### INDEPENDENT AUDITOR'S REPORT

Honorable Mayor and Board of Aldermen City of Cottleville, Missouri

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of City of Cottleville, Missouri, as of and for the year ended December 31, 2006, which collectively comprise the City's basic financial statements as listed in the table of contents. We also have audited the financial statements of each of the City's nonmajor governmental funds presented as supplementary information in the accompanying combining and individual fund financial statements as of and for the year ended December 31, 2006, as listed in the table of contents. These financial statements are the responsibility of City of Cottleville, Missouri management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

As described in Note 1, the City of Cottleville, Missouri prepares its financial statements on the modified cash basis, which is a comprehensive basis of accounting other than generally accepted accounting principles.

In our opinion, the financial statements referred to above present fairly, in all material respects, the cash and unencumbered cash balances of the governmental activities, each major fund, and the aggregate remaining fund information of the City of Cottleville, Missouri as of December 31, 2006, and the revenues it collected and expenditures it paid for the year then ended on the basis of accounting described in Note 1. In addition, in our opinion, the financial statements referred to above present fairly, in all material respects, the respective cash and unencumbered cash of each nonmajor governmental fund of the City of Cottleville, Missouri, as of December 31, 2006, and the respective revenues it collected and expenditures it paid for the year then ended on the basis of accounting described in Note 1.

In accordance with *Government Auditing Standards*, we have also issued our report dated September 6, 2007, on our consideration of the City of Cottleville, Missouri internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

The management's discussion and analysis and budgetary comparison information on pages 2 through 7 and 22 through 29, are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Date CPAS, PC

September 6, 2007

As management of the City of Cottleville, Missouri, we offer readers of the City's financial statements this narrative overview and analysis of the financial activities of the City for the fiscal year ended December 31, 2006. We encourage readers to consider the information presented here along with the City's financial statements, including the notes to the financial statements.

## FINANCIAL HIGHLIGHTS

- On a government-wide basis the assets of the City exceeded its liabilities for the most recent fiscal year by \$4,026,791. The City has unrestricted net assets of \$132,705.
- As of the close of the current fiscal year, the City's governmental funds reported combined ending fund equity of \$ 6,458,107.
- At the end of the current fiscal year, unrestricted fund equity for the General Fund was \$ 130,650 or 8.7% of total General Fund Expenditures.

## OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the basic financial statements. This report also contains required supplementary information in addition to the basic financial statements.

#### **Government-wide Financial Statements**

The government-wide financial statements are designed to provide readers with a broad overview of the City's finances in a manner similar to a private-sector business. Note the government-wide financial statements exclude fiduciary fund activities.

The statement of net assets presents information on all of the City's assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The statement of activities presents information showing how the City's net assets changed during the most recent fiscal year.

The government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges. The governmental activities of the City include general government, public works, planning and zoning, board of adjustment, street department, waste hauling services, parks and recreation, building maintenance, police department, emergency preparedness, and municipal court.

The City has elected to utilize a modified cash basis of accounting as explained in Note 1.C of the notes to the financial statements.

The government-wide financial statements can be found on pages 8 and 9 of this report.

## **Fund Financial Statements**

Separate financial statements are provided for governmental funds and fiduciary funds, even though the latter are excluded from government wide financial statements. Major individual government funds are reported as separate columns in the funds financial statements.

## **Governmental Funds**

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, the governmental fund financial statements utilize a current financial resources measurement focus as applied to the modified cash basis of accounting. Only current financial assets and liabilities are generally included on their balance sheets. Their operating statements present sources and uses of available spend able financial resources during a given period. These funds use fund equity as their measure of available spend able financial resources at the end of the period. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financial decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund equity provide a reconciliation to facilitate this comparison between governmental funds and the government-wide governmental activities.

The City maintains several individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund equity for the General Fund, Capital Improvement Fund and Debt Service Fund, all of which are considered to be major funds.

The City adopts an annual appropriated budget for its General Fund, Capital Improvement Fund and Debt Service Fund, Road Special Revenue Fund, Waste Hauling Fund and Parks Fund. Budgetary comparison statements have been provided for all budgeted funds to demonstrate legal compliance with the respective adopted budget.

The governmental fund financial statements can be found on pages 10 and 11 of this report.

## Notes to the Basic Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the governmentwide and fund financial statements. The notes to the basic financial statements can be found on pages 13 through 21 of this report.

### **GOVERNMENT-WIDE FINANCIAL ANALYSIS**

A condensed version of the statement of net assets follows:

ASSETS	December 31, 2005	December 31, 2006
Cash and other current assets Restricted Assets Capital assets Other assets	\$ 119,511 - 3,148,945 	\$ 6,460,282 13,176 4,561,171 117,413
Total Assets	3,268,456	11,152,042
LIABILITIES		
Other liabilities Performance deposits Short-term debt Noncurrent Liability	300 39,234 510,213 <u>192,641</u>	3,496 13,176 32,718 7,075,861
Total Liabilities	742,388	7,125,251
NET ASSETS		
Invested in capital assets, net of related debt Restricted Unrestricted	2,446,091 72,234 7,743	3,673,919 220,167 <u>132,705</u>
Total Net Assets	<u>\$ 2,526,068</u>	\$ 4,026,791

As noted earlier, net assets may serve over time as a useful indicator of a city's financial position. As illustrated above, in the case of the City of Cottleville, assets exceeded liabilities by \$4,026,791 at the close of December 31, 2006.

By far the largest portion of the City of Cottleville's net assets (91.2% percent) reflects its investment in capital assets (e.g., land, buildings, machinery, and equipment), less any related debt used to acquire those assets that is still outstanding. The City of Cottleville uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending.

An additional portion of the City of Cottleville net assets (5.5% percent) represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net assets \$ 132,705 (3.3%) may be used to meet the government's ongoing obligations to citizens and creditors.

## **Governmental Activities**

As illustrated below, governmental activities increased the City's net assets by \$ 1,500,723.

	FOR THE YEAR ENDED DECEMBER 31, 2005	FOR THE YEAR ENDED DECEMBER 31, 2006
REVENUES Program revenues: Charges for services Operating grants and contributions Capital grants and contributions	\$ 591,914 160,585 1,599,342	\$ 691,045 150,114 1,268,794

EXPENSES General government Police Public works Parks Waste Hauling Capital Lease Unallocated Depreciation	441,026 689,030 389,049 37,774 168,935 2,771 7,326	401,264 780,835 379,610 19,094 224,257 20,690 <u>26,238</u>
Total expenses	1,735,911	1,851,988
CHANGE IN NET ASSETS	1,441,294	1,500,723
NET ASSETS – BEGINNING	1,084,774	2,526,068
NET ASSETS - ENDING	<u>\$ 2,526,068</u>	\$ 4,026,791

## FINANCIAL ANALYSIS OF THE CITY'S FUNDS

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance related legal requirements.

## **Governmental Funds**

The focus of the City's governmental funds is to provide information on inflows, outflows, and balances of available expendable resources. Such information is useful in assessing the City's financing requirements. In particular, unreserved fund equity may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

At December 31, 2006 the combined fund equity was \$ 6,458,107.

The General Fund is the chief operating fund of the City of Cottleville. As a measure of the General Fund's liquidity, it may be useful to compare general fund equity to general fund total expenditures. General fund equity represents less than 8.5 percent of general fund total expenditures. The fund equity in the City's General Fund decreased by \$ 127,563 from prior year fund equity. The change of the current year's fund equity is mainly due to the expenditures being less than revenue in 2006.

## **Capital Assets (Net)**

The City has invested \$4,561,172 at December 31, 2006 in a broad range of capital assets, including park facilities, buildings, machinery and equipment, and vehicles. This amount includes a net increase for the current fiscal year (including additions and deductions) of \$1,412,227. The City's capital assets, net of accumulated depreciation, consisted of:

	December 31, 2006			
	Gross	Accum Depr	Net	
Land	\$ 1,706,904	\$ 16,105	\$ 1,690,799	
Construction in Progress	264,879	-	264,879	
Building & Improvements	98,403	22,198	76,205	
Equipment	7,850	1,243	6,607	
Vehicles	216,763	129,892	86,871	
Infrastructure	2,472,012	36,201	2,435,811	
Total Capital Assets, Net of Accumulated Depreciation	\$ 4,766,811	\$ 205,639	\$ 4,561,172	

Additional information on the City's capital assets can be found on page 17 in Note 5 in the notes to the financial statements.

## **Note Payable**

At December 31, 2006 the City still owed \$ 170,579 on the February 1998 note payable. The note is backed by full faith and credit of the City and is payable from general revenues of the City.

## Short-term/Long-term Debt

During 2005 the City borrowed \$ 460,000 for a Site Lease Purchase Agreement with principal and interest totaling \$ 477,298 and refinanced it with certificates of participation in the amount of \$ 6,955,000 on September 1, 2006. The Certificate of Participation funds will also be used to build a new city hall, police department and park.

#### **Capital Lease**

At December 31, 2006, the City had capital lease obligations for governmental activities in the amount of \$ 22,060 compared to \$ 50,952 at December 31, 2005.

## ECONOMIC FACTORS AND NEXT YEAR'S BUDGET

For year ending December 31, 2007 the City projects revenue of \$4,686,460 and expenditures of \$8,904,778, giving the City an ending fund equity of \$1,104,298 at December 31, 2007.

#### **Requests for Information**

This financial report is designed to provide a general overview of the City's finances for all those with an interest in the City's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to:

City of Cottleville Amy Spencer, City Clerk/Treasurer 5377 Highway N, Suite A Cottleville, Mo. 63304

#### NOTES TO FINANCIAL STATEMENTS

### NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### A. Reporting Entity

The City of Cottleville, Missouri, (the City) was incorporated as a fourth class city on August 6, 1992 and established a Mayor/Board of Aldermen form of government. The City's major operations include police, general administrative services and road development.

The City defines its financial reporting entity in accordance with Governmental Accounting Standards Board Statement No. 14, The Financial Reporting Entity (GASB 14). GASB 14 requirements for inclusion of component units are based primarily upon whether the City's governing body has any significant amount of financial accountability for potential component units (PCU). The city is financially accountable if it appoints a voting majority of a PCU's governing body and is able to impose its will on that PCU, or there is a potential for the PCU to provide specific financial benefits to, or impose specific financial burdens on, the City.

Based on the foregoing definition, the City's financial statements include all funds, agencies, boards, commissions, and authorities that are controlled by or dependent on the City.

B. Government-wide and Fund Financial Statements

#### Government-wide Financial Statements

The government-wide financial statements include the statement of net assets and the statement of activities arising from cash transactions. These statements report information on all of the nonfiduciary activities of the primary government and its component units. For the most part, the effect of interfund activity has been removed from these statements. Individual funds are not displayed but the statements distinguish governmental activities, which normally are supported by taxes and City general revenues, from *business-type activities*, which rely to a significant extent on fees and charges to external customers for support. The City has no business-type activities.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

#### Fund Financial Statements

Separate financial statements are provided for governmental funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

### NOTES TO FINANCIAL STATEMENTS

## NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

#### C. Measurement Focus, Basis of Accounting and Financial Statement Presentation

The City maintains its records and budget, and presents the government-wide financial statement and governmental fund financial statements in accordance with the modified cash basis of accounting. This basis recognizes assets, liabilities, net assets/fund equity, revenues and expenditures/expenses when they result from cash transactions with a provision for depreciation in the government-wide statements. This basis is a comprehensive basis of accounting other than generally accepted accounting principles.

If the City utilized generally accepted accounting principles, the fund financial statements for governmental funds would use the modified accrual basis of accounting. All government-wide financial statements would be presented on the accrual basis of accounting.

Under the modified accrual basis revenues are recognized when measurable and available. Measurable means being able to reasonably estimate the amount. Available means collectible within the current period or soon enough thereafter to pay current liabilities. Expenditures (including capital outlay) are recorded when the related fund liability is incurred, except for general obligation bond principal and interest which are reported when due.

Under the accrual basis revenues are recognized when earned. Expenses (including depreciation and amortization) are recorded when the liability is incurred or the economic asset is used. Revenues, expenses, gains, losses, assets and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

Therefore, the financial statements are not intended to reflect the financial position or results of operations of the City in conformity with generally accepted accounting principles.

The City reports the following major governmental funds:

<u>General Fund</u> – is the primary operating fund of the City. It is used to account for all financial resources except those required to be accounted for in another fund.

<u>Capital Improvements Fund</u> – is used to account for certain transfers and revenues restricted for capital improvements.

<u>Debt Service Fund</u> – accounts for the resources accumulated and payments made for principal and interest on Series 2006 Certificates of Participation.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as needed.

D. Cash and Cash Equivalents

The government's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from date of acquisition.

The surplus funds of the City may be legally invested in any of the securities identified as eligible in Section 30.270 of Missouri State Statutes.

## NOTES TO FINANCIAL STATEMENTS

## NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

### E. Capital Assets, Depreciation and Amortization

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The City elected not to report general infrastructure assets retroactively. Therefore, no general infrastructure assets purchased or constructed prior to January 1, 2004 are included in the statement of net assets arising from cash transactions.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Property, plant, and equipment of the primary government is depreciated using the straight line method over the following estimated useful lives:

Assets	Years
Buildings	40
Building improvements	20
Infrastructure	50
Vehicles	5
Computer equipment	5-10

Vehicles under capital lease are being amortized using straight-line method over a 5 year estimated useful life.

#### F. Long-term Liabilities

In the government-wide financial statements, long-term debt and capital lease obligations are reported as liabilities in the statement of net assets arising from cash transactions.

In the fund financial statements, the face amount of debt issued is reported as other financing sources. Long-term debt principal and capital lease payments are recognized as expenditures during the current period.

#### G. Property Taxes

Property tax revenues are recorded when received. The City's property taxes are levied each September based on the assessed value at January 1 for all real and personal property located in the City. Taxes are due and payable on November 1 and delinquent after December 31. The City's property tax rate for 2006 was .34 per \$100 assessed valuation, all of which was allocated to the general fund.

All property tax assessment, billing, and collection functions are handled by the St. Charles County Government. Taxes collected are remitted to the City by the St. Charles County Collector in the month following the actual collection date.

#### NOTES TO FINANCIAL STATEMENTS

#### NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

#### H. Use of Estimates

The preparation of basic financial statements in conformity with the modified cash basis of accounting principles requires the City to make estimates and assumptions that affect the reported amounts of assets and liabilities at fiscal year-end and revenues and expenditures during the reporting period. Actual results could differ from those estimates.

#### NOTE 2: BUDGET POLICY AND PRACTICE

The City's policy is to adopt annual budgets for the General Fund and Special Revenue Funds in accordance with the modified cash basis of accounting. All budget appropriations lapse at year-end. The City follows these procedures in establishing its annual budgets as reflected in the financial statements.

- Prior to December each year, the Budget Committee which is composed of the City Administrator, City Treasurer and independent outside consultant, after receiving input from each department head, submits to the Board of Aldermen the annual operating budget for the fiscal year commencing January
   The Operating Budget includes proposed expenditures and means of financing them.
- 2. Prior to December 31, the budget is legally adopted and enacted through passage of an ordinance.
- 3. Formal budgetary integration is employed as a management control device during the year for the general fund. Formal budgetary integration is not employed for the special revenue fund because these receipts and expenditures are dependent upon the timing of road improvements which is beyond the control of the City.
- 4. Budgeted amounts included in the financial statements are as originally adopted or as subsequently amended by the Board of Aldermen.

#### NOTE 3: CASH AND CASH EQUIVALENTS

#### Deposits

Custodial Credit Risk for deposits is the risk that in the event of a bank failure, the City's deposits may not be returned or the City will not be able to recover collateral securities in the possession of an outside party. The City's bank deposits are required by state law to be secured by the deposit of certain securities specified at RSMo 30.270 with the City or trustee institution. The value of the securities must amount to the total of the City's cash not insured by the Federal Deposit Insurance Corporation.

As of December 31, 2006, \$58,000 of the City's demand deposits were not secured or collateralized with securities held by the City or by its agent in the City's name.

#### Investments

At December 31, 2006, the City has no investments.

#### **Investment Policies**

Credit Risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The City minimizes credit risk by prequalifying all institutions with which the City will do business and diversifying the portfolio so that potential losses on individual investments will be minimized.

Interest Rate Risk is the risk that changes in interest rates will adversely affect the fair value of an investment. Investments held for longer periods are subject to increased risk of adverse interest rate changes. The City minimizes interest rate risk by structuring the investment portfolio so that securities mature to meet cash requirements for ongoing operations, thereby avoiding the need to sell securities on the open market. Additionally, the City primarily invests in short-term securities.

Concentration of Credit Risk is the risk of loss attributed to the magnitude of the City's investment in a single issuer. The City requires collateralization of all certificates of deposits and repurchase agreements. Additionally, the City requires a deposit contract and pledge agreements with each safekeeping bank.

## NOTES TO FINANCIAL STATEMENTS

#### NOTE 4: RESTRICTED ASSETS

Restricted assets are reported in various funds for cash deposited legally restricted for specific uses such as development costs, road improvements and park improvements. See Note 1.c describing the priority for use of restricted and unrestricted assets.

## NOTE 5: CAPITAL ASSETS

Capital asset activity for the year ended December 31, 2006 was as follows:

	Beginning Balance	Increases	Decreases	Ending Balance
Governmental activities:				
Capital assets, not being depreciated: Land	\$1,651,837	\$ -	\$ -	\$1,651,837
Construction in progress	690,932	254,879	680,932	264,879

#### NOTES TO FINANCIAL STATEMENTS

#### NOTE 6: SHORT-TERM DEBT

#### Site Lease Purchase Agreement

On August 25, 2005, the Board of Aldermen, pursuant to ordinance 772, authorized the acquisition of a certain site for a purchase price of \$425,000. In order to pay the acquisition cost and certain related expenses, the Board of Aldermen, concurrently with the conveyance of the title to the site by the seller to the City, authorized (1) a Site Lease, pursuant to which the City will lease the site to the bank for the rental payments to provide funds to pay the site acquisition costs, including financing costs, and the costs of preparing preliminary plans for development of the site; and (2) a Lease Purchase Agreement, pursuant to which the bank will sublease the site back to the City, in consideration of rental payments.

The City has the option to purchase the Bank's leasehold estate in the site at any time, upon payment by the City of the then applicable option purchase price plus all rental payments, additional payments and accrued interest components of the rental payments up to the date of purchase.

Balance December			Balance December
31, 2005	Additions	Retirement	31,2006
\$ 460,000	\$	\$ 460,000	\$

#### NOTE 7: LONG-TERM DEBT

## Certificates of Participation Series 2006

During 2006 the City authorized the issuance of \$6,955,000 Series 2006 Certificates of Participation in order to provide funds to finance or refinance costs of (a) acquiring a certain site and constructing, furnishing and equipping a new City Hall and Police Department facility and recreation facilities on the site; (b) to fund a debt service reserve fund for the Series 2006 Certificates; and (c) to fund the interest component of Base Rentals to be distributed to owners of the Series 2006 Certificates on February 1, 2007.

The annual principal and interest requirements to maturity of the Certificates of Participation as of December 31, 2006 are as follows:

For the Years Ended December 31	_Principal_	Interest	Total
2007	¢	¢ 004.054	¢ 004054
2007	\$ -	\$ 334,254	\$ 334,254
2008	40,000	357,066	397,066
2009	60,000	355,066	415,066
2010	80,000	352,066	432,066

#### NOTES TO FINANCIAL STATEMENTS

#### NOTE 7: LONG-TERM DEBT, continued

#### Note Payable

Pursuant to a non-interest bearing note, the City borrowed \$284,295 during February 1998 from the brother of former Mayor Kochanski. Payments of \$7,107 are payable semiannually until paid in full in December 2018. The note is secured by land.

Annual debt service requirements to maturity for the aforementioned note payable are as follows:

Year ending December	Pri	ncipal	Inte	rest
2007	\$	14,214	\$	-
2008		14,214		-
2009		14,214		-
2010		14,214		-
2011		14,214		-
2012-2016		71,071		-
2017-2018		28,438		-
	\$	191,901	\$	-

#### Capital Leases

The City leases several vehicles pursuant to leases, which meet the criteria for capitalization. Assets under these capital leases aggregated \$86,237 at December 31, 2006 and are included in the capital assets of the City.

The future minimum lease obligations and the net present value of these minimum lease payments as of December 31, 2007, are as follows:

Governmental activities:	
Year ending <u>December</u>	
2007 2008	\$ 19,112 <u>3,611</u>
Amounts representing interest	22,723 663 \$ 22,060

The following is a summary of the long-term debt activity for the year ended December 31, 2006:

	Balance December 31, 2005	Addition	Reductions	Balance December 31, 2006	Due Within One Year
Governmental activities					
Certificates of Participation	۱,

obligations	50,952	-	28,892	22,060	18,504
Less deferred amounts:					
Issuance discounts		( 39,720)	660	( 39,060)	
	\$ 242,853	\$ 6,915,280	\$ 49,554	\$ 7,108,579	\$ 32,718

### NOTES TO FINANCIAL STATEMENTS

#### NOTE 8: RISK MANAGEMENT

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The City purchases commercial insurance for all risks of loss.

There have been no insurance settlements exceeding coverage for each of the past three fiscal years.

#### NOTE 9: OTHER REQUIRED INDIVIDUAL FUND DISCLOSURES

Excess of expenditures paid over appropriations of individual funds:

General Fund	<u>\$ 30,811</u>
Capital Improvements	<u>\$ 1,144,591</u>
Park Fund	<u>\$ 4,015</u>

## NOTE 10: GROUND LEASE AS LESSOR

The City leases a parcel of land upon which the lessee has constructed communications facilities. Pursuant to the terms of the lease, \$800 rent was receivable monthly, commencing November 1, 2000 for an initial term of five years. The lessee exercised the option to extend the lease for another five-year term effective November 1, 2005 with rent of \$920 per month. The lessee has the right to extend its tenancy for three additional five-year terms.

#### NOTE 11: PENSION PLAN

The City provides pension benefits for all of its full-time employees through a deferred compensation plan and a money purchase defined contribution pension plan administered by Metropolitan Life Insurance Company. The plan was adopted effective October 1, 2004. Benefits under the plan depend solely on amounts contributed to the plan plus investment earnings and forfeitures of other participants' benefits that may be allocated to such participant's account.

Employees are eligible to participate immediately upon commencing employment with the City. Annuity contracts, common stock and money market funds are purchased with the contributions through the insurance company. During 2006 employees could contribute up to \$15,000 through the deferred compensation plan.

The City's contributions for each participant are made into the money purchase plan. Contributions and interest allocated to the participant's account are fully vested after five years continuous service. The City contributes an amount equal to 3% of the employee's base salary plus a match of the employee's contributions not to exceed 4% of the employee's compensation.

The City and employees contributed \$36,939 and \$33,250, respectfully, for the year ending December 31, 2006.

### NOTES TO FINANCIAL STATEMENTS

## NOTE 12: TRANSFERS

Individual interfund transactions are as follows:

Transfer In	Transfer Out	December 31, 2006			
Road Fund	General Fund	\$ 1	4,409		
Capital Improvement Fund	General Fund	\$ 9	2,600		
Waste Hauling Fund	General Fund	\$ 4	4,814		

Interfund transfers were used to use revenues collected in the General Fund to finance capital improvements and waste hauling costs in accordance with budgetary authorization.
