Curators Reject Enrollment Freeze

By Dan Simpson
Current Rolla Reporter

The Board of Curators, meeting April 10 in Rolla, debated a motion by Board President Ron Morovitz to freeze enrollment on all four University of Missouri campuses. In addition to limiting enrollment at present levels on all campuses, Billings' motion would have halted any new programs, including the proposed medical school at the Kansas City campus.

Others had indicated that freezing enrollment now is premature, suggesting that such decisions be postponed until the Missouri legislature meets in special session this month and settles University appropriations.

University President John C. Weaver said Governor Warren E. Hearnes had advised him that the university's recommended appropriation would be $80.7 million. The university requested $103 million for the fiscal year 1970-71.

If the $80.7 million recommendation is approved by the legislature, the university will receive the same appropriation next year as it received this year.

Hearnes told Weaver that the reduction of the income tax revision may result in additional revenue for the state. If the legislature does not grant the university's recommended $80.7 million recommendation by Hearnes, Weaver said, the Board will have to recommend a series of cut-backs which could possibly include enrollment reduction. Other possibilities include increasing work-loads, cutting aid to the disabled, and curtailing maintenance of buildings along with the operations of university clinics and hospitals.

Billings told reporters after the meeting that he opposed an increase in fees as a means of easing the university's financial burden. "We'd say, however, that all new programs for the next fiscal year may have to be eliminated," he continued.

Weaver agreed with Billings, noting that "There would have to be a $1.45 million increase (from $80.7 million) for a stand-still program."

UMSL Chancellor Glen Driscoll said, "If we're too early to tell how the cut-backs in programs will affect the UMSL campus."

"Investigations will have to start immediately to determine this."

Survival in the Seventies: See pp. 56

Kaufman Elected, Promises Action

Newly-elected student government president Barry Kaufman promised that the Central Council will take concrete action at his inauguration April 12.

Kaufman told the current student body that he will work to "make sure that the students actually have a voice in the board's decisions." Kaufman promised that the Central Council will take concrete action at his inauguration April 12. Kaufman told the current student body that he will work to "make sure that the students actually have a voice in the board's decisions."

The students were seeking to cut-back in programs will increase in fees as a means of easing the university's financial burden. "We'd say, however, that all new programs for the next fiscal year may have to be eliminated," he continued.

Kaufman agreed with Billings, noting that "There would have to be a $1.45 million increase (from $80.7 million) for a stand-still program."

UMSL Chancellor Glen Driscoll said, "If we're too early to tell how the cut-backs in programs will affect the UMSL campus."

"Investigations will have to start immediately to determine this."

Faculty Senate Urges No Credit for ROTC

Continuing its policy of rewriting an ad hoc committee's recommendations on a Reserve Officers Training program here, the Faculty Senate last week added a proviso that no credit be granted for ROTC classwork.

UMSL students presently may earn up to 12 hours of academic credit for courses taken in a cooperative arrangement with Washington University. The Senate also approved the remaining portion of the committee recommendations without altering it—that commissioning ceremonies should not be a part of graduation exercises.

The two points were then added to some other proposals which have required that the election for student representatives be held again after a three week delay. (Continued on Page 2)

Education Majors May Go to Weaver

Valerie Mackler, the leader of a group of special education students seeking to have the course, "Speech and Language Problems of the Mentally Retarded," offered this summer, has threatened to bring the request to university President John C. Weaver if Chancellor Glen R. Driscoll refuses to provide assistance.

The students are seeking to have the required course scheduled for this summer semester because, they claim, they have no prior notification that the course would be offered only one time in the 1969-70 school year.

The course was offered last fall by the Evening College. It has not yet been determined when the course will be offered again.

The group spoke to Driscoll about the scheduling of the course on March 30 after officials of the School of Education informed them that the course would not be offered this summer. Mrs. Mackler stated that although Driscoll promised the group that he would investigate the fees charged and report back to them, he has yet to give them a reply. She said that the group would continue to seek a response from Driscoll.

Mrs. Mackler added that the students who would be willing to take the course this summer. The group had obtained the names of 12 students willing to take the course before they abandoned the attempt.

Mrs. Mackler said that it was useless to circulate a petition requesting that the course be offered this summer when the School of Education contends that the course would not be offered even if students were willing to take it.

Dr. Walter Cegelski, who teaches special education courses and serves as academic advisor to special education students, stated that no regular UMSL faculty members would be available to teach the course this summer. He added that funds were not available to hire an instructor from outside the university.
Hecklers Interrupt Anti-ROTC Rally

A fund-raising rally in support of the student anti-ROTC movement at Washington University on the hill last Friday was interrupted when a group of about 30 Vietnam veterans heckled speakers by shouting slogans. Yelling phrases such as "Go back to Washington," and "Take your matches with you!" the group harassed the speakers for about forty-five minutes before departing.

The group appeared shortly after the rally sponsored by the Ad Hoc Committee to Keep ROTC Off Campus, began. The group screaming and using a bullhorn, attempted to jeer at every comment made by the first speaker, John Richards, a Washington U. graduate student indicted by a grand jury.

Succeeding speakers were greeted by jeers and derogatory comments. At times, they were answered by the audience of about 200 and by the speakers.

Finally, leaders of the group were invited to speak from the platform. Ed Farrell, recently elected Central Council vice-president, told the group that their presence was unwelcome at UMSL. He also pointed out that the results of the student-faculty referendum on ROTC last month had indicated that the program was desired here.

Soon afterwards, the group left. While the speakers continued a collection for the Legal Defense Fund was taken. About $65 was gathered.

The Washington U. students appeared unruffled by the heckling and said that they felt the rally had been successful in alerting UMSL students to their campaign methods and problems. They urged that discussion sessions concern the nature of ROTC and means to keep it off the UMSL campus be organized.

YAF Speaker Bothered

Philip Luce, college director for the Young Americans for Freedom was bothered by a varying stream of grunting and heckling at a speech last Thursday in Benton Hall.

Luce, trying not to acknowledge the hecklers, continued with his speech. However, the interruptions continued. At one point, a student jumped onto the stage and challenged Luce to keep on talking, screaming and yelling.

One or two students also used bullhorns to annoy Luce, but could not be determined by school officials whether the instruments had been obtained from the Student Activities Office or the Audiovisual Department.

The outlook for UMSL next year can best be described as a continuation of the status quo in light of the tax revision failure in the April 7 referendum, business officer John Perry said this week. Perry told the Current that the effect this defeat would have on the University of Missouri's operating budget was as yet uncertain, but there will probably be no new programs instituted. However, it is doubtful that any existing programs will be wiped out.

Cut-back measures already announced consist of freezing both enrollment at UMSL and faculty wages at the present level. Present construction will not be affected, since the money for that has already been appropriated, but Perry said, "The chances of any new capital improvements being approved by the legislature are practically nil."

Perry emphasized that operating expenses for UMSL will depend on how much the legislature will appropriate for the entire university. He expected the allotment to remain on the present level of $80.7 million.

Debaters Place In National Tournament

UMSL debaters D. Felber and Mike Beatty compiled a six-three record to finish in the top ten at the Chicago Novice Nationals Tournament last weekend. Fifty-five of the nation's best collegiate debate teams participated.

Felber and Beatty defeated novice debaters from MIT, University of Wisconsin, Wayne State University, Stetson University of Tampa, Northern Illinois University and Augustana College. They lost to Ohio University's and Northwestern in preliminary rounds, then were eliminated by the University of Southern California squad.

The Chicago showing earned Felber and Beatty their 30th award of this year. Their record is now 50-19.
Two members of Angel Flight enjoy the sunny weather by helping in the recent clean-up of all faculty automobile windshields and headlights.

Letter Campaign for American POWs in Vietnam

The UMSL Young Republicans are sponsoring a drive during the next two weeks in April to collect letters expressing concern for American prisoners of war in North Vietnam.

This drive was inspired by it, Ross Perot, a self-made Dallas billionaire, who has been studying the prisoner of war problem, Perot hopes to collect letters from the public that express concern for each individual prisoner, his treatment, his health, and his family.

The Young Republicans have a booth located in Benton Hall for both day and night students to accept and mail letters. The letters should be addressed to Mr. H. Ross Perot, Box 1000, Dallas, Texas.

Health Course Applications

Applications are now available for the student first aid course in room 117 and in the Student Health Center.

The course will begin Tuesday, April 21, and end the week preceding finals.

Rosellen Cohnberg, Student Health Service, and members of the health center's staff.

The course will attempt to go beyond the scope of teaching first aid skills. It will include sessions on problems such as drug abuse, teaching in the inner city, common home accidents and other similar areas for which people need both basic medical knowledge and first aid skills. The project is being funded by the Central Council.

Completed applications should be turned in to Susan Baker in Room 117 or dropped in the Central Council mailbox.

First Annual Report of ANOTHER PLACE

Our first year found Another Place engaged in a learning process, as was anticipated. Through customer surveys we discovered the foods most desired by UMSL students, staff, and faculty. By experience we were able to make quality improvements and price reductions.

CUSTOMERS - Our customer breakdown is about 50% UMSL students, 25% staff & faculty and 25% business men. More faculty are choosing us for lunch!

FOLKSINGING - The Friday & Saturday Coffee House arrangement, with table service, folk singing and imaginative ice cream creations & large sandwiches has exceeded expectations. Capacity crowds are the rule.

UNIVERSITY RELATIONS - The following is a partial listing of activities in which we became involved:

$100.00 Scholarship each semester to overall UMSL student help.

Provided a seminar meeting place for the Steamers Pep Club.

Provided bug spray for last Spring's singout around Bugg Lake.

Campaign dinner rallies for student body presidential candidate.

Selected as official Steamers post-game headquarters.

Provided free Riverman schedule decals.

Distributed beer glass sets to season ticket holders.

Offered a week of free lunches to each Riverman of the week.

Provided free Riverman schedule decals.

Provided free Riverman schedule decals.

Provided a folk singer for riverfront Pep Rally.

Solicited local merchants to support a student-faculty discount book. Published and sold same.

ANOTHER PLACE - A second Another Place will open this summer at the University of Missouri Rolla.

Kaufman (contud from page 1)

After meeting with the candidates, the election committee decided Friday, April 10, to throw out the ballots cast in the problem voting machine. Some 150 persons had voted on this machine before the error was discovered.

A total of 1547 ballots were cast in the two days of voting, including 26 write-in ballots. Jean Hethaus led representative candidates with 509 votes.

Only 26 graduate students voted. Voting machines were used for the first time in an UMSL election. The machines were borrowed from the St. Louis County Board of Election Commissioners with the Central Council paying only transportation costs.

The new Central Council will be composed of 11 day school representatives, five Evening College representatives, two graduate representatives, and representatives from officially recognized organizations.

Kaufman has scheduled the first formal meeting of the 1970-71 Council for next Sunday, April 19.

The Vocal Minority

Dear Editor,

I find it somewhat difficult to hold back my utter disgust in cetering the barbarous conduct of several students during Philip Abbott Lace's speaking session here last Thursday.

The anti-communist speaker was rudely harassed and constantly interrupted by shouting, groaning, and sneering. One awkwardly obese heckler self-rightly shouted his way through the latter half of the session in an attempt to keep Mr. Lace from being heard. Another heckler, of slopy dress and unkempt appearance, at one point jumped onto the stage as Mr. Lace was leaving and began sneaking hysterically. He then followed close at the heels of Lace when leaving the lecture hall, stubbornly challenging Lace to physically violent confrontation. And almost half the audience seemed to wallow in the savage pleasure of seeing someone shouted down with whom they did not agree.

I would like very much for one of the long-haired leftists who are so prone for this disgraceful display of uncivilized irresponsibility to define for me the word "pig".

Kevin Madden

Thanks, Claudia

Dear Editor:

Elections, no matter how trivial, are seldom pleasant affairs. Few of the participants are ever satisfied with the conduct of the campaign or the procedures for voting. In most instances, the people who are the targets of most of the criticism are those individuals responsible for carrying out the election. The Central Council election last week was one of those instances: the target of the criticism was the election committee chaired by Claudia Green.

Before, during, and after the election, Claudia Green was subjected to almost constant bickering; second-guessing; misrepresentation; and vituperation. Anyone with any complaint about the election vented his frustration on Claudia, and in the midst of all the controversy one fact has been obscured: Claudia and her committee did a job. They cooperated in printing the special election issue of the Current, and there was no storm of campaign speeches on the hill, and they obtained the voting machines for the election. The use of voting machines was a particularly creative and significant improvement in voting at UMSL: the ballot was secret, students were prevented from voting more than once, and the tabulation of the ballots was both time- and labor-saving; all this cost UMSL only transportation charges.

There were difficulties and snafus in the election; true, but these were overshadowed by these innovations and by the orderly conduct of the voting. The Current thanks Claudia Green and the election committee for the hardwork and ingenuity they devoted to the election.
Environmental Rape - Who Can We Blame?

"According to an analysis of economic and political power in our society, who can we say is responsible for environmental mismanagement? In our view, the underlying force is profit as pursued by the ruling class, whether they are the private owners of industry, or the managerial/technocratic elite class in the U.S.S.R. Thus, pollution is merely the consequence of their using the lakes, rivers, air, etc., as free and therefore profitable waste disposal areas. Product design, land use, and resource development are other objects of economic and political decisions which primarily serve private property interests and only incidentally relate to the people's needs. Hence, the current concentration on cars for urban transportation instead of comprehensive high quality public transportation systems represents the incredible extreme to which private profiteers have taken us."

"In some respects the ruling class has gone too far in destroying the environment--from its own point of view. Somewhat belatedly, they are discovering that their profits, in some cases, are being threatened by various eco-system failures. For this reason, we are now seeing action in apparent support of a better environment from the ruling class, mass media, universities, and political parties. But what results can we possibly expect?"

"Certain isolated changes will be made to protect critically endangered eco-systems--e.g., concerning pesticides and detergents. Some broad programs for general air and water clean-up might even be carried out by incorporating waste treatment into the production cost of goods and by moderate government spending. But, of course, all such programs will be designed to be paid for by the people, and very little change will be made in other basic areas, crucial not only to the needs of people but to the profits of private interests. It is therefore easy to predict that such programs advanced by the ruling class will most likely be a smokescreen for the continuing rape of the environment."

The preceding thoughts were voiced on the second day of a weekend Ecology Conference in Cambridge, Massachusetts. The Students for Environmental Action is more inclined to agree with their thoughts which confronnt the American public, let alone the other free and non-free countries of the world.

Some April 22 Background

Since last summer it has been apparent that campuses and communities are increasingly determined to do something about environmental problems. Demonstrations and many local actions have resulted. In September, Senator Gaylord Nelson proposed a National days of environmental action; and, the following month, he and Congressman Paul McCloskey suggested April 22.

Since that October, over 500 campuses and 3000 high schools have planned a celebration of "Earth Day" in conjunction with the April 22 rate. The momentum is still growing and spreading through many corners of the community. Coordination has been taken over by a student-run national office in Washington, D.C., Environmental Teach-in has been granted tax-exempt status. It is entirely dependent on foundations and individual contributors for its financial support.

APRIL 22-EARTH DAY AT UMSL

10:30 OVERPOPULATION - What is it Anyway? Walter Ford of Planned Parenthood will correlate the logarithmic growth of man to environmental pollution. A good explanation of the impending ecological crisis. Dr. Frank Moyer will discuss this forgotten source of all life and the critical need to prevent its pollution.

11:30 OCEANS - Will the Real Mother Nature Please Stand Up? Two faculty members fight it out. Dr. Monroe Strickberger (biology) is Pro and Edward Sabin (sociology) is Con.

1:30 AN ECOLOGICAL PERSPECTIVE Andrew Johnson, assistant director - Shaw's Garden, will put man in line with the finite environment that surrounds and permits his existence.

2:30 WHY I BANNED THE USE OF DDT Mayor James J. Fagan, Franklin, tells what made him become the 1st U.S. mayor to outlaw this dangerous pest.

3:30 A PAUSE TO VISIT THE ECO-CARNIVAL CHECKERBOARDS CENTER

4:30 POLITICS AND POLLUTION - Reality or Fantasy Congressman Jim Symington critically evaluates Capital Hill's response to Nixon's call for "Quality of Life."

5:30 THE LEGAL ALTERNATIVE - To the Ragers of the Planet Earth Missouri Attorney General John Danforth discusses legislation on the books that is not enforced and what the power of the people CAN mean.

ECO-CARNIVAL

metropolitan sewer district is showing some signs of county air pollution control's propane car... monsanto chemical company... environmental emergency petition... environmental information center... physicals department display... chemistry department display endangered species oath... various other eco-surprises

GIVE EARTH A CHANCE

Friday Forum Features Five Hour Northwestern University Teach-out

In lieu of UMSL's inability to secure "name" speakers in time for the Teach-In, Noonday Forum will present films of the Northwestern Students for a Better Environment. The teach-out film features such national authorities as Dr. Barry Commoner, Dr. Paul Ehrlich, and Dr. Lawrence Slobodkin, will speak at Washington University's Project Survival Week.

The five hours of films will be shown in room 105 Benton Hall. They will begin at 11:45. Debbie Day of S.E.A. said of these films, "This is a one-chance opportunity to witness these leaders in action. One can not help but gain greater insight into the common problem our generation faces."

CHECKERBOARD TENT - ENVIRONMENTAL ACTION CENTER

"This is a show about pollution control's propane car... monsanto chemical company... environmental emergency petition... environmental information center... physicals department display... chemistry department display endangered species oath... various other eco-surprises"

Not To Mention...

In addition to the activities located in the center of campus, there will be other important happenings. Mr. George Schilling, Assistant Superintendent of Metropolitan Sewer District's Lenney Treatment Plant, will present a slide show entitled "Waste Water Treatment" at 9:30 a.m. in the Physics Annex. Some startling facts and comments should be expected. Mr. Robert Goetz, chairman of Open Space Council, will discuss the controversial plan for the industrial development of the Missouri Bottoms flood shed at 3:30 in Room 308 BENTON HALL. At 8:30 p.m., Roger Taylor of the Science Rivers' Affiliation discusses the SCENIC RIVERS IN FIATIYEB, a bill which would protect 250 miles of beautiful Ozark streams from commercial development (120 B.B.)

As ENVIRONMENTAL ACTION KIT will be available in limited quantities in the checkerboard tent. This 40 page packet was prepared by UMSL students. It is an attempt to stimulate personal research on the part of the student and general public. They feel that the facts will lead the reader to the conclusion that they have reached - a crisis exists. The kit is highlighted by a 12-page annotated bibliography financed by the Activities Planner Committee.
YES FOLKS! NOW YOU CAN BE THE FIRST ON YOUR BLOCK TO EXPERIENCE THE ECOLOGICAL DISASTER. WHY WAIT TILL 1980? DON'T LET THE FUTURE TAKE YOU BY SURPRISE.

PREPARE NOW FOR THE END OF CIVILIZATION.

REHEARSE FOR THE APOCALYPSE.

HERE ARE A FEW SUGGESTIONS:

Better start preparing your pallette and stomach for the fare of the 80's:

* Mix detergent with everything you eat and drink. There's already quite a bit but there will be a lot more in the future.
* Learn how to digest grass and other common plants.
* Start fattening your dog, cat, parakeet and guppies for the main course of the future.

* Develop a taste for cestors weren't too proud to
* Practice starving.
* Every night before dustrial and organic waste (you prefer).

Appreciating that most disappear over the next ten this little dry run:

* Turn off your gas
* Turn off your water
* Turn off your telephone
* Turn off your heat
* Turn off your electric
* Sit naked on the floor

PROGRESS IS OUR MOST PROGRESS IS OUR... And as the final crisis
time to start hoarding. Start buying things you'll need after the Fall on credit - after the collapse no one will bother with collecting debts.

* While on the subject: start thinking about creative new uses for money since its present function will soon end. Remember, paper - particularly tissue - will be in short supply.

* Think about creative new uses for other potentially obsolete things like electric can openers, televisions, brassieres, toilets, alarm clocks, automobiles, etc.

* Accustom yourself to human body odor.

* Now is the time to start saving for the future - practice making arrowheads and other implements out of stone. Advanced students should start experimenting with bronze.

* For those of you who are investment minded, buy land, but you'd better leave enough bread to also buy a small arsenal to defend your property with.

* Remember Victory Gardens? Plant your Survival Garden now!

* Better quit smoking - or rip off a tobacco warehouse.

* Stockpile useful items like matches, safety pins, thread and needles, condoms, etc.

* Learn how to shoot a bow and arrow.

* Start preparing for the fashions of the future. You girls might take a hint from the heroines of monster films and start tearing your clothing in tasteful but strategically located tatters in order to create the Fay Wray look of tomorrow. Those less frivolous minded among you should start cultivating your body hair. (Remember a naked ape is a cold ape)

* You housewives had better learn how to maim and kill with a vegematic.

* Finally everyone should buy a boy scout manual - or in lieu of that, buy a boy scout.

** SO IN FACING THE WORLD OF TOMORROW REMEMBER: BUILD FOR THE FUTURE AND CONTEMPLATE SUICIDE. **

ECO-FAIRRE TO BE HELD INFOREST PARK

St. Louis University and The Pollution for the Environment will present an Eco-Faire Sunday, April 26 on Government Hill in Forest Park. Beginning at noon a continuous program of speakers, movies, and exhibits will conclude at 5:00 p.m. with a massive litter clean-up of the area. Short folk concerts will separate the speakers on a specially constructed stage supplied by the city park commission.

The public is encouraged to attend this unique event. At the time of this article the group was planning to place all exhibits under a plastic bubble constructed by Washington University School of Architecture. The UMSL, Students for Environmental Action will assist Planned Parenthood Association in an exhibit entitled "Over-population." It will be placed under the plastic Eco-Sphere.

One of the 35 community groups participating is Black Survival, a group of St. Louis blacks determined to improve the decay of their brother's environment. They will present an original satire of urban life. The birth of the unique group coincided with the destruction of their clothing on the Monday wash lines. Neighbors in industries were accused of releasing large quantities of sulphur dioxide, a gas which on contact with the air is known to transform itself into corrosive sulphuric acid.

Other organizations attending the fair include the Audubon Society, the Legal Aid Society, the Missouri Conservation Commission, the Committee for Environmental Information, Teamster Local 685, and the Missouri Biological Society.

Such name speakers as Barry Commoner will keynote the program. Movies will be held of the 1974 Worlds Fair Pavilion. All programs are free of charge. Area News media will publish the schedule of events. Watch your paper for time and listing.

"BOY, YOU HAD ME WORRIED FOR A MOMENT THERE—I THOUGHT YOU SAID THREE TO FIVE YEARS!"
New Radio Show on Campus Life

With an enrollment of almost 9,600 students, UMSL ranks as the third largest public college in the state of Missouri. It is located in the key population center in the state. Seventy-two per cent of the faculty of 306 hold Doctorate degrees. More than eighty per cent of its graduates remain in St. Louis to live and work. Yet despite these qualifications, many of the people in St. Louis remain oblivious to UMSL's existence.

As a partial response to this problem FM radio station KGRV has given UMSL two hours a week to express the views and publicize the news of the students on campus. This represents the beginning of a series of weekly broadcasts, incorporating the four major college campuses in the St. Louis area: UMSL, St. Louis U., Washington U. and SIU-Edwardsville. Each school will be given three months air time, and at the end of a year the cycle will begin again.

Why is KGRV inaugurating this type of series? Sue Anderson, vice-president, Apollo Radio Corporation and general manager of KGRV, said that "the Federal Communications Commission requires us to present programming by, or in behalf of, educational organizations. Other stations fulfill this by adding up small sections of time during the broadcast week, but we believe that our way would be of greater value to the participating universities, and also probably gives us a larger university audience."

"We chose UMSL first because I am more acquainted with the Missouri system. Besides the other schools have also had exposure, and you hadn't, KGRV, or "K-GROOVE," as it is publicized, features music for "groovy adults," that is, from fifteen to eighty-five. Ramsey Lewis, Claudine Longet, The Vogues, Jack Jones, Fifth Dimension, and Simon and Garfunkel are examples of the kind of performers who hold forth from 6 a.m. to midnight on 108 FM. The "Campus Show," featuring UMSL senior Jack Connor's, is aired live from 6 to 7:45 a.m. every Saturday.

Mrs. Anderson said that she hopes the show "will provide the information and kinds of music that UMSL students want. "We want to build a FM station with the kind of music you want and that you are not afraid to turn off. We hope to do ourselves some good and also help out your growing university."

Does it hurt to chill beer twice?

Not that you'd want to. Sometimes it just happens...like after a picnic, or when you bring home a couple of cold 6-paks and forget to put 'em in the refrigerator. Does re-chilling goof up the taste or flatten the flavor?

Relax. You don't have to worry. A really good beer like Budweiser is just as good when you chill it twice. We're mighty glad about that. We'd hate to think of all our effort going down the drain just because the temperature has its ups and downs.

You can understand why when you consider all the extra trouble and extra expense that go into brewing Bud. For instance, Budweiser is the only beer in America that's Beechwood Aged.

So...it's absolutely okay to chill beer twice. Enough said. (Of course, we have a lot more to say about Budweiser. But we'll keep it on ice for now.)

Budweiser is the King of Beers.

(But you know that.)

The Computer Club, a new campus organization established by the UMSL Computer Center, has received temporary recognition by Dean of Student Affairs David Ganz.

The purpose of this organization is to promote interest in and use of the computing facilities. Particularly this group would appeal to those persons who are unable to make a significant investment in time or money, but want to become familiar with computers actively.

Membership is open to all students, faculty, and staff at UMSL. The club will schedule lectures, movies, and other kinds of technical presentations relating to the computer field.

Workshop-like instruction will also be offered throughout the year. This instruction will be provided by the Computer Center staff until the time this responsibility can be assumed by the membership. The director of the Computer Center will furnish computer time from his allotment in order to add substance to these classes.

All interested students, faculty, and staff members are invited to the first meeting on April 22, in Room 302, Benton Hall.

The University Placement Office announces that Dick Kallener will be at the Placement Office April 22 to interview all students who are interested in the McDonnell Co-op program.

Six major functions within the McDonnell organization are participating in this program of cooperative education: accounting, automation, contracts, personnel, procurement, and systems and procedures. First and second year college students are eligible to apply.

Interview signups will be held in the U.P.O., Room 211, Administration Building.

Washington University took first place in the St. Louis Intercollegiate Chess Tourney at UMSL, April 12. The UMSL team finished third in the five-squad meet.

UMSL chairman Paul Wilhelm and Jim Staadt, English instructor, tied for fourth and fifth places respectively, winning bronze medals and cash prizes. Riley Sheffield also participated on the UMSL squad.

There will be a meeting of the Sociology Club in the Cafeteria Lounge on April 21 at 11:00 a.m. Representatives to attend departmental faculty meetings will be elected. Those interested in becoming a representative or in voting on this issue must attend this meeting.

World Campus Afloat

is a college that does more than broaden horizons.

It sails to them and beyond.

Again in the 1970-71 academic year, the accredited World Campus Afloat program of Chapman College is associated Colleges and Universities will take qualified students, faculty and staff into the world laboratory.

Chapman College currently is accepting applications for both the fall and spring semesters. Preliminary applications also may be made for all future semesters. Fall semester depart New York aboard the s.s. Ryndam for port stops in the Mediterranean and Latin America, ending in Los Angeles. Spring semesters circle the world from Los Angeles, stopping in Asia and Africa and ending at New York.

For a catalog and other information, complete and mail the coupon below.

You’d be able to talk to a World Campus Afloat representative and former students:

• Sunday, May 3, 2 p.m.
• Chase Park Plaza
• 212 N. Kingshighway, St. Louis, Missouri
• Chip ’N Dale Room

s.s. Ryndam is of Netherlands registry.

Art student Leena Leach of Long Beach sketches ruins of once-buried city during World Campus Afloat visit to Pompeii.

Free Spring Concert Sunday

The 52-member UMSL Concert Band presents its annual free spring concert at 3 p.m. April 19 in room 105, Benton Hall. A glimpse into the avant garde vein of contemporary music will be provided by the buzz’s performance of Donald Erb’s suite, “Star-gazing” complete with a prerecorded tape of electronic sounds. Other works to be performed include a suite of early dance tunes by Francois Gossec, McBeth’s “Chanta and Jubilae,” and Howard Hanson’s “Chorale and Alleluia.” Also featured will be

Senior Tom O'Hare, named Riverman of the Week, led UMSL's golfers to a 5-1 record their last three matches. O'Hare, shown teeing off in last Friday's four-way match, twice carded low meet scores to cop medalist honors.

photo by Mike Olds

Riverman of the Week

Tom O'Hare, senior letterman on the UMSL golf team, has been selected Riverman of the Week. O'Hare, a 1969 Missouri State semi-finalist, earned medalist honors in both contests the UMSL golf team participated in last week. His rounds of 78 and 74 helped the Rivermen win four or five matches. During spring break, O'Hare finished in the top 50 of 240 participants in the Gulf-American Classic held in Cape Coral, Florida. He shot a 74 during the second round of the Classic, which was the low score of the day at Golden Gate Country Club, one of the two courses used in the tournament. The “machine,” as his teammates nicknamed him because of his consistent play, is currently averaging 78 strokes per match, the best of any of this year's UMSL golfers.

A REGAL SPORTS PRODUCTION

O'Hare Paces Golfers To 5-1 Week

On Monday the golf Rivermen topped off a hectic, yet successful week with a 12 1/2 - 5 1/2 victory over the Southeast Missouri Indians in a match played at Cape Girardeau. Ron Brewer copped medalist honors, turning in an excellent round of 76. This week's Riverman of the Week, Tom O'Hare, carded a 77, while ESMO's Charles Stamp led the Cape Golfers with an 83.

Friday, April 10, saw UMSL take on Western Illinois, St. Louis University and SIU-Edwardsville in a match held at Normandy Country Club. UMSL finished the day with a 9 1/2-8 1/2 victory over Western Illinois, an 11 1/2-6 1/2 win over St. Louis U. and a 10-8 loss at the hands of SIU-E.

Tom O'Hare led the way for UMSL with a three over par 74, top score of the day. The Cougars' Tom Kamm led the visiting teams with a 75 while Ernie Parsons led SIU with an 81 and John Moller paced his Western Illinois teammates with an 82. The loss to SIU-E was the second loss in two meetings with SIU-E before the season ends.

UMSL opened the week with a double win over Illinois College and Calver-Stockton in a match held April 8 at Normandle. Tom O'Hare led the way with a round of 78, good for the first of his two medalist honors in as many matches, as the Rivermen topped Illinois College, 14 1/2-2 1/2, and Calver-Stockton, 14-1.

Ron Brewer and Doug Solliday both shot 80's as UMSL humiliated both visitors, winning all of their matches against the two teams.

Baseball Seven

In the second game, Denny Spitzer scattered five hits as he pitched UMSL to a 4-3 triumph. Both teams scored three runs in their fourth inning, but a Rivermen tally in the first made the difference.

Tuesday's scheduled baseball game with Concordia Seminary, at the Concordia field, was postponed due to wet grounds. Concordia Athletic Director Pete Pederson and UMSL coach Arnold Copeland have rescheduled the game for April 22 at 4 p.m.

This afternoon the Rivermen travel cross town to meet the Bears of Washington U. in a 3:30 game at W.U.'s Out Field.
tennis Coach Builds For Future

Tennis Coach Builds For Future

by Marty Hendin, Associate Sports Editor

Despite the poor showing of UMSL’s first two tennis teams this season, Coach Gene Williams foresees a bright future for the red and gold nation.

Williams has added more matches to the schedule, more road trips and new uniforms in an attempt to attract more experienced tennis players to come to UMSL. In addition, Williams says, “We have the possibility of some junior college players and high school players I have taught. I hope that if they decide to stay in St. Louis, they will come to UMSL.”

Another promising factor in the Riverman future is the fact that four of the seven team members are freshmen and sophomores.

Baseball Seven

Baseball Seven

Backfired Twice

The Rivermen baseballers, who scored 7 runs in their 7th win on April 7, stayed with seven in their April 9 game but with disastrous results. Against Harris Teachers College the red and gold committed seven errors good for seven unearned runs, as they lost their first game of the year 11-6. The Rivermen led 5-2 after four innings but gave up four runs and the game in the fifth. Bill Binsbacher was the starting and losing pitcher for UMSL. Rick Hieber led Rivermen batters with a homer and a double.

Friday, April 10, the Rivermen played a doubleheader at Central Methodist as they made up a rain-out. In the first game, Kirkwood High graduate Tim Carter hit a three-run seventh inning home run to give Central a 10-7 win. Most of the scoring was done in the sixth and seventh innings. After Gary Skinner’s home run gave UMSL a 3-2 lead, Central scored 4 runs in the sixth. The Rivermen came right back to tie with four in their seventh but then Carter hit his game winner. UMSL had only three hits in the game, Skinner’s four-bagger and singles by Brad Beckwith and Bill Naucke, but took advantage of walks and errors for their runs. At one point, the Central pitcher walked five Rivermen in a row. The losing pitcher was Dale Westerhold.
