4732 | Principles of Biochemistry | |
| Total Hours | | 30 |

Learning Outcomes

Upon completion of the program, graduates will be able to:

- Apply knowledge of statistical data collection, analysis and quantitative modeling techniques
- Demonstrate proficiency in industry-standard programming languages that support data acquisition, retrieval and analysis
- Select, apply and build data-based models and visualizations to devise solutions to data science problems
- Effectively communicate technical results and recommendations in various formats to appropriate audiences
- Demonstrate an understanding of the fundamental principles of biology including the structure and functions of cells and their components, heredity and variation in populations, and evolution
- Apply statistical concepts and data science methods to analyze real-world problems in biology

Data Science and Analysis BS, Computer Science Emphasis**General Education Requirements**

Students must satisfy the university general education requirements. Many of the courses for the degree may be used to fulfill math proficiency, information literacy, social science, and math and life/natural sciences requirements. The program recommends students take ENGL 3130 Technical Writing or ENGL 3120 Business Writing to satisfy the Junior-Level Writing requirement. Emphasis areas may require one of these courses. There is no foreign language requirement for the degree.

Satisfactory/Unsatisfactory Option

Courses required for the major may not be taken on a satisfactory/unsatisfactory basis.

Degree Requirements

The BS in Data Science and Analysis consists of a set of core courses along with an emphasis area. Students must earn a minimum grade of C- in all core courses and emphasis area courses.

Core Courses**Calculus Course**

| | | |
|---------------------------|---|-----|
| MATH 1800 or MATH 1100 | Analytic Geometry and Calculus I ¹ Basic Calculus | 3-5 |
|---------------------------|---|-----|

Statistics Course**3**

The Introduction to Statistics course should align with the student's Discipline Emphasis Area.

Choose one of the following:

| | | |
|--------------|--|--|
| SOC 3220 | Quantitative Data Analysis in Social Science Research | |
| BIOL 4122 | Biostatistics | |
| ECON 3100 | Economic Data and Statistics | |
| CRIMIN 2220 | Statistical Analysis in Criminology and Criminal Justice | |
| MATH 1320 | Introduction to Probability and Statistics | |
| PSYCH 2201 | Psychological Statistics | |
| POL SCI 3000 | Political Analysis | |
| SCMA 3300 | Business Analytics and Statistics | |

Additional Required Courses

| | | |
|------------------------------|--|---|
| MATH 4005 | Exploratory Data Analysis with R | 3 |
| CMP SCI 1250 | Introduction to Computing | 3 |
| CMP SCI 4200 | Python for Scientific Computing and Data Science | 3 |
| CMP SCI 4342 or MATH 4250 | Introduction to Data Mining ² Introduction to Statistical Methods in Learning and Modeling | 3 |

Total Hours**18-20**

¹ Students interested in the Computer Science emphasis area, the Mathematics Emphasis Area, or in taking additional mathematics courses should take MATH 1800.

² MATH 4250 is available for Mathematics Emphasis Area students.

Emphasis Area Requirements

| | | |
|------------------------------|--|-----------|
| CMP SCI 2250 | Programming and Data Structures | 3 |
| CMP SCI 3130 | Design and Analysis of Algorithms | 3 |
| CMP SCI 3411 | Introduction to Data Visualization | 3 |
| CMP SCI 4151 | Introduction to Statistical Methods for Data Science | 3 |
| CMP SCI 4340 | Introduction to Machine Learning | 3 |
| ENGL 3130 | Technical Writing | 3 |
| MATH 1900 | Analytic Geometry and Calculus II | 5 |
| MATH 3000 | Discrete Structures | 3 |
| Choose six of the following: | | 18 |
| CMP SCI 2261 | Object-Oriented Programming | |
| CMP SCI 2751 | File Systems, Operations, and Tools | |
| CMP SCI 3260 | C/C++ for Advanced Programming | |
| CMP SCI 3010 | Web Full Stack Development | |
| CMP SCI 3702 | Introduction to Cyber Threats and Defense | |
| CMP SCI 4030 | Introduction to Intelligent Web | |
| CMP SCI 4300 | Introduction to Artificial Intelligence | |
| CMP SCI 4320 | Introduction to Evolutionary Computation | |
| CMP SCI 4370 | Introduction to Biological Data Science | |
| CMP SCI 4390 | Introduction to Deep Learning | |
| CMP SCI 4610 | Database Management Systems | |
| CMP SCI 4750 | Introduction to Cloud Computing | |
| MATH 2450 | Elementary Linear Algebra | |
| Total Hours | | 44 |

Other Data Science courses may be included as electives with prior approval of the program coordinator.

Learning Outcomes

Upon completion of the program, graduates will be able to:

- Apply knowledge of statistical data collection, analysis and quantitative modeling techniques
- Demonstrate proficiency in industry-standard programming languages that support data acquisition, retrieval and analysis
- Select, apply and build data-based models and visualizations to devise solutions to data science problems
- Effectively communicate technical results and recommendations in various formats to appropriate audiences
- Identify and interpret the basic computational issues in problem solving
- Apply appropriate tools and techniques necessary for programming practice
- Apply statistical concepts and data science methods to analyze real-world problems using appropriate computer science processes and techniques

Data Science and Analysis BS, Economics Emphasis

General Education Requirements

Students must satisfy the university general education requirements. Many of the courses for the degree may be used to fulfill math proficiency, information literacy, social science, and math and life/natural sciences requirements. The program recommends students take ENGL 3130 Technical Writing or ENGL 3120 Business Writing to satisfy the Junior-Level Writing requirement. Emphasis areas may require one of these courses. There is no foreign language requirement for the degree.

Satisfactory/Unsatisfactory Option

Courses required for the major may not be taken on a satisfactory/unsatisfactory basis.

Degree Requirements

The BS in Data Science and Analysis consists of a set of core courses along with an emphasis area. Students must earn a minimum grade of C- in all core courses and emphasis area courses.

Core Courses

Calculus Course

| | | |
|--------------|---|-----|
| MATH 1800 | Analytic Geometry and Calculus I ¹ | 3-5 |
| or MATH 1100 | Basic Calculus | |

Statistics Course

3

The Introduction to Statistics course should align with the student's Discipline Emphasis Area.

Choose one of the following:

| | | |
|--------------|--|--|
| SOC 3220 | Quantitative Data Analysis in Social Science Research | |
| BIOL 4122 | Biostatistics | |
| ECON 3100 | Economic Data and Statistics | |
| CRIMIN 2220 | Statistical Analysis in Criminology and Criminal Justice | |
| MATH 1320 | Introduction to Probability and Statistics | |

| CMP SCI 4342 or MATH 4250 | Introduction to Data Mining ² Introduction to Statistical Methods in Learning and Modeling | 3 |
| Total Hours | | 18-20 |

¹ Students interested in the Computer Science emphasis area, the Mathematics Emphasis Area, or in taking additional mathematics courses should take MATH 1800.

² MATH 4250 is available for Mathematics Emphasis Area students.

Emphasis Area Requirements

| | | |
|------------------------------|--|-----------|
| MATH 1900 | Analytic Geometry and Calculus II | 5 |
| MATH 2000 | Analytic Geometry and Calculus III | 5 |
| MATH 2450 | Elementary Linear Algebra | 3 |
| MATH 4200 | Mathematical Statistics I | 3 |
| MATH 4210 | Mathematical Statistics II | 3 |
| Choose two of the following: | | 6 |
| MATH 4090 | Introduction to High-dimensional Data Analysis | |
| MATH 4220 | Bayesian Statistical Methods | |
| MATH 4225 | Introduction to Statistical Computing | |
| MATH 4250 | Introduction to Statistical Methods in Learning and Modeling | |
| MATH 4260 | Introduction to Stochastic Processes | |
| MATH 4470 | Introduction to Statistical Data Analysis for GIS | |
| MATH 4480 | Introduction to Remote Sensing Digital Image Analysis | |
| MATH 4750 | Introduction to Mathematics of Artificial Neural Networks | |
| Total Hours | | 25 |

Learning Outcomes

Upon completion of the program, graduates will be able to:

- Apply knowledge of statistical data collection, analysis and quantitative modeling techniques
- Demonstrate proficiency in industry-standard programming languages that support data acquisition, retrieval and analysis
- Select, apply and build data-based models and visualizations to devise solutions to data science problems
- Effectively communicate technical results and recommendations in various formats to appropriate audiences
- Reformulate problems or question in relevant mathematical terms
- Solve multivariable problems which involve algebra or calculus
- Apply statistical concepts and data science methods to analyze real-world problems using appropriate mathematical processes and techniques

Data Science and Analysis BS, Social Science Emphasis

General Education Requirements

Students must satisfy the university general education requirements. Many of the courses for the degree may be used to fulfill math proficiency, information literacy, social science, and math and life/natural sciences requirements. The program recommends students take ENGL 3130 Technical Writing or ENGL 3120 Business Writing to satisfy the Junior-Level Writing requirement. Emphasis areas may require one of these courses. There is no foreign language requirement for the degree.

Satisfactory/Unsatisfactory Option

Courses required for the major may not be taken on a satisfactory/unsatisfactory basis.

Degree Requirements

The BS in Data Science and Analysis consists of a set of core courses along with an emphasis area. Students must earn a minimum grade of C- in all core courses and emphasis area courses.

Core Courses

Calculus Course

| | | |
|---------------------------|---|-----|
| MATH 1800 or MATH 1100 | Analytic Geometry and Calculus I ¹ Basic Calculus | 3-5 |
|---------------------------|---|-----|

Statistics Course

3

The Introduction to Statistics course should align with the student's Discipline Emphasis Area.

Choose one of the following:

| | | |
|--------------|--|--|
| SOC 3220 | Quantitative Data Analysis in Social Science Research | |
| BIOL 4122 | Biostatistics | |
| ECON 3100 | Economic Data and Statistics | |
| CRIMIN 2220 | Statistical Analysis in Criminology and Criminal Justice | |
| MATH 1320 | Introduction to Probability and Statistics | |
| PSYCH 2201 | Psychological Statistics | |
| POL SCI 3000 | Political Analysis | |
| SCMA 3300 | Business Analytics and Statistics | |

Additional Required Courses

| | | |
|------------------------------|--|---|
| MATH 4005 | Exploratory Data Analysis with R | 3 |
| CMP SCI 1250 | Introduction to Computing | 3 |
| CMP SCI 4200 | Python for Scientific Computing and Data Science | 3 |
| CMP SCI 4342 or MATH 4250 | Introduction to Data Mining ² Introduction to Statistical Methods in Learning and Modeling | 3 |

Total Hours **18-20**

¹ Students interested in the Computer Science emphasis area, the Mathematics Emphasis Area, or in taking additional mathematics courses should take MATH 1800.

² MATH 4250 is available for Mathematics Emphasis Area students.

Emphasis Area Requirements

Choose two of the following. Courses must be from at least two subject areas:

| | |
|--------------|--|
| ANTHRO 1005 | Introduction to Human Evolution |
| ANTHRO 1011 | Introduction to Cultural Anthropology (MOTR ANTH 201) |
| ANTHRO 1019 | Introduction to Archaeology |
| CRIMIN 1100 | Introduction to Criminology and Criminal Justice |
| CRIMIN 1110 | Theories of Crime |
| POL SCI 1100 | Introduction to American Politics (MOTR POSC 101) |
| POL SCI 1500 | Introduction to Comparative Politics (MOTR POSC 202) |
| POL SCI 1800 | Introduction to International Politics (MOTR POSC 201) |
| PSYCH 1003 | General Psychology (MOTR PSYC 100) |
| SOC 1010 | Introduction to Sociology (MOTR SOCI 101) |
| SOC 2280 | Technology and Society |

Choose one of the following:

| | |
|--------------|--|
| CRIMIN 2210 | Research Methods in Criminology and Criminal Justice |
| POL SCI 3000 | Political Analysis |
| PSYCH 2219 | Research Methods in Psychological Science |
| SOC 3230 | Social Research Methods |

Choose three of the following. Courses must be from two subject areas:

| | |
|--------------|--|
| ANTHRO 4310 | Laboratory Methods in Archaeology |
| COMM 3150 | Crisis, Disaster, and Risk Communication |
| COMM 4100 | Communication Campaigns |
| POL SCI 3330 | Public Opinion and Political Participation |
| POL SCI 4040 | Survey Research Practicum in Political Science |
| PSYCH 3318 | Industrial and Organizational Psychology |
| PSYCH 4365 | Psychological Testing and Assessment |
| SOC 3344 | Problems of Urban Community |
| SOC 3501 | Social Mapping for Change |
| SOC 4040 | Survey Research Practicum for Sociology |

Total Hours

18

Learning Outcomes

Upon completion of the program, graduates will be able to:

- Apply knowledge of statistical data collection, analysis and quantitative modeling techniques
- Demonstrate proficiency in industry-standard programming languages that support data acquisition, retrieval and analysis

- Select, apply and build data-based models and visualizations to devise solutions to data science problems
- Effectively communicate technical results and recommendations in various formats to appropriate audiences
- Identify and apply appropriate social theories to understand social phenomena
- Critically evaluate explanations of human behavior and social phenomena
- Apply statistical concepts and data science methods to analyze real-world problems in communications, political science, sociology, or psychology

Data Science and Analysis BS, Supply Chain Analytics Emphasis

General Education Requirements

Students must satisfy the university general education requirements. Many of the courses for the degree may be used to fulfill math proficiency, information literacy, social science, and math and life/natural sciences requirements. The program recommends students take ENGL 3130 Technical Writing or ENGL 3120 Business Writing to satisfy the Junior-Level Writing requirement. Emphasis areas may require one of these courses. There is no foreign language requirement for the degree.

Satisfactory/Unsatisfactory Option

Courses required for the major may not be taken on a satisfactory/unsatisfactory basis.

Degree Requirements

The BS in Data Science and Analysis consists of a set of core courses along with an emphasis area. Students must earn a minimum grade of C- in all core courses and emphasis area courses.

Core Courses

Calculus Course

| | | |
|--------------|---|-----|
| MATH 1800 | Analytic Geometry and Calculus I ¹ | 3-5 |
| or MATH 1100 | Basic Calculus | |

Statistics Course

3

The Introduction to Statistics course should align with the student's Discipline Emphasis Area.

Choose one of the following:

| | |
|--------------|--|
| SOC 3220 | Quantitative Data Analysis in Social Science Research |
| BIOL 4122 | Biostatistics |
| ECON 3100 | Economic Data and Statistics |
| CRIMIN 2220 | Statistical Analysis in Criminology and Criminal Justice |
| MATH 1320 | Introduction to Probability and Statistics |
| PSYCH 2201 | Psychological Statistics |
| POL SCI 3000 | Political Analysis |
| SCMA 3300 | Business Analytics and Statistics |

Additional Required Courses

| | | |
|--------------|----------------------------------|---|
| MATH 4005 | Exploratory Data Analysis with R | 3 |
| CMP SCI 1250 | Introduction to Computing | 3 |

| | | |
|------------------------------|--|--------------|
| CMP SCI 4200 | Python for Scientific Computing and Data Science | 3 |
| CMP SCI 4342 or MATH 4250 | Introduction to Data Mining ² Introduction to Statistical Methods in Learning and Modeling | 3 |
| Total Hours | | 18-20 |

¹ Students interested in the Computer Science emphasis area, the Mathematics Emphasis Area, or in taking additional mathematics courses should take MATH 1800.

² MATH 4250 is available for Mathematics Emphasis Area students.

Emphasis Area Requirements

| | | |
|------------------------------|---|-----------|
| SCMA 3301 | Introduction to Supply Chain Management | 3 |
| SCMA 3320 | Advanced Supply Chain and Operations Management | 3 |
| SCMA 4330 | Business Logistics | 3 |
| SCMA 4331 | Applied Supply Chain Modeling | 3 |
| SCMA 4350 | Prescriptive Analytics and Optimization | 3 |
| Choose one of the following: | | 3 |
| SCMA 3345 | Predictive Analytics and Data Mining | |
| SCMA 3390 | Internship in Supply Chain and Analytics | |
| SCMA 3398 | Seminar in Supply Chain Management and Analytics ¹ | |
| SCMA 4389 | Supply Chain Management Practicum | |
| SCMA 4398 | Advanced Topics in Supply Chain and Analytics ¹ | |
| Total Hours | | 18 |

¹ Students must complete 3 credit hours in order to count the course as an elective.

Learning Outcomes

Upon completion of the program, graduates will be able to:

- Apply knowledge of statistical data collection, analysis and quantitative modeling techniques
- Demonstrate proficiency in industry-standard programming languages that support data acquisition, retrieval and analysis
- Select, apply and build data-based models and visualizations to devise solutions to data science problems
- Effectively communicate technical results and recommendations in various formats to appropriate audiences
- Reformulate problems or question in relevant mathematical terms
- Solve multivariable problems which involve algebra or calculus
- Apply statistical concepts and data science methods to analyze real-world problems using appropriate mathematical processes and techniques

Data Science Graduate Certificate

The graduate certificate in Data Science is a four-course (12 credit hour) program. It provides skills, both statistical and computational, and technologies for the growing and popular fields involving data science and analysis. All students must take two required courses and two electives.

A minimum of three courses must be taken from UMSL. A maximum of two courses can be used from the 4000-level. Courses may be substituted with the permission of the certificate coordinator. For more information, students can contact the department chair or email info@arch.umsi.edu.

Required Courses

| | | |
|--------------|--|---|
| CMP SCI 4200 | Python for Scientific Computing and Data Science | 3 |
| CMP SCI 5340 | Machine Learning | 3 |
| CMP SCI 5342 | Data Mining | 3 |

Elective Courses

Choose one of the following:

| | | |
|--------------|--------------------------------------|--|
| CMP SCI 4610 | Database Management Systems | |
| CMP SCI 5151 | Statistical Methods for Data Science | |
| CMP SCI 5370 | Biological Data Science | |
| CMP SCI 5390 | Deep Learning | |

Total Hours **12**

Data Science Undergraduate Certificate

Certificate Requirements

The undergraduate certificate in Data Science is a five-course (15 credit hour) program. It provides skills, both statistical and computational, and technologies for the growing and popular fields involving data science and analysis. A student pursuing this certificate can choose from one of the two tracks, the computational track or the statistical track. Each track consists of three required courses (9 credit hours) and two additional elective courses (6 credit hours).

Computational Track

Required Courses

| | | |
|--------------|--|---|
| CMP SCI 4200 | Python for Scientific Computing and Data Science | 3 |
| CMP SCI 4340 | Introduction to Machine Learning | 3 |
| CMP SCI 4342 | Introduction to Data Mining | 3 |

Electives

Choose two of the following courses:

| | | |
|--------------|--|--|
| CMP SCI 3411 | Introduction to Data Visualization | |
| CMP SCI 4030 | Introduction to Intelligent Web | |
| CMP SCI 4151 | Introduction to Statistical Methods for Data Science | |
| CMP SCI 4300 | Introduction to Artificial Intelligence | |
| CMP SCI 4370 | Introduction to Biological Data Science | |

| | | |
|--------------------|--|-----------|
| CMP SCI 4390 | Introduction to Deep Learning | |
| CMP SCI 4610 | Database Management Systems | |
| MATH 4005 | Exploratory Data Analysis with R | |
| MATH 4090 | Introduction to High-dimensional Data Analysis | |
| MATH 4220 | Bayesian Statistical Methods | |
| MATH 4225 | Introduction to Statistical Computing | |
| MATH 4260 | Introduction to Stochastic Processes | |
| Total Hours | | 15 |

Statistical Track

Required Courses

| | | |
|-----------------|--|---|
| MATH 4200 | Mathematical Statistics I | 3 |
| MATH 4210 | Mathematical Statistics II | 3 |
| MATH 4250 | Introduction to Statistical Methods in Learning and Modeling | 3 |
| or CMP SCI 4340 | Introduction to Machine Learning | |

Electives

| | | |
|--------------------------------------|---|-----------|
| Choose two of the following courses: | | 6 |
| CMP SCI 4030 | Introduction to Intelligent Web | |
| CMP SCI 4200 | Python for Scientific Computing and Data Science | |
| CMP SCI 4300 | Introduction to Artificial Intelligence | |
| CMP SCI 4320 | Introduction to Evolutionary Computation | |
| CMP SCI 4340 | Introduction to Machine Learning (if course not used above) | |
| CMP SCI 4342 | Introduction to Data Mining | |
| CMP SCI 4370 | Introduction to Biological Data Science | |
| CMP SCI 4390 | Introduction to Deep Learning | |
| MATH 4005 | Exploratory Data Analysis with R | |
| MATH 4090 | Introduction to High-dimensional Data Analysis | |
| MATH 4220 | Bayesian Statistical Methods | |
| MATH 4225 | Introduction to Statistical Computing | |
| MATH 4250 | Introduction to Statistical Methods in Learning and Modeling (if course not used above) | |
| MATH 4260 | Introduction to Stochastic Processes | |
| Total Hours | | 15 |

A minimum of three courses must be taken from UMSL. Courses may be substituted with the permission of the certificate coordinator. For more information, contact the department chair or email info@arch.umsf.edu.

Learning Outcomes

Upon completion the program, certificate earners will be able to:

- Identify, interpret, and manage the computational issues involved in the handling of large volumes of data
- Apply algorithmic principles and statistical theories to analyze data-sets
- Build and evaluate data-based models
- Apply machine learning techniques to data-mining problems

Digital and Social Media Marketing Graduate Certificate

The Graduate Certificate in Digital and Social Media Marketing is designed to provide a focused, intensive study of the applications of digital and social media marketing management within organizations. Topics include web analytics, search engine optimization, paid search techniques, user experience, social media applications and best practices, content management and creation, video production and podcasting. Based on course selection, they can further their knowledge in CRM techniques including Salesforce and Hubspot as well as LinkedIn B2B marketing strategies or advanced Facebook advertising. This certificate is suitable for those seeking their MBA or those with an undergraduate degree who are working professionals seeking to gain experience in this exciting and complex field.

All 12 credit hours taken as part of this certificate transfer to the MBA degree program.

Admission Requirements

Applicants must meet general University of Missouri-St. Louis Graduate School admissions requirements.

Certificate Requirements

All course prerequisites and all course waivers are applicable. Substitute courses may be approved by the appropriate department chairperson and the Director of Graduate Business Programs.

Required Courses

| | | |
|-----------|--|---|
| MKTG 5721 | Digital Marketing Strategies and Measurement | 3 |
| MKTG 5722 | Social Media Marketing Strategy | 3 |
| MKTG 5731 | Special Seminars in Digital and Social Media Marketing | 3 |

Electives

| | | |
|--------------------------------------|---|---|
| Choose one of the following courses: | | 3 |
| MKTG 5700 | Integrated Marketing Strategies | |
| MKTG 5710 | Consumer Motivation and Behavior | |
| MKTG 5733 | Customer Relationship Management Strategies | |

| | |
|--------------------|-----------|
| Total Hours | 12 |
|--------------------|-----------|

Learning Outcomes

Upon completion of the program, certificate earners will be able to:

- Assess the role and practice of marketing within an organization, including theoretical and applied aspects of the marketing discipline (MKTG 5700)
- demonstrate fluency in digital marketing technologies such as web analytics, search engine optimization and paid search techniques (MKTG 5721)
- design and measure the effectiveness of social marketing campaigns leveraging social networks to develop social media content to meet specific marketing objectives (MKTG 5722)
- examine advanced customer relationship marketing techniques to reach new audiences and refine marketing campaigns (MKTG 5733).

Digital Marketing Communications Minor

This minor in Digital Marketing Communications is a **15-hour** program designed to provide a focused, intensive study of the applications of digital and social media marketing communications, advertising and branding within organizations. This program serves marketing managers who want to understand a true integrated marketing and communication approach to sales, brand management, promotion, and consumer behavior.

General Requirements

All minors are 15 credit hours or 5 courses, including business core courses.

- Students must attain a 2.0 grade point average for all courses in the minor.
- Students must attain a minimum grade of C- in each course included in the minor.
- All courses in the minor must be on a graded basis.
- A minimum of 9 credit hours of coursework included in the minor must be taken in residence at UMSL.
- One must complete a baccalaureate degree at UMSL in order for a minor to be conferred.
- A minor may be added for up to two years following completion of the baccalaureate degree

Specific Requirements for the Minor

To obtain this minor, students must successfully complete the following four "core" marketing courses.

Required Courses:

| | | |
|-----------|--|---|
| MKTG 3700 | Principles of Marketing | 3 |
| MKTG 3720 | Advertising and Promotion | 3 |
| MKTG 3721 | Introduction to Digital Marketing Strategies | 3 |
| MKTG 3722 | Introduction to Social Media Marketing | 3 |

Electives: 3

Choose one of the following courses:

| | |
|-----------|-------------------------|
| MKTG 3731 | |
| MKTG 3740 | Marketing Analysis |
| MKTG 3790 | Internship in Marketing |

Total Hours 15

Learning Outcomes

Upon completion of the program, graduates will be able to:

- Develop knowledge of the general digital industry landscape.
- Elaborate new online consumer behaviors made possible by digital technologies and identify firms' strategies to cope with the new behaviors.
- Perform analysis of digital marketing strategies.
- Develop problem-solving skills using digital measurement and analytics.

Doctor of Business Administration (DBA)

Admission Requirements

Candidates must be committed to a rigorous program of study requiring periodic residence at the University of Missouri-St. Louis College of Business Administration as well as substantial reading and academic inquiry throughout the program. Applicants are expected to hold an MBA or other relevant advanced degree from an acceptable academic institution and to have ten years of significant professional and/or senior level management experience with high levels of responsibility. In exceptional cases, individuals without an advanced degree but other forms of advanced education and substantial managerial experience may be considered; other experience or qualifications may also compensate for less than 10 years of professional or managerial experience. Applicants must submit

- Most recent transcript(s). Scanned transcripts will be sufficient for the preliminary application. Official Transcripts in sealed envelopes will be required for final acceptance.
- Résumé or Curriculum Vitae (C.V.)
- Names and contact information of two people who can provide insights into the applicant's academic potential and ability to think critically.
- Two essays (Statement of Commitment & Statement of Research Interest)

For more information and application deadlines, please go to <http://dba.umsi.edu>.

Degree Requirements

The DBA in the College of Business Administration requires completion of 60 credit hours. To ensure sufficient background for doctoral-level courses, students must demonstrate appropriate competence in quantitative reasoning, which is evidenced through completion of BUS AD 7301 and BUS AD 7109 or their equivalent to be determined by the DBA Director.

| First Year | | | | | |
|--|-------|----------------------------|-------|----------------------------------|-------|
| Fall | Hours | Spring | Hours | Summer | Hours |
| BUS AD 7301 | | 2 BUS AD 7100 | | 3 BUS AD 7101 | 3 |
| BUS AD 7109 | | 4 BUS AD 7102 | | 3 BUS AD 7600 | 3 |
| | 6 | | 6 | | 6 |
| Second Year | | | | | |
| Fall | Hours | Spring | Hours | Summer | Hours |
| BUS AD 7103 | | 3 BUS AD 7104 | | 3 Selected Topic I ¹ | 3 |
| BUS AD 7400 | | 3 BUS AD 7106 | | 3 Selected Topic II ¹ | 3 |
| | 6 | | 6 | | 6 |
| Third Year | | | | | |
| Fall | Hours | Spring | Hours | Summer | Hours |
| BUS AD 7107 | | 6 BUS AD 7108 ² | | 6 BUS AD 7108 ² | 6 |
| Development and Defense of Proposal for Dissertation | | | | | |
| | 6 | | 6 | | 6 |
| Fourth Year | | | | | |
| Fall | Hours | | | | |
| BUS AD 7108 ² | 6 | | | | |

Final Dissertation
Defense

6

Total Hours: 60

- ¹ Selected Topics courses are BUS AD 7700, BUS AD 7500, BUS AD 7300, BUS AD 7800, and BUS AD 7105. Two of these courses will fulfill the Selected Topics option.
- ² Students who need additional time to complete the dissertation are required to enroll in an additional credit hour per semester they are working on the project. A minimum of 18 hours is required.

Students will be evaluated annually for satisfactory progress. Students deemed not to be making adequate progress are subject to the policies of the Graduate School and the College of Business Administration regarding probation and dismissal from the program.

Learning Outcomes

Upon completion of the program, graduates should be able to:

- Design research studies based on sound methodological considerations
- Exhibit expertise in a stream of academic research
- Apply theory to address business problems
- Apply advanced quantitative methods to conduct original research
- Apply advanced qualitative methods to conduct original research
- Communicate research findings in both oral and written formats in a public forum
- Develop pedagogical skills for disseminating information in educational settings

Doctor of Education (Ed.D.)

The Ed.D. in Educational Practice degree is designed for educational practitioners interested in: (1) leading critical analyses of existing problems of practice and (2) proposing solutions to those problems of practice that can be assessed for effectiveness. Students are admitted to a learning community of practice, under the mentorship of a faculty team that focuses on an area of educational practice (theme).

Students seeking the Ed.D. degree are expected to meet the Graduate School's (p. 312) relevant practitioner doctoral degree requirements and procedures.

Degree requirements

1. Learning Community of Practice Seminars 15-20

| | |
|-----------|------------------------------------|
| EDUC 7600 | Learning Community of Practice I |
| EDUC 7610 | Learning Community of Practice II |
| EDUC 7620 | Learning Community of Practice III |
| EDUC 7630 | Learning Community of Practice IV |
| EDUC 7640 | Learning Community of Practice V |
| EDUC 7650 | Learning Community of Practice VI |

2. Laboratory of Practice

| | | |
|-----------|------------------------|---|
| EDUC 7889 | Laboratory of Practice | 3 |
|-----------|------------------------|---|

3. Required Common Courses

| | | |
|-----------|---|---|
| EDUC 7215 | Data Analysis for Educational Practitioners | 3 |
|-----------|---|---|

| | | |
|-----------|--|---|
| EDUC 7395 | Research and Technical Writing for Educational Practitioners | 2 |
|-----------|--|---|

EDUC 7615

| | | |
|-----------|--|---|
| EDUC 7625 | Building Socially Just and Ethical Educational Communities | 3 |
|-----------|--|---|

| | | |
|-----------|---|---|
| EDUC 7710 | Research Methods and Design for Educational Practitioners | 3 |
|-----------|---|---|

| | | |
|-------------|---|---|
| ED REM 7781 | Qualitative Methods in Educational Research I | 3 |
|-------------|---|---|

4. Tools Courses

| | | |
|-----------|--|---|
| EDUC 7310 | Integrating Technology in Learning for Educational | 1 |
|-----------|--|---|

| | | |
|-----------|---|---|
| EDUC 7325 | Grant Writing for Educational Practitioners | 1 |
|-----------|---|---|

5. Specialization 30-60

Courses in an area of specialization (can include Master's or Education Specialist work)

6. Dissertation in Practice

| | | |
|-----------|-----------------------------------|---|
| EDUC 7998 | Dissertation in Practice Research | 8 |
|-----------|-----------------------------------|---|

Total: minimum 80 hours, post-baccalaureate

Learning Outcomes

Upon completion of the program, graduates will be able to:

- Design solutions to complex problems of practice related to educational practices that are equitable, ethical, and socially just.
- Construct and apply educational practice knowledge to make a positive difference in the lives of individuals, families, organizations, or communities.
- Demonstrate effective collaboration and communication skills when working with diverse communities and building partnerships.
- Integrate practical and research knowledge with systemic and systematic inquiry in educational practice.
- Create solutions to problems of practice by generating, transforming, and using professional knowledge and practices related to educational practice.
- Take part in and develop communities of practice highlighting their value and function.
- Implement change in their professional practice and within educational practice organizations using critical reflective practice.

Early Childhood Education BSEd

Undergraduate educator preparation is both engaging and innovative. Our high quality undergraduate educator preparation programs are designed around research-based scholarship and practical community-based contexts. To prepare our undergraduate students as the highest quality educators for our region, we contribute to and harness the resources of our deep community partnerships. The community-based experiences broaden candidates' understanding of their own identity as educators as well as enhancing their ability to build relationships, extend their skills, and understand family/community dynamics and interactions.

The Bachelor of Science in Education (B.S.Ed.) in Early Childhood Education prepares those who desire to teach birth through grade 3. Students electing this program will work directly with young children as a part of the professional courses offered. The curriculum provides learning background, applied knowledge, and best practice interventions

for children of diverse populations who demonstrate varied abilities and levels of developmental growth.

Early Childhood Education with an emphasis in Early Childhood Special Education can be achieved with courses satisfactorily completed in this program of study. The core courses are combined with the emphasis area in Early Childhood Special Education. Please see the degree requirements listed below.

The Bachelor's of Science in Early Childhood Education degree prepares candidates to teach in early childhood and preschool settings. Candidates who complete this program are eligible for Missouri teacher certification in Early Childhood (Birth-Grade 3).

University General Education and Graduation Requirements

Education majors must complete all General Education (p. 30) requirements (p. 30) and Graduation Requirements (p. 16) of the University as outlined in this Bulletin.

The courses listed below fulfill General Education requirements and best prepare students for advanced education coursework and licensure exams.

First Year Writing

| | | |
|-----------|------------------------------------|---|
| ENGL 1100 | First-Year Writing (MOTR ENGL 200) | 3 |
|-----------|------------------------------------|---|

Communication Proficiency

| | | |
|--------------|--|---|
| EDUC 2222 | Interpretation: Connecting Audiences and Meaning | 3 |
| or COMM 1040 | Introduction to Public Speaking (MOTR COMM 110) | |

Mathematics Proficiency

| | | |
|--------------|--|---|
| MATH 1020 | Contemporary Mathematics (MOTR MATH 120) | 3 |
| or MATH 1030 | College Algebra (MOTR MATH 130) | |

Information Literacy

| | | |
|--------------|----------------------|---|
| ED TECH 2230 | Information Literacy | 3 |
|--------------|----------------------|---|

US History and Government

| | | |
|--------------|---|---|
| POL SCI 1100 | Introduction to American Politics (MOTR POSC 101) | 3 |
| or HIST 1001 | American Civilization to 1865 (MOTR HIST 101) | |

Humanities and Fine Arts

| | | |
|--|--|---|
| Choose any 9 hours from approved fields. | | 9 |
|--|--|---|

Social Sciences

| | | |
|---|--|---|
| Choose any 9 hours. At least one course must meet the cultural diversity requirement. | | 9 |
|---|--|---|

Math and Life/Natural Sciences

| | | |
|---------------------|--|---|
| Choose any 9 hours. | | 9 |
|---------------------|--|---|

Junior Level Writing

| | | |
|-----------|----------------------|---|
| ENGL 3100 | Junior-Level Writing | 3 |
|-----------|----------------------|---|

| | | |
|--------------------|--|-----------|
| Total Hours | | 45 |
|--------------------|--|-----------|

Program Requirements

All candidates in the B.S.Ed. Early Childhood Education program are required to successfully complete the following Teacher Education courses

as well as the required Missouri Department of Elementary and Secondary Education (DESE) performance assessment.

Professional Education courses must be completed with a grade of C or better (a grade of C- or below must be retaken).

To be recommended for certification, candidates must satisfy all DESE requirements for grade point average and for certification-specific assessments.

Preparing for the Teacher Education Program

The following courses must be completed prior to applying for admission to the teacher education program:

| | | |
|--------------------|--|-----------|
| TCH ED 1000 | Building Community, Culture, and Learning in Education | 1 |
| TCH ED 1001 | Early Clinical Experience: Community Agency | 1 |
| TCH ED 2000 | Becoming a Professional Educator | 1 |
| TCH ED 2001 | Early Clinical Experience: Schools | 1 |
| TCH ED 2209 | Foundations of Teaching in American Schools | 2 |
| ED PSY 2212 | Child and Adolescent Development | 3 |
| TCH ED 3310 | Instructional Design and Technology Integration | 3 |
| Total Hours | | 12 |

Teacher Education Program

The following courses are completed after acceptance into the teacher education program:

| | | |
|--------------------|---|-----------|
| TCH ED 3001 | Mid-Level Clinical Experience: Diverse Learners | 1 |
| TCH ED 3212 | Sociolinguistics and Communication in the Classroom | 3 |
| TCH ED 3312 | Psychology of Learning, Instruction, and Assessment | 3 |
| ELE ED 3339 | Teaching Elementary Literacy in Inclusive Settings: Literacy Instruction and Learning | 4 |
| ELE ED 4246 | Teaching Elementary Mathematics in Inclusive Settings I | 3 |
| ELE ED 4342 | Teaching Elementary Mathematics in Inclusive Settings II | 3 |
| SPEC ED 3318 | Inclusive Classrooms | 3 |
| SPEC ED 4323 | Classroom Management and Positive Behavioral Supports in Inclusive Educational Settings | 3 |
| TCH ED 3565 | Fine Arts Integration for the Elementary Classroom | 2 |
| TCH ED 3566 | Teaching Health and Physical Education Skills and Concepts in the Elementary Classroom | 2 |
| Total Hours | | 27 |

Emphasis Area Requirements

In addition to the above courses, students must complete all required coursework for the emphasis area in Early Childhood Special Education:

| | | |
|--------------------|---|-----------|
| ECH ED 3302 | Introduction to Inclusive Early Childhood Education | 3 |
| ECH ED 3303 | Curriculum and Practice Laboratory: Infant/Toddler | 1 |
| ECH ED 3304 | Curriculum and Practice Laboratory: Preschool | 1 |
| ECH ED 3313 | Curriculum and Practice: Infant/Toddler | 2 |
| ECH ED 3314 | Curriculum and Practice: Preschool Education | 2 |
| ECH ED 3332 | Literacy, Learning, and Instruction For The Young Child | 3 |
| ECH ED 3350 | Family and Professional Partnerships within School/Community | 3 |
| SPEC ED 4315 | Language and Communication of Children with Disabilities | 3 |
| ECH ED 4317 | Implementation, Evaluation, and Assessment in Early Childhood Education | 3 |
| ECH ED 4348 | The Acquisition of Mathematical and Scientific Concepts | 3 |
| Total Hours | | 24 |

The program will culminate in the completion of two sequential site-based practicum experience courses.

| | | |
|--------------------|---|-----------|
| ECH ED 4989 | Practicum I: Early Childhood Education/Early Childhood Special Education Site Based Experience | 3 |
| ECH ED 4990 | Practicum II: Early Childhood Education/Early Childhood Special Education Site Based Experience | 12 |
| Total Hours | | 15 |

Total Credit Hours: 124

Learning Outcomes

Upon completion of the program, graduates will be able to:

- Continually reflect on professional growth to improve student learning outcomes/enhance student learning.
- Integrate technology to create meaningful student learning within the context of a global digital society.
- Apply content and pedagogical knowledge to create authentic and deep learning experiences.
- Use learning science principles to design, implement, and evaluate curriculum based on learning standards.
- Foster effective working relationships with students, school colleagues, families, and community members to enhance student learning and well-being.
- Design and establish a safe, inclusive, and respectful learning environment that nurtures the intellectual, social, and personal development of all students.
- Use equitable frameworks and inclusive practices to create a variety of instructional and assessment opportunities adapted to diverse learners to encourage all students' critical thinking, problem solving, and performance skills

Sample Four Year Plan

| First Year | | | |
|------------------------------------|-------|--------------------------------------|-----------|
| Fall | Hours | Spring | Hours |

| SPEC ED 4323 | Classroom Management and Positive Behavioral Supports in Inclusive Educational Settings | 3 |
| TCH ED 3565 | Fine Arts Integration for the Elementary Classroom | 2 |
| TCH ED 3566 | Teaching Health and Physical Education Skills and Concepts in the Elementary Classroom | 2 |
| Total Hours | | 27 |

Emphasis Area Requirements

In addition to the above courses, students must complete all required coursework for the emphasis area in Early Childhood Special Education:

| | | |
|--------------------|---|-----------|
| ECH ED 3302 | Introduction to Inclusive Early Childhood Education | 3 |
| ECH ED 3303 | Curriculum and Practice Laboratory: Infant/Toddler | 1 |
| ECH ED 3304 | Curriculum and Practice Laboratory: Preschool | 1 |
| ECH ED 3313 | Curriculum and Practice: Infant/Toddler | 2 |
| ECH ED 3314 | Curriculum and Practice: Preschool Education | 2 |
| ECH ED 3332 | Literacy, Learning, and Instruction For The Young Child | 3 |
| ECH ED 3350 | Family and Professional Partnerships within School/Community | 3 |
| SPEC ED 4315 | Language and Communication of Children with Disabilities | 3 |
| ECH ED 4317 | Implementation, Evaluation, and Assessment in Early Childhood Education | 3 |
| ECH ED 4348 | The Acquisition of Mathematical and Scientific Concepts | 3 |
| Total Hours | | 24 |

The program will culminate in the completion of two sequential site-based practicum experience courses.

| | | |
|--------------------|---|-----------|
| ECH ED 4989 | Practicum I: Early Childhood Education/Early Childhood Special Education Site Based Experience | 3 |
| ECH ED 4990 | Practicum II: Early Childhood Education/Early Childhood Special Education Site Based Experience | 12 |
| Total Hours | | 15 |

Total Credit Hours: 124

Learning Outcomes

Upon completion of the program, graduates will be able to:

- Continually reflect on professional growth to improve student learning outcomes/enhance student learning.
- Integrate technology to create meaningful student learning within the context of a global digital society.
- Apply content and pedagogical knowledge to create authentic and deep learning experiences.
- Use learning science principles to design, implement, and evaluate curriculum based on learning standards.
- Foster effective working relationships with students, school colleagues, families, and community members to enhance student learning and well-being.
- Design and establish a safe, inclusive, and respectful learning environment that nurtures the intellectual, social, and personal development of all students.
- Use equitable frameworks and inclusive practices to create a variety of instructional and assessment opportunities adapted to diverse learners to encourage all students' critical thinking, problem solving, and performance skills

Sample Four Year Plan

| First Year | | | |

Economics BA

Nearly every decision which a person, business, or government makes involves trade-offs, and so, falls under the purview of economic analysis. In coursework for the Economics BA, students learn to think analytically and apply their knowledge to a broad range of topics such as property rights, environmental regulation, labor markets, and government regulation. Students also study the economy as a whole and explore the sources of growth, recessions, and inflation, as well as government policies designed to influence the economy. The study of economics is an excellent way to learn how to apply analytical skills to a range of interesting questions and problems.

General Education Requirements

All undergraduate economics majors must meet the university and college general education requirements (p. 30). Candidates for the B.A. degree may take any foreign language to meet this requirement. Candidates for the B.S. degree take mathematics and quantitative courses instead of the foreign language requirement. Courses in economics may be used to meet the university social sciences requirement.

Satisfactory/Unsatisfactory Option

Courses outside the major field and ECON 1001, Principles of Microeconomics, and ECON 1002, Principles of Macroeconomics, may be taken on a satisfactory/unsatisfactory basis.

Prerequisites

All prerequisites for economics courses must be completed with a C- or better.

Degree Requirements

Candidates for the B.A. degree must take at least 33, but no more than 45, hours in economics. At least 27 hours must be above the 2000 level. All core courses for the major must be completed with a grade of C- or better.

The following core courses are required:

| | | |
|--------------|--|---|
| ECON 1001 | Principles of Microeconomics (MOTR ECON 102) | 3 |
| ECON 1002 | Principles of Macroeconomics (MOTR ECON 101) | 3 |
| ECON 2800 | History of American Economic Development | 3 |
| or ECON 2200 | Monetary Policy in Historical Perspective | |
| ECON 3001 | Intermediate Microeconomics | 3 |
| ECON 3002 | Intermediate Macroeconomics | 3 |
| ECON 3100 | Economic Data and Statistics | 3 |

Departmental Honors

A student may earn departmental honors with a GPA of 3.6 in economics and the recommendation of the department.

Complementary Areas of Study

The department encourages all majors to develop breadth in related disciplines. Course work and minors are available in a number of areas such as business administration, computer science, statistics, and political science. In addition, courses offered by the department are required for the B.S. in Actuarial Science (p. 392) and help satisfy the prerequisites for courses required for the Certificate in Actuarial Studies (p. 393) (p. 393) and have been approved by the Society of Actuaries (SOA) to satisfy the VEE requirements in Economics. Students should check with their advisers for recommendations concerning courses in these areas. The department suggests the following supplemental course work for students interested in pursuing doctoral-level graduate work in economics or careers in general business. It also encourages all students to obtain work experience by enrolling in the Internship in Applied Economics (ECON 4990).

General Business Preparation

It is recommended that students interested in pursuing careers in business also take:

| | | |
|--------------|--------------------------------------|---|
| ACCTNG 2400 | Fundamentals of Financial Accounting | 3 |
| ACCTNG 2410 | Managerial Accounting | 3 |
| BUS AD 2900 | Legal Environment of Business | 3 |
| FINANCE 3500 | Financial Management | 3 |
| MKTG 3700 | Principles of Marketing | 3 |

Learning Outcomes

- Use economic reasoning to interpret and evaluate social, political and economic arguments, and policies.
- Use mathematical methods to construct and analyze economic models and to analyze and interpret economic phenomena.

- Understand key market institutions such as property rights and contracts and economic organizations such as the Federal Reserve System and the International Monetary Fund and apply this knowledge to analyze economic behavior and evaluate public policy.
- Identify the causes and consequences of poverty and prosperity across and within societies.
- Predict changes in key macroeconomic variables in response to changes in social, political, and economic policy as well as non-economic events such as terrorist attacks, natural disasters, and changes in consumer confidence.
- Use basic statistical methods and statistical software to interpret and analyze economic data and relationships.
- Acquire a historical perspective through knowledge of the development of the U.S. economy and its key institutions.

Sample Four Year Plan

| First Year | | | |
|---|-------|---|-------|
| Fall | Hours | Spring | Hours |

| Total Hours: 120 | | | |

¹ INTDSC 1003 is required only for first-time freshmen and transfer students with less than 24 college credits.

Please Note: This plan is an example of what a four year plan could look like for a typical student. Placement exam scores in math as well as the completion of coursework may change the plan. It should not be used in the place of regular academic advising appointments. All students are

encouraged to meet with their advisor each semester. All requirements are subject to change.

Economics BS

Nearly every decision a person, business, or government makes involves trade-offs and can fall under the purview of economic analysis. In coursework for the Economics BS, students develop analytical and quantitative skills and apply their knowledge to a range of topics such as economic modeling, financial markets, and market analysis. Students also study the economy as a whole and analyze the sources of growth, recessions, and inflation, as well as government policies. The study of economics is an excellent way to learn how to apply analytical and quantitative skills to a range of interesting economic problems.

General Education Requirements

All undergraduate economics majors must meet the university and college general education requirements (p. 30). Candidates for the B.A. degree may take any foreign language to meet this requirement. Candidates for the B.S. degree take mathematics and quantitative courses instead of the foreign language requirement. Courses in economics may be used to meet the university social sciences requirement.

Satisfactory/Unsatisfactory Option

Courses outside the major field and ECON 1001, Principles of Microeconomics, and ECON 1002, Principles of Macroeconomics, may be taken on a satisfactory/unsatisfactory basis.

Prerequisites

All prerequisites for economics courses must be completed with a C- or better.

Degree Requirements

Candidates for the B.S. degree must complete at least 36, but no more than 50, hours in economics. At least 30 hours must be at or above the 2000 level. All core courses for the major must be completed with a grade of C- or better.

The following core courses are required:

| | | |
|--------------|--|-----|
| ECON 1001 | Principles of Microeconomics (MOTR ECON 102) | 3 |
| ECON 1002 | Principles of Macroeconomics (MOTR ECON 101) | 3 |
| ECON 3001 | Intermediate Microeconomics | 3 |
| ECON 3002 | Intermediate Macroeconomics | 3 |
| ECON 3100 | Economic Data and Statistics | 3 |
| ECON 4100 | Introduction to Econometrics | 4 |
| MATH 1800 | Analytic Geometry and Calculus I (strongly recommended) ¹ | 3-5 |
| or MATH 1100 | Basic Calculus | |

Select two of the following quantitative courses: 6-8

| | |
|-----------|--|
| ECON 4030 | Managerial Economics |
| ECON 4040 | Booms and Busts in the Economy: Data and Theory |
| ECON 4110 | Applied Econometrics |
| ECON 4120 | Time Series Econometrics for Economics and Finance |
| ECON 4130 | Business and Economic Forecasting |

| | |
|---|--|
| ECON 4150 | Mathematical Economics |
| ECON 4160 | Geospatial Analysis in the Social Sciences |
| ECON 4170 | Fundamentals of Cost-Benefit Analysis |
| Mathematics courses numbered 1900 or above with consent of advisor ¹ | |

¹ Note: mathematics courses used for this requirement do **not** count towards the 36 hours in economics requirement

Departmental Honors

A student may earn departmental honors with a GPA of 3.6 in economics and the recommendation of the department.

Complementary Areas of Study

The department encourages all majors to develop breadth in related disciplines. Course work and minors are available in a number of areas such as business administration, computer science, statistics, and political science. In addition, courses offered by the department are required for the B.S. in Actuarial Science (p. 392) and help satisfy the prerequisites for courses required for the Certificate in Actuarial Studies (p. 393) and have been approved by the Society of Actuaries (SOA) to satisfy the VEE requirements in Economics. Students should check with their advisers for recommendations concerning courses in these areas. The department suggests the following supplemental course work for students interested in pursuing doctoral-level graduate work in economics or careers in general business. It also encourages all students to obtain work experience by enrolling in the Internship in Applied Economics (ECON 4990) .

Graduate School Preparation

It is recommended that students considering doctoral-level graduate work in economics also take:

| | | |
|-----------|--|---|
| MATH 1900 | Analytic Geometry and Calculus II | 5 |
| MATH 2000 | Analytic Geometry and Calculus III | 5 |
| MATH 2020 | Introduction to Differential Equations | 3 |
| MATH 2450 | Elementary Linear Algebra | 3 |
| MATH 4100 | Real Analysis I | 3 |
| MATH 4200 | Mathematical Statistics I | 3 |

Learning Outcomes

- Use economic reasoning to interpret and evaluate social, political and economic arguments, and policies.
- Use mathematical methods to construct and analyze economic models and to analyze and interpret economic phenomena.
- Understand key market institutions such as property rights and contracts and economic organizations such as the Federal Reserve System and the International Monetary Fund and apply this knowledge to analyze economic behavior and evaluate public policy.
- Identify the causes and consequences of poverty and prosperity across and within societies.
- Predict changes in key macroeconomic variables in response to changes in social, political, and economic policy as well as non-economic events such as terrorist attacks, natural disasters, and changes in consumer confidence.

- Estimate, analyze, and interpret economic relationships using appropriate regression analysis techniques applied to economic data for use in business and policy applications.
- Write a research paper that employs sound economic reasoning and economic data that demonstrates the ability to model and interpret regression analysis of an economic relationship.

¹ INTDSC 1003 is required only for first-time freshmen and transfer students with less than 26 college credits.

Please Note: This plan is an example of what a four year plan could look like for a typical student. Placement exam scores in math as well as the completion of coursework may change the plan. It should not be used in the place of regular academic advising appointments. All students are encouraged to meet with their advisor each semester. All requirements are subject to change.

Economics BS/MA Dual Degree Program

The B.S./M.A. (also known as the “2+3”) program is an accelerated program that allows students to complete a B.S. and a M.A. in economics in five years. The program allows students to apply 12 of the M.A. credit hours towards the B.S., reducing the overall required hours for the two

degrees from the standard 150 (120 for the B.S. plus 30 for the M.A.) to 138 hours.

The M.A. in Economics requires 30 credit hours; at least 21 hours must be completed in residence.

The following 3 courses (9 credit hours) are required:

| | | |
|-----------|--------------------------------|---|
| ECON 5001 | Microeconomic Analysis | 3 |
| ECON 5002 | Macroeconomic Analysis | 3 |
| ECON 5100 | Econometric Theory and Methods | 3 |

In addition, 21 credit hours of electives must be completed. At most, six of these credit hours may be economics courses at the 4000 level (excluding ECON 4100 and ECON 4150 which cannot be utilized as part of the M.A. degree); all other electives must be at the 5000 level or higher.

Of the 30 hours taken in the M.A. program, 12 of these hours (per the approval of the Graduate Director) will also count toward the undergraduate B.S. requirements. All other requirements for the B.S. degree remain in effect.

Admission Requirements

Applicants must have completed between 60 and 108 credit hours. Applicants must have a minimum G.P.A. of 3.0 (both overall and in economics courses) and must be nominated by a full-time regular economics faculty member. Applicants must have completed all of the general education requirements as well as college algebra (or a higher level mathematics course), introductory microeconomics and introductory macroeconomics. Those accepted with fewer than 90 semester credit hours are accepted only on a provisional basis. Once the student has completed 90 semester hours of coursework (typically including ECON 3001, ECON 3002, ECON 3100, ECON 3200, MATH 1800, and preferably ECON 4100) with a satisfactory G.P.A. (minimum G.P.A. of 3.0 overall and in economics courses) the provisional status is dropped.

It is recommended that applicants apply when they have completed 90 credit hours; further, it is recommended that applicants should complete intermediate microeconomics (ECON 3001) and/or introductory econometrics (ECON 4100) before applying.

Awarding of Degree

Both degrees (the B.S. and M.A.) will be awarded when all requirements for the entire program have been completed. In other words, the B.S. and M.A. degrees will be simultaneously awarded at the completion of study.

Students who officially withdraw from the B.S./M.A. Dual Degree Program in Economics and who have successfully completed all of the requirements for the B.S. degree will be awarded the B.S. degree.

Economics MA

Admission Requirements

An undergraduate major in economics is not required for acceptance into the program. Application for admission may be submitted at any time, although class work formally begins in late August, mid-January, and mid-June. Candidates must meet the general admission requirements of the Graduate School, submit GRE scores (Advanced Economics optional), and submit two letters of recommendation from persons qualified to judge the candidate's potential for success in the program.

The admissions decision is based on the applicant's academic transcript, GRE scores, letters of recommendation, and a personal narrative on the application form.

Degree Requirements

The M.A. in Economics requires 30 credit hours; at least 21 hours must be completed in residence.

Candidates need not have an undergraduate degree in economics. However, students are expected to have taken intermediate micro- and macro-economics, mathematical economics, and introductory econometrics prior to the beginning of the core curriculum. Students that do not have these courses will take these courses first; credits earned in these courses do not count towards the 30 hours required for the MA.

Required Core Courses

The following courses or their equivalents are required for the M.A. in Economics. Students with previous education in economics or business may waive some of these courses.

| | | |
|-----------|--------------------------------|---|
| ECON 5001 | Microeconomic Analysis | 3 |
| ECON 5002 | Macroeconomic Analysis | 3 |
| ECON 5100 | Econometric Theory and Methods | 3 |

Electives

Candidates must complete at least 21 hours of electives. A maximum of 6 hours of economics electives may be taken at the 4000 level. With the approval of the graduate coordinator, students may take up to 9 hours of graduate courses outside the Department of Economics. In particular, students interested in business economics may take up to three approved graduate business courses for their electives.

Departmental Honors

A student may earn departmental honors with a GPA of 3.75 in all required courses for the M.A. degree and the recommendation of the department.

Complementary Areas of Study

Students with a public policy focus can complete the M.A. in Economics and the Public Policy Administration (PPA) Graduate Certificate in Policy and Program Evaluation (PPE) (p. 695). It is possible to earn the Certificate without any additional coursework beyond what is required for the M.A. alone.

Learning Outcomes

Upon completion of the program, graduates will be able to:

- Interpret and analyze economic models and assess their validity.
- Use theoretical and empirical tools to design effective business and government policies.
- Use econometric methods to interpret and analyze economic data, to assess the empirical validity of economic propositions, to evaluate policies, and to help inform business decisions.
- Develop at least one topic area of expertise through familiarity with the relevant scholarly and professional literatures, policy issues, institutions, and current data trends.
- Develop at least one methodological area of expertise through the acquisition of the theoretical and empirical tools needed to understand scholarly and professional contributions to the

literature to facilitate lifelong professional development and refinement of expertise.

- Write a professional quality research paper.
- Develop sufficient proficiency in the use of theoretical and empirical tools and in understanding of economic institutions to excel in a Ph.D. program.

Economics MA Accelerated Master's Degree

The Department of Economics offers an Accelerated MA degree program that allows students to simultaneously earn their BS and their MA in Economics in as few as 10 semesters. Students in the Accelerated MA program will complete the MA through coursework.

The combined program requires a minimum of 138 credit hours. Students accepted to the Accelerated MA degree program will be permitted to count up to 12 credit hours at the 4000-level or higher toward both the BS and MA degrees. The remaining 18 credit hours must be earned while in graduate status (after formal acceptance).

Any courses taken before provisional admission to the Accelerated MA program will apply to the undergraduate requirements only. Students are encouraged to work closely with the Undergraduate and MA Program Directors to ensure that required courses are timed appropriately.

Eligibility

Students will need to have fulfilled the core curriculum requirements prior to applying for the Accelerated MA program. The Department recommends applying during the student's Junior year (at about 90 credit hours toward the BS).

Admission Requirements

Provisional Admission

Applicants are considered for provisional admission if they meet the following criteria:

- Earned 75 hours as an undergraduate
- Completed MATH 1100 or MATH 1800 (preferred)
- Completed the at least twelve hours at the 3000-level including:
 - ECON 3001
 - ECON 3002
 - ECON 3100
- Have a minimum overall GPA of 3.0; likewise, a minimum GPA of 3.0 in Economics courses is required.

The Department also recommends that the student complete or be enrolled in ECON 4100, Introduction to Econometrics before applying.

The MA Program Director, in consultation with the Undergraduate Director, will determine whether the student can apply for provisional status. Graduate courses completed by undergraduate students who have been provisionally admitted to Accelerated Master's program will be charged at the undergraduate tuition rate; however, these courses will count toward the master's degree. These courses must be approved before the semester starts. Therefore, it is recommended to apply for provisional status as a junior, preferably in the first semester of junior year.

Graduate Admission

Students are considered for admission to the graduate school in their final semester as an undergraduate. Students should meet with the MA Program Director each semester. Applicants are considered for graduate admission if they meet the following criteria:

- Are in their final semester in undergraduate status
- Have a minimum GPA of 3.0 since being granted provisional status
- Have submitted at least one letter of recommendation from an UMSL Economics professor

The MA Program Director will determine whether the student can apply for graduate admission. Final decisions concerning graduate admission are made by the Graduate School in consultation with the Program Director. Students admitted at this stage are conferred graduate status and must continue taking courses with graduate status until the completion of the MA degree.

Program Requirements

The MA in Economics requires 30 credit hours (10 courses); at least 21 credit hours must be completed in residence.

The following 3 courses (9 credit hours) are required:

| | | |
|-----------|--------------------------------|---|
| ECON 5001 | Microeconomic Analysis | 3 |
| ECON 5002 | Macroeconomic Analysis | 3 |
| ECON 5100 | Econometric Theory and Methods | 3 |

In addition, 21 credit hours of electives must be completed; up to nine credit hours may be outside of Economics with the approval of the Graduate Program Director. At most, six of these credit hours may be economics courses at the 4000 level (excluding ECON 4100, ECON 4150 and ECON 4550 which cannot be utilized as part of the MA degree); all other electives must be at the 5000 level or higher.

Typically, the student will complete ECON 5001 and three electives while still in provisional status. The final year (in grad status) will be comprised of ECON 5002, ECON 5100 and four electives.

Awarding of Degrees

The student may apply for and receive the bachelor's degree in the semester when all the undergraduate requirements are completed. In their final semester in undergraduate status, the student must apply and be admitted to the graduate program, to begin the following semester. The student will apply to receive the master's degree in the semester that the requirements for the graduate degree will be completed.

If the student fails to enroll for more than one year after receiving the bachelor's degree, the student can still earn the master's degree, but the graduate-level credits earned as an undergraduate cannot be used for the graduate degree.

Economics MA, Business Economics Emphasis

Admission Requirements

An undergraduate major in economics is not required for acceptance into the program. Application for admission may be submitted at any time,

although class work formally begins in late August, mid-January, and mid-June. Candidates must meet the general admission requirements of the Graduate School, submit GRE scores (Advanced Economics optional), and submit two letters of recommendation from persons qualified to judge the candidate's potential for success in the program.

The admissions decision is based on the applicant's academic transcript, GRE scores, letters of recommendation, and a personal narrative on the application form.

Degree Requirements

Like the General Option of the Economics MA, the Business Economics option requires 30 credit hours. Subject to approval from the Director of Graduate Studies, as many as nine credit hours may be waived based on previously completed graduate education. Independent of any waived courses, the 30 credit-hour program must be completed within a six-year period. A minimum of 21 credit hours must be completed while enrolled in the MA program at UMSL.

Required Courses

| | | |
|-----------|--------------------------------|---|
| ECON 5001 | Microeconomic Analysis | 3 |
| ECON 5002 | Macroeconomic Analysis | 3 |
| ECON 5100 | Econometric Theory and Methods | 3 |

Electives

Financial Economics Electives (Choose 3 courses)

| | |
|-----------|---|
| ECON 5120 | Advanced Topics In Time Series Econometrics |
| ECON 5200 | Advanced Monetary Theory and Policy |
| ECON 5210 | |
| ECON 5300 | |
| ECON 5301 | |

Finance Electives (Choose 2 or 3 courses)

| | |
|--------------|---|
| FINANCE 6500 | Financial Management |
| FINANCE 6520 | Security Analysis |
| FINANCE 6521 | Financial Forensics: The Science of Derivatives |
| FINANCE 6580 | International Financial Management |

Other Electives (choose 1 or 2 courses)

| |
|--|
| Any Economics 5000-level course not used above and approved by the Department Director of Graduate Studies |
| Any Economics 4000-level elective approved by Department Director of Graduate Studies |

Total Hours **30**

Departmental Honors

A student may earn departmental honors with a GPA of 3.75 in all required courses for the M.A. degree and the recommendation of the department.

Complementary Areas of Study

Students with a public policy focus can complete the M.A. in Economics and the Public Policy Administration (PPA) Graduate Certificate in Policy and Program Evaluation (PPE) (p. 695). It is possible to earn the Certificate without any additional coursework beyond what is required for the M.A. alone.

Economics Minor

Candidates for a minor in economics must take a minimum of 15 hours in economics.

The following courses are required:

| | | |
|-----------|--|---|
| ECON 1001 | Principles of Microeconomics (MOTR ECON 102) | 3 |
| ECON 1002 | Principles of Macroeconomics (MOTR ECON 101) | 3 |

For the remaining 9 hours, 3 hours must be at or above the 2000 level and 6 hours must be at or above the 3000 level. It is recommended that students take ECON 3001, Intermediate Economic Theory: Microeconomics and/or ECON 3002, Intermediate Economic Theory: Macroeconomics. ECON 3100, Economic Statistics, cannot be counted towards the economics minor if the student has also taken SCMA 3300 or the equivalent.

A GPA of 2.0 or better is required for courses presented for the minor. The satisfactory/ unsatisfactory (s/u) option may be applied to ECON 1001 and only.

Learning Outcomes

- Apply the concepts of choice and opportunity cost to basic situations involving scarcity, and be able to clearly identify feasible choices.
- Understand supply, demand, and how markets operate and be able to identify welfare outcomes for consumers and producers.
- Understand the determination of the growth and short-run fluctuations of an economy.
- Appraise how government policies, monetary policies and fiscal policies in particular, affect output, unemployment, inflation and growth.

Education Administration EdS

The Ed.S. is designed for individuals who want to take their career, and their ability, to the next level. Students in the Ed.S. program may choose a plan of study that will prepare them for one of three Missouri Department of Elementary and Secondary Education (DESE) certification areas: Superintendent, Special Education Program Director, and Initial Principal Certification. Please note, the superintendent certification track is an online cohort program in collaboration with colleagues at the University of Missouri - Columbia and the University of Missouri - Kansas City.

The Ed.S. in Education Administration requires at least sixty (60) graduate credit hours of a planned program and may include no more than thirty (30) credit hours of an approved master's degree. One-half of all hours must be completed at UMSL.

Admission Standards

To be admitted to the Ed.S. in Education Administration program students must meet the following criteria:

1. Be admitted without qualification to the UMSL Graduate School;
2. Have a grade point average of at least 3.0 on a scale of 4.00 in graduate studies in education (Master's degree) from an accredited institution;

3. Have on file at least three (3) recommendations including the following: one (1) from an educator presently occupying a position equal or similar to that which the applicant aspires upon completing the Ed.S. and one (1) from someone other than a member of the applicant's family who can comment on the applicant's character;

4. Applicants must have a minimum of two years teaching experience. For candidates seeking superintendent certification, a current principal certification and experience as a building-level leader is preferred.

Degree Requirements

There are three distinct plans of study for individuals seeking an Ed.S. Degree. Each candidate must complete the following core courses or an equivalent. Courses may have been taken as part of a master's degree program.

| | | |
|--------------------|--|-----------|
| ED ADM 6205 | Legal Contexts of Education | 3 |
| ED ADM 6701 | Leadership for Equity | 3 |
| ED ADM 6702 | Supervision in Education Organizations | 3 |
| ED ADM 6714 | K-12 School Administration | 3 |
| TCH ED 6411 | Curriculum Leadership in Education | 3 |
| Total Hours | | 15 |

Education Administration EdS, Executive Superintendency Emphasis

The Ed.S. is designed for individuals who want to take their career, and their ability, to the next level. Students in the Ed.S. program may choose a plan of study that will prepare them for one of three Missouri Department of Elementary and Secondary Education (DESE) certification areas: Superintendent, Special Education Program Director, and Initial Principal Certification. Please note, the superintendent certification track is an online cohort program in collaboration with colleagues at the University of Missouri - Columbia and the University of Missouri - Kansas City.

The Ed.S. in Education Administration requires at least sixty (60) graduate credit hours of a planned program and may include no more than thirty (30) credit hours of an approved master's degree. One-half of all hours must be completed at UMSL.

Admission Standards

To be admitted to the Ed.S. in Education Administration program students must meet the following criteria:

1. Be admitted without qualification to the UMSL Graduate School;
2. Have a grade point average of at least 3.0 on a scale of 4.00 in graduate studies in education (Master's degree) from an accredited institution;
3. Have on file at least three (3) recommendations including the following: one (1) from an educator presently occupying a position equal or similar to that which the applicant aspires upon completing the Ed.S. and one (1) from someone other than a member of the applicant's family who can comment on the applicant's character;

4. Applicants must have a minimum of two years teaching experience. For candidates seeking superintendent certification, a current principal certification and experience as a building-level leader is preferred.

Degree Requirements

There are three distinct plans of study for individuals seeking an Ed.S. Degree. Each candidate must complete the following core courses or an equivalent. Courses may have been taken as part of a master's degree program.

| | | |
|--------------------|--|-----------|
| ED ADM 6205 | Legal Contexts of Education | 3 |
| ED ADM 6701 | Leadership for Equity | 3 |
| ED ADM 6702 | Supervision in Education Organizations | 3 |
| ED ADM 6714 | K-12 School Administration | 3 |
| TCH ED 6411 | Curriculum Leadership in Education | 3 |
| Total Hours | | 15 |

Emphasis Area Requirements

This plan of study prepares students with a current principal certification and building-level leadership experience to become inquiring, reflective school leaders at the district level. This unique online program is a collaboration with three campuses in the University of Missouri System: Columbia, Kansas City, and St. Louis. Students will work with students enrolled at the partner universities and receive instruction from professors at the different institutions based on expertise and experience. The program aligns with the Missouri Department of Elementary and Secondary Education (DESE) and the Missouri Leadership Standards for superintendent certification. We serve a diverse population of graduate students who are making a positive difference in students' lives.

For students who have obtained an approved master's degree in education administration (minimum 30 credit hours), the Ed.S. is an additional 30 credit hours (Minimum of 60 total credit hours). Candidates should consult with an advisor to ensure their courses align to specific certification requirements.

Internships and State Assessments

Students will complete a total of three semester hours of an internship during the fall and/or spring semester. An approved mentor, usually in the school district in which the student is employed, must be approved by the student's advisor. The mentor must be serving in an assistant superintendent or superintendent capacity, must have superintendent certification, and must have an Ed.S. or doctoral degree. The internship requires an action research project which will serve as a capstone examination for the program.

To be certified, students must take the appropriate content exam as required by the Missouri Department of Elementary and Secondary Education.

The plan of study for this certification area is below:

| | | |
|-------------|--|---|
| ED ADM 5626 | Theories of Educational Administration | 3 |
| ED ADM 5627 | Advanced Education Supervision | 3 |
| ED ADM 6301 | Education Policy Analysis | 3 |
| ED ADM 6305 | School District Administration | 3 |
| ED ADM 6402 | School Personnel Administration | 3 |

| | | |
|--------------------|--|-----------|
| ED ADM 6403 | Problems in School Public Relations | 3 |
| ED ADM 6501 | Principles of Public School Finance in Missouri | 3 |
| ED ADM 6424 | Educational Leadership: Superintendent as Instructional Leader | 3 |
| ED ADM 6435 | Superintendent: Legal Leadership and Management | 3 |
| ED ADM 6903 | Superintendent Clinical Experience | 3 |
| Total Hours | | 30 |

Education MEd Accelerated Master's, Interdisciplinary Studies Emphasis Area

Eligibility

The eligibility requirements are designed to allow Bachelor of Science in Education students to enter the Accelerated Master's Degree program during a short window of time during the senior year. Entry requirements take into account successful completion of multiple measures to be admitted to the Teacher Education Program (TEP).

Students will need to have fulfilled (or be concurrently enrolled in) all B.S. Ed. required coursework prior to applying for the Accelerated M.Ed. program, with the exception of Practicum II coursework (ECH ED 4990, ELE ED 4990, ELE ED 4993, ELE ED 4995, HLTH PE 4990, SEC ED 4990).

Admission Requirements

Provisional Admission

Applicants will be considered for provisional admission if they meet the following criteria.

- Met the approved requirements to be admitted to the Teacher Education Program (TEP).
- Applied for and been accepted to Practicum I.
- Have a minimum GPA of 3.0.

Twelve hours of practicum coursework completed by undergraduate students who have been provisionally admitted to Accelerated Master's program will be charged at the undergraduate tuition rate; however, these courses will count toward the master's degree. It is recommended that students apply for provisional status no later than the first semester of their senior year.

Graduate Admission

Students are considered for formal admission to the Graduate School each semester after being granted provisional status. Applicants are considered for formal admission if they meet the following criteria.

- Received provisional admission to the Accelerated M.Ed.
- Enrolled in Practicum II.
- Eligible for the B.S.Ed. degree.
- Have met with their academic advisor and developed a plan of study for the M.Ed.

Final decisions concerning formal admission are made by the Graduate School in consultation with the COE Program Director. Students admitted

at this stage are conferred graduate status and continue taking courses in graduate status until the completion of the M.Ed. degree.

Awarding of Degrees

The student must apply for and receive the bachelor's degree in the semester when all the undergraduate requirements are completed. In that semester, the student must also apply and be admitted to the graduate program, to begin in the semester following the awarding of the undergraduate degree. The student will apply to receive the master's degree in the semester that the requirements for the graduate degree will be completed.

If the student fails to enroll for more than one year after receiving the bachelor's degree, the student can still earn the master's degree, but the graduate-level credits earned as an undergraduate cannot be used for the graduate degree.

Program Requirements

Candidates for the Accelerated Master's Degree in Education: Interdisciplinary Studies must complete the following for a total of 30 credit hours:

| Practicum II Course | | 12 |
|---|---|-----------|
| One of the following as determined by the candidate's B.S.Ed. degree requirements | | |
| ECH ED 4990 | Practicum II: Early Childhood Education/Early Childhood Special Education Site Based Experience | |
| ELE ED 4990 | Practicum II: Elementary/Special Education Site Based Experience | |
| ELE ED 4993 | Practicum II: Elementary/Special Education/TESOL Site-Based Experience | |
| ELE ED 4995 | Practicum II: Elementary/TESOL Site-Based Experience | |
| HLTH PE 4990 | Practicum II: 16-Week Site-Based Experience in Health and Physical Education | |
| SEC ED 4990 | Practicum II: Site-Based Experience | |
| Graduate Courses | | |
| TCH ED 6010 | Examining History, Community and Social Justice in Education | 3 |
| TCH ED 6030 | Instruction, Learning, and Assessment | 3 |
| TCH ED 6909 | Teacher Action Research I | 3 |
| TCH ED 6910 | Teacher Action Research Capstone | 3 |
| Graduate-level Electives | | 6 |
| Total Hours | | 30 |

Education MEd, Curriculum and Instruction Emphasis

The Master's Degree in Education is an accredited program appropriate for K-12 teachers, specialists, department chairpersons, and those who work in informal learning or international educational settings. Candidates choose electives that will support their personal growth and development as an educational leader to impact the communities with which they work.

Diverse candidates will engage in a learner-centered environment committed to the success of historically marginalized and diverse students, research, and community engagement. Within diverse education settings, candidates will: advance pedagogical knowledge, recognize inequalities in educational opportunity, design differentiated assessments to inform practice, critically examine professional practice, and demonstrate commitment to ethical professional practice.

It is important that both candidates and advisors plan ahead to ensure courses are taken when they are offered in the schedule. Programs must be planned with an academic advisor and meet the approval of the faculty advisor, adhering to the College of Education and UMSL Graduate School policies.

The M.Ed. with an emphasis in Curriculum and Instruction is designed for graduate candidates who wish to further their competencies as educators, curriculum specialists, or instructional leaders. Educators must develop evidence-based, socially just, and differentiated curriculum to prepare all learners for a digital, global society. This emphasis area explores common issues in curriculum design, implementation, and leadership in K-12 environments. Candidates will create cutting-edge curriculum and design innovative instruction for their educational settings.

Admission Requirements

Applicants must meet the general graduate admission requirements of the Graduate School, described in the UMSL catalog. Students are considered for admission to the graduate program in Education only after they have formally applied for admission through the Graduate School. Applications may be completed on-line.

Degree Requirements

Curricular Program

The M.Ed. in Education consists of 4 required courses (12 hours) plus candidate choice from emphasis areas and electives (18 hours) for a total of 30 hours. Program requirements are met by:

- (a) completing 2 required foundation courses (6 hours) toward the beginning of the M.Ed. program
- (b) completing the coursework for an emphasis area and/or electives (18 hours)
- (c) completing the 2 exit research capstone classes (6 hours)

Most emphasis areas indicate 3-6 required courses. In addition, electives allow candidates to construct an individualized set of target courses. Transfer graduate credit from another institution may also fit into elective hours.

Candidates seeking certifications with the master's program may require additional coursework and State of Missouri assessments (Reading, TESOL, initial teacher certification).

Required Core

Students are required to complete the following courses within the first 15 hours of study.

| | | |
|-------------|--|---|
| TCH ED 6010 | Examining History, Community and Social Justice in Education | 3 |
| TCH ED 6030 | Instruction, Learning, and Assessment ¹ | 3 |

Required Research Courses

These two research courses should be taken in sequence (not concurrently) at the end of the program. Candidates will design and execute a piece of original practitioner research and present their findings in a public forum.

| | | |
|--------------------|----------------------------------|-----------|
| TCH ED 6909 | Teacher Action Research I | 3 |
| TCH ED 6910 | Teacher Action Research Capstone | 3 |
| Total Hours | | 12 |

¹ Students earning the TESOL emphasis area will be required to take TCH ED 6240 instead of TCH ED 6030 in order to meet state certification requirements.

Specific Requirements for the Emphasis Area

In addition to the required courses above (12 hours), candidates seeking an emphasis in Curriculum and Instruction are required to complete the following coursework (18 hours) for a program total of 30 hours.

| | | |
|--------------------|---|-----------|
| ELE ED 6411 | Curriculum Leadership Elementary Programs | 3 |
| TCH ED 6422 | Curriculum Design of K-12 Programs | 3 |
| TCH ED 6423 | Learning Through Inquiry | 3 |
| Graduate Electives | | 9 |
| Total Hours | | 18 |

Learning Outcomes

Upon completion of the program, graduates will be able to:

- Demonstrate professionalism through (a) reflective practice for professional growth, (b) effective communication and collaboration, and (c) commitment to upholding ethical and professional standards.
- Evaluate, design, and implement curriculum, instruction, and assessment that apply advanced understanding of (a) content and pedagogical knowledge, (b) learning science principles, and (c) equitable frameworks and inclusive practices.
- Integrate technologies to create meaningful student learning in the context of a (a) digital and (b) global society.
- Design and implement a supportive, inclusive, and culturally responsive classroom environment that nurtures the intellectual, social, and emotional development of all students.
- Partner with families and communities to develop relationships and build networks of support to enhance student learning and well-being.

Education MEd, Early Childhood Education Emphasis

The Master's Degree in Education is an accredited program appropriate for K-12 teachers, specialists, department chairpersons, and those who work in informal learning or international educational settings. Candidates choose electives that will support their personal growth and development as an educational leader to impact the communities with which they work.

Diverse candidates will engage in a learner-centered environment committed to the success of historically marginalized and diverse students, research, and community engagement. Within diverse education settings, candidates will: advance pedagogical knowledge, recognize inequalities in educational opportunity, design differentiated assessments to inform

practice, critically examine professional practice, and demonstrate commitment to ethical professional practice.

It is important that both candidates and advisors plan ahead to ensure courses are taken when they are offered in the schedule. Programs must be planned with an academic advisor and meet the approval of the faculty advisor, adhering to the College of Education and UMSL Graduate School policies.

The M.Ed with an emphasis in Early Childhood Education is designed to enable candidates to further their competencies as teachers or program administrators in public and private early childhood programs. Early childhood education also prepares candidates for positions in community agencies that support families and young children.

Admission Requirements

Applicants must meet the general graduate admission requirements of the Graduate School, described in the UMSL catalog. Students are considered for admission to the graduate program in Education only after they have formally applied for admission through the Graduate School. Applications may be completed on-line.

Degree Requirements

Curricular Program

The M.Ed. in Education consists of 4 required courses (12 hours) plus candidate choice from emphasis areas and electives (18 hours) for a total of 30 hours. Program requirements are met by:

- (a) completing 2 required foundation courses (6 hours) toward the beginning of the M.Ed. program
- (b) completing the coursework for an emphasis area and/or electives (18 hours)
- (c) completing the 2 exit research capstone classes (6 hours)

Most emphasis areas indicate 3-6 required courses. In addition, electives allow candidates to construct an individualized set of target courses. Transfer graduate credit from another institution may also fit into elective hours.

Candidates seeking certifications with the master’s program may require additional coursework and State of Missouri assessments (Reading, TESOL, initial teacher certification).

Required Core

Students are required to complete the following courses within the first 15 hours of study.

| | | |
|-------------|--|---|
| TCH ED 6010 | Examining History, Community and Social Justice in Education | 3 |
| TCH ED 6030 | Instruction, Learning, and Assessment ¹ | 3 |

Required Research Courses

These two research courses should be taken in sequence (not concurrently) at the end of the program. Candidates will design and execute a piece of original practitioner research and present their findings in a public forum.

| | | |
|-------------|----------------------------------|---|
| TCH ED 6909 | Teacher Action Research I | 3 |
| TCH ED 6910 | Teacher Action Research Capstone | 3 |

| | | |
|-------------|--|----|
| Total Hours | | 12 |
|-------------|--|----|

¹ Students earning the TESOL emphasis area will be required to take TCH ED 6240 instead of TCH ED 6030 in order to meet state certification requirements.

Specific Requirements for the Emphasis Area

In addition to the Required M.Ed. Core (12 hours), candidates seeking an emphasis in Early Childhood are required to complete the following coursework (18 hours) for a program total of 30 hours.

Required:

| | | |
|----------------|--|----|
| ECH ED 6412 | Foundations of Early Childhood Education | 3 |
| ECH ED 6413 | Educational Role of Play | 3 |
| ECH ED 6415 | Organization and Development of Early Childhood Programs | 3 |
| ED PSY 6215 | Psychology of Early Childhood Development | 3 |
| Elective hours | | 6 |
| Total Hours | | 18 |

Learning Outcomes

Upon completion of the program, graduates will be able to:

- Demonstrate professionalism through (a) reflective practice for professional growth, (b) effective communication and collaboration, and (c) commitment to upholding ethical and professional standards.
- Evaluate, design, and implement curriculum, instruction, and assessment that apply advanced understanding of (a) content and pedagogical knowledge, (b) learning science principles, and (c) equitable frameworks and inclusive practices.
- Integrate technologies to create meaningful student learning in the context of a (a) digital and (b) global society.
- Design and implement a supportive, inclusive, and culturally responsive classroom environment that nurtures the intellectual, social, and emotional development of all students.
- Partner with families and communities to develop relationships and build networks of support to enhance student learning and well-being.

Education MEd, Elementary and Special Education Teacher Certification Emphasis

The Master’s Degree in Education is an accredited program appropriate for K-12 teachers, specialists, department chairpersons, and those who work in informal learning or international educational settings. Candidates choose electives that will support their personal growth and development as an educational leader to impact the communities with which they work.

Diverse candidates will engage in a learner-centered environment committed to the success of historically marginalized and diverse students, research, and community engagement. Within diverse education settings, candidates will: advance pedagogical knowledge, recognize inequalities in educational opportunity, design differentiated assessments to inform practice, critically examine professional practice, and demonstrate commitment to ethical professional practice.

This program of study is for individuals with a bachelor's degree who would like to pursue elementary teacher certification and the Master's Degree in Education. This option leads to Missouri Initial Teacher Certification in Elementary Teaching 1-6 with an add-on in Mild/Moderate Cross-Categorical Disabilities, K-12 Special Education.

It is important that both candidates and advisors plan ahead to ensure courses are taken when they are offered in the schedule. Programs must be planned with an academic advisor and meet the approval of the faculty advisor, adhering to the College of Education and UMSL Graduate School policies.

Admission Requirements

Applicants must meet the general graduate admission requirements of the Graduate School, described in the UMSL catalog. Students are considered for admission to the graduate program in Education only after they have formally applied for admission through the Graduate School. Applications may be completed on-line.

Degree Requirements

Curricular Program

The M.Ed. in Education consists of 4 required courses (12 hours) plus candidate choice from emphasis areas and electives (18 hours) for a total of 30 hours. Program requirements are met by:

- (a) completing 2 required foundation courses (6 hours) toward the beginning of the M.Ed. program

Students are required to complete the following courses within the first 15 hours of study.

| | | |
|-------------|--|---|
| TCH ED 6010 | Examining History, Community and Social Justice in Education | 3 |
| TCH ED 6030 | Instruction, Learning, and Assessment ¹ | 3 |

Required Research Courses

These two research courses should be taken in sequence (not concurrently) at the end of the program. Candidates will design and execute a piece of original practitioner research and present their findings in a public forum.

| | | |
|-------------|----------------------------------|---|
| TCH ED 6909 | Teacher Action Research I | 3 |
| TCH ED 6910 | Teacher Action Research Capstone | 3 |

Total Hours **12**

¹ Students earning the TESOL emphasis area will be required to take TCH ED 6240 instead of TCH ED 6030 in order to meet state certification requirements.

Specific Requirements for the Emphasis Area

In addition to the admission requirements above, candidates must meet the following admission requirements for the Option in Teacher Certification:

1. A passing score on the designated Missouri Content Examination or an approved program of study
2. A 2.75 or higher overall GPA
3. Approved results of the Family Care Safety Registry
4. A clear TB test or chest x-ray, if appropriate

In addition to the required courses above (12 hours), candidates seeking an Elementary and Special Education Teacher Emphasis are required to complete the following coursework:

Required Certification Courses

| | | |
|--------------|---|---|
| TCH ED 5001 | Advanced Mid-Level Clinical Experience: Diverse Learners | 1 |
| TCH ED 5310 | Instructional Design and Technology Integration for Educators | 3 |
| TCH ED 6565 | Integrating the Fine Arts into Elementary Classrooms | 2 |
| TCH ED 6566 | Teaching Health and Physical Education Skills and Concepts for the Elementary Teacher | 2 |
| ED PSY 6222 | Advanced Studies in Child and Adolescent Development | 3 |
| ELE ED 6337 | Teaching and Learning Literacy in the Elementary Classrooms: Teaching Reading and Writing | 3 |
| ELE ED 6342 | Addressing the Mathematical Needs of Students | 3 |
| SPEC ED 6412 | Foundations of Inclusive Education | 3 |
| SPEC ED 6315 | Speech and Language Interventions for Children with Disabilities | 3 |
| SPEC ED 6325 | Positive Behavior Interventions for Individual, Classroom, and School-wide Systems | 3 |
| ELE ED 6338 | Literacy Assessment for Guided Instruction | 3 |
| ELE ED 6241 | Science Content, Inquiry-Based Instruction, and Assessment: STEM-Integrated Pedagogy | 2 |
| ELE ED 6246 | Math Content Pedagogy, Inquiry-Based Instruction, and Assessment | 3 |
| ELE ED 6253 | Teaching Social Studies through Reading, Writing, and English Language Learning | 3 |
| SPEC ED 6342 | Advanced Transition Issues and Planning | 3 |
| SPEC ED 6346 | Reading Instruction and Intervention in Special Education | 3 |
| SPEC ED 6415 | Disability Law and Policy | 3 |

| | | |
|--------------------|--|-----------|
| ELE ED 5989 | Practicum I: Elementary/Special Education Site-Based Experience | 2 |
| ELE ED 5990 | Practicum II: Elementary/Special Education Site-Based Experience | 8 |
| Total Hours | | 56 |

Learning Outcomes

Upon completion of the program, graduates will be able to:

- Demonstrate professionalism through (a) reflective practice for professional growth, (b) effective communication and collaboration, and (c) commitment to upholding ethical and professional standards.
- Evaluate, design, and implement curriculum, instruction, and assessment that apply advanced understanding of (a) content and pedagogical knowledge, (b) learning science principles, and (c) equitable frameworks and inclusive practices.
- Integrate technologies to create meaningful student learning in the context of a (a) digital and (b) global society.
- Design and implement a supportive, inclusive, and culturally responsive classroom environment that nurtures the intellectual, social, and emotional development of all students.
- Partner with families and communities to develop relationships and build networks of support to enhance student learning and well-being.

Education MEd, Elementary Teacher Certification

The Master's Degree in Education is an accredited program appropriate for K-12 teachers, specialists, department chairpersons, and those who work in informal learning or international educational settings. Candidates choose electives that will support their personal growth and development as an educational leader to impact the communities with which they work.

Diverse candidates will engage in a learner-centered environment committed to the success of historically marginalized and diverse students, research, and community engagement. Within diverse education settings, candidates will: advance pedagogical knowledge, recognize inequalities in educational opportunity, design differentiated assessments to inform practice, critically examine professional practice, and demonstrate commitment to ethical professional practice.

This program of study is for individuals with a bachelor's degree who would like to pursue elementary teacher certification and the Master's Degree in Education. This option leads to Missouri Initial Teacher Certification in Elementary Teaching 1-6. It is important that both candidates and advisors plan ahead to ensure courses are taken when they are offered in the schedule. Programs must be planned with an academic advisor and meet the approval of the faculty advisor, adhering to the College of Education and UMSL Graduate School policies.

Admission Requirements

Applicants must meet the general graduate admission requirements of the Graduate School, described in the UMSL catalog. Students are considered for admission to the graduate program in Education only after they have formally applied for admission through the Graduate School. Applications may be completed on-line.

Degree Requirements

Curricular Program

The M.Ed. in Education consists of 4 required courses (12 hours) plus candidate choice from emphasis areas and electives (18 hours) for a total of 30 hours. Program requirements are met by:

- (a) completing 2 required foundation courses (6 hours) toward the beginning of the M.Ed. program
- (b) completing the coursework for an emphasis area and/or electives (18 hours)
- (c) completing the 2 exit research capstone classes (6 hours)

Most emphasis areas indicate 3-6 required courses. In addition, electives allow candidates to construct an individualized set of target courses. Transfer graduate credit from another institution may also fit into elective hours.

Candidates seeking certifications with the master's program may require additional coursework and State of Missouri assessments (Reading, TESOL, initial teacher certification).

Required Core

Students are required to complete the following courses within the first 15 hours of study.

| | | |
|-------------|--|---|
| TCH ED 6010 | Examining History, Community and Social Justice in Education | 3 |
| TCH ED 6030 | Instruction, Learning, and Assessment ¹ | 3 |

Required Research Courses

These two research courses should be taken in sequence (not concurrently) at the end of the program. Candidates will design and execute a piece of original practitioner research and present their findings in a public forum.

| | | |
|-------------|----------------------------------|---|
| TCH ED 6909 | Teacher Action Research I | 3 |
| TCH ED 6910 | Teacher Action Research Capstone | 3 |

Total Hours **12**

¹ Students earning the TESOL emphasis area will be required to take TCH ED 6240 instead of TCH ED 6030 in order to meet state certification requirements.

Specific Requirements for the Emphasis Area

In addition to the admission requirements above, candidates must meet the following admission requirements for the Option in Teacher Certification:

1. A passing score on the designated Missouri Content Examination or an approved program of study
2. A 2.75 or higher overall GPA
3. Approved results of the Family Care Safety Registry
4. A clear TB test or chest x-ray, if appropriate

Applicants must meet all deadlines as set by the Graduate School.

In addition to the required courses above (12 hours), candidates seeking an Elementary Teacher Certification Emphasis are required to complete the following coursework:

Required Certification Core Courses

| | | |
|--------------------|---|-----------|
| TCH ED 5001 | Advanced Mid-Level Clinical Experience: Diverse Learners | 1 |
| TCH ED 6565 | Integrating the Fine Arts into Elementary Classrooms | 2 |
| TCH ED 6566 | Teaching Health and Physical Education Skills and Concepts for the Elementary Teacher | 2 |
| TCH ED 6030 | Instruction, Learning, and Assessment | 3 |
| ED PSY 6222 | Advanced Studies in Child and Adolescent Development | 3 |
| TCH ED 5310 | Instructional Design and Technology Integration for Educators | 3 |
| ELE ED 6337 | Teaching and Learning Literacy in the Elementary Classrooms: Teaching Reading and Writing | 3 |
| SPEC ED 6412 | Foundations of Inclusive Education | 3 |
| SPEC ED 6325 | Positive Behavior Interventions for Individual, Classroom, and School-wide Systems | 3 |
| ELE ED 6338 | Literacy Assessment for Guided Instruction | 3 |
| ELE ED 6253 | Teaching Social Studies through Reading, Writing, and English Language Learning | 3 |
| ELE ED 6246 | Math Content Pedagogy, Inquiry-Based Instruction, and Assessment | 3 |
| ELE ED 6241 | Science Content, Inquiry-Based Instruction, and Assessment: STEM-Integrated Pedagogy | 2 |
| ELE ED 5989 | Practicum I: Elementary/Special Education Site-Based Experience | 2 |
| ELE ED 5990 | Practicum II: Elementary/Special Education Site-Based Experience | 8 |
| Total Hours | | 44 |

Learning Outcomes

Upon completion of the program, graduates will be able to:

- Demonstrate professionalism through (a) reflective practice for professional growth, (b) effective communication and collaboration, and (c) commitment to upholding ethical and professional standards.
- Evaluate, design, and implement curriculum, instruction, and assessment that apply advanced understanding of (a) content and pedagogical knowledge, (b) learning science principles, and (c) equitable frameworks and inclusive practices.
- Integrate technologies to create meaningful student learning in the context of a (a) digital and (b) global society.
- Design and implement a supportive, inclusive, and culturally responsive classroom environment that nurtures the intellectual, social, and emotional development of all students.
- Partner with families and communities to develop relationships and build networks of support to enhance student learning and well-being.

Education MEd, Interdisciplinary Studies

The Master's Degree in Education is an accredited program appropriate for K-12 teachers, specialists, department chairpersons, and those who work in informal learning or international educational settings. Candidates choose electives that will support their personal growth and development as an educational leader to impact the communities with which they work.

Diverse candidates will engage in a learner-centered environment committed to the success of historically marginalized and diverse students, research, and community engagement. Within diverse education settings, candidates will: advance pedagogical knowledge, recognize inequalities in educational opportunity, design differentiated assessments to inform practice, critically examine professional practice, and demonstrate commitment to ethical professional practice.

It is important that both candidates and advisors plan ahead to ensure courses are taken when they are offered in the schedule. Programs must be planned with an academic advisor and meet the approval of the faculty advisor, adhering to the College of Education and UMSL Graduate School policies.

The M.Ed. with an emphasis in Interdisciplinary Studies is designed for graduate candidates who seek professional growth and advancement in the field of education. The Interdisciplinary Studies program allows candidates to design a master's program that meets their unique needs and professional goals.

Admission Requirements

Applicants must meet the general graduate admission requirements of the Graduate School, described in the UMSL catalog. Students are considered for admission to the graduate program in Education only after they have formally applied for admission through the Graduate School. Applications may be completed on-line.

Degree Requirements**Curricular Program**

The M.Ed. in Education consists of 4 required courses (12 hours) plus candidate choice from emphasis areas and electives (18 hours) for a total of 30 hours. Program requirements are met by:

- (a) completing 2 required foundation courses (6 hours) toward the beginning of the M.Ed. program
- (b) completing the coursework for an emphasis area and/or electives (18 hours)
- (c) completing the 2 exit research capstone classes (6 hours)

Most emphasis areas indicate 3-6 required courses. In addition, electives allow candidates to construct an individualized set of target courses. Transfer graduate credit from another institution may also fit into elective hours.

Candidates seeking certifications with the master's program may require additional coursework and State of Missouri assessments (Reading, TESOL, initial teacher certification).

Required Core

Students are required to complete the following courses within the first 15 hours of study.

| | | |
|---|--|-----------|
| TCH ED 6010 | Examining History, Community and Social Justice in Education | 3 |
| TCH ED 6030 | Instruction, Learning, and Assessment ¹ | 3 |
| Required Research Courses | | |
| These two research courses should be taken in sequence (not concurrently) at the end of the program. Candidates will design and execute a piece of original practitioner research and present their findings in a public forum. | | |
| TCH ED 6909 | Teacher Action Research I | 3 |
| TCH ED 6910 | Teacher Action Research Capstone | 3 |
| Total Hours | | 12 |

¹ Students earning the TESOL emphasis area will be required to take TCH ED 6240 instead of TCH ED 6030 in order to meet state certification requirements.

Specific Requirements for the Emphasis Area

In addition to the Required Core (12 hours), Candidates seeking an emphasis in Interdisciplinary Studies are required to complete 18 hours of elective graduate coursework for a program total of 30 hours.

Learning Outcomes

Upon completion of the program, graduates will be able to:

- Demonstrate professionalism through (a) reflective practice for professional growth, (b) effective communication and collaboration, and (c) commitment to upholding ethical and professional standards.
- Evaluate, design, and implement curriculum, instruction, and assessment that apply advanced understanding of (a) content and pedagogical knowledge, (b) learning science principles, and (c) equitable frameworks and inclusive practices.
- Integrate technologies to create meaningful student learning in the context of a (a) digital and (b) global society.
- Design and implement a supportive, inclusive, and culturally responsive classroom environment that nurtures the intellectual, social, and emotional development of all students.
- Partner with families and communities to develop relationships and build networks of support to enhance student learning and well-being.

Education MEd, Interdisciplinary Studies for Teacher Residency

The Master's Degree in Education is an accredited program appropriate for K-12 teachers, specialists, department chairpersons, and those who work in informal learning or international educational settings. Candidates choose electives that will support their personal growth and development as an educational leader to impact the communities with which they work.

Diverse candidates will engage in a learner-centered environment committed to the success of historically marginalized and diverse students, research, and community engagement. Within diverse education settings, candidates will: advance pedagogical knowledge, recognize inequalities in educational opportunity, design differentiated assessments to inform practice, critically examine professional practice, and demonstrate commitment to ethical professional practice.

It is important that both candidates and advisors plan ahead to ensure courses are taken when they are offered in the schedule. Programs must be planned with an academic advisor and meet the approval of the faculty advisor, adhering to the College of Education and UMSL Graduate School policies.

The M.Ed. with an emphasis in Interdisciplinary Studies for Teach Residency is designed for graduate candidates who seek professional growth and advancement in the field of education and teacher certification in the UMSL Teach Residency program. The Interdisciplinary Studies program allows candidates to design a master's program that meets their unique needs and professional goals.

Admission Requirements

Applicants must meet the general graduate admission requirements of the Graduate School, described in the UMSL catalog. Students are considered for admission to the graduate program in Education only after they have formally applied for admission through the Graduate School. Applications may be completed on-line.

Degree Requirements

 - Design and implement a supportive, inclusive, and culturally responsive classroom environment that nurtures the intellectual, social, and emotional development of all students.
 - Partner with families and communities to develop relationships and build networks of support to enhance student learning and well-being.

Education MEd, Interdisciplinary Studies for Temporary Authorization Certification

The Master’s Degree in Education is an accredited program appropriate for K-12 teachers, specialists, department chairpersons, and those who work in informal learning or international educational settings. Candidates choose electives that will support their personal growth and development as an educational leader to impact the communities with which they work.

Diverse candidates will engage in a learner-centered environment committed to the success of historically marginalized and diverse students, research, and community engagement. Within diverse education settings, candidates will: advance pedagogical knowledge, recognize inequalities in educational opportunity, design differentiated assessments to inform practice, critically examine professional practice, and demonstrate commitment to ethical professional practice.

It is important that both candidates and advisors plan ahead to ensure courses are taken when they are offered in the schedule. Programs must be planned with an academic advisor and meet the approval of the faculty advisor, adhering to the College of Education and UMSL Graduate School policies.

The M.Ed. with an emphasis in Interdisciplinary Studies with Temporary Authorization Certificate is designed for graduate candidates who seek professional growth and advancement in the field of education and teacher certification through the Temporary Authorization Certificate program. The Interdisciplinary Studies program allows candidates to design a master’s program that meets their unique needs and professional goals. Candidates will complete a graduate program that also meets state requirements for certification in their selected content area.

Admission Requirements

Applicants must meet the general graduate admission requirements of the Graduate School, described in the UMSL catalog. Students are considered for admission to the graduate program in Education only after they have formally applied for admission through the Graduate School. Applications may be completed on-line.

Degree Requirements

Curricular Program

- The M.Ed. in Education consists of 4 required courses (12 hours) plus candidate choice from emphasis areas and electives (18 hours) for a total of 30 hours. Program requirements are met by:

- Partner with families and communities to develop relationships and build networks of support to enhance student learning and well-being.

Education MEd, Reading Emphasis

The Master's Degree in Education is an accredited program appropriate for K-12 teachers, specialists, department chairpersons, and those who work in informal learning or international educational settings. Candidates choose electives that will support their personal growth and development as an educational leader to impact the communities with which they work.

Diverse candidates will engage in a learner-centered environment committed to the success of historically marginalized and diverse students, research, and community engagement. Within diverse education settings, candidates will: advance pedagogical knowledge, recognize inequalities in educational opportunity, design differentiated assessments to inform practice, critically examine professional practice, and demonstrate commitment to ethical professional practice.

It is important that both candidates and advisors plan ahead to ensure courses are taken when they are offered in the schedule. Programs must be planned with an academic advisor and meet the approval of the faculty advisor, adhering to the College of Education and UMSL Graduate School policies.

The M.Ed. program with an emphasis in Reading (K-12 literacy) is designed to enable candidates to further their competencies as teachers of reading, writing and other communication arts. The program also prepares them for positions as literacy coaches, reading specialists, curriculum specialists, consultants in areas of communication arts, and/or for further graduate study. This program may lead to the Department of Elementary and Secondary Education (DESE) requirements for Special Reading K-12 certification in Missouri.

Admission Requirements

Applicants must meet the general graduate admission requirements of the Graduate School, described in the UMSL catalog. Students are

considered for admission to the graduate program in Education only after they have formally applied for admission through the Graduate School. Applications may be completed on-line.

Degree Requirements

To be recommended for Missouri Department of Elementary and Secondary Education Special Reading Certification K-12, teachers must have a valid Missouri teacher's certificate, two years of approved classroom teaching experience as determined by DESE, successful completion of any required DESE assessments, and the following:

- A course(s) in child and adolescent psychology (3-6 hours)
- A course in psychology/education of exceptional child (3 hours)
- A course in reading in the content area (3 hours)
- A course in language acquisition or development specifically targeting children with special needs (3 hours)
- A course in behavior intervention strategies (3 hours)
- A course in counseling techniques (3 hours)

These certification requirements may be in addition to the courses listed in the program of study above. Students should consult their graduate advisor for information about these courses.

Required Core

Candidates are required to complete the following courses within the first 15 hours of study:

| | | |
|-------------|--|---|
| TCH ED 6010 | Examining History, Community and Social Justice in Education | 3 |
|-------------|--|---|

ED PSY 6030

Required Evaluation of Abilities and Achievement Course

| | | |
|-------------|--------------------------------------|---|
| ED REM 6716 | Academic Assessment and Intervention | 3 |
|-------------|--------------------------------------|---|

Required Capstone Course

The capstone course is completed at the end of the program.

| | | |
|-------------|---|---|
| ELE ED 6482 | Problems and Research in Teaching Elementary School | 3 |
|-------------|---|---|

Total Hours **9**

Specific Requirements for the Emphasis Area

In addition to the required courses above (12 hours), candidates seeking an emphasis in Reading are required to complete the following coursework (18 hours) for a program total of 30 hours.

| | | |
|---------------------------|--|---|
| ELE ED 6387 | Literacy Acquisition and Learning for Diverse Students | 3 |
| ELE ED 6684 | Instructional Strategies for Teaching Reading | 3 |
| ELE ED 6686 | Analysis and Correction of Reading Disabilities | 3 |
| ELE ED 6493 | Reading Specialist Practicum I | 3 |
| ELE ED 6494 | Reading Specialist Practicum II | 3 |
| Literacy Related Elective | | 3 |

Total Hours **18**

Total: 30 hours
Learning Outcomes

- Upon completion of the program, graduates will be able to:
- Demonstrate professionalism through (a) reflective practice for professional growth, (b) effective communication and collaboration, and (c) commitment to upholding ethical and professional standards.
 - Evaluate, design, and implement curriculum, instruction, and assessment that apply advanced understanding of (a) content and pedagogical knowledge, (b) learning science principles, and (c) equitable frameworks and inclusive practices.
 - Integrate technologies to create meaningful student learning in the context of a (a) digital and (b) global society.
 - Design and implement a supportive, inclusive, and culturally responsive classroom environment that nurtures the intellectual, social, and emotional development of all students.
 - Partner with families and communities to develop relationships and build networks of support to enhance student learning and well-being.

Education MEd, Secondary
Teacher Certification Emphasis

The Master's Degree in Education is an accredited program appropriate for K-12 teachers, specialists, department chairpersons, and those who work in informal learning or international educational settings. Candidates choose electives that will support their personal growth and development as an educational leader to impact the communities with which they work.

Diverse candidates will engage in a learner-centered environment committed to the success of historically marginalized and diverse students, research, and community engagement. | SEC ED 5989 | Practicum I: Site-Based Experience | 2 |
| SEC ED 5990 | Practicum II: Site-Based Experience | 8 |
| Total Hours | | 33 |

Learning Outcomes

Upon completion of the program, graduates will be able to:

- Demonstrate professionalism through (a) reflective practice for professional growth, (b) effective communication and collaboration, and (c) commitment to upholding ethical and professional standards.
- Evaluate, design, and implement curriculum, instruction, and assessment that apply advanced understanding of (a) content and pedagogical knowledge, (b) learning science principles, and (c) equitable frameworks and inclusive practices.
- Integrate technologies to create meaningful student learning in the context of a (a) digital and (b) global society.
- Design and implement a supportive, inclusive, and culturally responsive classroom environment that nurtures the intellectual, social, and emotional development of all students.
- Partner with families and communities to develop relationships and build networks of support to enhance student learning and well-being.

Education MEd, Teaching English to Speakers of Other Languages Emphasis

The Master's Degree in Education is an accredited program appropriate for K-12 teachers, specialists, department chairpersons, and those who work in informal learning or international educational settings. Candidates choose electives that will support their personal growth and development as an educational leader to impact the communities with which they work.

Diverse candidates will engage in a learner-centered environment committed to the success of historically marginalized and diverse students, research, and community engagement. Within diverse education settings, candidates will: advance pedagogical knowledge, recognize inequalities in educational opportunity, design differentiated assessments to inform practice, critically examine professional practice, and demonstrate commitment to ethical professional practice.

It is important that both candidates and advisors plan ahead to ensure courses are taken when they are offered in the schedule. Programs must be planned with an academic advisor and meet the approval of the faculty advisor, adhering to the College of Education and UMSL Graduate School policies.

The M.Ed. program with an emphasis in TESOL is designed to meet the need for teachers who can apply knowledge about language learning to their culturally and linguistically diverse classrooms. This program meets the requirements for a Missouri Department of Elementary and Secondary

Education (DESE) endorsement in Teaching English to Speakers of Other Languages (TESOL).

Admission Requirements

Applicants must meet the general graduate admission requirements of the Graduate School, described in the UMSL catalog. Students are considered for admission to the graduate program in Education only after they have formally applied for admission through the Graduate School. Applications may be completed on-line.

Degree Requirements

Curricular Program

The M.Ed. in Education consists of 4 required courses (12 hours) plus candidate choice from emphasis areas and electives (18 hours) for a total of 30 hours. Program requirements are met by:

- (a) completing 2 required foundation courses (6 hours) toward the beginning of the M.Ed. program
- (b) completing the coursework for an emphasis area and/or electives (18 hours)
- (c) completing the 2 exit research capstone classes (6 hours)

Most emphasis areas indicate 3-6 required courses. In addition, electives allow candidates to construct an individualized set of target courses. Transfer graduate credit from another institution may also fit into elective hours.

Candidates seeking certifications with the master's program may require additional coursework and State of Missouri assessments (Reading, TESOL, initial teacher certification).

Required Core

Students are required to complete the following courses within the first 15 hours of study.

| | | |
|-------------|--|---|
| TCH ED 6010 | Examining History, Community and Social Justice in Education | 3 |
| TCH ED 6030 | Instruction, Learning, and Assessment ¹ | 3 |

Required Research Courses

These two research courses should be taken in sequence (not concurrently) at the end of the program. Candidates will design and execute a piece of original practitioner research and present their findings in a public forum.

| | | |
|-------------|----------------------------------|---|
| TCH ED 6909 | Teacher Action Research I | 3 |
| TCH ED 6910 | Teacher Action Research Capstone | 3 |

Total Hours **12**

¹ Students earning the TESOL emphasis area will be required to take TCH ED 6240 instead of TCH ED 6030 in order to meet state certification requirements.

Specific Requirements for the Emphasis Area

In addition to the Required Core (12 hours), candidates seeking an emphasis in TESOL are required to complete the following coursework (18 hours) for a total of 30 hours.

| | | |
|--------------------|---|-----------|
| TCH ED 6210 | Foundations Of Teaching English To Speakers Of Other Languages | 3 |
| TCH ED 6220 | Principles of Second/Foreign Language Acquisition | 3 |
| TCH ED 6224 | Integrated Curriculum Development for Content Teaching of English Language Learners | 3 |
| TCH ED 6230 | Cross-Cultural Communication in the Classroom | 3 |
| TCH ED 6250 | Methods and Materials for Teaching English to Speakers of Other Languages | 3 |
| TCH ED 6260 | Practicum in Teaching English to Speakers of Other Languages | 3 |
| Total Hours | | 18 |

Education Minor

A minor in education consists of 18 hours of course work. A total of 15 hours must be taken at or above the 2000 level including at least 2 courses at or above the 3000 level from the following curricular designations: ART ED, CNS ED, ECH ED, ED PSY, ED REM, ED TECH, EDUC, ELE ED, HLTH PE, MUS ED, PHYS ED, SEC ED, SPEC ED, and TCH ED. In addition, a 3 hour capstone course must be selected from the following:

| | | |
|-------------|--|---|
| ECH ED 4989 | Practicum I: Early Childhood Education/Early Childhood Special Education Site Based Experience | 3 |
| EDUC 4989 | Internship I | 3 |
| ELE ED 4989 | Practicum I: Elementary/Special Education Site-Based Experience | 3 |
| ELE ED 4992 | Practicum I: Elementary/Special Education/TESOL Site-Based Experience | 3 |
| ELE ED 4994 | Practicum I: Elementary/TESOL Site-Based Experience | 3 |
| MID ED 4989 | Practicum I: Middle Level Education Site-Based Experience | 3 |
| SEC ED 4989 | Practicum I: Site-Based Experience | 3 |

All courses in the minor must be passed with a grade of C- or better. Candidates must have a cumulative grade point average of 2.0 or better in the minor. Courses taken on a satisfactory/unsatisfactory basis may not be applied to the minor. At least 9 hours must be taken while in residence at UMSL.

Education PhD, Counseling Emphasis

Admission Requirements

In addition to meeting the application and admissions requirements of the Graduate School, students must submit:

- Three letters of recommendation (at least two from individuals with earned doctorates, preferably prior instructors).
- A copy of a paper you have written on a scholarly topic, as a writing sample.

- A professional resume.
- Evidence of above-average academic records. A GPA of 3.5 or higher is preferred.
- Answers to these three questions (limit responses to 300 words or less per question)
 - How do you envision the UMSL doctoral program preparing you to meet your career goals?
 - What are your experiences working with diverse populations and what have you learned from these experiences?
 - What personal qualities do you possess that relate to your interest in doctoral education in counseling?
- Optional: GRE scores.

Admission is competitive, and a favorable vote of an admission interview committee, composed of faculty in the emphasis area, is required.

Degree Program

- Coursework: A minimum of 60 credit hours is required beyond the Master's degree, including 6 hours of dissertation research. Students must follow the residency requirements of the Graduate School.
- Dissertation: All students must defend orally a written dissertation proposal to their dissertation committee. A dissertation embodying the results of the original research must be accepted by the dissertation committee and the Graduate School.

Admission Application

To ensure time for review and decision, applicants should submit the Graduate School application, college transcripts, and any program-specific materials (e.g. supplemental application, letters of recommendation, etc.) well in advance of the **November 1st deadline**. Please note that unofficial transcripts can be uploaded with the Graduate School application to expedite admissions decisions; however, official transcripts must be received directly from all prior institutions attended before regular admission to any program will be granted. In addition, applicants are urged to request transcripts and letters or recommendation two weeks before completing the online application. Consideration of applications cannot be undertaken until all materials are available.

Degree Requirements

Students in the Counseling emphasis area complete the following requirements:

Research Methods (21 hours)

| | | |
|-----------------------|--|---|
| ED REM 6710 | Educational Research Methods and Design ¹ | 3 |
| ED REM 6735 | Statistical Analysis for Education Research ² | 3 |
| CNS ED 7020 | Seminar in Counseling Research | 3 |

| Internship | | |
| CNS ED 7780 | Doctoral Internship | 4 |
| Dissertation Research | | |
| EDUC 7999 | Dissertation Research | 6 |
| Total Hours | | 90 |

¹ These courses are normally part of a master's program. Equivalent graduate coursework may count as transfer credit toward the degree with approval of the Ph.D. program.

² ED REM 7771 may be taken if a graduate statistics course has been completed.

Learning Outcomes

Upon completion of the program, graduates will be able to:

- Demonstrate and apply the ethical and culturally relevant practice of counseling
- Be adept at conceptualizing clients using theory and integrating theory and research into counseling practice
- Demonstrate skills in the process and practice of clinical supervision and consultation, including the use of theory, assessment, gatekeeping, and ethical and culturally relevant strategies
- Develop skills in teaching, including course design, assessment, andragogy, differentiation, and gatekeeping.
- Demonstrate the ethical practice of conducting rigorous and intentionally designed counseling research.
- Develop and refine scholarship skills through advanced qualitative and quantitative coursework to be able to disseminate findings through professional presentations or publications
- Demonstrate abilities to serve as leaders in the field and advocates for the profession, for clients, and with marginalized populations to stand up against issues of systemic inequity

Education PhD, Educational Leadership and Policy Studies Emphasis

Admission and General Requirements

In addition to meeting the application and admissions requirements of the Graduate School, students must submit:

- Three letters of recommendation (at least two from individuals with earned doctorates, preferably prior instructors).
- An original essay.
- A professional resume.
- Evidence of above-average academic records. A GPA of 3.5 or higher is preferred.
- GRE scores. Quantitative and verbal scores at or above the 50th percentile are preferred. An analytical writing score of 4.0 or higher is preferred.

Admission is competitive, and a favorable vote of an admission interview committee, composed of faculty in the emphasis area, is required.

Degree Program

- Coursework: A minimum of 60 credit hours is required beyond the master's degree, including 6 hours of dissertation research. A minimum of 42 of these hours must be completed in residence. For students who have not completed a master's degree, a minimum of 90 hours, postbaccalaureate, is required, including 6 hours of dissertation research (the Graduate School's residency requirement applies). Students in the Counseling emphasis area complete the following requirements: a minimum 90 hours, postbaccalaureate, including 12 hours of dissertation research (the Graduate School's residency requirement applies).
- Dissertation: All students must defend orally a written dissertation proposal to their dissertation committee. A dissertation embodying the results of original research must be accepted by the dissertation committee and the Graduate School.

Admission Application

To ensure time for review and decision, applicants should submit the Graduate School application, college transcripts, and any program-specific materials (e.g. supplemental application, letters of recommendation, etc.) well in advance of the **December 1st deadline**. Please note that unofficial transcripts can be uploaded with the Graduate School application to expedite admissions decisions; however, official transcripts must be received directly from all prior institutions attended before regular admission to any program will be granted. In addition, applicants are urged to request transcripts and letters or recommendation two weeks before completing the online application. Consideration of applications cannot be undertaken until all materials are available.

Degree Requirements

Students in the Teaching-Learning Processes, Educational Leadership and Policy Studies, and Educational Psychology emphasis areas complete the following requirements.

1. Research Methods 15-18

Students in the Teaching –Learning Processes, Educational Leadership and Policy Studies, and Educational Psychology emphasis areas should complete the following research methods courses (or equivalent).

| | |
|-------------|--|
| ED REM 6735 | Statistical Analysis for Education Research (Prerequisite) |
|-------------|--|

| | |
|-------------|---------------------------------------|
| ED REM 6750 | Advanced Research Design In Education |
|-------------|---------------------------------------|

Plus any three methods courses from the following:

| | |
|-------------|---------------------------------|
| ED REM 7771 | Quantitative Research Methods I |
|-------------|---------------------------------|

| | |
|-------------|----------------------------------|
| ED REM 7772 | Quantitative Research Methods II |
|-------------|----------------------------------|

| | |
|-------------|---|
| ED REM 7781 | Qualitative Methods in Educational Research I |
|-------------|---|

| | |
|-------------|--|
| ED REM 7782 | Qualitative Methods in Educational Research II |
|-------------|--|

This sequence totals 15 hours of methods courses. Remaining hours can be completed with other ED REM courses numbered 6000 or higher or research courses in another curriculum.

2. Program Area of Study to Develop Discipline Knowledge (as determined by student, advisor, and program) 24-26

3. Core courses 10-14

| | | |
|-----------|--|-----|
| EDUC 7490 | Directed Readings in the Education Research Literature | 1-3 |
|-----------|--|-----|

| | | |
|-----------|--|---|
| EDUC 7050 | The Research Process I: Framing Research Questions in Education Research | 3 |
|-----------|--|---|

| | | |
|-----------|--|---|
| EDUC 7625 | Building Socially Just and Ethical Educational Communities | 3 |
|-----------|--|---|

| | | |
|-----------|--|-----|
| Electives | | 2-4 |
|-----------|--|-----|

4. Dissertation Proposal Writing

| | | |
|-----------|---|-----|
| EDUC 7950 | Preparation for Writing the Dissertation Proposal | 1-3 |
|-----------|---|-----|

5. Dissertation

| | | |
|-----------|-----------------------|---|
| EDUC 7999 | Dissertation Research | 6 |
|-----------|-----------------------|---|

Learning Outcomes

Upon completion of the program, graduates will be able to:

- Access, critically examine, and use theoretically informed literature in human development, the science of learning, and sociocultural factors that explain variation in learning and developmental pathways.
- Examine and apply complex interrelationships that affect issues of diversity, equity and social justice from multiple and cross-disciplinary perspectives to teaching and learning processes contexts.
- Formulate questions, increase knowledge, use statistics intelligently, and make ethical decisions integrating multiple perspectives using reason, evidence, and teaching and learning processes contexts.
- Analyze, categorize, and evaluate qualitative, quantitative, and/or mixed methods approaches within an education context.
- Design and produce rigorous research projects as an independent scholar using qualitative, quantitative, and/or mixed methods approaches.
- Apply and demonstrate leadership skills to promote community engagement or civic action to benefit the public good related to teaching and learning processes settings.
- Communicate effectively and engage with others constructively across contexts, languages, and media.

Educational Administration MEd, Community Education Emphasis

The M.Ed. in Administration, Community Education will not be accepting applications for the 2024-2025 Academic Year due to curricular revisions.

Master of Education: Educational Administration with Emphasis in Community Education

This is a 32-credit hour program for students interested in Community Education.

Competencies/Expectations/Outcomes that all students must demonstrate to complete the program successfully:

- School Administrator candidates in the College of Education are held to the Interstate School Leaders Licensure Consortium’s Standards for School Leaders (ISLLC)
- A school administrator is an educational leader who promotes the success of all students by facilitating the development, articulation, implementation, and stewardship of a vision of learning that is shared and supported by the school community.
- A school administrator is an educational leader who promotes the success of all students by advocating, nurturing, and sustaining a school culture and instructional program conducive to student learning and staff professional growth.
- A school administrator is an educational leader who promotes the success of all students by ensuring management of the organization, operations, and resources for a safe, efficient, and effective learning environment.
- A school administrator is an educational leader who promotes the success of all students by collaborating with families and community members, responding to diverse community interests and needs, and mobilizing community resources.
- A school administrator is an educational leader who promotes the success of all students by acting with integrity, fairness and in an ethical manner.
- A school administrator is an educational leader who promotes the success of all students by understanding, responding to, and influencing the larger political, social, economic, legal and cultural context.

- A school administrator is an educational leader who promotes the effective use of technology to maximize student learning and efficiently manage school operations.

The ISLLC standards pertain to Elementary and Secondary Administration and Community Education.

Total Hours **30**

¹ Exit Requirement--Taken within the last 9 semester hours of the M.Ed. program.

² Students take either section 2.41 or section 2.42, not both sections.

³ This course will not be offered in 2014-2015. Please contact the department for more information.

Educational Administration MEd, School Administration Emphasis

The Master of Education in Education Administration with emphasis in School Administration is intended for K-12 teachers interested in a School Leadership Preparation Program. The program partially fulfills Missouri Department of Elementary and Secondary Education requirements for licensure. This program is designed to prepare highly effective administrators who engage in reflective practice, drive gains in student achievement and create a positive school culture.

Students admitted to the program become members of a cohort that begins study in the fall semester. Those who maintain enrollment complete the degree in two years.

This program consists of 33 credit hours. The second year of the program features a 300-clock-hour field experience as a school leader.

Admission

Admission to the Master of Education in Education Administration degree program is competitive. All application materials should be submitted by March 1 for admission in the cohort which will begin the following fall. In order to graduate in two years, students must remain with their cohort.

To apply, potential students must have or complete the following:

- Application - <http://umsl.edu/go/Apply-Now>. A statement of purpose should included.
- Official transcripts from all universities attended. Successful applicants must have completed a baccalaureate degree in education before beginning the master's program.
- Minimum of 3.0 on 4.0 scale is preferred, however students whose GPA is between 2.75 and 2.99 may be admitted on a restricted basis.
- There are no entrance exams for domestic students. International students are required to document English proficiency by providing scores from an internationally accepted standardized examination before a decision is made on admission.
- Letters of recommendation may be invited for applicants who do not meet the normal criteria for admission.
- Students must have at least two years of teaching experience.

Degree Requirements

| | | |
|--------------------|--|-----------|
| ED ADM 6205 | Legal Contexts of Education | 3 |
| ED ADM 6701 | Leadership for Equity | 3 |
| ED ADM 6702 | Supervision in Education Organizations | 3 |

| ED ADM 6902 | School Principal Clinical Experience: Supplemental | 3 |
| TCH ED 6411 | Curriculum Leadership in Education | 3 |
| ED PSY 6445 | Character Education And Development | 3 |
| Total Hours | | 33 |

Students must complete the courses listed in this program or an equivalent, as approved by the program director. Students who have prior graduate credits may be able to transfer 9-12 credits towards this degree. In this matter, it is important to consult with your academic advisor as specific courses are required for certification. Additionally, the courses must have been completed within the specified time requirements outlined by the Graduate School rules.

Learning Outcomes

Upon completion of the program, graduates will be able to:

- Develop and implement a vision for a school in order to guide the learning of all students.(Visionary Leadership)

- Promote effective instructional practices, utilize effective assessments, and ensure professional growth among school faculty. (Instructional Leadership)
- Implement operational systems, oversee personnel, and ensure equitable and strategic use of resources. (Managerial Leadership)
- Interact professionally with students, staff, family, and community, respecting and embracing diversity and inclusion. (Relational Leader)
- Actively engage in reflective practice and apply new knowledge and understanding in order to drive appropriate change. (Innovative Leadership)

Educational Psychology MEd

The Department of Education Sciences and Professional Programs provides training in the theory, research, and practice of the psychological mechanisms underlying teaching, learning, and human development of students as well as the related school processes and structures. The department also specializes in educational research, psychoeducational assessment, and school psychology.

The M.Ed. in Educational Psychology is a flexible degree that allows candidates to tailor the program curriculum to meet individual interests and career goals. The degree is not associated with any particular position or career; rather it is intended to enhance current performance in a variety of educational and community-based settings and roles, to facilitate advancement within one's current position, and to prepare candidates for other advanced degrees in education or psychology. The M.Ed. in Educational Psychology degree consists of 30 hours of graduate coursework in the following areas:

- A. Educational and Psychological Foundations (15 hours)
- B. Electives (12 hours)
- C. Capstone Experience (3 hours)

The foundations courses consist of 6 hours of study regarding the educational and psychological foundations, 3 hours of human development, and 6 hours of educational research and evaluation methods. The specific courses chosen within each category, the electives, and capstone experience will vary according to the candidate's interests.

Admissions Requirements

Admissions requirements include an earned baccalaureate degree from an accredited college or university with an overall grade point average of 3.0 or higher, a completed UMSL Graduate School Application Form, official transcripts from all colleges and universities attended, a statement of purpose, and a curriculum vitae.

Curriculum (30 hours)

Educational and Psychological Foundations

Choose two of the following: 6

| | |
|-------------|---|
| TCH ED 6030 | Instruction, Learning, and Assessment |
| ED PSY 6111 | Educational Psychology |
| ED PSY 6530 | Foundations Of School Psychology ¹ |

Human Development 3

Choose one of the following:

| | |
|-------------|--|
| ED PSY 6210 | Life-Span: Individual and Family Development |
|-------------|--|

| | |
|---|---|
| ED PSY 6215 | Psychology of Early Childhood Development |
| ED PSY 6222 | Advanced Studies in Child and Adolescent Development |
| ED PSY 6226 | Mental Health and Development of Children and Youth |
| ED PSY 6474 | Understanding the Psychosocial Development of Emerging Adults |
| Educational Research and Evaluation Methods 6 | |
| Choose two of the following: | |
| ED REM 6710 | Educational Research Methods and Design |
| ED REM 6716 | Academic Assessment and Intervention |

Electives 12

12 Hours of graduate-level courses in any combination of the following curricular areas:

| |
|---|
| Educational Foundations (ED FND) |
| Educational Psychology (ED PSY) |
| Educational Research and Evaluation Methods (ED REM) |
| Educational Technology (ED TECH) |
| Other curricular areas (with consent of advisor, maximum of 6 hours) ² |

Capstone Experience 3

| | |
|------------------------------|---|
| Choose one of the following: | |
| ED REM 6719 | Advanced Psychoeducational Assessment and Intervention ¹ |
| ED REM 6732 | Advanced Educational Program Development and Evaluation |
| ED PSY 6990 | Internship |
| TCH ED 6910 | Teacher Action Research Capstone ³ |

Total Hours 30

¹ Admission to School Psychology Program required.

² Up to 6 hours from other disciplines may be chosen in consultation with an advisor.

³ TCH ED 6909, Teacher Action Research I is a prerequisite for TCH ED 6910, Teacher Action Research Capstone.

Educational Studies BES, Early Childhood Emphasis

The Bachelor of Educational Studies (BES) is perfect for students excited about education, but looking for challenges outside the traditional classroom. The BES will prepare you for a career as an educator in

many agencies. Many institutions emphasize informal learning and many different settings. Employers at these institutions are eager to hire people who have training and relevant experience in education, management, marketing, and technology. This degree is designed to be a creative, flexible, and inter-disciplinary bachelor's degree that emphasizes practical skills in multiple settings.

General Education Requirements

Students follow the University's General Education Requirements (p. 30), Mathematical Skills, Advanced Expository Writing, American History and Government, and Cultural Diversity Requirements. Students pursuing the Exercise Science emphasis area must take BIOL 1012 and BIOL 1013.

Foundations (Required Courses)

| | | |
|--------------------|--|-----------|
| TCH ED 1001 | Early Clinical Experience: Community Agency | 1 |
| TCH ED 2000 | Becoming a Professional Educator | 1 |
| EDUC 2002 | Social Entrepreneurship | 3 |

Learning Outcomes

Upon completion of the program, graduates will be able to:

- Engage their clients while adding diverse perspectives that articulate how difference shapes experience and human identity.
- Apply their unique understanding of social justice by addressing institutional and social barriers that limit access, equity, and achievement.
- Conduct themselves in a respectful and professional manner that views failure as an opportunity to learn, as they effectively work on multiple projects.
- Apply reasoning and critical thinking while making connections between information, data, and arguments to synthesize and interpret information, forming valid conclusions.
- Apply unique leadership, management and communication skills to articulate thoughts/ideas effectively using oral, written, nonverbal, and visual communication skills in a variety of formats and contexts.
- Apply knowledge and skills as innovative childhood educators, managers, directors, program planners, or curriculum developers to effectively manage early childhood programs.
- Demonstrate a unique application of best practices of teaching young children outside a traditional classroom setting.

PLEASE NOTE: This plan is an example of what a four year plan could look like for a typical student. Placement exam scores in math as well as the completion of coursework may change the plan. It should not be used in the place of regular academic advising appointments. All students are encouraged to meet with their advisor. All requirements are subject to change.

Educational Studies BES, Exercise Science and Wellness Emphasis

The Bachelor of Educational Studies (BES) is perfect for students excited about education, but looking for challenges outside the traditional classroom. The BES will prepare you for a career as an educator in many agencies. Many institutions emphasize informal learning and many different settings. Employers at these institutions are eager to hire people who have training and relevant experience in education, management, marketing, and technology. This degree is designed to be a creative, flexible, and inter-disciplinary bachelor's degree that emphasizes practical skills in multiple settings.

General Education Requirements

Students follow the University's General Education Requirements (p. 30), Mathematical Skills, Advanced Expository Writing, American History and Government, and Cultural Diversity Requirements. Students pursuing the Exercise Science emphasis area must take BIOL 1012 and BIOL 1013.

Foundations (Required Courses)

Electrical Engineering BSEE

Admission

Students are admitted to the upper-division program after they have completed an acceptable pre-engineering program. The pre-engineering program can be taken at University of Missouri-St. Louis or at community colleges in the area. Normally, admission is granted to persons who have completed the pre-engineering program with a minimum grade point average of 2.5 over all their mathematics, chemistry, physics, and introductory (statics and dynamics) engineering courses. Students with less than a 2.5 grade point average, but at least a C, in all their science, engineering and mathematics courses may be admitted on a conditional basis.

For more information, please contact the program advisor at (314) 516-7018.

Degree Requirements

A program of 124 semester hours is required for the Bachelor of Science in Electrical Engineering.

- Majors must complete the University General Education (p. 30) and Graduation (p. 16) requirements, the Pre-Engineering Requirements, the Core Engineering Requirements, and Major Requirements.
- Majors must first complete J E MATH 3170, Engineering Mathematics, with a minimum grade of C-.
- Majors must also complete J E ENGR 2300, Introduction to Electrical Networks, with a minimum grade of C-.
- A minimum grade of C- is necessary to meet the prerequisite requirement for any course.

General Education and Graduation Requirements

The following courses fulfill general education and graduation requirements and are required of Electrical Engineering majors:

| | | |
|--|---|-----------|
| PHIL 2259 | Engineering Ethics | 3 |
| PHIL 3380 | Philosophy of Science | 3 |
| HIST 1001 | American Civilization to 1865 (MOTR HIST 101) | 3 |
| or HIST 1002 | American Civilization 1865 to Present (MOTR HIST 102) | |
| Three additional Social Science courses ¹ | | 9 |
| Total Hours | | 18 |

¹ One course must meet the Cultural Diversity requirement. Humanities and social sciences electives must meet both the University of Missouri-St. Louis General Education Requirements and the Humanities and Social Sciences Requirements of the Joint Undergraduate Engineering Program. Check with your advisor for details.

Pre-Engineering Requirements

Students seeking to major in engineering are first designated as 'Undeclared with an interest in Engineering majors' until they have completed Math 1800 Analytical Geometry & Calculus I. Upon successful completion of Math 1800 with a grade of C or better, students will be allowed to declare pre-engineering as their major. Math 1800 must be completed successfully within two attempts.

| | | |
|---------------|---|---|
| MATH 1800 | Analytic Geometry and Calculus I | 5 |
| MATH 1900 | Analytic Geometry and Calculus II | 5 |
| MATH 2000 | Analytic Geometry and Calculus III | 5 |
| MATH 2020 | Introduction to Differential Equations | 3 |
| CHEM 1111 | Introductory Chemistry I (MOTR CHEM 150L) | 5 |
| PHYSICS 2111 | Physics: Mechanics and Heat | 4 |
| PHYSICS 2111L | Mechanics and Heat Laboratory | 1 |
| PHYSICS 2112 | Physics: Electricity, Magnetism, and Optics | 4 |
| PHYSICS 2112L | Electricity, Magnetism, and Optics Laboratory | 1 |
| ENGR 2310 | Statics | 3 |
| ENGR 2320 | Dynamics | 3 |

| | | |
|--------------------|------------------------------------|-----------|
| ENGL 1100 | First-Year Writing (MOTR ENGL 200) | 3 |
| Total Hours | | 42 |

Engineering Core Requirements

| | | |
|--------------------|---------------------------|-----------|
| CMP SCI 1250 | Introduction to Computing | 3 |
| J E COMM 2000 | Engineering Studio I | 1 |
| J E MATH 3170 | Engineering Mathematics | 4 |
| ENGL 3130 | Technical Writing | 3 |
| Total Hours | | 11 |

Electrical Engineering Major Requirements

| | | |
|--|---|-----------|
| MATH 1320 | Introduction to Probability and Statistics | 3 |
| J CMP SC 1002 | Introduction to Computing Tools: Matlab Skills | 1 |
| J E ENGR 2320 | Introduction to Electronic Circuits | 3 |
| J E ENGR 2300 | Introduction to Electrical Networks | 3 |
| J E ENGR 2330 | Electrical and Electronic Circuits Laboratory | 3 |
| J E ENGR 2600 | Introduction to Digital Logic and Computer Design | 3 |
| J E ENGR 3300 | Engineering Electromagnetic Principles | 3 |
| J E ENGR 3310 | Electronics Laboratory | 3 |
| J E ENGR 3320 | Power, Energy and Polyphase Circuits | 3 |
| J E ENGR 3510 | Signals and Systems | 3 |
| J E ENGR 4350 | Electrical Energy Laboratory | 3 |
| J E ENGR 4410/ J M ENGR 4310 | Control Systems I | 3 |
| J E ENGR 4980 | Electrical Engineering Design Projects | 3 |
| J E ENGR 4990 | Electrical Engineering Senior Seminar | 1 |
| J M ENGR 3200 | Thermodynamics | 3 |
| Electrical Engineering Electives 3000-4990 | | 12 |
| Total Hours | | 53 |

Graduation Requirements

In addition to the requirements of the University of Missouri-St. Louis that apply to all candidates for undergraduate degrees, the student must earn a minimum campus grade point average of 2.0 and a minimum grade point average of 2.0 for all engineering courses attempted at the University of Missouri-St. Louis.

Upon completion of the program, graduates will have an ability to:

- Identify, formulate, and solve complex engineering problems by applying principles of engineering, science, and mathematics
- Apply engineering design to produce solutions that meet specified needs with consideration of public health, safety, and welfare, as well as global, cultural, social, environmental, and economic factors
- Communicate effectively with a range of audiences
- Recognize ethical and professional responsibilities in engineering situations and make informed judgments, which must consider the

- impact of engineering solutions in global, economic, environmental, and societal contexts
- Function effectively on a team whose members together provide leadership, create a collaborative and inclusive environment, establish goals, plan tasks, and meet objectives
 - Develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgment to draw conclusions
 - Acquire and apply new knowledge as needed, using appropriate learning strategies

Sample Degree Plans

Sample Four-Year Plan

| First Year | | | | | |
|---------------------------|-------|-----------------------------|-------|-------------------|-------|
| Fall | Hours | Spring | Hours | | |
| MATH 1800 | | 5 MATH 1900 | 5 | | |
| CHEM 1111 | | 5 HIST 1001 or 1002 | 3 | | |
| ENGL 1100 | | 3 EXPLORE – Social Sciences | 3 | | |
| ENGR 1010 | | 1 EXPLORE - Social Sciences | 3 | | |
| 14 | | 14 | | | |
| Second Year | | | | | |
| Fall | Hours | Spring | Hours | Summer | Hours |
| MATH 2000 | | 5 MATH 2020 | 3 | ENGR 2320 | 3 |
| PHYSICS 2111 | | 4 PHYSICS 2112 | 4 | | |
| PHYSICS 2111L | | 1 PHYSICS 2112L | 1 | | |
| PHIL 2259 | | 3 ENGR 2310 | 3 | | |
| EXPLORE – Social Sciences | | 3 PHIL 3380 | 3 | | |
| 16 | | 14 | | 3 | |
| Third Year | | | | | |
| Fall | Hours | Spring | Hours | Summer | Hours |
| J E ENGR 2300 | | 3 J E ENGR 3300 | 3 | J E ENGR 3510 | 3 |
| J CMP SC 1002 | | 1 J E ENGR 2330 | 3 | J E ENGR Elective | 3 |
| CMP SCI 1250 | | 3 J E ENGR 2320 | 3 | | |
| ENGL 3130 | | 3 J M ENGR 3200 | 3 | | |
| J E MATH 3170 | | 4 MATH 1320 | 3 | | |
| J E COMM 2000 | | 1 | | | |
| 15 | | 15 | | 6 | |
| Fourth Year | | | | | |
| Fall | Hours | Spring | Hours | | |
| J E ENGR 4410 | | 3 J E ENGR Elective | 3 | | |
| J E ENGR elective | | 3 J E ENGR Elective | 3 | | |
| J E ENGR 2600 | | 3 J E ENGR 4350 | 3 | | |
| J E ENGR 3310 | | 3 J E ENGR 3320 | 3 | | |
| | | J E ENGR 4980 | 3 | | |
| | | J E ENGR 4990 | 1 | | |
| 12 | | 16 | | | |
| Total Hours: 125 | | | | | |

PLEASE NOTE: This plan is an example of what a four year plan could look like for a typical student. Placement exam scores in math as well as the completion of coursework may change the plan. It should not be used in the place of regular academic advising appointments. All students are encouraged to meet with their advisor each semester. All requirements are subject to change.

Sample Five-Year Plan

| First Year | | | | | |
|---------------------------|-------|--------------------------------------|-------|---------------|-------|
| Fall | Hours | Spring | Hours | | |
| MATH 1800 | | 5 HIST 1001 or 1002 | 3 | | |

Electrical Engineering Minor

Minor in Electrical Engineering

Admission to the Joint Engineering program is required. A minimum of 18 credit hours in Joint Electrical Engineering courses are required.

Required Courses:

| | | |
|---------------|---|---|
| J E ENGR 2300 | Introduction to Electrical Networks | 3 |
| J E ENGR 2330 | Electrical and Electronic Circuits Laboratory | 3 |

Take three courses from the following list: 9

| | |
|---------------|---|
| J E ENGR 2320 | Introduction to Electronic Circuits |
| J E ENGR 2600 | Introduction to Digital Logic and Computer Design |

| | | |
|--|--|-----------|
| J E ENGR 3300 | Engineering Electromagnetic Principles | |
| J E ENGR 3310 | Electronics Laboratory | |
| J E ENGR 3320 | Power, Energy and Polyphase Circuits | |
| J E ENGR 3510 | Signals and Systems | |
| J E ENGR 4350 | Electrical Energy Laboratory | |
| J E ENGR 4410 | Control Systems I | |
| J E ENGR 4470 | Robotics Laboratory | |
| At least one additional J E ENGR Course | | 3 |
| Total Hours | | 18 |

Elementary and Special Education Teaching Graduate Certificate

This program of study is for individuals with a bachelor's degree who would like to prepare for teacher certification in Elementary Education and Special Education. This graduate certificate program option leads to Missouri Initial Teacher Certification in Elementary Teaching 1-6 with an add-on in Mild/Moderate Cross-Categorical Disabilities, K-12 Special Education.

Admission Requirements for the Option in Teacher Certification:

1. A passing score on the designated Missouri Content Examination or an approved program of study
2. A 2.75 or higher overall GPA
3. Approved results of the Family Care Safety Registry
4. A clear TB test or chest x-ray, if appropriate

Applicants must meet the application deadlines set by the Graduate School.

Required Certification Courses

| | | |
|--------------|---|---|
| TCH ED 5001 | Advanced Mid-Level Clinical Experience: Diverse Learners | 1 |
| TCH ED 6030 | Instruction, Learning, and Assessment | 3 |
| TCH ED 6565 | Integrating the Fine Arts into Elementary Classrooms | 2 |
| TCH ED 6566 | Teaching Health and Physical Education Skills and Concepts for the Elementary Teacher | 2 |
| ED PSY 6222 | Advanced Studies in Child and Adolescent Development | 3 |
| TCH ED 5310 | Instructional Design and Technology Integration for Educators | 3 |
| ELE ED 6337 | Teaching and Learning Literacy in the Elementary Classrooms: Teaching Reading and Writing | 3 |
| SPEC ED 6412 | Foundations of Inclusive Education | 3 |
| SPEC ED 6325 | Positive Behavior Interventions for Individual, Classroom, and School-wide Systems | 3 |
| ELE ED 6338 | Literacy Assessment for Guided Instruction | 3 |

| | | |
|--------------------|--|-----------|
| ELE ED 6241 | Science Content, Inquiry-Based Instruction, and Assessment: STEM-Integrated Pedagogy | 2 |
| ELE ED 6246 | Math Content Pedagogy, Inquiry-Based Instruction, and Assessment | 3 |
| ELE ED 6253 | Teaching Social Studies through Reading, Writing, and English Language Learning | 3 |
| ELE ED 5989 | Practicum I: Elementary/Special Education Site-Based Experience | 2 |
| ELE ED 5990 | Practicum II: Elementary/Special Education Site-Based Experience | 8 |
| Total Hours | | 44 |

Learning Outcomes

Upon completion of the program, graduates will be able to:

- Continually reflect on professional growth to improve student learning outcomes/enhance student learning.
- Integrate technology to create meaningful student learning within the context of a global digital society.
- Apply content and pedagogical knowledge to create authentic and deep learning experiences.
- Use learning science principles to design, implement, and evaluate curriculum based on learning standards.
- Foster effective working relationships with students, school colleagues, families, and community members to enhance student learning and well-being.
- Design and establish a safe, inclusive, and respectful learning environment that nurtures the intellectual, social, and personal development of all students.
- Use equitable frameworks and inclusive practices to create a variety of instructional and assessment opportunities adapted to diverse learners to encourage all students' critical thinking, problem solving, and performance skills.

Elementary Education BSEd, Middle School Education Emphasis

The Bachelor of Science in Education (B.S.Ed.) in Elementary Education prepares those who desire to teach grades 1 - 6. The core courses are combined with one of three emphasis areas: **Special Education**, **Teaching English to Speakers of Other Languages (TESOL)**, or **Middle School**. It is also possible to select the Special Education emphasis area and take the TESOL courses for TESOL endorsement. Please see each of the Emphasis Area Requirements listed below.

Undergraduate educator preparation is both engaging and innovative. Our high quality undergraduate educator preparation programs are designed around research-based scholarship and practical community-based contexts. To prepare our undergraduate students as the highest quality educators for our region, we contribute to and harness the resources of our deep community partnerships. The community-based experiences broaden candidates' understanding of their own identity as educators as well as enhancing their ability to build relationships, extend their skills, and understand family/community dynamics and interactions.

For their final year-long practicum, teacher candidates are immersed in Studio Schools. These partnering K-12 schools participate in our innovative, collaborative approach to educator preparation. Rather than being placed as individuals with one cooperating teacher, our candidates work with multiple teachers learning from each one, this process is supported and facilitated on-site by a specially trained UMSL clinical educator who leads a weekly seminar, conducts observations and provides candidates with regular feedback to guide their growth.

The focus of candidates' work is to explore challenges of student learning, envision solutions based on their research-based coursework, recent school initiatives, and carefully studied practices, and then enact innovative solutions to increase student learning. Candidates inquire deeply into how their students are learning, and use data to inform their instruction. Teacher candidates participate in all appropriate school and district professional development and school-wide activities, thereby becoming professionals who are part of the fabric of a studio school, not a just a temporary teacher candidate. Graduating educators have experienced an innovative education which prepares them for their future career as educational leaders in our region and beyond.

This area of specialization in elementary education prepares students to teach in grades 5-9.

University General Education and Graduation Requirements

B.S. Ed. degree candidates must complete the following General Education Requirements and Graduation Requirements of the University as outlined in this Bulletin.

The courses listed below fulfill general education requirements and best prepare students for advanced education coursework and licensure exams.

| First Year Writing | | |
|---|---|---|
| ENGL 1100 | First-Year Writing (MOTR ENGL 200) | 3 |
| Math Proficiency | | |
| MATH 1020 | Contemporary Mathematics (MOTR MATH 120) | 3 |
| or MATH 1030 | College Algebra (MOTR MATH 130) | |
| Communication Proficiency | | |
| EDUC 2222 | Interpretation: Connecting Audiences and Meaning | 3 |
| or COMM 1040 | Introduction to Public Speaking (MOTR COMM 110) | |
| Information Literacy | | |
| ED TECH 2230 | Information Literacy | 3 |
| American History and Government | | |
| POL SCI 1100 | Introduction to American Politics (MOTR POSC 101) | 3 |
| or HIST 1001 | American Civilization to 1865 (MOTR HIST 101) | |
| Humanities and Fine Arts | | |
| Choose any 9 hours from at least two approved fields. | | 9 |
| Social Sciences | | |
| Choose any 9 hours from at least two approved fields. At least one course must meet the cultural diversity requirement. | | 9 |
| Math and Life/Natural Sciences | | |

| Choose any 9 hours from at least two approved fields. | | 9 |
|---|----------------------|-----------|
| Junior-Level Writing | | |
| ENGL 3100 | Junior-Level Writing | 3 |
| Total Hours | | 45 |

Program Requirements

All students in the B.S.Ed. in Elementary Education, Middle School program are required to take the following Teacher Education courses. Each student must also select a content area and complete the required courses and certification assessments as specified by the Missouri Department of Elementary and Secondary Education.

Note for all emphasis areas:

Professional Education courses must be completed with a grade of C or better (a grade of C- or below must be retaken):

Beginning with those students graduating in May 2017 and receiving teacher certification, the Missouri Department of Elementary and Secondary Education requires a 3.0 GPA in professional education courses, a 3.0 GPA in the teaching content field, and a 2.75 overall GPA.

Students must pass all required DESE certification assessments to receive the B.S.Ed. degree.

Preparing for Teacher Education

| The following courses must be completed prior to applying for admission to the Teacher Education Program: | | |
|---|--|---|
| TCH ED 1000 | Building Community, Culture, and Learning in Education | 1 |
| TCH ED 1001 | Early Clinical Experience: Community Agency | 1 |
| TCH ED 2000 | Becoming a Professional Educator | 1 |
| TCH ED 2001 | Early Clinical Experience: Schools | 1 |
| TCH ED 2209 | Foundations of Teaching in American Schools | 2 |
| ED PSY 2212 | Child and Adolescent Development | 3 |

Teacher Education Program

| The following courses are completed after acceptance into the Teacher Education Program: | | |
|--|---|---|
| TCH ED 3001 | Mid-Level Clinical Experience: Diverse Learners | 1 |
| TCH ED 3212 | Sociolinguistics and Communication in the Classroom | 3 |
| ED PSY 3312 | | 3 |
| SPEC ED 3318 | Inclusive Classrooms | 3 |
| SPEC ED 4323 | Classroom Management and Positive Behavioral Supports in Inclusive Educational Settings | 3 |
| TCH ED 3310 | Introduction to Methods of Teaching | 3 |
| MID ED 4315 | The Middle Level School | 3 |
| TCH ED 4391 | Literacy for Adolescent Learners in Content Areas | 3 |
| SEC ED 4880 | Writing for Teachers | 3 |

In addition to the above courses, students must complete a minimum of 24 credit hours in one specific content area, as well as the appropriate methods course:

| | |
|---|---|
| MID ED or SEC ED 4XXX: Methods Course in Certification Area | 3 |
|---|---|

The program will culminate in the following practicum courses:

| | | |
|-------------|--|----|
| MID ED 4989 | Practicum I: Middle Level Education Site-Based Experience | 3 |
| MID ED 4990 | Practicum II: Middle Level Education Site-Based Experience | 12 |

Total: minimum 122 hours

Learning Outcomes

Upon completion of the program, graduates will be able to:

- Demonstrate professionalism through (a) reflective practice for professional growth, (b) effective communication and collaboration, and (c) commitment to upholding ethical and professional standards.
- Evaluate, design, and implement curriculum, instruction, and assessment that apply advanced understanding of (a) content and pedagogical knowledge, (b) learning science principles, and (c) equitable frameworks and inclusive practices.
- Integrate technologies to create meaningful student learning in the context of a (a) digital and (b) global society.
- Design and implement a supportive, inclusive, and culturally responsive classroom environment that nurtures the intellectual, social, and emotional development of all students.
- Partner with families and communities to develop relationships and build networks of support to enhance student learning and well-being.

Sample Four Year Plans

First Year

| Fall | Hours | Spring | Hours |
|------------------------------------|-------|--------------------------------------|-------|
| ENGL 1100 | | 3 COMM 1040 | 3 |
| HIST 1001 or 1002 | | 3 TCH ED 1001 | 1 |

|--------------------|--|-----------|

Program Requirements

All students in the B.S.Ed. in Elementary Education program are required to take the following Teacher Education courses, as well as the required courses for the selected emphasis area. Each student must also complete all required courses and certification assessments as specified by the Missouri Department of Elementary and Secondary Education.

Grade Requirement

Professional Education courses must be completed with a grade of C or better (a grade of C- or below must be retaken).

GPA Requirement

Beginning with those students graduating in May 2017 who will also receive teaching certification, the Missouri Department of Elementary and Secondary Education requires a 3.0 GPA in professional education courses, a 3.0 GPA in the teaching content field, and a 2.75 overall GPA.

Assessment Requirement

Students must pass the required DESE certification assessments to receive the B.S.Ed. degree.

Preparing for the Teacher Education Program

The following courses must be completed prior to applying for admission to the teacher education program:

| | | |
|--------------------|--|-----------|
| TCH ED 1000 | Building Community, Culture, and Learning in Education | 1 |
| TCH ED 1001 | Early Clinical Experience: Community Agency | 1 |
| TCH ED 2000 | Becoming a Professional Educator | 1 |
| TCH ED 2001 | Early Clinical Experience: Schools | 1 |
| TCH ED 2209 | Foundations of Teaching in American Schools | 2 |
| ED PSY 2212 | Child and Adolescent Development | 3 |
| TCH ED 3310 | Instructional Design and Technology Integration | 3 |
| Total Hours | | 12 |

Teacher Education Program

The following courses are completed after acceptance into the teacher education program:

| | | |
|--------------------|---|-----------|
| TCH ED 3001 | Mid-Level Clinical Experience: Diverse Learners | 1 |
| TCH ED 3212 | Sociolinguistics and Communication in the Classroom | 3 |
| TCH ED 3312 | Psychology of Learning, Instruction, and Assessment | 3 |
| SPEC ED 3318 | Inclusive Classrooms | 3 |
| SPEC ED 4323 | Classroom Management and Positive Behavioral Supports in Inclusive Educational Settings | 3 |
| Total Hours | | 13 |

In addition to the above courses, students must select at least one emphasis area and complete all required coursework for the emphasis area.

The program will culminate in the completion of two sequential site-based practicum experience courses.

Emphasis Area Requirements

This emphasis area in elementary education prepares students for teaching in inclusive classrooms and for teaching English to speakers of other languages (TESOL).

All candidates must complete the Beginning Teacher Education Program and Teacher Education Program course work above in the College of Education.

Elementary education majors must also complete the following Teacher Education Program courses:

| | | |
|-------------|--|---|
| ELE ED 3338 | Teaching Elementary Literacy in Inclusive Settings: Literacy Assessment and Learning | 3 |
| ELE ED 3339 | Teaching Elementary Literacy in Inclusive Settings: Literacy Instruction and Learning | 4 |
| ELE ED 4253 | Teaching Elementary Social Studies in Inclusive Settings | 3 |
| ELE ED 4341 | Teaching Science in Inclusive Elementary Schools | 3 |
| ELE ED 4246 | Teaching Elementary Mathematics in Inclusive Settings I | 3 |
| ELE ED 4342 | Teaching Elementary Mathematics in Inclusive Settings II | 3 |
| TCH ED 3565 | Fine Arts Integration for the Elementary Classroom | 2 |
| TCH ED 3566 | Teaching Health and Physical Education Skills and Concepts in the Elementary Classroom | 2 |

In addition, students must complete the following Special Education and TESOL courses:

| | | |
|--------------|--|---|
| SPEC ED 3349 | Instructional Practices in Inclusive Education | 3 |
| TCH ED 3210 | General Linguistics in Teaching English to Speakers of Other Languages | 3 |
| TCH ED 3211 | Basic Principles of Second and Foreign Language Acquisition | 3 |
| TCH ED 3213 | Performance-based Assessment for TESOL | 3 |
| TCH ED 3214 | Material Development and Methods for TESOL | 3 |
| TCH ED 3224 | Curriculum Development for Content Teaching of English Language Learners | 3 |
| SPEC ED 4315 | Language and Communication of Children with Disabilities | 3 |
| SPEC ED 4342 | Transition Issues and Planning | 3 |

The program will culminate in the following practicum courses:

| | | |
|-------------|--|----|
| ELE ED 4992 | Practicum I: Elementary/Special Education/TESOL Site-Based Experience | 3 |
| ELE ED 4993 | Practicum II: Elementary/Special Education/TESOL Site-Based Experience | 12 |

Total Credit Hours: 123

Learning Outcomes

Upon completion of the program, graduates will be able to:

- Continually reflect on professional growth to improve student learning outcomes/enhance student learning.

- Integrate technology to create meaningful student learning within the context of a global digital society.
- Apply content and pedagogical knowledge to create authentic and deep learning experiences.
- Use learning science principles to design, implement, and evaluate curriculum based on learning standards.
- Foster effective working relationships with students, school colleagues, families, and community members to enhance student learning and well-being.
- Design and establish a safe, inclusive, and respectful learning environment that nurtures the intellectual, social, and personal development of all students.
- Use equitable frameworks and inclusive practices to create a variety of instructional and assessment opportunities adapted to diverse learners to encourage all students' critical thinking, problem solving, and performance skills.

Sample Four Year Plan

Total Hours: 129

¹ Course should also satisfy the Cultural Diversity Requirement

PLEASE NOTE: This plan is an example of what a four year plan could look like for a typical student. Placement exam scores in math as well as

the completion of coursework may change the plan. It should not be used in the place of regular academic advising appointments. All students are encouraged to meet with their advisor. All requirements are subject to change.

Elementary Education BSEd, Special Education Emphasis

The Bachelor of Science in Education (B.S.Ed.) in Elementary Education prepares those who desire to teach grades 1 - 6. The core courses are combined with one of three emphasis areas: **Special Education, Teaching English to Speakers of Other Languages (TESOL), or Middle School**. It is also possible to select the Special Education emphasis area and take the TESOL courses for TESOL endorsement. Please see each of the Emphasis Area Requirements listed below.

Undergraduate educator preparation is both engaging and innovative. Our high quality undergraduate educator preparation programs are designed around research-based scholarship and practical community-based contexts. To prepare our undergraduate students as the highest quality educators for our region, we contribute to and harness the resources of our deep community partnerships. The community-based experiences broaden candidates' understanding of their own identity as educators as well as enhancing their ability to build relationships, extend their skills, and understand family/community dynamics and interactions.

For their final year-long practicum, teacher candidates are immersed in Studio Schools. These partnering K-12 schools participate in our innovative, collaborative approach to educator preparation. Rather than being placed as individuals with one cooperating teacher, our candidates work with multiple teachers learning from each one, this process is supported and facilitated on-site by a specially trained UMSL clinical educator who leads a weekly seminar, conducts observations and provides candidates with regular feedback to guide their growth.

The focus of candidates' work is to explore challenges of student learning, envision solutions based on their research-based coursework, recent school initiatives, and carefully studied practices, and then enact innovative solutions to increase student learning. Candidates inquire deeply into how their students are learning, and use data to inform their instruction. Teacher candidates participate in all appropriate school and district professional development and school-wide activities, thereby becoming professionals who are part of the fabric of a studio school, not a just a temporary teacher candidate. Graduating educators have experienced an innovative education which prepares them for their future career as educational leaders in our region and beyond.

The Bachelor's of Science in Elementary Education degree prepares students to teach in elementary or middle school settings. This program requires the selection and completion of required coursework in one of the following emphasis areas: Special Education; Teaching English to Speakers of Other Languages (TESOL); Special Education and TESOL; or Middle School.

University General Education and Graduation Requirements

B.S.Ed. degree candidates must complete the following General Education Requirements (p. 30) and Graduation Requirements (p. 16) of the University as outlined in this Bulletin.

The courses listed below fulfill these requirements and best prepare students for advanced education coursework and licensure exams.

| | | |
|---|---|-----------|
| First Year Writing | | |
| ENGL 1100 | First-Year Writing (MOTR ENGL 200) | 3 |
| Math Proficiency | | |
| MATH 1020 | Contemporary Mathematics (MOTR MATH 120) | 3 |
| or MATH 1030 | College Algebra (MOTR MATH 130) | |
| Communication Proficiency | | |
| EDUC 2222 | Interpretation: Connecting Audiences and Meaning | 3 |
| or COMM 1040 | Introduction to Public Speaking (MOTR COMM 110) | |
| Information Literacy | | |
| ED TECH 2230 | Information Literacy | 3 |
| American History and Government | | |
| POL SCI 1100 | Introduction to American Politics (MOTR POSC 101) | 3 |
| or HIST 1001 | American Civilization to 1865 (MOTR HIST 101) | |
| Humanities and Fine Arts | | |
| Choose any 9 hours from at least two approved fields. | | 9 |
| Social Sciences | | |
| Choose any 9 hours from at least two approved fields. At least one course must meet the cultural diversity requirement. | | 9 |
| Math and Life/Natural Sciences | | |
| Choose any 9 hours from at least two approved fields. | | 9 |
| Junior-Level Writing | | |
| ENGL 3100 | Junior-Level Writing | 3 |
| Total Hours | | 45 |

Program Requirements

All students in the B.S.Ed. in Elementary Education program are required to take the following Teacher Education courses, as well as the required courses for the selected emphasis area. Each student must also complete all required courses and certification assessments as specified by the Missouri Department of Elementary and Secondary Education.

Grade Requirement

Professional Education courses must be completed with a grade of C or better (a grade of C- or below must be retaken).

GPA Requirement

Beginning with those students graduating in May 2017 who will also receive teaching certification, the Missouri Department of Elementary and Secondary Education requires a 3.0 GPA in professional education courses, a 3.0 GPA in the teaching content field, and a 2.75 overall GPA.

Assessment Requirement

Students must pass the required DESE certification assessments to receive the B.S.Ed. degree.

Preparing for the Teacher Education Program

The following courses must be completed prior to applying for admission to the teacher education program:

| | | |
|--------------------|--|-----------|
| TCH ED 1000 | Building Community, Culture, and Learning in Education | 1 |
| TCH ED 1001 | Early Clinical Experience: Community Agency | 1 |
| TCH ED 2000 | Becoming a Professional Educator | 1 |

1 Course should also satisfy the Cultural Diversity Requirement

PLEASE NOTE: This plan is an example of what a four year plan could look like for a typical student. Placement exam scores in math as well as the completion of coursework may change the plan. It should not be used in the place of regular academic advising appointments. All students are encouraged to meet with their advisor. All requirements are subject to change.

Elementary Mathematics Specialist Graduate Certificate

The Elementary Mathematics Specialist (Grades 1-6) certificate recognizes teachers with special training and expertise in mathematics content at the elementary school level. The program includes online courses and school-based internships. This program is designed for full-time classroom teachers.

Note: For those candidates who wish to pursue a Master's degree in Education, the M.Ed. can be earned using 18 of the credit hours required for the Elementary Math Specialist Certificate and 12 hours of additional coursework at the graduate level as required by the UMSL College of Education.

To be recommended for Missouri Department of Elementary and Secondary Education Elementary Math Specialist Certification (Grades 1-6), teachers must have a valid Missouri teacher's certificate, two years of appropriate classroom teaching experience as determined by DESE, and successful completion of any required DESE assessments.

Required Coursework

| Mathematics Content and Pedagogy | | |
|----------------------------------|---|-----|
| TCH ED 6271 | Teaching and Learning of Number and Operations from an Advanced Perspective | 3 |
| TCH ED 6272 | Teaching and Learning Rational Numbers from an Advanced Perspective | 3 |
| TCH ED 6273 | Geometry and Measurement for Elementary Mathematics Specialists | 3 |
| TCH ED 6274 | Algebraic Reasoning for Elementary Mathematics Specialists | 3 |
| TCH ED 6281 | Internship - Number and Operations in Elementary Schools | 1-2 |
| TCH ED 6282 | Internship - Rational Numbers in Elementary Schools | 1-2 |
| TCH ED 6283 | Internship-Geometry/Measurement in Elementary Schools | 1-2 |
| TCH ED 6284 | Internship-Algebraic Reasoning in Elementary Schools | 1-2 |
| TCH ED 6276 | Data and Probability for Elementary Mathematics Specialists | 3 |

|---------------------------------------|--|--------------|
| Leadership Development in Mathematics | | |
| TCH ED 6277 | Foundations of Mathematics Leadership for Elementary Mathematics Specialists | 2 |
| TCH ED 6278 | Mathematical Leadership for Elementary Schools Advanced | 3 |
| Total Hours | | 24-28 |

Elementary School Teaching Graduate Certificate

The Graduate Certificate in Elementary School Teaching prepares those with at least a bachelor's degree, who are not pursuing an M.Ed., for teaching in the Elementary classroom.

This program of study is for individuals with a bachelor's degree who would like to prepare for teacher certification in Elementary Education. This graduate certificate program option leads to Missouri Initial Professional Teacher Certification in Elementary Teaching 1-6.

Admission Requirements for the Graduate Certificate in Elementary School Teaching:

1. A passing score on the designated Missouri Content Examination or an approved program of study
2. A 2.75 or higher overall GPA
3. Approved results of the Family Care Safety Registry
4. A clear TB test or chest x-ray, if appropriate

Applicants must meet the application deadlines set by the Graduate School

Required Certification Courses

| | | |
|--------------|---|---|
| TCH ED 6565 | Integrating the Fine Arts into Elementary Classrooms | 2 |
| TCH ED 6566 | Teaching Health and Physical Education Skills and Concepts for the Elementary Teacher | 2 |

| ELE ED 5990 | Practicum II: Elementary/Special Education Site-Based Experience | 8 |
| TCH ED 5001 | Advanced Mid-Level Clinical Experience: Diverse Learners | 1 |
| Total Hours | | 44 |

Learning Outcomes

Upon completion of the program, graduates will be able to:

- Continually reflect on professional growth to improve student learning outcomes/enhance student learning.
- Integrate technology to create meaningful student learning within the context of a global digital society.
- Apply content and pedagogical knowledge to create authentic and deep learning experiences.
- Use learning science principles to design, implement, and evaluate curriculum based on learning standards.
- Foster effective working relationships with students, school colleagues, families, and community members to enhance student learning and well-being.
- Design and establish a safe, inclusive, and respectful learning environment that nurtures the intellectual, social, and personal development of all students.
- Use equitable frameworks and inclusive practices to create a variety of instructional and assessment opportunities adapted to diverse learners to encourage all students' critical thinking, problem solving, and performance skills.

English BA

Engaging with and changing the world starts with reading and writing your way through it. The Department of English offers classroom, research, internship, and creative opportunities that will help you critically approach and insightfully analyze the diverse texts and situations you encounter every day. From reading and discussing important literary works, to impressing people with your outstanding writing, to becoming a more critical consumer and composer of digital media, the English BA positions you to advocate for awareness and change in both professional and public spheres. English majors love words, and our department offers insight into wielding their power and using them for the greater good.

General Education Requirements

All undergraduate english majors must meet the university and college general education requirements (p. 30).

The college's foreign language requirement may be met in any language

Satisfactory/Unsatisfactory Option

Majors may take no more than 6 satisfactory/unsatisfactory hours in the department. Any English course may be taken on a satisfactory/unsatisfactory basis **except** the following:

| | | |
|-----------|------------------------------------|---|
| ENGL 1100 | First-Year Writing (MOTR ENGL 200) | 3 |
|-----------|------------------------------------|---|

| | | |
|-----------|---|---|
| ENGL 1110 | First-Year Writing for International Students | 3 |
| ENGL 3090 | Turning the Kaleidoscope: How We Look at Texts | 3 |
| ENGL 3100 | Junior-Level Writing | 3 |
| ENGL 3110 | Junior-Level Writing for International Students | 3 |
| ENGL 3120 | Business Writing | 3 |
| ENGL 3130 | Technical Writing | 3 |
| ENGL 3160 | Writing in the Sciences | 3 |

Degree Requirements

English majors must complete at least 39, but no more than 48, hours in English exclusive of:

| | | |
|----------------------------------|---|---|
| ENGL 1100 | First-Year Writing (MOTR ENGL 200) | 3 |
| ENGL 1110 | First-Year Writing for International Students | 3 |
| Junior-Level Writing Requirement | | 3 |

Students majoring in English must take one three-hour 2000-level course in each of the following areas: Literature in English, Language and Writing Studies, and Creative Writing. Collectively, the three 2000-level courses introduce all majors to the intellectual work people in English Studies do, and help them explore the range of skills, processes, areas of knowledge, and practices we work with and the texts we produce.

| | | |
|-------------------------------------|--|----------|
| Literature in English | | 3 |
| ENGL 2330 | Poetry: The Greatest Hits | |
| ENGL 2350 | Our Stories, Ourselves | |
| ENGL 2360 | Hey, Have You Read _____? | |
| ENGL 2370 | Drama: The Greatest Hits | |
| Language and Writing Studies | | 3 |
| ENGL 2400 | Rhetorical Ways with Words | |
| ENGL 2410 | Literate Lives | |
| ENGL 2830 | Introduction to English Language Variety | |
| Creative Writing | | 3 |
| ENGL 2020 | Introduction to Creative Writing | |
| ENGL 2030 | Poetry Writing Jumpstart | |
| ENGL 2040 | Fiction Writing Jumpstart | |
| Total Hours | | 9 |

Junior-Level Writing Requirement

Students choose one three-hour course from the following list to meet the junior-level writing requirement:

| | | |
|-----------|---|---|
| ENGL 3090 | Turning the Kaleidoscope: How We Look at Texts ¹ | 3 |
| ENGL 3100 | Junior-Level Writing | 3 |
| ENGL 3110 | Junior-Level Writing for International Students | 3 |
| ENGL 3120 | Business Writing | 3 |
| ENGL 3130 | Technical Writing | 3 |
| ENGL 3160 | Writing in the Sciences | 3 |

| | | |
|-------------|---|---|
| HONORS 3100 | Honors Advanced Composition: Writing The City | 3 |
|-------------|---|---|

¹ This course is strongly advised for literature majors and students anticipating graduate study in English.

3000 Level Major Courses: required total of 9 hours, at least six of which are literature.

Courses at this level feature a more narrow range of content, deepening the skills and habits of mind learned at the 2000 level.

| | |
|---|----------|
| One 3000-level British Literature Course | 3 |
| One 3000-level American Literature Course | 3 |
| An additional 3000-level English Course | 3 |
| Total Hours | 9 |

4000 Level Courses: required total of 12 hours. Pre-requisite: students must pass all three 2000-level core curriculum courses before enrolling in 4000-level courses.

Senior level courses are more specialized in content and more challenging in the kinds of work students produce. A wide range of these is available, in literature in English, writing and language, and creative writing. A student can focus on one of those three areas or may remain a generalist.

Electives: 9 hours of English courses at any level, exclusive of courses used to satisfy the first-year and junior-level writing requirements.

Bachelor of Arts (B.A.) in English Learning Outcomes

English BA Graduates Will Be Strong Writers, Compose Ideas with Clarity and Utilize Effective Writing Processes. They Will:

- Experiment with and enact various textual and discursive forms
- Integrate audience expectations and/or needs into texts they create
- Challenge audience expectations when appropriate
- Construct purposeful texts
 - (i.e. texts may include but are not limited to: literature, rhetoric, language, film, music, and other media/interactions)
- Practice revision processes, with complexity and concision complementing each other
- Make use of grammatically and mechanically correct prose when the rhetorical situation requires it
- Adapt and experiment with grammatical and mechanical conventions when the rhetorical situation requires it

English BA Graduates Participate in Conversations via Reading, Writing, Speaking, Listening, and Critical Thinking. They Will:

- Read, write, and interact with a variety of texts
 - Read broadly and widely
 - Read closely and critically
- Engage with increasingly complex texts as readers and writers
- Contribute their own perspectives to scholarly and public conversations involving texts they read
- Develop their own ideas and elaborate on them in relation to the ideas of others

- Discuss texts thoughtfully, inside and outside of classrooms
- Listen to others and synthesize perspectives when discussing texts
- Develop and master listening rhetorically, and listening to understand, not merely to argue against.

English BA Graduates Will Engage with a Wide Variety of Texts and Become Astute Analysts and Creators. They will:

- Define and describe texts
- Identify patterns in texts
- Analyze patterns in texts
- Make claims based on evidence found in texts
- Develop and propose alternative claims about texts
- Create original texts in response to texts
- Create and articulate original ideas in texts

English BA Graduates Will Be Culturally and Historically Aware Citizens and Professionals. They will:

- Explore and explain the interrelatedness of texts with culture, race, ethnicity, gender, disability, sexuality, class, and power, and the intersectional and sometimes fluid nature of such concepts
- Articulate worldviews from varied perspectives and evidence-based positions
- Discuss the historical dimensions and contemporary implications of texts
- Explore the structure and history of the English language
- Demonstrate strong social awareness

Sample Four Year Plan

First Year

| Fall | Hours | Spring | Hours |
|---------------------------|-------|----------------------------------|-------|
| INTDSC 1003 ¹ | 1 | ENGL 2360 | 3 |

| Elective or minor | 3 | Elective or minor | 3 |
| Elective or minor | 3 | Elective or minor | 3 |
| | 15 | | 15 |

Total Hours: 120

¹ INTDSC 1003 is required only for first-time freshmen and transfer students with less than 24 college credits.

PLEASE NOTE: This plan is an example of what a four year plan could look like for a typical student. Placement exam scores in math as well as the completion of coursework may change the plan. It should not be used in the place of regular academic advising appointments. All students are encouraged to meet with their advisor. All requirements are subject to change.

B.S. Ed. in Secondary Education with Emphasis in English

The B.S. Ed. is a professional education degree designed for students who wish to pursue a teaching career in secondary schools. Much of the discipline-specific coursework parallels the B.A. or B.S. degree in the discipline; however, the Missouri Department of Elementary and Secondary Education (DESE) requires specific coursework for teacher certification. Therefore, students interested in the B.S. Ed. should contact the advising office (OASIS) 314-516-5937 in the College of Education for discipline-specific requirements. *Note: To obtain teaching certification, DESE requires a 3.0 GPA in the discipline and professional education coursework, as well as a 2.75 GPA overall.*

B.A. in English with Master's Level Coursework for Secondary Teacher Certification

In addition to the B.S. Ed., students may opt to complete a B.A. or B.S. degree in their discipline as an undergraduate, followed by admission to the Graduate School for Master's level teaching certification. The College of Education has a one-year accelerated program for post-graduate certification called Teach in 12, or students can choose a traditional path to certification. Graduate coursework for certification can apply towards a Master's Degree in Secondary Education, with additional coursework. Students interested in Master's Level teacher certification should contact the advising office (OASIS) 314-516-5937 in the College of Education. *Note: To obtain teaching certification, DESE requires a 3.0 GPA in the discipline and professional education coursework, as well as a 2.75 GPA overall.*

English MA

Admission Requirements

To enter the graduate program in English a candidate must satisfy the requirements both of the Graduate School and the Department of English. A candidate should have a bachelor's degree, with at least 18 hours in English above the freshmen level, 12 of which must be in literature. Normally, only students with a grade point average of 3.0 in undergraduate English courses and an overall undergraduate average of 2.75 will be considered. Though the English department welcomes scores from the

Graduate Record Aptitude Exam and letters of recommendation, it does not require either of these. (Students applying for Teaching Assistantships, please see "Financial Aid and Teaching Assistantships.")

The graduate coordinator of the English Department with the advice of the graduate committee will use the undergraduate record and, and if available, the scores of the GRE general test as the basis for a decision. We welcome letters of recommendation from the applicant's former English instructors and a sample of expository prose. Applications to the MA in English are considered at all times. However, because spaces in graduate courses are limited, it is strongly advised that prospective students submit their applications well before the semester begins in order to gain admission into their appropriate classes.

Teaching Assistantships

A number of teaching assistantships are available for qualified applicants. In addition to the undergraduate record and the scores on the GRE general test, applications should include two letters of recommendation from former English instructors. Applications should be submitted to the graduate coordinator of the English department no later than March 15 preceding the academic year for which the appointment is desired.

Degree Requirements

In addition to the Graduate School requirements, students must complete at least 30 hours, 18 hours of which must be in 5000-level courses. Up to 12 hours may be taken in 4000-level courses approved by the department and Graduate School.

Required of both concentrations, literature and writing studies:

- ENGL 5000: Introduction to Graduate Study in English. Focuses upon bibliography, research methods, and literary criticism. Should be taken at the outset of the program, for graduate (not undergraduate) credit.

Students who choose a literature track must also take at least one course in each of the following six areas:

- Area 1, British literature before 1660
- Area 2, British literature between 1660 and 1900
- Area 3, Twentieth-century literature (British, American, post-colonial, or in translation)
- Area 4, American literature
- Area 5, Theories of writing, criticism, language, and/or culture
- Area 6, Literature in translation study of a particular literary genre, or a course in another relevant discipline

Students who choose the writing studies track must take:

- 15 hours in literature courses providing broad coverage rather than a narrow focus on a particular genre or historical period (ENGL 5000 constitutes three of these required literature credits)
- 15 hours in writing studies courses (including ENGL 5840)

If students choose the thesis option (6 hours) they will take 12 hours in literature and 12 hours in writing studies.

Thesis Options

Students may elect the thesis option, which requires a total of 6 hours of thesis credit. The thesis will engage the student in sustained and self-motivated study through the processes of research, conferring with advisors, drafting and revising text. The thesis must be approved and assigned a grade by a thesis committee. The student will select a

major professor who, after consulting with the chair and the graduate coordinator, will select two other members of the committee.

Literature Emphasis: The thesis should demonstrate original thought and substantial research and may be a critical study of literary works or a theoretical exploration of issues related to literature.

Writing Studies Emphasis: The final document will demonstrate significant familiarity with scholarship in Writing Studies through the critical analysis and clear synthesis of published research, observational data (where appropriate) and the student's thoughts/views/reflections/positions. The thesis may be a critical study, theoretical exploration or descriptive assessment of fieldwork drawing on writing, language, rhetorical, socio-cultural or reading theories; literacy; and the history of writing instruction; composition pedagogies; technologies.

English Minor

Minor in English

Students minoring in English may choose to specialize in literature, language and writing, or creative writing. Alternatively, students may choose a mixture of courses and remain generalists.

The minor will include a total of 18 hours of required English courses, exclusive of first-year composition and junior-level writing:

- One 2000-level core curriculum course in each of the following areas: one in literature, one in writing and language, and one in creative writing.
- Nine more hours of English courses of the student's choosing. At least three of those hours must be at the 4000 level.

Learning Outcomes

English Minor Graduates Will Be Able To:

- Demonstrate a knowledge that what counts as text is broader than traditionally assumed
- Interpret and compose for numerous contexts
- Demonstrate knowledge about audience and apply that understanding in shaping texts
- Compose purposeful texts
- Exhibit the ability to practice revision processes
- Make use of correct grammar and writing mechanics when rhetorically appropriate
- Engage with sources
- Analyze texts
- Develop and propose claims about texts
- Respond to texts with originality and purpose
- Contribute to scholarly and public conversations
- View the world from varied perspectives and evidence-based positions
- Apply skills and knowledge from the minor into their major course of study
- Discuss texts thoughtfully, inside and outside of classrooms
- Listen to others and synthesize perspectives when discussing texts

Enterprise Systems Development Graduate Certificate

The Graduate Certificate in Enterprise Systems Development is designed to help students from all backgrounds achieve competence in the development and management of web-based or legacy information systems including the interface with contemporary programming languages, frameworks, platforms, testing methodologies, and security standards.

This 12 credit hour certificate program also counts toward the 30 credit hour Master of Science in Information Systems and Technology degree program requirements. Students may choose to combine this certificate with other courses and/or certificates to obtain the Master of Science in Information Systems and Technology degree.

Admission Requirements

Applicants must meet general University of Missouri-St. Louis Graduate School admissions requirements.

Certificate Requirements

All course prerequisites and all course waivers are applicable. Substitute courses may be approved by the appropriate department chairperson and the Director of Graduate Business Programs.

| | | |
|--|--|-----------|
| INFSYS 6806 | Managerial Applications of Object-Oriented Technologies | 3 |
| or INFSYS 6808 | Advanced Object-Oriented Programming for Business | |
| Electives | | |
| Choose one of the following sequences: | | 6 |
| INFSYS 6807 & INFSYS 6817 | Contemporary z/OS COBOL and Advanced COBOL and Modern z/OS System Tools | |
| INFSYS 6814 & INFSYS 6815 | Web Applications for Business and Advanced Web Applications for Business | |
| Choose one of the following: | | 3 |
| INFSYS 6818 | Management of Software Testing | |
| INFSYS 6847 | Project Management | |
| INFSYS 6868 | Software Assurance | |
| Total Hours | | 12 |

The required courses may be substituted with other courses with the approval of the Chair of the Information Systems and Technology Department.

Learning Outcomes

Upon completion of the program, certificate earners will be able to:

- Develop business information systems
- Exhibit specialized technical expertise
- Apply software testing methodologies to ensure high quality business applications
- Apply software security standards in business applications
- Communicate effectively with information systems users

Entrepreneurship Graduate Certificate

The Graduate Certificate in Entrepreneurship is an applied program of study designed for individuals who seek to develop skills enabling them to lead venture creation processes and sustainable growth efforts in all types of organizations. Course experiences will enable students develop an entrepreneurial mindset and a deep understanding of problem identification, opportunity recognition, customer discovery, design thinking, and lean startup processes. Students may pursue a general track of study or may pursue either social or technology specialized tracks of study.

Admission Requirements

Applicants must meet general University of Missouri-St. Louis Graduate School admissions requirements.

Certificate Requirements

The Graduate Certificate in Entrepreneurship is an experientially-based 12-credit-hour program. Students complete 6 credit hours of required coursework and 6 credit hours of specialized track coursework. Students can select technology, social, or general entrepreneurship tracks. Students must complete both elective courses from the same track of study. All course prerequisites and all course waivers are applicable. Substitute courses may be approved by the appropriate department chairperson and the Director of Graduate Business Programs. All 12 credit hours taken as part of this certificate transfer to the MBA degree program.

Required Courses

| | | |
|--------------------------------------|---------------------------------------|---|
| Choose two of the following courses: | | 6 |

| FINANCE 6574 | Artificial Intelligence and Machine Learning in Finance |

Entrepreneurship Undergraduate Certificate

Requirements

This 15-credit hour certificate, which includes 9 hours of required coursework, will allow students from different majors and with different professional interests to investigate the foundations of entrepreneurial practice. This certificate is appropriate for any student who has an interest in advancing his or her knowledge, creativity, and skills necessary to become or work with entrepreneurs, bring entrepreneurial thinking to his or her workplace, and who seeks a competitive edge in the job market.

Required Courses

| | | |
|----------|----------------------------------|---|
| ENT 3100 | Applications of Entrepreneurship | 3 |
| ENT 4001 | Accelerate Capstone | |

Elective Courses

Students must complete nine credit hours of ENT courses at the 3000-level or above. ¹

9

Total Hours

12

¹ Students may enroll in EDUC 2002 in lieu of one of the ENT electives. Other Entrepreneurship related courses may be used with the approval of the program coordinator.

Learning Outcomes

Upon completion of the program, certificate earners will be able to:

- Understand and apply the language of entrepreneurship and innovation
- Apply entrepreneurship concepts in both personal and professional contexts
- Articulate and communicate new opportunities by writing and presenting elevator pitches, slide decks, and performing class presentations
- Use interdisciplinary theories and concepts to identify root causes and solve problems in any setting

Environmental Studies Minor

Minor in Environmental Studies

This is an interdisciplinary program that integrates the natural and physical sciences with the social sciences and humanities to study current environmental problems resulting from human population growth, global climate change, overuse of natural resources, pollution and biodiversity loss. A minimum 18 hours are required, 9 of which must be in the natural and physical sciences, including the listed Honors College courses, and 9 must be from the social sciences and humanities. Both BIOL 1202 (Environmental Biology) and POL SCI 3480 Environmental Politics must be completed as part of the total 18 hours. A total of 12 hours must be taken at or above the 2000 level, with one additional course at or above the 3000 level besides POL SCI 3480. At least 9 hours must be taken while in residence at UMSL. A minimum GPA of 2.0 is required.

| POL SCI 3850 | International Organizations and Global Problem-Solving | 3 |
| POL SCI 3900 | Special Readings | 1-10 |

Learning Outcomes

Foundational Knowledge

Students obtaining a minor in environmental studies will be able to integrate knowledge from multiple disciplines including natural sciences, physical sciences, social sciences, and economics as they pertain to environmental issues and policies.

Practical skills and problem solving

Students earning a minor in environmental studies will be able to appreciate the biological methods and applications to solving environmental issues while recognizing the cultural and ethical context of environmental issues. Moreover, the minor will be able to reflect on his or her contribution as a citizen and consumer to global environmental issues.

Exercise Science Minor

A minor in Exercise Science is available for students pursuing any undergraduate degree program. It is intended for those who wish to join careers in prescribed physical activity such as personal training, strength and conditioning, rehabilitation and human performance. Students completing this minor could work with clients in recreational and wellness programs as well.

Minor Requirements:

| | | |
|--------------|--|---|
| PHY ED 2134 | Personal Physical Fitness | 3 |
| HLTH PE 3280 | Human Anatomy and Physiology | 4 |
| HLTH PE 3380 | Introduction to Nutrition for Health and Performance | 3 |

Family Nurse Practitioner Post-Graduate Certificate

Post-graduate certificate (PGC) requirements are tailored to the individual student, depending on past academic work, experience, the student's goals, and specialty requirements. Upon completion of the PGC requirements, a certificate is awarded by the College of Nursing (CON) and Graduate School. Graduates are eligible to apply to take board certification exams in the advanced practice role and population for which they have been prepared.

Due to higher education regulation changes, the University of Missouri–St. Louis cannot admit students from all states for online programs. Please see the Center for Teaching and Learning for additional information: http://www.umsl.edu/services/ctl/onlinelearning/state_authorization.html.

Admission Criteria

- Admission to the University by completing the UMSL Graduate School application
- MSN, DNP from a nationally accredited nursing program
- MSN or DNP 3.0 minimum GPA
- Current professional licensure
- Acute Care Pediatric Nurse Practitioner (PNP-AC) post-graduate certificate requires at least one (1) year of inpatient pediatric nursing experience
- Psychiatric Mental Health Nurse Practitioner (PMHNP) post-graduate certificate requires at least one (1) year of inpatient or outpatient psychiatric nursing or emergency room nursing experience

Certificate Requirements

Students must complete a minimum of 12 credit hours of coursework from the University of Missouri - St. Louis College of Nursing. Courses must be from the list below.

| | | |
|------------|---|-----|
| NURSE 6518 | Pathophysiology for Advanced Nursing Practice | 3 |
| NURSE 6524 | Health Assessment for Advanced Nursing Practice | 3 |
| NURSE 6520 | Pharmacology For Advanced Nursing Practice | 3 |
| NURSE 6530 | Introduction to Diagnostic Reasoning | 3 |
| NURSE 6741 | Family Health I: Diagnosis and Management of Advanced Practice Nursing | 4 |
| NURSE 6742 | Family Health II: Diagnosis and Management in Advanced Practice Nursing | 4 |
| NURSE 6954 | Advanced Practice Nursing: Practicum I | 2-4 |
| NURSE 6955 | Advanced Practice Nursing: Practicum II | 2-4 |
| NURSE 7954 | Advanced Practice Nursing: Practicum III | 2-4 |

All students must complete 8 credit hours of Residency. Once credit hour is equivalent to 75 residency hours.

Finance Minor

General Requirements

All minors are 15 credit hours or 5 courses, including business core courses.

- Students must attain a 2.0 grade point average for all courses in the minor.
- Students must attain a minimum grade of C- in each course included in the minor.
- All courses in the minor must be on a graded basis.
- A minimum of 9 credit hours of coursework included in the minor must be taken in residence at UMSL.
- One must complete a baccalaureate degree at UMSL in order for a minor to be conferred.
- A minor may be added for up to two years following completion of the baccalaureate degree

Specific Requirements for the Minor

Available to all students except those pursuing the Bachelor of Science in Business Administration degree. Students must complete:

| | | |
|--|----------------------|----|
| FINANCE 3500 | Financial Management | 3 |
| Select any four upper division finance electives | | 12 |
| Total Hours | | 15 |

Learning Outcomes

Upon completion of the program, graduates will be able to:

- Describe fundamental concepts in finance.
- Interpret financial data and describe firm financial performance.
- Demonstrate competency to identify and assess financial risk and return.

Financial Technology MS

Admission Requirements

Students must meet the general admission requirements for the Graduate School (p. 45).

Degree Requirements

| Required Courses | | |
|--------------------------------------|---|---|
| FINANCE 6500 | Financial Management ¹ | 3 |
| FINANCE 6503 | Computer Applications in Finance | 3 |
| FINANCE 6521 | Financial Forensics: The Science of Derivatives | 3 |
| FINANCE 6570 | Introduction to Fintech | 3 |
| FINANCE 6572 | Financial Data Analytics | 3 |
| FINANCE 6574 | Artificial Intelligence and Machine Learning in Finance | 3 |
| FINANCE 6576 | Blockchain: Applications in Finance | 3 |
| FINANCE 6590 | Seminar in Finance | 3 |
| Electives | | 6 |
| Choose two of the following courses: | | |
| FINANCE 6520 | Security Analysis | |

| | |
|--------------------|--|
| FINANCE 6540 | Financial Institutions and Financial Markets |
| FINANCE 6542 | Real Estate |
| FINANCE 6545 | Venture Capital and Private Equity |
| FINANCE 6580 | International Financial Management |
| Total Hours | |
| | 30 |

¹ FINANCE 6500 course may be waived depending on the candidate's previous educational experience. If so, the candidate will need to take an extra course from the elective course list. In total, a student is required to take a minimum of 30 credit hours. The 30-credit-hour program is tailored for students with an undergraduate degree in business or other degree that satisfies the FINANCE 6500 pre-requisites; otherwise, they need to take additional courses to meet the requirements for the FINANCE 6500 class.

Financial Technology MS Accelerated Master's Degree

The Department of Finance & Legal Studies offers an Accelerated MS degree program that allows students to simultaneously earn their BSBA with an emphasis in finance and their MS in Fintech in as few as ten semesters. Students in the Accelerated MS program will complete the MS through coursework.

The combined program requires a minimum of 138 credit hours. Students accepted to the Accelerated MS degree program will be permitted to count up to 12 credit hours at the 4000-level or higher toward both the BSBA and MS degrees; these courses will require additional work by the instructor. The remaining 18 credit hours must be at the 5000/6000 level.

Students are encouraged to work closely with the Undergraduate and Graduate Business Programs Directors to ensure that required courses are timed appropriately.

Eligibility

Students will need to have fulfilled the core curriculum requirements prior to applying for the Accelerated MS program.

Admission Requirements

Provisional Admission

Applicants are considered for provisional admission if they meet the following four criteria:

- Earned 60 hours as an undergraduate
- Completed the core curriculum requirements for the BSBA/ Finance emphasis
- Have a minimum GPA of 3.0
- Have met with both the Undergraduate and Graduate Business Programs Director

The Graduate Business Programs Director, in consultation with the Undergraduate Director, will determine whether the student can apply for provisional status. Graduate courses completed by undergraduate students who have been provisionally admitted to Accelerated master's program will be charged at the undergraduate tuition rate; however, these courses will count toward the master's degree. These courses must be approved before the semester starts. Therefore, it is recommended to

apply for provisional status as a junior, preferably in the first semester of junior year.

Graduate Admission

Students are considered for admission to the graduate school in their final semester in their undergraduate degree program. Students should meet with the Graduate Business Programs Director each semester. Applicants are considered for graduate admission if they meet the following criteria:

- Are in the last semester of their undergraduate degree.
- Have a minimum GPA of 3.0 since being granted provisional status; and
- Have met with the Graduate Business Programs Director in the College of Business Administration

The Graduate Business Programs Director, in consultation with the Undergraduate Director, will determine whether the student can apply for graduate admission. Final decisions concerning graduate admission are made by the Graduate School in consultation with the Graduate Business Programs Director. Students admitted to the graduate program have graduate status and must take graduate courses until completing the master's degree.

Program Requirements

Students with provisional admission in the 5th semester (Junior year) will continue the status of undergraduate standing until the end of 8th semester (Senior year) and will complete up to 12 graduate credits.

Junior/Senior Year Courses ¹

| | | |
|---|---|---|
| FINANCE 6500 | Financial Management | 3 |
| Choose three of the following courses (9 hours) | | |
| FINANCE 6520 | Security Analysis | 3 |
| FINANCE 6503 | Computer Applications in Finance | 3 |
| FINANCE 6521 | Financial Forensics: The Science of Derivatives | 3 |
| FINANCE 6540 | Financial Institutions and Financial Markets | 3 |

Final Year Courses (choose 6 courses, 18 hours)

| | | |
|--------------------|---|-----------|
| Fall | | |
| FINANCE 6570 | Introduction to Fintech | 3 |
| FINANCE 6572 | Financial Data Analytics | 3 |
| FINANCE 6576 | Blockchain: Applications in Finance | 3 |
| Spring | | |
| FINANCE 6542 | Real Estate | 3 |
| FINANCE 6545 | Venture Capital and Private Equity | 3 |
| FINANCE 6574 | Artificial Intelligence and Machine Learning in Finance | 3 |
| FINANCE 6590 | Seminar in Finance | 3 |
| Total Hours | | 36 |

¹ All courses listed are 3-credit hour courses.

Awarding of Degrees

The student may apply for and receive the bachelor's degree in the semester when all the undergraduate requirements are completed. In their final semester in undergraduate status, the student must apply and be admitted to the graduate program, to begin the following semester. The

student will apply to receive the master's degree in the semester that the requirements for the graduate degree will be completed.

If the student fails to enroll for more than one year after receiving the bachelor's degree, the student can still earn the master's degree, but the graduate-level credits earned as an undergraduate cannot be used for the graduate degree.

Fintech Graduate Certificate

The Graduate Certificate in Fintech is designed for finance professionals at all levels and other professionals interested in seeking specialized training in financial technology and data analytics to keep up with transformative changes in the financial industry and advance their careers. This 15-hour program focuses on financial technology (fintech), including topics like an introduction to fintech, blockchain, statistical inference, dynamic modeling, big data analytics, artificial intelligence and machine learning, robo advisors, algorithmic trading, financial derivatives, and portfolio analysis and management.

Admission Requirements

Applicants must meet general University of Missouri-St. Louis Graduate School admissions requirements (p. 45).

Certificate Requirements

Required

| | | |
|--------------|-------------------------------------|---|
| FINANCE 6570 | Introduction to Fintech | 3 |

| FINANCE 6503 | Computer Applications in Finance |
| FINANCE 6520 | Security Analysis |
| FINANCE 6524 | Portfolio Analysis and Management |
| FINANCE 6572 | Financial Data Analytics |
| FINANCE 6574 | Artificial Intelligence and Machine Learning in Finance |

Total Hours **15**

French Minor

A minor in French, German, Japanese or Spanish requires the completion of four courses in the language beyond the basic foundation sequence (Language 1001, Language 1002, and Language 2101). Transfer students must complete at least two courses for the minor at UMSL. All courses must be passed with a grade of C- or better.

Specific Requirements for the French Minor

| | | |
|---|--|-----------|
| FRENCH 2170 | Intermediate French Language and Culture | 3 |
| FRENCH 2180 | Readings in French | 3 |
| Select two French courses 3000-level or above | | 6 |
| Total Hours | | 12 |

Gender and Politics Minor

Requirements for Political Science Minors

A general minor in political science can be arranged, as well as specialized minors in eight different subfields of the discipline. Interested students should see a faculty adviser to plan a coherent program of study as a minor field.

Students must achieve a cumulative 2.0 GPA in the political science courses chosen to qualify for the minor. Students may count no more than 3 hours in political science taken on a satisfactory/unsatisfactory basis toward the minor. Students taking an internship POL SCI 3940 may count no more than three hours of the internship toward the minor.

Specific Requirements for the Minor

| | | |
|-------------------------------|---|----|
| Select five of the following: | | 15 |
| POL SCI 2102 | | |
| POL SCI 2290 | Gender and the Law | |
| POL SCI 2370 | The Politics of Identity and Social Justice | |
| POL SCI 2380 | The Politics of Gender in the United States | |
| POL SCI 3460 | The Politics of Poverty and Welfare | |
| POL SCI 3900 | Special Readings ¹ | |
| POL SCI 3940 | Public Affairs Internship ¹ | |
| Total Hours | | 15 |

¹ May be taken with approval of the faculty advisor.

Learning Outcomes

Upon completion of the program, graduates will be able to:

- Explain the major events, laws, and court findings regarding gender and politics.
- Compare and contrast multiple social movements and policies.
- Assess issues of inequity, formulate evidence-based recommendations that take into account areas of privilege and oppression and existing political and societal structures, and communicate them with clarity and coherence.

Gender Studies Graduate Certificate

Requirements for Admission

- Applicants must meet the general University of Missouri-St. Louis Graduate School admission requirements
- Two letters of recommendation

This certificate is available to students with Bachelor's or Master's degrees and students enrolled in graduate degree programs. A student need not be enrolled in a degree program to earn the Gender Studies graduate certificate. Post B.A./B.S. students may enroll in the undergraduate or graduate certificate program.

Certificate Requirements

At least 18 hours of Gender Studies courses at the 4000, 5000, and/or 6000 level

1. 3 hours must include a graduate feminist or gender theory course, which may be GS 5100 Feminist Theory, GS 4600 Masculinities, or other theory course.
2. 3 hours must include either a graduate internship or practicum, or final writing project, which may be an independent study GS 6452 Special Readings in Gender Studies, or a substantial research and writing project for a GS graduate seminar, which may be GS 6450 Seminar in Gender Studies, or other cross-listed, 5000 or 6000-level seminar
3. 9 hours must be at the 5000 level or above, while up to 9 hours of 4000-level courses may be taken for graduate credit, as long as student completes graduate level work for the course.
4. No more than 6 hours may be taken as Directed or Independent Study credit.

Most Gender Studies courses are cross-listed with other departments and count toward a department's degree requirements as well as toward the certificate.

Learning Outcomes

Upon completion of the certificate earners will be able to:

Knowledge

- Contrast different theoretical approaches to understanding gender and their implications for advocacy and activism
- Develop in-depth knowledge of one aspect of gendered experience examined through the lens of a time period, literary genre, a geographic region, or other focus on a narrowed topic

Writing Research and Communications

- Apply feminist theories and methods to analyze, interpret, and discuss the role of gender in written, oral, visual, and/or multimedia texts
- Apply feminist research methods to identify and investigate a problem relating to gender in order to design an original research project that contributes to the scholarship on a topic in the field of Gender Studies by conducting a comprehensive and critical literature review, identifying and utilizing at least one appropriate method of original data collection, evaluating sources, and interpreting and disseminating the results

Professional

- Network with local and global leaders in the field of gender studies or fields appropriate to students' interests and career goals
- Develop the skills and knowledge necessary to compete for and be successful in a wide range of fields both local and global including non-profit management, education, academia, social work, the sciences, business, law, and transnational feminist work

Gender Studies Minor

Minor Requirements

For a Minor in Gender Studies, students must take at least 12 hours of Gender Studies courses. 6 hours must include 2 core courses:

1. GS 2102 Introduction to Gender Studies
2. GS 4100 Introduction to Feminist and Gender Theory, GS 4600 Masculinities, or other upper division course in feminist or gender theory.

The remaining 6 hours must be 3000-level or 4000-level GS courses. Enrolling in GS 4352 Independent Study in Gender Studies or GS 4353 Internship in Gender Studies is encouraged. Courses in the student's major department (not cross-listed as a GS course) may be accepted with the prior approval of the Gender Studies Program Coordinator.

Learning Outcomes

Upon completion of the Gender Studies Minor and Undergraduate Certificate, a student will be able to:

Knowledge

- Analyze how gender affects individuals and society historically and currently, locally and globally, including how systems of power and oppression operate and how gender intersects with other facets of identity such as ethnicity, nationality, class, sexuality, age, and ability
- Describe key figures, concepts, and debates within the discipline of gender studies, such as "the Other," sex vs. gender, gender as a social construct vs. essentialism, and intersectionality
- Utilize gender as a variable to explain historical, social, cultural, technological, and/or symbolic phenomena
- Evaluate ideological assumptions underlying social institutions and systems of representation

Writing Research and Communications

- Articulate complex ideas coherently to diverse audiences.
- Relate how personal experience connects to institutions and systems of privilege and oppression.
- Apply traditional and new media literacies to locate, evaluate, utilize, and produce knowledge.
- Synthesize evidence obtained from research to compose texts that advance, support, and defend an argument about gender.

Professional

- Develop strategies for promoting equality and combating oppression
- Connect personal experience and the ideas explored in the classroom to apply the insights gained to other classes and personal and professional life
- Describe the importance of respect, civility, sensitivity, civic engagement, and appreciation for diversity and demonstrate these traits

Gender Studies Undergraduate Certificate

Requirements for Admission

Undergraduate certificate candidates must meet the University's general education requirements. Applicants must have a cumulative G.P.A. of at least 2.5 and must maintain a minimum 2.5 G.P.A. in Gender Studies courses. Candidates for undergraduate certificates are asked to register with Gender Studies after taking one or two courses. Students will then be enrolled in the program and will be placed on our mailing list for class information and announcements of upcoming events.

Certificate Requirements

Students must take at least 18 hours in Gender Studies courses. 9 hours must include 3 core courses:

1. GS 2102 Introduction to Gender Studies
2. GS 4100 Introduction to Feminist and Gender Theory, GS 4600 Masculinities, or other upper-division course in feminist or gender theory.
3. Capstone Experience: Students must complete a final research project or practicum. The Capstone requirement may be satisfied by GS 4352 Independent Study in Gender Studies, GS 4353 Internship in Gender Studies, or by a 4000-level Gender Studies course or other 4000-level seminar where student completes a final research and writing project that focuses on gender studies.

9 hours may be cross-listed courses with student's major department or Gender Studies electives from various disciplines.

Learning Outcomes

Upon completion of the program, certificate earners will be able to:

- Demonstrate an understanding of the complex ways gender and other culturally constructed categories inform social, cultural, economic, and political practices that both reproduce and resist hierarchies of power in the U.S. and global contexts.
- Articulate the central questions of gender studies scholarship, including foundational theories in feminist thought and action.
- Conduct interdisciplinary research that applies gender as a central category of analysis.
- Apply gained knowledge, research skills, and gender studies concepts in an independent study, experience of direct engagement with professionals in their field, and/or community service-oriented activity.

Geographic Information Systems Undergraduate Certificate

The Undergraduate Certificate in Geographic Information Systems introduces students to broad concepts, technologies, tools, and techniques related to the gathering and sharing of geographic data across various disciplines. Students will learn how to acquire geographic information from a variety of sources; manage, interpret, and present geospatial data for a given purpose; and how to use geographic information system (GIS) software for storage, manipulation, and analysis of geospatial data.

Core

| | | |
|--------------|---|---|
| SOC 2501 | Introduction to Geographic Information Systems and Sciences | 3 |
| SOC 4501 | Advanced Geographic Information Systems and Sciences | 3 |
| CMP SCI 3990 | Undergraduate Internship | 1 |

Electives

Choose one course from the following list of methods/visualization electives 3

| | | |
|--------------|---|--|
| GEOG 1001 | Introduction to Geography (MOTR GEOG 101) | |

| PHIL 4460 | Topics in Logic ^{2,3} | |
| SOC WK 4755 | Introduction to Poverty, Human Rights, and Social Justice ² | |
| MGMT 5634 | Sustainability Management ² | |

Total Hours 13

Other UMSL courses and courses from other UM campuses, through ICCS or other formats, may be included as electives with prior approval of the program coordinator.

¹ Must be approved by the program coordinator

² This course has departmental prerequisites, please consult an advisor for more information

³ Only specific section offerings (those with formalized GIS content) may count toward certificate and must be approved by program director

Learning Outcomes

Upon completion of the program, certificate earners will be able to:

- Explain the important role of the geospatial dimension in data analysis and presentation

- Apply foundational concepts and methods of acquisition, management, visualization, and analysis of geographic data and apply these skills to problems in various disciplines
- Use GIS tools and methods to create maps, images, and other media to communicate in a meaningful way to others
- Solve GIS focused problems independently and as a member of a team

German Minor

A minor in French, German, Japanese or Spanish requires the completion of four courses in the language beyond the basic foundation sequence (Language 1001, Language 1002, and Language 2101). Transfer students must complete at least two courses for the minor at UMSL. All courses must be passed with a grade of C- or better.

Specific Requirements for the German minor

| GERMAN 2170 | Intermediate Practice in Speaking and Writing German | 3 |
|-------------|--|---|

| | | |
|---|---------------------------------|---|
| GERMAN 2180 | Intermediate Readings in German | 3 |
| Select two German courses 3000-level or above | | 6 |

Total Hours 12

Gerontological Studies Undergraduate Certificate

Opportunities and challenges of human aging intersect with most academic and professional disciplines. Older adults receive a range of health, social, economic and other support services (e.g. through government programs, medical centers, senior centers, long-term care facilities, not-for-profit agencies) in order to age successfully at home or elsewhere.

The proportion of older adults in the US population will grow substantially in coming decades. The 15 credit hour Undergraduate Certificate in Gerontological Studies (UCGS) is designed to prepare students for entry level, service-oriented positions in this growing marketplace.

The UCGS adds a tangible credential for future work with and for older adults, and it can be pursued with any major area of study with proper planning. Please contact the Gerontology Program Coordinator to learn more and for an advising appointment.

General Requirements

The certificate is 15 credit hours. All students must take SOC 2170/GERON 2170: Aging in America: Concepts & Controversies (3-credit hours). An additional 9 credit hours of GERON elective courses must include at least 6 credit hours at the 3000-level or above. Students will complete a capstone (minimum of 3 credit hours) that entails an internship or practicum in an aging setting, or research or readings resulting in an aging-related paper or project.

Substitutions or alternative courses may be included with approval of the Program Coordinator for Gerontology. At least 9 of the 15 hours required for the certificate must be taken at UMSL. Students must achieve a grade of C- or higher in the required course, elective courses, and the capstone to qualify for this minor.

Required Course

| | | |
|----------------|--|---|
| SOC/GERON 2170 | Aging in America: Concepts & Controversies | 3 |
|----------------|--|---|

Electives

9

Select 9 hours from the list below. At least 6 hours must be at the 3000-level or above.

Any GERON courses

| | | |
|----------------|---|--|
| PSYCH 2268 | Lifespan Developmental Psychology (MOTR PSYC 200) | |
| SOC WK 3510 | Human Behavior in the Social Environment | |
| SOC WK/GS 3700 | Diversity and Social Justice | |

Capstone

Complete at least 3 hours from the following courses. This course must be approved, in advance, by the Gerontology Program Coordinator.¹

3

| | | |
|-------------|---|--|
| GERON 4490 | Directed Readings | |
| PSYCH 3295 | Selected Projects in Field Placement | |
| SOC 4350 | Special Study | |
| SOC 4385 | Internship in Sociology | |
| SOC WK 4800 | Supervised Field Experience in Social Work I | |
| SOC WK 4850 | Supervised Field Experience in Social Work II | |

Total Hours

15

¹ Capstone course is distinct from the electives.

Other UMSL courses and courses from other UM campuses, through ICCS or other formats, may be included as electives with prior approval of the program coordinator.

Learning Outcomes:

Upon completion of the program, certificate earners will be able to:

- Employ lifespan/life course perspective and biological, psychological, and sociological theories to examine human development and aging.
- Distinguish factors related to aging outcomes through critical thinking and empirical research.
- Adhere to ethical principles to guide work with and on behalf of older persons.
- Engage collaboratively with others to promote integrated approaches to aging in practice.

Gerontology Minor

Opportunities and challenges of human aging intersect with most academic and professional disciplines. Older adults receive a range of health, social, economic and other support services (e.g. through government programs, medical centers, senior centers, long-term care facilities, not-for-profit agencies) in order to help them age successfully at home or elsewhere. The 12 credit hour Undergraduate Minor in Gerontology is designed to introduce students to this important field.

General Requirements

The minor is 12 credit hours. All students must take SOC 2170/GERON 2170: Aging in America: Concepts & Controversies (3-

credit hours). The remaining 9 GERON credit hours must include at least 6 credit hours at the 3000-level or above.

Substitutions or alternative courses may be included with approval of the Gerontology Program Coordinator. At least 6 of the 12 credit hours required for the minor must be taken at UMSL. Students must achieve a grade of C- or higher in the required and elective courses to qualify for this minor.

Required Course

| | | |
|----------------|--|---|
| SOC/GERON 2170 | Aging in America: Concepts & Controversies | 3 |
|----------------|--|---|

Select 9 hours from the list below. At least 6 hours must be at the 3000-level or above.

9

| | | |

| SOC WK/GS 3700 | Diversity and Social Justice | |

Total Hours

12

Other UMSL courses and courses from other UM campuses, through ICCS or other formats, may be included as electives with prior approval of the program coordinator.

Learning Outcomes

Upon completion of a Minor in Gerontology at the University of Missouri St. Louis, students will be able to:

- Employ lifespan/life course perspective and biological, psychological, and sociological theories to examine human development and aging.
- Distinguish factors related to aging outcomes through critical thinking and empirical research.

Global Biodiversity Conservation and Leadership Graduate Certificate

The Graduate Certificate in Biodiversity Conservation and Leadership is intended for students who wish to pursue a career in conservation biology or ecology from either a research or practical standpoint. Cooperating institutions include the Missouri Botanical Garden, St. Louis Zoo, Center for International Studies at UMSL, and the Departments of Economics, History, Political Science, and Social Work.

The Graduate Certificate in Global Biodiversity Conservation and Leadership is intended for students who wish to pursue a career in conservation biology or ecology from either a research or practical standpoint. Cooperating institutions include the Missouri Botanical Garden, the Saint Louis Zoo, the Center for International Studies at UMSL, and the Departments of Economics, History, and Political Science, and the Business School.

Admission

Graduate students enrolled in UMSL who intend to receive a Graduate Certificate in Global Biodiversity Conservation and Leadership must complete the Application for Graduate Certificate (G10) once completing the required coursework. Students not enrolled in a course of graduate

studies at UMSL who have a baccalaureate degree or are enrolled in graduate work elsewhere must apply for admission to the UMSL Graduate School as graduate certificate-seeking students. The minimum admission requirements include: (1) completion of a baccalaureate degree and the prerequisites of the certificate program; 2) at least a 3.0 GPA for undergraduate course work or a 3.2 GPA for 12 credit hours of graduate course work. The minimum prerequisites are undergraduate courses in ecology, evolution and genetics.

Requirements

The certificate is awarded after completion of 18 credit hours of core courses and electives with a minimum of 12 credits at the 5000 or 6000 level. Electives must include a minimum of 3 credits outside biology with a maximum of 7 outside biology. A maximum of 3 credits may be taken at institutions other than UMSL. Students may simultaneously earn a graduate degree and count credits earned in their degree program toward the certificate when appropriate.

Required Core Courses

| | | |
|---------------------------|---|-----|
| BIOL 6250/POL SCI 6452 | Public Policy of Conservation and Sustainable Development | 3 |
| BIOL 6299 | Internship in Conservation Biology | 2-4 |
| BIOL 6222 or BIOL 6270 | | 3 |

Electives 10

Biology

| | |
|-----------|-----------------------------|
| BIOL 4182 | Population Biology |
| BIOL 4402 | Ornithology |
| BIOL 4403 | Ornithology Laboratory |
| BIOL 4422 | Entomology |
| BIOL 4423 | Entomology Laboratory |
| BIOL 4501 | |
| BIOL 5192 | Community Ecology |
| BIOL 6182 | Advanced Population Biology |
| BIOL 6192 | |
| BIOL 6222 | |
| BIOL 6270 | |
| BIOL 6889 | Graduate Seminar |

Economics

| | |
|-----------|--|
| ECON 3500 | |
| ECON 4160 | Geospatial Analysis in the Social Sciences |
| ECON 4170 | Fundamentals of Cost-Benefit Analysis |
| ECON 4550 | Natural Resource Economics |

History

| | |
|-----------|---------------------------|
| HIST 3000 | Special Topics in History |
|-----------|---------------------------|

International Business

| | |

| POL SCI 4850 | International Law |
| POL SCI 6448 | Political Economy and Public Policy |

Total Hours 18-20

Global Health and Social Medicine Minor

Select one of the following 1000-level courses: 3-4

| | |
|------------------|---------------------------------|
| ANTHRO 1005 | Introduction to Human Evolution |
| ANTHRO/HIST 1021 | The Body in Culture |
| BIOL 1131 | Human Physiology and Anatomy I |

Select one of the following 1000 or 2000 level courses: 3

| | | |
|------------------|---|---|
| ANTHRO/HIST 1021 | The Body in Culture ¹ | 3 |
| ANTHRO 2104 | Medicine in Culture and History | |
| BIOL 1110 | Nutrition in Health | |
| HIST 2425 | Food and Drink in Japan: A Cultural History | |

| | |
|----------|--|
| SOC 2170 | Aging in America: Concepts & Controversies |
| SOC 2180 | Alcohol, Drugs and Society |
| SOC 2338 | Health and Society |

Select two of the following 3000-4000 level elective courses: 6

| | |
|------------------|---|
| ANTHRO/HIST 3246 | Medicine and Disease in the Ancient World |
| ANTHRO 4314 | The Archaeology of Death |
| SOC 3300 | The Social Construction of Aging and Ageism |
| SOC 3501 | Social Mapping for Change |

Select one of the following courses: 3

| | |
|-----------------|--|
| ANTHRO/SOC 4307 | Community Based Research in Anthropology |
| SOC 3221 | Qualitative Methods in Social Research |
| SOC 4200 | Applied Social Research |

Total Hours 18-19

¹ If not taken above.

Students may substitute the above courses with other courses upon approval by the advisor of the minor program. All required courses for the minor must be completed with a grade of C- or better.

Health Communication Undergraduate Certificate

The Department of Communication and Media offers a certificate program for those students interested in careers in health communication. Our certificate program addresses the dynamics of health communication from varying perspectives. The core classes in the program focus on a breadth

of health communication topics, such as the influence of mass media, interpersonal communication, organizational communication, and culture. After completing the certificate, students will be able to recognize, analyze, and design effective communication strategies for promoting individual and public health.

The certificate program is comprised of 18 credit hours of coursework, as indicated. All students must earn a C or better in all courses applied to the certificate program.

Core Course List:

| | | |
|--------------------|---|-----------|
| COMM 1369 | Introduction to Health Communication | 3 |
| COMM 2235 | Professional Communication | 3 |
| COMM 3150 | Crisis, Disaster, and Risk Communication | 3 |
| COMM 3330 | Research Methods in Communication I | 3 |
| COMM 3368 | Advanced Health Communication | 3 |
| COMM 4360 | Applied Health Communication ¹ | 3 |
| Total Hours | | 18 |

¹ COMM 4360 may count toward the internship credit for the BA in Communication.

For more information on this certificate, please contact the Department of Communication and Media's Health Communication Certificate Coordinator.

Learning Outcomes

Upon completion of the program, certificate earners will be able to:

- Effectively apply theory and best practices to design messages to enhance health
- Critically analyze and evaluate health strategies and messages using relevant theory and best practices
- Understand the roles of communication and other factors that contribute to and/or alleviate health issues
- Practice effective, professional communication in a variety of health-related settings

Higher Education MEd

The Master's degree with an emphasis in Higher Education is flexibly designed to provide a unique academic experience for practitioners who are or aspire to be employed in higher education or K-12 institutions, or private, community or government agencies focused in postsecondary transition opportunities. They would perform work related to a variety of career paths, which are provided below. The program includes an expanded focus which pertains to college access, equity and affordability, and workforce preparation, which complements the student services and higher education leadership emphases. The revised and integrated curriculum considers higher education student services practitioners, as well as K-12 teacher leaders and college and career preparation professionals who aim to transform the college access and workforce preparation culture for K-12 and postsecondary education institutions in order to champion success for all students.

Admission Requirements

This degree program follows the policies of The College of Education and the Graduate School relating to academic standards, residency, transfer credit, time limitations, and thesis options (see Graduate Study (p. 45) in the Bulletin).

Applicants must meet the general graduate admission requirements of the Graduate School, described in the UMSL Bulletin. Students are considered for admission to the graduate program in Adult and Higher Education only after they have formally applied for admission through the Graduate School. Applications are completed online.

Degree Requirements

| | | |
|--------------------|---|-----------|
| ED PSY 6474 | Understanding the Psychosocial Development of Emerging Adults | 3 |
| or HIGHERED 6474 | Understanding the Psychosocial Development of Emerging Adults | |
| HIGHERED 6405 | Financial Issues in Higher Education | 3 |
| HIGHERED 6408 | Legal Issues in Student Affairs | 3 |
| HIGHERED 6430 | The Community College | 3 |
| HIGHERED 6473 | Curriculum in Higher Education | 3 |
| HIGHERED 6475 | College Access and Career Preparation for the Emerging Adult | 3 |
| HIGHERED 6476 | Organization and Administration of Higher Education | 3 |
| HIGHERED 6477 | History and Philosophy of American Higher Education | 3 |
| HIGHERED 6478 | Enrollment Management and Student Retention | 3 |
| HIGHERED 6900 | Internship (may be taken over 1-3 semesters) | 3 |
| Total Hours | | 30 |

Learning Outcomes

Upon completion of the program, graduates will be able to:

- Analyze and evaluate issues related to students and postsecondary/higher education institution practices using the history and sociology of higher education, organizational, and learning and development theories to support student success.
- Apply learning and development theories of program development/planning to diverse practice settings in postsecondary/higher education.
- Apply leadership, organizational, evaluation, assessment, and management practices to professional work in postsecondary/higher education.
- Apply professional standards and principles of law, ethics, and social justice to postsecondary/higher education work.
- Collaborate with others related to the field of postsecondary/higher education to effectively facilitate problem solving and decision making through critical reflective practice.
- Demonstrate high-quality interpersonal skills, including academic and professional writing and presentation skills.

Higher Education MEd Accelerated Master's Degree

The Bachelor of Educational Studies and Master's in Education (B.E.S./M.Ed.) accelerated program in Higher Education allows students to complete the requirements for both degrees within five years of full-time study. The number of credit hours that are normally required to pursue the undergraduate Bachelor of Educational Studies and the Master of Education degrees separately will be reduced from 150 credit hours to a total of 138 credit hours if the accelerated option is selected.

Admission Requirements

Provisional Admission

Applicants will be considered for provisional admission if they have a minimum GPA of 3.00.

After provisional admission to the Accelerated Master's degree program in Higher Education, undergraduate students who pursue the Bachelor of Educational Studies degree program, Youth and Adult development emphasis, can apply two internship courses, EDUC 4990 (Internship II) and EDUC 4991 (Internship III), twelve (12) credit hours total, toward the Higher Education master's program. Students must apply for the Accelerated Master's degree program prior to enrolling in these internship courses in order to count these courses towards the graduate degree. Students will be charged the undergraduate tuition rate for EDUC 4990 and EDUC 4991.

Students should apply for provisional status no later than the first semester of their senior year.

Graduate Admission

Students are considered for formal admission to the Graduate School each semester after being granted provisional status. Applicants are considered for formal admission if they meet the following criteria.

- Enrolled in the final semester of their undergraduate degree program and applied to graduate with the B.E.S. degree in MyView
- Received provisional admission to the Accelerated M.Ed. in Higher Education;
- Consulted with their academic advisor to develop an academic plan for the Accelerated M.Ed.

Final graduate admissions decisions are made by the Graduate School in consultation with the College of Education Graduate Program Director. Students admitted to the graduate program must take graduate courses until the completion of the master's degree.

Applicable Coursework

Twelve (12) credit hours of internship coursework, EDUC 4990 (Internship II) and EDUC 4991 (Internship III), as shown under the section "Program Requirements" below, may be applied toward the credit hour requirements for both the B.E.S. and Higher Education degree programs. An additional 18 credit hours of graduate coursework, also outlined in the "Program Requirements" section, must be completed for conferral of the Accelerated Master's degree.

The courses that will count toward both degrees must be approved by both the Undergraduate and Graduate Program Directors. All other requirements for the B.E.S. degree remain in effect.

Program Requirements

Candidates for the Accelerated Master's Degree in Higher Education must complete the following courses, for a total of 30 credit hours:

Internship Courses

| | | |
|-----------|----------------|---|
| EDUC 4990 | Internship II | 6 |
| EDUC 4991 | Internship III | 6 |

Graduate Courses

| | | |
|----------------------|---|---|
| HIGHERED 6430 | The Community College | 3 |
| HIGHERED 6473 | Curriculum in Higher Education | 3 |
| ED PSY/HIGHERED 6474 | Understanding the Psychosocial Development of Emerging Adults | 3 |
| HIGHERED 6475 | College Access and Career Preparation for the Emerging Adult | 3 |
| HIGHERED 6476 | Organization and Administration of Higher Education | 3 |
| HIGHERED 6478 | Enrollment Management and Student Retention | 3 |

Total Hours **30**

Awarding of Degrees

The student may apply for and receive the bachelor's degree in the semester when all the undergraduate requirements are completed. In their final semester in undergraduate status, the student must apply and be admitted to the graduate program, to begin the following semester. The student will apply to receive the master's degree in the semester that the requirements for the graduate degree will be completed.

If the student fails to enroll for more than one year after receiving the bachelor's degree, the student can still earn the master's degree, but the graduate-level credits earned as an undergraduate cannot be used for the graduate degree.

History BA

Do you often ask "how" and "why"? Are you curious and analytical and up for a challenge? A History degree is for those who answer "Yes!" Studying history introduces you to the fascinating and familiar in ancient and modern societies, to cultures in faraway places, and to the complexities of our own neighborhoods. A history major will help you understand the present in new ways and build your professional future through hands-on research. By honing the skills demanded by employers in a wide variety of fields, history is a versatile and marketable major.

General Education Requirements

History majors must meet the university and college general education requirements (p. 30).

Majors may not take required history courses on a satisfactory/unsatisfactory basis. Students enrolled in variable credit reading courses for 5 credit hours must complete a seminar paper.

Students may take any language that fulfills the college's foreign language requirement.

Degree Requirements

Majors must complete at least 33, but not more than 45, hours in history with no grade below C-. Students are encouraged to move from

introductory courses at the 1000 level to more advanced courses at the 2000 and 3000 levels then to research oriented courses at the 4000 level.

| | | |
|---|--|-----------|
| 1000 Level | | |
| Select three courses at the 1000 level | | 9 |
| 2000 Level | | |
| HIST 2999 | Introduction to Historical Inquiry | 3 |
| HIST 2199 | Real History and Fake News | 3 |
| or HIST 2050 | Museums, Monuments and American Life: Introduction to Public History | |
| Select at least one additional course at the 2000 level | | 3 |
| 3000 Level | | |
| Select at least one course at the 3000 level | | 3 |
| 4000 Level ¹ | | |
| Select at least two courses at the 4000 level | | 6 |
| Additional Coursework | | |
| Select at least two additional courses at the 2000-4000 level | | 6 |
| Total Hours | | 33 |

¹ Students may only count up to 3 credit hours of HIST 4001, Special Readings toward the degree.

Students seeking a degree with distinction must enroll in HIST 4100 for 5 credit hours to satisfy their 4000-level requirements, adding an additional 2 credits to the total number of degree hours.

Undergraduate majors must complete a residency minimum of 15 hours of 2000/3000/4000 level History courses including 6 credit hours of 4000 level courses at UMSL.

Alternative courses to satisfy the History requirements

Some courses may satisfy the History requirement even though they are not listed as such, depending the content. These include courses at the Honors College, and in other departments. If a course covers some aspect of History, a student may request to include it as satisfying a degree requirement. The student should obtain a description and syllabus and submit both to the History undergraduate advisor for approval.

Departmental Honors

Students who have achieved the following: a) at least a 3.2 overall GPA; b) at least a 3.5 GPA for all hours attempted in history courses; and c) an outstanding research paper in the Senior Seminar as certified by the faculty member responsible for directing it, may be awarded departmental honors upon graduation.

B.A. in History Learning Outcomes

Graduates of this program will be able to:

- Build historical knowledge.
 - Gather and contextualize information in order to convey both the particularity of past lives and the scale of human experience.
 - Recognize how humans in the past shaped their own unique historical moments and were shaped by those moments.
 - Develop a body of historical knowledge with breadth of time and place—as well as depth of detail—in order to discern context.
 - Distinguish the past from our very different present.

- Develop research methods.
 - Recognize history as an interpretive account of the human past—one that historians create in the present from surviving evidence.
 - Collect, sift, organize, question, synthesize, and interpret complex material.
 - Practice ethical historical inquiry that makes use of and acknowledges sources from the past as well as the scholars who have interpreted that past.
 - Develop empathy toward people in the context of their distinctive historical moments.
- Recognize that Historical knowledge is complex, sometimes ambiguous, and subject to ongoing reexamination.
 - Welcome contradictory perspectives and data, which enable us to provide more accurate accounts and construct stronger arguments.
 - Describe past events from multiple perspectives.
 - Explain and justify multiple causes of complex events and phenomena using conflicting sources.
 - Identify, summarize, appraise, and synthesize other scholars' historical arguments.
- Apply the range of historical thinking skills to evidence that is often incomplete, complex, and contradictory.
 - Consider a variety of historical sources for credibility, position, perspective, and relevance.
 - Evaluate historical arguments, explaining how they were constructed and might be improved.
 - Revise analyses and narratives when new evidence requires it.
- Create historical arguments and narratives and effectively communicate them.
 - Generate substantive, open-ended questions about the past and develop research strategies to answer them.
 - Craft well-supported historical narratives, arguments, and reports of research findings in a variety of media for a variety of audiences.
- Use historical perspective as central to active citizenship.
 - Apply historical knowledge and historical thinking to contemporary issues.
 - Develop positions that reflect deliberation, cooperation, and diverse perspectives.

Sample Four Year Plan

| First Year | | | |

| Elective or minor | 3 | Elective or minor | 3 |
| Elective or minor | 3 | Elective or minor | 3 |
| Elective or minor | 3 | Elective or minor | 3 |
| | 15 | | 16-17 |
| Total Hours: 120-121 | | | |

¹ INTDSC 1003 is required only for first-time freshmen and transfer students with less than 24 college credits.

PLEASE NOTE: This plan is an example of what a four year plan could look like for a typical student. Placement exam scores in math as well as the completion of coursework may change the plan. It should not be used in the place of regular academic advising appointments. All students are encouraged to meet with their advisor each semester. All requirements are subject to change.

B.S. Ed. in Secondary Education with Emphasis in History

The B.S. Ed. is a professional education degree designed for students who wish to pursue a teaching career in secondary schools. Much of the discipline-specific coursework parallels the B.A. degree in the discipline; however, the Missouri Department of Elementary and Secondary Education (DESE) requires specific coursework for teacher certification.

Therefore, students interested in the B.S. Ed. should contact the advising office (OASIS) 314-516-5937 in the College of Education for discipline-specific requirements. *Note: To obtain teaching certification, DESE requires a 3.0 GPA in the discipline and professional education coursework, as well as a 2.75 GPA overall.*

B.A. in History with Master's Level Coursework for Secondary Teacher Certification

Students may opt to complete a B.A. degree in their discipline as an undergraduate, followed by admission to the Graduate School for Master's level teaching certification. The College of Education has a one-year accelerated program for post-graduate certification called Teach in 12 or a traditional path to certification. Graduate coursework for certification can apply towards a Master's Degree in Secondary Education, with additional coursework. Students interested in Master's Level teacher certification should contact the advising office (OASIS) 314-516-5937 in the College of Education. *Note: To obtain teaching certification, DESE requires a 3.0 GPA in the discipline and professional education coursework, as well as a 2.75 GPA overall.*

History BA, Public History and Museums in the Digital Age Emphasis

The emphasis in Public History and Museums in the Digital Age is designed for students interested in pursuing careers in the fields of museums, heritage, and public history. It will familiarize students with the major issues confronted by cultural institutions that interpret the past for and in collaboration with public audiences and introduce students to the skills and digital competencies required for successful professional careers in these fields. Students are prepared to apply for graduate level work in Museum Studies and Public History.

General Education Requirements

History majors must meet the university and college general education requirements (p. 30).

Majors may not take required history courses on a satisfactory/unsatisfactory basis. Students enrolled in variable credit reading courses for 5 credit hours must complete a seminar paper.

Students may take any language that fulfills the college's foreign language requirement.

Degree Requirements

Majors must complete at least 33, but not more than 45, hours in history with no grade below C-. Students are encouraged to move from introductory courses at the 1000 level to more advanced courses at the 2000 and 3000 levels then to research oriented courses at the 4000 level.

| Candidates must also complete a three-hour elective course, which may include one of the following if not already taken for the core: | | |
| HIST 1020 | St. Louis: People, Place, and Food | |
| HIST 3999 | Internship | |
| EDUC 2222 | Interpretation: Connecting Audiences and Meaning | |
| SOC 3501 | Social Mapping for Change | |
| Total Hours | | 9 |

History BA/MA Dual Degree Program

The 2+3 B.A./B.S. – Ed and M.A. in History enables students of demonstrated academic ability and educational maturity to complete the requirements for both degrees in five years of full-time study. Because of its accelerated nature, the program requires the completion of lower-division requirements (15 hours) before entry into the three-year portion of the program. It also has prerequisites numbered 5000-5999 for graduate readings courses numbered 6000-6999. When all the requirements of the B.A./B.S. – Ed. and M.A. program have been completed, students will be awarded both the baccalaureate and master's degrees. A carefully designed program can permit a student to earn both degrees within as few as ten semesters.

The combined program requires a minimum of 137 hours, at least 5 of which must be at the senior level (HIST 4999) and at least 32 of which must be at the graduate level (courses numbered in the 5000 and 6000 range). In qualifying for the B.A. or B.S. – Ed., students must meet all university and college requirements, including the requirements of the undergraduate major. In qualifying for the M.A., students must meet all university and Graduate School requirements, including satisfactory completion of at least 32 credit hours at the graduate level.

The semester they will complete 62 undergraduate credit hours, (including 15 credit hours of appropriate 1000-level coursework in the History Department) interested students should apply to the Graduate Director of the Department of History for admission to the 2+3 combined degree program in History. A cumulative grade point average of 3.4 or higher in history courses, a writing sample, and three letters of recommendation from faculty are required for consideration. Students will be admitted to the 2+3 program under provisional status until they have completed 105

total credit hours toward their BA degree with a grade point average of 3.0 or higher. After completion of the provisional period, and with the recommendation of the graduate director, and approval of the graduate dean, students can be granted full admission into the program. Students will not be admitted to the program, if they have accumulated more than 105 credits. Students in the 2+3 program begin to pay graduate credit hour fees once they exceed the 105 credit hour threshold. Students must maintain a grade point average of 3.0 or higher throughout the combined program. Students who officially withdraw from the 2+3 combined degree program will be awarded the B.A. or B.S. – Ed. Degree when they have successfully completed all the requirements for the degree.

Undergraduate History Requirements For Students in the 2+3 Program

The following requirements must be completed prior to enrolling in the 2+3 Program:

| | |
|--|-----------|
| Three 1000-level courses | 9 |
| HIST 3199 Introduction to Historical Inquiry | 4 |
| Two additional 2000-3000 level courses | 6 |
| Total Hours | 19 |

Once admitted to the program students must take the following courses:

Additional Undergraduate History Requirements For Students in the 2+3 Program:

HIST 4999, Senior Seminar (5).

Graduate History Requirements For Students in the 2+3 Program

- Three courses at the **5000-level** for 9 credit hours.
- Five courses at the **6000-level** for 17 credits beginning with **HIST 6000** (students must take two of their three 5000-level courses prior to enrolling in HIST 6000), followed by at least three courses in a major field of study and one 5-credit course.
- In addition to this core, each candidate must select one of the two following degree options:
 - a. Thesis Option –32 hours total

In addition to the fulfilling the requirements listed above, the candidate choosing this option must enroll for 6 hours of thesis credit and submit an acceptable thesis. The thesis is based on original research in primary sources. Normally, theses do not exceed 100 pages of text. Candidates receive a grade for the thesis upon its approval by an advisory committee. The committee consists of professors selected by the candidate after consultation with the major professor. One member of the committee must be from the department but outside the candidate's general area of study, and one may be outside the history department.

The advisory committee conducts an oral examination on the thesis during the candidate's last semester of residence.

The committee decides whether the candidate shall pass, fail or fail with the option to repeat the oral examination at a later date. Students may not take the oral examination more than twice. The

second examination must be held no less than one and no more than two semesters following the date of the first examination. Summer session may be counted as a semester under this procedure, but students should be aware of the difficulties involved in assembling faculty committees during the summer.

Thesis candidates must demonstrate competence in one foreign language or in quantitative methods as applied to historical study. Candidates shall demonstrate foreign language competence by translating, with the use of a dictionary, 500 words in one hour. A member of the history faculty will conduct this examination and choose the test for translation. Candidates shall demonstrate quantitative methods competence by satisfactory completion of either PSYCH 2201, Psychological Statistics or SOC 3220, Sociological Statistics, or their equivalent.

b. Research Paper Option

To complete this option, the candidate must complete two additional 5-credit hour seminars (each consisting of a 6000-level reading seminar plus 2 credit hours of supplementary work on a substantial research paper.) The candidate may choose a fourth field in addition to the three already represented in the core to complete this option.

History Education Graduate Certificate

The Graduate Certificate in History Education is designed for practicing teachers, instructional coordinators, and history educators in the community who are seeking to deepen their knowledge of history education. It offers history and social studies educators a program that integrates historical and educational knowledge, theory, and practice. The purpose of the certificate is to improve the practice of history education in schools and the community, to introduce history educators to research in the field, to deepen their historical knowledge, and to encourage sophisticated teaching and curriculum development built on research at the intersection of history and the learning sciences.

Admission Requirements

Applicants wishing to pursue the Graduate Certificate in History Education in conjunction with an MA degree or an MED should follow the normal application procedures for their respective Master's level program.

Applicants wishing to pursue the Graduate Certificate in History Education alone normally must have a GPA of 3.0 or higher and should apply specifically for this certificate program and submit three letters of recommendation and a writing sample along with their application.

Program Requirements

All candidates for Graduate Certificate in History Education must complete:

| | | |
|------------------|--|---|
| HIST 6013 | History Education in Schools and Communities | 3 |
| HIST/TCH ED 6115 | | 3 |

Students must take an additional twelve credits at the graduate level in History or Education courses as approved by the Program Director.

History MA

The History M.A. program offers study in U.S. History, World History, History Education, Public History and Cultural Heritage, and Museum Studies. All students receive disciplined advanced work in preparation for doctoral programs or advanced training leading to teaching or other careers. Students select one of two options for completing the Master of Arts degree: thesis or research papers. The first path requires a substantial master's thesis; this path emphasizes depth of knowledge and research competence. The second path requires several research papers.

This path emphasizes breadth of historical knowledge. Students should consult with the Director of Graduate Studies to be sure that they have properly selected their fields of study.

The M.A. in History provides a broad-based program of study that emphasizes historical writing, research, and analysis. Students pursuing an M.A. in History can specialize in World History, U.S. History, Public History, or History Education.

Admission Requirements

Applicants must meet several departmental admission requirements in addition to the general criteria of the Graduate School. The applicant's undergraduate studies need not have been in history, but they must demonstrate high academic potential. We also welcome applications from returning students with high motivation to study in the field.

Applicants must submit three letters of recommendation, preferably from former teachers, and a sample of their written work. The History Department bases its admission decisions upon the undergraduate transcript, the letters of recommendation, and the sample of written work. The department admits applications throughout the year. Students should consult the Graduate School's Admission timeline

Core

All candidates for the M.A. degree in history must complete a core of 26 hours of course work (excluding thesis credit), with no more than nine hours of history and related fields at the 5000 level. This 26-hour core must include seven courses at 3 credit hours each (21 hours in all), and one 5-credit-hour writing seminar consisting of a 2-credit-hour research paper supplement to a 3-credit-hour, 6000-level history readings course.

To earn the 26-hour core, candidates must complete HIST 6000, complete one section of either HIST 5142 or HIST 5143 and select at least one field of study with a minimum of three courses (each at 3 credit hours or more.) Students may use the remaining hours to complete a second field.

In addition to this core, each candidate must select one of the two following degree options:

1. Thesis Option--32 hours total

In addition to the core, the candidate choosing this option must enroll for 6 hours of thesis credit and submit an acceptable thesis. The thesis is based on original research in primary sources. Normally, theses do not exceed 100 pages of text. Candidates receive a grade for the thesis upon its approval by an advisory committee. The committee consists of professors selected by the candidate after consultation with the major professor. One member of the committee must be from the department but outside the candidate's general area of study, and one may be outside the history department.

The advisory committee conducts an oral examination on the thesis during the candidate's last semester of residence.

The committee decides whether the candidate shall pass, fail, or fail with the option to repeat the oral examination at a later date. Students may not take the oral examination more than twice. The second examination must be held no less than one and no more than two semesters following the date of the first examination. Summer session may be counted as a semester under this procedure, but students should be aware of the difficulties involved in assembling faculty committees during the summer.

Thesis candidates must demonstrate competence in one foreign language or in quantitative methods as applied to historical study. Prior to beginning thesis research, candidates shall demonstrate foreign language competence by translating, with the use of a dictionary, 500 words in one hour. Normally a member of the history faculty will conduct this examination and choose the test for translation. Candidates shall demonstrate quantitative methods competence by satisfactory completion of either PSYCH 2201 Psychological Statistics or SOC 3220 Sociological Statistics, or their equivalent.

2. Research Paper Option-36 hours total

To complete this option, the candidate must complete two 5-credit-hour seminars (each consisting of a 6000-level reading seminar plus 2 credit hours of supplementary work on a substantial research paper), in addition to the core. The candidate may choose a fourth field in addition to the three already represented in the core to complete this option.

Learning Outcomes

Upon completion of the program, graduates will be able to:

- Conduct empirical historical research based on primary source evidence
- Compose publishable-quality scholarship that makes an original contribution to knowledge
- Evaluate recent scholarship within chosen subfield of study in the context of historiographical trends
- Synthesize historical research in interpretive formats, including written papers and essays
- Demonstrate facility for presenting historical argument orally and describing research and findings to an audience
- Distinguish between different methodological approaches to historical research, writing, and interpretation

History MA Accelerated Master's Degree

The Department of History offers an Accelerated MA degree program that allows students to finish their BA and earn their MA in History in as few as 10 semesters. Students in the Accelerated MA program will complete the MA with their choice of completing either research papers or a thesis.

The combined program requires a minimum of 146 credit hours. Students accepted to the Accelerated MA degree program will be permitted to count

up to 6 credit hours at the 4000-level or higher toward both the BA and MA degrees; these courses will require additional work by the instructor. The remaining credit hours must be at the 5000/6000 level.

Any 4000-level courses taken before admission to the Accelerated MA program will only apply to the undergraduate requirements. Students are encouraged to work closely with the Undergraduate and MA Program Directors to ensure that required courses are timed appropriately. Students meet with the MA Director as soon as they consider participating in the program.

Eligibility

To be eligible for the Accelerated MA program, students must have completed:

| | |
|--|-------------------------------------|
| Three 1000-level courses | 9 |
| HIST 3199 | Introduction to Historical Inquiry4 |
| Two additional 2000-3000 level courses | 6 |
| Total Hours | 19 |

Students with more than 105 credit hours cannot be considered for the Accelerated MA.

Admission Requirements

Admission to the Accelerated MA comes in two steps: provisional admission and graduate admission.

Provisional Admission

Applicants are considered for provisional admission if they meet the following four criteria.

- Earned 60 hours as an undergraduate.
- Completed the core curriculum requirements for History BA.
- Have a minimum GPA of 3.2 with a B or better in HIST 3199.
- Have discussed applying with both the Undergraduate and Graduate Directors.
- OPTIONAL: those undergraduates interested in being considered for BA/Latin Honors/Degree with Distinction must complete HIST 4999 Senior Seminar with a B+ or above.

The MA Program Director, in consultation with the Undergraduate Director, will determine whether the student can apply for provisional status. Graduate courses completed by undergraduate students who have been provisionally admitted to Accelerated Master's program will be charged at the undergraduate tuition rate; these courses will still offer the student "graduate status" and will later count toward the MA degree. These courses must be approved before the semester starts. Therefore, it is recommended to apply for provisional status as a junior.

Graduate Admission

Applicants are considered for admission to the Graduate School in their final undergraduate semester. They must

- Be in their final semester in undergraduate status
- Have earned a minimum GPA of 3.2 since being granted provisional status
- Submitted at least one letter of recommendation from an UMSL History professor

- Submitted to the MA Director a 1–2 page statement of purpose briefly explaining why an advanced degree in History is of interest and why the applicant merits serious consideration
- Have met with the MA Program Director in History

The MA Program Director, in consultation with the Undergraduate Director, will determine whether the student can apply for graduate admission. Final decisions concerning formal admission are made by the Graduate School in consultation with the Program Director. Students admitted to the graduate program will have graduate status and must continue taking graduate courses until the completion of the MA degree.

Graduate Program Requirements

- Up to two courses at the 5000-level for 6 credit hours.
- Five courses at the 6000-level for 17 credits beginning with HIST 6000 (students must take at least two 5000-level courses prior to enrolling in HIST 6000), including one 5-credit course.

In addition to this core, each candidate must select one of the two following degree options.

Thesis Option –32 hours total

In addition to fulfilling the requirements listed above, the candidate choosing this option must enroll for 6 hours of thesis credit and submit an acceptable thesis. The thesis is based on original research in primary sources. Thesis candidates whose completion of the thesis requires reading ability in a specific language must demonstrate the capacity to do so prior to beginning research.

Research Paper Option

To complete this option, the candidate must complete two additional 5-credit hour seminars (each consisting of a 6000-level reading seminar plus 2 credit hours of supplementary work on a substantial research paper.)

Awarding of Degrees

The student may apply for and receive the bachelor's degree in the semester when all the undergraduate requirements are completed. In their final semester in undergraduate status, the student must apply and be admitted to the graduate program, to begin the following semester. The student will apply to receive the master's degree in the semester that the requirements for the graduate degree will be completed.

If the student fails to enroll for more than one year after receiving the bachelor's degree, the student can still earn the master's degree, but the graduate-level credits earned as an undergraduate cannot be used for the graduate degree.

History MA, Museums, Heritage and Public History Emphasis

The MA in Museums, Heritage, and Public History joins theoretical and practical study at an advanced level to prepare students for careers in museums, heritage institutions, historic sites and societies, and related organizations. The program works closely with cultural resources in St Louis, particularly the city's many museums and historic sites. We focus on community engagement, the interdisciplinary and cross-cultural study of material culture, interpreting and debating the past, new media and public education, and research in archival and material collections. Our graduates work in art museums, history museums, science centers,

historic house museums, and other cultural institutions across the United States and internationally.

Career Outlook for M. A. in Museums, Heritage, and Public History

According to the Institute of Museum and Library Services, there are more than 35,000 museums in the United States, employing more than 400,000 individuals. History museums constitute forty-eight percent of the total museums in the country; there are more than 16,800 historical societies and historic preservation organizations alone. While job requirements vary among individual institutions and specific professional roles, the MA degree offered by this program qualifies graduates for a wide range of careers in the museum and heritage field. Faculty and mentors in the Museum Studies Program provide students with placement assistance, counseling, and access to information on career opportunities. Our alumni are employed at institutions around the country, from Santa Fe to Philadelphia, Minneapolis to Dallas.

The MA in History with an emphasis in Museum, Heritage, and Public History may be taken as a terminal degree by students intending to become museum professionals or public historians. Students may focus their studies on subdisciplines such as museum curation, digital public history, collection or archival management, or other areas.

Admission Requirements

Prospective students for the Master of Arts in History with an emphasis in Museums, Heritage, and Public History must apply specifically for this program on the graduate application. Applications for the Master of Arts in History with an emphasis in Museums, Heritage, and Public History will be accepted only for the fall semester.

Prospective students must demonstrate high academic potential. Typically, the History department admits only students with at least a 3.2 grade point average in their undergraduate major; most successful applicants have higher grades. An undergraduate major in History is not required for admission to this program. Applicants must submit three letters of recommendation, preferably from former teachers and/or employers, and a sample of their written work. Applicants must also complete the Museums, Heritage, and Public History Supplemental Application, which includes a statement of career intent.

Admissions decisions are based on the undergraduate transcript, the letters of recommendation, and the sample of written work.

Applications must be received by the university no later than February 1.

Program Requirements

All candidates for the MA in History with an emphasis in Museums, Heritage, and Public History must complete the following core courses (25 hours).

| | | |
|---------------------------|---|---|
| HIST 6000 | The Historian's Craft | 3 |
| HIST 6001 | Introduction to Public History and Cultural Heritage | 3 |
| HIST 6131 | Museum Origins and Evolution | 3 |
| HIST 6133 | Digital Public History | 3 |
| HIST 6127 | Museums and Communities | 3 |
| HIST 6142 or HIST 6143 | Readings in U.S. History Readings in World History | 5 |
| HIST 6126 | Museum Studies Internship | 5 |

| | | |
|--------------------|---------------------------------|-----------|
| or HIST 6138 | Museum Studies Capstone Project | |
| Total Hours | | 25 |

Candidates must also complete 9 credit hours of elective courses. These may include courses listed above, if not already taken for the core, or additional courses which may include the following.

| | | |
|--------------|--|---|
| HIST 6002 | Material Culture in Historical Context | 3 |
| HIST 6129 | Emerging Museum Practices | 3 |
| HIST 6134 | History Curatorship | 3 |
| HIST 6139 | Practicum in Exhibit and Program Development | 3 |
| ART HS 5593 | Museum Management and Curatorial Practice | 3 |
| POL SCI 6300 | Leadership and Management in NonProfit Organizations | 3 |
| P P ADM 6311 | Staff Management Issues in Nonprofit Organizations | 1 |
| P P ADM 6312 | Legal Issues in Managing Nonprofit Organizations | 1 |
| P P ADM 6313 | Financial Issues in Managing Nonprofit Organizations | 1 |

Students may substitute other courses with approval of the Director of the Museums, Heritage, and Public History program. For courses outside the History Department, a maximum of six credits may be at the 3000 level. No 3000 level courses may be taken for graduate credit within the History Department.

Candidates conclude the degree with an internship or exit project represented by the course numbered HIST 6138 (5 credits). This capstone project will be customized to the interests and career aspirations of each student, as approved in advance by the Director.

Total hours for Program: 34

Learning Outcomes

Upon completion of the program, graduates will be able to:

- Conduct original historical research based on disciplinary protocols
- Demonstrate competence in digital technologies utilized in the creation, presentation, and distribution of interpretive content
- Assess contemporary activities in the field of museums, heritage, and public history with reference to best practices
- Develop skills for communicating interpretive content effectively with public and professional audiences
- Demonstrate skills to become a competent professional and ethical contributor to museum, heritage, and public history collaborative settings
- Integrate community perspectives into professional museum, heritage, and public history products and activities

History Minor

Students may minor in history by taking 19 hours of history courses as follows:

1. Three courses numbered 1000 -1999 (9 credits)
2. Three courses numbered 2000-3999, including HIST 3199 (10 credits)

No course in which a grade below a C- is received shall count toward a minor.

Prerequisites

Some courses required by the Minor in History have prerequisites. Some students may satisfy prerequisites by virtue of their prior curriculum. When this is not the case, students are responsible for either satisfying the prerequisites by adding courses to their curriculum or obtaining a waiver from the instructor.

History of Art and Visual Culture Minor

A minor in History of Art and Visual Culture requires the completion of at least 18 hours with a GPA of 2.0 or better. Students must take ART HS 1100 and at least one course in non-Western art. They must also take at least two courses at the 2000-level and two courses at the 3000-level or above in History of Art and Visual Culture. A maximum of 3 hours of internship can be applied toward the minor in art history. At least nine of the 18 hours must be taken in residence at UMSL. All courses in the minor must receive a grade of C- or above.

| | | |
|---|--|-----------|
| ART HS 1100 | Introduction to Western Art (MOTR ARTS 100) | 3 |
| Choose one course from the following: | | 3 |
| ART HS 1120 | Global Art and Visual Culture (MOTR ARTS 101) | |
| ART HS 1140 | | |
| ART HS 1150 | Introduction to the Art and Visual Cultures of Africa | |
| ART HS 1160 | Introduction to the Art and Visual Cultures of Asia | |
| Chose two 2000-level or above and two 3000-level or above from the following courses: | | 12 |
| ART HS 2211 | Art and Archaeology of The Ancient World | |
| ART HS 2212 | Greek Art and Archaeology | |
| ART HS 2225 | Medieval Art | |
| ART HS 2250 | Rococo to Realism | |
| ART HS 2270 | Art of the United States | |
| ART HS 2280 | Modern to Contemporary Art | |
| ART HS 3390 | Special Study | |
| ART HS 3395 | Selected Themes in the History of Art and Visual Culture | |
| ART HS 4490 | Special Study | |
| Total Hours | | 18 |

Honors College Undergraduate Certificate, 2-year Program

Two year Program (22 credit hours total):

Students in this program will take a combination of Honors College seminars and honors independent study credit (usually for work done in their major fields). The 22 credit hours must include 6 credits of independent study, as for the four-year program.

Third Year

During the first year of the two-year program, students take three honors seminars, including HONORS 3100 (Writing the City), HONORS 3120 (Honors Business Writing), or HONORS 3160 (Honors Writing in the Sciences); one course from the Inquiries series (2000 level); one course from either the Advanced Seminar (3000 level). In addition, 3 credit hours of independent study may be taken during this year, normally in or closely related to their major.

Fourth Year

The final year of the two-year program involves three courses chosen from the 3000 and 4000 level options, including HONORS 4100, the honors writing portfolio, and at least one course chosen from the 3000 level. In addition, students will complete their independent study requirements with 3 or 6 hours of project, internship, or research work.

Learning Outcomes

Upon completion of the program, certificate earners will be able to:

- Through coursework comparing and contrasting diverse cultural viewpoints, academic disciplinary approaches and information, Honors students will demonstrate the ability to synthesize knowledge from various perspectives.
- Honors students will exhibit the ability to communicate effectively in speech and writing:
 - by speaking in groups to present, reflect on and evaluate information and perspectives.
 - by completing the written assignments required in all Honors courses that focus on various perspectives, audiences and disciplinary approaches(demonstrating effective writing that employs correct diction, syntax, usage, grammar and mechanics.
- Honors students will demonstrate skills in higher-order thinking, valuing and managing information:
 - by exhibiting the ability to distinguish among opinions, facts and inferences; by identifying underlying or implicit ins assumptions; by making informed judgments; and by solving problems through applying evaluative standards.
 - by locating, accessing, synthesizing and annotating information from print, electronic, and other sources; by distinguishing between scholarly and non-scholarly sources in preparation for higher-order thinking.
 - by analyzing and synthesizing information from a variety of sources, applying the results to resolving complex situations and problems, and defending conclusions using relevant evidence and reasoned argument.
 - by utilizing cultural, behavioral, and historical knowledge to clarify and articulate a personal value system while recognizing the ramifications of personal value decisions on the self and others.
 - by identifying conflicts within and between multiple perspectives and value systems; by recognizing and analyzing ethical issues in a variety of contexts; and by employing standards of logic to formulate a reasonable position among multiple perspectives.
- Honors students will select and participate in Honors courses in various disciplines and will demonstrate essential skills and approaches relevant to those disciplines: Students participating in Honors courses in disciplines such as the social sciences, life and physical sciences that rely upon the understanding of fundamental mathematical concepts and their applications will display a level of

quantitative literacy that would enable them to understand and analyze quantitative data, draw conclusions, and solve problems.

- Students participating in Honors courses in the social and behavioral sciences will exhibit understanding of themselves and the world around them through the study of the content and methodologies used by historians and social and behavioral scientists to discover, describe, explain, and predict human behavior and social systems; they will demonstrate understanding of the diversities and complexities of the cultural and social world, past and present, and come to an informed sense of self and others.
- Students participating in Honors courses in the humanities and fine arts will exhibit understanding and critical analysis of the ways in which people have addressed their condition through literature and art; they will demonstrate their understanding of these cultural works and their historical circumstances; they will formulate aesthetic judgments of these works.
- Students participating in Honors courses focusing on life and physical sciences will demonstrate knowledge of scientific principles, research procedures and empirical methods of scientific enquiry; they will display their understanding of how scientific discoveries affect and are affected by theoretical views of the world and human history.
- Honors students will complete specific Honors requirements designed to develop their awareness of career and advanced study opportunities:
 - by participating in internships, independent study and undergraduate research to develop and demonstrate advanced knowledge in a discipline, professional skills, and greater understanding of career and educational goals.
 - by creating an Honors Writing Portfolio that demonstrates the ability to assess their writing skills and development; by devising and revising documents for employment searches or graduate school applications to enhance their ability to formulate and pursue specific career goals.

Honors College Undergraduate Certificate, 4-year Program

Four Year Program (40 credit hours total):

Approximately one-third of the 120 hours honors students earn toward graduation are taken in the Honors College. Most of these credits are associated with a sequence of honors courses designed specifically for the college, the majority of which are taken during the first two years. During this period, these students fulfill virtually all of the university's general education requirements (p. 30), usually in innovative ways. In their junior and senior years, honors students also may earn honors credit for work done within their major fields, work which includes the possibility of internships, independent study projects, and advanced undergraduate research.

First Year

Students take HONORS 1100, HONORS 1200 and HONORS 1201 or HONORS 1202 and HONORS 1203, and one course each from the Western Traditions and Non-Western Traditions seminar series. Students may take a seminar from the American Traditions series as an elective or in place of the Western Traditions seminar.

| | | |
|-------------|--------------------------------|---|
| HONORS 1100 | Honors First-Year Writing | 3 |
| HONORS 1110 | Western Traditions: Humanities | 3 |

| | | |
|-------------|--|---|
| HONORS 1130 | Western Traditions: Social and Behavioral Sciences | 3 |
| HONORS 1150 | Western Traditions: The Sciences | 3 |
| HONORS 1200 | Freshman Symposium: Cultural Traditions I - Humanities | 3 |
| HONORS 1201 | Freshman Symposium: Cultural Traditions II - Humanities | 3 |
| HONORS 1202 | Freshman Symposium: Cultural Traditions I - Social Science | 3 |
| HONORS 1203 | Freshman Symposium: Cultural Traditions II - Social Science | 3 |
| HONORS 1230 | American Traditions: Social and Behavioral Sciences ¹ | 3 |
| HONORS 1310 | Non-Western Traditions Series Humanities | 3 |
| HONORS 1330 | Non-Western Traditions Series-Social Sciences | 3 |

¹ Elective as an alternate to Western Traditions.

Second Year

Students take two of the following Honors classes:

| | | |
|-------------|---|---|
| HONORS 2001 | Topics in Communication Proficiency | 3 |
| HONORS 2002 | Topics in Information Literacy | 3 |
| HONORS 2003 | Topics in American History and Government | 3 |
| HONORS 2010 | Inquiries in The Humanities | 3 |
| HONORS 2020 | Inquiries in the Fine and Performing Arts | 3 |
| HONORS 2030 | Inquiries in the Social and Behavioral Sciences | 3 |
| HONORS 2040 | Inquiries In Mathematics And Computing | 3 |
| HONORS 2050 | Inquiries in the Natural Sciences | 3 |
| HONORS 2060 | Inquiries In Business | 3 |
| HONORS 2080 | Inquiries in Nursing | 3 |
| HONORS 2310 | Cultural Diversity in the Humanities | 3 |
| HONORS 2330 | Cultural Diversity in the Social Sciences | 3 |

During the first two years, honors students will take additional course work in other areas, such as mathematics, natural science, foreign language, and major prerequisite classes to satisfy various university, Honors College, and specific degree requirements.

Third and Fourth Years

Honors students in the four-year program take at least four seminars (12 credit hours) from the Advanced Seminar (3000 level series). They may take more where this is compatible with their major and/or minor requirements. Honors students in the four-year program who take HONORS 3100 ("Writing the City"), HONORS 3120 ("Business Writing") or HONORS 3160 ("Writing in the Sciences") may present it for their honors certificate as one of their 3000-level seminars. They may also, depending on their major, present it to meet their graduation requirement for Junior-level composition.

| | | |
|-------------|---|---|
| HONORS 3001 | Topics in Global Awareness | 3 |
| HONORS 3010 | Advanced Honors Seminar in the Humanities | 3 |
| HONORS 3020 | Advanced Honors Seminar in the Fine and Performing Arts | 3 |
| HONORS 3030 | Advanced Honors Seminar in the Social and Behavioral Sciences | 3 |
| HONORS 3100 | Honors Advanced Composition: Writing The City | 3 |
| HONORS 3120 | Honors Business Writing | 3 |
| HONORS 3160 | Honors Writing in the Sciences | 3 |

In addition, honors students do 6 credit hours in independent study projects, normally in or closely related to their major field. These independent study projects normally carry credit in the major, but can be done as Honors College independent study or research projects (HONORS 4900, HONORS 4910). During the final year, students also take HONORS 4100, a one-hour capstone for the Honors College writing program; HONORS 4100 may be taken for two hours.

Learning Outcomes

Upon completion of the program, certificate earners will be able to:

- Through coursework comparing and contrasting diverse cultural viewpoints, academic disciplinary approaches and information, Honors students will demonstrate the ability to synthesize knowledge from various perspectives.
- Honors students will exhibit the ability to communicate effectively in speech and writing:
 - by speaking in groups to present, reflect on and evaluate information and perspectives.
 - by completing the written assignments required in all Honors courses that focus on various perspectives, audiences and disciplinary approaches(demonstrating effective writing that employs correct diction, syntax, usage, grammar and mechanics.
- Honors students will demonstrate skills in higher-order thinking, valuing and managing information:
 - by exhibiting the ability to distinguish among opinions, facts and inferences; by identifying underlying or implicit ins assumptions; by making informed judgments; and by solving problems through applying evaluative standards.
 - by locating, accessing, synthesizing and annotating information from print, electronic, and other sources; by distinguishing between scholarly and non-scholarly sources in preparation for higher-order thinking.
 - by analyzing and synthesizing information from a variety of sources, applying the results to resolving complex situations and problems, and defending conclusions using relevant evidence and reasoned argument.
 - by utilizing cultural, behavioral, and historical knowledge to clarify and articulate a personal value system while recognizing the ramifications of personal value decisions on the self and others.
 - by identifying conflicts within and between multiple perspectives and value systems; by recognizing and analyzing ethical issues in a variety of contexts; and by employing standards of logic to formulate a reasonable position among multiple perspectives.
- Honors students will select and participate in Honors courses in various disciplines and will demonstrate essential skills and approaches relevant to those disciplines: Students participating in

Honors courses in disciplines such as the social sciences, life and physical sciences that rely upon the understanding of fundamental mathematical concepts and their applications will display a level of quantitative literacy that would enable them to understand and analyze quantitative data, draw conclusions, and solve problems.

- Students participating in Honors courses in the social and behavioral sciences will exhibit understanding of themselves and the world around them through the study of the content and methodologies used by historians and social and behavioral scientists to discover, describe, explain, and predict human behavior and social systems; they will demonstrate understanding of the diversities and complexities of the cultural and social world, past and present, and come to an informed sense of self and others.
- Students participating in Honors courses in the humanities and fine arts will exhibit understanding and critical analysis of the ways in which people have addressed their condition through literature and art; they will demonstrate their understanding of these cultural works and their historical circumstances; they will formulate aesthetic judgments of these works.
- Students participating in Honors courses focusing on life and physical sciences will demonstrate knowledge of scientific principles, research procedures and empirical methods of scientific enquiry; they will display their understanding of how scientific discoveries affect and are affected by theoretical views of the world and human history.
- Honors students will complete specific Honors requirements designed to develop their awareness of career and advanced study opportunities:
 - by participating in internships, independent study and undergraduate research to develop and demonstrate advanced knowledge in a discipline, professional skills, and greater understanding of career and educational goals.
 - by creating an Honors Writing Portfolio that demonstrates the ability to assess their writing skills and development; by devising and revising documents for employment searches or graduate school applications to enhance their ability to formulate and pursue specific career goals.

Information Security Management and Auditing Graduate Certificate

The Graduate Certificate in Information Security Management and Auditing provides students an opportunity to pursue a focused study of core information security management principles and practices and auditing of information security programs and operations. Students first obtain basic technical background to understand core information security issues and principles. They then learn about designing, managing, assessing, and auditing security within organizational contexts. The program is suitable for candidates with undergraduate education and/or work experience in business related fields and who do not prior technical background. It's also suitable for candidates with Information Technology and/or technical cybersecurity backgrounds who wish to broaden their skill-sets in the business and management aspects of information security.

Admission Requirements

Applicants must meet general University of Missouri-St. Louis Graduate School admissions requirements.

Certificate Requirements

All course prerequisites and all course waivers are applicable. Substitute courses may be approved by the appropriate department chairperson and the Director of Graduate Business Programs. This 12 credit hour certificate program also counts toward the 30 credit hour Master of Science in Information Systems and Technology degree program requirements. Students may choose to combine this certificate with other courses and/or certificates to obtain the Master of Science in Information Systems and Technology degree.

| | | |
|--------------------|--|-----------|
| INFSYS 6820 | Systems and IT Infrastructure | 3 |
| INFSYS 6828 | Principles of Information Security | 3 |

Information Systems and Technology BS

The Information Systems (IS) area endeavors to prepare high-potential students of diverse backgrounds for successful careers in the IS profession. Careers in IS may include programming, systems analysis and design, database administration, end-user support, network administration, and management consulting. The goal is to provide students with the skills to deal with the challenges confronting IS through teaching, research, and service to the profession.

General Education Requirements

All Business majors must meet the university general education requirements. As part of meeting the university's general education requirements, all Business majors must complete the prerequisite courses below :

| | | |
|----------------|--|---|
| ECON 1001 | Principles of Microeconomics (MOTR ECON 102) | 3 |
| ECON 1002 | Principles of Macroeconomics (MOTR ECON 101) | 3 |
| MATH 1030 | College Algebra (MOTR MATH 130) | 3 |
| MATH 1100 | Basic Calculus | 3 |
| or BUS AD 1107 | Quantitative Methods for Business | |
| MATH 1105 | Basic Probability and Statistics | 3 |

Degree Requirements

All Business majors must meet College of Business G.P.A., good standing and credit requirements (p. 209) as outlined in the Bulletin.

Lower Division Business Core Requirements

| | | |
|--------------------|---|-----------|
| ACCTNG 2400 | Fundamentals of Financial Accounting | 3 |
| ACCTNG 2410 | Managerial Accounting | 3 |
| BUS AD 2900 | Legal Environment of Business | 3 |
| INFSYS 2800 | Information Systems Concepts and Applications | 3 |
| Total Hours | | 12 |

Upper Division Requirements

| | | |
|-----------|------------------|---|
| ENGL 3120 | Business Writing | 3 |
|-----------|------------------|---|

Upper Division Non-Business or Business Requirement

Two global awareness courses selected from an approved list maintained in the Office of Undergraduate Academic Advising in the College of Business Administration; also available on our web site.

Upper Division Business Requirements

| | | |
|--|---|-----------|
| ENT 3100 | Applications of Entrepreneurship ¹ | 3 |
| FINANCE 3500 | Financial Management | 3 |
| SCMA 3300 | Business Analytics and Statistics | 3 |
| SCMA 3301 | Introduction to Supply Chain Management | 3 |
| MGMT 3600 | Management and Organizational Behavior | 3 |
| MGMT 4219 | Strategic Management | 3 |
| MKTG 3700 | Principles of Marketing | 3 |
| A minimum of 15 additional hours of upper division approved business electives | | 15 |
| Total Hours | | 36 |

¹ Course is required for BS Accounting and all BS Business Administration majors.

Assessment Requirement

| | | |
|-----------|-----------------------------|---|
| MGMT 4220 | Business Assessment Testing | 0 |
|-----------|-----------------------------|---|

Specific Requirements for the Major

Required Courses

| | | |
|--------------------|--|-----------|
| INFSYS 3806 | Managerial Applications of Object-Oriented Programming I | 3 |
| INFSYS 3810 | Information Systems Analysis | 3 |
| INFSYS 3816 | Managerial Application of Object-Oriented Programming II | 3 |
| INFSYS 3820 | Introduction to Systems Administration | 3 |
| INFSYS 3830 | Data Programming | 3 |
| INFSYS 3848 | Introduction to Information Security | 3 |
| INFSYS 3842 | Data Networks and Security | 3 |
| INFSYS 3845 | Database Management Systems | 3 |
| INFSYS 4850 | Information Systems Design | 3 |
| INFSYS 4847 | IT Project Management | 3 |
| Total Hours | | 30 |

¹ Seminars and Independent Studies are restricted to those offered by and approved by the Area faculty and approved by the Area Coordinator.

Learning Outcomes

Upon completion of the program, graduates will be able to:

- Evaluate and implement effective IS leadership principles and strategy.
- Prioritize and propose managerial practices to develop and deploy technological innovations that produce business advantage.
- Explain best practices in systems analysis and design.
- Support and improve current best practices in application development, business intelligence, cybersecurity, and legacy systems.
- Exhibit specialized leadership and technical expertise.

Sample Four Year Plan

| First Year | | | |
|----------------------------------|-------|------------------------------------|-------|
| Fall | Hours | Spring | Hours |
| MATH 1030 | | 3 BUS AD 1107 or MATH 1100 | 3 |
| ENGL 1100 | | 3 ECON 1001 | 3 |

| INFSYS 3845 | | 3 INFSYS 3810 | 3 |
| SCMA 3300 | | 3 INFSYS 3820 | 3 |
| EXPLORE – Humanities & Fine Arts | | 3 Cultural Diversity Requirement | 3 |
| | 15 | | 15 |
| Fourth Year | | | |
| Fall | Hours | Spring | Hours |
| INFSYS 4850 | | 3 MGMT 4219 & MGMT 4220 | 3 |
| INFSYS 4847 | | 3 INFSYS 3842 | 3 |
| INFSYS 3848 | | 3 INFSYS 3830 | 3 |
| Electives | | 6 Electives | 5 |
| | 15 | | 14 |
| Total Hours: 120 | | | |

PLEASE NOTE: This plan is an example of what a four year plan could look like for a typical student. Placement exam scores in math as well as the completion of coursework may change the plan. It should not be used in the place of regular academic advising appointments. All students are encouraged to meet with their advisor. All requirements are subject to change.

Academic Tracks within the Information Systems and Technology Major

Information Systems and Technology majors may choose to focus their elective hours in a particular sub-discipline of information systems and technology, or academic track. These tracks are groups of departmental courses that fit within sub-disciplines of information systems and technology and are recommendations for students wanting to pursue

careers in specific sub-disciplines. Academic tracks are NOT majors and are only intended to serve as guides for courses within a particular area of information systems and technology and are represented by current faculty expertise. Selecting an academic track does not prevent a student from taking courses in another track. Students should not expect to take all recommended courses for each academic track. Students may choose not to select an academic track.

Application Development Track (pick 2)

| | | |
|-------------|--|---|
| INFSYS 3830 | Data Programming | 3 |
| INFSYS 3844 | Developing Business Applications in .NET | 3 |
| INFSYS 3818 | Management of Software Testing | 3 |
| INFSYS 3868 | Secure Software Development | 3 |

Business Intelligence Track (pick 2)

| | | |
|-------------|--|---|
| INFSYS 3830 | Data Programming | 3 |
| INFSYS 3843 | Decision Support Systems for Business Intelligence | 3 |
| INFSYS 3862 | Artificial Intelligence Applications for Business | 3 |

Cybersecurity Track (pick 2)

| | | |
|-------------|--|---|
| INFSYS 3820 | Introduction to Systems Administration | 3 |
| INFSYS 3842 | Data Networks and Security | 3 |
| INFSYS 3858 | Advanced Security and Information Systems | 3 |
| INFSYS 3864 | Applied Cryptography for Business | 3 |
| INFSYS 3868 | Secure Software Development | 3 |
| INFSYS 3878 | Information Security Risk Management and Business Continuity | 3 |

Legacy Systems (COBOL) Track

| | | |
|-------------|-------------------------|---|
| INFSYS 3807 | Legacy Systems | 3 |
| INFSYS 3817 | Advanced Legacy Systems | 3 |

Self-Directed Learning Track

| | | |
|-------------|--|-----|
| INFSYS 3890 | Internship in Information Systems | 1-3 |
| INFSYS 3899 | Independent Study in Information Systems | 1-3 |

Web Design Track

| | | |
|-------------|--|---|
| INFSYS 3847 | Web Design | 3 |
| INFSYS 3815 | Object-Oriented Applications in Business | 3 |

Information Systems and Technology Graduate Certificate

Program Description

The Graduate Certificate in Information Systems and Technology provides students with core technical skills in programming, database management, systems analysis, and systems design. These skills are a foundation for specialized domains of study in business intelligence, cybersecurity, and enterprise systems development.

Admission Requirements

Applicants must meet general University of Missouri-St. Louis Graduate School admissions requirements.

Certificate Requirements

All course prerequisites and all course waivers are applicable. Substitute courses may be approved by the appropriate department chairperson and the Director of Graduate Business Programs.

This 12 credit hour certificate program also counts toward the 30 credit hour Master of Science in Information Systems and Technology degree program requirements. Students may choose to combine this certificate with other courses and/or certificates to obtain the Master of Science in Information Systems and Technology degree.

| | | |
|--------------------|---|-----------|
| INFSYS 6805 | Applications of Programming for Business Solutions | 3 |
| or INFSYS 6806 | Managerial Applications of Object-Oriented Technologies | |
| INFSYS 6840 | Information Systems Analysis | 3 |
| INFSYS 6845 | Database Management Systems | 3 |
| INFSYS 6850 | Information Systems Design | 3 |
| Total Hours | | 12 |

The required courses may be substituted with other courses with the approval of the Chair of the Information Systems and Technology Department.

Information Systems and Technology Minor

General Requirements

All minors are 15 credit hours or 5 courses, including business core courses.

- Students must attain a 2.0 grade point average for all courses in the minor.
- Students must attain a minimum grade of C- in each course included in the minor.
- All courses in the minor must be on a graded basis.
- A minimum of 9 credit hours of coursework included in the minor must be taken in residence at UMSL.
- One must complete a baccalaureate degree at UMSL in order for a minor to be conferred.
- A minor may be added for up to two years following completion of the baccalaureate degree

Specific Requirements for the Minor

Available to all students except those pursuing the Bachelor of Science in Information Systems and Technology degree. A minimum of 15 credit hours are required for the minor. Students must complete INFSYS 2800 and four elective courses. At least three of the elective courses must be 3000-level or higher Information Systems and Technology (INFSYS) courses. The fourth course can be any related course from Accounting (ACCTNG), Entrepreneurship (ENT) Finance (FINANCE), International Business (INTL BUS) Management (MGMT), Marketing (MKTG), Supply Chain and Analytics (SCMA), Computer Science (CMP SCI), or a related discipline subject to approval from the department chair.

Learning Outcomes

Upon completion of the program, graduates will be able to:

- Analyze challenges confronting the management of information systems.
- Apply ethical, legal, privacy, and compliance perspectives to the design, development, maintenance, and use of information systems.
- Explain the analysis and design of information systems.
- Synthesize data for managerial decisions.
- Demonstrate specialized technical expertise.

Information Systems and Technology MS

The Master of Science in Information Systems and Technology (MSIST) is designed to provide the technical and managerial knowledge to work successfully in design, development, and leadership roles related to information technology (IT). Students have opportunities to gain skills in application development, business intelligence, cybersecurity, cloud computing, fintech, and other emerging areas that impact organizational IT strategies.

The program is designed for students and professionals with diverse undergraduate backgrounds including business, information systems and technology, computer science, engineering, and other disciplines. MSIST students interact extensively with their peers as well as with industry executives in a carefully curated academic environment to gain a well-rounded perspective on the role of IT in contemporary organizations. Flexible class schedules (day and evening, weekends, 8 or 16 week sessions) and course delivery formats (face-to-face, blended, and online) enable students to balance school, work, and life.

The MSIST program provides students with flexible pathways to complete the degree by combining two graduate certificates and taking two additional courses toward the MSIST degree.

The Master of Science in IS program is designed to provide the technical and managerial knowledge to operate successfully in careers associated with the design, development and management of computer-based information, telecommunications, and Internet applications. The program accommodates students with undergraduate degrees specializing in IS, business, and computer science, as well as students with undergraduate degrees outside business.

Admission Requirements

Applicants must meet the general graduate admission requirements of the Graduate School, described in the UMSL Bulletin, and the College of Business Administration. Students are considered for admission to the graduate program in Information Systems and Technology only after they have formally applied for admission through the Graduate School. Applications may be completed on-line.

In addition to Graduate School admission requirements, the following requirements apply for the MSIST program.

Applicants must have an undergraduate degree with a minimum cumulative GPA of 3.0. Students whose GPAs are between 2.75 and 2.9 may be admitted under a restricted status within the terms specified by the Graduate School.

Applicants must have foundational knowledge of data analysis and computer programming. This requirement can be fulfilled by providing evidence of prior coursework, training, or professional experience.

Applicants may also join the program without this background and complete the following coursework.

- Students without a background in data analysis could take SCMA 5300 as a graduate student to fulfill this requirement.
- Students without a background in computer programming can take INFSYS 6805 as a graduate student to fulfill this requirement.
- Non-native speakers of English must provide evidence of English language competency by submitting an official TOEFL or IELTS score. The minimum TOEFL score for graduate admission is 79 iBT. The minimum IELTS score is 6.0.

Degree Requirements

Candidates for the Master of Science in Information Systems and Technology must meet all Graduate School requirements including, but not limited to, requirements on admissions, enrollment, course policies, and academic standing as listed in the University Bulletin.

The program requires a total of 30 hours for students with either business or non-business undergraduate degrees.

All students will complete:

- INFSYS 5800 (3 hours)
- The requirements for two of the certificates listed (24 hours):
 - Graduate Certificate in Enterprise Systems Development
 - Graduate Certificate in Information Security Management and Auditing
 - Graduate Certificate in Information Systems and Technology
 - Graduate Certificate in Business Intelligence
 - Graduate Certificate in Cybersecurity
- One elective course from the list below or from the certificates above (3 hours). Courses may also be substituted with other courses upon approval from the Department Chair:

Cybersecurity Courses

| | | |
|-------------|--|---|
| INFSYS 6836 | Management of Data Networks and Security | 3 |
| INFSYS 6858 | Advanced Cybersecurity Concepts | 3 |
| INFSYS 6864 | Applied Cryptography for Business Applications | 3 |
| INFSYS 6888 | Capstone in Information Security | 3 |

Information Systems and Technology Management

| | | |
|-------------|--|---|
| INFSYS 6838 | Business Processes: Design, Management and Integration | 3 |
| INFSYS 6847 | Project Management | 3 |

Experiential Learning, Research, and Emerging Topics

| | | |
|-------------|--|---|
| INFSYS 5890 | Graduate Internship in Information Systems | 1 |
| INFSYS 5899 | Individual Research in Information Systems | 1 |
| INFSYS 6891 | Seminar in Information Systems | 3 |

Learning Outcomes

Upon completion of the program, graduates should be able to:

- Evaluate and implement effective IS leadership principles and strategy.
- Prioritize and propose managerial practices to develop and deploy technological innovations that produce business advantage.
- Explain best practices in systems analysis and design.
- Support and improve current best practices in application development, business intelligence, cybersecurity, and legacy systems.
- Exhibit specialized leadership and technical expertise.

Information Systems and Technology MS Accelerated Master's Degree

The Accelerated BS-MS in Information Systems and Technology program provides an opportunity for students to earn their BS and MS degrees in Information Systems and Technology (IST) in as few as 10 semesters.

The accelerated program reduces time to completion by requiring a minimum of 138 credit hours instead of the typical 150 credit hours if the degrees were pursued separately (120 for BS and 30 for MS). The program allows undergraduate students, in their Junior and Senior years, to take up to 12 credit hours of graduate courses and count those graduate courses to also fulfill some of their undergraduate degree requirements. Students then proceed to take the remaining 18 graduate credit hours to fulfill their graduate degree requirements.

Students are required to work closely with both BS and MS Program Advisors to ensure that the correct levels of required courses are completed in a timely manner and in the appropriate sequence.

Eligibility

Undergraduate students can apply to the Chair of the Information Systems and Technology Department for admission to the Accelerated MS degree program during the semester they will complete 60 undergraduate credit hours. A cumulative grade point average of 3.0 or higher is required.

Admission Requirements

Admission to the Accelerated MS-IST program and Graduate School proceeds in two phases: 1) Provisional Admission and 2) Graduate Admission.

Provisional Admission

Undergraduate BS-IST students are considered for provisional admission to Graduate School if they meet the following criteria.

- Have earned 60 credit hours as an undergraduate
- Have a minimum GPA of 3.0
- Have met with both the BS and MS Academic Advisors in Information Systems and Technology

The IST Department Chair, in consultation with the Undergraduate Advisor and Graduate Program Director, will determine whether the student can apply for provisional status. Provisionally admitted students are still classified as undergraduates but may begin obtaining the 12 graduate credits that will apply toward both their MS and BS degrees.

Graduate courses completed by undergraduate students, who have been provisionally admitted to the Accelerated MS-IST program, will be charged at the undergraduate tuition rate. However, these courses will count toward the MS-IST degree while also fulfilling the requirements of BS-IST.

These courses must be approved before the semester starts. Therefore, it is recommended to apply for provisional status as a junior, preferably in the first semester of the junior year.

Graduate Admission

Applicants are considered for admission to the Graduate School if they meet the following criteria.

- Are in their final semester in undergraduate status
- Have a minimum GPA of 3.0 since being granted provisional status
- Have met with the MS Academic Advisor in Information Systems and Technology

The MS Academic Advisor, in consultation with the BS Academic Advisor, will determine whether the student can apply for graduate admission. Final decisions concerning graduate admission are made by the Graduate School in consultation with the IST Department Chair and Graduate Program Director. Students admitted at this stage are conferred graduate status and must continue taking graduate courses until the completion of the MS degree.

Program Requirements

Eligible undergraduate BS in Information Systems and Technology pursuing the Accelerated MS in Information Systems and Technology degree option will be required to take the following four graduate courses (12 credits), which will count toward both their undergraduate and graduate degree requirements.

| | | |
|--------------------|--|-----------|
| INFSYS 6828 | Principles of Information Security | 3 |
| INFSYS 6830 | Data Programming for Business Intelligence | 3 |
| INFSYS 6840 | Information Systems Analysis | 3 |
| INFSYS 6845 | Database Management Systems | 3 |
| Total Hours | | 12 |

Additionally, students must complete six other INFSYS courses listed under one or more of the following graduate certificates: Business Intelligence, Cybersecurity, Enterprise Systems Development, Information Systems and Technology, or Information Security Management and Auditing and meet all Graduate School requirements.

Awarding of Degrees

The student may apply for and receive the bachelor's degree in the semester when all the undergraduate requirements are completed. In their final semester in undergraduate status, the student must apply and be admitted to the graduate program, to begin the following semester. The student will apply to receive the master's degree in the semester that the requirements for the graduate degree will be completed.

If the student fails to enroll for more than one year after receiving the bachelor's degree, the student can still earn the master's degree, but the graduate-level credits earned as an undergraduate cannot be used for the graduate degree.

Information Systems and Technology MS Accelerated Master's Degree with Cybersecurity BS

The Accelerated BS in Cybersecurity (IST Emphasis)-MS in Information Systems and Technology (MSIST) program provides an opportunity for students to earn their BS in Cybersecurity with IST Emphasis and MS in Information Systems and Technology in as few as 10 semesters.

The accelerated program reduces time to completion by requiring a minimum of 138 credit hours instead of the typical 150 credit hours if the degrees were pursued separately (120 for BS and 30 for MS). The program allows undergraduate students, in their Junior and Senior years, to take up to 12 credit hours of graduate courses and double count those graduate courses to also fulfill some of their undergraduate degree requirements. Students then proceed to take the remaining 18 graduate credit hours to fulfill their graduate degree requirements.

Students are required to work closely with both BS and MS Program Advisors to ensure that the correct levels of required courses are completed in a timely manner and in the appropriate sequence.

Eligibility

Undergraduate students can apply to the Chair of the Information Systems and Technology Department for admission to the Accelerated MSIST degree program during the semester they will complete 60 undergraduate credit hours. A cumulative grade point average of 3.0 or higher is required.

Admission Requirements

Admission to the Accelerated MSIST program and Graduate School proceeds in two phases: 1) Provisional Admission and 2) Graduate Admission.

Provisional Admission

Undergraduate BS in Cybersecurity with Information Systems and Technology Emphasis students are considered for provisional admission to Graduate School if they meet the following criteria.

- Have earned 60 credit hours as an undergraduate
- Have a minimum GPA of 3.0
- Have met with both the BS and MS Academic Advisors in Information Systems and Technology

The IST Department Chair, in consultation with the Undergraduate Advisor and Graduate Program Director, will determine whether the student can apply for provisional status. Provisionally admitted students are still classified as undergraduates but may begin obtaining the 12 graduate credits that will apply toward both their MS and BS degrees. Graduate courses completed by undergraduate students, who have been provisionally admitted to the Accelerated MS in Information Systems and Technology program, will be charged at the undergraduate tuition rate. However, these courses will count toward the MS in Information Systems and Technology degree while also fulfilling the requirements of BS in Cybersecurity with Information Systems and Technology Emphasis. These courses must be approved in advance to count toward both degrees. Therefore, it is recommended to apply for provisional status as a junior, preferably in the first semester of the junior year.

Graduate Admission

Applicants are considered for admission to the Graduate School if they meet the following criteria.

- Are in their final semester in undergraduate status
- Have a minimum GPA of 3.0 since being granted provisional status
- Have met with the MS Academic Advisor in Information Systems and Technology

The MS Academic Advisor, in consultation with the BS Academic Advisor, will determine whether the student can apply for graduate admission. Final decisions concerning graduate admission are made by the Graduate School in consultation with the IST Department Chair and Graduate Program Director. Students admitted to the graduate program must take graduate courses until completing the MS Information Systems and Technology degree.

Program Requirements

Eligible undergraduate BS in Cybersecurity with Information Systems and Technology Emphasis students pursuing the Accelerated MS in Information Systems and Technology degree option will be required to take the following four graduate courses (12 credits), which will count toward both their undergraduate and graduate degree requirements.

| | | |
|--------------------|--|-----------|
| INFSYS 6828 | Principles of Information Security | 3 |
| INFSYS 6836 | Management of Data Networks and Security | 3 |
| INFSYS 6858 | Advanced Cybersecurity Concepts | 3 |
| INFSYS 6864 | Applied Cryptography for Business Applications | 3 |
| Total Hours | | 12 |

Additionally, students must complete all the remaining requirements of the MS in Information Systems and Technology degree and meet all Graduate School requirements.

Awarding of Degrees

The student may apply for and receive the bachelor's degree in the semester when all the undergraduate requirements are completed. In their final semester in undergraduate status, the student must apply and be admitted to the graduate program, to begin the following semester. The student will apply to receive the master's degree in the semester that the requirements for the graduate degree will be completed.

If the student fails to enroll for more than one year after receiving the bachelor's degree, the student can still earn the master's degree, but the graduate-level credits earned as an undergraduate cannot be used for the graduate degree.

Inorganic Chemistry Graduate Certificate

The graduate Certificate in Inorganic Chemistry is a 12-credit-hour program. It provides skills and training necessary to advance in the area of inorganic chemistry, which deals with the properties and behavior of inorganic compounds, which include metals, semiconductors, minerals, and organometallic compounds. Inorganic compounds are used as catalysts, pigments, coatings, surfactants, medicines, battery components, fuels, and more. The certificate requires three inorganic chemistry lecture

courses (each three credits) and one elective course (three credits) or three credits of research. All students must take these three required courses and one elective course (or research credit), subject to the graduate school regulations.

A minimum of three courses must be taken at UMSL. If research credit will be applied toward the certificate, it must be taken at UMSL. Courses may be substituted with the permission of the certificate coordinator. For more information, students can contact the Department of Chemistry and Biochemistry.

Certificate applicants must meet the general University of Missouri-St. Louis Graduate School admissions requirements to be admitted to the Certificate program. Students admitted to the Chemistry M.S. program are automatically eligible to pursue the Certificate; however, they must apply separately to the Certificate program. Students must maintain a minimum GPA of 3.0 to remain in the Certificate program. The certificate is awarded after completion of the 12 credit hours of courses listed below. Students must apply to be awarded the Certificate. Courses taken while enrolled as an undergraduate may not be repeated nor will they count towards the Certificate.

This 12-credit-hour certificate program also counts toward the 30-credit-hour Master of Science in Chemistry degree program requirements. Students may choose to combine this Certificate with other courses and/or Certificates to obtain the Master of Science in Chemistry degree.

Required Courses

| | | |
|-----------|---|---|
| CHEM 5412 | Advanced Graduate Inorganic Chemistry | 3 |
| CHEM 5422 | | |
| CHEM 5462 | Organometallic Chemistry of the Transition Elements | 3 |

Elective Courses 3

Choose one of the following:

| | |
|-----------|---|
| CHEM 5494 | Special Topics in Inorganic Chemistry |
| CHEM 6905 | Graduate Research in Chemistry ¹ |

¹ If CHEM 6905 is chosen, the research project must be in inorganic chemistry.

Learning outcomes: Upon completion of the Certificate, students will have an in-depth knowledge of inorganic elements, how these materials can be modified, separated, and used and how they can be spectroscopically analyzed.

Interdisciplinary Studies BIS

Bachelor of Interdisciplinary Studies (BIS)

The Bachelor of Interdisciplinary Studies degree (B.I.S.) provides a flexible, individualized program of study for the self-directed learner. It is developed by each student with advisement by UMSL professional advisers and faculty, and it is intended for students who have unique educational goals that cannot be met by any other UMSL degree program.

Oversight of the B.I.S. degree is the responsibility of the Interdisciplinary Studies Committee, composed of faculty and professional staff, including representatives from Arts and Sciences (Humanities, Social Sciences, and Natural Sciences), Business, Education, Fine Arts and

Communication, Nursing or other divisions. The Interdisciplinary Studies Committee will be convened and supported by the Office of the Provost.

Admission Requirements for the B.I.S. Program

Candidates for the B.I.S. degree must complete an application for admission to the program. The Interdisciplinary Studies Committee approves applications.

Approved programs of study are well-designed, coherent, structured to meet the student's unique educational goals, and not readily available under any other UMSL degree program.

Students must have demonstrated the equivalent of academic proficiency required for any other undergraduate degree at UMSL.

Degree Requirements for the B.I.S. Program

General Education Requirements

Students must complete the university's general education requirements. For details refer to the general education requirements (p. 30) section of this Bulletin.

Area of Study

In consultation with faculty and staff advisers, students will carry out an area of study of at least 36 advanced semester hours of graded credit that meets their educational goals. Graded credit consists of degree credit courses in which the student received a letter grade C- or better. The area of study must include at least nine hours at the 3000-level or above; these courses may be in one or more disciplines.

Hour and Grade Requirements

The degree requires completion of 120 semester hours with a 2.0 campus grade point average overall and in the area of study. No more than 15 hours may be taken in one department. At least 45 hours must be earned in courses beyond the introductory level. A minimum of 24 hours of graded credit must be completed in residence at UMSL, of which 15 hours must be in the area of study and completed after admission to the B.I.S. program. Each candidate must be in residence for 24 of the last 30 hours of graded credit (exclusive of courses taken on a satisfactory/unsatisfactory basis).

Supervised Professional or Service Internship and Independent Research

Credit not exceeding 6 hours may be earned for department-approved professional internship, service internship, or independent research. The projects or activities must be formulated by the student and carried out under the supervision of a faculty member with the approval of the adviser. Students must submit a written report approved by the supervisor upon completion of the projects or activities.

Learning Outcomes

Upon completion of the program, graduates will be able to:

- Communicate effectively and professionally, in writing, in preparing presentations, and in interactions with others in their field.
- Prepare persuasive reports and documents that are well-organized and carefully edited.

- Work with advanced technologies in settings appropriate to their current and future workplaces.
- Engage in informed dialogue about their chosen fields, and clearly articulate their aspirations for their future success.
- Conduct research for their areas of academic focus and on avenues for career advancement and evolving opportunities in their professions.
- Negotiate details related to planning for future steps toward their professional development, and work productively with advisors, mentors, and colleagues to maximize their strategic impact.
- Network with professionals in their field to prepare for the job market and gain a thoroughly realistic perception of their potential.
- Undertake a variety of projects independently, and develop coherent and innovative plans to launch those projects.
- Design innovative approaches to solving problems, and explore solutions that merge disparate ideas and concepts and encourage collaboration and risk-taking.

International and Comparative Politics Minor

Requirements for Political Science Minors

A general minor in political science can be arranged, as well as specialized minors in eight different subfields of the discipline. Interested students should see a faculty adviser to plan a coherent program of study as a minor field.

Students must achieve a cumulative 2.0 GPA in the political science courses chosen to qualify for the minor. Students may count no more than 3 hours in political science taken on a satisfactory/unsatisfactory basis toward the minor. Students taking an internship POL SCI 3940 may count no more than three hours of the internship toward the minor.

| POL SCI 3850 | International Organizations and Global Problem-Solving | |
| POL SCI 3860 | Political Violence | |

| | |
|--------------------|--|
| POL SCI 3880 | Global Diasporas and International Relations in the 21st Century |
| POL SCI 3890 | Workers and Globalization |
| POL SCI 3900 | Special Readings ¹ |
| POL SCI 3940 | Public Affairs Internship ¹ |
| POL SCI 4810 | Human Rights |
| Total Hours | |
| 15 | |

¹ May be taken with approval of the faculty advisor.

Learning Outcomes

- Evaluate critical issues within and between other countries
- Demonstrate cross-cultural competence and a global worldview.
- Compare and contrast the major political, economic, cultural, and geographic features of different regions of the world.
- Assess comparative and international political issues, formulate evidence-based recommendations, and communicate them with clarity and coherence.

International Business Minor

General Requirements

All minors are 15 credit hours or 5 courses, including business core courses.

- Students must attain a 2.0 grade point average for all courses in the minor.
- Students must attain a minimum grade of C- in each course included in the minor.
- All courses in the minor must be on a graded basis.
- A minimum of 9 credit hours of coursework included in the minor must be taken in residence at UMSL.
- One must complete a baccalaureate degree at UMSL in order for a minor to be conferred.
- A minor may be added for up to two years following completion of the baccalaureate degree

Specific Requirements for the Minor

Available to all students except those pursuing the Bachelor of Science in Business Administration degree with an emphasis in International Business. Students must complete any 5 courses in International Business.

Learning Outcomes

Upon completion of the program, graduates will be able to:

- Discuss the impact of globalization on international businesses operations;
- Examine the impact of cultural factors and develop the sensitivity and appreciation for cultural differences;
- Relate functional knowledge for a specific area of business with global operation.

International Relations BA

Bachelor of Arts in International Relations

General Education Requirements

Majors must satisfy the university and college general education requirements. Political science courses may be used to satisfy the social sciences requirement. The foreign language requirement for the B.A. degree may be satisfied in any language.

Departmental Honors

The department awards honors to students having a minimum grade point average (GPA) of 3.2 in the major, a minimum overall GPA of 3.2 (except in extraordinary circumstances), and successfully completed an honors thesis, project, or report.

Degree Requirements

All majors must complete at least 15 hours in Political Science at the 3000 level or above.

Core Courses

| | | |
|--------------|--|---|
| POL SCI 1800 | Introduction to International Politics (MOTR POSC 201) | 3 |
| POL SCI 1500 | Introduction to Comparative Politics (MOTR POSC 202) | 3 |
| POL SCI 2800 | International Relations Theories | 3 |
| POL SCI 3000 | Political Analysis | 3 |
| POL SCI 4950 | Senior Seminar in Political Science | 3 |

International Relations 12

Select four of the following:

| | |
|--------------|--|
| POL SCI 1820 | Global Issues |
| POL SCI 2600 | The Geography of Governance |
| POL SCI 2820 | United States Foreign Policy |
| POL SCI 2900 | Studies in Political Science ¹ |
| POL SCI 3810 | The Politics of the Middle East: International and National Dynamics |
| POL SCI 3830 | International Political Economy |
| POL SCI 3850 | International Organizations and Global Problem-Solving |
| POL SCI 3860 | Political Violence |
| POL SCI 3890 | Workers and Globalization |
| POL SCI 3900 | Special Readings (with consent of instructor and advisor) |
| POL SCI 4810 | Human Rights |

Comparative Politics 9

Select three of the following:

| | |
|--------------|---|
| POL SCI 2500 | Comparing Different Worlds |
| POL SCI 2510 | The Politics of European Union |
| POL SCI 2530 | Political Systems of South America |
| POL SCI 2580 | African Politics |
| POL SCI 2590 | Globalization: Prospects and Problems |
| POL SCI 2600 | The Geography of Governance |
| POL SCI 2900 | Studies in Political Science ² |

| | |
|--------------|--|
| POL SCI 3810 | The Politics of the Middle East: International and National Dynamics |
| POL SCI 3860 | Political Violence |
| POL SCI 3900 | Special Readings (with consent of instructor and advisor) |
| POL SCI 4810 | Human Rights |

Total Hours 36

¹ Topic must relate to international relations.
² Topic must relate to comparative politics.

It is recommended that majors take POL SCI 1500, POL SCI 1800, POL SCI 1820, and POL SCI 3000 as early as possible since these courses are designed to provide a substantive foundation as well as conceptual and analytical tools for subsequent course work.

Majors are strongly encouraged to broaden their academic experience by including relevant curricular experiences including study abroad, and minors or certificates in areas such as economics and foreign languages.

B.A. degree students may take a maximum of 3 hours of political science on a satisfactory/ unsatisfactory basis; this can include any course except the four required courses in the core curriculum.

Departmental Honors

The department awards honors to students having a grade point average (GPA) of 3.2 in the major, an overall GPA of 3.2 (except in extraordinary circumstances), and successfully completed an honors thesis, project, or report.

Learning Outcomes

Graduates of this program will be able to:

- Identify key trends in international relations that are expected to impact life in the United States and other countries in the foreseeable future.
- Demonstrate cross-cultural competence and a global worldview.
- Apply major international relations theories and concepts to contemporary issues in global affairs.
- Analyze the foreign policy behavior of the United States and other major actors in world politics.
- Compare and contrast the major political, economic, cultural, and geographic features of different regions of the world.
- Assess international relations issues, formulate evidence-based recommendations, and communicate them with clarity and coherence.
- Plan, execute, and defend a major research project.

Sample Four Year Plan

| First Year | | | |
|----------------------------------|-------|--|-------|
| Fall | Hours | Spring | Hours |
| INTDSC 1003 ¹ | | 1 POL SCI 1500 | 3 |
| ENGL 1100 | | 3 CORE-Communication Proficiency | 3 |

| Elective or minor | 3 | Elective or minor | 3 |
| Elective or minor | 3 | Elective or minor | 3 |
| Elective or minor | 3 | Elective or minor | 3 |
| | 15 | | 15 |
| Total Hours: 120 | | | |

¹ INTDSC 1003 is required only for first-time freshmen and transfer students with less than 24 college credits.

Please Note: This plan is an example of what a four year plan could look like for a typical student. Placement exam scores in math as well as the completion of coursework may change the plan. It should not be used in the place of regular academic advising appointments. All students are encouraged to meet with their advisor each semester. All requirements are subject to change.

International Relations Minor

Requirements for Political Science Minors

A general minor in political science can be arranged, as well as specialized minors in eight different subfields of the discipline. Interested students should see a faculty adviser to plan a coherent program of study as a minor field.

Students must achieve a cumulative 2.0 GPA in the political science courses chosen to qualify for the minor. Students may count no more than 3 hours in political science taken on a satisfactory/unsatisfactory basis toward the minor. Students taking an internship POL SCI 3940 may count no more than three hours of the internship toward the minor.

Minor in International Relations

Select five of the following: 15

| | |
|--------------|--|
| POL SCI 1800 | Introduction to International Politics (MOTR POSC 201) |
| POL SCI 2820 | United States Foreign Policy |
| POL SCI 3500 | The Politics of the Middle East: International and National Dynamics |
| POL SCI 3830 | International Political Economy |
| POL SCI 3850 | International Organizations and Global Problem-Solving |
| POL SCI 3860 | Political Violence |
| POL SCI 3890 | Workers and Globalization |
| POL SCI 3900 | Special Readings (when appropriate) |
| POL SCI 3940 | Public Affairs Internship (when appropriate) |
| POL SCI 4850 | International Law |

Total Hours 15

International Studies Graduate Certificate

Applicants to the Certificate program must meet the general requirements for admission to Graduate School as explained in the graduate study section of this Bulletin. The Certificate is awarded after completion of 18 hours, including a minimum of 12 hours drawn from a list of core courses and an additional six hours selected from a wide variety of offerings in eight different disciplines. No more than 12 hours may be from any one discipline. Students may simultaneously earn a graduate degree and count credits earned in their degree program toward the Certificate when appropriate.

Requirements

Select four from the following list of core courses: 12

| | |
|-------------------------|---------------------------------------|
| Business Administration | |
| FINANCE 6580 | International Financial Management |
| SCMA 5381 | Global Supply Chain Management |
| Economics | |
| ECON 5300 | |
| ECON 5301 | |
| History | |
| HIST 6115 | |
| Political Science | |
| POL SCI 6450 | |
| POL SCI 6451 | |
| POL SCI 6480 | Proseminar in International Relations |
| POL SCI 6481 | Seminar in International Relations |
| POL SCI 6488 | Studies in International Relations |

Select two of the following: 6

| | |
|-----------|---------------------------------|
| Economics | |
| ECON 4980 | Special Readings |
| English | |
| ENGL 4920 | Major Works Of European Fiction |

| | |
|--------------------------------|---|
| History | |
| HIST 4001 | Special Readings |
| Languages and Cultural Studies | |
| FRENCH 4360 | |
| Music | |
| M H L T 4250 | |
| M H L T 4260 | |
| Political Science | |
| POL SCI 4850 | International Law |
| POL SCI 6485 | Directed Readings and Research in International Relations |
| Total Hours | 18 |

Note: No more than 12 credit hours may be from any one discipline.

Learning Outcomes

Upon completion of the program, certificate earners will be able to:

- Explain the major components of culture and how cultural differences affect conducting business abroad
- Integrate global awareness and cultural knowledge into business analysis
- Describe functional knowledge of global operation for a specific area of business, such as marketing or finance
- Assess the impact of cultural and environmental factors on international business operations

Internet and Web Graduate Certificate

The graduate certificate in Internet and Web is a four#course (12 credit# hour) program. It is designed to provide broad training in web technologies on both the client and server sides, including various stack architectures and frameworks, recent technologies such as REST, and trends such as microservices. All students must take three required courses and one elective, subject to the Graduate School regulations.

A minimum of three courses must be taken from UMSL. A maximum of two courses can be used from the 4000#level. Courses may be substituted with the permission of the certificate coordinator.

Required Core Courses

| | | |
|--------------|--|---|
| CMP SCI 4010 | Web Development with Java | 3 |
| CMP SCI 4011 | Web Development with Advanced JavaScript | 3 |
| CMP SCI 5012 | Enterprise Microservice Development | 3 |

Electives

Choose one of the following:

| | | |
|--------------|--|--|
| CMP SCI 5020 | Android Apps: Android Fundamentals | |
| CMP SCI 5030 | Intelligent Web | |
| CMP SCI 5792 | Mobile Computing, Networking, and Security | |
| CMP SCI 5750 | Cloud Computing | |

Total Hours **12**

Internet and Web Undergraduate Certificate

Certificate Requirements

The undergraduate certificate in Internet and Web is a five-course (15 credit hour) program. It is designed to provide broad training in web technologies at both the client and server sides, including various stack architectures and frameworks, recent technologies such as REST and trends such as microservices. A minimum GPA of 2.5 is required for admission.

Required Courses

| | | |
|--------------|---|---|
| CMP SCI 3010 | Web Full Stack Development | 3 |
| CMP SCI 4010 | Web Development with Java | 3 |
| CMP SCI 4011 | Web Development with Advanced JavaScript | 3 |
| CMP SCI 4012 | Introduction to Enterprise Microservice Development | 3 |

Elective

Choose one of the following courses: 3

| | | |
|--------------|--|--|
| CMP SCI 4020 | Introduction to Android Apps: Android Fundamentals | |
| CMP SCI 4030 | Introduction to Intelligent Web | |
| CMP SCI 4610 | Database Management Systems | |
| CMP SCI 4730 | Computer Networks and Communications | |
| CMP SCI 4750 | Introduction to Cloud Computing | |

Total Hours **15**

A minimum of three courses must be taken from UMSL. Courses may be substituted with the permission of the certificate coordinator. For more information, students can contact the department chair or email info@arch.umsi.edu.

Learning Outcomes

Upon completion the program, certificate earners will be able to:

- Identify and implement techniques for communicating complex information on the Web
- Use Web languages to integrate media and user interaction
- Design and develop Internet applications
- Use the state-of-the-art languages and frameworks on both server and client sides

Japanese Minor

A minor in French, German, Japanese or Spanish requires the completion of four courses in the language beyond the basic foundation sequence (Language 1001, Language 1002, and Language 2101). Transfer students must complete at least two courses for the minor at UMSL. All courses must be passed with a grade of C- or better.

Specific Requirements for the Japanese Minor

| | | |
|------------|---------------------------|---|
| JAPAN 2102 | Intermediate Japanese II | 5 |
| JAPAN 3201 | Intermediate Japanese III | 4 |

| | | |
|---------------------------------------|--------------------------|---|
| JAPAN 3202 | Intermediate Japanese IV | 4 |
| Select one course in Japanese Studies | | 3 |

Learning Outcomes

Graduates with a minor in Japanese from the University of Missouri-St. Louis can use the language to interact with native speakers on familiar topics related to their daily lives. They have an emerging understanding of Japanese culture fostered through engaging courses and opportunities such as study abroad. They can apply their linguistic and cultural competencies in real-life situations such as travel and work.

Skills and Knowledge Areas

Upon completion of the Japanese minor, students should be able to:

Linguistic Goals

- In listening/speaking:
 - demonstrate comprehension of the main ideas and supporting details of everyday conversations on familiar and concrete topics, both formal and informal;
 - take part in conversations on topics related to work, school, home, leisure activities, culture, and media;
 - narrate short anecdotes using Japanese conversational conventions; and,
 - function in real-world situations in culturally-appropriate ways.
- In reading/writing:
 - interpret basic authentic texts, such as menus and schedules;
 - apply reading strategies to glean key information from more challenging texts;
 - compose simple practical messages, such as personal emails and letters; and,
 - assess language reference resources and use them effectively.

Cultural Goals

- recognize and describe some of the key historical, social, economic, and political forces that shape Japanese society;
- analyze and critique the products of Japanese culture (film, media, literature, art, etc.) in socio-historical context.

The linguistic goals are based on the National Standards For Foreign Language Learning and the ACTFL Proficiency Guidelines. In speaking and listening, minors are expected to reach the Intermediate-Mid level proficiency at a minimum. For detailed descriptions of sublevels, see the ACTFL Proficiency Guidelines.

Jazz Studies Minor

Candidates must complete 22 credit hours from the following:

Music Theory

| | | |
|---------------|------------------------------|---|
| THRY COM 1300 | Introduction to Music Theory | 1 |
| THRY COM 1301 | Theory of Music I | 3 |
| THRY COM 1302 | Aural Training I | 2 |
| THRY COM 1311 | Theory of Music II | 3 |
| THRY COM 1312 | Aural Training II | 2 |

Piano Proficiency

| | | |
|------------------|----------------------|---|
| PRACTM 1140/1150 | Piano Proficiency I | 1 |
| PRACTM 1150 | Piano Proficiency II | 1 |

Applied Area

2 credit hours minimum, to be selected from this group:

| | | |
|-------------|--|--|
| PRACTM 2190 | | |
| PRACTM 2191 | | |
| PRACTM 2192 | | |
| PRACTM 2193 | | |

Pedagogy

| | | |
|-------------|---------------|---|
| PDGOGY 2220 | Jazz Pedagogy | 3 |
|-------------|---------------|---|

Ensemble

2 credit hours of each minimum

| | | |
|-------------|----------------|---|
| EN PER 1542 | Jazz Combo | 2 |
| EN PER 1550 | Jazz Orchestra | 2 |

| | | |
|--------------------|--|-----------|
| Total Hours | | 22 |
|--------------------|--|-----------|

K-12 Teacher Leader Graduate Certificate

Admission Requirements

Applicants must meet general University of Missouri-St. Louis Graduate School admissions requirements and have active teacher certification. Preferred candidates have teaching experience.

Students may submit application materials at anytime, however applications will be reviewed twice annually: October 1 and March 1.

Certificate Requirements

Students are required to take 15 credit hours in three areas:

- Foundations
- Knowledge/Concepts
- Skills

All courses must be taken at the University of Missouri - St. Louis.

Foundation Course

| | |
|--|---|
| ED ADM 6717: Instructional Coaching for K-12 Teacher Leaders | 3 |
|--|---|

Knowledge/Concepts

Choose three of the following:

| | |
|-------------|---|
| ED ADM 6701 | Leadership for Equity |
| ED ADM 6702 | Supervision in Education Organizations |
| ED ADM 6704 | Data-Driven Instruction and Team Leadership I |
| ED ADM 6705 | School Culture I |

Skills

Choose one of the following:

| | |
|-------------|--|
| Curriculum | |
| TCH ED 6411 | Curriculum Leadership in Education STEM |
| ELE ED 6431 | STEM Instruction in Elementary Education |

| | |
|-------------|---|
| ELE ED 6387 | Literacy Acquisition and Learning for Diverse Students |
| ELE ED 6342 | Addressing the Mathematical Needs of Students |
| ELE ED 6448 | Diagnosis and Remediation of Disabilities in Learning Mathematics |
| SEC ED 6431 | STEM Instruction in Secondary Education |
| Literacy | |
| ELE ED 6684 | Instructional Strategies for Teaching Reading |
| TCH ED 6880 | Leadership in the Teaching of Writing |

Total Hours 15

Labor Studies Undergraduate Certificate

Labor Studies Certificate

The Labor Studies Certificate is designed for students who are interested in a focused specialty in labor studies. The 18-credit hour curriculum consists of six courses offered over a three-semester period.

| | | |
|--------------|--|---|
| HIST 2219 | Work and Working Peoples' History | 3 |
| POL SCI 2450 | Labor, Work, Society, and Politics | 3 |
| POL SCI 3220 | Labor and Employment Law | 3 |
| POL SCI 3430 | Labor and Community Leadership | 3 |
| POL SCI 3470 | Negotiation, Collective Bargaining, and Dispute Resolution | 3 |
| POL SCI 3890 | Workers and Globalization | 3 |

Total Hours 18

Learning Outcomes

Upon completion of the program, a certificate earner will be able to:

- Identify and apply techniques to research and analyze power relations, organizational structures, and effective action in workplace settings.
- Demonstrate knowledge about the economy, including wage, tax, and trade policy; historical disparities; and the role of corporations, unions, and other organizations.
- Assess, analyze and apply the skills of building cooperation and collaboration needed in negotiations and in alternative dispute resolution.
- Locate and clearly explain the laws and regulations affecting workers, workplaces, labor and community organizations.

LatinX Studies Minor

Latinx Studies at the University of Missouri-St. Louis is an interdisciplinary program dedicated to the study of the historical, social, political, language, and cultural experiences of U.S. Latina/Latinos/Latinx, their families and communities. Students in this program will examine how transnational understandings of race, ethnicity, politics, culture, and language are mapped onto and struggled over within the United States, the Midwest, and St. Louis.

In addition to two required courses—Introduction to Latinx Studies and an internship/service learning Capstone Experience—students will select three electives to round out the minor, each from a different discipline, on topics such as immigration, bilingualism, cultural worldview, comparative politics, and history (more classes will be added as created). Students will combine courses across the disciplinary spectrum into an individualized program to gain a deeper understanding of Latina/Latino cultures, histories, and social conditions; while they engage in collaborative projects, civic programs, and service learning; and enhance writing and analytical skills.

Introductory Course

| | | |
|-----------|--------------------------------|---|
| HIST 2002 | Introduction to Latinx Studies | 3 |
|-----------|--------------------------------|---|

Electives 9

Choose 3 from following list; at most one course from each discipline will count toward the minor

| | |
|---|--|
| FGN LANG 2100 | Languages and World View |
| HIST 2030 | U.S. Immigration: 1790 to the 21st Century |
| HIST 2302 | The LatinX Sixties |
| SPANISH 2101 or above (SPANISH 1199 can substitute) | |

Capstone

| | |
|---|---|
| A service learning/internship capstone experience course in the Latina/Latino community approved by the program director. | 3 |
|---|---|

Total Hours 15

Other UMSL courses and courses from other UM campuses, through ICCS or other formats, may be included as electives with prior approval of the program coordinator.

Learning Outcomes

Upon completion of the program, graduates will be able to:

- Read, interpret evidence, and draw conclusions about the role and contributions of Latinxs to the history, culture, economy, language, politics, and social experiences of the United States;
- Communicate ideas about Latinxs, Latinx communities, and race, gender, class, and ethnicity in evidence-based presentations, writings, and new media;
- Apply a foundational understanding of Latinxs, Latinx communities, and complexities of race, gender, class, and ethnicity to new situations, questions, and concerns.

Law and Philosophy Minor

The undergraduate minor in Law and Philosophy requires five philosophy courses (15 credit hours). At least 6 hours must be at the 3000 level or above. A GPA of 2.0 or better is required in courses presented for the minor. Prospective minors are encouraged to consult with members of the department for advice in planning an appropriate sequence of courses.

| | | |
|--|-----------------------------------|-----------|
| PHIL 2252 | Crime and Punishment | 3 |
| PHIL 4487 | Philosophy of Law | 3 |
| PHIL 1160 | Critical Thinking (MOTR PHIL 101) | 3 |
| or PHIL 3360 | Formal Logic | |
| Two courses in Philosophy ¹ | | 6 |
| Total Hours | | 15 |

¹ PHIL 3000-level or higher courses must be taken in residence in the UMSL Department of Philosophy. In special cases, one of the 3000-level or higher courses may be taken outside of the UMSL Department of Philosophy; the course must (1) have a strong law and philosophy component and (2) have been pre-approved by the Pre-Law advisor.

Learning Outcomes

An ideal graduate with a Minor in Law and Philosophy will:

- Demonstrate an ability to apply the distinctive methods of philosophy by reconstructing philosophical arguments and deliberating rationally over their merits
- Understand central theories about the nature of law and its role in society
- Be able to critically evaluate on moral and empirical grounds a range of common justifications for the use of punishment by the state
- Demonstrate competence with formal reasoning tools such as syllogistic logic, propositional logic and/or quantificational logic and show an ability to apply those to tools in philosophical and everyday contexts
- Will have detailed knowledge of, and an ability to critically evaluate, the dominant positions in the history of legal philosophy on the nature and role of law
- Will be able to apply legal theory to contemporary ethical and social issues
- Will be able to think critically and ethically about issues in legal theory and express their thoughts in a clear and persuasive writing style

Liberal Studies BLS

Bachelor of Liberal Studies (BLS)

The Bachelor of Liberal Studies is a degree program that enables students to combine structured areas of academic emphasis in ways more relevant to their interests than the standard academic major.

Students who participate in this program must declare their areas of study (two minors or a minor and undergraduate certificate) at the time they declare that BLS is their intended degree. The plan of study must be approved at the beginning of the program.

The BLS program is administered through the Department of Philosophy.

To obtain a Bachelor of Liberal Studies (BLS), a student must complete:

- UMSL General Education Requirements (consult General Education (p. 30) section of course listings)
- In addition, students must complete the State Requirement (3) and Cultural Diversity Requirement (3) if not met in General Education course selection
- The university requirement of proficiency in English Composition
 - ENGL 1100 - First Year Writing (to be completed in the first 24 credit hours at the university)
 - Junior Level Writing
- The university requirement of proficiency in Mathematics (to be completed in the first 24 credit hours at the university)
- Two emphasis areas that are satisfied by completing the requirements for:

- two designated BLS Minors in participating departments or other units OR
- a designated minor and any undergraduate certificate. No course may be used more than once.
- A capstone course¹ (minimum of 3 hours) selected from one of the concentration areas that make up the identified BLS core.

Also Required

- Minimum of 45 credit hours in upper level course work (2000 or higher)
 - Electives 28-42
- A minimum of 120 credit hours
- Overall GPA of 2.0 or better
- GPA of 2.0 or better in BLS combination areas (unless otherwise specified)
- Minimum grade of C in all courses used in BLS combination areas unless otherwise specified by the department
- Residency requirement, in addition to campus residency, unless otherwise specified, 9 graded hours in each minor and certificate at 2000 level or above and one capstone course

¹ Note: Not all minors have a designated BLS capstone course so students must be careful to pair minors and certificates so that they have a capstone course.

The Colleges of Arts and Sciences (CAS), Business Administration (COBA), College of Education (COE), the Pierre Laclede Honors College (PLHC), and the School of Social Work (SW) have joined together to make available Liberal Studies combinations involving the following units:

- Department of Art and Design (CAS)
- Department of Biology (CAS)
- College of Business Administration (COBA)
- College of Education (COE)
- Department of Chemistry and Biochemistry (CAS)
- Department of Communication and Media (CAS)
- Department of Computer Science (CAS)
- Department of Criminology and Criminal Justice (CAS)
- Department of Economics (CAS)
- Department of English (CAS)
- Department of History (CAS)
- Pierre Laclede Honors College (PLHC)¹
- Department of Language and Cultural Studies (CAS)
- Department of Mathematics, Physics, Astronomy and Statistics (CAS)
- Department of Music (CAS)
- Department of Philosophy (CAS)
- Department of Political Science (CAS)
- Department of Psychological Sciences (CAS)
- Department of Sociology (CAS)
- School of Social Work (SW)
- Undergraduate certificates

¹ Must be admitted to Honors program.

Bachelor of Liberal Studies: Capstone and Other Restrictions

- Students who are planning to earn a Bachelor of Liberal Studies degree should declare the BLS as their major within the first 90 hours of the program. Declaration past this time may prevent timely graduation as all capstone courses are not available every semester.
- The College of Nursing and the Joint Engineering Program are not participants in the BLS program.
- The following Colleges/Departments participate in the BLS program but do not offer a capstone course and must be paired with a minor from one of the areas listed below: Business, Studio Art, Statistics, Undergraduate Certificates, and Interdisciplinary minors.
- Students admitted to the Pierre Laclede Honors College who wish to present the Honors Certificate as a minor for the BLS must complete the Honors Capstone, (one or two credit hours) and also direct three to six hours of their Honors independent study requirement to work demonstrably relevant to their BLS program. Students should consult the BLS faculty advisor in the Honors College about this requirement.
- The capstone is required in addition to the courses presented for the minor. A minimum grade of C must be earned in the capstone course. The capstone course is not counted toward the minor residency requirement.
- The following have identified a Capstone, so at least one of these minors must be included in the BLS program:

Anthropology

One additional 4000 level course in Anthropology not used in the minor. 3

Art & Design

One additional 4000 level topics course in Art History not used in the minor. 3

Biology

BIOL 3302 Evolution 3

Chemistry/Biochemistry

3 total hours from the options listed: 3

CHEM 3022 Introduction to Chemical Literature

CHEM 3905 Chemical Research

CHEM 4897 Seminar in Chemistry

Communication

One additional 3000/4000 level Communication course not used in the minor. 3

Criminology & Criminal Justice

One additional 4000 level course in Criminology and Criminal Justice, not used as part of the minor. 3

Economics

One additional 4000 level Economics course (except ECON 4105, ECON 4160, and ECON 4550) not used in the minor. 3

Education

A 3 hour capstone course must be selected from the following:

ECH ED 4989 Practicum I: Early Childhood Education/Early Childhood Special Education Site Based Experience 3

EDUC 4989 Internship I 1

ELE ED 4989 Practicum I: Elementary/Special Education Site-Based Experience 3

ELE ED 4992 Practicum I: Elementary/Special Education/TESOL Site-Based Experience 3

ELE ED 4994 Practicum I: Elementary/TESOL Site-Based Experience 3

MID ED 4989 Practicum I: Middle Level Education Site-Based Experience 3

SEC ED 4989 Practicum I: Site-Based Experience 3

English

One additional 4000 level English Literature course not used in the minor. 3

Gerontology

One additional 4000 level course in Gerontology not used in the minor and to be coordinated with the program director for Gerontology before starting the course. 3

History

HIST 4999 Senior Seminar 5

Honors College ¹

3 total hours taken from the options listed:

HONORS 4100 Independent Portfolio Writing

HONORS 4900 Independent Study in Honors

or HONORS 4910 Independent Study: Internships

Languages and Cultures

FRENCH 3211 Contemporary French Culture 3

JAPAN 3280 Readings in Japanese 3

SPANISH 3210

| SOC 4350 or SOC 4385 | Special Study Internship in Sociology |
|-------------------------|--|

¹ Must be admitted to Honors program.

Local Government Management Graduate Certificate

The Graduate Certificate in Local Government Management is designed for current professional staff, elected or non-elected local government officials, and those who are interested in pursuing a career in the local government sector. The certificate can be taken by itself or in conjunction with the Master of Public Policy Administration degree or other graduate degree. A separate application for the certificate program may be required when students in a degree program wish to incorporate the certificate program.

Requirements

The Graduate Certificate in Local Government Management requires the completion of 18 credit hours. Twelve of these are the following core courses:

| | | |
|---------------------------------|--|-----------|
| P P ADM 6180 | Governmental Budgeting and Financial Control | 3 |
| P P ADM 6340 or P P ADM 6350 | Seminar in City Administration Issues in Urban Management | 3 |
| P P ADM 6490 | Human Resources in the Public Sector | 3 |
| POL SCI 6470 or POL SCI 6471 | Proseminar in Urban Politics Seminar in Urban Politics | 3 |
| Total Hours | | 12 |

Three hours of electives are to be taken from selected courses in business administration, criminal justice, economics, political science, and public policy administration. A student may choose among these courses or other courses approved by the program director. Electives will be chosen from the following course list:

| | | |
|---|--|----------|
| Select one of the following: ¹ | | 3 |
| CRIMIN 6442 | Communities and Crime | |
| ECON 4160 | Geospatial Analysis in the Social Sciences | |
| POL SCI 6470 | Proseminar in Urban Politics | |
| POL SCI 6471 | Seminar in Urban Politics | |
| P P ADM/SOC WK 6300 | Leadership and Management in Nonprofit Organizations | |
| P P ADM 6340 | Seminar in City Administration | |
| P P ADM 6350 | Issues in Urban Management | |
| P P ADM 6400 | Public Administration: Theory & Practice | |
| P P ADM 6510 | Urban and Regional Planning and Public Policy | |
| P P ADM 6600 | Managing and Leading in Organizations | |
| Total Hours | | 3 |

Three hours of internship are also required but may be waived if the student has sufficient professional experience in the field. Any request for an exemption from the internship requirement must be submitted in writing and approved by the local government program director after a review of the student's professional or managerial field experience. Students who receive an exemption must take another three hours of electives from courses listed above.

¹ Other courses may be added as advisors deem appropriate for content.

Requirements for admission to the graduate certificate program include an undergraduate degree and a GPA of 3.0 or better. Applicants must submit two letters of recommendation. At least one of the letters should be from a current or former college-level instructor. Applicants must submit a two-page personal statement explaining how the certificate program fits in with the applicant's educational and professional goals. The letters and the personal statement should be sent directly to the Public Policy Administration Program.

Logistics and Supply Chain Management Graduate Certificate

The Graduate Certificate in Logistics and Supply Chain Management provides a focused and intensive study of important topics in supply chain management, including procurement, production, operations, logistics, and transportation. Students first get introduced to the foundation and basic concepts of supply chain management. They then take in-depth studies into domain topics of global supply chain management, strategic sourcing, and supply chain integration, in conjunction with analytical methodologies for various data-driven decision-making functions in supply chains, including facility location and layout, production planning, inventory control, scheduling, and vehicle routing. The program is suitable for candidates with undergraduate or graduate education other than supply chain management. It is also suitable for professionals whose primary responsibility is in other business functions (e.g., finance, marketing, information systems, accounting) but who wish to broaden their scope of knowledge and training in supply chains.

Admission Requirements

Applicants must meet the general University of Missouri-St. Louis Graduate School admissions requirements.

Certificate Requirements

All course prerequisites and all course waivers are applicable. Substitute courses may be approved by the appropriate department chairperson and the Director of Graduate Business Programs.

Required Course

| | | |
|---------------------------------------|-----------------------------------|----------|
| SCMA 5310 | Supply Chain Strategies | 3 |
| Supply Chain Management Course | | 3 |
| Choose one of the following courses: | | |
| SCMA 5381 | Global Supply Chain Management | |
| SCMA 6321 | Strategic Sourcing | |
| SCMA 6347 | LOM Project Management | |
| SCMA 6360 | Supply Chain Integration | |
| SCMA 5389 | Supply Chain Management Practicum | |

| | | |
|---|--|-----------|
| SCMA 5399 | Individual Research in Logistics and Operations Management | |
| Supply Chain Analytics Course | | 3 |
| Choose one of the following courses: | | |
| SCMA 5300 | Business Analytics | |
| SCMA 5320 | Supply Chain and Operations Management | |
| SCMA 6330 | Business Logistics Systems | |
| SCMA 6331 | Supply Chain Modeling | |
| SCMA 6345 | Business Analytics and Data Mining | |
| SCMA 6350 | Management Science Methods | |
| Elective | | |
| An additional course chosen from the remaining Supply Chain Management and Supply Chain Analytics courses | | 3 |
| Total Hours | | 12 |

The required and elective courses may be substituted with other courses with the approval of the Chair of Supply Chain & Analytics Department.

This certificate program may also count toward an MBA degree program with the Management, and Operations Management Emphasis.

Learning Outcomes

Upon completion of the program, certificate earners should be able to:

- Interpret foundational concepts in supply chain management including procurement/sourcing, production, operations and logistics, across domain contexts such as global supply chain management, strategic sourcing and supply chain integration
- Apply analytical methods for data-driven decision making in supply chain management

Management Minor

General Requirements

All minors are 15 credit hours or 5 courses, including business core courses.

- Students must attain a 2.0 grade point average for all courses in the minor.
- Students must attain a minimum grade of C- in each course included in the minor.
- All courses in the minor must be on a graded basis.
- A minimum of 9 credit hours of coursework included in the minor must be taken in residence at UMSL.
- One must complete a baccalaureate degree at UMSL in order for a minor to be conferred.
- A minor may be added for up to two years following completion of the baccalaureate degree

Specific Requirements for the Minor

Available to all students except those pursuing the Bachelor of Science in Business Administration degree. Students must complete:

| | | |
|-----------|---|---|
| MGMT 3600 | Management and Organizational Behavior | 3 |
| MGMT 3611 | Advanced Management and Organizational Behavior | 3 |

Select any three upper division management and organizational behavior electives. 9

Total Hours 15

Learning Outcomes

Upon completion of the program, graduates will be able to:

- Demonstrate competence in applying management concepts and theories related to motivation, leadership, group process, decision making, job design, and organizational development.
- Demonstrate the ability to utilize a diversity-oriented mindset in business decision-making.
- Demonstrate the ability to apply human resource concepts regarding attracting, selecting, developing, motivating, evaluating and retaining employees.

Marketing Management Graduate Certificate

Effective Fall 2020, The Marketing Management Graduate Certificate will no longer be accepting applications

Requirements

Students must complete the following six courses or appropriate substitutes if course waivers are appropriate:

| | | |
|------------------------------|----------------------------------|-----------|
| MKTG 5700 | Integrated Marketing Strategies | 3 |
| MKTG 5710 | Consumer Motivation and Behavior | 3 |
| MKTG 5740 | Marketing and Business Analytics | 3 |
| Marketing Management: | | |
| MKTG 5701 | Marketing Planning and Strategy | 3 |
| MKTG 5720 | | 3 |
| MKTG 5730 | | 3 |
| Total Hours | | 18 |

All course prerequisites and all course waivers are applicable. The Marketing department chairperson and the director of Graduate Studies in Business must approve substitute courses. In all cases, 18 hours (including at least 12 hours in Marketing) are needed to complete the certificate.

Learning Outcomes

Upon completion of the program, certificate earners will be able to:

- Assess the role and practice of marketing within an organization, including theoretical and applied aspects of the marketing discipline (MKTG 5700)
- Demonstrate proficiency in marketing analytics and research skills (MKTG 5740)
- Describe how marketers design and adapt their campaigns and strategies based on the psychology of their buyers and the processes these buyers employ to learn about, select, use, and dispose of products (MKTG 5710)
- Develop, analyze, and evaluate strategic and tactical marketing plans and programs and to assess marketing performance (MKTG 5701)

Marketing Minor

General Requirements

All minors are 15 credit hours or 5 courses, including business core courses.

- Students must attain a 2.0 grade point average for all courses in the minor.
- Students must attain a minimum grade of C- in each course included in the minor.
- All courses in the minor must be on a graded basis.
- A minimum of 9 credit hours of coursework included in the minor must be taken in residence at UMSL.
- One must complete a baccalaureate degree at UMSL in order for a minor to be conferred.
- A minor may be added for up to two years following completion of the baccalaureate degree

Specific Requirements for the Minor

Available to all students except those pursuing the Bachelor of Science in Business Administration degree. Students must complete:

| | | |
|--|-------------------------|----|
| MKTG 3700 | Principles of Marketing | 3 |
| Select any four additional upper division marketing electives. | | 12 |

Learning Outcomes

Upon completion of the program, graduates will be able to:

- Students will be able to develop knowledge about the definition of marketing, consumer, and environment.
- Students will be able to identify drivers of consumer behavior and market opportunities and threats.
- Students will be able to interpret marketing research results.
- Students will be able to explain product, price, place, and promotion strategies.

Mathematical and Computational Science PhD, Computer Science Emphasis

Admission Requirements

Applicants must meet the general graduate admission requirements of the Graduate School, described in the UMSL Bulletin. Students are considered for admission to the graduate program in Computer Science only after they have formally applied for admission through Graduate School. Applications are completed on-line. Additional requirements are listed below. An applicant for admission to the Ph.D. in Mathematical and Computational Science - Computer Science option should have completed a Master's in Computer Science or a related area, with a GPA of at least 3.0/4.0.

An applicant without a related master's but with an exceptional record will also be considered for admission into the Ph.D. program. Such a case will require justification in the form of strong academic standing, experience, participation in research/publications, and/or strong GRE. It should be presented through the statement of purpose and recommendation letters. Other applicants without a master's degree are advised to apply to the

master's program in Computer Science or Cybersecurity and then reapply to the Ph.D. before or after completing the Master's.

The statement of purpose should show evidence of the ability to convey ideas in a succinct and focused manner. The applicant should describe their reasons for applying to the UMSL Ph.D. program in Computer Science, their objectives, including research and career, and should outline a path to successful completion.

The application also requires at least two recommendation letters from academic or professional sources who can comment on academic competence, research potential, or professional experience. At least one of the letters must be from an academic source.

Applicants are advised to submit scores from the GRE general test, which are not more than 5 years old.

A student admitted to the Ph.D. can transfer prior related graduate coursework, subject to Graduate School regulations. Credits from an awarded master's degree can be credited towards the doctoral degree requirements. A student admitted without a master's degree can transfer up to 20 graduate credit hours of related courses, with the approval of the advisor and the Graduate Director. However, at least 31 credits used to satisfy requirements for the doctoral degree must be completed in residence at UMSL. An applicant will be evaluated based on competency (related academic or professional experience) in core areas of computer science, specifically including

1. Programming skills and languages
2. Operating systems
3. Data structures and analysis of algorithms
4. Computer organization and architecture

Applicants missing some of the listed competency areas may be admitted and will be required to take related courses as a part of their studies. Applicants with too many core deficiencies may be advised to apply to the M.S. in Computer Science (p. 488) or M.S. in Cybersecurity - Computer Science Emphasis (p. 506), and reapply to the doctoral program after completing necessary courses, which can be transferred into the Ph.D. program subject to the stated limitations. International applicants are required to show proficiency in English as directed by the UMSL Global office. The requirement is waived for students whose native language is English, or who have completed a previous degree from a US university.

It may also be waived for students who are permanent residents of the US and who have lived in the US for a substantial period of time. Visit this page for information on our research areas, this page for information about the current sponsored projects, and this page for information on financial support.

Application Process

The department admits students for the Fall and Spring semesters on a rolling basis. For international students, the deadlines are determined by the visa processing times and usually are May 31 for the Fall semester and October 31 for the Spring semester.

Follow the directions on the Graduate School web site.

Degree Requirements

The requirements for the Ph.D. degree include the following:

1. Course work
2. Comprehensive examination leading to Ph.D. Candidacy
3. Ph.D. Candidacy and Doctoral Dissertation

A student must advance to Ph.D. candidacy before working on a dissertation, then defend the dissertation to be awarded the doctoral degree.

Course Work

A minimum of 60 credit hours of courses numbered 4000 or above are required, of which at least 45 credit hours must be from courses numbered 5000 or above. The 60 credit hours must include a minimum of 9 and a maximum of 15 Dissertation Research credit hours. All courses numbered below 5000 must be completed with a grade of at least B. Courses outside the Department of Computer Science will require the approval of the Graduate Director. The same applies to courses taken at other institutions, and these credits would be subject to residency requirements. All courses to be counted as part of the degree requirement, including transfers but excluding a prior M.S. degree, are subject to an eight-year limitation.

Students are expected to maintain a GPA of 3.0 on a 4-point scale. At least half of the counted courses must be UMSL courses according to the residency requirements.

Comprehensive Examination leading to Ph.D. Candidacy

A student advances to Ph.D. candidacy after satisfying the following requirements:

I. Passing comprehensive examinations in two steps:

1. Passing a qualifier examination covering fundamental topics in Computer Science. This examination should take place no later than in the semester immediately after completing 12 credit hours in the program at UMSL. If necessary, this examination can be repeated once in the first semester, but no later than the second semester following the first attempt. This examination covers the following two courses/topics

| | | |
|--------------------|---|----------|
| CMP SCI 4760 | Operating Systems | 3 |
| CMP SCI 5130 | Advanced Data Structures and Algorithms | 3 |
| Total Hours | | 6 |

and two additional courses, selected by the Graduate Director taking each student's interests into account.

2. After passing the qualifier examination, the student finds a research advisor, constitutes a research committee, and then must do one of the following:
 - Pass a written examination in the area of the student's interests written under the direction of the research advisor covering some specialized advanced coursework or area.
 - Write a survey paper in the area of the student's interests under the direction of the research advisor and successfully present it orally.

II. Completing the required credit hours other than Dissertation Research (minimum 45 credits, including transfers and prior M.S. credited toward the Ph.D.)

Doctoral Dissertation

A Ph.D. candidate obtains the Ph.D. in these steps:

1. The Ph.D. candidate must propose a dissertation committee.
2. The Ph.D. candidate must prepare a written dissertation proposal and defend it in front of the dissertation committee. The dissertation proposal is a substantial document describing the problem area, the specific problem to be worked on, and the methods to be used, as well as demonstrating the student's proficiency in written communication. A candidate making substantial changes in the research direction may have to repeat this step.
3. The Ph.D. candidate must then write a dissertation as outlined in the dissertation proposal while enrolling for Dissertation Research credits. This work must be an original contribution to the field, and it must meet the standards and requirements set by the Graduate School including a public defense of the dissertation.
4. The Ph.D. candidate must successfully present and defend the dissertation in front of the dissertation committee.

Mathematical and Computational Science PhD, Mathematics Emphasis

Effective Fall 2021, the Mathematics and Computational Sciences with an emphasis in Mathematics program will no longer be accepting applications.

Admission Requirements

Applicants must have at least a bachelor's degree in mathematics or in a field with significant mathematical content. Examples of such fields include computer science, data science, economics, engineering and physics. An applicant's record should demonstrate superior achievement in undergraduate mathematics.

Individuals may apply for direct admission to either the M.A. or Ph.D. program. Candidates for the M.A. degree may choose an emphasis in mathematics or data science. Students in the M.A. program who want to transfer to the Ph.D. program upon successful completion of 15 credit hours must fill out a new application through Graduate Admissions.

Students intending to enter the Ph.D. program must have a working ability in modern programming technologies. A student with a deficiency in this area may be required to take courses at the undergraduate level in computer science.

Applicants for the Ph.D. program must, in addition, submit three letters of recommendation and scores from the Graduate Record Examination (GRE) general aptitude test.

Preliminary Advisement

Incoming students are assigned advisers with whom they should consult before each registration period to determine an appropriate course of

study. If necessary, students may be required to complete undergraduate course work without receiving graduate credit.

Students interested in the Ph.D. program in mathematical and computational sciences with the computer science option must follow the requirements for that program and that option.

Doctor of Philosophy in Mathematical and Computational Sciences

The program has three options:

- 1. Mathematics Option
- 2. Computer Science Option
- 3. Statistics Option

The requirements for the Ph.D. degree include the following:

- 1. Course work
- 2. Ph.D. candidacy
- 3. Doctoral dissertation

The requirements are described in detail below.

- 1. Course Work
A minimum of 60 hours of courses numbered 4000 or above.

In the Mathematics Option, at least 33 hours must be in courses numbered 5000 or above.

In the Computer Science Option, at least 45 hours must be in courses numbered 5000 or above.

In the Statistics Option, at least 33 hours must be in courses numbered 5000 or above.

At most 9 hours of a student's enrollment in Dissertation Research may be counted. Students are expected to maintain a 3.0 average on a 4.0 scale. All courses numbered below 5000 must be completed with a grade of at least B. Courses outside the Department of Mathematics and Computer Science will require approval of the graduate director.

When students who have earned a Master's degree are admitted to the doctoral program, appropriate credits of course work may be applied toward meeting the requirements for the doctoral degree, subject to Graduate School regulations and the approval of the graduate director. The same applied to those with some appropriate graduate credits but without a completed Master's degree.

- 2. Ph.D. Candidacy
Advancement to Ph.D. candidacy is a three-step process consisting of:
 - a. Completing 18 hours of 5000 level courses other than Ph.D. Dissertation Research as appropriate for the selected option.
 - b. Passing the comprehensive examination.
 - c. Selecting a Ph.D. committee and preparing a dissertation proposal and defense of the proposal.

Qualifying Examination

A student must fulfill the following requirements.

Basic Requirement

Pass one written examination covering fundamental topics. This examination would normally take place within the first 12 credit hours of study after admission to the Ph.D. program.

Mathematics Option

Topics from real analysis, complex analysis, and linear algebra:

| | | |
|-------------|--------------------|---|
| MATH 4100 | Real Analysis I | 3 |
| MATH 4160 | Complex Analysis I | 3 |
| MATH 4450 | Linear Algebra | 3 |
| Total Hours | | 9 |

Computer Science Option

Topics from the theory of programming languages, operating systems, analysis of algorithms, and computer systems:

| | | |
|--------------|---|----|
| CMP SCI 4250 | Programming Languages | 3 |
| CMP SCI 4760 | Operating Systems | 3 |
| CMP SCI 5130 | Advanced Data Structures and Algorithms | 3 |
| CMP SCI 5700 | Computer Systems | 3 |
| Total Hours | | 12 |

Statistics Option

Topics from real analysis, linear algebra, and mathematical statistics:

| | | |
|-------------|----------------------------|----|
| MATH 4100 | Real Analysis I | 3 |
| MATH 4450 | Linear Algebra | 3 |
| MATH 4200 | Mathematical Statistics I | 3 |
| MATH 4210 | Mathematical Statistics II | 3 |
| Total Hours | | 12 |

Additional Requirement

After fulfilling the basic requirement above, the student must meet one of the following:

- 1. Pass a written examination in an area of the student's interests. This area will be approved by the graduate committee and will be based on a set of two or more graduate courses taken by the student. This examination would normally take place within the first 24 credit hours of study after admission to the Ph.D. program.
- 2. Write a survey paper in a specialized area under the direction of a member of the graduate faculty. The student should propose to take this option when he/she has already finished at least 2 graduate level courses and has the approval of the graduate committee. The paper should be submitted within four semesters, at which time an oral examination given by a committee of at least three members of the graduate faculty must be passed.

In both parts 1) and 2), the graduate committee will determine if the topics are consistent with the option that the student is pursuing.

Dissertation Committee and Dissertation Proposal

After completing the comprehensive examinations, each student chooses a dissertation advisor and prepares a Dissertation Proposal. Usually students choose an advisor from contacts made through their course work. The dissertation committee will be formed, and the student will meet with this committee for an oral defense of his/her dissertation proposal. The dissertation proposal is a substantial document describing the problem to be worked on and the methods to be used, as well as demonstrating the student's proficiency in written communication.

Doctoral Dissertation

Each Ph.D. candidate must write a dissertation that is an original contribution to the field on a topic approved by the candidate's Ph.D. Committee and the department, and which meets the standards and requirements set by the Graduate School including the public defense of the dissertation. Students working on a dissertation may enroll in Ph.D. Dissertation Research, as appropriate for the selected option. A maximum of 9 hours Dissertation Research can be used toward the required hours of work in courses numbered 5000 or above.

Financial Assistance

Any student who intends to apply for financial assistance, in the form of a teaching assistantship or a research assistantship, is required to have three letters of recommendation submitted with the application to the graduate program in Mathematics or Computer Science. The application must include scores on the GRE general aptitude test. Applicants are also encouraged to submit scores in the GRE subject area test in Mathematics or Computer Science. Applications for financial assistance should be submitted before February 15 prior to the academic year in which the student expects to begin graduate study. Notifications of awards are generally made March 15, and students awarded financial assistance are expected to return letters of acceptance by April 15.

Mathematical and Computational Science PhD, Statistics Emphasis

Effective Fall 2021, the Mathematics and Computational Sciences with an emphasis in Statistics program will no longer be accepting applications.

Admission Requirements

Applicants must have at least a bachelor's degree in mathematics or in a field with significant mathematical content. Examples of such fields include computer science, data science, economics, engineering and physics. An applicant's record should demonstrate superior achievement in undergraduate mathematics.

Individuals may apply for direct admission to either the M.A. or Ph.D. program. Candidates for the M.A. degree may choose an emphasis in mathematics or data science. Students in the M.A. program who want to transfer to the Ph.D. program upon successful completion of 15 credit hours must fill out a new application through Graduate Admissions.

Students intending to enter the Ph.D. program must have a working ability in modern programming technologies. A student with a deficiency in this area may be required to take courses at the undergraduate level in computer science.

Applicants for the Ph.D. program must, in addition, submit three letters of recommendation and scores from the Graduate Record Examination (GRE) general aptitude test.

Doctor of Philosophy in Mathematical and Computational Sciences

The program has three options:

1. Mathematics Option
2. Computer Science Option
3. Statistics Option

The requirements for the Ph.D. degree include the following:

1. Course work
2. Ph.D. candidacy
3. Doctoral dissertation

The requirements are described in detail below.

1. Course Work
A minimum of 60 hours of courses numbered 4000 or above.

In the Mathematics Option, at least 33 hours must be in courses numbered 5000 or above.

In the Computer Science Option, at least 45 hours must be in courses numbered 5000 or above.

In the Statistics Option, at least 33 hours must be in courses numbered 5000 or above.

At most 9 hours of a student's enrollment in Dissertation Research may be counted. Students are expected to maintain a 3.0 average on a 4.0 scale. All courses numbered below 5000 must be completed with a grade of at least B. Courses outside the Department of Mathematics and Computer Science will require approval of the graduate director.

When students who have earned a Master's degree are admitted to the doctoral program, appropriate credits of course work may be applied toward meeting the requirements for the doctoral degree, subject to Graduate School regulations and the approval of the graduate director. The same applied to those with some appropriate graduate credits but without a completed Master's degree.

2. Ph.D. Candidacy
Advancement to Ph.D. candidacy is a three-step process consisting of:
 - a. Completing 18 hours of 5000 level courses other than Ph.D. Dissertation Research as appropriate for the selected option.
 - b. Passing the comprehensive examination.
 - c. Selecting a Ph.D. committee and preparing a dissertation proposal and defense of the proposal.

Qualifying Examination

A student must fulfill the following requirements.

Basic Requirement

Pass one written examination covering fundamental topics. This examination would normally take place within the first 12 credit hours of study after admission to the Ph.D. program.

Mathematics Option

Topics from real analysis, complex analysis, and linear algebra:

| | | |
|--------------------|--------------------|----------|
| MATH 4100 | Real Analysis I | 3 |
| MATH 4160 | Complex Analysis I | 3 |
| MATH 4450 | Linear Algebra | 3 |
| Total Hours | | 9 |

Computer Science Option

Topics from the theory of programming languages, operating systems, analysis of algorithms, and computer systems:

| | | |
|--------------------|---|-----------|
| CMP SCI 4250 | Programming Languages | 3 |
| CMP SCI 4760 | Operating Systems | 3 |
| CMP SCI 5130 | Advanced Data Structures and Algorithms | 3 |
| CMP SCI 5700 | Computer Systems | 3 |
| Total Hours | | 12 |

Statistics Option

Topics from real analysis, linear algebra, and mathematical statistics:

| | | |
|--------------------|----------------------------|-----------|
| MATH 4100 | Real Analysis I | 3 |
| MATH 4450 | Linear Algebra | 3 |
| MATH 4200 | Mathematical Statistics I | 3 |
| MATH 4210 | Mathematical Statistics II | 3 |
| Total Hours | | 12 |

Additional Requirement

After fulfilling the basic requirement above, the student must meet one of the following:

1. Pass a written examination in an area of the student's interests. This area will be approved by the graduate committee and will be based on a set of two or more graduate courses taken by the student. This examination would normally take place within the first 24 credit hours of study after admission to the Ph.D. program.
2. Write a survey paper in a specialized area under the direction of a member of the graduate faculty. The student should propose to take this option when he/she has already finished at least 2 graduate level courses and has the approval of the graduate committee. The paper should be submitted within four semesters, at which time an oral examination given by a committee of at least three members of the graduate faculty must be passed.

In both parts 1) and 2), the graduate committee will determine if the topics are consistent with the option that the student is pursuing.

Dissertation Committee and Dissertation Proposal

After completing the comprehensive examinations, each student chooses a dissertation advisor and prepares a Dissertation Proposal. Usually

students choose an advisor from contacts made through their course work. The dissertation committee will be formed, and the student will meet with this committee for an oral defense of his/her dissertation proposal. The dissertation proposal is a substantial document describing the problem to be worked on and the methods to be used, as well as demonstrating the student's proficiency in written communication.

Doctoral Dissertation

Each Ph.D. candidate must write a dissertation that is an original contribution to the field on a topic approved by the candidate's Ph.D. Committee and the department, and which meets the standards and requirements set by the Graduate School including the public defense of the dissertation. Students working on a dissertation may enroll in Ph.D. Dissertation Research, as appropriate for the selected option. A maximum of 9 hours Dissertation Research can be used toward the required hours of work in courses numbered 5000 or above.

Mathematics BA

General Education Requirements

All department majors must satisfy the university and appropriate school or college general education requirements (p. 30). All mathematics courses may be used to meet the university's general education breadth of study requirement in natural sciences and mathematics.

Satisfactory/Unsatisfactory Restrictions

All department majors may not take mathematical sciences or related area courses on a satisfactory/unsatisfactory basis. Students considering graduate study should consult with their advisers about taking work on a satisfactory/unsatisfactory basis.

Degree Requirements

All courses of the department presented to meet the degree requirements must be completed with a grade of C- or better. At least four courses numbered 3000 or above must be taken in residence. Students must have a 2.0 grade point average in the mathematical sciences courses completed.

Students enrolling in introductory mathematics courses should check the prerequisites to determine if a satisfactory score on the Mathematics Placement Test is necessary. Placement into introductory courses assumes a mastery of two years of high school algebra.

A minimum grade of C- is required to meet the prerequisite requirement for any course except with permission of the department.

Note: Courses that are prerequisites for higher-level courses may not be taken for credit or quality points if the higher-level course has been satisfactorily completed.

Many students are qualified, as a result of having studied calculus in high school, to begin their major with MATH 1900, Analytic Geometry and Calculus II, or MATH 2000, Analytic Geometry and Calculus III. These students are urged to consult with the department before planning their programs. Credit for MATH 1800, Analytic Geometry and Calculus I, will be granted to those students who complete MATH 1900 with a grade of C- or better.

Degree Requirements in Mathematics

All mathematics majors in all undergraduate programs must complete the mathematics core requirements.

Core Requirements

The following courses are required:

| | | |
|--------------------|--|-----------|
| CMP SCI 1250 | Introduction to Computing ¹ | 3 |
| MATH 1320 | Introduction to Probability and Statistics | 3 |
| MATH 1800 | Analytic Geometry and Calculus I | 5 |
| MATH 1900 | Analytic Geometry and Calculus II | 5 |
| MATH 2000 | Analytic Geometry and Calculus III | 5 |
| MATH 2020 | Introduction to Differential Equations | 3 |
| MATH 2450 | Elementary Linear Algebra | 3 |
| MATH 3250 | Foundations of Mathematics ³ | 3 |
| MATH 4100 | Real Analysis I ² | 3 |
| Total Hours | | 33 |

¹ Students in the Fiscal Mathematics emphasis area will take MATH 4200 instead.

² Students in the Fiscal Mathematics emphasis area will take MATH 4210 instead.

³ Students in the Data Science emphasis area may substitute course with CMP SCI 3130.

Related Area Requirements for majors in Mathematics

Candidates for the B.A. in Mathematics must satisfy the requirements in one of the groups below with a grade of C-or better. Candidates for the B.S.Ed. in Mathematics and B.S. in Mathematics must satisfy the requirements in two of the groups below with a grade of C-or better.

If candidates choose group 2, then they cannot apply either of the two courses listed in that group towards the additional 4000 level mathematics courses (beyond the core requirements) that must be completed for each of these degrees.

Students seeking a double degree, either within this department or with another department do not have to fulfill the related area requirements.

Related Area Courses

1) Computer Science

Select two of the following: 6

| | | |
|--------------|--|--|
| CMP SCI 2250 | Programming and Data Structures | |
| CMP SCI 2700 | Computer Organization and Architecture | |
| CMP SCI 3130 | Design and Analysis of Algorithms | |
| CMP SCI 4410 | Introduction to Computer Graphics | |
| CMP SCI 4420 | Introduction to Digital Image Processing and Computer Vision | |

2) Statistics

| | | |
|-----------|----------------------------|---|
| MATH 4200 | Mathematical Statistics I | 3 |
| MATH 4210 | Mathematical Statistics II | 3 |

3) Biology

| | | |
|-----------|---------|---|
| BIOL 2102 | Ecology | 3 |
|-----------|---------|---|

| | | |
|-----------|--------------------|---|
| BIOL 2103 | Ecology Laboratory | 2 |
|-----------|--------------------|---|

4) Biology

| | | |
|-----------|--------------------|---|
| BIOL 2012 | Genetics | 3 |
| BIOL 4182 | Population Biology | 3 |

5) Chemistry

| | | |
|-----------|---|---|
| CHEM 1111 | Introductory Chemistry I (MOTR CHEM 150L) | 5 |
| CHEM 1121 | Introductory Chemistry II | 5 |

6) Chemistry

| | | |
|---|---|---|
| CHEM 3312 | Physical Chemistry I: Thermodynamics and Kinetics | 3 |
| And another 3000-level, or above, chemistry course. | | 3 |

7) Economics

| | | |
|-----------|--|---|
| ECON 1001 | Principles of Microeconomics (MOTR ECON 102) | 3 |
| ECON 1002 | Principles of Macroeconomics (MOTR ECON 101) | 3 |
| ECON 4100 | Introduction to Econometrics | 4 |

8) Philosophy

| | | |
|-----------|-----------------------|---|
| PHIL 3360 | Formal Logic | 3 |
| PHIL 3380 | Philosophy of Science | 3 |

9) Physics

| | | |
|--------------|---|---|
| PHYSICS 2111 | Physics: Mechanics and Heat | 4 |
| PHYSICS 2112 | Physics: Electricity, Magnetism, and Optics | 4 |

10) Physics

| | | |
|---|-----------|---|
| PHYSICS 3221 | Mechanics | 3 |
| And another 3000 level, or above, physics course. | | 3 |

11) Business Administration

| | | |
|-----------|---|---|
| SCMA 3320 | Advanced Supply Chain and Operations Management | 3 |
| SCMA 4350 | Prescriptive Analytics and Optimization | 3 |

12) Engineering

| | | |
|-----------|----------|---|
| ENGR 2310 | Statics | 3 |
| ENGR 2320 | Dynamics | 3 |

In addition to the core requirements and the College of Arts and Sciences' foreign language requirement, three mathematics courses at the 4000 level or higher must be completed. Of these, one must be MATH 4400, Introduction to Abstract Algebra

Learning Outcomes

A successful undergraduate should, upon completion, be able to:

- Write clear, logically consistent proofs.
- Read, understand and assess the veracity of logical arguments or mathematical proofs.
- Reformulate problems or questions in relevant mathematical terms.
- Solve problems which involve analysis, algebra or linear algebra, elementary number theory, elementary probability or statistics.
- Demonstrate basic proficiency in speaking, reading and writing in a language in addition to English.

Sample Four Year Plan

| First Year | | | |

| | 15 | | 13 |
| Total Hours: 120 | | | |

¹ INTDSC 1003 is required only for first-time freshmen and transfer students with less than 24 college credits.

Please Note: This plan is an example of what a four year plan could look like for a typical student. Placement exam scores in math as well as the completion of coursework may change the plan. It should not be used in the place of regular academic advising appointments. All students are encouraged to meet with their advisor each semester. All requirements are subject to change.

B.S. Ed. in Secondary Education with Emphasis in Mathematics

The B.S. Ed. is a professional education degree designed for students who wish to pursue a teaching career in secondary schools. Much of the discipline-specific coursework parallels the B.A. or B.S. degree in the discipline; however, the Missouri Department of Elementary and Secondary Education (DESE) requires specific coursework for teacher certification. Therefore, students interested in the B.S. Ed. should contact the advising office (OASIS) 314-516-5937 in the College of Education for discipline-specific requirements. *Note: To obtain teaching certification, DESE requires a 3.0 GPA in the discipline and professional education coursework, as well as a 2.75 GPA overall.*

B.A. or B.S. in Mathematics with Master's Level Coursework for Secondary Teacher Certification

In addition to the B.S. Ed., students may opt to complete a B.A. or B.S. degree in their discipline as an undergraduate, followed by admission to the Graduate School for Master's level teaching certification. The College of Education has a one-year accelerated program for post-graduate certification called Teach in 12, or students can choose a traditional path to certification. Graduate coursework for certification can apply towards a Master's Degree in Secondary Education, with additional coursework. Students interested in Master's Level teacher certification should contact the advising office (OASIS) 314-516-5937 in the College of Education. *Note: To obtain teaching certification, DESE requires a 3.0 GPA in the discipline and professional education coursework, as well as a 2.75 GPA overall.*

Mathematics BA or BS/MA Dual Degree Program

This is an integrated BA/BS and MA ("2+3") dual degree program in Mathematics: it is designed to provide an opportunity for mathematics majors at the University of Missouri-St Louis (UMSL) with a strong academic record to start earning graduate work credit before actually completing their undergraduate degree and to shorten, or accelerate, the time required as graduate students to earn their master's degree. A student in this program can apply up to 12 credit hours of 4000-and-above level courses towards both programs.

Admission Requirements

- Undergraduate math majors can apply for provisional admission to this program if:
 - They have completed at least 60 credit hours of coursework and
 - Their GPA is 3.0 or higher.

Students submit their applications to the department. Once a student is admitted in this provisional status, the student continues to work toward his/her undergraduate degree until the student completes 90-102 undergraduate credit hours. Meanwhile the student will be advised to complete the required courses for graduate admission.

- A provisionally admitted student is reviewed for formal admission after completing 90 undergraduate credit hours. Minimal requirements for admission include:
 - GPA of 3.0 or higher at the time of the review
 - MATH 1320, MATH 2020, MATH 2450, MATH 3250 - all completed with a grade of B- or higher.

A student's application meeting the minimal requirements does not mean the student is automatically admitted in this program. The math graduate committee will review the application and make a decision. In case the application is approved, the student needs to complete a formal application for admission into the graduate program and is recommended for admission by the graduate committee.

Program Requirements

- The current separate requirements for BA/BS and MA in math remain unchanged.

- Once the student is admitted in this program, the student is allowed to take graduate courses (paid with graduate fees).
- The student in this program can apply up to 12 credit hours of 4000-and-above level courses towards both the bachelor and master's degrees. The student may get the BA/BS and MA degrees at the same time.
- In case a student cannot complete the master's degree for some reason, up to 12 credit hours of graduate level courses can be applied towards the BA/BS degree.
- Students will pay graduate fees for all courses after being admitted and starting the program.

Mathematics BS

General Education Requirements

All department majors must satisfy the university and appropriate school or college general education requirements (p. 30). All mathematics courses may be used to meet the university's general education breadth of study requirement in natural sciences and mathematics.

Satisfactory/Unsatisfactory Restrictions

All department majors may not take mathematical sciences or related area courses on a satisfactory/unsatisfactory basis. Students considering graduate study should consult with their advisers about taking work on a satisfactory/unsatisfactory basis.

Degree Requirements

All courses of the department presented to meet the degree requirements must be completed with a grade of C- or better. At least four courses numbered 3000 or above must be taken in residence. Students must have a 2.0 grade point average in the mathematical sciences courses completed.

Students enrolling in introductory mathematics courses should check the prerequisites to determine if a satisfactory score on the Mathematics Placement Test is necessary. Placement into introductory courses assumes a mastery of two years of high school algebra.

A minimum grade of C- is required to meet the prerequisite requirement for any course except with permission of the department.

Note: Courses that are prerequisites for higher-level courses may not be taken for credit or quality points if the higher-level course has been satisfactorily completed.

Many students are qualified, as a result of having studied calculus in high school, to begin their major with MATH 1900, Analytic Geometry and Calculus II, or MATH 2000, Analytic Geometry and Calculus III. These students are urged to consult with the department before planning their programs. Credit for MATH 1800, Analytic Geometry and Calculus I, will be granted to those students who complete MATH 1900 with a grade of C- or better.

Degree Requirements in Mathematics

All mathematics majors in all undergraduate programs must complete the mathematics core requirements.

Core Requirements

The following courses are required:

| | | |
|--------------------|--|-----------|
| CMP SCI 1250 | Introduction to Computing ¹ | 3 |
| MATH 1320 | Introduction to Probability and Statistics | 3 |
| MATH 1800 | Analytic Geometry and Calculus I | 5 |
| MATH 1900 | Analytic Geometry and Calculus II | 5 |
| MATH 2000 | Analytic Geometry and Calculus III | 5 |
| MATH 2020 | Introduction to Differential Equations | 3 |
| MATH 2450 | Elementary Linear Algebra | 3 |
| MATH 3250 | Foundations of Mathematics ³ | 3 |
| MATH 4100 | Real Analysis I ² | 3 |
| Total Hours | | 33 |

¹ Students in the Fiscal Mathematics emphasis area will take MATH 4200 instead.

² Students in the Fiscal Mathematics emphasis area will take MATH 4210 instead.

³ Students in the Data Science emphasis area may substitute course with CMP SCI 3130.

Related Area Requirements for majors in Mathematics

Candidates for the B.A. in Mathematics must satisfy the requirements in one of the groups below with a grade of C- or better. Candidates for the B.S.Ed. in Mathematics and B.S. in Mathematics must satisfy the requirements in two of the groups below with a grade of C- or better.

If candidates choose group 2, then they cannot apply either of the two courses listed in that group towards the additional 4000 level mathematics courses (beyond the core requirements) that must be completed for each of these degrees.

Students seeking a double degree, either within this department or with another department do not have to fulfill the related area requirements.

Related Area Courses

1) Computer Science

| | | |
|------------------------------|--|---|
| Select two of the following: | | 6 |
| CMP SCI 2250 | Programming and Data Structures | |
| CMP SCI 2700 | Computer Organization and Architecture | |

| SCMA 4350 | Prescriptive Analytics and Optimization | 3 |
| 12) Engineering | | |
| ENGR 2310 | Statics | 3 |
| ENGR 2320 | Dynamics | 3 |

In addition to the core requirements, the B.S. in Mathematics degree requires:

| | | |
|-------------------------------------|------------------------------------|----------|
| 1. Completing all of the following: | | |
| MATH 4160 | Complex Analysis I | 3 |
| MATH 4400 | Introduction to Abstract Algebra I | 3 |
| MATH 4450 | Linear Algebra | 3 |
| Total Hours | | 9 |

2. Completing an additional three courses numbered above 4000 in mathematics, statistics or computer science, at least one of which must be in mathematics/statistics.

Learning Outcomes

A successful undergraduate should, upon completion, be able to:

- Write clear, logically consistent proofs.
- Read, understand and assess the veracity of logical arguments or mathematical proofs.
- Reformulate problems or questions in relevant mathematical terms.
- Solve problems which involve analysis, algebra or linear algebra, elementary number theory, elementary probability or statistics.

- Demonstrate basic proficiency in speaking, reading and writing in a language in addition to English.

Total Hours: 120

- ¹ INTDSC 1003 is required only for first-time freshmen and transfer students with less than 24 college credits.

Please Note: This plan is an example of what a four year plan could look like for a typical student. Placement exam scores in math as well as the completion of coursework may change the plan. It should not be used in the place of regular academic advising appointments. All students are encouraged to meet with their advisor each semester. All requirements are subject to change.

B.S. Ed. in Secondary Education with Emphasis in Mathematics

The B.S. Ed. is a professional education degree designed for students who wish to pursue a teaching career in secondary schools. Much of the discipline-specific coursework parallels the B.A. or B.S. degree in the discipline; however, the Missouri Department of Elementary and Secondary Education (DESE) requires specific coursework for teacher certification. Therefore, students interested in the B.S. Ed. should contact the advising office (OASIS) 314-516-5937 in the College of Education for discipline-specific requirements. *Note: To obtain teaching certification,*

DESE requires a 3.0 GPA in the discipline and professional education coursework, as well as a 2.75 GPA overall.

B.A. or B.S. in Mathematics with Master’s Level Coursework for Secondary Teacher Certification

In addition to the B.S. Ed., students may opt to complete a B.A. or B.S. degree in their discipline as an undergraduate, followed by admission to the Graduate School for Master's level teaching certification. The College of Education has a one-year accelerated program for post-graduate certification called Teach in 12, or students can choose a traditional path to certification. Graduate coursework for certification can apply towards a Master's Degree in Secondary Education, with additional coursework. Students interested in Master's Level teacher certification should contact the advising office (OASIS) 314-516-5937 in the College of Education. Note: To obtain teaching certification, DESE requires a 3.0 GPA in the discipline and professional education coursework, as well as a 2.75 GPA overall.

Mathematics BS, Data Science Emphasis

General Education Requirements

All department majors must satisfy the university and appropriate school or college general education requirements (p. 30). All mathematics courses may be used to meet the university's general education breadth of study requirement in natural sciences and mathematics.

Satisfactory/Unsatisfactory Restrictions

All department majors may not take mathematical sciences or related area courses on a satisfactory/unsatisfactory basis. Students considering graduate study should consult with their advisers about taking work on a satisfactory/unsatisfactory basis.

Degree Requirements

All courses of the department presented to meet the degree requirements must be completed with a grade of C- or better. At least four courses numbered 3000 or above must be taken in residence. Students must have a 2.0 grade point average in the mathematical sciences courses completed.

Students enrolling in introductory mathematics courses should check the prerequisites to determine if a satisfactory score on the Mathematics Placement Test is necessary. Placement into introductory courses assumes a mastery of two years of high school algebra.

A minimum grade of C- is required to meet the prerequisite requirement for any course except with permission of the department.

Note: Courses that are prerequisites for higher-level courses may not be taken for credit or quality points if the higher-level course has been satisfactorily completed.

Many students are qualified, as a result of having studied calculus in high school, to begin their major with MATH 1900, Analytic Geometry and Calculus II, or MATH 2000, Analytic Geometry and Calculus III. These students are urged to consult with the department before planning their programs. Credit for MATH 1800, Analytic Geometry and Calculus I, will

be granted to those students who complete MATH 1900 with a grade of C- or better.

Degree Requirements in Mathematics

All mathematics majors in all undergraduate programs must complete the mathematics core requirements.

Core Requirements

The following courses are required:

| | | |
|--------------|--|----|
| CMP SCI 1250 | Introduction to Computing ¹ | 3 |
| MATH 1320 | Introduction to Probability and Statistics | 3 |
| MATH 1800 | Analytic Geometry and Calculus I | 5 |
| MATH 1900 | Analytic Geometry and Calculus II | 5 |
| MATH 2000 | Analytic Geometry and Calculus III | 5 |
| MATH 2020 | Introduction to Differential Equations | 3 |
| MATH 2450 | Elementary Linear Algebra | 3 |
| MATH 3250 | Foundations of Mathematics ³ | 3 |
| MATH 4100 | Real Analysis I ² | 3 |
| Total Hours | | 33 |

- ¹ Students in the Fiscal Mathematics emphasis area will take MATH 4200 instead.
- ² Students in the Fiscal Mathematics emphasis area will take MATH 4210 instead.
- ³ Students in the Data Science emphasis area may substitute course with CMP SCI 3130.

Emphasis Area Requirements

| | | |
|--------------|--|---|
| CMP SCI 2250 | Programming and Data Structures | 3 |
| MATH 4005 | Exploratory Data Analysis with R | 3 |
| MATH 4070 | Introduction to Nonlinear Optimization | 3 |
| MATH 4200 | Mathematical Statistics I | 3 |
| MATH 4210 | Mathematical Statistics II | 3 |
| MATH 4250 | Introduction to Statistical Methods in Learning and Modeling | 3 |

Elective Requirements 12

Choose two courses from the following list and two additional courses in mathematics, statistics or computer science numbered above 4000:

| | |
|-----------|---|
| MATH 3320 | Applied Statistics |
| MATH 4080 | Introduction to Scientific Computation |
| MATH 4090 | Introduction to High-dimensional Data Analysis |
| MATH 4220 | Bayesian Statistical Methods |
| MATH 4225 | Introduction to Statistical Computing |
| MATH 4260 | Introduction to Stochastic Processes |
| MATH 4450 | Linear Algebra |
| MATH 4750 | Introduction to Mathematics of Artificial Neural Networks |

Total Hours 30

There are no related area requirements.

Computer Science majors who would like to pursue the B.S. in Mathematics (Emphasis in Data Science) are not required to take MATH 2020 and must:

- complete all courses in the core requirements, except for MATH 4100 and may substitute MATH 3000 for MATH 3250
- complete all courses in the specialized requirements and one from elective requirements.

Learning Outcomes

A successful undergraduate should, upon completion, be able to:

- Write clear, logically consistent proofs.
- Read, understand and assess the veracity of logical arguments or mathematical proofs.
- Reformulate problems or questions in relevant mathematical terms.
- Solve problems which involve analysis, algebra or linear algebra, elementary number theory.
- Interpret, formulate and solve problems and assess data related questions from an advanced probabilistic and statistical viewpoint.

| Total Hours: 120 | | | |

¹ INTDSC 1003 is required only for first-time freshmen and transfer students with less than 24 college credits.

PLEASE NOTE: This plan is an example of what a four year plan could look like for a typical student. Placement exam scores in math as well as the completion of coursework may change the plan. It should not be used in the place of regular academic advising appointments. All students are encouraged to meet with their advisor each semester. All requirements are subject to change.

B.S. Ed. in Secondary Education with Emphasis in Mathematics

The B.S. Ed. is a professional education degree designed for students who wish to pursue a teaching career in secondary schools. Much of the discipline-specific coursework parallels the B.A. or B.S. degree in the discipline; however, the Missouri Department of Elementary and Secondary Education (DESE) requires specific coursework for teacher certification. Therefore, students interested in the B.S. Ed. should contact the advising office (OASIS) 314-516-5937 in the College of Education for discipline-specific requirements. *Note: To obtain teaching certification, DESE requires a 3.0 GPA in the discipline and professional education coursework, as well as a 2.75 GPA overall.*

B.A. or B.S. in Mathematics with Master's Level Coursework for Secondary Teacher Certification

In addition to the B.S. Ed., students may opt to complete a B.A. or B.S. degree in their discipline as an undergraduate, followed by admission to the Graduate School for Master's level teaching certification. The College of Education has a one-year accelerated program for post-graduate certification called Teach in 12, or students can choose a traditional path to certification. Graduate coursework for certification can apply towards a Master's Degree in Secondary Education, with additional coursework. Students interested in Master's Level teacher certification should contact the advising office (OASIS) 314-516-5937 in the College of Education. *Note: To obtain teaching certification, DESE requires a 3.0 GPA in the discipline and professional education coursework, as well as a 2.75 GPA overall.*

Mathematics BS, Fiscal Mathematics Emphasis

General Education Requirements

All department majors must satisfy the university and appropriate school or college general education requirements (p. 30). All mathematics courses may be used to meet the university's general education breadth of study requirement in natural sciences and mathematics.

Satisfactory/Unsatisfactory Restrictions

All department majors may not take mathematical sciences or related area courses on a satisfactory/unsatisfactory basis. Students considering graduate study should consult with their advisers about taking work on a satisfactory/unsatisfactory basis.

Degree Requirements

All courses of the department presented to meet the degree requirements must be completed with a grade of C- or better. At least four courses

numbered 3000 or above must be taken in residence. Students must have a 2.0 grade point average in the mathematical sciences courses completed.

Students enrolling in introductory mathematics courses should check the prerequisites to determine if a satisfactory score on the Mathematics Placement Test is necessary. Placement into introductory courses assumes a mastery of two years of high school algebra.

A minimum grade of C- is required to meet the prerequisite requirement for any course except with permission of the department.

Note: Courses that are prerequisites for higher-level courses may not be taken for credit or quality points if the higher-level course has been satisfactorily completed.

Many students are qualified, as a result of having studied calculus in high school, to begin their major with MATH 1900, Analytic Geometry and Calculus II, or MATH 2000, Analytic Geometry and Calculus III. These students are urged to consult with the department before planning their programs. Credit for MATH 1800, Analytic Geometry and Calculus I, will be granted to those students who complete MATH 1900 with a grade of C- or better.

Degree Requirements in Mathematics

All mathematics majors in all undergraduate programs must complete the mathematics core requirements.

Core Requirements

The following courses are required:

| | | |
|--------------------|--|-----------|
| CMP SCI 1250 | Introduction to Computing ¹ | 3 |
| MATH 1320 | Introduction to Probability and Statistics | 3 |
| MATH 1800 | Analytic Geometry and Calculus I | 5 |
| MATH 1900 | Analytic Geometry and Calculus II | 5 |
| MATH 2000 | Analytic Geometry and Calculus III | 5 |
| MATH 2020 | Introduction to Differential Equations | 3 |
| MATH 2450 | Elementary Linear Algebra | 3 |
| MATH 3250 | Foundations of Mathematics ³ | 3 |
| MATH 4100 | Real Analysis I ² | 3 |
| Total Hours | | 33 |

¹ Students in the Fiscal Mathematics emphasis area will take MATH 4200 instead.

² Students in the Fiscal Mathematics emphasis area will take MATH 4210 instead.

³ Students in the Data Science emphasis area may substitute course with CMP SCI 3130.

Emphasis Area Requirements

| | | |
|-----------|----------------------------|---|
| MATH 4200 | Mathematical Statistics I | 3 |
| MATH 4210 | Mathematical Statistics II | 3 |

Specialized Requirements

| | | |
|--------------|----------------------------------|---|
| MATH 4010 | Financial Mathematics I | 3 |
| MATH 4020 | Financial Mathematics II | 3 |
| FINANCE 3500 | Financial Management | 3 |
| MATH 4005 | Exploratory Data Analysis with R | 3 |

In addition, two further courses in mathematics, statistics or computer science numbered above 4000. 6

Related Requirements

| | | |
|--|--|---|
| ECON 4100 | Introduction to Econometrics | 4 |
| ECON 4110 | Applied Econometrics | 4 |
| or ECON 4130 | Business and Economic Forecasting | |
| Complete two of the following courses: | | 6 |
| FINANCE 3503 | Computer Applications in Finance | |
| FINANCE 3520 | Investments | |
| FINANCE 3521 | Financial Engineering: Applying Derivatives | |
| FINANCE 3523 | Fixed Income Analysis | |
| FINANCE 3540 | Introduction to Financial Institutions and Financial Markets | |
| FINANCE 3561 | Principles of Insurance | |

Total Hours **38**

Learning Outcomes

A successful undergraduate should, upon completion, be able to:

- Write clear, logically consistent proofs.
- Read, understand and assess the veracity of logical arguments or mathematical proofs.
- Reformulate problems or questions in relevant mathematical terms.
- Solve problems which involve analysis, algebra or linear algebra, elementary number theory.
- Interpret, formulate and solve applied problems in probability and statistics.
- Interpret, formulate and solve applied problems in mathematics relating to annuities, bonds and derivative investments.

Sample Four Year Plan

| First Year | | | |
|----------------------------------|-----------|--------------------------------------|-----------|
| Fall | Hours | Spring | Hours |
| INTDSC 1003 ¹ | | 1 MATH 1900 | 5 |

| FINANCE 35XX Course | | 3 FINANCE 35XX Course | 3 |
| EXPLORE - Humanities and Fine Arts | | 3 EXPLORE - Social Sciences | 3 |
| | 13 | | 13 |

Total Hours: 120

¹ INTDSC 1003 is required only for first-time freshmen and transfer students with less than 24 college credits.

PLEASE NOTE: This plan is an example of what a four year plan could look like for a typical student. Placement exam scores in math as well as the completion of coursework may change the plan. It should not be used in the place of regular academic advising appointments. All students are encouraged to meet with their advisor each semester. All requirements are subject to change.

B.S. Ed. in Secondary Education with Emphasis in Mathematics

The B.S. Ed. is a professional education degree designed for students who wish to pursue a teaching career in secondary schools. Much of the discipline-specific coursework parallels the B.A. or B.S. degree in the discipline; however, the Missouri Department of Elementary and Secondary Education (DESE) requires specific coursework for teacher certification. Therefore, students interested in the B.S. Ed. should contact the advising office (OASIS) 314-516-5937 in the College of Education for discipline-specific requirements. *Note: To obtain teaching certification, DESE requires a 3.0 GPA in the discipline and professional education coursework, as well as a 2.75 GPA overall.*

B.A. or B.S. in Mathematics with Master's Level Coursework for Secondary Teacher Certification

In addition to the B.S. Ed., students may opt to complete a B.A. or B.S. degree in their discipline as an undergraduate, followed by admission to the Graduate School for Master's level teaching certification. The College of Education has a one-year accelerated program for post-graduate certification called Teach in 12, or students can choose a traditional path to certification. Graduate coursework for certification can apply towards a Master's Degree in Secondary Education, with additional coursework. Students interested in Master's Level teacher certification should contact the advising office (OASIS) 314-516-5937 in the College of Education. *Note: To obtain teaching certification, DESE requires a 3.0 GPA in the discipline and professional education coursework, as well as a 2.75 GPA overall.*

Mathematics MA

Admission Requirements

Applicants must have at least a bachelor's degree in mathematics or in a field with significant mathematical content. Examples of such fields include computer science, data science, economics, engineering and physics. An applicant's record should demonstrate superior achievement in undergraduate mathematics.

Individuals may apply for direct admission to either the M.A. or Ph.D. program. Candidates for the M.A. degree may choose an emphasis in

mathematics or data science. Students in the M.A. program who want to transfer to the Ph.D. program upon successful completion of 15 credit hours must fill out a new application through Graduate Admissions.

Students intending to enter the Ph.D. program must have a working ability in modern programming technologies. A student with a deficiency in this area may be required to take courses at the undergraduate level in computer science.

Applicants for the Ph.D. program must, in addition, submit three letters of recommendation and scores from the Graduate Record Examination (GRE) general aptitude test.

Candidates for the M.A. degree must complete 30 hours of course work with at least 15 hours of courses numbered 5000 or above. All courses numbered below 5000 must be completed with grades of at least B. The selections of the courses numbered 5000 or above need the prior approval of the graduate advisor. The courses taken must include those listed below in the mathematics core and other seven mathematics courses numbered 4000 or higher with at least five courses numbered 5000 or above.

Students who have already completed courses equivalent to those in the core may substitute other courses numbered above 4000. All substitutions of courses for those listed in the core require the prior approval of the graduate director.

Thesis Option

Either for the mathematics option or for the data science option, the non-core course work may consist of an M.A. thesis written under the direction of a faculty member in the Department of Mathematics and Computer Science. A thesis is not, however, required for this degree. A student who wishes to write a thesis should enroll in 6 hours of MATH 6900, M.A. Thesis. Students writing an M.A. thesis must defend their thesis in an oral exam administered by a committee of three department members which includes the thesis director.

Core Courses

| | | |
|------------------------|--------------------|-----------|
| MATH 4100 | Real Analysis I | 3 |
| MATH 4160 | Complex Analysis I | 3 |
| MATH 4450 | Linear Algebra | 3 |
| Electives ¹ | | 21 |
| Total Hours | | 30 |

¹ Electives must be seven mathematics courses numbered 4000 or higher with at least five courses numbered 5000 or above.

Preliminary Advisement

Incoming students are assigned advisers with whom they should consult before each registration period to determine an appropriate course of study. If necessary, students may be required to complete undergraduate course work without receiving graduate credit.

Students interested in the Ph.D. program in mathematical and computational sciences with the computer science option must follow the requirements for that program and that option.

Financial Assistance

Any student who intends to apply for financial assistance, in the form of a teaching assistantship or a research assistantship, is required to have

three letters of recommendation submitted with the application to the graduate program in Mathematics or Computer Science. The application must include scores on the GRE general aptitude test. Applicants are also encouraged to submit scores in the GRE subject area test in Mathematics or Computer Science. Applications for financial assistance should be submitted before February 15 prior to the academic year in which the student expects to begin graduate study. Notifications of awards are generally made March 15, and students awarded financial assistance are expected to return letters of acceptance by April 15.

Mathematics MA Accelerated Master's Degree

This is an Accelerated MA degree program in Mathematics. It is designed to provide an opportunity for mathematics majors at the University of Missouri-St Louis (UMSL) with strong academic record to start earning graduate credit before completing their undergraduate degree and to accelerate the time required as graduate students to earn their master's degree. A student in this program can use up to 12 credit hours for both their undergraduate degree and their master's degree.

Admission Requirements

Students pursuing the BA or BS in Mathematics, the BS in Actuarial Science, the BSEd in Secondary Education with Mathematics Emphasis, or the BS in Data Science with Mathematics Emphasis can apply for provisional admission to this program if:

1. They have completed at least 60 credit hours of coursework and
2. Their GPA is 3.0 or higher.

Students submit their applications to the department. Once a student is admitted in this provisional status, the student continues to work towards their undergraduate degree until the student completes 90-102 undergraduate credit hours. Meanwhile the student will be advised to complete the required courses for graduate admission.

A provisionally admitted student is reviewed for formal admission after completing 90 undergraduate credit hours. Minimal requirements for admission include

1. GPA of 3.0 or higher at the time of the review
2. MATH 1320, MATH 2020, MATH 2450, MATH 3250 - all completed with a grade of B- or higher.

A student's application meeting the minimal requirements does not mean the student is automatically admitted in this program. The math graduate committee will review the application and make a decision.

Program Requirements

1. The requirements for the BA, BS and BSEd degrees and MA in math remain unchanged.
2. Once the student is admitted to this program, the student is allowed to take courses toward their master's degree.
3. A student in this program can apply up to 12 credit hours of 4000-level and above courses towards both the bachelor's and master's degrees. Students may receive their bachelor's degree before they complete the master's degree when they have completed the requirements and have applied to graduate.
4. In case a student cannot complete the master's degree for some reason, up to 12 credit hours of graduate-level courses taken as an

undergraduate can be applied toward the BA/BS degree but not to a subsequent master's degree.

5. Students will pay graduate fees after being converted to graduate status.

Mathematics MA, Data Science Emphasis

Admission Requirements

Applicants must have at least a bachelor's degree in mathematics or in a field with significant mathematical content. Examples of such fields include computer science, data science, economics, engineering and physics. An applicant's record should demonstrate superior achievement in undergraduate mathematics.

Individuals may apply for direct admission to either the M.A. or Ph.D. program. Candidates for the M.A. degree may choose an emphasis in mathematics or data science. Students in the M.A. program who want to transfer to the Ph.D. program upon successful completion of 15 credit hours must fill out a new application through Graduate Admissions.

Students intending to enter the Ph.D. program must have a working ability in modern programming technologies. A student with a deficiency in this area may be required to take courses at the undergraduate level in computer science.

Applicants for the Ph.D. program must, in addition, submit three letters of recommendation and scores from the Graduate Record Examination (GRE) general aptitude test.

Preliminary Advisement

Incoming students are assigned advisers with whom they should consult before each registration period to determine an appropriate course of study. If necessary, students may be required to complete undergraduate course work without receiving graduate credit.

Students interested in the Ph.D. program in mathematical and computational sciences with the computer science option must follow the requirements for that program and that option.

Admission Requirements

Applicants must have at least a bachelor's degree in mathematics or in a field with significant mathematical content. Examples of such fields include computer science, data science, economics, engineering and physics. An applicant's record should demonstrate superior achievement in undergraduate mathematics.

Individuals may apply for direct admission to either the M.A. or Ph.D. program. Candidates for the M.A. degree may choose an emphasis in mathematics or data science. Students in the M.A. program who want to transfer to the Ph.D. program upon successful completion of 15 credit hours must fill out a new application through Graduate Admissions.

Degree Requirements

Candidates for the M.A. degree must complete 30 hours of course work with at least 15 hours of courses numbered 5000 or above. Up to 6 credit hours can be completed outside the Department of Mathematics and Statistics in a related field, with graduate program director's prior approval. Up to 9 graduate credit hours could be transferred into the the program, pending the approval of the Graduate School. All courses numbered below

5000 must be completed with grades of at least B. The selections of the courses numbered 5000 or above need the prior approval of the graduate advisor.

For the M.A. degree with data science emphasis, the courses taken must include the data-science core courses and five elective courses chosen from the data-science electives listed below. Up to 2 courses in the data-science electives can be substituted with other courses upon student's request and graduate program director's approval.

Students who have already completed courses equivalent to those in the core may substitute other courses numbered above 4000. All substitutions of courses for those listed in the core require the prior approval of the graduate director.

Thesis Option

The non-core course work may consist of an M.A. thesis written under the direction of a faculty member in the Department of Mathematics and Statistics. A thesis is not, however, required for this degree. A student who wishes to write a thesis should enroll in 6 hours of MATH 6900, M.A. Thesis. Students writing an M.A. thesis must defend their thesis in an oral exam administered by a committee of three department members which includes the thesis director.

Core Courses

| | | |
|-----------|--|---|
| MATH 4005 | Exploratory Data Analysis with R | 3 |
| MATH 4200 | Mathematical Statistics I | 3 |
| MATH 4210 | Mathematical Statistics II | 3 |
| MATH 5070 | Nonlinear Optimization | 3 |
| MATH 5250 | Statistical Methods in Learning and Modeling | 3 |

Elective Courses 15

Choose five of the following courses:

| | |
|--------------|---|
| MATH 4220 | Bayesian Statistical Methods |
| MATH 4260 | Introduction to Stochastic Processes |
| MATH 5080 | Scientific Computation |
| MATH 5090 | High-dimensional Data Analysis |
| MATH 5225 | Statistical Computing |
| MATH 5320 | Topics in Statistics and its Applications |
| MATH 5600 | Topics in Computation |
| MATH 5770 | Advanced Topics in Nonlinear Optimization |
| CMP SCI 5340 | Machine Learning |
| CMP SCI 5342 | Data Mining |

Total Hours 30

Financial Assistance

Any student who intends to apply for financial assistance, in the form of a teaching assistantship or a research assistantship, is required to have three letters of recommendation submitted with the application to the graduate program in Mathematics or Computer Science. The application must include scores on the GRE general aptitude test. Applicants are also encouraged to submit scores in the GRE subject area test in Mathematics or Computer Science. Applications for financial assistance should be submitted before February 15 prior to the academic year in which the student expects to begin graduate study. Notifications of awards are

generally made March 15, and students awarded financial assistance are expected to return letters of acceptance by April 15.

Mathematics Minor

Minor Requirements

The department offers minors mathematics, and statistics. All courses presented for any of these minors must be completed with a grade of C- or better.

The requirements for the minor are:

| | | |
|---|------------------------------------|-----------|
| MATH 1800 | Analytic Geometry and Calculus I | 5 |
| MATH 1900 | Analytic Geometry and Calculus II | 5 |
| MATH 2000 | Analytic Geometry and Calculus III | 5 |
| Select at least two additional three-hour mathematics courses numbered above 2000. ¹ | | 6 |
| Total Hours | | 21 |

¹ MATH 2510, MATH 3000 and MATH 3520 may not count toward the minor.

A minimum of two mathematics courses numbered 2000 or above must be taken in residence in the Department of Mathematics and Statistics at UMSL.

Learning Outcomes

A successful undergraduate should, upon completion, be able to:

- Reformulate problems or questions in relevant mathematical terms.
- Solve problems which involve algebra or calculus (of one or several variables).

Mechanical Engineering BSME

Admission

Students are admitted to the upper-division program after they have completed an acceptable pre-engineering program. The pre-engineering program can be taken at University of Missouri-St. Louis or at community colleges in the area. Normally, admission is granted to persons who have completed the pre-engineering program with a minimum grade point average of 2.5 over all their mathematics, chemistry, physics, and introductory (statics and dynamics) engineering courses. Students with less than a 2.5 grade point average, but at least a C, in all their science, engineering and mathematics courses may be admitted on a conditional basis.

For more information, please contact the program advisor at (314) 516-7018.

Degree Requirements

A program of 132 semester hours is required for the Bachelor of Science in Mechanical Engineering.

- Majors must complete the University General Education (p. 30) and Graduation (p. 16) requirements, the Pre-Engineering Requirements, the Core Engineering Requirements, and Major Requirements.

- Majors must first complete J E MATH 3170, Engineering Mathematics, with a minimum grade of C-.
- Majors must also complete J E ENGR 2300, Introduction to Electrical Networks, with a minimum grade of C-.
- A minimum grade of C- is necessary to meet the prerequisite requirement for any course.

General Education and Graduation Requirements

The following courses fulfill general education and graduation requirements and are required of Mechanical Engineering majors:

| | | |
|--|---|-----------|
| PHIL 2259 | Engineering Ethics | 3 |
| PHIL 3380 | Philosophy of Science | 3 |
| HIST 1001 | American Civilization to 1865 (MOTR HIST 101) | 3 |
| or HIST 1002 | American Civilization 1865 to Present (MOTR HIST 102) | |
| Three additional Social Science courses ¹ | | 9 |
| Total Hours | | 18 |

¹ One Social Science course must meet the Cultural Diversity requirement. Humanities and social sciences electives must meet both the University of Missouri-St. Louis General Education Requirements and the Humanities and Social Sciences Requirements of the Joint Undergraduate Engineering Program. Check with your advisor for details.

Pre-Engineering Requirements

Students seeking to major in engineering are first designated as 'Undeclared with an interest in Engineering majors' until they have completed Math 1800 Analytical Geometry & Calculus I. Upon successful completion of Math 1800 with a grade of C or better, students will be allowed to declare pre-engineering as their major. Math 1800 must be completed successfully within two attempts.

| | | |
|--------------------|---|-----------|
| MATH 1800 | Analytic Geometry and Calculus I | 5 |
| MATH 1900 | Analytic Geometry and Calculus II | 5 |
| MATH 2000 | Analytic Geometry and Calculus III | 5 |
| MATH 2020 | Introduction to Differential Equations | 3 |
| CHEM 1111 | Introductory Chemistry I (MOTR CHEM 150L) | 5 |
| PHYSICS 2111 | Physics: Mechanics and Heat | 4 |
| PHYSICS 2111L | Mechanics and Heat Laboratory | 1 |
| PHYSICS 2112 | Physics: Electricity, Magnetism, and Optics | 4 |
| PHYSICS 2112L | Electricity, Magnetism, and Optics Laboratory | 1 |

| J M ENGR 4990 | Mechanical Engineering Senior Seminar | 1 |
| Mechanical Engineering Electives | | 12 |
| Total Hours | | 61 |

Graduation Requirements

In addition to the requirements of the University of Missouri-St. Louis that apply to all candidates for undergraduate degrees, the student must earn a minimum campus grade point average of 2.0 and a minimum grade point average of 2.0 for all engineering courses attempted at the University of Missouri-St. Louis.

Upon completion of the program, graduates will have an ability to:

- Identify, formulate, and solve complex engineering problems by applying principles of engineering, science, and mathematics
- Apply engineering design to produce solutions that meet specified needs with consideration of public health, safety, and welfare, as well as global, cultural, social, environmental, and economic factors
- Communicate effectively with a range of audiences
- Recognize ethical and professional responsibilities in engineering situations and make informed judgments, which must consider the impact of engineering solutions in global, economic, environmental, and societal contexts
- Function effectively on a team whose members together provide leadership, create a collaborative and inclusive environment, establish goals, plan tasks, and meet objectives
- Develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgment to draw conclusions
- Acquire and apply new knowledge as needed, using appropriate learning strategies

Sample Graduation Plan

First Year

| Fall | Hours | Spring | Hours |

| | 11 | 8 | 3 |
| Total Hours: 133 | | | |

¹ Course does not count toward 132 credit hours for the degree.

² Course should also satisfy the Cultural Diversity Requirement.

³ Course is an example J M ENGR elective. Four are required for a total of 12 hours.

PLEASE NOTE: This plan is an example of what a four year plan could look like for a typical student. Placement exam scores in math as well as the completion of coursework may change the plan. It should not be used in the place of regular academic advising appointments. All students are encouraged to meet with their advisor each semester. All requirements are subject to change.

Mechanical Engineering Minor

Admission to the Joint Engineering program is required. A minimum of 19 credit hours in Joint Mechanical Engineering and Engineering courses are required.

Required Courses

| | | |
|--|--------------------------------|----|
| ENGR 2310 | Statics | 3 |
| ENGR 2320 | Dynamics | 3 |
| J M ENGR 2410 | Mechanics of Deformable Bodies | 3 |
| Choose at least one of the following four options for an additional 10 credit hours: | | 10 |

Option 1

| | |
|---|-------------------------------|
| J M ENGR 3250 | Material Science for J M ENGR |
| Any other two J M ENGR courses for 6 credit hours | |

Option 2

| | |
|------------------|-----------------------------|
| J M ENGR 3200 | Thermodynamics |
| J M ENGR 3700 | Fluid Mechanics |
| J M ENGR 3710 | Principles of Heat Transfer |
| J M ENGR 3721 | Fluid Mechanics Laboratory |
| or J M ENGR 3722 | Heat Transfer Laboratory |

Option 3

| | |
|------------------|-----------------------------|
| J M ENGR 3200 | Thermodynamics |
| J M ENGR 3700 | Fluid Mechanics |
| J M ENGR 3710 | Principles of Heat Transfer |
| J M ENGR 3721 | Fluid Mechanics Laboratory |
| or J M ENGR 3722 | Heat Transfer Laboratory |

Option 4

| | |
|--|--------------------------------------|
| J M ENGR 4170 | Dynamic Response of Physical Systems |
| J M ENGR 4180 | Dynamic Response Laboratory |
| Any other J M ENGR course for 7 credit hours | |

Media Production Undergraduate Certificate

The Certificate in Media Production provides a sequence of courses designed to develop multi-channel and multi-media skill sets that can be used by students to record, edit, and produce media for artistic,

personal, or commercial applications. Students will develop a portfolio of work that will reflect both independent and client-centered content. Students who complete the Certificate in Media Production will develop the knowledge and skills needed in a rapidly changing media environment.

The Certificate in Media Production is composed of 18 hours of coursework. Students must complete at least 12 hours at UMSL and earn at least a B in any course applied to the certificate.

Required Coursework

| | | |
|-----------------------------------|---------------------------------------|-----------|
| MEDIA ST 2113 | Media Production I | 3 |
| MEDIA ST 2210 | Video Production I | 3 |
| MEDIA ST 3310 | Video Production II | 3 |
| MEDIA ST 3313 | Advanced Video Editing | 3 |
| MEDIA ST 3318 | Advanced Independent Video Production | 3 |
| MEDIA ST 2225 or MEDIA ST 3113 | Media Production II | 3 |
| Total Hours | | 18 |

Learning Outcomes

Upon completion of the program, certificate earners will be able to:

- Demonstrate an understanding of available media technology and its applications.
- Develop a substantial foundation in all aspects of media production.
- Establish and nurture a working application in evolving production techniques.
- Learn to utilize external information design in order to extend experiences in production techniques and standards.
- Become prepared to perform as a production specialist in all areas of media.
- Develop a skill set in Media Production that will certify competence in all levels of pre-production, production, and post-production.

Mobile Apps and Computing Graduate Certificate

The graduate certificate in Mobile Apps and Computing is a four-course (12 credit hours) program. It provides training in technologies and frameworks for mobile apps and computing. All students must take three required courses and one elective.

A minimum of three courses must be taken from UMSL. A maximum of two courses can be used from the 4000-level. Courses may be substituted with the permission of the certificate coordinator. For more information, students can contact the department chair or email info@arch.umsi.edu.

Core

| | | |
|--------------|--|---|
| CMP SCI 4220 | Introduction to iOS Programming and Apps | 3 |
| CMP SCI 5020 | Android Apps: Android Fundamentals | 3 |
| CMP SCI 5792 | Mobile Computing, Networking, and Security | 3 |

Electives

| | |
|------------------------------|---|
| Choose one of the following: | 3 |
|------------------------------|---|

| | |
|--------------|-----------------------------|
| CMP SCI 4610 | Database Management Systems |
| CMP SCI 5750 | Cloud Computing |
| CMP SCI 5794 | Internet of Things |

Total Hours

12

Mobile Apps and Computing Undergraduate Certificate

The undergraduate certificate in Mobile Apps and Computing is a five-course (15 credit hour) program. It is designed to provide training in technologies and framework for mobile apps and computing. A minimum GPA of 2.5 is required for admission.

Required Courses

| | | |
|--------------|--|---|
| CMP SCI 4020 | Introduction to Android Apps: Android Fundamentals | 3 |
| CMP SCI 4220 | Introduction to iOS Programming and Apps | 3 |
| CMP SCI 4792 | Introduction to Mobile Computing, Networking, and Security | 3 |

Electives

| | |
|--------------------------------------|---|
| Choose two of the following courses: | 6 |
| CMP SCI 4010 | Web Development with Java |
| CMP SCI 4222 | iOS Apps |
| CMP SCI 4610 | Database Management Systems |
| CMP SCI 4750 | Introduction to Cloud Computing |
| CMP SCI 4794 | Introduction to Security of IoT Systems |

Total Hours

15

A minimum of three courses must be taken from UMSL. Courses may be substituted with the permission of the certificate coordinator. For more information, students can contact the department chair or email info@arch.umsi.edu.

Learning Outcomes

Upon completion of the program, certificate earners will be able to:

- Identify and implement techniques for communicating complex information in the Internet, particularly for mobile and wireless platforms
- Use appropriate programming languages and tools to integrate media and user interaction
- Design and develop applications in mobile and wireless computing, using representative mobile devices and platforms
- Assess and implement security principles in mobile applications
- Evaluate the quality and performance of mobile applications

Modern European Studies Undergraduate Certificate

Four semesters of college work or the equivalent in a modern European foreign language.

Independent Study Course

Students seeking the certificate must complete an independent study course in which a research paper will be written focusing upon aspect of Modern European Studies. The topics should be approved in advance by International Studies and Programs.

3

Total Hours

38

¹ Students should consult International Studies and Programs advisers to determine how these courses can best be arranged to meet their interests.

Modern Language BA, Dual Language Emphasis Professional

To meet the increasing demand for multilingual professionals, the Department offers students the option of the Dual Language Professional Track as part of the B.A. in Modern Languages. Students interested in pursuing intermediate studies in more than one language may combine the study of any two of the following languages: French, Japanese, or Spanish. Coursework focuses on developing language proficiency, intercultural competency, and professional skills. Students in the dual-language concentration also benefit from numerous study abroad opportunities to further refine their linguistic and cultural competencies.

General Education Requirements

Each language major must satisfy the general education requirements of the university and the general education requirements of the College of Arts and Sciences.

Specific Requirements or Restrictions

Students entering with no high school language units must enroll in Language 1001 or may enroll in Language 2115. Language 2115 (a, b, and c) is the intensive study of a language and will satisfy the foreign language requirement. 2115a, 2115b, and 2115c are co-requisites and must be taken concurrently. To satisfy the foreign language requirement all three sections must be completed with a grade of C- or better.

A grade of D in a Language 1001 course is a passing grade but not an entrance grade for a Language 1002 course. A grade of D in a Language 1002 course is a passing grade but not an entrance grade for a Language 2101 course or its equivalent. A grade of D in a Language 2101 course fulfills the language requirement but is not an entrance grade for a higher-level course.

Demonstration of a high level of proficiency may affect the number of hours required for the major. Native or heritage speakers of a language should consult with the department concerning appropriate placement and advising. Students with previous language coursework should contact the department for language placement testing and advising. Students may not take for credit an elementary course if they have already completed a higher-level course for which the elementary course, or its equivalent, is a prerequisite.

Degree Requirements

All courses for the major must be passed with a grade of C- or better. No course required for the major may be taken on a satisfactory/unsatisfactory (s/u) basis with the exception of those taken abroad as part of a university program that has received departmental approval.

Bachelor of Arts

All students seeking a B.A. in a Modern Language must successfully complete FGN LANG 2100 Languages and World View and FGN LANG 2294, Foreign Language Careers for the Global Market, and must meet the departmental requirement of a minimum of 33 hours in French or 37-39 hours in Japanese or 35 hours in Spanish or 30-33

hours in the Dual Language Professional Emphasis (excluding Language 1001 and 1002). The maximum number of hours that may be taken in the major is 45 (including Language 1001 and 1002). In addition, students seeking the B.A. in a Modern Language who desire a teaching certificate must also take FGN LANG 4589 (same as SEC ED 4589), Curriculum and Methods of Teaching Foreign Languages, FGN LANG 4590 (same as SEC ED 4590), and fulfill the professional secondary education requirements of the College of Education.

Transfer Students

Transfer students majoring in one of the modern languages must complete at UMSL a minimum of 12 graded hours in language courses at the 3000 level or above with a grade point average of 2.0 or better in those courses.

Native Speakers

Native speakers must complete at least two courses at the 3000 level and four courses at the 4000 level to obtain a major in their native language.

Emphasis Area Requirements

| | | |
|---|--------------------------|-------|
| FGN LANG 2100 | Languages and World View | 3 |
| Choose two of the following language options. | | 30-33 |
| At least one course (minimum 3 credit hours) must include an internship, service learning, or study abroad component. | | |

French

| | |
|---|--|
| FRENCH 2170 | Intermediate French Language and Culture |
| FRENCH 2180 | Readings in French |
| Three courses at the 3000-level or higher, at least one of which must be business/professions-focused | |

German

| | |
|---|--|
| GERMAN 2170 | Intermediate Practice in Speaking and Writing German |
| GERMAN 2180 | Intermediate Readings in German |
| Three courses at the 3000-level or higher | |

Japanese

| | |
|--------------------------------------|------------------------------|
| JAPAN 2102 | Intermediate Japanese II |
| Choose two of the following courses: | |
| JAPAN 2170 | Kanji: A Radical Approach |
| JAPAN 3202 | Intermediate Japanese IV |
| JAPAN 3210 | Japanese Culture and Society |
| JAPAN 3211 | Topics in Japanese Culture |
| JAPAN 3280 | Readings in Japanese |
| JAPAN 3201 | Intermediate Japanese III |

Spanish

| | |
|---|--|
| Two courses at the 2000-level above 2101 | |
| Three courses at the 3000-level, at least one of which must be business/professions-focused | |

One 4000-Level Capstone 3

Capstone course requirement may be met by 4000-level language course

Total Hours 36-39

B.S. Ed. in Secondary Education with Emphasis in a Foreign Language

The B.S. Ed. is a professional education degree designed for students who wish to pursue a teaching career in secondary schools. Much of the discipline-specific coursework parallels the B.A. degree in the language; however, the Missouri Department of Elementary and Secondary Education (DESE) requires specific coursework for teacher certification. Therefore, students interested in the B.S. Ed. should contact the advising office (OASIS) 314-516-5937 in the College of Education for discipline-specific requirements. *Note: To obtain teaching certification, DESE requires a 3.0 GPA in the discipline and professional education coursework, as well as a 2.75 GPA overall.*

B.A. in a Foreign Language with Master's Level Coursework for Secondary Teacher Certification

In addition to the B.S. Ed., students may opt to complete a B.A. or B.S. degree in their discipline as an undergraduate, followed by admission to the Graduate School for Master's level teaching certification. The College of Education has a one-year accelerated program for post-graduate certification called Teach in 12, or students can choose a traditional path to certification. Graduate coursework for certification can apply towards a Master's Degree in Secondary Education, with additional coursework. Students interested in Master's Level teacher certification should contact the advising office (OASIS) 314-516-5937 in the College of Education. *Note: To obtain teaching certification, DESE requires a 3.0 GPA in the discipline and professional education coursework, as well as a 2.75 GPA overall.*

¹ INTDSC 1003 is required only for first-time freshmen and transfer students with less than 24 college credits.

PLEASE NOTE: This plan is an example of what a four year plan could look like for a typical student. Placement exam scores in math as well as the completion of coursework may change the plan. It should not be used in the place of regular academic advising appointments. All students are encouraged to meet with their advisor each semester. All requirements are subject to change.

Modern Language BA, French Emphasis

The French Program at UMSL develops learners who are both linguistically and culturally competent and ready to be global citizens. UMSL offers a broad range of coursework in French: foundational courses in language and culture, courses focused on the many facets of literature and culture, and pre-professional courses, all aimed at developing skills for the 21st century. Our dedicated faculty engage learners in and out of the classroom. You can expect a challenging, collaborative, and interactive environment in every course. Our students are a part of a larger learning community connected through our conversation group, numerous activities, and study abroad experiences.

General Education Requirements

Each language major must satisfy the general education requirements of the university and the general education requirements of the College of Arts and Sciences.

Specific Requirements or Restrictions

Students entering with no high school language units must enroll in Language 1001 or may enroll in Language 2115. Language 2115 (a, b, and c) is the intensive study of a language and will satisfy the foreign language requirement. 2115a, 2115b, and 2115c are co-requisites and must be taken concurrently. To satisfy the foreign language requirement all three sections must be completed with a grade of C- or better.

A grade of D in a Language 1001 course is a passing grade but not an entrance grade for a Language 1002 course. A grade of D in a Language 1002 course is a passing grade but not an entrance grade for a Language 2101 course or its equivalent. A grade of D in a Language 2101 course fulfills the language requirement but is not an entrance grade for a higher-level course.

Demonstration of a high level of proficiency may affect the number of hours required for the major. Native or heritage speakers of a language should consult with the department concerning appropriate placement and advising. Students with previous language coursework should contact the department for language placement testing and advising. Students may not take for credit an elementary course if they have already completed a higher-level course for which the elementary course, or its equivalent, is a prerequisite.

Degree Requirements

All courses for the major must be passed with a grade of C- or better. No course required for the major may be taken on a satisfactory/unsatisfactory (s/u) basis with the exception of those taken abroad as part of a university program that has received departmental approval.

Bachelor of Arts

All students seeking a B.A. in a Modern Language must successfully complete FGN LANG 2100 Languages and World View and FGN LANG 2294, Foreign Language Careers for the Global Market, and must meet the departmental requirement of a minimum of 33 hours in French or 37-39 hours in Japanese or 35 hours in Spanish or 30-33 hours in the Dual Language Professional Emphasis (excluding Language 1001 and 1002). The maximum number of hours that may be taken in the major is 45 (including Language 1001 and 1002). In addition, students seeking the B.A. in a Modern Language who desire a teaching certificate must also take FGN LANG 4589 (same as SEC ED 4589), Curriculum and Methods of Teaching Foreign Languages, FGN LANG 4590 (same as SEC ED 4590), and fulfill the professional secondary education requirements of the College of Education.

Transfer Students

Transfer students majoring in one of the modern languages must complete at UMSL a minimum of 12 graded hours in language courses at the 3000 level or above with a grade point average of 2.0 or better in those courses.

Native Speakers

Native speakers must complete at least two courses at the 3000 level and four courses at the 4000 level to obtain a major in their native language.

Specific Requirements for Concentration in French

Each major with a French concentration must complete the following courses:

| | | |
|--|---|-----------|
| FRENCH 2101 | French Language and Culture III (or the equivalent) | 3 |
| FRENCH 2170 | Intermediate French Language and Culture | 3 |
| FRENCH 2180 | Readings in French | 3 |
| FRENCH 3200 | French Grammar in Review | 3 |
| Select four additional courses at the 3000-level | | 12 |
| Select three courses at the 4000-level | | 9 |
| Total Hours | | 33 |

Career Outlook

Career options for graduates with a major or minor in modern languages include the following fields: teaching, social work, nursing, engineering, business, communications, government, journalism, travel industry, translation, and research. Our graduates have been especially successful when they combine advanced study in a modern language with another major. They are then able to add proficiency in a foreign language and culture to their knowledge and skills in another specialty. Experience with world cultures makes our graduates more adaptable and better prepared to meet the challenges of a global and increasingly diverse job market.

Learning Outcomes

Graduates of the BA in Modern Languages from the University of Missouri-St. Louis possess the necessary linguistic and cultural competencies to interact with native speakers in culturally appropriate ways. They are able to use the target language in a variety of academic, social, and professional situations and have a rich understanding of the target culture(s) fostered through engaging topic-based courses and opportunities such as study abroad, service learning, and internships. Recognizing the interconnection between languages and world views, they can critically explore their own assumptions, value alternative perspectives, and act with cultural sensitivity. They are empowered with the tools to meet the challenges of a globalized world and continue developing their skills as lifelong learners.

Skills and Knowledge Areas

Upon completion of the major, students should be able to:

Linguistic and Critical Thinking Goals:

- In listening and speaking,
 - demonstrate comprehension of the main ideas and supporting details of narrative and descriptive texts on familiar and concrete topics, such as those on radio, television, and podcasts;
 - discuss topics related to work, school, home, leisure activities, culture, and a variety of media;
 - use the target language in real-world situations in culturally-appropriate ways;
 - produce narrations and descriptions on familiar topics in present, past, and future time frames and;
 - summarize research in oral presentations.
- In reading and writing,
 - demonstrate comprehension of the main idea, supporting details, argumentative structure, and perspective in authentic texts of various genres;
 - produce narrations and descriptions in present, past, and future time frames employing connected discourse;
 - summarize, analyze, and synthesize content, and begin to express supported opinions;
 - assess language reference resources and use them effectively and;
 - conduct independent research and present findings.

Cultural and Global Awareness Goals:

- demonstrate an awareness of the linguistic, ethnic, racial, religious, cultural, and social diversity of the target cultures;
- recognize and describe some of the key historical, social, economic, and political forces in the target cultures;
- analyze and critique film, media, literature, art, etc.in their socio-historical contexts;
- compare and contrast their own cultural beliefs, behaviors, and norms with those of other cultures;
- describe how language and culture impact one’s world view;

- explain the skills acquired through language study and their benefits to a potential employer.

The linguistic goals are based on the National Standards For Foreign Language Learning and the American Council on the Teaching of Foreign Languages (ACTFL) Proficiency Guidelines. In speaking and listening, graduates are expected to reach the Advanced-Low level proficiency, in writing the Advanced-Mid level proficiency, and in reading the Advanced-High level proficiency. For detailed descriptions of sublevels, see the ACTFL Proficiency Guidelines.

Students interested in Master's Level teacher certification should contact the advising office (OASIS) 314-516-5937 in the College of Education. *Note: To obtain teaching certification, DESE requires a 3.0 GPA in the discipline and professional education coursework, as well as a 2.75 GPA overall.*

Modern Language BA, German Emphasis

Beginning Fall 2019, the program is no longer accepting applications.

General Education Requirements

Each language major must satisfy the general education requirements of the university and the general education requirements of the College of Arts and Sciences.

Specific Requirements or Restrictions

Students entering with no high school language units must enroll in Language 1001 or may enroll in Language 2115. Language 2115 (a, b, and c) is the intensive study of a language and will satisfy the foreign language requirement. 2115a, 2115b, and 2115c are co-requisites and must be taken concurrently. To satisfy the foreign language requirement all three sections must be completed with a grade of C- or better.

A grade of D in a Language 1001 course is a passing grade but not an entrance grade for a Language 1002 course. A grade of D in a Language 1002 course is a passing grade but not an entrance grade for a Language 2101 course or its equivalent. A grade of D in a Language 2101 course fulfills the language requirement but is not an entrance grade for a higher-level course.

Demonstration of a high level of proficiency may affect the number of hours required for the major. Native or heritage speakers of a language should consult with the department concerning appropriate placement and advising. Students with previous language coursework should contact the

department for language placement testing and advising. Students may not take for credit an elementary course if they have already completed a higher-level course for which the elementary course, or its equivalent, is a prerequisite.

Degree Requirements

All courses for the major must be passed with a grade of C- or better. No course required for the major may be taken on a satisfactory/unsatisfactory (s/u) basis with the exception of those taken abroad as part of a university program that has received departmental approval.

Bachelor of Arts

All students seeking a B.A. in a Modern Language must successfully complete FGN LANG 2100 Languages and World View and FGN LANG 2294, Foreign Language Careers for the Global Market, and must meet the departmental requirement of a minimum of 33 hours in French or 37-39 hours in Japanese or 35 hours in Spanish or 30-33 hours in the Dual Language Professional Emphasis (excluding Language 1001 and 1002). The maximum number of hours that may be taken in the major is 45 (including Language 1001 and 1002). In addition, students seeking the B.A. in a Modern Language who desire a teaching certificate must also take FGN LANG 4589 (same as SEC ED 4589), Curriculum and Methods of Teaching Foreign Languages, FGN LANG 4590 (same as SEC ED 4590), and fulfill the professional secondary education requirements of the College of Education.

Transfer Students

Transfer students majoring in one of the modern languages must complete at UMSL a minimum of 12 graded hours in language courses at the 3000 level or above with a grade point average of 2.0 or better in those courses.

Native Speakers

Native speakers must complete at least two courses at the 3000 level and four courses at the 4000 level to obtain a major in their native language.

Specific Requirements for the Concentration in German

Each major with a concentration in German must complete the following courses:

| | | |
|--|--|-----------|
| GERMAN 2101 | Intermediate Language and Culture: German III | 3 |
| GERMAN 2170 | Intermediate Practice in Speaking and Writing German | 3 |
| GERMAN 2180 | Intermediate Readings in German | 3 |
| GERMAN 3201 | | 3 |
| GERMAN 3202 | Introduction to German Film | 3 |
| GERMAN 3208 | | 3 |
| Select one course at the 3000-level | | 3 |
| Select three courses at the 4000-level | | 9 |
| Total Hours | | 30 |

Learning Outcomes

Graduates of the BA in Modern Languages from the University of Missouri-St. Louis possess the necessary linguistic and cultural competencies to interact with native speakers in culturally appropriate ways. They are able to use the target language in a variety of academic, social, and professional situations and have a rich understanding of the

target culture(s) fostered through engaging topic-based courses and opportunities such as study abroad, service learning, and internships. Recognizing the interconnection between languages and world views, they can critically explore their own assumptions, value alternative perspectives, and act with cultural sensitivity. They are empowered with the tools to meet the challenges of a globalized world and continue developing their skills as lifelong learners.

Skills and Knowledge Areas

Upon completion of the major, students should be able to:

Linguistic and Critical Thinking Goals:

- In listening and speaking,
 - demonstrate comprehension of the main ideas and supporting details of narrative and descriptive texts on familiar and concrete topics, such as those on radio, television, and podcasts;
 - discuss topics related to work, school, home, leisure activities, culture, and a variety of media;
 - use the target language in real-world situations in culturally-appropriate ways;
 - produce narrations and descriptions on familiar topics in present, past, and future time frames and;
 - summarize research in oral presentations.
- In reading and writing,
 - demonstrate comprehension of the main idea, supporting details, argumentative structure, and perspective in authentic texts of various genres;
 - produce narrations and descriptions in present, past, and future time frames employing connected discourse;
 - summarize, analyze, and synthesize content, and begin to express supported opinions;
 - assess language reference resources and use them effectively and;
 - conduct independent research and present findings.

Cultural and Global Awareness Goals:

- demonstrate an awareness of the linguistic, ethnic, racial, religious, cultural, and social diversity of the target cultures;
- recognize and describe some of the key historical, social, economic, and political forces in the target cultures;
- analyze and critique film, media, literature, art, etc. in their socio-historical contexts;
- compare and contrast their own cultural beliefs, behaviors, and norms with those of other cultures;
- describe how language and culture impact one's world view;
- explain the skills acquired through language study and their benefits to a potential employer.

The linguistic goals are based on the National Standards For Foreign Language Learning and the American Council on the Teaching of Foreign Languages (ACTFL) Proficiency Guidelines. In speaking and listening, graduates are expected to reach the Advanced-Low level proficiency, in writing the Advanced-Mid level proficiency, and in reading the Advanced-

High level proficiency. For detailed descriptions of sublevels, see the ACTFL Proficiency Guidelines.

Modern Language BA, Japanese Emphasis

Knowledge of Japanese will empower you to dive deep into Japan's rich cultural heritage, which spans from "The Tale of Genji" to "Attack on Titan" and beyond. Students who choose to study Japanese at UMSL benefit from faculty who are dedicated to creating a challenging but supportive learning environment. You will engage with the language and culture in the classroom, out of the classroom through on-campus events and Japan-America Student Association involvement, and in a variety of study abroad opportunities.

General Education Requirements

Each language major must satisfy the general education requirements of the university and the general education requirements of the College of Arts and Sciences.

Specific Requirements or Restrictions

Students entering with no high school language units must enroll in Language 1001 or may enroll in Language 2115. Language 2115 (a, b, and c) is the intensive study of a language and will satisfy the foreign language requirement. 2115a, 2115b, and 2115c are co-requisites and must be taken concurrently. To satisfy the foreign language requirement all three sections must be completed with a grade of C- or better.

A grade of D in a Language 1001 course is a passing grade but not an entrance grade for a Language 1002 course. A grade of D in a Language 1002 course is a passing grade but not an entrance grade for a Language 2101 course or its equivalent. A grade of D in a Language 2101 course fulfills the language requirement but is not an entrance grade for a higher-level course.

Demonstration of a high level of proficiency may affect the number of hours required for the major. Native or heritage speakers of a language should consult with the department concerning appropriate placement and advising. Students with previous language coursework should contact the department for language placement testing and advising. Students may not take for credit an elementary course if they have already completed a higher-level course for which the elementary course, or its equivalent, is a prerequisite.

Degree Requirements

All courses for the major must be passed with a grade of C- or better. No course required for the major may be taken on a satisfactory/unsatisfactory (s/u) basis with the exception of those taken abroad as part of a university program that has received departmental approval.

Bachelor of Arts

All students seeking a B.A. in a Modern Language must successfully complete FGN LANG 2100 Languages and World View and FGN LANG 2294, Foreign Language Careers for the Global Market, and must meet the departmental requirement of a minimum of 33 hours in French or 37-39 hours in Japanese or 35 hours in Spanish or 30-33 hours in the Dual Language Professional Emphasis (excluding Language 1001 and 1002). The maximum number of hours that may be taken in the major is 45 (including Language 1001 and 1002). In addition, students seeking the B.A. in a Modern Language who desire a teaching certificate

must also take FGN LANG 4589 (same as SEC ED 4589), Curriculum and Methods of Teaching Foreign Languages, FGN LANG 4590 (same as SEC ED 4590), and fulfill the professional secondary education requirements of the College of Education.

Transfer Students

Transfer students majoring in one of the modern languages must complete at UMSL a minimum of 12 graded hours in language courses at the 3000 level or above with a grade point average of 2.0 or better in those courses.

Native Speakers

Native speakers must complete at least two courses at the 3000 level and four courses at the 4000 level to obtain a major in their native language.

Specific Requirements for the Emphasis in Japanese

Each major with an emphasis in Japanese must complete the following courses:

| | | |
|---|--|-----------|
| JAPAN 2101 | Intermediate Japanese I | 5 |
| JAPAN 2102 | Intermediate Japanese II | 5 |
| JAPAN 2170 | Kanji: A Radical Approach | 3 |
| JAPAN 3201 | Intermediate Japanese III | 4 |
| JAPAN 3202 | Intermediate Japanese IV | 4 |
| JAPAN 3280 | Readings in Japanese | 3 |
| JAPAN 4301 | Advanced Japanese I | 3 |
| JAPAN 4302 | Advanced Japanese II | 3 |
| JAPAN 4380 | Advanced Readings in Japanese | 3 |
| Select 6 hours from the following: ¹ | | 6 |
| ANTHRO/HIST 2420 | Maiko, Maids, and Masako: Women in Japanese Cultural History | |
| ANTHRO/HIST 2430 | Ghosts, Goblins, and Godzillas | |
| ANTHRO/HIST 2425 | Food and Drink in Japan: A Cultural History | |
| ANTHRO/HIST 3218 | Visual and Material Culture of Japan | |
| JAPAN 1005 | Practicum in East Asian Calligraphy | |
| JAPAN 1011 | Anime Nation: Popular Culture in Japan | |
| JAPAN 1199 | Special Topics: Language Immersion: Japanese | |
| JAPAN 2111 | The World of Anime - Advanced Topics in Japanese Animation | |
| JAPAN 2150 | Classical Japanese Literature in Translation | |
| JAPAN 2191 | Special Topics in Japanese Culture | |
| JAPAN 3210 | | |
| JAPAN 3211 | Topics in Japanese Culture | |
| Total Hours | | 39 |

¹ Only three hours may be taken at the 1000 level.

Career Outlook

Career options for graduates with a major or minor in modern languages include the following fields: teaching, social work, nursing, engineering, business, communications, government, journalism, travel industry, translation, and research. Our graduates have been especially successful

when they combine advanced study in a modern language with another major. They are then able to add proficiency in a foreign language and culture to their knowledge and skills in another specialty. Experience with world cultures makes our graduates more adaptable and better prepared to meet the challenges of a global and increasingly diverse job market.

Learning Outcomes

Graduates with a BA in Modern Languages (Japanese) from the University of Missouri-St. Louis possess the necessary linguistic and cultural competencies to interact with native speakers in culturally appropriate ways. They are able to use the target language in a variety of academic, social, and professional situations and have a rich understanding of the culture that has been fostered through engaging courses and opportunities such as study abroad, service learning, and internships. Recognizing the interconnection between languages and world views, they can critically explore their own assumptions, value alternative perspectives, and act with cultural sensitivity. They are empowered with the tools to meet the challenges of a globalized world and continue developing their skills as lifelong learners.

Skills and Knowledge Areas

Upon completion of the Japanese major, students should be able to:

Linguistic and Critical Thinking Goals

- In listening/speaking:
 - demonstrate comprehension of the main ideas and supporting details of everyday conversations on familiar and concrete topics, both formal and informal;
 - discuss topics related to work, school, home, leisure activities, culture, and media;
 - narrate short anecdotes using Japanese conversational conventions;
 - summarize research in oral presentations; and,
 - function in real-world situations in culturally-appropriate ways.
- In reading/writing:
 - identify the main idea, supporting details, argumentative structure, and perspective in authentic texts of various genres;
 - apply reading strategies to glean key information from more challenging texts;
 - summarize and analyze content, and begin to express supported opinions;
 - assess language reference resources and use them effectively; and,
 - conduct independent research and present findings.

Cultural and Global Awareness Goals

- recognize and describe some of the key historical, social, economic, and political forces that shape Japanese society;
- analyze and critique products of Japanese culture (film, media, literature, art, etc.) in their socio-historical contexts;
- compare and contrast their own cultural beliefs, behaviors, and norms with those of other cultures;
- describe how language and culture impact one's world view; and,

- explain the skills acquired through language study and their benefits to a potential employer.

The linguistic program goals are based on the National Standards For Foreign Language Learning and the ACTFL Proficiency Guidelines. Graduates are expected to reach the Intermediate-High level proficiency at a minimum. For detailed descriptions of sublevels, see the ACTFL Proficiency Guidelines.

Sample Four Year Plan

| | 15 | | 16 |
| Total Hours: 120 | | | |

¹ INTDSC 1003 is required only for first-time freshmen and transfer students with less than 24 college credits.

Please Note: This plan is an example of what a four year plan could look like for a typical student. Placement exam scores in math as well as the completion of coursework may change the plan. It should not be used in the place of regular academic advising appointments. All students are encouraged to meet with their advisor each semester. All requirements are subject to change.

B.S. Ed. in Secondary Education with Emphasis in a Foreign Language

The B.S. Ed. is a professional education degree designed for students who wish to pursue a teaching career in secondary schools. Much of the discipline-specific coursework parallels the B.A. degree in the language; however, the Missouri Department of Elementary and Secondary Education (DESE) requires specific coursework for teacher certification. Therefore, students interested in the B.S. Ed. should contact the advising office (OASIS) 314-516-5937 in the College of Education for discipline-specific requirements. *Note: To obtain teaching certification, DESE requires a 3.0 GPA in the discipline and professional education coursework, as well as a 2.75 GPA overall.*

B.A. in a Foreign Language with Master's Level Coursework for Secondary Teacher Certification

In addition to the B.S. Ed., students may opt to complete a B.A. or B.S. degree in their discipline as an undergraduate, followed by admission to the Graduate School for Master's level teaching certification. The College of Education has a one-year accelerated program for post-graduate certification called Teach in 12, or students can choose a traditional path to certification. Graduate coursework for certification can apply towards a Master's Degree in Secondary Education, with additional coursework. Students interested in Master's Level teacher certification should contact the advising office (OASIS) 314-516-5937 in the College of Education. *Note: To obtain teaching certification, DESE requires a 3.0 GPA in the discipline and professional education coursework, as well as a 2.75 GPA overall.*

Modern Language BA, Spanish Emphasis

The BA in Modern Languages with emphasis in Spanish develops learners who are both linguistically and culturally competent and ready to become global citizens. We offer a broad range of coursework in Spanish, from foundational courses in language and culture to courses focused on literature, linguistics, creative writing, and professions, all aimed at developing competencies for the 21st century. Our introductory-level courses are taught in different delivery modes: in person, hybrid, and online. We encourage study abroad through our short-term faculty-led programs in Costa Rica and Barcelona, as well as through year-long programs in partner institutions.

General Education Requirements

Each language major must satisfy the general education requirements of the university and the general education requirements of the College of Arts and Sciences.

Specific Requirements or Restrictions

Students entering with no high school language units must enroll in Language 1001 or may enroll in Language 2115. Language 2115 (a, b, and c) is the intensive study of a language and will satisfy the foreign language requirement. 2115a, 2115b, and 2115c are co-requisites and must be taken concurrently. To satisfy the foreign language requirement all three sections must be completed with a grade of C- or better.

A grade of D in a Language 1001 course is a passing grade but not an entrance grade for a Language 1002 course. A grade of D in a Language 1002 course is a passing grade but not an entrance grade for a Language

2101 course or its equivalent. A grade of D in a Language 2101 course fulfills the language requirement but is not an entrance grade for a higher-level course.

Demonstration of a high level of proficiency may affect the number of hours required for the major. Native or heritage speakers of a language should consult with the department concerning appropriate placement and advising. Students with previous language coursework should contact the department for language placement testing and advising. Students may not take for credit an elementary course if they have already completed a higher-level course for which the elementary course, or its equivalent, is a prerequisite.

Degree Requirements

All courses for the major must be passed with a grade of C- or better. No course required for the major may be taken on a satisfactory/unsatisfactory (s/u) basis with the exception of those taken abroad as part of a university program that has received departmental approval.

Bachelor of Arts

All students seeking a B.A. in a Modern Language must successfully complete FGN LANG 2100 Languages and World View and FGN LANG 2294, Foreign Language Careers for the Global Market, and must meet the departmental requirement of a minimum of 33 hours in French or 37-39 hours in Japanese or 35 hours in Spanish or 30-33 hours in the Dual Language Professional Emphasis (excluding Language 1001 and 1002). The maximum number of hours that may be taken in the major is 45 (including Language 1001 and 1002). In addition, students seeking the B.A. in a Modern Language who desire a teaching certificate must also take FGN LANG 4589 (same as SEC ED 4589), Curriculum and Methods of Teaching Foreign Languages, FGN LANG 4590 (same as SEC ED 4590), and fulfill the professional secondary education requirements of the College of Education.

Transfer Students

Transfer students majoring in one of the modern languages must complete at UMSL a minimum of 12 graded hours in language courses at the 3000 level or above with a grade point average of 2.0 or better in those courses.

Native Speakers

Native speakers must complete at least two courses at the 3000 level and four courses at the 4000 level to obtain a major in their native language.

Specific Requirements for Concentration in Spanish

Each major with a Spanish concentration must complete the following courses:

| | | |
|--------------|--|---|
| SPANISH 2101 | Spanish Language and Culture III (or the equivalent) | 3 |
| SPANISH 2172 | Spanish Composition | 4 |
| SPANISH 2180 | Readings in Spanish | 4 |
| SPANISH 3326 | Introduction to Hispanic Linguistics | 3 |
| SPANISH 3212 | Hispanic Cultures and Civilizations: Spain, Spanish America, and the United States | 3 |
| SPANISH 3282 | Introduction to Hispanic Literature: A Survey Course | 3 |

| | |
|---|-----------|
| Select one additional course at the 3000-level (see course descriptions for more detail) | 3 |
| Select three courses at the 4000-level | 9 |
| Select an additional course at the 2000-level, 3000-level, or 4000-level. The selected course must be consistent with the student's level of study. | 3 |
| Total Hours | 35 |

Career Outlook

Career options for graduates with a major or minor in modern languages include the following fields: teaching, social work, nursing, engineering, business, communications, government, journalism, travel industry, translation, and research. Our graduates have been especially successful when they combine advanced study in a modern language with another major. They are then able to add proficiency in a foreign language and culture to their knowledge and skills in another specialty. Experience with world cultures makes our graduates more adaptable and better prepared to meet the challenges of a global and increasingly diverse job market.

Learning Outcomes

Graduates of the BA in Modern Languages from the University of Missouri-St. Louis possess the necessary linguistic and cultural competencies to interact with native speakers in culturally appropriate ways. They are able to use the target language in a variety of academic, social, and professional situations and have a rich understanding of the target culture(s) fostered through engaging topic-based courses and opportunities such as study abroad, service learning, and internships. Recognizing the interconnection between languages and world views, they can critically explore their own assumptions, value alternative perspectives, and act with cultural sensitivity. They are empowered with the tools to meet the challenges of a globalized world and continue developing their skills as lifelong learners.

Skills and Knowledge Areas

Upon completion of the major, students should be able to:

Linguistic and Critical Thinking Goals:

- In listening and speaking,
 - demonstrate comprehension of the main ideas and supporting details of narrative and descriptive texts on familiar and concrete topics, such as those on radio, television, and podcasts;
 - discuss topics related to work, school, home, leisure activities, culture, and a variety of media;
 - use the target language in real-world situations in culturally-appropriate ways;
 - produce narrations and descriptions on familiar topics in present, past, and future time frames and;
 - summarize research in oral presentations.
- In reading and writing,
 - demonstrate comprehension of the main idea, supporting details, argumentative structure, and perspective in authentic texts of various genres;
 - produce narrations and descriptions in present, past, and future time frames employing connected discourse;

- summarize, analyze, and synthesize content, and begin to express supported opinions;
- assess language reference resources and use them effectively and;
- conduct independent research and present findings.

Cultural and Global Awareness Goals:

- demonstrate an awareness of the linguistic, ethnic, racial, religious, cultural, and social diversity of the target cultures;
- recognize and describe some of the key historical, social, economic, and political forces in the target cultures;
- analyze and critique film, media, literature, art, etc. in their socio-historical contexts;
- compare and contrast their own cultural beliefs, behaviors, and norms with those of other cultures;
- describe how language and culture impact one's world view;
- explain the skills acquired through language study and their benefits to a potential employer.

The linguistic goals are based on the National Standards For Foreign Language Learning and the American Council on the Teaching of Foreign Languages (ACTFL) Proficiency Guidelines. In speaking and listening, graduates are expected to reach the Advanced-Low level proficiency, in writing the Advanced-Mid level proficiency, and in reading the Advanced-High level proficiency. For detailed descriptions of sublevels, see the ACTFL Proficiency Guidelines.

Graduate coursework for certification can apply towards a Master's Degree in Secondary Education, with additional coursework. Students interested in Master's Level teacher certification should contact the advising office (OASIS) 314-516-5937 in the College of Education. *Note: To obtain teaching certification, DESE requires a 3.0 GPA in the discipline and professional education coursework, as well as a 2.75 GPA overall.*

Modern Languages Minor

A minor in Modern Languages requires the completion of 4 courses beyond the introductory sequence (1001, 1002 and 2101), two in each of two different languages. For students who are seeking a B.A. in a Modern Language, the two languages must be different from the language in which they are majoring.

Multicultural and Social Justice Counseling Graduate Certificate

The Graduate Certificate in Multicultural and Social Justice Counseling (MSJC) certificate may be pursued as a stand-alone credential or in conjunction with another mental health program (such as: Master's Degree in Education in counseling, the Master's in Social Work degree, the Ed.D. or the Ph.D. in Education, or the PhD in Clinical Psychology). With advance planning, all 12 credits may be applied to the Master's of Education in Clinical Mental Health Counseling degree. Completion of the MSJC certificate, however, does not guarantee acceptance into any other degree program (separate application required for admission).

Admission Requirements

Requirements for admission to the MSJC certificate program are: current "good standing" (non-probation) in an UMSL graduate mental health practitioner training program (counseling, social work, or psychology) **OR** all of the following criteria must be met:

1. Undergraduate degree with a GPA of 3.0 or better;
2. Enrollment in a graduate mental health practitioner training program OR earned master's degree in mental health field;
3. Two letters of recommendation with at least one from a current or former college-level instructor (or someone with a graduate degree who can attest to the applicant's capacity to complete graduate-level work);
4. Two-page personal statement explaining the applicant's personal and professional goals.

Museums, Heritage, and Public History Graduate Certificate

The Graduate Certificate in Museums, Heritage, and Public History provides interdisciplinary professional and academic training for museum professionals and others who seek to develop their practical skills and knowledge to work in the heritage sector.

Admission Requirements

All those who wish to be considered for the Graduate Certificate in Museums, Heritage, and Public History should designate this certificate program on their application to the graduate school, submit three letters of recommendation and a writing sample, and complete the Museums, Heritage, and Public History supplemental application with their application for graduate work. Applicants who wish to pursue the certificate normally must have a master's degree and a GPA of 3.2 or higher. Prospective students who wish to pursue the certificate in conjunction with another graduate program should follow the normal application procedures for that program in addition to those for this certificate.

Admissions decisions are based on transcripts, the letters of recommendation, the sample of written work, and the supplemental application.

The program will accept applications twice per year, once for the fall semester and once for the spring.

Program Requirements (15 hours)

All candidates for Graduate Certificate in Museums, Heritage, and Public History must complete the following courses:

| | | |
|--|--|-----------|
| HIST 6001 | Introduction to Public History and Cultural Heritage | 3 |
| HIST 6131 | Museum Origins and Evolution | 3 |
| HIST 6133 | Digital Public History | 3 |
| or HIST 6127 | Museums and Communities | |
| Students must also complete an additional 2 elective courses (6 hours) as approved by the Director of Museums, Heritage, and Public History. | | 6 |
| Total Hours | | 15 |

Music BA

Degree Requirements

Admission to all Music degree programs is by audition to demonstrate musical aptitude and potential, technical proficiency, and seriousness in selecting music as a four-year course of study. In addition to the applied music audition, placement examinations in music theory and music history may be required to confirm students' prior experience in these areas.

Auditions can be scheduled at any time for the upcoming semester, and several pre-scheduled audition dates are also available in fall and early spring (contact the Music Department for more details). Students in

Applied Music (private lessons) must pass a junior-standing examination to confirm their level of performance skills for enrollment in AP MUS 3440 – AP MUS 3459 or AP MUS 4440 – AP MUS 4459. This examination is usually taken at the same time as the applied music jury at the end of the fourth semester of enrollment in AP MUS 1440 - AP MUS 1459.

Evidence of sound musicianship, a close acquaintance with an appropriate portion of musical literature, and the ability to bring it to actual performance are required for graduation in all Music degree programs. Students in the B.M., Performance Emphasis fulfill this requirement with junior and senior recitals. Students in all other degree programs fulfill this requirement with a senior recital. In some cases, upon the recommendation of the student's applied teacher, the senior recital (for non-performance majors only) may be replaced by participating in three regularly scheduled student recitals during the last two semesters of applied music study, or by performing for a special panel of faculty members.

General Education Requirements

UMSL's General Education requirements apply to all majors. Courses required for degree programs may not be taken on a satisfactory/unsatisfactory basis. Students must receive at least a C in each music course and maintain a GPA of 2.5 (3.0 for Music Education majors) in all music courses to meet degree requirements.

Non-Music majors are encouraged to take music courses (EN PER and MHLT) at the 1000- or 2000-level toward UMSL's Humanities and Fine Arts general education requirement. Non-Music majors wishing to perform with ensembles (EN PER 1410, University Singers; EN PER 1500, University Orchestra; EN PER 1530, University Wind Ensemble; EN PER 1550, Jazz Orchestra) should contact the ensemble's director for information about auditions. M H L T 1150, Drumming Cultures of the World; M H L T 1160, Musical Journey through Latin America; M H L T 1170, Musical Journey through the Far East; or M H L T 1180, Musical Journey through Africa will meet the University's Cultural Diversity study requirement.

Other Requirements

Music majors are required to enroll in an approved ensemble [University Wind Ensemble, University Singers, University Orchestra, or Jazz Orchestra (for Jazz Studies majors)] each semester and to study one applied area progressively each semester of the degree program. Music Education majors are exempt from these requirements during the student teaching semester. For all music majors, the applied lesson requirement consists of a weekly, individual lesson with your instructor, as well as a weekly enrichment activity in pedagogy and literature, which may take the form of a studio class, master class, performances by and for our students, or other experience identified by the department. The following specific ensemble enrollments, depending upon the applied music area, are required:

- Wind and Percussion students—University Wind Ensemble;
- String students--University Orchestra;
- Voice students--University Singers;
- Keyboard and Guitar students--any approved ensemble, but those in the B.M. Music Education emphasis program must successfully audition for and enroll in an ensemble compatible with the teaching certification they are pursuing;
- Instrumental students may be required to participate in additional ensembles to enhance their musical development;
- Jazz Studies majors (any instrument)--Jazz Orchestra.

Majors are required to appear in performance at the department's discretion and to attend a prescribed number of departmental recitals. All music majors whose primary applied area is not piano or organ are required to pass an exam in piano proficiency before graduation. Music Education majors must pass this piano proficiency exam prior to student teaching.

The Music Department may require students to pass a placement test to enroll in the next level course, provided this or an equivalent test is administered to all students seeking to enroll in that course.

Core Curriculum

Specific Requirements for the Bachelor of Arts Degree

| | | |
|-------------|---|-----|
| PRACTM 1250 | Singer's Diction: English, Italian And German (voice majors only) | 1 |
| PRACTM 1260 | Singer's Diction: Latin, French, And Spanish (voice majors only) | 1 |
| PRACTM 3920 | Senior Research | 2-4 |

| Applied Music (AP MUS) | | |
|---|------------------------------|-------|
| One hour every semester in progress toward degree with a minimum of 8 credit hours | 8 | |
| Ensemble (EN PER) | | |
| Must be enrolled every semester in progress toward degree with a minimum of 4 credit hours | 4 | |
| Foreign Language | | |
| Candidates for the B.A. degree in Music are required to complete 13 credit hours or the equivalent in proficiency in one foreign language. ¹ | 13 | |
| Music History and Literature | | |
| M H L T 2030 | Special Topics in Musicology | 3 |
| Total Hours | | 32-34 |

¹ Please see the College of Arts and Sciences Baccalaureate Degree Requirements for additional information about the foreign language requirement.

Learning Outcomes

Upon completion of the program, graduates will:

- Have the technical skills requisite for artistic self-expression (Performance)
- Understand the common elements and organizational patters of music and their interaction (Musicianship Skills and Analysis)
- Have a Rudimentary capacity to create original or derivative music (Composition/Improvisation)
- Have a basic knowledge of music history and repertories through the present time (History and Repertory)
- Have the ability to work on musical problems by combining their capabilities in performance, aural, verbal and visual analysis; composition/improvisation; history and repertory (Synthesis)

Total Hours: 120¹ INTDSC 1003 is required only for first-time freshmen and transfer students with less than 24 college credits.

PLEASE NOTE: This plan is an example of what a four year plan could look like for a typical student. Placement exam scores in math as well as the completion of coursework may change the plan. It should not be used in the place of regular academic advising appointments. All students are encouraged to meet with their advisor each semester. All requirements are subject to change.

Music BM, Jazz Studies Emphasis**Degree Requirements**

Admission to all Music degree programs is by audition to demonstrate musical aptitude and potential, technical proficiency, and seriousness in selecting music as a four-year course of study. In addition to the applied music audition, placement examinations in music theory and music history may be required to confirm students' prior experience in these areas. Auditions can be scheduled at any time for the upcoming semester, and several pre-scheduled audition dates are also available in fall and early spring (contact the Music Department for more details). Students in Applied Music (private lessons) must pass a junior-standing examination to confirm their level of performance skills for enrollment in AP MUS 3440 – AP MUS 3459 or AP MUS 4440 – AP MUS 4459. This examination is

usually taken at the same time as the applied music jury at the end of the fourth semester of enrollment in AP MUS 1440 - AP MUS 1459.

Evidence of sound musicianship, a close acquaintance with an appropriate portion of musical literature, and the ability to bring it to actual performance are required for graduation in all Music degree programs. Students in the B.M., Performance Emphasis fulfill this requirement with junior and senior recitals. Students in all other degree programs fulfill this requirement with a senior recital. In some cases, upon the recommendation of the student's applied teacher, the senior recital (for non-performance majors only) may be replaced by participating in three regularly scheduled student recitals during the last two semesters of applied music study, or by performing for a special panel of faculty members.

General Education Requirements

UMSL's General Education requirements apply to all majors. Courses required for degree programs may not be taken on a satisfactory/unsatisfactory basis. Students must receive at least a C in each music course and maintain a GPA of 2.5 (3.0 for Music Education majors) in all music courses to meet degree requirements.

Non-Music majors are encouraged to take music courses (EN PER and MHLT) at the 1000- or 2000-level toward UMSL's Humanities and Fine Arts general education requirement. Non-Music majors wishing to perform with ensembles (EN PER 1410, University Singers; EN PER 1500, University Orchestra; EN PER 1530, University Wind Ensemble; EN PER 1550, Jazz Orchestra) should contact the ensemble's director for information about auditions. M H L T 1150, Drumming Cultures of the World; M H L T 1160, Musical Journey through Latin America; M H L T 1170, Musical Journey through the Far East; or M H L T 1180, Musical Journey through Africa will meet the University's Cultural Diversity study requirement.

Other Requirements

Music majors are required to enroll in an approved ensemble [University Wind Ensemble, University Singers, University Orchestra, or Jazz Orchestra (for Jazz Studies majors)] each semester and to study one applied area progressively each semester of the degree program. Music Education majors are exempt from these requirements during the student teaching semester. For all music majors, the applied lesson requirement consists of a weekly, individual lesson with your instructor, as well as a weekly enrichment activity in pedagogy and literature, which may take the form of a studio class, master class, performances by and for our students, or other experience identified by the department. The following specific ensemble enrollments, depending upon the applied music area, are required:

- Wind and Percussion students—University Wind Ensemble;
- String students--University Orchestra;
- Voice students--University Singers;
- Keyboard and Guitar students--any approved ensemble, but those in the B.M. Music Education emphasis program must successfully audition for and enroll in an ensemble compatible with the teaching certification they are pursuing;
- Instrumental students may be required to participate in additional ensembles to enhance their musical development;
- Jazz Studies majors (any instrument)--Jazz Orchestra.

Majors are required to appear in performance at the department's discretion and to attend a prescribed number of departmental recitals. All music majors whose primary applied area is not piano or organ are

required to pass an exam in piano proficiency before graduation. Music Education majors must pass this piano proficiency exam prior to student teaching.

The Music Department may require students to pass a placement test to enroll in the next level course, provided this or an equivalent test is administered to all students seeking to enroll in that course.

Core Curriculum

The following core courses are required for all Music majors:

| | | |
|--|--|-----------|
| Music Theory | | |
| THRY COM 1300 | Introduction to Music Theory | 1 |

- ¹ Taken instead of THRY COM 2311 to meet the general requirements for the degree.
- ² Taken instead of THRY COM 2312 to meet the general requirements for the degree.
- ³ Taken instead of PRACTM 2160 to meet the general requirements for the degree.
- ⁴ Taken instead of PRACTM 2180 to meet the general requirements for the degree.

Learning Outcomes

Upon completion of the program, graduates will be able to:

- Have technical skills requisite for artistic self-expression (Performance)
- Understand the common elements and organizational patters of music and their interaction (Musicianship Skills and Analysis)
- Have a rudimentary capacity to create original or derivative music (Composition/Improvisation)
- Have basic knowledge of music history and repertoires through the present time (History and Repertory)
- Be Able to work on musical problems by combining their capabilities in performance, aural, verbal and visual analysis; composition/improvisation; history and repertory (Synthesis)

¹ INTDSC 1003 is required only for first-time freshmen and transfer students with less than 24 college credits.

PLEASE NOTE: This plan is an example of what a four year plan could look like for a typical full-time student. Placement exam scores in math as well as the completion of coursework may change the plan. It should not be used in the place of regular academic advising appointments. All students are encouraged to meet with their advisor each semester. All requirements are subject to change.

Music BM, Music Composition Emphasis Degree Requirements

Admission to all Music degree programs is by audition to demonstrate musical aptitude and potential, technical proficiency, and seriousness in selecting music as a four-year course of study. In addition to the applied music audition, placement examinations in music theory and music history may be required to confirm students' prior experience in these areas. Auditions can be scheduled at any time for the upcoming semester, and several pre-scheduled audition dates are also available in fall and early spring (contact the Music Department for more details). Students in Applied Music (private lessons) must pass a junior-standing examination

to confirm their level of performance skills for enrollment in AP MUS 3440 – AP MUS 3459 or AP MUS 4440 – AP MUS 4459. This examination is usually taken at the same time as the applied music jury at the end of the fourth semester of enrollment in AP MUS 1440 - AP MUS 1459.

Evidence of sound musicianship, a close acquaintance with an appropriate portion of musical literature, and the ability to bring it to actual performance are required for graduation in all Music degree programs. Students in the B.M., Performance Emphasis fulfill this requirement with junior and senior recitals. Students in all other degree programs fulfill this requirement with a senior recital. In some cases, upon the recommendation of the student's applied teacher, the senior recital (for non-performance majors only) may be replaced by participating in three regularly scheduled student recitals during the last two semesters of applied music study, or by performing for a special panel of faculty members.

General Education Requirements

UMSL's General Education requirements apply to all majors. Courses required for degree programs may not be taken on a satisfactory/unsatisfactory basis. Students must receive at least a C in each music course and maintain a GPA of 2.5 (3.0 for Music Education majors) in all music courses to meet degree requirements.

Non-Music majors are encouraged to take music courses (EN PER and MHLT) at the 1000- or 2000-level toward UMSL's Humanities and Fine Arts general education requirement. Non-Music majors wishing to perform with ensembles (EN PER 1410, University Singers; EN PER 1500, University Orchestra; EN PER 1530, University Wind Ensemble; EN PER 1550, Jazz Orchestra) should contact the ensemble's director for information about auditions. M H L T 1150, Drumming Cultures of the World; M H L T 1160, Musical Journey through Latin America; M H L T 1170, Musical Journey through the Far East; or M H L T 1180, Musical Journey through Africa will meet the University's Cultural Diversity study requirement.

Other Requirements

Music majors are required to enroll in an approved ensemble [University Wind Ensemble, University Singers, University Orchestra, or Jazz Orchestra (for Jazz Studies majors)] each semester and to study one applied area progressively each semester of the degree program. Music Education majors are exempt from these requirements during the student teaching semester. For all music majors, the applied lesson requirement consists of a weekly, individual lesson with your instructor, as well as a weekly enrichment activity in pedagogy and literature, which may take the form of a studio class, master class, performances by and for our students, or other experience identified by the department. The following specific ensemble enrollments, depending upon the applied music area, are required:

- Wind and Percussion students—University Wind Ensemble;
- String students--University Orchestra;
- Voice students--University Singers;
- Keyboard and Guitar students--any approved ensemble, but those in the B.M. Music Education emphasis program must successfully audition for and enroll in an ensemble compatible with the teaching certification they are pursuing;
- Instrumental students may be required to participate in additional ensembles to enhance their musical development;
- Jazz Studies majors (any instrument)--Jazz Orchestra.

Majors are required to appear in performance at the department's discretion and to attend a prescribed number of departmental recitals. All music majors whose primary applied area is not piano or organ are required to pass an exam in piano proficiency before graduation. Music Education majors must pass this piano proficiency exam prior to student teaching.

The Music Department may require students to pass a placement test to enroll in the next level course, provided this or an equivalent test is administered to all students seeking to enroll in that course.

Core Curriculum

The following core courses are required for all Music majors:

| Music Theory | | |
|--------------------------------------|--|-----------|
| THRY COM 1300 | Introduction to Music Theory | 1 |
| THRY COM 1301 | Theory of Music I | 3 |

Music BM, Music Education Emphasis

Degree Requirements

Admission to all Music degree programs is by audition to demonstrate musical aptitude and potential, technical proficiency, and seriousness in selecting music as a four-year course of study. In addition to the applied music audition, placement examinations in music theory and music history may be required to confirm students' prior experience in these areas. Auditions can be scheduled at any time for the upcoming semester, and several pre-scheduled audition dates are also available in fall and early spring (contact the Music Department for more details). Students in Applied Music (private lessons) must pass a junior-standing examination to confirm their level of performance skills for enrollment in AP MUS 3440 – AP MUS 3459 or AP MUS 4440 – AP MUS 4459. This examination is usually taken at the same time as the applied music jury at the end of the fourth semester of enrollment in AP MUS 1440 - AP MUS 1459.

Evidence of sound musicianship, a close acquaintance with an appropriate portion of musical literature, and the ability to bring it to actual performance are required for graduation in all Music degree programs. Students in the B.M., Performance Emphasis fulfill this requirement with junior and senior recitals. Students in all other degree programs fulfill this requirement with a senior recital. In some cases, upon the recommendation of the student's applied teacher, the senior recital (for non-performance majors only) may

be replaced by participating in three regularly scheduled student recitals during the last two semesters of applied music study, or by performing for a special panel of faculty members.

General Education Requirements

UMSL's General Education requirements apply to all majors. Courses required for degree programs may not be taken on a satisfactory/unsatisfactory basis. Students must receive at least a C in each music course and maintain a GPA of 2.5 (3.0 for Music Education majors) in all music courses to meet degree requirements.

Non-Music majors are encouraged to take music courses (EN PER and MHLT) at the 1000- or 2000-level toward UMSL's Humanities and Fine Arts general education requirement. Non-Music majors wishing to perform with ensembles (EN PER 1410, University Singers; EN PER 1500, University Orchestra; EN PER 1530, University Wind Ensemble; EN PER 1550, Jazz Orchestra) should contact the ensemble's director for information about auditions. M H L T 1150, Drumming Cultures of the World; M H L T 1160, Musical Journey through Latin America; M H L T 1170, Musical Journey through the Far East; or M H L T 1180, Musical Journey through Africa will meet the University's Cultural Diversity study requirement.

Other Requirements

Music majors are required to enroll in an approved ensemble [University Wind Ensemble, University Singers, University Orchestra, or Jazz Orchestra (for Jazz Studies majors)] each semester and to study one applied area progressively each semester of the degree program. Music Education majors are exempt from these requirements during the student teaching semester. For all music majors, the applied lesson requirement consists of a weekly, individual lesson with your instructor, as well as a weekly enrichment activity in pedagogy and literature, which may take the form of a studio class, master class, performances by and for our students, or other experience identified by the department. The following specific ensemble enrollments, depending upon the applied music area, are required:

- Wind and Percussion students—University Wind Ensemble;
- String students--University Orchestra;
- Voice students--University Singers;
- Keyboard and Guitar students--any approved ensemble, but those in the B.M. Music Education emphasis program must successfully audition for and enroll in an ensemble compatible with the teaching certification they are pursuing;
- Instrumental students may be required to participate in additional ensembles to enhance their musical development;
- Jazz Studies majors (any instrument)--Jazz Orchestra.

Majors are required to appear in performance at the department's discretion and to attend a prescribed number of departmental recitals. All music majors whose primary applied area is not piano or organ are required to pass an exam in piano proficiency before graduation. Music Education majors must pass this piano proficiency exam prior to student teaching.

The Music Department may require students to pass a placement test to enroll in the next level course, provided this or an equivalent test is administered to all students seeking to enroll in that course.

Core Curriculum

The following core courses are required for all Music majors:

Music Theory

| | | |

Recital

| | | |
|-------------|----------------|---|
| AP MUS 3510 | Senior Recital | 0 |
|-------------|----------------|---|

Total Hours 36

In addition to the requirement for a successful audition on their primary instrument, piano and guitar students applying for the BM: Music Education program must also successfully audition for the full participation in (1) Applied Music (seven hours) and University Singers (for those seeking vocal/choral certification), or (2) Symphonic Band, Wind Ensemble, or Orchestra (for those seeking instrumental certification).

In addition to the required music core curriculum, candidates must complete the following:

Other General Education Requirements ¹

All B.M. in Music Education majors must meet the university and college general education requirements.

GPA Requirement

Students enrolled in B.M. in music education must maintain minimum GPAs (2.75 cumulative; 3.0 music; and 3.0 professional education).

Proficiency Exam

Students working toward certification in choral/vocal or instrumental music K-12 are required to pass a keyboard proficiency examination before admission to student teaching in music, usually before or during the sixth semester of their program.

¹ All of the courses in the General Education Requirement Area must be a minimum of two semester hours.

Instrumental Track

| | | |
|--|--|-----------|
| AP MUS 1410 - 3459 | | 7 |
| One hour every semester in progress toward degree with a minimum of 7 credit hours | | |
| EN PER 1500 | University Orchestra (MOTR PERF 102O) ¹ | 4 |

| PRACTM 2611 | Choral Literature Laboratory | 1 |
| PRACTM 3522 | Conducting II - Choral | 2 |
| THRY COM 3420 | Choral Arranging | 2 |
| Total Hours | | 24 |

¹ Vocal certification students whose applied area is not voice must consult an advisor for additional courses.

² One hour every semester in progress toward degree with a minimum of 4 credit hours.

³ Must be taken **in residence** before enrolling in SEC ED 4993 and SEC ED 4994.

Professional Education and Student Teaching

Preparing for Teacher Education

The following courses must be completed prior to applying for admission to the Teacher Education Program:

| | | |
|-------------|---|---|
| TCH ED 1001 | Early Clinical Experience: Community Agency | 1 |
| TCH ED 2000 | Becoming a Professional Educator | 1 |
| TCH ED 2001 | Early Clinical Experience: Schools | 1 |
| TCH ED 2209 | Foundations of Teaching in American Schools | 2 |
| ED PSY 2212 | Child and Adolescent Development | 3 |

Teacher Education Program

The following courses are completed after acceptance into the Teacher Education Program:

| | | |
|--------------|---|---|
| TCH ED 3001 | Mid-Level Clinical Experience: Diverse Learners | 1 |
| TCH ED 3310 | Introduction to Methods of Teaching | 3 |
| TCH ED 3312 | Psychology of Learning, Instruction, and Assessment | 3 |
| SPEC ED 3318 | Inclusive Classrooms | 3 |
| TCH ED 4391 | Literacy for Adolescent Learners in Content Areas | 3 |

The program will culminate in the following practicum courses:

| | | |
|-------------|--|---|
| SEC ED 4992 | Practicum I: Site-Based Experience in Music | 3 |
| SEC ED 4993 | Practicum II: 12-Week Site-Based Experience in Music | 9 |
| SEC ED 4994 | Practicum II: 4-Week Site-Based Experience in Music | 3 |

Total Hours **36**

Learning Outcomes

Upon completion of the program, graduates will:

- Have technical skills requisite for artistic self-expression (Performance)
- Understand the common elements and organizational patterns of music and their interaction (Musicianship Skills and Analysis)
- Have a rudimentary capacity to create original or derivative music (Composition/Improvisation)
- Have basic knowledge of music history and repertoires through the present time (History and Repertory)
- Be Able to work on musical problems by combining their capabilities in performance, aural, verbal and visual analysis; composition/improvisation; history and repertory (Synthesis)
- Develop requisite knowledge base, skill sets and the professional dispositions needed to pass initial State of Missouri Teacher Licensure Exams (MOGEA, MOCA and MEES, "Candidate Level")

PLEASE NOTE: This plan is an example of what a four year plan could look like for a typical student. Placement exam scores in math as well as the completion of coursework may change the plan. It should not be used

in the place of regular academic advising appointments. All students are encouraged to meet with their advisor each semester. All requirements are subject to change.

Music BM, Music Theory Emphasis

Degree Requirements

Admission to all Music degree programs is by audition to demonstrate musical aptitude and potential, technical proficiency, and seriousness in selecting music as a four-year course of study. In addition to the applied music audition, placement examinations in music theory and music history may be required to confirm students' prior experience in these areas. Auditions can be scheduled at any time for the upcoming semester, and several pre-scheduled audition dates are also available in fall and early spring (contact the Music Department for more details). Students in Applied Music (private lessons) must pass a junior-standing examination to confirm their level of performance skills for enrollment in AP MUS 3440 – AP MUS 3459 or AP MUS 4440 – AP MUS 4459. This examination is usually taken at the same time as the applied music jury at the end of the fourth semester of enrollment in AP MUS 1440 - AP MUS 1459.

Evidence of sound musicianship, a close acquaintance with an appropriate portion of musical literature, and the ability to bring it to actual performance are required for graduation in all Music degree programs. Students in the B.M., Performance Emphasis fulfill this requirement with junior and senior recitals. Students in all other degree programs fulfill this requirement with a senior recital. In some cases, upon the recommendation of the student's applied teacher, the senior recital (for non-performance majors only) may be replaced by participating in three regularly scheduled student recitals during the last two semesters of applied music study, or by performing for a special panel of faculty members.

General Education Requirements

UMSL's General Education requirements apply to all majors. Courses required for degree programs may not be taken on a satisfactory/unsatisfactory basis. Students must receive at least a C in each music course and maintain a GPA of 2.5 (3.0 for Music Education majors) in all music courses to meet degree requirements.

Non-Music majors are encouraged to take music courses (EN PER and MHLT) at the 1000- or 2000-level toward UMSL's Humanities and Fine Arts general education requirement. Non-Music majors wishing to perform with ensembles (EN PER 1410, University Singers; EN PER 1500, University Orchestra; EN PER 1530, University Wind Ensemble; EN PER 1550, Jazz Orchestra) should contact the ensemble's director for information about auditions. M H L T 1150, Drumming Cultures of the World; M H L T 1160, Musical Journey through Latin America; M H L T 1170, Musical Journey through the Far East; or M H L T 1180, Musical Journey through Africa will meet the University's Cultural Diversity study requirement.

Other Requirements

Music majors are required to enroll in an approved ensemble [University Wind Ensemble, University Singers, University Orchestra, or Jazz Orchestra (for Jazz Studies majors)] each semester and to study one applied area progressively each semester of the degree program. Music Education majors are exempt from these requirements during the student teaching semester. For all music majors, the applied lesson requirement consists of a weekly, individual lesson with your instructor, as well as a

weekly enrichment activity in pedagogy and literature, which may take the form of a studio class, master class, performances by and for our students, or other experience identified by the department. The following specific ensemble enrollments, depending upon the applied music area, are required:

- Wind and Percussion students—University Wind Ensemble;
- String students--University Orchestra;
- Voice students--University Singers;
- Keyboard and Guitar students--any approved ensemble, but those in the B.M. Music Education emphasis program must successfully audition for and enroll in an ensemble compatible with the teaching certification they are pursuing;
- Instrumental students may be required to participate in additional ensembles to enhance their musical development;
- Jazz Studies majors (any instrument)--Jazz Orchestra.

Majors are required to appear in performance at the department's discretion and to attend a prescribed number of departmental recitals. All music majors whose primary applied area is not piano or organ are required to pass an exam in piano proficiency before graduation. Music Education majors must pass this piano proficiency exam prior to student teaching.

The Music Department may require students to pass a placement test to enroll in the next level course, provided this or an equivalent test is administered to all students seeking to enroll in that course.

Core Curriculum

The following core courses are required for all Music majors:

| Music Theory | | |
|--------------------------------------|--|---|
| THRY COM 1300 | Introduction to Music Theory | 1 |
| THRY COM 1301 | Theory of Music I | 3 |

| Applied Music (AP MUS) | | |
| 1 hour every semester in progress toward degree with a minimum of 8 credit hours. | | 8 |
| Ensemble (EN PER) | | |
| Must be enrolled every semester in progress toward degree with a minimum of 4 credit hours | | 4 |
| Total Hours | | 36-38 |

Learning Outcomes

Upon completion of the program, graduates will:

- Have technical skills requisite for artistic self-expression (Performance)
- Understand the common elements and organizational patters of music and their interaction (Musicianship Skills and Analysis)
- Have a rudimentary capacity to create original or derivative music (Composition/Improvisation)
- Have basic knowledge of music history and repertoires through the present time (History and Repertory)
- Be Able to work on musical problems by combining their capabilities in performance, aural, verbal and visual analysis; composition/ improvisation; history and repertory (Synthesis)
- Develop requisite knowledge, skills, and disposition needed to engage in scholarly dialogue through research and analysis

¹ INTDSC 1003 is required only for first-time freshmen and transfer students with less than 24 college credits.

² Courses that meet this requirement are THRY COM 3110 (odd spring), THRY COM 3120 (even spring), THRY COM 3130 (odd fall), and THRY COM 3140 (even fall)

PLEASE NOTE: This plan is an example of what a four year plan could look like for a typical student. Placement exam scores in math as well as the completion of coursework may change the plan. It should not be used in the place of regular academic advising appointments. All students are encouraged to meet with their advisor each semester. All requirements are subject to change.

Music Minor

1. Candidates must complete the following courses (28 hours):

| | | | |
|------------------------------|--|--|---|
| Music Theory | | | |
| THRY COM 1301 | Theory of Music I | | 3 |
| THRY COM 1302 | Aural Training I | | 2 |
| THRY COM 1311 | Theory of Music II | | 3 |
| THRY COM 1312 | Aural Training II | | 2 |
| Music History and Literature | | | |
| M H L T 2010 | History of Western Music I (MOTR MUSC 103) | | 3 |

| | | |
|---|---|----|
| M H L T 2030 | Special Topics in Musicology | 3 |
| Piano | | |
| PRACTM 1140 | Piano Proficiency I | 1 |
| PRACTM 1150 | Piano Proficiency II | 1 |
| Applied Music (AP MUS) | | |
| 1 hour every semester in progress toward minor with a minimum of 4 credit hours | | 4 |
| Ensemble | | |
| Ensemble (EN PER) (4 hours maximum credit) | | 2 |
| Select six credit hours from the following: | | 6 |
| M H L T 2020 | History of Western Music II (MOTR MUSC 104) | |
| PRACTM 2160 | Piano Proficiency III | |
| PRACTM 2180 | Piano Proficiency IV | |
| THRY COM 2301 | Theory of Music III | |
| THRY COM 2302 | Aural Training III | |
| THRY COM 2311 | Theory of Music IV | |
| THRY COM 2312 | Aural Training IV | |
| Total Hours | | 30 |

Music education methods courses and instrumental techniques courses may not be taken to complete this minor.

Non-keyboard players are required to pass an exam of piano proficiency or equivalent.

A GPA of 2.5 for all music hours is required to complete this minor.

Neuroscience Undergraduate Certificate

The undergraduate Certificate Program in Neuroscience is an interdisciplinary program requiring 20 credits of training in Neuroscience. The Program provides a group of related courses capped by a research experience. The Program is likely to be of particular interest to students who want to pursue graduate or professional training, but it is intended to appeal to any student interested in Neuroscience.

Courses taken for the certificate in the lower division (1000 and 2000 level) may satisfy general education requirements (that is, breadth requirements), if they are approved general education courses. Courses in the upper division (3000 level and above) may satisfy requirements for the student's major, consistently with the major's requirements. All required courses must be completed with a "B-"average or higher. Pass/Fail grades do not count.

Most courses required by the Certificate Program in Neuroscience have prerequisites. Some students may satisfy prerequisites by virtue of their prior curriculum. When this is not the case, students are responsible for satisfying the prerequisites.

Requirements

| | | |
|------------------------------|---|---|
| The two entry level courses: | | |
| BIOL 1831 | Introductory Biology: From Molecules to Organisms (MOTR BIOL 150L) ¹ | 5 |
| or BIOL 1012 | General Biology: The Science of Life (MOTR BIOL 100) | |

| | | |
|--|--|---|
| or BIOL 1102 | Human Biology (MOTR LIFS 150) | |
| PSYCH 2211 | Introduction to Biological Psychology | 3 |
| Select one of the following statistics courses: | | 3 |
| BIOL 4122 | Biostatistics | |
| MATH 1320 | Introduction to Probability and Statistics | |
| PSYCH 2201 | Psychological Statistics | |
| SOC 3220 | Quantitative Data Analysis in Social Science Research | |
| Electives | | |
| Select two of the following: ² | | 6 |
| BIOL 1131 | Human Physiology and Anatomy I | |
| BIOL 1162 | General Microbiology | |
| BIOL 2012 | Genetics | |
| BIOL 2482 | Microbiology | |
| BIOL 3102 | Animal Behavior | |
| BIOL 3622 | Cell Biology | |
| BIOL 4502 | Evolution of Cognition | |
| BIOL 4822 | Introduction to Neuroscience | |
| CHEM 1052 | Chemistry for the Health Professions (MOTR CHEM 100) | |
| CHEM 4712 | Biochemistry | |
| CMP SCI 4300 | Introduction to Artificial Intelligence | |
| CMP SCI 4340 | Introduction to Machine Learning | |
| HONORS 3030 | Advanced Honors Seminar in the Social and Behavioral Sciences ³ | |
| HONORS 3160 | Honors Writing in the Sciences ³ | |
| PHIL 2280 | Minds, Brains, and Machines | |
| PHIL 3378 | Philosophy of Mind | |
| PHIL 3380 | Philosophy of Science | |
| PHIL 4478 | Topics in Philosophy of Mind and Philosophy of Language | |
| PHIL 4479 | Philosophy of Cognitive Science | |
| PHIL 4480 | Topics in Philosophy of Science ³ | |
| PHYSICS 4347 | Introduction to Biophysics | |
| PSYCH 4300 | Introduction to Psychopharmacology: Drugs and Mental Illness | |
| PSYCH 4340 | Introduction to Human Neuroanatomy | |
| PSYCH 4349 | Human Learning and Memory | |
| PSYCH 4350 | Emotions and the Brain | |
| PSYCH 4372 | Introduction to Social Neuroscience | |
| PSYCH 4374 | Introduction to Clinical Neuropsychology | |
| Select at least 3 credits from one or more semesters of research experience ⁴ | | 3 |
| BIOL 4905 | Research | |
| CHEM 3905 | Chemical Research | |
| CMP SCI 4880 | Individual Studies in Computer Science | |
| PHIL 4450 | Special Readings in Philosophy | |
| PHYSICS 3390 | Research | |

| | |
|--------------------|---------------------------------|
| PSYCH 3390 | Directed Research in Psychology |
| Total Hours | 20 |

- ¹ BIOL 1831 is strongly recommended, especially for those considering taking BIOL 4822 Introduction to Neurosciences towards their Neuroscience Certificate (BIOL 1831 is a prerequisite for BIOL 4822)"
- ² At least one elective must be taken outside the student's major
- ³ With permission of the program director
- ⁴ This requires completion of a Directed Research Assistantship with a Neuroscience faculty member within any of the participating departments. The research project must be approved in advance by the undergraduate advisor with the assistance of a committee of Neuroscience faculty. It is expected that this research will lead to a presentation of the research (e.g., at the UM-St. Louis Neuroscience seminar or the Undergraduate Research Symposium).

Learning Outcomes

Upon completion of the program, certificate earners will be able to:

- Describe the molecular, cellular, and tissue-level organization of the central and peripheral nervous system.
- Understand the properties of cells that make up the nervous system including the propagation of electrical signals used for cellular communication.
- Relate the properties of individual cells to their function in organized neural circuits and systems.
- Explain how the interaction of cells and neural circuits leads to higher level activities such as cognition and behavior.
- Engage in research, generate testable scientific hypotheses, design experiments, and collect, analyze, and interpret data through collaborative research projects, lab work, internships, and coursework.
- Demonstrate critical thinking skills by analyzing and evaluating neuroscience primary literature.
- Effectively communicate scientific information in written and oral formats; prepare and formally present a scientific paper or poster about neuroscience research, including communication of quantitative data in statistics, graphs and tables.
- Create a career development plan that matches an accurate self-assessment of abilities, achievement, motivation and work habits with specific job opportunities in the neurosciences.

Nonprofit Organization Management and Leadership Graduate Certificate

Through the Public Policy Administration Program, UMSL offers the Graduate Certificate in Nonprofit Organization Management and Leadership for students who are current professional staff, board members, and other leaders of nonprofit and voluntary organizations, as well as those who plan to work in the field. The NPML certificate is the only nonprofit program in the St. Louis region that has full membership in the Nonprofit Academic Centers Council (NACC). The certificate can be taken by itself or in conjunction with the Master of Public Policy Administration degree or a graduate degree in another field. Course credits earned in the certificate program can be applied to the MPPA, but a separate application to the master's program is required.

Requirements

The Graduate Certificate in Nonprofit Organization Management and Leadership requires the completion of 18 credit hours. Nine of these include the following core courses:

| | | |
|---------------------|---|----------|
| P P ADM/SOC WK 6300 | Leadership and Management in Nonprofit Organizations | 3 |
| P P ADM/SOC WK 6310 | American Philanthropy and Nonprofit Resources Development | 3 |
| P P ADM/SOC WK 6311 | Staff Management Issues in Nonprofit Organizations | 1 |
| P P ADM/SOC WK 6312 | Legal Issues in Managing Nonprofit Organizations | 1 |
| P P ADM/SOC WK 6313 | Financial Issues in Managing Nonprofit Organizations | 1 |
| Total Hours | | 9 |

Six hours of electives are to be taken from approved courses in accounting, business administration, economics, management, marketing, political science, psychology, public policy administration, and sociology. A student may choose among these courses or other courses approved by the program director.

Three hours of internship are also required. Students who have significant relevant field experience in the nonprofit sector may request that the internship requirement be waived. To request a waiver, students must submit a written request outlining the student's professional or managerial field experience with appropriate documentation. Any request for a waiver from the internship requirement must be approved by the program director.

Students who receive a waiver must take an additional three hours of electives in lieu of the internship.

Requirements for admission to the graduate certificate program include an undergraduate degree and a GPA of 3.0 or better. Applicants must submit two letters of recommendation. At least one of the letters should be from a current or former college-level instructor. Applicants must submit a two-page personal statement explaining how the certificate program fits in the applicant's educational and professional goals. The letters and personal statement should be sent directly to the Public Policy Administration office.

Nursing BSN

Admission Requirements

The Bachelor of Science in Nursing prepares students for the Professional Registered Nurse Licensure Examination (NCLEX).

To be considered for entry into the BSN program, individuals must first be accepted to UMSL as an undergraduate student. Upon that acceptance, students should work with their College of Nursing Academic Advisor to ensure successful completion of prerequisite courses.

Admission to UMSL does not guarantee admission to the clinical phase in any of the Pre-Licensure BSN tracks. All applicants are placed in Pre-Nursing at time of admission. Clinical spaces are competitive, and the College of Nursing administratively moves students from Pre-Nursing to Nursing (clinical segment) based on cumulative GPA, successful completion of program prerequisite coursework, and available space.

Pre-Nursing Admission Criteria

First-time freshmen and transfer applicants who meet the following minimum criteria will be placed in the Pre-Nursing major.

- Admission to the University by completing the UMSL Undergraduate Application
- For first-time freshman applicants, a minimum high school GPA of 2.75
- For transfer applicants, a minimum cumulative GPA of 2.75

Nursing Clinical Admission Criteria: Traditional BSN

- Admission to the University by completing the UMSL Undergraduate Application
- Minimum cumulative GPA of 2.75
- Satisfactory completion of all general education course requirements
- Grade of B- or higher within 5 years of enrollment in the clinical major for the following courses: Chemistry, Anatomy & Physiology I, Anatomy & Physiology II, Microbiology
- Grade of C or higher in all *prerequisite* courses except in the case of the above-listed science courses

Students must complete additional requirements prior to attending clinical rotations: pass a required criminal background check, drug screening, register with the Missouri Family Care Safety Registry (MO FCSR), and comply with vaccine and immunization regulations.

General Education Course Requirements

Nursing majors must complete all general education requirements (p. 30) of the university as outlined in this Bulletin.

As part of meeting the university's general education requirements, the prerequisite courses listed under 1) Natural science course work, 2) Behavioral and social science course work, 3) Information literacy, and 4) Humanities, must be completed prior to beginning the clinical track. See a curriculum planning guide for specific courses and proper sequencing.

1) Natural Science Courses

| | | |
|-----------|--|---|
| BIOL 1131 | Human Physiology and Anatomy I | 4 |
| BIOL 1141 | Human Physiology and Anatomy II | 4 |
| BIOL 1162 | General Microbiology | 3 |
| CHEM 1052 | Chemistry for the Health Professions (MOTR CHEM 100) (or equivalent) | 4 |

2) Behavioral and Social Science Courses

| | | |
|------------|--|---|
| ECON 1000 | Economics in Everyday Life (MOTR ECON 100) (or equivalent) | 3 |
| PSYCH 1003 | General Psychology (MOTR PSYC 100) | 3 |
| PSYCH 2268 | Lifespan Developmental Psychology (MOTR PSYC 200) | 3 |

3) Information literacy

| | | |
|-----------|--|---|
| MATH 1105 | Basic Probability and Statistics (or equivalent) | 3 |
|-----------|--|---|

4) Humanities

| | | |
|-----------|-----------|---|
| PHIL 2256 | Bioethics | 3 |
|-----------|-----------|---|

Nursing Pre-Major Courses

| | | |
|--------------------|---|-----------|
| NURSE 1000 | Cultural Diversity in a Global Society | 3 |
| NURSE 1050 | Communication for the Healthcare Professional | 3 |
| NURSE 2050 | Pathophysiology | 3 |
| NURSE 2000 | Nutrition in Health | 3 |
| Total Hours | | 12 |

Nursing Major Courses

| | | |
|--------------------|--|-----------|
| NURSE 3000 | Health Promotion and Disease Prevention Concepts Across the Lifespan | 2 |
| NURSE 3020 | Fundamental Concepts of Professional Nursing Practice | 6 |
| NURSE 3030 | Health Assessment Concepts | 4 |
| NURSE 3040 | Concepts of Evidence-Based Practice | 3 |
| NURSE 3050 | Concepts of Pharmacology | 3 |
| NURSE 3060 | Behavioral Health Concepts | 5 |
| NURSE 3070 | Concepts of Caring for Adults I | 5 |
| NURSE 4010 | Concepts of Caring for Adults II | 5 |
| NURSE 4020 | Concepts of Caring for Women and the Childbearing Family | 3 |
| NURSE 4025 | Care of Women and Children Clinical | 2 |
| NURSE 4030 | Concepts of Caring for Children and Families | 3 |
| NURSE 4050 | Concepts of Community Focused Care | 5 |
| NURSE 4060 | Synthesis of Concepts in Professional Nursing | 4 |
| NURSE 4065 | Synthesis of Professional Practice Immersion Clinical | 4 |
| NURSE elective | | 3 |
| Total Hours | | 57 |

All undergraduate nursing students must have access to transportation to their clinical practice experiences. Students must provide their own transportation to and from clinical agencies, which may be scheduled throughout the St. Louis metropolitan area, including Jefferson County and Illinois. Students who must use public transportation must inform their Program Director.

Satisfactory/Unsatisfactory (Pass/Fail) Grading

Undergraduate nursing majors may not take required prerequisite general education or nursing courses on a satisfactory/unsatisfactory basis.

Credit by Transfer Examination

Credit may be granted for selected general studies. Please contact an advisor for information.

Latin Honor Requirements

In accordance with the University's Latin Honors policy (p. 23), candidates graduating from the College of Nursing in the 2023-2024 Academic Year must meet the following GPA qualifications:

| | |
|-----------------|-------|
| Summa Cum Laude | 3.972 |
| Magna Cum Laude | 3.902 |
| Cum Laude | 3.766 |

Learning Outcomes

- Integrate into practice theories and evidence-based concepts from nursing, the arts, sciences, and humanities to provide comprehensive nursing care in a variety of settings.
- Integrate principles of quality care, patient safety, health education, and management of care when organizing, coordinating, and engaging in professional nursing practice across the healthcare continuum
- Use evidence-based practice to promote health and wellness, manage illness, and prevent injury among individuals, families, communities, and populations
- Utilize health care technology and information management systems to promote quality care and patient safety
- Apply knowledge of health care policies in a regulatory environment and their influence on health care access and quality
- Utilize communication to enhance relationships with patients, families, and communities and collaboration among members of the healthcare team
- Provide culturally competent, compassionate, holistic care to promote optimal health for diverse individuals, families, communities, and populations throughout the lifespan in an effort to improve health equity
- Accept responsibility and accountability for decisions and actions based on professional intrapersonal values, ethical and legal obligations, standards of practice, social justice, and economics
- Demonstrate motivation and self-direction in activities that contribute to lifelong personal, professional, and intellectual development
- Synthesize clinical reasoning and problem solving in professional practice

Sample Four Year Plan

Students who were admitted prior to Fall 2018 should follow the plan from the year they were admitted. Four Year plans for each catalog year prior to Fall 2018 can be found in the Archives Section.

First Year

| Fall | Hours | Spring | Hours |

Total Hours: 121

PLEASE NOTE: This plan is an example of what an academic plan could look like for a typical student. Placement exam scores in math as well as the completion of coursework may change the plan. It should not be used in the place of regular academic advising appointments. All students are encouraged to meet with their advisor. All requirements are subject to change.

Nursing BSN, Accelerated Curriculum

The UMSL College of Nursing is committed to admitting a diverse group of students who will become nurse leaders responsive to the specific needs of the communities and populations we serve. We value diversity, intellectual discourse and rigor, caring, professionalism, mutual respect and support, innovation, collaboration, and transparency. Applicants will be selected using inclusive and balanced admission criteria that measure their potential in nursing practice, education, research, and scholarship. We measure our success by graduates who become lifelong learners and leaders in their communities and in the profession of nursing.

Applicants to the accelerated nursing clinical program will be holistically reviewed using criteria such as GPA, academic performance in required pre-nursing courses, a personal statement, an essay, extra-curricular activities, honors, award recognitions, leadership roles, and work/volunteer experiences.

Clinical Admission Criteria: Accelerated BSN

The Bachelor of Science in Nursing prepares students for the Professional Registered Nurse Licensure Examination (NCLEX).

To be considered for entry into the BSN program, individuals must first be accepted to UMSL as an undergraduate student. Upon that acceptance, students should work with their College of Nursing Academic Advisor to ensure successful completion of prerequisite courses.

Admission to UMSL does not guarantee admission to the clinical phase in any of the Pre-Licensure BSN tracks. All applicants are placed in Pre-Nursing at time of admission. Clinical spaces are competitive, and the College of Nursing administratively moves students from Pre-Nursing to Nursing (clinical segment) based on cumulative GPA, successful completion of program prerequisite coursework, and available space.

- Admission to the University by completing the UMSL Undergraduate Application
- An earned bachelor's or graduate degree from an accredited institution recognized by the UMSL
- Minimum cumulative GPA of 3.0

- Grade of B- or higher within 5 years of clinical enrollment in the following courses: Chemistry, Anatomy & Physiology I, Anatomy & Physiology II, Microbiology
- Grade of C- or higher in Statistics and Human Growth and Development courses

Students must complete additional requirements prior to attending clinical rotations: pass a required criminal background check, drug screening, register with the Missouri Family Care Safety Registry (MO FCSR), and comply with vaccine and immunization regulations.

General Education Course Requirements

General Education Course Requirements for Students with a Bachelor's Degree

Students must have a Bachelor's Degree or a graduate degree to be admitted to the Accelerated BSN program. Students must also have completed the following courses with a grade of B- or higher within 5 years of clinical enrollment.

| | | |
|------------|--|---|
| BIOL 1131 | Human Physiology and Anatomy I | 4 |
| BIOL 1141 | Human Physiology and Anatomy II | 4 |
| BIOL 1162 | General Microbiology | 3 |
| CHEM 1052 | Chemistry for the Health Professions (MOTR CHEM 100) | 4 |
| MATH 1105 | Basic Probability and Statistics (or equivalent) | 3 |
| PSYCH 2268 | Lifespan Developmental Psychology (MOTR PSYC 200) | 3 |

Nursing Course Requirements

PRE-LICENSURE: Accelerated Option

| | | |
|------------|--|---|
| NURSE 3005 | Introduction to Professional Nursing | 3 |
| NURSE 3015 | Professional Nursing Concepts and Practice | 6 |
| NURSE 3035 | Health Assessment and Promotion | 3 |
| NURSE 3055 | Foundations of Nursing Pharmacotherapeutic Concepts | 3 |
| NURSE 3065 | Professional Nursing Adult and Elder Care I | 5 |
| NURSE 3075 | Professional Nursing Mental Health | 5 |
| NURSE 4015 | Professional Nursing Adult & Elder Care II | 5 |
| NURSE 4035 | Nursing Care of Children: Infancy to Adolescence | 4 |
| NURSE 4045 | Nursing Care of the Childbearing Patient-Family System | 4 |
| NURSE 4105 | Professional Nursing Leadership and Synthesis | 8 |
| NURSE 4125 | Community Nursing and Public Health | 5 |
| NURSE 4135 | Evidence-Based Practice: Integration of Research in Professional Nursing | 2 |

Total Hours 53

All undergraduate nursing students must have access to transportation to their clinical practice experiences. Students must provide their own

transportation to and from clinical agencies, which may be scheduled throughout the St. Louis metropolitan area, including Jefferson County and Illinois. Students who must use public transportation must inform their Program Director.

Satisfactory/Unsatisfactory (Pass/Fail) Grading

Undergraduate nursing majors may not take required prerequisite general education or nursing courses on a satisfactory/unsatisfactory basis.

Credit by Transfer Examination

Credit may be granted for selected general studies. Please contact an advisor for information.

Latin Honors Requirements

In accordance with the University's Latin Honors policy (p. 23), candidates graduating from the College of Nursing in the 2023-2024 Academic Year must meet the following GPA qualifications:

| | |
|-----------------|-------|
| Summa Cum Laude | 3.972 |
| Magna Cum Laude | 3.902 |
| Cum Laude | 3.766 |

Learning Outcomes

- Integrate theories and evidence-based concepts from nursing, the arts, sciences, and humanities to provide comprehensive nursing care in a variety of settings.
- Integrate principles of quality care, patient safety, health education, and management of care when organizing, coordinating, and engaging in professional nursing practice across the healthcare continuum.
- Use evidence-based practice to promote health and wellness, manage illness, and prevent injury among individuals, families, communities, and populations.
- Utilize health care technology and information management systems to promote quality care and patient safety.
- Apply knowledge of health care policies in a regulatory environment and their influence on health care access and quality.
- Utilize communication to enhance relationships with patients, families, and communities and collaboration among members of the healthcare team.
- Provide culturally competent, compassionate, holistic care to promote optimal health for diverse individuals, families, communities, and populations throughout the lifespan in an effort to improve health equity.
- Accept responsibility and accountability for decisions and actions based on professional intrapersonal values, ethical and legal obligations, standards of practice, social justice, and economics.
- Demonstrate motivation and self-direction in activities that contribute to lifelong personal, professional, and intellectual development.
- Synthesize clinical reasoning and problem solving in professional practice.

Sample Plan of Study

This plan assumes that a student has completed all prerequisites for admission.

Total Hours: 53

PLEASE NOTE: This plan is an example of what an academic plan could look like for a typical student. Placement exam scores in math as well as the completion of coursework may change the plan. It should not be used in the place of regular academic advising appointments. All students are encouraged to meet with their advisor. All requirements are subject to change.

Nursing BSN, RN to BSN Curriculum

The UMSL College of Nursing is committed to admitting a diverse group of students who will become nurse leaders responsive to the specific needs of the communities and populations we serve. We value diversity, intellectual discourse and rigor, caring, professionalism, mutual respect and support, innovation, collaboration, and transparency. Applicants will be selected using inclusive and balanced admission criteria that demonstrate their potential in nursing practice, education, research, and scholarship. We measure our success by graduates who become lifelong learners and leaders in their communities and in the profession of nursing.

Due to higher education regulation changes, the University of Missouri–St. Louis cannot admit students from all states for online programs. Please see the authorization web page for more information: <https://www.umsel.edu/services/academic/nc-sara-authorization/index.html>

Admissions Criteria

- Admission to the University by completing the UMSL Undergraduate Application
- Graduate or enrolled for dual enrollment in either an state approved diploma or associate degree program in nursing.
- Evidence of current RN licensure or eligibility for RN licensure if in an associate degree program for dual enrollment.
- Cumulative GPA of 2.5 (4.0 scale)

General Education Course Requirements

Nursing majors must complete all general education requirements (p. 30) of the university as outlined in this Bulletin.

As part of meeting the university's general education requirements, the prerequisite courses listed under 1) Natural Science course work and 2) Behavioral and Social Science course work must be completed prior to beginning the clinical major. See a curriculum planning guide for specific courses and proper sequencing.

Students must be in residence for at least 24 of the last 30 hours or graded credit (exclusive of courses graded on a satisfactory/unsatisfactory basis), except under unusual circumstances, to be decided by the dean.

1) Natural Science course work

| | |
|---|---|
| 9 hours of coursework from the Math/Natural Sciences Explore Area | 9 |
|---|---|

2) Behavioral and Social Science course work

| | | |
|---------------------|------------------------------------|---|
| PSYCH 1003 | General Psychology (MOTR PSYC 100) | 3 |
| Psychology Elective | | 3 |

Nursing Course Requirements
RN to BSN Program

| | | |
|-------------|---|----|
| NURSE 3900 | Role of the Baccalaureate-Prepared Nurse | 3 |
| NURSE 3910 | Nursing Theory for Population Health | 3 |
| NURSE 3920 | Health Assessment for the Professional Nurse | 3 |
| NURSE 3930 | Nursing Research and Evidence-Based Practice for the Professional Nurse | 3 |
| NURSE 3940 | Leadership and Management for Professional Nursing | 3 |
| NURSE 4900 | Ethics and Values in Population Health | 3 |
| NURSE 4910 | Health Policy for the Professional Nurse | 3 |
| NURSE 4911 | Community and Population Health Synthesis ¹ | 6 |
| Total Hours | | 27 |

¹ Includes a laboratory and/or clinical component

All undergraduate nursing students must have access to transportation to their clinical practice experiences. Students must provide their own transportation to and from clinical agencies, which may be scheduled throughout the St. Louis metropolitan area, including Jefferson County and Illinois. Students who must use public transportation must inform their Program Director.

Satisfactory/Unsatisfactory (Pass/Fail) Grading

Undergraduate nursing majors may not take required prerequisite general education or nursing courses on a satisfactory/unsatisfactory basis.

Credit by Transfer Examination

Credit may be granted for selected general studies. Please contact an advisor for information.

Latin Honors Requirements

In accordance with the University's Latin Honors policy (p. 23), candidates graduating from the College of Nursing in the 2023-2024 Academic Year must meet the following GPA qualifications:

| | |
|-----------------|-------|
| Summa Cum Laude | 3.972 |
| Magna Cum Laude | 3.902 |
| Cum Laude | 3.766 |

Learning Outcomes

- Integrate into practice theories and evidence-based concepts from nursing, the arts, sciences, and humanities to provide comprehensive nursing care in a variety of settings.
- Integrate clinical reasoning and problem solving in professional practice.

- Administer culturally competent, compassionate, holistic care to promote healthy outcomes for diverse individuals, families, communities, and populations during all life phases.
- Use evidence-based practices to promote health, manage illness, and prevent injury among individuals, families, communities, and populations.
- Utilize communication skills to enhance relationships with patients and families and collaboration among members of the health care team.
- Assume responsibility and accountability for decisions and actions based on professional intrapersonal values, ethical and legal obligations, standards of practice, social justice, and economics.
- Integrate principles of health education, management, leadership, quality care, and patient safety when organizing, coordinating, and engaging in professional practice.
- Demonstrate knowledge of health care policies and finance in a regulatory environment and their influence on health care access and quality.
- Exhibit motivation and self-direction in activities that contribute to lifelong personal, professional, and intellectual development.
- Utilize health care technology and information management systems to promote quality care and patient safety.

Sample Study Plan

This plan assumes that a student has completed all prerequisites for admission.

PLEASE NOTE: This plan is an example of what an academic plan could look like for a typical student. Placement exam scores in math as well as the completion of coursework may change the plan. It should not be used in the place of regular academic advising appointments. All students are encouraged to meet with their advisor. All requirements are subject to change.

Nursing DNP, Acute Care Pediatric Nurse Practitioner Emphasis

The UMSL College of Nursing is committed to admitting a diverse group of students who will become nurse leaders responsive to the specific needs of the communities and populations we serve. We value diversity, intellectual discourse and rigor, caring, professionalism, mutual respect and support, innovation, collaboration, and transparency. Applicants will be selected using inclusive and balanced admission criteria that measure their potential in nursing practice, education, research, and scholarship.

We measure our success by graduates who become lifelong learners and leaders in their communities and in the profession of nursing.

Applicants to the DNP program will be holistically reviewed using criteria such as GPA, a personal statement, an essay, work/volunteer experiences, professional activities, leadership roles, honors, award recognitions, etc.

Due to higher education regulation changes, the University of Missouri–St. Louis cannot admit students from all states for online programs. Please see the Center for Teaching and Learning for additional information: http://www.umsml.edu/services/ctl/onlinelearning/state_authorization.html

Admission Criteria

BSN to DNP

The post-baccalaureate entry point is designed for registered nurses who have completed a Bachelor's of Science in Nursing degree and desire to obtain a doctoral degree in nursing practice. The student will develop the knowledge, skills, and expertise to become clinical scholars, clinical experts, and transformational leaders who will function at the highest level of nursing practice.

General Admission Criteria:

- Admission to the University by completing the UMSL Graduate School application
- BSN from a nationally accredited nursing program
- BSN 3.0 GPA (calculated on the last 60 hours of BSN coursework)
- Current professional licensure
- Completion of an undergraduate or graduate general statistics course
- Acute Care Pediatric Nurse Practitioner (PNP-AC) track requires at least one (1) year of inpatient pediatric nursing experience
- Psychiatric Mental Health Nurse Practitioner (PMHNP) track requires at least one (1) year of inpatient or outpatient psychiatric nursing or emergency room nursing experience

Direct Admit BSN to DNP Option

Direct admission to the BSN to DNP program is selective and open to students who have earned a BSN from UMSL or completed the UMSL CON Externship in Nursing Summer program and earned a BSN degree from a nationally accredited nursing program. This option is not available for PNP-AC or PMHNP emphasis areas.

Clinical Practice Requirement

Students admitted via the Direct Admit Option in the BSN to DNP Program, who do not have previous clinical experience as a Registered Nurse (RN), will be required to maintain clinical practice as a Registered Nurse throughout the duration of their tenure as an UMSL DNP student.

General Admission Criteria:

- Admission to the University by completing the UMSL Graduate School application
- BSN from UMSL **OR** completed the UMSL CON Externship in Nursing Summer Program and earned a BSN degree from a nationally accredited nursing program
- 3.75 GPA in the last 60 hours of BSN coursework
- Essay which meets expectations and attributes listed in the essay portion of the application

- Current professional licensure
- Completion of an undergraduate or graduate general statistics course

Once admitted, students must maintain a 3.0 GPA.

Spaces in the BSN to DNP program are limited and are first awarded to guaranteed applicants. Based on space availability, applications will be accepted until the class is full.

Degree Requirements

Core Content for BSN to DNP program

Completion of the BSN to DNP program has seven program emphasis areas: six Nurse Practitioner emphasis areas and a Leadership in Healthcare Systems emphasis area. All programs include coursework in Foundational Concepts, Clinical Expertise, and Integration of Practice.

Foundational Concepts

| | | |
|--------------------|---|-----------|
| NURSE 6111 | Healthcare Systems | 3 |
| NURSE 6130 | Research, Interventions and Evidence-Based Practice | 3 |
| NURSE 6424 | Social Determinants of Health for Underserved Populations | 3 |
| NURSE 7211 | Biostatistics I | 3 |
| NURSE 7215 | Evidence-Based Practice for the DNP | 3 |
| NURSE 7220 | Leadership in Practice | 3 |
| NURSE 7230 | Epidemiology | 3 |
| NURSE 7240 | Health Informatics | 3 |
| NURSE 7260 | Program Evaluation and Quality Management in Healthcare | 3 |
| NURSE 7443 | Healthcare Policy and Economics | 3 |
| Total Hours | | 30 |

Clinical Expertise

| | | |
|--------------------|---|-----------|
| NURSE 6518 | Pathophysiology for Advanced Nursing Practice | 3 |
| NURSE 6520 | Pharmacology for Advanced Nursing Practice | 3 |
| NURSE 6524 | Health Assessment for Advanced Nursing Practice | 3 |
| NURSE 6530 | Introduction to Diagnostic Reasoning | 3 |
| Total Hours | | 12 |

Integration of Practice

| | | |
|--------------------|---|-------------|
| NURSE 6954 | Advanced Practice Nursing: Practicum I ¹ | 1-4 |
| NURSE 6955 | Advanced Practice Nursing: Practicum II ¹ | 1-4 |
| NURSE 7954 | Advanced Practice Nursing: Practicum III ¹ | 1-4 |
| NURSE 7291 | DNP Clinical Scholarship Project I | 2 |
| NURSE 7292 | DNP Clinical Scholarship Project II | 2 |
| NURSE 7293 | DNP Clinical Scholarship Project III | 2 |
| Total Hours | | 9-18 |

¹ All students must complete a minimum of 8 hours of residency. One credit hour is equivalent to 75 residency hours.

Prior to completion of the DNP program, students will complete a clinical scholarship project that satisfies the graduate school requirement.

Specific Requirements for the Emphasis Area

For all Nurse Practitioner emphasis areas, a student must complete both focus content above and specialty courses based on area of specialty as listed below.

Diagnosis and Management Foundations

| | | |
|------------|---------------------------------|---|
| NURSE 6723 | Foundations of Pediatric Health | 3 |
|------------|---------------------------------|---|

Diagnosis and Management I

| | | |
|------------|--|---|
| NURSE 6743 | Pediatric Health I: Acute and Chronic Care | 4 |
|------------|--|---|

Diagnosis and Management II

| | | |
|------------|---|---|
| NURSE 6745 | Pediatric Health II: Complex Acute Care | 4 |
|------------|---|---|

| | | |
|--------------------|--|-----------|
| Total Hours | | 11 |
|--------------------|--|-----------|

Total credit hours in degree program: 70

Learning Outcomes

A successful graduate should, upon completion, be able to:

- Integrates evidence-based concepts from advanced practice nursing, the arts, sciences, and humanities to provide comprehensive, competent, holistic, and patient-centered care promoting healthy outcomes and health equity for diverse individuals, families, communities, and populations.
- Demonstrates clinical decision-making and actions based on ethical and legal obligations, standards of practice, economics, health equity, and nursing values.
- Applies knowledge of health care policies in their regulatory environment and their influence on health care access and quality.
- Generates, synthesizes, translates, applies, and disseminates research to improve health outcomes, quality of care, and minimize risk of harm.
- Evaluates approaches to practice utilizing information and communication technologies to promote, safe, high-quality care, and efficient health delivery services according to best practice, professional, and regulatory standards.
- Demonstrates responsibility and accountability for decisions and actions based on professional intrapersonal values, ethical and legal obligations, standards of practice, social justice, and economics.

Nursing DNP, Adult-Gerontology Nurse Practitioner Emphasis

The UMSL College of Nursing is committed to admitting a diverse group of students who will become nurse leaders responsive to the specific needs of the communities and populations we serve. We value diversity, intellectual discourse and rigor, caring, professionalism, mutual respect and support, innovation, collaboration, and transparency. Applicants will be selected using inclusive and balanced admission criteria that measure their potential in nursing practice, education, research, and scholarship.

We measure our success by graduates who become lifelong learners and leaders in their communities and in the profession of nursing.

Degree Requirements

Core Content for BSN to DNP program

Completion of the BSN to DNP program has seven program emphasis areas: six Nurse Practitioner emphasis areas and a Leadership in Healthcare Systems emphasis area. All programs include coursework in Foundational Concepts, Clinical Expertise, and Integration of Practice.

Foundational Concepts

| | | |
|--------------------|---|-----------|
| NURSE 6111 | Healthcare Systems | 3 |
| NURSE 6130 | Research, Interventions and Evidence-Based Practice | 3 |
| NURSE 6424 | Social Determinants of Health for Underserved Populations | 3 |
| NURSE 7211 | Biostatistics I | 3 |
| NURSE 7215 | Evidence-Based Practice for the DNP | 3 |
| NURSE 7220 | Leadership in Practice | 3 |
| NURSE 7230 | Epidemiology | 3 |
| NURSE 7240 | Health Informatics | 3 |
| NURSE 7260 | Program Evaluation and Quality Management in Healthcare | 3 |
| NURSE 7443 | Healthcare Policy and Economics | 3 |
| Total Hours | | 30 |

Clinical Expertise

| | | |
|--------------------|---|-----------|
| NURSE 6518 | Pathophysiology for Advanced Nursing Practice | 3 |
| NURSE 6520 | Pharmacology for Advanced Nursing Practice | 3 |
| NURSE 6524 | Health Assessment for Advanced Nursing Practice | 3 |
| NURSE 6530 | Introduction to Diagnostic Reasoning | 3 |
| Total Hours | | 12 |

Integration of Practice

| | | |
|--------------------|---|-------------|
| NURSE 6954 | Advanced Practice Nursing: Practicum I ¹ | 1-4 |
| NURSE 6955 | Advanced Practice Nursing: Practicum II ¹ | 1-4 |
| NURSE 7954 | Advanced Practice Nursing: Practicum III ¹ | 1-4 |
| NURSE 7291 | DNP Clinical Scholarship Project I | 2 |
| NURSE 7292 | DNP Clinical Scholarship Project II | 2 |
| NURSE 7293 | DNP Clinical Scholarship Project III | 2 |
| Total Hours | | 9-18 |

¹ All students must complete a minimum of 8 hours of residency. One credit hour is equivalent to 75 residency hours.

Prior to completion of the DNP program, students will complete a clinical scholarship project that satisfies the graduate school requirement.

Specific Requirements for the Emphasis Area

For all Nurse Practitioner emphasis areas, a student must complete both focus content above and specialty courses listed below.

Diagnosis and Management Foundations

| | | |
|------------|---------------------------------|---|
| NURSE 6723 | Foundations of Pediatric Health | 3 |
|------------|---------------------------------|---|

Diagnosis and Management I

| | | |
|------------|----------------|---|
| NURSE 6739 | Adult Health I | 4 |
|------------|----------------|---|

Diagnosis and Management II

| | | |
|------------|-----------------|---|
| NURSE 6740 | Adult Health II | 4 |
|------------|-----------------|---|

| | | |
|--------------------|--|-----------|
| Total Hours | | 11 |
|--------------------|--|-----------|

Total number of hours in degree program: 70

Learning Outcomes

- Integrates evidence-based concepts from advanced practice nursing, the arts, sciences, and humanities to provide comprehensive, competent, holistic, and patient-centered care promoting healthy outcomes and health equity for diverse individuals, families, communities, and populations.
- Demonstrates clinical decision-making and actions based on ethical and legal obligations, standards of practice, economics, health equity, and nursing values.
- Applies knowledge of health care policies in their regulatory environment and their influence on health care access and quality.
- Generates, synthesizes, translates, applies, and disseminates research to improve health outcomes, quality of care, and minimize risk of harm.
- Evaluates approaches to practice utilizing information and communication technologies to promote, safe, high-quality care, and efficient health delivery services according to best practice, professional, and regulatory standards.
- Demonstrates responsibility and accountability for decisions and actions based on professional intrapersonal values, ethical and legal obligations, standards of practice, social justice, and economics.

Nursing DNP, Leadership in Population Health and Healthcare Systems Emphasis

Effective Fall 2021, this program will no longer accept applications.

The UMSL College of Nursing is committed to admitting a diverse group of students who will become nurse leaders responsive to the specific needs of the communities and populations we serve. We value diversity, intellectual discourse and rigor, caring, professionalism, mutual respect and support, innovation, collaboration, and transparency. Applicants will be selected using inclusive and balanced admission criteria that measure their potential in nursing practice, education, research, and scholarship.

We measure our success by graduates who become lifelong learners and leaders in their communities and in the profession of nursing.

Applicants to the DNP program will be holistically reviewed using criteria such as GPA, a personal statement, an essay, work/volunteer experiences, professional activities, leadership roles, honors, award recognitions, etc.

Due to higher education regulation changes, the University of Missouri–St. Louis cannot admit students from all states for online programs. Please see the Center for Teaching and Learning for additional information: http://www.umsml.edu/services/ctl/onlinelearning/state_authorization.html

Admission Criteria

BSN to DNP

The post-baccalaureate entry point is designed for registered nurses who have completed a Bachelor's of Science in Nursing degree and desire to obtain a doctoral degree in nursing practice. The student will develop the knowledge, skills, and expertise to become clinical scholars, clinical experts, and transformational leaders who will function at the highest level of nursing practice.

General Admission Criteria:

- Admission to the University by completing the UMSL Graduate School application
- BSN from a nationally accredited nursing program
- BSN 3.0 GPA (calculated on the last 60 hours of BSN coursework)
- Current professional licensure
- Completion of an undergraduate or graduate general statistics course
- Acute Care Pediatric Nurse Practitioner (PNP-AC) track requires at least one (1) year of inpatient pediatric nursing experience
- Psychiatric Mental Health Nurse Practitioner (PMHNP) track requires at least one (1) year of inpatient or outpatient psychiatric nursing or emergency room nursing experience

Direct Admit BSN to DNP Option

Direct admission to the BSN to DNP program is selective and open to students who have earned a BSN from UMSL or completed the UMSL CON Externship in Nursing Summer program and earned a BSN degree from a nationally accredited nursing program. This option is not available for PNP-AC or PMHNP emphasis areas.

Clinical Practice Requirement

Students admitted via the Direct Admit Option in the BSN to DNP Program, who do not have previous clinical experience as a Registered Nurse (RN), will be required to maintain clinical practice as a Registered Nurse throughout the duration of their tenure as an UMSL DNP student.

General Admission Criteria:

- Admission to the University by completing the UMSL Graduate School application
- BSN from UMSL **OR** completed the UMSL CON Externship in Nursing Summer Program and earned a BSN degree from a nationally accredited nursing program
- 3.75 GPA in the last 60 hours of BSN coursework
- Essay which meets expectations and attributes listed in the essay portion of the application

- Current professional licensure
- Completion of an undergraduate or graduate general statistics course

Once admitted, students must maintain a 3.0 GPA.

Spaces in the BSN to DNP program are limited and are first awarded to guaranteed applicants. Based on space availability, applications will be accepted until the class is full.

Degree Requirements

Core Content for BSN to DNP program

Completion of the BSN to DNP program has seven program emphasis areas: six Nurse Practitioner emphasis areas and a Leadership in Healthcare Systems emphasis area. All programs include coursework in Foundational Concepts, Clinical Expertise, and Integration of Practice.

Foundational Concepts

| | | |
|--------------------|---|-----------|
| NURSE 6111 | Healthcare Systems | 3 |
| NURSE 6130 | Research, Interventions and Evidence-Based Practice | 3 |
| NURSE 6424 | Social Determinants of Health for Underserved Populations | 3 |
| NURSE 7211 | Biostatistics I | 3 |
| NURSE 7215 | Evidence-Based Practice for the DNP | 3 |
| NURSE 7220 | Leadership in Practice | 3 |
| NURSE 7230 | Epidemiology | 3 |
| NURSE 7240 | Health Informatics | 3 |
| NURSE 7260 | Program Evaluation and Quality Management in Healthcare | 3 |
| NURSE 7443 | Healthcare Policy and Economics | 3 |
| Total Hours | | 30 |

Clinical Expertise

| | | |
|--------------------|---|-----------|
| NURSE 6518 | Pathophysiology for Advanced Nursing Practice | 3 |
| NURSE 6520 | Pharmacology for Advanced Nursing Practice | 3 |
| NURSE 6524 | Health Assessment for Advanced Nursing Practice | 3 |
| NURSE 6530 | Introduction to Diagnostic Reasoning | 3 |
| Total Hours | | 12 |

Integration of Practice

| | | |
|--------------------|---|-------------|
| NURSE 6954 | Advanced Practice Nursing: Practicum I ¹ | 1-4 |
| NURSE 6955 | Advanced Practice Nursing: Practicum II ¹ | 1-4 |
| NURSE 7954 | Advanced Practice Nursing: Practicum III ¹ | 1-4 |
| NURSE 7291 | DNP Clinical Scholarship Project I | 2 |
| NURSE 7292 | DNP Clinical Scholarship Project II | 2 |
| NURSE 7293 | DNP Clinical Scholarship Project III | 2 |
| Total Hours | | 9-18 |

¹ All students must complete a minimum of 8 hours of residency. One credit hour is equivalent to 75 residency hours.

Prior to completion of the DNP program, students will complete a clinical scholarship project that satisfies the graduate school requirement.

Emphasis Area Requirements

For the Leadership in Population Health and Healthcare Systems emphasis area, a student must complete the focus content and specialty courses listed below.

Foundational Concepts

| | | |
|--------------------|---|-----------|
| NURSE 6111 | Healthcare Systems | 3 |
| NURSE 6130 | Research, Interventions and Evidence-Based Practice | 3 |
| NURSE 6424 | Social Determinants of Health for Underserved Populations | 3 |
| NURSE 7211 | Biostatistics I | 3 |
| NURSE 7215 | Evidence-Based Practice for the DNP | 3 |
| NURSE 7220 | Leadership in Practice | 3 |
| NURSE 7230 | Epidemiology | 3 |
| NURSE 7240 | Health Informatics | 3 |
| NURSE 7260 | Program Evaluation and Quality Management in Healthcare | 3 |
| NURSE 7443 | Healthcare Policy and Economics | 3 |
| Nursing Elective | | 3 |
| Total Hours | | 33 |

Clinical Expertise

| | | |
|--------------------|---|-----------|
| NURSE 6418 | Organizational Behavior and Human Resource Management in Healthcare | 3 |
| NURSE 6521 | Healthcare Finance | 3 |
| NURSE 6527 | Patient Safety, Performance Improvement, and Compliance | 3 |
| NURSE 6730 | Nursing Administrative Leadership in Healthcare I | 3 |
| NURSE 6731 | Nursing Administrative Leadership in Healthcare II | 3 |
| Total Hours | | 15 |

Integration of Practice

| | | |
|--------------------|---|-----------|
| NURSE 6934 | Leadership in Population Health and Healthcare Systems Residency I ¹ | 2 |
| NURSE 6935 | Leadership in Population Health and Healthcare Systems Residency II ¹ | 2 |
| NURSE 7934 | Leadership in Population Health and Healthcare Systems Residency III ¹ | 2 |
| NURSE 7291 | DNP Capstone I | 2 |
| NURSE 7292 | DNP Capstone II | 2 |
| NURSE 7293 | DNP Capstone III | 2 |
| Total Hours | | 14 |

¹ All students must complete a minimum of 8 credit hours of residency.

Learning Outcomes

- Integrates evidence-based concepts from advanced practice nursing, the arts, sciences, and humanities to provide comprehensive, competent, holistic, and patient-centered care promoting healthy outcomes and health equity for diverse individuals, families, communities, and populations.
- Demonstrates clinical decision-making and actions based on ethical and legal obligations, standards of practice, economics, health equity, and nursing values.
- Applies knowledge of health care policies in their regulatory environment and their influence on health care access and quality.
- Generates, synthesizes, translates, applies, and disseminates research to improve health outcomes, quality of care, and minimize risk of harm.
- Evaluates approaches to practice utilizing information and communication technologies to promote, safe, high-quality care, and efficient health delivery services according to best practice, professional, and regulatory standards.
- Demonstrates responsibility and accountability for decisions and actions based on professional intrapersonal values, ethical and legal obligations, standards of practice, social justice, and economics.

Nursing DNP, MSN to DNP Curriculum

The post master's entry point is designed for graduate-prepared nurses who want to develop the knowledge, skills, and expertise to become clinical scholars, transformational leaders, and function at the highest level of nursing practice while obtaining a terminal degree in nursing practice.

Admission Criteria

- Admission to the University by completing the UMSL Graduate School application
- MSN from a nationally accredited nursing program
- MSN 3.0 GPA
- Current professional licensure
- Completion of an undergraduate general statistics course or graduate level general statistics course

See the UMSL College of Nursing's website for the application process and specific program deadlines.

Degree Requirements

| | | |
|------------|---|---|
| NURSE 6424 | Social Determinants of Health for Underserved Populations | 3 |
| NURSE 7211 | Biostatistics I | 3 |
| NURSE 7215 | Evidence-Based Practice for the DNP | 3 |
| NURSE 7220 | Leadership in Practice | 3 |
| NURSE 7230 | Epidemiology | 3 |

- 3.75 GPA in the last 60 hours of BSN coursework
- Essay which meets expectations and attributes listed in the essay portion of the application
- Current professional licensure
- Completion of an undergraduate or graduate general statistics course

Once admitted, students must maintain a 3.0 GPA.

Spaces in the BSN to DNP program are limited and are first awarded to guaranteed applicants. Based on space availability, applications will be accepted until the class is full.

Degree Requirements

Core Content for BSN to DNP program

Completion of the BSN to DNP program has seven program emphasis areas: six Nurse Practitioner emphasis areas and a Leadership in Healthcare Systems emphasis area. All programs include coursework in Foundational Concepts, Clinical Expertise, and Integration of Practice.

Foundational Concepts

| | | |
|------------|---|---|
| NURSE 6111 | Healthcare Systems | 3 |
| NURSE 6130 | Research, Interventions and Evidence-Based Practice | 3 |

| | | |
|--------------------|---|-----------|
| NURSE 6424 | Social Determinants of Health for Underserved Populations | 3 |
| NURSE 7211 | Biostatistics I | 3 |
| NURSE 7215 | Evidence-Based Practice for the DNP | 3 |
| NURSE 7220 | Leadership in Practice | 3 |
| NURSE 7230 | Epidemiology | 3 |
| NURSE 7240 | Health Informatics | 3 |
| NURSE 7260 | Program Evaluation and Quality Management in Healthcare | 3 |
| NURSE 7443 | Healthcare Policy and Economics | 3 |
| Total Hours | | 30 |

Clinical Expertise

| | | |
|--------------------|---|-----------|
| NURSE 6518 | Pathophysiology for Advanced Nursing Practice | 3 |
| NURSE 6520 | Pharmacology for Advanced Nursing Practice | 3 |
| NURSE 6524 | Health Assessment for Advanced Nursing Practice | 3 |
| NURSE 6530 | Introduction to Diagnostic Reasoning | 3 |
| Total Hours | | 12 |

Integration of Practice

| | | |
|--------------------|---|-------------|
| NURSE 6954 | Advanced Practice Nursing: Practicum I ¹ | 1-4 |
| NURSE 6955 | Advanced Practice Nursing: Practicum II ¹ | 1-4 |
| NURSE 7954 | Advanced Practice Nursing: Practicum III ¹ | 1-4 |
| NURSE 7291 | DNP Clinical Scholarship Project I | 2 |
| NURSE 7292 | DNP Clinical Scholarship Project II | 2 |
| NURSE 7293 | DNP Clinical Scholarship Project III | 2 |
| Total Hours | | 9-18 |

¹ All students must complete a minimum of 8 hours of residency. One credit hour is equivalent to 75 residency hours.

Prior to completion of the DNP program, students will complete a clinical scholarship project that satisfies the graduate school requirement.

Specific Requirements for the Emphasis Area

For all Nurse Practitioner emphasis areas, a student must complete both focus content above and as listed below.

Diagnosis and Management Foundations

| | | |
|------------------------------------|--|-----------|
| NURSE 6722 | Foundations of Adolescent and Geriatric Health | 3 |
| Diagnosis and Management I | | |
| NURSE 6739 | Adult Health I | 4 |
| Diagnosis and Management II | | |
| NURSE 6740 | Adult Health II | 4 |
| Total Hours | | 11 |

Total number of hours in degree program: 70

Learning Outcomes

A successful graduate should, upon completion, be able to:

- Integrates evidence-based concepts from advanced practice nursing, the arts, sciences, and humanities to provide comprehensive, competent, holistic, and patient-centered care promoting healthy outcomes and health equity for diverse individuals, families, communities, and populations.
- Demonstrates clinical decision-making and actions based on ethical and legal obligations, standards of practice, economics, health equity, and nursing values.
- Applies knowledge of health care policies in their regulatory environment and their influence on health care access and quality.
- Generates, synthesizes, translates, applies, and disseminates research to improve health outcomes, quality of care, and minimize risk of harm.
- Evaluates approaches to practice utilizing information and communication technologies to promote, safe, high-quality care, and efficient health delivery services according to best practice, professional, and regulatory standards.
- Demonstrates responsibility and accountability for decisions and actions based on professional intrapersonal values, ethical and legal obligations, standards of practice, social justice, and economics.

Nursing PhD

Applicants to the Ph.D. program will be holistically reviewed using criteria such as GPA, work/volunteer experience, scholarly writing or projects of any kind, leadership roles, honors, and awards.

For those not residing in Missouri or non-Missouri residents: Prospective students are responsible for reviewing the NC-SARA state authorizations page now and throughout their program to see if the UMSL PhD program is authorized in the state in which they reside. <https://online.missouri.edu/about/state-authorization>.

Admission Criteria

- Admission to the University by completing the UMSL Graduate School Application
- Completion of the College of Nursing supplemental application
- Graduation from a nationally accredited baccalaureate or master's nursing program with 3.25 minimum GPA (4.0 scale)

International applicants must meet minimum requirements on tests of written and spoken English (79 TOEFL, 6.5 IELTS, 53 PTE-A, or 105-110 Duolingo is desired). International students must also apply through the UMSLGLOBAL Services Office.

See the UMSL College of Nursing's Graduate School Profile for the application process and specific program deadlines.

Degree Requirements

There are 66 credits required to complete the degree. BSN to Ph.D. students complete a minimum of 48 credit hours of graduate-level course work, 6 credit hours of electives, and an additional 12 credit hours of dissertation. MSN to Ph.D. students complete a minimum of 45 post-

MSN credit hours and an additional 12 credit hours of dissertation, plus 9 credit hours are earned from Master's level work.

Nursing Science, Theory, and Discipline of Nursing

| | | |
|-------------|---|----|
| NURSE 6424 | Social Determinants of Health for Underserved Populations | 3 |
| NURSE 7200 | State of the Science in Nursing Research and Practice | 3 |
| NURSE 7403 | Development of the Nurse Scientist | 3 |
| NURSE 7481 | Development of Nursing Science and Theory | 3 |
| NURSE 7491 | Advanced Nursing Theory Development and Validation | 3 |
| Total Hours | | 15 |

Nursing Research Methods

| | | |
|------------|--|---|
| NURSE 7211 | Biostatistics I | 3 |
| NURSE 7488 | Introduction to Qualitative Research Methodologies and Methods | 3 |
| NURSE 7212 | Biostatistics II | 3 |
| NURSE 7490 | Advanced Nursing Research Designs and Methods | 3 |
| NURSE 7955 | Research Topics in Nursing and Health: Psychometrics | 3 |
| NURSE 7486 | Research Residency | 3 |

All Ph.D. students (BSN to Ph.D. and MSN to Ph.D.) are required to take 3 credit hours of research residency with a faculty member. The advisor must approve the residency placement to ensure it meets the College of Nursing guidelines.

| | |
|-------------|----|
| Total Hours | 18 |
|-------------|----|

Advanced Research Methods Course

| | | |
|------------------------------|---|---|
| Select one of the following: | | 3 |
| NURSE 7495 | Mixed Methods Research in Health Care | |
| NURSE 7497 | Design, Implementation and Evaluation of Health Interventions | |
| NURSE 7213 | Biostatistics III - Structural Equation Modeling | |
| NURSE 7496 | Seminar in Advanced Qualitative Research Methods | |
| NURSE 7957 | Research Topics in Nursing and Health: Hierarchical Linear Modeling | |
| Total Hours | | 3 |

Cognates

All Ph.D. students (BSN to Ph.D. and MSN to Ph.D.) are required to take a minimum of 9 credit hours of cognates in the related area of research. The advisor must approve the cognate to ensure it meets the College of Nursing guidelines.

Dissertation

| | | |
|------------|-----------------------|----|
| NURSE 7499 | Dissertation Research | 12 |
|------------|-----------------------|----|

Additional Required Course for BSN to Ph.D. Students

| | | |
|-------------|---|---|
| NURSE 6130 | Research, Interventions and Evidence-Based Practice | 3 |
| Electives | | 6 |
| Total Hours | | 9 |

PhD Program Learning Outcomes

Upon completion of the program, graduates will be able to:

- Become a steward of the discipline dedicated to the integrity of its work in the generation, critique, transformation, transmission, and use of its knowledge.
- Develop expertise in core knowledge and methods of the discipline and selected areas of theory and research to establish a program of research and scholarship about patient-related outcomes.
- Develop philosophical literacy and epistemic diversity, in addition to exploring the breadth of the discipline and depth of a particular area of related science.
- Acquire competencies to expand socially meaningful science that supports the discipline and practice of nursing.
- Articulate the clinical and policy implications of their research contributions by translating nursing research into practice and policy to improve health and healthcare systems.
- Provide leadership to effect change in healthcare practice, policy, and education issues by collaboration and partnerships in a data-rich world.
- Improve the healthcare outcomes for individuals, families, communities, and systems regionally, nationally, and internationally.
- Articulate up-to-date data content regarding determinants of health, health equity concepts and theories, structural inequities in health, promotion of cultural safety, and social justice (cultural humility, structural inequities in health including gender bias, and health disparities).

Optometry OD

First Year

Fall Semester

| Semester | Credit Hours | Lecture | Lab |
|--|--------------|---------|-----|
| 8010 Anatomy, Physiology and Disease Processes I | 5 | 4 | 2 |
| 8020 Basic and Clinical Optics I | 4 | 3 | 2 |
| 8030 Introduction to Optometry | 1 | 1 | |
| 8040 Neuroanatomy | 4 | 3 | 2 |
| 8050 Basic and Applied Immunology | 2 | 2 | |
| 8060 Biochemistry | 2 | 2 | |

| | | | |
|--|---|---|---|
| 8090 Case-Based 1 Discovery for the Developing Clinician | 1 | | |
| 8080 Clinical Optometry I | 2 | 1 | 2 |

Spring Semester

| Semester | Credit Hours | Lecture | Lab |
|--|--------------|---------|-----|
| 8110 Anatomy, Physiology and Disease Processes II | 4 | 3 | 2 |
| 8120 Basic and Clinical Optics II | 5 | 4 | 2 |
| 8160 Anatomy and Physiology of the Eye | 5 | 4 | 2 |
| 8180 Clinical Optometry II | 5 | 3 | 4 |
| 8190 Introduction to Clinical Diagnostic Reasoning | 1 | 1 | |
| 8230 Interpersonal Communication | 1 | 1 | |

Second Year

Fall Semester

| Semester | Credit Hours | Lecture | Lab |
|--------------------------------------|--------------|---------|-----|
| 8220 Ophthalmic Optics | 4 | 3 | 2 |
| 8240 Ocular Motility | 2 | 2 | |
| 8250 Monocular Sensory Processes | 5 | 4 | 2 |
| 8260 General and Ocular Pharmacology | 4 | 3 | 2 |
| 8280 Clinical Optometry III | 4 | 2 | 4 |

Spring Semester

| Semester | Credit Hours | Lecture | Lab |
|--|--------------|---------|-----|
| 8320 Ophthalmic Dispensing | 1 | | 2 |
| 8340 Binocular Vision and Space Perception | 4 | 3 | 2 |
| 8370 Foundations of Ocular and Systemic Disease and Management I | 5 | 4 | 2 |

| | | | |
|--|---|---|---|
| 8380 Clinical Optometry IV | 2 | 1 | 2 |
| 8390 Specialty Clinic Laboratory | 1 | | 2 |
| 8391 Clinical Topics in Contact lenses | 1 | 1 | |
| 8392 Clinical Topics in Binocular Vision and Pediatric Optometry | 1 | 1 | |
| 8393 Clinical Topics in Low Vision | 1 | 1 | |
| 8560 Public Health and Epidemiology | 2 | 2 | |

Third Year

Summer Semester

| Semester | Credit Hours | Lecture | Lab |
|---|--------------|---------|-----|
| 8460 Foundations of Ocular and Systemic Disease and Management II | 2 | 2 | |
| 8540 Binocular Vision Anomalies | 4 | 3 | 2 |
| 8650 Geriatric Optometry | 2 | 2 | |
| 8450 Introduction to Primary Care Clinic | 4 | | 8 |

Fall Semester

| Semester | Credit Hours | Lecture | Lab |
|--|--------------|---------|-----|
| 8470 Pharmaceutical Management in Patient Care | 2 | 2 | |
| 8500 Primary Care Clinic I | 6 | | 12 |
| 8520 Contact Lenses I | 3 | 2 | 2 |
| 8550 Low Vision | 2 | 1 | 2 |
| 8570 Advanced Topics in Ocular and Systemic Disease & Management | 6 | 5 | 2 |
| 8640 Pediatric Optometry | 2 | 2 | |

Spring Semester

| Semester | Credit Hours | Lecture | Lab |
|--|--------------|---------|-----|
| 8600 Primary Care Clinic II | 6 | | 12 |
| 8620 Contact Lenses II | 2 | 2 | |
| 8630 Practice Management I | 3 | 3 | |
| 8645 Neurologic Diseases | 2 | 2 | |
| 8660 Contact Lens Specialty Clinic | 1 | | 2 |
| 8670 Comprehensive Case Review and Analysis | 1 | 1 | |
| 8680 Ophthalmic Lasers | 2 | 2 | |
| 8690 Pediatric/Binocular Vision Specialty Clinic | 1 | | 2 |

Fourth Year

six clinical rotation and 2 courses required

Category 1 UM-St. Louis ¹

| | | |
|------------|--|---|
| OPTOM 8700 | UM-St. Louis Pediatric/Binocular Vision Patient Care | 3 |
| OPTOM 8710 | UM-St. Louis Contact Lens Patient Care | 3 |
| OPTOM 8720 | UMSL Eye Health Management Patient Care | 1 |

¹ Must enroll in OPTOM 8700, OPTOM 8710 and OPTOM 8720 concurrently.

Category 2 Institutional

| | | |
|------------|---|---|
| OPTOM 8780 | External Rotation in Institutional Patient Care | 7 |
|------------|---|---|

Category 3 Ocular Disease

| | | |
|------------|--|---|
| OPTOM 8790 | External Rotation in Ocular Disease Patient Care | 7 |
|------------|--|---|

Category 4 Community

| | | |
|------------|---|---|
| OPTOM 8730 | Community Service Patient Care Rotation A | 7 |
| OPTOM 8770 | Community Service Patient Care Rotation C | 7 |

Category 5 Specialty

| | | |
|------------|--|---|
| OPTOM 8800 | External Rotation in Pediatric/Binocular Vision Patient Care | 7 |
| OPTOM 8810 | External Rotation in Contact Lens Patient Care | 7 |

| | | |
|------------|---|---|
| OPTOM 8811 | External Rotation in Ophthalmic Surgical Patient Care | 7 |
| OPTOM 8812 | External Rotation in Geriatric Patient Care | 7 |
| OPTOM 8813 | External Rotation in Ophthalmic Sports Vision | 7 |
| OPTOM 8814 | External Rotation in Primary Care | 7 |
| OPTOM 8815 | External Rotation in Pathology and Treatment | 7 |
| OPTOM 8816 | External Rotation in Ophthalmic Laser Treatment | 7 |
| OPTOM 8817 | External Rotation in Rehabilitative Patient Care | 7 |
| OPTOM 8820 | External Rotation in Low Vision Patient Care | 7 |

Category 6 Elective

| | | |
|------------|---|---|
| OPTOM 8830 | External Rotation in General Patient Care | 7 |
| OPTOM 8840 | External Supplementary Rotation in General Patient Care | 7 |
| OPTOM 8850 | Supplementary Rotation in General Patient Care | 7 |

Required Courses

| | | |
|------------|-------------------------|---|
| OPTOM 8870 | Practice Management II | 2 |
| OPTOM 8880 | Practice Management III | 1 |

Due to advances in the optometric profession, sequencing of courses may change. The courses listed above are subject to change through normal academic procedures.

Elective Courses in the College of Optometry

| | | |
|------------|-------------------|-----|
| OPTOM 8400 | Directed Readings | 1-3 |
| OPTOM 8410 | Directed Research | 1-3 |

Organic Chemistry Graduate Certificate

The graduate certificate in organic chemistry is a 12-credit-hour program. It provides skills and training necessary to advance in the area of organic chemistry, which deals with the structure, properties, composition, reactions, and preparation of carbon-containing compounds. Organic chemists find careers in the rubber, plastics, petrochemical, pharmaceuticals, cosmetics, detergents, foods, coatings, dyestuff, and agrichemical industries. The certificate requires three organic chemistry lecture courses (each three credits) and one elective course (three credits). All students must take the three required courses and one elective course, subject to the Graduate School regulations.

A minimum of three of the courses must be taken at UMSL. Research credits must be taken from UMSL. Courses may be substituted with the permission of the certificate coordinator. For more information, students can contact the Department of Chemistry and Biochemistry.

Certificate applicants must meet the general University of Missouri-St. Louis Graduate School admissions requirements to be admitted to the Certificate program. Students admitted to the Chemistry M.S. program are automatically eligible to pursue the Certificate; however, they must apply

separately to the Certificate program. Students must maintain a minimum GPA of 3.0 to remain in the Certificate program. The certificate is awarded after completion of the 12 credit hours of courses listed below. Students must apply to be awarded the Certificate. Courses taken while enrolled as an undergraduate may not be repeated nor will they count towards the Certificate.

This 12-credit-hour certificate program also counts toward the 30-credit-hour Master of Science in Chemistry degree program requirements. Students may choose to combine this Certificate with other courses and/or Certificates to obtain the Master of Science in Chemistry degree.

Required Courses

| | | |
|-----------|---|---|
| CHEM 5602 | Advanced Organic Chemistry I - Physical Organic | 3 |
| CHEM 5612 | Advanced Organic Chemistry II - Reactions And Synthesis | 3 |
| CHEM 5652 | Spectroscopic Identification of Organic Compounds | 3 |

Elective**3**

Choose one of the following:

| | |
|-----------|---|
| CHEM 5694 | Special Topics in Organic Chemistry |
| CHEM 6905 | Graduate Research in Chemistry ¹ |

¹ If CHEM 6905 is chosen, then the research project must be in organic chemistry.

Learning outcomes: Upon completion of the certificate, students will have an in-depth knowledge in the structure, synthesis, reactivity and the identification of organic compounds. Students will also be able to take responsibility for the success of projects involving organic chemistry.

Organizational Leadership BA, Community Studies Emphasis

The Organizational Leadership major is designed to provide adult students with the knowledge, skills, and credentials necessary to advance in a rapidly changing workplace. This program will help students understand theoretical and practical aspects of leadership across disciplines, while allowing them to focus on a specific emphasis area that interests them.

This program is for students who have completed at least 60 transferable credit hours at the undergraduate level or have been awarded an A.A. or A.S. degree (or A.A.S. degree with a general education emphasis). Students who do not have previous working experience and substantial transferred credits should consult with an advisor to determine if this program is the correct fit.

General Education Requirements

Majors must satisfy the university and college general education requirements (p. 30). The foreign language requirement for a B.A. must also be satisfied.

Core Courses

| | | |
|----------------|---|---|
| SOC 2001 | Introduction to Organizational Leadership | 3 |
| or INTDSC 2001 | Introduction to Organizational Leadership | |
| SOC 1010 | Introduction to Sociology (MOTR SOCI 101) | 3 |

| | | |
|----------------|--|---|
| COMM 2231 | Communication in the Organization | 3 |
| COMM 2235 | Professional Communication | 3 |
| ENGL 3100 | Junior-Level Writing | 3 |
| or ENGL 3120 | Business Writing | |
| or ENGL 3130 | Technical Writing | |
| INFSYS 1800 | Computers and Information Systems | 3 |
| PHIL 1160 | Critical Thinking (MOTR PHIL 101) | 3 |
| PHIL 2254 | Business Ethics | 3 |
| MGMT 3600 | Management and Organizational Behavior | 3 |
| SOC 4001 | Organizational Leadership Capstone | 3 |
| or INTDSC 4001 | Organizational Leadership Capstone | |

Total Hours **30**

Students Seeking a B.A. in Organizational Leadership must complete one of the following emphasis areas:

- A. Computing and Information Security
- B. Community Studies
- C. Corporate Communication
- D. Criminal Justice
- E. Executive Leadership
- F. Health Communication
- G. Operational Excellence
- H. Social Justice
- I. Individualized Emphasis Area

Specific Requirements for the Emphasis Area

Students must complete at least 9 hours (three courses) of course work from the list below. 9

| | |
|---------------|---------------------------------------|
| SOC 1040 | Social Problems |
| SOC 1241 | Globalization and Social Change |
| SOC 2160 | Sociological Social Psychology |
| SOC 2203 | The City |
| SOC 3501 | Social Mapping for Change |
| SOC/MGMT 3612 | Professional Skills Development |
| SOC 4651 | Dilemmas in Organizational Leadership |

Total Hours Required **9**

Organizational Leadership BA, Computing and Information Security Emphasis

The Organizational Leadership major is designed to provide adult students with the knowledge, skills, and credentials necessary to advance in a rapidly changing workplace. This program will help students understand theoretical and practical aspects of leadership across disciplines, while allowing them to focus on a specific emphasis area that interests them.

This program is for students who have completed at least 60 transferable credit hours at the undergraduate level or have been awarded an A.A. or A.S. degree (or A.A.S. degree with a general education emphasis). Students who do not have previous working experience and substantial transferred credits should consult with an advisor to determine if this program is the correct fit.

| PHIL 1160 | Critical Thinking (MOTR PHIL 101) | 3 |
| PHIL 2254 | Business Ethics | 3 |
| MGMT 3600 | Management and Organizational Behavior | 3 |
| SOC 4001 | Organizational Leadership Capstone | 3 |
| or INTDSC 4001 | Organizational Leadership Capstone | |

Total Hours 30

Students Seeking a B.A. in Organizational Leadership must complete one of the following emphasis areas:

- A. Computing and Information Security
- B. Community Studies
- C. Corporate Communication
- D. Criminal Justice
- E. Executive Leadership
- F. Health Communication

- G. Operational Excellence
- H. Social Justice
- I. Individualized Emphasis Area

Specific Requirements for the Emphasis Area

Students must complete at least 9 hours (three courses) of course work from the elective list below.

| | |
|-------------|---|
| MGMT 3611 | Advanced Management and Organizational Behavior |
| MGMT 3612 | Professional Skills Development |
| or SOC 3612 | Professional Skills Development |
| MGMT 3625 | Leadership in Organizations |
| or SOC 3651 | Social Leadership |
| MGMT 3626 | Diversity Management |
| SOC 4651 | Dilemmas in Organizational Leadership |

Total Hours 9

Organizational Leadership BA, Health Communication Emphasis

The Organizational Leadership major is designed to provide adult students with the knowledge, skills, and credentials necessary to advance in a rapidly changing workplace. This program will help students understand theoretical and practical aspects of leadership across disciplines, while allowing them to focus on a specific emphasis area that interests them.

This program is for students who have completed at least 60 transferable credit hours at the undergraduate level or have been awarded an A.A. or A.S. degree (or A.A.S. degree with a general education emphasis). Students who do not have previous working experience and substantial transferred credits should consult with an advisor to determine if this program is the correct fit.

General Education Requirements

Majors must satisfy the university and college general education requirements (p. 30). The foreign language requirement for a B.A. must also be satisfied.

Core Courses

| | | |
|----------------|---|---|
| SOC 2001 | Introduction to Organizational Leadership | 3 |
| or INTDSC 2001 | Introduction to Organizational Leadership | |
| SOC 1010 | Introduction to Sociology (MOTR SOCI 101) | 3 |
| COMM 2231 | Communication in the Organization | 3 |
| COMM 2235 | Professional Communication | 3 |
| ENGL 3100 | Junior-Level Writing | 3 |
| or ENGL 3120 | Business Writing | |
| or ENGL 3130 | Technical Writing | |
| INFSYS 1800 | Computers and Information Systems | 3 |
| PHIL 1160 | Critical Thinking (MOTR PHIL 101) | 3 |
| PHIL 2254 | Business Ethics | 3 |
| MGMT 3600 | Management and Organizational Behavior | 3 |
| SOC 4001 | Organizational Leadership Capstone | 3 |

| | | |
|--------------------|------------------------------------|-----------|
| or INTDSC 4001 | Organizational Leadership Capstone | |
| Total Hours | | 30 |

Students Seeking a B.A. in Organizational Leadership must complete one of the following emphasis areas:

- A. Computing and Information Security
- B. Community Studies
- C. Corporate Communication
- D. Criminal Justice
- E. Executive Leadership
- F. Health Communication
- G. Operational Excellence
- H. Social Justice
- I. Individualized Emphasis Area

Specific Requirements for the Emphasis Area

| | | |
|--------------------|--|----------|
| COMM 1369 | Introduction to Health Communication | 3 |
| COMM 3150 | Crisis, Disaster, and Risk Communication | 3 |
| COMM 3368 | Advanced Health Communication | 3 |
| Total Hours | | 9 |

Organizational Leadership BA, Individualized Emphasis

The Organizational Leadership major is designed to provide adult students with the knowledge, skills, and credentials necessary to advance in a rapidly changing workplace. This program will help students understand theoretical and practical aspects of leadership across disciplines, while allowing them to focus on a specific emphasis area that interests them.

This program is for students who have completed at least 60 transferable credit hours at the undergraduate level or have been awarded an A.A. or A.S. degree (or A.A.S. degree with a general education emphasis). Students who do not have previous working experience and substantial transferred credits should consult with an advisor to determine if this program is the correct fit.

General Education Requirements

Majors must satisfy the university and college general education requirements (p. 30). The foreign language requirement for a B.A. must also be satisfied.

Core Courses

| | | |
|----------------|---|---|
| SOC 2001 | Introduction to Organizational Leadership | 3 |
| or INTDSC 2001 | Introduction to Organizational Leadership | |
| SOC 1010 | Introduction to Sociology (MOTR SOCI 101) | 3 |
| COMM 2231 | Communication in the Organization | 3 |
| COMM 2235 | Professional Communication | 3 |
| ENGL 3100 | Junior-Level Writing | 3 |
| or ENGL 3120 | Business Writing | |
| or ENGL 3130 | Technical Writing | |
| INFSYS 1800 | Computers and Information Systems | 3 |
| PHIL 1160 | Critical Thinking (MOTR PHIL 101) | 3 |

| | | |
|--------------------|--|-----------|
| PHIL 2254 | Business Ethics | 3 |
| MGMT 3600 | Management and Organizational Behavior | 3 |
| SOC 4001 | Organizational Leadership Capstone | 3 |
| or INTDSC 4001 | Organizational Leadership Capstone | |
| Total Hours | | 30 |

Students Seeking a B.A. in Organizational Leadership must complete one of the following emphasis areas:

- A. Computing and Information Security
- B. Community Studies
- C. Corporate Communication
- D. Criminal Justice
- E. Executive Leadership
- F. Health Communication
- G. Operational Excellence
- H. Social Justice
- I. Individualized Emphasis Area

An individualized emphasis area (9-hour course sequence) can be designed to suit an individual student's personal or professional needs. The courses for this emphasis area must be approved by the program adviser.

Organizational Leadership BA, Operational Excellence Emphasis

The Organizational Leadership major is designed to provide adult students with the knowledge, skills, and credentials necessary to advance in a rapidly changing workplace. This program will help students understand theoretical and practical aspects of leadership across disciplines, while allowing them to focus on a specific emphasis area that interests them.

This program is for students who have completed at least 60 transferable credit hours at the undergraduate level or have been awarded an A.A. or A.S. degree (or A.A.S. degree with a general education emphasis). Students who do not have previous working experience and substantial transferred credits should consult with an advisor to determine if this program is the correct fit.

General Education Requirements

Majors must satisfy the university and college general education requirements (p. 30). The foreign language requirement for a B.A. must also be satisfied.

Core Courses

| | | |
|----------------|---|---|
| SOC 2001 | Introduction to Organizational Leadership | 3 |
| or INTDSC 2001 | Introduction to Organizational Leadership | |
| SOC 1010 | Introduction to Sociology (MOTR SOCI 101) | 3 |

Personal Finance Literacy Education Graduate Certificate

This 12-hour program is designed to prepare high school teachers who teach personal finance. The program is intended to be a year-long program that admits for the Summer semester only.

Certificate Requirements

Summer

| | | |
|-------------|---------------------------------------|---|
| ECON 5052 | Economics for Educators | 3 |
| TCH ED 5500 | Methods for Teaching Personal Finance | 3 |

Fall

| | | |
|-----------|--------------------------------|---|
| ECON 5053 | Personal Finance for Educators | 3 |
|-----------|--------------------------------|---|

Spring

| | | |
|-------------|--|---|
| SEC ED 6416 | Curriculum Design for Educational Programs | 3 |
|-------------|--|---|

| | | |
|--------------------|--|-----------|
| Total Hours | | 12 |
|--------------------|--|-----------|

Learning Outcomes

Upon completion of the program, certificate earners will be able to:

- Communicate personal finance content clearly.
- Use the national financial literacy standards in teaching personal finance.
- Evaluate the quality and usefulness of available personal finance teaching and learning materials.
- Apply strategies for teaching and learning personal finance.

Philosophy BA

Philosophy is about hard questions: Are we free? Is there a God? What is knowledge? What should I do with my life? In addressing these questions, philosophy develops your skills in thinking, analysis, writing, argumentation and critical reading. Studying philosophy makes you more open-minded: you'll encounter the ideas of people that have lived lives very different from yours, and you'll be impressed by them. Philosophy is enormously interesting and rewarding. If anyone ever asks you "why study philosophy" you'll answer "why haven't you started yet?"

The undergraduate major in philosophy requires 30 hours of philosophy coursework. A minimum of 18 hours in Philosophy must be taken from the UMSL Department of Philosophy. Courses above the 3000-level taken elsewhere do not count toward the major. Philosophy majors must complete all required courses (under Course Requirements) with a grade of "C-" or higher and maintain a 2.0 GPA for all their Philosophy coursework.

General Education Requirements

Majors must meet the university and college general education requirements. Candidates for the B.A. degree may take any foreign language to meet the foreign language requirement. Students who double major with a B.A. in Philosophy and a B.S. degree in Biology, Biochemistry and Biotechnology, Chemistry, Computer Science, Mathematics, or Physics may waive the foreign language requirement.

Course Requirements

History of Philosophy

Select one of the following: 3

| | |
|-----------|--|
| PHIL 1110 | Western Philosophy I: Antiquity to the Renaissance |
| PHIL 3301 | Ancient Philosophy |
| PHIL 3302 | Medieval Philosophy |

And one of the following: 3

| | |
|-----------|---|
| PHIL 1111 | Western Philosophy II: Descartes to the Present |
| PHIL 3303 | Early Modern Philosophy |
| PHIL 3304 | 19th and 20th Century Philosophy |

Logic

Select one of the following: 3

| | |
|-----------|-----------------------------------|
| PHIL 1160 | Critical Thinking (MOTR PHIL 101) |
| PHIL 3360 | Formal Logic |

Normative Philosophy

Select one of the following: 3

| | |
|-----------|--------------------------------------|
| PHIL 1030 | Present Moral Problems |
| PHIL 1130 | Approaches to Ethics (MOTR PHIL 102) |
| PHIL 4430 | Social and Political Philosophy |
| PHIL 4435 | Classical Ethical Theory |

PHIL 4438 Recent Ethical Theory

Junior Level Requirement

Select one of the following: 3

Any 3000 level Philosophy course not used to satisfy a requirement above, excluding PHIL 3320

Metaphysics and Epistemology Requirement

Select one of the following: 3

PHIL 3340 Knowledge and Reality

PHIL 4440 Theories of Knowledge

PHIL 4445 Metaphysics

Senior Capstone Requirement 3

Select any 4000 level Philosophy course, excluding PHIL 4458 and PHIL 4465, that has not been used to satisfy a requirement above

Elective Hours 9

Total Hours 30

Departmental Honors

Majors with a 3.2 or higher grade point average in all courses may, with the department's consent, earn departmental honors by:

1. Taking , Introduction to Formal Logic;
2. Completing at least 3 hours of PHIL 4450, Special Readings in Philosophy;
3. Submitting an acceptable thesis before the end of the senior year.

Learning Outcomes

Upon completion of the program, graduates will be able to:

- Recall a broad range of philosophers and philosophies in both western and non-western traditions and understand their interrelations and historical significance
- Demonstrate an ability to read and engage critically with historical and contemporary philosophical texts
- Demonstrate an ability to apply the distinctive methods of philosophy by reconstructing philosophical arguments and deliberating rationally over their merits
- Understand fundamental moral theories and demonstrate an ability to apply them to ethical problems and practical pursuits
- Demonstrate competence with formal reasoning tools such as syllogistic logic, propositional logic, quantificational logic, or probability theory and show an ability to apply those to tools in philosophical and everyday contexts
- Apply philosophical concepts, analytical skills, and critical thinking to disciplines and issues outside of philosophy
- Create and defend their own philosophical views, both by writing in a clear and persuasive style and in oral discussion with other students, faculty and members of the community
- Apply research skills, including an ability to work with primary and secondary literature, in writing argumentative philosophical papers in a chosen area of advanced study

Sample Four Year Plan

| First Year | | | |

Philosophy MA

Admission Requirements

Applicants must meet the general graduate admission requirements of the Graduate School, described in the UMSL Bulletin. Students are considered for admission to the graduate program in Philosophy only after they have formally applied for admission through the Graduate School. Applications are completed on-line. In addition to the application students must also submit:

- Transcripts of undergraduate study.
- Writing sample, preferably around 15 pages.
- Three letters of recommendation.
- Personal statement explaining one's interest in the program.
- GRE scores (strongly recommended although not required).

Degree Requirements

To earn a M.A. in philosophy, students must complete at least 30 hours of graduate-level course work. In addition, students must write a thesis, for which they must take three to six credit hours of Thesis Research. Entering students must demonstrate a competence in logic, either by having passed the relevant course prior to admission or by taking

PHIL 5561: Graduate Formal Logic here at UMSL. Students should take PHIL 5400: Proseminar in Philosophy in the first year of residency. At least two-thirds of the course work must be completed in residence at UMSL. In addition, the courses taken are subject to two distribution requirements:

1. At least half of the courses must be at the 5000 level.
2. Two courses (6 credit hours) must be chosen from each of the following four subject areas:
 - Value Theory
 - History of Philosophy
 - Logic/Philosophy of Science
 - Epistemology/Metaphysics

Cooperative arrangement with Saint Louis University

The strengths of the UMSL Department of Philosophy are complemented by those of the Saint Louis University Philosophy Department, which has strengths in the history of philosophy as well as in philosophy of religion. To enhance students' opportunities for instruction and expertise, the two departments have worked out a cooperative arrangement that permits graduate philosophy students on each campus to take up to four courses at the partner institution. In any given semester, UMSL graduate students must take at least half of their courses at their home institution. Students admitted to the M.A. program on a probationary basis must take all their courses at UMSL during their first semester.

Expected Learning Outcomes

- Acquire advanced knowledge of traditional philosophical issues in the western tradition.
- Develop critical thinking skills based on knowledge of the standards governing logical reasoning.
- Acquire familiarity with philosophical issues that arise in some other disciplines (e.g. biology, art, education, etc.).
- Acquire a basic understanding of ethical principles and their role in resolving ethical disputes.
- Acquire the knowledge and skills required to write a paper identifying a philosophical issue and presenting arguments supporting a thesis for resolving it.

Philosophy MA Accelerated Master's Degree

The Accelerated MA Program in Philosophy provides an opportunity for students of recognized academic ability and educational maturity to fulfill integrated requirements of undergraduate and master's degree programs in three years from the beginning of their junior year. Students will be awarded the BA degree as soon as they satisfy the BA requirements, and will be awarded the MA degree when they satisfy the MA requirements. With a carefully designed program, a student can earn both degrees within as few as ten semesters.

Admission Requirements

Students should apply to the MA Program Director for admission to the Accelerated MA Program in Philosophy the semester they will complete 60 undergraduate credit hours or as soon thereafter as possible. It is also recommended that students complete the foreign language requirement and the junior-level writing requirement before applying. A cumulative

grade point average of 3.0 or higher and three letters of recommendation from faculty are required for consideration.

In their final semester in undergraduate status, and with the recommendation of the MA Program Director, students apply for admission to the graduate program. Students must maintain a grade point average of 3.0 or higher throughout the Accelerated MA Program.

Program Requirements

The combined program requires a minimum of 138 credit hours. Students accepted to the Accelerated MA degree program will be permitted to count up to 12 credit hours at the 4000-level or higher toward both the BA and MA degrees. The remaining 18 credit hours must be at the 5000 level.

In qualifying for the B.A., students must meet all university and college requirements, including all the requirements of the regular undergraduate major in philosophy. In qualifying for the M.A., students must meet all the requirements of the regular M.A. in philosophy except that they can count PHIL 5495 – Thesis Hours towards their distribution requirements.

Junior Year

Students will normally satisfy their History of Philosophy, Junior Level, and Logic requirements (the latter usually by taking PHIL 3360: Formal Logic), along with electives. Any courses still needed to satisfy college foreign language and expository writing requirements would also be taken during this year.

Senior Year Courses – 12 credits toward the BA and MA degree:

- Senior Capstone Requirement (3 credits)
- Any three 4000-level Philosophy course (9 credits)

Final Year Courses - 18 credits toward the MA degree only:

FALL (9 credits)

- Proseminar (3 credits)
- Any two 5000-level Philosophy courses (6 credits)

SPRING (9 credits)

- PHIL 5495 – Thesis Hours (3 credits)
- Any two 5000-level Philosophy courses (6 credits)

Awarding Degrees

The student may apply for and receive the bachelor's degree in the semester when all the undergraduate requirements are completed. In their final semester in undergraduate status, the student must apply and be admitted to the graduate program, to begin the following semester. The student will apply to receive the master's degree in the semester that the requirements for the graduate degree will be completed.

If the student fails to enroll for more than one year after receiving the bachelor's degree, the student can still earn the master's degree, but the graduate-level credits earned as an undergraduate cannot be used for the graduate degree.

Philosophy Minor

Requirements

The undergraduate minor in philosophy requires any five philosophy courses, at least three of which must be taken at the 3000 level or higher. Students with particular interests are encouraged to use the tracks above to organize their minor. At least 6 hours of course work for the minor at the 2000 level or higher must be taken in residence in the UMSL Department of Philosophy.

A GPA of 2.0 or better is required in courses presented for the minor. Prospective minors are encouraged to consult with members of the department for advice in planning an appropriate sequence of courses.

Learning Outcomes

An ideal graduate with a Minor in Philosophy will:

- Be familiar with a range of philosophers and philosophies and understand their interrelations and historical significance.
- Demonstrate an ability to read and engage critically with historical and contemporary philosophical texts
- Demonstrate an ability to apply the distinctive methods of philosophy by reconstructing philosophical arguments and deliberating rationally over their merits
- Apply conceptual understanding and critical thinking in writing argumentative essay in a clear and persuasive style in some chosen area of advanced study

Philosophy of Science and Technology Minor

The Minor in Philosophy of Science and Technology (PST) is an interdisciplinary program requiring a minimum of 18 credits in PST.

All required courses must be completed with a "C" or higher. The satisfactory/unsatisfactory option may not be used. No transfer courses may be used towards the PST Minor. A minimum of 12 hours must be taken at 2000 and above with 9 of those hours being at 3000 or above. Courses in the upper division may satisfy requirements for the student's major, consistently with the major's requirements.

Requirements

Math

| | | |
|---|---|---|
| Select one of the following courses in either statistics or calculus: | | 3 |
| BIOL 4122 | Biostatistics | |
| ECON 3100 | Economic Data and Statistics | |
| MATH 1320 | Introduction to Probability and Statistics | |
| MATH 1800 | Analytic Geometry and Calculus I | |
| PSYCH 2201 | Psychological Statistics | |
| SOC 3220 | Quantitative Data Analysis in Social Science Research | |

Logic and Methodology

| | | |
|---|------------------------------------|-----|
| Select one of the following courses in either logic or methodology: | | 3-4 |
| ANTHRO 4310 | Laboratory Methods in Archaeology | |
| HIST 3199 | Introduction to Historical Inquiry | |
| PHIL 3360 | Formal Logic | |

| | | |
|---|---|--------------|
| PHIL 4460 | Topics in Logic | |
| PSYCH 2219 | Research Methods in Psychological Science | |
| SOC 3230 | Social Research Methods | |
| Philosophy | | |
| PHIL 3380 | Philosophy of Science | 3 |
| Select one of the following in the philosophy of science and technology: | | 3 |
| PHIL 2280 | Minds, Brains, and Machines | |
| PHIL 3380 | Philosophy of Science | |
| PHIL 4452 | | |
| PHIL 4479 | Philosophy of Cognitive Science | |
| PHIL 4480 | Topics in Philosophy of Science | |
| PHIL 4482 | | |
| PHIL 4483 | | |
| Science | | |
| Select 6 credit in the mathematical, physical, life, behavioral, or social sciences. ¹ | | 6 |
| Total Hours | | 18-19 |

¹ The science courses must be in addition to those satisfying the Gen Ed requirements and conditional upon their acceptance by the PST undergraduate advisor.

Prerequisites

Some courses required by the Minor in PST have prerequisites. Some students may satisfy prerequisites by virtue of their prior curriculum. When this is not the case, students are responsible for either satisfying the prerequisites by adding courses to their curriculum or obtaining a waiver from the instructor.

Physical Education BSEd PK-12 Emphasis

Through this degree teacher candidates are prepared to effectively teach health and physical education in K-12 settings. The requirements are listed below.

Degree Requirements

B.S.Ed. degree candidates must complete the following General Education courses required by the College of Education and the Missouri Department of Elementary and Secondary Education.

General Education and University Requirements:

CORE AREAS:

| | | |
|--|--|--|
| First Year Writing | | |
| ENGL 1100 | First-Year Writing (MOTR ENGL 200) | |
| or HIST 1111 | | |
| Math Proficiency (requirement varies by program) | | |
| MATH 1030 | College Algebra (MOTR MATH 130) | |
| or MATH 1020 | Contemporary Mathematics (MOTR MATH 120) | |

| | | |
|---|---|--|
| or MATH 1021 | Choice and Chance | |
| or MATH 1025 | Geometry in the Real World | |
| or MATH 1045 | PreCalculus (MOTR MATH 150) | |
| Communication Proficiency | | |
| EDUC 2222 | Interpretation: Connecting Audiences and Meaning | |
| or COMM 1040 | Introduction to Public Speaking (MOTR COMM 110) | |
| Information Literacy | | |
| ED TECH 2230 | Information Literacy | |
| American History or Government | | |
| HIST 1001 | American Civilization to 1865 (MOTR HIST 101) | |
| or HIST 1002 | American Civilization 1865 to Present (MOTR HIST 102) | |
| EXPLORE AREAS: | | |
| Humanities and Fine Arts | | |
| Three courses from two of the following fields: art, foreign language, music (excluding applied music), philosophy, theater, dance, and literature. | | |
| Social Science | | |
| ED PSY 2212 | Child and Adolescent Development | |
| POL SCI 1100 | Introduction to American Politics (MOTR POSC 101) | |
| One additional 1000-2000 level course in Social Science Explore Area | | |
| Math and Life/Natural Sciences | | |
| BIOL 1012 | General Biology: The Science of Life (MOTR BIOL 100) | |
| PHYSICS 1001 | | |
| One additional 1000-2000 level course in Math and Life/Natural Sciences Explore Area | | |
| ADDITIONAL UNIVERSITY REQUIREMENT | | |
| ENGL 3100 | Junior-Level Writing | |

Program Requirements

Beginning with those students graduating in May, 2017 and receiving teacher certification, the Missouri Department of Elementary and Secondary Education requires a 3.0 GPA in professional education courses, a 3.0 GPA in the teaching content field, and a 2.75 overall GPA.

Professional Education courses must be completed with a grade of C or better (a grade of C- or below is unacceptable).

Students must pass the required DESE certification assessments to receive the B.S.Ed. degree.

B.S.Ed. and B.A. degrees with certification candidates must complete the following:

| | | |
|---|--|---|
| Introduction to Education | | |
| TCH ED 1000 | Building Community, Culture, and Learning in Education | 1 |
| TCH ED 1001 | Early Clinical Experience: Community Agency | 1 |
| Level I: Exploring Education as a Profession | | |
| TCH ED 2000 | Becoming a Professional Educator | 1 |

| | | |
|---|--|---|

Total Hours **89**

Minimum 124 hours

Learning Outcomes

Upon completion of the program, graduates will be able to:

- Demonstrate professionalism through (a) reflective practice for professional growth, (b) effective communication and collaboration, and (c) commitment to upholding ethical and professional standards.
- Evaluate, design, and implement curriculum, instruction, and assessment that apply advanced understanding of (a) content and pedagogical knowledge, (b) learning science principles, and (c) equitable frameworks and inclusive practices.
- Integrate technologies to create meaningful student learning in the context of a (a) digital and (b) global society.
- Design and implement a supportive, inclusive, and culturally responsive classroom environment that nurtures the intellectual, social, and emotional development of all students.
- Partner with families and communities to develop relationships and build networks of support to enhance student learning and well-being.

Sample Four Year Plan

First Year

| Fall | Hours | Spring | Hours |
|------------------------------------|-------|--------------------------------------|-------|
| ENGL 1100 | | 3 BIOL 1012 | 3 |
| HIST 1001 or 1002 | | 3 COMM 1040 | 3 |

| Total Hours: 130 | |

¹ Course should also satisfy the Cultural Diversity Requirement

PLEASE NOTE: This plan is an example of what a four year plan could look like for a typical student. Placement exam scores in math as well as the completion of coursework may change the plan. It should not be used in the place of regular academic advising appointments. All students are encouraged to meet with their advisor. All requirements are subject to change.

Physics BA

Physicists investigate fundamental nature of the forces and particles, and the resultant states of matter, that make up the physical world. The Department of Physics and Astronomy at UMSL provides undergraduates with a broad-based education in the fundamental concepts of physics and the experimental and theoretical skills essential to practicing scientists. The BA degree offers students an opportunity to combine the rigorous study of physics with additional studies of languages and the liberal arts. This degree is an ideal preparation for a career that combines science with other fields, such as science journalism, science policy, or patent law.

General Education Requirements

Majors must complete the university and college general education requirements (p. 30). Any of the following courses may be used to satisfy the physical science requirement:

| | | |
|---------------|---|---|
| ASTRON 1001 | Cosmic Evolution Introductory Astronomy (MOTR ASTR 100) | 3 |
| ASTRON 1011 | Planets and Life in the Universe | 3 |
| ASTRON 1012 | The Violent Universe and the New Astronomy | 3 |
| ASTRON 1050 | Introduction to Astronomy I (MOTR ASTR 100) | 3 |
| ASTRON 1051 | Introduction to Astronomy II | 3 |
| ATM SCI 1001 | Elementary Meteorology | 3 |
| GEOL 1001 | General Geology | 3 |
| GEOL 1002 | Historical Geology | 3 |
| PHYSICS 1001 | How Things Work (MOTR PHYS 100) | 3 |
| PHYSICS 1011 | Basic Physics I | 3 |
| PHYSICS 1011L | Basic Physics I Laboratory | 1 |
| PHYSICS 1012 | Basic Physics II | 3 |
| PHYSICS 1012L | Basic Physics II Laboratory | 1 |
| PHYSICS 2111 | Physics: Mechanics and Heat | 4 |
| PHYSICS 2112 | Physics: Electricity, Magnetism, and Optics | 4 |

Degree Requirements

All physics majors in all programs must complete the physics core curriculum with the exception that majors pursuing the Physics Education option are not required to take PHYSICS 1099 and CMP SCI 1250. In addition to the core courses, each individual program has its own specific requirements. Required Physics, Mathematics, Chemistry, Biology, and

Computer Science courses for a major or minor in physics may not be taken on a satisfactory/unsatisfactory grading basis.

Core Curriculum

| | | |
|---|---|-----------|
| The following physics courses are required: | | 23 |
| PHYSICS 1099 | Windows on Physics | |
| PHYSICS 2111 | Physics: Mechanics and Heat | |
| PHYSICS 2111L | Mechanics and Heat Laboratory | |
| PHYSICS 2112 | Physics: Electricity, Magnetism, and Optics | |
| PHYSICS 2112L | Electricity, Magnetism, and Optics Laboratory | |
| PHYSICS 3200 | Mathematical Methods of Theoretical Physics | |
| PHYSICS 3221 | Mechanics | |
| PHYSICS 3223 | Electricity and Magnetism | |
| PHYSICS 3231 | Introduction to Modern Physics I | |
| Also required are: | | 26 |
| MATH 1800 | Analytic Geometry and Calculus I | |
| MATH 1900 | Analytic Geometry and Calculus II | |
| MATH 2000 | Analytic Geometry and Calculus III | |
| MATH 2020 | Introduction to Differential Equations | |
| CHEM 1111 | Introductory Chemistry I (MOTR CHEM 150L) | |
| CMP SCI 1250 | Introduction to Computing | |
| Total Hours | | 49 |

Note: Students are urged to begin the calculus sequence [MATH 1800, Analytic Geometry and Calculus I] as soon as possible to avoid delays in graduation.

Students with experience in digital computer programming may be excused from CMP SCI 1250.

Bachelor of Arts in Physics

The B.A. program is tailored to students wishing to preserve the option for specialization in graduate school without sacrificing the advantages of a liberal arts education. In addition to the core curriculum, including the foreign language requirement, at least three electives at the 3000 or 4000 levels must be completed. It is recommended that at least one of these three electives include ASTRON 4322, PHYSICS 4311, or PHYSICS 4347 for the required capstone course. The Department of Physics and Astronomy will accept the three-course sequence in American Sign Language as a substitution for the foreign language requirement for the degree. At least 31 hours of physics courses, but no more than 45 hours, are required.

Program Purpose

The purpose of the B.A. in Physics program at the University of Missouri at St. Louis is to prepare students for a professional career and/or graduate or professional studies in a field that combines the physical sciences with aspects of the humanities or other professions, such as science advocacy, science policy, patent law, or science journalism.

Learning Outcomes

- Students will be able to demonstrate an of basic physics concepts including classical mechanics, electricity and magnetism, and modern physics
- Students will demonstrate proficiency in a foreign language
- Students will be able to demonstrate an understanding several advanced undergraduate areas of physics/astronomy, such as observational astrophysics, biophysics, quantum mechanics, or experimental design
- Students will be skilled in problem-solving, critical thinking and analytical reasoning as applied to scientific problems
- Students will be proficient in both written and oral communication of the results of scientific work
- Students will have the skills necessary for conducting original scientific research as part of an interdisciplinary problem-solving team
- Students will have the skills necessary to identify possible errors in scientific data, and to assess the significance of observed results

Sample Four Year Plan

First Year

| Fall | Hours | Spring | Hours |
|--------------------------|-------|-------------------------|-------|
| INTDSC 1003 ¹ | | 1 CHEM 1111 | 5 |

| Elective or minor | | 1-3 Elective or minor | 3 |
| | 13-15 | | 15 |

Total Hours: 120-122

¹ INTDSC 1003 is required only for first-time freshmen and transfer students with less than 24 college credits.

Please Note: This plan is an example of what a four year plan could look like for a typical student. Placement exam scores in math as well as the completion of coursework may change the plan. It should not be used in the place of regular academic advising appointments. All students are encouraged to meet with their advisor each semester. All requirements are subject to change.

B.S. Ed. in Secondary Education with Emphasis in Physics

The B.S. Ed. is a professional education degree designed for students who wish to pursue a teaching career in secondary schools. Much of the discipline-specific coursework parallels the B.A. or B.S. degree in the discipline; however, the Missouri Department of Elementary and Secondary Education (DESE) requires specific coursework for teacher certification. Therefore, students interested in the B.S. Ed. should contact the advising office (OASIS) 314-516-5937 in the College of Education for discipline-specific requirements. *Note: To obtain teaching certification, DESE requires a 3.0 GPA in the discipline and professional education coursework, as well as a 2.75 GPA overall.*

B.A. or B.S. in Physics with Master's Level Coursework for Secondary Teacher Certification

In addition to the B.S. Ed., students may opt to complete a B.A. or B.S. degree in their discipline as an undergraduate, followed by admission to the Graduate School for Master's level teaching certification. The College of Education has a one-year accelerated program for post-graduate certification called Teach in 12, or students can choose a traditional path to certification. Graduate coursework for certification can apply towards a Master's Degree in Secondary Education, with additional coursework. Students interested in Master's Level teacher certification should contact the advising office (OASIS) 314-516-5937 in the College of Education. *Note: To obtain teaching certification, DESE requires a 3.0 GPA in the discipline and professional education coursework, as well as a 2.75 GPA overall.*

Physics BS, Astrophysics Emphasis

The study of astrophysics aims to understand the universe and everything within it in terms of the fundamental nature of forces and particles. The Department of Physics and Astronomy at UMSL is devoted to providing undergraduates with a broad-based education in astrophysics with the experimental, observational, and theoretical skills essential to practicing astronomers and astrophysicists. Undergraduate education in astrophysics prepares students for both graduate study and professional careers in astronomy, atmospheric science, image processing, cosmology, and instrumentation.

General Education Requirements

Majors must complete the university and college general education requirements (p. 30). Any of the following courses may be used to satisfy the physical science requirement:

| | | |
|---------------|---|---|
| ASTRON 1001 | Cosmic Evolution Introductory Astronomy (MOTR ASTR 100) | 3 |
| ASTRON 1011 | Planets and Life in the Universe | 3 |
| ASTRON 1012 | The Violent Universe and the New Astronomy | 3 |
| ASTRON 1050 | Introduction to Astronomy I (MOTR ASTR 100) | 3 |
| ASTRON 1051 | Introduction to Astronomy II | 3 |
| ATM SCI 1001 | Elementary Meteorology | 3 |
| GEOL 1001 | General Geology | 3 |
| GEOL 1002 | Historical Geology | 3 |
| PHYSICS 1001 | How Things Work (MOTR PHYS 100) | 3 |
| PHYSICS 1011 | Basic Physics I | 3 |
| PHYSICS 1011L | Basic Physics I Laboratory | 1 |
| PHYSICS 1012 | Basic Physics II | 3 |
| PHYSICS 1012L | Basic Physics II Laboratory | 1 |
| PHYSICS 2111 | Physics: Mechanics and Heat | 4 |
| PHYSICS 2112 | Physics: Electricity, Magnetism, and Optics | 4 |

Degree Requirements

All physics majors in all programs must complete the physics core curriculum with the exception that majors pursuing the Physics Education option are not required to take PHYSICS 1099 and CMP SCI 1250. In addition to the core courses, each individual program has its own specific requirements. Required Physics, Mathematics, Chemistry, Biology, and Computer Science courses for a major or minor in physics may not be taken on a satisfactory/unsatisfactory grading basis.

Core Curriculum

The following physics courses are required: 23

| | |
|---------------|---|
| PHYSICS 1099 | Windows on Physics |
| PHYSICS 2111 | Physics: Mechanics and Heat |
| PHYSICS 2111L | Mechanics and Heat Laboratory |
| PHYSICS 2112 | Physics: Electricity, Magnetism, and Optics |
| PHYSICS 2112L | Electricity, Magnetism, and Optics Laboratory |
| PHYSICS 3200 | Mathematical Methods of Theoretical Physics |
| PHYSICS 3221 | Mechanics |
| PHYSICS 3223 | Electricity and Magnetism |
| PHYSICS 3231 | Introduction to Modern Physics I |

Also required are: 26

| | |
|--------------|---|
| MATH 1800 | Analytic Geometry and Calculus I |
| MATH 1900 | Analytic Geometry and Calculus II |
| MATH 2000 | Analytic Geometry and Calculus III |
| MATH 2020 | Introduction to Differential Equations |
| CHEM 1111 | Introductory Chemistry I (MOTR CHEM 150L) |
| CMP SCI 1250 | Introduction to Computing |

Total Hours 49

Note: Students are urged to begin the calculus sequence [MATH 1800, Analytic Geometry and Calculus I] as soon as possible to avoid delays in graduation.

Students with experience in digital computer programming may be excused from CMP SCI 1250.

Astrophysics Option

Students who have interests in the aerospace sciences or anticipate graduate studies in astrophysics may elect this option. At least 48 hours must be taken. In addition to the core curriculum, the following physics courses are required:

Physics

| | | |
|--------------|---------------------------------|---|
| PHYSICS 4323 | Modern Optics | 3 |
| PHYSICS 4331 | Intro to Quantum Mechanics | 3 |
| PHYSICS 4341 | Thermal and Statistical Physics | 3 |
| PHYSICS 4350 | Computational Physics | 3 |

Astronomy

| | | |
|--|---|---|
| ASTRON 1050 | Introduction to Astronomy I (MOTR ASTR 100) | 3 |
| ASTRON 1051 | Introduction to Astronomy II | 3 |
| ASTRON 4301 | Astrophysics | 3 |
| ASTRON 4322 | Observational Astronomy | 4 |
| Select one physics elective at or above the 4000 level. ¹ | | 3 |

Mathematics

| | | |
|-----------|---------------------------|---|
| MATH 2450 | Elementary Linear Algebra | 3 |
|-----------|---------------------------|---|

Total Hours 31

¹ With consent of the astronomy adviser, there may be substitution of ASTRON 1001, ASTRON 1011 or ASTRON 1012 for ASTRON 1050 or ASTRON 1051.

Program Purpose

The purpose of the B.S. in Physics (Astrophysics Option) program at the University of Missouri at St. Louis is to prepare students for a professional career in astrophysics or a related field, or for graduate studies in astrophysics.

Learning Outcomes

- Students will be able to demonstrate an understanding of basic physics concepts including classical mechanics, electricity and magnetism, thermal and statistical physics, modern optics, and quantum mechanics
- Students will be able to demonstrate an understanding of basic principles and concepts of modern astrophysics and observational astronomy
- Students will be able to perform astronomical observations, reduce and critically interpret their data
- Students will be skilled in problem-solving, critical thinking and analytical reasoning as applied to scientific problems
- Students will be proficient in both written and oral communication of the results of scientific work
- Students will have the skills necessary for conducting original scientific research as part of a problem-solving team

- Students will have the skills necessary to identify possible errors in scientific data, and to assess the significance of observed results

| PHYSICS 3223 | Electricity and Magnetism |
| PHYSICS 3231 | Introduction to Modern Physics I |
| Also required are: | 26 |
| MATH 1800 | Analytic Geometry and Calculus I |
| MATH 1900 | Analytic Geometry and Calculus II |
| MATH 2000 | Analytic Geometry and Calculus III |

| | |
|--------------------|---|
| MATH 2020 | Introduction to Differential Equations |
| CHEM 1111 | Introductory Chemistry I (MOTR CHEM 150L) |
| CMP SCI 1250 | Introduction to Computing |
| Total Hours | 49 |

Note: Students are urged to begin the calculus sequence [MATH 1800, Analytic Geometry and Calculus I] as soon as possible to avoid delays in graduation.

Students with experience in digital computer programming may be excused from CMP SCI 1250.

Biophysics Option

This option is designed for students who are interested in careers in various medical fields or biophysics. This option provides a strong preparation in physics, mathematics, chemistry, and biology for students who intend to apply for admission to medical schools. At least 41 hours of physics and biology combined, but no more than 51, are required. In addition to the core curriculum, the following physics and biology courses are required:

Physics

| | | |
|--|----------------------------|---|
| PHYSICS 4310 | Modern Electronics | 3 |
| PHYSICS 4347 | Introduction to Biophysics | 3 |
| Select two additional physics electives at the 4000 level. | | 6 |

Biology

| | | |
|---------------------------|--|---|
| BIOL 1831 | Introductory Biology: From Molecules to Organisms (MOTR BIOL 150L) | 5 |
| BIOL 1821 | Introductory Biology: Organisms and the Environment (MOTR BIOL 150L) | 5 |
| BIOL 4732 or CHEM 4712 | Principles of Biochemistry Biochemistry | 3 |
| BIOL 4713 | Techniques in Biochemistry | 2 |

Chemistry

| | | |
|--------------------|---------------------------|-----------|
| CHEM 1121 | Introductory Chemistry II | 5 |
| CHEM 2612 | Organic Chemistry I | 3 |
| Total Hours | | 35 |

Program Purpose

The purpose of the B.S. in Physics (Biophysics Emphasis) program at the University of Missouri at St. Louis is to prepare students for a professional career in biophysics, biological physics, or a related interdisciplinary field, for graduate studies in in biophysics, biological physics, or a related interdisciplinary field, for training as a medical physicist, or for professional training such as medical school.

Learning Outcomes

- Students will be able to demonstrate a solid understanding of basic physics concepts including classical mechanics, electricity and magnetism, thermal and statistical physics, modern electronics, and quantum mechanics
- Students will have an understanding of basic biological concepts, from organ systems to biochemistry

- Students will have an understanding of the basic concepts of biophysics, and the various areas of interdisciplinary science where biophysics concepts and techniques are applicable
- Students will be skilled in problem-solving, critical thinking and analytical reasoning as applied to scientific problems
- Students will be proficient in both written and oral communication of the results of scientific work
- Students will have the skills necessary for conducting original scientific research as part of an interdisciplinary problem-solving team
- Students will have the skills necessary to identify possible errors in scientific data, and to assess the significance of observed results

¹ INTDSC 1003 is required only for first-time freshmen and transfer students with less than 24 college credits.

Please Note: This plan is an example of what a four year plan could look like for a typical student. Placement exam scores in math as well as the completion of coursework may change the plan. It should not be used in the place of regular academic advising appointments. All students are encouraged to meet with their advisor each semester. All requirements are subject to change.

Physics BS, Engineering Physics Emphasis

Physicists strive to understand the fundamental nature of the forces and particles, and the resultant states of matter, that make up the physical world. Our Engineering Physics degree provides a grounding in this approach with an added emphasis on practical applications. The Department of Physics and Astronomy at UMSL provides a broad-based education in the fundamental concepts of engineering physics, with the experimental and theoretical skills essential to practicing scientists. Undergraduate education in physics prepares students for both graduate study and a wide variety of professional careers in fields such as applied physics and engineering.

General Education Requirements

Majors must complete the university and college general education requirements (p. 30). Any of the following courses may be used to satisfy the physical science requirement:

| | | |
|---------------|---|---|
| ASTRON 1001 | Cosmic Evolution Introductory Astronomy (MOTR ASTR 100) | 3 |
| ASTRON 1011 | Planets and Life in the Universe | 3 |
| ASTRON 1012 | The Violent Universe and the New Astronomy | 3 |
| ASTRON 1050 | Introduction to Astronomy I (MOTR ASTR 100) | 3 |
| ASTRON 1051 | Introduction to Astronomy II | 3 |
| ATM SCI 1001 | Elementary Meteorology | 3 |
| GEOL 1001 | General Geology | 3 |
| GEOL 1002 | Historical Geology | 3 |
| PHYSICS 1001 | How Things Work (MOTR PHYS 100) | 3 |
| PHYSICS 1011 | Basic Physics I | 3 |
| PHYSICS 1011L | Basic Physics I Laboratory | 1 |
| PHYSICS 1012 | Basic Physics II | 3 |
| PHYSICS 1012L | Basic Physics II Laboratory | 1 |
| PHYSICS 2111 | Physics: Mechanics and Heat | 4 |
| PHYSICS 2112 | Physics: Electricity, Magnetism, and Optics | 4 |

Degree Requirements

All physics majors in all programs must complete the physics core curriculum with the exception that majors pursuing the Physics Education option are not required to take PHYSICS 1099 and CMP SCI 1250. In addition to the core courses, each individual program has its own specific requirements. Required Physics, Mathematics, Chemistry, Biology, and Computer Science courses for a major or minor in physics may not be taken on a satisfactory/unsatisfactory grading basis.

Core Curriculum

| | | |
|---|---|----|
| The following physics courses are required: | | 23 |
| PHYSICS 1099 | Windows on Physics | |
| PHYSICS 2111 | Physics: Mechanics and Heat | |
| PHYSICS 2111L | Mechanics and Heat Laboratory | |
| PHYSICS 2112 | Physics: Electricity, Magnetism, and Optics | |

| | | |
|--------------------|---|-----------|
| PHYSICS 2112L | Electricity, Magnetism, and Optics Laboratory | |
| PHYSICS 3200 | Mathematical Methods of Theoretical Physics | |
| PHYSICS 3221 | Mechanics | |
| PHYSICS 3223 | Electricity and Magnetism | |
| PHYSICS 3231 | Introduction to Modern Physics I | |
| Also required are: | | 26 |
| MATH 1800 | Analytic Geometry and Calculus I | |
| MATH 1900 | Analytic Geometry and Calculus II | |
| MATH 2000 | Analytic Geometry and Calculus III | |
| MATH 2020 | Introduction to Differential Equations | |
| CHEM 1111 | Introductory Chemistry I (MOTR CHEM 150L) | |
| CMP SCI 1250 | Introduction to Computing | |
| Total Hours | | 49 |

Note: Students are urged to begin the calculus sequence [MATH 1800, Analytic Geometry and Calculus I] as soon as possible to avoid delays in graduation.

Students with experience in digital computer programming may be excused from CMP SCI 1250.

Engineering Physics Option

Students interested in careers in the research and development field of industry should consider this option. This program exposes the student to a basic engineering curriculum, as well as to areas of physics with industrial applications, such as electronics, modern optics, and linear analysis. At least 49 hours, but no more than 51, are required. In addition to the core curriculum, the following courses are required:

Joint Engineering

| | | |
|-----------|----------|---|
| ENGR 2310 | Statics | 3 |
| ENGR 2320 | Dynamics | 3 |

Joint Electrical Engineering

| | | |
|---------------|-------------------------------------|---|
| J E ENGR 2300 | Introduction to Electrical Networks | 3 |
|---------------|-------------------------------------|---|

Physics

| | | |
|--------------|---------------------------------|---|
| PHYSICS 4310 | Modern Electronics | 3 |
| PHYSICS 4311 | Advanced Physics Laboratory I | 3 |
| PHYSICS 4323 | Modern Optics | 3 |
| PHYSICS 4331 | Intro to Quantum Mechanics | 3 |
| PHYSICS 4341 | Thermal and Statistical Physics | 3 |

Mathematics

| | | |
|-----------|--|---|
| MATH 1320 | Introduction to Probability and Statistics | 3 |
| MATH 2450 | Elementary Linear Algebra | 3 |

Select one elective in mathematics at or above the 3000 level, or in a computer science at or above the 2000 level.

| | | |
|--------------------|--|-----------|
| Total Hours | | 33 |
|--------------------|--|-----------|

Program Purpose

The purpose of the B.S. in Physics (Engineering Physics Emphasis) program at the University of Missouri at St. Louis is to prepare students for a professional career in engineering, physics, or applied physics, or for graduate studies in engineering physics or a related field.

Learning Outcomes

- Students will be able to demonstrate an understanding of basic physics concepts including classical mechanics, electricity and magnetism, thermal and statistical physics, quantum mechanics, and modern electronics
- Students will be able to design and perform basic physics experiments, assess the significance of their results, and interpret the observed outcome
- Students will be able to demonstrate an understanding of statics, dynamics, and electrical networks
- Students will be skilled in problem-solving, critical thinking and analytical reasoning as applied to scientific problems
- Students will be proficient in both written and oral communication of the results of scientific work
- Students will have the skills necessary for conducting original scientific research as part of a problem-solving team
- Students will have the skills necessary to identify possible errors in scientific data, and to assess the significance of observed results

Sample Four Year Plan

First Year

| Fall | Hours | Spring | Hours |
|--------------|-------|------------------------------------|-------|
| INTDSC 1003 | | 1 MATH 1800 | 5 |
| PHYSICS 1099 | | 1 CMP SCI 1250 | 3 |

|---------------------------|-------|--|-------|
| PHYSICS 4310 | | 3 PHYSICS 4311 | 3 |
| PHYSICS 4323 | | 3 CMP SCI 2XXX Computer Science course or MATH 3XXX Mathematics course | 3 |
| PHYSICS 4331 | | 3 EXPLORE - Humanities and Fine Arts | 3 |
| ENGL 3160 | | 3 EXPLORE - Humanities and Fine Arts | 3 |
| EXPLORE - Social Sciences | | 3 EXPLORE - Social Sciences | 3 |
| | 15 | | 15 |

Total Hours: 121

¹ INTDSC 1003 is required only for first-time freshmen and transfer students with less than 24 college credits.

² One of these General Education courses must also fulfill the Cultural Diversity requirement.

Please Note: This plan is an example of what a four year plan could look like for a typical student. Placement exam scores in math as well as the completion of coursework may change the plan. It should not be used in the place of regular academic advising appointments. All students are encouraged to meet with their advisor each semester. All requirements are subject to change.

Physics BS, General Physics Emphasis

Physicists investigate the fundamental nature of the forces and particles, and the resultant states of matter, that make up the physical world. The Department of Physics and Astronomy at UMSL is devoted to providing undergraduates with a broad-based education in the fundamental concepts of physics and with the experimental and theoretical skills essential to practicing scientists. Undergraduate education in physics prepares students for both graduate study and a wide variety of professional careers.

General Education Requirements

Majors must complete the university and college general education requirements (p. 30). Any of the following courses may be used to satisfy the physical science requirement:

| | | |
|---------------|---|---|
| ASTRON 1001 | Cosmic Evolution Introductory Astronomy (MOTR ASTR 100) | 3 |
| ASTRON 1011 | Planets and Life in the Universe | 3 |
| ASTRON 1012 | The Violent Universe and the New Astronomy | 3 |
| ASTRON 1050 | Introduction to Astronomy I (MOTR ASTR 100) | 3 |
| ASTRON 1051 | Introduction to Astronomy II | 3 |
| ATM SCI 1001 | Elementary Meteorology | 3 |
| GEOL 1001 | General Geology | 3 |
| GEOL 1002 | Historical Geology | 3 |
| PHYSICS 1001 | How Things Work (MOTR PHYS 100) | 3 |
| PHYSICS 1011 | Basic Physics I | 3 |
| PHYSICS 1011L | Basic Physics I Laboratory | 1 |
| PHYSICS 1012 | Basic Physics II | 3 |
| PHYSICS 1012L | Basic Physics II Laboratory | 1 |
| PHYSICS 2111 | Physics: Mechanics and Heat | 4 |
| PHYSICS 2112 | Physics: Electricity, Magnetism, and Optics | 4 |

Degree Requirements

All physics majors in all programs must complete the physics core curriculum with the exception that majors pursuing the Physics Education option are not required to take PHYSICS 1099 and CMP SCI 1250. In addition to the core courses, each individual program has its own specific requirements. Required Physics, Mathematics, Chemistry, Biology, and Computer Science courses for a major or minor in physics may not be taken on a satisfactory/unsatisfactory grading basis.

Core Curriculum

The following physics courses are required: 23

| | |
|---------------|---|
| PHYSICS 1099 | Windows on Physics |
| PHYSICS 2111 | Physics: Mechanics and Heat |
| PHYSICS 2111L | Mechanics and Heat Laboratory |
| PHYSICS 2112 | Physics: Electricity, Magnetism, and Optics |
| PHYSICS 2112L | Electricity, Magnetism, and Optics Laboratory |
| PHYSICS 3200 | Mathematical Methods of Theoretical Physics |
| PHYSICS 3221 | Mechanics |
| PHYSICS 3223 | Electricity and Magnetism |
| PHYSICS 3231 | Introduction to Modern Physics I |

Also required are: 26

| | |
|--------------|---|
| MATH 1800 | Analytic Geometry and Calculus I |
| MATH 1900 | Analytic Geometry and Calculus II |
| MATH 2000 | Analytic Geometry and Calculus III |
| MATH 2020 | Introduction to Differential Equations |
| CHEM 1111 | Introductory Chemistry I (MOTR CHEM 150L) |
| CMP SCI 1250 | Introduction to Computing |

Total Hours 49

Note: Students are urged to begin the calculus sequence [MATH 1800, Analytic Geometry and Calculus I] as soon as possible to avoid delays in graduation.

Students with experience in digital computer programming may be excused from CMP SCI 1250.

General Physics Option

This option may be elected by students desiring a greater concentration in physics and mathematics and is recommended for students wishing to enter graduate study in physics. At least 50 hours are required. In addition to the core curriculum, the following physics courses are required:

Physics

| | | |
|--------------|---------------------------------|---|
| PHYSICS 4310 | Modern Electronics | 3 |
| PHYSICS 4311 | Advanced Physics Laboratory I | 3 |
| PHYSICS 4323 | Modern Optics | 3 |
| PHYSICS 4331 | Intro to Quantum Mechanics | 3 |
| PHYSICS 4341 | Thermal and Statistical Physics | 3 |
| PHYSICS 4350 | Computational Physics | 3 |

Select three electives at or above the 4000 level in physics or astronomy. 9

Astronomy

| | | |
|----------------|---|---|
| ASTRON 1050 | Introduction to Astronomy I (MOTR ASTR 100) | 3 |
| or ASTRON 1051 | Introduction to Astronomy II | |

Mathematics

| | | |
|---|---------------------------|---|
| MATH 2450 | Elementary Linear Algebra | 3 |
| Select one elective in mathematics at or above the 3000 level, or in computer science at or above the 2000 level. | | 3 |

Chemistry

| | | |
|-----------|---|---|
| CHEM 1121 | Introductory Chemistry II (or equivalent) | 5 |
|-----------|---|---|

Total Hours 41

Program Purpose

The purpose of the B.S. in Physics (General Physics Option) program at the University of Missouri at St. Louis is to prepare students for a professional career in physics or a related field, or for graduate studies in physics.

Learning Outcomes

- Students will be able to demonstrate an understanding of basic physics concepts including classical mechanics, electricity and magnetism, thermal and statistical physics, quantum mechanics, and modern electronics
- Students will be able to design and perform basic physics experiments, assess the significance of their results, and interpret the observed outcomes
- Students will be able to demonstrate an understanding of some areas of the most recent physics research, such as advances in materials physics or nanoscience
- Students will be skilled in problem-solving, critical thinking and analytical reasoning as applied to scientific problems
- Students will be proficient in both written and oral communication of the results of scientific work
- Students will have the skills necessary for conducting original scientific research as part of a problem-solving team
- Students will have the skills necessary to identify possible errors in scientific data, and to assess the significance of observed results

Sample Four Year Plan**First Year**

¹ INTDSC 1003 is required only for first-time freshmen and transfer students with less than 24 college credits.

² This General Education course must also fulfill the Cultural Diversity Requirement.

Please Note: This plan is an example of what a four year plan could look like for a typical student. Placement exam scores in math as well as the completion of coursework may change the plan. It should not be used in the place of regular academic advising appointments. All students are encouraged to meet with their advisor each semester. All requirements are subject to change.

B.S. Ed. in Secondary Education with Emphasis in Physics

The B.S. Ed. is a professional education degree designed for students who wish to pursue a teaching career in secondary schools. Much of the discipline-specific coursework parallels the B.A. or B.S. degree in the discipline; however, the Missouri Department of Elementary and Secondary Education (DESE) requires specific coursework for teacher certification. Therefore, students interested in the B.S. Ed. should contact the advising office (OASIS) 314-516-5937 in the College of Education for discipline-specific requirements. *Note: To obtain teaching certification, DESE requires a 3.0 GPA in the discipline and professional education coursework, as well as a 2.75 GPA overall.*

B.A. or B.S. in Physics with Master's Level Coursework for Secondary Teacher Certification

In addition to the B.S. Ed., students may opt to complete a B.A. or B.S. degree in their discipline as an undergraduate, followed by admission to the Graduate School for Master's level teaching certification. The College of Education has a one-year accelerated program for post-graduate certification called Teach in 12, or students can choose a traditional path to certification. Graduate coursework for certification can apply towards a Master's Degree in Secondary Education, with additional coursework. Students interested in Master's Level teacher certification should contact the advising office (OASIS) 314-516-5937 in the College of Education. *Note: To obtain teaching certification, DESE requires a 3.0 GPA in the discipline and professional education coursework, as well as a 2.75 GPA overall.*

Physics Minor

Students may complete a minor in physics with the flexibility of emphasis on classical physics, modern physics, or a combination of the two areas. The following physics courses are required:

| | | |
|--|---|-----------|
| PHYSICS 1099 | Windows on Physics | 1 |
| PHYSICS 2111 | Physics: Mechanics and Heat | 4 |
| PHYSICS 2112 | Physics: Electricity, Magnetism, and Optics | 4 |
| PHYSICS 3200 | Mathematical Methods of Theoretical Physics | 3 |
| Select two additional emphasis courses from the following: | | 6 |
| PHYSICS 3221 | Mechanics | |
| PHYSICS 3223 | Electricity and Magnetism | |
| PHYSICS 3231 | Introduction to Modern Physics I | |
| PHYSICS 4310 | Modern Electronics | |
| Total Hours | | 18 |

A GPA of at least 2.0 is required in courses presented for a minor. It is required that a student completes a minimum of 6 hours of graded work in 2000 level or above courses on the UMSL campus.

Program Purpose

The purpose of the Minor in Physics at the University of Missouri at St. Louis is to provide students with a core knowledge of physics concepts to complement their major degree program.

Learning Outcomes

- Students will be able to demonstrate an understanding of basic physics concepts such as classical mechanics, electricity and magnetism, modern physics, and modern electronics
- Students will be skilled in problem-solving, critical thinking and analytical reasoning as applied to scientific problems
- Students will be proficient in both written and oral communication of the results of scientific work
- Students will have the skills necessary to identify possible errors in scientific data, and to assess the significance of observed results

Physics MS

Beginning Fall 2021, the program is no longer accepting applications.

Admission Requirements

The Department requires applicants to have adequate backgrounds in such areas as mechanics, thermodynamics, electromagnetism, optics, electronics, and modern physics. Students admitted to the program with deficiencies in these areas are required to take appropriate undergraduate courses. If necessary, a remedial program is determined in consultation with the department graduate studies director at the time of application for admission.

Degree Requirements

A student must complete 30 credit hours in graduate physics courses with at least 15 of these at the 5000 or 6000 level. Writing a thesis is optional. A maximum of six (3) credit hours of Research, PHYSICS 6490, may be counted toward the minimum 15 hours with (or without) the thesis option. Students must pass a comprehensive examination, which includes a defense of the thesis for students who have chosen to write one. A grade point average of 3.0 must be maintained during each academic year. Students must complete their degree program within 130 percent of the semester hour requirements for the degree. The requirements must be

fulfilled within six years from the time of admission. Two-thirds of required graduate credit must be taken in residence. There is no foreign language requirement.

Typical Program

First Semester

| | |
|---|---|
| PHYSICS: 6000 level and 4000, 5000 level course | 6 |
|---|---|

Second Semester

| | |
|---|---|
| PHYSICS: 6000 level and 4000, 5000 level course | 6 |
|---|---|

Third Semester

| | |
|---|---|
| PHYSICS: 6000 level and 4000, 5000 level course | 6 |
| PHYSICS 6490 Research | 3 |

Fourth Semester

| | |
|--|---|
| PHYSICS: 6000 level and 4000 level course | 6 |
| PHYSICS 6490 Research | 3 |

| | |
|--------------------|-----------|
| Total Hours | 30 |
|--------------------|-----------|

Physics PhD

Beginning Fall 2021, the program is no longer accepting applications.

Admission Requirements

The Department requires applicants to have adequate backgrounds in such areas as mechanics, thermodynamics, electromagnetism, optics, electronics, and modern physics. Students admitted to the program with deficiencies in these areas are required to take appropriate undergraduate courses. If necessary, a remedial program is determined in consultation with the department graduate studies director at the time of application for admission.

Degree Requirements

Students must complete a minimum of 42 hours past the master's degree with satisfactory performance. The university has a residency requirement of three years/six semesters (for those with master's degree, two years/ four semesters) at UMSL and/or Missouri S&T. The Ph.D. qualifying exam, dissertation, and dissertation exam are administered in cooperation with Missouri S&T. All graduate work requires B grades or better. The dissertation may be written in absentia, and there is no foreign language requirement.

Policy and Program Evaluation Graduate Certificate

The Graduate Certificate in Policy and Program Evaluation (PPE) provides students the opportunity to gain expertise in policy and program evaluation methods, including completion of an applied evaluation project. In addition to the public and nonprofit sectors, the certificate is appropriate for individuals in disciplines such as criminology, education, economics, gerontology, social work, and sociology who need to conduct assessments of the programs for which they are responsible.

Requirements

This program consists of a six-course sequence (18 credits): 5 required courses (15 credits) and 1 elective (3 credits). The Certificate may be taken by non-degree students or in conjunction with 1) the Master's in Public Policy Administration degree program; 2) the Master's in Social

Work/Master's in Gerontology degree programs; or 3) the Master's in Economics.

Students with sufficient job experience in program/policy evaluation may submit a written request to waive the Applied Evaluation Project requirement. If granted, this requirement will be replaced with a three-credit elective.

Students pursuing a graduate degree along with the certificate should check with their graduate advisor regarding which courses will also count towards their degree.

A maximum of two courses at the 4000 level can count towards the Certificate.

At least 12 of the 18 credits must be taken in residence at UMSL.

Required Courses:

| | | |
|-----------------|--|---|
| P P ADM 6000 | Introduction to Policy Analysis | 3 |
| P P ADM 6010 | Introduction to Policy Research | 3 |
| or SOC WK 5450 | Social Work Research Methods and Analysis | |
| or ECON 4100 | Introduction to Econometrics | |
| or ECON 5100 | Econometric Theory and Methods | |
| P P ADM 6750 | Applied Research Design | 3 |
| or SOC WK 6400 | Practice and Program Evaluation | |
| POL SCI 6402 | Intermediate Techniques in Policy Research | 3 |
| P P ADM 6950 | Internship (which must include an evaluation project) ¹ | 3 |
| or P P ADM 6751 | Applied Evaluation Project | |
| or SOC WK 6800 | Graduate Field Practicum II | |
| or SOC WK 6850 | Graduate Field Practicum III | |

| | |
|------------------|----------|
| Electives | 3 |
|------------------|----------|

| | |
|--------------|--|
| ECON 4110 | Applied Econometrics |
| ECON 4160 | Geospatial Analysis in the Social Sciences |
| ECON 4170 | Fundamentals of Cost-Benefit Analysis |
| POL SCI 6403 | Advanced Techniques in Policy Research |
| POL SCI 6404 | Multi-Method Research Design |

| | |
|--------------------|-----------|
| Total Hours | 18 |
|--------------------|-----------|

¹ SOC WK 6800 or SOC WK 6850 must include an evaluation project.

Requirements for admission to the graduate certificate program include an undergraduate degree and a GPA of 3.0 or better. Applicants must submit two letters of recommendation, preferably with at least one from a current or former college-level instructor. Applicants must submit a personal statement explaining how the certificate program fits in with the applicant's educational and professional goals. The letters and the personal statement should be sent directly to the Public Policy Administration Program.

Political Science BA

A degree in Political Science is the perfect choice for students who want to change the world. Our students gain knowledge about politics and policy, and develop sought-after skills--such as information-gathering

and processing, analysis, research, decision making, and oral and written communication--that are transferable to many career paths after graduation. Areas of concentration include American politics, international and comparative politics, urban politics, public law, public policy and administration, and gender and politics. In addition to formal course work, internships are available in which the student can apply classroom learning and gain practical field experience.

Career Outlook

Our graduates work in a variety of settings, as lawyers in the legal system, staff for government agencies, legislatures, and political campaigns, managers of public, private and nonprofit organizations, and advocates for a wide variety of social, environmental, and economic organizations. The variety of skills students develop, coupled with internship experience, make our graduates strong candidates on the job market. Early and mid-career Political Science graduates enjoy higher average salaries than those in Business Management and other fields. Political Science is also a path to graduate school and the top major of law school applicants

General Education Requirements

Majors must satisfy the university and college general education requirements (p. 30). Political science courses may be used to satisfy the social sciences requirement. The foreign language requirement for the B.A. degree may be satisfied in any language.

Degree Requirements

All majors must complete at least 36, but no more than 51, hours of political science. All students are required to take the following core curriculum:

| Political Science | | |
|-------------------|--|----|
| POL SCI 1100 | Introduction to American Politics (MOTR POSC 101) | 3 |
| POL SCI 1500 | Introduction to Comparative Politics (MOTR POSC 202) | 3 |
| POL SCI 1800 | Introduction to International Politics (MOTR POSC 201) | 3 |
| POL SCI 3000 | Political Analysis | 3 |
| POL SCI 4950 | Senior Seminar in Political Science | 3 |
| Total Hours | | 15 |

Majors are urged to take POL SCI 1100, POL SCI 1500, and POL SCI 1800 as early as possible since these courses are designed to provide a substantive foundation as well as conceptual and analytical tools for subsequent course work. Because the seminar topics in POL SCI 4950 change from semester to semester, the course can be repeated as an elective. All majors must take at least one Seminar in Political Science.

Students also must complete at least one course in four of the following political science areas:

- Public Law (chosen from among courses listed in bulletin at the 1000, 2000, or 3000 or 4000 level)
- American Politics (chosen from among courses listed in bulletin at the 1000, 2000, or 3000 or 4000 level).
- Public Policy and Administration (chosen from among courses listed in bulletin at the 1000, 2000, or 3000 or 4000 level).

- Comparative Politics (chosen from among courses listed in bulletin at the 1000, 2000, or 3000 or 4000 level).
- International Relations (chosen from among courses listed in bulletin at the 1000, 2000, or 3000 or 4000 level).

At least 15 hours of political science course work must be at the 3000 or 4000 level, including POL SCI 4950 Senior Seminar. B.A. degree students may take a maximum of 3 hours of political science on a satisfactory/unsatisfactory basis; this can include any course except the required courses in the core curriculum.

Note: As early as possible, students should determine their educational objectives and consult with an adviser regarding a plan of study. Those students who are uncertain of their future plans are urged to include in their 36-45 hours of political science a broad set of courses in American politics, public policy and administration, public law, comparative politics, international politics, political theory, and methodology. In addition to this general course of study in political science, the department offers B.A. degree students several specialized programs of study in political science geared to various student academic and career interests.

Departmental Honors

The department awards honors to students having a grade point average (GPA) of 3.2 in the major, an overall GPA of 3.2 (except in extraordinary circumstances), and successfully completed an honors thesis, project, or report.

Learning Outcomes

Graduates of this program will be able to:

- Explain the history, characteristics, and impact of legal, economic, and political institutions and systems, including international, national, state, and local governance.
- Apply various methods, tools, and sources applicable to the discipline of political science to answer important policy and political questions.
- Compare and contrast different ideologies, theories, and interpretations of politics.
- Assess political issues, formulate evidence-based recommendations, and communicate them with clarity and coherence.
- Plan, execute, and defend a major research project.

| Total Hours: 120 | | |

¹ INTDSC 1003 is required only for first-time freshmen and transfer students with less than 24 college credits.

Please Note: This plan is an example of what a four year plan could look like for a typical student. Placement exam scores in math as well as the completion of coursework may change the plan. It should not be used in the place of regular academic advising appointments. All students are encouraged to meet with their advisor each semester. All requirements are subject to change.

B.S. Ed. in Secondary Education with Emphasis in Social Studies

The B.S. Ed. is a professional education degree designed for students who wish to pursue a teaching career in secondary schools. Much of the discipline-specific coursework parallels the B.A. degree in the discipline; however, the Missouri Department of Elementary and Secondary Education (DESE) requires specific coursework for teacher certification.

Therefore, students interested in the B.S. Ed. should contact the advising office (OASIS) 314-516-5937 in the College of Education for discipline-specific requirements. *Note: To obtain teaching certification, DESE requires a 3.0 GPA in the discipline and professional education coursework, as well as a 2.75 GPA overall.*

B.A. in Political Science with Master's Level Coursework for Secondary Teacher Certification

In addition to the B.S. Ed., students may opt to complete a B.A. degree in their discipline as an undergraduate, followed by admission to the Graduate School for Master's level teaching certification. The College of Education has a one-year accelerated program for post-graduate certification called Teach in 12, or students can choose a traditional path to certification. Graduate coursework for certification can apply towards a Master's Degree in Secondary Education, with additional coursework. Students interested in Master's Level teacher certification

should contact the advising office (OASIS) 314-516-5937 in the College of Education. *Note: To obtain teaching certification, DESE requires a 3.0 GPA in the discipline and professional education coursework, as well as a 2.75 GPA overall.*

Political Science BA/MA Dual Degree Program

The 2+3 Combined BA/MA program in Political Science provides an opportunity for students of recognized academic ability and educational maturity to complete the requirements for both degrees in 5 years of full-time study.

The combined program requires a minimum of 140 credit hours of which at least 33 must be at the graduate level in political science. In qualifying for the BA, students must meet all University and College requirements. Students in the combined 2+3 who successfully complete the requirements for the MA degree will be awarded a BA degree simultaneously upon completion of at least 107 hours of undergraduate credit.

Student should apply to the Department for admission to the 2+3 combined degree program in Political Science during the semester they will complete 60 undergraduate credit hours. A cumulative grade point average of 3.0 or higher and two letters of recommendation from faculty are required. Students will be admitted to the 2+3 program under provisional status until they have completed 30 hours in that program with a grade point of 3.0 or higher. After completion of the provisional period, with the recommendation of the Graduate Director, students can be granted full admission into the 2+3 program.

Students must maintain a grade point average of 3.0 or higher throughout the combined program. Students who officially withdraw from the 2+3 combined degree program, who have successfully completed all the regular requirements for the BA degree (120 hours) will be awarded their BA degree.

Undergraduate Requirements for Student in the 2+3 Program

A. The following must be completed prior to enrolling in the 2+3 program

| | | |
|------------------------------|--|-----------|
| POL SCI 1100 | Introduction to American Politics (MOTR POSC 101) | 3 |
| POL SCI 1500 | Introduction to Comparative Politics (MOTR POSC 202) | 3 |
| Select two of the following: | | 6 |
| POL SCI 1800 | Introduction to International Politics (MOTR POSC 201) | |
| POL SCI 2300 | State Politics | |
| POL SCI 2350 | Introduction to Urban Politics | |
| POL SCI 2400 | Public Administration | |
| Total Hours | | 12 |

B. Undergraduate Requirements Within the 2+3 Program

| | | |
|------------------------------|--------------------|---|
| Select two of the following: | | 6 |
| POL SCI 2280 | Judicial Politics | |
| POL SCI 3200 | Constitutional Law | |

| | | |
|--|---|-----------|
| POL SCI 3210 | Civil Liberties | |
| POL SCI 2330 | The American Presidency | |
| POL SCI 2331 | Congressional Politics | |
| POL SCI 3350 | Political Parties and Elections | |
| POL SCI 3470 | Negotiation, Collective Bargaining, and Dispute Resolution | |
| POL SCI 3480 | Environmental Policy | |
| Select two of the following: | | 6 |
| POL SCI 2510 | The Politics of European Union | |
| POL SCI 2530 | Political Systems of South America | |
| POL SCI 2540 | Political Systems of Mexico, Central America and the Caribbean | |
| POL SCI 2580 | African Politics | |
| POL SCI 3500 | The Politics of the Middle East: International and National Dynamics | |
| POL SCI 3830 | International Political Economy | |
| POL SCI 3850 | International Organizations and Global Problem-Solving | |
| POL SCI 4850 | International Law | |
| Select one additional course from B-1 or B-2 . | | 3 |
| Total Hours | | 15 |

C. Graduate Requirements

| | | |
|---|---|-----------|
| POL SCI 6401 | Introduction to Policy Research | 3 |
| Select three of the following: | | 9 |
| POL SCI 6420 | Proseminar in Public Law | |
| POL SCI 6430 | Proseminar in American Politics | |
| POL SCI 6440 | Public Administration: Theory & Practice | |
| POL SCI 6450 | | |
| POL SCI 6470 | Proseminar in Urban Politics | |
| POL SCI 6480 | Proseminar in International Relations | |
| Select five additional graduate Political Science classes. ¹ | | 15 |
| Select Exit Project or Internship or Thesis | | 6 |
| Total Hours | | 33 |

¹ Students should select an emphasis in American Politics, Public Policy, Comparative Politics, Political Theory, or International Relations.

Summary of Credits in Political Science:

- BA: 27 hours
(12 completed in lower division courses before admission to the 2+3 program)
- MA: 33 hours at the graduate level
- TOTAL: 60 hours in Political Science classes

Political Science MA

Admission Requirements: For admission, a student should have a baccalaureate degree with a minimum grade point average of 2.75 and an undergraduate background in the social sciences. Two letters of recommendation are also requested for each student applying to the program. Students who do not meet these requirements may be admitted upon approval of the department and the dean of the Graduate School. Application materials may be obtained from and should be returned to the office of the director of admissions.

Deadlines are July 1 for the fall semester; December 1 for the winter semester; and May 1 for the summer term.

Degree Requirements

Beyond the general requirements of the Graduate School, the department requires a minimum of 27 semester hours of course work, of which 18 hours must be at the 6400 level and 12 hours must be in core courses in political science, including:

| | | |
|--------------------------------|---|-----------|
| POL SCI 6401 | Introduction to Policy Research | 3 |
| Select three of the following: | | 9 |
| POL SCI 6410 | Introduction to Policy Analysis | |
| POL SCI 6420 | Proseminar in Public Law | |
| POL SCI 6430 | Proseminar in American Politics | |
| POL SCI 6440 | Public Administration: Theory & Practice | |
| POL SCI 6470 | Proseminar in Urban Politics | |
| POL SCI 6480 | Proseminar in International Relations | |
| Total Hours | | 12 |

Students can plan their degree program to reflect the following six emphasis areas:

- American Politics
- Comparative Politics
- International Politics
- Political Process and Behavior
- Public Administration and Public Policy
- Urban and Regional Politics

Students must also select one of the following exit projects: a six-hour thesis, a six-hour internship, or six hours of additional course work and an approved paper. Students will have a mid-program review at the end of 12-15 hours of course work, at which time they will discuss their academic performance and program with a faculty committee and determine the most appropriate exit project. Each candidate is given a final oral review conducted by a faculty committee and focused on the course work completed and the student's chosen exit project.

Political Science MA Accelerated Master's Degree

The Department of Political Science offers an Accelerated MA degree program that allows students to earn their undergraduate degree in Political Science, International Relations, or Public Policy Administration and their MA in Political Science in as few as 10 semesters of full-time

study. The Political Science MA program does not require a thesis, but all students are required to complete an exit project.

The combined program requires a minimum of 141 credit hours. Students accepted to the Accelerated MA degree program will be permitted to count up to 12 credit hours at the 4000 or 5000 level or higher toward both the undergraduate and MA degrees; these courses may require additional work as assigned by the instructor. The remaining 21 credit hours for the MA degree must be at the 6000 level.

Any 4000-level course taken before admission to the Accelerated MA program will apply to the undergraduate requirements only. Students are encouraged to work closely with the Undergraduate and Graduate Directors to ensure that required courses are timed appropriately. It is strongly recommended that students meet with the Graduate Director as soon as possible and ideally before their Junior year.

Eligibility

Students must have fulfilled the core curriculum requirements of the undergraduate major (with the exception of POL SCI 3000 and POL SCI 4950) prior to applying for the Accelerated MA program.

Admission Requirements

Provisional Admission

Applicants are considered for provisional admission if they meet the following criteria:

- Completed 60 undergraduate credit hours
- Achieved a cumulative grade point average of 3.0 or higher
- Submitted two letters of recommendation from faculty

The Graduate Director, in consultation with the Undergraduate Director, will determine whether the student can apply for provisional status. Graduate courses completed by undergraduate students who have been provisionally admitted to Accelerated Master's program will be charged at the undergraduate tuition rate; however, these courses will count toward the master's degree. These courses must be approved before the semester starts. Therefore, it is recommended to apply for provisional status as a junior, preferably in the first semester of junior year.

Graduate Admission

Students should apply for admission to the graduate school in their final semester in undergraduate status. Students should meet with the Graduate Director each semester. Applicants are considered for graduate admission if they meet the following criteria.

- Are in their final semester in undergraduate status
- Completed 30 hours in Political Science with a grade point of 3.0 or higher
- Have a minimum GPA of 3.0 since being granted provisional status

Final decisions concerning graduate admission are made by the Graduate School in consultation with the Graduate Program Director. Students admitted to the graduate program must take graduate courses until the completion of the master's degree.

Program Requirements

Junior/Senior Year Courses

| | | |
|--------------|---------------------------------|---|
| POL SCI 6410 | Introduction to Policy Analysis | 3 |
|--------------|---------------------------------|---|

| | | |
|------------------------------------|--|----|
| POL SCI 6401 | Introduction to Policy Research | 3 |
| Two POL SCI Graduate Electives | | 6 |
| Final Year Courses | | |
| Select three of the following: | | 9 |
| POL SCI 6420 | Proseminar in Public Law | |
| POL SCI 6430 | Proseminar in American Politics | |
| POL SCI 6440 | Public Administration: Theory & Practice | |
| POL SCI 6450 | Proseminar in Comparative Politics | |
| POL SCI 6470 | Proseminar in Urban Politics | |
| POL SCI 6480 | Proseminar in International Relations | |
| Two POL SCI Graduate Electives | | 6 |
| Exit Project, Internship or Thesis | | 6 |
| Total Hours | | 33 |

Awarding of Degrees

The student may apply for and receive the bachelor's degree in the semester when all the undergraduate requirements are completed. In their final semester in undergraduate status, the student must apply and be admitted to the graduate program, to begin the following semester. The student will apply to receive the master's degree in the semester that the requirements for the graduate degree will be completed.

If the student fails to enroll for more than one year after receiving the bachelor's degree, the student can still earn the master's degree, but the graduate-level credits earned as an undergraduate cannot be used for the graduate degree.

Political Science Minor

Requirements for Political Science Minors

A general minor in political science can be arranged, as well as specialized minors in eight different subfields of the discipline. Interested students should see a faculty adviser to plan a coherent program of study as a minor field.

Students must achieve a cumulative 2.0 GPA in the political science courses chosen to qualify for the minor. Students may count no more than 3 hours in political science taken on a satisfactory/unsatisfactory basis toward the minor. Students taking an internship POL SCI 3940 may count no more than three hours of the internship toward the minor.

Specific Requirements for the Minor

Fifteen hours, chosen from among all political science courses.

Learning Outcomes

- Explain the characteristics and impact of political institutions and systems.
- Analyze the actions of political actors and their motives.
- Assess political issues, formulate evidence-based recommendations, and communicate them with clarity and coherence.

Political Science PhD

Beginning in Fall 2021, this program will not be accepting new applications until further notice.

The doctoral program emphasizes theoretical, analytic, and substantive approaches to public policy analysis and administration. Students are provided an opportunity to link core skills in policy analysis and political science with substantive emphasis in specific policy areas. The program is designed to prepare pre-career and mid-career students for advanced positions in policy research and administration, as well as for academic research and teaching.

Admission Requirements

Admission and financial aid decisions are made on the basis of past academic record, intellectual ability, and career commitment and performance. Applications are accepted from students who have either baccalaureate or master's degrees. Past graduate work will be credited toward degree requirements as appropriate. Applicants must submit:

1. complete academic transcripts,
2. three letters of recommendation,
3. aptitude tests of the GRE and
4. a statement of objectives for the course of study.

Application materials may be obtained from and should be returned to the office of the director of admissions. Applications for fall semester should be submitted by February 15 and for winter semester by October 15.

Graduate Assistantships Stipends for teaching and research assistantships (nine month/20 hours per week) are awarded on a competitive basis. Out-of-state educational fees are waived for graduate assistants.

Degree Requirements

The department requires 60 credit hours beyond the baccalaureate degree for completion of the Ph.D. To ensure sufficient background for doctoral-level policy courses, students must demonstrate appropriate competence in computing and data analysis during their course of study. Course requirements are as follows:

Core courses

(18 credit hours)

- 18 credit hours will be required in the areas of research methods, and policy process and institutions. Contact the department for specific courses.
- Additional Requirements (12 credit hours)
- In addition, students will select a minimum of 12 credit hours in public policy, theory, or process as they apply to major subfields in political science.

Policy Concentration

(24 credit hours)

Students, in consultation with the program director, will develop expertise in a substantive policy area. Policy concentrations (many interdisciplinary) include but are not limited to:

- American National Policy
- Urban Politics and Planning
- Comparative/International Policy
- Policy Analysis and Research Social Welfare

Internship

(6 credit hours) optional

The Ph.D. intern program offers an opportunity to gain first-hand experience in select research and administrative positions.

General Examination and Dissertation

Upon completion of course work, students are advanced to candidacy by successfully completing three general examinations,

1. public policy institutions, processes, and analysis,
2. methodology, and
3. the student's chosen subfield and area of policy concentration.

The degree is awarded upon completion and defense of the Ph.D. dissertation.

Primary Care Pediatric Post-Graduate Certificate

Post-graduate certificate (PGC) requirements are tailored to the individual student, depending on past academic work, experience, the student's goals, and specialty requirements. Upon completion of the PGC requirements, a certificate is awarded by the College of Nursing (CON) and Graduate School. Graduates are eligible to apply to take board certification exams in the advanced practice role and population for which they have been prepared.

Due to higher education regulation changes, the University of Missouri–St. Louis cannot admit students from all states for online programs. Please see the Center for Teaching and Learning for additional information: http://www.umsl.edu/services/ctl/onlinelearning/state_authorization.html.

Admission Criteria

- Admission to the University by completing the UMSL Graduate School application
- MSN, DNP from a nationally accredited nursing program
- MSN or DNP 3.0 minimum GPA
- Current professional licensure
- Acute Care Pediatric Nurse Practitioner (PNP-AC) post-graduate certificate requires at least one (1) year of inpatient pediatric nursing experience
- Psychiatric Mental Health Nurse Practitioner (PMHNP) post-graduate certificate requires at least one (1) year of inpatient or outpatient psychiatric nursing or emergency room nursing experience

Certificate Requirements

Students must complete a minimum of 12 credit hours of coursework from the University of Missouri - St. Louis College of Nursing. Courses must be from the list below.

| | | |
|------------|---|---|
| NURSE 6518 | Pathophysiology for Advanced Nursing Practice | 3 |
|------------|---|---|

| | | |
|------------|---|-----|
| NURSE 6520 | Pharmacology For Advanced Nursing Practice | 3 |
| NURSE 6524 | Health Assessment for Advanced Nursing Practice | 3 |
| NURSE 6530 | Introduction to Diagnostic Reasoning | 3 |
| NURSE 6743 | Pediatric Health I: Acute and Chronic Care | 4 |
| NURSE 6744 | Pediatric Health II: Comprehensive Primary Care | 4 |
| NURSE 6954 | Advanced Practice Nursing: Practicum I | 2-4 |
| NURSE 6955 | Advanced Practice Nursing: Practicum II | 2-4 |
| NURSE 7954 | Advanced Practice Nursing: Practicum III | 2-4 |

All students must complete 8 credit hours of Residency. One credit hours is equivalent to 75 residency hours.

Professional Writing Undergraduate Certificate

Requirements

Students may earn the Certificate in Professional Writing by completing 18 hours in selected writing courses with a grade point average of 3.0 or better. Interested students should contact the program coordinator for an application and assistance in selecting courses. Upon completion of four or five writing courses, please consult the coordinator to make arrangements for ENGL 4890. ENGL 2400 or ENGL 2410 and ENGL 4890 are required. Four additional courses are to be chosen from the following list:

Professional Writing Genre Courses

| | | |
|--------------------|---|---|
| ENGL/MEDIA ST 2080 | Advertising Copywriting | 3 |
| ENGL 2125 | Introduction to Technical Communication (MOTR ENGL 110) | 3 |
| ENGL 2180 | Introduction to News Writing | 3 |
| ENGL 3120 | Business Writing | 3 |
| ENGL 3130 | Technical Writing | 3 |
| ENGL/MEDIA ST 3150 | Feature Writing | 3 |
| COMM 2180 | Public Relations Writing | 3 |
| ENGL 4162 | Writers at Work | 3 |
| ENGL 4860 | Editing and the Production Process | 3 |
| ENGL 4870 | Advanced Business and Technical Writing | 3 |
| ENGL 4871 | Publishing: Writers, Editors, and Readers | 3 |
| ENGL 4880 | Writing for Teachers | 3 |

Academic Writing Courses

| | | |
|-----------|--|---|
| ENGL 2120 | Topics in Writing | 3 |
| ENGL 2400 | Rhetorical Ways with Words | 3 |
| ENGL 2410 | Literate Lives | 3 |
| ENGL 2810 | Traditional Grammar | 3 |
| ENGL 3090 | Turning the Kaleidoscope: How We Look at Texts | 3 |

| | | |
|-----------|---|---|
| ENGL 3100 | Junior-Level Writing | 3 |
| ENGL 3110 | Junior-Level Writing for International Students | 3 |
| ENGL 3160 | Writing in the Sciences | 3 |
| ENGL 3200 | Composing Disability | 3 |
| ENGL 4160 | Special Topics in Writing | 3 |
| ENGL 4790 | Rhetoric and Social Justice | 3 |
| ENGL 4810 | Descriptive English Grammar | 3 |

Creative Writing Courses

| | | |
|--|---|---|
| Students may take up to 2 creative writing courses | | |
| ENGL 2020 | Introduction to Creative Writing | 3 |
| ENGL 2030 | Poetry Writing Jumpstart | 3 |
| ENGL 2040 | Fiction Writing Jumpstart | 3 |
| ENGL 3030 | Improving on the Blank Page: Writing Poetry | 3 |
| ENGL 3040 | Lying to Tell a Truth: Writing Fiction | 3 |
| ENGL 4130 | A Machine Made of Words: Writing Your Best Poems | 3 |
| ENGL 4140 | Polishing Your Stories: Producing a Publishable Short Story | 3 |
| ENGL 4150 | Creative Non-Fiction | 3 |
| ENGL 4180 | Novel Beginnings | 3 |
| ENGL 4895 | Editing "Litmag" (can be taken as a capstone) | 3 |

Honors Courses

| | | |
|-------------|---|---|
| HONORS 2020 | Inquiries in the Fine and Performing Arts | 3 |
| HONORS 3100 | Honors Advanced Composition: Writing The City | 3 |
| HONORS 3020 | Advanced Honors Seminar in the Fine and Performing Arts | 3 |

Capstone Course

| | | |
|-----------|--|---|
| ENGL 4890 | Writing Internship (Required. Usually taken as the last course in the program. Must include an extensive final project.) | 3 |
| ENGL 4892 | Independent Writing Project | 3 |

Learning Outcomes

Upon completion of the program, certificate earners will be able to:

- Write clearly, correctly, and concisely
- Develop knowledge of how writing impacts work and behavior in professional settings
- Employ a repertoire of writing strategies and practices in the workplace
- Effectively adapt content to a variety of professional audiences
- Discern the appropriate tone, style, and format needed for a given writing purpose, audience, and context
- Demonstrate advanced knowledge of rhetorical strategies to achieve specific results
- Practice solid revision and editing skills
- Integrate expectations about professional standards and persuasive, content-based thinking into their written communication

- Recognize and adjust to expectations in the global workplace setting.
- Develop a portfolio of professional writing that would serve in a job search
- Work independently and collaboratively on complex professional documents
- Adapt to new writing challenges quickly

Program Evaluation in Education Graduate Certificate

The Graduate Certificate in Program Evaluation in Education provides specialized study in the theory and practice of program evaluation. The program will build on the content area knowledge base of the individual's bachelors and masters degree. The focus of the Program Evaluation in Education certificate will be on the skills delineated in the standards and guidelines of the American Evaluation Association and the Joint Committee on Standards in Educational Evaluation.

The certificate will consist of 18 hours of core courses and internship experiences. Graduate credits earned in equivalent courses in Education or related Social Science disciplines may meet some of these requirements.

Research Methods

| | | |
|-------------|---|---|
| ED REM 6750 | Advanced Research Design In Education | 3 |
| ED REM 7771 | Quantitative Research Methods I | 3 |
| ED REM 7781 | Qualitative Methods in Educational Research I | 3 |

Program Evaluation

| | | |
|-------------|---|------|
| ED REM 6730 | Educational Program Development and Evaluation | 3 |
| ED REM 6732 | Advanced Educational Program Development and Evaluation | 3 |
| ED REM 6990 | Internship | 1-10 |

Total Hours **16-25**

Graduate Certificate programs are a minimum of 18 credit hours.

Psychiatric Mental Health Nurse Practitioner Post-Graduate Certificate

Post-graduate certificate (PGC) requirements are tailored to the individual student, depending on past academic work, experience, the student's goals, and specialty requirements. Upon completion of the PGC requirements, a certificate is awarded by the College of Nursing (CON) and Graduate School. Graduates are eligible to apply to take board certification exams in the advanced practice role and population for which they have been prepared.

Due to higher education regulation changes, the University of Missouri–St. Louis cannot admit students from all states for online programs. Please see the Center for Teaching and Learning for additional information: http://www.umsl.edu/services/ctl/onlinelearning/state_authorization.html.

Admission Criteria

- Admission to the University by completing the UMSL Graduate School application
- MSN, DNP from a nationally accredited nursing program
- MSN or DNP 3.0 minimum GPA
- Current professional licensure
- Acute Care Pediatric Nurse Practitioner (PNP-AC) post-graduate certificate requires at least one (1) year of inpatient pediatric nursing experience
- Psychiatric Mental Health Nurse Practitioner (PMHNP) post-graduate certificate requires at least one (1) year of inpatient or outpatient psychiatric nursing or emergency room nursing experience

Certificate Requirements

Students must complete a minimum of 12 credit hours of coursework from the University of Missouri - St. Louis College of Nursing. Courses must be from the list below.

| | | |
|------------|---|-----|
| NURSE 6518 | Pathophysiology for Advanced Nursing Practice | 3 |
| NURSE 6520 | Pharmacology For Advanced Nursing Practice | 3 |
| NURSE 6524 | Health Assessment for Advanced Nursing Practice | 3 |
| NURSE 6530 | Introduction to Diagnostic Reasoning | 3 |
| NURSE 6737 | Psychiatric Mental Health I | 4 |
| NURSE 6738 | Psychiatric Mental Health II | 4 |
| NURSE 6954 | Advanced Practice Nursing: Practicum I | 2-4 |
| NURSE 6955 | Advanced Practice Nursing: Practicum II | 2-4 |
| NURSE 7954 | Advanced Practice Nursing: Practicum III | 2-4 |

All students must complete 8 credit hours of Residency. One credit hour is equal to 75 residency hours.

Psychological Sciences BA

By pursuing a Bachelor of Arts (BA) degree in Psychological Sciences, students will learn about mental processes, the brain, and behavior in humans and other animals. Students will also learn to think critically, to understand and conduct scientific research, to communicate clearly, to take ethical and social responsibility, and to plan their careers. An important difference between the BA and Bachelor of Science (BS) degrees in Psychological Sciences is that the BA degree involves learning a foreign language, while the BS degree involves taking additional math and science classes beyond the general education math and science classes. Upper-level psychology courses are used to explore the breadth of Psychological Sciences or to focus on a specific subdiscipline such as mental health/trauma, child/lifespan development, or biological psychology. Students will be led and inspired by the faculty of the Department of Psychological Sciences, who are passionate about teaching and are actively involved in scientific research and community service.

General Education Requirements

Majors must satisfy the university and college General Education curricular requirements (p. 30). Selected courses in Psychology may be used to meet General Education Social and Behavioral Sciences requirements.

Degree Requirements

| | | |
|---|--|-----------|
| PSYCH 1000 | Choosing a Career in Psychology ¹ | 1 |
| PSYCH 1003 | General Psychology (MOTR PSYC 100) | 3 |
| PSYCH 2201 | Psychological Statistics | 4 |
| PSYCH 2211 | Introduction to Biological Psychology | 3 |
| PSYCH 2219 | Research Methods in Psychological Science | 3 |
| PSYCH 2245 | Psychological Disorders | 3 |
| PSYCH 4999 | Integrated Psychology | 2 |
| PSYCH 2268 | Lifespan Developmental Psychology (MOTR PSYC 200) | 3 |
| or PSYCH 2270 | Developmental Psychology: Infancy, Childhood and Adolescence | |
| Select four Psychology courses numbered 3000 to 4998 ² | | 12 |
| Total Hours | | 34 |

¹ PSYCH 1000 requirement must be satisfied before the student completes 24 hours of course work.

² No more than 3 hours can be PSYCH 3295 or PSYCH 3390.

Additional Notes

Psychology majors must not take courses in excess of 50 hours in Psychology. Credits completed in Psychology in excess of 50 will not count toward graduation. For example, students earning 53 hours in Psychology will consequently be required to earn a minimum of 123 hours to graduate.

The three course sequence of Math, Psychological Statistics (PSYCH 2201), and Research Methods (PSYCH 2219) require a minimum of three semesters to complete. Students must satisfy the current University mathematical skills requirement before taking PSYCH 2201, Psychological Statistics. PSYCH 2201 is a prerequisite for PSYCH 2219, and hence, PSYCH 2201 must be completed with a grade of C- or higher PRIOR to enrollment in PSYCH 2219.

PSYCH 2201 and PSYCH 2219 cannot be taken concurrently. Students are advised to plan accordingly and to seek assistance from Psychology Academic Advising whenever needed.

Candidates for the B.A. must complete at least 34, but no more than 50, hours of courses taught by or cross-listed with the Department of Psychological Sciences.

Candidates must have a cumulative grade point average of 2.0 or higher in the major overall, and must earn a C- or above in each of the courses comprising the 34 credits applied to the B.A. degree in Psychology. Failure to earn a C- or above in the required courses will necessitate re-taking them for a satisfactory completion of the C- requirement. No Psychology courses taken on a satisfactory/unsatisfactory basis may be applied to the major.

In addition, candidates for the B.A. are required to satisfactorily complete 13 credit hours in one foreign language.

Graduate School Preparation

In addition to the required courses listed above, students interested in applying to graduate school in Psychology are strongly encouraged to become involved in a research project with a Psychology faculty member by securing enrollment in PSYCH 3390, Directed Studies. These positions are available on a limited and competitive basis. No enrollments in PSYCH 3390 are possible without special Instructor permission. Those invited to participate must obtain a special consent form from the instructor in order to enroll. Contact the Psychology Academic Advising office for more information on such positions (psy_advising@umsl.edu).

Learning Outcomes

Upon completion of the degree, graduates of the BA in Psychology program at UM-St. Louis will be able to:

- Demonstrate an integrative understanding of psychological concepts, theories, research, and historical trends in psychology and the prediction of behavior across the scientific subdisciplines (e.g., behavioral neuroscience, clinical, developmental, industrial/organizational, social, etc.). **(Psychological Science Knowledge Base)**
- Summarize and explain use of the scientific approach to solve behavioral problems and articulate how behavioral explanations rely on critical thinking, scientific reasoning, weighing evidence and tolerating ambiguity. **(Critical Thinking)**
- Identify and evaluate appropriate research methods in psychology, including research design, data analysis (i.e., selecting, conducting, and interpreting basic statistical tests) and data interpretation. **(Scientific Inquiry)**
- Communicate using a variety of formats in a clear, concise way. **(Communication)**
- Demonstrate respect for members of diverse groups with sensitivity to issues of power, privilege and discrimination, while adopting social and ethical values that build community at local, national and global levels. **(Ethical and Social Responsibility)**
- Display professionalism and ownership of professional growth and learning through an evolving career development plan tailored to one's accurate self-assessment of abilities, achievements, motivations and work habits. **(Professional Development)**

Sample Four Year Plan

| First Year | | | |
|------------------------------------|-----------|---|-----------|
| Fall | Hours | Spring | Hours |
| INTDSC 1003 ¹ | | 1 PSYCH 2268 or 2270 | 3 |

| PSYCH 3000+ level course | 3 | PSYCH 4999 | 2 |
| Elective or minor | 12 | Elective or minor | 12 |
| | 15 | | 14 |
| Total Hours: 120 | | | |

¹ INTDSC 1003 is required only for first-time freshmen and transfer students with less than 24 college credits.

Please Note: This plan is an example of what a four year plan could look like for a typical student pursuing the B.A. degree. Placement exam scores in math as well as the completion of coursework may change the plan. It should not be used in the place of regular academic advising appointments. All students are encouraged to meet with their advisor each semester. All requirements are subject to change.

Psychological Sciences BS

By pursuing a Bachelor of Science (BS) degree in Psychological Sciences, students will learn about mental processes, the brain, and behavior in humans and other animals. Students will also learn to think critically, to understand and conduct scientific research, to communicate clearly, to take ethical and social responsibility, and to plan their careers. An important difference between the BS and the Bachelor of Arts (BA) degrees in Psychological Sciences is that the BS degree involves taking additional math and science classes beyond the general education math and science classes, while the BA degree involves learning a foreign language. Students can use the upper-level psychology courses to explore the breadth of Psychological Sciences or to focus on a specific subdiscipline such as mental health/trauma, child/lifespan development, or biological psychology. Students will be led and inspired by the faculty of the Department of Psychological Sciences, who are passionate about teaching and are actively involved in scientific research and community service.

General Education Course Requirements

Majors must satisfy the university and college General Education curricular requirements (p. 30). Selected courses in Psychology may be used to meet General Education Social and Behavioral Sciences requirements.

Degree Requirements

| | | | |
|-------------|--|---|--|
| Core | | | |
| MATH 1030 | College Algebra (MOTR MATH 130) ¹ | 3 | |
| MATH 1035 | Trigonometry ¹ | 2 | |

| | | |
|---------------|--|---|
| PSYCH 1000 | Choosing a Career in Psychology ³ | 1 |
| PSYCH 1003 | General Psychology (MOTR PSYC 100) | 3 |
| PSYCH 2201 | Psychological Statistics | 4 |
| PSYCH 2211 | Introduction to Biological Psychology | 3 |
| PSYCH 2219 | Research Methods in Psychological Science | 3 |
| PSYCH 2245 | Psychological Disorders | 3 |
| PSYCH 2250 | Social Psychological Science | 3 |
| PSYCH 2268 | Lifespan Developmental Psychology (MOTR PSYC 200) | 3 |
| or PSYCH 2270 | Developmental Psychology: Infancy, Childhood and Adolescence | |
| PSYCH 4999 | Integrated Psychology | 2 |

Additional Requirements

| | | |
|---|-----------------------|----|
| PHIL 2256 | Bioethics | 3 |
| or PHIL 3380 | Philosophy of Science | |
| Select four Psychology courses numbered 3000 to 4998 ² | | 12 |
| In addition, select at least one of the following Psychology courses: | | 3 |

Neuroscience

| | |
|------------|--|
| PSYCH 4300 | Introduction to Psychopharmacology: Drugs and Mental Illness |
| PSYCH 4314 | Behavioral Neuroscience |
| PSYCH 4330 | |
| PSYCH 4340 | Introduction to Human Neuroanatomy |
| PSYCH 4349 | Human Learning and Memory |
| PSYCH 4350 | Emotions and the Brain |
| PSYCH 4372 | Introduction to Social Neuroscience |

Clinical

| | |
|------------|--|
| PSYCH 3340 | Clinical Issues of Childhood |
| PSYCH 3500 | Health Psychology |
| PSYCH 3820 | Cross-Cultural Psychology |
| PSYCH 4374 | Introduction to Clinical Neuropsychology |

Applied

| | |
|------------|---|
| PSYCH 3318 | Industrial and Organizational Psychology |
| PSYCH 4250 | Stereotyping, Prejudice, and Discrimination |
| PSYCH 4365 | Psychological Testing and Assessment |

Math and Natural Science 4-5

Choose one of the following:

| | |
|-----------|--|
| BIOL 1141 | Human Physiology and Anatomy II |
| BIOL 1831 | Introductory Biology: From Molecules to Organisms (MOTR BIOL 150L) |
| CHEM 1111 | Introductory Chemistry I (MOTR CHEM 150L) |
| CHEM 1121 | Introductory Chemistry II |
| MATH 1800 | Analytic Geometry and Calculus I |

| | |
|--|-----------------|
| PHYSICS 1011 | Basic Physics I |
| Social Science | 3 |
| Select one course from Anthropology, Criminology & Criminal Justice, Economics, Political Science, and Sociology | |
| Total Hours | 55-56 |

Candidates for the B.S. in Psychology must complete at least 40, but no more than 50, hours of courses taught by or cross-listed with the Department of Psychological Sciences. In addition to the above courses, students must complete the following:

- ¹ Students who test into MATH 1045 may meet the math core requirement in lieu of taking MATH 1030 and MATH 1035.
- ² No more than 3 hours can be PSYCH 3295 or PSYCH 3390.
- ³ PSYCH 1000 requirement must be satisfied before the student completes 24 hours of course work.

Candidates must have a cumulative grade point average of 2.0 or higher in the major overall, and must earn a C- or above in each of the courses comprising the 40 credits applied to the B.S. degree in Psychology. Failure to earn a C- or above in the these required courses will necessitate re-taking them for a satisfactory completion of the C- requirement in all 40 hours. No Psychology courses taken on a satisfactory/unsatisfactory basis may be applied to the major.

Graduate School Preparation

In addition to the required courses listed above, students interested in applying to graduate school in Psychology are strongly encouraged to become involved in a research project with a Psychology faculty member by securing enrollment in PSYCH 3390, Directed Studies. These positions are available on a limited and competitive basis. No enrollments in PSYCH 3390 are possible without special Instructor permission. Those invited to participate must obtain a special consent form from the instructor in order to enroll. Contact the Psychology Academic Advising office for more information on such positions (psy_advising@umsl.edu).

Learning Outcomes

Upon completion of the degree, graduates of the BS in Psychology program at UM-St. Louis will be able to:

- Demonstrate an integrative understanding of psychological concepts, theories, research, and historical trends in psychology and the prediction of behavior across the scientific subdisciplines (e.g., behavioral neuroscience, clinical, developmental, industrial/organizational, social, etc.). **(Psychological Science Knowledge Base)**
- Summarize and explain use of the scientific approach to solve behavioral problems and articulate how behavioral explanations rely on critical thinking, scientific reasoning, weighing evidence and tolerating ambiguity. **(Critical Thinking)**
- Evaluate and identify appropriate research methods in psychology and at least one other STEM discipline, including research design, data analysis (i.e., selecting, conducting, and interpreting basic statistical tests) and data interpretation. **(Scientific Inquiry)**
- Communicate using a variety of formats in a clear, concise way. **(Communication)**
- Demonstrate respect for members of diverse groups with sensitivity to issues of power, privilege and discrimination, while adopting social and

ethical values that build community at local, national and global levels. **(Ethical and Social Responsibility)**

- Display professionalism and ownership of professional growth and learning through an evolving career development plan tailored to one's accurate self-assessment of abilities, achievements, motivations and work habits. **(Professional Development)**

Psychology BA, Collaborative Psychology Degree Program

The Collaborative Psychology Degree program is a 100% online program designed to offer coursework from the University of Missouri – St. Louis (UMSL) and the University of Missouri- Columbia (MU). While students may take courses offered by MU, students earning this degree through UMSL must complete all UMSL degree, college, and university graduation requirements. Students are reminded to check the UMSL courses section of this bulletin and the MU undergraduate catalog for course descriptions and prerequisite information.

General Education Requirements

Majors must satisfy the university and college General Education curricular requirements (p. 30). Selected courses in Psychology may be used to meet General Education Social and Behavioral Sciences requirements.

Degree Requirements

- The psychology major requires a minimum of 30 credit hours in psychology coursework.
- All courses that count toward the psychology major requirements must be completed with a grade of C- or higher.
- Students must complete a statistics and research methods sequence of PSYCH 2201 (UMSL) and PSYCH 2219 (UMSL) or PSYCH 3010 (MU) and PSYCH 3020 (MU). Both courses in the sequence must be completed at the same campus. PSYCH 2219 (UMSL) or PSYCH 3020 (MU) must be completed before the capstone (PSYCH 4999).
- Students must complete at least 12 hours in psychology courses numbered 3000 or above.
- Students may use no more than 12 hours of Topics Courses, Special Problems Courses, Special Readings Courses, or Internship Courses (PSYCH 2392 (UMSL), PSYCH 3392 (UMSL), PSYCH 2950 (MU), PSYCH 4940 (MU), PSYCH 4950 (MU) and PSYCH 4960 (MU)) toward graduation. Within the 12 hours, no more than 9 hours may be Special Problems Courses. (i.e., psychology research credit hours). A student may complete either 6 hours of PSYCH 2950 (MU) and 3 hours of PSYCH 4950 (MU), or they may complete 3 hours of PSYCH 2950 (MU) and 6 hours of PSYCH 4950 (MU).

Core Courses

| | | |
|----------------------------------|--|-----|
| PSYCH 1000 | Choosing a Career in Psychology | 1 |
| PSYCH 1003 | General Psychology (MOTR PSYC 100) (or MU PSYCH 1000) | 3 |
| PSYCH 2201 & PSYCH 2219 | Psychological Statistics and Research Methods in Psychological Science | 6-7 |
| or MU PSYCH 3010 & MU PSYCH 3020 | and | |
| PSYCH 4999 | Integrated Psychology | 2 |

Distribution Requirements

Cognitive/Neuroscience Distribution 6

Choose two of the following courses:

| | |
|------------|--|
| PSYCH 2211 | Introduction to Biological Psychology (or MU PSYCH 2210) |
| PSYCH 2200 | Drugs and Behavior (or MU PSYCH 2220) |

| | |
|------------|--|
| PSYCH 3500 | Health Psychology (or MU PSYCH 3830) |
| PSYCH 4356 | Cognitive Processes (or MU PSYCH 3160) |
| PSYCH 4110 | Perception (offered through MU) |
| PSYCH 4210 | Physiological Psychology (offered through MU) |
| PSYCH 3870 | Sleep and Sleep Disorders (offered through MU) |

Clinical/Social/Developmental Distribution 6

Choose two of the following courses:

| | |
|-------------|--|
| PSYCH 2230 | Psychology of Gender (or MU PSYCH 3451) |
| PSYCH 2250 | Social Psychological Science (or MU PSYCH 2310) |
| PSYCH 2270 | Developmental Psychology: Infancy, Childhood and Adolescence |
| PSYCH 2268 | Lifespan Developmental Psychology (MOTR PSYC 200) (or MU PSYCH 2410) |
| PSYCH 2245 | Psychological Disorders (MU PSYCH 2510) |
| PSYCH 2520 | Introduction to Addiction Science (offered through MU) |
| PSYCH 3351 | Positive Motivation (offered through MU) |
| PSYCH 4830 | Psychology of Women (offered through MU) |
| PSYCH 3232 | Psychology of Trauma |
| PSYCH 3280 | Psychology of Death and Dying |
| PSYCH 3346 | Introduction to Clinical Psychology (or MU PSYCH 3510) |
| PSYCH 3500 | Health Psychology (or MU PSYCH 3830) |
| PSYCH 4250 | Stereotyping, Prejudice, and Discrimination |
| PSYCH 4275 | Drug Use and Addiction: People, Policy, and Practice |
| PSYCH 4365 | Psychological Testing and Assessment |
| PSYCH 4376 | Mental Health and Aging |
| PSYCH 4441 | Psychology of Youths' Close Relationships (offered through MU) |
| PSYCH 2511 | Military and Veterans Psychology (offered through MU) |
| PSYCH 3511 | Emotion Regulation and the Brain (offered through MU) |
| PSYCH 3370 | The Science of Mindfulness (offered through MU) |
| PSYCH 3480 | Individual Differences (offered through MU) |
| PSYCH 4563 | Behavioral and Technology Addictions (offered through MU) |
| PSYCH 4980W | Human Relationships Capstone (offered through MU) |

Electives

6

Two additional PSYCH courses totaling no less than 6 credit hours at the 2000 level or above.

Total Hours 30-31

Learning Outcomes

Upon completion of the program, graduates will be able to:

- Demonstrate an integrative understanding of psychological concepts, theories, research, and historical trends in psychology and the prediction of behavior across the scientific subdisciplines (e.g., behavioral neuroscience, clinical, developmental, industrial/organizational, social, etc.)
- Summarize and explain use of the scientific approach to solve behavioral problems and articulate how behavioral explanations rely on critical thinking, scientific reasoning, weighing evidence and tolerating ambiguity.
- Identify and evaluate appropriate research methods in psychology, including research design, data analysis (i.e., selecting, conducting, and interpreting basic statistical tests) and data interpretation.
- Communicate using a variety of formats in a clear, concise way.
- Demonstrate respect for members of diverse groups with sensitivity to issues of power, privilege and discrimination, while adopting social and ethical values that build community at local, national and global levels.
- Display professionalism and ownership of professional growth and learning through an evolving career development plan tailored to one's accurate self-assessment of abilities, achievements, motivations and work habits.

Psychology MA, Behavioral Neuroscience Emphasis

The University of Missouri-St. Louis offers a program of studies leading to a Master of Arts Degree in Psychology with a specialization in Behavioral Neuroscience. Masters students take classes with Doctoral level students. Students will choose between a thesis and a non-thesis option.

Thesis students conduct research in a core area of study including neurophysiological correlates of posttraumatic stress disorder, self-reflection and default mode network, the neurocognition of emotion and romantic love, prejudice and discrimination, and health disparities. We soon will have training on the neuroscience of substance abuse and addiction. Students are enrolled into a research group headed by a faculty member with research interests in one of the areas identified above. That professor serves as the student's primary mentor throughout their graduate training, though communication and collaboration with other laboratories are encouraged.

Research Facilities: The Department is equipped with several EEG systems, physiological research suites including eye-tracking, cardiovascular measures, and skin conductance. Many faculty have connections to facilities with magnetic resonance imaging equipment.

Degree Requirements

A total of 30 credit hours is required for the MA degree with an emphasis in the behavioral-neuroscience field of experimental psychology. Students will choose between a thesis and a non-thesis option.

Thesis Option

Students are required to complete a master's thesis for this program. Theses should follow the procedures in the Behavioral-Neuroscience Handbook and on the Graduate School website.

| Required Coursework | | |
|---------------------|---|-----------|
| PSYCH 5340 | Human Neuroanatomy | 3 |
| PSYCH 5400 | Seminar: Special Topics in Behavioral Neuroscience ¹ | 4 |
| PSYCH 5407 | Psychopharmacology | 3 |
| PSYCH 5465 | Seminar: Behavioral Neuroscience | 3 |
| PSYCH 5468 | Seminar: Cognitive and Affective Processes | 3 |
| PSYCH 7421 | Quantitative Methods I | 4 |
| PSYCH 7422 | Quantitative Methods II | 4 |
| PSYCH 7483 | Directed Research | 4 |
| or PSYCH 7484 | Directed Readings | |
| PSYCH 7491 | MA Thesis Research | 2 |
| Total Hours | | 30 |

¹ One credit hour taken per semester.

Non-Thesis Option

| Required Coursework | | |
|--------------------------------------|---|-----------|
| PSYCH 5340 | Human Neuroanatomy | 3 |
| PSYCH 5400 | Seminar: Special Topics in Behavioral Neuroscience ¹ | 3 |
| PSYCH 5407 | Psychopharmacology | 3 |
| PSYCH 5465 | Seminar: Behavioral Neuroscience | 3 |
| PSYCH 5468 | Seminar: Cognitive and Affective Processes | 3 |
| PSYCH 7421 | Quantitative Methods I | 4 |
| PSYCH 7422 | Quantitative Methods II | 4 |
| Electives | | 7 |
| Choose two of the following courses: | | |
| PSYCH 4350 | Emotions and the Brain | |
| PSYCH 4349 | Human Learning and Memory | |
| PSYCH 4374 | Introduction to Clinical Neuropsychology | |
| PSYCH 4275 | Drug Use and Addiction: People, Policy, and Practice | |
| PSYCH 7423 | Quantitative Methods III | |
| PSYCH 7483 | Directed Research | |
| or PSYCH 7484 | Directed Readings | |
| Total Hours | | 30 |

¹ One credit hour taken per semester.

Psychology Minor

Requirements for the Minor

Candidates must complete a minimum of 15 hours of courses taught by or cross-listed with the Psychology Department, including at least 6 hours

at the 3000 or 4000 level (no more than 3 of these can be PSYCH 3390). Candidates must have a cumulative grade point average of 2.0 or higher in the minor. Psychology courses taken on a satisfactory/unsatisfactory basis may not be applied to the minor.

Learning Outcomes

Graduates of the Minor in Psychology at UM-St. Louis will be able to:

Psychological Sciences Knowledge Base:

- Apply basic psychological terminology, concepts and theories to explain behavior and mental processes.
- Discuss practical applications of psychological principles and science within their major area of study and to everyday life.

Scientific Inquiry and Critical Thinking:

- Identify and describe the potential for flaws in behavioral explanations based on simplistic, personal theories and demonstrate an appreciation for psychology as a science.
- Summarize criteria and strategies for identifying objective sources of psychological information.

Communication:

- Express in writing basic concepts and findings from the psychological sciences.
- Interpret quantitative data displayed in graphs and tables.

Ethical and Social Responsibility:

- Consider ethical issues that reflect principles in the APA Ethics Code.

Professional Development:

- Describe how knowledge and skills from the psychological sciences apply to business, health care, educational, and other workplace settings.

Psychology PhD, Behavioral Neuroscience Emphasis

The Behavioral Neuroscience program provides opportunities for study, research, and training in various areas including psychophysiology, psychopharmacology, neuroendocrinology, cognitive neuroscience, and neuropsychology. This program prepares students for research careers in academia or industries, such as pharmaceutical firms and medical schools. Full-time enrollment is required.

The Behavioral Neuroscience program provides opportunities for study, research, and training in various areas including psychophysiology, psychopharmacology, neuroendocrinology, cognitive neuroscience, and neuropsychology. This program prepares students for research careers in academia or industries, such as pharmaceutical firms and medical schools. Full-time enrollment is required.

Admission Requirements

In addition to meeting the general admission requirements of the Graduate School, applicants should have completed undergraduate courses at minimum in general psychology, psychological statistics, and research

methods. Each doctoral program has additional admission requirements specific to that program.

The Application Deadline for the Behavioral Neuroscience Program is January 15.

Teaching and Research Assistantships

Stipends for teaching and research assistantships are available for the doctoral programs only.

Learning Outcomes for the Ph.D. in Behavioral Neuroscience

The graduate program in Behavioral Neuroscience has the following goals. Outcome measures for each goal allow the faculty to assess the students.

Goal 1. Students will gain a broad-based foundation of terminology and basic and conceptual knowledge necessary for teaching and research in the Behavioral Neuroscience field. Outcome measures include grades in coursework, performance on both the written and oral segments of the qualifying exam, as well as active participation in our journal reading groups.

Goal 2. Beginning early in their studies, students will learn the basic skills to conduct research in a variety of different paradigms. Outcome measures include successful accomplishments in the laboratories of mentor professors.

Goal 3. Beginning early in their studies, students will come to recognize the key to success in the Behavioral Neuroscience field is publishing and seeking grant support. Outcome measures include an easily observable mindset that assesses all scholarly activities in regard to possible publication and/ or a suitable idea for submission to a grant agency. Also, regular attendance is expected at all relevant colloquia on campus and at the grant writing seminars offered by the Behavioral Neuroscience faculty.

Goal 4. Students will come to recognize the importance of writing and will be constantly developing their writing skills as applied to manuscript preparations and grant applications. Outcome measures are the numbers of manuscripts written and submitted to journals or grant agencies each year.

Goal 5. As they progress through the program, students will show increasing self-reliance to initiate a research project and carry it to its completion. Outcome measures are numbers and quality of self-initiated research projects.

Goal 6. At the end of their graduate studies, the students will have grown into full colleagues of the faculty and be ready for careers in research and teaching. Outcome measures are a quality dissertation that is successfully defended before peers and being hired for a suitable position (post-doc, assistant professor, junior-level researcher) in the field.

Psychology PhD, Clinical Community Psychology Emphasis

The Clinical Psychology program has been fully accredited by the American Psychological Association since 1977 and is patterned upon the scientist-practitioner model of clinical training. Students are not considered for admission on a part-time basis. Through the medium of courses, practicums, and research experiences, this emphasis area

prepares Clinical Psychologists for careers in research, teaching, and clinical practice.

Admission Requirements

In addition to meeting the general admission requirements of the Graduate School, applicants should have completed undergraduate courses at minimum in general psychology, psychological statistics, and research methods. Each doctoral program has additional admission requirements specific to that program.

The Application Deadline for the Clinical Psychology Program is January 15.

Teaching and Research Assistantships

Stipends for teaching and research assistantships are available for the doctoral programs only.

Degree Requirements

Students in the Clinical Psychology program participate for three years in the Psychology Department's Community Psychological Services clinic. This facility provides psychological services to the public and consultation to outside agencies. Students also receive clinical experience in clerkships and during a full-time, year-long internship. Research requirements include an initial independent research project, a major critical review of research in a specialty area, and a dissertation.

The Clinical Psychology graduate program is accredited by the American Psychological Association and the course offerings fulfill specific training domains associated with APA accreditation.

I. Broad-based foundation of knowledge and conceptual skills necessary for psychological research and practice.

The following courses address this goal:

| | | |
|------------|--|---|
| PSYCH 5465 | Seminar: Behavioral Neuroscience | 3 |
| PSYCH 5468 | Seminar: Cognitive and Affective Processes | 3 |
| PSYCH 6466 | Seminar: Developmental Psychology | 3 |
| PSYCH 7403 | Psychopathology | 3 |
| PSYCH 7412 | Social Psychology | 3 |
| PSYCH 7405 | | 3 |

II. Trained to evaluate and conduct methodologically sound research of potential benefit to the practice of psychology.

| | | |
|------------|--|---|
| PSYCH 7421 | Quantitative Methods I | 4 |
| PSYCH 7422 | Quantitative Methods II | 4 |
| PSYCH 7474 | Research Methods in Psychology | 3 |
| PSYCH 7485 | Seminar in Clinical Science (2 semesters) | 6 |
| PSYCH 7487 | Thesis Research Project (5 semesters) | 5 |
| PSYCH 7488 | Specialty Examination Research (3 semesters) | 3 |
| PSYCH 7492 | Ph D Thesis Research (per semester) | 1 |

III. Training in multiple approaches to assessment and treatment that is theory-based and research-supported.

| | | |
|---|--|----|
| PSYCH 7404 | Introduction to Clinical Assessment I | 4 |
| PSYCH 7406 | Introduction to Clinical Assessment II | 4 |
| PSYCH 7430 | Introduction to Clinical Skills | 1 |
| PSYCH 7434 | Foundations of Clinical Interventions | 3 |
| PSYCH 7442 | Seminar: Cognitive and Behavioral Interventions | 3 |
| PSYCH 7439 | Summer Supervision (3 semesters) | 3 |
| PSYCH 7433 | Clerkship in Clinical Psychology (6 semesters) | 6 |
| PSYCH 7431 | Clinical Supervision (7 semesters) | 19 |
| PSYCH 7450 | Clinical Internship I (2 semesters) | 2 |
| PSYCH 7451 | Clinical Internship II | 1 |
| Choose 3 courses from offerings that may include: | | 9 |
| PSYCH 7447 | Trauma and Recovery | |
| PSYCH 6415 | Seminar in Health Psychology & Behavioral Medicine | |
| PSYCH 6410 | | |
| PSYCH 7419 | | |
| PSYCH 5407 | Psychopharmacology | |
| PSYCH 5001 | | |

IV. Develop a firm basis for ethical decision-making and adherence to professional standards of conduct in research and practice.

| | | |
|------------|--------------------------------|---|
| PSYCH 7432 | Ethics and Professional Issues | 3 |
|------------|--------------------------------|---|

V. Develop and display sensitivity and adaptability in the applications of research, assessment and treatment approaches to diverse populations.

| | | |
|------------|---|---|
| PSYCH 6448 | Multicultural Issues in Clinical Psychology | 3 |
|------------|---|---|

Psychology PhD, Industrial and Organizational Psychology Emphasis

Effective Fall 2018, the Industrial Organizational Psychology program will no longer be accepting applications.

Industrial/Organizational Psychology

The Industrial/Organizational Psychology program is offered in cooperation with selected faculty from the College of Business to prepare students for careers in industry or academia. This program embraces the scientist-practitioner model and provides a balanced training in I/O. This emphasis provides "industrial" training in areas such as personnel selection, training, and test development/validation, as well as "organizational" training in areas such as work motivation, leadership, and group processes. Research and other training experiences in various settings are also incorporated.

Learning Outcomes for the Ph.D. in Industrial/Organizational Psychology:

The Ph.D. in Industrial/Organizational (IO) Psychology has the following goals:

- Goal 1.** Students will gain a broad-based foundation of knowledge and conceptual skills necessary for applied psychological research and practice.
- Goal 2.** Students will develop the ability to evaluate and conduct methodologically sound research of potential benefit to the theory and practice of psychology.
- Goal 3.** Students will develop the ability to apply psychological principles that are theory-based and research-supported to individuals and groups in organizational settings.
- Goal 4.** Students will develop a firm basis for ethical decision-making in research and practice.
- Goal 5.** Students will display adaptability in their applications of research, assessment and practical psychological approaches to individuals and groups in organizational settings.

Public and Nonprofit Administration Minor

Requirements for Political Science Minors

A general minor in political science can be arranged, as well as specialized minors in eight different subfields of the discipline. Interested students should see a faculty adviser to plan a coherent program of study as a minor field.

Students must achieve a cumulative 2.0 GPA in the political science courses chosen to qualify for the minor. Students may count no more than 3 hours in political science taken on a satisfactory/unsatisfactory basis toward the minor. Students taking an internship POL SCI 3940 may count no more than three hours of the internship toward the minor.

| | | |
|-------------------------------|--|----|
| Select five of the following: | | 15 |
| POL SCI 2400 | Public Administration | 15 |
| POL SCI 2420 | Introduction to Public Policy | |
| POL SCI 2430 | Public and Nonprofit Organizational Behavior | |
| POL SCI 3420 | Public and Nonprofit Personnel Management | |
| POL SCI 3440 | Public and Nonprofit Budgeting | |
| POL SCI 3450 | Urban Administration | |
| POL SCI 3700 | Nonprofit Organizations and Social Equity | |
| POL SCI 3710 | Nonprofits, Civil Society and Volunteerism | |
| POL SCI 3900 | Special Readings ¹ | |
| POL SCI 3940 | Public Affairs Internship ¹ | |
| Total Hours | | 15 |

¹ May be taken with approval of the faculty advisor.

Public Law Minor

Requirements for Political Science Minors

A general minor in political science can be arranged, as well as specialized minors in eight different subfields of the discipline. Interested students should see a faculty adviser to plan a coherent program of study as a minor field.

Students must achieve a cumulative 2.0 GPA in the political science courses chosen to qualify for the minor. Students may count no more than 3 hours in political science taken on a satisfactory/unsatisfactory basis toward the minor. Students taking an internship POL SCI 3940 may count no more than three hours of the internship toward the minor.

Specific Requirements for the Minor

| | | |
|-------------------------------|--|----|
| Select five of the following: | | 15 |
| POL SCI 1200 | Foundations of Law: An Introduction to Legal Studies | 15 |
| POL SCI 2260 | Law, Politics and Society | |
| POL SCI 2280 | Judicial Politics | |
| POL SCI 2290 | Gender and the Law | |
| POL SCI 3200 | Constitutional Law | |
| POL SCI 3210 | Civil Liberties | |
| POL SCI 3220 | Labor and Employment Law | |
| POL SCI 3260 | The Supreme Court | |
| POL SCI 3900 | Special Readings (when appropriate) ¹ | |
| POL SCI 3940 | Public Affairs Internship ¹ | |
| Total Hours | | 15 |

¹ May be taken with approval of the faculty advisor.

Learning Outcomes

Upon completion of the program, graduates will be able to:

- **Explain key topics concerning public law.**
- Describe the evolution of legal principles to used to determine the liberties and rights of individuals and groups.
- Locate, apply, and clearly communicate information relative to aspects of judicial system, including statutes, court decisions, and constitutional provisions.

Public Policy Administration BSPPA

The BSPPA degree has two emphasis areas and a track. The first is a public administration emphasis, which emphasizes management in both the public and nonprofit sectors; it may produce a terminal degree or be a precursor to graduate training. The second is a public policy emphasis in which a student may focus on a particular policy area and also acquire specialized analytic training and research skills, in preparation for relevant entry-level jobs in the public or the voluntary sector as well as in certain parts of the private sector. The track area focuses explicitly on the administrative and leadership concerns of organizations in the nonprofit

sector, which constitutes a growing field of research and employment opportunities.

General Education Requirements

Majors must satisfy the university and college general education requirements (p. 30). Political science courses may be used to satisfy the social sciences requirement.

Degree Requirements

All BSPPA majors must complete at least 33 but no more than 51, hours in political science. The following core curriculum is required of all BSPPA majors:

Political Science

| | | |
|--------------|--|-----|
| POL SCI 1100 | Introduction to American Politics (MOTR POSC 101) | 3 |
| POL SCI 1500 | Introduction to Comparative Politics (MOTR POSC 202) | 3 |
| POL SCI 3000 | Political Analysis | 3 |
| POL SCI 2400 | Public Administration | 3 |
| POL SCI 2420 | Introduction to Public Policy | 3 |
| POL SCI 3940 | Public Affairs Internship | 1-6 |
| POL SCI 4950 | Senior Seminar in Political Science | 3 |
| ECON 1001 | Principles of Microeconomics (MOTR ECON 102) | 3 |
| ECON 1002 | Principles of Macroeconomics (MOTR ECON 101) | 3 |

Total Hours 25-30

In addition, students must provide a demonstration of computer proficiency through one of the following:

- INFSYS 1800 Computers and Information Systems, extension courses, or other study approved by the BSPPA coordinator.
- BSPPA students may take a maximum of 3 hours of political science on a satisfactory/ unsatisfactory basis, except for the following (which may not be taken on a satisfactory/unsatisfactory basis):

| | | |
|--------------|--|-----|
| POL SCI 1100 | Introduction to American Politics (MOTR POSC 101) | 3 |
| POL SCI 1500 | Introduction to Comparative Politics (MOTR POSC 202) | 3 |
| POL SCI 3000 | Political Analysis | 3 |
| POL SCI 2400 | Public Administration | 3 |
| POL SCI 2420 | Introduction to Public Policy | 3 |
| POL SCI 3940 | Public Affairs Internship | 1-6 |
| POL SCI 4950 | Senior Seminar in Political Science | 3 |

Learning Outcomes

Upon completion of the program, graduates will be able to:

- Explain the characteristics and impact of policy-making institutions and systems, including national, state, and local governments.
- Demonstrate an understanding of administrative systems and processes.

- Apply various methods, tools, and sources to answer important management and policy questions.
- Analyze policies, programs, and relevant issues, formulate evidence-based recommendations, and communicate them with clarity and coherence.
- Apply public policy administration knowledge and engage in real-world problem solving through an internship.
- Plan, execute, and defend a major research project.

Sample Four Year Plan

First Year

| Fall | Hours | Spring | Hours |
|----------------------------------|-----------|------------------------------|-----------|
| INTDSC 1003 ¹ | | 1 POL SCI 1500 | 3 |
| POL SCI 1100 | 3 | ECON 1001 | 3 |
| CORE - Math Proficiency | | 3 ENGL 1100 | 3 |

| EXPLORE - Math and Life Sciences | 3 | EXPLORE - Social Sciences | 3 |
| EXPLORE - Humanities | 3 | | |
| | 16 | | 15 |

Second Year

| Fall | Hours | Spring | Hours |
|------------------------------------|-----------|--|-----------|
| POL SCI 2400 | | 3 POL SCI 2420 | 3 |
| ECON 1002 | | 3 Policy Concentration course ² | 3 |
| EXPLORE - Humanities and Fine Arts | | 3 CORE - Information Literacy | 3 |
| EXPLORE - Math and Sciences | | 3 EXPLORE - Humanities and Fine Arts | 3 |
| Elective or minor | | 3 EXPLORE - Social Science | 3 |
| | 15 | | 15 |

Third Year

| Fall | Hours | Spring | Hours |
|--|-----------|---|-----------|
| POL SCI 3000 | | 3 Policy Concentration Courses ² | 6 |
| Policy Concentration Course ² | | 3 ENGL 3100 | 3 |
| EXPLORE - Social Sciences | | 3 Elective or minor | 6 |
| Elective or minor | 6 | | |
| | 15 | | 15 |

Fourth Year

| Fall | Hours | Spring | Hours |
|--|-----------|-----------------------------------|-----------|
| POL SCI 3940 | | 3 POL SCI 4950 | 3 |
| Policy Concentration Course ² | | 3 Political Science Policy Course | 3 |
| POL SCI elective | | 3 Elective or minor | 9 |
| Elective or minor | 6 | | |
| | 15 | | 15 |

Total Hours: 121

¹ INTDSC 1003 is required only for first-time freshmen and transfer students with less than 24 college credits.

² Public Policy Concentration courses taken outside of Political Science do not count toward the minimum of 33 credit hours in Political Science.

Please Note: This plan is an example of what a four year plan could look like for a typical student. Placement exam scores in math as well as the completion of coursework may change the plan. It should not be used in the place of regular academic advising appointments. All students are encouraged to meet with their advisor each semester. All requirements are subject to change.

Nonprofit Track

In addition to the core curriculum requirements for all BSPPA majors, students in the nonprofit academic track are required to complete the following courses:

| | | |
|--------------------|--|-----------|
| POL SCI 3420 | Public and Nonprofit Personnel Management | 3 |
| POL SCI 3440 | Public and Nonprofit Budgeting | 3 |
| POL SCI 3700 | Nonprofit Organizations and Social Equity | 3 |
| POL SCI 3710 | Nonprofits, Civil Society and Volunteerism | 3 |
| Total Hours | | 12 |

In addition, the Public Affairs Internship (POL SCI 3940) required for the BSPPA must be conducted through a nonprofit organization.

Note: Students considering the B.S. in public policy and administration should see a political science adviser as early as possible to plan their program.

Public Policy Administration BSPPA, Nonprofit Emphasis

The BSPPA degree has two emphasis areas and a track. The first is a public administration emphasis, which emphasizes management in both the public and nonprofit sectors; it may produce a terminal degree or be a precursor to graduate training. The second is a public policy emphasis in which a student may focus on a particular policy area and also acquire specialized analytic training and research skills, in preparation for relevant entry-level jobs in the public or the voluntary sector as well as in certain parts of the private sector. The track area focuses explicitly on the administrative and leadership concerns of organizations in the nonprofit sector, which constitutes a growing field of research and employment opportunities.

General Education Requirements

Majors must satisfy the university and college general education requirements (p. 30). Political science courses may be used to satisfy the social sciences requirement.

Degree Requirements

All BSPPA majors must complete at least 33 but no more than 51, hours in political science. The following core curriculum is required of all BSPPA majors:

| Political Science | | |
|--------------------------|--|--------------|
| POL SCI 1100 | Introduction to American Politics (MOTR POSC 101) | 3 |
| POL SCI 1500 | Introduction to Comparative Politics (MOTR POSC 202) | 3 |
| POL SCI 3000 | Political Analysis | 3 |
| POL SCI 2400 | Public Administration | 3 |
| POL SCI 2420 | Introduction to Public Policy | 3 |
| POL SCI 3940 | Public Affairs Internship | 1-6 |
| POL SCI 4950 | Senior Seminar in Political Science | 3 |
| ECON 1001 | Principles of Microeconomics (MOTR ECON 102) | 3 |
| ECON 1002 | Principles of Macroeconomics (MOTR ECON 101) | 3 |
| Total Hours | | 25-30 |

In addition, students must provide a demonstration of computer proficiency through one of the following:

- INFSYS 1800 Computers and Information Systems, extension courses, or other study approved by the BSPPA coordinator.

Public Policy Administration BSPPA, Public Administration Emphasis

The BSPPA degree is designed for students who are interested in working in government or nonprofit organizations, and who have a passion for making a positive impact on society. In this program, students gain understanding of public and nonprofit administration and policymaking in the United States. Students will develop skills for leading in public and nonprofit organizations, and will have the chance to utilize those skills through an internship. The public administration emphasis area focuses explicitly on the administrative and leadership concerns of government organizations and prepares students to work and manage in the public sector.

The BSPPA degree has two emphasis areas and a track. The first is a public administration emphasis, which emphasizes management in both the public and nonprofit sectors; it may produce a terminal degree or be a precursor to graduate training. The second is a public policy emphasis in which a student may focus on a particular policy area and also acquire specialized analytic training and research skills, in preparation for relevant entry-level jobs in the public or the voluntary sector as well as in certain parts of the private sector. The track area focuses explicitly on the administrative and leadership concerns of organizations in the nonprofit sector, which constitutes a growing field of research and employment opportunities.

General Education Requirements

Majors must satisfy the university and college general education requirements (p. 30). Political science courses may be used to satisfy the social sciences requirement.

Degree Requirements

All BSPPA majors must complete at least 33 but no more than 51, hours in political science. The following core curriculum is required of all BSPPA majors:

Political Science

| | | |
|--------------|--|-----|
| POL SCI 1100 | Introduction to American Politics (MOTR POSC 101) | 3 |
| POL SCI 1500 | Introduction to Comparative Politics (MOTR POSC 202) | 3 |
| POL SCI 3000 | Political Analysis | 3 |
| POL SCI 2400 | Public Administration | 3 |
| POL SCI 2420 | Introduction to Public Policy | 3 |
| POL SCI 3940 | Public Affairs Internship | 1-6 |
| POL SCI 4950 | Senior Seminar in Political Science | 3 |
| ECON 1001 | Principles of Microeconomics (MOTR ECON 102) | 3 |
| ECON 1002 | Principles of Macroeconomics (MOTR ECON 101) | 3 |

Total Hours 25-30

In addition, students must provide a demonstration of computer proficiency through one of the following:

- INFSYS 1800 Computers and Information Systems, extension courses, or other study approved by the BSPPA coordinator.
- BSPPA students may take a maximum of 3 hours of political science on a satisfactory/ unsatisfactory basis, except for the following (which may not be taken on a satisfactory/unsatisfactory basis):

| | | |
|--------------|--|-----|
| POL SCI 1100 | Introduction to American Politics (MOTR POSC 101) | 3 |
| POL SCI 1500 | Introduction to Comparative Politics (MOTR POSC 202) | 3 |
| POL SCI 3000 | Political Analysis | 3 |
| POL SCI 2400 | Public Administration | 3 |
| POL SCI 2420 | Introduction to Public Policy | 3 |
| POL SCI 3940 | Public Affairs Internship | 1-6 |
| POL SCI 4950 | Senior Seminar in Political Science | 3 |

Public Administration Emphasis Area

In addition to the core curriculum requirements for all BSPPA majors, students in the public administration emphasis area are required to complete the following courses:

| | | |
|---|--|-----------|
| POL SCI 2430 | Public and Nonprofit Organizational Behavior | 3 |
| POL SCI 3420 | Public and Nonprofit Personnel Management | 3 |
| POL SCI 3440 | Public and Nonprofit Budgeting | 3 |
| POL SCI 3450 | Urban Administration | 3 |
| Select at least one additional Political Science Course | | 3 |
| Total Hours | | 15 |

Learning Outcomes

Upon completion of the program, graduates will be able to:

- Explain the characteristics and impact of policy-making institutions and systems, including national, state, and local governments.
- Demonstrate an understanding of administrative systems and processes.
- Apply various methods, tools, and sources to answer important management and policy questions.
- Analyze policies, programs, and relevant issues, formulate evidence-based recommendations, and communicate them with clarity and coherence.
- Apply public policy administration knowledge and engage in real-world problem solving through an internship.
- Plan, execute, and defend a major research project.
- Demonstrate an understanding of theories, concepts and practices relevant to public administration.
- Apply critical skills for working in public administration such as interpreting budget documents and making budget choices, creating communications plans, and developing recruitment and hiring policies.

It should not be used in the place of regular academic advising appointments. All students are encouraged to meet with their advisor each semester. All requirements are subject to change.

Public Policy Administration BSPPA, Public Policy Emphasis

The BSPPA degree is designed for students who are interested in understanding and influencing public policy and administration, and who have a passion for making a positive impact on society. Students will gain understanding of developing, implementing, and evaluating public policy, and leading in public and nonprofit organizations. Students will have the chance to utilize those skills through an internship. In the public policy track, students work with a faculty advisor to develop a focus on a particular policy area in preparation for relevant jobs in the public, nonprofit or private sector.

The BSPPA degree has two emphasis areas and a track. The first is a public administration emphasis, which emphasizes management in both the public and nonprofit sectors; it may produce a terminal degree or be a precursor to graduate training. The second is a public policy emphasis in which a student may focus on a particular policy area and also acquire specialized analytic training and research skills, in preparation for relevant entry-level jobs in the public or the voluntary sector as well as in certain parts of the private sector. The track area focuses explicitly on the administrative and leadership concerns of organizations in the nonprofit sector, which constitutes a growing field of research and employment opportunities.

General Education Requirements

Majors must satisfy the university and college general education requirements (p. 30). Political science courses may be used to satisfy the social sciences requirement.

Degree Requirements

All BSPPA majors must complete at least 33 but no more than 51, hours in political science. The following core curriculum is required of all BSPPA majors:

Political Science

| | | |
|--------------|--|-----|
| POL SCI 1100 | Introduction to American Politics (MOTR POSC 101) | 3 |
| POL SCI 1500 | Introduction to Comparative Politics (MOTR POSC 202) | 3 |
| POL SCI 3000 | Political Analysis | 3 |
| POL SCI 2400 | Public Administration | 3 |
| POL SCI 2420 | Introduction to Public Policy | 3 |
| POL SCI 3940 | Public Affairs Internship | 1-6 |
| POL SCI 4950 | Senior Seminar in Political Science | 3 |
| ECON 1001 | Principles of Microeconomics (MOTR ECON 102) | 3 |

| | | |
|--------------------|--|--------------|
| ECON 1002 | Principles of Macroeconomics (MOTR ECON 101) | 3 |
| Total Hours | | 25-30 |

In addition, students must provide a demonstration of computer proficiency through one of the following:

- INFSYS 1800 Computers and Information Systems, extension courses, or other study approved by the BSPPA coordinator.
- BSPPA students may take a maximum of 3 hours of political science on a satisfactory/ unsatisfactory basis, except for the following (which may not be taken on a satisfactory/unsatisfactory basis):

| | | |
|--------------|--|-----|
| POL SCI 1100 | Introduction to American Politics (MOTR POSC 101) | 3 |

| POL SCI 3940 | Public Affairs Internship | 1-6 |
| POL SCI 4950 | Senior Seminar in Political Science | 3 |

Public Policy Emphasis Area

Students will adopt a policy concentration of at least 15 credit hours with approval from the BSPPA coordinator. Possible areas of specialization include, but are not limited to, environmental policy, government and business, society and the legal system, urban policy, labor studies, health care, human services, and nonprofit service provision. In fulfilling the concentration requirement, students, in consultation with the BSPPA coordinator, will select courses from related disciplines including at least two political science courses related to the policy area.

Learning Outcomes

Upon completion of the program, graduates will be able to:

- Explain the characteristics and impact of policy-making institutions and systems, including national, state, and local governments.
- Demonstrate an understanding of administrative systems and processes.
- Apply various methods, tools, and sources to answer important management and policy questions.
- Analyze policies, programs, and relevant issues, formulate evidence-based recommendations, and communicate them with clarity and coherence.
- Apply public policy administration knowledge and engage in real-world problem solving through an internship.
- Plan, execute, and defend a major research project.
- Demonstrate an understanding of theories, concepts and practices relevant to the student's chosen policy area.
- Compare and contrast different approaches and frameworks relevant to the student's chosen policy area.

Total Hours: 120

¹ INTDSC 1003 is required only for first-time freshmen and transfer students with less than 24 college credits.

Please Note: This plan is an example of what a four year plan could look like for a typical student. Placement exam scores in math as well as the completion of coursework may change the plan. It should not be used in the place of regular academic advising appointments. All students are encouraged to meet with their advisor each semester. All requirements are subject to change.

Public Policy Administration BSPPA/MPPA Dual Degree Program

The BSPPA / MPPA 2+3 program is an accelerated program that allows outstanding BSPPA students to complete a baccalaureate degree and Master of Public Policy Administration (MPPA) degree in five years. The program allows students to apply 12 of the MPPA credit hours towards the BSPPA at UMSL, reducing the overall required hours for the two degrees from the standard 160 – 120 for the BS plus 40 for the MPPA – to 148 hours.

Core Curriculum

All candidates for the MPPA degree must complete 25 hours in the core curriculum sequence composed of the following public policy administration courses:

Policy Analysis and Economics

| | | |
|--------------|---------------------------------------|---|
| P P ADM 6000 | Introduction to Policy Analysis | 3 |
| ECON 5550 | Economics for Public Policy Analysis | 3 |
| P P ADM 6900 | Cases in Public Policy Administration | 3 |

Public Administration and Budgeting

| | | |
|--------------|--|---|
| P P ADM 6400 | Public Administration: Theory & Practice | 3 |
| P P ADM 6490 | Human Resources in the Public Sector | 3 |
| P P ADM 6180 | Governmental Budgeting and Financial Control | 3 |

Statistics, Research Methods, and Information Technology

| | | |
|--------------|-----------------------------------|---|
| P P ADM 6010 | Introduction to Policy Research | 3 |
| P P ADM 6750 | Applied Research Design | 3 |
| P P ADM 6850 | E-Governance in the Public Sector | 1 |

Total Hours **25**

A thesis is not required to complete the program. However, writing is an important component of the degree, and students will complete written analyses as part of their coursework and/or internships.

Electives

Twelve credit hours are taken as electives based on a student's interest. The electives are organized into emphasis areas, listed above in the MPPA program.

For each student in this program, the MPPA Director and the BSPPA advisor in the Department of Political Science at UMSL, will jointly identify and approve four MPPA courses (totaling 12 credits) that cover, at a more advanced level, undergraduate courses that would otherwise be taken for the BSPPA degree. These courses will substitute for (and should not duplicate) BSPPA courses, and will count toward completion of both BSPPA and MPPA requirements.

Degree requirements remain the same for the two degrees, but students admitted into this accelerated program will be able to earn 12 graduate credits prior to completing their undergraduate degrees. Upon completion of the required coursework for the MPPA, the BSPPA and MPPA degrees will be awarded.

Admission Requirements

BSPPA majors must have completed between 60 and 108 credit hours before applying for admission into this dual degree program. It is recommended that applicants apply after completing 90 credit hours. Applicants must have a minimum 3.0 overall GPA as well as a minimum 3.0 GPA in the major. Applications will be submitted to the Master of Public Policy Administration program and decisions will be made by the director in consultation with the BSPPA advisor in the Department of Political Science. Applicants must demonstrate proficiency in college algebra or equivalent. The application must be accompanied by three letters of recommendation, including at least one from a current, full-time faculty member, and a two- to three-page statement explaining how

the BSPPA/MPPA program fits in with the applicant's educational and professional goals.

Public Policy Administration MPPA

Admissions Requirements

Applicants must meet the following program admission requirements in addition to the general requirements of the Graduate School.

The MPPA admissions committee carefully evaluates each applicant record using the five following criteria:

- **Bachelor's Degree** by the time of enrollment, prospective students must have obtained a baccalaureate degree or the equivalent from an accredited college or university. Applicants must submit official transcripts documenting the baccalaureate degree and all other prior college and graduate-level coursework completed.
- **Grade Point Average:** A minimum GPA of 3.0 on a 4.0 scale is required to be considered for regular admission. This GPA is higher than the minimum for the Graduate School. An undergraduate GPA below 3.0 will be considered on an individual basis for restricted admission.
- **Demonstrated proficiency in college algebra or the equivalent.** Applicants must demonstrate proficiency in college algebra or the equivalent. Graduate coursework also will be taken into consideration. Applicants who do not meet these criteria may be admitted on a restricted basis and asked to satisfactorily complete a math proficiency test.
- **Letters of Recommendation.** Applicants must obtain three letters of recommendation. The letters should be from those who are familiar with your professional and/or academic skills. At least one of the letters must be from a current or former college-level instructor.
- **Personal Statement.** Applicants are required to submit a 2-3 page personal statement to demonstrate competence in writing. The statement should explain how the MPPA program fits in with the applicant's educational and professional goals. This personal statement may be sent directly to the MPPA program; a short statement of purpose in the web-based admission application is not sufficient.

Degree Requirements

The MPPA degree consists of 40 credit hours, 25 of which are taken as part of the core curriculum and 15 that are electives. Students who complete the degree must demonstrate the following:

- Design, research, write, and defend analyses of substantive public policy problems and/or potential solutions
- Use data and sophisticated analytic tools (qualitative and quantitative) to conduct research in public policy and administration
- Understand the policy and internal/external environments of public and nonprofit organizations
- Develop expertise in a substantive area of public policy administration

Curriculum

All candidates for the MPPA degree must complete 25 hours in the core curriculum sequence composed of the following public policy administration courses:

Policy Analysis and Economics

| | | |
|--------------|---------------------------------------|---|
| P P ADM 6000 | Introduction to Policy Analysis | 3 |
| ECON 5550 | Economics for Public Policy Analysis | 3 |
| P P ADM 6900 | Cases in Public Policy Administration | 3 |

Public Administration and Budgeting

| | | |
|--------------|--|---|
| P P ADM 6400 | Public Administration: Theory & Practice | 3 |
| P P ADM 6490 | Human Resources in the Public Sector | 3 |
| P P ADM 6180 | Governmental Budgeting and Financial Control | 3 |

Statistics, Research Methods, and Information Technology

| | | |
|--------------|-----------------------------------|---|
| P P ADM 6010 | Introduction to Policy Research | 3 |
| P P ADM 6750 | Applied Research Design | 3 |
| P P ADM 6850 | E-Governance in the Public Sector | 1 |

Total Hours **25**

A thesis is not required to complete the program. However, writing is an important component of the degree, and students will complete written analyses as part of their coursework and/or internship.

P P ADM 6000 should be taken at the beginning of the program. It is strongly recommended that P P ADM 6010 and ECON 5550 be taken early in a student's course plan. P P ADM 6900 is a capstone course and must be taken toward the end of the program.

Students may select one of three emphasis areas in which to concentrate their advanced studies:

- Policy Research and Analysis,
- Local Government Management,
- Nonprofit Organization Management.

Students may also select an individualized emphasis area in consultation with their advisor and with approval of the Director.

Prior to the completion of 15 hours in the MPPA program, students should identify an emphasis area. In each of the emphasis areas students may be able to substitute another course for a specified elective, with the MPPA Director's approval. Specific requirements for each emphasis area are as follows:

Internships

An internship is required for students without substantial experience in the public or nonprofit sectors. Interns may be placed in planning agencies, city managers' offices, administrative departments, or nonprofit agencies. Credit is granted after successful completion of the internship and a written paper at the end of the semester.

MPPA students currently employed in public agencies or nonprofit organizations can receive 3 hours of credit for internships with their employer. To do so, students must develop, in consultation with the internship coordinator, special research projects outside the scope of their regular employment duties.

Students who have significant relevant experience in the public or nonprofit sector may request the internship requirement be waived. To request a waiver, students must submit a written request outlining the student's professional or managerial field experience with appropriate documentation. Any request for a waiver from the internship requirement

must be approved by the program director. Students who receive a waiver must take an additional 3 hours of electives in lieu of the internship.

Prior to the completion of 15 hours in the MPPA program, the student must present a proposal for 15 hours of specific coursework for approval by the student's advisor and the MPPA program director. The 15 hours must include P P ADM 6950, Internship (in an assignment relevant to the emphasis area). Students with significant public or nonprofit sector experience may request permission to waive the internship and replace it with an additional three-credit hour elective.

Public Policy Administration MPPA Accelerated Master's Degree

The Department of Political Science offers an Accelerated MA degree program that allows students to simultaneously earn their undergraduate degree in Political Science, International Relations, Public Policy Administration, or Sociology, and their Master of Public Policy Administration (MPPA) in as few as 10 semesters of full-time study.

The combined program requires a minimum of 148 credit hours.

For each student in this program, the MPPA director and the undergraduate advisor will jointly identify and approve four MPPA courses totaling 12 credit hours that cover, at a more advanced level, undergraduate courses that would otherwise be taken for the undergraduate degree. These courses will replace (but should not duplicate) undergraduate courses, and will count toward the completion of both the undergraduate degree and MPPA requirements.

Any 4000-level course taken before admission to the Accelerated MA program will apply to the undergraduate requirements only. Students are encouraged to work closely with the Undergraduate and Graduate Directors to ensure that required courses are timed appropriately. It is strongly recommended that students meet with the MPPA Director as soon as possible and ideally before their junior year.

Eligibility

Students must have completed the 1000-level courses required for the undergraduate major prior to applying for the Accelerated MPPA program.

Admission Requirements**Provisional Admission**

Applicants are considered for provisional admission if they meet the following criteria.

- Completed 60 undergraduate credit hours
- Achieved a cumulative grade point average of 3.0 or higher
- Submitted two letters of recommendation from faculty
- A personal statement explaining how the MPPA program fits with the applicant's professional and educational goals.

The MPPA Director, in consultation with the undergraduate director of the relevant major, will determine whether the student can apply for provisional status. Graduate courses completed by undergraduate students who have been provisionally admitted to Accelerated Master's program will be charged at the undergraduate tuition rate; however, these courses will count toward the master's degree. These courses must be approved before the semester starts. Therefore, it is recommended to

apply for provisional status as a junior, preferably in the first semester of junior year.

Graduate Admission

Students are considered for admission to graduate school in their final semester as an undergraduate student. Students should meet with the MPPA Director each semester. Applicants are considered for graduate admission if they meet the following criteria.

- Are in their final semester as an undergraduate
- Have a minimum GPA of 3.0 since being granted provisional status

Final decisions concerning graduate admission are made by the Graduate School in consultation with the MPPA Director. Students admitted to the graduate program must take graduate courses until the completion of the MPPA degree.

Program Requirements

Junior/Senior Year Courses

| | | |
|---|---------------------------------------|---|
| P P ADM 6600 | Managing and Leading in Organizations | 3 |
| P P ADM 6010 | Introduction to Policy Research | 3 |
| Two additional P P ADM graduate courses | | 6 |

Final Year Courses

Core MPPA Curriculum

| | | |
|--|--|-----------|
| Policy Analysis and Economics | | |
| P P ADM 6000 | Introduction to Policy Analysis | 3 |
| ECON 5550 | Economics for Public Policy Analysis | 3 |
| P P ADM 6900 | Cases in Public Policy Administration | 3 |
| Public Administration and Budgeting | | |
| P P ADM 6180 | Governmental Budgeting and Financial Control | 3 |
| P P ADM 6400 | Public Administration: Theory & Practice | 3 |
| P P ADM 6490 | Human Resources in the Public Sector | 3 |
| Statistics, Research Methods, and Information Technology | | |
| P P ADM 6010 | Introduction to Policy Research | 3 |
| P P ADM 6750 | Applied Research Design | 3 |
| P P ADM 6850 | E-Governance in the Public Sector | 1 |
| Total Hours | | 25 |

Electives

Fifteen credit hours are taken as electives, which includes an internship. The electives are organized into three emphasis areas: Policy Research and Analysis, Local Government Management, and Nonprofit Leadership and Management. An individualized emphasis area is also available with the approval of the MPPA Director.

A thesis is not required to complete the program. However, writing is an important component of the degree, and students will complete written analyses as part of their coursework and or internships.

Internship Requirement

Students need to complete a 300-hour internship at the graduate level (P P ADM 6950). Students can appeal to waive the internship requirement; however, only students with significant work experience are successful. The PPA Director evaluates waivers on a case-by-case basis.

Awarding Degrees

The student may apply for and receive the bachelor's degree in the semester when all the undergraduate requirements are completed. In their final semester in undergraduate status, the student must apply and be admitted to the graduate program, to begin the following semester. The student will apply to receive the master's degree in the semester that the requirements for the graduate degree will be completed.

If the student fails to enroll for more than one year after receiving the bachelor's degree, the student can still earn the master's degree, but the graduate-level credits earned as an undergraduate cannot be used for the graduate degree.

Public Policy Administration MPPA, Individualized Emphasis

Admissions Requirements

Applicants must meet the following program admission requirements in addition to the general requirements of the Graduate School.

The MPPA admissions committee carefully evaluates each applicant record using the five following criteria:

- **Bachelor's Degree** by the time of enrollment, prospective students must have obtained a baccalaureate degree or the equivalent from an accredited college or university. Applicants must submit official transcripts documenting the baccalaureate degree and all other prior college and graduate-level coursework completed.
- **Grade Point Average:** A minimum GPA of 3.0 on a 4.0 scale is required to be considered for regular admission. This GPA is higher than the minimum for the Graduate School. An undergraduate GPA below 3.0 will be considered on an individual basis for restricted admission.
- **Demonstrated proficiency in college algebra or the equivalent.** Applicants must demonstrate proficiency in college algebra or the equivalent. Graduate coursework also will be taken into consideration. Applicants who do not meet these criteria may be admitted on a restricted basis and asked to satisfactorily complete a math proficiency test.
- **Letters of Recommendation.** Applicants must obtain three letters of recommendation. The letters should be from those who are familiar with your professional and/or academic skills. At least one of the letters must be from a current or former college-level instructor.
- **Personal Statement.** Applicants are required to submit a 2-3 page personal statement to demonstrate competence in writing. The statement should explain how the MPPA program fits in with the applicant's educational and professional goals. This personal statement may be sent directly to the MPPA program; a short statement of purpose in the web-based admission application is not sufficient.

Degree Requirements

The MPPA degree consists of 40 credit hours, 25 of which are taken as part of the core curriculum and 15 that are electives. Students who complete the degree must demonstrate the following:

- Design, research, write, and defend analyses of substantive public policy problems and/or potential solutions
- Use data and sophisticated analytic tools (qualitative and quantitative) to conduct research in public policy and administration
- Understand the policy and internal/external environments of public and nonprofit organizations
- Develop expertise in a substantive area of public policy administration

Curriculum

All candidates for the MPPA degree must complete 25 hours in the core curriculum sequence composed of the following public policy administration courses:

Policy Analysis and Economics

| | | |
|--------------|---------------------------------------|---|

Public Policy Administration MPPA, Nonprofit Organization Management Emphasis

Admissions Requirements

Applicants must meet the following program admission requirements in addition to the general requirements of the Graduate School.

The MPPA admissions committee carefully evaluates each applicant record using the five following criteria:

- **Bachelor’s Degree** by the time of enrollment, prospective students must have obtained a baccalaureate degree or the equivalent from an accredited college or university. Applicants must submit official transcripts documenting the baccalaureate degree and all other prior college and graduate-level coursework completed.
- **Grade Point Average:** A minimum GPA of 3.0 on a 4.0 scale is required to be considered for regular admission. This GPA is higher than the minimum for the Graduate School. An undergraduate GPA below 3.0 will be considered on an individual basis for restricted admission.
- **Demonstrated proficiency in college algebra or the equivalent.** Applicants must demonstrate proficiency in college algebra or the equivalent. Graduate coursework also will be taken into consideration. Applicants who do not meet these criteria may be admitted on a restricted basis and asked to satisfactorily complete a math proficiency test.
- **Letters of Recommendation.** Applicants must obtain three letters of recommendation. The letters should be from those who are familiar with your professional and/or academic skills. At least one of the letters must be from a current or former college-level instructor.
- **Personal Statement.** Applicants are required to submit a 2-3 page personal statement to demonstrate competence in writing. The statement should explain how the MPPA program fits in with the applicant’s educational and professional goals. This personal statement may be sent directly to the MPPA program; a short statement of purpose in the web-based admission application is not sufficient.

Degree Requirements

The MPPA degree consists of 40 credit hours, 25 of which are taken as part of the core curriculum and 15 that are electives. Students who complete the degree must demonstrate the following:

- Design, research, write, and defend analyses of substantive public policy problems and/or potential solutions
- Use data and sophisticated analytic tools (qualitative and quantitative) to conduct research in public policy and administration

- Understand the policy and internal/external environments of public and nonprofit organizations
- Develop expertise in a substantive area of public policy administration

Curriculum

All candidates for the MPPA degree must complete 25 hours in the core curriculum sequence composed of the following public policy administration courses:

| Policy Analysis and Economics | | |
|--|--|----|
| P P ADM 6000 | Introduction to Policy Analysis | 3 |
| ECON 5550 | Economics for Public Policy Analysis | 3 |
| P P ADM 6900 | Cases in Public Policy Administration | 3 |
| Public Administration and Budgeting | | |
| P P ADM 6400 | Public Administration: Theory & Practice | 3 |
| P P ADM 6490 | Human Resources in the Public Sector | 3 |
| P P ADM 6180 | Governmental Budgeting and Financial Control | 3 |
| Statistics, Research Methods, and Information Technology | | |
| P P ADM 6010 | Introduction to Policy Research | 3 |
| P P ADM 6750 | Applied Research Design | 3 |
| P P ADM 6850 | E-Governance in the Public Sector | 1 |
| Total Hours | | 25 |

A thesis is not required to complete the program. However, writing is an important component of the degree, and students will complete written analyses as part of their coursework and/or internship.

P P ADM 6000 should be taken at the beginning of the program. It is strongly recommended that P P ADM 6010 and ECON 5550 be taken early in a student’s course plan. P P ADM 6900 is a capstone course and must be taken toward the end of the program.

Students may select one of three emphasis areas in which to concentrate their advanced studies:

- Policy Research and Analysis,
- Local Government Management,
- Nonprofit Organization Management.

Students may also select an individualized emphasis area in consultation with their advisor and with approval of the Director.

Prior to the completion of 15 hours in the MPPA program, students should identify an emphasis area. In each of the emphasis areas students may be able to substitute another course for a specified elective, with the MPPA Director’s approval. Specific requirements for each emphasis area are as follows:

Internships

An internship is required for students without substantial experience in the public or nonprofit sectors. Interns may be placed in planning agencies, city managers’ offices, administrative departments, or nonprofit agencies. Credit is granted after successful completion of the internship and a written paper at the end of the semester.

MPPA students currently employed in public agencies or nonprofit organizations can receive 3 hours of credit for internships with their employer. To do so, students must develop, in consultation with the internship coordinator, special research projects outside the scope of their regular employment duties.

Students who have significant relevant experience in the public or nonprofit sector may request the internship requirement be waived. To request a waiver, students must submit a written request outlining the student's professional or managerial field experience with appropriate documentation. Any request for a waiver from the internship requirement must be approved by the program director. Students who receive a waiver must take an additional 3 hours of electives in lieu of the internship.

Emphasis Area Requirements

Required

| | | |

Total Hours **15**

Public Policy Administration MPPA, Policy Research and Analysis Emphasis

Admissions Requirements

Applicants must meet the following program admission requirements in addition to the general requirements of the Graduate School.

The MPPA admissions committee carefully evaluates each applicant record using the five following criteria:

- **Bachelor's Degree** by the time of enrollment, prospective students must have obtained a baccalaureate degree or the equivalent from an accredited college or university. Applicants must submit official transcripts documenting the baccalaureate degree and all other prior college and graduate-level coursework completed.
- **Grade Point Average:** A minimum GPA of 3.0 on a 4.0 scale is required to be considered for regular admission. This GPA is higher than the minimum for the Graduate School. An undergraduate GPA below 3.0 will be considered on an individual basis for restricted admission.
- **Demonstrated proficiency in college algebra or the equivalent.** Applicants must demonstrate proficiency in college algebra or the equivalent. Graduate coursework also will be taken into consideration. Applicants who do not meet these criteria may be admitted on a restricted basis and asked to satisfactorily complete a math proficiency test.
- **Letters of Recommendation.** Applicants must obtain three letters of recommendation. The letters should be from those who are familiar with your professional and/or academic skills. At least one of the letters must be from a current or former college-level instructor.
- **Personal Statement.** Applicants are required to submit a 2-3 page personal statement to demonstrate competence in writing. The statement should explain how the MPPA program fits in with the applicant's educational and professional goals. This personal statement may be sent directly to the MPPA program; a short statement of purpose in the web-based admission application is not sufficient.

Degree Requirements

The MPPA degree consists of 40 credit hours, 25 of which are taken as part of the core curriculum and 15 that are electives. Students who complete the degree must demonstrate the following:

- Design, research, write, and defend analyses of substantive public policy problems and/or potential solutions
- Use data and sophisticated analytic tools (qualitative and quantitative) to conduct research in public policy and administration
- Understand the policy and internal/external environments of public and nonprofit organizations
- Develop expertise in a substantive area of public policy administration

Curriculum

All candidates for the MPPA degree must complete 25 hours in the core curriculum sequence composed of the following public policy administration courses:

Policy Analysis and Economics

| | | |
|--------------|---------------------------------------|---|
| P P ADM 6000 | Introduction to Policy Analysis | 3 |
| ECON 5550 | Economics for Public Policy Analysis | 3 |
| P P ADM 6900 | Cases in Public Policy Administration | 3 |

Public Administration and Budgeting

| | | |
|--------------|--|---|
| P P ADM 6400 | Public Administration: Theory & Practice | 3 |
| P P ADM 6490 | Human Resources in the Public Sector | 3 |
| P P ADM 6180 | Governmental Budgeting and Financial Control | 3 |

Statistics, Research Methods, and Information Technology

| | | |
|--------------------|-----------------------------------|-----------|
| P P ADM 6010 | Introduction to Policy Research | 3 |
| P P ADM 6750 | Applied Research Design | 3 |
| P P ADM 6850 | E-Governance in the Public Sector | 1 |
| Total Hours | | 25 |

A thesis is not required to complete the program. However, writing is an important component of the degree, and students will complete written analyses as part of their coursework and/or internship.

P P ADM 6000 should be taken at the beginning of the program. It is strongly recommended that P P ADM 6010 and ECON 5550 be taken early in a student's course plan. P P ADM 6900 is a capstone course and must be taken toward the end of the program.

Students may select one of three emphasis areas in which to concentrate their advanced studies:

- Policy Research and Analysis,
- Local Government Management,
- Nonprofit Organization Management.

Students may also select an individualized emphasis area in consultation with their advisor and with approval of the Director.

Prior to the completion of 15 hours in the MPPA program, students should identify an emphasis area. In each of the emphasis areas students may be able to substitute another course for a specified elective, with the MPPA Director's approval. Specific requirements for each emphasis area are as follows:

Internships

An internship is required for students without substantial experience in the public or nonprofit sectors. Interns may be placed in planning agencies, city managers' offices, administrative departments, or nonprofit agencies. Credit is granted after successful completion of the internship and a written paper at the end of the semester.

MPPA students currently employed in public agencies or nonprofit organizations can receive 3 hours of credit for internships with their employer. To do so, students must develop, in consultation with the internship coordinator, special research projects outside the scope of their regular employment duties.

Students who have significant relevant experience in the public or nonprofit sector may request the internship requirement be waived. To request a waiver, students must submit a written request outlining the student's professional or managerial field experience with appropriate documentation. Any request for a waiver from the internship requirement must be approved by the program director. Students who receive a waiver must take an additional 3 hours of electives in lieu of the internship.

Emphasis Area Requirements**Required**

| | | |
|--------------|--|---|
| POL SCI 6402 | Intermediate Techniques in Policy Research | 3 |
| or ECON 4100 | Introduction to Econometrics | |

Electives

| | | |
|-------------------------------|------------------------------|----|
| Select four of the following: | | 12 |
| BUS AD 5001 | Managerial Economic Analysis | |

| | | |
|----------------------|---|-----------|
| POL SCI 6403 | Advanced Techniques in Policy Research | |
| or ECON 4110 | Applied Econometrics | |
| or ECON 5110 | Topics in Applied Econometrics | |
| ECON 4160 | Geospatial Analysis in the Social Sciences | |
| ECON 4170 | Fundamentals of Cost-Benefit Analysis | |
| ECON 4550 | Natural Resource Economics | |
| POL SCI 6404 | Multi-Method Research Design | |
| POL SCI 6422 | | |
| POL SCI/P P ADM 6444 | | |
| POL SCI 6452 | Public Policy of Conservation and Sustainable Development | |
| SOC WK 6443 | Health Care Policy | |
| or POL SCI 6443 | Health Care Policy | |
| P P ADM 6950 | Internship (in assignment relevant to the emphasis area) | |
| HIGHERED 6422 | | |
| Total Hours | | 15 |

Public Policy Minor**Requirements for Political Science Minors**

A general minor in political science can be arranged, as well as specialized minors in eight different subfields of the discipline. Interested students should see a faculty adviser to plan a coherent program of study as a minor field.

Students must achieve a cumulative 2.0 GPA in the political science courses chosen to qualify for the minor. Students may count no more than 3 hours in political science taken on a satisfactory/unsatisfactory basis toward the minor. Students taking an internship POL SCI 3940 may count no more than three hours of the internship toward the minor.

Public Policy Minor Requirements

| | | |
|-------------------------------|--|-----------|
| POL SCI 2420 | Introduction to Public Policy | 3 |
| Select four of the following: | | 12 |
| POL SCI 2300 | State Politics | |
| POL SCI 2330 | The American Presidency | |
| POL SCI 2350 | Introduction to Urban Politics | |
| POL SCI 2400 | Public Administration | |
| POL SCI 2430 | Public and Nonprofit Organizational Behavior | |
| POL SCI 3440 | Public and Nonprofit Budgeting | |
| POL SCI 3450 | Urban Administration | |
| POL SCI 3460 | The Politics of Poverty and Welfare | |
| POL SCI 3480 | Environmental Policy | |
| POL SCI 3900 | Special Readings (when appropriate) | |
| POL SCI 3940 | Public Affairs Internship (when appropriate) | |
| Total Hours | | 15 |

Learning Outcomes

- Demonstrate understanding of theories, concepts and practices relevant to public policy.
- Describe and apply the models used to analyze and create public policy.
- Assess public policy issues, formulate evidence-based recommendations, and communicate them with clarity and coherence.

Public Relations Undergraduate Certificate

The Certificate in Public Relations offers a sequence of courses that will prepare students for a successful career in public relations. This writing-intensive certificate program includes a selection of required and elective courses that integrate practical knowledge of the public relations industry with communication planning and research tactics needed in today's ever-changing world. The sequence of courses is based upon the latest report from the Commission on Public Relations Education and the certification requirements of the Public Relations Society of America. To earn the certificate, student must complete a minimum of 21 credits in the designated courses with a grade of "C" or better.

Required Courses

| | | |
|---|--|---|
| COMM 1150 | Introduction to Public Relations | 3 |
| COMM 2180 | Public Relations Writing | 3 |
| COMM 3330 | Research Methods in Communication I | 3 |
| COMM 4100 | Communication Campaigns | 3 |
| COMM 4199 | Applied Strategic Communication ¹ | 3 |
| Elective Coursework (minimum of 6 credit hours required): | | 6 |
| COMM 1369 | Introduction to Health Communication | |
| COMM 3150 | Crisis, Disaster, and Risk Communication | |
| COMM 3370 | Social Media in Public Relations | |
| MEDIA ST 3355 | Media Law and Regulation | |
| MKTG 3700 | Principles of Marketing | |
| MKTG 3721 | Introduction to Digital Marketing Strategies | |

Total Hours **21**

¹ COMM 4199 may count toward internship credit for the BA Communication degree.

For more information on this certificate, please contact the Department of Communication and Media's Public Relations Coordinator.

Learning Outcomes

Students will be able to:

- Interpret and apply basic public relations principles to design, research and plan public relations campaigns.
- Compose written public relations materials that are written in a clear, brief, concise format following the appropriate format and style.

- Make use of broad knowledge combined with principles of public relations in order to evaluate and create effective public relations campaigns.
- Plan and implement research projects; read and interpret research data as applied to public relations campaigns and message strategy.
- Create and conduct ethically sound and socially responsible public relations strategies and campaigns.

School Counseling (Post-Master's) Graduate Certificate

This graduate certificate is designed for students who want to become professional school counselors and have already earned a Master's degree in another counseling specialty. The goals of the Post-Graduate Certificate in School Counseling are: (a) to provide an academic program to help counselors increase their competency to design, implement, and assess comprehensive school counseling programs in K-12 settings and (b) to provide an academic pathway for counselors to pursue state school counseling certification.

The school counseling degree coordinator will act as the program director for this graduate certificate.

Admission Requirements

Requirements for admission to the Post-Graduate School Counseling Certificate program include:

1. Cumulative GPA (undergraduate and graduate) of 2.75 or better on 4.0 scale and graduate GPA of 3.0 or better;
2. Successful completion of a master's degree in Counseling (e.g., Clinical Mental Health Counseling; Community Counseling; Marriage, Couple, and Family Counseling; Career Counseling) from an accredited university with a minimum of 48 semester credit hours completed;
3. Two letters of recommendation with at least one from a current or former college-level instructor or counseling supervisor who has observed their clinical work;
4. Supplemental application with coursework review;
5. Two-page personal statement explaining the applicant's personal and professional goals.
6. Video role play of counseling skills with mock-client.

Certificate Requirements

Certificate students should have completed the following courses or their equivalencies from their previous counseling graduate program:

- Theories of Counseling
- Helping Relationship Skills
- Ethical and Professional Issues in Counseling
- Foundations for Multicultural Counseling
- Group Procedures in Counseling
- Career Information and Development
- Assessment and Testing
- Psychopathology or Diagnosis
- Lifespan Development
- Education Research Methods

If any of these courses were not completed, the required course will need to be completed as part of the post-graduate certificate plan of study. The prerequisite courses do not have to be completed at UMSL.

Fifteen semester credit hours of graduate course work are required for the graduate certificate. Twelve of these semester credit hours must consist of the core courses. A minimum of three additional hours are to be chosen from the list of electives. All 15 credits must be completed at UMSL.

CORE

| | | |
|--------------------------------|---|---|
| CNS ED 6200 | Foundations of School Counseling | 3 |
| CNS ED 6680 | School Counseling in the Classroom | 3 |
| CNS ED 6280 | School Counseling Internship ¹ | 3 |
| SPEC ED 6412 or ED PSY 6532 | Foundations of Inclusive Education Psychoeducational Differences | 3 |

Electives

| | | |
|--|---|---|
| Choose three hours from the list of courses: | | 3 |
| CNS ED 6600 | Counseling Children and Adolescents | |
| CNS ED 6610 | Introduction to Play Therapy | |
| CNS ED 6630 | Career Development in K-12 Schools | |
| CNS ED 6730 | Counseling for Loss, Crisis, and Trauma | |

Total Hours **15**

¹ A 300 hour internship must be accomplished in K-12 school sites. Course-embedded Department of Elementary and Secondary Education performance assessment occurs in CNS ED 6280. Students pursuing school counseling certification in Missouri will complete field experience placements at two different school levels, with 250 hours at a major placement level and 50 hours at a minor placement level. At least 50 hours must occur in K-5 settings.

Beyond completion of graduate course requirements, students will need to pass the Praxis in School Counseling and apply to the state department of education before they can be recommended by the university for school counseling certification in Missouri.

School Psychology EdS

The Educational Specialist in School Psychology (Ed.S.) degree program at the University of Missouri-St. Louis is a National Association of School Psychologists-approved program whose primary goal is to prepare future school psychologists to assume a wide array of professional roles in schools. Built upon a foundation of data-based decision making and problem solving methodology, the program highlights the critical importance of providing timely prevention, early intervention, and intensive research-based interventions to address academic and mental/behavioral health difficulties within a framework of multitiered systems of support.

Degree Requirements

The Ed.S. in School Psychology degree program consists of 60 graduate semester hours that includes coursework in psychological and educational foundations, psychoeducational assessment, and direct and indirect service delivery. Prevention and early intervention of academic, behavioral, and social-emotional problems through consultation, interdisciplinary collaboration, and systems-level interventions are highlighted throughout the program. The Ed.S. degree is a small-cohort

program consisting of 10-12 candidates per cohort that maximizes close relationships with faculty and field-based practitioners to develop professional skills and competencies.

Admission requirements include a 3.0 undergraduate GPA, three letters of recommendation, a personal statement describing personal goals (not to exceed five double-spaced typed pages) and a curriculum vitae detailing relevant experience with children, adolescents, and families. Prerequisite coursework in the areas of Developmental Psychology, and Psychological Statistics is required for admission. Following initial screening, finalists will be invited for an on-campus interview with the School Psychology Program faculty and current Ed.S. candidates. All required application materials will be considered equally when making admission decisions. Applications are reviewed annually with a **January 15** deadline. The program may review additional applications until all spaces in the cohort are filled.

Transfer credit may be granted for graduate coursework completed prior to entering the program, but strict limitations apply. The Ed.S. in School Psychology degree program involves a minimum of three years of intensive study. Though it is possible to complete the first year of the curriculum on a part-time basis, please note that practicum during the second year involves two days per week working in a school with a school psychologist, and internship is a yearlong full-time supervised experience. Consequently, full-time study is recommended and preferred. Graduates of the program are immediately eligible for School Psychologist Certification from the Missouri Department of Elementary and Secondary Education and the Nationally Certified School Psychologist credential from the National Association of School Psychologists. As such, graduates from the program will meet or exceed certification requirements in the majority if not all states in the country.

Requirements

Learning Outcomes

The UMSL School Psychology Program promotes development of advanced student- and systems-level knowledge and skills to support all students via the following learning outcomes:

A. Improved Academic and Mental/Behavioral Health Outcomes

Candidates will develop advanced skills in the areas of multifaceted assessment and data collection techniques, treatment planning and implementation, and evaluation of student responses to academic and mental/behavioral health prevention and intervention efforts.

B. Culturally-Responsive Practice and Social Justice

Candidates will understand identity development and develop the skills necessary to work with and advocate for culturally- and linguistically-diverse students and families in a competent and socially-just manner.

C. Program Development and Evaluation

Candidates will learn qualitative, quantitative, and mixed methods data collection and research methodologies that will enable them to develop, implement, and evaluate a wide array of school-based interventions and programs for students, educators, and parents.

D. Facilitation of Organizational/Systems Change

Candidates will acquire a systems-level perspective of the educational, social, and political influences on development and will use this knowledge to promote systemic and policy changes that will improve educational and psychological outcomes for all students.

Secondary Education BSEd English Emphasis

The Bachelor's of Science in Secondary Education degree prepares students to teach in secondary school settings, grades 9-12. This program requires the selection and completion of required coursework in a specific content area.

University General Education and Graduation Requirements

B.S.Ed. degree candidates must complete the following General Education (p. 30) requirements (p. 30) and Graduation requirements (p. 16) of the University as outlined in this Bulletin.

The courses listed below fulfill General Education requirements and best prepare students for advanced education coursework and licensure exams.

Core Areas:

| First Year Writing | | |
|--|---|-----------|
| ENGL 1100 | First-Year Writing (MOTR ENGL 200) | 3 |
| Communication Proficiency | | |
| EDUC 2222 | Interpretation: Connecting Audiences and Meaning | 3 |
| or COMM 1040 | Introduction to Public Speaking (MOTR COMM 110) | |
| Math Proficiency | | |
| MATH 1020 | Contemporary Mathematics (MOTR MATH 120) | 3 |
| or MATH 1030 | College Algebra (MOTR MATH 130) | |
| Information Literacy | | |
| ED TECH 2230 | Information Literacy | 3 |
| American History or Government | | |
| POL SCI 1100 | Introduction to American Politics (MOTR POSC 101) | 3 |
| or HIST 1001 | American Civilization to 1865 (MOTR HIST 101) | |
| Humanities and Fine Arts | | |
| Choose any 9 hours from approved fields. | | 9 |
| Social Science | | |
| Choose any 9 hours. At least one course must meet the cultural diversity requirement | | 9 |
| Math and Life/Natural Sciences | | |
| Choose any 9 hours. | | 9 |
| Junior Level Writing | | |
| ENGL 3100 | Junior-Level Writing | 3 |
| Total Hours | | 45 |

Program Requirements

All students in the B.S.Ed. in Secondary Education program are required to take the following Teacher Education courses. Each student must also select a content area and complete the required courses and certification assessments for that area as specified by the Missouri Department of Elementary and Secondary Education.

Grade Requirement

Professional Education courses must be completed with a grade of C or better (courses completed with a grade of C- or below must be retaken).

GPA Requirement

Beginning with those students graduating in May 2017 who will also receive teaching certification, the Missouri Department of Elementary

and Secondary Education requires a 3.0 GPA in professional education courses, a 3.0 GPA in the teaching content field, and a 2.75 overall GPA.

Assessment Requirement

Students must pass the required DESE certification assessments to receive the B.S.Ed. degree.

Preparing for the Teacher Education Program

The following courses must be completed prior to applying for admission to the teacher education program:

| | | |
|--------------------|--|----------|
| TCH ED 1000 | Building Community, Culture, and Learning in Education | 1 |
| TCH ED 1001 | Early Clinical Experience: Community Agency | 1 |
| TCH ED 2000 | Becoming a Professional Educator | 1 |
| TCH ED 2001 | Early Clinical Experience: Schools | 1 |
| TCH ED 2209 | Foundations of Teaching in American Schools | 2 |
| ED PSY 2212 | Child and Adolescent Development | 3 |
| Total Hours | | 9 |

Teacher Education Program

The following courses are completed after acceptance into the teacher education program:

| | | |
|--------------------|---|-----------|
| TCH ED 3001 | Mid-Level Clinical Experience: Diverse Learners | 1 |
| ED PSY 3312 | | |
| TCH ED 3310 | Introduction to Methods of Teaching | 3 |
| SPEC ED 3318 | Inclusive Classrooms | 3 |
| TCH ED 4391 | Literacy for Adolescent Learners in Content Areas | 3 |
| SEC ED 4880 | Writing for Teachers ¹ | 3 |
| Total Hours | | 13 |

¹ SEC ED 4880 is not required for foreign language emphasis areas.

In addition to the above courses, students must complete 30-50 hours of required coursework in one specific content area (English, French K-12, Spanish K-12, mathematics, biology, chemistry, physics, or social studies), as well as the appropriate methods course:

| | | |
|-------------|---|---|
| SEC ED 4011 | The Curriculum And Methods Of Teaching History And Social Studies | 3 |
| SEC ED 4240 | Curriculum and Methods of Teaching Physical Sciences | 3 |
| SEC ED 4589 | Curriculum and Methods of Teaching Foreign Languages | 3 |
| SEC ED 4646 | The Curriculum And Methods Of Teaching Math | 3 |
| SEC ED 4885 | The Curriculum And Methods Of Teaching English | 3 |
| SEC ED 4985 | Curriculum and Methods of Teaching Life Sciences | 3 |

The program will culminate in the following practicum courses:

| | | |
|-------------|-------------------------------------|----|
| SEC ED 4989 | Practicum I: Site-Based Experience | 3 |
| SEC ED 4990 | Practicum II: Site-Based Experience | 12 |

Total Credit Hours: 120 Minimum

B.S. Ed. in Secondary Education with Emphasis in English

The B.S. Ed. is a professional education degree designed for students who wish to pursue a teaching career in secondary schools. Much of the discipline-specific coursework parallels the B.A. or B.S. degree in the discipline; however, the Missouri Department of Elementary and Secondary Education (DESE) requires specific coursework for teacher certification. Therefore, students interested in the B.S. Ed. should contact the advising office (OASIS) 314-516-5937 in the College of Education for discipline-specific requirements. *Note: To obtain teaching certification, DESE requires a 3.0 GPA in the discipline and professional education coursework, as well as a 2.75 GPA overall.*

B.A. in English with Master's Level Coursework for Secondary Teacher Certification

In addition to the B.S. Ed., students may opt to complete a B.A. or B.S. degree in their discipline as an undergraduate, followed by admission to the Graduate School for Master's level teaching certification. The College of Education has a one-year accelerated program for post-graduate certification called Teach in 12, or students can choose a traditional path to certification. Graduate coursework for certification can apply towards a Master's Degree in Secondary Education, with additional coursework. Students interested in Master's Level teacher certification should contact the advising office (OASIS) 314-516-5937 in the College of Education. *Note: To obtain teaching certification, DESE requires a 3.0 GPA in the discipline and professional education coursework, as well as a 2.75 GPA overall.*

Learning Outcomes

Upon completion of the program, graduates will be able to:

- Demonstrate professionalism through (a) reflective practice for professional growth, (b) effective communication and collaboration, and (c) commitment to upholding ethical and professional standards.
- Evaluate, design, and implement curriculum, instruction, and assessment that apply advanced understanding of (a) content and pedagogical knowledge, (b) learning science principles, and (c) equitable frameworks and inclusive practices.
- Integrate technologies to create meaningful student learning in the context of a (a) digital and (b) global society.
- Design and implement a supportive, inclusive, and culturally responsive classroom environment that nurtures the intellectual, social, and emotional development of all students.
- Partner with families and communities to develop relationships and build networks of support to enhance student learning and well-being.

1 This course should also fulfill the University's Cultural Diversity Requirement.

PLEASE NOTE: This plan is an example of what a four year plan could look like for a typical student. Placement exam scores in math as well as the completion of coursework may change the plan. It should not be used in the place of regular academic advising appointments. All students are encouraged to meet with their advisor each semester. All requirements are subject to change.

Secondary Education BSEd Mathematics Emphasis

The Bachelor's of Science in Secondary Education degree prepares students to teach in secondary school settings, grades 9-12. This program requires the selection and completion of required coursework in a specific content area.

University General Education and Graduation Requirements

B.S.Ed. degree candidates must complete the following General Education (p. 30) requirements (p. 30) and Graduation requirements (p. 16) of the University as outlined in this Bulletin.

The courses listed below fulfill General Education requirements and best prepare students for advanced education coursework and licensure exams.

Core Areas:

| | | |
|--|---|-----------|
| First Year Writing | | |
| ENGL 1100 | First-Year Writing (MOTR ENGL 200) | 3 |
| Communication Proficiency | | |
| EDUC 2222 | Interpretation: Connecting Audiences and Meaning | 3 |
| or COMM 1040 | Introduction to Public Speaking (MOTR COMM 110) | |
| Math Proficiency | | |
| MATH 1020 | Contemporary Mathematics (MOTR MATH 120) | 3 |
| or MATH 1030 | College Algebra (MOTR MATH 130) | |
| Information Literacy | | |
| ED TECH 2230 | Information Literacy | 3 |
| American History or Government | | |
| POL SCI 1100 | Introduction to American Politics (MOTR POSC 101) | 3 |
| or HIST 1001 | American Civilization to 1865 (MOTR HIST 101) | |
| Humanities and Fine Arts | | |
| Choose any 9 hours from approved fields. | | 9 |
| Social Science | | |
| Choose any 9 hours. At least one course must meet the cultural diversity requirement | | 9 |
| Math and Life/Natural Sciences | | |
| Choose any 9 hours. | | 9 |
| Junior Level Writing | | |
| ENGL 3100 | Junior-Level Writing | 3 |
| Total Hours | | 45 |

Program Requirements

All students in the B.S.Ed. in Secondary Education program are required to take the following Teacher Education courses. Each student must also select a content area and complete the required courses and certification assessments for that area as specified by the Missouri Department of Elementary and Secondary Education.

Grade Requirement

Professional Education courses must be completed with a grade of C or better (courses completed with a grade of C- or below must be retaken).

GPA Requirement

Beginning with those students graduating in May 2017 who will also receive teaching certification, the Missouri Department of Elementary and Secondary Education requires a 3.0 GPA in professional education courses, a 3.0 GPA in the teaching content field, and a 2.75 overall GPA.

Assessment Requirement

Students must pass the required DESE certification assessments to receive the B.S.Ed. degree.

Preparing for the Teacher Education Program

The following courses must be completed prior to applying for admission to the teacher education program:

| | | |
|--------------------|--|----------|
| TCH ED 1000 | Building Community, Culture, and Learning in Education | 1 |
| TCH ED 1001 | Early Clinical Experience: Community Agency | 1 |
| TCH ED 2000 | Becoming a Professional Educator | 1 |
| TCH ED 2001 | Early Clinical Experience: Schools | 1 |
| TCH ED 2209 | Foundations of Teaching in American Schools | 2 |
| ED PSY 2212 | Child and Adolescent Development | 3 |
| Total Hours | | 9 |

Teacher Education Program

The following courses are completed after acceptance into the teacher education program:

| | | |
|--------------------|---|-----------|
| TCH ED 3001 | Mid-Level Clinical Experience: Diverse Learners | 1 |
| ED PSY 3312 | | |
| TCH ED 3310 | Introduction to Methods of Teaching | 3 |
| SPEC ED 3318 | Inclusive Classrooms | 3 |
| TCH ED 4391 | Literacy for Adolescent Learners in Content Areas | 3 |
| SEC ED 4880 | Writing for Teachers ¹ | 3 |
| Total Hours | | 13 |

¹ SEC ED 4880 is not required for foreign language emphasis areas.

In addition to the above courses, students must complete 30-50 hours of required coursework in one specific content area (English, French K-12, Spanish K-12, mathematics, biology, chemistry, physics, or social studies), as well as the appropriate methods course:

| | | |
|-------------|---|---|
| SEC ED 4011 | The Curriculum And Methods Of Teaching History And Social Studies | 3 |
| SEC ED 4240 | Curriculum and Methods of Teaching Physical Sciences | 3 |
| SEC ED 4589 | Curriculum and Methods of Teaching Foreign Languages | 3 |
| SEC ED 4646 | The Curriculum And Methods Of Teaching Math | 3 |
| SEC ED 4885 | The Curriculum And Methods Of Teaching English | 3 |
| SEC ED 4985 | Curriculum and Methods of Teaching Life Sciences | 3 |

The program will culminate in the following practicum courses:

| | | |
|-------------|-------------------------------------|----|
| SEC ED 4989 | Practicum I: Site-Based Experience | 3 |
| SEC ED 4990 | Practicum II: Site-Based Experience | 12 |

Total Credit Hours: 120 Minimum

B.S. Ed. in Secondary Education with Emphasis in Mathematics

The B.S. Ed. is a professional education degree designed for students who wish to pursue a teaching career in secondary schools. Much of the discipline-specific coursework parallels the B.A. or B.S. degree in the discipline; however, the Missouri Department of Elementary and

Secondary Education (DESE) requires specific coursework for teacher certification. Therefore, students interested in the B.S. Ed. should contact the advising office (OASIS) 314-516-5937 in the College of Education for discipline-specific requirements. *Note: To obtain teaching certification, DESE requires a 3.0 GPA in the discipline and professional education coursework, as well as a 2.75 GPA overall.*

B.A. or B.S. in Mathematics with Master's Level Coursework for Secondary Teacher Certification

In addition to the B.S. Ed., students may opt to complete a B.A. or B.S. degree in their discipline as an undergraduate, followed by admission to the Graduate School for Master's level teaching certification. The College of Education has a one-year accelerated program for post-graduate certification called Teach in 12, or students can choose a traditional path to certification. Graduate coursework for certification can apply towards a Master's Degree in Secondary Education, with additional coursework. Students interested in Master's Level teacher certification should contact the advising office (OASIS) 314-516-5937 in the College of Education. *Note: To obtain teaching certification, DESE requires a 3.0 GPA in the discipline and professional education coursework, as well as a 2.75 GPA overall.*

Learning Outcomes

Upon completion of the program, graduates will be able to:

- Demonstrate professionalism through (a) reflective practice for professional growth, (b) effective communication and collaboration, and (c) commitment to upholding ethical and professional standards.
- Evaluate, design, and implement curriculum, instruction, and assessment that apply advanced understanding of (a) content and pedagogical knowledge, (b) learning science principles, and (c) equitable frameworks and inclusive practices.
- Integrate technologies to create meaningful student learning in the context of a (a) digital and (b) global society.
- Design and implement a supportive, inclusive, and culturally responsive classroom environment that nurtures the intellectual, social, and emotional development of all students.
- Partner with families and communities to develop relationships and build networks of support to enhance student learning and well-being.

Sample Four Year Plan

| First Year | | | |
|------------------------------------|-----------|------------------------------------|-----------|
| Fall | Hours | Spring | Hours |
| ENGL 1100 | 3 | COMM 1040 | 3 |
| HIST 1001 or 1002 | 3 | MATH 1800 | 5 |

1 This course should also fulfill the University's Cultural Diversity Requirement

PLEASE NOTE: This plan is an example of what a four year plan could look like for a typical student. Placement exam scores in math as well as the completion of coursework may change the plan. It should not be used in the place of regular academic advising appointments. All students are encouraged to meet with their advisor each semester. All requirements are subject to change.

Secondary Education BSEd Science-Biology Emphasis

The Bachelor's of Science in Secondary Education degree prepares students to teach in secondary school settings, grades 9-12. This program requires the selection and completion of required coursework in a specific content area.

University General Education and Graduation Requirements

B.S.Ed. degree candidates must complete the following General Education (p. 30) requirements (p. 30) and Graduation requirements (p. 16) of the University as outlined in this Bulletin.

The courses listed below fulfill General Education requirements and best prepare students for advanced education coursework and licensure exams.

Core Areas:

| First Year Writing | | |
|--|---|---|
| ENGL 1100 | First-Year Writing (MOTR ENGL 200) | 3 |
| Communication Proficiency | | |
| EDUC 2222 | Interpretation: Connecting Audiences and Meaning | 3 |
| or COMM 1040 | Introduction to Public Speaking (MOTR COMM 110) | |
| Math Proficiency | | |
| MATH 1020 | Contemporary Mathematics (MOTR MATH 120) | 3 |
| or MATH 1030 | College Algebra (MOTR MATH 130) | |
| Information Literacy | | |
| ED TECH 2230 | Information Literacy | 3 |
| American History or Government | | |
| POL SCI 1100 | Introduction to American Politics (MOTR POSC 101) | 3 |
| or HIST 1001 | American Civilization to 1865 (MOTR HIST 101) | |
| Humanities and Fine Arts | | |
| Choose any 9 hours from approved fields. | | 9 |
| Social Science | | |
| Choose any 9 hours. At least one course must meet the cultural diversity requirement | | 9 |

| Math and Life/Natural Sciences | | |
|---------------------------------------|----------------------|-----------|
| Choose any 9 hours. | | 9 |
| Junior Level Writing | | |
| ENGL 3100 | Junior-Level Writing | 3 |
| Total Hours | | 45 |

Program Requirements

All students in the B.S.Ed. in Secondary Education program are required to take the following Teacher Education courses. Each student must also select a content area and complete the required courses and certification assessments for that area as specified by the Missouri Department of Elementary and Secondary Education.

Grade Requirement

Professional Education courses must be completed with a grade of C or better (courses completed with a grade of C- or below must be retaken).

GPA Requirement

Beginning with those students graduating in May 2017 who will also receive teaching certification, the Missouri Department of Elementary and Secondary Education requires a 3.0 GPA in professional education courses, a 3.0 GPA in the teaching content field, and a 2.75 overall GPA.

Assessment Requirement

Students must pass the required DESE certification assessments to receive the B.S.Ed. degree.

Preparing for the Teacher Education Program

The following courses must be completed prior to applying for admission to the teacher education program:

| | | |
|--------------------|--|----------|
| TCH ED 1000 | Building Community, Culture, and Learning in Education | 1 |
| TCH ED 1001 | Early Clinical Experience: Community Agency | 1 |
| TCH ED 2000 | Becoming a Professional Educator | 1 |
| TCH ED 2001 | Early Clinical Experience: Schools | 1 |
| TCH ED 2209 | Foundations of Teaching in American Schools | 2 |
| ED PSY 2212 | Child and Adolescent Development | 3 |
| Total Hours | | 9 |

Teacher Education Program

The following courses are completed after acceptance into the teacher education program:

| | | |
|--------------------|---|-----------|
| TCH ED 3001 | Mid-Level Clinical Experience: Diverse Learners | 1 |
| ED PSY 3312 | | |
| TCH ED 3310 | Introduction to Methods of Teaching | 3 |
| SPEC ED 3318 | Inclusive Classrooms | 3 |
| TCH ED 4391 | Literacy for Adolescent Learners in Content Areas | 3 |
| SEC ED 4880 | Writing for Teachers ¹ | 3 |
| Total Hours | | 13 |

¹ SEC ED 4880 is not required for foreign language emphasis areas.

In addition to the above courses, students must complete 30-50 hours of required coursework in one specific content area (English, French K-12, Spanish K-12, mathematics, biology, chemistry, physics, or social studies), as well as the appropriate methods course:

| | | |
|-------------|---|---|
| SEC ED 4011 | The Curriculum And Methods Of Teaching History And Social Studies | 3 |
| SEC ED 4240 | Curriculum and Methods of Teaching Physical Sciences | 3 |
| SEC ED 4589 | Curriculum and Methods of Teaching Foreign Languages | 3 |
| SEC ED 4646 | The Curriculum And Methods Of Teaching Math | 3 |
| SEC ED 4885 | The Curriculum And Methods Of Teaching English | 3 |
| SEC ED 4985 | Curriculum and Methods of Teaching Life Sciences | 3 |

The program will culminate in the following practicum courses:

| | | |
|-------------|-------------------------------------|----|
| SEC ED 4989 | Practicum I: Site-Based Experience | 3 |
| SEC ED 4990 | Practicum II: Site-Based Experience | 12 |

Total Credit Hours: 120 Minimum

B.S. Ed. in Secondary Education with Emphasis in Biology

The B.S. Ed. is a professional education degree designed for students who wish to pursue a teaching career in secondary schools. Much of the discipline-specific coursework parallels the B.A. or B.S. degree in the discipline; however, the Missouri Department of Elementary and Secondary Education (DESE) requires specific coursework for teacher certification. Therefore, students interested in the B.S. Ed. should contact the advising office (OASIS) 314-516-5937 in the College of Education for discipline-specific requirements. *Note: To obtain teaching certification, DESE requires a 3.0 GPA in the discipline and professional education coursework, as well as a 2.75 GPA overall.*

B.A. or B.S. in Biology with Master's Level Coursework for Secondary Teacher Certification

In addition to the B.S. Ed., students may opt to complete a B.A. or B.S. degree in their discipline as an undergraduate, followed by admission to the Graduate School for Master's level teaching certification. The College of Education has a one-year accelerated program for post-graduate certification called Teach in 12, or students can choose a traditional path to certification. Graduate coursework for certification can apply towards a Master's Degree in Secondary Education, with additional coursework. Students interested in Master's Level teacher certification should contact the advising office (OASIS) 314-516-5937 in the College of Education. *Note: To obtain teaching certification, DESE requires a 3.0 GPA in the discipline and professional education coursework, as well as a 2.75 GPA overall.*

Learning Outcomes

Upon completion of the program, graduates will be able to:

- Demonstrate professionalism through (a) reflective practice for professional growth, (b) effective communication and collaboration, and (c) commitment to upholding ethical and professional standards.
- Evaluate, design, and implement curriculum, instruction, and assessment that apply advanced understanding of (a) content and pedagogical knowledge, (b) learning science principles, and (c) equitable frameworks and inclusive practices.
- Integrate technologies to create meaningful student learning in the context of a (a) digital and (b) global society.
- Design and implement a supportive, inclusive, and culturally responsive classroom environment that nurtures the intellectual, social, and emotional development of all students.
- Partner with families and communities to develop relationships and build networks of support to enhance student learning and well-being.

B.A. or B.S. in Physics with Master's Level Coursework for Secondary Teacher Certification

In addition to the B.S. Ed., students may opt to complete a B.A. or B.S. degree in their discipline as an undergraduate, followed by admission to the Graduate School for Master's level teaching certification. The College of Education has a one-year accelerated program for post-graduate certification called Teach in 12, or students can choose a traditional path to certification. Graduate coursework for certification can apply towards a Master's Degree in Secondary Education, with additional coursework. Students interested in Master's Level teacher certification should contact the advising office (OASIS) 314-516-5937 in the College of Education. *Note: To obtain teaching certification, DESE requires a 3.0 GPA in the discipline and professional education coursework, as well as a 2.75 GPA overall.*

Learning Outcomes

Upon completion of the program, graduates will be able to:

- Demonstrate professionalism through (a) reflective practice for professional growth, (b) effective communication and collaboration, and (c) commitment to upholding ethical and professional standards.
- Evaluate, design, and implement curriculum, instruction, and assessment that apply advanced understanding of (a) content and pedagogical knowledge, (b) learning science principles, and (c) equitable frameworks and inclusive practices.
- Integrate technologies to create meaningful student learning in the context of (a) digital and (b) global society.

- Design and implement a supportive, inclusive, and culturally responsive classroom environment that nurtures the intellectual, social, and emotional development of all students.
- Partner with families and communities to develop relationships and build networks of support to enhance student learning and well-being.

Sample Four Year Plan

First Year

| Fall | Hours | Spring | Hours | Summer | Hours |
|------------------------------------|-------|----------------|-------|--------------------------------------|-------|
| ENGL 1100 | | 3 CHEM 1111 | | 5 EXPLORE - Humanities and Fine Arts | 3 |
| MATH 1800 | | 5 COMM 1040 | | 3 | |
| TCH ED 1000 | | 1 ED TECH 2230 | | 3 | |

|-------------|-------|---------------|-------|
| PHIL 3380 | | 3 SEC ED 4990 | 12 |
| SEC ED 4880 | | 3 | |
| SEC ED 4989 | | 3 | |
| TCH ED 4391 | | 3 | |
| | 12 | | 12 |

Total Hours: 126

¹ Course should also satisfy the Cultural Diversity Requirement

PLEASE NOTE: This plan is an example of what a four year plan could look like for a typical student. Placement exam scores in math as well as the completion of coursework may change the plan. It should not be used in the place of regular academic advising appointments. All students are encouraged to meet with their advisor. All requirements are subject to change.

Secondary Education BSEd Social Studies Emphasis

The Bachelor's of Science in Secondary Education degree prepares students to teach in secondary school settings, grades 9-12. This program requires the selection and completion of required coursework in a specific content area.

University General Education and Graduation Requirements

B.S.Ed. degree candidates must complete the following General Education (p. 30) requirements (p. 30) and Graduation requirements (p. 16) of the University as outlined in this Bulletin.

The courses listed below fulfill General Education requirements and best prepare students for advanced education coursework and licensure exams.

Core Areas:

First Year Writing

| | | |
|-----------|------------------------------------|---|
| ENGL 1100 | First-Year Writing (MOTR ENGL 200) | 3 |
|-----------|------------------------------------|---|

Communication Proficiency

| | | |
|--------------|--|---|
| EDUC 2222 | Interpretation: Connecting Audiences and Meaning | 3 |
| or COMM 1040 | Introduction to Public Speaking (MOTR COMM 110) | |

Math Proficiency

| | | |
|--------------|--|---|
| MATH 1020 | Contemporary Mathematics (MOTR MATH 120) | 3 |
| or MATH 1030 | College Algebra (MOTR MATH 130) | |

Information Literacy

| | | |
|--------------|----------------------|---|
| ED TECH 2230 | Information Literacy | 3 |
|--------------|----------------------|---|

American History or Government

| | | |
|--------------|---|---|
| POL SCI 1100 | Introduction to American Politics (MOTR POSC 101) | 3 |
| or HIST 1001 | American Civilization to 1865 (MOTR HIST 101) | |

Humanities and Fine Arts

| | | |
|--|--|---|
| Choose any 9 hours from approved fields. | | 9 |
|--|--|---|

Social Science

| | | |
|--|--|---|
| Choose any 9 hours. At least one course must meet the cultural diversity requirement | | 9 |
|--|--|---|

Math and Life/Natural Sciences

| | | |
|---------------------|--|---|
| Choose any 9 hours. | | 9 |
|---------------------|--|---|

Junior Level Writing

| | | |
|-----------|----------------------|---|
| ENGL 3100 | Junior-Level Writing | 3 |
|-----------|----------------------|---|

| | | |
|--------------------|--|-----------|
| Total Hours | | 45 |
|--------------------|--|-----------|

Program Requirements

All students in the B.S.Ed. in Secondary Education program are required to take the following Teacher Education courses. Each student must also select a content area and complete the required courses and certification assessments for that area as specified by the Missouri Department of Elementary and Secondary Education.

Grade Requirement

Professional Education courses must be completed with a grade of C or better (courses completed with a grade of C- or below must be retaken).

GPA Requirement

Beginning with those students graduating in May 2017 who will also receive teaching certification, the Missouri Department of Elementary and Secondary Education requires a 3.0 GPA in professional education courses, a 3.0 GPA in the teaching content field, and a 2.75 overall GPA.

Assessment Requirement

Students must pass the required DESE certification assessments to receive the B.S.Ed. degree.

Preparing for the Teacher Education Program

The following courses must be completed prior to applying for admission to the teacher education program:

| | | |
|--------------------|--|----------|
| TCH ED 1000 | Building Community, Culture, and Learning in Education | 1 |
| TCH ED 1001 | Early Clinical Experience: Community Agency | 1 |
| TCH ED 2000 | Becoming a Professional Educator | 1 |
| TCH ED 2001 | Early Clinical Experience: Schools | 1 |
| TCH ED 2209 | Foundations of Teaching in American Schools | 2 |
| ED PSY 2212 | Child and Adolescent Development | 3 |
| Total Hours | | 9 |

Teacher Education Program

The following courses are completed after acceptance into the teacher education program:

| | | |
|--------------------|---|-----------|
| TCH ED 3001 | Mid-Level Clinical Experience: Diverse Learners | 1 |
| ED PSY 3312 | | |
| TCH ED 3310 | Introduction to Methods of Teaching | 3 |
| SPEC ED 3318 | Inclusive Classrooms | 3 |
| TCH ED 4391 | Literacy for Adolescent Learners in Content Areas | 3 |
| SEC ED 4880 | Writing for Teachers ¹ | 3 |
| Total Hours | | 13 |

¹ SEC ED 4880 is not required for foreign language emphasis areas.

In addition to the above courses, students must complete 30-50 hours of required coursework in one specific content area (English, French K-12, Spanish K-12, mathematics, biology, chemistry, physics, or social studies), as well as the appropriate methods course:

| | | |
|-------------|---|---|
| SEC ED 4011 | The Curriculum And Methods Of Teaching History And Social Studies | 3 |
| SEC ED 4240 | Curriculum and Methods of Teaching Physical Sciences | 3 |
| SEC ED 4589 | Curriculum and Methods of Teaching Foreign Languages | 3 |
| SEC ED 4646 | The Curriculum And Methods Of Teaching Math | 3 |

| | | |
|-------------|--|---|
| SEC ED 4885 | The Curriculum And Methods Of Teaching English | 3 |
| SEC ED 4985 | Curriculum and Methods of Teaching Life Sciences | 3 |

The program will culminate in the following practicum courses:

| | | |
|-------------|-------------------------------------|----|
| SEC ED 4989 | Practicum I: Site-Based Experience | 3 |
| SEC ED 4990 | Practicum II: Site-Based Experience | 12 |

Total Credit Hours: 120 Minimum

Learning Outcomes

Upon completion of the program, graduates will be able to:

- Demonstrate professionalism through (a) reflective practice for professional growth, (b) effective communication and collaboration, and (c) commitment to upholding ethical and professional standards.
- Evaluate, design, and implement curriculum, instruction, and assessment that apply advanced understanding of (a) content and pedagogical knowledge, (b) learning science principles, and (c) equitable frameworks and inclusive practices.
- Integrate technologies to create meaningful student learning in the context of a (a) digital and (b) global society.
- Design and implement a supportive, inclusive, and culturally responsive classroom environment that nurtures the intellectual, social, and emotional development of all students.
- Partner with families and communities to develop relationships and build networks of support to enhance student learning and well-being.

Sample Four Year Plan

| First Year | | | |

| Total Hours: 124 | | | |

1 This course should also fulfill the University's Cultural Diversity Requirement.

PLEASE NOTE: This plan is an example of what a four year plan could look like for a typical student. Placement exam scores in math as well as the completion of coursework may change the plan. It should not be used in the place of regular academic advising appointments. All students are encouraged to meet with their advisor each semester. All requirements are subject to change.

Secondary School Teaching Graduate Certificate

The Graduate Certificate in Secondary School Teaching prepares those with at least a bachelor's degree for teaching in high school. Normally this Graduate Certificate is taken by students who are not simultaneously pursuing the M.Ed. and teacher certification.

This program of study is for individuals with a bachelor's degree who would like to prepare for teacher certification in Secondary School Teaching. This graduate certificate program option leads to Missouri Initial Professional Teacher Certification in the specified discipline.

Admission Requirements for the Graduate Certificate in Secondary School Teaching:

1. A passing score on the designated Missouri Content Examination or an approved program of study
2. A 2.75 or higher overall GPA
3. Approved results of the Family Care Safety Registry
4. A clear TB test or chest X-ray, if appropriate

Applicants must meet the application deadlines set by the Graduate School

Required Certification Courses

| | | |
|-------------|--|---|
| TCH ED 5000 | Advanced Early Clinical Experience | 1 |
| TCH ED 5001 | Advanced Mid-Level Clinical Experience: Diverse Learners | 1 |
| TCH ED 5310 | Instructional Design | 3 |
| TCH ED 5311 | Foundations of Education | 3 |
| TCH ED 5312 | Teaching Reading in the Content Areas | 3 |
| TCH ED 5880 | Writing in the Content Areas | 3 |
| SEC ED 4XXX | Curriculum and Methods of Teaching [Subject area] | 3 |
| ED PSY 6030 | | |

| | | |
|--------------------|--|-----------|
| ED PSY 6222 | Advanced Studies in Child and Adolescent Development | 3 |
| SPEC ED 6412 | Foundations of Inclusive Education | 3 |
| SEC ED 5989 | Practicum I: Site-Based Experience | 3 |
| SEC ED 5990 | Practicum II: Site-Based Experience | 8 |
| Total Hours | | 34 |

Learning Outcomes

Upon completion of the program, certificate earners will be able to:

- Demonstrate professionalism through (a) reflective practice for professional growth, (b) effective communication and collaboration, and (c) commitment to upholding ethical and professional standards.
- Evaluate, design, and implement curriculum, instruction, and assessment that apply advanced understanding of (a) content and pedagogical knowledge, (b) learning science principles, and (c) equitable frameworks and inclusive practices.
- Integrate technologies to create meaningful student learning in the context of a (a) digital and (b) global society.
- Design and implement a supportive, inclusive, and culturally responsive classroom environment that nurtures the intellectual, social, and emotional development of all students.
- Partner with families and communities to develop relationships and build networks of support to enhance student learning and well-being.

Social Justice in Education Graduate Certificate

The Graduate Certificate in Social Justice in Education supports the understanding, knowledge, and skills needed to create a just and equitable society. The curriculum focuses on institutional and personal processes, values, attitudes, and behaviors that sustain injustice while encouraging the development of positive educational, familial, community-centric, and social group advocacy and action.

The Graduate Certificate in Social Justice is a 12 credit hour program. The following courses are required:

| | | |
|--------------------|---------------------------------------|-----------|
| EDUC 6408 | Graduate Seminar ¹ | 3 |
| EDUC 6408 | Graduate Seminar ² | 3 |
| ED FND 6200 | Demographic Contexts of Education | 3 |
| ED FND 6431 | History of African American Education | 3 |
| Total Hours | | 12 |

¹ Topic must be Race, Trauma, and Education

² Topic must be Intersectional Justice in Education

Social Work BSW

General Education Requirements

Majors must satisfy the university and college general education requirements (p. 30), although proficiency in a foreign language is recommended but not required.

Courses required for the BSW degree may not be taken on a satisfactory/unsatisfactory basis except SOC WK 4800 and SOC WK 4850.

Admission Requirements

Students entering UMSL as freshman and as transfer students should indicate a pre-social work major. Students must apply to the program concurrently with SOC WK 3100. Admission to the program is conditional upon the successful completion of all necessary requirements.

Requirements for Admission to the Social Work program:

- Junior standing
- GPA of 2.75 or higher in social work related areas and an overall GPA of 2.5 or higher.
- Submission of:
 - Application for admission to the social work program.
 - Two letters of reference: one from a college or university professor and one other from a work or volunteer experience supervisor.
- Completion of SOC WK 2000, SOC WK 2001, and SOC WK 2200 or their equivalents or completion of an A.A. in Human Services,
- Completion of PSYCH 1003 and SOC 1010 with a C- or better.
- Attendance at Professional Development Workshop held in the School of Social Work.

Applicants may be asked to meet with the Social Work Admissions Committee.

Degree Requirements

Students must have a minimum GPA of 2.5 in social work and related-area requirement courses to enter field practicum. Candidates for this degree program must complete the core requirements including the following social work courses:

| | | |
|---------------------------|--|-----------|
| SOC WK 2000 | Social Work and Social Issues | 3 |
| SOC WK 2001 | Social Work and Social Issues Lab | 1 |
| SOC WK 2200 | Social Welfare as a Social Institution | 3 |
| SOC WK 3100 | Social Work Practice with Individuals | 3 |
| SOC WK 3210 | Social Issues and Social Policy Development | 3 |
| SOC WK 3410 | Research Design in Social Work | 3 |
| SOC WK 3510 | Human Behavior in the Social Environment | 3 |
| SOC WK 3700 | Diversity and Social Justice | 3 |
| SOC WK 4110 | Social Work Practice with Families and Groups | 3 |
| SOC WK 4300 | Social Work Practice with Communities | 3 |
| SOC WK 4350 | Human Service Organizations | 3 |
| SOC WK 4800 & SOC WK 4850 | Supervised Field Experience in Social Work I and Supervised Field Experience in Social Work II | 8 |
| SOC WK 4801 & SOC WK 4851 | Integrative Field Experience Seminar I and Integrative Field Seminar II | 4 |
| Total Hours | | 43 |

A minimum of 43 hours or a maximum of 50 hours must be taken in social work. A minimum of 30 hours is required in related area departments.

Evaluation of social work transfer credits will be done by a social work adviser on an individual basis.

Related Area Requirements

The following courses, or their alternatives, are required:

| | | |
|--------------|---|---|
| ECON 1000 | Economics in Everyday Life (MOTR ECON 100) | 3 |
| or ECON 1005 | | |
| POL SCI 1100 | Introduction to American Politics (MOTR POSC 101) | 3 |
| PSYCH 1003 | General Psychology (MOTR PSYC 100) | 3 |

Biology

Select one of the following: 3-4

| | | |
|-----------|--|--|
| BIOL 1012 | General Biology: The Science of Life (MOTR BIOL 100) | |
| BIOL 1102 | Human Biology (MOTR LIFS 150) | |
| BIOL 1131 | Human Physiology and Anatomy I | |
| BIOL 1141 | Human Physiology and Anatomy II | |

Sociology

| | | |
|----------|---|---|
| SOC 1010 | Introduction to Sociology (MOTR SOCI 101) | 3 |
| SOC 2160 | Sociological Social Psychology | 3 |

Select one of the following: 3-4

| | | |
|-------------|--|--|
| SOC 3220 | Quantitative Data Analysis in Social Science Research | |
| PSYCH 2201 | Psychological Statistics | |
| CRIMIN 2220 | Statistical Analysis in Criminology and Criminal Justice | |

At least 9 additional hours must be taken in social work, sociology, political science, psychology, gender studies, anthropology, criminology and criminal justice, economics, gerontology, or child advocacy studies at the 2000 level or above. 9

Total Hours 30-32

Hours taken in social work will apply toward the maximum of 50 hours that may be taken in social work courses. The Social Work program may require students to pass a placement test to enroll in the next level course, provided this test or its equivalent is administered to all students seeking to enroll in that course.

Social work majors must have a grade of C- or better and maintain a cumulative grade point average of 2.5 or better in all course work specifically required for the major, with satisfactory grades in practicum.

Note: Anthropology, biological sciences, economics, and Spanish courses are strongly recommended by graduate schools of social work.

Latin Honors Requirements

In accordance with the University's Latin Honors policy (p. 23), candidates graduating from the School of Social Work in the 2023-2024 Academic Year must meet the following GPA qualifications:

| | |
|-----------------|-------|
| Summa Cum Laude | 3.969 |
| Magna Cum Laude | 3.919 |
| Cum Laude | 3.77 |

Objectives of the BSW Program

The BSW program has the following educational outcomes. Students who graduate with a BSW will be generalist practitioners who:

- Identify as professional social workers and conduct themselves accordingly.
- Understand the values and ethics of the social work profession and the relationship between personal beliefs and values, professional values and ethics, and professional social work practice.
- Utilize critical thinking, capacity building, and analytical and communication skills to synthesize and analyze information to inform social work practice.
- Understand the importance of diversity, difference, power, and privilege in shaping life experiences for diversity-competent practice.
- Possess the knowledge and skills to fight effectively against human oppression, discrimination, and social inequity and to formulate and foster social change initiatives to advance social and economic justice.
- Engage in research-informed practice and practice-informed research to evaluate professional practice and /or the professional practice of others.
- Apply knowledge of human behavior and the social environment to guide assessment and intervention.
- Understand major social and welfare policies and analyze and formulate policies to advocate for social and economic justice.
- Use leadership skills to respond to the changing context of social work practice.
- Utilize skills of engagement, assessment, intervention and evaluation, including theory and practice skills, across all levels of practice.

Sample Four Year Plan

First Year

Please Note: This plan is an example of what a four year plan could look like for a typical student. Placement exam scores in math as well as the completion of coursework may change the plan. It should not be used in the place of regular academic advising appointments. All students are required to meet with their advisor each semester. All requirements are subject to change.

Social Work Minor

Requirements for the Minor

Candidates must complete the following social work courses:

| | | |
|--|--|-----------|
| SOC WK 2000 | Social Work and Social Issues | 3 |
| SOC WK 2200 | Social Welfare as a Social Institution | 3 |
| SOC WK 3100 | Social Work Practice with Individuals | 3 |
| SOC WK 3700 | Diversity and Social Justice | 3 |
| Select one additional social work course at the 3000 level or above. | | 3 |
| Total Hours | | 15 |

Social Work MSW

Admission Requirements

Admission to the MSW Program requires admission to the University of Missouri-St. Louis Graduate School and acceptance by the School of Social Work. Applicants to the program must meet the following requirements to be considered for admission:

- Completion of a bachelor's degree from a college or university accredited by a recognized regional accrediting organization.
- Completion of a liberal arts education including courses in the humanities, the social and behavioral sciences, and the physical sciences. These courses must include a college level statistics course with a grade of C or better. Students may be admitted provisionally without statistics, but they cannot proceed in the MSW program past the first semester until this requirement is met.
- Attainment of a cumulative grade point average of at least 2.75 on a 4.0 scale (3.0 preferred) for all undergraduate course work. Students may be admitted provisionally if their undergraduate GPA is between 2.5 and 2.75. Students with a cumulative undergraduate GPA below 2.5 will not be admitted.
- Submission of the following documents by the admission deadline:
 - A completed application to the UMSL Graduate School and a completed MSW supplemental application.
 - Two written essays.

- Three letters of reference. – One from a professor in your major field of study if you have graduated within the past five years, and two others from work or volunteer supervisors or other professional references. Letters from employees/supervisees, friends, and family may not be used.
- Official transcripts from all colleges and university attended.
- Applicable fees.

Application Deadline

The deadline for application to the MSW program is March 1 for admission in the following fall semester and October 15 for admission in the following Spring semester. See School of Social Work's website for more details.

Admissions to the Program with Advanced Standing

Applicants with a BSW, BASW, or BSSW, from an accredited social work program may be given up to 24 credit hours of advanced standing for foundation social work courses. Admission to the advanced standing program is available to applicants who meet the general admission requirements and who:

1. Have earned a bachelor's degree in social work from a program accredited by the Council on Social Work Education within five years of applying to the MSW Program, and
2. Have earned a grade point average of at least 3.0 on a 4.0 scale in the social work foundation curriculum, and no less than a B in all courses that are applicable.

See School of Social Work's website for more details.

Course Waivers

A student who does not have a bachelor's degree in social work but who can document successful completion (with at least a B) of foundation courses from an accredited BSW program within the last five years will be given course waivers and be allowed to replace these courses with electives.

Students from non-accredited BSW programs or students who have taken comparable course work in other undergraduate programs, may take test-out examinations for select foundation courses; waivers will be given if students successfully pass test-out examinations. The waiver does not provide graduate credit; it is a mechanism for allowing elective courses to be substituted for required foundation courses.

Academic credit cannot be given for life experience and/or previous work experience, in whole or in part, in lieu of field practicum or other courses.

Degree Requirements

The MSW is a two-year program comprising a foundation year and a concentration year. All students are required to take the foundation year courses or to have advanced standing credit for them. These provide a common base of knowledge across all practice settings and populations. Beyond the general requirements of the Graduate School, the department requires a minimum of 60 semester hours of course work, of which 48 must be at the 5000 or 6000 level and 48 must be in social work or cross-listed with social work, including the following foundation courses:

| | | |
|-------------|-----------------------------------|---|
| SOC WK 5100 | Generalist Social Work Practice | 3 |
| SOC WK 5200 | Social Policy and Social Services | 3 |

| | | |
|--------------------|--|-----------|
| SOC WK 5300 | Community Practice and Social Change | 3 |
| SOC WK 5350 | Social Work and Human Service Organizations | 3 |
| SOC WK 5410 | Critical Thinking and Analysis | 3 |
| SOC WK 5450 | Social Work Research Methods and Analysis | 3 |
| SOC WK 5500 | Human Behavior in the Social Environment | 3 |
| SOC WK 5700 | Diversity and Social Justice for Social Work | 3 |
| SOC WK 5800 | Graduate Field Practicum I | 4 |
| SOC WK 5801 | Foundation Field Practicum Seminar | 2 |
| Total Hours | | 30 |

Upon completion of the 30 credits of foundation year requirements, students move into a year of advanced study, called the concentration. The concentration year requires 30 hours of course work that includes up to 12 hours of elective graduate-level courses approved by the adviser. Students plan their degree program to reflect their career interests in the following concentration areas:

- Family Practice
- Leadership and Social Change

Additionally, if students choose, they may elect to participate in one of the following areas of emphasis:

- Health & Behavioral Health
- School Social Work
- Social Work with the Military

To remain in good standing, students must maintain a cumulative GPA of 3.0 or better.

The field practicum is an integral part of the concentration year. Students will complete 300 hours (approximately 20 hours per week) of MSW supervised practice in an agency during the second semester of the foundation year, and they will complete 600 hours total hours (approximately 20 hours per week) in the concentration year. A student must receive a grade of B or better in the foundation field practicum seminar course and receive a satisfactory grade in the foundation practicum to be eligible to enter the concentration field practicum. S/U grades are given for both the foundation practicum and the concentration practicum.

Part Time Status

Students who enter the program as part-time students complete the foundation year in two years and the concentration course work in an additional two years.

All students must complete the MSW in four years.

Goals of the Master of Social Work

The goals of the MSW program of the University of Missouri- St. Louis are consistent with the land-grant public service mission of the University, the MSW feasibility study, and the educational policy statement of CSWE and are to:

- Prepare students with the professional knowledge, skills, values and ethics for effective social work practice.

- Prepare students to utilize critical thinking and capacity building skills at all levels of social work practice.
- Prepare students to analyze and address dynamic issues and challenges facing diverse populations and to promote social justice and positive social change.
- Prepare students to conduct and utilize research to respond effectively to dynamic social contexts, issues and problems found in social work practice.
- Assist and support faculty in the advancement of social work knowledge, teaching, and service.
- Develop and participate in collaborative activities with social agencies, communities, organizations, and governments that will enhance student learning, enrich faculty research and teaching, and promote human and societal well-being.

Sociology BA

Sociology will enable you to see the world in a new light; it is the scientific study of human social relationships, interactions, and institutions. Whether they be friendships, families, church groups, socioeconomic classes, complex organizations, or nations, much of our lives are socially constructed. And in a society where individualism is celebrated, it is easy to forget that the way we behave and feel is socially produced. This is the basic premise of sociology. After your core courses, a BA in Sociology will focus on qualitative tools like interviews, stories, and community engagement to answer that critical question "What is this all about?"

General Education Requirements

Majors must satisfy the university and college general education requirements (p. 30). Any foreign language may be used to meet the language requirement for the B.A. degree.

All required courses for the major must be completed with a grade of C- or better. Courses counting toward the major requirements may not be taken on a satisfactory/unsatisfactory basis. All sociology majors must take the major field exam as a graduation requirement. This exam is usually taken in conjunction with the capstone course (SOC 4200).

The minimum number of Sociology hours required for the B.A. degree is 33.

Core Courses: 15 hours
Elective Courses: 18 hours

Core Courses (15 hours)

| | | |
|--------------------|---|-----------|
| SOC 1010 | Introduction to Sociology (MOTR SOCI 101) | 3 |
| SOC 2160 | Sociological Social Psychology | 3 |
| SOC 3210 | Sociological Theory | 3 |
| SOC 3230 | Social Research Methods | 3 |
| SOC 4200 | Applied Social Research | 3 |
| Total Hours | | 15 |

Electives (18 hours)

Students must complete at least 18 elective hours of Sociology Courses including 12 hours of SOC at the 3000-level or above. GERON, GS, MVS or courses relevant to sociology that are offered by other departments may be included as electives when approved in advance by the faculty.

Alignment with Minors

Students are strongly encouraged to focus their elective choices with the goal of achieving one or more minors that are closely associated with sociology. Those minors are: Gender Studies, Gerontology, Urban Studies, or Veterans Studies. Please meet with an advisor to discuss strategies to achieve these minors while pursuing a Sociology degree.

Learning Outcomes

Upon Completion of the Bachelor of Arts in Sociology, a student will be able to:

- Identify and apply sociological theories to understand social phenomena by:

 - Recognizing the differences between “folk” explanations of social phenomena and sociological theories of those phenomena
 - Distinguishing modes of sociological inquiry from other disciplinary modes of inquiry
 - Applying key concepts and key themes in sociological theory to analyze social phenomena
 - Discerning the role of social structures in creating and reproducing social inequality and examining how social structures change
 - Distinguishing among micro, meso, and macro levels of observation, inquiry, and analysis
- Apply scientific principles to understand the social world by:

 - Effectively utilizing evidence-based knowledge and sociological theories and concepts to generate research questions and/or hypotheses
 - Identifying the strengths and weaknesses of scientific methodology and methods for analyzing social phenomena in different contexts
 - Explaining disciplinary standards for the qualitative and quantitative analysis of data
- Critically evaluate explanations of human behavior and social phenomena by:

 - Identifying and appraising major theoretical perspectives, including their assumptions, key concepts, and main arguments in terms of historical context and interpretive and explanatory capacities
 - Employing the sociological imagination to analyze social problems in context and evaluate solutions to social problems

- Use sociological knowledge to inform social change by:

 - Engaging with the world around them, including everyday life, work, policy debates, stakeholders, and the public
 - Constructing and proposing real world solutions to social issues;
 - Expressing sociological ideas in a clear and coherent manner in written and oral communication
 - Demonstrating informal, technological, qualitative, and quantitative literacy

Sample Four Year Plan

| First Year | | | |
|--|-------|--|-------|

| | 15 | | 15 |
| Total Hours: 120 | | | |

¹ INTDSC 1003 is required only for first-time freshmen and transfer students with less than 24 college credits.

Please Note: This plan is an example of what a four year plan could look like for a typical student. Placement exam scores in math as well as the completion of coursework may change the plan. It should not be used in the place of regular academic advising appointments. All students are encouraged to meet with their advisor each semester. All requirements are subject to change.

Sociology BS

Sociology will enable you to see the world in a new light; it is the scientific study of human social relationships, interactions, and institutions. Whether they be friendships, families, church groups, socioeconomic classes, complex organizations, or nations, much of our lives are socially constructed. And in a society where individualism is celebrated, it is easy to forget that the way we behave and feel is socially produced. This is the basic premise of sociology. After your core courses, a BS in Sociology will focus on quantitative research tools like surveys, statistics, and data analysis to answer that critical question “What is this all about?”

General Education Requirements

Majors must satisfy the university and college general education requirements (p. 30). Foreign language proficiency is not required, although students are encouraged to take foreign language courses.

All required courses for the major must be completed with a grade of C- or better. Courses counting toward the major requirements may not be taken on a satisfactory/unsatisfactory basis. All sociology majors must take the major field exam as a graduation requirement. This exam is usually taken in conjunction with the capstone course (SOC 4200).

The minimum number of Sociology hours required for the B.S. degree is 33.

Core Courses: 18 hours
Elective Courses: 15 hours

Core Courses (18 hours)

| | | |
|--------------------|--|-----------|
| SOC 1010 | Introduction to Sociology (MOTR SOCI 101) | 3 |
| SOC 2160 | Sociological Social Psychology | 3 |
| SOC 3210 | Sociological Theory | 3 |
| SOC 3220 | Quantitative Data Analysis in Social Science Research ¹ | 3 |
| SOC 3230 | Social Research Methods | 3 |
| SOC 4200 | Applied Social Research | 3 |
| Total Hours | | 18 |

¹ A statistics class from another social science department may be substituted with approval of the faculty advisor.

Electives (15 hours)

Students must complete at least 15 elective hours of Sociology Courses including 9 hours of SOC at the 3000-level or above. GERON, GS, MVS or courses relevant to sociology that are offered by other departments may be included as electives when approved in advance by the faculty.

Alignment with Minors

Students are strongly encouraged to focus their elective choices with the goal of achieving one or more minors that are closely associated with sociology. Those minors are: Gender Studies, Gerontology, Urban Studies, or Veterans Studies. Please meet with an advisor to discuss strategies to achieve these minors while pursuing a Sociology degree.

Learning Outcomes

Upon completion of the program, graduates will be able to:

Identify and apply sociological theories to understand social phenomena by:

- Recognizing the differences between “folk” explanations of social phenomena and sociological theories of those phenomena
- Distinguishing modes of sociological inquiry from other disciplinary modes of inquiry
- Applying key concepts and key themes in sociological theory to analyze social phenomena

- Discerning the role of social structures in creating and reproducing social inequality and examining how social structures change
- Distinguishing among micro, meso, and macro levels of observation, inquiry, and analysis

Apply scientific principles to understand the social world by:

- Effectively utilizing evidence-based knowledge and sociological theories and concepts to generate research questions and/or hypotheses
- Identifying the strengths and weaknesses of scientific methodology and methods for analyzing social phenomena in different contexts
- Explaining disciplinary standards for the qualitative and quantitative analysis of data

Critically evaluate explanations of human behavior and social phenomena by:

- Identifying and appraising major theoretical perspectives, including their assumptions, key concepts, and main arguments in terms of historical context and interpretive and explanatory capacities
- Employing the sociological imagination to analyze social problems in context and evaluate solutions to social problems

Use sociological knowledge to inform social change by:

- Engaging with the world around them, including everyday life, work, policy debates, stakeholders, and the public
- Constructing and proposing real world solutions to social issues;
- Expressing sociological ideas in a clear and coherent manner in written and oral communication
- Demonstrating informal, technological, qualitative, and quantitative literacy

Please Note: This plan is an example of what a four year plan could look like for a typical student. Placement exam scores in math as well as the completion of coursework may change the plan. It should not be used in the place of regular academic advising appointments. All students are encouraged to meet with their advisor each semester. All requirements are subject to change.

Sociology Minor

Requirements for the Minor

A minor in sociology requires 15 hours of course work: 9 hours of required courses and 6 hours of electives.

Candidates must have a cumulative grade point average of 2.0 or better in the minor. Courses taken on a satisfactory/ unsatisfactory basis may not be applied to the minor.

Required Courses

| | | |
|----------|---|---|
| SOC 1010 | Introduction to Sociology (MOTR SOCI 101) | 3 |
| SOC 2160 | Sociological Social Psychology | 3 |
| SOC 3210 | Sociological Theory | 3 |

Elective Course(s):

Select six additional sociology hours with three of those hours at the 3000 level or above. Special topics courses or courses relevant to sociology that are offered by other departments may be included as electives when approved in advance by the faculty advisor.

Students in the Bachelor of Liberal Studies program must take one additional 4000 level course in Sociology not used in the minor, excluding SOC 4350 (Special Study) or SOC 4385 (Internship) for the capstone course requirement.

Learning Outcomes

Upon completion of the Minor in Sociology, a student will be able to:

- Identify and apply sociological theories to understand social phenomena by: Recognizing the differences between “folk” explanations of social phenomena and sociological theories of those phenomena

- Applying key concepts and key themes in sociological theory to analyze social phenomena
- Discerning the role of social structures in creating and reproducing social inequality and examining how social structures change
- Employing the sociological imagination to analyze social problems in context and evaluate solutions to social problems

Spanish Minor

A minor in French, German, Japanese or Spanish requires the completion of four courses in the language beyond the basic foundation sequence (Language 1001, Language 1002, and Language 2101). Transfer students must complete at least two courses for the minor at UMSL. All courses must be passed with a grade of C- or better.

Specific Requirements for the Spanish Minor

Select two of the following: 7-8

| | |
|--------------|---|
| SPANISH 2172 | Spanish Composition |
| SPANISH 2180 | Readings in Spanish |
| SPANISH 2199 | Special Topics: Language Immersion: Spanish |

Plus two Spanish courses on the 3000-level or above 6

Total Hours 13-14

Minimum total hours required for the minor in Spanish is 12 beyond SPANISH 2101.

Learning Outcomes

Graduates with a minor in French, German, Spanish, or Modern Languages from the University of Missouri-St. Louis can use the language to interact with native speakers on familiar topics related to their daily lives. They have an emerging understanding of the target cultures fostered through engaging courses and opportunities such as study abroad. They can apply their linguistic and cultural competencies in real-life situations such as travel and work.

Skills and Knowledge Areas

Upon completion of the minor, students should be able to:

Linguistic Goals:

- In listening/speaking:
 - identify the main ideas and supporting details of texts about familiar and concrete topics, such as those on radio, television, and podcasts;
 - take part in basic conversations on topics related to work, school, home, leisure activities, and culture and;
 - produce uncomplicated descriptions and narrations on familiar topics.
- In reading/writing:
 - identify the main idea and supporting details in a variety of non-complex authentic texts of various genres;
 - apply reading strategies to glean key information from more challenging texts;
 - compose simple practical texts, such as messages and letters, requests for information, and notes on topics of personal and professional interest and;

- assess language reference resources and use them effectively.

Cultural Goals:

- recognize some of the key historical, social, economic, and political forces in the target cultures;
- demonstrate awareness of some of the linguistic, ethnic, racial, religious, cultural, and social diversity of the target cultures and;
- discuss film, media, literature, art, etc. in their socio-historical contexts.

The specific language minor goals are based on the National Standards for Foreign Language Learning and the American Council on the Teaching of Foreign Languages (ACTFL) Proficiency Guidelines. Minors are expected to reach the Intermediate-Mid level proficiency in speaking, listening, reading and writing, according to the ACTFL Proficiency Guidelines.

Special Education MEd, Behavior Principles and Interventions Emphasis

The Master's Degree in Special Education is a program appropriate for K-12 teachers, specialists, and disability stakeholders. Candidates choose one of three emphasis areas (Behavioral Principles & Interventions, Inclusive Education, or Transition Studies) that will support their personal growth and development as a leader to impact the communities with which they work.

Candidates explore important core knowledge in special education and disability in a learner-centered environment that is committed to the success of historically marginalized and diverse students, research, and community engagement. The program develops professionals as thoughtful educators and stakeholders who use best practices when assisting and empowering students with disabilities. Research and data-based decision-making are emphasized throughout the program. Graduate students learn how to evaluate research and data and translate best practices to their own practice and classrooms. The M.Ed. Program in Special Education consists of required core courses, and three courses in the chosen emphasis area.

Required Foundation Courses

| | | |
|-------------|--|---|
| TCH ED 6010 | Examining History, Community and Social Justice in Education | 3 |
| TCH ED 6030 | Instruction, Learning, and Assessment | 3 |
| TCH ED 6909 | Teacher Action Research I | 3 |
| TCH ED 6910 | Teacher Action Research Capstone | 3 |

Special Education Foundation Courses

| | | |
|--------------|--|---|
| SPEC ED 5303 | Instructional Practices | 3 |
| SPEC ED 6325 | Positive Behavior Interventions for Individual, Classroom, and School-wide Systems | 3 |
| SPEC ED 6415 | Disability Law and Policy | 3 |

Total Hours 21

Specific Requirements for the Emphasis Area

| | | |
|--------------|---|---|
| SPEC ED 6641 | Basic Principles and Concepts of Behavior Analysis | 3 |
| SPEC ED 6642 | Behavior Assessment | 3 |
| SPEC ED 6644 | Behavior Interventions in Applied Behavior Analysis | 3 |

Learning Outcomes

Upon completion of the program, graduates will be able to:

- Interpret and apply historic and current special education laws and policies related to student identification, rights and responsibilities, access, support, and transition.
- Design student-centered programming that facilitates the active involvement and empowerment of individuals with disabilities and their families in the educational planning process.
- Describe how abilities/disabilities may interact with development and learning and apply this knowledge to provide meaningful and challenging learning experiences for individuals with disabilities across curricular content areas.
- Identify a variety of formal and informal assessments, data sources, and practices to implement and guide educational decisions for individuals with disabilities.
- Select, adapt, and implement a repertoire of evidence-based practices to advance learning and quality of life of individuals with disabilities.
- Collaborate with families as well as partners in the school system, service system, and community to improve student and post-school outcomes.
- Develop essential skills and dispositions (e.g., attitudes, perceptions, values, and beliefs) to guide professional practice, engage in lifelong learning, and advance positive change as leaders in classrooms and communities.
- Identify and explain how behavioral concepts and principles can be used to inform intervention strategies in educational settings
- Conduct behavior assessments to guide the design and implementation of behavior-change procedures to address the behavioral and educational needs of students with disabilities

Special Education MEd, Inclusive Education Emphasis

The Master's Degree in Special Education is a program appropriate for K-12 teachers, specialists, and disability stakeholders. Candidates choose one of three emphasis areas (Behavioral Principles & Interventions, Inclusive Education, or Transition Studies) that will support their personal growth and development as a leader to impact the communities with which they work.

Candidates explore important core knowledge in special education and disability in a learner-centered environment that is committed to the success of historically marginalized and diverse students, research, and community engagement. The program develops professionals as thoughtful educators and stakeholders who use best practices when assisting and empowering students with disabilities. Research and data-based decision-making are emphasized throughout the program. Graduate students learn how to evaluate research and data and translate best practices to their own practice and classrooms. The M.Ed. Program in

Special Education consists of required core courses, and three courses in the chosen emphasis area.

Required Foundation Courses

| SPEC ED 6410 | Collaboration for Families and Schools in Inclusive Communities | 3 |
| SPEC ED 6413 | Organizational Foundations and Practices for Inclusive Education | 3 |
| SPEC ED 6440 | Research in Inclusive Education: Disability, School, & Culture | 3 |

Total Hours 9

Learning Outcomes

Upon completion of the program, graduates will be able to:

- Interpret and apply historic and current special education laws and policies related to student identification, rights and responsibilities, access, support, and transition.
- Design student-centered programming that facilitates the active involvement and empowerment of individuals with disabilities and their families in the educational planning process.
- Describe how abilities/disabilities may interact with development and learning and apply this knowledge to provide meaningful and challenging learning experiences for individuals with disabilities across curricular content areas.
- Identify a variety of formal and informal assessments, data sources, and practices to implement and guide educational decisions for individuals with disabilities.
- Select, adapt, and implement a repertoire of evidence-based practices to advance learning and quality of life of individuals with disabilities.
- Collaborate with families as well as partners in the school system, service system, and community to improve student and post-school outcomes.
- Develop essential skills and dispositions (e.g., attitudes, perceptions, values, and beliefs) to guide professional practice, engage in lifelong learning, and advance positive change as leaders in classrooms and communities.
- Utilize inclusive frameworks, strategies, and practices, including alignment of individualized education program goals, in grade level curriculum/standards and assessments within an inclusive educational environment;

- Analyze policies and research to guide the use of inclusive education evidence-based practices as well as to support advocacy skills as a leader in the field;
- Develop collaborative partnerships with families, educators, related service providers, and paraprofessionals to support academic and social inclusion for individuals with disabilities.
-

Special Education MEd, Transition Studies Emphasis

The Master's Degree in Special Education is a program appropriate for K-12 teachers, specialists, and disability stakeholders. Candidates choose one of three emphasis areas (Behavioral Principles & Interventions, Inclusive Education, or Transition Studies) that will support their personal growth and development as a leader to impact the communities with which they work.

Candidates explore important core knowledge in special education and disability in a learner-centered environment that is committed to the success of historically marginalized and diverse students, research, and community engagement. The program develops professionals as thoughtful educators and stakeholders who use best practices when assisting and empowering students with disabilities. Research and data-based decision-making are emphasized throughout the program. Specific Requirements for the Emphasis Area

| | | |
|--------------|--|---|
| SPEC ED 6342 | Advanced Transition Issues and Planning | 3 |
| SPEC ED 6343 | Advocacy and Leadership in Transition | 3 |
| SPEC ED 6344 | Research in Transition: Practices for Postschool Success | 3 |

Total Hours 9

Learning Outcomes

Upon completion of the program, graduates will be able to:

- Interpret and apply historic and current special education laws and policies related to student identification, rights and responsibilities, access, support, and transition.
- Design student-centered programming that facilitates the active involvement and empowerment of individuals with disabilities and their families in the educational planning process.
- Describe how abilities/disabilities may interact with development and learning and apply this knowledge to provide meaningful and challenging learning experiences for individuals with disabilities across curricular content areas.
- Identify a variety of formal and informal assessments, data sources, and practices to implement and guide educational decisions for individuals with disabilities.
- Select, adapt, and implement a repertoire of evidence-based practices to advance learning and quality of life of individuals with disabilities.
- Collaborate with families as well as partners in the school system, service system, and community to improve student and post-school outcomes.
- Develop essential skills and dispositions (e.g., attitudes, perceptions, values, and beliefs) to guide professional practice, engage in lifelong learning, and advance positive change as leaders in classrooms and communities.
- Develop person-centered plans informed by age-appropriate transition assessments; data-based decisions; and the preferences, interests, needs, and strengths of individuals with disabilities and their families
- Apply evidence-based secondary transition practices that connect individuals with disabilities and their families with the individualized services, supports, skills, and experiences needed to achieve their post-school goals
- Evaluate the range of post-school options and the educational, cultural-ethnic, and socioeconomic factors that influence (positively and negatively) post-school success

Sport Management BS

UMSL's Bachelor of Science in Sport Management is an interdisciplinary, professional degree program that prepares students for a wide array of sport-related careers. The curriculum is balanced between educational-community athletics and the business aspects of sport. The coursework provides the knowledge, skills, and practical experiences needed to coordinate school, community, and non-profit sport programs as well as to work with collegiate and professional minor and major league sports teams in a variety of capacities. This foundation provides a springboard to further specialization within the student's area of interest via a variety of electives, minors, field experiences and internships.

General Education Requirements

Students must satisfy the university general education requirements (p. 30).

As part of meeting the university's general education requirements, the following courses prerequisite courses must be completed:

| | | |
|--------------|--|---|
| COMM 1040 | Introduction to Public Speaking (MOTR COMM 110) | 3 |
| or EDUC 2222 | Interpretation: Connecting Audiences and Meaning | |
| ECON 1001 | Principles of Microeconomics (MOTR ECON 102) | 3 |

| | | |
|------------|------------------------------------|---|
| ENGL 1100 | First-Year Writing (MOTR ENGL 200) | 3 |
| MATH 1030 | College Algebra (MOTR MATH 130) | 3 |
| PSYCH 1003 | General Psychology (MOTR PSYC 100) | 3 |

There is no foreign language requirement for the degree.

Degree Requirements

Required Courses

| | | |
|------------|---|---|
| MGMT 3600 | Management and Organizational Behavior | 3 |
| MKTG 3700 | Principles of Marketing | 3 |
| SPMGT 1113 | Introduction to Sport Management and Administration | 3 |
| SPMGT 2200 | Legal Issues in Sports | 3 |
| SPMGT 3100 | Ethics in Sports | 3 |
| SPMGT 4113 | Educational and Community Athletics | 3 |
| SPMGT 4999 | Sport Management Internship | 6 |

Electives

Choose five of the following courses: ¹ 15

| | | |
|---------------|---|--|
| CNS ED 3200 | Interpersonal Skills in Helping Relationships | |
| COMM 1150 | Introduction to Public Relations | |
| COMM 2231 | Communication in the Organization | |
| COMM 3370 | Social Media in Public Relations | |

Total Hours

39

¹ Students may take up to six hours from any area as pre-approved by advisor.

² Students may take up to nine hours of SPMGT 4990.

Learning Outcomes

This program is planning for accreditation by the Commission on Sport Management Accreditation (COSMA). Upon completion of the program, graduates will be able to:

- Apply an interdisciplinary foundation of management, sports, and marketing theories to a variety of sports management settings.
- Develop a marketing toolbox that integrates theories with the fundamental aspects of sports, sports products, consumer and market research, sponsorship, promotion and media.
- Examine and explore the legal environments of amateur, collegiate, and professional sports programs with respect to state and federal legislation, liability, risk management, contracts, and collective bargaining.
- Demonstrate the ability to manage sports facilities to apply key concepts of planning, design, and evaluation of a sports program or sports-related event.
- Develop and refine leadership and communication skills necessary within a sports organization and team-oriented sports institutions.
- Recognize and evaluate ethical decision-making, balancing economic priorities and social responsibilities of sports organizations.
- Demonstrate socio-cultural commitment and responsibility in any given sports management environment.

| Elective or minor | | 3 Elective or minor | 3 |
| Elective or minor | | 3 Elective or minor | 3 |
| | 15 | | 15 |

Total Hours: 121

¹ Course should also satisfy the Cultural Diversity Requirement.

PLEASE NOTE: This plan is an example of what a four year plan could look like for a typical student. Placement exam scores in math as well as the completion of coursework may change the plan. It should not be used in the place of regular academic advising appointments. All students are encouraged to meet with their advisor. All requirements are subject to change.

Sport Management Minor

The Sport Management Minor is designed to give students majoring in other disciplines an opportunity to learn about the sport industry. Students will be exposed to such areas as athletic compliance, legal and ethical issues, media and technology, and marketing as they relate to the sport industry.

Required Courses

| | | |
|------------|---|---|
| SPMGT 1113 | Introduction to Sport Management and Administration | 3 |
| SPMGT 2200 | Legal Issues in Sports | 3 |
| SPMGT 4113 | Educational and Community Athletics | 3 |

Electives 6

Choose two of the following:

| | |
|-------------|-----------------------------------|
| PHY ED 2136 | Facilities Management |
| PSYCH 2400 | Sports Psychology |
| MKTG 3765 | Sports Marketing |
| SPMGT 3731 | Sports Media and Technology |
| SPMGT 4213 | Athletic Compliance |
| SPMGT 4990 | Sport Management Field Experience |

Total Hours 15

Statistics Minor

Minor Requirements

The requirements for the minor are

| | | |
|-----------|----------------------------|---|
| MATH 4200 | Mathematical Statistics I | 3 |
| MATH 4210 | Mathematical Statistics II | 3 |

Choose two of the following courses. 6

| | |
|-----------|--|
| MATH 3320 | Applied Statistics |
| MATH 4005 | Exploratory Data Analysis with R |
| MATH 4090 | Introduction to High-dimensional Data Analysis |
| MATH 4220 | Bayesian Statistical Methods |
| MATH 4225 | Introduction to Statistical Computing |
| MATH 4250 | Introduction to Statistical Methods in Learning and Modeling |
| MATH 4260 | Introduction to Stochastic Processes |
| MATH 4390 | Topics in Probability and Statistics |
| MATH 4750 | Introduction to Mathematics of Artificial Neural Networks |

Total Hours 12

All courses must be completed with a grade of C- or higher. A minimum of two courses must be taken in residence in the Department of Mathematics and Statistics at UMSL.

Learning Outcomes

A successful undergraduate should, upon completion, be able to:

- Reformulate problems or questions in relevant statistical terms.
- Solve problems which involve probability or statistical concepts and procedures.

STEM Teaching Graduate Certificate

The Graduate Certificate in STEM Teaching offers K-12 educators the opportunity to advance their knowledge and skills in the high-demand field of STEM content and pedagogy. This program will focus on STEM-related research and strategies for digital technology integration into curricula to improve learning outcomes. This graduate certificate is for educators who have the prerequisites to enter graduate study and who wish to advance their knowledge and skills in the field of STEM education, such as certified teachers, informal STEM educators, science specialists, curriculum writers, and supervisors.

Required Courses

| | | |
|--------------|--|---|
| TCH ED 6423 | Learning Through Inquiry | 3 |
| TCH ED 6241 | Science Content, Inquiry-Based Instruction, and Assessment: STEM-Integrated Pedagogy | 2 |
| ED TECH 5301 | Introduction to Computers and the Internet in Education | 3 |
| EDUC 6491 | Staff Development and Professional Growth | 4 |

Electives

Choose two of the following.

| | | |
|--------------|---|--|
| ELE ED 6431 | STEM Instruction in Elementary Education | |
| ED TECH 5420 | Advanced Computer Programming and Pedagogy | |
| TCH ED 6445 | Integration of Geospatial Resources into K-12 STEM Teaching | |

Total Hours 18

Upon completion of the program, certificate earners will be able to:

- Demonstrate teaching strategies aligned with 3-Dimensional learning and assessment
- Demonstrate lesson design that integrates STEM into non-STEM disciplines
- Demonstrate lesson design that adapts and enacts learning progressions of key STEM content and skills
- Demonstrate developing capacity to navigate computer technology and uses of internet resources in educational settings
- Demonstrate the use of simple coding language sequences (Python) to increasing utility of STEM-based technology
- Demonstrate Knowledge and Tools to Integrate Technology for Teaching Beyond Geographical Boundaries; Global Education

- Develop leadership skills for the integration of STEM teaching into communities

Student Affairs Administration and Leadership Graduate Certificate

The Graduate Certificate in Student Affairs Administration & Leadership (SAAL) would prepare participants to develop the knowledge, skills and abilities necessary to pursue entry-level staff and administrative positions with a concentrated emphasis in student affairs administration and leadership.

Students would develop the requisite knowledge and skills upon completion of a 12-hour curriculum which is outlined below:

| | | |
|--------------------|---|-----------|
| HIGHERED 5402 | Student Affairs Administration (Introductory course) | 3 |
| HIGHERED 6409 | Critical Issues in Student Affairs | 3 |
| HIGHERED 6410 | Ethics in Higher Education Administration | 3 |
| HIGHERED 6476 | Organization and Administration of Higher Education (Exit course) | 3 |
| Total Hours | | 12 |

Studio Art BFA, Art Education Emphasis

This degree prepares students for a career in Art Education; students who successfully complete the program will be eligible for K-12 Art teacher certification in Missouri. Art Education students complete a foundation art program plus additional courses that provide experience with a broad range of studio processes.

Candidates for the B.F.A. degree must complete a Foundation and Core Art Program (which is largely satisfied by the A.F.A. degree) and an emphasis area in one of the following: art education, graphic design, or general fine arts studio practice. Studio Art majors are required to take 69 hours in studio art (this includes 27 hours in the foundation and core art program) and 12 hours in Art History. The final 30 hours must be completed in residence at UMSL. Graduating students must also pass a faculty portfolio review.

Advanced Placement in Studio Art Classes: Studio Art Majors who have professional Graphic Design or other professional studio experience may wish to submit a portfolio to a committee of Studio Art faculty. Depending on the nature and the quality of the student's portfolio, they may be able to obtain exemptions from selected lower level Studio Art courses. Students applying for these exemptions must submit their portfolios prior to the first day of class of their first semester in the BFA Program. Students will be notified in writing if an exemption is granted. Students informed of these waivers will be advised of their requirements in the studio art major. All decisions of the portfolio reviews are final.

General Education

Majors in Studio Art must meet the college and university general education requirements. A foreign language is not required. Studio Art courses required for the degree may not be taken on a satisfactory/unsatisfactory (S/U) basis. A minimum of 120 hours is required for

graduation. Certain Studio Art courses fulfill the humanities and fine arts general education requirement.

An art education emphasis leading toward K-12 Art teacher certification is available. Students choosing this option must complete degree requirements for the B.F.A. Students must complete ENGL 3100 (Advanced Expository Writing) and the general education requirements of the College of Education. A foreign language is not required.

Students will take a specialized program of Foundation Art (30 hours) that includes courses required for certification to teach art. They will also take studio art electives, including a minimum of three courses in one of the studio emphasis areas: drawing, graphic design, painting, photography, or printmaking. A minimum of 50 credit hours must be completed in studio art. In addition, students must complete 15 hours of art history. The final 30 hours of coursework must be completed in residence at UMSL. Major area courses, including studio art, art history, art education, teacher education, and secondary education, must be completed with a minimum grade point average of 2.5; no grade lower than a C is acceptable in major area coursework.

Beginning with those students graduating in May 2017 and receiving teacher certification, the Missouri Department of Elementary and Secondary Education requires a 3.0 GPA in professional education courses, a 3.0 GPA in the teaching content field, and a 2.75 overall GPA.

| | |
|--------------------|------------|
| Total Hours | 100 |
|--------------------|------------|

Learning Outcomes

Upon completion of the program, graduates will be able to:

- To develop visual and verbal responses to visual phenomena, and organize perceptions and conceptualizations both rationally and intuitively
- To explain the major achievements in the history of art and design, including the works and intentions of leading artists and designers in the past and present
- To develop the capacity to identify and/or solve visual problems within a variety of physical, technological, social, and cultural contexts
- To explain and evaluate contemporary thinking about art or design
- To develop competence in a number of art or design techniques
- To make valid assessments of quality and effectiveness in design projects and works of art, especially their own

Studio Art BFA, Graphic Design Emphasis

The Art & Design department at UMSL welcomes students to explore essential cultural and professional systems through creative visual practice. Students encounter both traditional and new technologies as means to study and create the visual world in which we live. Students in the Graphic Design program enjoy the benefits of close relationships with the St. Louis graphic design professional community. Our professors maintain a rigorous program that prepares students for immediate employment as creative design professionals.

Career Outlook

Students with degrees in studio art (Graphic Design emphasis) find careers as graphic designers, art directors, creative directors, marketing

professionals, user experience designers, web designers and other creative professionals.

Candidates for the B.F.A. degree must complete a Foundation and Core Art Program (which is largely satisfied by the A.F.A. degree) and an emphasis area in one of the following: art education, graphic design, or general fine arts studio practice. Studio Art majors are required to take 69 hours in studio art (this includes 27 hours in the foundation and core art program) and 12 hours in Art History. The final 30 hours must be completed in residence at UMSL. Graduating students must also pass a faculty portfolio review.

Advanced Placement in Studio Art Classes: Studio Art Majors who have professional Graphic Design or other professional studio experience may wish to submit a portfolio to a committee of Studio Art faculty. Depending on the nature and the quality of the student's portfolio, they may be able to obtain exemptions from selected lower level Studio Art courses. | ST ART 1151 | 3D Design: Space | 3 |
| Select two consecutive courses in any single area from the following: ¹ | | 6 |
| Painting | | |
| Printmaking (any one subfield) | | |
| Photography | | |
| Graphic Design | | |
| Advanced Drawing | | |
| Total Hours | | 18 |

Supply Chain Analytics MS

The Master of Science in Supply Chain Analytics is a STEM-designated program that meets the fast growing demands for supply chain and data analytics professionals. It equips students with both the domain knowledge of supply chain management and the skills and toolboxes in business analytics.

Admission Requirements

Applicants must meet the general graduate admission requirements of the Graduate School, described in the UMSL catalog. Students are

considered for admission to the graduate program in Supply Chain Analytics only after they have formally applied for admission through the Graduate School.

Degree Requirements

Required Courses

| | | |
|-----------|--|---|
| SCMA 5300 | Business Analytics | 3 |
| SCMA 5310 | Supply Chain Strategies | 3 |
| SCMA 5320 | Supply Chain and Operations Management | 3 |
| SCMA 6321 | Strategic Sourcing | 3 |
| SCMA 6330 | Business Logistics Systems | 3 |
| SCMA 6331 | Supply Chain Modeling | 3 |
| SCMA 6345 | Business Analytics and Data Mining | 3 |
| SCMA 6350 | Management Science Methods | 3 |

Elective Courses

Choose two of the following:

| | |
|--------------|---|
| SCMA 5354 | Simulation for Managerial Decision Making |
| SCMA 5381 | Global Supply Chain Management |
| SCMA 5389 | Supply Chain Management Practicum |
| SCMA 6347 | LOM Project Management |
| SCMA 6395 | Seminar in Logistics and Operations Management |
| INFSYS 6830 | Data Programming for Business Intelligence |
| INFSYS 6860 | Advanced Data Integration |
| INFSYS 6862 | Artificial Intelligence Applications for Business and Cybersecurity |
| FINANCE 6503 | Computer Applications in Finance |
| FINANCE 6523 | Fixed Income Analysis |
| FINANCE 6524 | Portfolio Analysis and Management |
| MKTG 5740 | Marketing and Business Analytics |

Total Hours 30

Learning Outcomes

Upon completion of the program, graduates will be able to:

- Understand and explain a comprehensive scope of supply chain functions, concepts, their connections and roles in business
- Grasp all Three-Pillar of Business Analytics: Descriptive, Predictive and Prescriptive methodologies
- Identify and define supply chain decision questions and problems with business acumen
- Build analytical models and apply analytical methods for real world supply chain decision-support and applications
- Interpret and present analysis results and business insights to management
- Obtain hands-on experience of using state-of -the-art decision-support software for real life supply chain applications

Supply Chain Analytics MS Accelerated Master's Degree

The Department of Supply Chain and Analytics offers an Accelerated MS degree program that allows students to earn their BSBA with an emphasis in Supply Chain Management and their MS in Supply Chain Analytics in as few as 10 semesters. Students in the Accelerated MS program will complete the MS through the required coursework.

A total of 138 credits is required to earn both BSBA/MSSCA, allowing 12 credits to count for both the BSBA and MS degrees.

Students are encouraged to work closely with the Undergraduate and MS Program Directors to ensure that required courses are timed appropriately. They are also encouraged to begin working with the appropriate directors early in their undergraduate studies.

Eligibility

Students will need to have fulfilled the core curriculum requirements prior to applying for the Accelerated MS program.

Admission Requirements

Provisional Admission

Applicants are considered for provisional admission if they meet the following criteria.

- Earned 60 hours as an undergraduate
- Have a minimum GPA of 3.0
- Have met with both the BS and MS academic advisors

Graduate courses completed by undergraduate students who have been provisionally admitted to Accelerated Master's program will be charged at the undergraduate tuition rate; however, these courses will count toward the master's degree. These courses must be approved in advance to count toward both degrees. Therefore, it is recommended to apply for provisional status as a junior, preferably in the first semester of the junior year.

Graduate Admission

Students are considered for graduate admission if they meet the following criteria.

- Are in their final semester in undergraduate status
- Have a minimum GPA of 3.0 since being granted provisional status
- Have met with the Graduate Academic Advisor

The MS Academic Advisor, in consultation with the BS Academic Advisor, will determine whether the student can apply for formal admission. Final decisions concerning formal admission are made by the Graduate School in consultation with the SCA Department Chair and/or the Graduate Program Director. Students admitted to the graduate program must take courses with graduate status until the completion of the MS degree.

Program Requirements

Junior/Senior Year Courses (Complete 4 courses, 12 hours, from below)

| | | |
|-----------|--|---|
| SCMA 5320 | Supply Chain and Operations Management | 3 |
| SCMA 5381 | Global Supply Chain Management | 3 |

| | | |
|--|------------------------------------|---|
| SCMA 6330 | Business Logistics Systems | 3 |
| SCMA 6350 | Management Science Methods | 3 |
| Final Year Courses (Complete 6 courses, 18 hours, from below) | | |
| SCMA 5310 | Supply Chain Strategies | 3 |
| SCMA 6321 | Strategic Sourcing | 3 |
| SCMA 6345 | Business Analytics and Data Mining | 3 |
| SCMA 6331 | Supply Chain Modeling | 3 |
| SCMA 5389 | Supply Chain Management Practicum | 3 |
| SCMA Elective ¹ | | 3 |

¹ Courses that are not in the list of MS in Supply Chain Analytics electives must be approved by the Supply Chain and Analytics Department Chair. SCMA 5399 Independent Study or SCMA 5334 Internship can each be counted no more than once toward the degree requirement.

Awarding of Degrees

The student may apply for and receive the bachelor's degree in the semester when all the undergraduate requirements are completed. In their final semester in undergraduate status, the student must apply and be admitted to the graduate program, to begin the following semester. The student will apply to receive the master's degree in the semester that the requirements for the graduate degree will be completed.

If the student fails to enroll for more than one year after receiving the bachelor's degree, the student can still earn the master's degree, but the graduate-level credits earned as an undergraduate cannot be used for the graduate degree.

Supply Chain Management Minor

General Requirements

All minors are 15 credit hours or 5 courses, including business core courses.

- Students must attain a 2.0 grade point average for all courses in the minor.
- Students must attain a minimum grade of C- in each course included in the minor.
- All courses in the minor must be on a graded basis.
- A minimum of 9 credit hours of coursework included in the minor must be taken in residence at UMSL.
- One must complete a baccalaureate degree at UMSL in order for a minor to be conferred.
- A minor may be added for up to two years following completion of the baccalaureate degree

Specific Requirements for the Minor

Available to all students except those pursuing the Bachelor of Science in Business Administration degree. Students must complete:

| | | |
|---|---|-----------|
| SCMA 3301 | Introduction to Supply Chain Management | 3 |
| Select any four additional 3000 level and higher Supply Chain Management and Analytics courses. | | 12 |
| Total Hours | | 15 |

Learning Outcomes

Upon completion of the program, graduates will be able to:

- Interpret basic concepts in supply chain management such as purchasing, production, operations, logistics, integration and reverse supply chains.
- Describe analytical methods for decision-making in supply chains, such as demand planning, supply chain network design, production planning, inventory control and transportation.
- Describe the role of global supply chains, and principles of effective supply chain management, in the economy to match supply and demand.
- Describe the role of data, analytics and technology in modern supply chains.

Talent Management Graduate Certificate

The Graduate Certificate in Talent Management is designed for both Human Resource professionals at all levels and non-Human Resource professionals who plan on taking on Human Resource positions with an interest in enhancing their Human Resource competencies to meet current workplace challenges and advancing their careers. The certificate will help you to develop a deep understanding of the Human Resource field so that you can effectively lead and manage talent in business, nonprofit, union and government organizations by evaluating HR systems and aligning HR systems with overall business strategies.

Admission Requirements

Applicants must meet general University of Missouri-St. Louis Graduate School admissions requirements.

Certificate Requirements

All course prerequisites and all course waivers are applicable. Substitute courses may be approved by the appropriate department chairperson and the Director of Graduate Business Programs. All 12 credit hours taken as part of this certificate transfer to the MBA degree program.

| | | |
|---------------------------------------|--|-----------|
| Choose four of the following courses. | | 12 |
| MGMT 5621 | Managing Human Resources | |
| MGMT 5624 | Training and Development | |
| MGMT 5622 | Union-Management Relations and Collective Bargaining | |
| MGMT 5629 | Performance Management | |
| MGMT 5625 | Talent Acquisition and Retention | |
| MGMT 5627 | Employment Law | |
| MGMT 5628 | Authentic Leadership | |
| Total Hours | | 12 |

Taxation Graduate Certificate

The Certificate Program in Taxation provides students with the skills and technical knowledge for a career in tax compliance and representation. This program is ideal for accounting and law students interested in careers in taxation, business professionals seeking to enter the tax profession, tax preparers who need additional training to advance their careers, and investment professionals seeking to better serve clients.

Admission Requirements

Applicants must meet general University of Missouri-St. Louis Graduate School admissions requirements.

Certificate Requirements

All course prerequisites and all course waivers are applicable. Substitute courses may be approved by the appropriate department chairperson and the Director of Graduate Business Programs. All 12 credit hours taken as part of this certificate transfer to the MBA degree program.

| | | |
|--------------------|--|-----------|
| ACCTNG 4401 | Financial Accounting and Reporting III | 3 |
| ACCTNG 4441 | Advanced Federal Income Tax: Business Taxation | 3 |
| ACCTNG 5441 | Tax Research | 3 |
| ACCTNG 6441 | Graduate Topics in Taxation | 3 |
| Total Hours | | 12 |

Teaching English to Speakers of Other Languages Graduate Certificate

The Graduate Certificate in Secondary School Teaching prepares those with at least a bachelor's degree for teaching in high school. Normally this Graduate Certificate is taken by students who are not simultaneously pursuing the M.Ed. and teacher certification.

Admission

Applicants who wish to earn a Graduate Certificate in TESOL must apply for admission to the certificate program and to the Graduate School at the University of Missouri –St. Louis as a non-degree student or as a Master's or doctoral student. Applicants must have a 2.75 GPA in undergraduate coursework to be admitted. A background in K-12 or adult education is desirable.

Requirements

Students must maintain a minimum GPA of 3.0 to remain in the certificate program. The certificate is awarded after completion of the courses listed below. A program of study, or M-1, should be filed in the first one-third of the program. Students should file an Intent to Complete a Graduate Certificate at the beginning of their last semester. The Graduate Certificate in TESOL requires 18 credit hours of course work, including an entry course (TCH ED 6210):

| | | |
|-------------|---|---|
| TCH ED 6210 | Foundations Of Teaching English To Speakers Of Other Languages | 3 |
| TCH ED 6220 | Principles of Second/Foreign Language Acquisition | 3 |
| TCH ED 6230 | Cross-Cultural Communication in the Classroom | 3 |
| TCH ED 6240 | Assessment for Teaching English to Speakers of Other Languages | 3 |
| TCH ED 6250 | Methods and Materials for Teaching English to Speakers of Other Languages | 3 |

| | | |
|--------------------|--|-----------|
| TCH ED 6260 | Practicum in Teaching English to Speakers of Other Languages | 3 |
| Total Hours | | 18 |

State Certification

For TESOL state certification, the students need to add TCH ED 6224, and ELE ED 6338 for those who have the middle and the secondary school teaching certificates. Those who have the elementary teaching certificates need to add TCH ED 6224 if they are UMSL teacher education graduates. Otherwise, please consult the faculty advisor and/or academic advisor.

Learning Outcomes

Upon completion of the program, certificate earners will be able to:

- Continually reflect on professional growth to improve student learning outcomes/enhance student learning.
- Integrate technology to create meaningful student learning within the context of a global digital society.
- Apply content and pedagogical knowledge to create authentic and deep learning experiences.
- Use learning science principles to design, implement, and evaluate curriculum based on learning standards.
- Foster effective working relationships with students, school colleagues, families, and community members to enhance student learning and well-being.
- Design and establish a safe, inclusive, and respectful learning environment that nurtures the intellectual, social, and personal development of all students.
- Use equitable frameworks and inclusive practices to create a variety of instructional and assessment opportunities adapted to diverse learners to encourage all students' critical thinking, problem solving, and performance skills.

Teaching of Writing Graduate Certificate

The Certificate is an 18-hour program through the Gateway Writing Project (GWP); it may also be coordinated with other graduate programs. Certificate courses may be applicable to the M.A. in English with emphasis in composition or to various M.Ed. programs. The GWP Certificate is especially appropriate for post-master's candidates who wish to pursue a specialization in teaching writing. The Graduate Certificate in the Teaching of Writing requires a 9 semester-hour core of courses developed by the Gateway Writing Project: the GWP invitational institute (6 hrs) and an exit course (3 hrs.). The remaining 9 hours are electives (at the 5000 or 6000 level) in English or in Education as approved by the advisor.

Admission

Applicants must be admitted to Graduate School and be selected by the faculty admissions committee for the Graduate Certificate in the Teaching of Writing. The committee will review candidates using multiple sources that could include an interview, an application essay, and supporting documentation. Criteria include experience teaching writing at any level and academic record, especially in writing and the teaching of writing.

Required Core Courses

| | | |
|------------------|--|---|
| ENGL/TCH ED 6880 | Leadership in the Teaching of Writing | 6 |
| TCH ED 6890 | Seminar in Professional Writing for Teachers | 3 |

Electives

Appropriate electives will be determined by the advisor in consultation with the student.

Total Hours

18

For complete information, see The Gateway Writing Project's Graduate Certificate in Teaching Writing

Learning Outcomes

Upon completion of the program, certificate earners will be able to:

- Write, revise, and prepare writing for publication and identify as a writer.
- Summarize current theory/research, especially research by teachers of writing.
- Design curriculum and assessment that uses writing to promote learning in all subject areas.
- Demonstrate leadership for promoting better writing in school settings.
- Reflect on own teaching and own writing in service of improving student writing.

Technical Writing Undergraduate Certificate

Requirements

Students earn the Online Certificate in Technical Writing by completing 18 hours in selected online writing courses with a grade point average of 3.0 or better, including a capstone course. Twelve of the 18 hours must be taken at the University of Missouri-St. Louis. Courses may not be taken on a satisfactory/unsatisfactory basis.

UMSL Courses

| | | |
|-----------|---|---|
| ENGL 3120 | Business Writing | 3 |
| ENGL 3130 | Technical Writing | 3 |
| ENGL 3160 | Writing in the Sciences | 3 |
| ENGL 4870 | Advanced Business and Technical Writing | 3 |
| ENGL 4871 | Publishing: Writers, Editors, and Readers | 3 |
| ENGL 4872 | Technical Presentations | 3 |
| ENGL 4890 | Writing Internship | 3 |
| ENGL 4892 | Independent Writing Project | 3 |

Missouri S&T Courses

| | | |
|--------------|---|---|
| ENGLISH 3560 | Technical Writing | 3 |
| TCH COM 2560 | Technical Marketing Communication | 3 |
| TCH COM 3440 | Theory of Visual Technical Communication | 3 |
| TCH COM 4085 | Internship in Technical Communication (individual enrollment) | 3 |

| | | |
|--------------|---|---|
| TCH COM 4450 | International Dimensions of Technical Communication | 3 |
| TCH COM 4530 | Help Authoring | 3 |
| TCH COM 4450 | Proposal Writing | 3 |
| TCH ED 5510 | Technical Editing | 3 |
| TCH COM 5530 | Usability Studies | 3 |
| TCH ED 5560 | Web-Based Communication | 3 |
| TCH COM 5610 | History of Technical Communication | 3 |
| TCH COM 5620 | Research Methods in Technical Communication | 3 |

Students may use ENGL 4890, ENGL 4892, ENGL 4870, ENGL 4871, and ENGL 4872 as their capstone course.

When the student has completed requirements for the certificate, the coordinator will notify the university registrar and the college from which the student will graduate. Upon the student's graduation, completion of the Online Technical Writing Certificate will be noted on the official transcript and a certificate will be mailed to the student's residence. Students who have graduated before completing the Online Technical Writing Certificate will receive the certificate in the mail and will have the certificate entered on their official transcripts.

Learning Outcomes

Upon completion of the program, certificate earners will be able to:

- Revise and edit texts efficiently
- Adjust style, tone, and format to best suit a professional context
- Develop rhetorical flexibility as it pertains to shifting professional writing expectations
- Identify various readers and stakeholders, and the situations in which they both operate
- Accurately compose language that meets the needs of readers and stakeholders
- Identify and solve real world problems via writing/composition
- Design and create texts in various modes (e.g. digital, videos, alphabetic, auditory, and multiple/combined modes)
- Demonstrate an ability to apply contextually appropriate rhetorical strategies and technologies to solve communication problems successfully and safely

Transportation Studies Minor

General Requirements

All minors are 15 credit hours or 5 courses, including business core courses.

- Students must attain a 2.0 grade point average for all courses in the minor.
- Students must attain a minimum grade of C- in each course included in the minor.
- All courses in the minor must be on a graded basis.
- A minimum of 9 credit hours of coursework included in the minor must be taken in residence at UMSL.
- One must complete a baccalaureate degree at UMSL in order for a minor to be conferred.

- A minor may be added for up to two years following completion of the baccalaureate degree

Specific Requirements for the Minor

Available to all students.

| | | |
|--------------------------------|---|-----------|
| SCMA 3370/MKTG 3770 | Introduction to Transportation | 3 |
| SCMA 3371/MKTG 3771 | | |
| Select three of the following: | | 9 |
| SCMA 3301 | Introduction to Supply Chain Management | |
| SCMA 3320 | Advanced Supply Chain and Operations Management | |
| SCMA 3376 | Transportation Security and Risk | |
| SCMA 3390 | Internship in Supply Chain and Analytics ¹ | |
| SCMA 3398 | Seminar in Supply Chain Management and Analytics ¹ | |
| SCMA 3399 | Independent Study in Supply Chain and Analytics ¹ | |
| SCMA 4330 | Business Logistics | |
| SCMA/INTL BUS 4381 | Global Supply Chain Management | |
| SCMA 4398 | Advanced Topics in Supply Chain and Analytics ¹ | |
| MKTG 3700 | Principles of Marketing | |
| MKTG 3790 | Internship in Marketing ² | |
| MKTG 3798 | Seminar in Marketing ² | |
| MKTG 3799 | Independent Study in Marketing ^{2, 3} | |
| Total Hours | | 12 |

¹ With approval of the Department chair of Supply Chain & Analytics.

² With approval of the Department chair of Marketing.

³ No more than one approved independent study course may count towards the minor.

Learning Outcomes

Upon completion of the program, graduates will be able to:

- Explain the history and importance of global and domestic transportation on society from policy, regulatory, economic, legal, sustainability, and demographic perspectives.
- Describe the role of transportation in supply chain management, the key elements of transportation, basic processes in managing strategic and tactical transportation management operations, and digital transformation of transportation operations.
- Define and explain basic concepts of supply chain and transportation risk management, and their impacts on shareholder value and corporate performance.
- Explain the role of data, analytics and technology in transportation.

Trauma Studies Undergraduate Certificate

The undergraduate Certificate Program in Trauma Studies is an interdisciplinary program requiring 18 credits of training across a minimum of 3 disciplines. This certificate is appropriate for students who want to

specialize in working in a variety of professional settings with individuals who have been exposed to potentially traumatic events (e.g., physical and sexual assault, intimate partner violence, child abuse and neglect, community and gun violence, war, natural disasters). Students develop knowledge and competencies related to trauma exposure, posttraumatic growth, trauma-related difficulties including PTSD, and implications for working across a variety of professional settings.

Many but not all of the courses required by the Certificate Program in Trauma Studies have prerequisites. Some students may satisfy prerequisites by virtue of their prior curriculum and their major program of study. When this is not the case, students are responsible for satisfying the prerequisites.

All students must take at least one course offered by 3 different departments (including their home department).

Up to 9 credit hours of coursework can apply to the major program of study. Certificate Coordinator's approval is required for trauma certificate courses to be double-counted towards another undergraduate certificate program at UM-St. Louis.

Required Course:

| | | |
|--|--|------|
| PSYCH/GS 3232 | Psychology of Trauma | 3 |
| Select three to five of the following: | | 9-15 |
| CRIMIN/SOC 4300 | Communities and Crime | |

| Total Hours | | 18 |

¹ Please seek approval of the Coordinator of the Trauma Studies Certificate in advance.

Special Topics courses relevant to trauma studies may be included in the certificate when approved in advance by the coordinator of the trauma studies certificate.

Urban Politics Minor

Requirements for Political Science Minors

A general minor in political science can be arranged, as well as specialized minors in eight different subfields of the discipline. Interested students should see a faculty adviser to plan a coherent program of study as a minor field.

Students must achieve a cumulative 2.0 GPA in the political science courses chosen to qualify for the minor. Students may count no more than 3 hours in political science taken on a satisfactory/unsatisfactory basis toward the minor. Students taking an internship POL SCI 3940 may count no more than three hours of the internship toward the minor.

| | | |
|-------------------------------|--|-----------|
| POL SCI 2350 | Introduction to Urban Politics | 3 |
| Select four of the following: | | 12 |
| POL SCI 2300 | State Politics | |
| POL SCI 2320 | African Americans and the Political System | |
| POL SCI 3450 | Urban Administration | |
| POL SCI 3460 | The Politics of Poverty and Welfare | |
| POL SCI 3700 | Nonprofit Organizations and Social Equity | |
| POL SCI 3900 | Special Readings ¹ | |
| POL SCI 3940 | Public Affairs Internship ¹ | |
| Total Hours | | 15 |

¹ May be taken with approval of the faculty advisor.

Learning Outcomes

- Explain key topics in urban politics.
- Demonstrate an understanding of events and factors that have influenced the development of urban politics in the US.
- Analyze the actions of political actors impacting urban politics and their motives.
- Assess issues facing urban communities, formulate evidence-based recommendations, and communicate them with clarity and coherence.

Urban Studies Minor

Requirements

A minor in urban studies requires 15 hours of course work. Candidates must have a cumulative grade point average of 2.0 or better in the minor.

Courses taken on a satisfactory/ unsatisfactory basis may not be applied to the minor. Special topics courses or other courses relevant to urban studies may be included as electives when approved in advance by the urban studies coordinator.

Students must take:

| | |
|--|--------------------------------|
| Core Courses: | 9 |
| SOC 2203 | The City |
| SOC 2202 | Urban Sociology |
| SOC 3344 | Problems of Urban Community |
| Electives: select two from the following: | 6 |
| SOC 2280 | Technology and Society |
| SOC 3400 | |
| SOC/CRIMIN 4300 | Communities and Crime |
| HIST 2008 | History of St. Louis |
| POL SCI 2350 | Introduction to Urban Politics |
| POL SCI 3450 | Urban Administration |
| Total Hours | 15 |

Veterans Studies Minor

The Minor in Veterans Studies is a multi-disciplinary program whose course work enhances students' majors to prepare them to work for or with veterans. It is also designed to encourage and enable veteran students to reflect more deeply on their service experiences. This minor includes a foundation course, a series of elective courses, and a capstone. Electives may be chosen from four areas, or from any MVS course above the 2000 level.

Cultural: exploring perspectives and experiences of veterans through various media

Relational: understanding how veterans relate among various aspects of our society

Institutional: understanding the context and structure of military service and veteran institutions now and in the past

Clinical: establishing effective skills to better serve for, with, and in veteran populations

Alternative elective courses could be included with the consent of the department chair. While it is encouraged, students are not required to limit their electives to a single area.

| | |
|----------------------|---|
| MVS 2100 | 3 |
| Electives | 9 |

Women's Health Nurse Practitioner Post-Graduate Certificate

Post-graduate certificate (PGC) requirements are tailored to the individual student, depending on past academic work, experience, the student's goals, and specialty requirements. Upon completion of the PGC requirements, a certificate is awarded by the College of Nursing (CON) and Graduate School. Graduates are eligible to apply to take board certification exams in the advanced practice role and population for which they have been prepared.

Due to higher education regulation changes, the University of Missouri–St. Louis cannot admit students from all states for online programs. Please see the Center for Teaching and Learning for additional information: http://www.umsl.edu/services/ctl/onlinelearning/state_authorization.html.

Admission Criteria

- Admission to the University by completing the UMSL Graduate School application
- MSN, DNP from a nationally accredited nursing program
- MSN or DNP 3.0 minimum GPA
- Current professional licensure
- Acute Care Pediatric Nurse Practitioner (PNP-AC) post-graduate certificate requires at least one (1) year of inpatient pediatric nursing experience

- Psychiatric Mental Health Nurse Practitioner (PMHNP) post-graduate certificate requires at least one (1) year of inpatient or outpatient psychiatric nursing or emergency room nursing experience

Certificate Requirements

Students must complete a minimum of 12 credit hours of coursework from the University of Missouri - St. Louis College of Nursing. Courses must be from the list below.

| | | |
|------------|---|-----|
| NURSE 6518 | Pathophysiology for Advanced Nursing Practice | 3 |
| NURSE 6520 | Pharmacology For Advanced Nursing Practice | 3 |
| NURSE 6524 | Health Assessment for Advanced Nursing Practice | 3 |
| NURSE 6530 | Introduction to Diagnostic Reasoning | 3 |
| NURSE 6746 | Women's Health I | 4 |
| NURSE 6747 | Women's Health II | 4 |
| NURSE 6954 | Advanced Practice Nursing: Practicum I | 2-4 |
| NURSE 6955 | Advanced Practice Nursing: Practicum II | 2-4 |
| NURSE 7954 | Advanced Practice Nursing: Practicum III | 2-4 |

All students must complete 8 credit hours of Residency. One credit hour is equivalent to 75 residency hours.

Workplace and Organizational Science Undergraduate Certificate

Effective Fall 2021, this program will no longer accept applications

This certificate can prepare individuals for graduate studies in industrial-organizational psychology, management, or other areas with a focus on behavior in organizations. It also provides training relevant to managing individuals in organizations that can be applied broadly to business, military, non-profit, health care, law enforcement, and other settings.

Note: **No more than 6 credit hours may be applied from the student's major.**

Required Courses

| | | |
|----------------------|--|---|
| MGMT/SOC 3600 | Management and Organizational Behavior | 3 |
| PSYCH 3318/MGMT 3623 | Industrial and Organizational Psychology | 3 |

Goal 1: Breadth of Study **9**

Choose three courses from the following:

| | |
|--------------|---|
| AERO 2001 | Team Leadership Fundamentals I |
| COMM 2231 | Communication in the Organization |
| MIL SCI 1101 | Introduction to Leadership I |
| MIL SCI 2201 | Innovative Team Leadership |
| MVS 2100 | |
| MGMT 3611 | Advanced Management and Organizational Behavior |
| MGMT 3621 | Human Resource Management |

| | |
|--------------|---|
| MGMT 3622 | Industrial and Labor Relations |
| MGMT 3624 | Employee Training and Development |
| MGMT 3625 | Leadership in Organizations |
| PSYCH 4365 | Psychological Testing and Assessment |
| POL SCI 4060 | Theory of Decisions and Games |
| SOC 4354 | Sociology of Business and Work Settings |

Goal 2: Cultural Competency **3**

Choose one course from the following:

| | |
|--------------------|---|
| COMM 2332 | Intercultural Communication |
| COMM 3337 | Communication and Gender |
| MGMT/INTL BUS 3680 | International Management |
| PSYCH 3820 | Cross-Cultural Psychology |
| PSYCH 4250 | Stereotyping, Prejudice, and Discrimination |
| SOC 1241 | Globalization and Social Change |

Total Hours **18**

Learning Outcomes

Upon completion of the program, certificate earners will be able to:

- Describe the application of theories and methods from workplace and organizational sciences to job analysis, recruitment/selection, training, retainment and performance appraisal processes.
- Identify factors that influence motivation and work performance of employees.
- Identify teamwork processes, challenges and strategies.
- Summarize models of leadership and fit for specific organizational needs.
- Compare and contrast at least two disciplinary specific (e.g., communications, industrial/organizational psychology, management, sociology) approaches to understanding workplace and organizational needs and challenges.
- Write and speak clearly and concisely about theories and research in workplace and organizational sciences.
- Evaluate appropriateness of quantitative and qualitative research methods for specific questions in workplace and organizational sciences.
- Relate concepts and empirical findings from workplace and organizational sciences to personal work experiences and career goals.
